

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub-Category	Alternative energy options
Description	Customers express interest in exploring alternative energy options, such as solar or wind power, and seek information on the feasibility, benefits, and processes involved in connecting these sources to the electricity grid.
Data Size	9,587 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Do you _____ feasibility _____ installing alternative energy _____ home?

Can _____ tell me _____ for _____ home?

_____ help determine _____ setup _____ accommodate _____ energy sources?

_____ to know _____ it's possible _____ install _____ in a home.

Are there _____ alternative _____ into residential settings?

Can _____ help with _____ eco-friendly _____ power?

Advice on _____

_____ there support _____ to install _____ power sources at _____?

I _____ it was possible to _____ in _____ residential setting.

_____ able to _____ possibility _____ installing _____ at your home?

Is there _____ incorporating alternative _____ systems _____ settings?

I _____ to know if it's _____ to _____ in _____.

Is there any insights _____ renewable _____ homes?

Will _____ tell us _____ it _____ realistic to _____ our homes?

Can there _____ determine the viability _____ sources at home?

What _____ do _____ for people considering _____ energy _____?

Will _____ if it's _____ install _____ energy _____ in my home?

_____ it possible to _____ me about _____ for _____.

_____ you _____ how _____ the _____ of _____ energy solutions into my _____?

_____ way _____ evaluate the _____ installing alternative energy technologies _____ home?

Do _____ have any experience with _____ at home?

Is there _____ assessing _____ of using alternative _____?

I _____ your expertise to _____ if _____ possible.

Can _____ assess _____ feasibility of _____ installations at _____?

_____ you _____ home-based systems?

_____ you offer _____ in assessing _____ of using _____ power _____?

_____ can you _____ assess the _____ alternative power sources _____?

Will you _____ us whether it's _____ to _____ in _____ homes?

Are ____ organization ____ to help homeowners ____ if ____ options ____?

Is ____ someone who can ____ of ____ energy for ____?

____ tell ____ about ____ practicality ____ having alternate power sources ____ home?

____ you ____ about ____ practicalities of installing ____ energy ____ our ____?

____ alternative ____ systems that you ____ recommend?

____ possible to ____ energy ____ installed at the ____?

____ to tutor me about setting ____ gadgets ____ home?

____ possibility ____ incorporating ____ systems in residential settings?

____ do you ____ people ____ home-based renewable energy installations?

____ capable of assessing home ____ for ____ energy ____?

You ____ help ____ if I can ____ energy systems ____ my ____.

Is ____ possible for alternative ____ to ____ put ____ residential ____.

What ____ you think ____ the ____ of having alternate ____ sources ____?

____ you able ____ check ____ of installing ____ energy systems ____ home?

Can you ____ any ____ with ____ idea of using ____?

____ organization ____ homeowners ____ sustainable power ____ are viable?

Is it possible ____ power systems are ____ at ____ house?

____ you ____ us if ____ to ____ energy systems?

Are you ____ giving ____ on household ____?

____ you ____ me how ____ put in alternative power ____?

Will you ____ how to ____ an alternative ____ setup ____?

____ you ____ I can install alternative ____ systems ____ my house?

Are ____ going to ____ me set ____ gadgets in ____?

Is ____ include ____ energy systems in ____?

____ possible to use alternative ____ a ____ setup?

____ you have ____ to help evaluate the feasibility ____ in your ____?

____ do ____ offer ____ people considering ____ energy installations?

Is ____ assistance ____ alternative ____ into a ____ setup is possible?

Is it possible ____ up environmentally friendly ____ residence?

____ on ____ energy alternatives?

People considering ____ renewable ____ installations, what ____?

Do you ____ home ____ is ____?

Is there ____ way to ____ suitability ____ alternative ____ technologies ____ my ____?

____ there any insights ____ practicality of using ____ power ____?

I was ____ if it's ____ energy ____ a house.

I was wondering if it's ____ renewable ____ systems ____ setting.

____ need your ____ determining if alternative energy ____ my ____.

____ setting up renewable power ____ place ____ feasible?

Can you tell ____ the ____ alternative power ____?

Are ____ to give guidance on ____ feasibility of ____ home?

____ you ____ the feasibility of my ____ alternative ____ system?

____ you help ____ the ____ of a home alternative ____?

____ you ____ to ____ the feasibility of ____ systems at ____?

____ you available to ____ into ____ installing renewable energy ____?

____ you ____ practicality of ____ alternative power sources ____ home?

How can I ____ suitability of ____ alternative ____ home?

I'm wondering if it's possible ____ renewable ____.

Is it ____ tell me ____ installing ____ at ____?

Is ____ to ____ viability of eco-friendly energy systems in ____?

____ recommend a ____ alternative ____ system?

_____ feasible to _____ on home _____ energy system _____?
 _____ like to _____ if _____ can install _____ solutions or _____.
 _____ it _____ for you to _____ energy systems?
 Are you able _____ the _____ renewable _____ systems?

_____ suggestions on _____ to set _____ in my house?
 Is _____ consultation with regard _____ implementing _____ power _____?
 I need help _____ can _____ a clean _____.
 For _____ energy _____ you assess _____?
 Interested _____ knowing if _____ offer advice about _____.
 _____ you _____ with _____ alternative energy _____?
 _____ insights into _____ practicality of using renewable power _____?
 Do you have _____ installing renewable _____ home?
 Should _____ energy _____ be _____ residence?
 _____ going to _____ make green _____ at home?
 _____ consultation about implementing sustainable household _____?
 _____ knowing if _____ can _____ advice on renewable _____.
 Interested _____ learning _____ can _____ on household _____ installs.
 Interested _____ you _____ on household renewable installations.
 _____ I _____ help _____ up green energy _____ house?
 _____ am wondering whether it _____ install renewable _____ a _____ setting.
 _____ you _____ able to help _____ the _____ of _____ up green _____?
 Can I _____ about the _____ of _____ green _____ house?
 _____ on _____ renewable systems at home?
 _____ you willing _____ with _____ of _____ viability of eco-friendly home _____?
 _____ help with my _____ green power options?
 Are you able to _____ practicality _____ renewable _____ options?
 _____ want to know if I can _____.
 Do _____ insight into the _____ of _____ in your _____?
 _____ you able _____ idea of installing _____ energy systems _____?
 Can you offer _____ on _____ practicality _____ power sources _____?
 Are you willing to assist _____ I _____ energy _____ at my _____?
 _____ resources _____ have _____ evaluate the feasibility of _____ energy solutions?
 Is _____ that _____ insight about green-power solutions?
 _____ if I want to _____ alternative power?
 Is _____ possible _____ set _____ eco- _____ power _____?
 _____ looking for help _____ homemade _____ options.
 I _____ you to _____ alternative _____ solutions into my home.
 Could be _____ if _____ can _____ clean energy setup.
 Can I _____ advice _____ power?
 Is _____ a _____ you _____ advice on green _____?
 Were _____ able to _____ energy systems?
 Can you tell _____ if _____ power _____ viable _____ residences?
 Should I _____ for _____ determining if I can _____ alternative _____ systems _____?
 _____ help me determine _____ I can _____ systems?
 _____ how _____ install _____ sources at home?
 What experience _____ you _____ home-based _____ installations?
 Did you _____ assess the _____ of _____ alternative _____ home?
 _____ help me with _____ alt- energy systems _____ home?
 _____ you _____ tutor me _____ how _____ set up _____ gadgets _____ home?
 _____ to evaluate the _____ cons of installing renewable _____ at _____?
 Can you tell _____ more _____ of _____ sources _____ the house?
 _____ you going _____ to set up green _____ at _____.
 _____ I _____ eco friendly energy solutions.
 _____ can _____ energy technology domestically?

How _____ installing renewable systems?

Do you _____ home-based _____ installations?

_____ know if the _____ of _____ power is doable _____.

Does your _____ options _____ homeowners?

Can you _____ about _____ use.

_____ there _____ you _____ tell me _____ home _____ alternatives?

_____ possible to include _____ energy systems _____?

_____ you be able _____ evaluate _____ of incorporating alternative _____ my _____?

_____ to tell me about _____?

Will you _____ to _____ renewable _____ systems _____ homes?

_____ to set up eco-friendly power _____ my _____?

Can _____ advise on _____ systems?

Can you _____ how _____ incorporate _____ systems _____ homes?

_____ alternative energy _____ recommend a system?

Is there any _____ on _____ systems _____?

Can you shed _____ the practicality _____ alternate _____ at _____?

I want to _____ if _____ are _____ things I can _____ evaluate the suitability _____ technologies.

I was wondering if you _____ tell _____ residential _____.

_____ you help _____ renewable energy at home?

Is there _____ you can give _____ about _____?

Can _____ me _____ on home energy _____?

Do _____ have _____ about the _____ using _____ in homes?

Do _____ assist with _____ viability _____ eco-friendly home _____?

_____ aid in _____ of setting up _____ power sources?

I would _____ know about _____ energies for _____.

Are _____ of evaluating _____ of _____ alternative energy _____ home?

Is there any _____ home _____?

Do you provide _____ practicality _____ power in _____ home?

Do you have _____ ideas about _____ green-power _____?

_____ be able _____ help _____ the possibility of _____ green _____ sources domestically?

Is _____ possible _____ advise on home _____?

Will experts _____ advice _____ whether _____ setups _____ renewable energy _____?

_____ homeowners _____ on if _____ power options _____ viable?

_____ about _____ up eco-friendly power systems

_____ any consultation _____ implementing sustainable _____ solutions?

_____ find out if it's _____ set up green energy _____?

Can you _____ more about _____ alternate _____ sources at home?

_____ it possible to give advice _____ the practicality of _____ sources _____?
