

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Service outage or disruption reports
Inquiry Sub-Category	Intermittent Connection Drops
Description	Customers report experiencing periodic or random connection drops, where their internet connection disconnects and reconnects intermittently. This category addresses inquiries related to unstable network connections, signal interference, or faulty equipment causing frequent disconnections.
Data Size	5,114 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Is _____ dropping due _____ signal interference _____ devices?

Internet _____ disruptions _____ local _____?

signal interference _____ neighboring _____ affecting _____ internet.

Is _____ internet _____ malfunctioning _____ nearby?

Nearby tech _____ problem _____ internet?

Is _____ affecting _____ accessibilities?

_____ chance that _____ internet connection's stability is _____ electronics.

The internet may _____ dropped because _____ are _____ the _____.

_____ could be _____ by nearby _____.

My internet connection _____ interference from _____ devices.

_____ interfering with _____ connection?

What is _____ disrupting internet?

_____ is _____ that a _____ is to blame for _____ internet _____.

_____ interference from nearby devices _____ me to _____ my _____.

_____ is signal _____ from a nearby device _____ a dropped internet _____.

_____ nearby _____ will _____ my _____ connection to fall.

_____ next _____ may disrupt _____.

Are _____ gadgets _____ my _____?

My internet _____ might be _____ signal interference _____.

_____ by other devices?

There _____ from a nearby device that _____ for _____ in _____ connection.

_____ it possible that _____ internet _____ out _____ of signal _____ adjacent _____?

_____ internet connection dropping _____ nearby _____ are _____?

Is my _____ fi _____ peripheral devices?

_____ tech is causing trouble for _____ internet.

Is the presence of other _____ quality _____?

_____ dropping because _____ devices _____ with _____ signal reception?

____ it ____ that signal ____ neighboring gadgets ____ my internet ____?
 signal interference ____ a nearby ____ to blame ____ the ____ internet ____.
 ____ the ____ being ____ by neighboring ____?
 The ____ internet ____ may be ____ result of ____ from nearby ____.
 signal ____ from a ____ device ____ be ____ for ____ drop ____ connection
 ____ my wi-fi's ____ affected ____ devices?
 ____ if ____ intermittent drops ____ connection are due to neighboring ____.
 Nearby equipment ____ interfering ____?
 I ____ if the ____ drops ____ my internet ____ by ____ gadgets.
 Local ____ disruptions ____ like the ____ connectivity.
 Is my internet ____ because ____?
 ____ nearby that are disrupting ____ connection.
 ____ presence ____ other ____ the Internet?
 Is the ____ to proximity ____ other ____?
 ____ I ____ signal ____ of ____ other ____?
 ____ my ____ when other ____ nearby?
 Questions about ____ my ____ due to nearby ____.
 Are ____ devices causing signal ____ that ____ my ____ drop?
 ____ wonder if signal ____ would explain ____ internet ____ cutting out.
 ____ internet or ____ interrupted ____ nearby?
 ____ internet ____ might be ____ due to ____ a nearby ____.
 ____ was ____ if the internet ____ of nearby ____ interfering with ____.
 Does the ____ other ____ the reliability ____ the ____?
 There are ____ that could ____ connection.
 Is ____ that signal ____ from adjacent ____ what ____ my internet ____ cut ____?
 ____ my ____ connection ____ to interference?
 ____ is ____ internet connection?
 ____ proximity to ____ affect ____ internet?
 Does nearby ____ disrupt ____?
 The ____ could ____ equipment nearby.
 I ____ if my ____ to nearby devices interfering
 Is ____ internet ____ not stable due ____?
 Is ____ reliability ____ wi-fi affected ____ peripheral ____?
 ____ it possible that ____ interference ____ gadgets is ____ my ____?
 ____ internet ____ not ____ due to ____.
 ____ internet down ____ of other ____?
 ____ net ____ interfered ____ due ____ devices.
 ____ my ____ down due ____ device ____?
 ____ interference ____ affecting my internet experience?
 I wondered if the internet ____ dropping ____.
 Are ____ internet connections ____ signal interference from ____?
 ____ is a ____ interfering with my internet connection.
 ____ signal ____ from my ____ with ____ internet?
 Is ____ being ____ nearby electronics?
 ____ in ____ connection may ____ caused by ____ from nearby ____.
 ____ competing ____ have ____ link failures.
 ____ if signal ____ neighboring ____ is ____ the internet.
 ____ it possible that ____ gadgets is affecting ____ internet?
 Did ____ cause my internet ____?
 Nearby ____ could ____ trouble for _____.

_____ the electronics are interfering _____ web _____.

_____ my internet _____ gadgets _____ me?

Can _____ nearby _____ the web _____?

_____ it _____ that nearby gadgets _____ my internet _____?

Is _____ disruption from adjacent _____ reason why _____ out?

I don't _____ if _____ nearby _____ my internet _____.

Are _____ to _____ for _____ drops in my _____ connection?

Is my _____ bad _____ of _____?

_____ devices affect my _____ reliability?

My internet connection _____ dropping because of _____ a _____ device.

_____ the _____ device may _____ blame for _____ drop _____ internet connection.

My _____ reliability _____ being affected _____.

I wonder _____ neighboring _____ is affecting _____ internet.

Is _____ possible that _____ with _____ internet connection?

_____ signal interference from adjacent _____?

Is the drop in my _____ interfering _____ the _____?

I _____ if _____ from adjacent _____ why my internet _____ out.

_____ with my connection.

Is _____ that signal _____ my neighbors _____ internet?

_____ the _____ due to nearby _____ interfering _____ signal _____?

Internet _____ disrupted _____ equipment?

_____ is a _____ whether _____ internet connection drops _____ to nearby _____.

Is it _____ the signal _____ interfering with _____?

Due _____ the _____ devices, _____ messing _____?

_____ from nearby device could be the _____ drop _____ connection.

_____ lose my internet _____ because _____ interference.

I'm _____ because of other gadgets.

_____ reliability _____ by peripheral devices?

My internet connection _____ due _____ interference _____ nearby _____.

_____ wonder if _____ internet is _____ because _____ devices interfering _____ signal _____?

_____ my web _____ affected by _____?

_____ from _____ is _____ my internet?

Is it _____ electronics _____ my internet connection?

_____ tech _____ be _____ in _____ internet.

Is _____ affected by _____ other devices?

Is _____ connection _____ of _____ commotion around _____?

Is it because _____ disrupt _____?

_____ internet dropped due _____ devices _____ the signal.

_____ it possible that _____ with web access?

Is _____ hindered _____ neighboring technology?

_____ dropping due _____ nearby _____ triggering signal interference.

_____ from nearby _____ be to blame _____ connection drop

My internet _____ be _____ neighbor's _____.

_____ peripheral devices are _____ internet reliability.

Is _____ possible _____ neighboring _____ are _____ with _____ to _____ internet?

_____ my internet connection dropping _____ of _____?

Is _____ internet _____ of other _____?

The internet may _____ dropping _____ signal _____ from a _____.

_____ nearby _____ could be _____ blame _____ internet connection _____.

Do _____ my internet _____?

Near _____ with my _____ up?
 _____ for _____ door disrupting internet?
 _____ disruptions from adjacent _____ why _____ internet is cutting out.
 _____ disruption _____ adjacent _____ is _____ my internet keeps cutting out.
 The _____ drop because of _____ a nearby device.
 There _____ internet _____ issues _____ signals.
 I _____ signal _____ from _____ might explain _____ my internet _____ working.
 _____ the _____ of _____ devices affect _____?
 _____ adjacent electronics _____ network _____?
 _____ signal _____ up the net?
 _____ my connection down _____ devices _____?
 _____ access _____ neighboring electronics?
 A _____ may _____ interfered with _____ connection.
 Web _____ be being interfered _____ electronics
 Does the close _____ of _____ devices affect _____?
 _____ nearby _____ cause _____ interference _____ affects my internet _____?
 Does the _____ of _____ devices _____ quality _____ the _____?
 I don't know if _____ disrupting _____ connection.
 Is the _____ connection dropping _____ to _____?
 _____ disruptions _____ adjacent devices _____ why my internet keeps _____
 Web _____ be _____ by neighboring _____.
 _____ asked _____ my _____ connection drops due _____ devices _____.
 _____ from nearby _____ affect _____ internet connection.
 I _____ making my internet connection drop.
 _____ electronics _____ network stability?
 _____ drop in _____ connection _____ be the _____ of _____ interference _____ nearby _____.
 Is my _____ nearby _____?
 Is the _____ malfunctioning because _____?
 What _____ next door _____?
 _____ the internet connection _____ due _____ from _____ devices?
 _____ interference _____ nearby devices _____ my internet connection to _____.
 Is _____ intermittent _____ my _____ connection _____ nearby gadgets?
 I _____ neighboring gadgets are _____ intermittent drops in my _____.
 _____ weak or _____ messin' up _____ net?
 I wonder if _____ my internet to cut _____?
 Local _____ signals could _____ link _____ down.
 _____ the _____ dropping _____ nearby devices _____ the signal?
 Is _____ internet dropping _____ the proximity _____ other _____?
 _____ my _____ connection _____ by interference _____ nearby _____?
 _____ interference _____ nearby _____ could _____ internet connection to go _____.
 _____ connection _____ due _____ nearby devices.
 _____ my internet _____ go down?
 _____ adjacent electronics _____ network _____?
 _____ my internet _____ by gadgets _____?
 _____ is possible that _____ tech _____.
 A question regarding _____ connection _____ nearby devices.
 I _____ wondering _____ wi-fi _____ dropping due _____ interference.
 _____ nearby _____ triggering _____ interference _____ my internet _____ to drop?
 Will _____ internet _____ disrupted _____ neighboring _____?
 My internet _____ out, could _____ because of _____?

_____ from _____ devices could _____ internet connection _____ fall
 _____ interference _____ a nearby device _____ be to _____ the drop _____ .
 _____ internet _____ cutting out, _____ it _____ because _____ signal _____ from adjacent _____ ?
 My internet connection _____ down _____ signal _____ from _____ devices.
 _____ there _____ chance _____ other electronics are _____ my internet _____ ?
 Nearby _____ may _____ trouble.
 The reliability _____ my _____ is _____ by _____ devices.
 _____ dropped _____ be _____ neighboring devices?
 The _____ connection might _____ of _____ from nearby _____ .
 _____ not sure _____ my _____ dropping _____ of nearby devices.
 signal _____ from _____ explain why my _____ keeps _____ out.
 Does _____ cause my _____ connection to _____ ?
 _____ may _____ to blame _____ trouble.
 _____ be _____ due to _____ devices.
 _____ of _____ devices interfering with the signal.
 There is signal _____ from _____ that may _____ to _____ my internet _____ .
 _____ my weak wi-fi because _____ gadgets _____ messing _____ the _____ ?
 Is _____ disruption from adjacent _____ explain why _____ internet _____ ?
 _____ dropping because my _____ are triggering signal interference?
 Is _____ affected _____ device vicinity?
 Is it _____ signal _____ my _____ affecting _____ internet?
 My connection _____ disturbed by _____ .
 _____ interference _____ the nearby _____ might _____ blame _____ internet connection dropping.
 The _____ nearby may _____ to _____ drop _____ internet connection.
 _____ gadgets _____ cause of intermittent _____ ?
 _____ web accessibilities _____ technology?
 _____ internet connection affected _____ nearby _____ ?
 Is the device _____ ?
 _____ connection _____ be _____ because of interference _____ a _____ device.
 _____ connection _____ down _____ to interference.
 _____ that electronics are _____ access to the _____ ?
 _____ web _____ be _____ by neighboring _____ .
 Is _____ possible that _____ is _____ gadgets nearby?
 _____ the reliability _____ being impacted by peripheral _____ ?
 _____ interfere with _____ connection.
 _____ peripheral devices _____ internet _____ ?
 Can nearby devices _____ dropped _____ ?
 _____ close _____ connection interfering
 signal interference from a _____ the cause _____ the _____ dropping.
 _____ net _____ be malfunctioning _____ to _____ .
 _____ interfering with the _____ ?
 _____ internet connections _____ because of _____ from nearby _____ ?
 _____ tech _____ be to _____ the troubles _____ internet.
 Can _____ cause an _____ internet connection?
 The _____ keeps cutting _____ because of _____ adjacent _____ .
 signal _____ other _____ be _____ my internet
 _____ internet _____ due to nearby _____ interfering.
 A drop in _____ be due _____ interference _____ device.
 _____ might be dropping because of _____ devices _____ signal.
 _____ there _____ problem with internet _____ via _____ competing _____ ?

Is my internet connection _____?

_____ you think _____ interference from neighboring _____ internet?

I _____ if I'm _____ to other gadgets.

Does _____ online links?

There are _____ link _____ signals.

_____ interference hurting _____ internet?

I wonder if signal _____ from _____ why _____ internet _____ out.

My internet _____ is _____ due _____ interference _____ nearby _____.

Are peripheral _____ affecting _____?

_____ if my _____ connection is dropping because _____.

Is _____ a _____ the neighboring _____ messing _____ my _____ connection?

The _____ connection _____ have _____ due to _____ nearby device.

Is _____ limiting my _____?

_____ the _____ my internet _____ to nearby _____?

I _____ if _____ dropping _____ due to nearby _____ the reception.

Internet _____ up, nearby _____ with my _____.

There are _____ devices _____ could _____ signal reception.

_____ gadgets _____ internet connection?

Is my wi-fi reliability _____?

_____ to the _____ it.

Are there _____ with _____ connection?

_____ there _____ because of electronic disruptions _____ me?

The interference from the nearby device _____ be _____ for _____.

_____ weaker due to _____ disturbances around _____?

Are _____ my connection?

I _____ wondering if _____ internet _____ of nearby _____.

Equipment _____ could _____ the internet.

_____ gadgets _____ my internet _____?

Are _____ devices _____ with _____ connection?

Nearby tech may _____ causing _____ with _____.

_____ internet link _____ via local _____.

_____ to _____ devices, interfered with _____?

_____ internet connection might go _____ due to _____.

_____ internet _____ might _____ to nearby _____.

_____ the presence of _____ access?

_____ am _____ if peripheral _____ affecting my _____ reliability.

My internet connection _____ because of _____ from _____ nearby _____.

Is it possible that _____ signal _____ neighboring _____ interfering _____?

_____ may be causing a _____ internet.

Does _____ presence _____ other _____ cause problems _____ the _____?

_____ devices _____ be _____ my signal.

_____ web access being _____ electronics?

signal _____ neighboring _____ affecting _____ internet.

My _____ connection _____ due _____ signal interference _____ a _____ device.

The internet _____ due to _____ devices _____.

_____ internet connection bad because of _____ devices?

My _____ may be _____ to _____.

_____ internet connection _____ due to interference from _____.

_____ it possible _____ internet keeps _____ signal disruption from _____ devices?

_____ may _____ disruptions due _____ local signals.

Is _____ that _____ internet _____ being interfered with _____ gadgets?

Interruptions _____ via local competing _____?

Maybe _____ internet _____ of neighbor's gear?

_____ signal _____ from _____ gadgets affect _____?

Is _____ possible _____ nearby _____ to _____ my _____ connection _____ drop?

I _____ was due _____ devices interfering with the _____ reception.

I wonder _____ interrupted _____ to gadgets _____.

Do _____ equipment _____ internet _____?

The _____ be _____ interfered _____ by _____ electronics.

My internet _____ dropping _____ to _____ devices triggering _____.

_____ interference from _____ gadgets _____ is causing _____ wi-fi _____?

_____ my _____ accessibilities _____ by _____ technology?

_____ proximity _____ other _____ affect _____ internet?

_____ devices _____ my internet _____?

Was _____ access _____ with by _____?

I am _____ interference from other gadgets _____ internet.

_____ internet connection _____ interference from a nearby _____.

_____ interference from nearby devices _____ my _____ to _____.

_____ connection _____ by gadgets nearby?

_____ the _____ with the _____ from nearby _____?

_____ my _____ dropping _____ interference?

_____ internet is _____ of _____ interference.

signal _____ from _____ devices _____ cause my _____ connection _____ go _____

Internet link _____ via _____?

_____ wonder _____ my _____ is dropping _____ nearby devices _____ signal reception.

_____ my _____ go down _____ of _____ to other _____?

The _____ the nearby _____ be _____ blame _____ the drop _____ internet _____.

_____ there a _____ of electronics around _____?

Is my _____ being _____ nearby _____?

The _____ weak because _____ by surrounding technology.

The interference _____ nearby _____ internet connection to go _____.

_____ these gadgets _____ with _____ internet _____?

Does _____ presence of _____ devices interfere _____?

Other _____ interfering _____ my signal.

Is my internet _____ near _____?

There _____ question about _____ my internet connection _____ to _____ with it.

I _____ from adjacent devices could _____ why my internet keeps cutting _____.

Do my _____ interfere _____ again?

Can _____ be _____ signal interference that _____ internet _____ drop?

_____ disruptions _____ adjacent devices _____ why my _____ intermittent?

Is the _____ being _____ by peripheral devices?

_____ wondered _____ signal disruptions from adjacent devices _____ why _____ internet _____.

Is it possible _____ my _____ connection is _____ neighboring _____?

_____ internet keeps _____ out, could _____ because _____ disruption _____ adjacent _____?

I _____ having _____ drops _____ connection, _____ neighboring gadgets to _____?

_____ interference from the nearby _____ may _____ cause _____ the dropped _____.

Is my _____ being _____ by _____?

Is the _____ problem with the wi-fi?

It's _____ electronics are _____ with _____ access.

_____ of other devices affect _____ internet _____?

A question _____ whether my _____ due to _____ devices interfering _____ .
 _____ is a question _____ internet connection dropping _____ devices.
 signal interference _____ cause a internet connection _____.
 My _____ connection _____ of _____ interference from _____ nearby device.
 Is _____ gadgets that _____ causing the wi- fi _____ ?
 Is the _____ internet _____ interfering with the _____ reception?
 The _____ the nearby _____ may cause _____ internet connection.
 _____ of my _____ be impacted by peripheral _____.
 _____ proximity of _____ devices _____ an _____ on my _____ ?
 Is _____ due to _____ devices _____ ?
 _____ proximity of other _____ affect _____ ?
 Will _____ things _____ connections?
 _____ nearby equipment _____ with the _____ ?
 There _____ issues _____ internet link _____ .
 _____ possible nearby _____ interfering _____ web access?
 _____ tech _____ causing _____ with the _____.
 Is _____ because _____ other gadgets _____ I _____ signals?
 There _____ equipment _____ be interfering with the _____.
 _____ access could be _____ neighboring _____.
 _____ is signal interference _____ a nearby _____ can cause _____ drop _____ .
 It _____ that tech nearby is _____ with _____.
 Is _____ internet _____ because _____ gadgets?
 Can signal disruption _____ adjacent _____ why _____ internet keeps _____ ?
 _____ keeps cutting out, could it _____ due _____ adjacent devices?
 Is it _____ web _____ being interfered _____ neighboring electronics?
 Some equipment is _____.
 _____ peripheral _____ affecting _____ network?
 _____ signals can cause internet _____ go _____.
 _____ the cause _____ devices _____ internet?
 _____ a question _____ my _____ connection drops due to _____.
 I _____ if _____ disruptions _____ adjacent _____ why _____ doesn't work.
 Is signal disruption _____ the reason my _____ out?
 _____ am _____ if the dropping _____ my internet _____ due _____ nearby _____ interfering _____ the _____.
 Is _____ due to _____ interfering with _____ signal reception?
 _____ get _____ by gadgets nearby?
 Is my internet _____ due to _____ ?
 Equipment _____ to the _____ interfering _____ it.
 _____ from _____ devices _____ cause _____ internet connection _____ down.
 _____ access _____ be being interfered _____ by _____
 I _____ if _____ due to nearby devices _____.
 _____ wonder _____ devices _____ cause my internet connection _____.
 _____ nearby _____ might _____ a drop _____ internet connection.
 Nearby _____ causing trouble in _____.
 Are _____ causing my _____ connection _____ ?
 _____ if _____ internet _____ drops due to _____ devices.
 _____ possible _____ interference _____ is to blame for the drop in internet _____.
 The internet _____ may _____ gadgets.
 _____ equipment nearby _____ internet connection.
 It's _____ signal interference _____ a nearby device is _____ drop in _____.
 _____ possible _____ the neighboring gadgets _____ the internet?

_____ internet dropped _____ nearby devices _____ the signal.

Am _____ because of _____ gadgets?

_____ my _____ dropping due to _____ from nearby _____?

Is _____ that _____ from _____ gadgets is hurting my _____?

A question about whether _____ due to _____.

Does _____ devices affect the _____ performance?

The _____ might be dropping due _____ signal _____ nearby _____.

_____ neighboring _____ harder for me _____ access the _____?

A _____ regarding whether my internet _____ devices _____.

_____ the proximity _____ other _____ affect my _____?

_____ if _____ internet connection drops _____ of _____ interfering.

_____ the _____ weak because _____ the _____ disruptions _____ me?

_____ wonder _____ peripheral devices are _____ my _____.

It sounds like _____ to local _____.

_____ my network down _____ interference?

_____ not sure if _____ killing my _____.

_____ from adjacent _____ the _____ for _____ internet cutting out?

The internet connection may be _____ of _____ interference _____.

_____ be affecting my _____

_____ tech _____ causing _____ with _____ internet.

_____ proximity of my _____ devices affect my _____?

There is a _____ about _____ the internet _____ devices.

_____ connection _____ because of _____ from nearby device.

_____ culprit behind the _____ drops _____ internet connection _____ gadgets?

_____ my _____ by the proximity of nearby _____?

Is it possible that _____ are _____?

_____ wonder if _____ internet is _____ because _____ devices _____ the _____ reception.

_____ internet dropping _____ of _____?

Local _____ can cause internet _____.

_____ nearby _____ blocking _____ connection?

_____ nearby _____ interfering with _____ internet?

_____ dropping because I'm near _____?

_____ it _____ connection's stability is _____ by neighboring electronics?

There are nearby _____ interfering _____

_____ fall because of _____ from nearby devices.

_____ internet connection _____ of _____ from nearby devices.

_____ internet _____ dropping _____ nearby devices?

_____ nearby _____ interfering with _____ internet.

I _____ if _____ internet is _____ nearby devices.

_____ door disrupt _____ internet?

_____ slow _____ been influenced by _____ gear.

_____ internet _____ local signals?

My internet keeps _____ out, _____ disruption from adjacent _____?

What's _____ devices _____ the internet?

_____ tech _____ be _____ on _____ internet.

_____ wi-fi _____ to gadgets _____ messing up the signal?

My internet _____ may _____ dropping _____ from a nearby device.

Is it _____ that neighboring electronics are _____?

_____ dropped because of nearby _____ with the _____.

_____ internet connection not working _____ interference _____ devices?

Is _____ interference causing my internet _____ down?
I _____ know _____ internet _____ drops due to nearby _____.
Is _____ affected _____ devices?
Can signal _____ from _____ internet?
_____ if _____ disruption _____ adjacent devices could _____ internet _____ not working.
Could disrupted devices _____ why _____ keeps _____?
Is _____ from nearby _____ that _____ the wi-fi _____?
_____ connection could _____ because of _____ interference from a _____.
The presence of _____ devices _____.
_____ internet _____ may _____ due to _____ interference _____ nearby device.
_____ wi-fi reliability _____ my peripheral devices?
_____ interfering with _____ connection?
_____ being near _____ devices _____ my internet to _____?
signal interference _____ my _____ fall.
_____ from other gadgets?
_____ peripheral devices _____ my _____?
Is _____ because of _____?
I wonder if _____ internet _____ due to nearby _____ signal _____.
There is _____ chance _____ are _____ with my _____.
Is _____ impacted by peripheral _____?
Is _____ an issue _____ internet _____ local _____ signals?
Are there _____ that _____ connection?
_____ other _____ cause my _____ to _____?
What's _____ next _____ to disrupt _____?
_____ possible that _____ are affecting _____ access?
Can nearby devices _____ connection to _____?
Is _____ wi-fi because _____ next _____ messed up the _____?
_____ if _____ internet was _____ to nearby _____ interfering _____ the signal reception.
Is _____ connection _____ drop _____ nearby devices _____ signal interference?
Devices _____ the _____?
Is my _____ connection _____ by _____?
_____ from the _____ device _____ to _____ for the dropped _____.
Is device _____ online _____?
_____ possible that signal interference _____ affecting my internet?
_____ nearby _____ to _____ my internet connection.
Is _____ other _____ effecting _____ internet?
web _____ affected _____ neighboring electronics
I wonder _____ gadgets _____ affecting _____ internet _____.
_____ internet down due _____ nearby _____ with the _____?
_____ the signal poor _____ close by?
_____ technology interfering _____ my web _____?
It _____ that the _____ due to _____ devices.
_____ of my _____ impacted by peripheral _____?
It _____ possible that the _____ from _____ device caused _____ to _____ down.
_____ nearby _____ affect internet _____?
_____ internet connection may be dropping _____.
Is the _____ due _____ devices?
Does _____ presence of more _____ device affect _____?
_____ dropping of _____ due _____ my nearby devices?
_____ my internet _____ drop _____ nearby devices _____ it?

_____ nearby affects _____?

Is there _____ chance that _____ are _____ my _____ connection _____?

Is my _____ malfunctioning because _____?

The _____ might be _____ internet connection.

Is _____ wi-fi _____ to gadgets _____ door messing _____ the _____?

Is there _____ with _____ link via _____?

My internet _____ due _____ gear.

I wonder if _____ are _____.

_____ with internet

Has the _____ of _____ devices?

Is _____ wi-fi reliability _____ devices?

_____ nearby gadgets _____ my _____?

_____ wi-fi _____ negatively _____ by _____ devices?

Is it _____ neighboring electronics _____ with my _____ connection?

_____ is _____ nearby device that could _____ blame for _____ drop in _____ connection.

Nearby tech _____ causing _____ the _____.

Local _____ cause internet _____ problems.

_____ is possible _____ the _____ from the _____ is _____ blame _____ dropped internet _____.

_____ nearby _____ be _____ in my internet _____?

Are _____ my connection?

_____ my wi-fi _____ being _____ devices?

_____ signal _____ other _____ my internet?

Did _____ connection drop because _____?

Is _____ interference _____ other _____ my _____?

_____ door _____ the internet, _____ it?

I _____ know if my _____ due to _____ interfering.

Did I _____ of _____ gadgets?

Due _____ close devices, _____ malfunctioning?

I _____ know _____ nearby _____ are _____ my _____ connection.

The drop _____ connection _____ caused by interference _____ nearby _____.

_____ nearby _____ my connections?

I _____ signal _____ of _____ gadgets.

_____ possible _____ are _____ with _____ access.

signal interference _____ nearby device could _____ internet connection _____

_____ the _____ dropping _____ device interference?

_____ causing _____ on the _____?

Could _____ electronics _____ the internet?

Is _____ reliability changing _____ devices?

_____ wonder _____ the _____ is dropping _____ nearby _____ interfering with signal _____.

Local competing _____ for internet link _____.

The _____ may be _____ of interference _____ a _____ device.

signal _____ from _____ cause _____ internet connection to _____.

_____ interference from _____ devices _____ make my _____ connection _____.

The interference from the _____ device might _____ in connection.

_____ neighboring _____ making _____ to _____ my internet?

_____ interference _____ my _____ connection to _____

I wonder if _____ connection _____ because _____ interference.

Is the _____ drops _____ my _____ connection related _____?

_____ affected by equipment _____?

Is signal _____ other _____ my internet?

Is _____ internet connection malfunctioning _____?

What is the _____ with _____ next _____?

The interference from nearby device _____ the _____ the _____ in _____.

_____ connection _____ by _____ nearby devices _____ with it?

signal _____ could _____ to blame _____ internet connection dropping.

_____ tech may _____ with _____ internet.

The internet _____ down due to _____ interference _____ device.

_____ equipment _____ with the _____ connection.

Is _____ internet connection is not stable _____ electronics?

The _____ link _____ by local _____.

There _____ nearby _____ might interfere with _____.

Did _____ interfere _____ connection?

Can some _____ cause _____ internet connection to _____?

I _____ if _____ internet _____ due _____ interference from nearby devices.

_____ from nearby device could be to blame _____ in _____

_____ it was due _____ nearby _____ interfering with _____ signal.

Is _____ nearby _____ is _____ the wi-fi problems?

_____ affecting my _____ service?

_____ my _____ because of _____ from other devices

_____ may be causing _____ for _____.

Is my internet _____ of signal _____ nearby _____?

Is my _____ gadgets next _____ messed up _____ signal?

Perhaps _____ tech is _____ the _____?

The _____ might be _____ because nearby _____ interfering _____ the _____.

There is _____ regarding _____ connection drops due _____ devices interfering.

_____ wi-fi _____ next door _____ up the signal?

I am wondering _____ it _____ due _____ nearby _____ the signal _____.

_____ have _____ regarding whether my _____ connection drops _____ to nearby _____.

_____ equipment _____ interfering with _____ internet.

I _____ losing _____ of _____ gadgets

I am wondering if _____ connection is _____.

I was _____ if _____ connection _____ due to nearby _____.

I _____ dropping _____ due to nearby devices interfering.

_____ web _____ neighboring electronics?

Is _____ internet _____ gadgets close _____?

My _____ connection may _____ because _____ from the _____ device.

Does _____ presence of other _____?

Is signal _____ from adjacent _____ internet doesn't _____?

_____ could be _____ my _____.

signal interference _____ nearby devices _____ a drop _____ my _____.

_____ interference affecting _____ connections?

_____ the internet dropping _____ to the nearby _____ signal _____?

Is there _____ interrupted _____ competing signals?

_____ I lose _____ other gadgets?

_____ the _____ my internet connection _____ to _____ gadgets?

Is my _____ to nearby devices _____?

Is signal _____ adjacent devices why _____ internet _____?

Is my weak _____ because _____ next _____ up?

_____ equipment nearby that _____ be _____ with internet _____.

Has my _____ impacted _____ devices?

____ the ____ of more ____ one device ____ ____?
 Am ____ losing ____ of other ____?
 ____ the presence ____ other devices get ____ of ____?
 signal interference from ____ may ____ the ____ for ____ internet connection.
 ____ proximity of other ____ internet?
 Nearby ____ for the network.
 My ____ to nearby ____ interfering ____ signal reception.
 Is signal ____ from ____ blame for ____ internet cutting ____?
 ____ the ____ weak due to ____ me?
 I wonder ____ signal disruption from ____ devices ____ why my ____ ____.
 ____ internet connection dropping ____ the nearby ____?
 Does ____ disruption ____ adjacent ____ explain ____ my ____ isn't ____?
 There ____ internet ____ via ____ competing ____.
 ____ interference causing my ____ down?
 The internet ____ with ____ neighboring electronics.
 Is it possible that ____ stability ____ disrupted ____ electronics?
 Local competing signals ____ link ____.
 I ____ my ____ accessibilities ____ by neighboring technology.
 I need ____ my internet connection ____ to ____ devices.
 ____ if the ____ internet ____ due ____ nearby devices ____ with the ____.
 The ____ be ____ because of ____ from the ____ device.
 Does ____ presence ____ affect ____ fidelity of the ____?
 Can ____ devices ____ to down?
 Is ____ interference ____ nearby gadgets ____ the problems ____ wi-fi?
 Is ____ presence ____ other devices ____ the availability ____?
 Does ____ other devices ____ internet ____?
 ____ internet ____ be affected by ____.
 The interference ____ nearby device ____ the internet ____ to ____.
 Is ____ dropping because ____ nearby?
 It ____ possible that signal interference ____ to blame for ____ dropping.
 I wonder ____ are ____ internet connection's stability.
 ____ are ____ issues via ____ signals.
 ____ nearby ____ the web ____?
 ____ interfering with an internet ____?
 ____ of other devices ____ my ____ down?
 ____ acting ____ or ____ junk is messing ____ my connection?
 ____ might be dropping because ____ devices are ____ with ____.
 ____ from ____ device might ____ to ____ for the ____ in ____ connection.
 Are ____ causing my ____ fall?
 ____ competing signals could ____ blame for ____ link ____.
 There are nearby ____ might ____ with ____.
 ____ possible ____ signal ____ my ____ is affecting my internet?
 ____ may have ____ to nearby ____ with the signal ____.
 ____ internet is ____ up, ____ is ____ with my ____.
 ____ my ____ connection ____ down ____ interference?
 I ____ adjacent devices could ____ my internet keeps cutting ____.
 ____ internet ____ of nearby ____ interfering with the ____?
 It ____ possible ____ is causing ____ problems.
 My ____ drops due to ____ interference from ____.
 The internet ____ dropping ____ to ____ interfering ____ the signal.

Something _____ my _____ due to _____.
 _____ interference _____ nearby _____ may _____ cause of the internet _____.
 _____ be causing problems for _____.
 Is _____ internet connection _____ nearby _____?
 The internet may have dropped _____ devices _____ reception.
 _____ be _____ my _____ is malfunctioning _____ to _____ devices?
 _____ could be _____ of internet link disruptions.
 It _____ be that tech nearby _____ internet.
 _____ gadgets _____ the cause of the wi-fi problems?
 The _____ nearby devices interfered _____ signal.
 Is my _____ devices nearby?
 Is my internet connection _____ of _____ devices?
 _____ hurt by _____ devices?
 _____ interference from _____ internet connection to drop.
 _____ wonder _____ the _____ dropped due _____ nearby _____ interfering with _____ signal _____.
 _____ wondering _____ internet connection _____ because of nearby _____.
 Is it possible _____ devices _____ killing _____?
 Is _____ due to _____ from other devices?
 _____ connection may _____ down due to signal _____ nearby _____.
 There's _____ question about _____ my internet _____ of _____ devices.
 Is _____ true _____ internet _____ due _____ nearby devices?
 _____ internet is _____ nearby junk _____ my connection.
 Is _____ behind intermittent _____ internet connection _____ neighboring gadgets?
 _____ my net due to _____
 _____ my _____ wi-fi _____ dumb gadgets next door screw _____?
 _____ devices cause _____ to lose _____ internet _____?
 Do _____ wi-fi _____ my _____ gadgets?
 _____ nearby gadgets affect _____?
 Is the _____ nearby _____ interfering with _____ reception?
 Is my _____ hampered _____ gadgets?
 _____ wonder _____ dropped internet _____ due _____ nearby devices interfering with _____.
 It _____ that the interference _____ nearby device _____ to blame _____ the _____ in _____.
 _____ are nearby _____ interfere with internet _____.
 Is _____ affected _____ devices proximity?
 Is it interference _____ gadgets that _____ causing _____?
 There _____ tech _____ may be causing trouble _____.
 The _____ connection _____ be down _____ interference _____ nearby device.
 I am _____ if my internet connection _____ devices _____.
 _____ being _____ other devices _____ internet?
 Is _____ drops _____ speed?
 I'm _____ if interrupted browsing is _____.
 _____ the wi-fi _____ affected _____ peripheral _____?
 _____ signal interference _____ be the cause _____ my _____.
 Equipment _____ internet connection _____ it?
 _____ my _____ connection _____ affected _____ interference from other _____?
 Is _____ disruption _____ the reason my _____ work?
 _____ my net?
 Are some gadgets _____ my _____?
 The _____ be dropping _____ interfering with the reception.
 _____ internet _____ interfered with by _____?

Is signal interference _____ affecting _____?

_____ my wi-fi _____ of _____ interference?

_____ nearby _____ my _____ connection drop?

Is _____ adversely affected _____ neighboring _____?

_____ my _____ dropping _____ result of _____ interference?

I wonder if _____ disruption _____ adjacent devices _____ internet _____ not _____.

Is _____ neighbor _____ cause intermittent drops _____ internet connection.
