

[Demo] NLP Dataset for Customer Service Automation

Company Type	E-commerce Marketplaces
Inquiry Category	Size guide and measurement queries
Inquiry Sub-Category	International sizing confusion
Description	Customers ask for assistance in converting their sizes to match international standards, or clarification on sizing charts provided by sellers to ensure accurate measurements and determine the best fit.
Data Size	5,036 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "E-commerce Marketplace" customer inquiry. (Purchased data will not be masked.)

____ is ____ accurate: using ____ measurements ____ or relying ____ ____ ____ ____ case of discrepancies?
 ____ are discrepancies, using ____ directly or using ____ ____ is ____.
 In ____ ____ discrepancies, ____ holds higher ____ ____ user's ____ measurement or manufacturer's ____?
 Which ____ is ____ accurate, ____ ____ directly ____ following manufacturers' suggestion?
 Which ____ more ____ ____ ____ measurement directly or ____ manufacturer's guidelines?
 ____ discrepancies arise, ____ holds higher ____ the ____ ____ measurement ____ ____ manufacturer's guidance?
 ____ factor is ____ ____ using body measurements ____ or ____ manufacturers' ____?
 Which is ____ precise, ____ measure ____ ____?
 Is it better ____ use ____ body measurements or ____ ____ ____ ____ size ____?
 ____ measurements ____ ____ manufacturer guidelines?
 Is ____ ____ use bodyMeasurements ____ or to ____ manufacturer guidelines ____ ____ ____ discrepancies in ____ measurement?
 Which is ____ ____ relying ____ the ____ guidelines or ____ ____ ____ directly?
 ____ ____ ____ relying ____ ____ suggestions or using personalized body ____ for purchases?
 Do you ____ to use ____ ____ or ____ manufacturer ____ if there ____ ____?
 Should bodyMeasurements ____ ____ ____ ____ on manufacturer guidelines?
 ____ is ____ accurate: ____ body ____ ____ or ____ solely ____ manufacturer guidelines?
 ____ is ____ ____ measurements ____ manufacturer guidelines?
 ____ ____ is ____ ____ is using bodyMeasurements directly or relying ____ manufacturer ____ ____?
 ____ method ____ more accurate, ____ direct body ____ ____ the ____ provided?
 ____ more ____ ____ solely ____ manufacturer suggestions or using personal ____ ____?
 Which ____ more ____ ____ ____ manufacturer guidelines?
 Is ____ appropriate to ____ ____ body measures instead ____ ____ solely ____ ____ recommendations?
 ____ ____ ____ to use bodyMeasurements ____ ____ use the ____ guidelines?
 Do ____ use ____ ____ directly, ____ ____ on ____ ____ guidelines to make ____ it ____ accurate?
 Which ____ ____ accurate, using ____ measurements directly or ____ ____ manufacturer ____ when there ____ ____?
 Which factor ____ ____ accurate, using ____ measurements directly ____ following ____ ____?
 Is ____ ____ ____ rely ____ ____ actual ____ ____ or the manufacturer's guides?
 If ____ use direct body ____ is it ____ ____ ____ ____ manufacturer ____?

Do ____ use ____ manufacturer's guidelines ____ make sure you are ____ or ____ you ____ ?

Which ____ measurements directly ____ relying ____ manufacturer guidelines?

Do you use body measuring ____ use ____ manufacturer's ____ make ____ it ____ ?

____ to stick to ____ size ____ or to use ____ body ____ ?

Is ____ to just ____ measurements or to ____ the sizes ____ by ____ ?

____ it ____ to follow ____ manufacturer's ____ for an ____ more ____ direct body measurements?

____ there a ____ directly measuring bodies ____ solely on ____ ?

____ you rely ____ guidelines ____ accurate ____ or ____ you use ____ measuring directly?

If there are ____ better ____ use manufacturer ____ or ____ bodyMeasurements directly?

Is using ____ more accurate than ____ size suggestions?

If there is a discrepancy, ____ is ____ accurate: ____ body ____ or ____ guidelines?

Which is more ____ body ____ or ____ ?

____ it better to ____ measurement or should ____ rely on the info provided ____ ?

____ it ____ to ____ use ____ or to use ____ ?

If ____ discrepancies in ____ measurement, ____ you use bodyMeasurements directly ____ manufacturer ____ ?

Is using ____ measured better ____ on ____ guidelines?

____ you recommend ____ exact ____ measurements, instead of ____ suggested ____ manufacturers' ____ ?

Which is more ____ guidelines?

Is using a ____ measurement better than ____ only ____ ?

____ direct body ____ accurate than the ____ manufacturer?

Is using ____ measures ____ than using ____ guidelines?

____ better to ____ or use manufacturer guidelines ____ discrepancies in ____ measurement?

Is ____ body ____ more ____ using manufacturer guidelines?

____ factor is ____ accurate: ____ the ____ following manufacturers' suggestions?

Which is ____ accurate: ____ using ____ manufacturer guidelines in case of ____ ?

____ there are ____ should ____ used directly ____ using ____ guidelines?

The question is, are ____ measurements or ____ ?

Is it better ____ rely on ____ sizes ____ by ____ or ____ ?

If there ____ discrepancies in ____ it ____ sense to use bodyMeasurements ____ or ____ manufacturer ____ ?

Which is ____ using ____ measures directly ____ trusting ____ ?

If ____ are discrepancies, is ____ manufacturer ____ or directly ____ bodyMeasurements?

Is ____ to use my own body ____ I ____ on the information ____ manufacturers?

Is it more ____ to the manufacturer's ____ suggestions ____ body measurements?

Which is more ____ using ____ measurements ____ or ____ from ____ ?

____ more ____ body measurements, or ____ ?

____ it ____ to ____ own ____ measurements, or ____ to ____ on the info ____ by manufacturers?

____ case of ____ which holds higher accuracy ____ manufacturer's guidance?

Should I use ____ own body ____ rely ____ the ____ ?

Is ____ better ____ or ____ the ____ recommendations for a fit?

____ it better ____ or rely on manufacturer's guidelines?

____ it ____ to measure ____ own ____ or use ____ ?

If there are ____ is ____ better ____ manufacturer guidelines?

Do you want ____ use ____ manufacturer ____ if there are ____ ?

Is ____ better ____ bodyMeasurements to be ____ or ____ manufacturer ____ be ____ ?

____ direct body ____ more ____ than ____ relying on the ____ ?

____ use a body measurement, ____ stick to the ____ size ____ ?

Is it better ____ use my ____ body measurements ____ I ____ the info ____ ?

Is body ____ than ____ on ____ from the ____ ?

Which is more accurate: ____ measuring ____ relying on manufacturer ____ of ____ ?

____ it better ____ use ____ measurement ____ or ____ on the ____ ?

_____ precision: using _____ suggestions _____ using personal _____ measurements?
 _____ it better _____ actual measurements or _____ to _____ manufacturer's size _____?
 _____ better _____ use actual body _____ or _____ stick _____ manufacturer's size _____?
 _____ discrepancies arise, which holds _____ own measurements _____ manufacturer's _____?
 In _____ of discrepancy, which holds higher _____ own measurement _____?
 _____ body _____ than using guidelines _____ the manufacturer?
 _____ better _____ the bodyMeasurements directly or to _____ guidelines?
 _____ you _____ use specific body _____ instead of _____ suggestions?
 _____ using body _____ accurate _____ relying solely _____ manufacturer guidelines?
 _____ make _____ to _____ body measurements _____ or rely _____ recommendations?
 Is it _____ to use direct body _____ recommendations for _____?
 _____ body _____ directly _____ manufacturer _____ is more accurate.
 Which _____ better in _____ of accuracy: direct _____ guidelines?
 _____ faced _____ discrepancies, _____ measurements or stick to the _____ guidelines?
 _____ there is a discrepancy, _____ be _____ directly or _____ the _____?
 Which _____ is better _____ following _____ suggestions or directly _____?
 _____ is more accurate, _____ or the _____ guidelines?
 _____ more _____ relying on _____ or using _____ personalized _____ measurement?
 _____ it _____ use bodyMeasurements _____ use manufacturer _____ for discrepancy?
 _____ there are _____ be _____ or manufacturer guidelines?
 Do _____ think _____ is _____ idea to _____ rather than relying _____ what _____ manufacturers suggest?
 Do you prefer to _____ directly _____ guidelines if there _____?
 Which _____ more _____ using body measurements _____ using _____ manufacturer's _____?
 _____ body measurement _____ accurate than solely _____ manufacturer _____?
 _____ is _____ using a _____ directly or _____ on manufacturer _____?
 Using _____ measurement _____ manufacturer guidelines is _____ precise?
 _____ it preferable _____ body measurements _____ or rely on _____?
 Which _____ accurate, using body measurements directly _____ guidelines?
 _____ body _____ directly _____ relying on manufacturer _____ in _____ is more _____.
 _____ is _____ accurate: directly _____ body or relying _____ guidelines?
 Is it better to use _____ use _____ from _____ manufacturer?
 _____ body measurements more _____ than _____ only _____ manufacturer guidelines?
 Is using _____ directly more _____ following manufacturer _____?
 _____ body _____ more precise than just _____ the manufacturer?
 Which _____ more accurate, _____ manufacturer guidelines?
 Is _____ body measurement _____ than relying _____ on _____?
 _____ there is a discrepancy, is it _____ to _____ bodyMeasurements?
 Do you _____ idea to use _____ rather than relying on _____ the _____ suggest?
 Is it better _____ use bodyMeasurements _____ guidelines _____ the manufacturer?
 Is direct _____ measurements or _____?
 _____ to _____ body _____ directly or _____ on the manufacturer?
 Which one is more precise _____ manufacturer _____?
 _____ it better to _____ to _____ body measurements directly?
 When faced _____ discrepancies, _____ one _____ their body measurements _____ guidelines?
 Which _____ better, _____ body measurements directly _____ manufacturer _____?
 _____ use _____ measuring directly or rely _____ manufacturer's _____ to _____ accurate?
 _____ manufacturer guidelines _____ body _____ more accurate?
 Is it _____ use body measurements _____ trust the _____ manufacturers?
 Is it better _____ use manufacturer _____ use _____?
 When _____ with discrepancies, _____ one _____ to _____ guidelines _____ body _____?

_____ there _____ the measurement, is it _____ to use _____ Measurement directly _____ rely on _____ ?
 Do you _____ using actual _____ measurements _____ to the _____ ?
 Is _____ use of body _____ or _____ more _____ ?
 _____ it better _____ use body measures or _____ sizes _____ manufacturers?
 _____ using the body measurements _____ relying _____ on the _____ guidelines?
 _____ is _____ using _____ measurements directly or relying _____ on _____ guidelines?
 _____ is more _____ body _____ directly _____ relying solely _____ guidelines?
 _____ faced with _____ should one _____ to _____ manufacturer's _____ trust body _____ ?
 Is it _____ use body _____ or just _____ the manufacturer's _____ ?
 Is _____ better than only _____ manufacturer guidelines?
 Is _____ better _____ actual body _____ stick to manufacturer's _____ suggestions?
 Is it _____ to _____ directly _____ to _____ manufacturer _____ when there are discrepancies _____ ?
 Is _____ to directly use _____ manufacturer's guidelines?
 Which _____ using _____ measurements _____ relying _____ in the event of discrepancies?
 _____ discrepancies _____ your body measurement _____ it better to use _____ directly or _____ use _____ ?
 Do _____ body measuring directly or _____ on _____ guidelines _____ sure _____ are _____ ?
 Is _____ direct body measurements _____ the guidelines from _____ ?
 _____ body measurements yield _____ than following _____ instructions?
 Do _____ rely on _____ manufacturer's _____ ensure _____ result, or do you _____ measuring _____ ?
 _____ you _____ measurements or _____ the manufacturers' guidelines?
 Is _____ preferable _____ manufacturer guidelines?
 Should _____ only rely _____ actual _____ measurements, _____ guides accurate?
 Do _____ body measurements _____ on manufacturer's guidelines?
 Do _____ use _____ guidelines _____ make _____ measuring _____ accurate, _____ you use it directly?
 Is _____ to use _____ own _____ measurements _____ the manufacturer's guidelines?
 _____ it make sense _____ use actual body _____ to _____ manufacturer's _____ ?
 When _____ with discrepancies, should _____ trust body _____ guidelines?
 _____ it _____ to _____ directly, or _____ manufacturer guidelines _____ there are _____ ?
 _____ is _____ correct, _____ or _____ guidelines?
 Is it better _____ body measurements or _____ trust the _____ ?
 _____ the guidelines from the manufacturer or the _____ from _____ ?
 Is _____ good idea to _____ specific body _____ just relying _____ manufacturers' _____ ?
 _____ you use body measurements _____ or trust _____ ?
 _____ using _____ measuring directly _____ the _____ to _____ an accurate result?
 _____ of discrepancies, _____ holds higher _____ user's own _____ guidance?
 In _____ of _____ you prefer _____ bodyMeasurements directly _____ use manufacturer _____ ?
 Is it _____ idea to use _____ physical _____ on _____ manufacturers recommend?
 Do _____ on the _____ make _____ are accurate, _____ do you use _____ measuring directly?
 _____ use _____ own measurement or is it better to _____ the info _____ by _____ ?
 Do you use the _____ to make _____ are _____ or do you use _____ ?
 In _____ discrepancies, _____ is _____ accurate: _____ measurements _____ relying on manufacturer guidelines?
 Is it better _____ body measurement directly or _____ ?
 Which _____ more precise, _____ directly or trusting _____ ?
 Is _____ better _____ use _____ measurement rather _____ on _____ guidelines?
 _____ is more accurate: _____ measurement _____ relying _____ the manufacturer's _____ ?
 _____ you using body _____ directly _____ on _____ manufacturer's _____ to _____ is accurate?
 Is _____ to use _____ body _____ or to _____ to _____ manufacturer's _____ ?
 _____ arise, which holds higher _____ measurement or manufacturer's _____ ?
 Is _____ better to follow _____ recommendation _____ or _____ use direct body _____ ?
 Do _____ body measuring _____ or use _____ manufacturer's guidelines _____ accurate _____ ?

____ there are ____ in ____ way ____ you ____ body measuring directly ____ rely on ____ guidelines?
 ____ one trust their ____ measurements or stick ____?
 Are it ____ use bodyMeasurements directly ____ manufacturer ____ there are ____?
 ____ it better ____ use ____ only relying ____ manufacturer guidelines?
 ____ measurement directly ____ using ____?
 ____ is more ____ using body ____ or relying ____ manufacturer ____ discrepancies?
 Is it ____ follow the ____ for accurate fit or ____ measurements?
 Should ____ use ____ body measures instead ____ solely ____ suggestions?
 Is ____ use bodyMeasurements ____ or ____ manufacturer guidelines ____ discrepancies?
 If ____ is ____ discrepancy, is ____ better ____ directly or ____ on ____ of the manufacturer?
 If discrepancies arise, which ____ higher ____ - ____ own ____?
 When faced with ____ should one ____ follow manufacturer ____?
 Using ____ measurements directly ____ trusting the ____ is ____.
 ____ method is ____ using ____ measurements or trusting the ____?
 ____ it ____ to ____ specific body measures instead of ____ recommendations?
 If ____ in your body ____ is ____ better ____ use ____ directly or ____ guidelines?
 Do ____ use body ____ use ____ to ____ sure that ____ are accurate?
 ____ is ____ body measurement directly or ____ manufacturer ____?
 If ____ is ____ discrepancy ____ you use ____ directly or ____ on manufacturer ____?
 ____ better to measure ____ rely on ____ guidelines for ____?
 Will it be ____ to ____ bodyMeasurements ____ rely ____ manufacturer ____?
 Is it ____ to use ____ or rely ____ manufacturer ____ discrepancies?
 ____ it ____ or use manufacturer ____ for discrepancies in your ____?
 Body ____ or using ____?
 ____ it better to ____ bodyMeasurements ____ or ____ manufacturer's ____ of discrepancy?
 ____ body ____ reliance on manufacturer guidelines?
 If discrepancies arise, which ____ higher accuracy: user's ____?
 ____ more accurate, using ____ measurements or trusting ____ the instructions ____ the ____?
 Trusting ____ guidelines ____ using ____ measurement ____?
 ____ better ____ use bodyMeasurements ____ or ____ from the manufacturer.
 Is ____ measurements more ____ just following instructions ____?
 If there are discrepancies ____ body ____ is it better ____ use bodyMeasurements ____ manufacturer ____?
 Should one ____ specific body ____ relying on ____?
 ____ better to use ____ body measurements ____ follow the manufacturer's ____ correct ____?
 ____ direct body ____ better ____ manufacturer guidelines?
 ____ it better to ____ measurements or ____ to ____ size ____ accuracy?
 ____ there is ____ discrepancy, ____ better to use bodyMeasurements ____ or ____ manufacturer's ____?
 ____ it ____ my own body measurements ____ use the ____ guidelines?
 Is it better ____ measurements or ____ rely on ____ sizes ____ by ____?
 ____ it ____ trust the ____ guidelines or ____ use body ____?
 ____ is ____ accurate: using body ____ relying on manufacturer ____?
 Is ____ to use bodyMeasurements ____ manufacturer guidelines?
 Do ____ follow manufacturers' guidelines ____ trust ____ of direct ____ measuring?
 ____ is more ____ using the manufacturer's guidelines ____ directly?
 ____ discrepancies, which ____ higher accuracy? ____ own measurement ____ manufacturer's ____?
 ____ there a difference ____ using actual bodily dimensions ____ relying ____ guidelines when ____?
 Is it ____ use direct body measurements ____ manufacturer ____?
 Is ____ better to ____ directly or ____ with discrepancies?
 Is using ____ better ____ relying only ____ the ____?
 Which ____ more ____ using a body measurement directly ____?

The question _____ you _____ body measuring directly _____ guidelines?
 Is _____ body measurement _____ accurate _____ just _____ on _____?
 _____ factor _____ between following _____ suggestions _____ directly _____ body Measurements?
 _____ it better to _____ body measurements _____ manufacturer _____?
 _____ more accurate: _____ a direct _____ trusting the manufacturer instructions?
 _____ using _____ measuring directly _____ using manufacturer's guidelines to _____ result?
 _____ there are discrepancies _____ your body _____ is _____ to _____ guidelines or _____?
 If there _____ the measurement, _____ it better to _____ directly or _____ manufacturer guidelines?
 Is _____ to _____ my own _____ measurements or _____ the information _____ manufacturers?
 _____ is _____ using direct body _____ or trusting _____ the _____?
 Do direct _____ or _____ make more _____?
 _____ is _____ the _____ measurement _____ or relying on manufacturer _____?
 In _____ discrepancy, _____ be used directly or used _____?
 In case of discrepancies, _____ higher _____ - _____ measurement _____ the _____ guidance?
 Is it _____ use my own _____ measurement than _____ trust _____ provided _____?
 Is using _____ direct _____ measurement _____ relying _____ guidelines _____ manufacturer?
 _____ better to use _____ directly _____ manufacturer guidelines?
 _____ more _____ measurements directly or relying _____ manufacturer guidelines?
 Is _____ bodyMeasurements directly _____ using the _____?
 _____ it _____ use _____ directly _____ based on manufacturer _____?
 In case _____ holds higher _____ own measurements or manufacturer's _____?
 Do you use the _____ sure that you _____ or do _____ measuring directly?
 Which _____ more accurate: _____ body measurements _____ or relying _____ manufacturer _____?
 _____ body measurement _____ than _____ only on _____ manufacturer guidelines?
 _____ more _____ a body measurement directly _____ manufacturer's guidelines?
 _____ it better _____ use _____ depend on manufacturer recommendations?
 Is _____ precise _____ simply following _____ the manufacturer?
 _____ direct _____ than just relying _____ manufacturer guidelines?
 Do you _____ measuring directly _____ do _____ on manufacturer _____?
 _____ better _____ use actual body measurements, _____ the _____ size suggestions?
 _____ measurements _____ more accurate than relying on _____?
 _____ better to directly use _____ or to use _____ if _____?
 _____ is more _____ manufacturer guidelines?
 _____ is _____ accurate: using a body _____ directly or _____ instructions?
 _____ discrepancies, do you _____ on manufacturer guidelines or _____ use body _____?
 _____ better _____ use manufacturer _____ if _____ to use bodyMeasurements directly?
 _____ is more _____ using _____ measurements directly or _____?
 _____ are bodyMeasurements better _____ use _____ or rely on manufacturer _____?
 Can direct body measurements _____ accurate _____ manufacturer's _____?
 Do you use _____ measuring _____ on _____ make _____ it is correct?
 Should _____ to manufacturer's guidelines when _____ or trust _____ directly?
 _____ to _____ bodyMeasurements directly _____ manufacturer's guidelines in case of _____?
 If _____ discrepancies, _____ one _____ body measurements _____ to manufacturer's _____?
 _____ precise: trusting manufacturer guidelines or using _____?
 _____ to _____ my own _____ or _____ it better to _____ the information provided _____ manufacturers?
 _____ bodyMeasurements _____ used _____ or used manufacturer _____ in _____ of _____?
 Which method is _____ precise: _____ body _____ directly _____ manufacturer _____?
 _____ think _____ body measurements directly _____ following manufacturers' _____ more _____?
 Is _____ to use _____ own _____ on the _____ guidelines?
 _____ it _____ sense _____ use _____ body _____ rather than _____ solely on _____?

____ it better to ____ the manufacturer's guidelines?
 ____ prefer following manufacturers' ____ trust the accuracy of ____?
 Do ____ exact ____ measurements, ____ relying on ____ the manufacturers suggest?
 If there ____ measurement, is it ____ to ____ bodyMeasurements directly ____ to ____ manufacturer ____?
 Does ____ to use specific ____ instead ____ solely on ____ recommendations?
 Do ____ it's ____ idea to use exact physical measures ____ than relying on ____?
 If discrepancies arise, which ____ own ____ or manufacturer's ____?
 Do body ____ produce more accurate ____ than ____?
 Is it better ____ or to ____ on ____ guidelines?
 If ____ are discrepancies ____ body measurement ____ it better ____ guidelines ____ directly?
 ____ discrepancies, ____ one ____ measurements or ____ to manufacturer guidelines?
 If ____ are ____ better to directly ____ bodyMeasurements ____ manufacturer guidelines?
 ____ better ____ use my own body measurement, ____ trust the ____ from ____?
 ____ it better to ____ specific body ____ to rely ____?
 ____ it ____ to follow ____ for ____ fit or ____ direct ____ measurements?
 ____ use ____ measures ____ of just ____ on manufacturers' recommendations?
 Which ____ precise, using body ____ directly ____ guidelines?
 ____ direct body measurement or ____ the ____ recommendations?
 ____ accurate, body ____ or manufacturer ____?
 Is ____ better ____ use ____ or to rely on ____ manufacturer's ____.
 Does it ____ sense to ____ or ____ on ____ the manufacturer?
 ____ it better to ____ actual body ____ just stick ____ the ____?
 Which ____ is ____ accurate when ____ body ____ or ____ manufacturers' ____?
 Do you ____ to ____ rely ____ manufacturer guidelines?
 ____ you use ____ measuring ____ rely on manufacturer ____ discrepancies ____?
 ____ there are discrepancies ____ bodyMeasurements be used directly or ____?
 ____ better to have ____ body ____ than ____ rely ____ manufacturer ____?
 ____ using ____ body measurements ____ than using ____ size ____?
 Which factor is ____ following ____ and ____ body ____ directly?
 ____ better to ____ body measurements over ____ guidelines from ____?
 Which is ____ solely on ____ suggestions ____ a personalized ____ measurement?
 Is it ____ to use ____ directly ____ use ____?
 Do ____ guidelines ____ the accuracy of direct body ____?
 ____ wonder if using ____ measurements ____ better than ____ manufacturer ____.
 ____ better ____ bodyMeasurements to ____ used ____ with manufacturer guidelines?
 Do ____ direct body measurements ____ the guidelines ____ manufacturers?
 Is ____ better ____ use ____ own ____ or is it better ____ the information ____ by ____?
 Is ____ to rely ____ the manufacturer's guidelines ____ use ____?
 ____ direct ____ more accurate ____ guidelines?
 ____ prefer ____ use ____ directly or to ____ manufacturer ____?
 ____ use body measurements ____ rely ____ the manufacturer's ____ case ____ discrepancies?
 ____ occur, ____ it ____ to use ____ directly ____ rely on ____ guidelines?
 ____ prefer ____ direct ____ measurement ____ the guidelines from the ____?
 Is it ____ to use direct ____ or ____ manufacturer's ____ an accurate ____?
 Which is more ____ body ____ guidelines?
 ____ there ____ discrepancies, ____ is ____ accurate: using body ____ directly ____ following ____ suggestions?
 ____ about ____ specific body measures instead ____ on ____?
 ____ it ____ to ____ guidelines ____ trust the accuracy of direct ____?
 Should bodyMeasurements ____ used ____ or should ____ guidelines ____ case of ____?
 ____ you use ____ directly or rely ____ the ____ guidelines ____ cases ____?

____ you use ____ direct method of ____ or do ____ on ____ ?
 ____ it ____ to use ____ directly ____ on ____ guidelines?
 If ____ discrepancies, ____ factor ____ more ____ using ____ measurements ____ or following manufacturers' ____ ?
 ____ is ____ accurate: using body ____ guidelines
 ____ there ____ use body ____ directly or rely on manufacturer ____ ?
 ____ better to use direct ____ measurements rather ____ manufacturer ____ ?
 If ____ a ____ using body measurements directly ____ guidelines ____ more accurate.
 Should bodyMeasurements ____ or use manufacturer ____ there ____ discrepancies?
 ____ better to use direct ____ follow ____ manufacturer's ____ for fit?
 Which holds ____ accuracy in ____ discrepancies: ____ own ____ or ____ ?
 Is ____ a difference between using ____ dimensions ____ relying ____ manufacturer- ____ ?
 Either ____ body ____ trusting manufacturer ____ is more ____ .
 ____ cases of ____ do you use ____ you use body ____ ?
 Do ____ measurements yield more accurate ____ guidelines?
 Is ____ body measurements ____ or relying ____ guidelines ____ accurate?
 ____ it better ____ use body ____ use manufacturer's guidelines?
 Is ____ manufacturer's ____ for ____ accurate fit or use direct ____ measurements?
 Is ____ better ____ use ____ guidelines ____ direct body ____ ?
 Is ____ a ____ to use ____ directly or ____ guidelines?
 When discrepancies ____ do ____ bodyMeasurements directly or ____ guidelines?
 ____ you like to ____ manufacturers' guidelines or ____ of ____ body measurement?
 Do you think it's a good idea ____ measurements ____ relying on ____ manufacturers ____ ?
 Do ____ body ____ directly or depend on ____ guidelines ____ you ____ accurate?
 Do ____ body ____ rely ____ manufacturer's ____ to make sure it's ____ ?
 ____ more ____ measurements directly ____ solely on manufacturer guidelines in ____ of ____ ?
 ____ is ____ body ____ or guidelines from ____ manufacturer?
 If ____ discrepancies, ____ factor is ____ using body ____ directly or ____ suggestions?
 Is ____ better ____ bodyMeasurements ____ or ____ manufacturer's guidelines?
 Which is more accurate, ____ or following manufacturers' ____ ?
 Is it ____ use my ____ or ____ on the ____ ?
 ____ it better to ____ own body, ____ manufacturer's guidelines?
 Is it better ____ bodyMeasurements ____ use ____ if ____ are inconsistencies?
 ____ it better to use my own ____ rely ____ ?
 Should ____ use bodyMeasurements ____ or ____ manufacturer's guidelines ____ are ____ ?
 ____ measurement ____ relying ____ manufacturer guidelines is ____ precise.
 ____ is ____ body measured ____ manufacturer ____ ?
 Which is ____ a ____ measurement ____ or relying ____ manufacturer ____ ?
 ____ direct ____ measurements more ____ trusting completely ____ manufacturer instructions?
 ____ one is ____ using body measurements ____ relying ____ guidelines?
 Does ____ to use my ____ measurements or rely ____ guidelines?
 ____ is more ____ direct ____ or ____ the manufacturer instructions?
 ____ measurements more precise ____ just getting ____ from ____ ?
 Do ____ that ____ body measurements ____ manufacturer ____ are more ____ ?
 ____ is more ____ body measured ____ manufacturer ____ ?
 Which ____ more accurate: relying ____ on ____ or ____ a personalized ____ ?
 Do you ____ is ____ good ____ to use exact physical measurements ____ the manufacturers ____ ?
 Do ____ prefer ____ or ____ guidelines?
 Do you ____ body measurements ____ or rely on ____ discrepancies?
 ____ on direct ____ measurement or follow ____ manufacturer's recommendations for ____ ?
 Is it better ____ make ____ or ____ manufacturer's guidelines?

____ it better to ____ actual ____ to stick ____ the manufacturer's ____?
 Which ____ is more precise: ____ measurement ____?
 ____ is more accurate: ____ body ____ or trusting the instructions ____?
 Do ____ body measuring ____ or ____ guidelines for an ____ result?
 ____ body ____ better than relying on manufacturer ____?
 If ____ are ____ in your measurement, ____ prefer ____ use bodyMeasurements ____ guidelines?
 ____ using a ____ body ____ better than relying ____?
 ____ better to use body ____ to ____ the ____ sizes?
 Is ____ advisable to ____ specific body measures ____ manufacturers' ____?
 ____ bodymeasures better than relying ____ guidelines?
 ____ measurement ____ precise than just ____ from the ____.
 Is it ____ to use ____ directly ____ guidelines?
 Is ____ body ____ than relying ____ on ____ guidelines?
 Which is more precise, ____ guidelines?
 ____ direct ____ measurement more accurate ____ guidelines.
 Should bodyMeasurements ____ directly ____ they use manufacturer ____?
 ____ use body measuring directly ____ manufacturer guidelines when there ____ discrepancies ____ way you ____?
 Should one ____ the body measurement directly ____ the ____ guidelines when ____?
 ____ it better ____ use ____ should I ____ on ____ info provided by the ____?
 ____ is ____ discrepancy, which holds ____ own measurement or ____ guidance?
 Which is more ____ measurements directly ____ trusting ____?
 Is direct ____ measurements ____ than ____ on ____?
 Do ____ body ____ directly ____ on ____ guidelines ____ make ____ it is accurate?
 ____ body measurement ____ or ____ guidelines is more ____.
 ____ there ____ measurement, is ____ to use bodyMeasurements direct or ____ on ____ guidelines?
 ____ it ____ on direct body measurements or ____ manufacturer's recommendations ____?
 ____ precise: body ____ or ____ guidelines?
 ____ one use specific ____ measures ____ on manufacturers' ____?
 ____ better ____ use ____ guidelines from the ____ or ____ the bodyMeasurements?
 ____ one is ____ manufacturer guidelines ____ measurements?
 If ____ a ____ is it ____ use bodyMeasurements ____ or ____ manufacturer guidelines?
 If ____ discrepancies ____ is it ____ to ____ bodyMeasurements directly or ____ on ____ guidelines.
 ____ there ____ discrepancies ____ the measurement, is ____ to ____ bodyMeasurements directly or ____ the guidelines from ____?
 Do ____ use body measuring directly ____ on the ____ sure ____ are accurate?
 ____ better to use ____ or trust the sizes ____ by ____?
 ____ method is ____ accurate: ____ manufacturer's instructions ____ using ____ body ____?
 Are ____ body measurements more ____ guidelines ____ manufacturer?
 Should one stick ____ when faced with discrepancies, ____ trust ____?
 If ____ is a discrepancy ____ the measurement, is it ____ use bodyMeasurements ____ or ____?
 Should ____ an ____ fit, or rely ____ direct body measurements?
 Do ____ or use the manufacturer's ____ to ____ you are correct?
 Do ____ prefer direct body ____ follow ____ guidelines?
 Is it better to ____ my ____ measurements ____ it better to ____ on ____ information ____?
 Is ____ best ____ use ____ measurements directly ____ rely ____ recommendations?
 Is ____ better to ____ or ____ manufacturer's ____?
 ____ you use body measuring directly or ____ guidelines ____ it is ____?
 Which factor is more ____ between ____ or ____ manufacturers' ____?
 If there are discrepancies, is ____ better to ____ bodyMeasurements ____?
 If there ____ discrepancies, ____ more accurate, following manufacturers' ____ directly?

_____ manufacturer's _____ to _____ sure _____ are _____ or do _____ body measuring directly?
 _____ people _____ specific body measures instead of _____?
 If there _____ will _____ be better to _____ bodyMeasurements _____ or rely _____?
 Is _____ to use my own _____ the _____ the manufacturer?
 _____ use _____ measuring directly or _____ guidelines to ensure an _____?
 _____ you use body measuring _____ rely _____ manufacturer _____ accurate result?
 Do body _____ more accurate _____ than following _____?
 _____ is more _____ on manufacturer _____ or using _____ measurements?
 _____ a difference between using _____ dimensions _____ on guidelines from the _____?
 Which _____ accurate: _____ measurements or _____.
 _____ body _____ more _____ simply using _____ from the _____?
 _____ there _____ holds _____ accuracy: user's _____ or manufacturer's guidance?
 When _____ occur, _____ be _____ directly _____ use _____ guidelines?
 Should _____ manufacturer guidelines _____ discrepancies, or trust body _____ directly?
 When faced with discrepancies, _____ trust _____ body _____ or _____ the _____?
 _____ is more accurate: using direct _____ the manufacturer _____?
 _____ the manufacturer's guidelines _____ of direct body measurement?
 _____ following manufacturers' guidelines or do _____ prefer the _____ of _____ body _____?
 Is _____ manufacturer _____ accurate than using _____ body _____?
 Do you _____ directly or _____ the manufacturer's guidelines _____ you _____?
 _____ it better _____ bodyMeasurements _____ to _____ the manufacturer guidelines?
 Which is _____ relying _____ manufacturer _____ or using _____ body _____?
 _____ method _____ more reliable: _____ body measurements or trusting _____?
 _____ are discrepancies, is it _____ use bodyMeasurements _____ manufacturer guidelines?
 Are _____ to use bodyMeasurements _____ to _____ manufacturer _____ there _____ discrepancies?
 Is using direct body _____ on manufacturer _____?
 Is _____ better to _____ body _____ instruments or to _____ the _____ suggestions?
 _____ more precise than _____ following manufacturer _____?
 _____ more accurate, _____ direct _____ trusting completely _____ manufacturer instructions?
 _____ is a _____ is it better _____ use _____ follow manufacturer _____?
 Which _____ body measurements _____ or _____ manufacturer guidelines?
 Is it _____ the measurement _____ or _____ on _____ manufacturer?
 _____ it _____ use _____ directly or _____ manufacturer guidelines?
 Which _____ following manufacturers' _____ or directly using _____ measurements?
 _____ use specific body measures, instead _____ solely _____ recommendations?
 Which is better: _____ measurements directly or _____ solely _____?
 Do you _____ to follow _____ guidelines or trust _____ Measurements?
 Which method is _____ accurate: relying on the _____ direct _____?
 Do _____ prefer _____ or _____ guidelines _____ case of discrepancy?
 _____ there _____ is it better _____ use _____ or to _____ manufacturer _____?
 _____ it better to use _____ measurement _____ rely _____ manufacturer's recommendations?
 _____ is a _____ better, bodyMeasurements directly or _____ guidelines?
 _____ it better to _____ directly _____ use manufacturer _____ in _____ discrepancy
 _____ are discrepancies, _____ it _____ to directly _____ or _____ on manufacturer _____?
 _____ between using _____ measurements directly or following _____ suggestions.
 _____ it _____ use body measurements _____ or _____ on the manufacturer's _____?
 _____ is _____ precise, the body _____ or _____?
 When _____ with _____ should _____ body measurement directly or _____ manufacturer's _____?
 _____ it better to use _____ own _____ or _____ the manufacturer's _____?
 Which _____ - _____ measurements directly or _____ manufacturers' advice?

____ it ____ to stick ____ or ____ more on direct body ____?

Do ____ think ____ idea ____ use exact physical ____ rather than relying ____?

Which method ____ more ____ direct ____ measurements ____ relying ____ from the manufacturer?

____ better ____ use ____ manufacturer guidelines if there are discrepancies?

Is it ____ use ____ directly or rely on ____ guidelines _____.

If there ____ a ____ better to ____ bodyMeasurements directly, or rely ____?

____ you ____ to ____ guidelines or trust ____ accuracy of ____ body ____?

____ using direct body ____ work ____ than ____ on ____?

Is it ____ use ____ measures or ____ to ____ manufacturer's suggestions?

If ____ discrepancies in ____ measurement, ____ they ____ use bodyMeasurements ____ rely on manufacturer ____?

____ there ____ discrepancies, ____ holds ____ accuracy ____ own measurements or ____ guidance?

____ is more ____ using body ____ directly ____ relying ____ guidelines?

If there ____ is ____ better ____ use bodyMeasurements directly or use ____ guidelines?

____ better to stick ____ manufacturer ____ faced ____ trust body measurement directly?

____ is ____ using ____ measurements directly or relying ____ on ____ guidelines?

Do ____ think it's ____ idea to use ____ instead of ____ the manufacturers suggest?

Is it better to ____ own ____ or ____ manufacturer's guidelines?

____ directly more accurate ____ relying on manufacturer ____ case ____ discrepancy?

Is it better to ____ body measurements, ____ is ____ provided ____ accurate?

____ you ____ to ____ bodyMeasurements directly or use ____ guidelines in ____?

Is it ____ to use bodyMeasurements directly ____ on ____ there ____ a ____?

In ____ of ____ which ____ user's own ____ or ____ guidance?

____ there ____ which ____ is more accurate: ____ or following manufacturers' suggestions?

____ it better ____ directly or rely ____ guidelines if there ____ an ____ with the ____?

Do ____ prefer to ____ bodyMeasurements ____ or use ____ guidelines when ____?

____ better to use ____ or to ____ for the discrepancy?

____ body ____ give more accurate ____ than ____ guidelines?

If ____ is ____ measurement, ____ better to use bodyMeasurements directly or rely ____ the ____?

Should a person ____ instead ____ relying on manufacturers' ____?

____ better to ____ directly ____ to use manufacturer ____ there are ____?

Which method is more ____ body ____ relying ____ manufacturer's instructions?

Is ____ body ____ better ____ on manufacturer guidelines?

Which ____ accurate: using ____ body ____ directly ____ solely on manufacturer ____?

____ direct ____ manufacturer ____ more accurate.

Should I rely ____ or follow ____ manufacturer's ____?

Is it better to ____ my ____ measurements or ____ the ____?

____ specific body measures instead ____ using manufacturers' ____?

____ direct body measurement preferable to sole ____?

Which factor ____ accurate: ____ body ____ directly or ____ manufacturers' _____.

____ body measurements ____ for accuracy than ____ relying ____ guidelines.

Which ____ more accurate, ____ measurements ____ or ____ guidelines?

When there ____ in the ____ you ____ you rely ____ guidelines or ____ you ____ body ____ directly?

____ it ____ better idea ____ use body measurements ____ depend ____ manufacturer ____?

____ are discrepancies in ____ measurement, ____ it better ____ use bodyMeasurements ____ rely ____ manufacturer guidelines?

Does it ____ more sense to ____ body ____ or ____ on ____?

Is it ____ to use ____ to the manufacturer's suggestions for ____?

____ using ____ body ____ directly ____ relying on ____ guidelines in ____ of discrepancies?

____ method is ____ using a ____ body ____ trusting ____ manufacturer's instructions?

____ discrepancies, which is more accurate: using body ____ relying ____ manufacturer ____?

Which ____ more precision: relying ____ manufacturer ____ personal body ____?

Do ____ prefer ____ body measures ____ follow ____ ____?

____ better to ____ bodyMeasurements directly or to ____ manufacturer ____ if you ____ discrepancies ____ your ____?

Do you ____ it's ____ good ____ use ____ measurements ____ depending on what the manufacturers ____?

____ are ____ what is ____ accurate, ____ measurements ____ or following manufacturers' ____?

Which is more ____ using ____ ____ or ____ manufacturers' ____?

Which ____ accurate: using ____ measurements or trusting ____ instructions?

____ using body ____ than ____ manufacturer's recommendations?

Do I need ____ rely ____ measurements ____ follow ____ recommendations?

____ it better to ____ trusting manufacturer guidelines?

Should one ____ body measurements ____ the manufacturer's guidelines ____ confronted ____?

Should ____ rely on ____ actual body ____ rely ____ the manufacturer ____?

____ measuring directly or relying ____ the manufacturer's guidelines to make ____?

____ it ____ use my own ____ measurements or ____ manufacturer's ____ accuracy?

____ faced with discrepancies, ____ to manufacturer's ____ or trust ____ directly?

When faced with discrepancies, should ____ trust ____ to ____ guidelines?

____ you ____ guidelines ____ accurate result, or do ____ use ____ measuring directly?

Which ____ accurate between following manufacturers' suggestions ____ directly?

In case ____ holds higher accuracy, ____ measurements ____ manufactures' ____?

____ to use body measurements ____ manufacturer guidelines ____ case ____ discrepancies?

Is ____ better to ____ direct body ____ the ____ recommendations ____ an ____ fit?

____ better ____ direct body measurement ____ manufacturer's ____ for an ____ fit?

Is it better ____ guidelines to make ____ that ____ accurate or ____ you use ____ measuring ____?

Do ____ in the accuracy of ____ body ____ prefer to ____?

____ is more ____ relying on manufacturer ____ body measurements?

Should ____ use bodyMeasurements ____ or ____ manufacturer ____ if there ____?

____ my ____ body measurements more accurate ____ on ____ guidelines?

Which is ____ accurate: ____ the ____ directly ____ relying on ____ guidelines?

Which method ____ more ____ from ____ manufacturer or ____ direct body ____?

____ it ____ bodyMeasurements directly or rely ____ manufacturer ____ if ____ a discrepancy

____ using ____ body ____ reliable ____ relying only ____ manufacturer guidelines?

____ better idea to ____ directly or to use ____?

Do you prefer using ____ rely ____ manufacturer ____?

____ are ____ which holds higher ____ user's ____ measurement or ____ guidance?

____ more ____ body measurements directly ____ following manufacturers' ____?

Which of the ____ is ____ precise, body ____?

____ are discrepancies ____ measurement, does it make sense to ____ or use ____ guidelines?

____ using body measurement ____ than relying on ____?

Does ____ yield more accurate ____ than ____ guidelines?

Do you ____ to use bodyMeasurements directly ____ use ____ there ____ discrepancies ____ your ____?

____ it better to ____ than ____ using manufacturer guidelines?

Which ____ body measurements or ____?

____ using my ____ body ____ more accurate than relying ____?

____ it ____ to ____ actual body ____ or ____ the ____ size suggestions?

Is using ____ directly ____ than using ____?

Which method ____ more ____ using ____ measurement or ____ instructions?

Do ____ measuring directly or rely ____ guidelines?

Is ____ better ____ use direct body ____ or ____ follow the ____ accurate ____?

Are ____ measurements ____ simply following manufacturer ____?

____ more accurate: using ____ body ____ or relying on ____?

Which is more ____ using a ____ directly ____ relying ____ the ____ of ____?

_____ use actual _____ Measurements or just stick to _____ suggestions?
 _____ more precise: _____ on _____ suggestions or _____ body _____?
 Is _____ than relying _____ instructions from _____ manufacturer?
 Is it better _____ or _____ manufacturer guidelines if _____ discrepancies in _____?
 Should _____ specific _____ instead of relying on _____?
 Is _____ body _____ better _____ relying on _____?
 When there are discrepancies, _____ be used _____ guidelines?
 _____ cases of _____ do you _____ manufacturer _____ or _____ use body _____?
 Which factor _____ of _____ suggestions or directly _____ body _____?
 _____ method is _____ using _____ body _____ the manufacturers instructions?
 Which method _____ more accurate, _____ the _____ instructions _____ direct _____?
 _____ better _____ use _____ or to use manufacturer _____.
 Do _____ prefer direct _____ follow the guidelines of _____?
 _____ is _____ accurate: using direct _____ measurement or completely _____ instructions?
 _____ better to stick _____ the _____ recommendations for fit _____ use direct _____?
 Is it a _____ measurements or trust _____ by manufacturers?
 If there _____ discrepancies in your _____ measurement, _____ it better _____ directly or _____ guidelines?
 Is there a _____ actual bodily _____ and _____ relying _____ the _____ manufacturer?
 Which of the two _____ precise, _____ measures _____?
 Is _____ bodyMeasurements directly or _____ on _____ guidelines?
 _____ more _____ body measurement or _____ the manufacturer instructions?
 Is _____ to use the bodyMeasurements directly _____ to _____?
 If there _____ discrepancies, which factor is more _____ measurements _____ manufacturers' _____?
 _____ you consider _____ specific _____ measures instead _____ on manufacturers' _____?
 _____ method is _____ using direct body _____ on manufacturer _____?
 _____ the _____ is _____ precise, _____ measurements _____ manufacturer's guidelines?
 Which _____ is _____ using body measurements directly _____ suggestions?
 Is it better _____ use _____ rely on manufacturer _____ there is _____?
 _____ directly _____ trusting manufacturer _____ are more _____.
 Which factor _____ accurate, using body _____ manufacturers' suggestions?
 _____ it _____ to use _____ measurements or _____ by the manufacturer?
 If _____ are discrepancies in your _____ measurement, is _____ better to use _____ directly, _____?
 Is _____ to _____ a _____ measurement _____ stick to the _____ suggestions?
 If there are _____ do you _____ use _____ guidelines?
 Is _____ follow _____ manufacturer's recommendations _____ use direct body _____?
 _____ my own body measurements better than relying _____ for _____?
 Which _____ precise: relying _____ or _____ a personalized _____ measurement?
 _____ method _____ accurate: _____ direct body _____ or trusting _____ instructions?
 _____ it _____ directly _____ or _____ rely on manufacturer guidelines?
 _____ it preferable to _____ direct body _____ over _____?
 _____ method _____ accurate: _____ direct body measurement or _____ manufacturer's _____?
 If _____ with _____ one _____ body _____ to the manufacturer's guidelines?
 If _____ between using _____ directly and _____ factor is more accurate?
 If there _____ discrepancies _____ your body _____ you use _____ directly or _____?
 _____ difference _____ directly measuring bodies _____ reliant on manufacturing _____?
 Is _____ better _____ or use manufacturer guidelines if _____ discrepancy?
 _____ manufacturer _____ body measurement more accurate?
 Are direct _____ measurements better _____ solely _____ manufacturer _____?
 _____ use _____ directly, _____ the _____ guidelines to make _____ it's accurate?
 Is it _____ directly or rely on the _____ to _____ sure it _____ accurate?

_____ use _____ own measurements or _____ the _____ from the manufacturer?

Is _____ manufacturer guidelines _____ direct body measurement?

If _____ in _____ body _____ you better to use bodyMeasurements directly _____ guidelines?

If there are discrepancies _____ you prefer _____ on manufacturer _____?

_____ one _____ measures instead of _____ on manufacturers' _____?

If _____ use bodyMeasurements directly _____ rely _____ manufacturer guidelines?

_____ better to use _____ directly, _____ to _____ manufacturer _____?

_____ it _____ to directly _____ bodyMeasurements _____ guidelines from _____ manufacturer?

_____ it _____ to _____ body _____ directly or rely _____ manufacturer _____?

_____ using _____ measures better than relying on _____?

Is using _____ directly better than _____ from _____?

_____ idea to use exact physical _____ instead of just depending _____ what's _____ manufacturers' _____?

Is _____ than _____ using manufacturer guidelines?

Which _____ accurate: using _____ or following _____ suggestions?

_____ one _____ body measurement directly _____ follow _____ faced with _____?

Which _____ more _____ using _____ or using manufacturer _____?

_____ of _____ measurements _____ trusting _____ in the instructions is _____ accurate.

Is direct body measurements _____ than _____ guidelines?

Is it better to _____ the _____ directly _____ bodyMeasurements?

_____ it better _____ body measures _____ rely on _____ in _____ of discrepancies?

_____ there _____ discrepancy, which is more _____ body measurement _____ or _____ on _____?

If _____ in your measurement do _____ use bodyMeasurements directly _____?

_____ you _____ follow _____ guidelines or _____ body measurement?

_____ directly or _____ manufacturer's guidelines?

_____ measurement _____ guidelines _____ more accurate?

Which is _____ body measurements _____ manufacturer _____?

_____ correct: body measurements _____ guidelines?

_____ you _____ using direct _____ measurements is better _____ manufacturer guidelines?

Is it _____ body _____ or should I _____ the info _____ by _____?

Is it possible _____ of _____ versus relying solely on manufacturer _____?

Is trusting completely in the _____ instructions more _____ measurements?

Does it make _____ body _____ or _____ manufacturer recommendations?

Which _____ more _____ body measurements _____ the manufacturer?

Is it _____ good idea _____ instead of relying _____ on manufacturers' _____?

Shouldn't bodyMeasurements _____ used directly _____ on manufacturer _____ discrepancies?

Is _____ better to _____ actual _____ measurements _____ to _____ size _____ for accuracy?

Is direct _____ measurements _____ reliable _____?

_____ more _____ using body measurements directly _____ trusting _____?

Is _____ use _____ Measurement _____ or use manufacturer _____ are discrepancies?

Do you use bodyMeasurements directly _____ manufacturer guidelines _____ there _____?

Do you _____ body measurements _____ trusting completely _____ provided instructions _____ accurate?

Which factor is more _____ using _____ directly _____ following _____?

_____ body measurement or _____ manufacturer _____ accurate?

If _____ are discrepancies, should _____ used _____ manufacturer guidelines?

Is _____ better to _____ on their guidelines?

_____ is _____ or relying on manufacturer _____ in case of discrepancies?

_____ are _____ better _____ use bodyMeasurements or rely on _____ guidelines?

If there _____ discrepancies, does _____ make _____ bodyMeasurements directly or _____ on _____?

_____ more _____ manufacturer's guidelines _____ body measurements?

_____ is _____ precise, _____ body _____ directly or _____ on _____ guidelines?

____ it ____ use ____ measurements or to stick to ____ for size?
 ____ accurate; ____ directly or ____ solely on manufacturer guidelines?
 Do ____ use ____ body measuring ____ or ____ guidelines ____ sure it is accurate?
 Do you ____ to ____ the ____ or trust ____ direct ____ measurement?
 Which ____ more ____ using ____ body measurement ____ solely on ____ guidelines?
 Do you ____ measuring directly ____ on manufacturer's ____ make sure ____?
 Is it better to ____ bodyMeasurements ____ or to ____ in ____ of ____.
 Should ____ body measuring ____ or ____ on manufacturer ____?
 Which is ____ accurate: ____ directly ____ relying on ____ guidelines in ____ of ____?
 ____ method is ____ accurate, ____ direct body measurements ____ manufacturer instructions?
 Is ____ to ____ body measurements ____ to ____ manufacturers' sizes?
 ____ body ____ of relying solely on manufacturers' recommendations?
 ____ there ____ is using bodyMeasurements ____ or relying on manufacturer ____?
 Which factor is ____ accurate: ____ manufacturers' suggestions ____ measurements?
 ____ more ____ solely ____ manufacturer ____ using personalized body measurements?
 ____ use the ____ guidelines to ____ sure body ____ do you ____ it directly?
 ____ it better ____ use the manufacturer's guidelines ____ bodyMeasurements?
 Do ____ good idea to use ____ physical measurements, rather ____ what the manufacturers ____?
 ____ with ____ should one ____ manufacturer guidelines ____ body measurements?
 ____ use body measurements ____ trust the ____ sizes?
 ____ body ____ better than relying ____ manufacturer guidelines?
 ____ it better to ____ measurements directly ____ depend ____ recommendations.
 Is ____ use ____ to rely on manufacturer guidelines?
 ____ is more ____ relying on ____ suggestions ____ using ____ body ____?
 When faced with discrepancies, should one stick ____ trust ____?
 ____ direct body ____ solely ____ on manufacturer guidelines?
 ____ there ____ a discrepancy in ____ bodyMeasurements be ____ directly or ____ guidelines?
 Are ____ more accurate than using ____?
 ____ body ____ directly, or rely ____ the manufacturer's ____ make sure ____ accurate?
 ____ it better ____ manufacturer or directly from BodyMeasurements?
 Is ____ to use body ____ directly or ____ recommendations from ____?
 ____ body measurement preferable ____ on manufacturer ____?
 ____ a ____ directly measuring bodies ____ manufacturing suggestions?
 Is it ____ to ____ instead of ____ solely on ____ recommendations?
 ____ you prefer ____ use ____ measurements directly or ____ suggestions?
 ____ it ____ idea to ____ body measures instead ____ relying solely on ____?
 ____ direct body measurements ____ completely in ____ instructions more ____?
 ____ case ____ discrepancies, ____ user's ____ measurement or manufacturers' guidance?
 Do ____ prefer the guidelines ____ the ____ accuracy of ____ body ____?
 If there is ____ is it better ____ or use ____?
 What ____ more ____ measurements directly or ____?
 Is ____ Measurements more precise than ____?
 ____ it ____ to ____ actual body measurements ____ to follow ____ size ____ for ____?
 Is ____ more accurate to use body ____ rely ____?
 Is it ____ to ____ or manufacturer guidelines ____ are ____ measurement?
 Which one ____ accurate: ____ body ____ or relying on ____ guidelines ____ case ____?
 Is it ____ manufacturer's recommendations for accurate fit ____ direct body ____?
 ____ you use ____ measuring directly ____ rely ____ manufacturer's ____ discrepancies?
 Is it ____ idea to ____ measurements ____ rely on manufacturer ____?
 Is ____ better to use ____ manufacturer ____ for the ____?

_____ direct _____ just manufacturer guidelines?

Are _____ using _____ using _____ manufacturer's _____ to _____ sure it is accurate?

_____ is _____ accurate, using _____ directly or _____ guidelines _____ case _____ discrepancies?

Should _____ follow the _____ fit, or rely _____ on _____ body _____?

_____ think it _____ good idea to _____ exact _____ rather than relying _____ what _____ recommend?

Do _____ it's _____ good idea _____ physical measurements _____ of _____ manufacturers' standards?

There _____ discrepancies _____ your _____ measurement, is _____ to use _____ use manufacturer _____?

Do _____ prefer _____ manufacturers' _____ or trust _____ accuracy of direct _____?

Is it _____ use _____ sizes handed out by manufacturers?

_____ better to use my _____ or rely _____ the manufacturer's _____.

Is using _____ directly better _____ there are discrepancies?

Is _____ better to _____ body _____ or rely _____ manufacturer's guidelines?

If there are _____ does _____ make sense _____ use _____ use _____ guidelines?

_____ accurate, measuring _____ or manufacturer guidelines?

Do you prefer direct _____ guidelines?

_____ there are differences _____ measurement, is _____ better to use _____ rely on _____?

_____ higher _____ in case _____ own measurement or manufacturers' _____?

_____ discrepancies _____ can bodyMeasurements be used _____ on manufacturer _____?

_____ bodyMeasurements _____ or rely on manufacturer _____ when _____ occur?

Is _____ to use _____ body _____ on the information _____ by the manufacturers?

_____ there _____ a _____ is _____ to _____ bodyMeasurements _____ or rely on _____ guidelines?

If there are _____ bodyMeasurements directly or use _____ guidelines?

Is _____ to use direct body _____ manufacturer _____?

If there _____ discrepancy, _____ it better to use _____ or _____?

_____ better to follow the _____ to _____ body measurement?

Is _____ to _____ manufacturer's recommendations for accurate _____ rely on _____ body _____?

_____ there is a _____ is it better _____ use the _____?

Which _____ Measurement _____ manufacturer guidelines?

Which method _____ direct _____ measurements _____ on manufacturer instructions?

Which _____ accurate, _____ the _____ measurements _____ or _____ manufacturers' suggestions?

_____ use _____ guidelines _____ make sure _____ are _____ or _____ you _____ body measuring directly?

Is _____ to use bodyMeasurements _____ to _____ manufacturer _____ there's discrepancies?

Using _____ directly or _____ guidelines?

_____ is _____ accurate: using _____ body measurements _____ trusting manufacturer _____?

_____ more accurate, _____ body measurements _____ or _____ the manufacturer's _____?

_____ there is _____ discrepancy, should bodyMeasurements _____ used _____ or _____?

Is _____ actual body measurements, _____ with the manufacturer's _____ suggestions?

_____ it better _____ own body _____ on the manufacturer's guidelines?

_____ method is more _____ a direct body _____ on the _____?

_____ you use body measuring directly _____ to ensure it _____ accurate?

_____ method is more accurate, _____ manufacturer _____ body measurements?

Is _____ direct _____ measurement _____ than _____ on manufacturer _____?

_____ there is _____ bodyMeasurements, is _____ to use manufacturer guidelines _____?

Which _____ precise, the _____ measurement or _____?

_____ body _____ preferable over _____ reliance on _____ guidelines?

Should I rely _____ body measurements _____ stick _____?

_____ body measurement directly or _____ on manufacturer's recommendations?

_____ following _____ suggestions _____ accurate _____ using body _____ directly?

Do you prefer _____ manufacturer's _____ or _____ accuracy _____ the _____?

Which one is more _____ or _____?

Which is _____ using body measurements _____ or relying _____ on _____ guidelines _____ discrepancies?

Is _____ of _____ better than the _____ of _____ guidelines?

_____ use _____ measurements directly or trust the _____ guidelines?

_____ you _____ it's a good idea _____ exact _____ measurement _____ on what _____ manufacturers recommend?

Is _____ use _____ than relying only _____ manufacturer guidelines?

_____ it better _____ bodyMeasurements _____ to use _____ from the _____ case of _____?

_____ factor is more _____ measurements directly or _____ suggestions?

Is it _____ measuring directly or rely _____ manufacturer _____?

Is it _____ manufacturer's recommendations for an accurate _____ body measurements?

Should _____ body measurement directly _____ manufacturer guidelines?

_____ there is a _____ it better to _____ bodyMeasurements _____ or _____ on _____.

_____ follow manufacturer's _____ for accurate _____ or _____ on direct _____ measurements?

Which has _____ precision, _____ on manufacturer _____ using _____ measurements?

Do _____ prefer the _____ the _____ accuracy _____ direct body measurements?

Is _____ better to stick _____ to trust _____ measurements _____?

Is _____ better _____ bodyMeasurements directly or use _____ of _____?

Is _____ body _____ better _____ sole _____ on _____ guidelines?

_____ is better, using _____ or following manufacturers' _____?

_____ is more accurate, using _____ directly _____ relying on _____?

_____ there _____ is it _____ to _____ directly, or _____ use _____ guidelines?

_____ measurements _____ precise _____ relying _____ from the manufacturer?

If there's _____ should _____ be _____ or _____ manufacturer guidelines?

If _____ are discrepancies, _____ more _____ - using _____ measurements _____ or _____ manufacturers' _____?

Is using actual _____ better than _____ manufacturer's size _____?

Is it better to _____ or _____ stick _____ manufacturer's _____ for accuracy?

Is it better to use _____ real _____ to _____ manufacturer's size _____?

_____ it better to _____ body _____ directly or _____ recommendations?

Is _____ rely _____ actual body measurement _____ the manufacturer's _____?

_____ you _____ body _____ directly _____ rely _____ the manufacturer's _____?

_____ more accurate: trusting _____ the _____ instructions or _____ direct _____ measurements?

Is _____ better _____ own measurements _____ to _____ on _____ guidelines?

_____ there are discrepancies, is using _____ directly or _____?

_____ faced with discrepancies, _____ one _____ to the _____ guidelines _____ trust _____?

Is it _____ use _____ body _____ than _____ solely _____ recommendations?

Is _____ body measurements _____ guidelines _____?

_____ there is _____ used directly or _____ manufacturer _____ be used?

Is _____ use the _____ or rely _____ manufacturer recommendations?

_____ prefer _____ use bodyMeasurements directly or use _____ is discrepancies?

Is it _____ directly use _____ or _____ guidelines _____ of discrepancy?

Is _____ measure the body _____ on manufacturer recommendations?

_____ directly or to use _____ guidelines in case.

_____ bodyMeasurements directly _____ manufacturer guidelines?

Which _____ is _____ precise: _____ body measurements directly or _____?

Which _____ accurate, _____ measures _____ or relying on manufacturer _____ in _____ discrepancies?

Is using direct _____ measurements _____ using _____ guidelines?

_____ with _____ should you stick _____ guidelines _____ trust body _____ directly?

_____ it make more sense to use _____ directly _____ if there _____?

_____ direct body _____ than _____ on the manufacturer's _____.

Is it _____ use body measures directly or _____?

_____ there _____ a _____ it be _____ bodyMeasurements directly _____ rely on manufacturer _____?

The choice is between ____ body ____ or ____.

Is it ____ to use ____ the manufacturer's size suggestions?

____ it better ____ or manufacturer guidelines ____ there ____ discrepancies ____ your measurement?

____ faced with discrepancies, ____ one ____ body measurements or ____ the ____?

Is it better ____ my ____ body ____ is ____ the info ____ by the manufacturers?

____ better ____ use ____ to use manufacturer guidelines ____ have discrepancies?

____ is better, using ____ measurements ____ or following ____?

____ is more accurate when using ____ directly ____ following ____?

If ____ are ____ is it ____ to ____ manufacturer guidelines ____ directly?

Do you use direct ____ guidelines?

____ which ____ accuracy: user's measurement or manufacturer's guidance?

Which is more ____ measurements or ____ guidelines?

Which ____ more precise, relying on ____ guidelines ____ directly ____?

Is ____ use ____ measurements or stick to ____ manufacturer's ____ suggestions?

Do ____ use body measurements directly or ____ manufacturer ____ the ____ of ____?

Is ____ bodyMeasurements directly or ____ manufacturer instructions?

Is ____ stick ____ manufacturer's guidelines or ____ body measurements ____?

Is it better ____ or follow ____ guidelines?

Does ____ make ____ to use ____ directly or to ____?

Do you ____ direct ____ rely ____ manufacturer's guidelines?

____ think ____ good ____ to ____ exact ____ measures rather than ____ on ____ the manufacturers suggest?

____ you ____ measuring directly or using ____?

____ is ____ accurate: using ____ measurements directly ____ using ____ guidelines ____ of ____?

____ is more accurate: ____ directly or using ____ guidelines?

Is ____ to use body ____ or ____ manufacturer guidelines in case ____?

Is it better ____ body measurements ____ stick to the ____?

____ you use manufacturer guidelines ____ of discrepancies ____ do ____ directly?

Is ____ bodyMeasurements directly ____ than using ____ occur?

____ method is ____ accurate, ____ body measurement ____ the instructions?

Is following ____ suggestions more ____ directly ____ body ____?

Is ____ use an actual ____ or stick ____ the ____ suggestions?

Which ____ body Measurements or ____?

Is it ____ to ____ the manufacturer's guidelines if ____ are discrepancies?

When ____ discrepancies, ____ you ____ body ____ or follow ____ guidelines?

Is ____ better ____ bodyMeasurements directly ____ use the ____ guidelines in ____ of ____?

If there ____ discrepancies, is ____ to use bodyMeasurements ____ rely ____?

Is ____ to use body measurement ____ depend on ____?

Is it ____ to ____ specific ____ measures instead ____ suggestions?

____ it ____ use bodyMeasurements directly ____ manufacturer guidelines if discrepancy ____?

Is it ____ to use ____ I rely ____ the information ____ manufacturers?

____ is ____ is ____ better to use ____ directly ____ the manufacturer's guidelines?

Is ____ better to ____ manufacturer guidelines to ensure ____ result ____ to ____?

Do you use ____ measuring or ____ guidelines?

Is ____ superior ____ manufacturer guidelines?

Is ____ better over ____ guidelines?

Which ____ more accurate, using ____ directly or ____ suggestions.

____ it ____ use bodyMeasurements ____ to ____ guidelines from the manufacturer?

Do you use body ____ sure the result is accurate?

Is ____ a difference between ____ bodies ____ on manufacturer ____?

Which ____ is more ____ using ____ measurements ____ following manufacturers' ____?

_____ it _____ to use _____ measurements or _____ the sizes _____ give _____?

_____ is more _____ measurements or _____.

If there are discrepancies _____ the _____ to use bodyMeasurements _____ manufacturer _____?
_____ precision, _____ manufacturer _____ or using _____ personalized body measurement?

Is _____ to _____ body measurement directly _____ depend _____ manufacturer?

_____ there is a _____ should bodyMeasurements _____ used _____ manufacturer _____?

Do _____ use the _____ when there _____ or _____ you use _____ measure?

Do you _____ using _____ measures instead of _____ manufacturers' _____?

Is _____ better _____ use _____ measurements or stick _____ manufacturer's _____?

Which factor _____ using _____ measurements directly _____ following _____ suggestions?

Do you rely _____ manufacturer _____ accurate _____ or do _____ body measuring _____?

Is _____ better _____ myself, _____ rely _____ the manufacturer's _____?

Is _____ to _____ bodyMeasurements directly _____ on the _____ guidelines _____ discrepancies _____?

Is it a good _____ measurements directly _____ to _____ guidelines?

_____ the _____ using body _____ relying on guidelines from _____ manufacturer?

_____ better to use _____ measurement instead _____ using the manufacturer's _____?

Is it better _____ use the _____ make sure _____ are _____ or _____ you _____ body _____?

Which _____ accurate, using _____ measurements _____ or _____ only on _____?

Is _____ a direct body _____ better _____ relying _____ the _____?

Should _____ the _____ recommendations _____ accurate fit, or _____ on _____ body _____?

If there are _____ holds higher _____ own measurements _____?

_____ better if there _____ a discrepancy to _____ to use manufacturer _____?

Is it _____ good idea _____ using specific body _____ instead of _____?

Is it _____ to _____ recommendations for _____ or rely _____ body _____?

If _____ are _____ holds _____ accuracy: the _____ measurement _____ manufacturer's guidance?

_____ body measuring directly _____ manufacturer guidelines _____ result?

_____ it better to _____ my own _____ I rely _____ the _____ by manufacturers?

Is it _____ to _____ measurements _____ to follow _____ manufacturer's size _____?

Is _____ better _____ to _____ recommendations or _____ direct body _____?

Which is _____ precise: _____ manufacturer _____ or _____ personalized _____ measurements?

Do you use _____ measuring directly or _____ make _____ is accurate?

Is it better _____ use my _____ body _____ or _____ to _____ on _____ provided _____ the manufacturers?

Which is _____ using body measurements _____ manufacturer guidelines?

Is _____ measurements _____ manufacturer _____ more _____?

_____ precise, using a body _____ directly _____ guidelines?

_____ it _____ direct _____ instead of relying only _____ manufacturer guidelines?

Is it _____ use actual _____ measurements or _____ the manufacturer's size _____?

_____ more _____ to _____ measurements or trust _____ manufacturer's instructions?

_____ direct body measurements or using _____ more _____?

Is _____ use actual body measurements, _____ stick to _____?

Do _____ direct body measurements or _____ the _____?

Does it make sense _____ body _____ or depend _____?

_____ it _____ to follow the manufacturer's _____ or _____ on direct _____ measurement?

Is _____ specific body _____ than _____ rely on manufacturers' _____?

_____ better _____ use a body _____ or _____ stick _____ the _____ size _____?

_____ better _____ use body _____ or _____ trust _____ given by manufacturers?

Is _____ better _____ use _____ directly or _____ the _____ guidelines if _____ discrepancies?

_____ you think it's a _____ idea to _____ exact physical _____ relying on _____ suggested _____ manufacturers' _____?

_____ better _____ use my own body measurement _____ is _____ on the info _____ by _____?

In case _____ is it better _____ use _____ or _____ manufacturer _____?

_____ is _____ using direct body measures _____ trusting completely in _____?

_____ there _____ is more _____ between _____ body _____ or following manufacturers' suggestions?

Do you _____ measuring directly or rely _____ manufacturer's guidelines _____ sure _____?

_____ specific _____ measures be used _____ on _____ recommendations?

_____ you _____ is better than relying _____ manufacturer guidelines?

Is _____ better _____ use actual body _____ stick _____ manufacturer's size _____ accuracy?

Do _____ to _____ bodyMeasurements directly _____ manufacturer's guidelines?

_____ more _____ using _____ body measurement directly or _____ guidelines?

Is using _____ directly _____ depending on _____ recommendations?

_____ it better to _____ own body _____ on the manufacturer's _____?

Is _____ a difference _____ measuring _____ versus _____ manufacturing suggestions?

_____ there's a _____ you use bodyMeasurements _____ rely on _____?

_____ better _____ use _____ body measurement or _____ guidelines _____ the manufacturer?

_____ body _____ accurate _____ relying on _____ instructions?

_____ using _____ Measurements _____ relying only on manufacturer _____?

Is trusting _____ instructions _____ accurate _____ utilizing _____ body measurements?

_____ are _____ in _____ body _____ do _____ use bodyMeasurements _____ or _____ manufacturer guidelines?

Is _____ measurements better than _____ manufacturer's guidelines?
