

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Exterior lighting fixture replacement
Inquiry Sub-Category	Energy-efficient options
Description	Customers are interested in energy-efficient exterior lighting fixtures, including inquiries about LED options, solar-powered alternatives, and how these fixtures can help reduce electricity consumption and costs.
Data Size	15,004 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

_____ I _____ able to reduce my electricity _____ switching _____ energy-efficient _____ solutions?
_____ it possible to reduce _____ home electricity consumption by _____?
How _____ my electrical usage _____ use efficient outside _____?
_____ expect to _____ a reduction _____ power usage by using _____ efficient _____?
_____ I expect a _____ in _____ use if _____ exterior _____?
Is _____ to use less _____ using _____ lighting.
Is it _____ to reduce my _____ using energy efficient outdoor _____?
_____ it _____ to reduce _____ usage by _____ energy-efficient _____ lighting?
_____ possible _____ save energy with _____.
Will _____ lights _____ power use?
Is it _____ to save _____ using _____ outdoors.
_____ with efficient _____ lower electricity needs.
If _____ energy efficient lighting, how _____ power _____ use?
How can _____ cut _____ bill?
_____ upgrade to energy-saving outdoor light _____ what percentage _____ I expect?
Can _____ reduce utility _____?
_____ possible to _____ electricity use _____ opting for _____ outdoor _____?
_____ an upgrade _____ energy-saving outdoor _____ fixture result _____ a _____ costs?
Could _____ outdoor lighting result in _____ power _____?
_____ is _____ to save money with _____ outdoor _____.
_____ use _____ to conserve energy?
_____ am _____ the extent to which _____ electricity _____ decrease _____ the installation _____ eco-friendly _____ lighting.
_____ switch to efficient exterior _____ what impact _____ on _____ bill?
Is _____ possible _____ use _____ by using _____ lighting?
_____ will _____ energy saving _____ decrease my electrical _____?
_____ energy-efficient outdoor _____ have on my _____ use?
_____ there _____ reduction in power usage after _____?
How much _____ consumption _____ I _____ when using energy-saving outdoor _____?

How _____ switch _____ outdoor lighting?

Will _____ energy efficient outdoor lights save _____ my electricity _____?

_____ of a _____ power usage should I _____ when I _____ energy saving outdoor _____?

_____ lighting _____ energy-efficient options will _____ lower my _____ usage?

Will _____ a decrease _____ bill if _____ install _____ efficient _____ lights?

_____ lights reduce my electricity _____?

Will _____ lights make _____ difference in _____?

_____ it possible to expect _____ by using energy efficient external _____?

_____ outdoor _____ reduce _____ electric bill?

_____ I _____ to energy-saving lighting?

_____ I _____ money _____ my electricity _____ if _____ switch to eco-friendly _____?

_____ you _____ an estimate _____ much electricity _____ be saved _____ I switch _____ efficient outdoor _____?

_____ outdoor lighting _____ electric use?

_____ solutions able to meaningfully lower _____?

Is it possible _____ cut my electricity _____ lighting?

Will a reduction _____ come _____ for efficient _____ lighting?

Will a _____ to energy-saving _____ reduce my _____?

Is _____ possible for _____ solutions _____ reduce _____ consumption?

_____ it _____ reduce electricity usage through _____ external _____?

Is it possible _____ my _____ by _____ lights?

_____ these _____ my power bill?

Is _____ power usage if _____ efficient outdoor lighting?

Will _____ electricity usage _____ down _____ I switch _____ to energy _____?

Will outdoor _____ be able to help _____?

_____ I _____ energy-efficient outdoor lights _____ use?

Will _____ efficient outdoor _____ lower electricity needs?

_____ reduce my _____ use _____ choosing energy efficient _____ lighting solutions?

_____ use _____ outdoor _____ lead to savings _____ power usage.

Will _____ lighting be able _____ power _____?

_____ outdoor _____ installations, can you _____ of the _____ to which _____ electricity _____ will decrease?

_____ opting _____ bring _____ a reduction in energy costs?

Does the _____ outdoor light fixture _____ lower electricity _____?

_____ it _____ efficient exterior lights will _____ utility expenses?

_____ you give _____ the _____ which my electricity usage will decrease _____ the _____ outdoor lighting?

How _____ outdoor _____ help cut _____ my _____ bill?

Will _____ more _____ lighting systems help _____ consumption?

Is _____ an _____ energy-efficient _____ would bring down our _____ expenses?

_____ will happen to _____ electric _____ when _____ switch _____ exterior _____?

How _____ utility _____ by installing _____ illuminating systems in the _____?

I would like _____ know how much my _____ the _____ of _____ lighting.

How much _____ I save by opting _____?

Will _____ reduce _____ usage?

Will _____ electricity use _____ if _____ switch outdoor _____ efficient ones?

Will my _____ use _____ down _____ to energy _____ outdoor _____?

_____ possible to decrease _____ usage _____ efficient lighting?

_____ lower in electricity needs?

_____ electricity usage _____ down when _____ energy efficient lights?

_____ much of _____ outdoor lighting have on my _____?

How much can _____ if _____ efficient outside lights?

_____ there _____ decrease in electricity _____ when _____ efficient lighting?

With _____ can _____ cut my _____ bill?

Efficient _____ be used to cut _____ on _____.

Is _____ possible _____ reduce electricity _____ by _____ efficient lights _____?

_____ lights cut down _____ power _____?

_____ the use _____ efficient _____ electricity _____?

Can I _____ my electric bill by _____ to _____ exterior _____?

_____ it _____ energy _____ exterior _____ could bring down _____ expenses?

_____ outdoor lighting enough to _____?

_____ outdoor lights _____ less _____?

_____ my _____ for _____ so-called _____ ones reduce my electricity bill?

Is it _____ to lower electric consumption by _____?

Reducing electricity _____ using energy-saving _____ solutions _____ something I _____ know.

Transition _____ outdoor lighting solutions can _____ decrease in _____.

Will _____ switch to _____ saving _____ lights _____ consumption rate?

_____ much can my _____ decrease because of _____?

_____ switched to efficient to lower _____ needs?

How much _____ eco-friendly lighting?

_____ will the _____ to efficient exterior lighting _____?

_____ eco-friendly outdoor _____ to _____ on power _____.

Can _____ save electricity with _____?

How much _____ my _____ use _____ down _____ changing _____ lights?

_____ energy- efficient _____ reduce _____ usage?

Is _____ to efficient outdoor _____ going _____ help reduce _____?

_____ efficient _____ help _____ cut _____ power use?

How _____ lights be used to _____ home _____?

_____ know if an _____ energy- efficient _____ down utility expenses?

Replacing _____ outdoor lighting _____ energy _____ options _____ lower my _____?

Replacing _____ with energy _____ options will reduce my _____.

Does _____ upgrade _____ outdoor _____ result in lower electricity costs?

Is _____ possible _____ energy- _____ lights _____ save power?

_____ an _____ to an energy-saving _____ light _____ lower electricity bill?

_____ it possible to _____ electricity _____ by _____ energy _____ outdoor lights _____ of _____?

How can _____ electric bill _____ using _____ outdoor _____?

_____ an _____ on how much _____ be saved _____ I switch _____ energy efficient outdoor _____?

Will _____ efficient _____ help _____ my power _____?

How _____ could I _____ by _____?

Is it possible to _____ usage _____ outdoor lights?

_____ are energy-saving options that _____ used _____ outdoor _____.

Will my electricity _____ when _____ outdoor _____ to _____ efficient ones?

_____ your _____ give me information about the amount _____ savings that can _____ efficient outdoor lighting?

Can opting for _____ fixture _____ household electricity _____?

_____ the _____ options reduce _____ electrical consumption?

_____ energy _____ outdoor lights going to cut down _____?

_____ eco-conscious _____ solutions _____ possibly lower electric consumption.

Does _____ lower electricity _____ to _____ outdoor _____ fixture?

How can _____ to _____ lighting _____ my electric _____?

Is it _____ to _____ electricity _____ with _____ external _____?

I _____ like _____ know _____ much _____ will decrease with the use _____ eco-friendly _____ lighting _____.

eco-friendly exterior _____ can _____.

_____ I _____ power _____ switched to _____ efficient lighting?

Is it possible _____ power _____ I _____ to more _____ lighting?

Is it _____ switch to _____?

_____ the _____ to energy-efficient _____ my electricity use?

I want _____ know if _____ outdoor _____ help shrink _____.

Can you give _____ estimate _____ much _____ be used _____ I switch _____ energy-efficient outdoor _____?

_____ lights reduce electricity _____?

Will the _____ of electricity decrease _____ lighting?

There _____ be a decrease _____ consumption when outdoor _____ energy _____.

Is it _____ to _____ my _____ usage _____ using _____?

_____ possible to _____ household _____ consumption _____ for more _____ illumination?

_____ can the _____ bills be _____ by installing energy-conscious _____?

How much _____ the _____ lights _____?

_____ I _____ a decrease in my _____ bill if _____ with energy efficient _____?

_____ it _____ to cut _____ on _____ electricity _____ using _____ outdoor lighting _____?

Can energy efficient external _____ used _____ electricity _____?

_____ I _____ significant _____ in power usage when _____ illumination methods?

Can _____ less _____ I switch to energy _____ outdoor _____?

Can _____ my yard lights affect _____ in _____ way?

There are possible _____ energy- _____ outdoors.

What _____ reduction _____ electricity use _____ be _____ energy-saving outdoor lighting _____?

_____ systems in _____ can _____ in lower utility bills.

How much _____ I _____ on electricity _____ energy _____ lighting solutions?

_____ there _____ in electricity _____ choosing _____ efficient external lighting?

_____ help achieve _____ electricity usage.

Can a _____ ecological illumination _____ to _____ household _____?

Will _____ reduction in my _____ if _____ switch to _____ outdoor lights?

Can _____ illumination fixture cause a noticeable _____ household _____ expenditure?

Will _____ lighting reduce _____ use?

_____ possible _____ decrease _____ usage by using _____ lighting?

_____ was _____ the _____ of _____ lighting could result _____ significant _____ my power bill.

_____ can I save _____ choosing _____ lighting?

_____ outdoor _____ systems _____ my power consumption?

Will the _____ to efficient _____ have _____ on _____ electric _____?

_____ it _____ that _____ lighting could result _____ on my power _____.

_____ I _____ my _____ bill by _____ outdoor lighting?

_____ utility bills _____ reduced if _____ illuminate _____ areas?

_____ opting _____ efficient _____ fixture _____ a reduction in _____ expenditure?

_____ efficient exterior lights _____ electricity usage.

_____ by _____ eco-friendly outdoor lighting?

Will my electricity usage _____ cut _____ switch to _____ outdoor _____?

Is _____ a _____ in _____ from utilizing _____ outdoor lighting _____?

_____ eco-friendly _____ reduce _____ use?

The outdoor _____ an _____ cutting down electric _____.

_____ like _____ the extent _____ electricity usage will decrease with _____ of eco-friendly _____ lighting.

Is it _____ lower electricity _____ light fixtures?

_____ usage _____ as I switch to _____ efficient outdoor _____?

_____ is outdoor _____ electric use?

Is _____ energy efficient exterior lights would _____ utility _____?

Will _____ out _____ patio _____ for _____ make my _____ bill go _____?

How _____ cost _____ to switch _____ energy-saving _____ lighting options?

Will using _____ outdoor _____ reduce _____ electricity _____?

How _____ efficient _____ lights _____ down _____ usage?

Will the change _____ outdoor _____ the _____ used?

What _____ my electric bill _____ I switch _____ efficient _____ lighting?

Efficient exterior _____ can help _____ the _____ electricity _____.

_____ a _____ in power usage when I _____ to energy _____ light _____?

Is _____ possible _____ cut _____ electricity expenditure by opting for _____?

_____ for _____ company to give _____ information about _____ much electric _____ achieved if I upgrade _____ lighting?

How can energy- efficient _____ help reduce _____?

Will _____ switch to _____ lights reduce _____?

Is _____ a _____ save _____ with energy efficient _____?

_____ exterior light _____ in savings on power _____?

upgrading to _____ effective?

How much can _____ by utilizing _____ systems?

What kind of _____ if I switch _____ efficient _____ lights?

Can _____ outdoor lighting _____ energy _____?

Will _____ outdoor lighting bring _____ a _____ electricity _____?

_____ energy-conscious _____ outdoor _____ that can help _____ utility bills.

Is it _____ the use _____ outdoor _____ could result in significant _____ power _____?

_____ you give me _____ estimate _____ how much _____ I'll _____ I _____ energy _____ lighting?

Will my power use _____ reduced _____ switch _____ lights?

_____ to energy-saving _____ lights reduce _____ use?

Replacing _____ energy efficient _____ will reduce _____ electricity usage.

_____ usage go _____ I _____ my _____ lights to energy efficient _____?

How _____ light options reduce my _____ electrical _____?

I _____ how _____ my electricity _____ decrease with eco-friendly _____ lighting installations.

_____ opting for more _____ bring _____ reduction in _____ expenditure?

_____ can _____ exterior _____ do to _____ usage?

Is _____ possible to expect a _____ in _____ usage _____ methods?

How much _____ my _____ down _____ to efficient _____?

_____ it _____ using energy-efficient lights outdoors?

How much _____ saving _____ achieved _____ lights outside?

Is using _____ going to _____ electricity usage?

Are _____ any _____ options for outdoor _____ can reduce _____?

Will changing to efficient outdoor _____ help _____?

Will outdoor lighting _____ to _____ consumption?

_____ it _____ electricity usage _____ efficient external lightings?

_____ a difference _____ power usage _____ using _____ outdoor lighting _____?

_____ using energy-saving outdoor lights?

_____ outdoor lights _____ and _____ power _____?

How _____ power _____ saved _____ more _____ exterior lights?

_____ will _____ to energy-efficient _____ solutions _____ power consumption?

Will choosing _____ outdoor lighting _____ bring about _____ reduction _____?

_____ the change _____ energy-saving _____ lights reduce _____ electrical _____?

_____ had with energy-efficient _____ lighting?

_____ outdoor lights _____ usage?

_____ I _____ energy-efficient _____ lighting, can _____ an _____ on how much electricity _____ be saved?

How much can a system _____ save _____?

_____ lights cut down on _____?

_____ it _____ to reduce electricity use _____ lightings?

If I _____ energy _____ outdoor lighting, can _____ give me _____ estimate of _____ in _____?
 Will _____ for efficient outdoor _____ a _____ electricity _____?
 _____ lights _____ my power _____?
 Transitioning to energy efficient _____ solutions _____ reduction _____ power consumption.
 _____ much can _____ by _____ eco-friendly _____?
 Choosing _____ lighting can cut _____.
 Can _____ expect a _____ power _____ when using _____ illumination _____?
 Will _____ lights _____ power use?
 Is it _____ to reduce _____ consumption _____ energy- _____.
 Can _____ methods _____ usage?
 Is _____ possible to reduce _____ usage _____ efficient _____?
 Reducing _____ home _____ consumption _____ be achieved _____ outdoor lights.
 _____ help me reduce my _____?
 Would _____ adoption of _____ lighting _____ in significant savings _____ power _____?
 Will _____ electricity usage go _____ if _____ to _____ lighting?
 _____ will switch to _____ affect my _____?
 _____ impact will _____ have _____ my _____ bill _____ to _____ exterior lights?
 _____ you give me _____ estimate of _____ electricity will _____ saved when _____ switch to _____?
 Is it _____ power consumption _____ using _____ lighting?
 _____ eco-friendly lights _____ my power usage?
 Is _____ a decrease in _____ when opting _____ options?
 Can _____ adoption of _____ outdoor _____ on my _____ bill?
 How _____ I save _____ lights _____?
 _____ save on my electricity _____ by installing _____ lighting?
 _____ the _____ outdoor _____ my power _____?
 Eco-friendly _____ help _____ use.
 _____ use eco-friendly _____ to decrease my electricity _____?
 _____ possible _____ outdoor lights will _____ on electricity usage?
 _____ changing my _____ lights have _____ impact _____ electrical expenses?
 Will outdoor _____ use less power?
 _____ electricity _____ be _____ with efficient exterior lights.
 Is it possible _____ cut _____ bill _____ energy-saving _____?
 _____ pay less for _____ if I _____ out _____ normal patio _____ for _____?
 Do energy-saving outdoor lighting _____ a _____ on _____?
 Will _____ use _____ electricity decrease if _____ change _____ eco-friendly _____?
 Can _____ my _____ my electrical _____?
 Is _____ reduce electricity consumption _____ installing _____ lights?
 How _____ can _____ when _____ eco-friendly outdoor _____?
 _____ I expect _____ reduction _____ electricity _____ using energy-saving _____ solutions?
 I am _____ I can cut my _____ using _____ lights.
 Will _____ out _____ patio _____ for _____ ones make my electricity _____ go _____?
 How _____ can be _____ by _____?
 There _____ options _____ lighting.
 _____ does _____ outdoor lights affect your _____ bills?
 I _____ wondering if the adoption _____ efficient _____ could result in substantial _____.
 What _____ in power usage _____ expect when _____ upgrade _____ outdoor _____?
 _____ the use of efficient _____ lights _____ electricity use?
 _____ I reduce _____ usage by changing _____ lights?
 _____ much can _____ save me _____ electricity bill?
 How can I _____ switch to _____?

_____ expect _____ reduction _____ electric bill _____ I _____ energy _____ outdoor lights?
 _____ changing to energy-saving _____ lights _____ electrical _____ home?
 Is _____ a _____ in electricity _____ when you _____ lighting?
 _____ lighting can be _____ save _____ electricity.
 _____ can switch _____ lighting save?
 How _____ can I _____ on _____ bill _____ energy-saving outdoor _____?
 _____ much electricity can _____ by _____ eco-friendly outdoor _____?
 _____ cut _____ use _____ eco-friendly lighting.
 _____ much _____ efficient lighting save?
 How _____ will the _____ light options _____ consumption _____?
 Can I _____ to decrease _____ power _____?
 How much _____ the _____ saving light _____ reduce _____?
 How _____ save on _____ by using energy-saving outdoor _____?
 _____ using energy-saving _____ lights _____ my electrical _____ at _____?
 _____ possible _____ replace outdoor _____ eco-friendly _____ that _____ lower overall household _____ consumption?
 Does an _____ to _____ outdoor _____ result in _____ costs?
 _____ the installation _____ that are eco-friendly _____ money on _____?
 _____ can _____ take advantage _____ energy-saving _____?
 _____ the _____ of eco-friendly _____ my _____ usage?
 _____ your company to _____ the amount of _____ savings _____ can be achieved by changing _____ outdoor
 _____?
 _____ to energy-saving outdoor light solutions _____ should expect _____ decrease _____.
 How much will the _____ reduce outdoor _____?
 _____ decrease in power _____ expected when I upgrade _____ energy-saving _____ solutions.
 Is there a reduction _____ outdoor lighting?
 _____ give _____ an _____ how much electricity _____ be saved if _____ switch _____ efficient lighting?
 Will changing to efficient outdoor _____ my _____?
 _____ these outdoor lights _____ cut _____ bill?
 Is it _____ to cut down _____ outdoor lighting?
 I _____ to _____ much my electricity _____ I install _____ outdoor lighting.
 _____ can _____ use _____ lighting _____ energy _____?
 _____ outdated _____ bulbs with more efficient _____ have an _____ electric bill?
 _____ an _____ on the _____ in electricity usage when _____ to energy-efficient _____?
 I would like to _____ the _____ which my _____ usage _____ decrease _____ use _____ outdoor lighting _____.
 Is _____ electric _____ by _____ lighting?
 Will the switch _____ reduce _____ electrical _____?
 How _____ electrical _____ decline by _____ efficient _____ lights?
 _____ to high-efficiency _____ lighting options, _____ a noticeable difference _____ costs?
 Will _____ efficient _____ a difference _____ my _____ use?
 Is _____ possible _____ to reduce _____ use _____ efficient outdoor lighting?
 _____ can I _____ down _____ by _____ my lights?
 _____ exterior _____ be _____ lower electricity usage.
 _____ much will _____ save _____ electricity bill _____ I switch to _____?
 _____ lighting will lower _____ electricity _____.
 _____ like _____ know _____ much _____ electricity usage will _____ install eco-friendly outdoor lighting _____.
 _____ these energy-saving _____ save me?
 Will _____ lighting have _____ impact on _____ electric _____?
 _____ to eco-friendly _____ reduce _____ power _____?
 Efficient exterior _____ can _____ used for _____ electricity _____.
 _____ I _____ eco-friendly _____ lights to _____ electricity use?
 Is it _____ to reduce electricity _____ by _____ energy- _____?

Will _____ help _____ cut my power _____?

How much power _____ by choosing _____ lights _____?

_____ outdoor lights reduce _____ power _____?

Can _____ give me an estimate _____ much electricity _____ if I _____ to _____ outdoor _____?

Will _____ outdated exterior bulbs with _____ efficient _____ impact _____ our _____?

Is it _____ lighting solutions can lower _____?

Will _____ of efficient outdoor _____ electricity _____?

Is _____ energy-saving _____ lights _____ cut down on _____ use?

_____ much will _____ use _____ outdoor lighting reduce _____ costs?

_____ electricity use when opting for _____ efficient lighting _____?

_____ reduction in power _____ efficient outdoor lighting?

The _____ energy- efficient _____ could lead _____ considerable _____ power usage.

_____ my _____ energy efficient _____ might _____ my electricity usage.

How _____ electricity can _____ if _____ eco-friendly lighting?

_____ it _____ save electricity _____ to energy-saving _____ fixture?

Will _____ outdoor _____ efficient ones reduce my _____?

_____ it possible _____ for more _____ illumination _____ to lead to _____ household _____?

_____ it possible _____ decrease _____ usage _____ eco-friendly _____ lights?

_____ I use _____ outdoor lights to _____ usage?

Is _____ the adoption of _____ outdoor _____ will _____ in _____ on _____ bill?

_____ the _____ to energy-saving outdoor _____ consumption at home?

Will _____ light _____ decrease my _____?

_____ exterior _____ electricity usage.

_____ you _____ estimate _____ how much electricity will be _____ switch to energy- efficient _____?

_____ there a _____ you use energy efficient lighting?

Could _____ lights _____?

_____ it possible to _____ to eco-conscious outdoor _____ solutions.

_____ switch _____ energy-saving _____ lights be worth _____?

Efficient _____ can _____ electricity _____.

_____ that energy- efficient _____ lights could _____ down _____ expenses?

_____ to eco-friendly lights _____ usage?

_____ power can be _____ efficient lights?

Will my electricity _____ be _____ I _____ my _____ lamps _____ more efficient _____?

_____ switch to _____ efficient _____ cut my _____ usage?

_____ down on my electricity use by using _____?

Can outdoor _____ electric _____?

_____ much _____ an _____ lighting option _____ me _____ my _____ bill?

Will the _____ lights _____ my _____ use?

Will opting _____ efficient _____ bring about _____ significant _____ electricity _____?

The _____ usage _____ be _____ by _____ exterior lights.

Will I _____ able to reduce _____ electricity _____ by _____ to _____ outdoor _____?

_____ to _____ outdoor _____ solutions _____ result in a _____ in _____ consumption.

I wonder _____ the _____ outdoor lighting _____ to substantial _____ power bill.

Is _____ company able _____ give me _____ about _____ amount of _____ be achieved _____ lighting?

Is it possible _____ down utility expenses _____ we _____ efficient _____?

_____ a _____ in _____ usage _____ I switch to energy-saving outdoor light solutions?

_____ a change _____ outdoor _____ have a _____ difference in _____?

_____ a _____ in electricity consumption _____ efficient lighting options?

_____ the _____ to _____ efficient lighting _____ reduce my _____?

Does using _____ my electricity _____?

_____ lights _____ energy consumption?

_____ the adoption _____ lighting _____ to save _____ power?

I _____ adoption of efficient outdoor _____ in _____ power bill _____.

_____ to know _____ much electricity usage _____ decrease _____ the _____ outdoor lighting.

_____ I _____ energy _____ outdoor _____ instead of _____ ones?

Is _____ decrease _____ my _____ bill _____ I _____ energy-efficient _____ lights?

What _____ do _____ electricity with outdoor lighting?

Can replacing _____ outdoor _____ eco-friendly _____ greatly _____ household _____ fees?

Does _____ outdoor lighting _____ to _____?

_____ it possible _____ lights will _____ my _____ rate at _____?

How big of an _____ will outdoor _____ use?

Are _____ lights possible _____ down on electricity _____?

_____ much can _____ saved _____ using _____ lights _____?

How much _____ light _____ my electrical _____ outside?

_____ using _____ going _____ reduce my power consumption?

_____ electricity usage _____ down _____ I _____ energy efficient outdoor lights.

_____ reduce _____ electricity bill _____ energy-saving outdoor lights?

_____ is the _____ to more _____ exterior _____?

_____ to _____ power _____ with eco-friendly outdoor lighting?

Can outdoor _____ to _____ my electricity usage?

_____ it _____ to reduce _____ installing _____ lights outdoors?

Is it _____ lower electric consumption _____ to _____ conscious _____.

_____ reduction _____ use from outdoor lighting?

Is _____ lighting going to _____ consumption?

_____ of energy _____ lights lead to _____ on _____ usage?

Can _____ decrease _____ electricity usage _____ lights?

The use of _____ efficient _____ power usage.

_____ it possible _____ my electricity costs by _____ eco-friendly _____?

_____ much will _____ electrical _____ with energy-saving _____ options?

_____ outdoor lighting _____ bring about a _____ electricity costs?

Can I _____ a _____ my electric _____ install energy _____ outdoor _____?

How _____ outdoor _____ switched _____ save money _____ my electric _____?

_____ it _____ to cut _____ electricity _____ outdoors lights?

_____ the impact _____ my _____ be if I switch to _____?

_____ it _____ outdoor lighting solutions to lower _____ use?

Changing _____ outdoor lighting will _____ reduce _____ power _____.

Will _____ able _____ electricity use if _____ switch to energy-efficient _____ lighting _____?

Does the _____ of _____ exterior _____ significant _____ on power costs?

_____ my electrical usage _____ changing to more efficient _____?

_____ can _____ save electricity?

_____ a _____ in electricity _____ with efficient _____ lights?

_____ a more _____ illumination _____ lead _____ reduction in _____ costs?

Can _____ lights _____ on _____?

_____ overlights _____ will bring about _____ cuts _____ powerconsumption _____ expenses

Can _____ usage drop _____ I _____ outside lights?

_____ new, _____ lighting reduce _____?

Will replacing _____ bulbs with more _____ have _____ on _____ bill?

_____ installation _____ eco-friendly _____ bulbs result _____ lower power _____?

Will energy-efficient outdoor _____ reduce _____?

_____ much _____ I _____ electricity when I _____ outdoor lighting?

____ it be ____ switch ____ more efficient outdoor ____?
 ____ give an ____ much electricity ____ saved ____ I switch to ____ lighting?
 ____ options will ____ my electrical ____.
 Will the ____ to ____ outdoor lights ____ usage?
 How ____ can ____ usage decrease ____ I ____ lights to efficient ____?
 Does ____ installation of eco-friendly ____ result ____ lower ____?
 Can ____ in electricity use ____ the ____ exterior lights?
 Does ____ consume ____ energy?
 Is ____ to lower electricity usage ____ efficient ____?
 ____ with ____ efficient ____ lighting?
 ____ installation ____ eco-friendly lights ____ on power bills?
 ____ to an efficient ____ system ____ power consumption?
 Is it ____ to ____ electricity ____ energy-saving ____ light ____?
 Is there ____ decrease in ____ usage ____ lighting ____?
 What ____ can I ____ when ____ more efficient ____ lights?
 How ____ the ____ options decrease my electricity ____?
 ____ the outdoor lights ____ help ____ decrease my ____?
 Do you ____ if energy efficient ____ lights will ____?
 Can ____ company tell me ____ amount of electric ____ that ____ with ____ efficient outdoor ____?
 ____ options for outdoor ____ what ____ reduction ____ energy use can ____?
 ____ the ____ lights cut down ____?
 Will it be possible to ____ lighting to ____?
 How ____ will the ____ lighting reduce my ____ use?
 ____ changing ____ outdoor lights reduce ____ electrical ____ home?
 Switching ____ efficient outdoor ____ consumption.
 ____ outdoor ____ money ____ power usage?
 How much will ____ save ____ electricity ____ I ____ eco-friendly ____?
 ____ reduction in electricity consumption ____ I ____ from using ____ solutions?
 I'd ____ know ____ extent ____ which my electricity usage will decrease ____ install ____.
 Can I ____ lights ____ cut ____ my ____ usage?
 How ____ switch to energy- efficient ____ cut ____?
 Should ____ exterior lights ____?
 Efficient outside ____ to reduce ____ usage.
 ____ replacing my ____ patio ____ for your ____ ones ____ my ____ go ____?
 Is ____ a big ____ in utility ____ high-efficiency outdoor ____?
 ____ can I use less ____ energy- ____ outdoor ____?
 ____ a switch to energy-saving ____ lights ____ use?
 ____ outdoor lighting ____ upgraded ____ less electricity?
 How ____ usage can be reduced by ____?
 Is there ____ in ____ usage ____ outdoor lighting?
 ____ lights ____ decrease ____ use.
 Is it ____ outdoor ____ reduce ____ consumption?
 ____ energy-conscious illuminating systems in outdoor areas ____ mean ____.
 How much ____ be ____ by using ____ lighting ____ outdoor ____?
 ____ will lights ____ save ____?
 ____ lights with ____ can significantly decrease ____ electricity consumption.
 Can the ____ lights ____ sell ____ cut my ____?
 Is it ____ reduce my ____ eco-friendly outdoor lights?
 How much can ____ switch to ____ efficient ____?
 ____ efficient outdoor ____ switch ____ needs?

____ outdoor ____ energy efficient ____ help reduce my electricity ____.
 ____ there ____ decrease electricity ____ through ____ efficient external lightings?
 Is it possible ____ a ____ power ____ by using energy ____ illumination ____?
 ____ traditional outdoor lights with ____ substantially lower ____ household electricity ____ ____?
 Is it ____ for your company to ____ me ____ savings can ____ through ____ lighting ____?
 I ____ if outdoor ____ reduce my power ____.
 ____ the expected reduction in ____ when ____ lighting solutions?
 ____ in outdoor lights ____ use.
 Is ____ to lower ____ by ____ outdoor light fixture?
 ____ using ____ efficient lights reduce ____?
 ____ lighting bring about a reduction in ____?
 Is ____ possible for me ____ decrease in ____ bill by ____ energy efficient ____?
 Will outdoor lighting systems ____ to ____ consumption?
 Will swap ____ for ____ ones ____ my electricity ____ go down?
 ____ electric bill be ____ by changing ____ exterior lights?
 Is it possible to ____ on ____ electricity ____ by ____ outdoor ____?
 ____ energy ____ to reducing home electricity consumption?
 ____ possible ____ switch ____ efficient outdoor lighting that ____ reduce ____ needs?
 ____ changing my ____ a difference on electrical ____?
 Is it possible ____ my electricity bill by ____?
 How ____ will the ____ light ____ reduce ____ usage?
 Is ____ power ____ I upgrade to energy-saving outdoor light ____?
 Can ____ a reduction in ____ usage ____ efficient external illumination ____?
 ____ to energy efficient outdoor ____ solutions ____ decrease ____.
 Will ____ usage ____ if I replace outdoor lights ____ efficient ____?
 ____ switching ____ eco-friendly ____ lights reduce ____ use?
 ____ traditional ____ lights ____ eco-friendly alternatives can ____ household electricity ____.
 ____ outdoor lighting ____ my electricity ____.
 ____ to ____ efficient ____ lighting ____ reduce my ____ consumption?
 ____ change in outdoor ____ power ____?
 ____ I ____ to pay ____ for my ____ bill ____ outdoor lights?
 ____ it possible that ____ efficient exterior ____ would ____ our ____?
 Eco-friendly ____ lighting ____ save ____ electricity.
 ____ I ____ able ____ electricity ____ if I ____ to energy ____ outdoor lights?
 Does ____ eco-friendly ____ reduce ____ bill?
 Will swapping ____ patio ____ for ____ so-called ____ my electricity bill?
 ____ much ____ can be ____ to more efficient lighting?
 Transitioning to energy ____ outdoor ____ solutions ____ result ____ power consumption.
 ____ changing my yard lights ____ electrical ____?
 ____ use outdoor ____ to ____ my ____ bill?
 Efficient ____ can ____ electricity ____.
 ____ consumption ____ using ____ solutions should be expected.
 Will changing ____ used ____ the home bring ____ in ____.
 ____ wonder ____ eco-friendly ____ lights reduce ____.
 ____ power usage decrease ____ to ____ outdoor lights?
 ____ would like to know ____ the adoption ____ will result in substantial ____ my ____.
 ____ it possible to ____ electricity ____ using eco-friendly ____ lights?
 Will my electricity bill go ____ my regular lamps ____?
 Is ____ possible to expect ____ in ____ bill ____ installing energy ____ lights ____?
 How ____ make ____ energy efficient?

_____ efficient outdoor lighting solutions can _____ use.

I _____ to _____ percentage _____ in _____ I _____ expect when _____ upgrade to _____ outdoor light _____.

Can _____ cut _____ electricity _____?

Is _____ reduction _____ usage using outdoor _____?

Is it _____ the adoption of _____ result in _____ savings _____ my _____ bill?

Is it possible that efficient _____ lighting could _____?

_____ there be _____ difference in utility _____ after _____ high-efficiency outdoor _____?

Changing to eco-friendly outdoor _____ my electricity _____.

_____ energy-saving outdoor _____ a _____ in electric use?

_____ wondered _____ outdoor lighting would result in significant savings _____ power _____.

Will _____ switch to more _____ electricity use?

_____ outdoor _____ save energy _____ energy-saving _____?

_____ I expect _____ less electricity _____ exterior lights?

_____ eco-conscious _____ solutions _____ lower electric consumption.

_____ switch to _____ outdoor _____ lower electricity _____?

Are _____ going _____ lower _____ electrical _____ rate?

How _____ save _____ power _____ I use _____ outdoor lighting?

Can _____ lower electric _____ if _____ install energy _____ outdoor _____?

_____ wonder if _____ can _____ my electricity bill.

When _____ light _____ percentage of _____ in _____ usage should I expect?

_____ there a noticeable _____ when using high-efficiency _____ lighting?

_____ opting _____ more efficient _____ about _____ in electricity use?

Can changing my _____ lights _____ cut _____ electrical _____?

Is _____ electric _____ possible by _____ energy _____ outdoor lights?

Is it possible _____ help shrink my power _____?

How much _____ savings _____ by _____ lights?

Use _____ outdoor lighting _____ consumption?

How _____ my _____ reduced by energy-saving light _____?

Can _____ expect a _____ electricity _____ from _____ lights?

_____ using efficient _____ lighting _____ to _____ usage?

_____ energy-saving outdoor _____ fixtures result _____ costs?

Does an _____ lighting result in _____ electricity _____?

_____ much can I cut _____ my _____ by _____ lighting?

_____ energy-saving _____ lighting _____ I _____ a _____ in electricity use?

Can _____ a decrease _____ I put _____ efficient outdoor lights on?

_____ a switch _____ efficient _____ lighting lower electricity _____?

upgrading _____ lights?

_____ able _____ my _____ consumption _____ change to efficient outdoor lighting systems?

_____ I use energy _____ lights to _____ electricity _____?

_____ replacing _____ solutions _____ electric consumption?

What _____ of _____ in _____ can be _____ with _____ for _____ lighting?

My _____ lower if _____ switch to _____ outdoor lighting.

_____ outdoor lighting solutions _____ consumption.

Will _____ outdoor lights reduce _____.

Is _____ a noticeable _____ electricity consumption _____ for energy- _____?

_____ the _____ of _____ outdoor lighting _____ lower _____ needs?

_____ of energy-efficient outdoor lights could _____ in _____ use.

_____ decrease _____ electricity usage by _____ eco-friendly outdoor lighting?

Will the _____ to energy saving _____ my _____?

Is _____ to reduce _____ bills _____ installing energy _____ in _____ areas?

I wonder if _____ sell can _____ power bill.
 The use of _____ efficient _____ on power usage.
 If _____ to _____ outdoor lighting, can you _____ me an _____ of how _____ electricity _____?
 Will outdoor _____ the _____ of _____?
 Is _____ possible to _____ using external _____?
 How much _____ impact _____ energy-efficient _____ lighting _____ my electric _____?
 Will changing to _____ lights _____ electrical _____ rate?
 Can _____ yard lights impact _____ electrical _____ in _____ positive _____?
 _____ I _____ able _____ reduce _____ by using efficient _____ lighting?
 Is _____ possible for your company _____ show _____ amount of electric _____ can _____ achieved by _____ efficient _____?
 After _____ to high-efficiency _____ options, _____ there _____ in _____ expenses?
 Will the _____ cut power _____?
 _____ the use of _____ outdoor _____ fixture _____ reduction in _____ use?
 _____ efficient _____ help _____ power _____?
 _____ power _____ by _____ outdoor lighting?
 _____ replacing _____ with _____ alternatives lower household _____ consumption.
 _____ it _____ energy-efficient outdoor lights will _____ on electricity _____?
 _____ you able _____ provide _____ about the _____ of _____ savings that _____ when you upgrade _____ lighting?
 How _____ using energy-saving _____ affect my _____ use?
 _____ it _____ cut _____ on my electricity _____ by using _____?
 Can _____ outdoor _____ cut _____ on _____ electricity use?
 _____ amount of _____ can be _____ using energy-conscious _____ systems?
 _____ want to know _____ electricity usage _____ I install _____ outdoor _____ installations.
 Can _____ be _____ reduce electricity _____?
 How much _____ the energy-saving _____ decrease _____?
 Replacing traditional _____ lights _____ eco-friendly _____ can lower _____.
 transitioning _____ outdoor _____ solutions can _____ in _____ decrease _____ power consumption.
 _____ an _____ to _____ energy-saving light fixture _____ in _____ costs?
 _____ it _____ reduce electricity _____ with _____ lighting?
 _____ possible that _____ outdoor lighting could _____ money on _____ bill?
 Can _____ make a _____ in lowering _____ electrical costs?
 Could the _____ outdoor _____ to savings on _____ usage?
 Will changing _____ lighting systems _____ reduce my _____?
 Will I _____ lower _____ if I switch to _____ outdoor _____?
 _____ much can be _____ by _____ energy-_____ lights _____?
 Energy-saving _____ solutions _____ reduce electricity _____.
 _____ it possible _____ reduce electricity use by _____?
 Will _____ a _____ in my _____ if _____ install energy-efficient _____ lights?
 _____ exterior _____ can help _____ reduction _____ electricity usage.
 _____ choosing to _____ to energy-saving _____ solutions, _____ percentage _____ power _____ I expect?
 How _____ I _____ I use outdoor lighting?
 _____ can we do to save _____ efficient _____?
 _____ efficient outdoor _____ could help _____ power consumption.
 _____ much electricity _____ be _____ with _____ use of eco-friendly _____?
 _____ wonder _____ adoption _____ efficient _____ lighting will _____ in savings _____ the _____ bill.
 _____ possible to save _____ on energy _____ outdoors?
 How _____ I _____ outdoor _____ save _____?
 Efficient exterior _____ to decrease electricity _____.
 _____ to _____ outdoor lights lower my _____ at home?
 _____ possible to reduce electricity _____ installing energy _____ lights.

Will a _____ efficient _____ lighting lower _____ ?

_____ lights be energy efficient enough to _____ usage?

_____ it _____ possible _____ electricity needs by _____ to _____ lighting?

Is _____ outdoor _____ to _____ my power _____ ?

_____ in power usage should I _____ I upgrade to energy-saving _____ ?

_____ much _____ we save _____ energy-efficient lights _____ ?

_____ change in _____ lights _____ cut power _____ ?

Is there _____ way _____ save money _____ lights _____ ?

Is Upgrading to _____ solutions enough _____ electric consumption?

Can _____ decrease _____ my electric _____ with the _____ of energy-efficient _____ ?

_____ can I save if _____ use _____ outdoor _____ ?

Reducing _____ can _____ accomplished _____ energy-saving options _____ outdoor _____.

Is it _____ company to _____ the _____ of _____ savings _____ can be achieved _____ using efficient _____ lighting?

What _____ electricity _____ should I expect from outdoor _____ ?

_____ much _____ an impact will _____ have on my _____ ?

Will _____ power _____ decrease when _____ eco-friendly outdoor _____ ?

How much _____ I save _____ outdoor _____ ?

If I switch to _____ lighting, _____ power _____ I _____ ?

Should we upgrade _____ exterior lights _____ ?

_____ will my _____ usage _____ by _____ energy efficient outdoor _____ ?

Will _____ outdoor lighting _____ result in _____ significant reduction in _____ ?

How much _____ my _____ go _____ efficient lights?

_____ power consumption _____ reduced by _____ efficient _____ lighting?

_____ using _____ to decrease my _____ usage?

_____ can _____ usage _____ I change to efficient outside _____ ?

_____ energy-saving _____ lights _____ down _____ electricity _____ ?

Will _____ electricity _____ down _____ lights to more energy efficient _____ ?

_____ dollars can _____ with these fancy _____ lights?

_____ of _____ used at home can be affected _____ more _____ lights.

How will _____ affect _____ electric _____ changing _____ exterior lights?

What _____ the impact _____ reducing electric use _____ ?

I wonder _____ can _____ in _____ use _____ efficient lights.

_____ my _____ usage _____ down _____ I _____ outdoor _____ energy-efficiency options?

Will swapping out my _____ lamps _____ efficient _____ go down?

How much can _____ usage _____ changing _____ efficient outside _____ ?

Is there a _____ in _____ with _____ lights?

_____ there _____ difference in _____ after going _____ high-efficiency _____ lighting?

_____ illumination methods decrease _____ usage?

_____ expect to _____ less power _____ efficient illumination methods?

How _____ power _____ when using _____ outdoors?

Will _____ lights _____ to cut _____ power use?

_____ it possible _____ electricity usage _____ efficient external _____ ?

Transition to _____ outdoor lighting solutions _____ power _____.

Does _____ of eco-friendly _____ light _____ savings _____ power bills?

_____ using efficient exterior _____ can _____ expect _____ reduction _____ use?

Will _____ efficient outdoor lighting fixture bring _____ electricity expenditures?

_____ my _____ usage be _____ using eco-friendly _____ lights?

_____ the _____ light _____ my electrical _____ ?

_____ the _____ to _____ outdoor lights _____ my home electrical _____ ?

_____ there _____ in electricity _____ when using energy-efficient _____ lighting _____ ?

_____ electricity with energy-saving outdoor lights?

_____ a _____ decrease in electricity usage _____ opting _____ energy- _____ ?

_____ impact of _____ outdoor lighting _____ my electric consumption _____.

Is it _____ reduce _____ energy-saving options for _____ lighting.

_____ do efficient _____ have _____ my electric bill?

_____ tell _____ if _____ lights _____ sell really help _____ power bill?

Is _____ electricity usage _____ exterior lights?

How will _____ electric bill _____ I switch _____ lights?

Is it _____ reduce electricity _____ more energy _____ lights _____ ?

_____ on _____ bill could be _____ the _____ efficient outdoor lighting.

Energy-saving _____ can _____ down on _____ usage.

_____ it possible _____ power use with _____ lighting?

Can _____ money on _____ electricity _____ with _____ lights?

_____ be able _____ reduce my _____ if I _____ to energy-efficient _____ lighting _____ ?

_____ can _____ used to _____ power use.

Will _____ efficient _____ fixture _____ about a _____ in _____ use?

_____ opting _____ efficient outdoor _____ about a _____ in electricity _____ ?

_____ outdoor _____ reduce _____ usage.

_____ efficient outdoor _____ lead _____ a reduction in electricity _____ ?

When I _____ to _____ outdoor light _____ percentage decrease in _____ I _____ ?

Efficiency in exterior _____ usage.

_____ much can _____ in _____ lighting _____ ?

_____ changing _____ efficient outdoor _____ systems _____ my power _____ ?

_____ energy-saving _____ lighting _____ reduce electric _____ ?

Will the _____ of efficient _____ lighting _____ my _____ ?

_____ use of _____ lights _____ to savings in _____ usage.

_____ be _____ to reduce _____ usage?

Will _____ electrical _____ go _____ if _____ switch to energy-saving _____ ?

Is _____ adoption of efficient _____ in substantial _____ on my power _____ ?

Energy-conscious illuminating systems in outdoor _____ be _____ to _____.

_____ using efficient _____ lower electricity _____ ?

_____ do energy- _____ outdoor _____ home electricity consumption?

What percentage _____ should I _____ I upgrade my _____ light _____ ?

_____ reduce _____ electricity usage _____ using _____ lighting?

Implementing _____ outdoor lighting will help _____.

_____ can _____ switch _____ efficient lights save?

_____ am _____ know the extent to which _____ decrease _____ of eco-friendly outdoor lighting.

Can _____ efficient _____ be used _____ decrease _____ usage?

_____ the _____ lights _____ sell _____ cut my _____ bill?

_____ the change to _____ outdoor _____ electricity _____ ?

_____ possible to decrease _____ consumption _____ for _____ efficient lighting?

Should I expect _____ in _____ usage when _____ to energy _____ solutions?

_____ possible _____ outdoor lights _____ down on _____ electricity usage?

Is _____ decrease _____ usage with efficient _____ solutions?

_____ options be _____ for _____ lighting?

How _____ can I save _____ to energy efficient _____ ?

_____ Eco-friendly _____ my power use?

Can _____ lights reduce _____ ?

_____ current outdoor _____ energy efficient _____ will _____ lower _____ usage.

_____ much _____ my use _____ lighting _____ me?

Will _____ a _____ power _____ outdoor lighting _____ are used?
 _____ power _____ save by using _____ efficient lighting?
 How _____ outdoor lights contribute _____ reducing _____?
 What _____ achieved using _____ outdoor _____?
 _____ use energy-saving outdoor lights _____ down on _____ use?
 Will _____ of _____ outdoor lighting _____ electricity _____?
 _____ replacing _____ patio lamps _____ efficient ones make my _____?
 Can _____ lower my electricity _____ using eco-friendly _____?
 _____ to _____ exterior lights have _____ my bill?
 The use _____ efficient _____ lights _____ lead _____ huge savings _____ usage.
 How _____ I use _____ I switch to _____ lighting?
 _____ the _____ of _____ outdoor _____ lead to significant savings _____ my _____?
 Replacing _____ exterior _____ more _____ ones _____ lower our electric _____.
 _____ there _____ improvement in power usage _____ using _____ lighting _____?
 Are efficient _____ lighting _____ reduce power _____?
 I would like to _____ the _____ which _____ usage will _____ of eco-friendly outdoor _____.
 Can _____ me an _____ on _____ in electricity use _____ switch _____ efficient outdoor lighting?
 Eco-friendly _____ can decrease _____.
 _____ be able _____ my electricity _____ using energy efficient _____?
 _____ the extent to which my electricity _____ with the _____ eco-friendly outdoor lighting
 _____ there _____ difference _____ expenses _____ the switch _____ high-efficiency outdoor _____?
 _____ outdoor _____ down on my electricity _____?
 _____ my outdoor lighting _____ efficient _____ my electricity usage.
 How much _____ bills _____ by installing _____ in outdoor areas?
 Transition _____ lighting solutions _____ mean a _____ in power _____.
 Will _____ lights decrease _____ electricity _____?
 Will _____ solutions make _____ difference?
 How much _____ I save _____ lights?
 _____ energy-saving outdoor _____ to _____ down _____ electricity use?
 _____ my _____ usage go down _____ I switch _____ outdoor _____?
 _____ it _____ outdoor _____ will reduce my _____ consumption.
 Should _____ expect _____ use when _____ outdoor lighting solutions?
 _____ it possible _____ cut down on my electricity _____ outdoor _____.
 _____ to eco-friendly outdoor _____ will _____ our electricity use?
 Will changing to _____ reduce power consumption?
 Upgrading _____ eco-conscious _____ lighting can _____ consumption.
 By _____ to _____ exterior _____ impact _____ have on my electric _____?
 _____ dollars _____ the _____ yard lights _____ me?
 Can _____ ecological illumination fixture _____ to a _____ household _____?
 _____ I _____ electricity _____ by using energy-saving _____ lights?
 _____ it _____ to _____ my _____ bill _____ outdoor lighting?
 Will _____ current _____ lighting _____ replaced with _____ efficient _____?
 _____ outdoor lighting _____ reduce _____ consumption?
 Will my electricity _____ change _____ outdoor lights _____ energy _____ options?
 Is _____ electricity consumption when choosing _____ lighting?
 How _____ can _____ on my electricity _____ I opt _____ lighting?
 Replacing my outdoor _____ with _____ efficient _____ help lower _____.
 The use _____ outdoor lighting _____ reduce _____ consumption.
 Can _____ lights _____ my _____?
 _____ there a _____ in _____ use _____ choosing energy _____?

Does an upgrade _____ outdoor light fixtures _____ in _____?

Is _____ to _____ with energy- efficient external _____?

Is _____ for _____ to give _____ information _____ how much electric savings can _____ achieved with _____?

_____ eco-friendly _____ lights _____ power usage?

_____ effective _____ an upgrade _____ outdoor _____?

Are there _____ savings _____ lights outside?

_____ outdoor _____ help _____ home electricity usage?

If _____ switch _____ energy _____ how much _____ power _____ I _____?

_____ can _____ savings _____ efficient outdoor _____.

Will _____ switch _____ efficient _____ result in lower _____?

Will _____ our outdated _____ more _____ have an _____ on _____ electric bill?

_____ much can _____ change _____ save?

How _____ can _____ reduced by using _____ illuminating systems?

How _____ using _____ efficient outdoor _____ reduce home _____?

Is it possible _____ lighting solutions _____?

_____ to energy-saving outdoor _____ lower my _____ use?

_____ switch _____ outdoor lights _____ beneficial?

Is there a noticeable _____ electricity consumption _____ external _____?

I want to _____ can expect _____ in my electric _____ if I _____ outdoor _____.

_____ to _____ my electrical usage _____ eco-friendly lights?

I want to _____ extent _____ my electricity usage _____ decrease _____ eco-friendly _____.

_____ change to efficient outdoor _____ systems _____ my power _____?

How _____ can _____ save if you _____ energy _____?

Is _____ possible to reduce electricity _____ efficient _____?

Will energy _____ outdoor _____ my _____?

Will _____ in _____ power?

Will _____ electricity _____ go down if _____ lights _____ switched to _____?

Replacing traditional _____ lights with _____ will _____ household _____ consumption.

_____ it _____ to _____ consumption by _____ outdoor lights?

How much can my electrical _____ to _____ lights?

Replacing _____ outdoor _____ efficient options may help _____ my electricity _____.

_____ outdoor _____ help reduce home _____?

Does the _____ light _____ in significant power _____?

_____ efficient lighting systems _____ reduce power consumption?

Will _____ to _____ my electricity _____ if I switch to _____?

Reducing electricity use by _____ energy-saving _____ question.

Is it possible to use less _____ I _____ efficient _____?

How big _____ will _____ outdoor _____ have _____ my electric use?

Can I _____ my _____ to be _____ energy _____?

Is _____ possible _____ my _____ bill _____ using _____ outdoor lights?

_____ use efficient _____ lighting to reduce _____ usage?

Is it possible _____ replace _____ lighting _____ options?

Will the electricity _____ down when I _____ to _____?

_____ it _____ reduce household _____ by using more ecological _____?

Can opting for more _____ illumination _____ to _____ reductions _____ electricity _____?

_____ can be done to reduce _____ lighting?

_____ there a _____ decrease _____ when opting for _____ external lighting?

What is the impact of changing _____ my _____?

Will _____ electricity usage _____ if I switch my _____ to _____?

_____ much _____ to switch to energy _____ lighting?

_____ wondering _____ lights _____ cut _____ electricity bill.
 _____ expect _____ my _____ bill by _____ energy efficient outdoor _____?
 Is _____ to reduce _____ usage _____ outdoor lighting _____?
 _____ save _____ with outdoor _____?
 _____ outdoor lights use less electricity _____ energy-efficient _____?
 _____ lighting be efficient _____ reduce _____ use?
 _____ decrease _____ usage by using eco-friendly lights?
 I _____ to know _____ much _____ electricity _____ will decline _____ of _____ outdoor _____.
 What _____ of _____ in _____ be achieved _____ outdoor lighting.
 By _____ efficient outdoor _____ can _____ a decrease in _____ bill?
 _____ energy _____ cut down _____ electricity use?
 How big of _____ will energy efficient _____ usage?
 _____ there _____ in power _____ from using efficient outdoor _____ solutions?
 Can _____ reduce my _____ use if _____ lights?
 _____ I _____ a reduction _____ power _____ switch _____ eco-friendly lights?
 _____ can using energy- efficient _____ lights _____ reduce _____?
 _____ can energy efficient outdoor _____?
 _____ upgrade to energy-saving _____ light fixture _____ in a _____?
 Is it possible to _____ energy efficient outdoor _____?
 _____ it possible _____ down my electricity bill _____ using _____?
 _____ the change _____ energy-saving outdoor _____ lower _____ consumption?
 Can _____ more _____ illumination _____ lead to _____ decrease _____ household _____ expenditure?
 _____ like _____ reduce electricity consumption _____ installing _____ efficient _____ lights.
 _____ is _____ of outdoor _____ solution _____ cutting down electric _____?
 How much will changing _____ lighting _____ electricity _____?
 Eco-friendly outdoor _____ can _____.
 Is _____ possible _____ reduce _____ consumption _____ for _____ efficient lighting?
 Energy-efficient outdoor _____ can decrease _____.
 What can be _____ decrease power consumption _____ outdoor _____?
 _____ I expect _____ impact _____ if I _____ to _____ exterior lights?
 Is it _____ expect a _____ decrease _____ usage if I use _____ external _____?
 Will _____ be able to reduce my _____ switch _____ energy _____ outdoor _____?
 How much _____ a switch _____ eco-friendly outdoor _____?
 Could _____ use _____ energy _____ lights _____ to power _____?
 _____ decrease _____ my _____ bill possible if _____ install _____ efficient _____ lights?
 Does _____ adoption of _____ outdoor _____ on _____ power bill?
 Are our _____ going to _____ if _____ energy-efficient exterior _____?
 Using _____ outdoor lights _____ help _____ electricity _____.
 _____ friendly _____ lighting _____ cut _____ consumption.
 _____ will energy _____ outdoor lighting _____ on _____ electric usage?
 Can these _____ power _____?
 _____ lighting be _____ to _____ power _____?
 If _____ energy efficient outdoor lighting, how _____ do _____ less _____?
 _____ I switch to energy- _____ lighting, can _____ me _____ the reduction _____ electricity use?
 Will _____ lights be energy _____ enough _____ cut _____ my _____?
 How much _____ is _____ opting _____ lights outdoors?
 Power _____ can _____ eco-friendly lighting.
 How much _____ the _____ options _____ me?
 What _____ expected _____ in electricity use _____ using _____ lighting?
 Is _____ possible to decrease _____ efficient _____ lightings?

Will _____ save money on electricity _____ I _____ energy efficient _____?
 _____ these lights help _____ power _____?

Transition _____ energy efficient outdoor lighting _____ power _____.

If _____ switch _____ energy- efficient _____ lighting, how _____ power _____?
 _____ the installation of light _____ that _____ to the _____ on power _____?

How can _____ decrease power _____?
 _____ can I _____ on my electricity bill if _____ energy-saving outdoor _____?
 _____ it _____ upgrade _____ lighting _____ will lower electric consumption?

How _____ can _____ electrical _____ go _____ I _____ efficient outside lights?
 _____ my outdoor _____ will _____ usage.
 _____ I use _____ saving _____ lights to _____ electricity _____?
 _____ I _____ to _____ electricity use by using _____ outdoor _____?

Can _____ reduce my _____ installing _____ efficient outdoor _____?

How can the _____ energy-efficient outdoor lights _____ home _____?
 _____ of energy efficient outdoor lights _____ considerable _____ power usage.

Will _____ energy-saving _____ lower my electrical consumption?
 _____ much can _____ save on _____ bill _____ outdoor lighting _____?
 _____ you know _____ energy efficient _____ bring _____ utility expenses?

Can _____ my yard lights _____ in cutting _____?

Can _____ an estimate _____ how much _____ use if I switch _____ energy efficient _____?

You _____ power _____ by _____ eco-friendly lighting.

Can _____ lights cut _____ my _____?

Does energy-saving outdoor _____ solutions _____ electric _____?

Does _____ energy usage?
 _____ it possible that _____ adoption _____ outdoor lighting will _____ significant _____?
 _____ lights can reduce _____.

Will _____ be _____ significant _____ electricity use _____ efficient exterior _____?
 _____ be _____ with energy-saving _____ outdoor _____ to reduce _____ use?

Are _____ outdoor lights you _____ to _____ reduce _____ power _____?

Will _____ efficient _____ bring _____ a significant reduction _____ electricity _____?

Will _____ use _____ efficient _____ greatly reduce _____ needs?
 _____ electrical _____ down if I _____ to energy-saving _____ lights?
 _____ possible _____ use _____ lighting solutions to reduce _____ consumption?

An energy-saving outdoor lighting _____.

Is _____ that efficient _____ lighting could _____ money _____ my power _____.

How can _____ lights affect your _____?
 _____ the _____ efficient _____ lights will bring down our _____ costs?

How much _____ I _____ my electricity _____ by _____ lighting?

Is _____ possible that efficient _____ my _____ consumption?

Will my _____ usage _____ down _____ I _____ outdoor _____ to _____ options?

I _____ extent _____ electricity usage _____ decrease when using _____ outdoor lighting.
 _____ in _____ lights _____ power use a lot?

Will _____ for _____ reduce electricity costs?
 _____ changing to _____ lighting systems help _____ power _____?

How _____ I _____ my electric _____ with _____ lighting?

What impact _____ I _____ from _____ my lights _____?
 _____ wonder _____ efficient _____ will lower _____ consumption.
 _____ to eco-friendly _____ my power _____?
 _____ the _____ energy-efficient lights save?
 _____ it _____ reduce _____ use _____ opting for more ecological _____?

Will _____ for efficient lights bring _____ in _____?

Will I _____ able _____ reduce _____ electricity _____ by using _____ lighting _____?

_____ outdoor lighting, how much _____ I _____ on my _____?

Is there a _____ in electricity consumption _____ energy _____ options?

I _____ the extent to _____ my electricity _____ will _____ with _____ installation _____ eco-friendly _____ lighting.

Is it possible _____ electricity _____ installing more efficient _____.

Is it possible _____ using eco-friendly lights?

How _____ lighting reduce _____ electricity bill?

Can _____ expect _____ decrease in _____ electric _____ I invest _____ outdoor lights?

Changing _____ the _____ will bring about _____ in _____.

_____ it _____ exterior lights reduce energy _____?

_____ you _____ if _____ efficient lights _____ bring down utility expenses?

_____ wonder _____ lights you sell will help _____ bill.

_____ if an _____ energy _____ exterior _____ will bring down _____ costs?

Is _____ save _____ outdoor lighting?

_____ have an impact on my _____ usage?

_____ outdoor _____ enough _____ cut my electricity use?

_____ it make _____ difference _____ switch _____ energy-saving _____ lights.

_____ a reduction in _____ usage _____ outdoor lighting solutions?

Changing to _____ systems will help reduce _____.

What savings _____ be achieved _____ outdoor _____?

_____ my electricity bill _____ down _____ swap _____ regular patio lamps _____ efficient _____?

_____ be made by using energy- _____ lighting?

_____ much _____ the _____ in electricity _____ switch to _____ efficient outdoor lighting?

Is _____ possible _____ usage using energy _____ lightings?

Is it possible _____ the adoption of _____ in a savings _____ power _____?

Can _____ expect a reduction in _____ use _____ energy-efficient _____ methods?

I _____ to _____ if _____ you _____ help _____ my power bill.

_____ I _____ to reduce _____ with efficient _____?

Can outdoor _____ me _____ power?

_____ my yard _____ improve _____ costs?

_____ a _____ difference in utility expenses _____ to _____ lighting options?

How _____ can _____ save _____ using energy- _____ outdoors?

How _____ will _____ energy-saving _____ options _____ my electrical _____?

_____ I be able _____ my electricity usage if _____ switch _____?

Is there _____ expected _____ in electricity _____ efficient _____?

_____ using _____ lights decrease _____ use?

_____ can you save by changing _____ energy _____?

_____ lighting fixture bring about a considerable reduction _____ electricity _____?

_____ energy _____ lights reduce my _____?

Are _____ able to give us information _____ amount of electric _____ achieved _____ upgrading _____ lighting?

Can I _____ my electric _____ energy-efficient outdoor lights?

Changing _____ more efficient _____ can affect the amount _____.

_____ outdoor _____ solutions _____ to reduction _____ electric consumption?

How can I _____ my electric bill by _____?

How _____ I switch _____ that is _____ efficient?

_____ lighting reduce electricity _____?

_____ it _____ lower electricity costs by _____ fixture?

_____ outdoor lights you sell _____ help me _____ bill?

_____ much _____ the _____ lights _____ my _____ consumption?

How _____ the use of _____ efficient _____?

_____ it possible that _____ lights _____ sell can help _____ bill?

Eco-friendly _____ lights _____ less _____?

_____ energy-saving _____ lighting _____ to cut _____ use?

Will _____ eco-friendly _____ lights _____ power _____?

Will the _____ lights reduce my _____ use?

Do energy-saving _____ have a _____ on electric _____?

How much _____ savings can _____ attained _____ efficient _____?

_____ electricity _____ down _____ i _____ to _____ efficient outdoor lights?

Do _____ outdoor lighting solutions _____ electric _____?

_____ my _____ with more efficient _____ lower my electricity _____.

_____ traditional outdoor lights _____ eco-friendly _____ can _____ consumption annually.

_____ using _____ lighting solutions, what kind _____ reduction in _____ I _____?

How _____ lights _____ used _____ reduce electricity _____?

Can I _____ energy-saving _____ cut down _____ energy usage?

_____ using _____ outdoor _____ reduce _____ electricity _____?

Is _____ possible to get noticeable _____ household _____ ecological illumination?

_____ possible _____ significant decrease _____ power usage with _____ efficient external illumination _____?

_____ my electricity _____ down _____ I switch _____ energy efficient _____?

_____ the installation _____ light fixture result _____ significant _____ cost _____?

Efficient _____ used to _____ electricity usage

Will eco- _____ lights _____ my _____?
