

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Remote viewing and streaming assistance
Inquiry Sub-Category	Data Usage and Bandwidth Concerns
Description	Information on how streaming TV content affects data usage and tips on managing bandwidth consumption to avoid exceeding data caps or internet speed limitations.
Data Size	5,021 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Are ____ any recommended ____ adjustments ____ on devices when ____ cable/satellite ____ ?
____ adjustments ____ remote ____ use?
When accessing cable/satellite services remotely, ____ optimal performance on ____ ?
____ are the ____ to use to ____ remote devices?
When ____ cable/satellite services remotely, do ____ adjustments ____ devices?
____ possible to know what the ____ settings ____ cable/satellite ____ remote devices?
Any ____ for optimal remote ____ of ____ ?
____ cable or satellite, do you have ____ for ____ ?
____ it possible to ____ changes for ____ device ____ cable/satellite?
Can ____ for using ____ services remotely?
____ to improve ____ via remote ____ ?
Is ____ to ____ device performance when ____ from a distance?
____ you think ____ when accessing distant ____ or satellite?
____ cable/satellite services, set specific settings ____ device ____ .
Can you help ____ cable/satellite services ____ ?
Is ____ possible to get ____ settings for ____ device ____ accessing cable/satellite ____ a different ____ ?
I ____ if ____ were ____ modifications that would ____ performance ____ using ____ remotely.
____ to improve remote ____ performance.
Can you ____ me ____ adjusting my device ____ when ____ cable ____ afar?
What ____ configurations ____ the ____ remotely accessing ____ services?
There ____ be settings adjustments ____ the best ____ when ____ cable/satellite services.
Can you ____ any ____ settings ____ help enhance the performance when using ____ or ____ ?
Can ____ suggest ____ to my ____ settings that would ____ performance ____ cable ____ service remotely?
Does it ____ sense ____ adjust ____ performance to ____ cable/satellite ____ ?
____ tell ____ settings ____ better performance when I access a ____ service ____ a different ____ ?
____ accessing cable/satellite from ____ there any ____ to improve device ____ ?
Is ____ to boost ____ remote use of cable/satellite ____ ?
____ changes ____ to increase ____ remote access ____ cable/satellite services?

Is there _____ recommended _____ for _____ on _____ when _____ cable/satellite _____ remotely?

The _____ of _____ cable/satellite _____ be improved with specific _____.

_____ it _____ get _____ on adjusting settings _____ performance when _____ cable _____ satellite?

Are there _____ changes _____ performance of devices when _____ satellite service _____?

_____ the _____ I _____ to access cable/satellite _____ on remote _____?

Recommendations for optimal remote _____ cable/satellite _____ for _____?

_____ changes _____ be made to improve _____ performance.

Can you _____ settings _____ improve the performance of cable/satellite _____?

Do _____ setting _____ for superior _____ when accessing cable _____?

_____ for better device performance when accessing cable/satellite _____?

_____ accessing _____ cable service _____ different place _____ tell me to _____ to _____ better performance?

_____ the _____ to make _____ easier to access _____ services from a _____ location?

_____ specific settings that _____ enhance the _____ of _____ services?

Is _____ setting _____ recommended for _____ performance _____ remote _____ access cable/satellite services?

_____ using your _____ far away, what _____ you _____ optimal settings _____?

Is there any _____ of cable/satellite?

_____ suggest _____ changes _____ my _____ settings that would increase the _____ my _____ satellite _____ remotely?

_____ you _____ about _____ changes to _____ device's settings that would _____ performance when _____ satellite?

When _____ cable/satellites, settings adjustments _____ be _____ for the _____.

Whaddya suggests _____ things to make _____ easier to _____?

Optimal remote _____ could _____ adjusted.

_____ could _____ settings adjustments _____ are recommended _____ performance of _____ when you _____ cable/satellite _____.

_____ recommended _____ modify device _____ when _____ cable/satellite _____ from _____ distance?

Is _____ to _____ advice on adjusting settings _____ cable or satellite from a _____?

How can we _____ access _____ remotely.

_____ may _____ adjustments that are _____ for _____ performance when _____ services _____ access.

There are settings _____ can _____ improve _____ remote _____.

Is _____ to make _____ performance of access _____ better?

_____ possible to change settings _____ access _____ services _____ from a _____ location?

Recommendations _____ remote viewing of _____?

_____ for optimum remote _____ of cable/satellite _____ devices?

_____ you know _____ for tuning device settings when _____ distant _____ satellite _____?

_____ anything _____ me about _____ device settings _____ distant cable or _____ services?

_____ remote _____ cable/satellite services, _____ kind of _____ you recommend?

_____ accessing _____ there any specific configurations that _____ improve _____?

_____ there _____ made to enhance remote _____?

_____ don't know the recommended settings _____ cable/satellite _____ devices.

Can specific _____ improve the _____ accessing cable/satellite _____?

_____ there a way _____ maximize performance on _____ streaming _____?

_____ possible _____ get advice _____ settings _____ better device _____ when _____ cable/satellite _____ different locations?

_____ suggest _____ my device's settings _____ enhance the performance _____ cable or _____?

Is there a way to get advice _____ for _____ device performance _____ a _____?

_____ suggests tweaking _____ watching _____ from a distance?

_____ any _____ to my _____ that _____ it easier to use cable or _____ services _____?

_____ accessing _____ from a _____ place can you _____ to improve performance?

_____ any tips _____ enhancing performance _____ accessing cable/satellite _____?

_____ are preferred _____ enhance remote _____?

Is _____ any good way to _____ better _____ out-of-house _____?

Is _____ a way _____ cable _____ satellite _____ better remotely?

Is there a better _____ to make _____ faster _____?

_____ possible _____ get advice on _____ settings _____ performance _____ viewing cable/satellite from _____ different place?
 _____ you _____ device's settings that would _____ performance when _____ cable or satellite?
 There _____ be _____ the _____ access remote cable/satellite services.
 _____ can I do _____ enhance _____ access _____ my _____ service on _____?
 There are _____ can be adjusted to _____ when _____ services _____ remote _____.
 I was _____ was _____ to achieve optimal performance when using _____.
 Can you _____ settings _____ to make it _____ to _____ satellite services _____ different _____?
 _____ to improve _____ remote connection?
 Recommendations for optimal remote _____ cable/satellite _____ devices?
 _____ remote access of _____ services, _____ changes _____ recommend?
 _____ possible _____ get advice on settings for improved device _____ using _____ to _____ cable?
 Is it _____ to _____ advice _____ for better device performance _____ cable/satellite _____?
 _____ on _____ maximize performance _____ devices when streaming _____ off-site?
 Do there _____ the _____ access remote cable/satellite services?
 Are there any _____ for _____ performance when _____ remote _____ access _____ services?
 Do _____ have _____ enhance remote cable/satellite _____?
 Suggestions for better cable/satellite _____?
 _____ specific settings for _____ boost device performance.
 Is there _____ tuning device settings _____ cable or satellite _____?
 Is there _____ way _____ device _____ accessing _____ services?
 _____ there a way _____ can _____ performance when _____ cable/satellite _____?
 settings adjustments _____ for _____ best _____ the _____ access cable/satellite services
 There _____ to improve _____ optimal remote _____ to cable/satellite _____.
 I don't _____ what the _____ settings are _____ access _____ cable/satellite _____.
 There _____ be _____ adjustments that _____ recommended _____ best _____ devices _____ access a _____.
 _____ suggests tweaking _____ way that _____ watch _____ distance?
 _____ on how _____ maximize remote cable/satellite services?
 Do _____ have any suggestions _____ optimal _____ of _____?
 _____ you recommend setting _____ better _____ when _____ cable or _____?
 _____ I _____ my settings to _____ of my cable/satellite _____?
 Do you know anything about _____ device settings _____ using _____?
 _____ changes would you _____ for better _____ during _____ access _____ services?
 _____ there any _____ changes for _____ of devices _____ we _____ service remotely?
 _____ there any way _____ improve _____ for _____ to cable/satellite?
 Is it possible to _____ to _____ performance when viewing _____ a different location?
 _____ enhance _____ when _____ cable/satellite remotely?
 When _____ cable/satellite equipment far away _____ the _____ with _____?
 When _____ to _____ cable _____ satellite _____ afar, _____ help me with adjusting my _____?
 I was _____ are _____ modifications _____ to achieve optimal performance _____ using cable/satellite services _____.
 _____ advice on _____ to _____ performance when accessing cable/satellite _____?
 There are ways to _____ cable/satellite services.
 Can _____ me if I should _____ my _____ to improve the _____ when _____ satellite _____?
 There _____ settings _____ the _____ performance of _____ devices when _____ access cable/satellite
 Any _____ on ways to make _____ perform _____ out-of-house _____?
 Can you tell me how _____ device _____ cable and satellite _____?
 _____ you tell _____ about any changes _____ my _____ settings _____ improve the performance when _____ satellite _____?
 _____ the recommended adjustments that should _____ made when using _____ to _____?
 _____ be _____ to enhance _____ remote _____ performance?
 Is _____ possible _____ get advice _____ settings _____ better performance _____ using _____ different location _____ cable/satellite?

Can _____ ways _____ improve _____ using cable/satellite _____ remotely?

Can you _____ settings changes to _____ it _____ to access _____ location?

_____ have any _____ on _____ device performance when _____ cable/satellite service?

Is _____ any _____ setting adjustments _____ are recommended for optimal performance _____ services _____ ?

_____ suggest settings that _____ ensure _____ cable/satellite services _____ a different location?

_____ preferred while _____ cable/satellite afar.

_____ are _____ best _____ perform better when watching out-of-house _____ ?

_____ would _____ recommend _____ remote access of cable/satellite services?

_____ there be changes _____ enhance _____ ?

_____ access _____ services, what kind of setting _____ would _____ ?

Is there _____ suggestion on _____ device _____ accessing cable/satellite _____ ?

_____ of device settings _____ performance _____ streaming from _____

When _____ a cable _____ from _____ different _____ tell _____ how _____ improve _____ performance?

How about _____ tips _____ device _____ for optimal _____ access _____ services?

Is _____ adjustments to _____ remote _____ ?

settings adjustments may _____ for _____ performance of devices _____ cable/satellite

Is _____ any _____ enhance performance _____ cable/satellite remotely?

Can you suggest _____ my device's settings that would _____ or _____ more _____ ?

There _____ any tips _____ improve performance when _____ .

How _____ improve _____ performance _____ accessing _____ remotely?

What recommendations can be made _____ of _____ ?

Is _____ of access _____ services _____ certain settings?

What are the best _____ accessibility _____ networks?

Is _____ any _____ to _____ cable/satellite _____ on devices?

Is it _____ adjust device _____ to access _____ a distance?

Is there _____ for _____ performance to access cable/satellite _____ a _____ ?

_____ are settings that _____ changed to _____ cable/satellite _____ .

Is it _____ make _____ to _____ better _____ when accessing cable/satellite _____ from _____ location?

settings _____ can be _____ the _____ the _____ when _____ access cable/satellite

There _____ settings _____ recommended _____ best _____ of the devices _____ to _____ a _____ .

_____ there recommended settings adjustments for devices?

_____ it possible to get advice _____ settings _____ device performance _____ viewing cable/satellite _____ different _____ ?

_____ recommended changes _____ improve _____ cable/satellite service _____ devices.

Is _____ possible _____ when I _____ cable/satellite services _____ .

How do _____ maximize _____ when I _____ cable/satellite channels _____ ?

Is _____ help _____ configurations for optimal remote access _____ cable/satellite _____ ?

_____ adjustments _____ enhance remote cable/satellite performance.

There are settings _____ be _____ improve _____ cable/satellite _____ .

_____ are suggestions _____ improve performance _____ or _____ remotely.

Can you tell me how _____ device _____ correctly to use _____ platforms _____ ?

_____ the recommended _____ make _____ connecting devices remotely, specifically with _____ accessing _____ using cable _____ ?

Changes _____ to maximize _____ of _____ services accessed _____ .

_____ I change _____ settings _____ my devices in _____ get the best _____ viewing _____ satellite?

_____ are settings that can _____ the _____ of _____ .

There might be _____ adjustments _____ are recommended _____ performance of _____ you access _____ or _____ .

_____ for _____ cable/satellite services on remote devices?

Is _____ to _____ the remote cable/satellite _____ on _____ ?

_____ it possible to _____ by remotely _____ cable/satellite _____ ?

_____ me how _____ adjust my device _____ correctly so _____ I can _____ cable _____ from afar?

_____ I know the _____ for _____ cable/satellite services on _____ ?

Can you _____ settings _____ that will ensure _____ from a different _____?

There _____ that can help _____ cable/satellite services.

Is _____ possible _____ performance _____ access remote _____ services from various _____?

_____ on _____ performance _____ accessing cable/satellite remotely.

Are there _____ on how to _____ cable/satellite _____?

There _____ can _____ enhance access remote cable/satellite services.

Is there any _____ maximize equipment _____ viewing of _____ broadcasts _____ or _____?

_____ I know _____ best settings _____ accessing cable/satellite services _____ remote _____?

There may be settings adjustments recommended _____ of _____ devices _____ you _____.

Can _____ tell _____ about _____ device's settings that could help _____ the _____ when using _____ satellite _____?

_____ best performance of the devices _____ access _____ may need _____.

Is _____ any recommended _____ performance on _____ when _____ services?

Can you tell _____ any changes _____ my _____ settings _____ my performance when using _____ or _____?

_____ there any advice _____ device settings _____ using distant _____?

settings _____ could _____ for _____ best performance _____ the devices when _____

I _____ know how to adjust my _____ when using _____ and satellite platforms _____.

_____ a way to improve the _____ of _____ various gadgets?

Can _____ me _____ cable/satellite services?

_____ cable/satellite remotely, any _____ performance?

_____ be _____ adjustments recommended _____ the best _____ the _____ access cable/satellites.

_____ you _____ changes to the settings _____ better performance _____?

_____ settings that can enhance the performance _____ services.

I wondered if _____ modifications that could be used to _____ when _____ cable/satellite _____.

There _____ remote cable/satellite on _____.

There may _____ settings adjustments _____ recommended for _____ performance _____ devices used _____ access _____.

Do _____ have _____ about _____ when using _____ cable _____ satellite services?

Is _____ to improve remote cable/satellite _____ devices?

Suggestions _____ cable/satellite _____ via _____?

There might _____ that are _____ for the _____ devices _____ access a cable/satellite.

_____ are the preferred _____ enhance remote _____?

_____ you suggest _____ to my device's _____ that would _____ enhance _____ performance when _____ cable _____?

Suggestions for _____ via _____ connection

Can you _____ me to change _____ get _____ I access a _____ from a different _____?

There _____ that _____ be adjusted _____ the performance _____ services via remote _____.

What _____ settings _____ accessing cable/satellite on remote _____?

Is there _____ recommended _____ for _____ devices when _____ cable/satellite _____?

What _____ I _____ to _____ remote access _____ cable/satellite _____ different devices?

Is there any _____ for _____ when _____ or _____ service remotely?

Is _____ possible _____ adjusting _____ for better device _____ when accessing _____ from _____ locations?

_____ to get _____ settings _____ better _____ when using _____ different location to access cable?

_____ there _____ cable/satellite services?

Is _____ to adjust _____ to _____ service from _____ distance?

settings adjustments _____ best _____ the _____ when using cable/satellite services

What are _____ settings _____ accessing _____ remote devices?

_____ suggestions on _____ to _____ remote viewing _____ services?

What _____ enhancing performance _____ accessing cable/satellite remotely?

There are ways to _____ remotely _____ cable _____ services.

There may _____ adjustments _____ recommended for the best _____ of _____ used _____.

_____ alterations to maximize _____ performance during _____ viewing of _____ cables or _____?

Should I _____ the settings _____ devices to get better _____ and _____?

_____ cable/satellite access through _____ remote _____.

_____ for better _____ viewing _____ cable/satellite _____?

_____ are _____ for accessing cable or satellite _____?

_____ are recommended _____ to make to maximize device _____ when _____ cable/satellite _____.

_____ recommend any changes _____ viewing of _____ services?

_____ content from _____ different location, is it possible to _____ adjusting _____ device performance?

Is _____ suggestion for improved performance _____ devices _____ access cable _____?

Is there any _____ adjustments _____ when _____ cable/satellite _____ via remote _____?

_____ my device's settings that could make _____ perform better _____ using cable or satellite?

Is it _____ to _____ advice _____ changing _____ better device _____ when _____ from a different _____?

Does _____ have _____ for _____ devices when we access _____ service?

_____ be done _____ improve device _____ when using cable/satellite service _____?

_____ be _____ to _____ remote cable/satellite?

_____ to change _____ so _____ get better performance when _____ a cable _____ from a _____ location?

_____ may be settings adjustments that _____ performance of the _____ access cable/satellites

Whaddya suggests _____ the _____ are _____ from _____ distance?

Do there specific _____ that can _____ the _____ services?

Is _____ any way to _____ when _____ cable/satellite _____?

There _____ suggestions _____ making devices _____ cable _____ satellite service remotely.

_____ cable/satellite services remotely, _____ there _____ adjustments for optimal _____?

The best performance _____ the _____ when _____ access _____ require _____.

Optimal remote _____ to _____ adjusted.

What can be done _____ cable/satellite service _____?

How _____ enhancing _____ you access _____?

How about _____ optimal _____ to _____ TV?

_____ you suggest settings _____ to _____ performance when _____ different _____ to _____ cable/satellite _____?

_____ method _____ enhance remote _____ performance?

When _____ content from a _____ it _____ to _____ advice on _____ for improved _____ performance?

How can _____ optimal remote _____ cable/satellite _____?

_____ it _____ advice on improving device _____ viewing cable/satellite from a _____?

Suggestions for _____ cable/satellite _____ connections?

How about _____ for _____ access _____ cable/satellite _____?

_____ tell _____ to _____ settings _____ that _____ get _____ performance when I use a _____ a _____ place?

_____ done to make devices _____ better when watching _____?

What _____ the preferred changes to improve _____?

Is _____ setting adjustments _____ are _____ for _____ using remote access _____ access _____?

There may _____ recommended _____ performance when you access cable/satellites.

_____ adjustments _____ can be made _____ accessing _____?

Is _____ preferred way to _____ accessibility of _____ networks?

Can _____ any _____ my _____ that _____ enhance _____ performance when _____ cable or satellite services?

_____ settings for better _____ streaming

_____ would _____ recommend for _____ performance during _____ cable/satellite?

Should _____ made _____ maximize _____ accessibility _____ cable/satellite networks?

_____ a way to improve _____ performance _____ services remotely?

Recommendations _____ changes for smoother _____?

recommendations to _____ of cable/satellite _____

_____ wonder _____ recommended _____ are _____ accessing cable/satellite _____ remote devices.

_____ adjustments might _____ recommended _____ cable/satellite _____ access.

_____ of cable/satellite services _____ devices?

There are any tips for _____ accessing _____.

_____ to improve the accessibility _____ cable/satellite networks _____ the _____?

_____ the _____ increase _____ accessibility of cable/satellite networks?

_____ settings changes _____ remote streaming?

_____ there _____ tuning _____ settings for _____ distant _____ or satellite?

_____ possible to get _____ on adjusting _____ better device _____ when _____ access _____ a _____ location?

Is it possible to _____ advice _____ how _____ improve _____ when _____ cable/satellite _____ a different _____?

_____ suggestions _____ to _____ when using cable/satellite service from _____ distance.

Can you recommend _____ changes to _____ device's settings that _____ when _____ or satellite _____?

Can _____ suggest _____ improve the performance _____ while using _____?

Can you _____ to _____ device's _____ enhance _____ performance when using cable or _____ services _____?

Is _____ get _____ on _____ settings for better _____ viewing cable/satellite content?

_____ remote _____ of cable/satellite services on different _____.

_____ to the device's _____ considered when accessing cable/satellite service _____.

_____ changing of settings _____ efficiency of _____ accessed _____?

_____ possible to _____ on _____ settings for _____ when accessing cable/satellite from _____ location?

What _____ the _____ settings _____ use _____ using cable _____ satellite _____?

_____ your cable/satellite stuff _____ what are _____ for performance?

There _____ settings _____ could enhance the performance _____ access _____.

Is _____ a _____ enhance performance _____ I access cable/satellite _____?

_____ anything that can _____ done to _____ on _____ when _____ services?

There are _____ improve _____ remote _____ on devices.

When attempting to use cable _____ satellite platforms _____ can _____ to _____ preferences correctly?

_____ possible _____ settiings _____ remote access of my _____ service?

Can _____ me _____ to modify _____ use _____ and satellite _____ from afar?

Is _____ any _____ on _____ device configurations _____ remote _____ cable/satellite _____?

_____ suggest _____ to ensure _____ when accessing cable/satellite services _____ a different _____?

_____ setting adjustments for better performance _____ accessing _____ or _____?

_____ how _____ optimal _____ viewing of cable/satellite services?

_____ we improve _____ when accessing _____ remotely?

_____ tell me to _____ settings _____ improve _____ I _____ a cable service from _____ place?

Can you tell me _____ changes to my _____ settings that _____ my _____ satellite?

_____ suggest settings _____ to _____ better _____ cable/satellite from a _____ location?

Can you suggest changes to _____ settings _____ ensure _____ services?

There _____ be _____ changes to maximize _____ cable/satellite _____ accessed _____.

_____ recommended _____ device _____ for access _____ cable/satellite service _____ a distance?

_____ on setting device _____ remotely using cable/satellite?

There may _____ that _____ for the _____ performance of _____ you access cable/satellite

Should _____ change _____ settings _____ get a _____ remote _____ experience _____ cable and _____?

_____ settings _____ improve the _____ of access _____ services.

_____ using your cable/satellite _____ away, _____ settings to use?

Is there _____ on how _____ cable/satellite service?

_____ you _____ me _____ device's _____ that could help enhance the performance when _____ satellite?

_____ might be settings adjustments _____ are recommended _____ best _____ of _____ devices _____ access _____.

Do _____ have suggestions _____ for _____ cable/satellite services remotely?

_____ device performance is _____ when using _____.

_____ are suggested changes _____ service on devices.

When _____ cable/satellite _____ tips for _____?

How _____ adjustments _____ performance _____ accessing _____ services via remote _____?

Can you _____ to _____ cable/satellite services _____ better _____?

When trying _____ use cable _____ platforms from _____ can you tell _____ how to _____?

What ____ should ____ made for ____ remote ____ of ____ ?

Can you ____ settings ____ to ____ service from a different location?

Should any changes ____ during off-site viewing of ____ broadcasts ____ cables or ____?

Is ____ way ____ ensure ____ when accessing ____ from ____ different place?

Suggestions on ____ to ____ equipment ____ during off-site ____ television broadcasts ____ and ____?

____ you ____ any changes to my ____ settings that ____ the ____ when ____ or satellite?

____ device's performance ____ to access cable/satellite service from ____ distance.

When accessing cable/satellite ____ remotely are there ____ should ____?

Can ____ suggest changes ____ improve the performance ____ cable and ____?

____ on ____ a smooth ____ streaming?

____ I ____ my settings to ____ viewing ____ for cable ____ satellite?

____ was ____ way ____ optimal performance when using cable/satellite services ____.

____ you suggest ____ improve the performance of ____ devices ____ services ____?

When ____ to cable/satellite ____ settings adjustments do you ____?

settings adjustments may ____ performance of ____ devices ____ access a cable/satellite ____ settings ____ that ____ recommended for the ____ performance of ____ devices ____ to ____ cable/satellite.

____ recommend setting tweaks ____ higher ____ during remote access ____?

Can you ____ us ____ to ____ cable/satellite ____?

____ settings ____ can enhance ____ performance ____ cable/satellite services.

Suggestions ____ enhancing ____ viewing cable/satellite ____.

____ be recommended ____ cable/satellite ____ remote access.

____ optimal remote ____ of cable/satellite ____ on different ____?

____ advice ____ how to ____ performance when viewing satellite ____

When accessing cable/satellite ____ remotely, ____ any settings ____ you ____?

Recommendations ____ optimal ____ of ____ services are ____.

____ there ____ ensure better ____ when ____ cable/satellite services from ____ location?

____ you please ____ changes that would ____ the performance of ____ remote ____ to ____ service?

____ there any way ____ boost performance for ____.

____ might ____ adjustments ____ recommended ____ best performance ____ devices when you access ____ services.

Can you ____ how to improve ____ services?

____ accessing ____ via ____ access are there any ____ are recommended?

Is ____ suggestion of changes ____ on ____ we ____ cable or satellite?

____ help me ____ my ____ preferences ____ when ____ and ____ platforms from ____ distance?

____ on ____ smooth remote streaming?

Is ____ to get advice on adjusting ____ for ____ accessing cable/satellite?

____ of cable/satellite services, what kind ____ you recommend?

settings ____ might ____ for ____ performance of devices when ____ access ____

Is it ____ enhance the ____ performance ____ remote cable/satellite ____ various ____?

____ advice on adjusting settings for better ____ performance ____ access ____ from a ____ location?

____ for ____ device settings when ____ distant ____ or satellite ____?

____ tips to ____ remote cable/satellite service ____.

What are your ____ for ____ with ____ cable/satellite services?

Can you suggest ____ to the settings that ____ ensure better ____ accessing ____ different ____?

____ suggest tweaking in ____ that ____ it ____ watch cable/satellite from ____?

____ make devices ____ better while operating cable or ____ service ____?

Can you ____ any ____ to ____ device's settings ____ help enhance the ____ using ____ or ____?

____ for better cable/satellite ____ via ____?

____ you tell ____ to ____ my ____ preferences ____ cable and satellite platforms from far ____?

____ settings ____ adjusted for better performance ____ devices when ____ services ____?

Setting adjustments ____ recommended ____ best performance ____ devices when you ____.

____ are settings ____ boost device ____ when ____ remote ____ ____ .
 ____ could be settings ____ are recommended for ____ best performance of ____ devices.
 ____ can ____ my performance when ____ cable/satellite remotely?
 ____ settings ____ optimal ____ performance ____ remote ____ access?
 ____ a recommendation for optimal ____ of ____ on ____ devices?
 There ____ settings ____ for cable/satellite service remote ____ .
 Optimal ____ to ____ TV ____ adjusted.
 ____ there ____ to ____ performance ____ I access cable/satellite ____ ?
 ____ using your cable/satellite equipment far ____ what ____ settings ____ ?
 What can be ____ to ____ devices ____ of house cable/satellite?
 ____ there a ____ make devices perform ____ when watching ____ cable ____ ?
 Is ____ recommended ____ on devices ____ accessing cable/satellite services?
 What ____ recommended for ____ cable/satellite ____ remote devices?
 ____ there a better ____ make ____ perform faster when ____ ?
 ____ to ____ performance when ____ cable/satellite ____ ?
 Is there guidance ____ to ____ remote ____ ?
 ____ the preferred changes to improve ____ ?
 ____ there ____ to make ____ perform better ____ watching ____ cable/satellite?
 When ____ access cable/satellite there may be ____ adjustments that are ____ devices.
 How about adjusting device ____ a distance?
 ____ settings can improve ____ performance ____ remotely accessing ____ satellite ____ .
 There ____ settings that ____ performance of ____ cable/satellite services.
 Is ____ on enhancing remote ____ ?
 When ____ cable/satellite services remotely, ____ any ____ adjustments ____ are ____ ?
 ____ suggest settings ____ to make ____ easier to ____ cable/satellite service ____ a ____ ?
 There are ____ on how ____ improve ____ you access ____ from ____ distance.
 ____ advice ____ how ____ improve device ____ access cable/satellite service from a ____ ?
 ____ how ____ improve performance when accessing ____ .
 ____ suggested changes for optimal ____ on ____ access cable ____ service remotely.
 ____ it possible to ____ access to ____ service on ____ ?
 ____ be done ____ make devices perform ____ when ____ cable/satellite?
 I need ____ on how to ____ performance ____ satellite ____
 ____ there a way ____ get ____ remote ____ experience for cable ____ ?
 ____ you ____ me ____ change settings so I ____ performance ____ accessing cable ____ a ____ ?
 ____ there any ____ for improved ____ on devices ____ cable/satellite ____ ?
 ____ there ____ way ____ performance when ____ accessing ____ services?
 There are any ____ enhancing ____ cable/satellite remotely.
 ____ do you recommend for ____ performance when ____ or ____ ?
 Is there ____ way ____ performance ____ devices ____ cable/satellite ____ off-site?
 ____ changes ____ maximize ____ of ____ services accessed remotely
 Is there a ____ to improve ____ remotely?
 What can ____ increase ____ of remote access cable/satellite ____ ?
 ____ for optimal ____ of cable/satellite ____ various devices?
 How can ____ cable/satellite service on ____ ?
 Can you ____ me ____ changes I can make ____ my ____ settings ____ when using ____ satellite?
 ____ certain ____ should be ____ for ____ performance ____ using ____ access to ____ cable/satellite services.
 Is it ____ settings to ____ better ____ remote ____ on ____ ?
 Is ____ possible ____ advice on ____ device performance when viewing ____ in a different ____ ?
 There are specific ____ improve the overall ____ remote cable/satellite ____ .
 Is ____ to make ____ better ____ operating cable ____ remotely?

Can _____ tell me _____ any changes _____ device's _____ that will help me use _____ efficiently?

Is _____ a _____ way _____ make _____ while _____ out-of-house cable/satellite?

Can _____ changes _____ the settings _____ better performance _____ using _____?

Is there _____ I _____ improve performance when _____ cable/satellite _____?

How _____ I _____ my _____ settings to _____ perform _____ remote _____ streaming sessions?

Modifications _____ performance _____ off-site viewing _____ television _____ through cables and _____?

Is _____ recommended setting adjustments for _____ when _____ via _____ access?

_____ using _____ cable/satellite _____ far away, what are _____ to _____?

_____ for _____ access via _____ connection?

_____ show me how _____ preferences correctly when using _____ cable platforms from _____?

_____ suggestions on how to _____ performance _____ cable/satellite from _____ distance.

How can _____ when _____ with regard to accessing _____ using cable _____ satellite?

Is _____ suggestion of changes _____ optimal _____ on devices _____ we _____ service remotely?

_____ it _____ get advice _____ settings for better performance _____ viewing _____ a _____ place?

Can _____ suggest ways to improve _____ my _____ using _____?

_____ there _____ to _____ remote cable/satellite _____?

Any recommendations on _____ to _____ of _____ services?

_____ some _____ that can improve _____ remote _____ services.

There _____ be _____ adjustments _____ for the _____ performance _____ the _____ when _____ cable/satellite _____.

_____ better _____ on devices when _____ access _____ or satellite service?

_____ to improve the overall performance _____ access remote _____?

There _____ any suggestions _____ performance when _____ remotely.

_____ cable/satellite _____ via remote?

There _____ be _____ that are _____ for _____ best _____ of the _____ cable.

How _____ I know _____ the _____ settings _____ accessing _____ are on _____?

Should _____ changes for _____ device _____ when _____ cable/satellite services?

Should _____ be _____ to _____ performance _____ from a distance?

_____ you _____ recommendations _____ optimal remote _____ of cable/satellite?

_____ settings _____ should be _____ to maximize performance _____ via remote access.

_____ there a _____ maximize _____ performance when accessing _____ service _____ a _____?

_____ adjustments _____ cable/satellite afar?

_____ there _____ way to _____ device configurations for optimal remote _____?

_____ changes would _____ suggest _____ better _____ remote access _____ cable/satellite _____?

Is it _____ advice _____ adjusting _____ for better _____ when _____ cable/satellite _____ a different location?

What _____ suggested settings _____ services on remote _____?

_____ recommended for _____ best performance of the devices _____ you _____.

Some _____ are _____ best performance of devices _____ a cable/satellite.

Can _____ to change settings _____ better performance _____ I access _____ from _____ different place?

Is there _____ you _____ tell _____ remote _____ services?

_____ would you _____ for higher _____ during _____ of cable/satellite _____?

_____ there _____ for enhancing remote _____?

_____ it _____ get _____ adjusting settings for improved _____ performance _____ a _____ location to _____ cable?

_____ about any changes to my device's _____ would help _____ my performance when _____ satellite?

If _____ access cable/satellite _____ there could be _____ that _____ the best _____ the devices.

_____ any advice to maximize equipment performance _____ viewing _____ or satellites?

_____ settings would _____ for _____ performance with remote access _____?

Can you tell _____ so _____ get _____ performance when accessing a cable _____ from _____ different _____?

_____ you _____ settings changes that would _____ better _____ when _____ from _____ different _____?

_____ for maximizing performance on _____ when _____ channels _____?

_____ there a _____ to _____ the _____ of using _____ services _____?

_____ suggest _____ to _____ on my devices _____ using cable/satellite?

What _____ recommended for performing _____ accessing _____ and satellite _____?

For the _____ of _____ devices _____ to _____ cable/satellite, _____ be settings _____ that are recommended.

How _____ we improve _____ for _____ remote _____ to cable/satellite _____?

_____ recommend setting _____ performance during _____ access of cable?

Can you suggest _____ to the settings _____ to access cable/satellite _____ a _____ location?

Do _____ know _____ the recommended _____ are for accessing _____ services _____?

There _____ settings _____ recommended for _____ best _____ of the _____ access cable/satellites.

With remote _____ services, what _____ do you _____?

Is _____ a _____ the device _____ remote _____ to cable/satellite services?

_____ for _____ performance _____ accessing _____ remotely?

Should I _____ of _____ devices to get _____ optimal _____ experience _____ cable and satellite _____?

_____ can be _____ performance with _____ to cable/satellite?

_____ configurations _____ can _____ the performance of remote _____ access.

Is _____ possible to _____ on adjusting settings for better device performance _____ to _____?

_____ settings _____ enhance the performance of _____ remote _____.

What _____ be _____ to improve the performance _____ cable/satellite _____?

Can _____ provide _____ to improve _____ cable/satellite services?

_____ tell me _____ settings _____ get better performance, _____ I access a _____ service from a _____?

_____ there _____ set _____ is _____ for _____ performance _____ using remote access to _____ cable/satellite _____?

Do _____ any ideas on tuning device _____ or _____ services?

_____ to know _____ recommended settings for accessing cable/satellite _____.

Can you tell _____ to change _____ performance _____ I _____ cable from another place?

Can you _____ to _____ settings _____ that I _____ better _____ when accessing _____ a different location?

_____ might be _____ best _____ of devices _____ you access cable/satellites.

Is _____ any _____ to maximize _____ performance when using _____?

_____ there any way to improve _____ for optimal _____ cable/satellite _____?

_____ you _____ settings _____ performance _____ cable or satellite?

I don't know what _____ settings _____ on _____ devices.

Can you suggest ways to _____ the _____ of _____ cable/satellite _____?

How _____ improve performance _____ I _____ cable/satellite services _____?

_____ possible to get advice _____ how _____ improve device _____ a _____ to view cable/satellite?

Can _____ settings changes that would _____ performance _____ cable/satellite from _____ location?

What's _____ settings for _____ cable/satellite _____ remote _____?

_____ a _____ to _____ performance when _____ cable/satellite services _____.

_____ are set _____ that can improve _____.

Is it _____ so _____ get _____ performance when _____ access a cable service from _____ different _____?

There _____ be _____ recommended _____ best performance of the devices _____ you access _____.

Is _____ guidance _____ to _____ remote _____?

_____ your _____ stuff far _____ are the optimal settings _____?

There _____ settings _____ that are recommended _____ performance _____ access cable/satellites.

There _____ to enhance _____ accessing _____ remotely.

Is there any _____ on _____ device settings _____ satellite services?

Should _____ be _____ better device _____ cable/satellite services?

_____ you _____ me _____ my _____ preferences correctly so I can use _____ and _____ from _____?

_____ are _____ that can enhance _____ performance of _____ cable/satellite services.

When _____ cable or _____ services, do _____ any _____?

_____ for _____ a smooth remote _____?

_____ possible to _____ advice _____ adjusting _____ for _____ performance _____ cable from a different location?

_____ about changing settings _____ device performance _____ cable/satellite?

_____ tweaking the _____ remote cable/satellite service?

There may be settings _____ are recommended _____ devices _____ to access _____.

Do you _____ a _____ tuning _____ when _____ distant _____ or satellite _____?

_____ any _____ to enhance remote cable _____?

_____ any _____ adjustments _____ remote viewing of cable/satellite _____?

Should _____ be made for _____ access _____?

There _____ be _____ recommended _____ the best performance of the _____ when _____ cable/satellite services.

How can we improve _____ configurations _____ optimal _____ services?

There _____ settings adjustments that are recommended for _____ best _____ when you access _____.

_____ any suggestions for _____ when accessing cable/satellite _____.

When _____ a cable _____ a different place can you _____ performance?

How _____ we _____ when _____ remotely?

_____ can _____ performance when _____ cable/satellite _____?

Suggestions _____ access via remote _____?

_____ there _____ suggestions _____ setting device _____ using distant cable _____?

_____ can _____ enhance my performance when I _____?

_____ adjustments for optimal remote _____ of _____?

_____ suggestions _____ to improve _____ for using _____ services remotely?

If _____ attempt _____ satellite platforms from afar, can you _____ my _____ preferences?

_____ about adjustments _____ remote access _____ cable/satellite _____?

_____ are _____ of device settings for improved _____ remote _____

There might be _____ are recommended _____ performance _____ devices _____ access a cable/satellite

What settings _____ recommended _____ remote devices?

_____ any _____ to improve remote cable/satellite _____?

Are _____ cable/satellite service on devices?

How _____ device's performance to _____ service _____ a distance?

_____ it possible _____ get _____ changing _____ for _____ performance when viewing _____?

_____ be _____ for the best _____ of _____ you access cable.

Can I know _____ recommended _____ cable/satellite on _____ devices?

_____ you tell me about any changes to _____ that _____ enhance _____ using cable or _____?

Is there _____ make _____ satellite services _____ better remotely?

_____ the recommended _____ order _____ maximize performance _____ using cable or satellite _____ remotely?

When _____ be settings adjustments _____ are _____ for the best _____ of _____ devices.

Is _____ suggest ways to _____ configurations _____ remote access _____ cable/satellite services?

Is _____ a way _____ performance _____ access _____ remotely?

Can you _____ me _____ my device preferences _____ when _____ platforms from afar?

There may be suggested changes _____ devices when we _____ or _____.

_____ recommendations for optimal _____ viewing of _____?

_____ suggest _____ changes to _____ to _____ better from a different _____?

There _____ be settings adjustments _____ recommended _____ the _____ performance of _____ access _____.

Recommendations _____ optimal _____ viewing _____ satellite services?

_____ the _____ of remotely _____ cable or satellite services.

_____ for using _____ remote connection to _____?

_____ you tell _____ change settings _____ improve _____ when I access a _____ service _____ a _____?

Is there _____ to _____ remote _____ on devices.

Is _____ to achieve optimal _____ while using _____ services _____?

There _____ be _____ best performance _____ devices when you _____ cable/satellite.

How _____ device configurations for _____ access to cable/satellite _____?

Specific _____ can _____ performance of _____ remote cable/satellite _____.

_____ settings _____ are recommended for _____ best performance of _____ devices when _____ services.

There ____ be settings _____ the _____ of devices ____ you access ____.
 _____ changes for optimal ____ on ____ when we ____ cable or ____?
 Can _____ advice _____ settings _____ device performance _____ a different location to access cable/satellite ____?
 Is there _____ settings that can _____ the _____ access _____?
 What settings _____ changed for better ____ with ____ access _____?
 What settings _____ for ____ performance when accessing _____ remotely?
 _____ there a ____ for adjusting _____ to _____ service ____ a distance?
 Can you suggest _____ the performance _____ using cable/satellite?
 _____ there ____ way ____ ensure better _____ you access ____ services from ____ different ____?
 Can _____ settings ____ to ____ better performance _____ access cable/satellite services ____ a ____?
 _____ are the recommended settings _____ accessing _____ remote ____.
 _____ preferred while ____ cable/satellite afar.
 Should _____ changed for a _____ when accessing ____ services?
 Is it ____ to _____ for improved ____ performance ____ you ____ cable from a different ____?
 Suggestions for maximizing ____ on ____ that _____ off-site?
 What are _____ changes in ____ to maximize _____ using ____ or ____ to connect _____?
 _____ to ____ the recommended settings _____ cable/satellite services on remote ____.
 There may _____ adjustments ____ improve remote ____.
 Any ____ changes ____ make _____ more mobile ____?
 _____ you tell ____ about ____ best _____ maximize remote cable/satellite ____?
 There ____ some _____ can _____ to improve ____ when ____ cable/satellite services via ____.
 Can ____ suggest settings _____ it _____ from a different location?
 _____ recommendations for ____ to _____ remotely?
 If you use ____ cable/satellite stuff _____ what _____ settings ____ use?
 _____ are settings ____ could be adjusted ____ optimal _____ accessing ____ services ____.
 Is it _____ change _____ settings to ____ performance ____ using cable _____?
 _____ there a ____ to make ____ perform better when _____ of _____?
 Suggestions _____ cable access ____ remote ____?
 _____ settings adjustments _____ for the best performance _____ when you access ____.
 _____ there _____ for ____ device ____ when using distant ____?
 There ____ be settings adjustments that ____ recommended ____ the _____ of _____ when ____.
 Is it a _____ adjust device _____ cable/satellite ____ a distance?
 _____ you ____ cable/satellites, _____ be _____ are recommended for the best performance ____ the ____.
 _____ way ____ ensure _____ when accessing cable/satellite services ____ a ____ area?
 _____ distant ____ or _____ do you have ____ for tuning device ____?
 _____ can ____ increase ____ when ____ cable/satellite ____?
 _____ get advice ____ adjusting _____ better ____ performance when you access cable or _____ a different ____?
 I ____ to ____ what _____ settings are _____ cable ____ on remote ____.
 Is there ____ recommended adjustments ____ optimal _____ of ____?
 Is there a suggestion ____ better _____ devices _____ or ____ service?
 Is it _____ make ____ changes ____ ensure _____ accessing cable/satellite services?
