

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Transfer of service to a new device
Inquiry Sub-Category	Troubleshooting
Description	Support for resolving issues that customers may encounter during or after the transfer process, including troubleshooting network coverage, connectivity, and settings related problems on the new device.
Data Size	5,004 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

_____ unsuccessful _____ establishing stable links _____ and _____ activated smartphones...

Attempts _____ made to _____ towers to _____.

Did _____ know _____ attempts to connect active phones _____?

_____ you shed _____ to connect active _____ local cell towers?

Stable links _____ towers and _____ were _____.

Attempts to set _____ links _____ cell towers _____ failed.

There are _____ establish _____ from activated _____ to nearby _____.

Attempts to _____ towers _____ phones...

Did you know there _____ smartphones _____ local towers?

_____ the attempts to connect the _____ and _____?

_____ between _____ and _____ phones were not set _____

_____ recent _____ to _____ towers _____ activated phones fail.

Efforts _____ stable _____ new phones were _____.

There _____ to _____ cell towers with _____.

Cell towers _____ activated phones.

_____ make _____ between new phones _____ have failed.

Efforts _____ newly arrival _____ cells _____.

Did you know about unsuccessful _____ to _____ towers?

Attempts _____ link cell towers _____ recent _____ phones _____.

_____ are _____ connection failures _____ freshly installed _____ networks _____ towers.

The _____ to _____ cell _____ phones were _____ successful.

_____ tell me about the _____ attempts _____ connect cell _____ with _____?

_____ to link cell towers _____ recently _____ phones have _____.

_____ to link _____ towers _____ activated phones.

There _____ failed attempts to _____ towers _____.

_____ you know _____ attempts _____ active _____ local cell towers?

_____ were _____ to set _____ between cell _____ recent activated _____.

_____ the _____ to _____ stable _____ phones and cell bases _____ failed?

Stable ____ between cell ____ and recently ____ smartphones ____ created.
 ____ connections ____ phones and ____ bases have been ____ some.
 The ____ reliable connection ____ cellular network towers was hindered.
 ____ to connect cell towers ____ activated ____ are ____.
 ____ are ____ efforts to establish ____ from ____ to ____.
 ____ links ____ cell towers ____ recently activated ____ been ____ up as ____.
 ____ want ____ the failed ____ to ____ phones with local cells.
 ____ attempts ____ cell ____ the new cellphones ____ work out.
 Did efforts to ____ stable connections ____ cellular phones ____ ?
 Attempting to ____ newly ____ results.
 Is ____ you ____ about the ____ connect active smartphones with cell ____ ?
 ____ between cell ____ and ____ activated smartphones have ____ been ____.
 Is ____ possible that connections ____ and ____ failed?
 Attempts ____ link cell towers ____ go well.
 ____ links ____ the cell towers ____ recently activated phones ____ out.
 ____ give ____ an idea ____ the ____ attempts to connect ____ with cell ____ ?
 ____ attempts to link ____ cellphones didn't ____ out.
 Cell towers ____ have failed ____.
 ____ was ____ possible ____ establish ____ connections ____ cell ____ and recently ____ phones.
 Did ____ about ____ attempts ____ connect ____ Smartphones ____ cell towers?
 ____ attempts ____ cell towers and cellphones ____ in ____.
 ____ you ____ on ____ attempts to ____ cell ____ with mobile devices?
 Did ____ were failed attempts ____ active phones with ____ cell ____ ?
 ____ links between cell ____ activated phones ____ not ____.
 Efforts to ____ towers with ____
 ____ been ____ towers with active phones.
 Trying to ____ activated ____ has failed.
 Stable ____ cell towers ____ activated cellphones didn't ____.
 ____ links between ____ towers ____ activated phones ____ not gone ____.
 ____ connections ____ made between new ____ and cellular ____.
 Attempts to ____ cell towers ____ recently ____ have ____.
 Did ____ attempts to link ____ towers ____ new ____ ?
 Could ____ us ____ into ____ connect active phones with cell ____ ?
 ____ cell towers ____ recently activated phones ____ out...
 The ____ to ____ the cell ____ the ____ failed.
 Attempts ____ stable ____ between handsets ____ cellular bases ____ been ____.
 ____ it possible that ____ made to connect towers ____ ?
 Stable ____ between ____ handsets and cellular ____ been ____.
 Did the ____ of ____ cell towers ____ ?
 ____ know about the failed ____ connect ____ phones with local ____.
 ____ to ____ a reliable ____ despite the entry ____ new device.
 Attempts ____ establish stable ____ between cell towers ____ activated phones ____
 The ____ of ____ and ____ failed.
 ____ cell towers and ____ activated ____ devices ____ work.
 ____ let me ____ the failed attempts ____ connect ____ phones with ____ ?
 ____ stable connections between mobile ____ have ____ unsuccessful.
 Attempts to ____ links ____ towers ____ activated ____ not gone well.
 ____ to link ____ towers and ____.
 ____ need to know ____ the ____ attempts to ____ active ____ cell ____.
 There ____ a ____ with ____ establishment of ____ newly active ____ and nearby ____ network towers.

_____ towers _____ did not work.

There _____ when _____ link newly brought _____

_____ been _____ to get _____ links amid _____ some portable devices.

Stable links _____ cell _____ and activated _____ been _____.

Cell _____ to _____ to activated phones _____.

_____ were attempts _____ cell _____ with cell _____.

_____ you know that _____ were made _____ active _____ to cell _____?

Stable _____ cell towers _____ recently _____ not set up.

_____ are persistent _____ newly installed _____ near cell towers.

_____ links between _____ towers _____ activated _____ weren't _____ to _____ set.

_____ you _____ about _____ connect active smartphones with _____ cell _____?

_____ you _____ failed attempts _____ active smartphones with cell _____?

Attempts _____ connect _____ phones are not _____.

Attempts _____ a _____ between _____ towers _____ have not gone _____ planned.

Did you _____ that _____ were failed _____ active _____ with _____ tower?

_____ those _____ attempts _____ connect active _____ with local _____ towers?

_____ to _____ stable _____ between _____ towers _____ recently _____ phones have _____.

Did you know _____ there _____ failed attempts to _____ tower?

_____ to establish stable _____ towers and recently _____ were unsuccessful.

_____ about failed _____ to connect active phones with _____.

_____ are _____ trouble getting their phones _____ cell _____.

_____ you _____ about _____ failed _____ to connect active _____ to _____ tower?

_____ links _____ cell towers and _____ phones _____ out

The _____ connect the towers _____ phones _____.

_____ link cell towers with recently activated _____.

_____ your attempts _____ stable connections _____ phones _____ bases fail?

_____ between _____ phones _____ cellular bases _____ not _____ made.

Attempts to _____ a _____ link _____ entry _____ been unsuccessful.

Efforts _____ connect _____ phones _____ successful.

_____ towers _____ activated _____ to connect.

Efforts _____ connect towers with _____.

_____ attempts _____ link the _____ towers and _____ cellphones.

The link _____ cell towers _____ recently

_____ between new phones _____ bases _____ to _____ failed.

Did you _____ that _____ connect active _____ with _____ towers _____?

_____ you _____ about _____ attempts _____ active phones with _____ towers?

Attempts _____ connect _____ towers _____ mobile _____ failed.

_____ to _____ the cell towers _____ didn't _____ out.

_____ cell _____ to cellphones _____ recently.

Attempts to _____ stable _____ between new _____ cell _____ has _____.

There _____ with _____ connections between the _____ new phones.

_____ connections between _____ bases appear to _____ failed.

_____ the attempts to link _____ phones _____ have been _____.

Can _____ some light _____ attempts _____ connecting cell _____ with _____ devices?

_____ to _____ stable connections between _____ cellular bases _____ pointless.

There were unsuccessful attempts _____ stable links between _____ and _____.

_____ to set _____ links between _____ and recent _____ phones.

Attempts to connect _____ towers _____ have _____ unsuccessful.

The _____ to link the cell _____ the new _____.

_____ between _____ handsets and _____ failed.

____ fresh device ____ there have ____ ____ to ____ reliable link.
 ____ links between ____ recently activated phones ____ failed.
 Attempts were made ____ connect ____ with ____ phones.
 The ____ connect cell ____ have failed.
 Did ____ there ____ failed attempts ____ connect active ____ with local ____?
 ____ to ____ the ____ with ____ recently activated ____ have failed.
 Stable ____ between cell towers and ____ phones ____.
 Stable ____ between ____ cell bases ____ been failed.
 Attempts ____ establish ____ connections ____ new phones and ____ failed.
 Attempts to connect ____ have been ____.
 Efforts ____ active phones ____ succeeded.
 Did ____ know that ____ to ____ active phones ____ local ____?
 ____ attempts to ____ towers with ____
 The attempts ____ link ____ towers ____ phones ____.
 stable ____ between ____ towers ____ activated phones ____ been ____
 Attempts to ____ phones ____ bases ____ been futile.
 Reliable ____ between ____ and ____ have been unsuccessful.
 ____ made to ____ with ____ phones.
 ____ active phones ____ unsuccessful.
 Do ____ cell towers ____ activated smartphones fail?
 Stable links ____ towers ____ phones weren't ____.
 Did ____ that ____ failed ____ connect active smartphones ____ tower?
 ____ were ____ to link cell ____.
 Did ____ know ____ failed attempts to ____ local cell towers ____?
 Tower ____ with ____ phones have ____.
 Reliable ____ between new phones and ____ fallen ____.
 Stable ____ between ____ cell ____ have ____ unsuccessful in ____ past.
 Problems with ____ connections ____ new ____ and ____ been reported.
 ____ links ____ towers and recently ____ smartphones weren't ____.
 ____ that ____ to connect ____ with cell towers failed?
 ____ to link cell towers with ____ phones ____ successful.
 ____ attempts ____ with active phones weren't ____.
 ____ establishment of ____ newly active phones ____ cellular ____ was hampered.
 Efforts ____ with phones haven't ____.
 The ____ of a ____ connection ____ phones and ____ towers was ____.
 Stable ____ weren't created ____ towers ____ activated phones.
 ____ linking phone ____ fail ____ and over again?
 ____ attempts ____ connect towers ____ not succeeded.
 ____ stable links between ____ towers and recently ____ work ____.
 ____ questions ____ being ____ lack of reliable ____ a new ____ and a cell tower.
 Did ____ know ____ the failed ____ to connect ____ with ____?
 Attempts to ____ cell ____ with activated phones ____.
 There ____ cell towers and Smartphone
 ____ between new handsets and ____ bases ____ created.
 Cell ____ have ____ unable to ____ with ____.
 ____ the attempts to ____ cell towers ____ the new ____ out?
 ____ connect towers ____ have ____ worked.
 Can ____ tell ____ about the ____ attempts to ____ smartphones ____ towers?
 ____ to establish a ____ link ____ and recently activated ____.
 ____ connections between new ____ cell bases have ____ the ____.

_____ at _____ towers and cellphones failed.

_____ did _____ work with newly _____.

Did you _____ that attempt _____ with cell towers _____?

Can _____ failed attempts to _____ active phones with local _____?

Did _____ know that _____ were failed _____ phones to local _____?

Attempts to _____ cell _____ failed.

It _____ to establish stable _____ towers _____ recently activated _____.

There are issues _____ establishing _____ activated smartphones _____ towers.

_____ between the new _____ and _____ have been _____.

_____ an _____ with connecting _____ and new _____.

Is _____ that _____ to _____ between _____ and cell _____ have been unsuccessful?

Did _____ unsuccessful _____ to connect active phones _____ cell _____?

_____ between _____ towers _____ recently _____ cellphones were unsuccessful.

The _____ to link the _____ towers _____ cellphones _____.

_____ to phones didn't _____ out.

_____ to _____ towers to _____ failed.

_____ wasn't possible _____ stable links _____ cell towers and _____.

_____ establish stable connections between new _____ bases _____.

There _____ unsuccessful _____ to _____ stable links _____ cell _____ new _____.

Stable _____ between cell towers _____ activated phones _____.

_____ attempt _____ the _____ towers and the _____ did not pan _____.

It was _____ establish a stable _____ cell towers _____ activated phones.

_____ to know _____ to _____ active phones to local _____.

_____ is _____ with connecting _____ and new phones.

There _____ attempts _____ establish _____ cell towers and _____ phones.

Did you know there _____ to connect _____ smartphones _____?

There _____ attempts to _____ a stable link _____ cell _____ recently _____.

The _____ activated _____ to form stable _____ cell towers.

_____ you _____ about the failed _____ to _____ active _____ with cell _____?

Attempts to _____ towers with _____ phones have _____ as _____.

The _____ between _____ towers _____ the new _____ are _____ working.

_____ link _____ with phones didn't work.

_____ you _____ me _____ unsuccessful _____ connecting cell towers with _____?

_____ links _____ towers and _____ activated phones _____ not _____.

_____ wasn't _____ stable _____ between cell towers and _____ activated _____.

_____ link _____ to cellular bases _____ been unsuccessful.

_____ links _____ cell _____ and _____ phones weren't possible.

Hopes to _____ stable connections _____ phones and _____.

_____ you know _____ failed attempts _____ with cell towers?

Did _____ know _____ to connect _____ phones to _____ failed?

Attempts _____ connect _____ has _____ unsuccessful.

Efforts _____ connect _____ have _____ short.

Could _____ us _____ about _____ attempts to _____ active smartphones _____ towers?

It _____ not successful _____ towers _____ phones.

_____ cell towers and _____ phones _____ not work out _____.

_____ to _____ up cell towers _____ recently _____ have _____.

_____ to connect _____ towers _____ phones have _____.

Is it _____ attempts to _____ cell towers _____ phones _____?

Did it _____ make stable _____ between _____ and cellular _____?

There couldn't be stable _____ and _____ activated _____.

Did ____ know about ____ failed attempts ____ cell towers?
 Did ____ know ____ there were ____ connect ____ to towers?
 ____ to ____ stable ____ phones ____ cellular bases failed.
 ____ make ____ new phones and ____ phones fail?
 ____ attempts ____ link the ____ and ____ new ____ not work out.
 ____ possible that efforts to make stable ____ between new ____ through?
 ____ to link the ____ towers to the ____ have ____.
 Cell ____ new devices failed ____.
 Did you know about the ____ connect ____ cell ____?
 Stable connections ____ mobile ____ and ____ have failed.
 How come attempts ____ phones to ____ towers have ____?
 Stable ____ mobile phones ____ have been unsuccessful.
 ____ connect ____ with ____ have failed
 Attempts ____ towers ____ active phones ____.
 ____ attempts have been made ____ cell ____ activated ____.
 Stable ____ between ____ and cellular ____ been made possible.
 It's ____ succesful ____ towers ____ active ____.
 Were ____ me ____ the failed ____ to connect active phones ____ towers?
 Attempts to connect ____ did not ____.
 There ____ unsuccessful attempts ____ with active ____.
 The ____ to ____ cell ____ cellphones ____ not go ____ to plan.
 ____ connect ____ with ____ phones weren't ____.
 Stable ____ cell towers ____ recently ____ phones ____ work ____.
 Have attempts to ____ between new ____ bases ____ unsuccessful?
 Attempts ____ the towers to ____ phones ____ not ____.
 Efforts ____ make ____ cell bases have not been successful.
 ____ was ____ set stable ____ towers and activated phones.
 stable links ____ activated phones ____ gone down well.
 Attempts to connect ____ been ____
 Stable ____ new phones and cellular phones ____.
 Stable ____ between cell ____ recently ____ phones have ____.
 Stable ____ between ____ and recently ____ didn't ____.
 Attempts to link ____ activated ____.
 ____ in connecting towers ____ phones.
 Is there ____ information on failed ____ to ____ with ____ towers?
 Did ____ that ____ make stable ____ new ____ and ____ bases failed?
 ____ are ____ connect towers ____ phones.
 New phones ____ bases have failed ____ stable ____.
 There ____ some ____ efforts to ____ phones ____ transmission masts.
 ____ was ____ establish ____ connections between operating cell ____ and recently ____.
 ____ stable connections between ____ phones and ____ failed.
 ____ to ____ the ____ recently activated phones ____ unsuccessful.
 Is it possible that ____ to make ____ connections ____ bases ____?
 ____ link recent ____ to towers have been ____.
 Could ____ some information on ____ failed attempts ____ active smartphones ____ cell ____?
 ____ link the cell towers and ____ new ____ fail?
 ____ recently activated ____ try ____ stable ____ with ____ cell towers, they ____.
 ____ links between cell ____ and cellphones ____.
 Are attempts to ____ stable connections ____ and ____ bases ____?
 Attempts ____ link cell ____ new ____.

Stable links between _____ towers _____ didn't work _____ planned.

_____ and recently activated phones did not _____ out

Stable _____ between _____ bases did not work.

Attempts _____ set stable _____ towers _____ phones _____ failed

_____ new _____ and _____ have not been accomplished.

The attempts to _____ cell _____ to _____.

Stable links _____ and recently _____ did _____ fare well.

Did you _____ that _____ made to _____ active mobile _____ towers?

Did _____ that _____ attempts _____ connect _____ smartphones _____ towers failed?

_____ attempts _____ link the cell _____ and cellphones _____.

Could you shed some light on _____ to _____ with _____?

_____ and cell bases have not _____ made.

_____ us _____ information _____ unsuccessful attempts _____ connect _____ towers with mobile _____?

_____ linking the cell _____ and the cellphones _____.

It _____ not been _____ getting _____ to communicate _____.

_____ you tell us about those failed attempts _____ phones _____?

_____ cell towers _____ cellphones were not possible.

_____ know that the attempts to _____ towers failed?

_____ between _____ towers and _____ phones were unsuccessful...

I want to _____ about the failed _____ connect _____.

I would like _____ know about _____ attempts _____ connect _____ towers.

_____ link cell towers _____ activated phones _____ work _____.

There _____ an inability to _____ connections _____ towers _____ recently _____ phones.

Attempts to link _____ towers _____ activated phones _____.

_____ activated phones has failed _____.

The _____ link cell towers _____ phones _____ consistently.

_____ you tell us about _____ to _____ local cell towers?

_____ stable links between cell towers _____ recently activated phones _____.

_____ to make _____ between new phones and _____ succeeded.

What is _____ failure of recently _____ phones to form stable _____?

They _____ to _____ links between _____ towers and _____.

_____ make reliable _____ between _____ phones and cell _____ failed.

_____ connections between _____ new _____ cell bases _____ been _____.

The attempts _____ link _____ cell towers _____ cellphones _____.

_____ links _____ towers and activated phones _____ not _____.

_____ to _____ consistent links from phones _____ masts.

_____ to _____ towers _____ failed.

_____ between cell _____ activated _____ have not gone _____ to _____.

Were there _____ to connect _____ that failed?

Attempts to _____ cell towers _____ gone awry.

_____ you _____ attempts to connect active phones _____?

_____ to _____ stable connections between _____ cellular bases _____ failed.

_____ attempts _____ the towers with active _____.

_____ get _____ links were _____ amid _____ entry of _____ devices.

_____ to _____ stable links _____ towers and _____ phones didn't work _____.

It's not _____ towers _____ phones.

Did _____ to link _____ and Smartphone _____?

_____ with activated _____ are not _____ successful _____ connecting.

Stable connections _____ new _____ and cellular _____ have _____.

_____ shed some _____ on _____ attempts to connect active _____ to _____?

There are unsuccessful attempts _____ establish _____ between _____ towers _____ activated _____.

Can _____ us _____ on unsuccessful attempts _____ towers _____ mobile devices?

_____ cell towers _____ activated phones has _____ well.

Trying _____ connect _____ to active _____ not _____.

Efforts to make stable _____ between new _____ and _____.

_____ attempts to connect _____ active phones _____.

_____ you _____ that attempts _____ connect _____ with local cells _____?

_____ to link cell _____ to phones _____.

Efforts _____ phones have not _____ succesful.

_____ failed attempts to _____ active _____ local _____ towers?

Stable _____ between _____ phones and _____ bases have been _____.

Attempts to _____ towers with _____.

_____ links between _____ and recently activated mobile _____ out.

_____ inability _____ establish a _____ between _____ towers and _____ activated _____.

_____ attempts to _____ the _____ the new phones.

Stable _____ cell _____ recently activated phones weren't _____.

_____ between cell _____ and _____ phones have not _____ well

_____ you give us information _____ the _____ to connect _____ phones _____?

_____ you _____ us know about _____ failed _____ connect _____ phones with _____?

Attempts to make _____ between _____ phones _____ cell bases _____.

_____ questions _____ raised about _____ lack of reliable _____ new _____ mobile _____ and cell _____

Efforts _____ link _____ phones failed.

The attempts _____ linking _____ cell towers _____ cellphones _____ work _____.

_____ between cell _____ and recently activated _____ have _____.

_____ attempts to connect _____ with phones _____.

Did _____ know that _____ to _____ active phones to _____ tower _____?

_____ know there were _____ to _____ active _____ to cell _____?

_____ between new phones _____ bases _____ been unsuccessful.

Have _____ connect new phones _____ failed?

Did _____ know there were _____ to connect _____ to _____?

Stable connections _____ new _____ and cellular _____ made.

_____ to _____ phones to cell bases have _____.

_____ to _____ cell _____ activated _____ have not panned _____ as _____.

Attempts to _____ links _____ and phones have _____.

Could you _____ us about _____ active phones to cell _____?

_____ to connect _____ towers to _____

_____ you _____ attempts were _____ connect active _____ to cell _____?

Attempts to link _____ towers and _____ phones have _____.

_____ between _____ and activated _____ could not be _____.

Stable _____ between the new _____ the _____ have _____ difficult _____ make.

_____ you know _____ failed attempts _____ connect active _____ cell tower?

_____ you tell _____ about _____ connecting _____ towers _____ mobile devices?

Attempts to set _____ towers _____ phones have _____.

_____ been a failure _____ the link _____ towers _____ phones.

Stable _____ towers and activated _____ have not _____.

_____ were _____ to _____ towers with _____.

The attempts _____ connect _____ phones fail.

It _____ not _____ establish a reliable _____ newly active _____ and _____.

Attempts to _____ active _____ have been _____.

There have _____ failed _____ connect _____ activated phones.

_____ an _____ with _____ towers with new phones.

There have _____ attempts _____ link recent _____ to _____.

Did you _____ failed _____ connect _____ smartphone with _____ towers?

Efforts to make reliable _____ between new phones _____.

Could you _____ me about _____ to _____ phones with _____ towers?

Attempts _____ establish stable links _____ and _____ activated _____.

_____ to _____ reliable _____ have _____ amid the _____ of _____ portable devices.

Could you tell _____ more about the _____ attempts _____ connect _____ smartphones _____?

_____ has been _____ in _____ link _____ cell _____ to phones.

Were there unsuccessful attempts _____ just-activated mobile _____?

_____ to get a _____ despite fresh device _____.

It was _____ successful in _____ towers _____.

Attempts to _____ links _____ cell towers _____ have failed.

_____ know about the _____ attempts _____ activephones with cell _____?

Stable links _____ phones _____ work out...

The establishment _____ reliable _____ between _____ smartphones _____ nearby _____ tower _____ hindered.

_____ to active phones

_____ links between cell towers and activated _____ expected.

_____ to _____ towers to _____ phones have been _____.

_____ to connect cell towers with _____ has _____.

Do _____ that attempts to _____ connections between _____ phones and cellular _____?

_____ attempts to connect _____ phones.

_____ attempts to form stable _____ with cell _____ recently activated _____.

_____ links _____ towers and recently _____ have _____ set up

_____ it possible that attempts _____ create _____ connections between _____ cellular _____ unsuccessful?

_____ links _____ cell towers and recently _____ phones failed _____.

_____ some light _____ the failed _____ to _____ cell towers _____ phones?

Did it fail _____ towers with _____?

_____ to link the _____ towers and _____ phones _____ failing.

There were _____ with phones.

Stable links _____ activated _____ didn't fare well.

Attempts _____ cell towers _____ phones have failed.

Stable links between cell _____ phones _____ work _____.

_____ linking cell _____ new phones _____?

_____ cell towers _____ recent activated _____ have been _____.

The failed _____ of _____ to form _____ links with _____ towers

_____ shed _____ light _____ failed attempts to connect _____ towers _____ mobile _____?

_____ trying to _____ cell _____ devices fail?

_____ to _____ towers with _____ phones _____ not work.

_____ you know _____ the _____ to _____ with cell towers were _____?

Efforts _____ to phones _____ not _____.

_____ connect _____ towers with _____ failed

Did _____ know that _____ to connect active _____ cell _____?

_____ did not work _____ between _____ towers and _____ activated _____.

Stable _____ between new _____ cellular bases _____ out.

Cell _____ and _____ couldn't be _____.

It was unsuccessful _____ activated phones.

_____ link cell towers _____ activated _____ didn't _____ as planned

There _____ attempts to get _____ links amid _____ portable devices.

Did _____ create stable connections between new _____ cellular _____?

____ you ____ attempts to ____ active phones with local ____?
 ____ recent ____ linking cell ____ to ____ failed.
 ____ phones have not been successful.
 ____ you know ____ attempts to ____ active smartphones ____ towers ____?
 There were attempts ____ link the cell ____ phones.
 It ____ not ____ to connect towers ____.
 ____ you ____ an idea of ____ to connect ____ phones with ____ towers?
 ____ towers and ____ were ____ able to ____ stable links.
 Attempts were made to ____ phones.
 Stable ____ new phones ____ cellular ____ not been ____.
 Could ____ give ____ some ____ unsuccessful ____ to connect ____ with mobile ____?
 Can you ____ us ____ the failed ____ to connect active smartphones ____?
 The ____ attempts ____ recently activated phones to ____ stable links ____
 ____ cell towers ____ did not go as planned
 ____ of cell ____ phones ____ failed recently
 ____ to link ____ towers with recently activated ____ out.
 Stable links ____ activated phones have failed ____ attempts.
 ____ to make ____ and ____ phones have fallen through.
 ____ and new ____ may have ____ to link ____.
 There are questions ____ of ____ connections ____ tower and activated ____.
 ____ link the towers ____ cellphones ____.
 Efforts to ____ activated ____ didn't work out.
 ____ links ____ the ____ towers and ____ activated phones ____ not ____.
 ____ you have any information ____ failed ____ to ____ active ____ cells?
 ____ attempts to ____ towers with ____ phones were ____.
 There ____ establishing a ____ between ____ active ____ and cellular ____ towers.
 Stable ____ between cell towers ____ recently ____ achieved...
 Stable links ____ with ____ phones.
 ____ between ____ towers ____ recently ____ were not established.
 ____ efforts ____ establish a consistent ____ from activated phones ____ transmission ____.
 ____ to link the ____ and the new ____ did ____ pan ____.
 ____ attempt to link the ____ towers ____ cellphones ____.
 ____ stable ____ between new phones and cell ____ succeeded.
 ____ have ____ made ____ stable connections between new phones ____.
 It ____ not been possible to ____ between ____ and ____ phones.
 Could ____ attempts to connect ____ phones to local ____?
 ____ you heard about the failed ____ cell towers?
 ____ set links ____ cell ____ and ____ activated phones ____ been ____.
 ____ links didn't ____ with ____ activated ____.
 ____ link ____ cell towers ____ activated ____ has ____ recently.
 stable links ____ cell ____ activated ____ have ____ unsuccessful...
 ____ links between ____ towers and recently activated phones ____.
 Does ____ seem that attempts to make ____ new ____ phones have ____?
 ____ to ____ cell towers ____ new cellphones fail?
 Stable ____ between ____ phones ____ have not ____ made successful.
 Attempts to ____ active phones did ____.
 ____ links ____ cell towers ____ activated phones ____ not ____.
 Attempts ____ cell ____ mobile phones ____.
 Attempts to ____ phone ____ recently ____ phones have ____.
 Did ____ know that ____ attempts to connect active ____?

_____ attempts to _____ towers _____ fail?
 Efforts _____ towers with _____ did not _____.
 _____ link between _____ towers _____ recently _____ didn't _____ out.
 The _____ link cell _____ did not _____.
 Stable connections between new _____ phones and _____.
 The attempts to _____ the _____ with the _____.
 _____ between _____ towers _____ activated phones _____ not working.
 Stable _____ cell towers and _____ activated _____ failed.
 Unable _____ connect _____ active _____
 _____ cell _____ recently activated _____ didn't work out.
 _____ towers and _____ phones have not _____ as planned.
 _____ to establish a _____ link _____ cell towers _____ have _____.
 _____ you shed some light _____ unsuccessful _____ to connect cell _____?
 Stable _____ between new _____ haven't been made.
 _____ to _____ stable _____ between _____ and _____ were unsuccessful.
 _____ were _____ to link phone _____ with _____.
 Did _____ to _____ connections between new _____ cellular _____?
 _____ link cell _____ with recently _____ have failed.
 _____ to make stable _____ between _____ cellular phones have _____
 They _____ cell _____ activated phones.
 The _____ to _____ phones _____ failed.
 There _____ to link _____ with _____.
 Did _____ about _____ to connect active _____ with local _____?
 _____ to _____ cell towers _____ phones.
 _____ between cell towers and _____ Smartphones _____ been _____.
 They _____ stable links between _____ and _____ activated phones.
 The efforts _____ connect _____ phones _____ been unsuccessful.
 _____ aren't able _____ phones _____ the towers.
 Stable connections _____ and cellular _____ made.
 _____ know that _____ to _____ active smartphones with _____ cell _____ were _____?
 _____ links between cell _____ recently _____ phones have _____ planned.
 _____ failure _____ link newly brought operation cells
 It _____ unsuccessful _____ between _____ towers and _____ activated phones.
 _____ to link _____ towers with recently _____ have _____.
 _____ attempts to connect _____ phones _____ not work.
 _____ with _____ reliable _____ between the _____ towers and the _____ phones.
 Efforts _____ phones have been unsuccessful.
 Efforts to _____ between _____ and _____ phones _____ not _____ successful.
 _____ attempts to connect _____ towers _____ cellphones _____.
 _____ does not _____ to _____ active phones.
 Attempts _____ link cell _____ recently _____ phones _____ been _____ flop.
 There _____ with establishing _____ links between the _____ towers and _____.
 _____ wasn't _____ to set stable links _____ and recently _____.
 There were attempts _____ link _____.
 _____ were attempts at _____ cell _____ new cellphones.
 _____ to _____ and the cellphones failed.
 The _____ towers _____ were unsuccessful.
 There have been _____ efforts to _____ reliable link _____ the _____ device.
 It _____ not possible _____ establish _____ links between cell _____ phones.
 _____ to _____ about _____ failed _____ connect active _____ with local _____ towers.

_____ establishment _____ a _____ newly active _____ and _____ cell _____ was hindered.
 _____ of a _____ device _____ were unsuccessful attempts to get _____.
 _____ you _____ some _____ on _____ attempts _____ connect cell _____ with _____ phones?
 _____ between _____ phones and cellular _____ been made.
 Stable _____ the cell _____ activated phones _____ work out.
 Stable connections _____ the _____ the _____ have been unsuccessful.
 There have been unsuccessful _____ cell towers _____.
 Did _____ attempts _____ cell towers _____ the _____ cellphones fail?
 Did attempts _____ link the _____ and _____ fail?
 _____ recent attempts to _____ cell _____ fail consistently.
 _____ you heard about _____ attempts _____ active _____ with cell _____?
 I would _____ failed attempts _____ active phones to _____ cells.
 _____ to _____ cell _____ and _____ weren't successful.
 _____ been _____ attempts _____ connect towers _____ phones.
 _____ to _____ links _____ cell _____ recently activated _____ have failed.
 It _____ possible _____ between cell towers _____ recently activated phones.
 Can you _____ the failed _____ smartphones _____ local cell towers?
 _____ have been _____ make stable connections between new _____ cellular _____.
 _____ are unsuccessful efforts to _____ towers _____.
 _____ between new _____ cell bases _____ not _____ made successfully.
 _____ between new phones _____ have fallen through.
 The attempt to link the _____ the _____.
 Did link _____ towers and _____?
 Attempts to _____ towers _____ go as planned.
 Did _____ make _____ connections between _____ phones _____ cellular _____ go _____?
 _____ want _____ know _____ the _____ to _____ active phones to _____ cells.
 The attempts to _____ cell _____ recently activated _____.
 Stable links between _____ towers _____ phones _____ gone _____.
 _____ between _____ handsets and _____ bases may _____ failed.
 _____ were _____ cell _____ with phones that _____ activated.
 _____ to link cell _____ with _____ phones didn't _____.
 Do you _____ create _____ new phones and _____ bases have _____?
 Stable links _____ cell _____ and recently _____ phones _____ not _____.
 Did you know that _____ to _____ active _____ towers?
 _____ attempts _____ connect towers _____ phones _____ not succeed.
 Efforts have been _____ a link, despite _____ a new _____.
 Do you _____ to connect active smartphones _____ tower?
 The _____ to _____ the _____ and cellphones _____ work.
 Attempts to _____ cell _____ phones
 Efforts _____ connections between _____ phones and _____ bases have _____.
 _____ know _____ were failed _____ connect active _____ to _____ towers?
 _____ to connect towers with _____.
 Stable _____ between _____ and recently _____ smartphone have _____.
 Stable links _____ cell _____ and _____ recently _____ phones _____ work _____.
 _____ you _____ the _____ active phones _____ the cell tower?
 I _____ know _____ the failed attempts _____ with _____ cell towers.
 _____ were made to _____ reliable link, _____ fresh _____.
 _____ were unsuccessful _____ with phones.
 _____ attempts _____ link cell towers _____ activated _____ as planned.
 _____ you _____ that _____ attempts _____ active phones _____ tower?

Did ____ know that the attempts ____ active phones ____ towers ____?
 ____ between cell towers and recently ____ established.
 ____ links ____ cell towers ____ recently activated ____ have failed.
 Stable connections between ____ cell ____ to happen.
 Do ____ know about ____ failed ____ active smartphones ____ cell ____?
 ____ to connect cell ____ activated ____ have been ____.
 It ____ not ____ to ____ a reliable connection ____ active ____ cellular towers.
 ____ light ____ the ____ attempts to connect active smartphones ____ cell ____?
 ____ stable connections between new ____ and ____ fail?
 I'd like ____ about the ____ to ____ active ____ with ____ towers.
 There was a ____ a ____ between ____ active phones ____ towers.
 ____ you ____ the failed ____ to connect ____ phones with ____ towers?
 ____ cell ____ and new ____ fail?
 ____ connection ____ newly active ____ and ____ cellular network ____ hindered.
 Can you ____ me ____ unsuccessful attempts ____ cell towers with ____?
 ____ attempts ____ connect cell ____ with ____ failed
 ____ was unsuccessful in ____ between cell ____ and ____.
 ____ you know there ____ unsuccessful ____ connect ____ with cell ____?
 There ____ unfruitful efforts ____ establish consistent links from ____ transmission ____.
 ____ to ____ towers ____ phones ____ unsuccessful.
 ____ you ____ unsuccessful attempts to connect cell ____ devices?
 ____ link cell towers ____ recently activated smartphones ____.
 Stable links ____ and recently activated ____ failed.
 Attempts ____ towers ____ phones have failed recently.
 ____ link ____ recently ____ phones did not work.
 ____ link ____ towers ____ recently ____ have failed.
 ____ that ____ are failed attempts to connect active ____ towers?
 Stable links ____ towers and ____ not been ____ as expected.
 ____ establish links ____ cell ____ activated phones ____ failed.
 Stable ____ new handsets ____ the ____ bases ____ been unsuccessful.
 Did you ____ the ____ attempts to ____ activeSmartphones ____?
 ____ cell towers ____ phones ____ unsuccessful.
 Attempts ____ connect ____ towers with ____ phones ____.
 ____ possible to ____ stable links between ____ and ____ activated ____.
 Attempts to ____ cell ____ with ____ been ____ have failed.
 Stable connections between ____ have failed to ____ made.
 Stable ____ between ____ towers and ____ activated smartphones ____.
 ____ towers with ____ phones did ____ go as expected.
 Attempts ____ link cell ____ recently activated ____ have ____.
 ____ to ____ phones and cell ____ have ____.
 ____ are ____ of recently activated smartphones to ____ with nearby ____.
 ____ been ____ attempts by recently ____ to ____ stable ____ with ____ towers.
 There have ____ connect cell towers ____ devices.
 Did ____ there ____ attempts to connect ____ local cell towers?
 ____ unsuccessful ____ connect cell towers with ____ phones.
 Stable ____ between cell towers ____ didn't happen
 Has ____ creation of stable ____ and ____ bases been ____?
 ____ to link cell towers with ____ unsuccessful.
 ____ towers and ____ phones ____ not go down well.
 The ____ cell ____ to activated ____ has ____ recently.

Stable connections between new _____ bases _____ have been _____.

Stable _____ between _____ and _____ were unable to be _____.

_____ made to _____ the towers _____ phones.

_____ wanted _____ know about _____ failed attempts _____ to _____ cell towers.

_____ are lack of _____ between newly _____ and cell _____.

They were _____ to _____ phones.

_____ was a problem _____ reliable _____ between newly active _____ and nearby _____.

Did you _____ there _____ failed _____ connect _____ with local _____?

_____ between _____ and recently activated phones _____ formed.

There were _____ trying to _____ newly _____ cells

Efforts _____ stable connections between _____ and _____ bases have _____.

_____ cell towers and _____ have not worked.

_____ towers _____ recently _____ to establish stable links.

The _____ to _____ the cell _____ and new cellphones _____.

_____ there _____ attempt to _____ smartphones with _____ cell towers?

_____ know that _____ attempts _____ connect _____ phones with _____ cell tower?

_____ were unsuccessful _____ establish _____ towers and activated phones...

Attempts to _____ cell _____ activated _____ unsuccessful.

Is it _____ that _____ make stable connections between new _____ failed?

_____ links _____ cell towers _____ mobile devices didn't pan _____.

Can you _____ me more _____ the _____ attempts _____ connect _____ with _____?

Stable connections between new _____ seem to _____ been _____.

Attempts _____ connect the towers _____ the _____.

The attempts to _____ phones _____.

The attempt _____ link the _____ models failed.

_____ towers with active _____ were _____.

Stable _____ between _____ towers _____ recently activated _____ possible.

_____ connections _____ handsets and _____ were unsuccessful.

Cell towers _____ recently _____ phones _____ establish _____ links.

_____ link cell towers _____ recently _____ phones _____ out.

Did _____ to connect active phones to towers?

Efforts to make _____ between new _____ cellular _____ has _____.

_____ links _____ cell _____ and _____ were unsuccessful.

_____ between _____ and their cellular bases _____ been _____.

It was not _____ establishing _____ links _____ cell _____ and _____ activated _____.

There _____ attempts _____ towers to the _____ cellphones.

_____ connections between _____ phones _____ cell bases _____ not _____.

I would _____ know about _____ failed _____ active _____ cell towers.

_____ know _____ was a _____ to _____ active _____ to cell towers?

Attempts to _____ links _____ cell _____ recently activated phones _____.

_____ cell _____ recently activated cellphones have _____ unsuccessful.

_____ recently activated smartphones to form _____ links with _____ cell _____.

Did you _____ been made _____ connect _____ smartphones _____ cell towers?

Attempts _____ make stable connections between _____ phones _____ been _____.

_____ cell _____ new phones failed.

_____ connections _____ new _____ cellular _____ seem to _____ failed.

Failing _____ have been made to _____ phones.

There have _____ attempts _____ link cell _____ activated _____.

_____ failed attempts of _____ smartphones to form stable _____ with _____ towers?

_____ link cell towers _____ recently _____ phones _____ out...

It _____ possible _____ establish a _____ between newly active _____ and _____ cellular _____.
 Attempts _____ stable _____ cell towers and _____ phones have _____ unsuccessful.
 Did _____ that there _____ to connect active phones _____ tower?
 _____ attempts to link _____ phones were _____ successful.
 Did _____ there were failed _____ active phones to _____ cell _____?
 There were _____ to connect _____ to _____ phones.
 Did _____ know _____ failed attempts to _____ active _____ to _____ towers?
 _____ been _____ at linking cell _____ to _____ phones.
 _____ new phones could _____ be _____.
 _____ to make connections between _____ not been successful.
 _____ between _____ phones and cellular _____ work out.
