

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Design and durability
Description	Customers seek information about the design aesthetics of their smartphone, including the materials used, available color options, and whether it has features like water and dust resistance, gorilla glass protection, or ruggedized construction.
Data Size	7,062 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Are there _____ features incorporated into the design _____ make it _____ durable _____ on _____ market?

Does the _____ Toughened up _____?

What aspects _____ the _____ make _____ last _____?

_____ use certain features in _____ design _____ the phone _____ it last _____ than _____?

What aspects _____ make the _____ durable?

Is the design _____ phone _____ other models out _____?

_____ of this phone _____ reliability _____ to similar devices on sale?

Does _____ phone have _____?

_____ you _____ any _____ in the design _____ phone to _____ it last longer _____ other _____?

Does _____ of _____ phone make it more _____ those on _____?

_____ the design _____ this phone _____?

Does the phone _____ will _____ longer?

Can _____ show _____ any _____ that make the phone _____ than _____?

Does the design _____ that _____ them _____?

Will this _____ resistant _____ others?

Does the design _____ this phone promote _____ to _____ sale?

_____ this phone _____ stronger _____ phones?

Is any special trait _____ phone _____ resilient _____?

What are the _____ phone _____ make it more _____?

_____ the _____ construction affect _____ longevity?

Do you _____ design is _____ its _____?

Is _____ elements _____ enhance durability?

Can you point out _____ unique _____ that enhance _____ of _____ phone in _____?

Does _____ design _____ features that _____?

_____ this _____ durable _____ to _____ design?

_____ makes this model different than _____ on _____ it _____ handle rough _____?

_____ did _____ construction _____ this _____ affect its _____?

Does the _____ something _____?

When compared _____ competitors, how _____ to the phone's _____?

Is there anything _____ design _____?

_____ phone _____ any different features _____ strength?

_____ any _____ design elements _____ durability?

Does the _____ make it _____ other phones?

Is _____ for _____ than others?

Is _____ any way to make _____ phone more _____?

_____ there a reason _____ wear and tear better _____ others?

_____ elements _____ on durability in the _____?

Is _____ possible that _____ in _____ durability?

Does _____ phone have _____ will _____ long time?

What _____ this _____ from _____ others on the market _____ that _____ can handle _____?

Do _____ elements _____ on resilience _____ this _____?

What _____ different _____ terms of _____?

_____ this phone _____ features _____ make _____ harder _____ others?

Is _____ the _____ is designed _____ resist wear _____ than other _____ on the market?

Does the device _____ any _____ that are _____ for _____?

Is there something _____ about _____ construction _____ makes _____?

Does the phone _____ it _____?

Does the _____ have _____ enhance _____?

_____ you use any particular features _____ phone's _____ it more _____ and _____ longer _____ competing _____?

Special details are included _____ the design _____ durable _____ competitors' _____.

_____ is the reason _____ less prone to _____?

_____ the _____ of the _____ it to be more _____ other phones _____?

_____ this phone contributes _____ its longevity compared _____ options.

Is this _____ than others _____?

_____ does the _____ of _____ phone _____ it _____ longer than _____?

Is there _____ design elements _____ ensure its longevity?

Have you put _____ into _____ model?

Does the phone _____ something _____ that makes _____?

_____ the _____ boast _____ that _____ tougher?

Is this phone _____?

_____ the design _____ the phone promote _____ reliability when _____ to _____?

Is _____ a _____ that _____ more durable than _____ on _____ market?

_____ there _____ unique design _____ for improved durability.

_____ something unique _____ the design of _____ phone that _____ durable than _____ on the _____?

What _____ phone _____ robust _____ others?

_____ anything extra in the blueprints of _____ phone _____ it _____?

Does _____ durability?

What makes _____ more _____ other _____?

_____ have any _____ that will make it _____ than _____ on the market?

Is the design of the _____ meant _____ it _____ durable than _____?

Is it _____ its _____ more resistant _____ accidents than rival _____?

_____ phone _____ to survive _____ than _____ cellphones?

_____ the design _____ phone _____ to promote _____ reliability _____ devices on _____?

_____ count on _____ durability from this _____ others?

_____ the phone _____ more than everyone _____?

Is _____ of the phone _____ increased _____ to similar devices?

_____ the design _____ the phone that make it more _____ than _____ models out _____?

Is the _____ tough because _____?

Is there _____ details in _____ it more durable _____ competitors' _____?

Is there specific elements _____ the design _____ this _____ it _____?

There _____ things _____ its _____ that _____ more durable.

_____ a _____ element that improves _____?

Is _____ about the _____ adding to _____?

_____ makes _____ phone _____ sturdy _____ other _____?

Does _____ include _____ extra strength?

_____ features _____ phone's _____ make it more durable.

Is there a _____ element _____?

_____ because of special stuff?

Does this _____ make _____ tougher?

Is it _____ there are _____ design _____ for _____?

_____ this _____ incorporated elements _____ resilience?

What _____ phone more durable _____ models?

_____ it _____ that this electronic _____ is _____ to _____?

Is _____ aspects in this _____ that make _____ better _____ other _____?

Does _____ have _____ that _____ it more _____ than _____ on the _____?

_____ your _____ more sturdy than _____?

When _____ with _____ options, how does the _____ contribute _____?

Does _____ of _____ encourage _____ compared to similar _____ on the _____?

Is _____ a way to _____ of this _____ to _____ models?

_____ there any engineered characteristics _____ of the _____ increased reliability?

Is _____ the _____ that makes it _____ durable?

_____ the design _____ elements _____ enhance _____?

Is _____ design of the phone _____ to _____ increased _____ compared _____ market?

_____ there _____ design _____ that _____ longevity?

_____ distinguishes the _____ of _____ so _____ it _____ handle rough usage better _____ cheaper alternatives?

Does _____ design include _____ resilience?

Does the _____ this phone _____ increased reliability _____ to _____ the _____?

When compared to _____ options, _____ phone affect its longevity?

Is _____ a reason this _____ is designed _____ last _____ other phones _____?

Does _____ have features _____ make it _____ than _____?

How _____ the _____ of _____ longevity _____ to similar options?

_____ phone _____ due to _____ design?

Which parts _____ the design _____ phone _____ than _____?

_____ particular _____ for its longevity?

Can the _____ of _____ make it more _____ other _____?

_____ into the design to ensure _____ longevity over _____?

_____ this phone more _____ other phones _____ design?

_____ the design _____ contribute _____ its longevity?

_____ the phone _____ last longer?

_____ there certain elements _____ design of the _____ will _____ it _____ longer _____ other _____?

_____ way to _____ this phone more _____ its _____?

_____ it have _____ design _____ longevity?

Do _____ of any unique _____ attributes that _____ durable _____ others?

_____ there any _____ in _____ design to make _____ more _____?

_____ the difference between the _____ phone _____ others?

_____ you use any particular _____ in _____ design _____ more _____ than _____ models?

_____ the design of this _____ promote _____ reliability _____ to similar _____ sold _____ market?

_____ you _____ any features in _____ phone to make _____ longer _____ competitors?

_____ specific elements _____ of this _____ that will make _____ last longer compared to _____?
_____ similar devices _____ competitors, how _____ the _____ of _____ contribute _____ its longevity?
_____ the design _____ this _____ compared _____ other phones _____ there?
_____ the _____ of this phone _____ increased reliability _____ other _____ the market?

I question if there _____ design _____ enhanced _____.
_____ the phone _____ unique features?

Do _____ use _____ specific features in _____ this _____ to make it last _____ models?
_____ different about its _____ increases endurance _____?
_____ phone _____ because of _____?

Does this _____ something _____ it _____?
_____ of the _____ make it _____ resilient against _____ and _____ than other _____?
_____ the phone built _____ others?

Is there a design _____ in _____ make it _____ longer than _____ on _____?
_____ the phone _____ to _____ more _____?

There are _____ it's design _____ it _____ longer.
_____ phone _____ that increase longevity?

_____ similar _____ how does _____ design of this phone _____ longevity?

Is there _____ in _____ phone that won't let _____?

Is _____ something _____ about _____ this _____ is designed to stand up _____?
_____ there _____ in _____ model _____ are _____?

Can _____ highlight _____ design features that make _____ to other phones?

Do you put any particular features _____ of _____ make _____ longer than other _____?

Does the _____ have any different _____ it _____?

_____ phone makes it more durable _____ other models.

When _____ to _____ similar devices, _____ does _____ this _____ contribute to _____ durability?

Is _____ durability _____ superior due to _____ design?

Does the _____ it more reliable _____ devices on the _____?

What makes _____ than _____ competitors?

Does _____ have _____ that _____ resilience?

_____ distinguishes the _____ quality _____ model _____ it _____ handle rough usage better than _____?
_____ the _____ design _____ for enhanced _____?

Is there _____ is _____ resist wear and tear better _____ phones?

When _____ similar options, how _____ construction _____ its longevity?

Does _____ phone _____ enough strength to _____ others?

Are there _____ the _____ longer than _____ on the market?

_____ aspects _____ the design _____ this _____ more _____ than competing _____?

Does this _____ design _____ more durable than others?

Can you _____ of the phone _____ make it more _____?

What makes this _____ in terms _____?

_____ design of the _____ promote increased reliability compared to _____?
_____ durability _____ this phone superior due _____ unique _____?

Does _____ durable than rivals?

Does the _____ toughness features?

Is there _____ design element _____ is _____?

_____ any unique _____ that are meant to make it _____?

_____ possible that _____ has unique features _____ better _____?

_____ aspects _____ the design _____ last longer than _____ models?

Does the phone _____ features that _____ it harder _____?

Is _____ reason why _____ is _____ to wear and tear than others _____?

Is _____ anything _____ do to _____ sturdier than its _____?

Does this phone have particular features _____?

_____ it possible _____ more resistant to accidents and impacts _____ phones?

_____ the _____ any _____ up features?

Is the _____ in _____ better _____?

Is the _____ of _____ related _____?

Is _____ something _____ the _____ that _____ stronger?

_____ the _____ the _____ to promote increased reliability _____ to _____ phones _____ sale?

Is _____ any special _____ the design to make _____ last _____?

Does _____ that help it last longer?

Do you _____ focused _____ the model?

_____ you _____ elements _____ on durability in this _____?

Do _____ use certain _____ in this phone's _____ to _____ last _____ than _____?

Are _____ enhance durability?

Does _____ there _____ any _____ in this phone _____ ensure _____ longevity?

Does the _____ have unique _____ last longer?

_____ a reason this phone _____ more resistant _____ and _____ the market?

Does the phone _____ for _____?

_____ a _____ design _____ for its longevity?

Is there any special details in _____ make _____ models?

Does _____ device feature any unique _____ make _____ other phones?

Does the _____ of this _____ promote _____ similar _____ on _____?

_____ know what _____ phone _____ resilient than others?

_____ of the _____ its _____ compared to other models?

Is it _____ to _____ any unique _____ attributes _____ the longevity _____?

Do you use any particular features in _____ it _____ longer than _____ competitors?

_____ the device boast any _____ that will make it _____?

Is there something _____ this _____ up to wear _____ tear better _____ others on _____ market?

_____ you include _____ to _____ in _____ model?

What _____ of this particular _____ it _____ usage better than alternatives on _____ market?

_____ the _____ made with special _____ extra _____?

_____ the _____ than others?

When _____ to _____ how _____ design of _____ to its durability?

_____ any features in _____ this _____ make it more _____ than others?

_____ way to make this _____ last longer than _____ models _____?

Does this phone _____ any design _____ that _____ last more _____?

Are _____ any design _____ phone _____ make _____ durable than others _____ the _____?

_____ a reason _____ phone is _____ for wear and tear _____?

_____ you show the unique _____ attributes _____ this _____ it _____ durable _____ other _____?

_____ specific features _____ of this phone _____ it more _____ than others _____ the _____?

Is _____ anything _____ its _____ that enhances _____?

Does _____ phone have any _____ for _____?

_____ use any particular _____ this phone's _____ to make _____ last _____ better than competing _____?

When _____ to competitors, how _____ this _____ design contribute _____?

_____ design of this _____ to its longevity _____ phones.

What _____ the _____ of this _____ so that it _____ rough usage more _____ than _____ market?

_____ the _____ include _____ to enhance _____?

_____ there any design elements _____ this _____ make _____ phones on the market?

_____ the phone's design make it _____ durable _____?

_____ device _____ any _____ features meant _____ be more _____ than other _____?

Does _____ device _____ unique features _____ are meant _____ last longer _____ phones _____?

_____ the design of this _____ compared _____ other _____ devices _____ the market?

Can _____ out any _____ attributes that _____ longevity of _____ phone?

_____ the device _____ unique _____ that _____ meant to be _____ durable _____ phones?

Is this _____ designed _____ survive _____?

Does _____ device _____ unique _____ will make _____ more durable _____ other _____ available _____?

Is there _____ why _____ phone _____ better suited for wear _____?

_____ the specific design that makes _____ phone _____?

Is _____ something special about _____ phone is designed to _____ other _____ on _____?

Does the _____ any _____ make _____ extra tough?

_____ this phone even _____?

Is _____ are _____ design elements _____ its longevity?

_____ this _____ features that _____ last longer?

_____ the model have _____ on durability?

_____ you use any particular _____ in _____ of the phone _____ make _____ more _____ than _____?

Does _____ design _____ extra _____?

Is _____ phonedurable _____ the unique _____?

What distinguishes _____ particular model from _____ market so it can _____?

Is _____ of this _____ to the _____ design?

_____ the design _____ the phone _____ its _____?

_____ to the _____ of this _____ when _____ similar devices by _____?

_____ it possible _____ highlight _____ unique _____ attributes _____ the _____ of _____ phone?

_____ there any _____ design _____ that _____ phone more durable than _____?

_____ aspects of its design _____ enhance _____.

_____ this _____ in terms _____ durability?

Can you _____ unique _____ that _____ phone _____ durable than others?

_____ this _____ have _____ that make it _____?

_____ design _____ the _____ make _____ more durable than _____ phones?

_____ this _____ have any _____ features _____ make _____ durable than _____ phones _____ the _____?

Did _____ incorporate elements focused _____ into _____?

_____ make it _____ durable _____ its _____?

Is this _____ to _____ durable than _____ phones?

_____ phone _____ any different features _____ resilience?

Will _____ make _____ tougher?

Is the _____ to its _____?

Is the _____ better due to its _____?

Does _____ features for _____ resistance?

_____ makes _____ different in _____ of _____ resilience?

_____ your _____ than other ones on the _____?

Does _____ design incorporate _____?

_____ make any _____ design of _____ phone _____ make it last _____ be more durable than _____?

Is _____ phone _____ available?

_____ the _____ this phone _____ to _____ unique design?

_____ the design of _____ makes it more _____ than others on _____ market?

Does this _____ it tougher _____ other phones?

_____ the specific _____ phone that _____ it _____ durable than _____ phones?

_____ special _____ how this phone is designed _____ wear _____ tear?

_____ the build quality of this _____ so it _____ handle _____ usage _____ than _____ sale?

Is _____ unique about _____ of the _____ makes _____ resistant _____ wear and _____?

_____ made _____ by special things?

Is _____ unique _____ element for _____?

Does it have any _____ it _____ resistant?

Is there _____ that _____?

Is _____ more durable _____ of the _____?

_____ makes the construction _____ better than _____?

_____ details _____ included in _____ to _____ it durable _____ models?

_____ there _____ makes this _____ durable than others on _____ market?

_____ have any special _____ that _____ even harder?

_____ have features _____ last?

_____ you use _____ specific _____ in this _____ ensure _____ lasts _____ than competing _____?

Does _____ it tough?

Is _____ of this phone capable of _____ to _____ devices _____ sale?

_____ the _____ any Tougher _____?

_____ have any _____ to make it _____ than other phones?

_____ you _____ us _____ that _____ the longevity of this phone?

Why is _____ phone _____ resistant _____?

Do you _____ features _____ the design of the phone _____ make _____ competing _____?

_____ believe _____ adds to _____ resilience?

Do you use any _____ this phone's design to _____ longer _____?

_____ the phone _____ toughness?

_____ of this phone affect _____ when compared to similar _____?

_____ the device have any _____ that _____ more durable than competing _____?

_____ of this phone _____ specific features that _____ more _____ than others?

Does _____ design include _____ features _____ strength?

_____ there something in _____ design _____ enhances _____?

_____ phone _____ that make _____ tougher?

Do you use any _____ features _____ this _____ it last _____?

_____ are the specific elements _____ the _____ make it _____ durable?

_____ to _____ competitors, how does the _____ of this _____ contribute _____ its _____?

Does _____ phone _____ some _____?

_____ rivals, _____ does _____ of this phone contribute _____ its longevity?

Is this _____ reinforced _____ it _____ compare _____ others _____ the _____?

Do specific _____ the _____ it _____ be more durable than other _____?

_____ make this _____ to damage?

_____ there any notable aspects _____ its _____ it more _____ to _____ impacts _____ rival phones?

Does _____ unique _____ that _____ meant to last _____ than _____ phones?

Are _____ notable aspects _____ the _____ it more _____ to accidents _____ daily impacts _____ rival _____?

_____ do _____ think the construction _____ this _____ to _____ longevity?

Does this _____ focused on _____?

What _____ this model _____ on _____ that _____ can handle _____ use better?

Is _____ more _____ than _____ out _____?

Is the _____ of _____ phone _____ due _____ its _____?

Is _____ unique design element that _____?

Is the _____ phone engineered _____ reliability when compared _____ devices _____ sale?

_____ this _____ have any _____ make it _____?

Is _____ that _____ aspects _____ the design enhance _____?

_____ the longevity of _____ because of _____ unique _____?

Does _____ phone have _____ that will make _____?

_____ phone be more durable than _____ market?

_____ are _____ things _____ make _____ phone _____ compare _____ others on the _____.

Does _____ phone _____ special characteristics _____ make _____ than others?

____ the design of ____ phone promote increased ____ in comparison ____ ____ ____ ____ ?
 ____ ____ ____ add to ____ resilience?
 ____ the longevity of ____ phone ____ ____ to ____ design?
 Is there a ____ ____ ____ designed ____ ____ wear ____ tear ____ than other phones?
 ____ can ____ electronic ____ be less ____ ____ damage?
 Do you ____ ____ particular features in the design ____ the ____ to make ____ ____ ____ ____ competitors?
 Does ____ ____ have ____ ____ ____ it tougher?
 ____ ____ incorporate ____ that focused ____ durability into this ____ ?
 What features ____ ____ ____ compared to ____ rivals?
 What special traits ____ ____ ____ more ____ than ____ ?
 Is it ____ ____ its construction that ____ ____ ____ ?
 ____ ____ phone ____ ____ features that will ____ ?
 Is ____ phone ____ ____ better than ____ ?
 ____ compared ____ ____ options, how does ____ construction ____ ____ phone contribute to ____ ?
 ____ this phone have any ____ ____ make it more ____ than ____ ____ the ____ ?

 Is it ____ ____ highlight ____ ____ design attributes that ____ ____ phone more ____ ?
 ____ its structure make ____ more resilient ____ daily ____ and ____ ____ other ____ ?
 ____ ____ possible ____ aspects of its design ____ ____ ?
 Can ____ be ____ special details ____ the ____ ____ make ____ more ____ ____ competitors' models?
 Is there ____ ____ trait ____ this ____ ____ resistant?
 ____ compared to other ____ how ____ ____ ____ ____ phone contribute to ____ sturdiness?
 What ____ ____ the ____ are ____ ____ than competing models?
 ____ ____ ____ particular design element for ____ ____ ?
 ____ this phone ____ ____ ____ features?
 Does the design ____ ____ ____ include ____ features ____ ____ it ____ durable than others ____ ____ market?
 ____ there ____ elements ____ the design ____ this phone ____ ____ ____ more ____ than other ____ ?
 Can ____ ____ us about ____ ____ design attributes ____ make this ____ ____ ____ than others?
 How does ____ ____ of this ____ ____ ____ longer than ____ options?
 ____ there any ____ ____ in ____ phone ____ ____ it more durable?
 ____ this ____ ____ ____ improved toughness?
 Is there ____ special reinforced ____ ____ ____ phone ____ make ____ better than ____ ?
 Does ____ phone ____ ____ ____ it more resistant?
 Does the phone ____ ____ ____ features ____ will ____ ____ life?
 ____ ____ phone ____ ____ because of ____ unique design?
 ____ makes this phone ____ ____ ____ others.
 Does this ____ have something that ____ it ____ ____ ____ ?
 Is there ____ in ____ ____ ____ makes it ____ ?
 Is ____ durability ____ ____ ____ better ____ to the ____ features?
 ____ there ____ special details in the design that ____ ____ ____ ____ durable than ____ ____ ?
 Does ____ design ____ ____ ____ strength?
 ____ you included ____ focused ____ ____ ____ the model?
 ____ there ____ special about this ____ that ____ ____ ____ ____ wear and tear?
 Is there ____ ____ ____ design that ____ ____ ____ ?
 ____ it possible ____ highlight the ____ ____ ____ ____ make ____ ____ more durable than other ____ ?
 ____ the design of the ____ engineered ____ ____ ____ ____ compared ____ similar ____ sold on ____ market?
 ____ ____ possible ____ highlight the ____ design ____ that enhance ____ durability of ____ ____ ?
 ____ to other devices, ____ does ____ ____ design contribute ____ ____ longevity?
 Can there ____ ____ ____ in ____ design of this phone ____ ____ it ____ longer than ____ ____ ?

What distinguishes this model ____ that ____ can ____ rough ____ alternatives on ____?

____ have some special ____ make it ____ than other ____?

____ this ____ have ____ make it tougher?

Is ____ than other ____?

Is ____ design elements in ____ will ensure its ____?

____ it ____ structure ____ more ____ against accidents ____ daily impacts ____ rival phones?

Is the ____ of the ____ different ____ there?

____ build quality ____ model so that ____ can handle ____ usage better ____ on sale?

____ makes this phone ____ others?

Is there any ____ its ____ durability?

Is there anything extra ____ phone's ____ will ____ going?

____ there a ____ this ____ is better suited ____ tear?

____ there any ____ elements ____ this phone ____ make it ____ than ____?

____ the design adds any ____?

Is there ____ way ____ make this ____ longer ____ other ____?

____ any aspect of ____ design that enhances ____?

Does the phone have ____ make ____ even ____?

____ there ____ trait that ____ this ____ more resilient ____ others?

____ the design ____ make it ____ durable ____ its competitors?

Is ____ phone ____ due ____ special ____?

____ the device boast ____ unique ____ are ____ more durable?

____ the ____ factors ____ improve resilience?

Does the phone have ____ it ____?

____ the ____ have features ____ make ____?

____ design of the phone ____ increased ____ compared ____ similar ____ on ____?

When ____ to ____ devices by ____ the design of ____ contribute ____ resilience?

____ the ____ in the ____ of this ____ make ____ durable ____ the market?

When ____ to ____ how ____ the ____ of ____ phone contribute ____ durability?

____ that this phone is more ____ than ____?

Is the ____ of the phone superior ____?

Does ____ include some ____ to ____?

Does this ____ to survive ____ than ____?

Does ____ have any ____ features ____ it more ____ other phones?

Are ____ the design ____ this phone that ____ it more ____ than other phones ____?

Does the ____ have ____ make it stronger?

____ you incorporate ____ into the model?

How ____ construction ____ this ____ from others?

Is ____ possible ____ attributes make it ____?

Does ____ phone ____ resistance than ____ there?

Is it possible ____ some aspects of ____ durable?

____ there ____ this ____ design that will keep it ____?

____ build quality ____ this model so ____ can handle ____ usage ____ than other models ____?

When compared ____ other ____ of this phone ____ to ____ lifespan?

____ a ____ element that ____ this ____ more ____ than other ____ on ____ market?

____ to ____ this phone ____ durable features.

How ____ the construction ____ affect its ____?

____ the specific design ____ that makes ____ more durable?

Is ____ any engineered characteristics ____ the design ____ phone that ____?

____ the ____ any special design features ____ harder than other ____?

Does this ____ that ____ meant ____ last ____ than competing phones?

Does the phone _____ that _____ tougher than _____ phones?

Is the _____ due _____ features?

_____ is _____ this phone _____ more resilient than _____?

Is _____ anything _____ makes _____ phone _____ resilient than _____?

_____ unique features _____ to make it more _____ than other _____?

Is there _____ that _____ it?

_____ the _____ phone encourage _____ reliability compared to similar _____ on _____?

_____ design _____ any special _____ for extreme _____?

_____ this _____ have any _____ features that make it _____ durable _____ phones _____?

_____ the _____ factors to increase _____?

_____ anyone know _____ this phone _____ resilient than _____?

_____ there something _____ about how this _____?

Does _____ any distinct _____ that make it _____?

Is there _____ about the _____ phone _____ makes _____ better _____ others _____ the market?

Is _____ phone _____ than _____?

_____ phone's features _____ it _____ other phones?

Does _____ phone _____ characteristics that _____ it _____ resistant than _____?

Is it _____ that _____ more resilience than _____?

_____ this _____ more resistant?

Are _____ elements in _____ design of _____ phone _____ make _____ more durable than _____ models _____?

Is _____ design of this _____ compared to _____ models _____?

_____ the design have _____ for extra _____?

Does _____ phone _____ that _____ longevity?

_____ make it _____ to rivals?

Does _____ design _____ the phone _____ increased reliability compared _____ other _____ on _____?

Is there _____ elements in the _____ this _____ to make _____?

_____ anything _____ design _____ enhances durability?

_____ you highlight _____ unique _____ resilience of this phone?

Does _____ design _____ the _____ make _____ more durable than _____ the _____.

_____ this _____ boast any _____ are _____ be more _____ than competitors?

Do _____ any _____ design to _____ it last _____ and be _____ durable _____ competing models?

What sets apart the _____ particular _____ that it _____ rough usage?

What makes this phone _____?

Is _____ design of _____ phone _____ it _____ durable than _____ models?

_____ device _____ any special features _____ it _____ durable than _____ competitors?

Can the design _____ this phone _____ it last _____ than _____?

What are the _____ design that make the _____?

Is _____ possible _____ any unique _____ features _____ this phone _____ durable than _____?

_____ this _____ have _____ help _____ survive?

_____ features of _____ design make _____ phone more _____?

_____ of _____ make _____ phone more _____ than other models?

_____ phone sturdy?

_____ you _____ any _____ attributes _____ make this _____ more durable than _____?

Do _____ to the phone's design _____ it _____ durable _____ last longer than _____ models?

Is this _____ more _____ due _____ unique design?

Is there any engineered _____ the design of _____ phone _____ reliability _____ to _____ devices on _____?

_____ make the _____ more durable than other _____ the _____?

Is the _____ it's unique design?

_____ of _____ phone _____ increased reliability compared to _____ on the market?

_____ phone _____ makes it harder?

Is _____ any _____ in _____ design _____ will make it _____ longer _____ competitors' _____?

The _____ of _____ phone makes _____ competing models.

_____ more _____ than others.

_____ a distinct design _____ its _____?

Can you highlight any _____ attributes _____ enhance _____ longevity _____?

Can _____ highlight any _____ design _____ this phone _____ compared to other _____?

_____ a unique _____ attribute that _____ the durability of _____?

Is _____ a _____ why this _____ hold up _____ other phones?

Is this _____ are available?

Does _____ phone _____ special _____ that _____ tougher than other _____?

_____ you show the unique _____ that _____ this phone _____ others?

Is _____ to count on _____ from _____ model _____ others?

_____ are some _____ of the _____ that _____ it _____?

_____ the _____ made _____ focused _____ durability?

How is the construction _____ related to _____?

_____ know if _____ are any _____ elements in _____ phone _____ make _____?

Is _____ possible _____ any unique design attributes _____ durability _____ this _____.

Is _____ design of this phone _____ to _____ increased reliability _____ on _____?

_____ there _____ this phone that will make _____ longer than other models _____ there?

_____ you _____ unique design _____ of _____ phone that make _____ than _____?

_____ there _____ about _____ design of _____ phone?

_____ say the design _____ to _____?

_____ makes _____ phone _____ than _____ other models?

_____ the phone _____ make it more _____.

Does _____ include _____ special features _____ make _____ tough?
