

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Installation and set-up assistance
Inquiry Sub-Category	DVR or set-top box configuration
Description	Customers may have questions about setting up and configuring their DVR or set-top box, including managing storage space, recording schedules, and accessing on-demand content.
Data Size	5,001 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

How can we _____ power outages while _____ recorder (DVR)?
 _____ is _____ best _____ to prevent _____ loss _____ the _____?
 Do _____ keep _____ recordings in _____ outages?
 Is it _____ ensure _____ recordings with _____ video _____ power failures?
 _____ the _____ not _____ interrupt during power failures?
 _____ should _____ our _____ recorder _____ if we _____ our power?
 _____ we guarantee a recording _____ power cut if _____ digital video _____ was _____?
 _____ isn't a _____ source _____ the _____ can _____ done to _____ the recorded video _____?
 Can _____ DVR keep recording _____ power _____ off?
 In the _____ a power _____ how do _____ recordings on _____ video _____?
 _____ the _____ of _____ disruptions, we _____ make _____ with a DVR as _____ we _____.
 _____ the event _____ disruptions, what can we _____ in order _____ continuous _____ with _____ as good _____?
 _____ can we _____ in order to _____ continuous _____ a _____ as _____ in the event _____ power _____?
 _____ that my recordings _____ during power failures with a _____ recording device?
 _____ should we keep the digital _____ recorder _____ goes _____?
 In _____ event _____ disruptions, _____ we do _____ continuous recording _____ a recorder as _____ as _____?
 _____ failures _____ there a way to make _____ DVR recordings _____ interrupted?
 _____ the _____ power _____ can _____ make continuous _____ a DVR as _____ possible.
 In _____ power disruptions, what can _____ do to _____ a _____ better?
 What _____ we _____ of _____ disruptions _____ continuous recording _____ a DVR as _____ can be?
 _____ the event of _____ disruptions, _____ we make recordings _____ a _____ possible?
 _____ we keep videos _____ recorder _____ power cuts?
 During _____ there a _____ make DVR _____ less vulnerable to _____?
 _____ we _____ the digital video _____ running _____ power goes _____?
 _____ keep _____ recordings on a digital _____ recorder during _____?
 _____ it _____ keep DVR recordings _____ during _____ shortages?
 In the event of a power _____ recordings continuous on _____?
 _____ it _____ to keep _____ recordings intact _____ losses?

Can _____ keep up _____ the _____ when _____ goes out?
 _____ it possible _____ with DVR recordings _____ power goes _____?
 _____ of _____ interruptions what _____ be used to capture _____ DVR?
 What can _____ to make continuous _____ with a DVR painless _____?
 Is _____ possible _____ of DVR _____ during power _____?
 When _____ with power cuts _____ using a _____ device, _____ we maximize _____?
 _____ there is _____ for the _____ what can _____ keep it going?
 _____ digital video recorder was used _____ outages, how _____ we make _____ was still _____ quality?
 In the event of power _____ are _____ to capture _____ the _____?
 Is _____ to keep recording on _____ digital _____ a power _____?
 _____ the event _____ power _____ what _____ we _____ make continuous _____ possible _____ DVR?
 _____ it possible _____ guarantee constant _____ a _____ video recorder during _____?
 _____ the _____ of _____ disruptions, _____ we make continuous recording with _____ DVR _____?
 _____ DVR _____ to _____ recording during a _____ loss?
 _____ you record _____ continuously _____ disruptions?
 _____ without electricity, _____ are _____ measures that can _____ continuous footage _____ DVR?
 In the event _____ power _____ we _____ on our video _____?
 Ensuring constant video _____ a _____ during _____?
 Can _____ sustain _____ recordings _____ digital video _____ during power _____?
 _____ we _____ sure the _____ video recorder _____ continuously during power _____?
 _____ we _____ certain that the _____ video recorder _____ the _____ outage?
 _____ the event _____ disruptions, can we _____ recording with _____ good as it can _____?
 In the _____ of _____ outages, how do _____ recorder running?
 If _____ supply _____ can we guarantee _____ recording _____ video?
 Does your _____ during electrical _____?
 _____ do to make continuous recording with _____ as _____ as _____ of power disruptions.
 Is it _____ constant recordings with a _____ video _____ power _____?
 How can I _____ that _____ safe _____ power _____ digital video _____ device?
 _____ event of _____ what _____ we do _____ make continuous recording with a _____ good _____ could _____?
 How _____ I make _____ my _____ stay _____ failures with _____ recorder?
 _____ of _____ interruption, _____ strategies will you use to _____ the footage _____?
 _____ do _____ recording _____ with a _____ in the event of _____ disruptions?
 How _____ record _____ power _____ with a recorder?
 During power loss, _____ recordings _____ a DVR?
 _____ failures is there _____ to _____ DVR recordings _____ interrupt?
 What can _____ to make _____ footage with _____ not interrupted?
 Is _____ possible _____ guarantee _____ recordings with a _____ video _____ a _____?
 _____ you tell _____ to prevent _____ in _____ using a DVR?
 Is _____ possible _____ guarantee continuous _____ with _____ recorder during power _____?
 Is it _____ for recordings _____ during power failures _____ digital _____?
 Is _____ a _____ make continuous _____ with _____ DVR as good as _____ the event _____?
 _____ power cuts and _____ video recorder, how _____ maximize continuous recording?
 _____ capabilities _____ relying on your DVR _____ issues?
 _____ power _____ out, _____ should I do _____ guarantee continuous recordings _____ digital _____?
 How _____ guarantee _____ during _____ power _____ video recorder was used to record it?
 _____ electricity _____ out suddenly, _____ important to _____ a seamless recording _____.
 When there _____ what can _____ done _____ recorded video on the _____?
 _____ no electrical _____ what _____ do _____ keep _____ recorded video _____ the recorder going?
 Can _____ DVR recordings _____ during power failures?
 _____ failures, _____ the recordings of the DVR _____?

How ____ we ____ the video recorder was ____ power ____?

Is there ____ prevent the DVR recordings from ____ interrupted ____?

If ____ are ____ what can ____ make continuous recording with ____ DVR as good ____?

____ could we guarantee ____ recording ____ power ____ since the digital ____ recorder ____ during ____ outages?

____ your ____ record ____ even in ____?

____ we guarantee ____ recording ____ power cut ____ used the digital video recorder ____?

____ with power ____ is recording ____ when ____ DVR?

____ should we ____ recorder even if our ____ goes ____?

____ event of power disruptions we ____ with ____ DVR.

In the ____ a power ____ do we make ____ our recordings ____?

____ suddenly goes ____ can we ____ continuous, ____ recording of digital ____ recorders?

Which actions should ____ continuous recordings ____ recorder ____ the power ____ out?

During ____ failures ____ keep the ____ on ____ DVR?

____ the power ____ should ____ do to ____ my recorder ____?

If electricity ____ to make seamless ____ a DVR.

In the ____ of ____ outage, ____ DVR.

Even ____ what ____ done ____ ensure ____ with a DVR?

How to ____ video ____ a ____ failure?

____ event of power ____ can ____ do ____ make recording continuously with a ____ as ____?

____ can ____ make ____ recording with a ____ as ____ possibly ____ in the event ____ power disruptions?

____ it possible ____ recorded video ____ going ____ there is no power?

Ensuring ____ video ____ power ____?

Is my ____ able ____ cuts?

____ electricity ____ suddenly, it's necessary ____ a ____ recording on ____ DVR.

____ power loss, should we ____ constant ____ DVR?

____ can ____ make my ____ safe ____ power ____ with ____ digital video ____?

____ we guarantee continuous ____ digital ____ a power cut?

____ be ____ to prevent the ____ DVR recordings?

____ we ____ up ____ the recordings ____ recorder in ____ of ____ power outage?

If electricity supplies ____ down, ____ continuous, unimpeded ____ of digital ____?

During ____ should the ____ recordings be ____ the ____?

Is ____ way ____ make the ____ recordings less ____ failure?

How do ____ record when ____ with my ____ video ____?

If electricity supply ____ goes out, ____ unimpeded recording ____ digital ____?

Is ____ for my ____ to ____ through ____ outage?

How can ____ my recordings stay safe ____ with my digital ____?

____ the power ____ out, which actions ____ take ____ video recorder ____?

During power disruptions, what ____ we ____ continuous ____ with ____?

____ of power disruptions, what ____ we do to ____ recording with a ____ as ____.

If electricity ____ suddenly, it is ____ have ____ recording ____ DVR.

Can I ____ recordings ____ my ____ a ____ outage?

Even though ____ can ____ DVR ____ continuous recordings?

When faced with power cuts, ____ continuous ____ through ____ of ____ digital Video ____ device?

____ the event ____ power ____ how do we maintain our ____ recorder?

Can ____ make ____ recording with ____ DVR ____ as it could be in ____ of ____?

____ I keep recordings ____ my ____ power ____ out?

____ electricity supply ____ function, can we ____ recording ____ digital ____ recorders?

During power ____ do to guarantee ____ with a ____?

When ____ power cuts and ____ a ____ do we ____ recording?

____ goes off, can we guarantee ____ smooth ____?

_____ a digital video _____ can we ensure continuous recordings _____?

_____ can _____ sure _____ survive power failures with _____ recorder?

_____ a _____ regarding _____ with DVR recordings during _____.

_____ power interruptions, what _____ be used to ensure _____ on the _____?

_____ done to keep the recorded video _____ DVR going _____ power?

_____ can I _____ recordings are safe _____ failures with a _____ recording _____?

Can _____ failures cause the _____ recordings _____ be _____?

What can _____ to _____ recorded _____ the DVR going while _____ is _____?

When there _____ power _____ for the _____ done to keep _____ going?

How _____ we _____ a _____ quality of recordings _____ use _____ video recorder during _____ outages?

_____ we _____ sure _____ digital _____ recorder was recorded continuously _____ outages?

_____ actions should I _____ continuous recordings on _____ recorder if _____ goes _____?

Which _____ be taken _____ guarantee _____ recordings on _____ recorder if _____ goes _____?

_____ record through _____ disruptions?

_____ seamless _____ even if electricity goes out.

_____ a _____ to make DVR _____ less interruption _____ during _____?

We _____ know how to _____ on _____ recorder during _____.

What _____ we do _____ continuous recording with _____ DVR _____ good as _____ when the _____?

_____ a question _____ how to prevent interruption of _____ power _____.

_____ occurs, _____ the DVR keep recording?

_____ the _____ on our recorder _____ a power failure?

How could we _____ sure _____ video recorder _____ up during _____?

How _____ keep _____ with our _____ video _____ the event of a _____ failure?

Is it _____ to _____ recordings during _____ losses?

_____ can _____ make sure that _____ remain _____ power failures with a _____ recording _____?

_____ there a _____ power failures _____ DVR recordings?

Do you know a _____ make _____ buggy _____ power failures?

_____ power goes out, what actions _____ continuous recordings on _____ digital video _____

Is your _____ to _____ when _____ power goes _____?

_____ a way to _____ DVR _____ during power failures.

When _____ with _____ cuts, how _____ we _____ continuous recording _____ a digital _____ Recording device?

In _____ of a power _____ with _____ DVR.

_____ the DVR capable _____ continuous recordings even _____?

How could _____ that the digital video _____ would stay _____?

_____ how to preserve _____ on _____ during electricity breaks.

Can _____ sure that _____ safe during power _____ with _____ recorder?

When faced with power cuts, how do _____ continuous _____ digital video _____?

Is there _____ to _____ DVR _____ alive during power _____?

How _____ you keep _____ video _____ during a power _____?

The _____ interrupted _____ power failures.

When _____ loss _____ can the _____ keep _____?

How _____ we maximize continuous recording when faced with _____ of _____ Video _____ device?

In _____ of _____ power outage, you should _____ non-stop _____.

_____ we _____ up with the recordings _____ recorder after _____?

_____ prevent the interruption of _____ during _____ failures?

_____ the _____ during a power _____?

_____ keep up with _____ video recorder _____ times of power _____?

_____ sure _____ my recordings _____ safe during power _____ with _____ digital _____ recorder?

When _____ electricity _____ off, _____ sure our _____ captures _____ continuous?

How _____ we _____ video recorder _____ running if _____ power?

_____ possible to ensure _____ recordings during _____ losses?

What _____ be _____ the recorded _____ on _____ when there _____ an electrical power source?

_____ of a power _____ can we do _____ continuous _____ DVR as good _____ it could be?

In the _____ of _____ power _____ keep up _____ recordings _____ the video _____?

_____ could we make sure _____ the _____ recorded continuously _____ the _____?

Can we guarantee _____ recordings _____ a _____ video recorder _____?

_____ it possible _____ video recordings during power _____?

_____ use _____ DVR in _____ event of power _____?

When _____ power cuts, how _____ use a digital video recording _____?

_____ up with _____ recordings _____ our _____ a power failure?

_____ there's no _____ power, _____ can be _____ on the recorder intact?

_____ power _____ what _____ will be _____ to keep _____ footage on _____ DVR?

In _____ event of _____ what _____ to _____ the continuous recording with _____ DVR as good _____?

If electricity _____ suddenly, it's important that the _____ on _____.

If _____ is _____ suddenly, _____ is _____ ensure a _____ recording _____ DVR.

How can I _____ on a digital _____ during _____?

_____ power _____ maintaining _____ recording _____ a _____.

_____ continuous _____ on my _____ if _____ goes out?

_____ DVR record _____ electrical failures?

In the _____ of a power _____ how _____ on _____ digital video _____?

_____ the _____ way to keep _____ a digital video _____ during a _____?

_____ failures, how _____ continuous recording _____ the DVR?

Is there _____ way _____ make the DVR _____ power _____?

_____ there any way to _____ interference with _____ power _____?

_____ could we _____ during a _____ we had used the digital video recorder during _____?

_____ measures can be taken _____ make sure _____ record _____ a _____.

If _____ goes out, _____ non-stop _____ a _____.

In the event of a _____ outage, how _____ our _____ continuous _____?

What can _____ do _____ recording _____ DVR _____ in the event _____ power failure?

How _____ prevent disruptions due _____ power _____ DVR?

How could _____ the digital _____ recorder _____ outage?

In _____ power disruptions we can _____ recording with a _____ painless _____.

Is _____ a _____ to ensure constant _____ power _____?

_____ power cuts _____ a digital _____ device, how do _____ maximize continuous _____?

_____ power _____ out, what _____ do to _____ on my recorder?

_____ can _____ done to _____ the recorded _____ on _____ going _____ there _____ not a _____ source.

When the electricity _____ we _____ uninterrupted _____ capture?

How _____ record _____ during _____ disruptions _____ DVR?

_____ the _____ should I take to _____ continuous _____ my video recorder.

It _____ possible _____ keep DVR recordings _____ outages.

In _____ of power disruptions, _____ strategies _____ to capture _____ footage _____ the _____?

_____ the _____ of power _____ we _____ continuous _____ with a _____ as _____ reliable?

_____ up _____ recordings on _____ video recorder when the _____ out?

_____ power, _____ can _____ done to _____ the _____ video on the DVR?

_____ to _____ disruptions in DVR recordings _____ power outages?

_____ the _____ power _____ what _____ we do _____ make continuous recording _____ DVR _____?

How _____ I _____ my _____ stay _____ my digital video recorder?

How _____ digital video _____ if our power _____ away?

_____ the electricity _____ suddenly _____ down, can _____ guarantee _____ unimpeded _____?

How could we make _____ that _____ video _____ during power _____?

_____ we guarantee _____ a _____ video recorder _____ power disruptions?
 _____ be difficult _____ the recorded video on _____ going when _____ electrical power.
 During _____ power outages, the digital _____ record, how _____ make _____ it would still _____ good?
 How to _____ DVR _____ being _____ during _____ failures?
 _____ are power _____ with my _____ recorder, how do _____ the _____ done?
 _____ during _____ what steps _____ be taken to ensure seamless _____?
 _____ power failures, _____ any way to prevent interference _____?
 _____ faced with _____ cuts, how do we maximize _____ recording and _____ of _____ device?
 In _____ power disruptions, what can _____ do _____ make _____ continuous _____ a _____?
 If there is _____ power _____ non-stop with _____ DVR.
 _____ case of power _____ do to _____ with a _____ painless and _____?
 How can continuous recordings _____ digital _____ cuts?
 Is _____ way to _____ recordings intact _____ failures?
 _____ power failures, is _____ to keep the _____?
 _____ a DVR _____ continuous _____ even _____?
 _____ is no electrical power _____ to keep _____ recorded video _____ DVR going?
 _____ the _____ of power disruptions, what should we _____ to _____ with a DVR _____ good _____?
 Is _____ record video continuously _____ power disruptions?
 If _____ power goes out, can we _____ with _____ as _____ possible?
 In case of _____ interruptions, _____ are _____ ways _____ capture the _____ on _____?
 _____ should stay intact _____ power _____.
 In the _____ of a _____ failure, _____ keep _____ recordings continuous _____ our _____?
 Is _____ ensure _____ recordings _____ digital _____ recorder during power cuts?
 _____ could we guarantee _____ recording _____ another power cut _____ recorder _____ used _____ record?
 _____ it _____ keep recording _____ a digital _____ during a _____ cut?
 During power loss, _____ possible to ensure _____?
 Is _____ to _____ DVR recordings _____ during _____ cuts?
 _____ event _____ power _____ make _____ continuous with a DVR as good _____?
 _____ is lost _____ important that the _____ is seamless _____ DVR.
 Ensuring _____ recordings _____ DVR are _____?
 _____ there _____ way _____ prevent _____ recordings during power outages?
 _____ we guarantee a _____ power cut if we _____ the digital _____?
 _____ power _____ we ensure _____ recordings?
 During the power outages, the _____ recorder _____ to _____ how could we make _____ was _____?
 _____ power _____ the _____ recordings continue?
 _____ the _____ we do to _____ continuous _____ with a DVR as good as _____?
 During the _____ outages, _____ recorder was _____ record, how could _____ its _____?
 _____ maximize continuous recording _____ with _____ and use a _____ Recording device?
 _____ to _____ continuously on the _____ failures?
 Is _____ way to _____ less _____ during power failures.
 During power failures, _____ we _____ recordings less _____?
 Is _____ possible to record _____ power failures?
 _____ the _____ disruptions, what do we do _____ make _____ recording with a _____ as good _____?
 Is _____ possible to _____ a _____ when _____ electricity _____?
 _____ sustaining steady _____ a DVR.
 _____ is no _____ can _____ done _____ keep the _____ video _____ the _____ going?
 Do _____ know how to _____ recordings _____ vulnerable to _____ interrupted _____ failures?
 During the _____ outages, the _____ video _____ was _____ record, _____ we _____ still be in _____ quality?
 How _____ keep _____ recordings _____ interrupted _____ power disruptions?
 _____ I _____ that _____ stay safe during _____ failures _____ a digital _____?

_____ power _____ and the _____ a Digital _____ Recording device, how _____ we maximize _____ recording?

_____ case of power _____ what strategies will _____ used _____ the _____ on _____?

_____ of a _____ we keep our _____ on our recorder?

_____ power disruptions _____ we _____ make continuous recording _____ DVR as good _____ possible?

Can we _____ up _____ recordings on the _____ of _____ losses?

_____ could we make sure that _____ was _____ during _____ power _____?

_____ could we _____ sure that _____ would _____ during the _____ outage?

What are _____ best _____ capture footage _____ the DVR _____ disruptions?

In the _____ power disruptions, what should we _____ make _____ a DVR as _____ as _____?

What _____ be _____ to _____ recorded _____ on the _____ when the _____ is _____?

_____ can _____ to keep the recorded _____ the recorder going _____ electricity?

_____ should _____ be lost during _____ outage.

_____ the _____ of a _____ loss, _____ can we do to _____ continuous recording _____ DVR _____ good _____?

_____ could we be sure _____ video recorder _____ the _____ outages?

Can _____ keep up _____ on our video _____ of _____ cuts?

_____ that the _____ video _____ would stay up during the _____?

_____ DVR able to record _____ power _____?

Will _____ be a way _____ prevent _____ DVR _____ power _____?

_____ could we _____ the digital _____ during _____ power _____?

_____ power _____ how to sustain continuous _____ digital video _____?

_____ to make continuous recording with _____ DVR _____ event _____ power disruptions?

_____ keep _____ with the recordings _____ video recorder in times _____?

_____ a _____ recordings _____ power?

During power _____ there a _____ to _____ DVR _____ going?

_____ could _____ that the _____ recorder wouldn't _____ during _____ power outages?

During power failures, is _____ vulnerable to being disrupted?

_____ the event of _____ what _____ we _____ continuous _____ with a DVR as _____ can be.

In case of _____ disruptions, _____ continuous recording with a _____ as _____ be?

_____ video _____ power losses?

What _____ to _____ recording _____ a DVR during _____ disruptions?

_____ with power cuts _____ use _____ digital video recording _____ we _____ continuous recording?

Is it _____ to prevent _____ being _____ during power _____?

_____ power outage, how do we keep _____ our recorder?

Is there a _____ prevent _____ being interrupted during _____ failure?

If _____ goes down, can we guarantee _____?

How can we _____ on _____ video recorder _____ failure?

During power _____ on a DVR?

If electricity _____ goes _____ continuous, _____ on digital video recorders?

How _____ continuous _____ on _____ video _____ when power _____ out?

_____ are _____ to ensure _____ TV recordings _____ DRV _____.

When the _____ goes out, _____ we keep _____ recordings _____ recorder?

What _____ to _____ continuous recording with the DVR _____ good _____ in _____ of power _____?

_____ the _____ video recorder _____ stay _____ interruption during the power _____.

_____ we maximize _____ faced with power cuts _____ how do _____ a digital video _____?

_____ electricity _____ off, _____ we guarantee _____ continuous _____ capture _____ a DVR?

_____ digital _____ recorder was used _____ record _____ outages, how _____ make sure _____ was _____ continuously?

_____ the _____ what _____ do to _____ continuous recording with a DVR _____ good _____ possible?

Is _____ prevent _____ failures from disrupting _____ recordings?

_____ possible to have _____ recordings _____ a _____ during power cuts?

If electricity _____ it's _____ for _____ recording on _____ DVR.

Is _____ to prevent _____ in _____ content _____ on _____ DVR?
 _____ DVR _____ power outages?

Is it _____ make recordings on _____ while _____ out?
 _____ it _____ have _____ recordings _____ my recorder _____ a _____ outage?

During _____ disruptions, what _____ we take _____ recording with _____ DVR?
 How _____ continuous _____ during _____ cuts on a _____ recorder?
 _____ recordings are _____ on _____ DVRs _____ power loss?

Is _____ possible _____ DVR _____ during a _____ loss?
 During _____ failures, _____ there be _____ way to _____ recordings less vulnerable _____ ?
 Is it _____ to ensure uninterrupted _____ DVRs when _____ ?
 Is _____ possible to _____ consistency when _____ and _____ loss?
 _____ done _____ sure there is _____ interruption _____ the footage with _____ DVR.

Amid _____ cuts, _____ to sustain _____ recordings _____ digital _____ recorder?
 _____ can we maximize _____ with power _____ and use a _____ Video _____ ?

When _____ is no electrical _____ what can _____ to maintain _____ continuous _____ the _____ ?
 When there's _____ with my digital video _____ I get _____ ?
 During _____ failures, _____ to keep _____ DVR _____ going?
 How _____ video continuously during _____ interruption?
 _____ there _____ to _____ sure that _____ content _____ when _____ a DVR?

Is _____ to guarantee continuous _____ a digital _____ during power _____ ?
 _____ power _____ can we _____ to _____ recording _____ a DVR?
 _____ could we ensure _____ recording _____ power cut when _____ digital _____ to record?
 _____ could we _____ during _____ power _____ the digital video _____ was _____ to record?
 _____ the _____ record while _____ is _____ power _____ ?

In _____ of power disruptions, can _____ recording with a _____ as _____ could _____ be?
 _____ of _____ outages, what _____ used to _____ footage on the _____ ?
 Can _____ DVR be _____ during _____ power _____ ?
 In _____ event _____ outage, _____ we keep _____ with our _____ on our video _____ ?
 When there _____ a _____ outage, can we keep _____ our _____ ?
 _____ it possible _____ keep up _____ the _____ on _____ power disruptions?
 How _____ I make sure _____ remain _____ power _____ with _____ digital _____ ?
 Even if _____ is _____ to ensure seamless _____ on _____ DVR.
 Is it _____ ensure _____ video _____ powerloss?

There are options to _____ loss _____ .
 _____ we have power _____ can we do _____ make _____ with a _____ as _____ possible?
 Can we _____ continuous _____ with a _____ as _____ power disruptions?
 _____ the _____ interruptions, what _____ do _____ make recording with a _____ painless _____ reliable?
 When faced with power cuts _____ a _____ device, how do we _____ ?
 _____ we _____ with a DVR _____ as possible in the case of power _____ ?
 Can we _____ with the recordings _____ of a power failure?
 Is _____ to record _____ loss _____ with the _____ ?
 _____ power, what can be _____ to _____ video recording on _____ DVR?

During the power _____ the _____ was used _____ record, _____ could _____ it would still _____ ?
 During power _____ measures _____ to make sure _____ are _____ with _____ recorder.
 How to record _____ with _____ DVR?
 _____ ensure my recordings stay _____ during power failures _____ recorder?
 _____ there _____ what can be _____ keep the _____ video _____ DVR going?
 _____ how to keep _____ our recorder during _____ breaks.
 _____ do we maximize _____ while facing _____ a digital Video _____ device?
 _____ the _____ outages, the digital video _____ was _____ to record, _____ good quality _____ recordings?

Is there a way to _____ interrupted recorded _____ ?

_____ I make _____ my recordings stay _____ failures with my _____ video recording _____ ?

If the power goes _____ should _____ take _____ continuous _____ on _____ video recorder?

_____ can _____ my _____ are safe during power failures with _____ recorder?

_____ power goes out, _____ I _____ up my recordings on _____ recorder?

How _____ keep up _____ my _____ recordings _____ power outage?

How to continuously _____ on _____ despite _____ ?

_____ power failures, _____ to not interrupt _____ recordings of _____ DVR?

When there is _____ electrical _____ can _____ maintain _____ continuous _____ recording _____ the DVR?

Ensuring _____ stay _____ the recorder _____ power is _____ ?

When _____ power went _____ the _____ video recorder _____ to record, _____ we _____ was in _____ shape?

_____ the power outages, _____ was used _____ record, how could _____ guarantee that _____ still be _____ ?

_____ outages, _____ digital video recorder was _____ to record, _____ could we make _____ would _____ quality?

In _____ event _____ power outage, _____ do _____ keep up with the recordings _____ video _____ ?

When using _____ during _____ what _____ should be _____ to ensure _____ ?

Can _____ DVR guarantee _____ recordings _____ no _____ ?

During _____ should _____ make video recordings _____ the _____ ?

Is _____ way _____ avoid _____ in _____ during power failures?

In the _____ a power _____ what _____ we _____ make continuous _____ a DVR _____ ?

If electricity _____ suddenly, _____ to ensure _____ recording on _____ .

_____ the _____ out, _____ your _____ keep recording?

Is _____ possible to keep _____ intact _____ power _____ ?

In the _____ what do _____ do to _____ recording _____ a DVR _____ as possible?

During power _____ how _____ prevent interruption _____ ?

In the _____ a _____ cut, _____ we keep _____ with _____ recordings _____ recorder?

When _____ no electrical power, what _____ be _____ keep _____ video recording _____ recorder _____ ?

_____ digital video recorder was _____ to _____ the power _____ could _____ sure it _____ still _____ quality?

Is _____ DVR _____ through _____ outages?

_____ electricity _____ goes down, _____ we _____ continuous, unimpeded _____ digital video _____ ?

Which actions should I take to _____ my _____ the _____ out?

_____ event _____ power _____ how can we _____ with a DVR _____ good as could _____ ?

_____ there a way to _____ the DVR recordings less _____ being _____ ?

During the _____ outages, the _____ video recorder _____ to _____ how _____ we _____ be in top _____ ?

_____ case of _____ interruptions, what should we do _____ footage _____ ?

Is _____ possible _____ my _____ stay _____ during _____ failures with _____ digital video _____ ?

_____ power _____ strategies will be used to keep _____ on the _____ ?

_____ power _____ and _____ use _____ digital video _____ device, _____ do _____ continuous recording?

When there _____ power, what _____ be _____ recording on the DVR?

Is it possible _____ a _____ recordings without _____ ?

_____ power _____ video _____ be _____ with a DVR?

_____ electricity supply suddenly goes down, _____ guarantee _____ of _____ ?

When _____ power _____ do we _____ the recordings on _____ ?

Is _____ to _____ DVR recordings _____ during power _____ ?

_____ make sure that the digital _____ stay without _____ power outages?

Is _____ a way _____ DVR recordings free _____ ?

If _____ power goes _____ actions should I _____ guarantee continuous _____ on _____ ?

How _____ we guarantee a _____ during _____ power _____ when we _____ a _____ ?

How _____ sure _____ digital video _____ away during the power _____ ?

_____ can _____ keep videos on _____ recorder _____ is _____ ?

We _____ we have continuous _____ with a DVR during _____ .

There are _____ to prevent _____ losses _____ disrupting _____.
 _____ way _____ DVR recordings out of harms way _____ power _____?
 _____ power interruption, _____ can we do _____ make _____ with _____ DVR as good _____ possible?
 In _____ event _____ power _____ how do we _____ recordings stay on our _____?
 _____ do you _____ capture _____ on _____ recorder _____ emergencies?
 _____ the _____ out, _____ recorder was used to _____ we make _____ it _____ still be quality?
 During power failures, _____ be a _____ to _____ DVR _____ interrupt?
 _____ a _____ to _____ power outages from _____ DVR _____?
 In case _____ we _____ continuous _____ with _____ DVR _____ good as _____ can?
 Is it _____ constant _____ recordings _____ power failure?
 _____ can be _____ that footage with a _____ is not _____ without _____?
 _____ can _____ do in _____ event _____ disruptions _____ with a DVR painless and reliable?
 _____ there a way _____ stop the _____ from _____ interrupted _____ failures?
 _____ failures, _____ a _____ to keep the _____ recordings on?
 _____ of power disruptions, _____ can we _____ to _____ recording _____ the DVR as good _____?
 How can we _____ recording _____ with _____ and _____ a _____ video recording _____?
 _____ there's no _____ power, _____ done _____ keep the recorded _____ on the _____?
 _____ a _____ to _____ DVR recordings unaffected _____ power failures?
 _____ can _____ recordings _____ during power failures _____ my digital _____?
 Is _____ possible _____ seamless recordings _____ a _____ with _____ digital _____ recorder?
 _____ be done to _____ the recorded _____ the DVR going when _____?
 _____ could _____ the _____ video _____ stayed up during _____ power _____?
 Measures can _____ make _____ we are recording _____ DVR during _____.
 _____ recording during power _____?
 Do you _____ intact _____ failures?
 _____ a way to _____ recordings _____ vulnerable _____ interruption during power _____.
 How _____ capture video on a recorder _____?
 Can _____ keep _____ recordings on _____ video _____ when the _____ goes out?
 During a power _____ the _____?
 In _____ the power goes out, what strategies will _____ footage _____?
 _____ is lost suddenly, _____ ensure seamless recording _____ the _____.
 _____ the _____ went out, we _____ the _____ video _____ to record, how could we _____ was _____?
 _____ should we keep our _____ recorder _____ if our _____?
 When _____ electrical _____ what _____ be _____ to _____ recording _____ the DVR?
 _____ there _____ no power _____ while _____ on _____ DVR?
 _____ a power outage, _____ recordings _____ kept _____?
 In _____ of _____ we make _____ recording with _____ DVR as good _____ it could _____?
 _____ constant video recordings _____ a DVR _____?
 _____ the power _____ the digital _____ used to _____ how could we _____ was still _____ quality?
 _____ power disruptions, what strategies will be _____ the footage _____ DVR?
 _____ ensure that the _____ recorder was _____ continuously _____ disruptions?
 During power _____ do you _____ DVR _____?
 During _____ there _____ to make _____ DVR _____ less vulnerable?
 Is _____ a way _____ interference _____ recordings _____ there is a _____?
 _____ to guarantee _____ with _____ during power disruptions.
 _____ power _____ is there a way _____ make _____ more _____?
 _____ electrical _____ what can _____ done _____ keep _____ video on the _____?
 During power _____ the _____ recordings _____ less _____ to interruption?
 If _____ is lost _____ to make _____ seamless recording _____ DVR.
 When _____ power cuts, how do _____ a digital video _____?

____ the ____ recordings be ____ power ____ ?
 ____ it possible ____ my recordings ____ safe ____ power failures ____ recorder?
 ____ possible ____ my ____ to ____ power ____ with a digital recorder?
 How can ____ my ____ are ____ during ____ failures with ____ digital video ____ ?
 During ____ loss, should ____ constant video recordings ____ ?
 How ____ I ____ during ____ outage with ____ digital ____ recorder?
 ____ the recordings ____ DVR while ____ power goes out?
 ____ power failures, ____ recording with ____ .
 How ____ DVR recordings ____ being ____ ?
 ____ is ____ electrical ____ what ____ be ____ to keep the ____ going ____ the recorder?
 ____ with ____ during power loss?
 Is ____ a way to ____ the ____ during ____ failures?
 ____ the ____ of power disruptions, ____ we ____ with a ____ painless and ____ ?
 ____ we keep the videos on ____ the ____ out?
 What ____ measures that ____ there is no electricity to power ____ ?
 ____ you ____ videos ____ during power ____ ?
 When ____ is not available, ____ done ____ keep the recorded ____ on the ____ ?
 Is ____ safe ____ use ____ when ____ goes off?
 ____ sustain continuous ____ on a ____ video ____ when power ____ ?
 ____ keep ____ with recordings ____ video recorder ____ power failures?
 If the power ____ strategies ____ to capture the ____ the DVR?
 ____ we ____ make continuous ____ a ____ as good as ____ be in ____ event ____ power disruptions?
 ____ continuous recordings on a ____ during ____ cuts.
 ____ continuous ____ on ____ recorder if the power goes out?
 When there's no electrical ____ what can be done ____ recording ____ ?
 Does ____ guarantee ____ even without ____ ?
 We should be ____ to make ____ recording ____ a ____ as ____ in ____ event ____ disruptions.
 ____ to ____ power failures ____ a DVR?
 What ____ we do ____ make recording with ____ DVR ____ possible ____ event ____ power disruption?
 ____ the power went out, the ____ video ____ was ____ to record, how ____ make ____ good?
 ____ case of ____ make ____ with a DVR ____ good ____ could be?
 ____ can do to make ____ recording with ____ as good as ____ in ____ power ____ ?
 When there ____ not a power ____ the ____ what can ____ done to keep ____ ?
 Can ____ the recordings ____ recorder after ____ power failure?
 ____ be ____ to keep the recorded ____ on ____ DVR going ____ isn't ____ power ____
 ____ should we keep our ____ video ____ running ____ if ____ out?
 ____ to keep ____ recording ____ the ____ during ____ failures?
 In ____ what strategies ____ to capture footage on ____ DVR?
 ____ know a ____ make the ____ recordings ____ power failures?
 If ____ is ____ suddenly, seamless ____ a DVR ____ .
 ____ event of ____ disruptions, can we make ____ with ____ good as ____ be?
 ____ event ____ how can ____ make recording ____ a DVR painless ____ reliable?
 When there's ____ power, what can ____ the video ____ the ____ going?
 Is ____ possible to ____ DVR recordings ____ failures?
 ____ the electricity ____ off can we ____ continuous ____ ?
 If ____ power ____ out, which actions ____ ensure ____ recordings ____ video recorder?
 In ____ of power ____ we ____ make continuous recording ____ a ____ good ____ .
 ____ be ____ to ____ the ____ video ____ the ____ when there's no ____ power?
 ____ if ____ power goes ____ should ____ maintain our digital ____ ?
 ____ way to make ____ content doesn't get ____ using a ____ ?

When _____ is no electrical power, _____ can _____ to _____ recorded _____ on the _____ recorder _____?

_____ case of power _____ what _____ strategies _____ for capturing _____ on _____ DVR?

In _____ event _____ power disruptions, _____ make continuous _____ with a _____ good _____ it possibly _____?

_____ it possible to _____ a _____ video _____ during a _____?

When _____ with _____ maximize continuous recording _____ use a _____ recorder?

When _____ is _____ keep _____ the recordings on our video _____?

The _____ video _____ was used _____ power _____ how _____ we protect _____?

_____ it _____ to _____ DVR recordings _____ power failure?

What _____ be done _____ the _____ video _____ going _____ if there is no _____?

When there _____ electrical _____ to keep the _____ video _____ the DVR going?

_____ don't know _____ preserve the videos _____ our recorder _____ electricity _____.

_____ there a _____ to ensure _____ power failures _____ a _____ video _____?

_____ case _____ power disruptions, what can _____ to _____ with a _____ as good as _____

_____ can _____ done _____ keep the recorded video on the DVR _____ is _____ electrical _____?

Is _____ a way _____ constant _____ during power _____?

_____ options _____ disruptions due _____ power loss in _____.

When _____ no electrical power, what do _____ do _____ keep _____ DVR _____?

During _____ outages, the _____ video recorder _____ used _____ how could we make _____ in top _____?

_____ possible to keep _____ my recorder _____ power _____ out?

Can _____ keep _____ recordings on our video recorder during _____?

_____ there is no electrical _____ can _____ done _____ keep the _____ DVR.

_____ it possible to prevent _____ DVR _____?

Ensuring that _____ on the DVRs _____?

When _____ a power outage, _____ we keep _____ on _____ recorder?

Does your _____ keep continuous _____ electrical _____?

How _____ use a _____ video recording _____ with _____ cuts?

In _____ event _____ power disruptions, _____ we _____ recording _____ DVR _____ good as can _____?

In the _____ of _____ disruptions, can we _____ continuous recording _____ a _____ as good _____?

_____ power _____ is _____ a way _____ the interruption of _____ DVR _____?

How could we _____ that _____ recorded _____ the power disruptions?

When the _____ goes off _____ we _____ continuous _____ using a _____?

There _____ a way _____ the _____ unaffected during _____ failures.

_____ digital _____ recorder was used to _____ power _____ could we make _____ recorded _____?

Is there a way _____ in recorded _____ rely on _____?

_____ we do _____ of power disruptions to make recording with _____ reliable?

During power _____ is there _____ to _____ DVR recordings?

How could we guarantee _____ stay _____ during the power outage?

_____ power failures _____ recording be maintained on _____?

_____ keep up _____ the recordings _____ our recorder after _____?

During the _____ the digital video _____ was used _____ record, how could _____ that _____?

During the power _____ video recorder _____ record, _____ could _____ guarantee it _____ still _____ top shape?

_____ recording _____ DVR even if electricity _____ off.

Can we _____ a Digital Video Recording device _____?

How _____ I make _____ my recordings _____ safe _____ failures _____ video _____ device?

Is it _____ make _____ DVR _____ vulnerable _____ interrupted during _____ failures?

_____ possible to keep _____ intact _____ power Outages?

The _____ recorder was _____ record power outages, _____ make _____ was always recorded?

The _____ video _____ used _____ power _____ and how could _____ make sure _____ was _____ continuously?

Is _____ possible to maintain _____ recordings _____ outage?

If _____ is a power _____ what _____ make continuous recording _____ a _____ as _____ as _____?

During the power _____ video _____ used _____ record, how _____ we _____ sure it _____ in good shape?

In the _____ of _____ how do _____ up _____ recordings on _____ recorder?

The _____ video recorder was used _____ record _____ power _____ it was recorded continuously?

_____ power cuts, _____ constant _____ with a digital video _____?

_____ we keep up with the _____ on _____ video recorder _____?

_____ faced with _____ loss, _____ you keep consistent _____ with _____?

Can _____ DVR _____ during a _____?

What _____ do _____ case _____ disruptions to _____ with a DVR _____ reliable?

_____ the power _____ out, what are _____ ways to _____ footage on _____?

_____ the _____ out, _____ should I _____ to guarantee continuous _____ on _____ video recorder. "

Power failures can _____ problems for _____ on _____.

_____ the _____ went _____ video recorder was used to record, how _____ sure it _____?

In _____ a power _____ do we keep up with _____ recordings _____?

_____ can _____ taken _____ ensure we _____ continuously _____ DVR during _____ disruptions.

_____ can I _____ DVR _____ being interrupted during _____?

During _____ power _____ the digital _____ recorder _____ to _____ could we _____ its _____?

In the event of _____ do to _____ continuous _____ a _____ as good _____ could be?

How can _____ a DVR during _____ failures?

Can I have _____ on _____ that _____ unaffected by _____?

_____ there a way _____ DVR _____ less _____ during power _____?

_____ of _____ disruptions, what _____ we do to make _____ with a DVR _____?

We don't _____ to preserve _____ the recorder _____ is _____.

_____ is _____ to keep the _____ on _____ DVR going, what can be _____?

We _____ know how _____ videos _____ recorder _____ electricity breaks.

If electricity supply suddenly _____ can _____ guarantee _____ recording _____ recorders?

_____ that my recordings _____ safe during _____ failures _____ a digital _____ recording _____.

_____ power failures _____ there _____ way to make the _____ recordings _____?

_____ we _____ continuous _____ with a DVR as _____ and _____ event of _____?

_____ the _____ of _____ how do we _____ our _____ on the _____ recorder?

Ensuring that _____ on _____ DVR are not _____ by _____?

Can a DVR _____ there _____ no power?

Is _____ way to make sure _____ content _____ not _____ while _____ a _____?

Even _____ a _____ guarantee _____ recordings?

_____ is no _____ power, _____ can _____ done _____ keep _____ on the DVR going?

Can we _____ with _____ digital video recorder during _____?

_____ recordings be made with the DVR?

_____ the _____ goes _____ can we _____ a _____ capture?

Can DVR _____ made less _____ to being _____ during _____?

How _____ I make _____ that _____ recordings stay _____ failures _____ recorder?

_____ we guarantee _____ with a _____ recorder during _____ outs?

_____ we be _____ the _____ recorder would stay _____ during _____ power disruptions?

_____ way _____ ensure that _____ DVR recordings are not _____ during _____?

What _____ done _____ make _____ there's _____ in footage with a _____?

_____ a _____ keep the _____ recordings unaffected?

DVR recordings _____ to be _____ during _____.

_____ should we keep our _____ recorder _____ power goes _____?

_____ are ways to _____ on _____ video _____ during power _____.

_____ the event _____ power _____ we do _____ continuous recording with a _____ as _____ as it _____ possibly _____?

_____ could we _____ recording during another power _____ digital video recorder _____?

We _____ continuous recording with a DVR _____ possible _____ event _____ power disruptions.

_____ to keep recording _____ recorder during a power failure?

Is there _____ way to _____ with _____ power failures?

Is it _____ to _____ recordings less interrupted during _____?

If _____ goes out, what actions _____ guarantee _____ recordings on _____ video recorder.

In the _____ of power _____ do _____ up _____ our recordings _____ video recorder?

In _____ event of a power _____ we do _____ with _____ DVR as _____ it possibly can _____?

_____ faced _____ power _____ how do _____ recording _____ a DVR?

During power _____ can we _____ make continuous _____ a DVR _____ as _____.

Ensuring _____ recordings on _____ are _____ interrupted _____ power _____?

How _____ we guarantee a _____ power cut _____ we _____ the digital _____?

_____ possible _____ make _____ DVR recordings less _____ interrupt during power _____?

In _____ of power _____ what _____ to _____ continuous recording with _____ DVR _____ good as _____?

_____ we keep _____ recordings _____ video recorder while power is _____?

How could we _____ sure _____ recorder _____ not _____ power outages?

_____ can _____ continuous recording _____ a DVR _____ possible in the event of _____ power problem?

_____ may be a way _____ prevent _____ DVR _____ during _____.

_____ ensure a good _____ from the digital video _____ power _____?

_____ there a _____ to prevent the DVR _____ being _____ during _____?

How can _____ guarantee _____ recording during _____ power _____ when _____ video _____ to record?

Is there _____ to _____ DVR _____ when there are _____ failures?

_____ can _____ my _____ are safe during power _____ with _____ recorder?

_____ we _____ constant _____ a _____ video recorder _____ the power goes _____?

_____ there is a power _____ how _____ keep _____ on the _____?

Can _____ DVR _____ power _____ out?

There _____ ways _____ continue recording _____ a DVR _____.

In the event _____ a _____ we keep _____ the recordings on _____?

How _____ I make _____ recordings stay _____ during power _____ with _____ recorder?

Is it _____ continuous recordings on DVRs _____ experiencing _____?

What _____ do to make _____ a _____ good as possible _____ is _____ power problem?

_____ there _____ power, _____ can _____ keep the recorded video on _____ DVR _____.

Despite power failures, _____ a _____ with _____

Is _____ for _____ DVR _____ to be _____ during power _____?

_____ the _____ goes off, _____ guarantee a _____ video _____?

Measures can be _____ to _____ sure we _____ recording _____ disruptions

There _____ a possibility _____ the DVR recordings _____ failures.

_____ a _____ not to _____ power with the _____?

_____ recordings _____ be kept _____ power outage.

_____ is there a way _____ recordings less interrupt _____?

How _____ maximize _____ recording _____ facing power _____ using _____ digital video recording _____?

How do _____ preserve _____ our recorder _____ electricity _____ out?

In _____ power interruptions, what _____ strategies to _____ the _____ on the _____?

_____ don't know how _____ preserve _____ on _____ digital _____ when _____ is _____.

Is _____ a way to _____ DVR _____ less _____ to _____ during _____?

Is there a _____ to make DVR recordings _____.

Is _____ possible to _____ a digital video _____ a _____ interruption?

We need _____ make sure _____ are _____ DVR during power _____.

_____ we _____ a recording _____ another power cut _____ we _____ video recorder?

_____ event _____ disruptions, _____ can we do _____ make recording with _____ DVR as _____ as _____?

_____ a _____ to make _____ recordings _____ susceptible to power _____?

During power _____ a _____ for _____ DVR recordings _____ continue?

We don't _____ how _____ preserve _____ on the _____ power _____.

_____ there _____ electrical _____ done to _____ the video recording on _____ DVR _____?

_____ could _____ be sure _____ digital _____ would _____ interruption during _____ power outages?

_____ the _____ of _____ we _____ to make continuous recording with _____ DVR as _____ as _____?

_____ we do in _____ disruptions to make continuous recording _____ a DVR _____ and _____?

How _____ we make sure that _____ video recorder _____ up _____ the _____?

There should _____ constant video recordings _____ during _____.

During electrical outages, how _____ consistently capture _____?

_____ power _____ how to record _____ with _____?

_____ I keep recordings _____ recorder _____ there _____ power outage?

How _____ guarantee that _____ digital _____ would stay up _____ the _____?

In _____ event of _____ make continuous _____ with a DVR _____ as it _____ get?

_____ goes out, which actions _____ take to _____ recordings _____ digital video recorder?

_____ it possible _____ the _____ recordings _____ when power goes _____?

When the _____ can _____ DVR _____?

When _____ power _____ how _____ continuous recording _____ use a _____ Video Recording _____?

_____ power failures, is _____ to _____ the _____ recordings less interrupt _____?

While _____ recorder, _____ can _____ ensure continuous recordings _____ power disruptions?

Can _____ recordings _____ the _____ unaffected by _____ failures?

_____ I ensure that _____ recordings are safe during power _____?

What can be _____ to _____ that _____ is _____ of _____ DVR?

_____ possible to _____ recordings _____ a _____ a power outage?

Can we _____ up _____ the _____ video recorder _____ there _____ power?

If _____ suddenly, it is _____ have seamless _____ on the _____.

Is my DVR _____ to _____ through _____?

_____ with power cuts, _____ do we maximize _____ by _____ recording device?

What _____ best ways _____ footage _____ in case of a power _____?

_____ to _____ continuously _____ during _____ disruptions?

During _____ the digital video _____ was _____ record, but _____ could _____ sure _____ would still _____ good?

_____ the _____ outages, the digital _____ recorder was _____ record, but _____ could _____ make sure _____ be _____?

If _____ out, how do we keep _____ recordings _____?

Do you _____ a _____ recordings less vulnerable to _____ during _____ failures?

What _____ the _____ of _____ disruptions _____ continuous recording with a _____ painless and reliable?

In the _____ power interruptions, _____ used to _____ the footage on _____?

_____ event of _____ what can _____ to make _____ recording with a _____ as good _____ could _____?

_____ a _____ make the DVR _____ vulnerable to be disrupted _____ failures?

During power _____ what can _____ done to _____ with _____?

How _____ continuous _____ on _____ recorder during power _____?

There _____ options to prevent _____ because of _____ loss.

_____ possible _____ prevent _____ DVR recordings _____ power failures?

_____ outages how _____ disruptions in DVR _____?

How _____ I _____ video _____ stay _____ during power failures?

If the _____ goes _____ what _____ take to _____ continuous recordings _____ digital _____ recorder?

_____ electricity goes _____ can _____ ensure continuous video _____?

In the event _____ we can make _____ a _____ good as _____ can be.

If _____ power _____ out, how _____ keep _____ video _____ running?

Is it _____ to _____ continuous recording with _____ as good as _____ the _____ of _____?

_____ can be done _____ prevent _____ the _____ recordings?

During _____ outages, _____ recorder _____ used _____ record, how could we make _____ was _____ continuously?

What can _____ done _____ continuous footage with _____ even without electricity?

_____ electricity supply is _____ disrupted, _____ we guarantee _____ recording _____ recorders?
 DVR recordings _____ be _____ during _____.
 During the power _____ the _____ recorder was _____ to record, how _____ we assure it _____?
 In _____ of _____ loss, how _____ we keep the _____ on _____ video _____?
 If _____ goes away, how should we _____ video _____?
 _____ case the _____ goes _____ strategies will _____ to capture _____ footage _____ the _____?
 _____ should _____ intact _____ power outages.
 _____ can be _____ prevent interruption of DVR _____ during _____?
 How could we _____ that the _____ stayed _____ during _____ power _____?
 _____ DVR capable _____ during electrical failures?
 _____ your _____ record _____ when _____ failures occur?
 How could a _____ video _____ stay _____ outage?
 _____ what _____ we do _____ make continuous recording _____ DVR as good as it _____ be?
 _____ a power interruption, _____ is the best way to capture _____?
 _____ the _____ of power disruptions, _____ continuous _____ with a DVR?
 _____ can we _____ make continuous recording _____ a _____ as good _____ possible _____ power disruptions?
 In the event _____ power _____ continuously _____ a DVR.
 Is there a _____ to _____ content _____ not _____ when _____ a _____?
 _____ I _____ continuous _____ on my _____ there's _____ power outage?
 How _____ protect _____ digital video recorder _____ a _____?
 How _____ we _____ a digital Video _____ device when _____?
 _____ electricity _____ lost _____ important to _____ seamless recording _____ the DVR.
 _____ way to prevent _____ recordings _____ being _____ power failures?
 _____ to _____ record videos _____ disruptions with a _____?
 Can _____ keep _____ recordings _____ our video recorder _____ of _____ loss?
 _____ facing _____ cuts, _____ do we maximize _____ a _____ video recording _____?
 During _____ way _____ prevent DVR recordings from being _____?
 _____ maximize continuous _____ while facing _____ cuts _____ using _____ digital _____ recorder?
 What can _____ done to _____ a DVR _____ without electricity?
 In the _____ of a _____ failure, _____ make _____ our _____ is always _____?
 _____ I keep up with my _____ recordings during _____?
 When _____ electricity _____ we guarantee continuous _____ capture?
 _____ can I _____ sure _____ stay _____ in _____ of _____ with my recorder?
 Is it possible to make the _____ power _____?
 How _____ with a _____ video _____ during a power _____?
 _____ recorder continue _____ through power _____?
 _____ faced _____ power cuts, _____ we _____ recording with _____ recording device?
 If _____ out, what strategies _____ you use _____ footage _____ DVR?
 _____ our digital _____ recorder running when our _____ out?
 Can the _____ keep _____ loss?
 _____ way _____ prevent the _____ from being interrupted _____ power failures?
 How _____ maximize _____ recording _____ power cuts _____ using a _____ video recording _____?
 _____ the event of a power _____ we _____ up _____ our _____ on the digital _____?
 _____ make sure the _____ recorder recorded continuously during the _____?
 _____ be done to _____ the recorded _____ when there is no electric _____?
 In _____ disruptions, what can _____ do _____ continuous recording with _____ good?
 _____ you _____ a way _____ make the _____ less interrupted during _____?
 _____ that recordings _____ not lost?
 _____ recordings be made less _____ during _____ failures?
 _____ there a _____ stop _____ failures from _____ with _____ recordings?

_____ we keep _____ digital video _____ if _____ goes out?
 How _____ we _____ running even _____ we lose power?
 _____ it _____ to guarantee continuous _____ with a digital _____ power _____?
 _____ keep up with the recordings _____ recorder _____ there's no _____?
 What _____ be _____ keep the _____ going when there is no _____.
 Is there _____ way _____ the _____ recordings less vulnerable _____?
 Is it possible _____ make _____ recordings less _____ failures.
 _____ power failure, record non-stop _____ a DVR.
 Is it possible to _____ during a _____?
 Is _____ make video recordings _____ the _____ power loss?
 Despite power _____ there _____ continuous _____ on _____ DVR?
 Is the DVR able _____ keep recording _____ is _____?
 _____ can _____ to prevent power loss _____ DVR?
 The digital _____ was used _____ power _____ how could _____ it _____ continuously?
 _____ to record _____ during power _____?
 _____ actions _____ take when _____ power goes out _____ guarantee _____ on my digital _____?
 Techniques for _____ on _____ power _____?
 _____ disruptions can you record _____ a _____?
 _____ possible for my _____ to record _____ power _____?
 Is there a _____ to _____ with DVR _____ power _____?
 _____ to _____ recordings _____ DVRs are not disrupted by power _____?
 _____ the event of power _____ what _____ to _____ continuous _____ with a DVR _____ as _____?
 _____ to _____ with a digital video recorder _____ a _____ failure?
 _____ it _____ to make DVR _____ less _____ interrupted _____ power failures?
 The digital _____ recorder was _____ record the _____ outages _____ how could _____ make _____ recorded _____?
 How _____ I assure _____ my _____ safe during _____ failures _____ digital _____ recorder?
 How to keep _____ from _____ power outages?
 We can make continuous recording _____ a _____ in _____ event of a _____.
 _____ power goes _____ which actions should I take _____ on my _____?
 _____ have _____ way _____ make the DVR _____ less interrupted during _____?
 _____ actions _____ take _____ guarantee _____ recordings on _____ recorder if the power goes _____?
 _____ if _____ is _____ suddenly, _____ have seamless recording on a _____.
 _____ digital video _____ be _____ to record _____ a _____ loss?
 _____ of _____ outages, how _____ we _____ our recordings on _____ recorder?
 _____ we keep _____ recordings on the _____ recorder when _____ goes _____?
 _____ with _____ recordings on _____ when we lose power?

 _____ can I ensure _____ my _____ safe during power _____ my _____?
 _____ to record _____ video _____ even _____ disruptions?
 Is _____ a _____ to _____ that recorded _____ not interrupted _____ DVR?
 How do _____ keep _____ with _____ recordings _____ the event _____ a _____ outage?
 _____ faced _____ power _____ how do we _____ continuous _____ using _____ recording device?
 _____ a _____ make sure recorded _____ is not interrupted _____ on a _____?
 When electricity _____ lost _____ to _____ seamless _____ on _____ DVR.
 How _____ we keep _____ video _____ running when _____ power _____?
 What _____ recording _____ with _____ DVR _____ good _____ possible in the event of _____ disruptions?
 In the _____ of _____ disruptions, _____ with a _____ as painless and reliable _____ possible?
 During the power outage, the _____ recorder was _____ be sure _____ still be quality?
 During power _____ continuous _____ on a DVR?
 _____ the DVR _____ power loss?

_____ that the digital _____ recorder would stay undamaged _____ the power _____?

In the _____ power _____ can we do _____ painless and _____ to record _____ DVR?

_____ is _____ electricity supply _____ what measures _____ be _____ for uninterrupted _____ with _____?

During _____ can _____ do _____ assure continuous _____ with _____ DVR?

How _____ guarantee _____ recorder _____ out during the power outages?

What _____ to ensure continuity _____ a DVR even _____?

During power failures, _____ a way _____ DVR recordings _____?

_____ DVR _____ record _____ power disruptions?

_____ should we _____ recorder up _____ if _____ power goes away?

_____ power _____ video recorder _____ used to record, how could _____ guarantee _____ would _____ quality?

In the event of _____ do we _____ our recordings _____ our _____ video _____?

What can _____ to _____ videos _____ even _____ disruptions?

_____ power _____ can we keep up _____ on the video _____?

_____ to make the _____ recordings less vulnerable when _____ failures?

What _____ the _____ ways to _____ on a video _____ power _____?

During _____ power _____ the _____ recorder was used _____ record, _____ could _____ guarantee _____ it would still _____?

_____ can we _____ the event of _____ to _____ continuous recording _____ better?

_____ power outage, _____ the _____ remain intact?

_____ electricity _____ out _____ it's _____ to _____ seamless _____ on _____ DVR.

_____ we make sure _____ digital _____ recorder stayed _____ the _____ disruptions?

_____ case of power _____ best _____ to capture _____ on the _____?

If electricity is _____ important for seamless _____ DVR.

When there _____ what can _____ done to _____ the video _____ the DVR _____?

Is _____ to _____ the DVR recordings intact _____?

_____ possible _____ recordings to _____ guaranteed with _____ blackout and _____ usage?

I would like to _____ recordings _____ video recorder _____ the _____ goes _____.

_____ preserve videos on _____ digital recorder _____ electricity breaks?

In _____ of _____ should _____ to keep the _____ on the _____?

Without electricity, what can _____ continuous footage _____ a _____?

There _____ way to make the _____ recordings _____ during _____.

_____ can _____ ensure uninterrupted _____ a DVR even _____ electricity?

_____ I keep _____ recorder _____ there's _____ power outage?

Maintaining continuous _____ with _____ affected _____ power _____

_____ with _____ should we use _____ digital Video Recording _____?

_____ recordings _____ during power outages?

_____ that my recordings _____ during power _____ with my _____ recording device?

_____ it _____ to make recordings on _____ experience power _____?

There are options _____ prevent _____ loss _____ the _____.

_____ keep up _____ recordings _____ video _____ in times _____ power failures?

_____ would like _____ continuous _____ video recorder _____ the power _____ out.

Is it safe _____ when the _____ goes _____?

If _____ is _____ power _____ strategies will _____ used to capture footage _____?

_____ a power _____ the _____ continue to _____?

_____ the power _____ actions should _____ take _____ guarantee continuous _____ on _____ video recorder

In the event _____ a _____ do _____ keep _____ our recordings _____ the video _____?

_____ how to _____ videos continuously even _____ disruptions?

When _____ with _____ how can _____ maximize continuous recording _____ digital _____ device?

_____ make _____ on a digital _____ during power cuts?

_____ failures, is there a _____ to prevent _____ from _____?

_____ case of _____ how _____ we _____ continuous _____ with a DVR _____ good _____ it can _____?

If _____ suddenly _____ out, can _____ unimpeded recording of _____ video _____?
 _____ the event _____ a power failure, _____ we _____ a _____ as good _____ possible?
 _____ record continuously _____ if there are _____ failures?
 _____ can I make _____ safe _____ power _____ my digital video recorder?
 _____ the event _____ power loss, _____ we _____ the _____ on our _____?
 How could we _____ during _____ power _____ we used the digital _____?
 How do I make _____ recordings _____ safe _____ with _____ recorder?
 How to record _____ even _____ failure?
 During _____ how _____ keep _____ on a DVR?
 Is _____ have constant _____ with a _____ video _____ during power _____?
 _____ consistent video _____ a digital _____ is how?
 _____ to _____ the recorded video on the DVR _____ if there _____ an _____ power _____?
 _____ with the recordings _____ our _____ during _____ of power outage?
 _____ possible for my recordings to _____ during power _____ digital _____?
 Is there _____ way to make _____ DVR _____ less _____ power _____?
 _____ power outages, we used _____ video _____ record, how _____ we _____ it was still in _____?
 _____ power goes out, _____ make _____ with a DVR as good _____ possible?
 In _____ a power disruption, _____ we do _____ ensure _____ a DVR?
 _____ can make continuous _____ with _____ good _____ possible in the _____ power _____.
 In _____ a power _____ do we _____ the _____ the recorder?
 How _____ record _____ with a digital _____ recorder?
 Can _____ keep up _____ recordings on _____ video _____ when _____ power _____?
 There is _____ possibility of _____ the DVR _____ during _____.
 _____ make sure that the digital _____ recorder _____ out during _____ power _____?
 During _____ power outages, _____ video _____ was used to _____ could _____ it _____ still be _____ quality?
 _____ faced _____ power cuts _____ a digital _____ device, _____ we maximize _____ continuous recording?
 In the _____ of _____ interruption, _____ we _____ to make _____ with a _____ good as _____?
 During _____ outages, _____ video _____ was used to record, _____ could we _____ a _____ another power _____?
 Can _____ have _____ recordings _____ my _____ if _____ is power _____?
 We can _____ continuous recording _____ a _____ power _____.
 Is _____ possible to _____ the _____ our _____ during electricity _____?
 _____ could _____ the digital video _____ wouldn't _____ disrupted during the _____?
 In the _____ of a _____ outage, _____ keep _____ recordings on _____ continuous?
 What _____ to make the _____ less _____ interruption during _____ failures?
 _____ isn't electrical power, what _____ we do _____ keep _____ video _____ recorder _____?
 _____ a way to _____ the _____ recordings free _____?
 _____ constant _____ recordings in _____ event _____ loss?
 What can we do _____ make continuous recording _____ a _____ good _____ possible _____ of _____?
 If _____ power goes out, _____ should _____ to _____ recordings _____ recorder?
 _____ can I make _____ recordings stay _____ during power _____ recorder?
 In case of _____ what strategies _____ to capture _____ on _____ DVR?

 In _____ of a power _____ keep up with our recordings _____ recorder?
 _____ of power disruptions, can we use a _____ make _____?
 _____ case of _____ what _____ the best _____ the footage _____ the DVR?
 In the event of power disruptions _____ can _____ continuous recording _____ a _____.
 What _____ be done _____ recorded _____ on the DVR _____ when _____ power?
 _____ are _____ to prevent _____ loss _____ the _____.
 How to _____ recordings _____ being _____?
 Is it _____ to _____ recording with a _____ during _____.

Do you _____ a _____ the _____ recordings less _____ being _____ power failures?
 _____ we keep up _____ the recordings on the _____ power failures?
 _____ are options to prevent _____ in _____.
 The _____ on the DVRs _____ not _____ loss.
 We _____ know how _____ video _____ our recorder _____ power _____.
 _____ that _____ on the _____ while power _____ out?
 Is a _____ capable of _____?
 How could _____ sure that the video recorder was _____?
 _____ the _____ failures, how _____ recordings on the video recorder?
 _____ it possible _____ prevent _____ of _____ during _____ outages?
 If electricity _____ suddenly, it _____ to _____ seamless recording on _____.
 _____ recordings may need to be _____ intact _____.
 In the _____ of a power _____ a _____.
 _____ to _____ continuously on a _____ power _____?
 _____ we do to _____ power loss in _____?
 _____ can _____ guarantee a recording _____ power cut _____ digital _____ recorder _____ used?
 _____ can I _____ that my recordings _____ during power _____ my _____ video _____ device?
 In _____ a power outage, _____ do _____ up _____ our _____ the digital video recorder?
 _____ recordings _____ not be _____ failures.
 Is there _____ way _____ with DVR _____ there is power _____?
 _____ don't _____ how _____ preserve videos _____ recorder during electricity _____.
 In the _____ of _____ disruptions, _____ can do _____ continuous _____ a DVR painless and _____.
 During _____ way to make _____ DVR recordings less _____ be disrupted?
 _____ case of _____ best ways to keep _____ footage on _____ DVR?
 _____ power outages, _____ can _____ interruption of DVR _____?
 _____ the event of a power _____ keep _____ our recorder?
 If _____ goes _____ it is important _____ ensure seamless _____ on _____.
 _____ the power _____ which actions _____ continuous recordings on my digital video _____.
 What _____ do _____ case _____ to make _____ a DVR painless and reliable?
 In case of _____ what should _____ to _____ footage _____ on _____ DVR?
 _____ is _____ a _____ to keep _____ DVR recordings from _____ interrupted?
 How could _____ sure _____ digital _____ recorder _____ continuously during _____ power _____?
 How could we _____ a _____ another power _____ with _____ video _____?
 _____ able to _____ recording through _____ failures?
 _____ is a power disruption, _____ can we _____ make recording with _____ and _____?
 _____ power _____ can be taken _____ make _____ we are recording _____ DVR.
 _____ case _____ interruptions, what _____ that will ensure _____ the footage _____ captured on _____ DVR?
 Is it possible _____ ensure that my _____ stay safe _____ recorder?
 In the _____ power failure, _____ do _____ keep our digital _____?
 During power _____ keep continuous _____ on a _____?
 _____ a way _____ keep DVR recordings free of _____?
 Is _____ possible to _____ recordings _____ vulnerable _____ interruption _____ power _____?
 _____ is _____ important _____ the recording on _____ DVR is seamless.
 _____ the digital video _____ was used to _____ how _____ it would still be in _____?
 _____ case _____ interruptions, _____ best way to capture the _____ on the _____?
 If _____ there is _____ need _____ recording on a DVR.
 _____ there _____ way to _____ DVR recordings during _____?
 What can we do _____ power disruptions _____ continuous _____ with _____ DVR _____?
 _____ way to _____ sure recorded content is _____ interrupted when _____ on _____?
 _____ recording with a _____ as _____ as we _____ the event of power _____.

_____ we use a _____ the _____ off?

What _____ done _____ make _____ is _____ footage with the DVR?

_____ power failures, _____ there a way for _____ recordings _____?

In the event _____ power disruptions, _____ do to _____ continuous _____ a DVR painless _____?

During the power outages, _____ video recorder _____ used _____ be certain it would still _____?

When _____ is no _____ power, _____ done _____ recorded _____ on the DVR?

_____ no power on _____ DVR, _____ done to keep it _____?

During _____ prevent the _____ of DVR recordings?

Even _____ can _____ taken for _____ with a DVR?

Is _____ possible to _____ constant recordings _____ digital _____ during _____?

_____ it possible _____ make _____ recordings of the DVR _____ interrupt _____?

How _____ the _____ video _____ to _____ during another power _____?

_____ undisturbed _____ by _____ DVR?

How do _____ record _____ a _____ with my _____ video recorder?

It _____ be _____ to keep the _____ video _____ going when _____ power.

_____ event _____ how do we keep our _____ video recorder _____?

_____ we _____ with _____ recordings on our video _____ times _____ power _____?

If _____ is _____ suddenly, _____ important for a _____ DVR.

_____ can we do in the _____ of _____ to _____ continuous _____ a _____?

Is it possible _____ continuous recordings with _____ during _____ power _____?

_____ case _____ power _____ can _____ recording _____ a _____ as _____ as can be.

_____ faced _____ power cuts, how do _____ continuous _____ a digital _____ recording _____?
