

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Customization and product configuration requests
Inquiry Sub-Category	Configuration support
Description	Customers requiring assistance in configuring their telecommunications equipment for specific applications or network settings.
Data Size	8,165 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Can you ____ us adjust ____ allocation settings to ____ ____ applications ____ ____?
____ ____ adjusting bandwidth ____ to favor ____ ____?
____ ____ how to give priority to ____ ____ using reallocating ____ ____?
____ ____ our bandwidth shenanigans and make ____ certain ____ get ____ ____.
Can you tell us ____ ____ better prioritize ____ ____ the ____ ____ settings?
Can you please ____ our ____ shenanigans ____ make sure ____ apps ____ ____ ____?
____ it possible to adjust our ____ ____ ____ ____ certain applications?
Can you ____ ____ allocation to ____ ____.
Can ____ ____ ____ to maximize ____ allocation so that ____ can ____ ____ apps?
____ we ____ bandwidth ____ certain ____?
Is ____ possible to favor certain ____ ____ in the ____ ____?
Can we ____ ____ bandwidth ____ ____ apps?
Help needed ____ ____ settings ____ prioritization.
____ ____ allocation is needed for ____ preference ____.
Need ____ tuning ____ ____ ____ certain applications?
____ ____ with the maximization ____ bandwidth ____ to ____ prioritize?
Do you offer ____ ____ ____ bandwidth allocation?
____ ____ to ____ and ____ specific apps' bandwidth?
____ need ____ in figuring out ____ to ____ application ____.
____ in ____ priority with bandwidth ____?
Can ____ lend ____ hand ____ favor ____ applications ____ ____ allocation adjustments?
____ bandwidth allocation ____ ____ applications?
____ it ____ for ____ ____ ____ bandwidth ____ applications that are ____ important to them?
Were you able ____ ____ us set the ____ ____ ____ certain ____?
____ ____ to ____ apps by tweaking ____ ____.
____ we able to change ____ ____ ____ to prioritize ____ applications?
Is ____ possible ____ aid us ____ ____ ____ certain applications ____ bandwidth allocation ____?
____ ____ be ____ ____ us in ____ bandwidth preferences ____ certain applications?
____ it possible ____ you ____ ____ ____ to prioritize applications?
____ ____ possible ____ you ____ adjust band ____ ____ prioritize applications?

Can _____ teach us _____ to _____ applications by tweaking _____?
_____ there _____ to allocate _____ certain apps get priority?
_____ help _____ reallocating bandwidth _____ priority to specific applications?
Can we change settings _____ allocate _____?
_____ may be able to adjust the _____ bandwidth _____ top _____.
_____ you have the skills to _____ to _____ by reallocating _____?
_____ it possible to _____ prioritize bandwidth _____ specific _____?
_____ able to adjust the _____ more efficiently?
_____ it _____ for you _____ modify _____ allocation _____ applications?
Are you _____ to _____ the _____ prioritize specific _____?
Can you _____ bandwidth allocation?
Help _____ bandwidth preferences for _____.
_____ bandwidth _____ favored applications?
_____ allocation is required to _____ application _____.
_____ apps _____ tweaking bandwidth assignments.
_____ help us _____ adjusting _____ allocation _____ prioritize applications _____ efficiently?
_____ bandwidth _____ settings to better prioritize applications?
_____ assistance with _____ the _____ given to _____ through allocated _____ capacity
Is _____ possible _____ adjust _____ bandwidth _____ so that _____ top priority?
Mind _____ in setting _____ application priorities _____ bandwidth?
_____ possible to allocate _____ efficiently for prioritized _____?
Can we _____ bandwidth allocation _____ and _____ certain _____ over _____?
How _____ maximize the _____ of _____ applications by tweaking _____?
Help _____ by modifying _____ allocation.
_____ you _____ able _____ adjust _____ allocation _____ to help prioritize _____?
Can you _____ use _____ adjustments to favor specific _____?
_____ possible to _____ bandwidth _____ prioritize _____ applications over others?
_____ a way to _____ and _____ the bandwidth _____ apps?
Are you willing _____ adjust the _____ prioritize _____?
_____ it _____ adjust app priority through _____?
_____ you help adjust _____ bandwidth _____ for _____ applications?
Do you support _____ the _____?
modify _____ to improve _____
Are _____ able to use our _____ to _____?
_____ assistance tuning bandwidth _____ applications?
_____ you _____ keep certain _____ higher _____ in the bandwidth _____ settings?
Can _____ allocate _____ to _____ certain _____?
You can help modify _____ allocation _____.
What _____ do _____ improve _____ distribution to _____ applications?
_____ for you to help _____ set bandwidth _____ our applications?
_____ support _____ allocating bandwidth to priority _____.
_____ fix our _____ and ensure that certain _____ more _____?
_____ you help with _____ to prioritize applications?
How _____ the bandwidth dedication settings _____ prioritize _____?
Is _____ some _____ a _____ in bandwidth settings?
_____ like _____ how _____ prioritize selected applications by tweaking bandwidth _____.
_____ we _____ bandwidth so that certain apps get _____?
Can _____ a hand _____ applications using _____ allocation adjustments?
_____ we able _____ bandwidth allocation settings _____ prioritize _____ over _____?
_____ you _____ to set bandwidth _____ settings to _____?

_____ to _____ specific _____ using network allocation adjustments?

Enhance application _____ bandwidth _____

_____ bandwidth allocation _____ maximize _____ preference.

_____ you _____ with _____ bandwidth settings _____ prioritize?

_____ you able to help _____ effectively _____ bandwidth _____?

Can you help _____ keep certain _____ a _____ dedication settings?

_____ you help _____ allocate _____ in _____ that works?

_____ want to prioritize _____ apps' _____?

_____ change _____ settings to better prioritize applications?

_____ to advise _____ how _____ maximize bandwidth allocation _____ effectively _____?

_____ you _____ adjust app priority _____?

_____ give us _____ on how to maximize bandwidth _____ can _____?

Canwidth adjustment _____ to _____ apps.

Do _____ the _____ to _____ to _____ applications _____ reallocating bandwidth?

Help us _____ the right _____ of _____ can prioritize important _____.

_____ you _____ to _____ us _____ application _____ prioritization?

_____ up appropriate _____ shares _____ applications requires _____.

_____ ways _____ bandwidth allocation to prioritize apps?

Can you _____ applications _____ bandwidth?

How about _____ the _____ prioritize specific _____?

Are _____ modify bandwidth allocation _____ applications?

Can _____ and _____ apps' _____?

_____ the bandwidth settings to _____ prioritize certain _____?

Can _____ bandwidth _____ favored programs?

_____ me _____ to maximize bandwidth allocation _____ prioritize apps?

_____ allocation is _____ in order to maximize _____.

Prioritize apps _____ on _____?

_____ need help tuning _____ for _____ applications.

_____ you _____ the emphasis given _____ different _____ through our allocated _____?

_____ it possible to help _____ adjust _____ allocation _____ applications _____?

_____ you _____ to give priority _____ applications by _____ effectively?

_____ need _____ help allocating _____ right _____ of _____ prioritize the _____.

_____ possible for _____ change the _____ allocation settings _____ favor _____ apps?

_____ you _____ us how to _____ selected _____ tweaking bandwidth _____?

_____ need _____ configuring _____ allocation _____ prioritize specific applications.

_____ it _____ to _____ the bandwidth _____ settings _____ apps over others?

Will _____ help _____ the bandwidth _____ to _____ applications?

Is it _____ to improve _____ to _____ applications?

_____ you _____ to reallocate bandwidth _____ give _____ to certain _____?

Would you _____ to _____ us _____ for applications?

_____ about _____ bandwidth allocation _____ applications?

_____ you give more _____ important _____?

Is _____ possible for _____ team to give _____ to _____ in _____?

_____ us in setting _____ for _____ apps.

We need _____ help _____ allocation for _____ applications.

Do _____ the _____ to _____ application _____?

Can we use bandwidth allocation _____ applications?

Is there _____ to _____ selected _____ with _____ bandwidth dedication settings?

_____ we adjusted _____ certain apps?

_____ adjustment _____ us _____ certain apps?

Set app _____ bandwidth _____?

_____ it _____ your team to support _____ bandwidth _____ that _____ certain applications over _____?

How _____ I allocate _____ to _____ apps?

Can you assist in _____ network allocation _____?

Can _____ priority via bandwidth _____?

I _____ help in adjusting the allocation _____ priority to certain _____.

Would you _____ willing _____ adjust _____ bandwidth _____ prioritize _____?

The allocation of bandwidth _____ be changed _____ priority _____.

_____ you adjust and _____ of specific _____?

Is it possible for _____ team to give more _____ that _____?

Can you _____ adjustments to _____ band _____ prioritize _____?

Would _____ possible for _____ to help _____ with _____?

Can _____ the bandwidth allocation _____ we can _____?

_____ you _____ to _____ bandwidth _____ favored _____?

Do you have _____ skills to favor _____ applications _____?

_____ help with _____ allocation _____ favoring _____?

_____ it be _____ the _____ settings _____ favor specific apps?

_____ you help _____ to _____ applications?

_____ help prioritize _____ applications _____ on available _____?

Can _____ help _____ using our _____ bandwidth?

Can _____ adjust _____ bandwidth _____ to better prioritize _____?

Is it _____ for _____ team _____ us _____ allocating _____ to the _____ that are _____ them?

Modification _____ allocation of _____ to _____ priority to _____ appreciate _____ support.

Is it possible _____ team to _____ bandwidth _____ that _____ certain _____?

_____ you help us _____ setting _____ allocation _____ to _____?

Is there a _____ certain _____ get top _____ in _____ of _____?

Please _____ maximize _____ distribution to _____.

_____ have _____ expertise _____ give priority to specific _____ by allocating _____?

_____ help improve _____ by modifying bandwidth _____

_____ help _____ application bandwidth.

Are _____ being assisted _____ up _____ application priorities _____ bandwidth?

Can _____ help prioritize _____ allocation?

Is it _____ that _____ can _____ for prioritized application _____?

_____ help _____ adjusting bandwidth _____ settings for _____ applications?

Can we adjust _____ allocation of _____ certain _____ top _____?

I _____ your _____ tweaking _____ allocation _____ bandwidth _____ give _____ to selected applications.

We _____ allocation of bandwidth _____ certain apps _____ priority.

Is _____ possible to adjust _____ better allocation of _____?

Help is necessary _____ prioritization.

Do you know _____ to _____.

Is _____ to _____ and _____ specific apps' _____.

We need your help in _____ bandwidth _____ priorities.

_____ we able _____ bandwidth allocation _____ to prioritize certain _____?

Will _____ set the bandwidth allocation _____?

_____ you _____ us _____ priority _____ specific _____ by _____ bandwidth effectively?

_____ you _____ to allocate more _____ to _____ applications?

_____ it _____ you could _____ distribution to prioritize _____ applications?

_____ you adjust _____ allocation settings _____?

_____ tell us _____ to _____ bandwidth more _____?

Do you _____ give priority to _____ by reallocating bandwidth?

_____ to _____ applications _____ adjusted bandwidth _____

We _____ your _____ adjusting bandwidth allocation _____ applications _____ efficiently.

Should _____ apps _____ prioritized _____ bandwidth _____?

Do _____ how to _____ effectively _____ that _____ can give priority _____ specific _____?

Is there _____ to _____ bandwidth _____ some priority _____ action?

Do _____ know _____ prioritize _____ bandwidth?

_____ there a _____ to _____ some apps _____ bandwidth _____?

_____ we _____ allocate _____ for _____ usage?

_____ can _____ adjusted to _____ certain _____

Can _____ modify _____ bandwidth dedication _____ keep _____ apps _____ priorities?

Can _____ the _____ favor _____ apps?

_____ in adjusting bandwidth _____ prioritize?

_____ you _____ help _____ set priority for specific _____ using _____ allocation _____?

You _____ able _____ help _____ manage bandwidth _____ give priority to _____.

_____ set _____ application _____ limited bandwidth?

Can _____ us keep certain _____ a _____ priority _____ dedication settings?

_____ want to _____ bandwidth _____ prioritize select _____?

_____ you help prioritize the _____?

Help _____ to set bandwidth _____.

Is it possible for your _____ to _____ us _____ more _____ our _____?

Is it _____ adjust _____ allocation _____ certain apps priority?

Do you _____ bandwidth to favored programs?

_____ you _____ apps should _____ prioritized through _____?

How about tuning _____ to _____?

_____ apps _____ adjustments?

_____ about configuring _____ allocation _____ applications?

Appropriate _____ favored applications _____.

We need _____ prioritization _____.

_____ might _____ able to _____ bandwidth _____ settings to favor _____.

Is _____ possible to _____ allocation to _____ applications?

_____ you _____ to certain applications in _____?

_____ allocation of _____ to make _____ apps get top priority?

Will _____ be _____ to adjust band _____?

We need to reallocate _____ order _____ give _____ certain _____.

Do you _____ skills _____ applications using network allocation _____?

_____ setting _____ via bandwidth _____?

_____ you _____ priority to _____ applications and _____ bandwidth?

_____ you assist us in _____?

_____ bandwidth allocation _____ set priority for _____ applications?

Changing _____ specific applications could be _____ you.

_____ we _____ settings to give _____ allocation of _____?

You _____ modify bandwidth _____ in order _____ preference.

Can _____ bandwidth _____ help _____ applications?

_____ can help us with _____ settings to _____.

_____ for _____ team to _____ allocations that _____ certain applications?

Is _____ possible _____ fix _____ prioritize specific applications?

_____ settings allow us _____ prioritize _____ apps?

Do _____ think _____ and _____ the bandwidth _____ specific _____?

Is there _____ make sure _____ apps get top priority _____ of _____?

Do _____ to set _____ for _____ bandwidth allocation adjustments?

_____ help adjusting _____ emphasis _____ to _____ through _____ allocated network capacity.

Can you help _____ applications _____?

Is _____ possible _____ to allocate _____ our _____ important applications?

_____ should _____ settings to prioritize certain _____.

Appropriate bandwidth _____ applications are required _____.

_____ it possible to give _____ selected applications _____ the _____ bandwidth?

_____ to prioritize _____ apps _____ tweaking bandwidth _____.

Do _____ adjust and prioritize _____ bandwidth?

_____ it be possible _____ modify _____ bandwidth _____ settings _____ apps?

Can you _____ us _____ adjust _____ prioritize?

Is _____ for _____ to _____ the _____ to prioritize _____ applications?

_____ you _____ with setting bandwidth _____ to prioritize specific _____?

How to fix and _____?

Can _____ the bandwidth allocation _____ to _____ certain _____?

_____ it possible _____ increase _____ to prioritize specific _____?

Is _____ to _____ bandwidth allocation settings so _____ certain _____ over others?

Are _____ capable of _____ prioritize _____?

You know _____ to _____ bandwidth, can _____ help _____?

Do you have _____ experience to help _____ reallocate _____ effectively _____ give _____ specific _____?

_____ help us with configuring bandwidth _____ to _____.

I _____ your help _____ the _____ of bandwidth _____ priority _____ applications.

_____ able to help us with _____ prioritization _____?

_____ you _____ manage _____ and give _____ certain applications?

_____ changing the _____ settings _____ to _____ apps?

_____ you help prioritize _____ with _____?

_____ how _____ properly prioritize applications _____ bandwidth dedication settings?

Is _____ possible _____ change _____ to _____.

_____ improve the _____ and keep certain apps a _____ priority?

_____ you _____ prioritized with our available bandwidth?

_____ need to _____ prioritize certain applications _____ efficiently.

_____ be adjusted and prioritized _____ apps?

Is it _____ to _____ to _____?

_____ bandwidth allocation _____ be _____ to _____ for particular _____?

_____ the allocation of _____ across _____?

Is it _____ to _____ settings _____ are prioritized over others?

_____ need of _____ support to favor _____ applications _____ allocation _____?

_____ it be possible _____ set bandwidth _____ some _____?

Is _____ possible _____ you _____ allocate bandwidth _____ for _____ application _____?

_____ need _____ setting _____ allocation settings to _____ applications.

In _____ skilled support _____ specific _____ using network allocation _____

_____ need help with _____ emphasis _____ to different applications _____ network _____.

Would _____ be willing _____ adjust bandwidth _____ to prioritize _____ efficiently?

You _____ set _____ preferences _____ some applications.

_____ help _____ adjust _____ settings to favor _____ applications?

Is _____ a _____ to improve the _____ apps?

_____ it possible _____ your team _____ set _____ allocations that _____ applications?

_____ a _____ give _____ to certain applications _____ bandwidth settings?

Need _____ favor certain applications?

_____ need your help _____ bandwidth _____ for _____.

tuning bandwidth _____ applications

____ need ____ tweaking ____ settings to ____ certain apps a higher ____.
 ____ order to ____ priority ____ applications, ____ have the expertise to ____?
 Help us ____ apps.
 Are ____ to adjust and ____ bandwidth?
 We need ____ configuring ____ applications.
 ____ need ____ to ____ prioritize ____ bandwidth.
 ____ to adjust bandwidth ____ to prioritize ____ applications?
 ____ of ____ allocation of bandwidth to ____ priority ____ certain ____ be ____ you.
 ____ would ____ possible ____ bandwidth allocation settings to favor ____.
 Is ____ to ____ apps ____ bandwidth adjustments?
 ____ tuning ____ to favor ____ application?
 ____ allocation ____ favor certain ____?
 Are you ____ to ____ us in ____?
 We ____ bandwidth ____ prioritized usage.
 By adjusting ____ bandwidth ____ we able to ____?
 ____ it possible ____ certain apps ____ others in ____ bandwidth ____?
 ____ change ____ favor certain applications?
 ____ you have experience ____ bandwidth ____ we can give priority ____?
 How ____ prioritize applications ____ tweaking bandwidth ____?
 Are ____ able ____ adjust ____ to ____?
 Is ____ to adjust the ____ for ____ apps?
 ____ you have the ____ to help ____ give ____ to ____ applications ____?
 ____ assist ____ setting priority for certain applications through ____?
 How can ____ priority ____ applications through ____ adjustments?
 Do ____ how to give priority ____ bandwidth effectively?
 Can ____ help with ____ favoring of ____ applications using ____?
 ____ wonder if we ____ apps by adjusting ____ settings.
 Can ____ how ____ can ____ bandwidth for ____ applications?
 ____ band allocation; ____ perapp ____?
 Is it ____ to ____ particular ____ others in the ____?
 Will you ____ settings to ____ applications?
 Are we ____ allocation ____ to prioritize ____ applications?
 Can you adjust bandwidth ____?
 Is it ____ to ____ effectively ____ tweaking the bandwidth dedication settings?
 ____ to fix ____ sure that certain apps get more juice?
 ____ you think about ____ bandwidth allocation ____ prioritize ____?
 ____ assist needed, ____ for some ____.
 ____ you ____ to allocate ____ for prioritized ____ usage?
 Is it ____ to ____ bandwidth ____ prioritize ____?
 Can you ____ the band ____ prioritize ____?
 ____ setting bandwidth preferences ____ certain ____.
 Can we ____ apps ____ adjustment?
 ____ more bandwidth to ____ important ____?
 ____ assisting in setting ____ application ____ limited ____?
 ____ be ____ the bandwidth settings ____ prioritize specific applications?
 ____ you help us set bandwidth ____?
 We ____ your ____ in ____ bandwidth allocation settings ____.
 ____ by adjusting bandwidth settings.
 Are we ____ to modify ____ dedication ____ to ____ certain ____ a ____?
 ____ we ____ the allocation of ____ make sure certain ____ get top ____?

_____ some _____ by _____ the bandwidth.

_____ can _____ bandwidth _____ to help with _____.

Assist _____ prioritize _____ effectively through _____ settings.

_____ it possible for you to adjust _____ prioritize _____?

Prioritize _____ with _____ changes?

_____ that apps be prioritized _____ adjustments?

_____ we change the _____ allocation of _____?

_____ it be possible _____ us to change _____ bandwidth _____ settings _____?

Are _____ bandwidth settings to prioritize applications?

Can _____ us modify the _____ settings _____ keep certain _____ a _____?

Can you _____ us _____ setting bandwidth _____ settings _____ can _____?

Can you allocate _____ bandwidth to _____?

_____ it possible to _____ allocation to _____ particular _____?

Need help _____ certain _____?

Assist in setting _____?

Is it _____ to adjust _____ to _____ applications?

_____ possible _____ your _____ us by allocating _____ bandwidth to those _____?

Were _____ able _____ with _____ bandwidth _____ settings to prioritize?

Bandwidth _____ to _____ certain _____.

_____ support in allocating _____ to _____ important apps.

Modifications _____ bandwidth allocation are _____ preference.

_____ you be _____ change bandwidth _____ to _____ applications?

I need your _____ tweaking _____ bandwidth _____ give _____ to certain _____.

_____ in setting _____ bandwidth?

_____ could _____ the _____ allocation settings to _____ certain _____.

We need your support _____ allocating _____ right amount _____.

Are _____ able to _____ more _____ our _____ applications?

_____ bandwidth allocation _____ needed to make application _____.

_____ you help us _____ dedication _____ so that _____ certain apps _____ priority?

_____ have the skill to _____ network allocation adjustments?

Can _____ us keep certain _____ a higher _____ dedication settings?

Are _____ able _____ adjust _____ allocation _____ more efficiently?

Are _____ on _____ to maximize bandwidth allocation _____ effectively prioritize chosen _____?

How _____ the _____ specific _____ be _____?

Will _____ be able to _____ certain apps _____ the _____?

_____ help _____ adjusting bandwidth allocation _____ prioritize our _____ more _____.

Can _____ guidance on how to _____ bandwidth _____?

Is it possible to _____ the _____ prioritize _____?

_____ able _____ help _____ manage bandwidth and give _____ applications?

_____ possible you could _____ bandwidth to _____ most _____ applications?

Could you _____ prioritize _____ by _____ bandwidth allocation?

_____ you understand how _____ reallocate bandwidth _____ to specific _____?

Modification _____ allocation is needed to _____.

_____ set up application priorities _____ limited bandwidth?

Modification of _____ allocation _____ application preference _____.

_____ think _____ should prioritize _____ apps' _____?

Do _____ have _____ experience in _____ to _____ to _____ applications?

_____ is _____ to adjust band allocation _____ preference _____.

Are _____ able to _____ bandwidth allocation settings _____ prioritize _____?

_____ you able _____ us _____ setting _____ bandwidth allocations _____ prioritize certain _____ more _____?

Can ____ use bandwidth ____ apps?
____ us set bandwidth ____ to prioritize ____ applications?
____ adjusting the bandwidth ____ for ____ certain apps?
Could you tell ____ allocate bandwidth ____?
Would you ____ able ____ bandwidth preferences ____ some ____?
____ you ____ the ____ to give priority ____ applications ____ bandwidth?
Is ____ allocate ____ effectively for prioritised ____ usage?
____ set our ____ preferences ____ certain apps.
Are you able ____ band ____ the applications?
____ assign bandwidth ____ apps.
____ help ____ preferences for selected ____.
____ set bandwidth ____ for ____ applications?
Is ____ priority ____ bandwidth allocation?
____ with ____ for certain apps.
Can we get your help ____ certain apps?
____ you ____ us ____ by tweaking ____ dedication settings?
Can ____ favored programs?
Can ____ help us manage ____ settings ____ priority ____ certain ____?
Application ____ help ____ bandwidth settings.
____ there a ____ prioritize ____ apps' ____?
Can you help us keep ____ apps ____ higher ____?
____ give us priority through bandwidth ____ adjustments?
Help ____ through bandwidth ____?
____ settings for prioritization
____ help ____ network resources ____ apps.
____ you ____ to help ____ of ____ allocation to ____ prioritize?
____ you ____ assistance ____ favor specific applications ____ network ____ adjustments?
____ there ____ to set bandwidth ____ certain applications?
Can you ____ ways ____ manage bandwidth settings ____ priority ____?
____ you tell ____ the ____ way ____ maximize ____ allocation to ____?
Are ____ help adjust app priority ____ bandwidth ____?
____ to ____ allocation to increase ____ preference.
____ we set the ____ prioritize certain ____?
____ we able ____ for our ____ through ____ allocation adjustments?
____ it possible to ____ prioritize ____ apps' ____?
You can ____ manage bandwidth settings ____ give ____.
They need support ____ adjust band ____ give ____.
____ help ____ bandwidth allocation ____ preferred ____?
Would it ____ to ____ apps over ____ in the ____ allocation ____?
Can ____ please fix ____ bandwidth ____ and make ____ applications ____ juice?
Are ____ able to ____ allocation ____ the applications?
____ it possible to adjust ____ bandwidth allocation settings ____ prioritize ____?
bandwidth allocation settings ____ be adjusted ____ over ____?
Is it ____ to adjust ____ specific ____ are ____?
____ are ____ in configuring bandwidth ____ prioritize applications.
I need ____ assistance ____ tweaking ____ bandwith to ____ to ____ applications.
Prioritize ____ changing bandwidth ____.
____ assist ____ if setting ____ for ____.
____ a way ____ allocation settings ____ certain applications over others?
Are ____ able ____ help ____ in setting ____ to ____ applications?

_____ want _____ adjust and prioritize _____ ?
_____ you assist in using _____ adjustments _____ specific _____ ?
_____ changing bandwidth assignments?
Would _____ help us _____ bandwidth _____ to prioritize applications?
_____ allocation of _____ give _____ select applications would be appreciated.
Can _____ certain apps _____ bandwidth _____ ?
The _____ would _____ changed _____ give priority _____ certain applications.
How _____ the _____ of _____ apps?
_____ of _____ allocation _____ to _____ application preference.
_____ set bandwidth preferences _____ .
Are _____ able _____ support _____ by setting _____ bandwidth _____ prioritize select _____ ?
Can _____ with _____ bandwidth _____ applications?
_____ assist needed _____ preference _____ programs
_____ us set _____ allocation settings _____ prioritize.
Is it possible _____ prioritize certain _____ our _____ ?
_____ use our _____ to prioritize _____ applications?
Need assistance tuning _____ bandwidth _____ ?
_____ it possible for your _____ bandwidth in _____ that _____ certain _____ ?
_____ the bandwidth settings _____ prioritize _____ ?
_____ can be changed _____ prioritize certain applications _____ .
_____ help _____ bandwidth _____ and _____ priority to certain applications?
Is _____ up bandwidth _____ applications _____ your _____ to support us?
_____ bandwidth settings _____ certain apps.
Assist _____ prioritize _____ through _____ settings.
Is _____ your _____ support us _____ more bandwidth to certain _____ ?
Do you _____ adjust and _____ apps' bandwidth?
_____ you provide skilled _____ network _____ adjustments _____ favor specific _____ ?
You should help _____ maximize _____ preference.
_____ have the _____ to give priority to _____ applications _____ ?
_____ you _____ bandwidth _____ prioritize _____ applications?
_____ the bandwidth _____ allow _____ to prioritize _____ apps.
Are _____ to _____ us adjust _____ allocation _____ prioritize?
_____ you _____ to _____ our bandwidth link-ups _____ priority applications?
We need _____ allocate _____ amount of bandwidth _____ the important _____ .
Is _____ to adjust bandwidth _____ settings _____ maximize the _____ applications?
_____ possible for _____ set up bandwidth _____ that prioritize certain _____ ?
Can you _____ with _____ settings _____ prioritize _____ ?
_____ you _____ help us _____ preferences for certain applications.
Can _____ possibly _____ us set bandwidth _____ applications?
Enhance application _____ by _____ .
Can we adjust the _____ to favor _____ apps _____ ?
Help _____ the _____ priority via _____ ?
You can _____ bandwidth settings _____ .
Help _____ application preference _____ allocation.
Can _____ help us with _____ of _____ for _____ ?
_____ tweaking bandwidth assignments?
_____ assistance _____ bandwidth allocation _____ specific _____ ?
Is there _____ way _____ adjust _____ bandwidth settings _____ applications?
Is _____ possible _____ allocate bandwidth effectively?
Can you help _____ guide me _____ to _____ allocation _____ ?

Are ____ able to ____ adjusting bandwidth ____ to prioritize applications ____?

____ adjust ____ prioritize ____ bandwidth of specific ____?

____ to adjust the ____ allocation to prioritize ____?

Do ____ the ____ priority through ____ allocation?

____ need help in configuring ____ allocation settings ____.

____ you able ____ allocating application bandwidth?

Help ____ manage bandwidth ____ give priority ____.

Are ____ able ____ prioritize ____ with ____ available ____?

____ to ____ bandwidth allocation settings to ____ applications?

We ____ the ____ given ____ different applications ____ network capacity.

____ it possible ____ prioritize ____ apps by ____ settings?

____ adjustment be ____ to favor ____?

Can ____ applications with ____ available ____?

____ you available ____ us ____ application ____?

____ able to ____ priority to specific ____ reallocating bandwidth?

How do you ____ adjust ____ bandwidth ____ apps?

Do you want to adjust ____ prioritize ____?

Are ____ able ____ band ____ to ____ particular applications?

Is ____ change the ____ allocation settings ____ favor specific ____?

____ set up bandwidth preferences ____?

____ helping ____ set up ____ priorities, with ____ bandwidth?

____ help ____ bandwidth ____ favor certain ____?

____ be possible for ____ favor specific apps ____ the bandwidth allocation ____?

____ it be possible for ____ to ____ for ____ applications?

Can you help ____ application ____?

Can ____ the bandwidth ____?

Need ____ favor some applications?

Can ____ allocate ____ to ____ programs?

____ improve ____ bandwidth distribution to ____ specific applications?

____ be able to ____ allocation ____ to prioritize?

____ apps with ____ bandwidth?

____ you ____ prioritize ____ in ____ allocation?

Can ____ give us ____ on ____ maximize ____ allocation ____ prioritize?

____ you ____ us with managing bandwidth ____ priority to ____?

Can you help ____ adjust ____ to ____ allocated ____ capacity?

Can you please ____ and make certain ____ juice?

____ possible to ____ bandwidth ____ settings to prioritize applications ____?

____ help ____ bandwidth allocation ____ purposes?

____ tell ____ how I ____ maximize ____ to prioritize?

Is ____ to ____ for favored ____.

____ you ____ to help us ____ bandwidth ____ order ____ give priority ____ specific ____?

Can you ____ bandwidth preferences for ____?

Can ____ us ____ of application ____?

____ needed... Setting preference ____ programs?

____ you ____ the know-how ____ give priority to ____ reallocating ____?

____ that your ____ will ____ us by setting up ____ certain applications?

Please ____ us create ____ apps.

____ we ____ bandwidth settings ____ order ____ certain apps?

Is ____ possible for ____ to support ____ more ____ certain applications.

____ allocate the ____ amount ____ bandwidth so that we ____.

Modification _____ bandwidth _____ required _____ order to _____ application _____.

_____ help us with bandwidth allocation _____?

_____ a _____ give more _____ to selected apps?

_____ help us _____ bandwidth _____ apps.

Can _____ prioritize _____ allocating bandwidth _____?

Is _____ possible for _____ bandwidth _____ settings to favor _____ apps _____ others?

Assist _____ setting _____ priority _____ bandwidth _____?

_____ it _____ for _____ to _____ bandwidth allocation _____ applications?

_____ possible to favor _____ apps?

Can you _____ on how to _____ and _____?

_____ if you want _____ apps by tweaking _____ assignments.

_____ you _____ to _____ us allocate bandwidth _____?

_____ you help _____ to prioritize applications?

_____ able _____ adjust the bandwidth allocation _____ prioritize _____ efficiently?

_____ to _____ bandwidth for prioritized _____?

_____ bandwidth should be _____ so _____ priority is _____ to select _____.

Can you _____ bandwidth _____ prioritize _____?

I _____ on _____ to _____ bandwidth allocation _____ that _____ prioritize.

Is it _____ to assist in maximizing _____ distribution _____?

Is it possible _____ the _____ specific _____?

Are certain _____ prioritized _____ assignments?

Is _____ for you to help _____ effectively _____ tweaking _____?

Can _____ help us reallocate bandwidth _____ to specific _____?

Need _____ for favored applications.

_____ need help configuring _____ bandwidth _____ for _____.

Assist _____ setting bandwidth _____ for _____.

_____ to modify bandwidth _____ to maximize application _____?

Need _____ bandwidth allocation _____ applications?

_____ applications in _____ way that maximizes bandwidth?

can _____ help _____ bandwidth?

_____ you _____ to _____ specific applications?

_____ bandwidth _____ should be set _____ applications

_____ be possible _____ the bandwidth _____ settings _____ favor _____ app?

Are _____ able to help _____ bandwidth _____ and _____ applications?

_____ you suggest ways _____ maximize bandwidth allocation _____ are _____?

_____ the _____ of _____ is _____ to give priority _____ applications.

_____ help _____ bandwidth _____ for certain applications

_____ you _____ bandwidth _____ sure that _____ are prioritized?

_____ it possible _____ the bandwidth allocation settings to favor _____?

bandwidth _____ needed _____ setting _____ some _____.

It _____ needed to _____ allocation _____ give preference _____.

Can _____ adjust bandwidth _____ we _____ applications?

_____ changing bandwidth assignments

_____ adjust _____ settings _____ specific applications?

How _____ allocation to _____ specific _____?

_____ it possible that _____ prioritized application usage?

_____ support _____ the _____ of bandwidth to give priority _____ applications.

Please _____ us allocate _____ right amount _____ for the _____.

Is there _____ in _____ priority _____?

_____ apps _____ priority through the _____ settings?

_____ adjusting band allocation to _____ applications?

It is _____ to help prioritize _____ through adjusted _____.

Setting up our _____ priorities _____?

Help _____ bandwidth _____ for some _____.

_____ we _____ bandwidth in favor _____?

We _____ prioritize application _____.

Canwidth adjustment _____?

_____ bandwidth allocation _____ be _____ for specific applications?

Can _____ help _____ set _____ for applications?

Can _____ how to _____ setting bandwidth dedications?

_____ to adjust _____ app _____ through bandwidth allocation?

_____ set _____ for certain applications.

Is it possible to tweaking _____?

_____ it _____ adjust the band _____ to _____ applications.

_____ in _____ for bandwidth _____?

_____ help _____ applications _____ adjust band _____ do so?

_____ you help _____ priority of _____?

Would _____ be possible to _____ settings so _____ favor certain _____?

_____ possible _____ you to _____ applications based on our _____?

Is it _____ certain _____ adjusting _____ bandwidth settings?

Are you able to offer guidance _____ maximize _____ allocation _____?

_____ you _____ able to help _____ bandwidth _____ prioritize _____ more efficiently?

Will you _____ adjust bandwidth _____ for specific _____?

_____ help _____ for select apps.

_____ it _____ settings for better allocation of _____?

_____ you _____ the know-how to _____ priority to _____ bandwidth?

_____ by modifying bandwidth _____.

Provide assistance _____ for _____ applications.

How _____ we use _____ allocation _____ to _____?

_____ help maximize _____ to prioritize _____.

_____ adjustments, _____ we _____ certain _____?

_____ to adjust and prioritize _____ bandwidth _____?

What _____ to adjust _____ to prioritize?

Is _____ possible for your _____ bandwidth _____ way that will _____ certain applications _____?

_____ applications _____ bandwidth assignments?

_____ would appreciate _____ of bandwith to give priority _____ applications.

_____ be prioritized through bandwidth _____.

_____ prioritize _____ apps _____ changing bandwidth _____?

_____ for help _____ bandwidth _____ certain applications?

bandwidth assist needed, _____ programs

Modification _____ help maximize application _____.

Would you be able _____ help _____ bandwidth _____?

I would _____ the _____ of _____ allocation of _____ give priority _____ certain _____.

_____ prioritization of apps _____ bandwidth _____?

Is _____ possible for _____ us set _____ for _____ applications?

_____ to increase _____ preference.

_____ adjusting _____ priority through bandwidth?

I need _____ help tweaking _____ to _____ priority to _____ applications.

Is it _____ support us by setting _____ bandwidth _____ that prioritize _____?

_____ that you _____ help _____ set _____ for certain applications?

The allocation _____ bandwidth needs to _____ so _____ is _____ applications.

_____ it _____ adjust the bandwidth settings _____ prioritize _____?

_____ you help with _____ to _____?

Are you _____ to _____ to prioritize applications?

_____ settings could _____ adjusted _____ applications.

_____ you need help tuning _____ allocation to _____?

Can _____ by _____ the bandwidth settings?

How about you _____ bandwidth _____ to _____ applications?

_____ to _____ maximize bandwidth distribution _____ prioritize specific applications?

Do we _____ the ability _____ prioritize _____ by _____ bandwidth _____?

_____ you send _____ bandwidth to _____?

_____ be used to make some apps _____?

_____ be _____ adjust bandwidth settings _____ specific applications.

Is it possible _____ our bandwidth allocation _____ to _____?

Would _____ possible to _____ bandwidth preferences _____ some _____?

_____ you have _____ allocate _____ for prioritized _____ usage?

Are you _____ to tell us _____ effectively prioritize _____ dedication _____?

_____ maximize bandwidth _____ so that I _____ prioritize selected apps?

_____ need your help _____ bandwidth _____

_____ you help _____ bandwidth?

Is _____ adjust bandwidth _____ settings _____ prioritize certain _____

_____ it _____ team to _____ us _____ allocating _____ bandwidth _____ some applications?

Modification of _____ is required _____ application _____.

Would _____ be possible to _____ to certain _____?

Need _____ bandwidth _____ to _____ specific _____?

_____ adjusting _____ bandwidth _____ to prioritize certain apps?

Mind _____ set _____ preferred _____ priorities with limited _____?

_____ to fine- _____ our _____ link-ups _____ priority application action?

_____ apps _____ adjusting _____ assignments?

_____ we _____ the _____ allocation _____ to favor _____ apps _____ others?

_____ help _____ allocation for favoring _____?

_____ you able to help us set _____ prioritize _____?

Can _____ allocate _____ bandwidth to _____?

_____ help _____ applications effectively through tweaking _____?

Is there _____ allocating more network _____ apps?

_____ be able _____ bandwidth allocation settings to _____?

Do _____ have _____ ability _____ prioritize _____ apps _____ adjusting _____ settings?

_____ there _____ to make _____ that certain _____ get the _____?

_____ it possible _____ to _____ bandwidth _____ prioritize applications?

_____ how _____ maximize _____ allocation so I can _____ chosen apps?

We _____ support to adjust band allocation _____ give _____.

_____ it possible to _____ apps?

_____ bandwidth shares for _____ assistance.

_____ would _____ to _____ us set bandwidth _____ certain applications.

How can we _____ bandwidth _____ applications more _____?

_____ to _____ prioritize _____ you help us with _____ allocation _____?

_____ help _____ modify the bandwidth _____ so we _____ certain apps _____ higher _____?

_____ to _____ the _____ settings and favor specific apps?

_____ know _____ to prioritize selected applications _____ tweaking the _____ settings.

How can we _____ to _____ apps?

_____ help _____ maximize _____ distribution to prioritize _____?

_____ need help adjusting _____ emphasis _____ different applications through _____.

Is _____ for _____ team to allocate _____ to certain _____?

Is there any support _____ through bandwidth _____.

_____ me _____ adjusting _____ allocation to prioritize applications?

Is there a _____ applications by tweaking _____ settings?

_____ me on how _____ allocation to prioritize?

Do _____ to _____ allocation and _____ preference per-app basis?

_____ apps by tweaking _____.

_____ your _____ support us by allocating more bandwidth to certain _____?

Do _____ the _____ to allocate bandwidth _____ prioritized _____?

_____ you _____ the _____ to _____ applications _____ our bandwidth?

Can you help _____ adjust _____ on _____ through _____ capacity?

Can _____ help us with bandwidth _____ so _____ we can _____?

Is it _____ for your _____ to support _____ applications that _____ more important to _____?

_____ is possible _____ your _____ to support _____ up bandwidth _____ certain applications over others.

_____ certain apps able to _____ by _____ settings?

_____ we change the _____ so _____ better allocation _____?

Do _____ offer _____ adjusting priority _____?

_____ a priority _____ the _____ settings?

_____ with _____ to bandwidth?

_____ help allocating more _____ certain apps.

Is _____ to get _____ apps top priority in _____?

Are _____ more bandwidth _____ the _____ important applications?

_____ allocation to help maximize _____.

Would it be possible to _____ settings _____ favor _____?

Do you have _____ will _____ bandwidth link-ups _____ applications?

_____ would be possible for _____ to _____ preferences _____ applications.

Can you _____ bandwidth _____?

_____ you _____ so you _____ prioritize?

Can _____ help prioritize _____ bandwidth _____?

_____ modifying _____ you _____ improve application _____.

Can _____ allocation to prioritize _____ applications?

Is it _____ team _____ support _____ setting up bandwidth _____ prioritize different _____?

If _____ can modify bandwidth allocation, _____ preference.

_____ able _____ us _____ to properly prioritize _____ by _____ the bandwidth _____ settings?

_____ we change the _____ bandwidth allocation in _____?

Are you _____ to _____ the _____ allocation to _____?

We need to _____ bandwidth _____ to _____ more _____.

Please _____ setting _____ for certain apps.

_____ like you to _____ maximize _____ distribution _____ applications.

_____ like _____ help _____ the allocation _____ bandwidth _____ give priority to _____.

_____ you know how _____ help _____ using network _____ adjustments?

_____ you give _____ to maximize _____ allocation _____ that we _____ prioritize?

_____ able _____ us _____ priority for particular _____ bandwidth allocation adjustments?

_____ you help with bandwidth _____ give _____ applications?

Do you _____ priority _____ bandwidth?

Are you able to _____ bandwidth _____ certain _____?

We could use _____ in setting _____ allocation _____ applications.

We need _____ allocation settings _____ strategically prioritize _____.

Are you able _____ help _____ band _____ ?
_____ help _____ allocating network resources _____ ?
Are you _____ guidance _____ maximizing bandwidth allocation _____ prioritize _____ apps?
_____ help _____ by _____ preferences for some _____ .
_____ you _____ allocation settings to _____ specific applications?
_____ could _____ us _____ bandwidth allocation _____ to _____ .
Could _____ help prioritize applications _____ ?
_____ there _____ to _____ us manage bandwidth _____ and _____ priority to _____ ?
Does anyone have _____ to _____ tune _____ bandwidth _____ priority _____ ?
_____ way to _____ certain _____ get the _____ bandwidth?
_____ you know how to _____ specific _____ the bandwidth?
_____ you help _____ applications _____ effectively by _____ bandwidth _____ ?
_____ you need _____ tuning _____ allocation _____ favoring certain _____ ?
_____ you _____ how _____ allocate _____ effectively _____ application usage?
_____ can help in _____ prioritize applications.
_____ of bandwidth _____ settings _____ strategically prioritize _____
_____ be possible for us _____ apps _____ in _____ allocation settings?
_____ to prioritize certain applications based _____ bandwidth?
Can you adjust the _____ allocation _____ ?
_____ may _____ able _____ certain apps _____ bandwidth settings.
We want _____ allocation settings to _____ .
_____ you _____ application bandwidth _____ us?
_____ help _____ bandwidth allocation for certain _____ ?
Can _____ ways to maximize bandwidth _____ effectively _____ apps?
_____ you tell me _____ bandwidth allocation _____ I can _____ apps?
_____ we fine-tune our _____ link-ups for _____ application _____ ?
In _____ give _____ to specific _____ the _____ to reallocate bandwidth effectively?
_____ support _____ allocating the right _____ bandwidth _____ prioritize.
_____ it possible for _____ team to set _____ applications over _____ ?
Are _____ able to _____ adjust bandwidth _____ applications?
_____ would appreciate your help in _____ allocation _____ give _____ to certain _____ .
Is _____ for us to prioritize certain _____ adjusting _____ ?
Is it _____ to _____ certain _____ bandwidth?
Is there a _____ adjust _____ allocation to _____ more _____ ?
_____ needed, setting preference _____ ?
Is _____ possible to set app _____ ?
_____ app priority _____ tweaks?
Is there _____ offered for _____ priority through _____ ?
_____ adjust the _____ for _____ of bandwidth _____ apps?
_____ help _____ with our _____ bandwidth.
_____ be possible _____ give us bandwidth _____ for _____ applications?
_____ it possible to make _____ settings _____ of _____ across _____ ?
Do you have the ability _____ preferences _____ ?
There _____ to prioritize applications using _____ settings.
You may _____ able to help _____ allocation _____ certain _____ .
Are _____ able _____ help _____ tweaking bandwidth allocation _____ ?
_____ in using _____ allocation _____ to favor _____ applications?
_____ adjust _____ prioritize certain applications?
_____ settings _____ strategically prioritize _____ applications?
_____ to prioritize _____ apps by _____ assignments.

____ you ____ bandwidth ____ make some apps ____ ____ ?
 For ____ application ____ ____ help us ____ bandwidth?
 ____ you help ____ ____ to ____ bandwidth allocation ____ prioritize apps?
 Need ____ tuning ____ ____ for favoring ____ applications?
 ____ ____ willing to ____ guidance ____ how to ____ ____ allocation to ____ ?
 ____ ____ us how ____ ____ applications by tweaking the ____ dedication settings?
 We need ____ ____ priority ____ ____ through ____ allocation adjustments.
 ____ apps by ____ bandwidth ____ .
 ____ ____ allocation can help with ____ ____ .
 Please ____ ____ set ____ ____ for these ____ .
 ____ ____ make some apps ____ priority?
 I need ____ ____ network ____ to the ____ ____ .
 ____ you assist in ____ bandwidth allocation ____ ____ ?
 Prioritize certain ____ ____ ____ assignments?
 Can ____ ____ bandwidth ____ ____ priority to ____ applications?
 ____ ____ have ____ ____ adjusting bandwidth settings ____ ____ specific applications?
 ____ ____ bandwidth should ____ ____ to give ____ to certain applications.
 ____ ____ modify ____ to better allocate ____ ?
 ____ help ____ set bandwidth ____ ____ apps.
 ____ setting ____ priority ____ ____ tweaking?
 To ____ priority ____ selected ____ we ____ ____ support in tweaking ____ ____ ____ bandwidth.
 ____ ____ ____ app priority with bandwidth allocation?
 ____ it ____ ____ modify the bandwidth ____ settings to ____ ____ apps?
 ____ ____ able to provide guidance ____ how ____ ____ to prioritize apps?
 ____ of bandwidth ____ ____ help maximize ____ ____ .
 The ____ ____ be ____ to prioritize applications more ____ .
 ____ it possible to ____ bandwidth ____ to favor ____ ____ ?
 Could ____ ____ us set bandwidth ____ settings ____ ____ ?
 ____ ____ ____ allocation to prioritize applications?
 How ____ ____ effectively ____ selected applications ____ tweaking the ____ dedication ____ ?
 Do you have ____ in ____ ____ in ____ ____ priority ____ specific applications?
 ____ help ____ bandwidth ____ ____ certain applications?
 ____ we ____ ____ adjust bandwidth ____ ____ prioritize?
 Changing ____ ____ can ____ with ____ preference.
 Do ____ ____ how ____ give ____ to specific applications ____ ____ bandwidth?
 ____ preference ____ ____ or adjust band ____ ?
 We need ____ ____ bandwidth ____ ____ apps.
 ____ you ____ me how to maximize bandwidth ____ ____ I ____ prioritize ____ ____ apps?
 Do you ____ ____ ____ give priority to ____ applications ____ reallocating ____ ?
 ____ it ____ ____ more bandwidth ____ our ____ important applications?
 Need ____ ____ to favor certain ____ ?
 ____ ____ ____ set priority for particular ____ using ____ allocation adjustments?
 Is it possible to change ____ ____ allocation ____ to ____ ____ over ____ ?
 ____ ____ ____ of bandwidth to give priority ____ applications ____ ____ appreciated.
 Modification of ____ allocation ____ applications more ____ ____ done ____ you.
 Do you know ____ ____ allocate ____ ____ application usage?
 ____ ____ help ____ ____ reallocating bandwidth effectively ____ order to give ____ ____ specific ____ ?
 ____ ____ the bandwidth settings ____ ____ specific applications?
 Are ____ ____ willing to ____ guidance ____ maximizing bandwidth ____ to effectively ____ ____ ____ ?
 Are you ____ to ____ us how ____ ____ ____ by ____ bandwidth dedication ____ ?

Are you _____ adjust _____ priority _____ bandwidth _____?

Change band allocation, _____?

Can you help us _____ through _____ allocations?

Allow _____ priority via bandwidth _____?

Is it _____ for _____ allocation of bandwidth?

_____ you _____ us figure out _____ maximize _____ so we can _____?

_____ you _____ helping hand to favored applications _____ network _____?

Wouldn't it be _____ allocation settings to _____ apps?

We _____ like to _____ effectively _____ tweaking bandwidth dedication settings.

_____ experience adjusting _____ allocation to prioritize _____ applications?

_____ you have the _____ to reallocate _____ to give _____ applications?

_____ able to use bandwidth _____?

How _____ we use _____ dedication _____ prioritize _____ applications?

Will _____ be able _____ adjust _____ allocation settings _____ prioritize _____?

We need _____ allocating _____ usage.

_____ apps _____ bandwidth?

_____ way _____ can _____ bandwidth for _____ application usage?

_____ us _____ up _____ priorities with limited bandwidth?

Is _____ prioritize certain _____ setting the bandwidth _____?

_____ you want to _____ prioritize _____ of _____ apps?

_____ allocation of _____ should be adjusted _____ given to _____ applications.

_____ we change _____ better _____ bandwidth?

Assist with setting _____?

_____ you _____ specific _____ bandwidth?

Setting app _____ tweaks?

We _____ configuring bandwidth _____ settings _____ strategically _____ applications.

Is _____ possible you _____ bandwidth settings to _____?

_____ it possible _____ could help us _____ settings _____ prioritize applications?

_____ you help us set _____ preferences _____ applications?

_____ about adjusting _____ specific apps' _____?

_____ it possible _____ help adjust band _____ prioritize _____?

_____ tuning bandwidth allocation _____ specific _____.

Can _____ prioritize certain _____ with _____?

_____ possible _____ you to give _____ specific applications _____ reallocating bandwidth _____?

_____ applications _____ prioritized _____ the bandwidth _____.

_____ suggest ways to _____ allocation to effectively _____?

Can _____ help _____ apps _____ tweaking _____ assignments?

Can _____ help _____ change _____ dedication settings _____ certain apps higher _____?

_____ want _____ you _____ allocate bandwidth _____ favored programs.

_____ me prioritize _____ with the _____ bandwidth?

Are _____ set _____ for _____ through bandwidth _____ adjustments?

Can _____ adjust _____ emphasis given _____ different _____ through _____ network capacity

_____ you tell _____ prioritize _____ tweaking bandwidth dedication settings?

Can _____ prioritize _____ bandwidth, please?

_____ you _____ how to effectively _____ selected applications _____ bandwidth _____ settings?

Is _____ to set _____ for particular applications _____ adjustments?

_____ it possible _____ your team _____ support _____ allocating more bandwidth _____ that _____ important to _____?

_____ it _____ allocation of bandwidth so _____ certain _____ are prioritized?

Is _____ possible _____ adjust _____ prioritize _____ apps' _____?

_____ efforts _____ allocate the right amount of bandwidth _____.

Can ____ advise on ____ bandwidth ____ to ____?

____ help ____ bandwidth ____ for particular ____?

____ it ____ to ____ to prioritize certain applications?

____ how to effectively prioritize selected applications by tweaking ____.

Can you ____ bandwidth ____ prioritize ____?

____ there a way ____ adjust the ____ of ____ apps get ____?

____ helping ____ set ____ our preferred application ____ limited ____?

I ____ help ____ network resources to ____.

____ and prioritize ____ bandwidth.

____ you ____ how ____ applications by adjusting ____ bandwidth dedication settings?

We ____ support to ____ amount of bandwidth ____ apps.

Can ____ tell us ____ prioritize applications ____ bandwidth ____?

____ you help ____ the bandwidth dedication ____ apps a ____ priority?

____ able to modify ____ to favor particular apps ____ others.

How ____ for ____ certain applications?

____ your ____ tweaking ____ settings to ____ certain ____ a higher priority.

Help ____ adjust bandwidth settings ____ apps.

Can you provide ____ help ____ favor ____ allocation adjustments?

How ____ adjust ____ to prioritize applications?

____ it ____ possible ____ bandwidth allocation settings ____ favor certain apps ____?

____ it ____ to set ____ allocation of ____ across apps?

Is ____ support ____ changing ____ through ____ allocation?

Please ____ in ____ preferences ____ selected apps.

Can ____ bandwidth allocation ____ increase application ____?

Can ____ help us ____ the bandwidth ____ settings ____ keeping certain apps ____?

____ wondering if you can help ____ applications ____ bandwidth.

____ bandwidth preferences ____ apps.

You ____ help ____ to prioritize ____.

____ you ____ the bandwidth ____ settings ____ certain apps a ____?

Can you help ____ bandwidth?

You have ____ prioritize ____ apps by tweaking ____.

____ to set ____ shares for ____ applications

Do ____ to ____ bandwidth settings to ____ applications?

____ you able ____ allocation to prioritize applications?

____ great if ____ could support tweaking the ____ bandwith ____ give ____ to selected ____.

____ need your ____ in ____ the ____ settings to ____ certain ____ higher priority.

____ us set bandwidth ____ apps.

Is ____ adjust the ____ allocation to prioritize ____?

Is it possible ____ certain ____ with ____?

____ it possible to adjust ____ settings to ____ apps?

Can we ____ the bandwidth ____ certain ____?

____ like your ____ in tweaking the ____ priority to ____ applications.

____ please help us set bandwidth preferences ____?

Can ____ help us keep certain ____ at ____ higher ____ the ____?

Setting ____ needs ____ assistance.

Do you think ____ be ____ with ____?

Set app ____ changes?

____ with ____ bandwidth for ____.

____ to ____ bandwidth settings to prioritize ____ apps?

Help ____ with ____ bandwidth settings ____.

Do _____ have the _____ give _____ specific applications _____ reallocating _____?
 _____ support _____ of network allocation adjustments in favor _____?

Can _____ of _____ to _____ that certain apps get top _____?

Can _____ allocation _____ to set priority for _____?

_____ it possible _____ you to adjust bandwidth _____ applications?

Is it _____ team _____ allocate _____ in a way _____ of select applications?
 _____ skilled _____ specific applications using _____ allocation adjustments?
 _____ possible _____ apps by adjusting the bandwidth _____?

Can _____ help _____ adjust the _____ given to different _____ capacity?

Do _____ skills _____ give _____ specific applications _____ reallocating bandwidth?

Do you have _____ give _____ specific applications _____ reallocating _____?
 _____ there any help allocating _____ to preferred _____?
 _____ you able to provide _____ on maximizing _____ effectively _____?

Would it _____ for you _____ bandwidth _____ for our _____?
 _____ the _____ is needed _____ improve application preference.
 _____ allocate bandwidth effectively for prioritized _____?

Can you _____ us _____ bandwidth _____ and _____ priority _____ certain _____

Is it possible _____ some applications?

Can you help _____ settings _____ prioritize applications?

Do _____ think it's _____ for _____ team _____ up _____ that _____ certain applications?
 _____ allow us _____ set bandwidth _____ for _____.

Is it _____ you to _____ us priority _____ allocation _____?

Would _____ possible to _____ the _____ allocation _____ apps over others?
 _____ it _____ for you to _____ priority through _____ allocation?
 _____ to favor some apps?
 _____ need you _____ application bandwidth
 _____ possible _____ set priority for specific _____ through bandwidth _____ adjustments?
 _____ you help _____ applications by _____ effectively?

I _____ network resources to my selected _____.

If we adjust the _____ prioritize _____ apps?

Is _____ possible to _____ allocation _____ so that we _____ apps?

Please help _____ bandwidth preferences _____.

We need _____ right amount _____ to prioritize.

Can _____ me _____ how _____ maximize _____ so I can prioritize?
 _____ it possible _____ settings to prioritize _____?
 _____ bandwidth be _____ favor _____ apps?
 _____ there _____ support _____ app priority through _____ allocations?
 _____ you help us _____ priority _____ applications _____ bandwidth allocation?
 _____ modify _____ to make _____ preference better.
 _____ it possible to _____ adjusting _____ settings _____ applications?

Is it _____ you _____ us in allocating bandwidth _____?

_____ help us prioritize _____ based _____ settings?

Would _____ your help tweaking _____ bandwith to _____ priority _____ applications

Please help _____ bandwidth _____ select _____.

_____ necessary _____ adjust band _____ and _____ per-app basis.
 _____ it _____ to _____ applications with our _____?

Can you help us by _____ bandwidth allocation _____?
 _____ to change _____ to _____ specific applications?
 _____ to help _____ for application usage?

Do you _____ bandwidth _____ order to give _____ to specific _____?

Do _____ way to prioritize _____ bandwidth?

Would _____ willing to _____ bandwidth settings _____ prioritize _____?

_____ possible to adjust _____ to prioritize _____ effectively?

Maybe you could _____ us _____ preferences _____ applications.

Helping _____ applications _____ settings _____ needed.

I need help _____ network _____ chosen _____.

Do _____ skills allow _____ to _____ to _____ by _____ bandwidth?

_____ considered making some apps priority _____?

_____ you _____ the experience to _____ us reallocate bandwidth _____ give _____ specific _____?

We need _____ in order to _____ specific applications.

Modification of the _____ is needed _____ increase _____.

_____ that _____ can _____ up preferred _____ priorities _____ limited bandwidth?

_____ way _____ ensure _____ certain apps _____ priority in the _____ allocation?

Can _____ with bandwidth _____ to _____?

Is it _____ prioritize certain apps _____?

The _____ bandwidth _____ be changed _____ priority to _____ applications.

Provide _____ up appropriate _____ shares _____ favored applications.

_____ you be _____ adjust band allocation _____ applications?

How _____ certain apps by _____ bandwidth settings?

You _____ with setting _____ prioritize applications.
