

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Product specifications and features request
Inquiry Sub-Category	Connectivity options
Description	Customers request information about the various connectivity options available for the telecommunications equipment, such as Ethernet, Wi-Fi, or Bluetooth.
Data Size	5,156 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Does ____ product ____ Ethernet ____ a ____ option ____ network ____?

Does ____ an option to connect to a ____?

____ product have a ____ for usingEthernet ____ network ____?

Are ____ up to ____ network withEthernet?

Is ____ possible ____ the device ____ via the ____.

Is ____ possible to useEthernet ____ choice ____?

____ your device ____ an option ____?

Does this ____?

____ the option ofEthernet?

____ the ____ support ____ the ____ option ____ to the networks?

____ the ____ compatible ____ a network connection option?

____ possible to connect ____ the ____ product or is ____ the network with Ethernet?

There is a chance ____ would ____ ethernet ____.

____ way to useEthernet for networking?

____ the ____ of ____ the network'sEthernet connection?

Is there an ____?

____ product ____ the ____ to useEthernet ____ connections?

____ the product have ____ option ____ to a ____ with ____?

____ product might ____ option to ____.

Is ____ hook up to the ____ use ofEthernet?

Is there a ____ network ____?

Are you talking ____ to ____ with ethernet?

Is ____ to connect with ____ itsEthernet option.

____ this ____ compatible ____ networking through ____ link?

____ the ____ come with ____ to useEthernet for ____?

Is ____ able to provide a ____ with ____?

The ____ might have an option ____ useEthernet ____.

Is ____ hook up to ____ using Ethernet?

Does _____ Ethernet?

Does _____ have a _____ access option _____?

_____ have an Ethernet option?

Is _____ to _____ ethernet for _____.

_____ the product _____ option to _____?

Is _____ to _____ network with _____ product, or is _____ as a mode.

_____ it possible for the _____ to _____ to _____ a _____ cable.

_____ the _____ have _____ compatible Ethernet?

Is it possible for _____ to _____ up to _____?

Does _____ device _____ connecting _____ the networks _____ option?

_____ possible for _____ to _____ to a _____ using an Ethernet cable?

_____ we _____ to connect _____ product?

_____ establish a network connection _____ the Ethernet interface?

Does _____ have _____ option?

_____ it possible to use Ethernet _____ this _____?

_____ ethernet compatibility _____?

Can _____ be _____ up _____ cables?

Does this _____ use _____ Ethernet?

I have _____ using Ethernet for _____.

Is _____ use Ethernet _____ connect _____ a network?

_____ establish a network connection using the Ethernet _____

Is it possible to _____ connection _____ this product?

_____ option to _____ via Ethernet?

Does the product _____ to _____ network connections?

_____ possible _____ use Ethernet as _____ connection _____

Does _____ device support _____ to _____ networks _____ an Ethernet _____?

Is _____ possible to establish a _____ connection _____?

Does _____ product _____ for network _____?

Is _____ possible to _____ a _____ its Ethernet _____?

Is _____ a way _____ for the network _____?

Can we _____ the _____?

Is _____ possible _____ product to _____ network using Ethernet?

Does the _____ offer _____ option for connecting _____ Ethernet?

_____ a way _____ the product _____ link _____ through _____ cables?

Is it possible _____ the _____ a network via _____?

Does _____ capacity to connect _____ a _____ through the Ethernet _____?

_____ the product _____ of connecting _____ a _____ with Ethernet?

_____ is _____ on _____ link?

_____ possible _____ connect using _____ network's _____ option?

Is _____ possible to connect _____ the Ethernet option.

_____ it possible to _____ the product to _____ the network, _____ only _____?

_____ it include _____?

_____ product have an option to _____ network _____ a Ethernet?

_____ have _____ connecting to _____ network that uses Ethernet?

_____ device _____ connecting _____ using the Ethernet option?

_____ you know _____ a _____?

Can _____ if an ethernet port _____ connecting the _____?

_____ have an _____ option?

Network link _____?

_____ possible _____ via Ethernet.

_____ a chance _____ product having _____ port.
 _____ the device _____ connect to _____ using the _____ connection?
 Is _____ product _____ linked up _____ cables?
 _____ for an _____ connection?
 Is _____ to _____ Ethernet as a _____?
 Is _____ device capable _____ to a _____?
 Is _____ compatible _____ for _____ connection?
 Is _____ support option _____ connection?
 _____ device may _____ using the Ethernet option _____ connect _____.
 _____ have Ethernet to _____ to networks.
 _____ we _____ to connect _____ product?
 Is _____ way for _____ device _____ connect to _____ an _____ cable?
 _____ if _____ product has _____ ethernet port.
 Will _____ able _____ connect _____ ethernet?
 Is _____ possible _____ supports ethernet _____?
 _____ if I can _____ a _____ using _____ Ethernet option.
 Is _____ possible _____ this _____ to _____?
 Is it _____ have the device _____ to _____ an _____ option?
 _____ to use ethernet as a _____ to _____?
 Will _____ product _____ use Ethernet?
 Does _____ product have a _____ to use Ethernet _____?
 _____ could _____ chance _____ having an ethernet port.
 _____ product connect to _____ with _____?
 _____ it possible for _____ device to _____ to _____ ethernet cable?
 Are there any _____ of _____ having an _____?
 Does _____ product _____ Ethernet for _____?
 Do _____ have an option _____ Ethernet as _____?
 _____ there _____ connection available?
 Can _____ be _____ a _____ connection _____ Ethernet?
 Are there _____ for connecting _____?
 _____ Ethernet compatibility included _____ product's _____?
 Is _____ for _____ to _____ an Ethernet cable _____ connect to a _____.
 _____ for _____ Ethernet connection?
 I _____ like to _____ the _____ be _____ via Ethernet.
 _____ the _____ include _____ possibility to use Ethernet _____ connection?
 _____ it _____ to _____ Ethernet _____ a connecting _____?
 Does the _____ connecting _____ networks _____ Ethernet option?
 _____ product _____ of using _____?
 Can _____ tell _____ if there _____ an _____ of _____ via _____?
 _____ of this product _____ with Ethernet?
 _____ product have _____ Ethernet _____?
 Can _____ product _____ a _____?
 Is _____ utilize Ethernet _____ connection?
 _____ it possible to _____ to networks?
 _____ it possible to _____ for a _____ your product?
 _____ you offer an _____ connection _____?
 _____ it _____ the _____ use an Ethernet option?
 _____ to connect this thing _____?
 I _____ if I can use _____ product.
 _____ it _____ connect the product to my _____?

Do ____ know if ____ has ____ ethernet ____?

Does the product offer ____ option ____ a network ____?

Is the device compatible ____ using ____ Ethernet ____?

Is ____ to ____ network with the product or ____ Ethernet ____ a mode?

Is ____ possible it ____ for ____?

____ product ____ support ethernet?

Is it possible ____ the ____ a network ____ Ethernet ____?

____ device ____ an ____ hookup?

____ the ____ use ____ as a network access option?

____ device support using the Ethernet ____ to connect ____?

____ compatible with ____ the Ethernet ____ to connect ____ networks?

____ provisions for ____ Ethernet network ____?

Does the product ____ a ____ of ____?

____ possible to ____ to the ____ the ____ or ____ limited ____ network access with Ethernet.

Does ____ for ____ connection with ____?

____ the ____ able ____ connect ____ a ____ an Ethernet option?

____ product to connect via ____?

Does the ____ include ____ option ____ the network ____?

Any ____ a ____ having an Ethernet ____?

There ____ that ____ have an ethernet port.

____ the network ____ option ____?

____ this ____ support networking ____ link?

Is ____ way to connect the ____ a network with ____?

____ the product ____ Ethernet ____?

____ is a question ____ there ____ provisions ____ an Ethernet-based ____ connection.

Is ____ for the ____ to ____ to ____ network using ____ ethernet ____?

Is ____ a ____ Ethernet for network ____?

____ the ____ have an option ____ ether ____ connection?

____ able ____ to the network ____ ethernet?

____ product has an ____.

Is ____ possible to ____ ethernet ____ on this ____?

____ the device have ____ for connecting to ____ ethernet?

Does ____ support Ethernet?

____ the network link?

Is ____ possible to ____?

____ support for an ____?

I was wondering if I ____ ethernet ____.

____ it ____ connect ____ network using an Ethernet ____?

____ there ____ establish a network ____ using ____ interface?

Is ____ to connect ____ using Ethernet.

The ____ could ____ have ____ port.

____ I use Ethernet ____ to ____?

____ the item ____ an option ____ use Ethernet ____ connections?

The ____ include ____ option ____ use Ethernet.

____ the device capable ____ to a ____ an ethernet ____?

Do ____ know ____ it ____ Ethernet for ____?

____ possible to have ____ for ____ connection with Ethernet?

To establish a network ____ can ____ the ____?

____ the ____ the ____ to use Ethernet?

Any ____ the product ____ ethernet ____?

_____ the product give _____ to _____?

_____ the product _____ an ethernet port.

_____ device _____ with _____ for connecting to _____ with Ethernet?

_____ a option to useEthernet.

_____ it _____ the device _____ connect to a _____ using an _____?

Does _____ come _____ an ethernet _____?

Is _____ connect to a network _____ option.

_____ the _____ of _____ Ethernet option to _____ to _____ networks?

Is _____ up _____ the network with _____ use of _____?

_____ know _____ there is _____ port included.

Is _____ device _____ connect _____ the _____ with the _____ connection?

_____ know _____ a device _____ Ethernet option

Any chance _____ product _____ an _____?

Is it _____ useEthernet as _____?

_____ there _____ for this device to _____ Ethernet?

_____ the product _____ with _____ to connect _____ network with _____?

Does the product _____ connections?

_____ it _____ useEthernet _____ a _____ method.

Does the _____ to useEthernet _____ network connections?

_____ I able _____ with this _____?

The device _____ be able _____ to _____ the _____ option.

Is _____ possible _____ use _____ a _____ of connecting?

_____ offer any _____ for connecting _____ a network _____?

_____ supports _____ to _____ to the networks.

_____ is a _____ the product _____ an ethernet _____.

_____ might _____ Ethernet as _____ choice.

Any chance _____ has _____ port?

A product _____ for _____ network _____.

Is _____ device _____ networking _____ link?

Does _____ have the _____ to _____?

Is _____ possible for _____ to connect to _____ network _____ a _____?

_____ the product _____ a option _____ connecting to _____ network _____?

_____ the product have an _____ to _____ the _____?

Does the product _____ an _____ to _____ for _____?

_____ possible _____ connect _____ the _____ with _____ product, _____ is it only _____ as _____ of connection

Is _____ Ethernet as a network _____ option?

_____ wondering _____ are provisions _____ an Ethernet-based network _____.

_____ tell me _____ there are any _____ for _____ ethernet cable?

_____ the _____ come with a _____ to a _____ Ethernet.

Can _____ device connect to _____ an ethernet _____?

Is it _____ the _____ compatible _____?

_____ you know _____ device that has a _____ option?

_____ available for network _____?

_____ there _____ a _____ connection that uses Ethernet?

_____ the _____ any option _____ connect to _____ network _____?

Is it _____ to _____ the network _____ the product, or _____ limited to _____ Ethernet

Is the _____ able to _____ theEthernet _____ a network?

_____ talking about hookin' _____ to _____ network _____ Ethernet?

Does _____ product _____ an option _____ for _____ connections?

Is the _____ of connecting _____ networks _____ Ethernet _____?

_____ there _____ a _____ connect to a network _____ Ethernet cable?

The _____ be _____ to _____ network using _____.

Can the _____ connected _____ the network _____?

Can _____ product _____?

_____ connect _____ to my network _____ Ethernet?

Does the product feature a _____ use Ethernet _____?

Does _____ come with an _____ to _____ a network _____?

Is _____ product able _____ connect _____ using Ethernet?

Is it _____ to _____ an ethernet _____ to the _____?

The Ethernet _____ is offered _____.

Is the _____ connect _____ network with _____ ethernet port?

Does the _____ work _____ connecting _____ network.

_____ we _____ the Ethernet to connect _____?

Is _____ capable _____ doing Ethernet?

_____ possible _____ to _____ network with _____ it only Ethernet as a mode of connection?

Is _____ for _____ to _____ a network via _____ ethernet option?

Is the device _____ of _____ through the _____ option?

Is _____ a _____ use ethernet _____ network _____?

Does _____ an _____ of Ethernet?

_____ Ethernet be _____ connect _____ product to the _____?

_____ possible _____ device to connect to a _____ an _____.

_____ it possible _____ has _____ compatibility?

Does it include an _____ network _____?

_____ it _____ to _____ connection _____ Ethernet?

Product _____ ethernet _____ network _____?

_____ connect via the ethernet _____?

Is it possible for the _____ to _____ cable?

_____ link _____ includes Ethernet?

Is it _____ the _____ use a Ethernet _____ to connect to _____?

_____ product have _____ compatibility?

Does the _____ contain _____ to _____ for _____ connections?

Is it _____ for _____ a _____.

Can I _____ product _____ my _____?

_____ possible to _____ network with the _____ or _____ it only _____?

The _____ support _____ connection _____ is _____?

Does _____ ethernet support?

_____ I connect _____ a network _____?

_____ the device _____ to connect _____ a _____ with Ethernet?

Does the device _____ using _____ Ethernet _____ connect _____?

Is _____ product _____ offer _____ with Ethernet?

Does the product _____ for _____ a _____ with Ethernet?

_____ possible for _____ to connect to a _____ using an _____.

_____ the device support _____ the Ethernet _____?

Will _____ device be _____ networking through an Ethernet _____?

It's _____ device to _____ a network using _____ ethernet _____.

_____ it _____ the device _____ use the _____ option?

_____ are _____ network connection?

_____ to connect _____ this product?

_____ able _____ through Ethernet?

_____ possible for the _____ use _____ ethernet cable _____ a network?

Do _____ Ethernet?

Can _____ be provisions _____ connection based _____?

_____ device equipped with _____ connection?

Is _____ possible to _____ device via _____?

_____ product have _____ to _____ ethernet?

_____ compatible for Ethernet?

_____ I _____ for a _____ connection with _____ product?

Product may _____ port.

_____ able _____ connect _____ the Ethernet connection?

Does _____ product _____ an option to _____?

Does _____ product _____ the option _____ the network _____ Ethernet?

_____ support _____ ethernet with this _____?

Is _____ possible to _____ ethernet _____ for _____ device to _____ a _____?

Can your _____ Ethernet?

Does the _____ option for _____?

_____ it possible to _____ the _____ the _____ only Ethernet as _____ of connection.

_____ is _____ that the product might have _____.

_____ can establish a _____ using the Ethernet interface.

Is _____ to _____ network connection _____ ethernet?

Is _____ of networking through _____?

Does the product _____ option _____ connecting _____ a _____ with _____.

_____ the option _____ included _____ product?

_____ the _____ offer ethernet _____?

Does the device _____ with _____ option to _____?

Will it be possible _____ with the help _____?

The product might _____ able _____ up through _____.

_____ the product _____ to _____ ethernet _____?

It _____ network _____ Ethernet?

Is it _____ device to _____ to _____ network _____ ethernet?

Does _____ product have _____ ethernet?

_____ the product _____ Ethernet?

_____ the product have _____ for _____ a network _____ Ethernet

I'm wondering _____ I _____ connect _____ network using _____.

Does your device _____?

Is it _____ connect _____ with the product, _____ is it _____ mode of connecting?

_____ possible _____ an _____ option for networking?

_____ is _____ that the _____ have an _____ port.

_____ support connecting _____ the _____ with the Ethernet _____?

Is _____ a _____ connecting with _____?

Is the device capable _____ connecting _____ network _____ Ethernet _____?

_____ the _____ allow _____ for _____ connections?

_____ it possible to _____ ethernet _____ to connect _____ device _____ network?

_____ it _____ hook up with the network _____?

Does _____ something called _____?

_____ it _____ to use _____ as _____ mode _____ connecting?

There _____ chance that the _____ will have _____.

_____ the product _____ network _____ with Ethernet?

_____ it possible to _____ Ethernet as _____ choice _____?

_____ connect the product?

_____ there _____ option to _____ as a _____ connecting?

_____ product may _____ able to _____ ethernet cables.

Ethernet can be used _____ with _____?

Is it possible _____ use Ethernet _____ in _____ product?

_____ it possible _____ for networking?

Is _____ possible _____ establish a _____ an Ethernet interface.

_____ a chance of the _____ having a _____?

_____ I _____ for networking?

Is _____ possible _____ connection?

_____ I _____ connect to _____ through _____ use of Ethernet?

The product _____ option _____.

_____ the _____ to _____ for _____ connection?

Is it possible _____ connect to _____ or _____ it _____ as _____ mode.

_____ it possible _____ Ethernet as a _____ choice?

_____ the device capable _____ a _____ an Ethernet option?

_____ it _____ to _____ for a network _____?

_____ the _____ have _____ ethernet _____?

Does _____ product _____ for _____ connection?

Is _____ possible that _____ for _____?

_____ I use its _____?

_____ device _____ to connect to the _____ the Ethernet _____?

_____ is an _____ of _____ for _____ device.

Can _____ to connect _____ product?

_____ it _____ that _____ device could _____ a network using _____ option?

If _____ device _____ a _____ you know?

Are it possible for _____ connect to _____ using _____ ethernet _____?

_____ product allow me to _____?

_____ offer _____ network access option?

_____ it possible _____ as _____ choice.

It's possible _____ connect _____ network using an _____.

_____ it _____ to choose Ethernet _____?

_____ product _____ the ability _____ use _____?

_____ possible to _____ ethernet with _____?

Is _____ an Ethernet network _____?

_____ you _____ if _____ device has _____ choice?

Does _____ product _____ compatibility?

Can _____ be _____ for _____ network _____ based on _____?

_____ provisions _____ a network _____ that _____ Ethernet?

Is _____ product's _____ option _____?

_____ product _____ access _____ ethernet?

Are _____ up to the _____ with _____ of Ethernet?

_____ this _____ be able _____ use _____?

Is it possible _____ connect to _____?

_____ Ethernet with _____ product?

_____ it possible _____ to connect with _____ product?

I am _____ if _____ can _____ to _____ Ethernet.

_____ want _____ Ethernet is provided for _____ needs.

_____ your device have _____?

_____ to _____ for network connection?

_____ to connect _____ the network _____?

Is _____ for _____ to connect to a _____ Ethernet cable?

Does _____ include an _____ useEthernet for _____?

_____ product may _____ option _____ useEthernet.

Is _____ support _____ connection?

_____ way to connect to _____ network withEthernet?

_____ ethernet _____ choice?

_____ product have a _____ for connections?

_____ I _____ use Ethernet for a network _____.

_____ product _____ network access option _____ asEthernet?

Does the _____ an _____ for connecting with _____ Ethernet?

_____ it possible _____ choose Ethernet as _____.

_____ the _____ be used to _____ networks _____ the _____ option?

Is there _____ for _____ Ethernet _____?

Is it possible _____ the _____ option?

_____ device _____ theEthernet option to connect to _____?

_____ there _____ hook up to _____ network with _____?

Is _____ capable _____ using _____ Ethernet _____ to the network?

Is it possible _____ to _____ the help _____?

_____ an option to useEthernet _____ networking?

Is it possible to _____ ethernet _____?

_____ possible that this _____ with _____ capabilities?

Is it _____ to _____ up the _____ ethernet _____.

The product _____ an option to useEthernet _____.

Is it _____ device _____ to _____ to a network?

Is _____ possible for _____ device to _____ a network _____ connection?

Is it possible _____ Ethernet _____ network _____.

_____ connect _____ device to a network using _____?

_____ Ethernet _____ a connection option?

_____ possible for this _____ supportEthernet?

_____ I _____ use ethernet to connect to _____?

Does the _____ connect to _____ network _____ anEthernet connection?

Is _____ possible for _____ device to connect _____ with _____ option?

_____ anEthernet option _____?

_____ know _____ product _____ Ethernet compatibility?

Is it possible for the _____ to _____ network _____ option?

Are _____ any _____ network connection that _____?

Is there _____ connect the _____ a network using _____ cable?

_____ the product _____ choice _____ useEthernet for the _____?

Does the _____ have a way to _____ the _____?

_____ you _____ ethernet _____?

Does _____ an option _____ theEthernet for network _____?

Is _____ the device to _____ to _____ network with _____ option?

_____ possible to _____ to _____ the product?

_____ possible _____ connect to a network _____?

Does _____ product feature _____ way _____ to a _____ Ethernet?

Is _____ possible to _____ this product?

_____ a option to useEthernet?

Is _____ possible for _____ equipment _____?

Does the product _____ the option _____ useEthernet _____?

Are _____ able to _____?

The _____ to _____ for _____ connections is _____ in _____.

Does the _____ connecting _____ networks _____ ethernet?

Can _____ product _____?

Are _____ product _____ of _____?

_____ it possible _____ get an _____ on _____ device?

_____ connections on _____ device?

_____ capable _____ connecting to the networks using _____?

Does the _____ ethernet _____?

Does _____ product come with an _____ connect _____ with _____

Is it _____ connect _____ a _____ using their Ethernet _____?

_____ be _____ to connect the product _____?

Is _____ product to _____ network using Ethernet?

_____ the _____ network connection that _____?

Does _____ include _____ option _____ use Ethernet for _____?

Can the product include _____ option _____ for _____?

Does the product _____ an option of connecting _____?

_____ product capable of _____ access via _____?

_____ it _____ for the device _____ connect _____ the _____?

_____ was wondering if an _____ included _____ connecting the _____.

Is _____ has network Ethernet?

_____ the product be _____ through the _____?

_____ it possible for the device to _____ ethernet?

Does _____ have _____ choice _____ connecting with _____?

Does _____ a _____ use of Ethernet?

_____ it possible _____ Ethernet as _____ choice for _____?

_____ chance _____ an ethernet port?

_____ allowed to use Ethernet _____ connect _____ the network?

_____ the _____ capable of connecting _____ network _____ an Ethernet?

Is it _____ to _____ to connect _____ to _____?

_____ product provide a _____ use Ethernet for network _____?

_____ device _____ be able _____ an Ethernet link.

_____ to connect to the _____ with _____ or am I limited _____ network _____ with _____?

Can the _____ a _____ using an _____ cable?

There _____ to _____ for _____ connections.

_____ the _____ include Ethernet _____?

Does _____ any way of connecting to _____ Ethernet?

There is _____ chance _____ a _____ an Ethernet _____.

Are _____ able to _____ connection _____ the Ethernet _____?

Is _____ to connect _____ an ethernet port?

_____ there a way _____ to _____ network _____ a Ethernet cable?

_____ it possible _____ network with _____ product, _____ are I _____ to network access _____?

_____ it _____ the device supports _____ the _____ option _____ to the _____?

_____ it possible _____ to the network _____ the _____ or _____ it only _____?

Does _____ offering _____ for Ethernet?

Is _____ possible _____ the product, _____ am _____ limited to network _____ with _____?

_____ offer Ethernet as _____ connection choice.

Does _____ for Ethernet for network connection?

Is it possible to connect _____ am limited _____ access with Ethernet?

Network _____ can _____

Does _____ offer the _____ of Ethernet as _____ access _____?

_____ the _____ able _____ be _____ the ethernet cables?

Is _____ connect _____ the network _____ the _____ or only Ethernet as _____ of _____
_____ the product have _____ to _____ network with ethernet?

I want _____ if _____ for a network connection _____.
_____ the product able _____ a network _____ Ethernet?
_____ there a way _____ use Ethernet _____ a way _____?

I wonder if I can _____.
_____ use _____ connect the product to the _____?
_____ have _____ for ethernet?

Is _____ possible for the _____ to _____ cable.
_____ you have an _____ for _____ Ethernet _____ a _____ connect?

Does the _____ to _____ a network with ethernet?
_____ possible _____ use Ethernet _____ network connection in _____?
_____ have _____ ethernet _____ this device?

Are _____ able to _____?

Do _____ know _____ a _____ can _____ a Ethernet _____?
_____ a way to connect to _____ with ethernet?

Does _____ the Ethernet option _____?

Is _____ compatible with _____?
_____ the device _____ using _____ Ethernet _____?
_____ the device _____ connecting _____ network _____ the Ethernet connection?
_____ there _____ for the device _____ via the _____ cable?

Does the _____ networks _____ the Ethernet option?

There is a _____ of _____ having _____ port.

Included _____ network link _____?

Does the _____ have _____ ability to _____ using the Ethernet _____?
_____ product give _____ chance to use Ethernet _____ connections?

Is _____ that this device will support _____ an _____?
_____ device have a way _____ to a _____ ethernet cable?

Is it _____ for the _____ to _____ to _____ network _____?

There _____ chance that the _____ ethernet port.
_____ product _____ option to use Ethernet to _____?

It is possible _____ the _____ to _____ a _____ using _____ ethernet _____.
_____ the _____ for _____ connection?

_____ product include an option _____?
_____ it possible _____ connect to networks _____ the _____?
_____ device have an option _____ connecting _____ network in _____?

Does the product _____ any _____ to _____ with Ethernet?

_____ the _____ be connected to _____ network _____?

_____ a _____ connect this thing _____ Ethernet?

Does _____ this product?
_____ this device _____ to the _____ through _____?
_____ the product _____ compatibility?

Is the product _____ Ethernet?

_____ it possible _____ Ethernet _____ a network connection _____?

_____ chance of _____ product having an ethernet _____?

Is it _____ use Ethernet as _____.

Is it possible _____ the product to _____ it _____ to network _____ with _____?

Is _____ connect _____ a network using Ethernet?

_____ to connect _____ the network with the _____ or is _____ limited _____ network _____?

Is it _____ hook _____ the _____ using Ethernet?

There ____ a ____ on ____ there ____ provisions ____ network connection.

____ it possible ____ connect ____ Ethernet as ____?

Is this ____ capable of ____ networking ____ an ____?

Is it ____ the device ____ to a ____ ethernet cable?

____ able to ____ up ____ with the ____ of Ethernet?

Is the ____ able ____ connect ____ with Ethernet?

Does your device ____ ethernet ____?

Does the product allow ____?

Is ____ a device to ____ network with an ethernet ____?

____ is a chance the product ____ ethernet ____.

____ available as a ____ connection?

____ can be ____ for network ____ this ____.

Do ____ know ____ has a ____?

Can ____ product ____ connected to my ____ the ____?

____ the device have an ____ to connect to ____?

I wonder ____ can be ____ up through ____.

____ product include ____ way to ____?

____ system ____ networking with ____?

Can ____ product ____ connected to my ____?

Does ____ product offer ____ access ____ the ____?

____ the ____ have ____ port?

____ for network connection?

Is the device able ____ to ____ Ethernet?

Will ____ able to ____ networks ____ Ethernet?

Is it ____ to connect ____?

____ it possible ____ establish a ____ connection using ____.

____ compatible with ____ access?

____ it ____ a product to my network ____?

Will this ____ support ____ an Ethernet ____?

Can ____ for ____ network ____?

____ device ____ the internet ____ an Ethernet link?

Is it ____ that your ____ option?

Do ____ know if ____ ethernet capabilities?

____ it possible ____ as ____ connected ____?

Is it ____ the product to connect ____ the ____ is ____ a mode ____ connection?

Is it ____ device to be ____ an Ethernet cable?

____ link can ____?

____ product able ____ do Ethernet?

____ possible to connect the ____ to a ____ cable?

____ am ____ if I can use ____ for ____.

Will ____ be ____ to use ____ link?

Does ____ a Ethernet ____?

____ it possible ____ the ____ a network using the ____?

____ the device ____ the ability to ____ network through an ____?

____ if there is a ethernet ____?

Does the ____ network connection?

Does ____ product ____ a ____ choice ____ as ____?

____ option for ____ connection?

____ wondering if ____ connect ____ this product via ____.

____ wondering if ____ establish a ____ connection ____ the ____ interface.

_____ your device _____ an ethernet option?

_____ use ethernet?

Is there _____ to use Ethernet as _____?

Does _____ the use of the Ethernet _____ to _____ to _____?

Can _____ be established through _____ with _____ item?

_____ there any _____ Ethernet _____ connection?

Does the _____ support _____ the Ethernet option _____ connecting _____?

_____ the _____ a connection choice?

_____ support _____ connection?

_____ way to connect a _____ with _____ technology?

Does the _____ an option _____ connecting _____ network _____ Ethernet?

_____ it _____ for the _____?

Is _____ to _____ the network _____ its Ethernet option.

_____ there an option to use _____?

Do the _____?

Is _____ to use ethernet _____ choice?

_____ the product _____ to _____ an _____?

Does the product _____ network connections?

Is _____ to use an _____ option _____ communication?

Does the _____ offer _____ ethernet?

Does _____ device _____ ability to connect to _____ with _____?

I _____ if there is _____ for _____ as a connecting _____.

_____ product _____ access _____ such as Ethernet?

Do _____ have ethernet _____?

Is _____ for the _____ to use an _____ reach a _____?

_____ a possibility _____ the device to _____ a _____ an ethernet _____.

Does _____ product come with _____ to _____ to _____ network _____?

Does your _____ an _____ for _____?

_____ come with an option _____ to _____ network _____ Ethernet?

Can _____ use the Ethernet _____ network connection?

Is it possible to _____ cable to connect _____ network _____?

_____ use Ethernet as a _____ choice?

Does _____ an option _____ connect _____ a network via _____?

Can _____ be _____ up _____ ethernet _____?

There is _____ has an _____ port.

Is it _____ to _____ connectivity _____?

Is there a _____ a device _____ a _____ using _____ option?

It's _____ has an _____ port.

Will _____ an Ethernet link?

_____ product _____ compatibility?

_____ the product have a _____?

Is _____ possible to _____ network _____ is it only Ethernet as _____ mode of connection

Is it _____ to use ethernet _____ connect to _____ network?

_____ you _____ to hook up _____ network _____ the _____ of _____?

_____ the product _____ option _____ use _____?

_____ the _____ have _____ option to _____ for _____?

_____ the network with Ethernet?

_____ the product _____ an _____ to _____?

There is _____ chance _____ the product _____ have _____.

_____ the device _____ the Ethernet cable?

I _____ is _____ to _____ as a connection method.
 _____ it include _____?
 _____ it _____ connect _____ a network with the Ethernet _____?
 _____ it possible _____ use _____ connect _____ product?
 Any _____ the _____ a _____ port?
 Is _____ network _____ an ethernet _____?
 Is the device _____ to connect _____ a _____?
 Is there _____ ethernet _____ the _____?
 _____ product have ethernet as _____ option?
 The product _____ use Ethernet for network connections.
 _____ the _____ capable _____ to a _____ with an Ethernet _____?
 Is _____ possible _____ me to _____ for _____ connection?
 _____ chance the _____ has an ethernet _____?
 _____ I _____ Ethernet _____ the network _____ of _____ product?
 _____ a chance _____ a product having an _____.
 Does the product _____?
 _____ it _____ connect this product to _____ with _____?
 _____ it possible _____ for _____?
 _____ a chance of product _____.
 _____ the _____ have Ethernet _____ a _____ option?
 _____ it possible _____ to a _____ using an Ethernet _____?
 _____ it _____ with ethernet _____?
 Is there a way _____ the _____ ethernet _____?
 Is the _____ of _____ to _____ using the ethernet _____?
 Is _____ device able _____ connect _____ network using _____ connection?
 _____ don't _____ can use _____ for network connection
 _____ possible for the _____ to connect to a _____ an _____
 _____ it has Ethernet for _____?
 _____ product _____ for _____ connection?
 Is it _____ connect with _____ with the product, _____ is _____ as a _____ of _____?
 _____ be able _____ connect _____ network using _____ Ethernet option?
 _____ it _____ to _____ this product to _____ Ethernet?
 Is _____ it _____ for network _____?
 _____ to connect _____ thing _____ internet using Ethernet?
 I want to know _____ have _____ ethernet _____ device.
 _____ for _____ connection?
 _____ the device capable _____ to a network _____ Ethernet _____.
 Is _____ to _____ as _____ connection choice?
 Is _____ device _____ to _____ through _____?
 Does the _____ a network _____ option?
 _____ the _____ network access _____ form of ethernet?
 _____ use the Ethernet _____ establish a _____ connection?
 _____ the device able to support _____ link?
 Yes, _____ be connected _____ cables?
 Is _____ hook _____ up to the _____ with _____?
 _____ I be _____ connect to networks with the _____?
 I'm _____ the product _____ allow _____ to _____ Ethernet.
 _____ product have _____ connection?
 _____ able _____ to networks using Ethernet?
 _____ there _____ for connecting to _____?

_____ to connect the device _____ a network using _____?

Does _____ have an _____ with the network _____ Ethernet?

Is the _____ with _____?

_____ possible to use _____ as the _____?

_____ an Ethernet available for _____?

Does _____ a _____ access option _____ Ethernet?

Is _____ possible to _____ with _____?

Does _____ have _____ option _____ ethernet?

Does _____ product _____ the _____ use _____?

The _____ be connected _____.

Is _____ possible for the device _____ an _____ to a _____.

Does the _____ a _____ use Ethernet?

_____ it _____ to _____ equipment for Ethernet?

_____ possible to connect with _____ Ethernet?
