

[Demo] NLP Dataset for Customer Service Automation

Company Type	Investment Firms
Inquiry Category	Tax and capital gains inquiries
Inquiry Sub-Category	Capital Gains Tax Rates
Description	Customers inquiring about the different tax rates applicable to capital gains, such as short-term and long-term capital gains, and seeking clarification on how these rates may impact their investment returns.
Data Size	10,211 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Investment Firm" customer inquiry. (Purchased data will not be masked.)

How ____ one ____ effective marginal bracket by ____ in ____ income ____ distributions ____ the same ____ period?

How to ____ for ordinary income and ____ marginal ____?

____ account ordinary income ____ capital gains from a ____ used to ____ effective marginal brackets.

____ capital-gains ____ from ____ fiscal ____ are used to calculate ____ effective marginal ____.

When ____ capital ____ regular ____ one fiscal period, ____ effective marginal bracket?

____ it ____ to ____ ordinary income and ____ gains in ____ of ____ tax ____?

____ do you factor ____ and capital-gains distributions ____ your ____ brackets?

____ it ____ to calculate the ____ effective marginal ____ rate ____ including capital ____ financial period?

When ____ the ____ rate, consider ____ ordinary ____ capital-gains distributions.

Factor ____ ordinary ____ along ____ capital gains ____ financial period to ____ marginal tax ____.

Is it possible to ____ out the ____ marginal ____ both ____ capital ____.

Is ____ possible ____ determine ____ effective ____ by considering both ordinary income ____ distributions ____ same ____ period.

Can ____ effective ____ brackets ____ income and ____ distributions in a single ____?

When ____ and capital-gains ____ together, is ____ find ____ effective ____ band?

I'm wondering how ____ marginal brackets considering ____ regular income ____ this fiscal ____.

Is ____ to calculate ____ combined effective ____ tax ____ using ____ regular earnings ____ capital ____?

I ____ wondering if you could ____ me ____ brackets, ____ income and capital-gains ____.

____ ordinary ____ and capital ____ within ____ to ____ the marginal tax rate.

Consider both ordinary income ____ capital ____ calculating ____ fiscal ____ marginals.

When considering ordinary income ____ capital gains distributions during ____ fiscal ____ you tell ____ which my ____ bracket ____

____ you ____ out my ____ rate when you take ____ income ____ capital gains ____ same ____?

____ single ____ period, ____ we ____ the ____ marginal ____ for ____ and capital gains distributions?

Is ____ possible to ____ regular income ____ distributions from ____ in ____ my marginal brackets?

How can ____ income ____ be ____ come ____ with ____ effective marginal bracket?

How ____ marginal ____ considering ____ and ____ gains distributions ____ a fiscal period?

____ considering both annual earnings from ____ sources ____ of the same ____ is ____ to calculate ____ rate?

_____ you _____ for _____ and capital-gains distributions _____ effective marginal brackets?
 Is _____ out effective _____ brackets with income and _____ together?
 _____ their marginal _____ both _____ and _____ disbursements from a single financial term.
 _____ do _____ factor in both regular _____ to calculate _____ effective marginal _____?
 _____ there _____ ordinary revenue and capital-gains _____ when calculating _____ marginal rate?
 _____ ordinary income and _____ distributions in _____ period, how _____ brackets be _____?
 How to _____ effective _____ for ordinary income _____ in _____ year?
 Consider both _____ and ordinary _____ period's effective marginal brackets.
 How _____ factor _____ ordinary _____ and capital-gains distributions from the same _____ marginal brackets?
 How to _____ for _____ income _____ gains _____ fiscal period _____ total marginal brackets?
 Is it possible _____ take ordinary _____ account when calculating _____ effective marginal _____?
 _____ regular earnings and gains _____ investments _____ same _____ determine an effective _____ tax rate.
 _____ the total _____ marginal _____ you _____ to consider both regular earnings _____.
 _____ someone use ordinary _____ figures to _____ out their marginal _____?
 _____ to calculate _____ total _____ brackets when ordinary _____ gains _____ are _____.
 When _____ together, is it a _____ method _____ find out _____ brackets?
 _____ both _____ and capital-gains distributions in a fiscal _____ what _____ for determining effective _____?
 _____ do _____ out _____ brackets considering both _____ income and _____ fiscal year?
 Is _____ possible _____ determine their marginal _____ by _____ earnings _____ capital-gains disbursements _____ single financial _____.
 _____ in ordinary _____ and capital gains within the same _____ determine _____ tax _____.
 _____ it possible to _____ ordinary _____ and _____ into the calculation _____ the _____ tax _____?
 If I _____ ordinary income _____ fiscal period, _____ I figure out my _____ bracket?
 When you _____ both regular _____ capital-gains distributions within _____ fiscal _____ you have _____ my _____ marginal _____.
 How _____ ordinary _____ distributions _____ fiscal period be combined to calculate _____ effective _____ bracket?
 _____ ordinary _____ and capital gains to calculate _____ effective marginal _____ rate?
 _____ in mind both _____ capital-gains earnings, is _____ a method to _____ one's _____?
 I'd like to _____ the _____ income and _____ fiscal period _____ to _____ my effective marginal _____.
 How _____ in _____ income and capital-gains _____ effective marginal brackets?
 _____ ordinary income and capital gains _____ same fiscal period, _____ advise _____ which my effective marginal _____ can
 _____ possible to include ordinary _____ and capital-gain distributions _____ the calculation _____ an _____?
 How _____ you _____ regular _____ and _____ in _____ your effective marginal brackets?
 With _____ income and _____ in a _____ period, _____ method for determining effective marginal _____?
 What is the way _____ ordinary _____ distributions _____ accounted _____ to arrive _____ an _____ marginal _____?
 Is _____ possible _____ take _____ into account _____ calculating _____ marginal _____ rate?
 Is it _____ factor in _____ income and _____ distributions _____ the effective _____?
 How do you _____ and _____ distributions _____ your _____ income?
 _____ I _____ distributions _____ ordinary income distributions _____ the same _____ period, can I figure out _____?
 Is _____ possible _____ determine _____ rate considering both _____ and _____ income?
 Factor _____ income along with capital gains within _____ marginal tax _____.
 When _____ and _____ together, is there _____ way _____ effective marginal brackets?
 Taking _____ account ordinary income and _____ from _____ should be used _____ calculate _____ marginal _____.
 Is there a _____ factor in _____ and _____ distributions _____ with an effective marginal _____?
 _____ does one factor _____ ordinary _____ distributions from _____ same fiscal period _____ marginal brackets?
 I _____ like to know _____ calculate _____ marginal tax _____ taking _____ and _____ distributions during a _____ fiscal _____.
 Does _____ sense to consider _____ ordinary _____ and _____ distributions _____ same _____ period _____ their marginal brackets?
 Factor in _____ income along _____ within _____ financial period _____ the marginal _____.

____ capital gains and regular ____ fiscal period, ____ effective ____ brackets determined?
 ____ I ____ ordinary ____ and capital-gains ____ fiscal ____ can I figure my ____ marginal brackets?
 Is ____ possible to ____ income and ____ same fiscal year to calculate my ____?
 Within ____ same ____ period, ____ brackets ____ both income and capital ____.
 ____ can ____ income and capital-gains distributions ____ to ____ brackets?
 Is it ____ to ____ and capital-gain ____ to decide their ____ brackets?
 When ____ capital-gains ____ is it ____ good way ____ find the ____ brackets?
 ____ consider ____ ordinary income and capital-gains ____ same ____ one determine their marginal brackets?
 ____ do ____ out my eff. ____ brackets considering ____ and capital-gains ____?
 ____ regular ____ and capital ____ from ____ financial cycle for ____ total effective ____.
 Can we combine the ____ ordinary ____ gains ____ a single ____ period?
 How ____ calculate ____ brackets considering ____ income ____ capital-gains distributions during ____ period?
 ____ would like to ____ how ____ calculate my marginal tax ____ by ____ both ____ and ____ within a ____ fiscal ____.
 Is ____ to take ordinary ____ and capital-gains ____ effective ____ brackets?
 How ____ calculate ____ marginal ____ in ordinary income ____ gains ____?
 ____ fiscal period, calculate marginal ____ for capital-gains distributions ____.
 How can ordinary income and ____ for ____ the ____ individual's ____ brackets?
 ____ like to factor in ____ ordinary ____ and capital-gains distributions ____ determine my effective ____ band.
 ____ it ____ factor capital ____ within a ____ when calculating the ____ rate?
 Is there ____ approach ____ factors ____ ordinary revenue as ____ capital-gains distributions from ____ into ____ marginal ____?
 Can it be done ____ for ____ regular income ____ capital ____ the ____ a ____ cycle?
 ____ I consider ____ ordinary ____ and capital gains ____ in the same ____ can I ____ out ____?
 Taking ____ account ordinary ____ as ____ gains ____ one ____ interval, what is ____ calculate the ____ brackets?
 What is ____ way ____ ordinary income ____ distributions ____ taken ____ to ____ an effective marginal ____?
 When you ____ income and capital ____ for ____ same period, ____ figure out ____ tax ____?
 If I consider ____ from ____ and capital gains of ____ what's the ____ calculate ____ marginal bracket?
 Factor in ____ along ____ the ____ of capital gains ____ marginal tax ____.
 How do you factor ____ regular ____ and ____ marginal ____ during a fiscal ____?
 ____ ordinary income and ____ distributions, can you calculate ____?
 ____ mind both ____ income and ____ earnings, is ____ any ____ for ____ one's ____ tax ____?
 If ____ ordinary income ____ distributions ____ in ____ fiscal ____ is the ____ for determining marginal ____?
 Is ____ to figure ____ the ____ marginal bracket with both ____ income and gains ____?
 ____ considering both annual ____ regular ____ and capital ____ of ____ what's ____ best method to ____ marginal brackets?
 ____ does one factor ____ both ____ distributions from the ____ fiscal ____ to ____ the effective ____ brackets?
 Is ____ comprehensive ____ rate ____ both regular ____ and capital gains at ____ same time?
 ____ can determine their marginal tax rate ____ combining ____ and gains ____ during ____ financial ____.
 How ____ the ____ distributions ____ accounted for ____ the calculation of ____ effective marginal ____?
 ____ both ____ gains ____ ordinary ____ when calculating the combined ____ effective ____.
 I ____ to know ____ calculate my marginal tax brackets ____ and capital ____ distributions ____ fiscal period.
 ____ we calculate ____ brackets ____ and capital gain ____ in ____ fiscal period?
 Consider both ordinary income ____ if you want ____ calculate ____.
 Is ____ way ____ find ____ effective ____ income and capital-gains distributions ____ added ____?
 ____ calculate ____ marginal ____ take ____ capital-gains distributions ____ the same ____ period.
 Is there ____ way to account ____ ordinary ____ distributions ____ the effective ____?
 How ____ capital-gains distributions from ____ fiscal ____ be ____ together to ____ effective marginal brackets?
 How ____ one use ____ income and capital-gains ____ the ____ period ____ calculate ____?

Is _____ possible to _____ ordinary _____ and capital-gains distributions from one _____ period _____ the _____?

How _____ I _____ tax rate _____ you _____ all income _____ capital gains for _____ period?

I would like to factor _____ the _____ from this _____ period to _____ effective marginal _____.

What is _____ way to _____ and capital-gains distributions for _____ marginal _____?

_____ to include ordinary _____ within the calculation _____ the marginal _____ rate?

Incorporating _____ regular earnings and _____ from _____ can _____ determine _____.

_____ possible _____ factor in _____ ordinary _____ distributions to determine _____ brackets _____ a given fiscal period?

_____ way _____ compute _____ marginal tax brackets, _____ in mind _____ ordinary income _____ earnings?

_____ to _____ marginal _____ considering ordinary income _____ capital _____ distributions _____ a fiscal _____?

When considering _____ capital _____ distributions from _____ given deadline, how can _____ calculate _____ effective _____ rate?

_____ use the _____ earnings _____ capital gain _____ from _____ single financial _____ calculate _____ marginal tax rate?

_____ it make _____ for _____ to _____ ordinary earnings and capital-gains disbursements from _____ in determining _____ effective _____

When considering _____ income _____ distributions _____ same fiscal period, can you _____ on the _____ in which _____ can _____

Is _____ use the _____ income and _____ distribution figures to _____ brackets?

_____ to _____ ordinary income _____ capital-gains distributions _____ effective _____ brackets?

Can _____ the ordinary income _____ capital-gains distribution figures _____ calculate _____?

Is it possible _____ in ordinary income _____ capital-gains _____ an _____ calculation _____ the _____ marginal _____?

_____ and capital gains distributions _____ the same fiscal period, _____ give me _____ advise on the _____ brackets

How _____ distributions be combined to calculate an _____ marginal _____?

When considering ordinary _____ same fiscal _____ you advise _____ on the manner _____ I can determine my _____

_____ there a _____ to calculate the _____ effective marginal _____ earnings and capital gain dividends from _____ financial _____?

Is it _____ determine _____ marginal brackets by considering _____ capital-gains distributions _____ same period?

How do I use _____ income and _____ same _____ to _____ marginal _____?

When _____ include regular _____ and _____ distributions within one _____ period, _____ to _____ my effective _____?

_____ it possible _____ include _____ income _____ gains _____ calculating marginal tax _____?

_____ I account for _____ regular _____ and capital-gains _____ the _____ fiscal _____ calculate my _____ brackets?

By considering both _____ from _____ gains of the _____ year, what's the _____ calculate my _____ brackets?

Is it possible to _____ regular income _____ distributions _____ the _____ fiscal year _____ my _____?

_____ both capital gains and _____ calculating _____ period's effective marginal _____.

_____ take the ordinary _____ capital-gains _____ from the same fiscal period _____ their marginal _____?

Is it possible to _____ by _____ ordinary income and capital-gains _____ the fiscal _____?

_____ it possible _____ determine their effective _____ considering _____ ordinary income and capital-gains _____ fiscal period?

_____ in _____ along with _____ gains within _____ period _____ calculate effective marginal tax rate.

Is there a _____ the impact of _____ the effective tax rate?

_____ considering both _____ earnings _____ a single financial term, can one determine _____?

_____ marginal _____ with _____ ordinary income and capital gains _____?

_____ ordinary income as _____ capital gains from one _____ interval are necessary to _____ marginal _____.

How to factor _____ ordinary income _____ calculation of the _____ bracket?

Consider _____ ordinary _____ and _____ distributions within a _____ period _____ the efficient marginal _____.

_____ in the same _____ can I figure out _____ effective _____ brackets?

_____ possible to _____ out the effective marginal _____ with both _____ income _____ from _____ taken _____ account?

Is it _____ to calculate the _____ for capital _____ distributions and _____ the same _____?

_____ possible _____ in _____ and _____ into calculating an individual's marginal brackets _____ a year?

How _____ calculate _____ marginal brackets by considering _____ ordinary _____

Can _____ effective _____ brackets _____ income and capital-gains _____ calculated in a single _____?

Can it be _____ for _____ regular income _____ capital gain during _____?

_____ it _____ to _____ and capital-gain distributions to figure _____ their effective _____ bracket?

When _____ capital gains distributions during the _____ fiscal _____ can _____ tell _____ the effective _____ brackets are _____?

Is it possible to _____ their marginal _____ by _____ gains distributions during _____ same _____ period?

_____ to factor in _____ for an _____ calculation of _____ effective marginal.

_____ possible to _____ ordinary income and _____ calculate the effective marginal _____?

Is it _____ to _____ capital-gain distributions _____ determine their _____ for the fiscal period?

_____ income and capital gains _____ the _____ are _____ calculate the _____ brackets.

_____ marginal bracket _____ the combination of ordinary _____ from _____ fiscal period

_____ ordinary income and capital _____ within a _____ period _____ to calculate _____ marginal brackets?

_____ possible _____ the _____ marginal rate _____ accounting _____ both _____ income _____ capital gains simultaneously.

Consider capital gains and ordinary _____ combined _____ effective marginal _____.

_____ possible to _____ out the effective _____ regular income and capital _____?

_____ and capital gains _____ during the same _____ can you tell _____ the _____ in which my _____ determined

By _____ earnings and gains _____ investments during the _____ period, _____ can _____ tax rate.

_____ in _____ income and capital-gains distributions to _____ topic of discussion.

_____ both _____ earnings _____ regular sources and _____ gains _____ the same year, _____ the best _____ for _____ determine _____

_____ mind _____ ordinary income _____ capital-gains _____ there a _____ for calculating one's _____ marginal tax _____

If _____ distributions and ordinary _____ in _____ fiscal period, can I _____ out _____ effective _____?

_____ tax rate can _____ calculated _____ income and _____ gains within _____ same _____ period.

Can the marginal _____ be _____ income _____ capital-gains _____ figures?

_____ was wondering if _____ could _____ me calculate _____ marginal _____ the fiscal _____ ordinary income _____ gains distributions.

How _____ calculate effective _____ brackets, considering both _____ income _____?

How _____ calculate _____ effective marginal _____ when ordinary _____ gains _____ included?

_____ know _____ I figure out _____ marginal _____ considering both income and _____.

_____ account ordinary _____ and capital _____ from _____ fiscal _____ is _____ to _____ the effective marginal _____.

When considering ordinary _____ and capital gains distributions _____ the _____ can _____ to _____ my marginal _____?

_____ income _____ distributions _____ single _____ period, what is the best _____ determining marginal brackets?

I _____ my effective marginal _____ for the _____ considering both _____ capital-gains distributions.

_____ it possible _____ determine one's _____ income _____ ordinary _____ and capital gains during _____ period?

_____ out _____ rate when you take _____ and capital _____ into account?

_____ we _____ the _____ effective marginal brackets for _____ income within _____ single _____ period?

_____ to determine their marginal _____ both ordinary income _____ distribution _____?

I need guidance on how _____ my marginal _____ brackets _____ capital gains _____ within a single _____.

Is _____ possible _____ effective marginal brackets _____ ordinary _____ and capital-gains disbursements _____ single financial term?

_____ and capital-gains distributions _____ a fiscal period _____ calculate effective _____?

_____ include _____ and _____ within a single fiscal _____ do you _____ my effective marginal band?

_____ it _____ take both ordinary income _____ capital-gain _____ into account when _____ marginal _____ from _____ fiscal _____?

_____ anyone tell _____ how _____ can _____ my marginal tax _____ considering _____ and capital gain _____ a _____ deadline?

How _____ take _____ and _____ gains distributions into _____ when _____ out _____ brackets?

_____ considering _____ annual earnings _____ sources and _____ gains _____ same _____ what _____ the best _____ for calculating _____ bracket?

Is it possible to combine _____ brackets for _____ gains and _____ within _____ single _____?

How _____ you factor _____ ordinary _____ and _____ distributions for _____ calculation of the _____?

Consider ____ ordinary ____ capital-gains distributions within a ____ to ____ efficient ____ tax rate.

How to calculate effective marginal ____ capital-gains ____

By ____ ordinary earnings and capital-gains disbursements ____ a single ____ term, can ____ determine ____?

____ ordinary ____ as capital gains ____ one ____ interval is needed to ____ the effective marginal ____.

____ into ____ ordinary ____ as ____ as ____ one ____ interval is ____ is needed to calculate ____ effective marginal ____.

____ and capital gains ____ one fiscal interval is needed to ____ effective ____.

____ it ____ calculate the ____ marginal tax ____ by ____ earnings and capital ____ from a ____ period?

____ possible ____ take both regular ____ and capital-gains distributions ____ fiscal ____ my marginal brackets.

Is it ____ to ____ capital ____ within a ____ when calculating ____ effective marginal ____?

____ possible to ____ capital ____ when ____ effective marginal tax ____?

If you ____ both ____ and ____ in ____ same ____ you determine your marginal brackets?

____ both ordinary income ____ distributions in ____ single fiscal ____ is the ____ for ____ effective ____?

____ you include both regular ____ and capital-gains distributions ____ what's ____ method to ____ my effective ____

When ____ capital gains ____ fiscal period, how ____ effective ____ brackets calculated?

Is ____ factor ____ both ordinary income and ____ effective ____ band from ____ given fiscal period?

____ effective marginal ____ calculated ____ taking ____ regular earnings and capital gain dividends from ____ financial ____.

What is ____ method for ____ marginal ____ ordinary income and capital-gains ____?

How ____ for ordinary income ____ in the ____ of ____ brackets?

If I consider ____ in ____ can I figure out my effective marginal bracket?

____ both annual ____ from ____ and capital gains of ____ same year, what's ____ best way ____ marginal ____?

How to include both ____ income ____ capital-gains distributions ____ calculation ____ marginal ____?

____ distributions be taken into account to calculate ____ individual's effective ____?

____ can ordinary income ____ capital-gain distributions be accounted ____ an ____ within ____ single ____ year?

____ can ordinary ____ and ____ in to determine ____ effective ____ brackets?

____ factor ____ ordinary ____ capital-gains distributions into a ____ of the ____ marginal ____?

____ income ____ gains distributions ____ the ____ fiscal ____ you give me advice ____ the way in which ____ brackets

What is ____ approach ____ determining the effective marginal ____ for ____ income and ____ gains ____ a ____ period?

____ regular earnings and ____ gains from ____ single ____ cycle to ____ effective ____ rate.

Considering both regular income ____ from capital ____ you figure ____?

____ to ____ for ____ income ____ capital gains distributions ____ brackets?

____ consider both ____ income and capital-gains distributions ____ the ____ fiscal period, ____ figure ____ my ____ brackets?

____ account for ____ income and capital-gains ____ in the ____ the ____ marginal ____.

By ____ earnings ____ and capital gains of the same ____ the ____ way for ____ calculate my marginal ____

____ both ____ and capital gains of the ____ what is ____ for me to ____ my marginal brackets?

____ ordinary ____ capital-gains distributions, ____ to calculate effective marginal ____?

Is it possible ____ capital-gains ____ a calculation of ____ effective ____?

____ do I ____ my tax ____ when ____ and capital ____ the same period?

____ bracket is a combination of ordinary income ____ distributions ____ period

____ ordinary ____ gains ____ the same ____ do you have ____ manner in which my effective marginal brackets

Is ____ possible ____ factor ____ capital gains ____ effective ____ tax rate?

____ effect ____ ordinary income and ____ from ____ same ____ period can be used ____ the ____ marginal ____.

____ and capital-gains ____ from the ____ fiscal period be ____ to ____ effective marginal ____?

____ you ____ regular income and ____ to come ____ with ____ marginal bracket?

____ it possible ____ calculate the effective ____ both ____ and capital-gains distribution ____?

By ____ both ____ earnings from regular ____ and ____ from ____ year, ____ the best ____ for ____ determine my ____

How do you _____ income and capital-gains _____ the _____ fiscal _____ calculate their marginal _____?

_____ into _____ ordinary _____ well _____ capital _____ from _____ interval can _____ used to calculate the _____ marginal _____.

Incorporating _____ earnings and _____ from investments _____ the _____ help determine the marginal _____.

Is _____ to _____ their marginal _____ ordinary _____ and _____ gains distribution figures.

_____ one use ordinary _____ in the same _____ determine their _____ brackets?

How _____ ordinary income and capital-gains distributions _____ accurate calculation _____ the effective _____?

I'm _____ figure out _____ brackets _____ regular _____ and capital gains distributions.

Considering _____ and _____ from stinkin' capital distributions, _____ figure _____ the _____ marginal bracket?

Considering _____ regular income and _____ capital _____ can _____ the _____ marginal bracket?

_____ earnings and _____ from _____ during the same _____ one _____ determine their marginal tax _____

Using ordinary _____ and _____ distribution _____ one determine their _____?

The effective _____ calculated _____ taking _____ account _____ income and _____ one fiscal interval

_____ consider _____ ordinary income _____ capital gains during the same _____ in determining _____ brackets?

I would like _____ know _____ to _____ my _____ tax brackets _____ income _____ gains _____ in a _____ fiscal _____.

How _____ I _____ out my eff. _____ brackets _____ regular income _____ gains distributions this _____?

_____ possible _____ marginal _____ by _____ regular income and _____ gain payouts at _____ same time?

For _____ accurate calculation of _____ effective _____ income and capital _____ be accounted for?

Consider both _____ income and _____ combined _____ period's effective _____ group.

I'd like _____ how _____ calculate my marginal tax _____ using _____ and _____ gains _____ within _____ period.

_____ a specific _____ one's _____ tax brackets, keeping _____ both _____ income _____ capital gains earnings.

Consider both _____ income _____ distributions to _____ effective _____

_____ it possible _____ consider both ordinary earnings _____ capital-gains _____ a _____ financial _____ determining their _____?

Is it _____ to _____ comprehensive _____ rate _____ accounting _____ both _____ and capital _____ the same time?

When _____ include _____ income _____ capital-gains distributions in _____ fiscal period, what's the _____ figure my _____

_____ to factor in _____ capital-gains distributions for an _____ marginal brackets.

How to calculate _____ total marginal _____ takes into _____ ordinary _____ gains _____ a _____ period.

When _____ both capital _____ in _____ single fiscal _____ how is _____ marginal brackets _____?

Considering both regular income and gains _____ you figure _____ the _____?

_____ ordinary income and capital-gains distributions _____ when _____ effective _____ brackets?

_____ it be _____ by accounting _____ regular _____ gain payouts during _____ same _____?

_____ to _____ ordinary revenue _____ one fiscal period into our effective marginal rate?

Considering both _____ income and gains from _____ capital _____ figure out _____?

By considering _____ earnings from regular sources _____ the _____ what _____ best way to calculate my _____?

Is _____ an _____ in ordinary revenue as well as _____ rate?

Is _____ method for calculating _____ tax _____ keeping _____ mind both _____ income _____ capital-gains earnings?

Can _____ use regular _____ and _____ gain dividends from a _____ financial period to _____?

What _____ an _____ for determining _____ marginal _____ for ordinary income _____ capital _____ distributions?

Factor _____ income _____ capital _____ order to _____ the _____ tax rate.

_____ it _____ for one to consider _____ ordinary earnings and _____ single _____ term in _____ effective marginal

Within _____ fiscal period, _____ brackets _____ and capital-gains distributions

_____ you take both regular _____ from capital _____ can you figure _____ the effective _____?

Does it make sense to _____ ordinary _____ and capital-gains _____ from _____ single _____ in _____ their _____?

Is _____ to _____ ordinary income and capital _____ in _____ of _____ rate?

Is it _____ determine their marginal _____ using _____ distributions?

Can you _____ me _____ out my _____ brackets _____ regular _____ and _____ distributions?

Can _____ both regular _____ and capital _____ to calculate the _____ effective marginal _____?

_____ I _____ out _____ brackets _____ both regular _____ and capital gains?

_____ do _____ account for regular _____ capital-gains _____ to _____ effective _____ brackets?

_____ is the effect of _____ income and capital-gains distributions _____ period for _____ marginal _____?

When you _____ in _____ gains _____ income for _____ same fiscal _____ do _____ find out _____?

Is _____ a way to account _____ ordinary _____ and _____ on _____?

Considering _____ and capital-gains distributions in _____ period, how _____ the method for _____?

Taking _____ income and _____ account to _____ the _____ marginal _____ rate.

_____ it _____ to determine _____ by _____ for _____ regular income and _____ during the same cycle?

_____ do you _____ income _____ distributions to come up _____ effective _____ brackets?

By _____ both _____ gains from _____ can determine their _____ rate.

Can _____ help me calculate my _____ the fiscal _____ considering both income _____?

_____ to _____ the _____ marginal group _____ ordinary _____ and capital gains _____.

_____ there a _____ determine _____ marginal _____ using both ordinary _____ capital-gains distributions?

_____ capital-gains distributions in _____ effective marginal brackets.

_____ in _____ income and capital-gains distributions from the same _____ effective marginal bracket.

Is _____ specific _____ calculating one's _____ marginal tax _____ keeping in mind _____ and _____ earnings

In _____ to _____ and _____ distributions _____ one fiscal period, _____ is _____ method _____ marginal brackets?

_____ considering _____ earnings _____ capital gains _____ the same year, _____ is _____ way to calculate _____ marginal tax rate?

How to _____ effective _____ ordinary _____ and _____ distributions in _____ fiscal _____.

_____ including _____ gains from investments during the same financial _____ determine their _____ rate.

If _____ both ordinary _____ capital-gains _____ in the _____ fiscal period, can they _____ their _____?

_____ compute _____ for ordinary income and capital gains _____?

When _____ income _____ capital-gains distributions _____ way to _____ an _____ marginal band?

If you _____ earnings _____ capital _____ dividends from _____ single _____ period, can _____ calculate _____ effective _____ rate?

_____ annual earnings _____ regular sources and capital gains _____ the same year, _____ best way _____ calculate _____ effective _____?

How to calculate the _____ brackets when _____ gains _____ are _____ the fiscal period?

_____ both regular earnings _____ from investments during _____ financial interval can _____ determine the _____.

_____ in mind _____ income and _____ is _____ specific method _____ one's effective marginal _____ band?

Is _____ to _____ an effective marginal _____ using both _____ income _____ figures?

_____ how I figure _____ my _____ brackets considering both _____ capital gains distributions _____ fiscal _____.

How do _____ regular _____ capital-gains distributions _____ calculating your marginal _____?

How to _____ brackets _____ ordinary _____ distributions in a _____ period

How _____ I figure out _____ rate with all _____ gains _____?

_____ both _____ income and _____ when _____ the combined _____ marginal pool.

_____ to account _____ both ordinary _____ capital-gain distributions into _____ an individual's marginal brackets?

Can _____ I _____ my marginal tax _____ ordinary income and _____ gain distributions?

_____ the way _____ ordinary income and _____ distributions _____ to determine effective _____?

_____ way to take _____ ordinary _____ and capital-gains distributions into account?

Is _____ possible to calculate _____ merged effective _____ brackets _____ fiscal period?

Taking into _____ income as well _____ capital gains _____ interval is needed to calculate _____

Can you figure _____ marginal brackets _____ both regular income _____ gains from _____ distributions _____?

_____ both _____ income _____ one _____ period, how is the _____ for determining the _____ bracket?

Factoring in ordinary _____ and _____ gains _____ the _____ will _____ marginal _____ rate.

Please tell me _____ I figure _____ both regular income _____ distributions.

_____ both _____ income _____ gains _____ distributions, can _____ figure out _____ marginal margin?

What _____ the effective _____ brackets that account for ordinary _____ distributions _____ single fiscal period?

_____ and gains _____ capital distributions _____ can figure out _____ marginal brackets.

How _____ one _____ and _____ from the same _____ to _____ their effective marginal brackets?

_____ considering _____ income and _____ same fiscal period, _____ you tell _____ in _____ effective marginal brackets can be

Considering both _____ and _____ from capital distributions, can you _____ brackets.

_____ in _____ distributions for _____ marginal brackets?

_____ to _____ the marginal brackets for _____ income in _____ same _____.

I would like to factor in _____ and _____ distributions _____ this fiscal period _____ my effective _____.

_____ you _____ regular income and _____ within a _____ what's the method _____ my marginal brackets

_____ calculate the _____ marginal brackets _____ into account ordinary _____ and capital gains _____ a _____?

_____ to _____ ordinary income _____ capital-gains distributions to _____ effective marginal band?

_____ and _____ distributions be _____ in a calculation of the _____ bracket?

Is there a _____ capital-gains distributions _____ determine effective marginal _____?

_____ a _____ calculate _____ combined impact of _____ income and capital gains distributions _____ the _____.

Is _____ calculate the _____ tax _____ by _____ regular earnings and capital _____ dividends from _____ single financial _____?

How to calculate _____ into account _____ income and _____ gains distributions _____ a fiscal _____

How can ordinary income and _____ distributions _____ be combined _____ calculate _____ marginal _____?

One can determine their _____ tax _____ earnings _____ investments during _____ same financial period.

If I _____ income and _____ the same fiscal _____ can _____ out my _____ brackets.

_____ possible _____ their _____ brackets by taking ordinary _____ capital-gains distributions _____ during _____ same period?

_____ there _____ that accounts _____ ordinary revenue as _____ as _____ our _____ rate?

_____ you _____ capital gains and income for the _____ period, _____ do I figure _____?

_____ can determine their _____ by accounting _____ earnings and _____ investments _____ the same financial interval.

_____ to _____ effective _____ brackets by considering both _____ and capital-gains distributions _____ a fiscal _____?

_____ wondering _____ out my _____ brackets with both _____ income _____ distributions.

_____ both regular income and _____ stinkin' capital _____ you _____ out _____ marginal _____?

_____ factor ordinary income and capital gains distributions _____ the _____ period to _____ their _____?

How _____ regular _____ and _____ gains _____ to _____ an individual's _____ assessment?

How do you factor _____ income _____ to _____ your marginal band within a _____?

_____ to _____ income and capital gains distributions _____ an _____ calculation of _____ effective marginal _____.

_____ in mind both ordinary income _____ capital-gains _____ is _____ any specific _____ tax brackets?

_____ is the way _____ effective _____ are _____ ordinary income and capital _____ distributions _____ single fiscal period?

How _____ the effective _____ determined when _____ earnings _____ capital _____ into _____?

Is it possible to include _____ income and _____ distributions _____ individual's _____ brackets _____ a _____ year?

Using _____ income _____ capital-gains distributions, how _____ marginal brackets?

_____ considering _____ capital _____ distributions _____ the _____ period, _____ you advise me on _____ which _____ can determine my effective

Is _____ possible _____ determine the _____ marginal _____ for both _____ and capital _____ payouts during the _____?

_____ a way _____ take ordinary income _____ capital-gains _____ effective marginal brackets?

_____ possible to calculate the _____ brackets _____ and _____ the same period?

_____ the _____ fiscal _____ marginal _____ ordinary _____ and capital gains distributions.

What _____ the method for _____ brackets _____ ordinary income _____ capital _____ distributions?

_____ I consider both _____ and _____ distributions _____ the _____ can I _____ the marginal brackets?

Is it _____ factor in _____ distributions to _____ their effective _____ brackets for _____ fiscal period?

_____ you _____ all _____ capital gains for _____ same _____ period, _____ do _____ figure out my _____?

Is _____ to _____ the effective _____ ordinary income _____ capital-gains distributions?

How _____ you _____ the _____ marginal _____ that accounts for _____ capital-gains distributions within _____ period?

How to calculate marginal _____ income _____ distributions.

_____ I _____ in _____ ordinary income and capital-gains distributions _____ this _____ I can _____ out _____ marginal _____.

Is _____ to _____ both _____ earnings _____ capital-gains disbursements from _____ term in order _____ the effective _____

____ to factor ____ ordinary income and ____ for ____ calculation of ____ brackets?
 By ____ regular ____ gains ____ investments ____ the ____ interval, one ____ their marginal tax rate.
 If ____ considers ____ and capital-gains disbursements from a ____ financial ____ can ____ marginal ____?
 How to convert ordinary ____ and ____ distributions within ____ fiscal ____ calculate ____ brackets?
 Is it possible ____ determine ____ marginal ____ by taking ____ ordinary ____ and ____ distributions ____ same ____?
 Considering ____ and gains from capital distributions ____ that ____ can you figure ____ brackets?
 Is ____ to ____ brackets ____ considering both ____ income ____ capital-gains distributions ____ the same fiscal ____
 ____ marginal brackets ____ when considering both regular ____ and capital ____ a ____.
 ____ to ____ marginal brackets by considering both ordinary income ____ capital ____?
 ____ ordinary ____ and capital-gains ____ account ____ calculating my effective ____ brackets?
 ____ it ____ to factor in ____ income ____ arrive at the effective ____?
 ____ to ____ ordinary ____ and ____ distributions ____ marginal brackets?
 Is it possible ____ the ____ marginal brackets, considering ____ gains from capital ____.
 Is it possible ____ in both ____ and ____ gain ____ from a ____ to ____ the combined ____ tax rate?
 Is ____ determine effective ____ considering ____ and capital-gains distributions in ____ fiscal period?
 Consider both ordinary ____ and capital-gains distributions ____ determine effective ____.
 ____ to calculate ____ combined ____ marginal ____ rate by accounting for regular ____ and ____ dividends?
 If I ____ ordinary ____ capital-gains distributions in the same ____ figure out my ____?
 If I consider both ordinary income ____ period, could ____ figure out ____ marginal ____?
 ____ do ____ in regular ____ to calculate an effective ____ brackets?
 ____ there a way ____ account ____ ordinary ____ capital-gains ____ come ____ with an effective marginal ____?
 ____ to factor ____ ordinary ____ and ____ distributions ____ calculating ____ marginal bracket?
 Considering ____ capital gains from one ____ total effective ____ tax rate can ____ found.
 Considering both ____ distributions in a ____ what method is used ____ marginal brackets?
 ____ factor in both ____ and capital-gain distributions ____ the effective marginal brackets ____ a ____ fiscal
 ____?
 To ____ the ____ effective ____ tax ____ regular earnings from one financial ____.
 Is it ____ to ____ an effective marginal bracket ____ and ____?
 I ____ like to factor in ____ ordinary income and ____ fiscal period in ____ determine ____ brackets.
 Is ____ possible ____ determine ____ effective ____ by considering ____ ordinary ____ capital-gains ____ during ____ same
 time period?
 ____ including ____ capital-gains ____ together, ____ a true way ____ out effective ____ band?
 By considering both earnings ____ sources and ____ of the same year, what ____ the best ____ me ____

 Should ____ income and ____ gains distributions within a single fiscal ____ my ____ brackets?
 ____ it ____ to calculate ____ taking ____ account ordinary income and capital ____.
 If ____ and capital ____ distributions are included, ____ do ____ calculate ____ marginal ____?
 ____ in ____ income and ____ to calculate marginal ____
 Does ____ make sense ____ ordinary ____ disbursements from ____ financial term to determine their
 marginal ____?
 When ____ capital gains ____ regular ____ a fiscal ____ is ____ effective ____ determined?
 How should the ____ ordinary income ____ capital-gains distributions in ____ single ____ period?
 Is ____ way to ____ for ordinary ____ and capital-gains distributions ____?
 ____ considering both ____ regular earnings in ____ fiscal ____ how ____ the effective marginal ____?
 ____ to know ____ figure ____ both regular income and capital-gains distributions.
 How can ordinary ____ capitol-gain distributions ____ taken ____ account when calculating ____ marginal ____
 year?
 ____ in ____ income along ____ used to calculate ____ effective marginal tax ____.
 Is ____ possible to ____ income ____ capital ____ during ____ period ____ calculating the effective marginal ____?
 How ____ calculate ____ marginal ____ considering both ordinary income ____ capital ____?
 Considering both regular income ____ gains from ____ distributions, ____ you ____ marginal band?
 ____ it ____ determine their ____ brackets by ____ ordinary earnings and ____ during ____ single ____ term?

considering capital gains and regular fiscal how the effective determined?

_____ can _____ and capitol-gain _____ be combined to _____ an _____ effective _____ within _____ fiscal year?

Looking both ordinary income capital-gains can me figure out ?

ordinary and capital gains the same time, is determine one's band?

Can _____ use the _____ and _____ to determine _____ effective marginal _____ ?

there a way income distributions the fiscal year into marginal brackets?

_____ the _____ effective marginal _____ for ordinary _____ and capital-gains _____ within a single _____?

If _____ both ordinary _____ and capital-gains _____ in the _____ period, _____ figure out my _____ marginal _____?

_____ possible _____ use _____ and capital _____ when calculating the effective _____ tax _____?

Is possible to factor ordinary and come up an brackets.

Is there a _____ to factor in _____ revenue _____ distributions into the _____ rate?

_____ the way in _____ income _____ distributions can _____ accounted for to _____ marginal _____?

you factor income and capital-gains your tax rate?

How can I calculate marginal if ordinary income and distributions ?

it to use capital gain from single financial period effective marginal ?

Is to effective marginal by ordinary income capital-gains .

both income and capital calculating the marginal brackets

Is effective marginal brackets by both income capital-gains the same fiscal period.

One _____ their marginal _____ both _____ earnings and gains _____ during the same _____ interval.

Is it possible both ordinary income distributions to band the period?

Can _____ effective marginal _____ rate _____ calculated using _____ earnings _____ gains _____ from _____ single financial _____?

both ordinary capital-gains from single term be used their marginal brackets.

it to total marginal brackets taking into account within a fiscal period?

at _____ and _____ from capital distributions, can you _____ the _____ marginal _____ ?

Consider ordinary and gains to the marginal .

Considering both regular and stinkin' distributions, can you figure out the effective μ ?

_____ considers both ordinary earnings and _____ disbursements _____ a _____ term, _____ determine their _____ brackets?

income and capital-gains distributions be for to up effective ?

_____ there a specific method _____ marginal _____ rate, keeping _____ both ordinary income and _____ ?

it to take and distributions to determine brackets?

I _____ regular _____ and _____ from the same fiscal year, _____ I calculate my _____ ?

and capital when calculating combined period's effective brackets.

_____ possible to _____ the effective marginal band _____ considering both _____ and _____ during the same _____?

_____ it possible _____ determine their _____ by considering both _____ and capital gains disbursements _____ single _____.

_____ like _____ the _____ marginal _____ for the _____ period, considering both ordinary income _____ distributions.

Is it to in income order to determine brackets?

_____ how to _____ in ordinary income and _____ gains _____ within _____ single fiscal period in order _____

marginal

Is it possible to take regular income distributions year the effective brackets?

_____ considering ordinary income and _____ same fiscal period, can _____ help me with _____ way _____ which _____ effective

it possible calculate the and income within a single period?

ordinary and a fiscal period an efficient marginal tax .

How in both income capital-gains calculation of marginal ?

_____ considering ordinary _____ and _____ gains _____ during the same _____ can _____ give me an _____ the _____ in _____ my _____

can income and distributions be to calculate brackets in fiscal year?

both income capital gains if you want the period's .

include both and capital-gains distributions period, the method to out my marginal

ordinary income capital-gains distributions a single period, is method for determining

_____ brackets?

_____ ordinary income and capital-gains distributions _____ single fiscal _____ an _____ marginal _____ rate.

Keeping in _____ income _____ capital-gains _____ is there _____ method _____ one's marginal tax rate?

Combining _____ income and _____ distributions from _____ will _____ in _____ effective marginal _____.

_____ into _____ income _____ as capital _____ from _____ fiscal interval is _____ to calculate _____ effective _____ range.

_____ both _____ earnings _____ capital-gains disbursements from _____ single _____ you determine your _____ brackets?

What is the _____ ordinary income _____ distributions in _____ single fiscal period?

_____ can ordinary _____ and _____ distributions from _____ same _____ used to _____ the _____ marginal brackets?

_____ income _____ capital-gains distributions _____ single fiscal period to _____ the _____ tax rate.

_____ you _____ income and capital-gains _____ one _____ fiscal _____ what's the _____ to figure my _____ marginal _____

Is _____ possible _____ include _____ the calculation _____ effective marginal _____ rate?

How _____ account _____ income and _____ distributions _____ an _____ of the _____ bracket?

_____ to add ordinary income _____ distributions to calculate the _____?

_____ it possible _____ take capital gains _____ account when _____ tax rate?

_____ marginal brackets _____ capital _____ ordinary _____ within a single fiscal period?

If I _____ both _____ capital-gains _____ fiscal period, can _____ figure _____ my marginal tier?

_____ to calculate the effective _____ for ordinary _____ capital _____?

When _____ income and _____ gains _____ same fiscal _____ you _____ the manner in which _____ brackets can _____ calculated

Is there a _____ to calculate _____ for _____ income _____ in a single fiscal period?

Is it _____ to _____ effective _____ band using _____ ordinary income and _____.

By considering _____ from _____ sources and _____ gains _____ the _____ the best way to _____ my marginal _____?

_____ it possible _____ use _____ earnings _____ disbursements from _____ single financial term to _____ brackets?

I would _____ to know _____ tax _____ by _____ both _____ income and capital gains distributions _____ fiscal period.

_____ the effective marginal tax _____ it possible to _____ and capital gains _____ a _____?

By _____ ordinary _____ disbursements from _____ single financial term, can one _____ their _____?

_____ the _____ effective _____ rate to _____ regular earnings _____ capital gain dividends from _____ single _____?

_____ possible to account for both _____ capital _____ in the effective marginal _____?

_____ income _____ distributions together, _____ it a _____ way to _____ effective marginal _____?

_____ a _____ to _____ ordinary income and _____ into account _____ calculating an individual's _____?

Finding the _____ marginal _____ rate takes _____ account _____ gains from one financial cycle.

When including income _____ together, is it _____ out _____ bracket?

Is _____ possible _____ factor in ordinary income _____ in _____ the _____ rate?

_____ calculate _____ marginal brackets, considering both _____ and _____ distributions?

When considering ordinary income _____ capital gains _____ during the _____ period, can you _____ me _____ method _____ my _____

If _____ consider both _____ earnings _____ capital-gains _____ a single _____ term, can _____ determine _____ marginal _____?

How can the marginal _____ capital gains _____ in _____ same period?

_____ distributions be _____ calculating an individual's marginal brackets within a year?

_____ guidance _____ how to _____ my _____ brackets by _____ both _____ capital _____ distributions within a single fiscal _____.

_____ marginal brackets are determined when considering _____ and capital gains _____ fiscal _____.

_____ ordinary income and _____ distribution _____ be used _____ effective marginal _____.

_____ both _____ income and capital-gains _____ during _____ fiscal period in _____ determine the effective _____.

_____ both regular _____ and _____ gains _____ a _____ how _____ marginal band determined?

_____ calculate the _____ brackets for _____ income and capital _____ same _____?

_____ it _____ to determine _____ by considering both ordinary earnings _____ capital-gains _____ from _____ financial _____?

_____ in _____ both _____ and _____ is _____ a specific method to _____ one's _____ tax brackets?
