

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Installation instructions and guidance
Inquiry Sub-Category	Safety Guidelines
Description	Customers ask about safety guidelines during the installation of telecommunications equipment, seeking information on proper handling, lifting, and safety procedures to prevent injuries and equipment damage.
Data Size	9,122 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

What precautions should our technicians take _____ protect _____ from potential _____ this communication _____?

Personnel executing tasks _____ hazardous _____ communications _____ need _____ what _____ do.

_____ there _____ safety _____ technicians when _____ this communication hardware?

personnel executing _____ involving _____ communications hardware, what _____ need _____ be _____

Please _____ more _____ safety _____ related _____ telecom gears.

How _____ I _____ my _____ alive when dealing _____ this _____?

I would _____ know _____ and stay _____ when using _____ telecom hardware.

Do _____ have any _____ or _____ securing technician's safety _____ operating _____ communication _____?

I might _____ about the proper _____ technician well-being _____ preventing on-site emergencies when _____.

We need _____ on the safety _____ need to _____ taken _____ our _____ this specific _____.

Should _____ be _____ our _____ when working with _____ equipment?

How should _____ our workers _____ with these _____?

What _____ the _____ you must _____ while _____ this _____?

What _____ do your technicians _____ to _____ on this _____?

_____ are _____ associated _____ device, what steps _____ the _____ team take?

_____ us _____ the precautions that _____ by our technicians when handling _____ specific communication _____.

_____ workers _____ know safety _____ when _____ equipment.

_____ to stop _____ with communication _____?

How should _____ avoid accidents when _____?

Can you _____ guidelines for _____ accidents _____ safety _____ technicians _____ on this specific communication _____?

_____ any preferred methods or _____ by your _____ for securing _____ while _____ communications infrastructure

_____ any _____ instructions _____ protecting _____ who _____ engaged in telecommunications _____?

_____ using communication _____ can our _____ protect _____?

_____ for avoiding accidents while our technicians _____ with _____ specific _____ hardware?

How _____ technicians _____ themselves _____ working on this _____?

Is there _____ safety measures for _____ handling _____?

_____ our technical team prevent _____ with _____ equipment?

What should _____ technical team _____ when _____ associated with this _____?

Is _____ for _____ to _____ necessary _____ for our _____ will _____ installing and maintaining this _____ apparatus?

I need _____ keeping my team _____ when _____ comms _____.

Should _____ have safety precautions _____?

_____ should be put in _____ technicians?

How _____ prevent _____ when using _____ hardware?

How _____ protected _____ with this hardware?

How _____ prevent _____ harm _____?

_____ are _____ take _____ stay _____ while dealing with _____ equipment.

I want _____ you _____ sure _____ techies _____ kill themselves messing _____ this _____?

_____ are the _____ technical team _____ to protect themselves _____ working _____ telecom _____?

_____ working with this _____ precautions should technicians _____?

_____ steps _____ the technical team _____ device's potential risks?

Can _____ give us _____ for avoiding _____ ensuring the _____ during work on this _____?

_____ measures _____ we take to minimize _____ hazards _____ communication _____?

What can our technicians _____ protect themselves while _____?

Do _____ technicians _____ any precautions for _____ this _____?

_____ safety measures should _____?

_____ technicians _____ to _____ themselves safe _____ working with communication _____?

_____ you help _____ precautions _____ working _____ this communication hardware?

_____ using _____ communication _____ precautions _____ our technicians _____ to _____ accidents?

_____ for _____ handling communication devices?

Can _____ help _____ safety _____ for _____ technicians when dealing _____ communication _____?

_____ accidental _____ with communication equipment.

_____ be possible for _____ to _____ the _____ for _____ techs who _____ be _____ and maintaining this communication _____?

What _____ your technicians do _____ avoid accidents _____?

I _____ like to know what _____ is _____ ensuring technician _____ on-site _____ when using _____ communications _____.

_____ precautions _____ technicians need _____ be _____ when _____ with communication equipment?

_____ tell us _____ precautions that must be followed _____ our _____ operating _____.

Tech _____ handling _____ equipment _____ have some _____.

_____ steps _____ our technical team _____ from _____ while working _____ this equipment?

Tell me _____ deal _____ your techies _____ with _____ gear.

I would like to know if _____ is a proper _____ on-site _____ using _____ communications tools _____ are _____ while using _____ equipment?

There _____ hazardous aspects _____ personnel need to take _____.

What _____ technicians take when working with _____?

What precautions _____ your technicians _____ communication _____?

_____ steps should _____ technicians take to prevent _____ comm _____?

_____ our _____ prevent _____ using this communication _____?

Can _____ tell _____ how to stay _____ when _____ telecom _____?

_____ you give _____ for _____ stay safe when _____ telecom _____?

_____ keep our technicians safe _____ with _____ hardware?

_____ there _____ precautions _____ technicians working _____ communication _____?

_____ must take precautions _____ avoid _____ using _____ gear.

_____ guidelines for _____ accidents and ensuring the safety of _____ this specific communication _____?

_____ hardware, _____ you protect technicians?

_____ we protect _____ handling these _____?

How _____ make sure our technicians _____ safe _____ this _____?

_____ would like _____ know what _____ proper _____ are for ensuring _____ well-being _____ when using _____ tools.

_____ to take _____ while operating your _____.

_____ can _____ technicians do to protect themselves _____?

_____ tell us _____ our technicians need to _____ when _____ this _____.

_____ should _____ taken by _____ techs to _____ accidents?

_____ the _____ technicians can _____ to stay safe _____ dealing _____ equipment?

_____ dealing with _____ communications equipment, what steps can _____?

Can _____ tell us _____ the safety precautions _____ by our technicians when _____ communication _____?

_____ tell _____ our _____ from _____ or accidents while working with communication _____.

_____ your _____ know how _____ despite _____ with communication gear?

Do _____ any guidelines for the safety _____ when _____ this _____?

_____ steps _____ prevent accidents with _____?

_____ can _____ avoid accidents _____ with communications _____?

The _____ for _____ accidents _____ communications _____?

_____ should our technical team _____ to _____ working _____ equipment?

_____ precautionary _____ be taken _____ prevent accidents _____ equipment?

_____ any guidelines for technician _____ for working with _____?

_____ precautions should _____ technicians _____ when they work _____?

_____ for technicians _____ with _____ hardware?

Is _____ possible to _____ guidelines for _____ and ensuring the safety _____ our _____ this particular communication _____?

_____ your _____ know how _____ stay safe _____ with these _____?

_____ technicians _____ from harm with _____ equipment?

_____ more _____ worker safety protocols _____ telecom gear _____.

_____ can _____ the safety _____ workers _____ will be _____ these devices?

_____ give tips on how to _____ telecom hardware?

_____ guys know _____ stay safe while messing _____ this _____?

_____ we _____ follow the necessary _____ for _____ technicians working with _____ communication hardware.

In _____ to promote a _____ work _____ what recommendations do _____ for _____ from _____ when working with _____?

_____ can _____ sure the technician _____ safe while using _____?

_____ precautions _____ our _____ take to _____ while working _____ this communication _____?

Are there _____ instructions _____ engaged with telecommunications?

How can _____ sure that _____ technicians _____ when _____ this _____ hardware?

_____ safety _____ should your techs _____ comm hardware?

What _____ your _____ need to take to work _____?

Can you give _____ some tips _____ how _____ prevent accidents _____?

_____ tell _____ how _____ protect our _____ working with _____ hardware from _____ potential risks or _____?

What _____ your technicians _____ be _____ handling _____ hardware?

_____ should _____ be _____ by our _____ while _____ with this equipment?

_____ are _____ about the _____ precautions _____ to _____ taken by _____ technicians when _____ communication hardware.

_____ there _____ for safety for _____ handling this _____?

How _____ keep our technicians safe _____ this _____.

For _____ accidents when using _____?

_____ measures _____ take _____ reduce _____ dangers _____ to this communication technology?

_____ you have _____ for _____ of your technician _____ with _____ equipment?

Tech _____ tips on handling _____ equipment.

When _____ with _____ hardware, _____ guidelines _____ my team _____?

_____ should _____ do to deal _____ the potential _____ the device?

_____ might _____ against incidents while _____ comms _____?

What _____ are _____ for _____ this _____?

Do _____ have any tips _____ our technicians _____ how _____ this telecom _____?

Please tell us the _____ should _____ our technicians safe _____ communication _____.

Can you give _____ tips _____ stay safe _____ using _____ hardware?

_____ us know if you _____ safety steps _____ on _____.

Any precautions _____ be _____ our _____?

The staff _____ your communication _____ precautions.

How can _____ make _____ our technicians _____ while _____ hardware?

Do your _____ steps when _____ comm _____?

Measures _____ potential _____ work _____ communication _____.

How _____ our _____ safe and _____ accidents?

_____ there _____ steps _____ technicians on _____ gear?

_____ give us tips _____ how to _____ when using this _____?

Is _____ proper protocol for _____ technician _____ when _____ these communications tools?

How _____ your techs avoid _____ hardware?

What are _____ precautions _____ while operating _____ communication gear?

_____ can _____ safeguard _____ incidents _____ operating _____ comms hardware?

_____ precautions should your technicians take _____ are _____ communication _____?

How _____ technicians prevent _____ operating _____ comms _____?

What _____ precautions _____ we take by _____ technicians _____ equipment?

Do _____ know how to stay _____ communication _____?

_____ tell us _____ to keep _____ while _____ this communication hardware.

_____ are the steps _____ technical team _____ to protect _____ telecom equipment?

_____ may ask, what _____ the _____ for _____ technician well-being _____ preventing on-site emergencies when utilizing _____?

Do _____ how to _____ safe _____ messing around with _____?

_____ should your _____ to _____ accidents?

_____ can _____ ourselves while _____ this hardware?

What should our technicians _____ there are no accidents _____ working _____?

_____ team _____ take _____ risks associated with this communication technology?

There _____ for technicians handling these _____.

How do _____ technicians stay _____ with _____?

Can _____ give us guidelines _____ while our technicians work _____?

_____ measures _____ be using?

_____ should _____ by _____ technicians _____ working with this equipment?

I _____ to _____ way _____ technician well-being and prevent _____ site emergencies _____ using these communications _____.

_____ steps _____ reduce _____ such equipment?

_____ steps _____ technicians _____ to stay safe _____ with communications _____?

What is _____ technician _____ preventing on-site emergencies when using _____ communications _____?

_____ precautions for technicians in _____ devices.

Please _____ us _____ to _____ against potential risks when _____.

_____ dealing _____ potential _____ linked _____ this device, _____ the technical _____ take?

_____ can we make _____ our _____ protected _____ accidents?

What _____ the precautions that _____ technicians _____ with equipment?

They _____ precautions _____ this communication gear.

_____ can _____ ensure _____ safety _____ our technicians when using _____?

_____ tell _____ the precautions _____ need _____ by our technicians _____ handling this _____ hardware.

Can _____ give _____ guidelines for avoiding accidents and ensuring _____ our _____ during _____ on _____?

There _____ precautions _____ need _____ taken _____ the communication products.

_____ with _____ can _____ do to stay _____ and avoid accidents?

_____ your _____ when handling comm hardware?

_____ me _____ worker safety procedures related to _____ gears.

_____ our technicians do _____ keep themselves _____ dealing _____ your _____ ?
 What _____ your technicians _____ take when _____ on _____ equipment?
 _____ potential dangers _____ working _____ hardware
 What precautions should _____ to keep themselves _____ work with this _____ ?
 Can _____ precautions be taken for _____ technicians _____ ?
 What precautions _____ technicians _____ with _____ equipment?
 Is _____ guidelines regarding keeping _____ dealing _____ comms hardware?
 Measures _____ protect _____ handling _____ ?
 _____ you tell _____ to _____ safe _____ prevent accidents when _____ this _____ ?
 Can _____ safe _____ around with _____ communication gear?
 There _____ be measures _____ technician _____ when _____ such _____.
 How _____ I _____ my team _____ dealing _____ hardware?
 Please _____ on _____ that must be followed _____ technicians _____ operating _____.
 _____ for _____ accidents _____ using communication _____.
 _____ communication hardware, what precautions _____ technicians take to _____ accidents?
 What should _____ technicians _____ of their equipment?
 _____ have any _____ working on this device?
 What precautions should _____ technicians take _____ protect _____ working _____ ?
 _____ handling these components _____ themselves?
 _____ measures should _____ members _____ dangers associated _____ this communication technology?
 What _____ ensuring technician _____ and preventing on site emergencies _____ these _____ tools?
 _____ dealing _____ equipment, what _____ tell our _____ about the _____ precautions?
 Should we follow _____ necessary _____ technicians _____ this _____ to protect _____ from risks or accidents?
 How can _____ keep _____ technician _____ while using _____ ?
 _____ protect themselves _____ incidents when _____ comms hardware?
 How _____ our technicians _____ accidents?
 What measures should the team _____ workplace risks _____ technology?
 _____ can technicians _____ protected against _____ ?
 What precautions _____ by the technicians when _____ with _____ ?
 _____ steps _____ take to _____ sure they _____ protected _____ working with this _____ ?
 When dealing with _____ equipment, _____ can _____ stay _____ ?
 Tell _____ worker safety _____ to _____ gears.
 _____ you give _____ safety measures _____ dealing with this _____ hardware?
 Tell me how _____ make _____ your _____ the _____ ?
 _____ can our _____ do to _____ sure they are _____ working _____ telecom _____ ?
 _____ can _____ protect ourselves from _____ operating _____ hardware?
 Any _____ should _____ by our _____ for _____ device?
 What _____ be _____ while _____ this equipment?
 _____ should _____ techs _____ avoid accidents _____ handling comm hardware?
 Can you please tell _____ the _____ to _____ taken by _____ this communication hardware?
 How can _____ keep our _____ safe _____ communication _____ ?
 _____ tell us _____ the _____ that _____ followed _____ operating this _____.
 Do _____ any guidelines for _____ when _____ communication _____ ?
 Can _____ guidelines for avoiding _____ ensuring _____ of our technicians _____ this specific communication _____ ?
 Would it _____ your _____ the _____ safeguards for our techs who _____ be installing _____ communication apparatus?
 Do _____ guys know how _____ stay _____ messing _____ with this _____ ?
