

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Notification of construction activities
Inquiry Sub-Category	Potential disruptions
Description	Customers want to know about any anticipated disruptions or inconveniences during the construction, such as road closures, traffic diversions, or temporary interruption of gas supply.
Data Size	6,842 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ alternative ____ available if ____ for Natural Gas ____ infrastructure developments?
 ____ carry ____ projects that ____ road closures.
 Do you ____ backup routes ____ are closed for ____?
 ____ options if ____ closed due to ____ infrastructure work?
 If ____ need ____ close ____ gas company projects, ____ other routes ____ I ____?
 If main thoroughfares need ____ to ____ company ____ other alternatives?
 In case gas ____ infrastructure projects ____ roads, ____ paths?
 ____ a case ____ main ____ are restricted ____ development by Natural ____?
 Can alternative ____ used ____ cases ____ gas ____ projects?
 Do you ____ contingency ____ in ____ the ____ to ____ closed because ____ the developments made by ____?
 If the main ____ blocked by ____ Company, ____ other ways ____.
 There are ____ route choices ____ streets are closed ____ repair.
 ____ alternatives are available if ____ work ____ major ____?
 If ____ main roads are blocked by ____ ways ____ go?
 Do alternate ____ primary roads are ____ for natural ____?
 When a main road ____ closed due ____ Companies, ____ routes provided?
 ____ alternative ____ be ____ major arteries are going ____ due to gas ____?
 In the ____ road closings due ____ company infrastructure development, are ____ travel?
 Should alternative ____ be ____ if ____ primary highways ____ to ____ closed ____?
 The ____ may ____ Natural Gas Company's construction.
 ____ natural gas firms ____ roads, are alternative ____?
 It is possible that main ____ be ____ company ____.
 When ____ primary ____ due ____ gas ____ construction ____ one take ____ routes?
 ____ the ____ are closed for ____ work, ____ alternatives are ____?
 ____ there be ____ in the ____ gas ____ developments?
 Is ____ another route ____ gas ____ infrastructure?
 Can there ____ routes ____ consider ____ main ____ for ____ companies close?
 When main ____ close for ____ are ____ backups ____?

If _____ to _____ closed _____ companies' progressions, are supplementary _____ available?
 _____ there _____ if the _____ close _____ gas _____ work?
 _____ roads during your natural gas endeavors, what are _____ backup _____?
 _____ it possible _____ different roads _____ natural gas _____ develop _____?
 _____ paths _____ road closings for natural gas _____?
 Can you _____ alternative _____ for _____ gas _____?
 _____ highways need _____ be closed due _____ gas _____ can alternate roads _____?
 Is _____ possible _____ use _____ roads when natural gas _____?
 If _____ highways _____ blocked _____ updates, _____ there other options?
 _____ there _____ way _____ go if _____ thoroughfares are _____ to _____ company _____?
 When main _____ close _____ natural gas infrastructure _____ there any _____?
 Is _____ alternative _____ infrastructure projects _____ main roads?
 If _____ gas _____ down _____ roads, is there _____ alternative _____?
 _____ alternatives if the main _____ blocked by _____ infrastructure _____.
 Is there a _____ get _____ main _____ blocked _____ gas infrastructure updates?
 _____ firms build and shut _____ roads, _____ alternate _____ available?
 In _____ case _____ major _____ due _____ projects, what other _____ can _____ take?
 _____ streets _____ gas _____ you have backup roads?
 _____ roads need to _____ due to infrastructure developments _____ Gas Companies, _____ routes?
 _____ the _____ close for _____ there backup roads?
 Do _____ any backup plans _____ the roads _____ down _____ gas work?
 What _____ roads are closed because _____ gas _____?
 If the _____ are _____ down _____ work, what _____ there?
 _____ Natural _____ Company _____ the _____ blocked, _____ ways to get around?
 _____ highways get _____ infrastructure _____ are _____ other ways to get _____?
 In case _____ close _____ to _____ gas repair tasks, _____ provided.
 _____ roads need _____ be _____ due to _____ developments made by Natural _____ Companies, _____ please _____?
 _____ are _____ to Natural Gas _____ infrastructure development, _____ there other _____ available?
 If the _____ blocked _____ to gas infrastructure _____ there _____ ways _____ travel.
 If _____ company's _____ projects _____ the _____ roads, are _____ alternatives?
 Is _____ diversions are _____ up _____ gas-related road _____?
 _____ are other _____ go during natural gas _____.
 _____ possible _____ a different way around _____ road _____ outfit work?
 If natural gas _____ roads, can there be _____?
 Are _____ diversions _____ place _____ gas-related _____?
 Is _____ contingency _____ if the _____ need to _____ closed _____ to the developments _____ Natural _____?
 _____ gas _____ infrastructure projects close the _____ alternatives?
 The main roads of _____ Companies _____ infrastructure developments.
 _____ case the _____ for gas company work, _____ the options?
 During _____ natural _____ infrastructure _____ could alternate options _____?
 Is it possible _____ use different roads _____ gas _____?
 Can _____ routes be used _____ are _____ for _____ infrastructure _____?
 _____ passages are _____ event _____ need to be closed _____ gas _____.
 In _____ streets _____ natural _____ repair tasks _____ restructure, _____ are different route _____.
 If main thoroughfares need to _____ gas _____ there _____ options?
 _____ a way _____ get _____ when _____ roads are blocked _____ gas _____?
 _____ the _____ thoroughfares need _____ close due _____ company _____ are there _____ go?
 _____ way _____ get _____ the shutting down of main streets for _____?
 _____ routes are _____ company work, _____ are the options?
 There _____ alternatives _____ main roads _____ gas _____ work.

When the main _____ closed _____ gas infrastructure work, _____ are _____?

_____ case _____ closings _____ to _____ company work, _____ routes can _____ take?

_____ the _____ are blocked by _____ what can you do?

_____ to find _____ roads need to _____ due to natural gas developments?

_____ main streets close for _____ roads exist?

_____ to use different _____ the _____ gas corporations _____ infrastructure development?

_____ major _____ be closed due _____ gas company projects, _____ other _____ can I _____?

If _____ main routes are shut _____ what _____ will _____ have?

Are there _____ routes available when _____ is _____ a _____ project?

Is there _____ way _____ go _____ the _____ roads are _____ by _____ Gas _____?

If the _____ roads for _____ companies' projects close, are _____?

_____ the main roads are _____ for _____ Natural Gas _____ you could _____.

_____ diversions _____ gas-related road work?

_____ it possible _____ if the _____ gas _____ undertake infrastructure development?

_____ the _____ closed for gas infrastructure work?

_____ you have any _____ plans _____ shut _____ during natural gas activities?

_____ the _____ gas _____ developments, do _____ paths exist?

_____ there diversions set _____ gas-related _____?

_____ it possible _____ roads to _____ used when natural _____ corporations _____?

When the _____ are _____ for _____ do alternate _____ exist?

If _____ gas projects _____ primary _____ to close, _____ be offered?

_____ streets _____ to be shut _____ for _____ are there _____ other ways?

In _____ roads closing due _____ gas _____ projects, what _____ routes _____ take?

_____ the streets close _____ there are _____ route choices.

Is _____ other _____ available when natural gas _____?

Are _____ if gas _____ infrastructure projects _____ the main _____?

Are _____ in _____ for _____ site road _____?

If _____ main roads are restricted for infrastructure _____ by _____ you recommend _____?

_____ an alternate path available _____ the _____ projects?

Is there _____ way _____ closings _____ to _____ projects?

If _____ a natural _____ infrastructure _____ are _____ available?

_____ close _____ natural gas repair _____ or restructure, there are _____ choices _____.

There are other _____ to _____ around _____ gas _____.

In _____ gas company developments, _____ alternate paths _____?

Are there _____ if they close _____ gas work?

Different route _____ close _____ natural gas repair tasks.

What _____ the _____ major _____ are closed _____ to natural _____?

If main _____ need _____ be _____ due _____ made _____ Natural Gas Companies, _____ you provide _____?

When _____ primary route is _____ due to _____ can _____ take an _____?

If the _____ to natural gas _____ tasks, _____ be different _____.

_____ ways to travel if the main _____ are _____ due to _____.

If the main _____ gas infrastructure _____ are _____ other options?

_____ are _____ main _____ close for _____ gas work.

_____ other _____ to go during natural _____?

If _____ shut down _____ natural gas _____ are _____ alternate _____?

_____ streets need to _____ natural _____ infrastructure work, are _____ any _____?

_____ primary _____ shuts down due _____ gas company _____ take alternative _____?

What if roads need _____ for _____ companies' infrastructural _____?

When natural gas companies _____ other _____?

Gas companies have _____ projects _____ may _____ roads.

_____ case of infrastructure developments _____ Natural _____ Companies, are _____ ?

_____ it possible _____ alternative _____ when the primary _____ due _____ gas _____ construction?

_____ are the alternatives if _____ gas _____ some _____ ?

Natural gas firms carry _____ infrastructure _____ road _____.

When main _____ for _____ work, do you _____ ?

_____ gas companies have _____ that _____ main _____ there _____ alternatives.

_____ Natural Gas Companies' infrastructure development _____ are _____ other _____ for travel?

Natural Gas _____ maintenance _____ cause _____ roads to _____.

In case _____ company development, _____ paths _____ ?

If _____ to be closed _____ the developments _____ Gas Companies, could you _____ contingency plans?

_____ main _____ are restricted for _____ development _____ Gas _____ could _____ recommend alternate _____ ?

In case _____ gas _____ the main _____ ?

_____ are the alternatives _____ roads are _____ because _____ gas _____ work.

When roads _____ closed _____ work, _____ alternative routes?

There are _____ choices _____ streets close _____ natural gas _____.

Is _____ a _____ if _____ main roads _____ to be closed _____ of the _____ made _____ Natural Gas _____ ?

If main _____ to _____ closed _____ infrastructure developments by _____ Companies, are alternate _____ ?

If _____ main roads need to be closed _____ developments by the _____ routes _____ ?

Can you let _____ roads _____ to _____ due _____ developments _____ by Natural Gas Companies?
 _____ the major _____ are closed due _____ what _____ the alternatives?
 _____ to offer alternative roads _____ primary _____ to be closed _____ to natural _____ projects?

There are alternatives to _____ gas _____ closings.

Can _____ be alternate _____ to shut _____ streets for _____ infrastructure _____?

Can I _____ a different route _____ the _____ gas _____?

If _____ important roads _____ your natural gas _____ what would _____ backup _____?

_____ there _____ routes when the natural _____ their _____?

_____ primary _____ shut _____ for _____ gas development _____ there alternatives?

_____ there _____ when the primary roads are _____ natural gas _____?

_____ main thoroughfares need to _____ due _____ projects, are _____ other _____?

_____ passages are available _____ to be _____ for _____ gas _____.

_____ the primary route _____ gas _____ construction _____ one take alternative _____?

Is _____ alternative route _____ gas infrastructure _____?

_____ down _____ important roads _____ your natural _____ endeavors, are there any _____?

_____ it possible _____ alternative _____ during _____ natural _____ companies' infrastructure _____?

_____ the main _____ gas company work, _____ are options?

_____ highways _____ blocked _____ to gas infrastructure updates, are _____ ways _____ go?

Is _____ way _____ road _____ for gas outfit _____ works?

Should _____ be _____ main roads need _____ be closed due _____ natural _____?

_____ there an _____ route _____ main roads _____ work?

Is there a _____ main _____ to gas company _____?

Can we imagine _____ deal with _____ closings due _____ gas _____?

_____ main _____ need to _____ closed _____ to gas _____ work, _____ options?

_____ paths available _____ the _____ is _____ natural gas work?

There are _____ roads _____ to be _____ natural _____ companies' _____.

_____ the main _____ infrastructure updates, are there _____ ways _____ get there?

_____ backup plans for shutting _____ important _____ during _____ natural _____ endeavors?

If main thoroughfares _____ to close _____ to _____ work, _____ ways _____ go.

_____ there alternate _____ available if _____ are closed for gas _____?

_____ alternative roads _____ if _____ natural gas projects?

If the _____ closed due _____ gas projects can _____ roads be _____?

_____ the _____ gas industry offer alternatives when _____ are _____?

Can _____ about contingency plans _____ roads _____ to be _____ to the _____ by Natural _____ Companies?

Supplementary passages are available _____ to _____ closed _____ natural gas _____.

If the _____ closed _____ to the developments _____ by Natural Gas Companies, _____ me _____ the _____ plans?

If _____ main _____ are _____ infrastructure _____ by the Natural _____ suggest alternate routes?

_____ there diversions for _____ related _____?

What can _____ if _____ are closed _____ gas infrastructure work?

Can alternative _____ be used _____ are _____ due to _____ company _____?

If the main _____ the gas _____ any alternatives?

When _____ closed for _____ work, is there any _____?

_____ contingency _____ in _____ if _____ need _____ be _____ because of the _____ by Natural Gas Companies?

Is _____ when _____ natural _____ companies develop infrastructure?

_____ are restricted for infrastructure _____ by _____ gas companies, could you _____ advise _____ alternate _____?

If primary _____ because _____ natural _____ projects, can _____ roads be offered?

_____ natural _____ infrastructure development _____ there _____ routes?

_____ any _____ for gas-related construction _____ road _____?

If there is _____ gas _____ roads be _____?

_____ are any alternatives _____ the main _____ closed _____ work?

If _____ blocked _____ Gas Company's construction, what _____ be done?
 Is there _____ primary _____ is closed for _____ gas development?
 _____ are _____ for gas _____ have alternatives?
 Is _____ different way to _____ shuts for gas outfit _____?
 _____ streets _____ closed _____ gas repair _____ are different route choices.
 _____ supplementary _____ if _____ to _____ closed for _____ gas _____ infrastructural progressions?
 If _____ firms _____ roads are there _____ routes available?
 _____ main _____ are _____ infrastructure development _____ Companies, could you _____ alternative routes?
 If streets close due _____ natural gas repair _____ different route _____.
 If _____ Company keeps _____ main _____ there _____ ways to travel.
 Should _____ highways need _____ be _____ due to natural gas projects?
 When _____ corporations undertake infrastructure _____ possible to _____ roads.
 _____ passages _____ be _____ in _____ roads _____ to be _____ gas companies.
 _____ natural gas _____ infrastructure endeavors _____ could _____ be used?
 There _____ route choices if _____ close due to natural _____.
 _____ provided _____ case roads _____ be _____ for natural gas companies' infrastructural _____?
 _____ main highways get _____ due _____ updates, there are _____ ways _____ travel.
 Can alternative roads _____ offered _____ the highways _____ of _____ projects?
 _____ routes _____ if _____ main roads _____ gas infrastructure projects?
 When closing main _____ the _____ gas _____ alternatives?
 _____ main _____ restricted for _____ development by _____ Gas _____ could _____ recommend alternate _____?
 _____ alternate paths when primary _____ shut _____ for gas _____?
 Are there _____ routes _____ if the main _____ are _____ gas _____?
 _____ main roads _____ closed _____ gas _____ is there _____ route?
 _____ are _____ alternatives when _____ main roads _____ gas infrastructure _____.
 If _____ need _____ close due to gas _____ other ways _____ go?
 There _____ ways _____ main _____ closed _____ gas infrastructure work.
 During _____ are alternate paths _____?
 _____ due to _____ company _____ what other routes can I _____?
 _____ different roads during natural gas development?
 Can _____ routes _____ natural gas _____ projects?
 _____ there an alternative _____ main _____ when _____ infrastructure work needs to be _____?
 _____ firms carry _____ can cause road closures.
 Supplementary passages can _____ closed for natural _____ companies.
 _____ case streets are _____ to natural _____ there _____ different route _____.
 _____ the Natural Gas _____ keeps _____ blocked, what _____ options are _____?
 _____ are closed for _____ infrastructure work, _____ alternative routes?
 Is there _____ available when primary _____ are _____ down _____ natural _____?
 In _____ gas company infrastructure development, are _____ other alternatives for travel?
 If natural _____ firms _____ roads, _____ there _____ routes?
 There are _____ due to _____ carried out _____ gas _____.
 In _____ gas infrastructure _____ can alternative _____ be _____?
 _____ roads close _____ to gas _____ projects, what other _____ I _____?
 _____ main roads _____ restricted _____ infrastructure _____ by Natural _____ companies, _____ you _____ alternate _____?
 Is _____ any way _____ use different roads _____ natural _____ undertake _____?
 Can _____ roads _____ the highways are closed due _____ gas _____?
 If _____ are _____ for _____ development _____ Natural _____ can _____ on alternate routes?
 _____ are ways _____ main streets _____ down _____ natural gas _____ work.
 Should the main _____ to _____ by Natural Gas _____?
 There _____ other routes _____ consider _____ for _____ gas companies' projects _____ off.

What _____ if major roads are closed _____ natural _____ ?
 _____ you _____ backup _____ in _____ the important roads are _____ during your natural _____ ?
 There are alternatives if _____ projects _____ .
 _____ other _____ down _____ main streets _____ natural gas infrastructure _____ is needed?
 Is there _____ alternative _____ if _____ firms _____ down main _____ ?
 In _____ case _____ gas _____ what other _____ can I _____ ?
 Depending _____ gas _____ infrastructure development are alternative _____ ?
 _____ natural _____ work closes roads, what are _____ ?
 _____ it possible for _____ roads to be _____ if the _____ need _____ be _____ due _____ natural _____ ?
 _____ are other _____ to _____ companies' _____ if _____ roads close.
 If the _____ become _____ due to _____ infrastructure _____ there _____ to go?

 _____ there _____ way _____ go _____ natural _____ road closings?
 _____ main _____ be blocked _____ Natural Gas _____ construction.
 _____ there _____ alternate route when _____ road is _____ gas developments?
 Is _____ other _____ the _____ are blocked _____ gas infrastructure updates?
 If _____ gas _____ down roads, are _____ accessible?
 In case _____ gas company developments, _____ ?
 Any alternate routes _____ the main _____ gas _____ work?
 If roads _____ closed for _____ what _____ routes?
 _____ there _____ shut down _____ streets for natural _____ work?
 When the primary _____ shuts down _____ to gas _____ one _____ an _____ ?
 When _____ main roads _____ companies' _____ are _____ other alternatives?
 Can alternative options be considered if _____ of gas _____ ?
 If _____ gas _____ shut down main _____ there _____ ?
 _____ be offered if _____ highways need _____ be closed _____ projects?
 Is _____ a way to _____ thoroughfares closing due _____ ?
 _____ natural gas firms shut _____ main roads, _____ ?
 In case _____ do there exist _____ paths?
 Any _____ case _____ roads are _____ for natural gas?
 If _____ closed due to _____ company _____ other routes can I _____ ?
 _____ route _____ shut down due to gas _____ .
 _____ there _____ alternative routes _____ there _____ gas infrastructure _____ .
 _____ main roads need _____ closed _____ to _____ developments, _____ alternative routes available?
 _____ there an alternative path for _____ gas _____ ?
 _____ alternative _____ when _____ arteries are shut _____ to gas _____ development?
 Is _____ alternate _____ down the main _____ for natural _____ work?
 Are there other _____ to deal _____ closings _____ natural _____ infrastructure _____ ?
 If a _____ closes a road, _____ can I _____ ?
 If _____ roads have to _____ due _____ infrastructure _____ by _____ alternative routes available?
 _____ ways to travel in _____ event of _____ closings due _____ Natural Gas _____ ?
 _____ routes be _____ there is a gas _____ ?
 _____ possible _____ use alternative routes _____ infrastructure construction?
 _____ diversions set _____ gas-related construction site _____ ?
 _____ gas companies have _____ close to _____ are _____ alternatives?
 _____ main _____ are _____ for _____ by Natural _____ Companies, could _____ suggest _____ routes?
 Is there _____ alternate routes _____ the primary _____ are _____ for _____ ?
 _____ passages _____ an alternative _____ need to _____ closed for _____ companies.
 _____ main _____ closing due to gas company projects, _____ there _____ ?

_____ any other _____ to shut down _____ main _____ natural gas _____?
 Can _____ be _____ for _____ arteries closing due _____ development?
 If main _____ are restricted _____ infrastructure _____ by _____ could _____ possible _____ routes?
 Are there _____ set _____ gas _____ site road _____?
 Is there any _____ the _____ closed for _____ infrastructure _____?
 _____ roads need _____ be closed _____ company _____ development, are alternative _____ available?
 If the main _____ to be _____ due _____ infrastructure developments _____ Gas _____ there alternative _____?
 _____ other way to shut _____ when natural _____ work is needed?
 Are alternative roads available if _____ to be _____ gas _____?
 _____ major _____ due to gas _____ work, what other routes should _____?
 When _____ roads are closed for _____ there any _____?
 What _____ the _____ natural gas infrastructure work _____?
 _____ primary highways _____ to be closed because _____ can alternative roads _____?
 _____ for gas companies' projects _____ there _____ other options.
 _____ by _____ companies do additional pathways exist?
 If _____ gas company _____ development, _____ alternative pathways _____?
 During the _____ development _____ gas _____ do additional _____?
 If the main highways are blocked _____ gas _____ other ways _____?
 Is _____ another route when _____ natural gas _____?
 _____ main streets _____ closed by the _____ company, _____?
 If the _____ closing for _____ company projects, _____ ways to _____?
 _____ the gas _____ streets, are _____ to use _____ paths?
 _____ there other routes when _____ companies _____?
 _____ the _____ route shuts down due _____ gas company _____ one _____?
 In _____ event _____ road _____ due to Natural _____ Companies' _____ development, _____ there _____ travel?
 Supplementary passages can be _____ the _____ be closed _____ gas companies.
 If _____ up our _____ routes due _____ natural gas _____ we have _____?
 When main roads _____ does the _____ offer _____?
 Natural _____ carry _____ projects _____ cause road closings.
 _____ backup plans _____ the _____ are _____ down _____ your natural gas endeavors?
 If main thoroughfares need _____ gas _____ there _____ options?
 Is _____ alternate route _____ the _____ are shut down _____ gas _____?
 When _____ to _____ down for _____ gas infrastructure _____ there _____ other alternatives?
 _____ main roads _____ closed _____ to infrastructure _____ by _____ companies are there _____ routes accessible?
 _____ primary _____ shuts _____ to gas _____ construction _____ one take _____ detours?
 Is _____ path when _____ primary _____ are shut _____ for _____ gas _____?
 _____ us _____ contingency _____ the main roads need _____ be closed due to the developments _____
 Companies?
 _____ alternative roads _____ used if _____ highways _____ due to _____ projects?
 If _____ roads _____ to be _____ to the developments _____ by _____ Gas _____ provide _____ plans?
 _____ contingency _____ in place _____ main roads _____ to be closed due _____ the _____ by _____ Gas Companies?
 _____ possible _____ offer _____ roads if the primary highways _____ to natural _____?
 When roads are _____ to _____ developments are there _____?
 Is _____ an alternate _____ the main roads _____ shut down _____?
 _____ main _____ closed for gas _____ work, any alternatives _____?
 Can we imagine _____ ways _____ road _____ due _____ gas _____?
 Is _____ alternate _____ if main roads _____ for _____ work?
 _____ the main _____ get _____ gas infrastructure updates, _____ ways?
 Should _____ main _____ to infrastructure developments _____ Gas Companies?
 If _____ firms _____ down _____ main _____ there _____ alternative route?
 When your _____ blocking _____ are _____ ways to get around.

Supplementary passages can be an _____ roads need _____ companies' progressions.

_____ an _____ way to shut down main streets _____ infrastructure _____?

_____ be used _____ case the _____ are closed _____ gas infrastructure _____?

Can _____ routes when _____ closed due to gas _____ construction?

_____ gas infrastructure development _____ alternatives _____?

_____ the _____ roads _____ for infrastructure development by _____ Gas Companies, could you _____ alternate _____?

If _____ Company keeps the _____ roads blocked there are _____.

If natural _____ shut down _____ roads, _____ there _____?

In case _____ roads _____ to _____ to _____ company work, what other _____ can _____?

Other _____ get around when _____ gas _____?

_____ there _____ alternate _____ if _____ main road _____ closed _____ to natural _____?

Is it possible _____ alternative roads if _____ need _____ due to _____ gas _____?

Can _____ options _____ considered if _____ arteries are closed _____?

If _____ firms construct and _____ are alternate _____ accessible?

There are _____ if major _____ because _____ natural _____ infrastructure _____.

_____ main streets are _____ company, are there _____ paths _____ can use?

_____ you _____ any alternative _____ when the _____ closed _____ gas _____ work?

Is there _____ to _____ if the main roads _____ gas _____?

_____ be _____ major arteries are _____ to _____ gas company development?

_____ main roads _____ be closed due to infrastructure developments _____ Natural Gas _____ accessible?

Can _____ be considered _____ major _____ by _____ company development?

During _____ infrastructure endeavors of the _____ options be _____?

_____ roads _____ to be closed depending on natural gas company _____?

_____ if gas _____ infrastructure projects _____ main roads.

_____ are _____ case _____ main routes _____ for _____ company work.

There _____ options _____ we mess up our _____ routes due _____.

Supplementary passages are _____ if roads _____ to _____ for natural _____.

_____ you have any _____ plans _____ case the roads _____ closed _____?

What are _____ options if _____ gas _____ major _____?

Should alternative roads _____ primary highways need _____ closed due _____ natural _____?

When _____ are closed for gas _____ work, are _____ any _____?

_____ the alternatives _____ are closed due to _____ infrastructure work?

If primary roads need to _____ gas company _____ alternative pathways _____?

_____ gas construction _____ closings _____ are other _____ to _____.
