

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Network connectivity and signal issues
Inquiry Sub-Category	Network security
Description	Customers seeking guidance and solutions for enhancing the security of their network, such as setting up firewalls, implementing VPNs, or addressing potential vulnerabilities.
Data Size	12,846 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ us with _____ and mitigating any _____ vulnerabilities _____ current infrastructure _____?

Please _____ and address _____ security risks _____ current _____

_____ would appreciate it _____ you _____ help us _____ minimize _____ within _____ telecom setup.

_____ help _____ find _____ prevent _____ points?

_____ help _____ and resolve _____ issues in our infrastructure setup?

Do _____ have the _____ to _____ with _____ identification and _____?

Are you aware of a _____ deal _____ in _____?

Are _____ help _____ weaknesses _____ our infrastructure setup?

_____ be _____ to assist _____ identifying _____ weaknesses?

_____ discover _____ reduce vulnerabilities in _____ infrastructure?

_____ find any _____ holes for _____?

Help _____ security weaknesses?

Will you _____ for the _____?

Can _____ how to _____ security holes?

_____ appreciate it if _____ could help _____ uncover _____ minimize any _____ setup.

Were _____ able _____ and _____ in our _____ setup?

Can you help _____ our _____?

We _____ assistance in _____ addressing vulnerabilities _____ setup.

Are _____ to support _____ by _____ and _____ our _____ weaknesses?

Can _____ help _____ uncover any weaknesses _____ setup?

Are you _____ eliminate any weaknesses _____ our setup?

Could you _____ us _____ out how _____ infrastructure?

We need _____ and _____ points

_____ you help us detect _____ any _____?

_____ you help us _____ flaws _____ with our current _____?

_____ help us check for any _____ the current _____.

_____ use your expertise _____ infrastructure _____?

_____ can _____ aided _____ sniffing _____ flaws and protecting _____.

_____ you help us identify vulnerabilities _____ the _____?

_____ you _____ willing to help identify _____ mitigate _____ setup?

_____ it _____ for _____ to _____ vulnerabilities within the _____ infrastructure?

Would you be _____ to identify _____?

Can you help _____ and _____ in _____ infrastructure?

_____ us _____ flaws in _____ setup?

_____ it possible for _____ to help _____ and _____ vulnerabilities _____ our _____?

_____ support _____ weaknesses in _____ infrastructure?

_____ you _____ us _____ weak points _____ infrastructure.

Is _____ we _____ your expertise in _____ vulnerabilities?

_____ you help _____ address _____ within our current _____?

_____ you help identify _____ in _____ infrastructure?

Is it possible _____ you _____ minimizing _____ points?

_____ it possible to _____ expertise _____ vulnerabilities?

Are _____ able to help _____ any _____ setup?

_____ appreciate it _____ you _____ help us _____ within the telecom setup.

_____ be willing _____ help us find _____ mitigate _____ in our _____?

Help _____ problems?

_____ you _____ us identify _____ infrastructure?

_____ you be able _____ issues in _____ infrastructure setup?

_____ you _____ to assist us _____?

_____ you _____ help us with _____ current vulnerabilities?

_____ willing to spot _____ of _____ we _____ here?

Were you _____ to _____ and _____ any _____ in our _____?

_____ it possible that you _____ and _____ any weaknesses _____ our _____ setup?

We _____ like to _____ any _____ spots _____ infrastructure _____.

Are _____ able _____ and resolve infrastructure _____?

Are _____ to _____ and minimize any _____ setup?

Can we rely on _____ expertise _____ risks _____ our _____ network architecture?

Can _____ help _____ detect _____ and _____ risks with _____ implementation?

Are _____ interested _____ and addressing _____ our infrastructure?

_____ find and address potential _____ in our _____ infrastructure?

Do you help with figuring out _____ and _____ our _____?

_____ your help to _____ and _____ any _____ in our _____.

_____ we identify and _____ in our setup?

Do you help _____ vulnerabilities in _____ system _____?

_____ potential _____ and reduce risks in _____ infrastructure implementation?

Are we _____ to locate _____ weak _____ in _____.

_____ you willing _____ spot vulnerabilities _____ the current _____?

Can we _____ you to detect and _____ our _____ architecture?

_____ you have the _____ help _____ points within our _____?

Can you _____ us _____ and _____ any _____ in _____?

Is it _____ for us to _____ by _____ flaws _____ system?

_____ diminishing weak points _____ something _____ could _____.

_____ have the ability _____ fix any weaknesses in _____ infrastructure _____?

How can you help _____ uncover and _____ setup?

_____ protect this _____?

Is _____ possible for you _____ out and _____ vulnerabilities _____?

Do _____ ability _____ help us _____ address vulnerabilities within _____ current _____?

Do _____ and diminish weak points?

_____ help us _____ the _____ our setup?

Can y'all root _____ holes _____ are hurting _____?

_____ it _____ that you can help us find _____?

Are _____ able to identify _____ in _____ setup?

Please _____ infrastructure _____ any security _____.

_____ you _____ fix weak points?

_____ you help _____ detecting and _____ potential issues _____ infrastructure _____?

Will _____ support us _____ minimizing weaknesses _____ our infrastructure _____?

_____ fix _____ infrastructure?

_____ ability to help us _____ eliminate _____ weak points _____ our setup?

We need your help _____ find and address _____.

Do _____ know of _____ our infrastructure?

Can _____ on _____ help to _____ problems _____ the current _____?

_____ for you _____ help _____ minimize existing weaknesses?

_____ you _____ in spotting _____ in _____?

Would _____ to _____ us with _____ issues?

Can _____ count on you _____ fault in _____?

_____ you _____ able _____ us _____ vulnerabilities in our current _____?

Can we rely on _____ expertise _____ measures to _____ the _____?

_____ able _____ identify vulnerabilities and minimize risks _____ setup?

Need _____ identifying _____ patching _____ weakest _____.

Can we count on your _____ to _____ any _____ our _____?

_____ possible _____ help _____ locate _____ weak points in _____ infrastructure?

Is there _____ you can _____ risks _____ setup?

_____ to assist us with _____ and _____ vulnerabilities?

_____ root out any _____ us?

_____ use your help to _____ weaknesses in _____ infrastructure setup?

Is it _____ that _____ your expertise _____ vulnerabilities?

Does _____ potential flaws in the layout of _____ equipment?

Will _____ be possible _____ minimize weaknesses in _____ infrastructure setup?

_____ take _____ the _____ that are _____ problems for us?

We _____ this infrastructure and _____ spots?

_____ we count _____ your _____ flaws and reducing risks _____ our current _____?

Are you _____ help _____ and fix any weaknesses _____?

Are _____ to _____ and _____ loopholes _____ existing technology.

_____ we _____ those _____ hidden in our setup?

Is it possible _____ to identify and _____ any existing _____ current _____?

Think you _____ spot _____ we _____?

Are _____ any ways _____ help us _____ in _____ setup?

_____ to _____ mitigate any weak points in _____ infrastructure?

Could you help _____ and address _____ within _____ infrastructure?

Is it _____ to support _____ identifying risks?

Can _____ us _____ to find _____ in _____ infrastructure?

_____ infrastructure vulnerabilities

_____ have _____ ideas _____ to _____ spots and resolve faults?

Is _____ help us identify and _____ vulnerabilities?

_____ you help identify vulnerabilities _____ minimize _____ in _____?

Were _____ to _____ identifying weak _____?

_____ you help _____ figure out _____ the _____ fix them?

_____ able to discover _____ fix _____ flaws in our _____?

_____ lend a hand to _____ fix our _____?

Is it possible to _____ vulnerabilities _____ measures _____ our _____?

Will you be _____ to _____ vulnerabilities within our infrastructure _____?

Are we _____ to _____ weak points _____?

Is _____ you can help us find _____ our setup?

Is _____ us locate those _____ in our _____?

Do you _____ the ability _____ uncover _____ any weaknesses _____?

_____ there _____ for identifying and _____ points?

_____ we _____ your expertise in _____?

_____ for your _____ and _____ any existing weaknesses in our _____ setup?

_____ you _____ existing vulnerabilities _____ our _____?

_____ know how _____ find _____ the weaknesses in _____ setup?

_____ you _____ to help identify and _____ potential _____ infrastructure setup?

_____ we _____ on _____ help in _____ potential flaws _____ reducing _____?

_____ rely on your help _____ flaws and reducing _____ our _____ infrastructure _____?

_____ it possible _____ we seek _____ help with _____ any weaknesses _____?

_____ you _____ figure _____ vulnerabilities _____ system as _____ how to fix them?

_____ way to identify security risks in _____?

Would you _____ at and address vulnerabilities _____ infrastructure?

Do you _____ ability _____ help _____ find and _____ any _____ in _____?

_____ aid patching _____ identifying _____ weak _____.

Are there any weak _____ our _____?

_____ lend _____ hand to find _____ in our _____.

_____ we _____ on _____ to find _____ issues?

Is _____ for _____ team to identify any _____ current setup?

_____ help _____ find _____ address vulnerabilities _____ our _____ system?

Can _____ help identify _____ within _____ setup?

_____ us _____ minimize our weaknesses?

_____ anyone know how to _____ our _____?

Were _____ to _____ and _____ vulnerabilities in _____ infrastructure?

_____ any ways to _____ and deal with _____ in _____?

_____ you _____ help us identify and _____ vulnerabilities?

You _____ help _____ find weak _____ our _____.

Can you _____ and resolve vulnerabilities _____ infrastructure?

Is it _____ to _____ weak _____ in _____ infrastructure _____?

_____ you be able _____ and _____ potential _____ in the _____ setup?

Should _____ to find and _____ the _____ in our _____?

Can you _____ figure _____ in the setup?

_____ to help us identify _____ mitigate vulnerabilities _____ our _____?

Are we _____ to _____ to find infrastructure _____?

Is _____ you could _____ uncover _____ any _____ in our _____ setup?

Is _____ could do _____ and reduce vulnerabilities in _____?

Could _____ detect and _____ potential _____ in _____ setup?

_____ patching _____ weak _____

Is it possible _____ and _____ spots _____ our _____ setup?

Could you please _____ vulnerabilities and minimize _____?

_____ need your assistance _____ addressing _____ existing _____ risks _____ our current _____.

Can you help _____ find _____ spots _____ setup?

_____ it possible _____ fix vulnerabilities in _____ current system?

Can we depend on _____ expertise to _____ and _____ our _____ protection?

_____ we _____ to rely on you to _____ and _____ measures _____ the _____?

Do you _____ to support _____ by identifying _____ setup?

_____ you help _____ weak points within our _____?

Is _____ possible _____ detect and reduce potential _____ architecture?

_____ you guys plan _____ spots in _____ current _____?

Can _____ help _____ any _____ infrastructure setup?

_____ and fix any security _____ have?

_____ reducing weak points?

Do you have _____ in our infrastructure?

Please check _____ any security risks _____ and help _____ address _____.

Is _____ possible _____ your _____ identify and _____ weaknesses _____ current setup?

Do you help _____ vulnerabilities in _____ system _____ them?

Are there _____ points _____ you could _____ detect?

Do _____ to expose trouble _____ and resolve faults?

Could we _____ identify and _____ vulnerabilities?

Can _____ help uncover _____ reduce _____?

Can you _____ us locate _____ in the _____?

_____ able to help _____ existing vulnerabilities _____ the infrastructure?

Are _____ able to find _____ fix _____ system?

Would _____ be willing _____ assist _____ and _____ vulnerabilities _____ our _____?

Would you _____ willing _____ us locate _____ mitigate _____ infrastructure?

Is _____ can _____ with spotting flaws _____ dealing with _____?

Do _____ the ability to help _____ identification _____?

_____ be _____ help identify and mitigate the vulnerabilities _____ our _____?

Can _____ locate _____ points _____ our infrastructure?

Can you _____ vulnerable _____?

_____ it _____ to support _____ points?

Is _____ you will _____ by identifying and _____ weaknesses _____ our _____?

Are you _____ to help figure _____ any _____?

Will you _____ able _____ identify existing _____ in our _____?

_____ you _____ figure _____ vulnerabilities _____ system?

_____ you be _____ figure _____ the weaknesses?

Can _____ help _____ the vulnerabilities?

How _____ helping in _____ flaws and dealing _____?

_____ team _____ to _____ and mitigate any existing _____ within our _____ setup?

_____ for your team _____ and _____ existing weaknesses within our _____?

Are you _____ spotting _____ fixing holes in _____?

Can _____ depend _____ expertise _____ detect and _____ within the network?

_____ there _____ in _____ infrastructure setup that _____ support us _____?

_____ have _____ to help us _____ and fix _____?

Could _____ to recognize _____ infrastructure vulnerabilities?

Can you _____ weak _____ the _____?

_____ want to _____ vulnerabilities _____ our setup?

Can _____ help us _____ infrastructure _____?

Is _____ a _____ could _____ uncover _____ within _____ setup?

_____ it _____ team to _____ in the identification _____ any _____ in our _____?

Can we rely on _____ to _____ problems _____ present _____?

Is _____ way that you _____ help _____ security holes?

_____ be available _____ help detect _____ mitigate weak _____ infrastructure?

Identifying and _____ points _____ aid.

_____ it possible _____ help _____ and reduce vulnerabilities in _____?
_____ help us _____ and _____ any _____ in our infrastructure setup?
_____ possible that you could help recognize _____?
Can _____ help _____ and _____ flaws in our _____?
_____ you identify _____ fix _____ holes _____ we have?
Can _____ help _____ resolving _____ issues?
_____ help uncover _____ any weaknesses in our _____?
_____ help locate _____ weak spots in our _____?
Would _____ be _____ and fix any weaknesses _____ our _____ infrastructure setup?
_____ you _____ able to help _____ any weaknesses in _____ infrastructure _____?
_____ us keep our _____ secure?
_____ we depend _____ help detecting flaws _____ risks?
_____ you _____ skills to help _____ and fix _____ in _____ setup?
_____ and resolve vulnerabilities _____ setup?
Are you able _____ help with _____ weaknesses?
_____ to identify and patch our _____.
_____ y'all fix the _____ problems _____?
Can _____ help _____ for _____ address vulnerabilities _____ setup?
_____ need _____ identify vulnerabilities and _____ within our setup.
Will _____ support _____ in _____ infrastructure?
_____ it possible for _____ to _____ identify _____ mitigate existing weaknesses _____?
Do _____ experience spotting and resolving _____ system?
Can _____ you to _____ problems _____ current infrastructure?
Will you _____ help us identify _____ any _____ in our _____ setup?
_____ it _____ you _____ and address the vulnerabilities within our _____?
Would _____ able _____ help locate _____ weaknesses?
_____ anything about _____ security holes that _____ creating _____ for _____?
_____ have the _____ help us _____ and fix _____ weaknesses?
_____ uncover and mitigate any _____ our current setup?
_____ you able to help _____ and _____ any _____?
Is it _____ you _____ our current _____?
Does _____ have _____ fixing holes _____ our _____ setup?
_____ need your _____ and tackle _____ in our infrastructure.
Is it _____ and _____ vulnerabilities within _____ current infrastructure?
_____ we _____ on _____ assistance _____ detect _____ and reduce _____?
Is it possible that _____ any _____ in our infrastructure _____?
Will _____ identifying and minimizing weaknesses in _____?
_____ you found _____ weak _____ our _____ setup?
How _____ find those _____ sneak around in _____?
_____ help _____ vulnerabilities in the _____ well as how _____ them?
Do you _____ to _____ in vulnerability identification and _____?
Could you help _____ security _____?
Is _____ possible for you to _____ and _____ setup?
Are _____ to help us _____ risks by _____ them _____?
Can _____ on your help _____ find _____?
_____ you have the _____ in vulnerability _____ mitigation?
Is _____ possible for _____ identify _____ address _____ vulnerabilities?
_____ us _____ for security risks in _____.
Is it _____ you _____ us uncover and _____ weaknesses _____ our current _____?
Is there _____ expertise in _____ setup?

_____ possible _____ would support _____ and reducing weak _____?
 _____ need help finding _____ weak spots _____ our _____ setup.
 _____ identify and mitigate _____ in our infrastructure setup?
 We need _____ in _____ any _____ in our current infrastructure.
 Can _____ help us _____ weaknesses in our setup?
 How _____ help with figuring out _____ our _____?
 _____ you willing _____ help us _____ mitigate _____ for our _____?
 _____ you _____ to help _____ find _____ our infrastructure?
 _____ help us to _____ in _____?
 _____ willing to look _____ address _____ our infrastructure?
 You _____ able _____ uncover and address _____ in our infrastructure.
 Know a _____ to _____ the _____ our setup.
 _____ have _____ capacity to _____ us identify and _____ in our telecom _____?
 _____ like you _____ help us uncover and _____ weaknesses _____ setup.
 _____ you _____ mitigate _____ our infrastructure?
 Can you _____ identify _____ mitigate _____ vulnerabilities within _____?
 Are _____ going _____ help _____ fix all _____ weak _____?
 _____ you able to _____ mitigate _____ weaknesses _____ our _____ setup?
 _____ there _____ way that you _____ help identify _____ resolve _____?
 Do _____ identifying and _____ points?
 Are we _____ your expertise in _____ infrastructure _____?
 Do you _____ in spotting _____ holes in _____?
 _____ help _____ fix _____ weak spots _____ our infrastructure setup?
 _____ on your _____ to find problems in _____?
 Can you discover _____?
 Can you _____ us _____ find _____ address _____ within _____?
 Would _____ be _____ you to uncover _____ network setup?
 _____ your _____ to assess the _____ of _____ system?
 Will _____ us _____ infrastructure _____ identifying risks?
 _____ capable _____ us _____ and fix any _____ our current _____ setup?
 _____ help _____ and _____ weak _____ in our infrastructure?
 _____ possible _____ us find _____ minimize any _____ in our setup?
 _____ it _____ for you to assist _____?
 Could we use _____ recognize and _____ infrastructure _____?
 _____ be able to _____ us _____ vulnerabilities _____ our _____ setup?
 Do you help _____ out _____ in _____ system _____ them?
 _____ and _____ vulnerabilities in our _____?
 Are you _____ fix _____ spots _____ our _____ setup?
 Is _____ possible for _____ help _____ detecting and resolving _____?
 Would you _____ help _____ existing _____?
 Is _____ possible for _____ existing vulnerabilities within our _____?
 We need _____ patching _____.
 _____ have the _____ to spot _____ resolve _____ in _____ system?
 Will _____ able _____ help _____ identify _____ eliminate _____ existing _____ in our _____?
 Would you _____ able to _____ any _____ spotting them?
 _____ help us find _____ any weaknesses _____ our _____ setup?
 _____ you able to _____ within _____ setup?
 _____ out any security _____ we _____?
 Are _____ to find _____ and _____ infrastructure?
 Is it _____ to _____ fix _____ weaknesses in _____ infrastructure?

Is it ____ for ____ help ____ and ____ existing ____?

You guys will ____ find weak ____?

Our ____ you help ____ it?

____ be ____ by ____ flaws and ____ our system?

Would ____ interested ____ helping ____ and mitigate ____ points in ____?

Will ____ identify and ____ weaknesses ____?

Can ____ on your experience ____ reduce any potential risks ____ our ____?

Hey, can you ____ us ____ weak ____ our ____.

____ help us ____ and mitigate potential ____ infrastructure?

____ rely ____ your help to ____ the current infrastructure?

____ identify ____ fix ____ the system

____ to ____ us uncover and ____ any weaknesses?

____ are looking for and ____ within ____.

Can you ____ weak points in ____?

Can ____ and ____ the vulnerabilities in our ____?

Do you ____ ability to help us ____ any ____?

Are you able ____ find ____ address ____ in ____?

How ____ spot ____ fix ____ in our ____?

Would ____ be willing ____ examine ____ vulnerabilities within ____ current ____?

____ vulnerabilities ____ can be ____ by you.

Do ____ could lend ____ fix weaknesses in our ____?

____ us ____ by finding ____ faults ____ setup?

Would ____ be willing ____ identify and ____ our infrastructure setup?

Are ____ able to ____ fix ____ our current ____?

____ you identify ____ within our infrastructure ____?

____ could ____ us uncover ____ within ____.

can ____ in our infrastructure ____?

____ we ____ your ____ to assess ____ propose mitigation measures for ____?

Can you help ____ minimize ____ the setup?

____ find and ____ in ____ system.

Have ____ and ____ holes in ____ setup?

Will ____ help us identify ____ risks?

____ assist us, please ____ for and address ____ in ____ current ____.

Are ____ able ____ any weak spots ____ our current ____?

Are you ____ to help find and ____ spots ____?

Maybe we ____ your ____ in recognizing ____ addressing ____?

Can ____ fix potential vulnerabilities in our ____?

Can ____ in ____ system?

We need help ____ and ____ weak spots ____ current ____.

Could you ____ identify ____ in ____ current infrastructure?

____ you ____ and ____ any weak ____ our infrastructure?

____ fix ____ vulnerabilities?

____ help ____ recognize ____ any ____ vulnerabilities in our infrastructure ____?

Can ____ on ____ to ____ and ____ any risks ____ our network?

Is ____ for you to ____ address ____?

____ we ____ on ____ find fault ____ infrastructure?

Do you ____ an idea ____ expose trouble ____ resolve ____?

____ you have ____ ability to ____ minimize ____ weaknesses in our ____?

Maybe you ____ detect ____ mitigate any ____ points ____ our ____.

Will you find ____ improve ____?

____ we ____ on you ____ detect and reduce ____ in ____ network ____?
 Are ____ to help ____ locate ____ points ____ our infrastructure?
 ____ the ability to fix or ____ any ____ our ____?
 ____ be able ____ fix any weaknesses in ____ current ____ setup?
 ____ any ____ you could help uncover ____ in ____?
 Can ____ with finding and reducing ____ in ____?
 ____ your help finding weak ____ in ____ infrastructure ____.
 ____ there flaws ____ our ____ infrastructure ____?
 ____ for and address ____ existing ____ in the ____.
 Can ____ us find ____ address the ____ within ____?
 ____ you ____ us identify ____ vulnerabilities in ____ infrastructure setup?
 ____ need ____ in patching ____ identifying ____ weak ____.
 ____ how to ____ with ____ risks in ____?
 ____ look ____ in our infrastructure ____?
 ____ your team ____ mitigate any ____ weaknesses ____ our ____ setup?
 ____ checking ____ any security risks ____ current infrastructure.
 Does ____ and reducing ____ flaws in ____ existing equipment?
 ____ us ____ and ____ security ____.
 Are there ____ infrastructure system?
 ____ we rely on ____ to ____ our ____?
 ____ you ____ help resolve ____ issues in ____ infrastructure setup?
 ____ fix the ____ of the ____.
 ____ fix ____ vulnerabilities.
 Can ____ help ____ weak points in ____ current ____?
 ____ finding and ____ weak ____.
 ____ your ____ to ____ faults ____ the infrastructure.
 We need ____ and fix holes ____ setup.
 Are you ____ to ____ detect ____ weak ____ in the ____?
 Will you ____ us identify ____ existing vulnerabilities?
 Do ____ a ____ to ____ risks ____ our setup?
 Are ____ to help detect and mitigate any ____?
 Will ____ to identify and ____ any existing vulnerabilities within ____?
 Know a ____ to identify ____ security risks ____ the ____?
 Will ____ able to ____ existing ____ within our ____?
 ____ any ____ identifying ____ and dealing with them ____?
 Should you ____ and ____ vulnerabilities in ____?
 Would you be ____ and ____ weaknesses in ____ setup?
 Is ____ possible ____ you ____ help ____ uncovering ____ reducing ____?
 ____ willing to ____ vulnerabilities ____ our current setup?
 Can we ____ your assistance ____ detecting ____ flaws ____ risks?
 Will you ____ to tell ____ any ____ our ____ setup?
 Please help us ____ for ____ security ____ current ____.
 Identifying and minimizing ____ our ____ setup is something ____ will ____.
 ____ you ____ the ____ help ____ the weaknesses in ____ setup?
 Would ____ and resolve loopholes on ____ technology?
 ____ have the ____ to ____ with vulnerability identification?
 Is ____ any expertise to ____ holes in ____?
 Are you capable ____ helping ____ with ____ mitigation?
 ____ you ____ us ____ our infrastructure ____?
 ____ y'all ____ the security ____ are ____ for us?

_____ possible _____ you to support _____ decreasing _____ points?

We need your _____ to _____ weak _____ in _____.

_____ need your _____ for and _____ security risks _____ our current _____.

Can _____ help us _____ and _____?

_____ help _____ fix _____ flaws in our infrastructure?

Can _____ find _____ within _____ system?

_____ be _____ to help _____ uncover risks _____ existing _____ setup?

Can you _____ the _____?

_____ help us _____ and _____ any _____ in _____ setup?

_____ loopholes on existing technology and _____?

Did you help _____ and _____ vulnerabilities _____?

_____ you support us by making _____ protected?

Do you _____ chance _____ helping us _____ within _____ setup?

Do _____ the _____ and minimize any weaknesses in _____?

Do you _____ any _____ helping us _____ within our _____?

_____ identify _____ mitigate vulnerabilities _____ our _____?

_____ you have the _____ to support us in _____ within _____?

Identifying _____ decreasing _____ points _____ something _____ could _____ support.

_____ you help look _____ address vulnerabilities _____ current _____?

Can you _____ us _____ mitigate _____ vulnerabilities _____ infrastructure setup?

Can you _____ points in _____ setup?

_____ able _____ in our current infrastructure?

Can you help _____ potential _____ in _____ infrastructure _____?

_____ you _____ to _____ find and eliminate any _____ in our _____ setup?

Is _____ in our infrastructure?

_____ your _____ to fix our _____.

_____ you _____ identify weak points _____ our _____.

Is _____ possible _____ identify _____ security holes?

_____ there any security _____ we _____ that _____ be _____ you?

Need _____ patching _____ points.

_____ on you _____ find infrastructure _____?

_____ you _____ the _____ to help _____ identify _____ points in _____ setup?

Can _____ rely on you to _____ and reduce _____ infrastructure implementation?

Need aid _____ detect _____ and _____ in _____.

_____ you able to _____ address vulnerabilities _____ our _____?

_____ we rely on _____ help _____ find _____ infrastructure?

_____ that you will support _____ by _____ our infrastructure?

_____ it possible _____ reducing _____ points?

_____ would appreciate your _____ in _____ any weaknesses in our _____.

Can _____ help us find _____ our infrastructure _____?

_____ it possible for _____ to _____ minimize risks _____ setup?

Do _____ possess _____ to _____ us in _____ identification?

_____ know how to fix bugs _____?

How _____ you help _____ those fault _____ our _____?

You _____ weak spots and _____?

Were you _____ identify _____ mitigate _____ existing _____ within _____ setup?

Can _____ identify _____ mitigate _____ our setup?

Identifying _____ points _____ something _____ support.

_____ be _____ to check out and _____ vulnerabilities _____ our _____?

Are you _____ weak _____ in our setup?

____ you ____ to ____ find and minimize ____ in ____ setup?
 Are there ____ weak ____ in ____ infrastructure that ____ can ____ mitigate?
 You ____ flaws ____ improve ____ infrastructure.
 ____ it ____ that you would ____ and eliminating ____ ?
 Is ____ to identify ____ mitigate ____ within our ____ setup?
 ____ any help in spotting ____ and ____ them?
 Will ____ with any existing vulnerabilities in ____ setup?
 ____ you help ____ fix our ____ ?
 ____ tell us about ____ ?
 Were you ____ to uncover and mitigate any ____ ?
 Do you ____ a ____ manage security ____ in ____ setup?
 ____ possible ____ can ____ and fix ____ in our setup?
 ____ you ____ to uncover ____ mitigate any ____ our infrastructure ____ ?
 Can ____ use ____ in ____ potential ____ reducing risks?
 Do you ____ you can ____ and ____ the ____ our ____ ?
 Is ____ possible for y'all ____ any security ____ ?
 Know ____ to deal ____ risks in our ____
 ____ it ____ to identify ____ mitigate ____ existing vulnerabilities ____ infrastructure setup?
 ____ you ____ fix vulnerabilities in our system?
 Are you ____ to ____ vulnerability identification ____ risks?
 Is ____ possible for your ____ to ____ identify ____ mitigate ____ setup?
 ____ detect potential flaws and ____ risks in ____ current ____ ?
 ____ you ____ you ____ help identify any ____ here?
 ____ have the ____ us identify ____ any weak ____ in our telecom ____ ?
 Will ____ be ____ to ____ reduce ____ vulnerabilities ____ our infrastructure setup?
 Do ____ capability to assist ____ vulnerability identification?
 ____ identify weak ____ of our setup?
 Can we depend ____ assess vulnerabilities ____ our system's ____ ?
 ____ you help ____ vulnerabilities?
 Is ____ help ____ faults in our setup?
 We ____ you to ____ find any weaknesses ____ setup.
 Do you have ____ ability ____ fix ____ in ____ ?
 Are ____ to ____ find and mitigate ____ weaknesses ____ our infrastructure ____ ?
 Are you ____ to uncover and ____ the ____ ?
 Can you ____ us ____ mitigate ____ our current setup?
 Can you ____ the vulnerabilities ____ infrastructure setup?
 ____ you ____ vulnerabilities ____ the setup?
 Could ____ help ____ find and ____ our infrastructure?
 Do you ____ any ____ current infrastructure setup?
 Can ____ count ____ detecting potential ____ and reducing ____ ?
 Would you be willing ____ help examine ____ address ____ ?
 ____ for ____ team ____ identify and address ____ weaknesses within ____ current setup?
 Do you ____ you can find ____ weaknesses ____ ?
 Can ____ your ____ potential risks within our network architecture?
 ____ infrastructure flaws?
 Is there ____ knowledge ____ fixing holes ____ setup?
 ____ a ____ to help ____ find and ____ existing technology?
 ____ you ____ to help uncover ____ mitigate ____ our ____ setup?
 Could ____ help find ____ in ____ ?
 Are ____ able to find and ____ our ____ ?

You _____ able _____ and fix weaknesses _____ our _____.
 _____ able _____ and address potential flaws _____ our current _____?
 _____ there _____ weaknesses _____ that you _____ help us find?
 Is it _____ detect and _____ any _____ within _____ existing _____ architecture?
 _____ you identify and _____ infrastructure?
 _____ you _____ find and _____ the _____ our infrastructure?
 _____ there _____ for _____ to help uncover _____ mitigate _____ weaknesses _____ our infrastructure _____?
 Will you _____ any _____ in our current setup?
 We would _____ it if _____ could help _____ find _____ any _____ within _____.
 Seek assistance with _____
 Is _____ possible _____ you to help _____ address _____ our _____ system?
 _____ to spot _____ with _____ soundly?
 _____ we able _____ count _____ you to _____ infrastructure _____?
 _____ you believe you could help find _____ in _____?
 _____ there any support _____ identifying _____ weak _____?
 _____ find and _____ flaws in our infrastructure?
 _____ appreciate _____ us uncover _____ eliminate any weaknesses _____ our current setup.
 Can _____ detect _____ vulnerabilities in our _____?
 Identifying and _____ in _____ infrastructure _____ will support _____.
 _____ help _____ figure out vulnerabilities and _____?
 _____ you know _____ any _____ points _____ infrastructure?
 _____ you _____ us _____ weaknesses _____ infrastructure setup?
 _____ on your _____ and reduce risks within _____ network?
 Can you _____ us _____ address the _____ our _____?
 Are _____ seek your expertise _____ recognize _____ vulnerabilities?
 Is it possible _____ your _____ to identify _____ mitigate _____ setup?
 Fix _____ vulnerabilities _____ infrastructure?
 _____ your support _____ detecting _____ reducing _____ in the _____ of _____ equipment?
 Help _____ issues?
 _____ you _____ way to _____ and handle _____ risks?
 Is _____ experience spotting _____ fixing holes in _____?
 Can _____ and fix any weak spots _____?
 _____ the _____ weaknesses?
 Assessing and _____ weak _____ something that _____ support.
 Are _____ ways to identify _____ setup?
 Should _____ available to help detect _____ mitigate _____ points _____ the _____?
 Can we _____ expertise to _____ our system?
 _____ you _____ to help uncover and _____ any _____ our infrastructure _____?
 _____ you have the ability to _____ in our _____?
 Is it _____ you to _____ fix _____ weaknesses _____ our infrastructure?
 Can _____ depend _____ you to _____ in _____?
 I want _____ how to _____ and fix _____ our _____.
 _____ you know _____ to detect weak _____ in _____?
 Would _____ be _____ and eliminate any _____ weaknesses?
 _____ be willing _____ into and address _____ our infrastructure?
 Are _____ capable _____ us _____ identification and prevention?
 _____ you _____ willing to _____ us find and mitigate _____ within _____?
 Is there _____ idea on how _____ spots _____ faults?
 _____ can we _____ with _____ risks _____ our _____?
 _____ you _____ to help _____ and mitigate any _____ points _____ our _____?

_____ to identify any weaknesses _____ our _____?

Do _____ find weaknesses _____ our setup?

_____ have security holes _____ identify them?

Can you help _____ identify and address _____?

Is it _____ to _____ and _____ in _____ infrastructure?

Do you have _____ help us _____ eradicate any weak points _____?

_____ our infrastructure _____

_____ help _____ and mitigate any weaknesses in _____ setup?

_____ to help identify _____ any security _____ we have?

_____ you help identify _____ resolve _____ holes _____ have?

Would _____ locate and correct any _____?

Is _____ possible for you _____ us _____ vulnerabilities in the _____?

_____ you _____ identify vulnerabilities _____ risks in our _____?

_____ us _____ weak points in our _____ setup.

Can we _____ your _____ to detect _____ reduce potential _____ our _____?

_____ we _____ to _____ mitigate any _____ in our _____ setup?

Is _____ in _____ infrastructure?

_____ you know _____ identify security risks _____ setup?

Are you _____ to support _____ identifying _____ infrastructure setup?

_____ there a _____ to _____ and _____ weak _____ in our infrastructure?

_____ help _____ find and _____ vulnerabilities _____ our setup.

_____ need _____ help fixing weak _____ in our _____.

_____ us check _____ in the current infrastructure.

_____ to _____ and _____ weak points.

You will help _____ weak _____?

We _____ your _____ and tackle _____ in our _____.

_____ it _____ to root _____ security holes _____ us?

_____ flaws in the _____ infrastructure _____?

_____ should identify and reduce _____ points?

_____ vulnerabilities _____ the infrastructure setup?

_____ we seek _____ expertise _____ infrastructure _____?

_____ and _____ our _____ setup is _____ you will _____ us by.

Does _____ encompass detecting _____ reducing potential flaws in _____?

_____ you help _____ and _____ vulnerabilities in _____ current _____?

Is it possible _____ you _____ and resolve _____ our _____ setup?

_____ able to _____ find _____ resolve _____ in our current _____?

Can _____ help _____ locate _____ points?

_____ and _____ holes in our current _____?

We _____ help _____ uncovering any _____ in our infrastructure _____.

Is there any _____ of exposing _____ and _____?

_____ you be able to help _____ address potential _____?

Is there _____ we _____ root out _____ holes?

_____ able to _____ our _____ setup?

Are you willing to _____ at _____ our infrastructure?

Know _____ way to deal with _____ security _____?

Could you _____ address vulnerabilities _____ our _____ infrastructure?

Do you have _____ skills to _____ and _____ our infrastructure _____?

_____ identify and fix _____?

Is _____ for you _____ detecting and resolving _____ issues?

_____ ability to find flaws _____ our infrastructure system?

____ you ____ able to help ____ identifying ____ minimizing ____?
 Can you ____ mitigate ____ within our ____?
 ____ you know ____ vulnerabilities present ____ infrastructure setup?
 Are you ____ to ____ and ____ vulnerabilities in ____?
 ____ a way ____ with ____ risks in a setup?
 ____ help ____ find and prevent weak ____ in ____?
 ____ help ____ find ____ any ____ flaws in ____ current infrastructure?
 Are you ____ identify ____ resolve vulnerabilities ____ infrastructure ____?
 Would ____ to help ____ mitigate ____ weaknesses in ____ infrastructure?
 Do ____ have ____ capacity to support us ____ undoing ____ weak ____?
 You might ____ able ____ weak ____ in the infrastructure.
 Are ____ willing ____ at vulnerabilities in ____ setup?
 Would you ____ willing to ____ any security ____ have?
 ____ it possible ____ you ____ help us identify ____ address ____?
