

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Technical support for alarm system
Inquiry Sub-Category	Sensor placement and configuration
Description	Offering advice on optimal sensor placement to maximize security coverage, explaining the function of different types of sensors, and assisting with on-site configuration to optimize system performance.
Data Size	5,118 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Security and Alarm Company" customer inquiry. (Purchased data will not be masked.)

____ type of ____ is ____ glass ____ of attempted forced entry?

____ best way to detect ____ during a ____.

____ is better ____ detecting ____ glass during ____?

In case ____ forced ____ of sensor ____ best for detecting ____ breaking?

Seeking ____ type ____ sensor ____ can detect ____ glass ____ entry.

Which ____ can ____ forced entry?

____ break ____ for force ____ detection?

What ____ for ____ glass in a break-in?

____ sensor should ____ someone tries ____ break the window?

Which ____ sensor ____ broken glass ____?

Is ____ an optimal ____ sensor ____ shattered glass from ____ to ____ in?

Looking ____ equipment ____ can identify ____ someone is attempting to ____ by breaking windows.

Is ____ any sensor ____ detecting ____ a break-in?

Which ____ is ____ best ____ breaking if there is ____ at access?

Which ____ the ____ type of sensor ____ to ____ the glass?

The ____ sensor ____ glass break ____?

____ there ____ better ____ glass shattering during a ____.

____ we ____ a ____ type ____ detect forced-entry ____ broken ____?

____ a sensor ____ used ____ breaks in through ____?

____ is the ____ sensor ____ glass breakage ____ tries to break it?

____ bust a glass ____ what is ____ right sensor?

____ knucklehead tries ____ bust ____ glass ____ and get inside, what's ____?

____ type of ____ best for ____ glass breaking ____ cases of ____?

Should ____ best sensor be ____ identify ____ breakage ____?

What kind ____ sensors do you ____ detect ____ sign ____ intrusion attempts?

Looking for suggestions on ____ can ____ someone tries ____ enter ____ breaking ____.

Should ____ a ____ to detect glass ____ forced entry?

____ sensor to detect forced glass ____.

A type ____ sensor to detect ____ entry ____.

Is ____ sensor suited for ____ shattering during ____?

____ sensor ____ glass break ____ intrusions?

____ glass-breaking sensor for ____?

What ____ of ____ detect broken ____ a break ____?

____ to ____ our glass in, what is ____ right sensor?

____ sensor for detecting ____ intrusions.

Which ____ sensor ____ detect ____ by shattered ____?

When some knucklehead ____ to bust ____ glass ____ and ____ inside ____ the ____?

What type ____ best ____ breaking when forced Entry?

____ can detect forced ____?

____ we ____ sensor type to detect glass breaking ____?

If I ____ top-notch security against ____ through broken ____ of sensor ____?

The best sensor ____?

An ideal ____ alarm ____ to ____ glass ____.

How ____ break sensor for ____?

Which type ____ sensor ____ detecting ____ breaking during ____ attempted forced ____?

____ the ____ sensor for detecting ____ glass during a ____?

What type ____ is the ____ detecting glass ____ forced entry?

When some ____ break our glass ____ the ____ sensor?

Which ____ of sensor ____ best ____ in case ____ a forced ____?

____ of ____ should I use ____ detect ____ to ____ the glass?

____ sensor ____ detecting cracked ____ or ____.

____ the ideal ____ or intrusions?

____ type ____ is ideal for detecting ____ breaking incase ____?

____ choice ____ windows in a ____.

Which ____ discovers ____ break-ins?

Is ____ best ____ of sensor ____ detect ____ through broken ____?

Which ____ effective at ____ forced ____ by shattered ____?

____ type of ____ to ____ detecting glass breaking ____ a forced entry?

____ best sensor ____ break in ____?

____ best sensor to ____ when someone ____ bust ____ glass in?

Best ____ glass break ____ forceful entry?

____ to ____ glass ____ in a ____?

____ of ____ is ____ for detecting glass ____ in case ____ entry?

____ the ____ unauthorized entry through smashed windows?

A glass ____ is the ____ for detecting ____.

____ sensor ____ numbskulls ____ to break our windows?

____ sensor ____ at catching those ____ trying to ____ our ____?

Is any ____ the best for detecting ____?

____ is ____ best ____ for detecting broken ____ break-in?

Looking ____ suggestions on ____ perfect ____ equipment that can ____ entrance by ____ nearby windows.

____ sensor ____ sense ____ forced entry by shattering ____?

____ you ____ that ____ detect glass breaking during a forced ____ attempt?

____ sensor is ____ detecting glass ____ in ____ of a forced ____?

____ type of ____ ideal for detecting ____ breaking ____ is used?

Is ____ optimal type ____ sensor ____ shattered glass if ____ an attempted ____?

What ____ of ____ best ____ glass breaking in a ____?

____ type of sensor ____ capable ____ entry through shattered ____?

When someone tries to force ____ way in ____ what ____ sensor ____ use?

Looking _____ suggestions on the _____ sensory _____ detect _____ someone _____ to enter _____ with impact _____.

What _____ works best when numbskulls _____ our _____?

Is there _____ best suited _____ glass-breaking during _____?

_____ of sensor works _____ to catch _____ break our _____?

_____ detector _____ detect glass _____ during _____?

Is _____ way to _____ broken _____ during a _____?

Looking _____ suggestions on _____ perfect _____ that _____ when someone _____ entrance by breaking _____ windows with _____ forces _____?

_____ kind of _____ should I _____ to see if _____ to _____.

There _____ sensors _____ to detect glass _____ during a _____.

_____ sensor _____ best for those _____ trying to _____?

Which sensor can _____ broken glass _____?

_____ a person _____ bust _____ in, _____ the best sensor?

In case _____ entry, what _____ of sensor _____ to _____ breaking?

Which type _____ can _____ attempted forced _____ through _____?

When _____ glass _____ is the sensor most suited _____?

_____ an _____ type of _____ that can _____ there is an _____ break-in?

Looking _____ on the sensory _____ can _____ when _____ to _____ nearby windows with impact forces.

_____ wonder _____ there is _____ type _____ that can _____ shattered glass from _____.

_____ I _____ a top-notch _____ intrusion _____ broken _____ what type _____ should I _____?

Is a sensor _____ for _____ or _____.

_____ there _____ type _____ sensor _____ will _____ shattered glass from _____ break-in?

Which _____ sensor _____ be ideal _____ detecting _____ breaking _____ forced _____?

_____ is the best type of _____ glass _____?

_____ is the _____ for _____ during a break-in?

If _____ want _____ level _____ against _____ glass, _____ type _____ sensor should _____ use?

_____ a _____ that _____ alert us if someone tries _____ gain entry by _____?

_____ a _____ sensor _____ detecting glass _____?

I want _____ type of _____ if someone _____ to break the _____.

_____ detecting glass _____ attempts?

_____ the best _____ to detect _____ glass _____ a _____?

_____ a device that can identify a potential _____?

_____ sensor _____ someone _____ through glass?

_____ the best _____ to detect _____ during a _____?

Can _____ a _____ that _____ detect glass _____ during break-in _____?

Do _____ recommend a _____ type to _____ glass broken _____ forced _____?

_____ anything best _____ detecting _____ shattering during a _____?

What is the _____ for _____?

Is _____ to _____ glass-shattering during a break-in?

Is it best _____ sensor _____ can detect _____ during _____?

the best _____ for detecting _____

Is _____ that is _____ suited to detect _____ shattering _____ a _____?

Looking _____ the perfect sensory _____ can identify when _____ tries _____ break _____ windows _____ impact forces _____?

_____ sensor that can _____ glass- _____ during _____ break-in?

_____ be a sensor type _____ can detect _____ entry _____?

_____ sensor _____ for _____ break-ins?

Is _____ alert _____ someone tries to break the glass?

_____ sensor for _____ during intrusions.

The best way to _____?

The _____ sensor _____ glass _____ attempts?

Which _____ can _____ an attempt to _____ entry _____ glass?

_____ is _____ best sensor _____ detecting _____ during _____ break-in?

What is _____ best _____ to detect _____ break-ins?

_____ is _____ best _____ glass break-in attempts.

_____ force their way into the building _____ breaking _____ kind of sensor _____ use?

The best _____ force Entry _____?

If _____ top-notch _____ against intrusion _____ broken glass, what is _____ sensor?

What _____ the _____ way to detect _____ forced _____?

_____ sensor tracks _____ glass _____?

_____ type _____ is appropriate for detecting _____ forced entry?

Which type _____ is _____ for detecting _____ a forced _____?

_____ the _____ detector for detecting broken _____ break-in?

_____ preferred _____ detect forced entry _____ broken _____?

If _____ force _____ way in by _____ the _____ what kind of _____ will _____?

What _____ best _____ unauthorized _____ through broken windows?

When someone _____ to force their way _____ breaking _____ what _____ should _____ use?

_____ type of sensor is best _____ glass breaking in _____ event _____?

Is there _____ way to detect _____ during _____ in?

_____ sensor _____ the _____ for detecting _____ glass _____?

What _____ best works _____ those numbskulls _____ to _____ windows?

Best _____ to detect _____?

_____ someone _____ force _____ way in by breaking the glass, _____ of _____ I _____?

Which _____ is _____ to _____ break-ins?

_____ sensor can _____ glass _____ during _____?

_____ a better way _____ glass _____ in case of _____ entry?

_____ there a _____ detecting glass _____ attempts?

_____ most _____ sensor to _____ broken glass _____ a break-in?

_____ the _____ detecting forced glass breaks?

When _____ tries to bust our _____ is _____ right sensor _____?

Which sensor would work _____ glass?

_____ detecting glass break-in _____?

_____ could _____ glass breaking _____ a _____.

_____ is the _____ to detect an _____ through smashed _____?

_____ type of sensor is _____ detecting glass breaking _____ forced _____?

_____ an _____ to detect shattered glass _____ break-in?

_____ looks for _____ during forced _____?

_____ there a better _____ break-ins.

_____ an _____ type of sensor that _____ detect shattered _____ occurs?

_____ there a _____ type _____ sensor that _____ glass _____ attempted break-in?

_____ could _____ during forced entry?

As _____ attempted break-in, is there _____ type _____ sensor _____ shattered glass?

_____ there a _____ alert us _____ someone _____ to break _____ window?

Is there a perfect sensor _____ a _____?

Which type of _____ for _____ glass breaking in _____ forced _____?

_____ on _____ best equipment to _____ when _____ tries _____ break _____ window _____ get into _____ building.

Is _____ sensor best for _____ break _____ attempts?

Best _____ for _____ glass _____?

What's _____ method for _____ broken _____ during _____ break-in?

Are there _____ that can _____ broken glasses _____ of _____ attempts?

_____ recognizes _____ using shattered windows?

The _____ to detect forced _____ broken _____?

What instrument ____ best ____ break-ins?

I want ____ know the ____ sensor ____ detecting ____ entry.

____ there a ____ to ____ glass ____ during ____ Entry?

____ type of sensor ____ glass ____ if there ____ forced entry?

____ there a better type of ____ detect ____ of attempted break-in?

Which type ____ detecting glass breaking ____ of ____ entry?

____ of ____ best ____ to ____ breaking ____ windows ____ forced entry?

____ there ____ type that ____ detect ____ through broken glass?

____ looking for ____ sensory equipment ____ identify ____ someone ____ to enter ____ breaking ____.

The ____ to see broken ____ entry?

____ sensor ____ best ____ glass breaking in ____ forced entry situation.

The best ____ to ____ forced ____ broken ____?

Which type ____ sensor ____ for detecting glass ____ if ____ entry ____.

____ is a best sensor ____ detecting ____.

If someone attempts ____ the glass, is ____ a ____ that ____ us?

What ____ the best ____ break-ins?

____ sensor that ____ us if ____ to break a window?

A preferred ____ of sensor ____ detect ____ entry ____?

____ want ____ intrusion through ____ glass what type of sensor ____ use?

____ sensor ____ for ____ in forced ____?

What ____ sensor works best ____ catching the ____ to break ____?

What ____ of sensor ____ I ____ to ____ to break the ____?

What ____ the best ____ glass ____?

____ know what the ____ sensor is for when ____ to ____ our ____.

____ are ____ panes, ____ device should ____ use to ____ intrusion?

Is there a ____ detecting ____ intrusions?

____ to ____ for detecting ____ break-ins.

____ is the ____ sensor ____ attempts?

____ against ____ through broken glass, what type ____ device should I ____?

____ I want ____ security against ____ through broken glass, what ____?

Looking for ____ on ____ equipment ____ when someone tries to enter ____ breaking ____.

____ best glass ____ for ____ entries?

____ device can ____ glass ____ entry?

____ for ____ glass break-in ____?

____ we ____ the ____ sensor ____ detecting ____ breaking during forcible ____?

____ optimal type ____ sensor to detect ____ glass ____ attempted ____?

____ is ____ type to ____ forced entry through ____ glass?

____ to ____ forced-entry ____ broken ____?

A ____ of ____ can detect ____ through ____ glass.

Looking for suggestions on ____ can ____ attempts ____ entrance by breaking nearby ____.

____ method ____ glass break-in ____?

____ sensor ____ broken ____ forced entry?

____ about ____ that can ____ cracked windows or ____?

What type ____ sensor works ____ when ____ attempt ____ windows?

____ sensor is ____ if ____ in ____ glass?

____ is the ____ detect ____ entry through shattered ____?

____ sensor will work ____ at ____ those ____ trying ____ our ____?

Is ____ best ____ for detecting broken ____ break-in?

____ sensor ____ those ____ trying to break our windows?

____ in ____ and what ____ works?

_____ the best way to _____ attempts _____ intrusion _____ broken _____ are _____?

_____ for _____ sensory equipment that can identify when someone _____ to _____ been broken.

_____ a knucklehead _____ to _____ our glass in, _____ the _____ sensor _____?

Which type _____ the best for _____ glass _____ if _____ is an _____?

_____ the _____ sensor to _____ windows and intrusions?

Is _____ that can detect _____ glass when _____ attempts _____ break in?

What's the _____ detecting unauthorized _____ shattered windows?

_____ best glass break sensor _____?

_____ of _____ is best _____ when there's a forced entry?

When someone _____ to _____ the _____ what's _____ sensor?

Which type of _____ is _____ detecting _____ breaking _____?

Which _____ is _____ in detecting glass _____ in _____ of forced _____?

_____ sensors are _____ detect broken glass _____ entry?

Sensor best _____ for _____ when _____?

_____ type of _____ to _____ detect _____ entry through broken _____?

What's the best way _____ unauthorized _____ windows?

What _____ sensor _____ best when _____ attempt _____ windows?

Best _____ glass break-in _____?

_____ glass _____ for force entry _____?

Is _____ specific _____ the best _____ alert us _____ someone _____ break _____ glass?

_____ recommend a _____ type _____ glass breaking _____ a forced entry _____?

_____ suggestions on the best _____ to detect _____ to enter by _____ nearby _____ impact forces _____?

What _____ most _____ sensor for _____ glass _____?

If someone _____ force their _____ in _____ breaking _____ glass, what _____ sensor _____ use?

_____ want security against _____ through _____ what type _____ sensor _____ I _____?

Which _____ is _____ for detecting glass _____ in a _____.

If _____ in _____ glass _____ sensor _____?

Which _____ more likely _____ detect _____ glass _____?

_____ there a _____ should alert _____ if _____ tries _____ the glass?

Which _____ forced glass _____?

If there _____ what _____ of sensor _____ to _____ glass breaking?

What _____ the best _____ detect forced _____?

Which _____ is _____ likely to _____ glass _____?

_____ best _____ to detect broken _____ during _____ break-in?

How _____ sensor for broken _____ security?

Is there _____ type of _____ for detecting _____ through _____?

Is _____ sensor to detect _____?

When a _____ to _____ our glass _____ what's _____ right _____?

_____ type _____ that _____ glass during attempted forcible entry.

What _____ is _____ catching _____ numbskulls trying _____ break our _____?

_____ works best to catch _____ numbskulls _____ to _____?

Which sensor _____ forced _____ by _____ the glass?

Is the ideal _____ to _____ cracked _____ intrusions?

What is _____ best device _____ glass during _____?

_____ preferred _____ to detect forced _____ broken glass

_____ best sensor _____ detecting _____ glass _____ entering?

_____ choice _____ it comes to _____ unauthorized _____ through smashed windows?

Looking for _____ on sensory _____ someone _____ to get into a _____ breaking windows.

Which _____ is _____ detecting glass _____ in _____ forced Entry?

_____ there _____ suitable sensor _____ glass _____ during a forced _____ attempt?

Looking for _____ perfect sensory equipment that can _____ when _____ attempts to _____ by _____ forces.

Which _____ is _____ best for _____ in a _____?

What is _____ spot broken windows during _____?

Should _____ sensor _____ to detect glass _____ during a _____ entry _____?

_____ I wanted top-notch _____ against _____ glass, what _____ should I use?

Is it _____ detecting glass _____?

_____ you _____ is _____ glass break during break-in attempts?

Determine which _____ broken _____ sensor.

_____ there a _____ will _____ us _____ someone tries _____ break a _____?

_____ sensor _____ ideal for _____ breaking in a forced entry _____.

_____ the _____ glass break-in attempts?

_____ want top-notch _____ intrusion through broken glass, what _____ Sensor should _____?

Is there _____ that can _____ glass _____ during forced _____?

_____ is a sensor type that _____ forced _____ glass.

What _____ the best _____ to _____ breaking _____ windows _____ entry?

_____ someone tries _____ bust our glass in, _____ right _____?

_____ you know of _____ sensor _____ can _____ during a forced _____ attempt?

_____ a knucklehead _____ to bust _____ glass in and _____ what's _____?

_____ is the _____ to _____ breaking during _____ entry?

_____ use the best sensor _____ during entry?

_____ way to detect glass _____ a break-in?

_____ for suggestions _____ the _____ sensory _____ that _____ identify _____ tries to enter _____ breaking nearby _____?

What _____ the _____ sensor for _____ numbskulls trying _____ windows?

_____ of sensor _____ best _____ detecting _____ breaking during an _____ forced _____?

_____ sensor is _____ detect _____ entry by shattering the _____?

_____ is the best _____ intrusion when there _____ broken _____?

_____ glassbreaking sensor _____?

_____ sensor _____ unwanted entry?

Is _____ preferred sensor _____ entry through _____ glass?

_____ there _____ better _____ detect shattered _____ from attempted _____?

_____ sensor distinguishes _____ during forced _____?

_____ person tries to bust _____ what's the _____ sensor?

The _____ for _____ break-in attempts?

_____ detecting glass break-ins?

_____ type _____ sensor _____ best to _____ glass breaking _____ of _____ entry?

_____ type _____ is ideal _____ case of forced entry?

Looking _____ suggestions on _____ equipment _____ can _____ when _____ tries _____ a _____ in order _____ get _____?

_____ type of sensor for _____ a forcible entry.

If there is _____ forced _____ what type _____ best _____ detecting _____?

What sensor _____ the _____ when _____ break our _____?

_____ type of _____ is best to _____ breaking _____ forced _____?

An _____ choice to detect _____ a _____.

_____ best _____ those numbskulls who try _____ our windows?

There _____ that can _____ used to detect _____ during _____ break-in.

What is _____ preferred sensor _____ detect _____ through broken _____?

In _____ forced entry what _____ of sensor _____ detecting _____ breaking?

The most _____ use for _____ glass _____ entering?

Which is _____ of _____ for _____ glass breaking _____ someone tries _____ break _____?

What Sensor _____ when numbskulls try _____ our _____?

Is there a _____ type _____ glass _____ forced _____ attempts?

I'm looking for suggestions _____ best _____ identify when someone tries _____ windows.
 _____ type _____ sensor can _____ a _____ glass _____ entry?
 _____ best way to _____ glass at _____ break-in?
 _____ we recommend _____ sensor _____ detect _____ breaking _____ a _____ entry?
 _____ type of _____ should _____ to detect _____ trying _____ break _____ glass?
 Is _____ the _____ breaking _____ for _____ entry?
 _____ to bust _____ glass in, _____ sensor for it?
 _____ detect glass _____ a forced _____ please recommend _____ suitable _____ type.
 If someone _____ their _____ by breaking the _____ kind _____ sensor would I _____?
 _____ is suitable for _____ smashed-glass _____?
 _____ for _____ glass break-ins?
 _____ to use a sensor for _____ break-ins.
 _____ kind _____ sensor _____ for detecting glass breaking _____ of _____ Entry?
 Which sensor _____ best _____ catching the _____ to _____ our _____?
 _____ we suggest a _____ detect _____ breaking _____ a forced entry _____?
 _____ I _____ security _____ broken glass _____ what _____ sensor should _____ use?
 _____ sensor can detect _____ by shattering the _____?
 _____ break sensor _____ best _____ force _____ detection?
 _____ sensor _____ to detect forced entry _____ glass?
 _____ sensor is better _____ broken _____ in a _____?
 _____ works when _____ breaks _____ glass?
 What _____ should I use _____ detect _____ someone _____ break _____ glass?
 There _____ sensor _____ that detect _____ through broken _____.
 Is _____ glass _____ detector?
 The _____ of sensor _____ forced _____ through broken glass.
 What's the best sensor _____ knucklehead _____ our glass _____?
 _____ sensor _____ broken _____ during forced _____?
 Which _____ of _____ is _____ glass _____ during _____ forced entry?
 Which sensor _____ out _____?
 Can you _____ sensor that _____ detect broken _____ robbery?
 _____ type of sensor is _____ detecting _____ breaking _____ forced _____ situation?
 _____ you _____ a _____ that _____ detect _____ breaking _____ a forced _____ attempt?
 _____ type _____ sensor is the _____ detect glass _____ in a _____ entry?
 _____ type of sensor is best _____ detecting _____ glass?
 _____ type _____ ideal _____ detecting glass _____ in case _____ Entry?
 Are _____ any sensors _____ in _____ broken _____ a _____ of intrusion _____?
 What _____ sensor _____ be used to _____ during a _____?
 What kind _____ should _____ use if _____ tries _____ break _____ window?
 Is there _____ type _____ sensor for detecting _____ after _____?
 The type of sensor _____ ideal _____ detecting _____ breaking in _____.
 _____ sensor best _____ for _____ during a break-in?
 Best _____ break _____ for _____?
 Which kind _____ can _____ forced _____ through shattered _____?
 _____ sensor _____ at detecting _____ glass break-ins.
 If someone _____ force _____ by breaking _____ glass, what _____ of sensor _____ I _____?
 The best _____ glass break-in _____?
 Do _____ use _____ best sensor _____ identify _____ during _____ entry?
 Which is _____ best _____ of _____ for _____ case of _____ attempt _____ access?
 Looking for suggestions _____ equipment that _____ identify _____ tries to _____ a window _____ get _____?
 Should _____ recommend _____ for detecting _____ breakage _____ forced entry _____?

_____ is best for _____ glass break during _____?

_____ the ideal sensor _____ detect _____ windows _____ intrusions?

Looking for suggestions _____ sensory equipment _____ can identify _____ an _____ by _____ windows?

_____ type _____ sensor _____ forced entry _____ broken glass?

Are there sensors _____ detect broken _____ of _____ attempts?

What _____ of sensor _____ best for _____ during _____ forced _____?

_____ there a perfect _____ a _____ glass entry?

The _____ break-in attempts?

_____ it _____ broken window _____ device should _____ used to detect attempts _____?

_____ tries _____ force their _____ in by breaking _____ glass, _____ of _____ should I use?

_____ is _____ for _____ glass break-ins

Looking _____ on sensory _____ identify when someone tries _____ by _____ windows.

Which _____ detect a forced _____ by shattering _____.

Which sensor _____ break in?

Which sensor _____ forced _____?

Is _____ a _____ sensor that can _____ breakage _____ a forced _____?

_____ someone _____ to _____ glass _____ and get inside what's _____ right _____?

Which sensor _____ forced entry by _____ the _____?

Which type of sensor can _____ used _____ glass breaking _____?

Is there _____ for _____ glass during a _____?

_____ of sensor _____ glass break-ins?

_____ that can detect broken _____ as signs _____ attempts?

_____ out broken glass _____ entry?

_____ it the _____ appropriate _____ detecting shattered glass _____?

_____ a knucklehead tries to bust a _____ right _____?

Should _____ the best _____ for detecting glass breakage _____?

_____ best equipment _____ detect when someone tries _____ by _____ nearby windows with impact _____.

What kind _____ sensor _____ best for _____ numbskulls trying _____?

_____ their way in with a _____ what kind of sensor should _____?

What _____ the ideal _____ detect cracked _____ or _____?

_____ to catch glass breaking _____.

_____ the best for detecting _____ break during _____?

If someone tries to force their way _____ breaking _____ what _____ I _____?

Which sensor _____ detect a forced entry _____?

When a _____ our glass in, _____ the _____ sensor?

Is _____ a _____ type to detect _____ glass?

_____ type of _____ is best _____ detecting glass breaking _____ a _____?

_____ a sensor _____ alert us _____ to gain _____ by _____ the glass?

_____ is _____ to _____ glass during a break-in?

Glass _____ sensor is best _____?

Looking _____ on the _____ equipment to detect _____ attempts _____ entrance by _____ with _____ forces only?

_____ type _____ sensor should be _____ detect _____ breaking during forced _____?

Should the best _____ be _____ for _____ breakage _____ forcible _____?

Should _____ type _____ sensor _____ detect forced _____ through _____ glass?

_____ type _____ sensor to _____ to _____ forced _____ through broken _____

Is _____ any sensor _____ for _____ breaking _____ a _____?

Which is the _____ sensor?

_____ type _____ can _____ broken glass _____ acible entry.

Should _____ best _____ used _____ detecting glass _____ during forcible _____?

Sensor _____ detecting shattered _____ is forcefully entered?

_____ there _____ sensor that _____ automatically detect _____ glass _____ someone tries to _____ ?
 _____ should _____ catch those numbskulls _____ to break our _____ ?
 Looking for suggestions on _____ can identify when someone _____ illegal _____ .
 Looking for _____ on the _____ sensory equipment that _____ when someone _____ by _____ nearby _____ .
 There _____ sensors _____ can catch _____ breaking _____ a _____ .
 _____ for _____ break during intrusions?
 _____ a _____ of sensor for _____ forcible entry.
 _____ best _____ breaking _____ entry?
 _____ kind _____ best to detect glass _____ ?
 _____ sensor _____ for detecting _____ windows _____ invasions?
 Which sensor _____ for detecting _____ during forced _____ ?
 _____ of sensor is _____ best for detecting glass _____ forced _____ ?
 _____ type of sensor _____ used _____ detect _____ in a forced _____ ?
 If _____ tries to break the _____ force _____ way in, _____ type _____ use?
 _____ there a good way to _____ a _____ ?
 _____ a _____ to detect forced _____ through _____ glass?
 _____ break sensor _____ best for _____ ?
 _____ broken glass _____ forced entry?
 _____ catches _____ glass _____ best?
 _____ for _____ on _____ perfect _____ equipment _____ can identify when someone _____ break _____ with _____ only?
 Which _____ the _____ detect broken glass _____ a _____ ?
 The best _____ entry?
 Should we use _____ sensor to _____ glass _____ ?
 What _____ sensor is _____ for detecting glass _____ a forced _____ ?
 _____ detect _____ break-in attempts?
 Is there a better _____ shattered glass _____ attempted _____ ?
 _____ want _____ security _____ through broken glass, _____ type of sensor should _____ ?
 Is there _____ better type _____ that _____ glass _____ someone _____ to _____ in?
 _____ someone attempts _____ their _____ by _____ what kind of _____ should I use?
 A _____ is _____ for _____ entry detection.
 _____ a _____ alert _____ if someone _____ to break the window?
 _____ best glass break _____ for _____ .
 Does _____ best _____ detecting _____ shattering _____ a break-in?
 Which sensor is best _____ detect _____ during _____ ?
 Best _____ break-in attempts?
 _____ device that will _____ shattered windows in _____ ?
 _____ sensor can see an _____ shattering the _____ ?
 _____ best sensor _____ glass breakage _____ forcible entry?
 _____ broken glass _____ sensor to _____ ?
 Which _____ monitors _____ during forced _____ ?
 _____ which sensor _____ better _____ glass _____ .
 _____ of _____ ideal for detecting glass _____ case of forced _____ .
 Is _____ for _____ broken windows during _____ break-in?
 Which _____ best for _____ glass break in _____ ?
 _____ of _____ is best for _____ glass _____ in an _____ entry?
 _____ entry, should _____ the best sensor for _____ glass _____ ?
 _____ identifies forced _____ break-ins?
 _____ better way _____ glass-shattering in a break-in?
 Is it better _____ a _____ glass break-ins?
 _____ sensor for broken glass security?

____ preferred ____ for detecting ____ entry through ____ glass?
 ____ better type of ____ to detect ____ through broken ____?
 ____ about a sensor that ____ detect ____ or ____?
 ____ kind ____ sensor ____ I use ____ if someone ____ to ____ glass?
 What ____ of ____ is ____ detect glass breaking ____ a ____ entry?
 Which ____ is best ____ glass in an attempted ____?
 ____ sensor ____ forced glass ____ best?
 Which type is ____ for detecting ____ in ____ Entry?
 ____ use the best ____ glass break-ins?
 Which type of sensor ____ for ____ glass ____ in the ____ a ____?
 ____ to ____ our glass in, ____ correct ____ to use?
 ____ sensor ____ detect ____ through broken glass?
 What is ____ best detector ____?
 There is an ____ type of sensor ____ detect ____ a ____.
 ____ sensors that ____ detecting glass shattering ____ a break-in?
 Best method ____ glass ____?
 What sensor ____ the ____ at catching ____ trying ____ our ____?
 Seeking a sensor type to ____ attempted forcible ____.
 ____ sensor ____ detect forced entry ____?
 Is ____ a better type ____ sensor ____ glass ____ attempted break-in?
 What type ____ sensor ____ to detect ____ breaking in ____ forced entry?
 ____ finds forced ____ best?
 The ideal ____ cracked windows ____.
 There are sensors that ____ catch ____ breaking ____.
 ____ the ____ sensor look ____ for ____ glass break-ins?
 Should ____ a preferred sensor ____ detect forced ____ glass?
 ____ sensor for ____ glass break-ins?
 Which type ____ detecting glassbreaking in case ____?
 ____ specific sensor that would ____ to break the glass?
 The ____ sensor ____ used to detect ____ or ____.
 ____ type of ____ should I ____ someone ____ to ____ the ____ to ____ entry?
 ____ type ____ sensor ____ can ____ glass when there ____ an attempted break-in?
 ____ sensor ____ forced ____ best?
 ____ the best ____ for when ____ knucklehead ____ glass in.
 What sensors ____ best for ____ shattering ____ a ____?
 What ____ the ____ way to detect ____ window panes occur?
 ____ there a ____ that ____ detect ____ during ____ break-in?
 What sensor ____ if someone ____ glass?
 Sensor ____ can detect forced ____ broken ____?
 The ____ sensor to detect ____ through ____ glass?
 ____ that ____ breaking ____ a break-in?
 ____ that will ____ glasses ____ signs of intrusion attempts?
 ____ is better at ____ forced ____?
 ____ a ____ that works ____ at catching ____ trying ____ break ____ windows?
 ____ it better ____ break ____ force entry detection?
 As a ____ of attempted ____ optimal ____ sensor that will automatically ____ glass?
 ____ there ____ best ____ for ____ entry?
 Is there ____ type ____ that can automatically detect ____ glass ____?
 Looking for ____ sensory equipment ____ when someone attempts to enter ____ breaking ____ with ____
 forces.
 Which ____ indicates ____ forced entry?

____ sensor ____ the ____ for ____ when ____ tries to get in?
 A ____ sensor ____ detecting ____ ?
 What ____ works ____ those ____ tryna break ____ windows?
 What ____ the ____ to ____ unauthorized entries ____ windows?
 Looking for suggestions on ____ sensory equipment ____ someone tries ____ in ____ breaking ____.
 What ____ of sensor ____ ideal ____ in a ____ entry?
 ____ someone tries to break ____ what ____ should I ____?
 Is there ____ particular sensor that ____ to break the ____?
 What ____ of ____ works ____ when numbskulls ____ break ____ windows?
 ____ easily ____ shattered windows in potential ____?
 ____ the best type ____ detect forced-entry through ____?
 ____ a sensor ____ can ____ broken glass during ____.
 Is it ____ works best ____ catching those ____ trying ____ our ____?
 Which sensor does the ____ job ____ forced ____?
 ____ type to detect ____ glass?
 Should the ____ broken glass?
 Sensor that ____ glass ____ being forcefully ____?
 ____ sensor is best ____ detecting ____.
 Which ____ the most ____ at ____ forced ____ break-ins?
 ____ an optimum ____ automatically detect shattered glass when someone tries ____ break ____?
 Can ____ tell me the ____ to detect ____ attempts?
 What ____ is best for detecting ____ breaking ____ forced ____?
 What is the best ____ for ____ during a ____?
 ____ sensor ____ most reliable ____ forced ____ break-ins?
 In ____ of ____ forced ____ which ____ best type of ____ for detecting ____ breakage?
 ____ sensor protects against ____?
 Is ____ a best suited ____ glass ____ during a ____?
 ____ for ____ on the ____ sensory ____ to identify when ____ tries to ____ nearby windows.
 There are ____ detect ____ as ____ sign of intrusion attempts.
 ____ type of sensor ____ in a crime?
 If ____ in through ____ sensor would work?
 Is ____ sensor ____ broken windows ____ break-ins?
 ____ sensor ____ forced ____ break-ins?
 With shattered ____ sensor ____ catch attempted entry?
 What is the best ____ glass ____ break-in?
 ____ glass is ____ entered what is the ____ use?
 ____ for ____ on ____ equipment to identify ____ someone tries to break a ____ building.
 ____ there a ____ detect unauthorized entry ____ smashed ____?
 What's ____ to ____ unauthorized entry through smashed ____?
 ____ sensor type ____ detect ____ entry through ____ glass?
 ____ sensor ____ detect ____ best?
 ____ breaking ____ forced entry, what ____ can ____?
 Looking for ____ on the best sensory ____ when ____ tries ____ enter ____ by breaking ____.
 Are ____ ideal sensor ____ detecting ____ intrusions?
 Looking ____ suggestions ____ best ____ to detect when someone ____ a ____ entrance by ____ windows.
 What's best for ____?
 ____ type ____ to ____ to ____ through broken glass?
 ____ there ____ sensor ____ could ____ glass ____ a break-in?
 What is ____ if someone ____ our glass in?
 What is the ____ method to ____ break-in?

If I _____ security _____ intrusion through _____ type of sensor should _____?
_____ type _____ ideal for _____ glass breaking in a _____?

I'm looking for _____ on _____ identify _____ someone attempts _____ entrance _____ windows.
_____ it the best _____ detecting _____ break-in _____?
_____ someone _____ our glass in, _____ the _____ to use?

Best _____ of _____ break-in _____?
_____ you think the _____ glass _____ sensor is _____?

Is there a _____ way _____ break _____ break-ins?
_____ best choice _____ sensor _____ catch glass _____?

The _____ sensor _____ detecting broken glass _____ in.
_____ sensor _____ detect broken glass against attempted _____?
_____ that can detect cracked windows _____ is _____.
_____ break-in _____ sensor?
_____ suitable _____ type be recommended to detect _____ breakage _____ entry _____?

When _____ what is _____ sensor to detect broken _____?
Is the best _____ glass _____ a break-in?
When _____ to broken _____ panes, _____ device _____ we _____ detect _____ at intrusion?
Could the _____ cracked _____ intrusions?
What type _____ to detect _____ entry _____ broken glass?
In _____ attempted _____ which type of sensor _____ the best _____ detecting _____?
_____ sensor can _____ entry _____ shattering _____?
_____ there any sensor best _____ glass-shattering _____ break-in?
_____ device for _____ glass _____?
_____ for detecting glass _____?

Can the _____ break-ins?
_____ type _____ should I use _____ myself against _____ intrusion?
What kind of _____ works best _____ our _____?
_____ sensor _____ the best to _____ glass break-ins?

Looking for _____ on _____ sensory _____ to _____ someone tries _____ windows with _____ forces only?
_____ optimal _____ that can _____ shattered glass _____ attempted break-in?

Is _____ a better _____ detecting glass _____ forcible _____?
_____ glass _____ sensor is best?

Do _____ sensor type to _____ glass _____ during a _____ attempt?
_____ I want top-notch security against _____ what _____ sensor should I _____.
_____ there _____ better _____ to detect _____ break-in attempts?

Do you _____ glass _____ during break-in attempts?
_____ sensor _____ a forced entry _____ shattering _____ glass?
_____ there _____ to detect forced entry through _____?
_____ sensor _____ stop _____ entry?

What _____ sensor _____ used to _____ glass break-ins?

Is there a _____ sensor _____ through broken glass?
_____ is the best _____ detecting unauthorized _____ smashed _____?

Which type _____ for detecting glass breaking _____ entry.
_____ you _____ a _____ to _____ broken windows _____ break-in?
_____ sensor to _____ forced glass _____?
_____ tries to _____ glass, what's the _____ sensor _____ use?

Do you recommend _____ sensor _____ for _____ breakage _____ forced _____ attempts?
_____ type of _____ optimal _____ detecting _____ breaking in a _____?
_____ you prefer _____ detect forced _____ through broken _____?
_____ catch _____ during break-in

What _____ best _____ to _____ unauthorized _____ smashed windows?
 If _____ tries _____ bust our _____ right sensor for?
 Should we _____ sensor _____ glass breakage _____ forced entry attempts?
 _____ the _____ method _____ detection _____ unauthorized entry _____ smashed _____?
 _____ preferred sensor _____ detect _____ entry _____ glass?
 _____ best _____ to _____ breaking _____ during forced entry?
 _____ windows in a break-in?
 Is _____ ideal type _____ that _____ detect _____ when someone tries _____ in?
 Does the _____ glass _____?
 _____ there _____ sensor _____ is _____ for _____ broken during a break-in?
 Looking _____ suggestions _____ sensory equipment _____ can tell _____ someone is trying _____ windows?
 The best _____ break-ins?
 What is _____ best _____ break-ins?
 Is _____ type of _____ that can detect shattered glass _____?
 There are _____ sensors that _____ detect glass _____.
 Which is the _____ type _____ to use _____ glass _____?
 _____ for detecting _____ break-ins?
 _____ there _____ sensor for detecting _____.
 Which _____ is _____ detecting _____ breaking in _____ forced _____ scenario.
 Seeking _____ type that can _____ glass _____ attempted forcible _____.
 _____ a sensor _____ used _____ broken _____ during a break _____?
 _____ the best sensor _____ break-ins?
 _____ a _____ that _____ broken _____ an attempted forcible entry.
 What is the _____ sensor _____ when _____ tries _____ bust _____ in?
 Is a _____ detecting _____ during a break _____?
 _____ best at detecting _____ break-ins?
 When a knucklehead _____ bust our _____ the right sensor?
 _____ best _____ glass break-ins?
 _____ forced glass break-ins?
 Should _____ recommend a _____ glass breakage _____ a forced _____?
 Do _____ a sensor _____ can _____ broken windows _____ crime?
 _____ a knucklehead _____ our _____ is the best _____ to use?
 _____ is _____ best to _____ to detect _____ break-ins?
 _____ there a _____ can _____ if a break-in is _____?
 Looking for _____ on the _____ that can _____ someone _____ to enter by _____ nearby _____ impact forces _____?
 What type _____ sensor _____ best for _____ breaking _____ a _____?
 _____ someone _____ to bust _____ glass _____ what's the _____ for?
 Which _____ of sensor is _____ for detecting glass _____ when _____?
 _____ to _____ glass _____ during _____ in?
 Is _____ best _____ glass breaking during _____ break-in?
 Is _____ sensor _____ shattered glass when entering?
 Which is the _____ kind _____ sensor _____ glass _____ someone tries _____ break _____?
 _____ Glass _____ sensor _____ best for _____ entry detection?
 _____ best to use _____ detect glass break-ins?
 _____ it _____ identify _____ breakage during _____ with the _____ sensor?
 _____ is the best type of sensor _____ detecting _____?
 _____ knucklehead _____ our glass in, _____ the correct sensor?
 _____ sensor that can detect glass break _____?
 Is _____ the _____ to detect forced entry _____?
 _____ used to detect glass _____ during _____ attempts?

Which _____ detect _____ glass during _____?

_____ ideal _____ glass break during _____.

_____ is _____ best way _____ intrusion _____ broken window _____?

Is there an _____ type _____ will _____ detect shattered _____ from _____?

Which _____ forced glass breaking?

Do you _____ sensor _____ detecting _____ break-in attempts?

_____ the best way to see _____ through _____?

_____ most efficient _____ to spot breaking _____ entry?

_____ sensor does _____ of _____ glass break-ins?

Is there _____ of _____ that will _____ shattered glass _____ a _____?

Is there a _____ best _____ glass shattering _____ break _____?

_____ preferred _____ of sensor for _____ entry _____ glass.

Do _____ a suitable _____ type _____ detect _____ during a _____ attempt?

Do you _____ sensor works best _____ to break our _____?

When _____ glass in, _____ is the right _____ for?

_____ we _____ a suitable sensor type to _____ forced entry _____?

_____ type was _____ for detecting glass breaking _____ entry?

When _____ tries _____ our glass in, _____ best _____ for _____?

_____ sensor better _____ force entry _____?

Which is _____ detecting forced glass _____?

As a _____ of _____ an _____ of sensor _____ detect shattered glass?

_____ an _____ sensor _____ detecting broken _____ during forced _____?

Which type of sensor is ideal for detecting _____?

Is _____ break-ins _____ with a _____?

Which _____ is the _____ for detecting _____ glass _____?

_____ you tell _____ a _____ that would be ideal for _____?

_____ is the best _____ it _____ to _____ entry through _____ windows?

_____ someone _____ gain _____ breaking the _____ is there a specific _____ that _____ alert us?

_____ the ideal _____ would detect cracked _____ intrusions?

_____ there a _____ sensor that _____ windows _____ intrusions?

_____ sensor _____ glass break-in _____.

Are there _____ that can recognize _____ break-in _____?

Which _____ is ideal for _____ break _____ case _____ entry?

_____ for unwanted entry?

Is there _____ better sensor _____ breakage during _____?

Looking _____ on the _____ equipment that _____ tries to break a window to _____?

If someone _____ force _____ in by breaking _____ glass, what _____ sensor should _____?

If _____ want _____ security _____ intrusion through broken _____ what _____ of _____ should _____?

What's _____ best option for detecting _____ windows?

_____ find _____ glass in _____ entry?

_____ sensor shows _____ glass _____?

_____ type _____ sensor would be _____ for _____ glass breaking during _____?

_____ sensor type _____ glass in attempted _____ entry.

The _____ detecting _____ break in _____.

_____ is the best _____ detecting glass _____ when _____ is an _____ access?

What sensor _____ catching _____ trying to _____ the windows?

_____ suggestions on _____ that can identify _____ unlawful _____ by breaking nearby windows.

_____ is _____ way _____ detect glass shattering during _____?

What _____ at catching _____ numbskulls _____ to break _____ windows?

_____ most _____ for _____ glass _____ entered?

Which _____ the _____ forced glass _____?

What _____ better _____ detecting glass _____ during a _____ entry?

_____ type of _____ is _____ for _____ glass _____ entry occurs?

_____ I _____ top-notch _____ intrusion through _____ glass, what type _____ sensor should _____?

_____ to catch _____ during _____ break-in?

_____ sensor _____ use _____ protect myself _____ broken glass intrusion?

What sensor should _____ use _____ break in _____?

_____ sensor _____ glass _____?

_____ know _____ type _____ sensor _____ can _____ glass _____ during a _____ entry attempt?

_____ the _____ sensor for broken _____.

_____ of sensor is _____ best for _____ during forced _____?

_____ suggestions _____ the _____ detect when someone attempts _____ nearby windows with impact _____ only?

Which _____ detect glass _____?

_____ we _____ the _____ sensor to _____ during forcible entry?

If _____ top-notch security _____ broken glass, _____ type _____ sensor should I _____?

_____ is best _____ forced _____ break-ins?

Is _____ for detecting broken _____ in a _____?

_____ best for _____ broken glass _____ a _____?

Best _____ breaking _____ for _____?

_____ for suggestions on sensory _____ that can _____ when someone is attempting _____?

The _____ to _____ during an intrusion.

What's _____ best _____ detect broken glass _____?

_____ someone tries to _____ our _____ the correct _____?

What _____ sensor _____ detect broken windows _____ a _____?

What _____ works best _____ numbskulls _____ the windows?

If someone _____ force _____ way _____ breaking _____ glass, what kind _____ sensor should _____?

Which sensor looks _____ entry?

Which type of sensor is ideal _____ breaking _____?

Which sensor can _____ enter by _____ the _____?

_____ smell glass break-ins?

Which sensor _____ break ins?

In _____ forced _____ what _____ sensor _____ ideal for detecting _____ breaking?

_____ can detect _____ break-ins?

The _____ sensor _____ capable of detecting _____ intrusions.

_____ sensor should we _____ detecting _____?

_____ want to identify glass _____ during forcible _____ should _____ best _____?

What type _____ is _____ for _____ broken in _____ entry?

_____ a sensor be _____ for detecting _____ break _____?

_____ the best sensory _____ to _____ someone _____ by breaking windows with impact forces only?

The _____ sensor _____ and intrusions.

_____ the best _____ for _____ glass breakage during forcible _____?

_____ tries _____ bust _____ glass _____ get _____ what's the right sensor?

_____ type _____ sensor for detecting _____ when _____ tries to get in?

Is there _____ better _____ catch _____ breaking _____ break-in?

_____ suitable _____ type _____ used to detect _____ forced entry attempt?

_____ type _____ sensor _____ the best _____ detecting _____ case of a _____ access?

_____ sensor _____ can detect _____ windows or _____ ideal.

Which _____ the best _____ security _____?

The _____ device _____ detecting _____ attempts?

_____ it _____ to detecting unauthorized _____ smashed _____ the best choice?

_____ a sensor _____ detect glass breakage _____ forced _____ attempts?
 _____ the ideal _____ detecting glass _____ intrusions?
 _____ has the best chance _____ detecting forced _____?
 Is the best _____ glass during _____ break-in?
 When _____ break-ins, what _____ best?
 What type of _____ works _____ our windows?
 _____ think _____ best glass-breaking _____ for unwanted entry?
 Should _____ best _____ be _____ to _____ broken during forcible _____?
 _____ sensor would be _____ if someone _____ glass?
 Is _____ Sensor most _____ glass when entering?
 _____ type of _____ for detecting _____ in case of forced _____?
 Which _____ can easily _____ shattered _____ potential break-ins?
 When a _____ tries _____ our _____ in, what's _____ best _____ to _____?
 Is _____ a _____ can identify _____ glass as _____ break-in?
 _____ the better sensor _____ detect _____?
 Which _____ best type of sensor for _____ someone tries to _____?
 _____ of sensor is best _____ during forced entry?
 Which type _____ sensor is ideal for _____ breaking _____ forced _____?
 What sensor works best _____ try _____ windows?
 Can _____ a perfect _____ shattered glass entry?
 Which sensor _____ to detect forced _____?
 _____ sensor useful _____ force _____ detection?
 _____ sensor _____ catching _____ trying to _____ our windows?
 If someone tries to _____ sensor _____ I use?
 Do _____ recommend a _____ can _____ during a _____ in?
 Which _____ is _____ detecting forced _____?
 Which _____ sees _____ glass in _____?
 _____ spot attempted forced entry _____ shattered glass?
 the best _____ glass _____
 _____ there _____ sensor for _____ windows or intrusions?
 What _____ best _____ to detect _____ windows _____ a _____ in?
 _____ sensor _____ catch glass _____ a _____.
 What _____ of _____ detect broken glasses _____ of intrusion attempts?
 Seeking _____ sensor type _____ broken _____ forcible entry.
 _____ is _____ for glass break-ins?
 Which sensor is _____?
 _____ there _____ optimal type of sensor _____ detect shattered _____ after _____?
 _____ broke in through _____ sensor _____ work?
 _____ we use _____ detect _____ at _____ broken window panes?
 _____ a _____ be used _____ glass broken during a _____ attempt?
 _____ sensor _____ attempted _____ entry by _____ the glass?
 _____ to catch _____ break-in.
 _____ any _____ suited _____ detecting glass- shattering _____ a _____?
 _____ top security against _____ through _____ glass, what type _____ should _____ use?
 What is _____ sensor _____ when numbskulls _____ to _____ our _____?
 The _____ glass _____ during intrusions.
 _____ top-notch security _____ intrusion _____ broken glass _____ what _____ of sensor _____ I _____?
 Seeking sensor _____ can _____ during attempted entry.
 _____ sensor for detecting _____.
 _____ there a sensor that _____ us _____ someone _____ get in _____ glass?

Which type of _____ for _____ breaking when forced entry _____.

Sensor that _____ catch glass _____?

When a knucklehead tries _____ the glass _____ the _____ sensor _____?

Looking for _____ the best _____ to identify _____ to enter _____ breaking _____ windows?

Which _____ the _____ detecting forced _____ break-ins?

_____ you recommend _____ sensor _____ to detect _____ during a _____ attempt?

_____ recognizes a break-in _____ windows?

Which _____ spot broken _____ forced _____?

Is _____ to _____ the best sensor for detecting _____ breaking _____ entry?

_____ the _____ sensor _____ catch a glass _____?

_____ of _____ used _____ detect glass breaking during a _____?

_____ for _____ break during intrusion?

What's _____ best way to _____ knucklehead _____ bust our _____?

What is the _____ sensor _____?

_____ is _____ sensor _____ detect _____ someone _____ to _____ our glass in?

What kind _____ detect glass _____ during _____ entry?

_____ the _____ sensor to detect broken _____ a _____?

_____ be used to identify smashed-glass _____ on _____?

What _____ the _____ type of sensor _____ forced _____ glass?

_____ kind _____ sensor _____ best when _____ break our windows?

For detecting glass _____ is _____?

What is the most _____ detect broken glass _____?

_____ sensor _____ glass for unwanted _____?

_____ is an _____ type of sensor _____ detect shattered _____ attempted _____ occurs.

_____ the best sensor to _____ glass _____?

_____ you know _____ sensor _____ use for _____ glass _____?

_____ a _____ sensor type for _____ breaking during a forced _____?

Best glass _____ for _____?

_____ on the _____ sensory _____ to identify _____ someone tries _____ break a window _____ get _____ building?

Which _____ glass _____ forced entry?

_____ is _____ best sensor _____ when _____ knucklehead tries to _____ our _____?

_____ suggestions _____ best _____ detect when someone tries _____ enter _____ breaking windows.

_____ of _____ detecting _____ breaking when there _____ a forced entry.

Should _____ a sensor _____ I want top-notch _____ intrusion _____ glass?

Do you _____ what _____ is _____ glass break-ins?

_____ a _____ breaking _____ for unwanted entry?

What's _____ sensor _____ catch glassbreaking _____?

What _____ of _____ I _____ someone _____ to force their way in _____ breaking _____?

_____ ideal _____ break during intrusion?

In _____ of attempted _____ which _____ sensor is better _____ glass _____?

_____ recommend a _____ sensor _____ detect glass breaking _____ forced entry _____?

_____ of _____ is _____ detecting glass breaking if _____ a _____ entry?

Which _____ of _____ better _____ detecting _____ breaking in _____ of _____ entry?

Which _____ better sensor _____ forced _____ break-ins?

What _____ of _____ can detect _____ in _____ break-in?

Is _____ particular _____ that _____ alert us _____ someone _____ break the _____?

_____ it _____ to detecting _____ smashed windows, what is the _____?

In case of _____ entry what _____ is _____ best for detecting _____?

_____ case of _____ what _____ of _____ ideal for _____ glass breaking?

What sensor _____ best _____ try to break _____?

In case of a forced _____ is _____ for _____ breaking?
 _____ you recommend _____ sensor _____ detect _____ windows _____ a break _____?
 _____ are some _____ can _____ used _____ glass shattering _____ a break-in.
 _____ type of _____ for _____ glass breaking in the _____ Entry?
 When _____ comes _____ window panes, _____ device should we _____ to _____?
 Which _____ is the _____ for _____ glass breaking _____ of forced _____?
 There are _____ can _____ glass breaking _____ a _____.
 Which sensors can _____ broken _____ attempt to _____?
 _____ there a sensor _____ that _____ detect _____ break _____ a _____ entry _____?
 _____ of sensor is ideal _____ breaking in case of _____?
 _____ a knucklehead tries to bust _____ glass _____ get inside, _____?
 _____ sensor _____ best for detecting _____ in _____ forced entry scenario?
 _____ for _____ on _____ sensory equipment _____ when someone attempts _____ by _____ nearby windows.
 _____ type _____ broken _____ during an attempted _____ entry.
 Looking for _____ sensory equipment to _____ to enter by breaking _____.
 Which _____ sensor is _____ for _____ breaking _____ of forced entry.
 _____ worth _____ the _____ sensor for glass breakage during _____?
 _____ type _____ sensor is _____ detect glass _____ of forced entry?
 What is the _____ to _____ detecting glass break-ins?
 _____ glass break _____ detect force _____?
 Is _____ best _____ for detecting _____ shattering _____ break-in?
 _____ type of _____ the _____ for _____ glass breaking _____ forced Entry?
 _____ it _____ best sensor _____ detect forced-entry _____ broken _____?
 Which _____ can _____ glass during _____?
 _____ optimal _____ of sensor that will _____ shattered glass after _____?
 _____ finds _____ glass during _____ entry?
 _____ there a _____ could alert _____ case someone _____ to break the _____?
 Is _____ sensor that _____ if someone tries to gain _____ breaking _____?
 _____ someone _____ bust our glass in _____ get _____ the _____ sensor?
 Is _____ the preferred _____ of _____ detect _____ entry _____ broken _____?
 When a _____ break _____ glass in, _____ the _____ sensor?
 Which type _____ ideal _____ in case of forced entry?
 _____ it comes _____ detection _____ unauthorized entry _____ smashed _____ is _____ choice?
 What _____ of _____ is _____ best _____ detect _____ breaking _____ a forced _____?
 Can you _____ glass _____ sensor?
 _____ are some sensors _____ are _____ suited _____ glass _____ a break-in.
 I'm looking for suggestions on the _____ sensory _____ identify _____ tries _____ breaking nearby _____.
 Which _____ sensor _____ for detecting glass _____ when _____ entry is _____?
 _____ type _____ is more suited for _____ case _____ forced entry?
 _____ way _____ broken glass during a break-in?
 Seeking _____ type of sensor _____ detect _____ glass _____ forcible _____.
 The _____ for _____ attempts?
 What's _____ best _____ sensor _____ entry?
 _____ device _____ for detecting _____ break-ins?
 _____ broken glass _____ use?
 _____ best for detecting broken glass _____?
 When a _____ to bust _____ glass _____ right sensor?
 Is _____ sensor _____ suitable _____ shattered glass when _____?
 Seeking a _____ type _____ detect _____ glass _____ entry.
 Is _____ an _____ type of sensor _____ can _____ glass _____ a break-in?

_____ sensor best for detecting glass _____ attempts?
 _____ detecting unauthorized entry through _____ windows, _____ the _____?
 _____ optimal type _____ that _____ automatically detect _____ glass when someone _____ to break _____.
 I _____ about what kind _____ sensor to _____ someone _____ to _____ glass.
 _____ correct _____ for when _____ tries _____ bust our _____ in?
 What is the best _____ use to _____ glass _____?
 The kind _____ will _____ invaders.
 _____ type of _____ is _____ for detecting _____ in _____ entry?
 Is there _____ sensor _____ is _____ suited for _____ shattering _____ break-in?
 _____ for _____ on the _____ when _____ tries to enter _____ breaking nearby windows.
 Which _____ forced glass _____?
 _____ recommend a _____ sensor to detect glass _____ a _____ attempt?
 Should I _____ sensor _____ detect _____ broken glass?
 _____ there a _____ can detect _____ during break-in _____?
 Is there an _____ type _____ sensor that will _____ shattered _____ in _____?
 _____ type _____ is _____ detecting _____ breaking in a _____ entrance?
 What _____ of sensor _____ the _____ for detecting _____ breaking _____?
 _____ there a sensor _____ could _____ us _____ case someone tries _____?
 Should we _____ a _____ sensor to detect _____ during _____ forced _____?
 When shattered _____ being forcefully _____ is the _____ sensor _____?
 _____ of sensor _____ best _____ glass breaking _____ of forced Entry.
 What's the _____ effective way _____ glass during _____?
 Which type _____ is optimal for _____ breaking in _____ of _____.
 _____ sensor _____ broken glass _____ entry?
 _____ a sensor _____ that _____ breaking during a forced _____ attempt?
 Which _____ can _____ an attempted forced _____ glass?
 If _____ to force their way _____ by _____ the _____ what _____ of _____ use?
 What _____ best sensor _____ broken _____ during a _____?
 What type of sensor _____ better _____ in _____ entry?
 What is the _____ sensor _____ catch _____ glass _____?
 _____ break sensor best _____ entry?
 _____ glass _____ sensor _____ for _____ entry detection?
 _____ for _____ on the perfect sensory _____ that can _____ someone tries _____ break _____ to _____?
 Please recommend _____ sensor _____ to _____ glass _____ entry attempt.
 Is _____ better _____ to _____ glass _____ during _____ entry?
 _____ break sensor _____ best _____ force _____?
 _____ have sensor _____ can detect broken _____ as _____ of _____ attempts?
 _____ best _____ to detect _____ during a break-in.
 _____ best _____ for _____ glass break-in _____?
 _____ sensor _____ glass break-ins?
 Is _____ an optimal _____ that _____ detect _____ glass _____ attempts to _____?
 Is _____ best _____ detect glass break during _____?
 _____ sensor is _____ forced glass break _____?
 _____ best sensor _____ detecting _____ glass in _____ crime?
 _____ considered _____ suitable sensor _____ detect glass breaking _____ forced entry _____?
 _____ is _____ for detecting _____ break-ins?
 When _____ is being forcefully _____ sensor most _____?
 _____ want _____ security against intrusion _____ broken glass, _____ sensors should _____?
 What's _____ best _____ glass break _____ break-in attempt?
 What _____ technology to detect _____ a break-in?

If _____ tries to break the glass _____ in, what _____ sensor _____?

_____ best _____ detect glass _____ during _____?

_____ break sensor best _____?

_____ alarm _____ that can _____ smashing-glass invaders.

If I want _____ what type _____ sensor should _____ use?

_____ top sensor for _____ glass _____?

There _____ type to detect forced _____ through _____ glass.

What's the right sensor _____ someone _____ bust _____?

How _____ sensor for unwanted _____?

_____ that _____ detect glass _____ attempts?

Which is the _____ to _____ break-ins?

_____ ideal sensors to _____ breaking during _____ break-in.

Is _____ sensor _____ alert _____ when _____ tries to _____ the glass?

Which _____ can _____ break-ins?

_____ there _____ that can _____ in forced entry?

The _____ glass-breaking _____ unwanted _____?

What _____ is _____ to detect _____ break-ins?

Which equipment _____ suitable _____ identifying _____?

There _____ the best sensor _____ broken _____ security.

What sensor _____ best at _____ to break _____.

For _____ break _____ intrusions?

Which _____ of sensor _____ for detecting _____ if someone _____ break it?
