Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

_____ supply _____ old _____ readings so that _____ may gauge _____ effectiveness of our planned _____?

Please _____ me _____ readings _____ the precise _____.

_____ old readings help _____ success _____?

_____ reads _____ necessary for _____ determine retrofit results.

_____ prior meter _____ evaluate _____.

_____ that retrofits can _____ assessed _____ using _____ readings?

_____ should share prior gauge data.

_____ gauge data _____ a reference for retrofits.

I want to get _____ for _____.

What if _____ shared past meter _____ retrofit _____?

_____ any _____ that you have for _____ retrofits?

Would it be possible for you _____ past meter _____ to _____ effectiveness of _____?

_____ help with _____ reading info _____ accurately gauge _____ success?

_____ any old meter _____ use them _____ see _____ our retrofits worked.

Send _____ meter _____ to _____ retrofit?

I _____ past _____ for _____ retrofit analysis.

_____ any _____ readings _____ retrofits?

_____ old _____ for retrofit assessment?

_____ it _____ that old _____ help measure _____ success of _____?

Did you _____ data to _____ retrofit's _____?

_____ old meter _____ for _____ assessment.

_____ need _____ meter readings _____ how our retrofits _____.

_____ can accurately _____ the impact _____ our _____ if _____ can _____ old _____ our records.

_____ would _____ to _____ the meter _____ to _____ how _____ the _____ did.

Have _____ any _____ for our retrofits?

It's _____ to send _____ readings _____ accurate _____ planning.

_____ reading info that's important _____ accurately _____ retrofit success?

_____ request _____ we _____ how _____ our proposed retrofits would be.

Do you _____ provide _____ readings _____ precise retrofit _____?
 _____ old meter readings for _____
 _____ there an _____ reading _____ to assess retrofits?
 Will _____ with _____ retrofits?
 Is _____ possible to get _____ accurate _____ evaluation?
 Is _____ possible for _____ to give us past meter _____ effectiveness _____ retrofits?
 _____ there any historic _____ that we _____ use to _____ our _____?
 Do _____ old readings _____ that _____ assessed precisely?
 _____ it _____ to have previous _____ data _____ accurate _____
 Could _____ get the _____ data _____ retrofit _____?
 _____ be used to assess the impact _____?
 Is it possible to access _____ data _____?
 _____ could use _____ past meter readings _____ measure _____ success of _____.
 _____ you looking _____ old _____ assess retrofits success?
 The impact of _____ can _____ old meter _____ from _____ records.
 _____ meter data _____ that we can see _____ effective _____ be.
 _____ us the _____ meter readings _____ we can _____ of our _____ upgrades?
 _____ you can provide _____ reads _____ determine retrofit _____.
 _____ want to know _____ any historic _____ is _____ to _____ retrofits.
 _____ check how efficient our _____ will _____ with _____ old readings _____.
 Do you have _____ old _____ can _____ to _____ retrofit effectiveness?
 _____ ancient meter data _____ our _____?
 _____ to _____ our _____ retrofits _____ be, I would request old meter _____.
 _____ it possible _____ you _____ meter readings to _____ assess the effectiveness _____ our _____?
 It's _____ ask for prior _____ a _____ gauge of _____ upgrades.
 _____ assess our _____ old meters.
 Are you _____ to _____ old readings?
 _____ can _____ the success of our _____ if _____ have _____ meter _____.
 _____ readings be _____ in _____ the _____ our retrofits?
 _____ past meters _____ planning?
 Do _____ need old _____ to determine _____?
 Need _____ meter data _____ success?
 We _____ old _____ in order _____ determine _____ results.
 Do _____ need old _____ for _____ retrofit success?
 _____ you _____ old _____ look for _____ retrofits' accuracy?
 _____ I _____ the _____ readings _____ our retrofits work?
 _____ it _____ give old _____ readings _____ assess _____ effectiveness?
 Is it _____ to send over _____ measurements _____?
 _____ meter _____ be used _____ assess _____ effectiveness?
 Retrofit results _____ be _____ accurately if we _____.
 _____ it _____ share previous _____ numbers to _____ the impact _____ our _____?
 _____ it possible for you _____ provide _____ accurate _____?
 Would _____ for _____ to give _____ so that we _____ accurately assess _____ effectiveness _____ our retrofits?
 Should _____ take _____ readings to _____ if our _____?
 _____ need _____ from the _____ to _____ if _____ changes worked.
 _____ need previous _____ data _____ retrofits.
 _____ gauge _____ if _____ hook _____ up with old readings.
 _____ it possible _____ obtain prior meters _____ retrofit _____?
 I _____ love to _____ meter _____ for accurate _____.
 _____ you can provide _____ with past meter _____ measure _____ of _____ upgrades.

I want to _____ accurate retrofitting analysis.

Will _____ meter readings help _____ evaluate _____ well _____?

As a _____ gauge data be accessed?

_____ you give me _____ readings to evaluate _____?

Inform me of previous _____.

_____ use the past meter _____ see how _____ the _____?

_____ old meter _____ are needed _____ sure _____ is _____ track.

_____ able to _____ past _____ so we can _____ success of our planned upgrades?

The _____ are needed to ensure the _____ are _____.

Could you provide us with _____ so we _____ our planned upgrades?

To _____ effective our proposed retrofits _____ be, _____ old _____ data.

Is _____ possible to measure _____ by _____ at _____ numbers?

Looking _____ meter _____ measure retrofits' _____?

To ensure _____ of _____ you _____ us _____ meter readings?

There _____ old meter data to _____ retrofit _____.

Sharing archive _____ will _____ us to evaluate the true _____ upgrade.

Are old _____ for _____ retrofit _____?

_____ you know _____ I _____ old _____ to _____ retrofit effectiveness?

_____ possible you _____ previous measurements for the retrofit _____?

_____ chance _____ old readings to _____ retrofits impact?

Will supply old _____ help _____ success of _____?

_____ the past _____ data for _____ analysis.

_____ supply me _____ readings _____ retrofit _____.

What _____ you could share _____ gauge _____ effectiveness?

We'll see if our retrofits _____ we _____ meter _____.

_____ the _____ figures from _____ meter so I can see _____.

_____ have any historic meter _____ our retrofits?

_____ past _____ readings _____ we _____ measure _____ success of _____ planned upgrades.

_____ you have _____ readings _____ can _____ to _____ retrofit effectiveness?

I would _____ you _____ me previous _____ data for _____.

_____ have old meter readings that _____ help us _____ if _____?

It could _____ possible to request _____ meter data for _____.

_____ readings _____ for precise retrofit _____.

Can you _____ with _____ information _____ retrofit _____?

Can _____ past meter readings _____ retrofit effectiveness?

_____ request prior _____ data for _____ gauge of _____ upgrades.

The _____ of our planned _____ be ensured if _____ previous _____.

_____ for _____ meter _____ to help assess the effectiveness of retrofits?

_____ historical _____ to _____ measure planned _____?

_____ it _____ give _____ past _____ readings _____ we can measure _____ of our _____?

_____ prior _____ data help _____?

Can you provide _____ readings to _____ retrofit _____?

Anxious _____ past _____ info _____ needed _____ retrofit _____

I would _____ earlier _____ retrofit assessment.

Evaluate retrofits _____ access _____ meter data.

Can you give _____ readings _____ ensure the accuracy _____?

_____ it _____ to request prior _____ data for _____ of _____?

_____ accurate _____ evaluation, _____ have past _____ data?

Could we use the _____ data as _____?

_____ help _____ measure success _____ our retrofits?

_____ need _____ meter _____ to _____ the success _____ our _____ plans.
_____ sharing _____ readings _____ retrofit effectiveness?
Can you _____ me _____ readings to _____ retrofits _____?
Is _____ to share past meter _____ to _____ ?
_____ can _____ old meter readings _____ if our retrofits _____.
_____ numbers to _____ retrofits' efficiency?
_____ need _____ meters so we _____ make _____.
_____ up our _____ with historic meter data.
Will old _____ the success _____ our _____?
I _____ old _____ to _____ the _____ of _____ retrofits.
Should _____ prior meter data _____ precise _____ of planned _____?
Provide _____ meter _____ the _____ assessment.
_____ connect me _____ older readings _____ gauge _____ effectiveness?
_____ there a _____ send _____ previous measurement for retrofit _____?
You _____ me old meter _____ evaluate the _____.
Provide _____ readings _____ the _____ assessment
_____ archive utility _____ figures will allow us _____ effectiveness _____ upgrades.
_____ order to _____ results, can _____ old reads?
Provide _____ for _____ precise _____ assessment
Is _____ meter _____ needed _____ precise _____?
_____ you _____ me _____ meter _____ to _____ at _____ effectiveness?
Is it possible to _____ older _____ can gauge retrofit _____?
_____ possible _____ you could send over _____ measurements _____ the _____ evaluation?
Could _____ be possible _____ readings for _____ analysis?
_____ supplied old _____ measure the _____ retrofits?
_____ it _____ share past meter numbers _____ gauge the _____ our _____?
_____ meter data _____ retrofit analysis?
I need _____ readings _____ gauge retrofit _____.
_____ meter _____ are necessary _____ our planned _____.
I _____ meter _____ for accurate _____.
_____ a way to _____ retrofits precisely _____ old _____?
Will _____ old _____ readings help _____ evaluate _____?
_____ meter data _____ for _____ evaluation.
_____ readings for precise _____ assessment.
Looking for old meter _____.
_____ possible _____ you _____ old reads so we can determine _____?
_____ it _____ have _____ of my _____ check how efficient we are?
_____ you be _____ to _____ old _____ retrofitting analysis?
Provide me _____ for _____ assessment.
_____ send me the _____ data _____.
_____ it possible _____ to _____ measurement for retrofits?
_____ old readings to evaluate _____ impact?
Is it _____ to _____ readings of _____ meter _____ we can check how _____?
If _____ give _____ past _____ we can measure _____ success of _____ upgrade.
Are _____ accurately _____ you can provide old reads?
Can _____ me old _____ for _____ retrofit?
_____ you _____ meter readings _____ measure _____ effectiveness?
Provide _____ with earlier _____ assessment.
_____ accurately determine _____ results if _____ old reads.
It would be _____ past _____ readings _____ gauge _____ effectiveness.

____ ensure retrofit success with ____ ____ _____.
 ____ willing to give me ____ so that ____ can ____ the ____ of our ____?
 ____ possible to ____ old ____ meter so I can check how ____ our work ____?
 The ____ meter numbers ____ required to make ____ are ____ track.
 Can ____ the previous meter ____ for ____ retrofits?
 ____ for prior ____ a ____ gauge of planned ____ was ____.
 ____ to ____ old meter readings ____ retrofit assessment?
 ____ get ____ meter readings to ____ if ____ retrofits ____ work?
 ____ earlier ____ for precise retrofit ____.
 ____ any ____ meter data that ____ our retrofits?
 I'd ____ to request old ____ so ____ can gauge how ____ our ____ be.
 Can we ____ previous ____ for ____?
 ____ you have ____ historic meter data ____ is ____ to ____ our ____?
 ____ we send ____ accurate retrofit ____?
 Is ____ possible to ____ meter readings to ____ the ____ correct?
 Can ____ give me ____ readings so ____ I can ____ the effectiveness ____?
 Is it ____ share ____ readings ____ see ____ effectiveness?
 To ____ our ____ on ____ need the old ____ numbers.
 ____ if you ____ hook me up ____ readings to ____ effectiveness correctly.
 Is ____ possible ____ old readings to ____ future retrofits' ____?
 For ____ accuracy ____ our ____ you give ____ previous meter ____?
 ____ need ____ I ____ gauge ____ effectiveness of our planned retrofits ____.
 ____ meter readings ____ that ____ gauge the ____ of ____ planned retrofits accurately.
 Would it ____ possible for you ____ us ____ meter ____ assess the effectiveness ____ retrofits?
 ____ like to request old meter ____ effective ____ retrofits would ____.
 Is ____ to get ____ meter ____ for an accurate ____.
 ____ previous gauge data ____
 ____ provide the ____ for the retrofit ____?
 ____ the ____ make sure our upgrade ____ on track.
 Will ____ readings help measure ____ success ____?
 Would ____ be possible ____ data for a ____ of planned ____?
 Should I get ____ to ____ if ____ work?
 Looking for ____ measure retrofit ____?
 ____ it ____ to request previous ____ data ____ precise gauge of ____?
 ____ any historic meter ____ could ____ up the retrofits?
 ____ possible ____ get prior ____ data ____ retrofit evaluation?
 I need to ____ the ____ readings ____ our ____ will work.
 ____ you help ____ previous ____ info that ____ to ____ gauge ____ success?
 ____ have ____ can ____ be assessed precisely?
 Were ____ able to obtain ____ meter ____ evaluation?
 ____ like ____ know if ____ could ____ over previous ____ a ____ evaluation.
 I ____ know if ____ hook me ____ readings to gauge ____ effectiveness.
 Can ____ get the ____ readings to ____ will work?
 ____ it possible to provide ____ accurately determine ____ results?
 Could ____ obtain ____ readings ____ retrofitting ____?
 ____ utility usage ____ allow us to ____ effectiveness of intended ____.
 Is ____ possible to ____ the previous ____ numbers ____ the ____ retrofits?
 Would ____ to accurately assess the ____ retrofits if ____ could share ____ readings?
 ____ to give me ____ meter ____ assess effectiveness?
 The accuracy of ____ planned retrofits ____ be ____ by _____.

There ____ need ____ data to ____ retrofit's success.
 Sharing archive utility ____ us ____ evaluate the ____ intended ____ upgrade.
 Wanting ____ measure efficiency?
 Can ____ check the ____ to ____ how the ____ did?
 Can ____ me ____ meter readings, to assess ____?
 ____ me the ____ readings ____ precise retrofit ____.
 ____ meter ____ useful ____ accurate ____ planning.
 ____ it possible ____ give ____ meter ____ ensure ____ accuracy of ____ retrofits?
 In ____ planned retrofits, share ____ data.
 Can you ____ with previous reading ____ to ____ retrofit success?
 Do you ____ previous meter ____ to ____?
 Can you ____ me the ____ meter ____ so that ____ can ____ of ____?
 Will providing ____ gauge the success of ____?
 ____ retrofit ____ can ____ obtain prior ____ data?
 Is it ____ we ____ how ____ our overhauls ____ with old readings of ____?
 ____ need old meter ____ how ____ proposed retrofits would ____.
 ____ to ____ the success of our retrofits?
 Is ____ possible ____ usage data ____ efficient retrofits?
 Are there old ____ so ____?
 Could older ____ data ____ used ____?
 ____ it ____ share past meter ____ gauge ____ retrofit effectiveness?
 ____ it ____ request ____ meter usage ____ regarding the ____ of ____?
 Is ____ possible ____ my meter ____ order to check how ____ our overhauls ____ be?
 ____ make ____ upgrades are ____ the old meter numbers.
 Can I ____ see if ____ retrofits will work?
 ____ data is ____ for accurate ____.
 ____ about hooking ____ older ____ we ____ gauge retrofit effectiveness?
 Is ____ possible ____ share previous ____ to ____ impact?
 ____ previous ____ numbers ____ measure retrofits' ____.
 Please ____ us ____ old ____ readings for ____ assessment.
 Requesting ____ data for a ____ gauge ____ planned ____ feasible?
 ____ may use ____ to gauge the effectiveness ____ retrofits.
 Can ____ get ____ for a retrofit ____?
 Do ____ old ____ data ____ our ____?
 It helps ____ if you have ____ to ____ prior ____.
 Do you ____ historic ____ ready ____ back up the ____?
 Could we use older ____?
 For accurate retrofit ____ you ____ meter ____?
 ____ effectiveness ____ assessed by giving ____ old meter ____.
 If we have any ____ tell us ____ retrofits ____.
 ____ tell ____ the past ____ readings to ____ effectiveness?
 For precise ____ do I ____ outdated ____ readings?
 I ____ meter readings ____ see if ____ work.
 ____ can use old ____ readings to ____ if ____.
 Do you ____ any old meter ____ that ____ our ____?
 ____ for ____ to measure retrofits' ____?
 Is ____ possible ____ previous ____ numbers ____ measure ____ impact of ____?
 ____ supply ____ readings ____ the retrofit assessment.
 We may ____ old ____ readings to ____ effectiveness of our ____.
 Do ____ need old ____ retrofit's ____?

Is _____ possible _____ I _____ provide _____ with _____ for accurate _____ analysis?

Please give _____ old _____ readings _____ assessment.

_____ readings for our _____.

Send _____ for accurate _____?

I'm wondering if _____ could _____ over previous _____ for _____.

_____ could get prior _____ data _____ accurate _____ evaluation.

_____ old meter readings will help _____ determine _____.

_____ our _____ track, we _____ the old meter numbers.

_____ can check _____ efficient _____ changes will _____ with _____ readings _____ my _____.

_____ to gauge our retrofits' _____ by sharing _____?

There is a _____ of requesting _____ data _____ a precise _____.

Does _____ meter _____ retrofits?

_____ have _____ meter _____ you _____ evaluate retrofits.

_____ that _____ meter _____ so that we can see how effective _____ be.

Is it _____ that you _____ meter readings _____ gauge _____?

Old meter _____ needed for _____.

We _____ get _____ for a _____ evaluation.

_____ would like _____ meter _____ to _____ retrofit _____.

I'm looking for _____ for _____.

Can you _____ by reading _____ reading _____?

_____ it _____ you would give me _____ meter _____ for _____ retrofit analysis.

_____ you _____ meter _____ our retrofits?

Need _____ readings to _____ planned retrofits _____ be.

_____ need _____ old _____ numbers to make sure _____ are _____.

_____ would appreciate it if _____ past _____ data for _____ analysis.

_____ readings _____ needed _____ precise _____ assessment.

_____ prior _____ order to _____ retrofits.

Do you have old reads _____ use _____?

I _____ like you _____ hook me up _____ older _____ gauge retrofit _____.

_____ you provide previous _____ that _____ to accurately gauge _____?

_____ possible for me to have _____ so I _____ check our _____?

I need any old _____.

_____ past _____ for _____ retrofit _____.

Have any historic _____ data that would _____?

Give _____ earlier readings _____ the _____.

_____ assessed precisely with _____ readings?

_____ meter readings for _____ assessment.

_____ chance of providing old _____ to _____ the _____ impact?

I _____ old _____ data to see _____ effective our _____ would _____.

Could _____ use _____ gauge _____ to make _____ for _____?

_____ old _____ us find _____ if the retrofits worked.

Sharing prior gauge _____ retrofits.

I _____ be connected with _____ I can gauge retrofit _____.

Looking for meter numbers _____?

Would it be possible for you to _____ meter _____ evaluate the _____ of _____?

_____ possible _____ give us past _____ so we can _____ success _____ the _____?

Can you give me _____ readings _____ my _____?

_____ meter _____ assess retrofit's success?

_____ sharing past meter _____ gauge _____?

Past _____ readings _____ be _____ to check _____ the retrofits _____.

_____ the _____ gauge _____ evaluate the _____.

We _____ evaluate _____ retrofits worked if you _____ us the _____.

Is _____ possible to _____ old _____ to check _____ retrofit _____?

archive utility _____ figures _____ shared to allow _____ to _____ the _____ intended _____.

_____ accurate retrofit _____ you _____ meter readings?

How about _____ meter _____ the _____?

_____ is feasible _____ request prior _____ for precise gauge _____.

Is _____ to assess retrofit effectiveness?

We _____ gauge retrofit _____ with _____.

_____ need _____ readings _____ our retrofits.

_____ possible we can _____ retrofit results if you _____ us _____?

Is it _____ older _____ so _____ can gauge retrofit _____?

_____ should _____ me _____ readings _____ retrofit assessment.

Wanting _____ gauge of planned upgrades _____ feasible.

Is _____ you _____ provide me with _____ data _____ retrofit analysis?

I would like _____ request old _____ data so _____ gauge _____ our _____ be.

I'm in _____ of _____ retrofits.

_____ use old _____ readings to _____ our retrofits _____.

_____ me with _____ meter data for _____ analysis?

_____ meter _____ for _____ retrofits?

_____ may _____ able to obtain _____ meter data _____.

_____ for _____ needed for effective _____ analysis.

I _____ be happy _____ receive _____ meter _____ for accurate _____.

Please _____ previous meter data _____.

Do you _____ to accurately _____?

_____ we _____ previous _____ for a _____ evaluation?

Is there _____ way _____ get old _____ we _____ the _____ of _____ retrofits?

_____ measure _____ success by previous reading _____?

For _____ assessment purposes _____ get outdated meters _____?

Is it _____ up with older readings _____ can _____ retrofit _____ better?

Please give _____ meter _____ retrofit _____.

Is _____ to get old meter _____ we _____ gauge the _____ of our planned _____?

It _____ possible to request _____ a _____ gauge of _____.

Is _____ for us to have _____ data for _____ accurate _____?

Is there _____ chance of providing _____ impact?

_____ like _____ be _____ gauge retrofit _____ with older readings.

Old _____ readings _____ retrofit _____?

_____ is _____ provide _____ readings to assess _____ impact.

_____ reads to _____ retrofit results.

_____ old meter readings _____ see if _____ worked.

Is it possible to _____ old _____ of my _____ we can _____ our _____ will _____?

_____ it be _____ you _____ with past meter _____ help assess the _____ our retrofits?

_____ feasible _____ prior _____ for a precise gauge of planned _____?

_____ me the _____ data for _____ retrofits.

Would it _____ to get _____ for _____?

Is _____ to check the _____ readings to see _____ the _____?

_____ like _____ get _____ data _____ accurate retrofitting analysis.

Can _____ get old _____ see if our _____?

Did you have _____ old _____ up the _____?

We will use the _____ to _____ well our _____.

Asking for _____ a gauge of _____ upgrades _____ possible.

_____ you can provide _____ reads, _____ accurately _____ results.

Is it _____ to _____ to _____ the impact of _____?

_____ on former _____ reads to _____ if retrofits achieved _____ savings?

Share the previous gauge _____.

_____ about _____ past _____ readings _____ accurate _____?

_____ to _____ previous meter _____ to measure _____ impact of _____ retrofits?

Can _____ tell us the previous _____ gauge our _____?

Will the _____ success of the retrofits?

Is there a _____ you _____ send _____ previous measurements _____ a _____?

_____ give _____ earlier _____ a retrofit _____.

_____ I check _____ past meter readings to _____ how _____?

Should I get _____ meter readings so that _____ the _____ our _____?

Can _____ meter _____ that I _____ use _____ gauge the effectiveness _____ planned retrofits?

_____ you _____ to hook _____ with _____ so we can _____ effectiveness?

Can _____ old meter readings to _____ if _____ will _____?

I need old _____ readings _____ our retrofits _____.

Can the _____ meter _____ be _____ evaluation?

_____ want the old meter readings _____ help _____ evaluate how _____.

We _____ ask for _____ meter readings to _____ worked.

_____ previous meter _____ accurate _____.

_____ older readings _____ retrofit effectiveness.

Please _____ with _____ for _____ retrofit assessment.

_____ will use _____ old meter readings _____ evaluate how _____.

_____ past _____ for _____ retrofit planning?

Please _____ with _____ readings for _____ retrofit _____.

_____ you able to _____ previous _____ readings _____ sure _____ retrofits _____ accurate?

_____ planned retrofits _____ data.

_____ meter _____ can use to _____ up our _____?

_____ I see how _____ the retrofits _____ meter readings?

Is it _____ to _____ of _____ using old readings?

Can you _____ retrofits will actually help _____ the _____ reading?

_____ historic meter data _____ back _____ our _____?

Were you _____ provide legacy measurements _____?

_____ old meter data do _____ assess _____ success?

_____ you let _____ the past _____ readings _____ we _____ measure _____ success _____ our planned _____?

_____ data _____ a precise _____ planned improvements is possible.

I need _____ to _____ the _____ effectiveness.

_____ you seeking _____ meter numbers _____ efficiency?

I would like to have _____ retrofit _____.

Retrofits _____ be _____ precisely, do you _____?

_____ you give me _____ so that _____ measure the _____ of _____ retrofits?

Is it _____ give _____ meter _____ for accurate retrofitting _____?

Retrofit effectiveness could _____ properly _____ with older readings.

For _____ retrofit _____ I _____ meter _____.

Did _____ any _____ data _____ retrofits?

_____ to request prior _____ data for _____ of planned _____.

Can you _____ the _____ meter numbers _____ the _____ impact?

_____ be able to obtain _____ accurate evaluation.

Have you got _____ of the _____ meter readings? _____ our _____ any _____?

_____ me _____ the previous _____ for accurate _____.

I'm in need _____ the _____ assessment.

_____ old readings of my meter to _____ how _____ our work _____?

Seeking _____ numbers to _____?

Can we _____ data for _____ retrofit _____?

_____ is _____ to request previous meter _____ for _____ of _____ upgrades.

Can _____ tell _____ any old _____ for _____ retrofits?

Past _____ readings _____ sent for _____ planning.

_____ you _____ old _____ data for our _____?

_____ old _____ readings for _____ retrofit _____!

_____ be possible for _____ to _____ meter readings _____ help assess _____ effectiveness of the _____?

Can _____ look at past meter _____ to _____ retrofits _____?

_____ you able to _____ past _____ readings _____ we can measure _____ of our _____ upgrades?

_____ need old _____ data to _____.

Is _____ possible to _____ impact of _____ retrofits _____ previous _____?

_____ want to _____ if you could send _____ retrofit evaluation.

Is there _____ meter _____ that _____ to assess _____ success?

Provide _____ earlier _____ for retrofit _____

_____ it _____ good idea to provide _____ with past _____ retrofit _____?

_____ send _____ previous _____ data _____ retrofits.

Can old _____ measure _____ success of _____?

Can _____ give _____ previous reading _____ that is crucial in _____?

_____ it possible _____ have old readings _____ my meter _____ can check _____ our _____ will _____?

_____ get prior data _____ evaluation?

Do you have _____ old meter _____ could _____ for _____?

Is _____ to have _____ readings _____ my _____ we _____ check how _____ our _____ are?

Please _____ an earlier _____ retrofit assessment.

_____ it _____ could share _____ readings to _____ retrofit effectiveness?

Are you _____ of historical _____ to measure _____?

Can I use _____ meter readings to see _____?

Sharing _____ readings _____ us _____ accurately assess the _____ of _____ retrofits.

Is it _____ could _____ meter readings _____ gauge _____ effectiveness?

I _____ old meter _____ retrofit _____.

_____ readings _____ needed for _____ retrofit _____.

We should _____ able _____ get _____ data for _____.

Is _____ give me old _____ readings so that we can gauge _____?

Would _____ possible for you _____ give us past _____ readings so _____ the _____ our retrofits?

Old _____ data _____ needed _____ assess _____.

Is it _____ to _____ meter _____ to _____ our _____ impact?

Is _____ possible to _____ readings of _____ meter _____ we can _____ efficient our _____ be?

_____ numbers to measure _____?

_____ earlier readings _____ the retrofit assessment.

Please _____ the _____ meter _____ retrofits.

_____ do I _____ outdated _____ for _____ assessment?

The old _____ will _____ to _____ how _____ retrofits worked.

_____ me earlier _____ retrofit _____.

Could we _____ meter _____ for _____ retrofit evaluation?

Is it _____ have _____ my meter so _____ how _____ our changes will be?

Could we _____ gauge _____ to reference _____?

_____ possible that retrofits _____ be _____ precisely _____ you _____ readings?

_____ you can _____ with past meter readings, _____ measure _____ success _____ our _____.
 Would it _____ possible _____ you _____ share _____ meter readings _____ that _____ can assess _____ of _____?
 Is it _____ for _____ to _____ of my meter to see _____ will be?
 We _____ have _____ data for _____.
 _____ for previous meter numbers _____?
 Can _____ us past meter _____ the effectiveness of _____ retrofits?
 _____ to request prior _____ data for _____ planned upgrades.
 _____ have _____ old meters data _____ retrofits?
 _____ is _____ to _____ meter data for a _____ gauge _____ updates.
 How do I _____ for _____ assessments?
 _____ it _____ share _____ to gauge our _____ impact?
 _____ planned _____ because we need previous _____.
 _____ am interested in old meter _____ retrofit _____.
 Can I have _____ old _____ to see _____ our _____?
 _____ readings _____ determine the _____ of _____?
 _____ meter _____ may be _____ for _____ planning.
 _____ earlier for precise _____ assessment.
 It _____ great if _____ receive past meter data _____ analysis.
 I _____ in _____ past _____ data _____ retrofit analysis.
 Are you able to _____ me _____ meter _____ to _____?
 _____ able to provide _____ metrics for _____?
 _____ have old meter _____ our _____?
 _____ be able to _____ gauge _____ as a _____ retrofits.
 _____ past _____ proper retrofit planning?
 We _____ previous meter readings _____ accuracy _____ our _____.
 _____ would like to _____ if you could hook _____ up _____ gauge retrofit _____.
 For _____ accurately _____ effectiveness of our retrofits, would it _____ you _____ give us past _____?
 _____ might be _____ to get _____ meter _____ for accurate _____.
 _____ old _____ needed to make sure _____ upgrade _____ track.
 _____ need _____ readings _____ precise _____ assessment
 _____ request _____ old meter _____ be _____ to _____ effective our retrofits _____.
 Can you _____ the previous _____ the impact of _____ retrofits?
 _____ for us to accurately assess the _____ of our retrofits _____ sharing _____?
 _____ if we have previous _____ data _____ evaluation?
 Is _____ possible to check _____ readings _____ retrofits went?
 Any _____ meter data _____ back _____?
 Is _____ possible to pass _____ old readings _____ check _____?
 Are _____ able to _____ old meter _____ so that _____ gauge _____ our retrofits?
 _____ our _____ changes _____ we need previous _____.
 Is _____ possible to have _____ we can check our _____?
 _____ request _____ meter usage data pertaining to _____ efficiency _____ completed _____?
 I _____ you _____ use older _____ to gauge retrofit effectiveness.
 I need past readings _____ retrofits will _____.
 Are you interested _____ to _____ retrofits' efficiency?
 _____ planning can _____ done with past _____.
 _____ to _____ with prior meter data?
 _____ old meter _____ to assess _____?
 _____ past _____ readings _____ shared to gauge _____ effectiveness?
 _____ earlier readings _____ assessment.
 We can assess the _____ using old _____ readings from _____.

I _____ to _____ give me _____ meter readings _____ we can _____ the effectiveness _____ our retrofits.

Can you give me old meter _____ effectiveness _____?

_____ our upgrade plan _____ track, we need the _____ numbers.

_____ would like to request _____ data _____ gauge _____ retrofits would be.

_____ would _____ have _____ data for accurate retrofit _____.

Can you _____ readings to check _____?

Are _____ for _____ numbers _____ measure retrofit efficiency?

_____ it possible to _____ for a precise _____ of planned _____?

_____ to know the previous meter _____ retrofits' impact.

_____ readings help measure _____ retrofits?

I would like _____ if _____ can _____ old _____ readings to _____ the effectiveness of _____.

Can _____ give _____ readings _____ a retrofit assessment?

_____ it _____ show _____ meter numbers to _____ retrofits' impact?

_____ you _____ the old meter data _____ assess _____?

_____ can _____ assessed _____ if you have _____.

Send _____ readings to _____ in retrofit _____?

Is it _____ old readings of my _____ to _____ our _____?

I _____ gauge _____ effectiveness properly by hooking _____ up with _____ readings.

Let's _____ me _____ for accurate retrofit analysis.

Old meter _____ used to _____ retrofit _____.

Requesting prior _____ gauge _____ planned upgrades is _____.

_____ need old _____ that _____ gauge the effectiveness _____ retrofits accurately.

I _____ for old meter _____ to evaluate _____.

We might _____ prior meter _____ retrofit evaluation.

_____ get _____ readings to _____ if retrofits work?

Is _____ for _____ to share _____ readings _____ assess the effectiveness _____ retrofits?

I _____ old meter data _____ we can _____ effective our proposed _____.

_____ be _____ measure _____ success of _____ from old readings?

_____ archive _____ usage _____ will _____ us _____ evaluate the effectiveness of _____.

_____ if _____ have _____ readings _____ can _____ assessed precisely?

_____ sharing meter _____ gauge retrofit _____?

_____ to send past readings _____ retrofit _____?

_____ you have _____ to gauge _____ retrofits' impact?

_____ for _____ give _____ past meter readings so _____ can _____ of our planned upgrades?

Is there old _____ retrofit success?

Would it _____ to _____ old _____ for _____ analysis?

_____ to get the _____ to _____ if our retrofits _____ work?

We _____ obtain _____ meter data for _____ accurate _____.

_____ you able to give _____ old _____ readings _____ effectiveness?

The accuracy _____ planned _____ could _____ by _____ readings from you.

_____ there a chance _____ old _____ to _____ impact?

I would like _____ meter data _____ used _____ effective _____ retrofits would _____.

Is _____ previous _____ to ensure accurate retrofits?

_____ possible to _____ previous _____ to see _____ impact of the _____?

Will supplying _____ of retrofits?

seeking _____ meter numbers to _____

_____ would _____ request old _____ data _____ effective our proposed retrofits would _____.

_____ provided to assess _____ impact.

_____ gauge how effective our _____ retrofits would be, _____ data?

_____ I _____ meter readings _____ how well the _____ went?

Can you ____ us ____ past meter readings ____ success of ____ planned ____?

I need ____ readings in ____ to gauge ____ of ____ planned ____.

Can ____ use ____ readings ____ my ____ to check how ____ will ____?

____ would ____ prior meter ____ for accurate retrofit ____.

Can ____ old meter readings to gauge ____ our ____?

Send ____ for ____ correct ____ planning?

____ you ____ data to ____ retrofit?

____ it ____ to provide legacy measurements ____?

Is it possible ____ send the ____ the retrofit ____?

____ need previous meter ____ our ____.

____ send ____ meters for accurate ____.

____ request prior ____ data ____ precise gauge ____ planned repairs.

It ____ to obtain prior meter data ____.

____ on former ____ reads ____ assess if retrofits ____.

We ____ the ____ of ____ upgrades if you can provide ____ readings.

____ it possible ____ historical ____ data to assess ____ completed retrofits?

Could ____ past ____ readings to ____ effectiveness?

Is it ____ previous ____ readings ____ our retrofits are correct?

____ the past meter ____ for retrofit analysis.

I ____ to ____ meter ____ for accurate retrofit ____.

____ if it could be possible to ____ readings ____?

____ there old ____ data you ____ to assess ____?

We need ____ meters ____ us ____ how well ____ worked.

____ check ____ accuracy with old readings.

Could we ____ old gauge ____ for retrofits?

____ meter numbers to ____ retrofits' ____.
