

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Energy consumption analysis and advice
Inquiry Sub-Category	Energy-saving tips
Description	Customers seek advice on simple changes they can make in their daily routines to conserve energy and reduce utility costs. They inquire about energy-saving tips, such as adjusting thermostat settings, insulating homes, and using energy-efficient lighting.
Data Size	5,701 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What impact ____ insulation have on ____ costs ____ expenditure, ____ any?

____ it true that insulated ____ have ____ cooling ____ electricity ____?

Is ____ influence on ____?

____ insulation change ____ power ____?

Can insulation help with ____?

Does ____ affect ____ total electricity usage?

Is it possible ____ insulation affects ____ and ____ expenses?

____ an impact ____ heating/cooling ____ and residential ____ expenditure?

What ____ insulation ____ power ____ expenses?

____ heating/cooling ____ residential power usage?

____ proper insulation ____ costs for ____?

Is there ____ differences in ____ electricity use ____ insulated ____?

____ better home insulation ____ or ____ of ____?

Is there ____ between ____ heating/cooling ____ and ____ consumption?

____ installing ____ heating, cooling, ____ overall electricity ____?

____ influence power bills?

Does insulated homes ____ differences ____ cooling, ____ electricity ____?

____ the ____ of ____ house ____ the ____ bills?

____ will insulation ____ heating/cooling ____ and residential ____ expenditure?

Does ____ insulation ____ the cost ____?

What ____ on heating/cooling ____ and overall residential ____ consumption?

____ power usage and ____ could be ____.

____ insulation ____ to my ____ costs ____ overall ____ usage?

____ the ____ of insulation on ____?

____ you tell ____ relationship between insulation and ____ usage ____?

Does ____ affect ____ cooling and ____?

____ the influence ____ insulation on ____ power ____?

____ does ____ for ____ power consumption?

_____ effect _____ insulation _____ heating/cooling costs _____ residential _____ consumption?

_____ adding insulation _____ effect on residential _____?

_____ that insulation _____ electricity use _____ the home?

How does insulation _____?

_____ impacts _____ costs?

Can you _____ us _____ the _____ between insulation _____ home _____?

_____ a relationship between _____ and the _____ on home _____?

Does the insulating a _____ bills?

_____ energy costs and power _____ by insulation?

How does _____ insulation affect the _____ of _____ use?

_____ insulation's effects _____ power consumption look _____?

_____ affects heating/cooling bills _____ power _____

_____ does _____ for heating and cooling?

Can _____ heating/cooling costs _____ use?

insulation has an _____ and residential _____ expenditure

Is _____ heating, cooling, _____ electricity consumption in _____ homes?

What do you think _____ of _____ electricity _____?

_____ does the cost of _____ total _____ electrical _____ the _____ of _____?

_____ the link _____ insulation, _____ expenses, and _____ energy _____?

_____ insulation have on _____ and heating _____?

_____ a factor in _____ heating/cooling _____ and power _____?

_____ it _____ that insulation affects _____ and _____ usage?

_____ insulation _____ both _____ cost of heating/cooling and total _____ electrical _____?

_____ liable _____ energy bills?

_____ home insulation _____ down on _____ costs?

How can _____ insulation _____ cost _____ energy _____ homeowners?

_____ have an effect on _____?

_____ insulation _____ home power _____?

Is _____ an impact _____ insulation _____?

Is it _____ insulated _____ different heating, cooling, _____ electricity _____?

Can _____ affect my _____ and energy bills?

_____ will the _____ in my _____ bill _____ overall electricity use?

Will _____ household insulation reduce _____ of _____?

Is insulation _____ costs _____ usage?

Will _____ reduce _____ and electricity _____?

Do _____ that insulation _____ the amount of _____ homes?

_____ can insulation affect _____ bills associated _____ control _____?

_____ insulation _____ energy _____ for _____?

_____ insulation _____ to cut _____ power _____ homes?

_____ connection _____ insulation, heating/cooling expenses, and _____ consumption?

_____ my energy costs and _____ power _____?

_____ that insulated homes _____ differences in _____ and _____ consumption?

_____ help _____ down _____ power usage in _____ house?

Do the utility _____ a _____ is properly _____?

How _____ impact _____ of heating/cooling and _____ use?

Is _____ between _____ heating/ cooling expenses _____ household energy _____?

Does _____ affect _____ bills _____ any _____?

_____ insulation _____ heating, cooling, or _____ energy _____?

Is _____ heating/cooling costs and _____ power _____?

How _____ power _____ heating expenses?

_____ insulation a factor _____ expenditures?

Is it possible that _____ affects heating/cooling _____ electricity _____?

_____ affect use _____ electricity?

_____ change power and heating _____?

Does insulation _____ energy _____?

_____ insulation affect _____ at the _____?

How _____ the insulation _____ my _____ affect _____ and _____ use?

_____ a _____ insulation _____ utility _____ expenses?

_____ insulation _____ affecting power bills?

_____ insulation having an impact on heating/cooling _____?

_____ insulation affect my _____?

How does insulation affect _____?

Is _____ related _____ power _____ and _____?

_____ there _____ how insulation affects heating/cooling _____ power expenditures?

Does _____ any _____ on _____ costs?

_____ there a _____ insulation, heating/cooling _____ and household _____?

_____ the presence _____ effect on electricity spending?

Does _____ affect _____ of electricity _____?

_____ affect energy bills _____ your _____?

_____ there _____ how insulation affects _____ costs _____ residential power _____?

Is insulation able _____ help _____ on _____ usage _____?

_____ there _____ between insulation _____ use at home?

How _____ insulation _____ bills?

_____ impact does insulation have _____ and _____?

_____ impact does _____ have _____ power consumption?

_____ insulation _____ expenditure at home?

_____ insulation _____ on _____ in homes?

Is _____ factor _____ much _____ used in homes?

_____ the _____ insulation on home power _____?

Is _____ connected to _____ and _____ usage?

How _____ insulation affect heating/cooling _____ household electrical _____?

_____ does _____ have _____ and cooling bills?

_____ the _____ a _____ the electricity bill?

_____ impacting _____ bills?

Can _____ be _____ impact on _____ to insulation?

_____ power bills affected _____ a _____?

_____ the presence of _____ with residential _____?

What _____ insulation _____ power consumption at home?

_____ insulation's influence _____ power _____?

Is there any _____ in _____ costs or _____ usage _____ insulated?

_____ the use of _____ affect _____?

_____ make _____ difference to _____ energy _____?

Is it _____ for _____ to help _____ power _____ homes?

_____ insulation affect _____ expenses?

_____ power consumption and energy _____?

_____ it possible that _____ insulation of a house _____?

_____ is _____ of insulation _____ power _____?

Is it possible _____ installing insulation _____ my _____?

Is installing _____ to _____ cooling, _____ electricity costs?

Is _____ costs because of insulation?

____ insulation impact on ____ ?
 How ____ insulation ____ bill?
 Is insulation ____ in heating/cooling ____ use?
 Does ____ have ____ on heating/cooling ____ electricity usage?
 ____ does ____ presence of ____ on electricity spending?
 Will insulation ____ bills?
 How will power ____ by ____?
 ____ insulation influence ____ power ____?
 ____ reliable insulation ____ heating/cooling and ____ costs?
 Is ____ presence of ____ on residential electricity ____?
 Is ____ possible ____ the power ____ house ____ affected by ____?
 ____ energy bills affected ____?
 ____ insulation ____ energy costs and ____?
 ____ homes ____ differences in heating, cooling ____ usage?
 ____ homes have different ____ and ____ expenses?
 ____ of insulation on power ____?
 ____ the ____ of insulation ____ electricity spending ____ home?
 ____ insulation ____ use ____ electricity or ____?
 What ____ does ____ on ____ expenses and overall residential ____?
 ____ proper ____ affect ____ electrical use ____ heating costs?
 ____ home ____ usage and heating ____?
 Did ____ know how ____ affects heating/cooling ____ and ____?
 Will better household ____ spending ____ usage ____ electricity?
 ____ an ____ on utility ____ if ____ home is ____ insulated
 Can insulation ____ in the ____?
 Is ____ different in ____ cooling, ____ electricity ____?
 Is ____ an ____ on ____ a ____ is insulated?
 ____ that insulation affects ____ use?
 ____ has an ____ on ____ costs ____ overall residential ____.
 ____ about ____ relationship between insulation and ____ energy ____.
 Will insulation reduce ____ and electricity ____?
 ____ insulation ____ impact ____ and power expenditure?
 What ____ the ____ has ____ heating/cooling ____ and overall ____ consumption?
 ____ insulation bills ____ overall power ____?
 ____ insulation in my ____ to affect ____ and electricity use?
 ____ can proper ____ affect ____ costs ____ homeowners?
 How ____ effect ____ usage?
 Will ____ affect ____ costs?
 ____ a factor ____ power usage ____ costs?
 Is it possible that ____ can ____ in homes?
 How ____ insulation affect ____ of heating/cooling ____ use?
 ____ effect ____ in my ____ have on ____ bill and ____ usage?
 ____ insulated homes ____ in their heating, ____ and ____?
 How ____ affected by insulation?
 Is there ____ heating/cooling ____ power usage as ____ of ____?
 ____ effect will ____ my ____ on my heating bill ____ electricity ____?
 ____ insulation able ____ decrease ____ and energy ____?
 ____ insulated homes have differing ____ consumption?
 ____ it possible ____ insulated ____ have ____ heating, ____ electricity expenses?
 Does insulation ____ ?

_____ affect _____ usage

Is insulation, heating/cooling expenses, _____?

Does _____ cost _____ usage?

Is _____ on heating/cooling and residential power _____?

Is insulation _____ to _____ usage _____ costs?

Has insulation _____?

Does _____ on power _____ come _____?

Will _____ insulation _____ cooling, _____ overall energy _____?

_____ homes have differing _____ cooling, _____ usage?

Is _____ affect _____ power costs _____ insulation?

Are _____ any effects on _____ due _____?

Will _____ energy costs and _____?

Is residential electricity _____ the _____ of _____?

Is it _____ that insulation _____ amount of _____?

_____ the cost of _____ if _____ properly insulated?

_____ a _____ bills _____ any way?

_____ residential energy costs?

Can _____ insulation _____ heating/cooling _____ usage?

Is insulation _____ reducing _____ and _____ use?

How _____ the _____ affect _____ usage?

_____ insulation _____ expenses and _____ residential power consumption?

Is _____ a correlation _____ and _____ and _____ energy consumption?

_____ does _____ home power _____?

Does _____ affect _____ use _____?

_____ insulation a factor _____ and residential _____?

Is there a _____ insulation, heating/cooling _____ and _____ energy _____?

Is insulation _____ energy _____?

_____ insulation _____ of power?

_____ insulation a _____ residential power _____?

_____ the _____ of utilities _____ if a _____ is _____?

How does _____ affect _____ costs and _____ expenditure?

Will _____ cooling, or overall _____ outlay?

_____ affect _____ and cooling costs?

_____ insulation reduce _____ costs _____ electricity use?

How do _____ and heating _____?

What _____ heating/cooling expenses and power _____?

_____ is _____ insulation _____ power expenditure?

_____ insulation affect _____ bills?

_____ affect my power and _____?

_____ effect _____ insulation have _____ the _____ consumption _____ home?

_____ insulation affect _____ heating/cooling _____ and _____?

Does _____ bills for _____ cooling?

Is _____ able to _____ power usage in _____?

Is it _____ affects _____ much _____ is used in _____?

Is insulation able _____ cut _____ on _____ households?

_____ presence _____ insulation affect _____ spending?

_____ to _____ cooling and overall _____ by installing insulation?

_____ insulation _____ and power _____ do?

There _____ be a _____ heating/cooling expenses, and household _____.

How _____ affect _____ with _____ control at home?

_____ possible that the _____ heating/cooling and total _____ use _____ influenced by _____?

Will _____ household insulation reduce _____?

_____ effect _____ the insulation _____ my house _____ heating and electricity _____?

How can _____ affect _____ costs _____ residential _____ expenditure?

Will _____ insulation reduce _____ cooling, _____?

_____ affect residential _____ consumption?

What impact _____ on _____ and _____ power consumption?

Is _____ in heating/cooling expenses _____ overall power _____ insulation?

_____ insulated homes have differences _____ heating, _____ and _____?

How _____ residential _____ spending change _____ is _____?

_____ insulation a factor _____ much electricity _____ in _____ home?

Is it _____ tell me _____ insulation _____ and _____ expenditure?

How _____ proper _____ affect the _____ electrical use?

_____ able _____ influence residential _____ expenditure?

I _____ know _____ insulation affects heating/cooling _____ power expenditures.

_____ think _____ effects _____ much _____ is used?

_____ there any differences _____ heating, cooling _____ use in _____?

_____ better _____ heating/cooling costs _____ residential power _____?

_____ usage _____ by insulation?

_____ the insulation _____ heating _____ cooling _____?

_____ insulation _____ on home _____ usage?

_____ is a _____ about _____ insulation _____ electricity spending.

Is _____ presence _____ electricity spending?

Is there _____ relationship between _____ heating, _____ household _____?

Are you _____ insulation affects how _____ electricity _____ in _____?

How does _____ energy _____?

Is it _____ that _____ have _____ cooling, _____ electricity usage?

_____ me more about the relationship between insulation _____?

_____ in the _____ affect the _____ bill?

_____ insulation lower _____ energy costs?

Is there _____ on how _____ affects _____ costs and _____?

_____ insulation do to _____ air _____ costs?

Is _____ relationship _____ insulation, heating/cooling _____ energy use?

_____ does _____ power usage _____ a _____?

_____ insulation help cut _____ usage _____ your _____?

_____ possible _____ insulation _____ help _____ down on _____ in homes?

Can _____ usage in the _____?

How _____ residential power _____?

_____ does the _____ insulation affect _____?

_____ installation of insulation _____ heating, _____ or overall _____?

Will _____ any effect on my _____ power _____?

Does _____ power bill?

_____ insulation affect _____ electricity _____?

Is _____ relationship _____ expenses and _____ energy use?

_____ have an _____ power costs?

Does _____ way a house is _____ power _____?

_____ insulation _____ on _____ energy bills?

_____ will the _____ in my home _____ heating and _____?

Is _____ a _____ heating/cooling _____ and residential _____ expenditures?

Is there any _____ to _____ insulation _____ a house?

____ impact does ____ on power ____ in the ____?
 ____ affect power usage?
 What is ____ impact on ____ and ____ power consumption if ____?
 Does ____ insulation ____ effect ____ costs?
 ____ of insulation on home power ____?
 Does ____ affect ____ usage?
 How ____ costs affect ____?
 ____ insulation ____ power ____?
 ____ proper ____ affect energy ____ for ____?
 ____ does insulation ____ to ____?
 Is there ____ heating/cooling costs ____ usage due ____ insulation?
 What ____ effects of ____ on ____?
 ____ affect ____ use of ____?
 Is ____ for ____ and cooling?
 Is ____ an ____ residential power expenditure ____?
 Is proper ____ costs for ____?
 ____ insulation affecting ____ costs ____ residential ____?
 How does insulation ____?
 Is ____ an ____ on ____ expenditure?
 ____ insulation ____ home power expenditure?
 ____ insulation affected by ____?
 ____ a ____ heating/cooling expenses and ____ usage if ____ home is ____?
 ____ of insulation ____ power expenditure?
 Is insulation ____ factor ____ determining ____?
 Can insulation cut down on ____?
 insulation has ____ impact ____ expenses ____ power consumption.
 ____ does ____ of insulation affect ____ consumption?
 ____ insulation reduce heating/cooling ____ home ____?
 ____ to ____ and cooling expenses?
 ____ insulation able ____ reduce ____ costs and ____ energy ____?
 ____ it possible to ____ heating, ____ or overall ____ insulation?
 Power ____ and ____ impacted ____ insulation.
 If any, ____ does insulation ____ heating/cooling ____ and power ____?
 What ____ on heating and cooling ____ residential power ____?
 How does ____ power ____?
 ____ does insulation ____ power ____ home?
 How ____ affect ____ power?
 ____ better household insulation ____ on ____ of electricity?
 ____ there an effect ____ residential electricity ____?
 Can we expect ____ on our ____ due ____ level of home ____?
 Residential power use and ____ be ____.
 How ____ insulation ____ and ____ and ____ expenses?
 ____ insulation linked ____ expenses ____ usage?
 Did insulation affect ____ bills ____?
 Is ____ any ____ in ____ expenses ____ power ____ when ____ home ____ insulated?
 What ____ does ____ on heating/cooling expenses and ____ power ____?
 ____ installing ____ able ____ my energy ____?
 ____ insulation having ____ energy bills?
 ____ link between ____ heating/cooling ____ and household ____ use?
 Energy ____ for homeowners ____ be ____ by ____ in _____.

_____ affect power and _____ costs?

Does insulated homes _____ and electricity use?

_____ insulation affect _____ bills?

Is insulation _____ an _____ on heating/cooling _____ expenditure?

_____ insulation _____ much _____ pay for _____ in _____ home?

_____ insulation affect _____ heating/cooling _____ use?

Is there a _____ in _____ or _____ usage _____ home is _____?

_____ affect _____ use at the _____?

_____ possible _____ insulated homes _____ cooling, and electricity expenses?

Is insulation _____ reduce _____?

Is insulation _____ usage _____?

Is _____ expenses and power usage?

_____ does _____ costs of _____ and heating?

_____ insulation reduce heating/cooling _____ use?

How does _____ influence _____ of _____ and _____ use?

Is _____ a connection _____ expenses, and _____ household energy _____?

What _____ insulation _____ on heating/cooling expenses _____ overall residential _____?

_____ does _____ cooling and heating?

_____ power costs?

_____ insulation _____ costs?

_____ effect _____ insulation having _____ power _____?

Can _____ reduce energy _____ costs?

Is insulation _____ to _____ expenditure _____?

_____ homes _____ heating, cooling, _____ electricity usage?

_____ you _____ insulation _____ effect _____ electricity use _____ homes?

Does insulation _____ use?

_____ effect _____ the insulation _____ my _____ have on _____ and _____ bills?

If _____ insulation have on _____ expenses and residential _____?

How _____ does _____ on heating/cooling _____ and _____ power consumption?

_____ influence _____ on power expenditure?

Is it _____ affect energy _____?

_____ insulation affecting residential _____?

Is insulation can _____ down _____ homes?

_____ insulation affect power _____ the _____?

_____ does _____ power expenditures _____ home?

How does a _____ insulation _____?

_____ insulation affects _____ costs and power expenditure?

Is _____ change in heating/cooling _____ overall _____ usage _____ you insulate _____?

_____ does _____ impact _____ power _____?

I _____ know how _____ affects heating/cooling costs _____ costs.

What _____ on heating/cooling expenses and overall _____ power _____.

Does _____ properly _____ have any effect on _____?

_____ insulation change power _____ heating _____?

_____ insulation affect _____?

Does _____ insulation affect heating/cooling expenditures and _____?

Installation _____ insulation _____ affect _____ cooling and overall _____.

What _____ insulation mean _____ cost _____ heating/cooling _____ household _____ use?

_____ does _____ installed insulation _____ costs?

_____ does _____ have _____ heating/cooling _____ and power _____ the house?

_____ does insulation have _____ heating/cooling _____ expenditure?

_____ impact does _____ have on heating/cooling costs _____?

What _____ does _____ have _____ power expenditure _____?

_____ insulation _____ in the home?

Is _____ effect _____ utility costs _____ home _____ insulated?

_____ costs affect power and _____?

_____ insulation change the _____?

_____ have on heating _____ cooling expenses and _____ residential _____ consumption?

_____ will affect _____ and electricity _____ in homes.

_____ is _____ insulation on _____ use?

_____ insulation _____ power usage in the home?

Can _____ energy bills be _____ installation _____ insulation?

_____ energy costs and _____ bills?

_____ having insulation _____ power _____?

_____ affect _____ and energy use?

Is it _____ house _____ affect _____ bills?

_____ it connected to _____ heating/cooling _____ household _____ consumption?

_____ impact _____ have _____ heating _____ and overall electricity usage?

_____ insulation having _____ expenses and residential power _____?

_____ does insulation _____ in power _____?

_____ insulation _____ a difference to _____?

_____ proper insulation impacting _____ homeowners?

How do _____ correlate with _____?

Is insulated homes _____ costs for _____ cooling, _____?

_____ the _____ of insulation on _____ electricity _____?

Is _____ able _____ reduce _____ energy use and _____?

_____ there _____ on power _____ due _____?

_____ heating, cooling _____ electricity costs?

_____ it possible to _____ insulation _____ heating/cooling costs and _____ expenditure?

Will installing _____ heating, _____ use?

_____ it possible _____ have differing heating, cooling _____ expenses?

If any _____ does insulation have _____ or _____ expenditure?

Is insulation _____ expenses?

_____ insulation _____ power usage in _____?

_____ the addition _____ energy expenses?

_____ insulation _____ heating/cooling _____ energy use?

_____ there any impact _____ due _____ insulation.

_____ power bills?

_____ adding _____ affect _____ expenses?

_____ residential _____ by insulation?

_____ insulation decrease _____ and _____ costs?

Will _____ heating, _____ and overall _____ costs _____ homes?

How do _____ see _____ insulation _____ energy use?

Does _____ an impact _____ energy _____?

Does insulated _____ have different _____ cooling, _____?

_____ home _____ cut down _____ costs?

_____ there any _____ heating/cooling _____ and household _____ consumption?

_____ affect _____ at home?

_____ insulation reduce _____ overall _____ usage?

Do _____ affect residential _____?

Can _____ insulation help with _____ electricity _____?

What ____ does ____ have on ____ bills?
 ____ insulation ____ energy bills?
 ____ any difference in ____ costs ____ home ____ insulated?
 Does ____ home's insulation ____ its ____?
 Is it possible ____ homes ____ differing ____ electricity costs?
 How does insulation ____ bill ____?
 Can you ____ how insulation ____ costs ____ residential power ____?
 how does ____ bills?
 ____ total electricity usage affected by good ____?
 Will the installation ____ reduce ____ cooling, and ____?
 What ____ to do ____ heating/cooling costs and residential ____?
 ____ affect ____ use and ____?
 Will the ____ insulation reduce ____ or ____ electricity ____?
 ____ of insulation ____ heating, ____ energy costs?
 Is there a ____ heating ____ household energy ____?
 How does ____ electricity ____ home?
 How ____ insulation ____ usage ____ heating/cooling expenses?
 ____ insulation costs ____ usage?
 ____ to ____ and power expenditure?
 ____ insulation ____ to ____ down ____ usage in ____ settings?
 ____ affect ____ total power expenditure?
 How does ____ in ____ utility ____ expenditures?
 Is ____ and ____ consumption related?
 ____ you discuss the relationship ____ and ____ energy ____?
 ____ costs and home energy usage?
 ____ effect ____ insulation ____ on ____ usage ____ home?
 How does the ____ a ____ affect ____ bill?
 ____ change ____ cooling bills?
 How can ____ heating/cooling ____ use?
 ____ an impact on home ____?
 Does insulation affect ____ and ____?
 ____ insulation ____ factor ____ expenditure?
 ____ it possible to ____ insulation ____ heating/cooling ____ and residential power ____?
 ____ impact residential electricity spending?
 ____ there ____ between insulation, ____ expenses, ____ household energy ____?
 Is there ____ change ____ heating/cooling ____ or power ____ due to the ____?
 Is ____ to cut ____ usage ____ houses?
 ____ insulation affect power expenditure ____?
 ____ it possible that ____ homes ____ heating, cooling, and ____?
 ____ help ____ down the power ____ your home?
 Is better household ____ going ____ on spending or ____?
 How ____ bills ____ insulation?
 ____ you believe that ____ affects how ____ is used ____?
 Does ____ impact ____ residential ____ bills ____ from ____?
 How ____ insulation ____ use?
 Does ____ affect residential ____?
 I want ____ know how ____ affects heating/cooling costs ____.
 ____ have ____ effect on heating/cooling ____ electricity usage?
 ____ adding insulation ____ energy costs?
 Will ____ heating, cooling ____ energy ____?

Is _____ any _____ between insulation, _____ energy consumption?

Is _____ a correlation _____ insulation, heating/cooling _____ household _____?

Will household _____ cut _____ spending _____ usage of _____?

Will _____ reduce heating, _____ and overall electricity _____?

_____ heating/cooling costs _____ energy use?

Is there _____ link _____ insulation, heating expenses _____?

_____ influence does _____ have _____ power _____?

How _____ insulation affect heating/cooling costs _____ power _____?

Will _____ of insulation _____ and _____ costs?

_____ insulation affect _____ power _____ the _____?

Can _____ heating/cooling _____ electricity usage?

_____ able _____ cut down on _____ in residences?

_____ effect does _____ have on _____ residential _____ consumption?

_____ there _____ between _____ energy _____ at the house?

_____ an _____ on utility _____ if a _____ properly insulated?

Is _____ impact on _____ expenditure?

_____ it _____ affects _____ expenditure at home?

_____ adding insulation affect _____?

Does insulation _____ energy _____.

_____ make a difference in _____ energy costs?

How _____ a home's _____ influence _____ utility _____?

What does insulation _____ power _____?

What _____ insulation _____ to _____ electricity _____?

Will _____ help _____ heating, _____ costs?

_____ that _____ affects how _____ electricity _____ used in your _____?

Is the _____ my home _____ to _____ my _____ and _____ electricity _____?

_____ a _____ affect _____ bill expenditures?

_____ effects _____ insulation _____ on _____ expenditure?

Is _____ a _____ expenses and _____ usage when _____ is insulated?

How _____ affect heating/cooling _____ residential power _____?

Does insulating _____ house _____ its _____?

_____ the presence _____ electricity costs?

_____ insulation _____ bills?

_____ affect does the _____ have on _____ electricity _____?

Does insulation affect _____ price _____ for _____?

_____ affect the bills _____ heating _____ cooling?

How will the _____ change _____ bill and _____ usage?

_____ impact of insulation on _____ consumption is not _____.

How does _____ affect _____ cost _____ heating/cooling _____ household electrical _____?

Are there _____ in _____ affects _____ and _____ power expenditure?

_____ affect _____ costs and _____ power consumption?

Is it possible _____ affects _____?

_____ the insulation of _____ any _____ on power _____?

How _____ of _____ affect _____ consumption?

How does _____ affect the costs of heating/cooling _____?

Is there a _____ heating/cooling expenses _____ power _____ to _____ insulation _____ home?

What impact _____ insulation have _____ heating/cooling _____ power _____?

_____ does _____ have on power _____?

_____ insulation a factor _____ used in your home?

_____ impact does _____ have _____ expenses _____ power use?

____ insulation reduce ____ costs and ____ power ____?
 ____ adding insulation ____ power ____?
 ____ insulation affect my ____ power ____.
 Is insulation able ____ down ____ in the ____?
 ____ the ____ insulation affect ____ bills?
 ____ related ____ heating/cooling bills and ____ usage?
 Do insulated ____ have different ____ electricity ____?
 Residential ____ usage ____ impacted ____ insulation.
 ____ help reduce ____ electricity costs in homes?
 Can ____ reduce ____ costs and ____?
 Is ____ influence ____ power ____?
 ____ there a ____ and ____ usage in ____ house?
 Is insulation ____ factor ____ heating/cooling ____ power ____?
 ____ insulation ____ my ____ costs or ____ consumption?
 Does ____ electricity bills?
 ____ any impact ____ the ____ costs ____ to insulation?
 Does ____ insulation make a ____ energy ____?
 ____ can insulation ____ home ____ consumption?
 ____ does insulation ____ power ____?
 ____ insulated ____ power bills?
 What ____ does ____ have ____ consumption.
 What ____ have on ____ and power consumption?
 Will ____ of ____ heating, ____ overall energy expenses?
 What ____ does insulation have ____ power usage ____?
 How will ____ in ____ home change ____ heating bill ____?
 ____ the insulation in my house ____ bill and ____ usage?
 What ____ insulation ____ power ____ costs?
 Does ____ an effect ____ bills?
 ____ there a ____ heating/cooling expenses and overall ____ a house?
 Is ____ an impact ____?
 Does ____ affect ____ and ____ expenditure?
 ____ impact on power ____ a ____ of insulation?
 Is there an ____ on ____?
 How ____ insulation ____ power ____?
 Is ____ differences ____ electricity use in insulated ____?
 Is insulation ____ reduce ____ energy usage?
 ____ affects heating/cooling ____ power consumption?
 ____ effect ____ on residential electricity bills ____.
 Is ____ energy use?
 Does ____ residential energy ____?
 Is insulation ____ power ____?
 How ____ insulation improvements ____ my ____ and overall ____?
 What impact does ____ on ____ consumption at home?
 ____ insulation ____ energy ____ for ____ cooling?
 Can insulation ____ energy ____ costs?
 Will insulation ____ or energy ____?
 ____ insulation a ____ in ____ heating/cooling ____ power ____?
 Does insulation help ____ in ____?
 ____ insulation ____ my ____ usage ____ heating ____?
 ____ it possible ____ costs ____ affected by ____?

_____ insulation have on heating _____ cooling _____ and power _____?
 _____ cost of _____ affected _____ insulation?
 Does insulation decrease heating/cooling _____?
 _____ link between insulation, _____ and household energy _____?
 Is there a _____ in heating/cooling _____ usage if _____ a _____?
 Is insulation a factor _____ and _____ costs?
 Is _____ having _____ influence _____ power _____?
 Does _____ homes have different _____ electricity _____?
 _____ is the _____ heating/cooling _____ and power consumption in _____ home?
 _____ insulation going _____ my _____ consumption?
 _____ adding _____ energy costs?
 _____ have an impact on _____ expenses and _____?
 _____ it _____ utility _____ if _____ home is _____ insulated?
 Will _____ and power use?
 _____ does insulation _____ power _____?
 _____ can _____ presence _____ insulation have _____ electricity spending?
 Can _____ energy use?
 _____ help with _____ cooling, _____ energy _____?
 _____ insulation affects how _____ is used _____ the house?
 insulation _____ an _____ on heating/cooling costs _____ power _____
 _____ installing insulation _____ heating, _____ electricity _____?
 Does _____ insulation _____ heating/cooling costs _____ use?
 Is it _____ insulation _____ electricity used in a _____?
 Is _____ heating/cooling _____ and _____ power usage?
 What effect _____ have _____ heating/cooling expenses and _____ power _____?
 Is insulation _____ Energy _____?
 _____ presence _____ a factor in residential electricity _____?
 _____ influence _____ at home
 Is insulation _____ influence on _____ much _____?
 Is there a change _____ heating/cooling _____ usage _____ you insulate _____?
 How does _____ insulation _____ electricity spending?
 _____ you _____ insulation _____ heating/cooling costs and _____ expenditure?
 What _____ the impact _____ home _____ use?
 _____ does _____ affect power _____?
 _____ insulation affect _____ and _____ expenses?
 Are there any _____ heating/cooling expenses _____ consumption?
 _____ does _____ do to heating _____?
 _____ can insulation _____ utility _____ with temperature _____?
 _____ there _____ utility costs _____ home is properly insulated?
 _____ insulation affect _____ power _____ and _____?
 _____ installing _____ cooling, or _____ costs for homes?
 Can _____ energy costs and _____?
 Can _____ help _____ energy _____?
 _____ is _____ power expenditure?
 Does _____ affect bills for _____?
 Is _____ related _____ heating/cooling and _____?
 Does _____ heating and cooling _____?
 Will _____ down on spending _____ usage?
 Is insulation having _____ effect _____ costs and _____ power _____?
 What influence _____ have _____ use _____ home?

Does insulation have an _____?

_____ cost of heating/cooling and _____ household electrical _____ insulation?

_____ house _____ to _____ power bills?

_____ is the _____ has _____ consumption?

_____ does insulation _____ bill?

_____ does _____ on both _____ and residential power use?

_____ influences _____ have on power _____?

Is _____ an _____ power _____?

_____ does _____ electricity use in _____?

_____ is insulation _____ bills?

Does _____ an _____ heating/cooling bills?

Can _____ decrease _____ usage in _____?

_____ effect does _____ have _____ home _____?

Is _____ an effect _____ electricity _____?

_____ affect the _____ and cooling?

Will _____ cut down _____ or _____ of electricity?

Are there _____ links _____ insulation, heating/cooling expenses, _____?

Does _____ affect _____ bills?

How _____ proper insulation _____ of energy for _____?

_____ insulation effects on _____?

How will _____ costs?

_____ does _____ insulation _____ the _____ of heating/cooling and household _____.

_____ there a _____ insulation, heating/cooling expenses, _____ consumption?

_____ insulation effective at _____ heating/cooling _____ and _____ usage?

_____ the _____ affect the power _____?

Do _____ think insulation can _____ amount _____ electricity _____?

_____ does _____ use _____ your house?

_____ insulation _____ on heating/cooling expenses _____ electricity _____?

Will _____ affect _____?

Did _____ insulation impact _____ homeowners?

_____ determining power expenditure at home?

_____ there _____ on utility costs _____ home _____ insulated?

Is insulation having any _____ heating/cooling _____ power _____?

_____ able to cut down on _____ usage _____?

_____ affect _____ insulation have on heating/cooling _____ expenditure?

_____ of insulation will affect _____ cooling and _____ for _____.

_____ insulation _____ cut _____ on _____ power _____ in homes?

Do _____ that _____ electricity a home uses?

_____ insulated homes have differing _____ electricity _____?

Does adequate _____ power _____?

Is _____ associated with _____ heating/cooling costs _____?

How _____ insulation _____ the use _____?

How does _____ home's power _____?

_____ to _____ energy bills?

Is insulation _____ any impact _____ heating/cooling _____ power _____?

_____ insulation help cut down _____?

How influential is _____ home _____?

_____ there a _____ between _____ heating/cooling expenditures _____ consumption?

Is _____ insulation a factor in _____ and _____?

_____ household insulation cut spending _____ electricity?

Is ____ having ____ on heating/cooling ____ residential ____ expenditures?
 ____ a ____ in heating/cooling ____ overall power ____ of insulation?
 How ____ insulation ____ residential ____?
 There ____ about the ____ of ____ residential electricity spending.
 How ____ insulation ____ home energy usage, ____ regarding ____?
 ____ better ____ household spending ____ use ____ electricity?
 ____ affect residential ____ consumption ____ costs?
 Can ____ help reduce ____ and ____ expenditure?
 Is ____ consequential for ____ cooling ____?
 Will ____ reduce ____ and ____ electricity ____?
 Does insulation ____ my ____?
 ____ insulation ____ power ____ and ____?
 ____ insulation affect my ____ power ____?
 How ____ insulation ____ usage?
 Will the ____ of ____ or ____ electricity outlay?
 ____ there a connection between ____ cooling ____ household energy ____?
 ____ does ____ have on heating/cooling expenses and ____ if ____?
 ____ does insulation affect total household electrical ____ of ____?
 ____ a change ____ and power usage when you ____ a ____?
 Does ____ affect ____?
 ____ there a relationship ____ heating expenses, and ____?
 ____ insulation ____ cooling, or overall electricity ____ in homes.
 ____ affecting how ____ is used in ____ home?
 ____ insulation have ____ on energy ____.
 ____ do ____ residential power use and ____?
 What impact ____ have ____ overall power ____ the home?
 ____ make a ____ in ____ expenses?
 ____ on power bills?
 Can ____ us about ____ relationship ____ and energy ____ at ____?
 ____ insulation ____ energy ____?
 ____ insulated ____ differences in heating, cooling, and ____?
 ____ the ____ on residential power ____ from ____?
 What is the ____ heating/cooling costs ____ overall ____ consumption?
 ____ it ____ that the insulation in ____ home ____ my ____ and ____ electricity ____?
 Does ____ if ____ home is insulated?
 ____ adding insulation ____ your ____?
 ____ insulation ____ heating/cooling costs and residential power expenditures?
 ____ a ____ between ____ heating ____ and household energy ____?
 Will insulation help ____ energy costs ____?
 Is insulation able ____ energy use ____?
 What ____ does ____ have on ____ in the home?
 ____ has ____ effect ____ power expenditure.
 Will ____ insulation reduce ____ of electricity?
 ____ does ____ do to the power consumption ____?
 Does ____ have ____ on ____ power ____ and ____ costs?
 ____ heating/cooling costs and ____ use?
 What ____ does ____ power use ____ home?
 ____ insulation able ____ power ____?
 ____ does insulation do ____ usage ____ heating/cooling ____?
 ____ insulation able to ____ bills?

_____ spending can _____ impacted _____ insulation.

In _____ does _____ affect _____ expenditure?

_____ insulation _____ my energy _____ consumption?

_____ insulation _____ electricity _____ or spending?

Is _____ house's _____ bills?

_____ possible _____ insulation affects heating/cooling _____ and _____ expenditure?

Does _____ insulation _____ power _____?

Are insulation _____ how _____ is _____?

_____ affect my power _____ costs?

How _____ insulation affect _____ utility _____?

Does _____ affect both _____ and _____ usage?

Do _____ insulation _____ expenses?

_____ insulation affect residential _____?

The presence of _____ an _____ on residential _____.

Is _____ cost impacted _____?

_____ insulation affect _____ bills

Will installing _____ heating, cooling, _____?

Is _____ the cost _____ power due _____ insulation?

Will _____ have any _____ my _____ costs _____ consumption?

Is the presence _____ Electricity _____?

There might _____ connection between _____ heating/cooling _____ household energy _____.

What's _____ its effects _____ home energy usage?

_____ insulation _____ a house _____ bills?

_____ my energy costs?

Will installing _____ have an _____?

_____ insulation _____ an effect _____ cooling and _____?

_____ does insulation affect the _____ of heating _____ house?

Is the amount of _____ homes _____ by _____?

How does a _____ utility _____?

How will proper _____ homeowners?

Will _____ help reduce _____ and overall _____?

_____ insulation _____ energy bills?

Does _____ addition of _____ decrease _____?

Does _____ expenses _____ total electricity _____?

_____ does _____ affect _____ power _____?

_____ insulation _____ power expenditure?

Is _____ on power _____?

Will installing insulation _____ and _____ electricity _____?

Do _____ my _____ costs _____ usage?

_____ does the _____ of _____ spending at homes?

_____ is _____ affected _____ power _____?

Can _____ reduce heating/cooling costs _____ power _____?

_____ bearing on energy bills?

Is insulation responsible for my _____?

_____ there _____ on home _____ consumption from _____?

I _____ to know if insulation _____ power _____.

Should insulation have _____ on heating/cooling _____ power _____?

What are the effects _____ insulation on _____?

_____ any _____ on _____ power costs _____ of insulation?

Does insulation _____ on _____ usage in _____ house?

_____ there _____ correlation between insulation, heating/ _____ household energy _____?

Can insulation _____ the _____ homes?

Can _____ help _____ power usage _____?

What does _____ residential power _____?

_____ able _____ cut down on power _____ the _____?

Will _____ reduce heating, cooling, or _____?

Is insulated _____ different _____ their _____ and _____ consumption?

_____ insulation going _____ impact my _____?

_____ insulation _____ residential _____ prices?

_____ insulation _____ to lower _____ cooling, _____ energy _____?

_____ insulation have _____ impact _____ energy bills?

_____ a factor _____ expenses and _____ usage?

_____ the installation _____ insulation _____ heating, _____ overall _____ use?

Is _____ change in _____ and _____ usage due to _____?

Is _____ able _____ residential _____ bills?

_____ insulated _____ differences _____ energy use?

_____ insulation _____ a _____ heating/cooling costs and energy _____?

_____ power bills influenced _____?

What _____ does insulation _____ use?

How do _____ because _____ insulation?

_____ there _____ an impact on power _____ due _____?

_____ the _____ affected _____ home is properly insulated?

What impact _____ insulation have _____ and _____ power _____?

_____ have _____ heating, cooling and electricity _____?

What effect _____ have on residential _____ usage _____?

_____ insulation _____ and _____ costs?

_____ adding _____ affect _____ bills?

_____ insulation _____ influence _____ consumption?

_____ any difference in utility costs if a _____?

Installation _____ insulation can affect _____ consumption.

_____ effect _____ insulation on energy _____?

How _____ energy costs and residential _____ consumption?

Residential power _____ and cost _____ impacted _____.

_____ will _____ affect _____ costs _____ energy _____?

Does insulation _____ cut down _____ houses?

_____ can _____ affect power _____ heating and _____?

The _____ insulation on electricity _____ is _____.

_____ in their _____ expenses and electricity use?

Can _____ reduce _____ costs and home _____?

_____ affect does insulation _____ costs?

Does _____ have differences _____ heating, _____ and _____ usage?

Does _____ insulation make _____ power _____?

_____ for heating/cooling and power _____?

_____ insulation _____ costs do?

Does insulation _____ for _____?

Will insulation _____ heating, _____ or _____?

_____ insulation beneficial _____ heating/cooling _____ power _____?

Is the _____ utility costs if _____ is _____?

How does _____ and usage?

Is _____ a _____ in heating/cooling _____ power _____ of insulation?

What impact _____ and overall power consumption in the _____?

Is the change _____ overall _____ use related to _____ of a _____?

Is _____ on utility _____ from properly _____ homes?

_____ insulation _____ heating/cooling and total _____?

_____ does _____ have on heating/cooling _____ and residential _____ expenditure?

_____ it _____ that insulation _____ my energy _____?

_____ the _____ insulation _____ electricity spending?

Will household _____ on _____ or use _____ electricity?

_____ installing insulation going to lower _____ energy _____?

_____ there _____ between _____ heating/cooling expenses, _____ energy consumption?

Will better _____ insulation _____ potential spending _____ of _____?

_____ insulation _____ an affect on _____?

Are insulation _____ power _____?

Is _____ household _____ going to reduce _____ use _____?

Is _____ a _____ in _____ if _____ home is _____ insulated?

What _____ does _____ on _____ at home?

How does _____ and _____?

_____ proper insulation effect the cost of _____ use?

Has _____ power consumption?

_____ power usage and _____ insulation.

_____ insulation _____ my _____ and _____ bills?

What _____ to power and HVAC _____?

_____ insulation impacting _____?

Is insulation _____ to heating/cooling _____?

What _____ the _____ between insulation _____ usage?

Do _____ homes have differing heating, _____?

_____ that insulation, heating/cooling expenses _____ household energy consumption _____?

How influence _____ on _____ expenditure?

_____ effect _____ on _____ much electricity is used in _____?

 _____ insulation, heating/cooling costs _____ energy _____?
 _____ affect energy _____ and _____ usage?
 Is _____ heating/cooling expenses _____ power _____ a result of insulation?
 _____ change in _____ expenses and _____ usage _____ to _____ of _____ home?
 _____ affect heating/cooling expenses _____ electricity _____?
 Does an _____ house _____ effect on _____ bills?
 Will _____ heating, cooling _____ energy _____?
 Are the residential _____ by _____?
 _____ does insulation affect _____?
 Is insulation affecting how much _____ in _____?
 How _____ electricity _____ heating bills?
 _____ installation of _____ able to _____ my energy _____?
 _____ does insulation affect _____?
 Is _____ insulation, _____ expenses and energy consumption?
 _____ impact _____ insulation have _____ and overall power consumption?
 Is insulation going _____ costs and _____?
 Is insulation _____ reduce heating, cooling, or _____?
 Is _____ influence _____ insulation _____ power _____?
 _____ a _____ insulation and residential power _____?
 Can _____ affect residential _____?
 _____ electricity _____ affected _____ the _____ of insulation?
 _____ insulation _____ on _____ power expenditure?
 _____ does insulation have _____ do _____ heating/cooling _____ power _____?
 Will _____ insulation reduce spending _____ of _____?

Can ____ help cut _____ a home?

Is there _____ on utility costs if _____ insulated?

_____ there _____ impact on power costs _____?

_____ effect will _____ in my _____ have on my _____?

Does insulated _____ have different _____ use?

Is insulation an _____ on _____?

Will _____ be _____ to decrease heating/cooling _____ use?

_____ does _____ power bills?

_____ do insulation's effects _____ expenditure _____?

Does insulation _____ bills _____ heating _____.

_____ insulation _____ and power _____?

Will _____ difference in my _____ and _____ costs?

Is insulation _____ energy usage?

_____ am curious about _____ insulation _____ electricity bills.

_____ want _____ if insulation _____ much _____ spend _____ electricity for _____ home.

How _____ insulation _____ overall _____?

_____ utility _____ affected if the _____ is _____ insulated?

_____ insulation decrease spending or _____ electricity?

What impact does _____ have on _____ and _____ consumption?

_____ installing insulation going to _____ and _____ expenses?

Is insulation _____ costs?

_____ my home have on _____ and electricity usage?

Is insulation good _____ expenses _____ power _____?

_____ insulation _____ the _____ consumption _____ home?

_____ impact _____ costs from insulation?

How _____ insulation _____ in a _____?

How _____ insulation _____ utility bills?

_____ power consumption and energy _____?

_____ does proper _____ of heating and cooling and _____ use?

insulation _____ power expenditure _____

Will insulation _____ energy _____ power _____?

_____ you _____ relationship _____ insulation and home _____ usage?

Does _____ utility bills _____ with temperature control _____?

_____ affect power usage in _____?

_____ affect _____ spending?

_____ the power bill _____ the insulation of _____?

_____ effect does _____ on energy _____ at _____?

Does good _____ electricity use?

_____ heating/cooling _____ and overall _____ usage?

_____ it possible to reduce _____ electricity use by _____?

_____ insulation _____ costs and _____ use?

_____ installing _____ to reduce heating, _____ or _____ use?

_____ insulation make _____ difference _____ costs?

_____ installing insulation _____ cooling, or _____ electricity _____?

_____ does _____ on power _____ at home?

What _____ presence of _____ have on _____ electricity _____?

Will _____ spending _____ usage _____ electricity?

_____ better _____ affect spending _____ of electricity?

_____ insulation _____ home _____ usage?

What influences _____ have _____ home _____?

Will ____ energy costs be ____ ____ ?

Adding ____ can ____ residential ____ ____.

Could ____ insulations ____ ____ outlays?

____ does ____ ____ to residential power ____ and ____?

____ a ____ in ____ ____ electricity my home uses?

Installation ____ ____ might reduce heating, cooling, ____ overall electricity ____ ____ ____.

The ____ ____ insulation ____ residential electricity ____ ____ not known.

____ there any ____ in ____ ____ or heating/cooling expenses ____ to ____?

How ____ insulation ____ household ____ ____?

____ insulation lower ____ cooling ____ overall energy ____?

Is it ____ to ____ heating, ____ or overall electricity ____ ____ the ____ ____ ____?

____ does insulation ____ power ____ ____ home?

Are ____ ____ and power consumption affected ____ ____?

____ ____ energy ____ ____ by insulation?

Will ____ affect ____ ____?

Is ____ related ____ the power ____ ____ ____?

Is ____ any ____ on ____ power ____ due ____ insulation?

____ is ____ ____ of ____ on residential electricity ____?

Is ____ insulation able to cut ____ ____ ____?

I would ____ to ____ the ____ ____ and home ____ usage.

Will ____ installation ____ ____ reduce heating, cooling, or ____ ____?

____ ____ a ____ between insulation, heating/cooling, and ____ energy ____?
