

[Demo] NLP Dataset for Customer Service Automation

Company Type	Investment Firms
Inquiry Category	Options and derivatives inquiries
Inquiry Sub-Category	Option Pricing and Valuation
Description	Customers may inquire about the fair value and calculation methods of options, including the Black-Scholes model and greeks, to make informed investment decisions.
Data Size	5,050 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Investment Firm" customer inquiry. (Purchased data will not be masked.)

_____ factors influence the calculation _____ an option's _____ Black-Scholes?

_____ Black-Scholes _____ different _____ into account _____ calculating options' _____?

_____ question about factors _____ impact _____ of _____ options.

Does _____ variables into account _____ determining the amount _____?

Factors _____ options _____.

The Black-scholes _____ option _____ affected by factors _____ the value of options _____ Black-Scholes _____ are _____ influence the _____ of _____ values _____ Black-sch options?

What factors _____ Scholes option _____ calculation?

_____ could affect the calculation of _____ Black- _____.

_____ aspects _____ impact an option's fair value _____ spoken _____ Black- _____.

What are the variables _____ affect _____ values for _____ options?

_____ like to _____ what influences _____ calculation _____ an option's _____ using _____.

What _____ influence on _____ value _____ options in Black- _____?

_____ value is affected by _____.

_____ affect do _____ have on Black-Schooes _____ option _____?

_____ that come into play _____ the _____ for Black- _____ theory

Factors could affect _____.

_____ tell us _____ option's value _____ by Black-scholes?

Does Black- _____ variables _____ account _____ the value of _____?

There _____ factors _____ the option's value _____ to _____.

Black-Schiholes theory _____ factors affect the fair _____.

Factors _____ the Black-scholes _____.

_____ are the factors that _____ play _____ the fair _____ for _____?

Black-scholes calculation _____ option _____ would _____ factors.

Some _____ affect the _____ value _____.

_____ the key variable that _____ the Black-scholes _____ pricing?

Is Black-Scholes _____ other variables _____?

_____ is Black-Scholes considering when _____?

_____ does _____ Scholes figure _____ options _____ worth?

_____ valuation _____ impacted by factors.

Does _____ consider variables _____ worth?

Black-Scholes option _____ be _____.

_____ options _____ could _____ affected by _____.

_____ the _____ value of an _____ in Black-Scholes _____?

Specific _____ can _____ an _____ fair _____ of options using _____ methodology.

What _____ Black-Scholes consider _____ they _____ fair _____?

_____ play a _____ in determining _____ B-S valuation.

Can I _____ effects Black-Scholes _____ the calculation _____ fair _____?

_____ are _____ that _____ fair _____ options based on Black-Scholes

_____ fair _____ of options in Black-Scholes _____ are _____ factors.

_____ theory _____ able to _____ what _____ come _____ looking at a _____ for an option.

_____ factors _____ affect the calculation _____ values?

Black-Scholes' _____ valuation _____ by factors

Black-Scholes _____ might _____ what variables _____ into _____ way of computing option _____.

_____ it _____ option's Black-Scholes calculation?

_____ different variables into _____ when _____ the value _____ options?

Black-Scholes requests _____ the _____ that affect _____ fair _____.

_____ explain what variables come into play when _____ price

How _____ affect _____ fair value?

When _____ option's _____ price _____ Black-Scholes _____ factors _____ into play.

_____ suggests _____ into play when _____ to find _____ price for _____ option

Factors _____ affect _____ calculation of _____.

_____ factors can affect the _____.

What is it _____ an _____ on _____ Black-Scholes _____?

_____ affect _____ Black-Scholes option _____.

Which _____ an _____ estimation of _____ value from options using _____ methodology.

_____ what _____ come into play when _____ an option _____ fair _____.

_____ the _____ for _____ an option's fair value _____ respect to _____?

_____ influence into account for _____

_____ affect _____ an option in Black-Scholes theory?

_____ for determining _____ value _____ options _____ Black-Scholes?

_____ there a factor _____ a _____ option?

_____ that affect pricing of Black-Scholes option?

_____ theory _____ variables come _____ when _____ a _____ price for options.

_____ are _____ factors _____ the option's _____ price for _____ Scholes _____?

_____ elements _____ determining _____ option's value _____ Black and _____ method?

_____ factors are _____ to _____ using Black-Scholes _____?

There are factors that _____ the _____ of _____.

Are _____ factors _____ influence _____ option's value _____ Black-Scholes?

Black-Scholes _____ can _____ impacted _____ factors.

The _____ affect the pricing of Black-Scholes _____.

_____ of option _____ Black-Scholes might be affected _____.

The _____ about factors that _____ Black-Scholes' _____ options.

_____ are the _____ the pricing of Black-Scholes _____?

What _____ that _____ an option's fair value _____ Black-Scholes _____?

_____ factors _____ influence an _____ price _____ on _____ Black-Scholes _____ are not _____.

_____ factors _____ affect the Black-Scholes calculation _____ values.

_____ the factors that affect the _____ price _____ Black-Scholes _____?

What determines _____ value _____ to Black-Scholes?

There is _____ question about the _____ Black-Scholes's _____ of _____.

_____ the influence on the _____ values of _____ Scholes _____.

_____ can be affected _____ a number of _____.

Does Black-Scholes take different _____ consideration _____ options _____?

There are _____ that affect _____.

_____ different variables _____ consideration when calculating what options _____?

Factors _____ Black-Scholes' option _____.

_____ ideas _____ elements that help determine the _____ using Black _____?

_____ be used to calculate option _____ Scholes?

What's the key _____ into play _____ of fair price _____?

Some _____ option valuation.

Black-Scholes _____ variables come _____ play _____ a way _____ computing _____ option _____ price

_____ calculation of option values in _____?

_____ is _____ that determines Black-Scholes _____?

Some _____ of options _____ Black-Scholes.

_____ affecting Black-scholes _____ valuation.

_____ calculating option's fair _____ theory, _____ come _____ play.

Does _____ take different _____ account _____ options worth _____?

_____ you _____ that affect _____ option's valuation using the Black- _____?

I'm _____ if someone can tell _____ fair value _____ Black-Scholes options.

Does Black-Scholes _____ variables _____ account when _____ options' _____?

_____ Black- _____ option _____ can be affected by _____.

_____ do Black-scholes _____ when _____ values?

Does Black-Scholes consider different _____ when _____ options _____?

_____ do _____ Black-Scholes calculating option _____?

What _____ an option's _____ in _____ with Black-Scholes?

What is _____ affects option's _____.

_____ factors might _____ the _____ Black- _____ options values?

Does _____ into _____ when calculating _____ options' worth?

_____ valuation might be _____.

What is _____ that _____ fair value in relation _____ Scholes?

_____ Black-Scholes take _____ variables into _____ determining _____ of options?

_____ you _____ the _____ up the fair values _____ options in _____?

_____ factors should be _____ account _____ valuing _____ Black-Scholes?

Certain factors _____ the _____ value.

_____ Black-Scholes take the different _____ into _____ worth?

How do _____ factors _____ a _____ an _____ value under _____ and _____ model?

_____ may have _____ on _____ Scholes option value.

Factors _____ affect _____ option value

The factors that _____ the _____ of _____ using _____ clear.

_____ the _____ play when determining the _____ fair _____ for Black- _____ theory?

A question _____ Black-Scholes's valuation of _____.

_____ valuation _____ be affected by factors.

_____ consider _____ calculating options' worth?

There are _____ of option values.

How do _____ affect Black-Scholes _____?

_____ a number _____ factors _____ value of options per _____ Scholes.

_____ influence _____ in Black-Scholes?

Some factors can _____ Black- _____.

Does _____ different variables into _____ calculating the _____ of _____?

A question about factors _____ Black-Scholes' _____.

The Black- _____ influenced by _____.

What is _____ variable _____ the Black-Scholes _____ pricing involves?

Does Black- _____ use _____ when figuring _____ worth?

_____ Scholes options _____ by factors.

_____ the _____ that affect the _____ values for _____ in _____ Sc?

Black-Scholes theory _____ what _____ play _____ evaluating _____ fair price _____ an _____.

_____ of options based on Black- Scholes?

Can _____ tell the elements that _____ fair value _____?

_____ altering a Black-Scholes _____?

A _____ about factors _____ Black-Scholes' _____ its _____

What _____ Black-Scholes _____ when _____ fair _____?

What _____ that make _____ the _____ fair _____ for Black-Scholes _____

Black-Scholes' _____ by a _____ of factors.

What are _____ that _____ option's fair price for _____

_____ come _____ when calculating option's _____ price _____ Scholes theory

What is it _____ an option's _____ to the Black- _____?

_____ factor affect Black-Scholes calculation _____?

Does Black-Scholes take _____ figuring out options' _____?

Is it _____ to _____ what effects _____ fair value of an _____?

Does _____ consider _____ when _____ options' _____?

Factors _____ option _____.

_____ fair _____ what do black-scholes _____?

Does Black-Scholes _____ account _____ calculating options values?

Black-Scholes theory _____ come _____ play _____ way of computing an _____ price.

The _____ that _____ the equation of option's _____ using _____.

How do factors _____ Black-Scholes _____?

Does _____ use other _____ when _____ options' _____?

_____ elements _____ values _____ Black- Scholes?

Does Black-Scholes _____ different _____ when _____ how much _____ are _____?

_____ may be affected _____ factors.

Black-Scholes theory _____ explain what _____ come _____ a way _____ an option _____ fair _____

_____ affect _____ estimation of _____ value from options _____ the Black-Which _____.

_____ you tell _____ elements _____ affect _____ fair _____ calculation with the _____ Black-scholes?

_____ valuation of _____ that have black- scholes?

I'm curious if anyone can tell _____ fair _____ Scholes options.

What _____ factors that come into _____ the _____ Black- Scholes theory?

Which _____ impact _____ Black- _____ fair values?

_____ Black-Scholes use _____ to calculate _____ options' _____?

_____ theory _____ what _____ come into play _____ way of _____ an option option _____.

What are the _____ that affect _____ values for _____ based _____ Schol.

What _____ the calculation _____ Black- _____ option Values?

_____ estimation of _____ from _____ methodology can be affected by specific _____.

_____ come into play when computing _____ price for _____?

Does _____ variables into _____ determining _____ options will _____ worth?

What _____ the factors _____ affect _____ Scholes _____?

Black-Scholes _____ what variables _____ into play _____ way of calculating _____ option option _____.

_____ Scholes take _____ into consideration when determining _____?

Does Black-Scholes _____ different _____ calculating options' worth?

Does ____ consider other ____ calculating ____?

What ____ might affect ____ of option values ____?

What ____ that determines ____ in relation to ____ Black- Scholes.

Black- Scholes' option ____ factors

What do Black-scholes look ____ decisions ____ fair ____?

What ____ could ____ the calculation ____ in ____ Scholes?

The Black- Scholes ____ value ____ be ____ of factors.

The factors ____ an option's ____ based ____ Black-Scholes ____ aren't known.

____ is ____ that determines ____ option's ____ in relation ____ the ____?

____ Scholes' option ____ can be ____.

What ____ influence of ____ values ____ options ____ Black-Schoes terms?

Questions ____ factors affecting ____ its ____

Which ____ have an effect on the ____ options ____ the Black-Scholes ____

I'm curious ____ someone can tell ____ affects the fair ____ calculations ____.

What ____ factors that influence ____ fair price ____ theory

____ are ____ affect Black-scholes' ____ valuation.

Black- Scholes' ____ is affected ____.

Black- Scholes ____ influential ____ account ____ values.

____ the factors that affect the ____ price ____ Sholes ____?

How do ____ affect the ____ of ____ scholes?

____ certain variables that affect ____ estimation of ____ for ____ Black-sch.

____ take different variables into consideration ____ the amount of ____?

Black-Scholes theory may explain ____ into ____ when computing ____ option option ____

Black-Scholes theory ____ what variables come ____ looking at ____ for a ____.

____ theory ____ what ____ into play ____ computing an ____ fair price.

The ____ that ____ the ____ of ____ option are being ____.

____ Black-Scholes ____ different variables into ____ when calculating what ____?

____ could be affected ____ a number of ____.

What do Black-scholes ____ values?

____ suggests ____ variables come ____ play when ____ to find the ____ for ____.

What factors ____ Black-Cholesoption ____?

____ factors are ____ the ____ of ____ valuation.

____ might ____ the Black-Choles ____ value.

What ____ it that decides ____ value ____ relation ____ the Black- ____?

____ option ____ is influenced by ____.

____ think contributes ____ determining an option's ____ using the Black ____?

____ of Black- ____ option values ____ affected by ____.

Some factors ____ value ____ Black-scholes ____.

Black-Scholes theory explains ____ come into play ____ fair price for ____.

According ____ you give us the factors that ____ the ____?

____ come ____ when ____ option's ____ price for Black-Schholes theory

____ a ____ about ____ influencing Black-Scholes' ____ its options.

____ that ____ an ____ based on ____ theory are not known

____ variables ____ an effect on how ____ should ____ to ____ Black-S?

Black-Scholes theories ____ variables ____ into play when ____ fair ____ an option.

____ do Black-scholes ____ making fair ____?

Factors ____ the ____ value.

____ value ____ is affected by ____

What factors ____ affect ____ of options ____?

____ altering ____ Scholes valued option

There ____ factors ____ the Black-scholes equation ____ option ____.

There are specific variables ____ the estimation ____ based ____ Black- Schol.

Does ____ different variables into consideration ____ determining ____ options?

____ calculation ____ option values.

I'm curious ____ tell ____ affects the ____ calculation of ____ Black- Scholes ____.

Multiple factors ____ affect ____.

____ other ____ calculating the options' worth?

Determining ____ fair price for ____ involves ____.

____ the ____ affect on ____ estimation of fair values for ____ the Black- Sc.

____ that certain ____ affect how ____ options should be ____.

Does ____ take ____ variables into account ____ worth?

What do ____ consider ____ calculating ____?

____ few ____ by the Black-scholes model.

____ that affect the ____ of ____ values for options ____ on ____

What are ____ affect how much options ____ be worth, ____?

When calculating the ____ fair price ____ Black- ____ there ____ factors that ____.

What factors affect ____ in ____?

____ calculation ____ option ____ in ____ are affected ____ factors.

What ____ that ____ an influence on the estimation of ____ values ____ options ____ Sc?

____ Black-Scholes' option ____ calculation?

Black-Scholes ____ influential factors ____ when it comes ____ option ____.

What makes an ____ in ____?

I ____ can ____ me what ____ the ____ value calculations ____ the Black Scholes ____.

____ are factors ____ may influence ____ Black- Scholes ____.

What is it ____ shapes ____ option's ____ Black-Scholes?

How ____ Scholes determine ____ fair ____?

____ are certain ____ affect ____ of fair values ____ options ____ the ____ Sc.

____ that come into play when ____ the option's ____ price ____ Black- ____.

____ when ____ decisions for fair ____?

Is it possible that these ____ valuation ____ options ____ scholes?

The ____ value could be ____.

____ does ____ decide on option ____?

____ factors affect ____ of options based ____ scholes?

Black-Scholes ____ explain what variables come ____ as ____ way ____ an ____ price.

There are factors ____ valuation.

____ the option pricing ____?

____ know ____ effects Black-scholes ____ on ____ of option's fair ____?

____ may explain what ____ come ____ calculate ____ option fair price.

Some ____ influence Black-Scholes' ____ options.

____ factors ____ into play ____ determining ____ price for Black-Scholes ____

____ option ____ may be influenced by ____ factors.

____ option values via ____ Scholes?

Black-Scholes ____ option values are ____.

Does Black-Scholes take ____ account ____ much ____ are worth?

____ Black-Scholes ____ different variables ____ when determining ____ amount ____ worth?

What ____ option value ____ work?

____ may have an impact ____ Scholes ____ value.

What ____ determines ____ Black- ____ option's value?

____ factors can impact ____ option ____.

____ is the influence ____ the ____ values ____ in Black-Scholes ____?

Black-scho _____ tell you _____ elements _____ an _____ fair value _____
 _____ Black- _____ variables into account when determining _____ are _____?
 Does _____ take _____ into account _____ of options' worth?
 _____ Black-scholes calculation of _____ values.
 Black-Scholes takes _____ into account _____
 _____ theory can _____ come _____ when _____ at a fair _____ option.
 The factors that _____ Black- _____ option _____ asked.
 What _____ that affect the _____ the _____ values for _____ based on _____?
 _____ what makes _____ option _____ something?
 _____ Black- _____ determining the amount _____ options' worth?
 _____ key aspects _____ affect an _____ are stated by _____.
 What _____ option's fair worth-per-Black- _____?
 _____ may explain what _____ as _____ way of computing an _____ fair _____.
 What factors _____ affect _____ Black-scholes equation _____?
 _____ question about influences _____ of its _____.
 _____ asked _____ factors that _____ the _____ fair _____.
 Black-Scholes _____ may be _____ by _____.
 _____ Black-Scholes _____ other _____ their options' worth?
 _____ Black-scholes' option _____.
 What _____ the key _____ involved _____ Black-scholes _____ computing _____ option's _____?
 Some _____ could _____ equation of option's _____ using _____.
 What are _____ variables _____ estimation of fair values _____ options _____ the _____.
 Does _____ take _____ variables into _____ options worth?
 Does _____ Spock take different _____ into _____ determining the amount _____?
 There are factors _____ Scholes _____.
 _____ factors affect _____ fair _____ an option in _____.
 Factors _____ Black-scholes' _____.
 _____ affect fair _____ Black-Scholes?
 What are the factors _____ to _____ fair _____ Black-Scholes _____?
 _____ factors _____ affect fair _____ in Black- Scholes.
 Black-Scholes' _____ fair _____ by factors.
 _____ if _____ can tell me _____ affects the _____ for the _____ options.
 Black- Scholes options _____ be _____.
 _____ affecting the _____ option value.
 _____ affect options valuation by _____
 _____ effects _____ have on _____ calculation of the option's fair _____.
 _____ options valuation _____ impacted _____
 What are the factors that determine _____ price _____?
 Specific variables can _____ the estimation _____ fair _____ Black-Scholes _____.
 _____ want to know what _____ have _____ the _____ option's fair _____
 _____ of _____ in _____ can _____ affected by factors.
 Black-Scholes _____ what _____ come _____ play _____ computing an _____ fair price.
 _____ factors may _____ the _____ Scholes _____.
 There is _____ question of _____ the fair _____ Scholes terms.
 _____ are some factors _____ the value _____ with _____ Scholes.
 Black-scholes' option _____ be _____ multiple _____.
 _____ the option's fair price _____ Black-Scholes _____?
 Black-Scholes options valuation _____.
 _____ take _____ variables into account when determining _____ options?
 What _____ the _____ have _____ effect on _____ estimation of _____ values _____ options based on _____?

Some factors affect _____ Black-scholes _____

What _____ option values?

_____ factors _____ Black-Scholes' options _____?

What _____ key _____ Black-scholes theory of _____ pricing?

_____ estimation of _____ value from _____ the Black-Scholes methodology can _____ certain _____.

_____ is a question _____ factors _____ influence Black-Scholes' _____ of _____.

_____ variables that affect _____ of fair value for _____ on _____?

Black-Scholes theory might explain _____ are _____ calculate an _____ fair _____.

_____ are factors that affect _____ of _____ Scholes.

How _____ the factors affecting _____ valuation _____ options _____ on _____?

_____ are the _____ that _____ the _____ option pricing.

_____ if anyone can tell _____ what _____ value _____ those Black- Scholes _____.

_____ takes _____ influences when _____ to option _____ values.

Black-scholes theory _____ into _____ when _____ to _____ the best _____ an option.

Does _____ variables into account _____ estimating the _____ of _____?

_____ option _____ is affected by a _____.

_____ you tell the elements that _____ fair value _____ with _____ of _____?

Factors play a _____ options' value _____ valuation.

Can _____ tell the elements _____ fair value calculation _____ help of _____?

What _____ the _____ values of _____ in _____ Black- _____ terms?

_____ you _____ that influence _____ fair value calculation with _____?

Does _____ take different _____ account _____ calculating _____ options worth?

_____ Black-scholes' _____ valuation?

_____ do _____ consider for _____ values?

_____ influence of factors on option _____ is _____ into _____ Black- _____.

_____ is _____ question _____ what influences _____ fair values _____ options _____ Scholes _____.

_____ it _____ to tell _____ what effects _____ have _____ fair value?

_____ Black-Scholes theory might _____ what _____ into _____ as a _____ computing an option _____ price.

_____ that _____ affect a _____ valued option.

_____ factors _____ valuation _____ options _____ Black-Scholes?

_____ variables can have an _____ on _____ estimation of _____ the _____ methodology.

Black-Scholes _____ can explain what variables _____ when _____ at _____ option _____.

What is _____ affects _____ option's _____ Scholes _____

_____ the _____ value of the _____ Scholes _____?

_____ that affect the option's fair _____ theory

What _____ used _____ determine _____ option's fair _____ Black-Scholes theory.

_____ option value calculation

_____ are factors _____ determine the _____ per _____ Scholes.

Black-Scholes _____ may _____ influenced _____ factors

I'm curious _____ someone _____ tell _____ happens to the fair _____ calculations _____.

Some _____ by the Black-scholes _____.

_____ take variables into account _____ determining _____ options' worth?

What are _____ factors _____ in determining _____ option's _____ Black- _____ theory?

_____ factors affect _____ value?

Can _____ tell the elements that _____ value _____ the help _____ Black-scho?

Does _____ different _____ in determining _____ amount _____ options' _____?

_____ different variables _____ when _____ amount of options worth?

Black-Scholes takes _____ influence of _____ account when _____ to option _____.

_____ is _____ about the factors _____ affect Black-Scholes' _____ options.

What _____ play _____ considering the _____ fair price _____ Black-Scholes _____

What _____ affect _____ out option _____?

A question _____ factors that _____ of its _____

What are _____ values for options based _____ Black-sch?

_____ are the _____ Black- _____ value?

_____ affecting the _____ equation _____ option values.

Is _____ to _____ what _____ Black-scholes has on the calculation _____.

_____ the factors involved _____ computing the _____ Black- Scholes theory?

What _____ the _____ fair _____ to Black- Scholes?

Black- Scholes takes into account _____ option _____.

_____ do _____ explain _____ affect an option's _____ using the _____ Scholes _____?

A _____ the _____ valuation of its options.

Does Black-Scholes _____ other _____ when _____ options _____?

_____ help you tell _____ that affect option's _____ calculation.

What is the key variable _____ in _____ calculate _____ option's _____?

_____ might affect _____ calculation _____ option _____ in _____ Scholes?

_____ Scholes options valuation _____ by factors.

What _____ changing a Black-Scholes _____?

_____ of _____ can be _____ by factors.

_____ affect _____ valuation.

Does Black-Scholes _____ into account when _____ what?

What are the _____ value _____ to Black-scholes?

_____ Black-Choles _____ different _____ calculating the options' worth?

_____ variables _____ the estimation of _____ options _____ on Black-sch?

_____ influences _____ calculation _____ fair value _____ Black-Scholes?

What _____ affects option's Black- _____?

The _____ affecting _____ valuation.

There are factors _____ determine the _____ options _____.

What _____ affect _____ of option _____?

_____ Black-Scholes take different variables _____ account _____ calculating _____?

_____ fair values of options _____ Black- _____ terms are _____.

Does Black-choles take different _____ into _____ calculating what _____?

The Black- _____ option _____ might _____ certain factors.

What factors _____ the calculation _____ black-scholes _____?

Does _____ different _____ into _____ determining the amount _____ worth?

Does _____ other _____ when determining _____?

Black-Scholes _____ may _____ by factors.

What are the factors _____ affect _____ fair _____ for _____?

What are the _____ that _____ an impact _____ estimation of _____ options in _____ Black- _____?

_____ would change _____ option values in Black-Choles?

_____ Black-S, can _____ tell us _____ the factors _____ option's fair _____.

Does _____ use _____ figuring out options' _____?

_____ impact _____ equation _____ option values?

What factors would _____ the _____ of _____ option _____?

_____ the _____ of options _____ Black-Scholes?

_____ factors into _____ when _____ fair values.

_____ are certain _____ that affect _____ of fair values _____ options _____.

_____ factors affect _____ valuation _____ options.

_____ says _____ come into play as a way of _____ fair _____.

_____ variables can _____ estimation _____ fair value _____ using the _____ methodology.

_____ an _____ fair value in _____ to Black- Scholes?

Factors that influence _____ options.

What are some _____ affect the pricing _____ Black- _____ option?

What _____ it take to _____ value _____ the Black Scholes?

_____ affects _____ valuation.

_____ Black-Scholes _____ variables when _____ options _____?

_____ influence _____ Black- _____ option value.

Which _____ affect how _____ should be _____ according _____ Black-S?

_____ Black- Scholes _____ variables into _____ determining the amount of _____?

_____ can explain _____ variables come into _____ way of computing _____ option _____ price.

_____ Black-Scholes _____ different variables into _____ when _____ options' _____?

How _____ factors _____ Black- Scholes' _____?

How do _____ option values.

_____ are _____ what things can _____ calculate option's _____ values.

_____ the _____ on _____ fair value of an option in _____?

What factors _____ options _____ Black-Scholes?

What effects _____ an _____ calculation _____?

Does _____ estimating options worth?

_____ are the _____ that impact the _____ fair price _____.

The Black- _____ option value _____ be _____ by _____.

_____ do _____ factors affect _____ value of options _____?

What is the _____ determining option's _____ value _____ relation _____?

According to _____ specific _____ can affect _____ estimation _____ value from _____.

_____ Black-Scholes option _____ might be _____ than _____ factor.

What _____ the _____ that have an influence on _____ of fair _____ Black-sch?

Black-scholes consider _____ when _____

_____ computing an option's _____ on Black-Scholes theory, _____ factors _____ play?

Factors _____ the _____ of Black- _____ values

What is _____ basis _____ option's _____ in _____ to _____ Black- Scholes?

_____ Black-Scholes options _____ be _____ by factors.

Does Black- _____ use _____ variables _____ options' _____

_____ are _____ that affect the _____ fair _____ based on black-sch

Specific variables can have an _____ fair value _____ the Black-Scholes _____.

What impact do factors have on _____?

_____ it _____ determines _____ option's value?

_____ I _____ have _____ calculation of option's fair value?

_____ can be used _____ calculate options' fair _____?

_____ Black-Scholes _____ other _____ to _____ options' _____?

_____ factors _____ affect the pricing _____ Scholes _____ pricing.

_____ calculation of option values.

_____ affect _____ option _____.

_____ should _____ considered when calculating option _____ in _____?

How does _____ scholes _____?

What _____ Black-scholes consider when _____ fair _____?

_____ ask, _____ can be used to _____ option's fair _____

_____ elements _____ to determining _____ option's _____ using _____ and Scho _____?

_____ asked about _____ factors _____ fair value.

The Black- _____ option _____ could _____ affected by _____.

Black-scholes' option _____ impacted _____.

What is _____ can _____ Black- _____ calculation?

Black-Scholes _____ influence factors when _____ comes to option _____.

_____ can explain what _____ come into play _____ looking _____ a _____ option.

_____ Black-Scholes Calculating option _____.

Can Black-scho tell you _____ elements that influence _____?

_____ would affect _____ calculation of _____ Scholes options _____?

What are the _____ have an affect _____ estimation of _____ options?

_____ about factors _____ Black-Scholes's _____ of _____.

_____ come _____ play when computing option's _____ Black-Scholes theory

_____ are factors that _____ affect the _____ Scholes _____.

_____ it that _____ option's worth?

_____ do _____ option's fair value?

_____ about _____ valuation of its _____

_____ if _____ tell me _____ affects the _____ calculations of _____ Black Scholes _____.

_____ is _____ variable associated with _____ theory _____ option _____?

What _____ determine option's _____ value with respect to _____?

_____ are the factors that go into _____ fair _____ for _____?

What factors influence _____ valuation _____?

_____ factors _____ to calculate _____ on Black- Scholes?

What _____ are considered _____ determining _____ by _____ Scholes?

What influences the _____ an _____ Black- _____ terms?

_____ are factors _____ Black-Scholes valued option.

Any ideas on _____ contribute _____ the option's _____ and _____?

There might _____ affect the _____ Scholes _____ value.

_____ curious _____ anyone _____ what affects the _____ value _____ Black Scholes options.

_____ it _____ to option fair values, _____ into _____ factors.

_____ would affect _____ calculation of black-scholes _____?

_____ do _____ when assessing fair _____?

_____ the _____ that can _____ fair price _____ Black- Scholes _____?

_____ can factors _____ a _____ using a _____ like Black _____ Scholes?

_____ Black- Scholes _____ variables when _____?

Black-Scholes' _____ can be _____ a number _____ variables.

_____ fair _____ can be _____ factors.

The calculation of option _____ would be _____.

What factors are _____ option's _____ price for _____ theory.

_____ are _____ might _____ a _____ valued option.

_____ fair values _____ options in _____ Scholes terms are _____

_____ affect _____ values _____ Black-Scholes.

_____ goes _____ the _____ fair value _____ to _____ Black- Scholes?

_____ influences _____ of option's _____ value using _____ Scholes?

_____ do _____ affect _____ calculation of _____

_____ the option's fair _____ calculation.

_____ are some variables _____ the estimation of fair values for _____?

_____ can affect the _____ value.

There are _____ number of factors _____ the _____ per _____.

_____ Black-Scholes _____ other _____ when _____ options _____?

I _____ know _____ that affect an option's _____ can be described using _____.

Factors affecting Black- _____?

_____ theory might _____ what variables come into _____ a _____ computing an _____.

_____ theory can explain what variables _____ into _____ at a _____ price _____.

I'm _____ if _____ can tell me what _____ the Black- _____ option.

Does Black- Scholes _____ into account _____ determining _____ of options' _____?

The question _____ about _____ Black-Scouse's valuation _____ options.

_____ key aspects that _____ option's fair _____ according to _____.

_____ factors _____ of options with _____ Scholes?

_____ value _____ be influenced by _____

Any ideas _____ that _____ to _____ option's _____ Black and _____?

_____ that affect the option's fair _____ on _____ theory _____ not _____.

How do _____ affect the _____ of _____ black _____?

_____ factors that might influence the _____ value.

_____ impacting Black- Scholes _____?

_____ option fair value may _____ by _____.

Some factors _____ affect the _____.

What is _____ determines the _____ value in relation _____ Scholes?

_____ Black- Scholes using _____ calculating _____ worth?

Black- _____ valuation might _____ affected _____ some _____.

_____ option _____ influenced by more _____ one factor.

_____ factors that could _____ equation _____ fair value _____ black-choles

_____ are _____ to _____ option values in _____?

What _____ Black- _____ option fair value?

_____ it that _____ Black- Scholes _____ fair _____?

What _____ fair _____ options in Black- Scholes _____?

_____ option valuation.

What are _____ determine _____ fair _____ for Black-Sholes theory?

_____ regarding factors that _____ Black-Scouse's _____ its options.

How do specific _____ estimation of _____ options based on _____?

What factors will _____ the _____ values?

_____ the _____ that _____ an effect on _____ much options _____ worth according _____?

_____ factors affect _____ fair _____ Scholes?

Black-Sholes _____ variables come into _____ as _____ of _____ an _____ option fair price

_____ computing _____ fair _____ for _____ theory, some factors come _____.

Can _____ the elements that _____ an _____ calculation _____ the help of _____.

The fair values _____ in _____ Scholes terms _____ by _____ things.

Black-Scholes _____ affected _____ some factors.

_____ computing _____ option's _____ based _____ theory, what factors _____ into play?

_____ Black-Scholes option _____ affected by _____

_____ factors that _____ value _____ per Black-Sholes?

Can you tell _____ elements _____ option's fair _____ calculation _____?

What _____ affect _____ with Black-Scholes?

What _____ basis _____ value _____ respect to Black- Scholes?

_____ option fair values?

Black- _____ affected by factors.

_____ theory _____ explain what _____ play when evaluating _____ fair _____ for an _____.

Does the Black- _____ use _____ calculating options _____?

_____ theory suggests _____ into play _____ trying _____ find _____ price for an _____.

_____ valuation could be affected _____.
