

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Fuel efficiency and environmental concerns
Inquiry Sub-Category	Hybrid and Electric Vehicle Options
Description	Customers inquire about the available hybrid and electric vehicle models, their fuel efficiency ratings, range, charging infrastructure, and any government incentives or rebates associated with their purchase.
Data Size	6,633 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

____ choosing between _____ negatively in most cases?

____ myself into _____ gas _____ electric _____ messing up my performance?

Will _____ between _____ electricity _____ performance?

____ choosing between gas _____ affecting the _____ of _____ vehicle?

____ wonder if the selection of _____ electricity _____ affect _____.

Will opting _____ gas or _____ will _____?

The optimal functioning _____ vehicle _____ be _____ if I choose _____.

____ gasoline and _____ impairing performance?

Do _____ think that _____ or _____ will result _____ decreased _____?

Will _____ be compromised _____ using gas or electric _____?

Is it _____ choosing gas _____ mode _____ hurt _____?

Will choosing _____ electric _____ affect the optimal _____ my _____?

____ choosing between gas _____ affect _____?

____ there _____ a _____ performance when _____ between fuel and electricity?

Can opting for gas or _____?

Is picking _____ or electricity modes _____ ride?

Does _____ either _____ or _____ affect _____?

____ myself _____ a decision _____ gas _____ electric messing _____ performance?

____ that choosing between _____ could hurt _____ vehicle's efficiency?

Can _____ for both gas _____ performance?

____ the overall performance of _____ and _____ modes negatively _____?

Do _____ or electric mode result _____ decreased _____?

____ or electricity modes suck the _____ from my _____?

____ overall performance _____ gas and electric _____ be negatively _____.

Does switching _____ gas/electric _____?

____ between gasoline _____ electricity _____ performance?

Performance hit if _____ or _____?

When _____ can it affect performance?

How _____ gas or electricity _____?

_____ choosing between _____ and _____ mode _____ performance?

Will it _____ to _____ modes?

Does _____ modes _____?

Is the _____ affected by _____ gasoline and _____?

_____ vehicle's overall _____ negatively affected _____ between gas/electricity modes.

Is picking _____ electricity _____ the performance out of _____?

_____ harmed _____ choosing _____ gasoline and electricity?

_____ choosing _____ gas/electricity _____ adversely?

Will opting _____ either gas _____ affect _____?

Is choosing _____ or _____ negatively _____?

Will _____ optimal functioning _____ my vehicle _____ affected _____ electric?

Is _____ gas or _____ performance _____?

_____ opting _____ gas _____ bad _____ performance?

_____ between gas and _____ modes is _____ performance _____?

Is selecting between _____ electricity harmed _____?

Does selecting _____ and _____ Mode _____?

Is _____ switching between electric _____ gasoline _____ performance?

The _____ of the vehicle _____ affected by _____ choice _____ modes.

_____ either _____ electricity impact performance?

_____ picking gas _____ my _____ the most?

Is choosing between _____ harmful _____ the _____?

Does selecting _____ electricity have _____ effect on _____?

_____ choosing _____ gas _____ electric _____ the car's _____?

_____ gas or _____ performance?

When _____ between _____ affect performance?

In most cases, does making a _____ between _____?

Will _____ gas _____ electricity _____ car's _____ adversely?

_____ choosing _____ affect performance more?

_____ harmful to performance?

Choosing _____ gas/electricity _____ have a _____ on _____ vehicle's performance.

_____ for gas or _____ results _____ a decrease _____?

_____ selecting _____ gas _____ electric _____ the _____ performance?

Can _____ gasoline and _____ affect _____?

_____ the choice of _____ electricity going _____ a _____ on performance?

_____ effect performance?

_____ going for _____ electric power affect its _____ level _____?

_____ a _____ of gas or _____ affect _____?

Is switch _____ modes _____?

The performance _____ be _____ picking either gas _____.

_____ cases, _____ between gas/electricity _____ overall _____?

Is _____ between gasoline and _____ affect _____ vehicle's overall efficiency?

Is it possible _____ hurt performance _____?

_____ there _____ negative effect on _____ with _____ electric _____?

_____ opting _____ or electric _____ performance?

Will _____ gas or _____ the performance _____?

_____ for electricity _____ gas bad _____ performance?

_____ car's average _____ may be _____ choosing between gas _____.

Is _____ possible _____ effect on the car's _____ by _____ and electricity modes?

_____ between electric _____ affect performance?

____ opting for ____ electricity affect ____ performance negatively?
 Is ____ and electricity hurting ____?
 Is it ____ to ____ effect ____ the ____ performance if you ____ between ____?
 Do ____ gas/electric ____ negatively ____ performance?
 Performance would be adversely impacted ____ gas or ____.
 ____ choosing gas/electricity ____ performance?
 Is ____ that choosing between ____ has ____ the performance of the ____?
 Does ____ modes ____ performance?
 Are the ____ gas ____ electricity ____ to ____ performance?
 ____ choosing ____ gas ____ electricity affect ____ performance ____?
 ____ selecting ____ or ____ detrimental to ____ performance?
 There could ____ a ____ the ____ performance if ____ choose ____ gas and ____.
 Changing between gas ____ electricity ____ affect ____ performance.
 Do you ____ picking gas or ____ the ____?
 Does ____ switch between ____ electric ____ performance?
 ____ gas ____ affect performance ____ negative way?
 Is picking ____ electricity negatively ____?
 ____ negative ____ on overall ____ you switch between fuel and ____?
 Is picking either ____ hurts ____?
 ____ it ____ performance to ____ gas/electric ____?
 ____ it ____ affect performance negatively by ____ gas and ____.
 ____ choosing ____ gas and ____ a decrease in ____?
 Can ____ for ____ or electricity ____ in a ____ way?
 Does selecting ____ electricity ____ the ____?
 What ____ does choosing between ____ and electric ____ have ____?
 ____ opting for either ____ or ____ mode ____ performance?
 Does ____ gas ____ Mode affect ____?
 Is it possible that ____ between gas ____ modes might ____ the ____?
 ____ the optimal functioning of ____ vehicle ____ if ____ gasoline ____ fuel?
 Is ____ negative ____ on ____ between gas ____ electric ____?
 ____ gas/electricity affect ____ badly?
 Would it ____ you chose ____ electricity mode?
 Do ____ that using ____ and ____ reduces ____?
 ____ negative influence ____ the overall performance of ____ between ____ and ____?
 Is picking either ____ mode damaging ____?
 ____ gas or ____ affect performance negatively.
 Is there ____ adverse ____ if you switch ____ and electricity modes?
 ____ an ____ effect on ____ performance ____ you ____ between gas ____ electricity?
 Selecting between gasoline ____ might hurt ____.
 Switching ____ and electricity ____ the car's performance.
 ____ gas ____ electricity mode suck the ____ of my ____ most ____?
 Is ____ between ____ electric mode ____ bad ____?
 ____ harm performance to ____ gas and ____ modes?
 Is there ____ difference in performance ____ choosing ____ gas ____?
 Did ____ and electricity affect ____?
 ____ choosing gas/electricity ____?
 Is ____ for ____ messing with ____?
 Does ____ gas ____ electricity affect ____?
 ____ the gas/electricity pick ____ majority ____ the time?
 Does picking gas ____ electricity ____?

_____ gas and _____ negatively _____ performance?
 _____ affect the vehicle's performance.
 _____ and _____ affect the vehicle's performance.
 _____ opting _____ gas/electricity _____ the _____?
 Performance hit _____ electricity?
 _____ gas or _____ will affect _____ of my _____ of the _____.
 _____ gas and _____ having _____ negative effect _____ performance?
 _____ gas/electric modes _____ performance?
 Do you believe _____ changing _____ mode _____ performance?
 _____ it _____ to decrease performance when _____ gas or _____?
 Is _____ to _____ if you _____ or electricity?
 Do _____ gas or electricity _____ affect performance?
 Will the choice _____ affect _____?
 _____ gasoline _____ electricity can _____ the overall _____.
 _____ between _____ and electricity _____ performance?
 Will the _____ of _____ and electric _____?
 _____ between gas and _____ decrease _____?
 _____ of _____ modes affect the _____?
 _____ gas and _____ affect my car?
 Is _____ between _____ gas _____ performance?
 _____ by _____ between petrol and electricity modes?
 Does the _____ gas/electricity affect _____ in _____ bad _____?
 The overall performance _____ hurt _____ between _____ and electricity _____.
 Do _____ think _____ gas _____ electric _____ affect performance?
 _____ opting _____ electricity _____ hurt performance?
 Will _____ between _____ electricity _____ the _____?
 _____ a _____ on _____ choosing between gas and electric?
 _____ choosing either _____ or electricity _____ car?
 _____ between gas/electricity _____ performance?
 Do _____ think there _____ a negative _____ when choosing _____ and _____ modes?
 Does _____ gas or _____ the _____?
 _____ it affect _____ if _____ choose _____ electric mode?
 _____ opting for _____ bad _____?
 _____ choosing between _____ and _____ adversely _____?
 Is the _____ gasoline and _____ bad _____ the _____?
 Is _____ choice of gas or _____ to affect _____?
 Can _____ or electricity have an _____ on _____?
 Is it possible _____ switching between _____ electricity _____ affect _____ performance?
 _____ a negative effect _____ the _____ performance _____ and electric modes?
 Gas _____ electricity _____ the _____ adversely.
 _____ think picking _____ or electric _____ performance?
 _____ between gas and electric modes, are _____?
 _____ or electricity _____ the performance negatively?
 Is _____ and electricity _____ to hurt the _____?
 Will _____ or electricity _____ affect the _____?
 _____ that selecting _____ gasoline _____ can _____ the vehicle's efficiency?
 _____ selecting _____ or electricity _____ hurt _____ car's performance?
 Selecting _____ or _____ modes _____ affect _____.
 Do _____ gas or electricity _____ affect performance?
 _____ choosing _____ gas _____ electricity affect _____ long run?

Do _____ decisions result in a _____ performance?

Will gas/electricity _____ ruin _____?

Is gas _____ affect _____ adversely?

Does selecting _____ gas _____ affect _____ performance?

_____ performance _____ choosing between gas _____ electric modes have _____?

_____ or electricity _____ for performance?

_____ opting for either _____ a decrease in overall performance?

Will selecting either gasoline _____ the functioning _____?

_____ opting for _____ electricity _____ performance?

Would the decision _____ gas or _____?

_____ either gas _____ electric _____ performance?

_____ selecting _____ electricity impair _____?

Does _____ gas or _____ hurt _____?

Is choosing between gas/electricity _____?

_____ selecting _____ electricity messing _____ the performance?

Does selecting _____ effects the _____?

Do _____ choosing gas/electric _____ will _____?

_____ choosing between _____ and electric modes, do _____ effect?

_____ choosing between _____ and _____ affect _____?

_____ between gas or electric _____ in a _____?

_____ mode _____ affect performance overall?

Are there any negative effects on the _____ modes?

_____ most _____ does _____ gas or _____ affect _____ performance?

Do _____ picking gas or _____ performance?

Do you _____ a switch between _____ reduces _____?

Will choosing between _____ and electric _____ performance _____?

Do _____ and electricity _____ impact _____ in _____ way?

_____ selection of gas _____ affect _____ typically?

Will _____ gas _____ electricity _____ performance?

_____ or _____ affect performance?

_____ selecting between gas and _____ performance?

_____ may be _____ gas or electric mode.

Does the _____ and _____ effects _____?

_____ believe that switching between _____ and _____ reduces _____?

_____ and _____ affect performance?

Is _____ electric _____ harmful to performance?

_____ between gas and electric _____ harmful _____?

Does _____ electric _____ your performance?

_____ it _____ if _____ choose gas _____ electric?

Will the _____ functioning _____ vehicle _____ affected _____ the _____ of _____ or _____ fuel?

Will _____ for _____ gas _____ cause _____ decrease in _____?

_____ it possible _____ changing _____ gas and _____ modes _____ the car's _____?

_____ choosing between _____ or _____ for the _____ performance?

_____ a negative _____ on the choice _____ and electric _____?

_____ choosing between _____ affect _____ some _____?

_____ selecting _____ electricity modes detrimental _____ performance?

Performance _____ gas _____ Electricity?

Will selecting _____ or _____ functioning of _____ vehicle?

Can _____ between gasoline _____ damage _____?

_____ gas and electricity may _____ the _____.

____ choosing gas or electricity effect ____ ____ ____ ?
 ____ choosing between gas/electricity ____ ____ ____ performance?
 ____ ____ ____ electricity negatively affect performance?
 ____ ____ think choosing gas or ____ mode will ____ ____ ?
 ____ ____ gas/electricity change ____ performance?
 Is ____ possible to hurt performance ____ selecting ____ ____ ____ ?
 Is gas/electricity affect ____ in ____ ____ ____ ?
 Is ____ ____ or ____ detrimental ____ performance?
 ____ choosing between ____ ____ affect ____ often?
 Is ____ ____ and electric ____ affect ____ ?
 ____ choosing between gasoline ____ ____ affect ____ ____ performance?
 ____ ____ gas ____ electric bad for my ____ ?
 Does ____ or electricity ____ have ____ negative effect ____ ____ ?
 ____ ____ ____ could ____ ____ ____ you ____ between gas and electricity modes.
 Do ____ think it ____ ____ performance ____ you ____ gas/electric ____ ?
 ____ ____ car's ____ be affected by ____ ____ gas or ____ mode?
 Will ____ ____ functioning of ____ ____ affected by the ____ of ____ ____ electric?
 Is ____ ____ gas/electricity damaging ____ ?
 Do ____ between ____ or electric mode ____ ____ reduced ____ ?
 ____ opting for ____ ____ ____ effect performance?
 Does ____ ____ ____ and ____ impact performance?
 ____ ____ an ____ ____ performance when you swap ____ fuel and ____ ?
 Will ____ ____ ____ performance frequently?
 ____ picking between gas ____ ____ affect ____ ?
 Selecting ____ ____ ____ modes ____ affect the performance.
 ____ there a negative effect on ____ overall performance ____ ____ gas ____ ____ ____ ?
 Will the ____ ____ oomph ____ ____ gas ____ ____ power is used?
 ____ choosing gas/electricity ____ an impact ____ ____ ?
 Can ____ choice ____ gas ____ ____ affect the ____ ?
 ____ the ____ ____ electric and ____ hurt ____ ?
 Will ____ ____ gas and ____ negatively ____ ____ car's performance?
 Is ____ ____ ____ changing between ____ ____ electricity modes ____ an adverse ____ ____ the ____ performance?
 ____ the optimal functioning of my ____ ____ ____ gasoline ____ electric?
 Is picking gas or ____ ____ ____ to ____ ____ ride most ____ ?
 ____ choosing either ____ or electricity affect the ____ ____ ____ ?
 ____ picking either gas ____ electricity ____ ____ ____ .
 ____ ____ true ____ ____ between gasoline ____ electricity may affect ____ vehicle's overall ____ ?
 ____ ____ a ____ ____ choose between gas ____ electric mode?
 ____ the choice ____ ____ ____ affect your ____ ?
 Does selecting ____ gas ____ ____ options ____ ____ ?
 The performance ____ the ____ ____ be ____ affected ____ ____ between ____ modes.
 ____ ____ gas ____ ____ modes affect ____ performance?
 When choosing between ____ and ____ ____ ____ the performance ____ ?
 ____ ____ gas ____ electricity affect ____ performance?
 ____ ____ ____ impacted by ____ choice of ____ or electricity?
 ____ swapping ____ fuel ____ electricity, ____ ____ a negative impact?
 Did ____ either ____ or electric ____ ____ ____ ?
 ____ a switch ____ gas ____ electric power ____ its ____ ?
 ____ ____ ____ or ____ modes ____ ____ my ride most ____ the time?
 Does selecting ____ ____ ____ ____ a bad impact ____ performance?

____ opting ____ gas/electricity ____ performance?
 ____ performance ____ by selecting between gasoline ____?
 Does ____ between ____ electricity ____ performance in ____ cases?
 ____ performance when you swap between fuel ____?
 ____ choosing ____ mode negatively ____ vehicle's performance?
 ____ gas ____ electricity modes affect ____?
 ____ gas and electric modes affect ____?
 ____ choosing ____ or ____ bad ____ performance?
 ____ a ____ gas/electric affect ____?
 Will ____ either ____ or ____ affect ____ of my vehicle?
 ____ electricity hurt the performance?
 Will choosing ____ affect performance?
 ____ selecting ____ electric ____ your performance?
 Do ____ electric cause ____ car's performance ____ suffer?
 ____ choosing between ____ modes ____ affected?
 ____ the ____ or electricity ____ ruin ____?
 Do ____ deciding between ____ electric results ____ a ____ performance?
 ____ electricity ____ take ____ performance out of ____ ride most ____?
 Will picking ____ performance?
 Can choosing between ____ electricity ____ affect ____ vehicle ____?
 ____ be impacted by ____ choice ____ or electricity.
 ____ be ____ affected ____ the ____ of ____ or electricity.
 Is ____ harmed ____ choose ____ gasoline and electricity?
 Do ____ between electric ____ gasoline reduces ____?
 Will ____ of ____ vehicle ____ affected if I choose ____ electric?
 ____ or electric mode affect ____?
 Is selecting ____ or electricity ____.
 ____ of gas ____ affect performance?
 ____ the ____ gas/electricity affect ____ performance?
 ____ gas and ____ affect the ____?
 ____ gas or ____ mode decisions lead ____?
 What ____ will ____ gas ____ electricity have ____ performance?
 ____ between ____ modes could ____ negative effect ____ the ____ performance.
 Will ____ gas/electricity ____ performance?
 ____ harm performance?
 ____ that the switch ____ electric and ____ performance?
 ____ choosing ____ electricity ____ your performance?
 ____ between ____ and ____ detrimental to ____ car's performance?
 ____ affect performance if you decide between ____?
 Does selecting between ____ performance?
 Do choosing ____ electricity ____?
 Is ____ electricity effects the performance ____?
 Is ____ or ____ likely to affect performance ____?
 ____ between gas/electricity harm ____?
 Shifting from ____ can affect ____ levels.
 ____ the ____ gas or electricity modes ____?
 ____ choosing between ____ or electric ____ in a ____?
 ____ you think that Switching between ____ and ____?
 ____ of gas ____ electricity ____ performance.
 ____ the ____ gas and electric ____ performance?

_____ between gas/electricity mode _____ performance?

Picking _____ gas or _____ performance.

_____ between _____ or electric _____ in _____ decreased performance?

Will opting _____ gas _____ mode decrease overall _____?

Does _____ or electricity modes _____?

Is picking _____ electricity _____ for _____?

_____ selecting between _____ electricity _____ for _____?

_____ choosing between gasoline and electricity _____?

Will _____ or electricity _____ ride's _____ most of the _____?

Will _____ of oomph _____ diminished _____ going for _____ electric _____?

Is it _____ that choosing _____ have _____ effect _____ vehicle's performance?

_____ choosing _____ affect performance?

Will selecting _____ performance?

_____ bad for performance.

_____ selecting _____ electricity _____ affect performance?

The vehicle's _____ choosing between gas and electricity modes.

Will choosing either _____ affect the _____ of _____?

Is it possible _____ by selecting between _____ and _____?

Is choosing between _____ and _____?

Is _____ gas/electricity _____ negative for _____?

Is choosing _____ impairing _____?

_____ deciding _____ gas _____ mode _____ negative for performance?

_____ choosing _____ or _____ effecting _____?

Will _____ of _____ modes _____ performance?

Is _____ for gas/electricity _____?

Will the _____ of _____ vehicle be _____ the choice _____ or electric _____?

Is _____ selection of gas or _____ to _____?

Is _____ negative impact on _____ when _____ between _____ and electricity?

Will choosing between _____ my vehicle _____ negatively?

Will _____ for gas _____ affect the _____?

_____ gas _____ modes _____ performance negatively?

_____ between _____ and electricity harm _____?

_____ gasoline and _____ affect your _____?

_____ it _____ performance to _____ gas _____?

Is it _____ to _____ gas _____ electricity mode?

Does opting _____ gas/ _____ affect _____?

_____ negative _____ on the performance of _____ between gas _____?

Is _____ a _____ way?

Does switch _____ harm _____?

_____ between gas and electric impact _____ scenarios?

_____ changing between _____ affect _____?

_____ selection of gas _____ will have _____ on _____.

_____ for _____ or electricity negatively _____ performance?

Is _____ true that _____ choice _____ and _____ could _____ the _____ efficiency?

_____ optimal functioning of my vehicle _____ affected _____ I _____ electric _____?

Will _____ petrol or _____ the functioning _____ my _____?

_____ opting _____ gas or _____ affect _____ performance _____.

_____ the _____ functioning _____ vehicle be _____ selecting either _____ electric propulsion?

In most _____ does choosing _____ or _____ performance?

_____ it affect _____ if _____ choose _____ or electricity _____?

Will the _____ electricity _____ affect the _____ performance _____?

Does _____ affect _____ you choose _____ or _____?

_____ choosing _____ or electric will _____ functioning?

_____ and _____ modes _____ there a negative effect?

Will _____ between _____ and _____ affect _____?

Is _____ hurt performance _____ selecting _____ modes?

_____ or electricity modes _____ have a negative _____.

_____ to gas/electric affect _____?

_____ and electricity decrease performance?

Is _____ a _____ on _____ between gas _____ electric?

Is the _____ gas _____ to _____ effect on performance?

_____ electricity and _____ the performance?

_____ gas _____ affect performance badly?

Can _____ for _____ performance negatively?

Do opting for gas or _____?

Will choosing _____ gasoline _____ affect _____ performance?

_____ gas _____ electricity _____ a bad effect on _____?

_____ choosing either _____ or _____ affect _____ car's _____?

Is _____ possible _____ between _____ have a _____ effect _____ the _____ performance?

_____ selecting gas/electricity _____ bad _____?

_____ or electricity mode _____ performance?

_____ gas/electricity _____ a negative thing for the _____?

Does _____ to choose _____ gas or _____ affect _____?

Performance would _____ adversely _____ gas or electricity _____.

_____ opting for gas _____ affect _____ negatively?

_____ fuel/ electric _____ performance?

_____ selecting gas or _____ affect _____?

Does _____ performance when _____ decide between gas _____?

Shifting from _____ electricity _____ vehicle _____.

_____ opting _____ gas/electricity _____ performance?

_____ the _____ hurt the _____?

_____ gas or electric will _____ decreased performance?

Do you think that deciding _____ electric _____ results _____?

_____ choice _____ affect the performance?

Is selecting _____ gasoline _____ to the _____ performance?

Do _____ electric affect your _____?

_____ opting for gas or _____ cause _____ in _____?

The _____ or _____ affect performance adversely.

The overall performance _____ be _____ opting _____ or electricity.

_____ choosing _____ electricity affect _____?

Does _____ of gas and electric _____?

Will _____ either _____ or electric _____ performance?

_____ selecting between gas _____ performance?

_____ you _____ gas or _____ will affect performance?

Is _____ gas/electricity _____ the performance of _____ vehicle?

Do you think gas and electric modes _____?

_____ the _____ performance _____ when _____ switched between _____ and _____ modes?

_____ the performance of _____ ride _____ gas _____ electricity mode?

_____ gas and electric modes _____ performance?

_____ selection _____ gas or _____ is _____ performance negatively.

____ gas/electric mode substitution ____ ?
 ____ modes ____ performance negatively?
 Is ____ problem ____ choose between ____ electric modes?
 ____ the ____ functioning ____ be affected by choosing either ____ electric ____ ?
 ____ the ____ hurt by ____ and electricity?
 ____ selecting ____ electric ____ effect performance?
 ____ fuel ____ choices impact ____ ?
 ____ gas affect your performance ____ a ____ ?
 Will gas ____ electricity modes ____ my ____ the ____ ?
 Is opting ____ performance?
 The ____ of choosing ____ gas and ____ typically has ____ .
 Is ____ gas ____ adversely ____ performance?
 Are there ____ effects on the overall performance ____ between ____ ?
 Is ____ true that ____ between ____ and electricity can ____ vehicle's ____ ?
 ____ the ____ functioning of my vehicle be affected by the ____ ?
 ____ selecting ____ gasoline and ____ damage ____ ?
 Is picking ____ the performance?
 ____ may ____ a negative effect on performance ____ gas ____ .
 ____ or electricity negatively affect ____ ability?
 ____ gas ____ electricity choices affect ____ in ____ way?
 Changing ____ gas ____ affect the car's ____ .
 ____ gasoline or ____ motor reduce the ____ my vehicle?
 If ____ choose gas/electric ____ it negatively ____ ?
 ____ picking either gas ____ hurting the ____ ?
 ____ performance ____ choosing between ____ electric ____ is ____ negatively affected.
 ____ gas or electricity affect ____ ?
 Is ____ gas ____ electric mode ____ decrease in ____ ?
 ____ that substituting electric and ____ reduces ____ ?
 ____ and electricity can affect ____ .
 ____ selecting ____ gasoline ____ electricity diminish ____ ?
 ____ gas/electricity ____ performance ____ a ____ way?
 Is ____ choice ____ or electricity ____ affect performance?
 Do ____ or electricity ____ negatively?
 ____ gas ____ electric ____ the performance?
 ____ opting ____ either ____ electric ____ lower overall performance?
 Is it possible ____ choosing between gas/electricity modes ____ performance?
 Will the ____ of ____ affect ____ performance?
 ____ between ____ and ____ affect ____ performance?
 Is it possible ____ selecting ____ gas ____ electricity ____ ?
 ____ a negative impact on performance when ____ ?
 Is the selection ____ electricity ____ have an effect ____ ?
 When ____ gas ____ electricity ____ it ____ ?
 Does ____ electric and ____ performance?
 ____ gas and ____ affect performance ____ .
 Is ____ or ____ adverse to the ____ ?
 Is ____ between gas ____ electricity ____ for the ____ ?
 ____ opting ____ or electric result ____ reduced performance?
 Do deciding ____ or ____ result in decreased ____ ?
 ____ gas impact your performance in ____ ?
 ____ gas/ electricity bad for ____ ?

Selecting _____ electricity _____ hurt _____ performance.
 _____ switch between gasoline and electric reduces _____?
 Will choosing _____ affect _____?
 When _____ between _____ electric _____ is it _____ disadvantage?
 Does selecting between _____ reduce _____?
 _____ choosing _____ gas _____ my car's performance?
 _____ between gas _____ electric _____ performance?
 Is choosing between _____ impacting _____?
 Is _____ negative effect on _____ between electric _____?
 Is opting _____ gas _____ electricity _____?
 _____ the _____ of _____ or _____ affect _____?
 Does dragging myself _____ and _____ up my performance?
 _____ choosing _____ performance in a bad _____?
 The average _____ performance _____ be _____ between gas _____ electric.
 Is _____ that _____ between _____ or electric results in _____?
 _____ between gas and electricity can _____ a _____ on _____.
 Can gas or electricity _____ the _____ a _____?
 _____ it possible _____ between gas/electricity _____ a _____ effect _____ the _____ performance?
 _____ picking either gas _____ electricity _____ negative _____?
 _____ between gas/electric mode _____?
 _____ between _____ electricity mode _____ hurt _____ performance.
 Selecting _____ have _____ effect on the vehicle's _____.
 _____ choosing _____ performance negatively?
 Do _____ gas _____ affect the _____?
 Would _____ electricity _____ performance?
 Does gas _____ electricity _____ performance in _____?
 _____ it possible _____ electricity _____ might affect the car's performance?
 Will choosing _____ affect _____?
 Does _____ gas _____ electric affect _____?
 Does using gas or _____?
 Is the performance _____ gas and _____ modes _____ negative _____?
 _____ it _____ choosing _____ or electricity _____ affect performance?
 Is the _____ affected when _____ and _____?
 Does _____ gas _____ electric _____ affect performance in _____ scenarios?
 Does _____ between _____ electricity _____ your _____?
 Is it _____ that choosing _____ gas or _____ affect _____?
 Do you _____ decision _____ gas _____ electric _____ performance?
 Is there a negative _____ on how well _____?
 _____ choosing between gas _____ electricity _____?
 _____ selecting _____ and _____ hurting _____ performance?
 _____ there _____ the performance _____ between gas or electric modes?
 _____ between _____ and _____ bad for _____ car?
 _____ gas or _____ modes have an effect _____?
 _____ choosing between _____ negative _____ vehicle's performance?
 _____ between gas/electric modes harmful _____?
 swapping between _____ can have a negative _____.
 _____ picking between _____ electricity bad _____?
 _____ choosing between gas and _____ negatively?
 _____ gasoline _____ electricity modes may hurt _____ overall _____.
 Will _____ for _____ gas or electric _____ reduced _____?

Is _____ possible _____ choosing between _____ modes _____ effect on the _____ performance?

Is it _____ to harm the vehicle's efficiency _____?

Is _____ between gas _____ electricity _____?

_____ selecting gas _____ affect performance adversely?

Is _____ gas or _____ for _____?

_____ gasoline and electricity _____ the _____?

Is there _____ gas and electric _____?

Is _____ gas _____ electric _____ affected _____ negative effect?

Selecting _____ gas/electricity modes can _____ on the _____ performance.

_____ the selection _____ gas _____ electricity _____ to _____ adversely?

Do gas _____ mode _____ result _____ decreased _____?

Can _____ gas _____ damage the _____?

Is the selection _____ gas or _____ going _____?

Do _____ between gas or _____ in _____ decreased _____?

_____ and electric _____ negative _____ on performance.

_____ opting for _____ bad for _____?

_____ of gas _____ electricity affect performance _____?

_____ between gas _____ electricity bad _____?

The _____ between gas _____ mode _____ in decreased _____.

_____ you think _____ performance?

Is the choice _____ gas/electricity effecting _____ a _____?

Will _____ gas or _____ affect the _____?

_____ opting for either _____ or electric _____?

Is _____ of selecting _____ gas and _____ impacted?

_____ opting _____ gas or _____ result in _____ performance?

Is there a _____ on the _____ performance of choosing _____.

_____ it hurt performance _____ or electricity _____?

_____ selecting _____ affect _____ performance?

_____ gas and electricity affect _____?

_____ either _____ impact your performance?

Does opting for _____ or _____?

_____ the car's _____ be affected if _____ switched between _____ electricity _____?

Is _____ between _____ and electricity _____ negative _____ car's performance?

Does _____ your _____ you choose gas/electric _____?

_____ picking _____ or _____ have _____ on performance?

Will gas or _____ mode _____ overall _____?

_____ choosing gas/electricity _____ performance _____ way?

Is _____ electricity _____ effecting performance?

_____ or _____ will _____ performance.

_____ gas or electricity _____ performance _____?

When selecting _____ and _____ performance usually harmed?

_____ overall performance could _____ negatively _____ choosing between gas/electric _____.

_____ changing _____ harm performance?

_____ think changing _____ gasoline and _____ reduces _____?

Is a _____ on _____ overall _____ of _____ between gas _____ modes?

Is _____ affects performance in _____?

Do gas _____ result in _____ performance overall?

Selecting _____ gas/electricity _____ can _____ a _____ effect on _____ of _____ vehicle.

Will opting _____ electric result _____ decreased performance?

Would _____ of gas _____ affect _____?

The _____ performance _____ affected by _____ gas _____ electricity modes.

_____ either gasoline or _____ my vehicle's functioning?

The overall _____ usually _____ between gasoline _____ electricity.

_____ it _____ that _____ and electric _____ has _____ negative effect?

Performance _____ be _____ affected _____ between _____ or electricity.

Is selecting gas/electricity _____?

_____ gas/electricity modes _____ performance.

_____ gas/electricity reduce performance?

Will _____ negatively impact _____?

Does choosing _____ in _____ way?

_____ and electricity modes _____ adversely?

Does _____ or _____ have _____ negative _____?

_____ and _____ modes _____ performance in _____ scenarios?

Is selecting between _____ and _____?

_____ gasoline and _____ hurts the _____.

_____ opting _____ either _____ electricity affect the _____ negatively?

Can choosing _____ gas _____ negatively _____ vehicle?

In a _____ does choosing _____?

Selecting _____ petrol _____ hurt the _____.

Is picking _____ your performance?

Can _____ gas/electricity affect _____?

_____ gas/electricity very bad _____?

_____ opting _____ either gas or _____ performance?

Do you think _____ between electric _____ gasoline _____?

_____ switching _____ the performance?

_____ between gas and electric effects _____ scenarios?

Is _____ a _____ the _____ performance _____ choosing between _____ or electric?

The car's performance _____ be affected _____ gas and _____.

_____ it _____ car's _____ to choose between _____ or electric?

Does _____ for _____ or _____ performance?

_____ opting _____ gas/electricity _____ affect performance?

The _____ the car _____ adversely affected _____ the _____ gas and electricity _____.

Will picking _____ electricity _____ the performance of _____ ride _____?

_____ picking _____ electric _____ the performance?

_____ there _____ overall performance of _____ between gas and electric?

Does _____ gas/electric _____ affect _____?

Will _____ between _____ performance?

_____ it _____ performance _____ use gas _____ electric?

The _____ is _____ gasoline and electricity modes.

The vehicle's overall _____ affected _____ the choice between _____.

Is _____ or _____ your performance?

Is _____ gas/electric _____ a _____ on the _____ performance?

_____ gas/electric _____ affect overall performance?

Will choosing _____ performance _____?

Do you _____ or electric hurts _____?

_____ between gas/electricity affect _____ many _____?

Will _____ gas or _____ will _____ your _____?

_____ either gas _____ electricity affect _____ ability?

Do _____ think changing _____ electric and _____ performance?

Will _____ gas or _____ will _____ in _____ decreased _____?

Will selecting ____ gas ____ electricity ____ vehicle performs?

Will ____ between ____ performance frequently?

____ gas ____ electricity bad ____ performance?

Will opting for either ____ decrease in overall ____?

____ choosing ____ gas/ electric modes ____?

Is it true thatchoosing ____ may affect ____ efficiency?

Can opting for ____ electricity ____ affect ____?

Picking between ____ modes ____ affect the ____.

____ picking gas or ____ affect ____?

Is ____ a negative ____ on ____ vehicle's performance?

____ does that affect performance?

Do you ____ mode ____ your ____?

____ electricity mode affect ____ of my ____ most times?

Does the ____ and ____ modes affect performance?

Will ____ and electricity ____ performance?

____ can be ____ by ____ between ____ and ____ modes.

Does ____ switch between ____ and gas wreck ____?

____ switch ____ gas ____ electricity ____ the ____ of the car?

Does ____ gas and ____ adversely ____?

When choosing ____ and ____ there any negative ____ performance?

____ you think gas/electric ____ negatively ____?

The car's performance ____ affected ____ the ____ switched between ____ electricity ____.

____ selecting between ____ and ____ the ____?

Will the ____ my ride ____ adversely ____ by ____ electricity modes?

____ gas or electric ____ to decreased ____ in ____ instances?

____ for gas ____ affect its general-level of ____?

____ you believe ____ switches ____ electric ____ gasoline ____ performance?

Do gas ____ electric mode ____ decreased ____ overall?

Is ____ gas or electricity mode ____ to ____ my ____?

____ it ____ negative ____ when you ____ fuel and ____?

Is opting ____ or electricity ____ the ____?

Is dragging ____ deciding between ____ and ____ bad ____?

Will ____ or ____ hurt ____ car's performance?

____ possible that ____ gas/electricity modes ____ negatively ____ the vehicle's ____?

Is it a ____ effect on overall ____ when ____ and ____?

____ choosing ____ electricity affect ____?

____ opting for ____ or electricity ____ capabilities?

Is changing ____ modes adversely effecting ____ performance?

Do you ____ switch ____ electric ____ gasoline reduces ____?

____ picking gas ____ the performance from ____ ride most ____?

Can selecting between ____ performance?

Will ____ selection ____ performance?

____ it ____ between gasoline ____ could hurt the vehicle's ____?

____ gasoline ____ electricity ____ performance?

____ gas ____ affect how well your car drives.

Will ____ or electricity ____ my ride ____ lose ____?

Is ____ negative impact ____ performance ____ you swap ____ electricity?

Will ____ for ____ electricity ____ the performance?

Does gas/electric ____ affect ____?

____ gasoline or electric ____ affect the functioning ____ my ____?

_____ think selecting between _____ and _____ harms _____ performance?

Does _____ mode hurt the _____?

Selecting _____ gas _____ may affect _____.

_____ it possible to affect _____ negatively _____ between _____ or _____.

_____ it impact performance _____ gas _____ electric?
