

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product usage and functionality questions
Inquiry Sub-Category	Maintenance guidelines
Description	Customers seek guidance on cleaning methods, maintenance schedules, and general care to ensure optimal performance and longevity of their home appliances.
Data Size	6,192 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ opening of oven door _____ overall _____ consumption efficiency?

Is _____ openings to influence _____ use in _____?

_____ the _____ the _____ door related _____ efficiency?

Does _____ oven _____ often _____ consumption?

_____ oven might _____ efficient if it _____ opened _____.

Are _____ energy efficiency of the _____ affected _____?

_____ energy _____ by the regular _____ door _____ activity?

Is opening _____ affect _____.

What effect does opening _____ oven _____ have _____ the energy _____?

_____ opening oven can impact _____.

Is _____ consumption _____ constantly opened _____?

_____ opening the oven _____ affect _____?

_____ oven occasionally _____ electricity?

_____ does _____ oven door _____ energy use?

Will _____ oven door change it _____ less _____?

_____ opening of _____ oven door can _____.

_____ opening the oven _____ a less energy _____?

_____ oven change _____ energy efficiency?

_____ the _____ of the oven _____ efficiency?

Will _____ the oven _____ power-saving _____?

_____ opening _____ door _____ your usage?

Is _____ energy _____ compromised by constantly _____?

_____ too much opening of the oven _____?

_____ opening the oven _____?

How does _____ of _____ door affect energy _____?

_____ opening _____ oven _____ affect overall _____ consumption?

_____ does _____ food preparation do to _____ efficiency?

_____ energy consumed by a _____ compromised?

Does opening the _____?

_____ a _____ in energy _____ efficiency _____ open the oven _____ frequently?

_____ repeated openings of the _____ decrease _____?

_____ opening _____ does _____ affect how efficient it _____?

_____ door usage a _____ efficiency?

_____ opening _____ door _____ energy efficiency?

Does opening the _____ more _____?

Does opening the oven door make _____?

Is _____ the _____ door _____ effect on _____?

Could _____ the _____ negatively _____ efficiency?

_____ of the _____ door might _____ energy _____.

Is _____ energy _____ affected _____ openings?

Is _____ energy _____ by a _____ oven?

_____ does _____ opening of _____ oven door _____ to _____?

Do _____ opening _____ oven door frequently _____ less _____ efficient?

_____ using _____ frequently _____ opening _____ door affect _____ use?

_____ bad for energy consumption?

How _____ opening _____ during _____ preparation _____ overall _____ efficiency?

Will opening the oven _____ less _____ efficient?

_____ the _____ use compromised _____ open _____?

Will _____ oven _____ its door _____ energy use?

Will _____ oven door _____ make it _____ efficient?

_____ the _____ a oven affected _____ a _____ opening?

Will _____ oven _____ affect the _____?

_____ the _____ of _____ affected _____ door opening?

Could _____ be _____ opening the oven _____ efficiency?

Is the _____ the door _____?

_____ efficient _____ the _____ when it's _____?

_____ the opening _____ the _____ door _____ the energy _____?

Constantly opening the door and _____ the _____ impact _____.

_____ that _____ an oven often can affect how _____ it _____?

_____ regular opening _____ door _____ energy use efficiency.

_____ opening my _____ energy efficiency?

Constantly _____ and _____ the _____ will impact _____.

Does _____ of the _____ affect _____?

_____ opening _____ oven frequent enough _____ reduce _____?

Is _____ the _____ door _____ in _____ efficiency?

_____ the _____ oven and opening its _____ impact energy _____?

_____ do _____ oven _____ opening have on energy _____?

Does opening _____ door _____ energy _____?

_____ opening _____ oven potentially affect _____?

_____ openings _____ energy use?

How _____ oven during food preparation _____ the _____?

_____ oven door _____ related _____ efficiency?

_____ oven _____ can affect energy _____.

_____ opening the _____ cause _____ to _____ efficient?

Does _____ of _____ energy use?

Constantly opening its door _____ will _____ the _____ consumption.

Will opening the oven _____?

_____ opening _____ oven door _____ consumption?

_____ the regular usage of _____ affect _____?
 _____ the oven _____ how efficient it _____?
 Does _____ door have an effect _____ energy _____?
 Is _____ opening _____ oven _____ connected _____ use of _____?
 How _____ oven _____ affect the _____?
 What is _____ on energy _____ of _____ opening _____ the _____?
 Constantly opening _____ of _____ have an _____ on energy _____.
 _____ door _____ the energy _____ of the oven.
 What _____ the oven _____ food preparation _____ on energy _____?
 Energy usage _____ affected _____ oven door _____.
 The opening of _____ oven _____ the _____.
 Can regularly _____ the _____ make _____ difference _____ use?
 Can _____ a difference _____ energy use?
 _____ opening of the oven affect _____?
 How _____ oven _____ affect _____ usage?
 _____ use _____ the oven door _____ its _____ efficiency?
 Will _____ opening of the _____ power _____?
 How _____ the _____ door _____ energy consumption?
 Is there _____ connection between _____ door opening _____?
 _____ energy use _____ open oven?
 _____ the opening _____ the oven _____ efficiency?
 _____ there an impact _____ energy consumption if _____ door _____?
 _____ can be impacted _____ to the oven _____.
 _____ opening the _____ reduce its _____?
 _____ the energy _____ by the _____ of _____ oven _____?
 _____ opening of _____ affects efficiency?
 _____ the _____ of _____ oven _____ affecting _____ efficiency?
 Will the _____ of _____ affect _____?
 _____ oven reduce its _____ efficiency?
 _____ opening _____ degrade _____ efficiency?
 Does the _____ affect the _____?
 Is _____ on _____ consumption _____ if _____ open _____ oven door _____?
 Do _____ impact energy use?
 _____ oven door _____ a difference?
 Does _____ oven _____ affect _____
 What _____ frequently opening the _____ on energy _____?
 _____ oven door affect _____ usage?
 _____ of _____ has an effect on the _____ efficient _____.
 _____ door and using _____ will impact its energy _____.
 Is _____ energy _____ of _____ oven affected by _____?
 What effect _____ opening the _____ have on _____?
 _____ opening the _____ door affects _____ efficiently _____ uses _____?
 _____ opening _____ oven multiple times _____ my _____.
 _____ the oven _____ affect _____ efficient performance?
 Does frequent _____ the oven _____ use?
 _____ energy _____ by regular oven door open-close _____.
 Does opening _____ it's efficiency?
 Is _____ possible _____ opening the oven _____ energy _____?
 _____ opening _____ oven door affect _____?
 How does frequent use _____ oven _____ energy _____?

_____ do you _____ reduce energy use?
 _____ oven doors related to energy use?
 _____ does _____ use _____ door affect the energy efficient _____?
 How _____ opening the _____ energy use?
 Is _____ possible _____ oven might diminish _____ energy _____?
 While cooking _____ does _____ oven _____ bills?
 Too much opening _____ impact _____ savings.
 _____ the _____ door often _____ make it less energy _____?
 _____ frequent opening of _____ oven _____ energy consumption?
 How _____ opening an _____ door _____?
 _____ that when I keep _____ the _____ won't _____ energy efficiently?
 _____ of frequent oven _____ energy-saving?
 _____ the _____ of _____ have _____ on energy consumption?
 _____ much _____ oven can have _____ effect on _____.
 Too much _____ opening _____ power _____.
 Does _____ the oven _____ cooking _____ energy _____?
 Is _____ of energy _____ compromised _____ opened oven?
 _____ oven affect efficiency?
 Do _____ oven door _____ of cooking?
 The _____ movement could _____ energy _____.
 Does _____ door affect _____ when _____?
 _____ energy efficiency of an _____ door opening _____?
 Will repeated _____ of _____ oven _____?
 Does opening _____ frequently _____ energy _____?
 How will frequent _____ oven affect _____?
 _____ the _____ energy efficiency _____ by _____ oven _____ activities?
 Will using _____ oven _____ the _____ impact _____ energy _____?
 How _____ opening _____ during _____ preparation _____ energy efficiency?
 How can _____ of the _____ affect _____?
 Power savings _____ be _____ by opening _____ much.
 What effect _____ the _____ of the _____ have _____ energy _____?
 Is _____ efficiency if I open _____ oven _____ frequently?
 Is _____ constantly _____ energy consumption?
 Could _____ oven often make _____ energy _____?
 _____ opening the _____ door _____ its _____ while _____?
 _____ efficiency of _____ oven influenced by _____ openings?
 _____ do _____ door opening affect _____?
 Can door openings affect _____?
 _____ wonder if _____ door _____ its energy efficiency.
 _____ energy efficiency compromised _____ regular _____ open-close _____?
 Will _____ power-saving _____ be _____ by _____ the oven?
 Will _____ my _____ will affect _____?
 Will _____ use _____ and _____ its door _____ the energy _____?
 _____ overall energy _____ affected by _____ open- _____ activity?
 Do _____ door _____ energy usage?
 _____ opening _____ oven door _____ energy?
 _____ the oven frequently _____ the energy _____ of _____?
 Will _____ the oven multiple _____?
 _____ opening _____ much _____ power savings?
 _____ opening _____ door of the oven will _____.

_____ more _____ the oven _____ energy use?
 Constantly opening the door and _____ the oven _____ consumption.
 _____ the oven have an impact _____?
 _____ the _____ door openings _____ energy _____?
 Do _____ the _____ door _____ how efficient _____?
 _____ door more often _____ cooking less energy _____?
 _____ oven _____ energy efficiency.
 How _____ the opening _____ oven _____ affect energy _____?
 _____ opening _____ the oven _____ impacting efficiency?
 How _____ regularly _____ oven impact _____?
 Is the _____ efficiency _____ by door _____ cooking?
 Is it _____ the oven frequently _____ energy _____?
 _____ does opening the _____ the _____ usage?
 How does _____ of an oven door _____?
 _____ oven door _____ energy consumption?
 How _____ frequent use _____ door _____ energy efficient _____?
 _____ frequent opening of _____ energy consumption efficiency?
 _____ opening ovens can have _____ impact on _____.
 _____ a link between _____ and energy usage?
 _____ opening the oven door, _____ efficient _____ is?
 Do you _____ opening the _____ door will make _____?
 _____ it _____ that _____ door _____ energy efficiency?
 Is _____ oven's _____ by _____ opening?
 _____ door _____ affect energy _____ ovens?
 _____ there an _____ energy consumption _____ I open the _____ door _____?
 _____ possible _____ use less energy _____ I open _____ oven _____ when _____?
 Does _____ the _____ door frequently _____ an _____ on _____?
 _____ oven door _____ could _____ affecting _____ efficiency.
 Is opening the oven _____ an _____ efficiency?
 _____ savings _____ be affected by too much _____.
 Is _____ the oven door _____ impact on _____?
 Are _____ oven _____ frequencies related to the _____?
 How often _____ door open affect _____?
 Does opening _____ affect _____?
 Is _____ oven's energy efficiency _____ door opening _____?
 _____ door openings _____ energy consumption?
 Does _____ opening affect energy _____?
 Does the opening _____ door _____ energy use?
 Is _____ efficiency of a _____ affected _____ regular _____?
 Power savings _____ affected by _____ amount _____ oven.
 _____ frequent _____ door _____ reduce _____ use?
 The impact of _____ door _____
 _____ repeated _____ the _____ lower _____ ability?
 Is it possible for repeated _____ openings _____ use _____?
 When cooking, _____ oven waste _____?
 _____ door opening _____ factor in _____ efficiency?
 What _____ the _____ opening _____ oven door and _____?
 Can _____ door openings have an _____ energy _____?
 _____ the oven door _____ the _____ efficiency?
 How does the _____ of _____ door _____ efficiency?

_____ doors could affect _____.

_____ opening the _____ the _____ have an _____ on _____ consumption.

Is it possible for _____ openings _____ influence the _____?

_____ the number _____ oven _____ overall power-saving _____?

_____ door _____ can _____ energy usage.

_____ opening of oven _____ affect _____?

Does opening _____ the _____?

When cooking, _____ repeated _____ oven _____ power-saving ability?

_____ mean when I _____ opening _____ oven, it _____ use _____?

Is _____ the oven _____ for _____ efficiency?

Lots of _____ movement may _____.

Do regular door opening _____ the _____ oven?

Will _____ openings _____ oven _____ power _____?

_____ opening _____ oven make _____ less _____?

_____ does opening the oven _____ energy consumption?

How _____ openings of _____ oven door _____?

The opening of _____ have an _____ savings.

_____ it possible that oven door _____ consumption?

_____ energy consumption affected _____ constantly _____ the _____?

Wouldn't _____ oven _____ energy efficiency?

_____ possible _____ an oven often reduces _____ use?

Does _____ the oven often _____?

_____ opening the _____ efficiency.

_____ be adversely _____ too much opening oven.

_____ opening the oven more frequently _____?

How _____ door change _____ efficiency?

Is _____ possible to frequently access _____ to _____?

Will the _____ ability be adversely _____ by _____ oven?

Is _____ energy efficiency of _____ oven _____ open _____?

Will the _____ opening of _____ affect _____ power-saving _____?

Will _____ the oven door _____ less _____ cooking?

Is _____ energy efficiency _____ oven impacted by _____?

_____ opening _____ oven door affect _____?

What _____ it have on _____ efficiency _____ the _____ open?

_____ opening _____ a lot _____ energy _____?

_____ the _____ opening related _____ the energy _____?

The _____ of _____ door _____ energy efficiency.

Will _____ openings of the _____ in _____ in power-saving _____?

_____ using _____ oven frequently _____ opening _____ door _____ energy consumption?

Do opening _____ energy efficiency?

_____ the energy efficiency _____ affected _____ door _____ for cooking?

How _____ of _____ oven during food _____ affect energy _____?

_____ opening the _____ affect _____ efficiency.

_____ opening _____ oven _____ than _____ energy efficiency?

_____ do the opening of the _____ consumption?

Is there a _____ between _____ and _____ use?

_____ opening _____ oven _____ affect _____ it is _____ using energy?

Do regular door _____ the _____ of the _____?

Is _____ door opening _____ oven linked _____ energy _____?

_____ the _____ door _____ energy usage?

Does _____ opening _____ the _____?

Does _____ oven _____ influence _____ amount of _____ uses?

_____ opening _____ affect _____ efficiency?

Is _____ oven _____ often enough to _____ energy _____?

_____ it possible _____ frequent oven _____ affects energy _____?

_____ on energy efficiency _____ there is _____ opening _____ the oven?

Is _____ oven door _____ can _____ energy consumption?

_____ possible that oven door openings _____?

Will opening the _____ during cooking _____ to be _____?

_____ oven _____ have an effect on _____ efficiency?

_____ energy efficiency of _____ oven _____ be _____ a _____ opening.

_____ opening _____ oven _____ impact my _____?

Will _____ oven _____ affect _____ energy _____?

Could _____ the oven _____?

_____ repeated door openings _____ efficiency _____ ovens?

_____ the _____ door affect _____ overall _____ consumption efficiency?

Does open _____ door _____ energy _____?

_____ efficient _____ the _____ when it is _____?

Is _____ overall energy _____ compromised _____ the _____ oven _____?

_____ do _____ oven _____ open affect energy _____?

_____ a _____ open oven bad _____?

Can the _____ affect energy _____?

_____ opening my _____ efficiency?

_____ it _____ oven could reduce energy efficiency?

Can repeating _____ affect the _____ usage in _____?

How _____ opening _____ an _____ affect the _____ usage?

_____ oven _____ affecting efficiency?

_____ constantly _____ oven may _____ consumption.

_____ using _____ and frequently opening the door impact _____?

Is the _____ of _____ oven connected to _____?

_____ opening _____ could affect the energy _____ of an _____.

_____ on _____ frequent oven _____ use?

Do you _____ opening _____ oven _____ energy _____?

Will opening _____ oven constantly _____?

The _____ during cooking can _____ the _____ energy _____.

_____ the opening _____ the _____ door _____ it less _____?

Is _____ possible _____ a frequent _____ oven _____ reduce _____?

_____ the _____ the _____ affect its _____?

_____ of _____ movements can _____ efficiency.

Can the efficiency of energy used in _____?

_____ opening oven _____ times impact _____?

_____ if I open the oven door frequently?

_____ efficiency of _____ usage influenced _____ door _____ in _____?

_____ opening of _____ oven _____ it less _____.

If I open _____ will _____ affect my _____ consumption?

Is _____ that frequent oven _____ affect energy _____?

Will _____ the oven door _____?

_____ it _____ open _____ doors _____ reduce cooking eco-efficiency?

_____ opening of an oven _____ affect energy _____?

Is the energy _____ affected _____ regular oven _____?

Can _____ door cause it _____ less _____ efficient?

How _____ you _____ door affect its energy efficient _____?

How efficiently _____ the _____ energy when the _____?

_____ opening the oven _____ energy _____?

Will the _____ of _____ in the _____?

Will _____ openings _____ oven in _____ power-saving ability?

Is the energy _____ by regular _____ activity?

Will _____ oven _____ more than _____ make _____ less energy _____?

_____ opening the _____ on _____ efficiency?

_____ it possible _____ opening _____ door _____ the efficiency?

The _____ oven door _____ affect energy _____.

_____ opening my oven _____ than once _____ my _____?

_____ oven _____ affect energy consumption?

The opening of the _____ preparation _____ energy _____.

Will the use of _____ oven _____ opening _____ door _____?

_____ and closing of the oven reduce _____?

How much _____ of _____ oven _____?

_____ does _____ oven door affect _____ use?

_____ the _____ occasionally _____ its efficiency?

_____ the _____ the oven _____ affect _____ usage?

_____ the energy _____ to _____ oven door _____?

_____ do frequent oven door _____ on _____ efficiency?

Is it _____ influence _____ of _____ in ovens _____ door openings?

_____ do _____ oven _____ energy use?

_____ frequently _____ oven _____ open _____ energy _____?

What effect _____ oven _____ have on _____ efficiency _____ preparing _____?

Should _____ openings _____ energy consumption?

An _____ of _____ door _____ energy savings?

_____ door _____ affect ovens' _____?

Is _____ oven door _____?

How often _____ door opens _____?

Will opening my _____ many _____ efficiency?

Is the _____ of the oven compromised _____?

Can the _____ of _____ in _____ be influenced _____ repeated _____?

Is _____ by repeated _____ of the oven?

_____ effect _____ oven frequently for _____ preparation have _____ energy _____?

_____ opening _____ door make _____ inefficient?

Is _____ opening the _____ it's energy efficiency?

What _____ does _____ of _____ oven door _____ its efficiency?

_____ it possible _____ opening _____ energy efficiency?

_____ often _____ the _____ door _____ less efficient?

_____ frequent opening of _____ oven door _____ energy consumption _____?

_____ of doors _____ influence the efficiency of _____?

_____ opening _____ too much affect _____?

Does opening _____ efficiency?

_____ opening _____ oven _____ efficiency?

_____ oven and frequently opening _____ door _____ energy _____?

_____ the overall _____ efficiency affected _____ doors opening?

_____ the _____ door _____ frequencies linked _____ energy _____?

_____ opening _____ oven _____ affecting _____ efficiency?

A _____ oven _____ movement _____ lower _____ efficiency.
 Is an impact _____ efficiency _____ open _____ oven door _____?
 Does _____ oven door _____ energy _____ efficiency?
 Can regular _____ impact energy _____?
 _____ use _____ by constantly opened _____?
 _____ often _____ door opens _____ energy _____?
 _____ door opening _____ efficiency?
 _____ opening of _____ could _____ the energy _____.
 _____ the oven and opening the _____ impact _____?
 _____ frequently the _____ opened during _____ preparation _____ efficiency?
 What _____ does frequent oven _____ on _____ efficiency?
 _____ the _____ oven affected by regular door _____?
 _____ the opening _____ the _____ energy _____?
 Is _____ compromised _____ the open _____?
 Is _____ oven door _____ energy _____?
 _____ opening the oven _____ food _____ have on energy _____?
 _____ did opening _____ door _____ energy _____?
 _____ opening _____ oven _____ energy efficiency?
 Does _____ oven door _____ efficiency?
 Is _____ of _____ related to _____ usage efficiency?
 Is the _____ the _____ door _____ energy _____?
 _____ frequent _____ of _____ oven _____ the _____ of cooking?
 _____ opening _____ oven affect _____?
 Does _____ the oven _____ affect _____?
 _____ opening of the _____ can _____ energy _____.
 _____ effect _____ the oven frequently _____ efficiency?
 _____ opening _____ have an effect on _____ efficiency?
 Is the door _____ linked _____ energy use?
 _____ regular opening of the _____ door _____.
 _____ the energy _____ compromised when the oven _____?
 The _____ of _____ oven may be affected _____.
 _____ of frequent oven door _____ on _____?
 _____ the oven affect _____ efficiency?
 _____ opening the _____ door _____ on usage?
 Energy consumption can _____ by frequent _____.
 _____ efficiency of _____ affected _____ regular door opening
 _____ regularly _____ oven _____ the _____ use?
 Constantly opening and _____ the oven _____.
 Does opening of the _____ have _____ impact _____?
 _____ opening of the _____ it less energy _____?
 How _____ openings impact _____ use?
 Is the _____ door opening schedule _____?
 Does opening _____ door when cooking have _____ on _____?
 Does _____ door lower energy _____?
 Will _____ affect efficiency?
 How is the opening of _____ by _____?
 _____ opening the _____ door _____ cooking _____ its _____ efficiency?
 Will _____ opening _____ the oven decrease _____?
 _____ opening of _____ during food _____ on energy use?
 _____ opening _____ efficiency?

_____ the oven _____ affect usage?

Power savings _____ be impacted _____ opening _____ much.

_____ energy efficiency _____ oven might be _____ by _____ door _____.

Is _____ linked to energy _____?

The _____ be _____ open oven doors.

Could _____ the _____ cause it to _____ less _____?

There is _____ energy efficiency of _____ frequently.

_____ opening the _____ door have _____ on _____ efficiency?

_____ opening the _____ multiple _____ impacting _____?

Is opening _____ using more _____?

Does _____ usage _____ on efficiency?

Is the energy _____ opening the _____?

_____ impact _____ opening _____ oven door _____ on _____ efficiency?

_____ opening the oven have _____ negative effect _____?

How _____ opening the _____ preparation impact energy _____?

Will _____ of _____ be _____ by repeated _____ of the _____?

_____ the _____ of door _____ efficiency of _____ ovens?

_____ repeated openings _____ the oven _____?

_____ be reduced by _____ oven _____.

_____ the _____ of _____ influenced by _____ openings?

_____ regular _____ the oven _____ energy _____ efficiently?

Does _____ the oven _____?

_____ regular access to the oven _____ impact _____?

Is _____ efficiency _____ affected _____ opening a door?

How can _____ oven door _____ efficient _____?

_____ frequent opening _____ the _____ door _____ an effect _____ consumption?

Is _____ consumption _____ by the _____ oven?

_____ possible that opening _____ oven _____ its energy _____?

_____ regular _____ the oven door affect _____ usage?

Is _____ of _____ in _____ by door openings?

Is the _____ consumption _____ open oven?

How can _____ much _____ of the _____ door _____?

Power savings _____ too much opening _____.

Is overall energy _____ regular _____ door _____ activity?

Does _____ oven door _____ impact on _____?

Is _____ that open oven _____ efficiency?

Does the opening _____ oven door _____ overall _____ efficiency?

_____ it _____ opening _____ oven _____ can _____ power use?

Can _____ affect _____ oven's _____ efficiency?

Is _____ of energy compromised by _____?

_____ opening the oven _____ affect _____ efficient _____ is?

How _____ oven door affect _____?

_____ it _____ the oven less _____ efficient _____ door frequently?

_____ there an effect _____ energy _____ if I open _____?

Will the _____ of _____ oven and _____ opening _____ door _____?

_____ repeated _____ openings while cooking _____ use _____ ovens?

_____ oven door _____ bad _____ energy _____?

_____ opening of _____ oven door affect _____ usage?

_____ the _____ efficiency of _____ oven affected by _____?

_____ oven _____ much use energy?

_____ constantly opening _____ affect power _____?

Will the oven _____ affect _____?

_____ of oven _____ moving _____ efficiency.

_____ does opening _____ door _____ the _____?

Will _____ oven and _____ door _____ energy use?

_____ there an impact on energy _____ when I _____?

How _____ do the _____ door _____ affect _____?

Do opening _____ door _____?

_____ on energy-saving _____ frequent _____ door _____?

Does _____ door have _____ on energy efficiency?

_____ oven many times affect _____?

Is _____ openings impacting energy _____?

How does _____ oven door affect _____ usage?

_____ opening the _____ be _____ for _____?

What _____ does _____ of _____ have on energy _____?

_____ oven doors _____ reduce _____

Is regularly _____ the _____ to _____ energy _____?

_____ the _____ of _____ oven _____ related _____ use efficiency?

_____ opening my _____ affect _____ energy _____?

_____ opening the _____ bad _____ efficiency?

_____ for frequent _____ door openings _____ energy consumption?

_____ frequent oven _____ use on _____ efficiency.

What _____ does the _____ of _____ oven have _____?

_____ movement _____ the oven _____ impact _____ efficiency.

_____ opening of _____ door affect the amount _____ energy _____?

Does _____ the _____ the energy _____?

How is opening _____ door _____?

Does _____ oven _____ affect efficiency?

_____ oven _____ openings _____ effect on _____ consumption?

Lots _____ oven _____ can _____ efficiency.

_____ open affect efficiency?

_____ does opening an _____ your energy _____?

_____ of _____ door affect _____ consumption?

_____ the oven _____ power use?

Does _____ the _____ impact energy _____?

Will the _____ of _____ the power-saving ability?

Can _____ access to the _____ affect _____?

_____ often the _____ is _____ food _____ affects energy _____.

There _____ an effect _____ efficiency when _____ open frequently.

_____ effect _____ opening of the oven _____ on _____ usage?

Is the _____ by an _____?

_____ the _____ opening _____ the _____ affect energy _____?

_____ open the _____ its energy _____?

_____ door _____ a _____ in energy consumption?

The opening of _____ affect _____ efficiency.

The _____ of an _____ affect _____ usage.

The _____ of _____ could _____ impacting _____ savings.

The _____ on _____ of frequent oven _____?

Does _____ the _____ affect _____ use while _____?

I wonder _____ door openings _____ energy _____.

_____ does the use _____ the oven door _____ energy _____?
 Is _____ efficiency _____ I open the oven door frequently?
 Can the _____ openings affect _____ in ovens?
 Eco-efficiency may be _____ open _____.
 _____ the _____ make it less _____?
 I wonder _____ the _____ lowers the _____ efficiency.
 Is the _____ door _____ efficiency?
 Does opening _____ too frequently _____?
 _____ opening _____ oven _____ an effect _____ power savings.
 _____ an _____ oven door affect efficiency?
 _____ opening _____ door affect usage?
 _____ opening _____ door impact _____ energy _____?
 Regular door opening during _____ could _____ energy _____ oven.
 Do _____ the _____ energy efficiency?
 Does _____ the oven _____?
 _____ using the oven and _____ impact energy _____?
 _____ usage _____ influence on efficiency?
 _____ oven doors might _____ energy _____.
 _____ the _____ affect efficiency?
 _____ it possible _____ use less _____ if _____ the oven _____ while _____?
 _____ door _____ affect energy efficiency?
 _____ opening _____ have _____ on energy efficiency?
 Is _____ for oven door openings _____ impact _____?
 Will _____ my _____ than once _____ efficiency?
 _____ opening _____ oven reduce the power-saving _____?
 _____ is the opening _____ to energy use efficiency?
 Will _____ the oven _____ power usage?
 _____ efficiency is _____ oven door.
 Can repeated _____ openings _____ energy usage _____?
 There _____ oven door _____ on energy-saving.
 _____ opening of _____ have an impact on _____.
 _____ the _____ oven affected by the opening of _____?
 Does _____ door frequently _____ energy _____?
 Does having _____ oven door _____?
 _____ opening _____ the _____ can _____ energy use.
 _____ opening _____ oven door _____ energy efficiency?
 _____ regular oven door _____?
 _____ opening the _____ effecting its _____?
 Is the _____ open affecting _____?
 _____ ovens opening linked to energy _____?
 _____ the oven _____ affect the _____ of _____ cooking?
 _____ does opening _____ affect your _____?
 _____ multiple _____ of the _____ affect _____ power-saving _____?
 Is _____ amount of _____ door _____ linked to _____ amount _____?
 Is _____ the oven can reduce _____ efficiency?
 What impact does _____ opening the _____ on _____?
 _____ openings impact energy _____?
 Is _____ efficiency _____ the oven _____ is _____?
 _____ frequently _____ oven door open _____ consumption?
 Can the _____ and closing _____ affect _____ energy efficiency?

Does _____ oven frequently _____ an effect on _____?

_____ regular access to the _____ able _____ use _____?

_____ consumption _____ by a constantly open _____?

_____ oven door affect _____ efficient _____ is _____ cooking?

_____ too _____ opening _____ oven affecting power _____?

_____ opening _____ oven can _____ power _____.

_____ oven _____ affects energy _____.

Can _____ usage of ovens _____ influenced _____ openings?

_____ of the _____ energy efficiency?

_____ does the opening _____ energy _____?

_____ opening the oven door make _____ less _____?

_____ overall energy consumption compromised by _____ constantly _____?

_____ the _____ compromised _____ regular _____ door open-close activity?

Do _____ believe _____ the _____ door _____ energy efficiency?

How _____ opening _____ an _____ affect efficiency?

How often the oven _____ opened _____ preparation has _____ efficiency.

What _____ the _____ opening _____ oven door _____ on _____?

how _____ opening the _____ affect _____

_____ do _____ the oven _____ affect _____?

_____ the oven several times _____ energy _____?

Is _____ possible _____ when cooking _____ affect energy consumption?

_____ does _____ door _____ affect energy _____?

Open _____ cooking eco-efficiency

_____ impact _____ opening an _____ door have on _____?

_____ opening of _____ door impact the _____ of _____ cooking?

_____ effect _____ opening of the _____ door _____ efficiency?

The open _____ affect _____ eco-efficiency.

_____ does the opening _____ oven _____ affect _____ usage _____?

Does _____ the _____ affect _____.

What effect does _____ during _____ on _____ energy efficiency?

Too _____ opening _____ the oven _____ have an _____ power _____.

_____ the oven _____ door _____ the amount of energy _____?

Constantly opening the _____ will _____ energy usage.

_____ does _____ of the oven have _____ efficiency?

Can _____ efficiency _____ usage in _____ be affected by _____?

_____ opening the _____ its energy efficiency?

Is it _____ frequent oven door _____ energy _____.

_____ opening _____ an oven door _____?

_____ does opening _____ while cooking _____ your utility _____?

Is there _____ impact _____ the oven door more often?

_____ the opening _____ the oven _____ an _____ on _____ consumption?

Will using _____ oven and _____ impact energy _____?

_____ the _____ opening _____ the _____ door _____ the _____ of energy?

Will opening the _____ the _____ it impact energy _____?

_____ of frequent _____ door _____ on _____?

_____ the impact on energy consumption _____ the oven _____?

_____ opening of my _____ efficiency?

How _____ the _____ the _____ door _____ usage?

_____ opening _____ affect its _____ efficient?

_____ the oven _____ it less _____ Efficient?

Can the ____ of ____ influence the ____ of ____?

Is the ____ oven door a ____ efficiency?

Is ____ of the oven door ____ consumption?

Can regular oven ____ openings ____?

Can frequently ____ energy use?

Does ____ affect energy savings?

____ a ____ of times affect ____ energy efficiency?

How do ____ opening of ____ oven ____ the ____ of ____?

____ opening ____ oven ____ energy efficiency?

____ oven and opening ____ door impact its ____?

____ do ____ opening ____ the oven ____ food ____ have on energy ____?

____ opening ____ an oven door impact energy ____?

The ____ opening ____ oven door ____ energy usage.

Will ____ oven affect ____?

____ the oven's ____ efficiency ____ when the ____ open?

____ the oven door ____ power ____?

The energy ____ may be affected by ____ door ____.

Is the ____ by ____ open ____?

____ possible that opening the oven frequently ____?

Impact of oven ____ use ____?

____ the energy ____ of a ____ door opening?

How ____ the opening ____ the ____ energy efficiency of ____?

Can access ____ oven ____ affect ____?

The ____ use can ____ impacted ____ the oven ____.

____ opening the ____ door for ____ it ____ efficient?

How would ____ of the oven ____?

____ the ____ of the oven affected ____ the door ____?

____ an oven's energy ____ affected by ____ door ____?

How does a frequent opening ____ energy ____?

____ the oven ____ opened ____ could diminish its ____.

Can ____ door ____ energy usage?

____ of ____ the oven could ____ an ____ power savings.

It's possible ____ the oven can ____ energy ____.

____ the ____ consumption ____ by ____ opened oven?

Can door openings ____ ovens?

Is the ____ because ____ regular oven ____ open-close activity?

Does ____ door ____ frequently ____ energy consumption?

____ using the ____ and ____ impact energy consumption?

____ opening ____ oven ____ it ____ efficiency?

Will ____ affect energy ____?

____ does ____ door use ____ on ____ efficient performance?

____ the oven decrease it's ____?

How ____ the ____ impacts ____ consumption?

Will ____ the door ____ the oven ____?

Does the opening of ____ an impact ____?

____ effect ____ opening ____ the oven during food preparation ____ on ____?

____ of the oven ____ affect its ____ consumption.

____ the oven ____ bad ____ energy ____?

Will opening the oven ____ less energy ____?

____ the ____ door have an effect on ____?

Will _____ the oven _____ to _____ less energy efficient?

How _____ opening the oven _____ food preparation _____?

_____ oven _____ movement _____ affect energy _____.

The _____ opening during _____ affect the energy _____ oven.

Does _____ of the oven door _____?

How _____ opening _____ oven _____ power _____?

Is _____ between energy use and _____ opening?

_____ opening my oven _____?

_____ effect does the opening of oven _____?

_____ the oven door _____ associated _____?

Is _____ of an oven _____ by _____ opens?

Does opening the _____ effect on _____?

Is it _____ that _____ oven _____ lowers _____ efficiency?

_____ regular _____ of oven _____ efficiency?

_____ it possible that access to _____ impact _____?

Is _____ opening _____ multiple times will impact energy _____?

Is _____ the _____ door _____ factor of efficiency?

_____ the _____ consumption _____ by _____ constantly opened _____?

Is the _____ of _____ oven _____ doors are open?

_____ do _____ about the _____ opening the _____ door _____ on _____?

Is it _____ for _____ access to _____ to impact _____?

_____ opening _____ oven _____ affect efficiency.

_____ energy _____ opening an oven?

Do _____ think _____ the _____ its energy efficiency?

_____ diminish energy efficiency?

Is _____ for _____ openings to affect _____ consumption?

Can _____ access to _____ oven impact _____?

_____ the _____ efficiency of the _____ compromised by _____ door _____?

What _____ on energy efficiency _____ the oven _____ open?

Do you _____ the oven door during _____ it less _____?

_____ eco-efficiency may _____ reduced by _____ oven _____.

_____ oven _____ use _____ efficiency?

_____ the _____ sometimes _____ its _____ efficiency?

Too _____ opening _____ can _____ savings.

_____ opening _____ oven door affect _____?

There _____ an _____ on _____ efficiency _____ is opened frequently.

_____ much opening _____ have an _____ on power _____.

_____ it _____ that frequent _____ affect energy consumption?

_____ change energy efficiency?

The effect _____ opening _____ on energy _____ is _____.

_____ the door opening of _____ related to _____?

Does opening _____ use?

Does opening the _____ door affect how _____?

Will _____ make _____ oven less energy _____ by _____ often?

The _____ on energy savings is unknown.

There _____ impact _____ energy _____ efficiency if _____ open the oven _____.

Can the _____ and closing _____ the energy _____ it?

Can the _____ of _____ be affected by _____ openings?

_____ energy _____ compromised by _____ opened _____?

Is _____ much opening _____ power _____?

_____ opening oven _____ power _____.

_____ opening the oven _____ frequently going _____ it _____ efficient?

_____ cooking eco-efficiency.

Is opening _____ an _____ on energy _____?

_____ opening the _____ occasionally _____ efficiency?

Is it possible _____ door _____ consumption.

_____ the _____ compromised by _____ oven?

_____ the _____ often _____ energy use?

_____ think opening _____ oven _____ often _____ it less _____ efficient?

Will opening _____ oven _____ diminish _____?

_____ opening of the _____ could _____ the _____ use.

_____ opening the oven _____ frequently _____ consumption _____?

_____ the _____ have an impact _____ efficiency?

_____ the oven _____ affect energy _____.

Is regular _____ use _____ efficiency?

_____ kitchen _____ openings _____ the efficiency _____?

_____ opening the _____ door lower _____?

_____ opening _____ less energy efficient?

_____ opening _____ oven _____ frequently _____ energy consumption _____?

_____ between the _____ door _____ and energy usage?

Cooking _____ may _____ by _____ oven _____.

_____ the _____ the _____ affect _____ amount of energy used?

_____ amount _____ used compromised by _____ opened oven?

_____ energy efficiency _____ oven door _____?

_____ opening _____ oven door affect _____?

Will regular _____ the _____ energy _____?

Does _____ use of _____ oven _____ energy _____?

_____ opening the oven door _____ efficiency _____ cooking?

Is _____ reduce _____ if _____ open the oven door _____?

_____ opening _____ the oven _____ impact _____.

_____ door openings _____ energy consumption?

Will _____ the oven _____ frequently opening _____ consumption?

_____ the oven _____ affect the amount _____ energy _____?

_____ the energy efficiency _____ oven impacted _____ door _____?

_____ it _____ that _____ oven _____ its energy efficiency?

What _____ the opening _____ the _____ have on energy _____?

_____ savings can _____ impacted _____ too _____ oven

How _____ the regular _____ the _____ door _____ the _____ energy?

Do _____ openings _____ the _____ of _____?

Does _____ door affect _____ efficiency of cooking?

Is the _____ of energy _____ by _____?

Can you tell _____ cooking affects utility bills?

_____ repeated _____ openings _____ the energy _____ of _____?

_____ opening _____ oven door _____ negative _____ energy efficiency?

_____ power-saving _____ may _____ affected _____ repeated openings _____ oven.

How does _____ the _____ affect _____?

What effect _____ the _____ open frequently have _____?

_____ the oven _____ its energy _____?

_____ opening the _____ door _____ make a _____ energy consumption _____?

_____ it _____ that _____ door openings _____ impact energy _____?

____ it ____ that oven ____ efficiency?
 ____ do openings of ____ affect ____?
 Can the energy efficiency ____ an ____ opening ____ cooking?
 ____ opening ____ way ____ reduce energy use?
 ____ of an oven ____ affected ____ door openings.
 Does ____ often ____ energy use?
 ____ constant opening ____ of the ____ affect ____ efficiency?
 Might ____ affect ____ efficiency?
 Does the ____ the ____ door affect overall ____?
 Is energy ____ compromised ____ constantly ____?
 ____ the oven more ____ once ____?
 Does ____ opening ____ the oven door ____ the ____?
 Can ____ openings ____ an ____ energy usage?
 ____ the ____ efficiency affected when the ____ open?
 ____ the ____ and ____ door have an ____ on energy ____?
 Does ____ affect ____ use?
 Is ____ that frequent ____ openings ____ impact ____ consumption?
 What impact ____ frequent oven door opening ____?
 ____ efficiency compromised ____ regular oven door ____?
 Is the energy ____ impacted ____ oven ____ activity?
 ____ possible ____ frequent oven door ____ impact energy ____?
 ____ utility bills affected ____ continuously opening ____?
 Will opening ____ my ____ efficiency?
 ____ effects do opening oven ____ on ____?
 Could ____ energy efficient?
 ____ a ____ opening ____ the oven ____ affect ____ consumption?
 ____ door opening during cooking can ____ the ____ of ____.
 Will ____ of ____ oven decrease ____ ability?
 How ____ opening oven ____ use?
 Does opening ____ door ____ efficiency?
 Is ____ efficiency ____ energy usage ____ door openings?
 ____ the oven decrease power-saving ____?
 Will the ____ power-saving ability?
 The opening ____ door affects ____ efficiency.
 ____ opening the ____ door ____ less energy efficient?
 Is ____ effect on energy consumption ____ the ____ frequently?
 ____ of opening the ____ could ____ power ____.
 ____ the opening of an ____ door ____?
 ____ the ____ of ____ oven door impacting ____?
 Can repeated door ____ cooking affect energy ____?
 ____ the oven change how ____ used?
 ____ the ____ door ____ factor ____ energy use?
 ____ ability will be ____ by ____ openings ____ the oven.
 ____ openings influence ____ efficiency of the ____?
 ____ oven door ____ energy consumption?
 Is ____ that oven door ____ energy usage?
 ____ opening the ____ door ____ consumption?
 ____ opening ____ door ____ affect efficiency.
 ____ opening of the ____ door ____ the energy ____?
 Is ____ an impact on energy consumption ____ open ____?

Is opening _____ reduce energy use?

Does opening _____ affect _____ of energy you _____?

When I _____ oven, _____ energy efficiently?

How _____ oven _____ opening _____ energy _____?

Did _____ door _____ energy usage?

_____ door _____ influence _____ use of energy _____ ovens?

How _____ the _____ door affect usage?

_____ opening an oven _____ my energy _____?

_____ the _____ likely _____ make it less energy _____?

The opening of the oven _____.

_____ opening the oven _____ how _____ affect energy _____?

Will _____ opening _____ the _____ door _____ energy efficiency?

_____ impact _____ from frequent _____ door _____?

_____ repeated _____ power-saving ability?

_____ the opening _____ oven door _____ energy usage _____?

_____ a _____ between frequent _____ door _____ and _____ consumption?

_____ the _____ efficiency of the _____ affected _____ door _____?

_____ repeated _____ openings make _____ in the _____ of _____?

Is the oven's energy _____ by _____?

_____ opening _____ the oven door _____ to energy use _____?

_____ frequent _____ the oven door _____ usage?

How _____ the _____ affect _____ efficiency?

_____ the amount _____ ability be affected by _____ oven?

_____ oven and opening _____ door _____ the energy consumption.

Could _____ the oven could make _____ less _____?

_____ opening _____ door _____ it to _____ less energy _____?

_____ door _____ can affect _____.

_____ of the _____ might _____ savings.

_____ the openings _____ the oven decrease _____ saving _____?

_____ opening _____ cooking less energy efficient.

The amount _____ the _____ affect _____ savings.

Will _____ number _____ in the _____ the power-saving _____?

_____ opening the door _____ oven _____ affect _____ use.

_____ door openings will affect energy consumption?

How _____ the _____ frequently _____ energy _____?

How _____ of the oven _____ energy usage.

_____ to _____ oven _____ impact energy _____.

_____ opening _____ oven cause _____ decrease _____ efficiency?

Is _____ efficiency of an _____ opening the _____ during _____?

_____ true that opening _____ oven _____ lowers its _____?

_____ there _____ correlation between _____ number of oven _____ and _____?

_____ the energy _____ an oven affected _____ door being _____?

_____ oven many _____ affect _____ efficiency?

The _____ of the _____ door _____ energy _____.

There is _____ effect _____ efficiency if _____ oven _____ frequently.

_____ opening the _____ more _____ the oven less _____?

Will the _____ being _____ make it _____ energy _____?

Does the opening _____ door _____ energy consumption?

_____ the oven _____ the energy efficiency?

How _____ opening oven _____ usage?

Does opening the oven _____ affect _____?

_____ hurt energy efficiency?

Is _____ of _____ oven _____ use?

_____ opening _____ affect the efficiency?

_____ the _____ efficiency _____ by _____ regular _____ door open-close _____?

Is _____ oven door _____?

_____ the opening of _____ door affect _____?

_____ openings _____ the oven affect _____?

_____ opening _____ oven _____ change how efficient _____?

Will frequent _____ oven door _____ energy efficient?

_____ opening the oven _____ during cooking make _____ appliance _____?

Does _____ opening _____ the oven _____ the _____?

Is _____ for _____ less energy if _____ the oven _____ when cooking?

Is _____ energy _____ compromised _____ the _____ opened _____

_____ is _____ oven _____ it is _____ frequently while _____?

_____ overall _____ consumption _____ by _____ constantly open _____?

_____ oven doors open _____ use?

Is the _____ affected by regular _____?

There's _____ of _____ use on _____.

How do regular _____ oven _____ energy usage _____?

Does opening the oven _____?

_____ opening _____ oven door _____ impact on energy _____?

_____ the energy _____ jeopardized by _____ door open-close _____?

Does _____ an oven door _____?

What _____ regularly opening the _____ have on _____?

_____ opening _____ door help _____ less energy?

Can opening the oven _____ affect _____ energy _____?

How do _____ impact energy _____?

_____ is the oven _____ it is opened _____?

_____ for door openings _____ energy _____ in ovens?

_____ compromised by the continually _____ oven?

Is _____ possible _____ impact energy _____?

Does _____ affect energy _____ when the _____ is _____?

Does frequently opening the _____ have _____ on _____?

_____ the oven and frequently opening the _____ affect _____ consumption?

Does _____ the oven _____ impair _____?

_____ it _____ impact _____ energy consumption if _____ open _____ oven door _____?

_____ oven affect overall power-saving ability?

Is oven door _____ to _____?

What _____ does _____ during food _____ have _____ energy consumption?

Is _____ energy consumption efficiency _____ open the oven _____ when _____?

The opening _____ can _____ an effect _____ efficiency.

Energy usage can _____ affected by _____.

Impact of _____ doors _____ energy _____?

_____ door affect _____ consumption?

Will opening _____ change _____ power used?

_____ energy consumption compromised _____ oven?

_____ often the _____ is _____ food preparation _____ efficiency?

Will _____ door _____ affect _____?

_____ opening the _____ during cooking _____ efficiency?

_____ you mean _____ when _____ opening _____ won't use energy efficiently?

_____ you think _____ the _____ door _____ how _____ is?

_____ door opening affect the _____ oven?

_____ the _____ of the _____ by _____ it frequently?

Does the opening _____ door _____ the energy _____?

Is _____ opening the oven door _____ efficiency?

Will _____ of my oven _____ energy _____?

_____ oven more often _____ efficiency?

_____ oven _____ have an _____ power savings.

_____ opening _____ door influence usage?

_____ oven door decrease _____ efficiency?

Is opening _____ door _____ efficiency?

_____ frequent _____ ovens able _____ use?

Is _____ oven _____ energy use?

An impact _____ frequent oven _____?

Will _____ the oven frequently _____ opening it's _____?

_____ oven _____ open often affecting _____?

_____ opening my oven going _____?

Is the _____ by regular oven _____ activity?

_____ opening the _____ its _____?

Is there _____ on energy _____ if I _____ door frequently?

_____ oven door _____ affect energy _____.

_____ the _____ door open _____ energy _____?

Is _____ an impact _____ I open _____ oven _____ while cooking?

_____ use more _____ to open the oven _____ while _____?

_____ you _____ that _____ won't use _____ efficiently _____ you keep _____ it?

_____ will _____ openings of _____ affect power-saving _____?

_____ usage _____ affected by _____ oven door.

Open _____ can affect _____?

Will opening _____ oven door _____?

Will _____ the oven _____ the energy _____ of _____?

_____ the oven _____ it to be less _____?

_____ think opening _____ affects energy efficiency?

Is _____ the _____ less energy efficient _____ it frequently?

Does the _____ affect efficiency?

_____ oven door _____ energy use?

Is the _____ on energy consumption _____ by _____?

Is regular _____ use _____ influence _____?

The _____ opening could _____ it _____ energy _____.

_____ impact of _____ oven door use _____?

_____ opening _____ oven _____ energy consumption?

_____ of openings in _____ decrease the power _____ ability?

What is the _____ on _____ the _____ frequently?

_____ opening the _____ can _____ efficiency?

The energy usage _____ ovens _____ influenced _____ door _____.

Could the _____ of _____ energy efficiency?

Can the _____ oven _____ openings affect _____?

_____ opening oven doors _____?

Is there an _____ energy efficiency _____ I _____ frequently?

How _____ doors affect _____ efficiency?

How does the opening _____ oven affect _____ preparation?

_____ number _____ door openings affect _____ efficiency _____ ovens.

_____ the _____ of openings in _____ the _____ ability?

Does _____ opening _____ door affect _____ consumption?

_____ overall _____ consumption compromised _____ the constantly _____?

_____ oven _____ affect _____ energy efficiency?

Is the efficiency of _____ affected _____ door _____?

Is a door opening _____ an oven?

_____ the oven several times _____ energy _____?

Constantly opening _____ door _____ oven may _____ consumption.

Is it possible _____ oven _____ decrease its _____?

_____ is the effect _____ opening _____ oven often _____?

How does the _____ the _____ door _____ usage?

Is the _____ doors _____ efficiency?

An impact of oven _____?

Will opening an _____ energy _____?

_____ may _____ affected by _____ opening.

_____ oven doors _____ reduce _____.

_____ can oven door _____ energy _____?

_____ frequent _____ usage affect _____ efficiency?

_____ the _____ consumption compromised _____ the _____?

_____ energy consumed compromised _____ a constantly _____?
