

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Processor and RAM specifications
Description	Customers are interested in the performance capabilities of their smartphone and seek details about the processor type, number of cores, clock speed, as well as the amount of RAM the device has for smooth multitasking and overall speed.
Data Size	5,053 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ does the _____ this phone have for improved _____?

What's _____ processor core that _____ improve _____ phone's _____?

How _____ the phone'scores _____ have for _____ performance?

_____ the _____ processor _____ the phone to make _____ faster?

How many _____ in the _____?

_____ are in theProcessor for _____?

What _____ count that _____ performance on this phone.

Can you _____ the _____ core _____ for _____ performance _____ that _____?

There _____ how _____ processor has for better performance _____ the _____.

Will the _____ core _____ help _____ phone _____?

_____ amount _____ are used _____ performance of the phone?

How _____ cores _____ perform better?

How _____ do _____ phone'sprocessor cores _____ better?

_____ phone have _____ to better speed?

Does this _____ have _____ improve performance?

Do you _____ performance _____ this phone has?

There is a _____ about how manycores _____ used _____ performance.

The _____ is, how _____ have for a _____ performance?

How many _____ cores _____ in the _____ to _____ processing _____?

"Do the phone _____ for _____ noticeable _____

_____ a question _____ the _____ in _____ phone, how _____ has for _____ performance

Is the _____ processor _____ faster _____?

_____ have an adequate _____ of cores _____ its _____?

_____ processor _____ are in _____ use more processing power.

_____ a question about the _____ in this _____ manycores _____ it have to _____

_____ the _____ core count help _____ speed?

What is _____ that supports _____ this phone?

_____ the phone have _____ cores _____ the _____ to get _____?

____ is a ____ about the ____ phone, how ____ give better performance
 ____ is the total ____ improved performances ____ device?
 ____ is the ____ count ____ the improved ____ of ____ phone?
 How ____ this phone's processor?
 How ____ should ____ processor in this phone ____?
 ____ benefit my new phone?
 ____ a ____ of ____ manycores should ____ in ____ processor in ____ phone.
 ____ this phone ____ a multicore ____ its speed?
 ____ processor cores are inside ____ to make ____ perform ____?
 ____ does this ____ have ____ noticeable ____?
 How ____ improved-performing ____ is ____ phone's ____?
 How many ____ cores ____ found ____ the ____ to ____ it ____?
 There ____ the processor of ____ how manycores?
 What ____ of core counts ____ for ____ phone ____?
 ____ phone'sProcessor ____ enough ____ for ____ performance?
 ____ you know the ____ core ____ performance on that ____?
 There is a question ____ this ____ manycores ____ have to give ____
 ____ you tell ____ improve- ____ this phone has?
 What ____ of ____ there in ____ make it faster?
 Does ____ phone ____ more than ____ core for ____?
 What is ____ core count when it ____ improved performance ____?
 How many ____ will the ____ phone for ____ performance?
 ____ manycores does ____ for ____ performance?
 Does this ____ have ____ for better performance?
 ____ curious as to whether or not ____ a decent processor ____.
 How ____ are there in ____ processor determines the ____?
 How ____ should the ____ phone have to ____ their ____?
 What the number ____ will ____ the phone's ____?
 ____ manycores ____ the processor ____ phone perform ____?
 ____ of processor ____ the phone's performance?
 ____ the total core count ____ improvement ____ device?
 Can the ____ core ____ improve the speed ____?
 ____ improve- performancecores is ____ processor ____ this ____?
 Can you ____ me how ____ device and ____ their impact is ____ outcomes?
 How ____ in this ____ have ____ increase performance?
 ____ performance ____ is this phone?
 How ____ phone have ____ increase ____ performance?
 ____ the phone's ____ for better ____?
 How ____ are ____ to ____ the phone ____ better?
 Does ____ phone ____ than ____ core for higher ____?
 ____ total core count on that device ____?
 ____ the ____ have ____ it to achieve ____ performance?
 What ____ the ____ core ____ that ____ performance on ____ phone
 What is ____ processor ____ in ____ to use ____ processing power?
 A question ____ the processor ____ how manycores should ____ give better ____.
 ____ is ____ about how manycores ____ have to ____ better.
 What ____ the ____ core ____ that ____ this ____ performance?
 ____ processor contains ____ cores?
 Will ____ core count improve ____?
 ____ many ____ cores do ____ have?

____ many cores ____ ____ perform better?
 What ____ core ____ that improves this ____ performance?
 Do ____ know ____ cores the ____ processor ____ maximize performance?
 ____ many cores ____ processor of ____ has ____ performance?
 How many ____ core ____ in the phone ____ it ____?
 There's a ____ how many cores ____ has for ____.
 ____ the ____ contain ____ cores
 ____ phone ____ enoughcores ____ noticeable difference?
 ____ many ____ in the phone'sProcessor?
 How ____ cores are ____ of ____ phone?
 ____ is ____ total core count in ____ to ____ performance ____ ____?
 ____ core ____ is ____ to ____ performance.
 ____ have manycores for ____ improvement?
 ____ have enoughcores to see ____ improvement?
 ____ many ____ exist in ____?
 There ____ a ____ of ____ the ____ for better performance in ____.
 ____ the processor ____ improve the ____ my ____?
 What is ____ count for ____ that device?
 How ____ are there in thisSmartphone ____ improve ____?
 ____ enoughcores ____ a noticeable improvement?
 What ____ the ____ for enhanced performance ____ phone?
 ____ phone's ____ improve- performance cores.
 How ____ processor cores ____ the ____ improve performance?
 What's the total core count ____ performance ____?
 ____ the processor ____ count ____ speed?
 There's ____ how many cores ____ phone ____ better performance.
 What is ____ chip's core count ____ improved ____ in ____?
 ____ improve-performing ____ are in this ____?
 How many ____ processor ____ perform better?
 What ____ total ____ count for ____ performance?
 How much ____ your ____ cores ____ better?
 ____ the processor ____ count going to ____ new ____?
 For enhanced ____ the ____ count?
 How many improve- performance core ____?
 What is ____ chip's core ____ performance in this ____?
 ____ many ____ for the improvement of the performance of ____ cell ____?
 Does ____ have ____ cores ____ performance?
 Can ____ me the ____ of processing ____ in the device and their ____?
 There is a question about the ____ how many core ____ it ____
 How many Cores ____ the processor of ____?
 ____ the ____ help my phone's ____?
 ____ should ____ processor in the phone have ____ performance?
 What amount ____ counts ____ used ____ the performance ____ phone?
 How ____ processor have ____ cell phone's improvement?
 ____ counts is used ____ improved performance ____ this phone?
 How ____ do ____ phone's processor cores ____ perform ____?
 ____ the ____ core ____ regard ____ improved performance on ____ phone?
 ____ many ____ better performance ____ phone processor?
 There is a ____ the processor will ____ for ____ performance in ____.
 Can you ____ how many processing ____ are ____ and ____ impact ____ outcomes?

Is the ____ have enough cores ____?

What ____ the ____ processor cores ____ the performance of the ____?

____ many ____ this phone's ____?

How many cores ____ to ____ the performance of ____?

____ many processing cores ____ present ____ this device and ____ impact ____?

____ the ____ have ____ for enhanced performance?

How ____ in ____ phone's processor ____ in performance?

Does this phone ____ noticeable improvement?

____ cores are there ____ performance?

____ the core ____ the ____ for ____ performance?

____ many ____ are ____ the ____ to ____ it ____ use more processing ____?

____ processor have ____ cores?

____ core count of ____ for improved performance in ____

Does ____ phone ____ cores ____ make ____ improvement?

How ____ cores can this ____?

How ____ core ____ to ____ the performance?

The ____ performance ____ improved ____ number ____ processor cores.

____ many cores will the ____ the ____ improved performance?

How many ____ does this ____?

____ processor core ____ improve the phone's performance?

____ is the ____ count ____ to improved performance ____ this ____?

____ is a ____ how many cores should be ____ to ____ better ____.

____ processor cores ____ phone to ____ it perform better?

____ many cores ____ processor have ____ a better performance in ____?

____ the ____ have many ____?

____ of processor ____ in the phone to ____ it ____?

____ have to increase performance?

Which ____ cores ____ the phone ____ it faster?

How ____ cores are in the ____ use more ____?

Does the ____ a multicore ____ to ____?

How ____ processor used to ____ performance ____ the phone?

How ____ processor cores ____ in ____ to improve ____?

There's ____ about ____ in this ____ how ____ cores will ____ have ____ a ____ performance?

____ many processor ____ the phone to help ____ processing power?

A ____ about ____ processor ____ is ____ many cores it will ____ performance.

What ____ the ____ count ____ is ____ enhanced performance?

____ this ____ a ____ to improve speed?

____ is the total ____ count for ____ this ____?

____ of ____ counts ____ to improve the performance ____ phone.

____ does the ____ have for ____ of this ____ phone?

____ Processor have ____ cores?

____ processor in ____ phone, how ____ should it ____ increase performance?

The question ____ how ____ the ____ have ____ better performance?

There is ____ question about ____ in this phone, ____ many cores it ____

What is ____ number of improve- performance ____?

Does the ____ has ____ one ____ improved performance?

____ the ____ have ____ for an ____?

____ processor core count ____ to help ____ speed?

____ the total core ____ the improved ____?

____ many core will the ____ improved ____ in this ____?

How _____ the processor have to improve _____ performance _____?

_____ the phone _____ cores _____ better _____?

_____ many _____ the _____ have _____ will improve the _____ of the _____?

There is _____ question _____ many cores the _____ will have _____ performance in _____.

_____ phone'scores have enough _____ noticeable _____?

Is _____ core _____ to improve the _____ of the _____?

_____ the core count of _____ processor _____ the _____?

Is the processor core count _____?

What _____ the chip's core count that _____?

_____ the _____ processor support _____?

What amount of _____ counts _____ phone performance?

How _____ the _____ this phone _____ perform more proficient?

There _____ the _____ in this phone, how many cores will _____ for _____ performance.

How many _____ cores are _____ phone _____ increase _____?

_____ this _____ have _____ processor _____ increase speed?

Would _____ phone have _____ for _____?

Do the _____ enoughcores _____ an _____.

How _____ the processor _____ for the improvement _____ phone?

Do _____ phone'scores _____ for _____?

_____ the chip's _____ count that _____ better _____ this _____?

_____ this phone packed _____ multicore _____?

A _____ processor _____ how _____ cores will it _____ for a better _____?

_____ enough processor _____ in _____ phone _____ improve performance?

What _____ of _____ phone's processor _____ to do _____?

_____ manycores does the _____ have _____ the _____ of this _____?

_____ the _____ multiplecores for better _____?

What _____ the _____ of core _____ for the _____ of this _____?

_____ core count _____ the _____ performance on _____ phone?

Can the processor core count _____ phone?

What _____ core count of the _____ enhanced _____ in this _____?

_____ the phone have _____ improvement?

What _____ the _____ count of the _____ performance in this _____?

_____ this _____ have more than _____ for improved _____?

_____ the _____ count change the _____ of _____ phone?

There _____ question about how manycores _____ for _____ performance

How _____ cores are there _____ theSmartphone _____ its _____

_____ improve- _____ is the phone'sprocessor?

How _____ your _____ cores perform _____?

_____ a _____ about the processor in this phone, _____ it _____ increase _____?

I _____ the processor _____ improve the _____ of my new _____.

What _____ the _____ count in _____ the _____ performance on this _____?

_____ many cores should the _____ processor _____ for _____?

Does _____ phone have _____ number of _____ its _____?

Does _____ have enough _____ its _____ do better?

Can _____ tell me the number _____ processor _____?

_____ you tell me _____ many processing cores _____ present _____ their impact _____ outcomes?

_____ core count that _____ in this phone?

_____ is _____ processor's _____ for _____ performance?

There _____ a question _____ many _____ will the phone _____ for _____?

Will _____ count improve the speed _____ phone?

____ are processor ____ in this Smartphone ____ its ____.
 ____ is ____ question about ____ processor ____ how ____ should ____ have to ____ better performances.
 ____ is ____ core count pertaining ____ improved ____ this device?
 ____ cores are there in the phone ____ make ____ better?
 How ____ cores ____ better ____ of ____ phone processor?
 What's the ____ core count in relation ____ ?
 ____ many ____ performance ____ is ____ phone?
 ____ is ____ total ____ count for ____ on this ____?
 ____ many ____ are ____ the phone's Processor?
 ____ processor cores are in ____ to ____ performance?
 There ____ the ____ in ____ phone, ____ many are there for better ____.
 What is ____ total core ____ with improved ____ ?
 Will the processor core ____ the ____ my ____ ?
 ____ number of processor cores ____ the phone's performance ____ .
 What is the ____ that ____ this ____ perform ____ ?
 What ____ the ____ improved performance ____ this phone?
 ____ processor ____ has a question ____ how many cores it ____ better ____
 ____ phone have ____ to ____ noticeable improvement?
 The ____ in this ____ has a question ____ many cores it ____ .
 Does this phone have ____ than ____ cores ____ ?
 ____ many improve- ____ is this ____ ?
 ____ this ____ have ____ than ____ for optimal performance?
 ____ might ____ more cores ____ better performance.
 There is ____ regarding ____ many cores the phone ____ performance.
 ____ phone should ____ for an ____ .
 Does ____ phone's ____ many cores?
 ____ question about ____ phone, ____ many cores it has for ____ performance?
 ____ core are ____ to increase its ____ ?
 ____ a ____ how many cores will the phone ____ for ____ .
 ____ core will this phone ____ better ____ ?
 ____ of processor cores ____ in ____ to make ____ perform ____ ?
 There ____ a ____ about ____ this phone, ____ many ____ will it ____ better performance.
 ____ counts are ____ to increase ____ on this phone?
 I ____ the ____ processor's scores ____ related ____ the ____ of the phone?
 ____ should the processor ____ phone ____ better performance?
 Does ____ phone ____ multicore ____ increases speed?
 ____ many ____ will ____ processor ____ for improved ____ in ____ phone?
 What ____ core counts are ____ for the ____ performance ____ ?
 ____ processors ____ in the ____ to ____ it better?
 Does it have ____ cores ____ improve ____ ?
 ____ have ____ in it ____ provide better performance?
 ____ you know ____ has for better performance?
 How ____ cores ____ there ____ this Smartphone to improve ____ ?
 ____ many ____ are in ____ to make ____ quicker?
 ____ is ____ count ____ the processor for enhanced ____ ?
 ____ is ____ chip's core ____ enhanced performance in ____ phone
 How much do ____ Processor ____ to perform ____ ?
 How ____ performance cores ____ this ____ ?
 ____ the ____ many processor cores ____ performance?
 I want ____ know how ____ the ____ has ____ .

____ many ____ will ____ processor ____ better performance in ____ phone?
 ____ cores ____ there to ____ the ____ of this Smartphone?
 ____ phone's ____ number of ____ for better ____?
 How ____ cores are ____ enhance its ____
 How ____ are ____ in the phone to ____ efficient?
 How many processor ____ this ____?
 ____ many cores ____ processor ____ phone have for ____ better ____?
 ____ it possible to ____ me how ____ phone ____ its performance?
 Will the ____ enough cores for ____?
 ____ phone ____ multiple ____ perform better?
 ____ phone may have ____ one ____ for improved ____.
 Does ____ have enough processor ____ a better ____?
 How many cores are ____?
 The ____ phone has ____ many cores it has ____ improved performance.
 I want to know ____ the processor core ____ improve ____ of ____.
 ____ of ____ counts ____ used for the ____ this phone?
 What ____ core ____ are ____ to improve ____ of ____ phone
 How many cores should ____ in ____ phone ____ in ____ its performance?
 There ____ a question regarding the ____ how many ____ have?
 ____ amount ____ core counts are utilized for ____ this ____?
 ____ is ____ of processor cores ____ to improve ____ phone's performance?
 ____ many ____ are ____ in the ____ to ____ its performance?
 Is there enough cores ____ phone ____ noticeable ____?
 ____ question about the ____ this ____ how many cores ____ have ____ performance.
 ____ performance ____ phone might ____ by ____ cores the processor has.
 Does the ____ have ____ to maximize its performance?
 ____ the phone ____ order to make it perform better?
 Can you tell me how ____ cores ____ are in ____ and ____ outcomes?
 ____ the phone ____ a ____ to ____ speed?
 ____ many ____ the phone ____ perform ____?
 ____ phone ____ question about how many cores should ____ have ____.
 ____ processor ____ my new phone faster?
 Is ____ phone's processor ____ with ____?
 Will ____ up with ____ core count?
 ____ the phone's processor need ____ increase ____?
 Does ____ more than ____ core ____ better performance?
 ____ of core ____ are used to make this ____?
 ____ amount of core counts ____ performance of ____ phone?
 Does ____ have enough cores ____ processor ____ better?
 ____ you tell ____ total core ____ performance on ____ device?
 ____ is the ____ that will make ____ phone ____ better?
 The amount ____ improvement depends on ____ of cores ____ processor.
 Can you ____ the ____ of ____ cores in ____ device ____ their ____ on ____?
 ____ many ____ there ____ phone to help ____ perform better?
 Will ____ enough ____ improve its ____ power?
 A question ____ the ____ the ____ how ____ cores it ____.
 Do the ____ enough cores for ____?
 How many ____ needed to ____ well?
 I want to ____ if this phone ____ processor ____ not.
 Is the phone ____ noticeable ____?

_____ has enough_____ cores _____ noticeable improvement?

Does _____ phone have _____ multicore _____ speed?

How many_____ cores _____ in _____ phone _____ better performance?

Do the _____ improvement?

How many cores does _____ phone's performance?

_____ you _____ the number of processing _____ this _____ impact on improving outcomes?

_____ phone's processor _____ for better _____?

_____ processor Cores _____ speed?

Does the _____ cores in _____ to _____ better?

_____ be _____ speed _____ if _____ are more _____ in the _____.

How many _____ should _____ in _____ have _____ increase performance?

_____ you tell _____ how _____ present in _____ device _____ to improve outcomes?

_____ many _____ cores _____ the phone to make it _____?

How _____ the _____ have _____ performance of _____ cell phone?

_____ in _____ phone's _____ perform better?

_____ many cores _____ processor has _____ performance _____ phone?

How _____ processor have _____ better performance?

How _____ cores is in _____ to _____ it perform _____?

_____ is _____ chip's _____ count _____ improve performance on this _____?

What _____ cores _____ the processor have _____ the performance _____ this _____?

_____ processor _____ a _____ of _____ performance cores.

Is _____ enough_____ cores _____ a _____ improvement?

_____ there _____ processor _____ to make it better?

How _____ processor _____ there _____ to _____ it do more?

_____ the processor _____ count improve _____ speed _____ phones?

_____ the _____ processor cores _____ make it _____ better?

_____ phone have sufficient _____ of cores in _____?

_____ is _____ question about _____ this phone _____ how _____ it should _____.

_____ many processor _____ there in _____ to increase _____?

_____ this _____ a _____ number of cores?

A question about _____ in _____ phone, _____ many_____ cores _____ it _____ performance.

_____ a _____ about the _____ cores the _____ has _____ better performance.

What _____ count in relation to this _____ phone?

What _____ of core _____ used _____ the _____ performance _____ the _____.

_____ the _____ enough_____ cores for noticeable _____?

_____ number of _____ improve the phone's _____

_____ is _____ core count of _____ will _____ the performance?

What amount of cores _____ phone _____ perform _____?

_____ processor _____ to make the phone faster?

How many improve-Performance _____ does _____?

There _____ a _____ about _____ the phone, how _____ cores _____ it _____ better performance?

What is the _____ cores _____ improve the _____?

_____ the number of _____ the _____ performance?

_____ core _____ the phone make _____ faster?

How _____ cores will the phone have _____ question?

What _____ chip's _____ count that will support enhanced _____?

How _____ cores _____ has _____ improvement _____ the phone performance?

_____ the _____ multi core processor to increase _____?

_____ amount of _____ are utilized to improve _____ performance _____?

_____ is the total _____ relation _____ improved _____ of _____ phone?

_____ processors are _____ phone to _____ it faster?

How manycores is _____ phone good _____?

A question about the _____ of the _____ it _____.

How _____ does the processor _____ the better _____ of this _____?

Does _____ have enough _____ make a _____?

What _____ the _____ count for improved _____ device?

There is _____ many cores the phone _____ better _____.

What is _____ core count _____ improved _____ this _____?

How _____ does the _____ have _____ improvement?

_____ processor cores make the _____?

_____ the _____ have enoughcores _____ improvement?

What's the total _____ count _____ to the _____ performance _____?

_____ there enough processor _____ in the phone _____?

How _____ the processor _____ for _____ of _____ phone?

How many processor _____ there to make _____?

There _____ to _____ manycores should _____ phone _____ to give _____ performance.

How many cores will _____ performance, _____ a question?

What _____ core count _____ better _____ that device?

_____ manycores the _____ for _____ performance _____ a question.

_____ many _____ processor cores _____ to perform better?

Does _____ phone _____ with a _____?

How many cores are _____?

_____ many improve-performancecores _____ the _____ have?

How many improve-performing _____?

_____ a question _____ this phone, _____ manycores _____ it have _____ perform better

How _____ the _____ have _____ the improved _____ of the _____?

Does _____ enoughcores to _____?

_____ of core _____ are _____ make _____ phone perform better?

How many core counts _____ improved _____ of this _____?

_____ the phone has _____ for _____?

How _____ cores _____ phone to make it _____ even _____?

There is a question about _____ this phone, _____ manycores _____ it _____.

_____ are in _____ phone to make it better?

What is the _____ supports _____ this phone?

Does the _____ in its _____ increase performance?

_____ many processor cores are _____ performance?

_____ the _____ core _____ make _____ phone any faster?

_____ number of _____ cores improve _____ phone's _____?

_____ a question about _____ processor in this _____ how _____?

Does the _____ have _____ cores _____?

Will _____ the number of cores in the phone's _____?

_____ is a question _____ this _____ how manycores _____ have to increase _____

_____ is _____ of processor _____ in the _____ to make _____?

_____ much _____ power _____ in this _____ improve performance?

Is the _____ core _____ supporting enhanced _____ this _____?

_____ is a _____ number of cores _____ will have _____ better _____.

What _____ of _____ are used _____ improved performance _____ this _____

_____ the processor's core count _____?

_____ chip's core count that _____ the _____ performance _____ phone?

Does this phone _____ cores in _____ processor to _____?

_____ are used _____ the performance of _____ phone?

What _____ counts are used in _____ phone to _____?

_____ manycores will _____ processor _____ the _____ have _____ a _____ performance?

How _____ will this _____ for _____?

_____ has a number _____ performance cores.

How _____ processor cores _____ there _____ the _____ make it _____?

Is _____ processor _____ of _____ cores?

Can the _____ cores?

_____ many processor cores _____ in _____ make it better?

_____ question about the _____ in _____ how _____ it _____ for better _____

Has the processor core _____ improved _____ of _____?

_____ will improve the _____ of the phone?

_____ is _____ number _____ processor _____ that _____ benefit _____ phone?

What _____ the chip's _____ for _____ on this phone?

_____ know _____ number of _____ cores that _____ the phone's _____?

How many cores _____ phone's _____ determine _____ improvement _____?

The _____ phone has for improved performance.

_____ is _____ question about the processor _____ many it has _____ performance.

_____ tell me how many _____ are in _____ and how _____ outcomes?

Does _____ have _____ it for better _____?

_____ you _____ the number _____ that will improve _____ of the _____?

What number of processor _____ will _____ the _____?

What amount _____ are _____ for _____ improvements in _____ phone?

_____ is _____ total _____ count _____ relation _____ performance on this _____?

_____ the _____ of _____ phone _____ in order to increase _____?

Do the _____ enough _____ improvement?

_____ the total core _____ for the _____ performance _____ the _____?

_____ is _____ question _____ processor _____ this phone, how manycores _____ it have _____ performance

_____ a question about _____ processor, how _____ should _____ have _____ better?

How _____ cores _____ included _____ phone'sprocessor?

"How manycores should _____ processor _____ phone _____ increase _____ "

_____ is the amount _____ processor core _____ phone's performance?

How many processor _____ are _____ in _____ use more _____?

_____ is _____ total _____ count _____ relation to improved performance _____?

How _____ the _____ for better _____?

What _____ of core counts are _____ to _____ better?

_____ the phone have more than _____ core _____?

_____ many _____ are _____ the _____ better performance?

Does _____ phone _____ that _____ speed it up?

_____ enoughcores for _____ noticeable improvement?

_____ many _____ there in _____ to _____ it faster?

Will the _____ core count boost _____ speed _____?

there is _____ question about _____ in this phone, _____ it _____ to _____

There _____ a _____ how _____ phone has _____ better performance.

How _____ cores _____ the _____ to use more processing power?

Does the _____ core count _____?

A _____ about _____ processor in this phone _____ how _____ should have _____.

A _____ about _____ count of _____ for improved performance _____ this _____.

_____ phone have _____ one core _____ better performance?

Will the processor core _____ of _____ phone?

does _____ processor _____ many _____?

_____ many cores will _____ have in this _____ better _____?

What amount _____ core _____ are _____ for better _____?

Does _____ phone have more than _____ enhanced _____?

How _____ improve-formance _____ does _____ phone _____?

How _____ processor core are there _____ phone _____ better?

_____ the total core _____ this device _____ to improved performance?

_____ question about _____ in _____ phone _____ cores _____ has for better performance.

Does this _____ enough _____ its _____ to give _____ better _____?

_____ processor core count going _____ improve _____ phone's _____?

How _____ does _____ processor have for a _____?

_____ cores _____ processor have _____ better performance of this _____?

will the processor _____ of _____ new phone?

_____ amount _____ cores does _____ processor have to _____ the _____ of _____?

What is the _____ core _____ for _____ performance _____?

Does the _____ core _____ improve _____ speed of _____?

_____ processor cores _____ there in thisSmartphone _____ performance

How _____ processor cores _____ to _____ its _____?

How many _____ does _____ processor have in order _____ improve _____ performance _____?

_____ about the processor _____ how many cores it _____.

_____ are in _____ to improve it.

_____ this phone have _____ of _____ for a _____?

There is _____ in _____ phone, how _____ it _____ have _____ perform better.

How _____ improvement in _____ determined _____ many cores _____ this _____ processor?

What _____ that allows for enhanced performance _____ phone?

How _____ are _____ to _____ its performance.

There's a question about _____ in the _____ it _____ for _____.

_____ amount of _____ counts _____ used for _____ performance _____ phone?

How many _____ the _____ to improve performance?

How _____ processor has to _____ its performance?

How _____ cores _____ in _____ phone to _____ it _____?

What _____ chip's _____ count that _____ superior _____?

Has _____ processor's _____ for more _____?

_____ phone have several _____ for _____?

What is _____ chip's core _____ improved performance on _____?

_____ phone have _____ in its _____ improved performance?

Does _____ cores for _____ improvement?

Can _____ number _____ processing _____ in this _____ and their _____ on improving outcomes?

_____ phone's processor _____ enough _____ to _____ better performance?

_____ this phone come _____ a _____ core _____?

How much _____ power are _____ the _____ to _____?

Does this _____ have _____ noticeable _____?

Does _____ phone's processor _____ cores?

What _____ the core count of _____ chip that _____ this _____?

The processor _____ should it have _____ perform better?

_____ core counts _____ used _____ improved performance of _____ phone?

What is the total _____ to _____ on _____ phone?

Does _____ phone _____ good amount _____ cores in _____?

Does _____ phone _____ lots _____ for _____ performance?

Will the processor _____ the _____ new phone?

What amount ____ core ____ improved ____ on this ____?
 What are the ____ that will ____ perform better?
 What number of cores ____ have ____ performance?
 ____ are there in the ____ to ____ performance?
 A ____ the processor ____ this phone ____ how ____ it ____ perform better?
 Does ____ core ____ my phone ____?
 Does the ____ cores ____ its ____ to get better ____?
 ____ many processor ____ are there ____ perform better?
 There is ____ question about ____ number ____ should ____ in this ____.
 ____ is the number ____ this ____ for better ____?
 Will ____ count improve ____ speed?
 ____ have enoughcores ____ show ____ improvement?
 There ____ of how ____ the processor ____ for ____ performance in ____.
 What is ____ core ____ for ____ performance ____ this phone?
 ____ the processor ____ to improve the ____ speed?
 Is ____ chip's core count ____ supports ____ this ____?
 ____ processor ____ count ____ my ____ phone faster?
 Does ____ phone ____ enough ____ improve ____?
 Does ____ have ____ for ____ noticeable improvements?
 The ____ in the phone has ____ how manycores it ____
 ____ phone have ____ for noticeable ____?
 ____ cores ____ this phone to improve performance?
 ____ cores does ____ phone have to ____?
 ____ manycores are ____ of this ____?
 ____ many cores are ____ in ____?
 ____ many processor cores ____ that ____ the ____ perform ____?
 ____ extra cores ____ to ____ phone ____?
 ____ the phone processor required for ____ performance?
 ____ is ____ of how many cores the ____ have ____ performance ____ phone.
 ____ of core counts are used for ____ this ____?
 How many ____ are ____ phone to ____ it?
 Is ____ for an ____?
 ____ phone have ____ processor ____ help with speed?
 There ____ how manycores the phone has ____ performance.
 ____ the phone have ____ a noticeable ____?
 ____ processor cores do the phone ____ do ____?
 Does ____ have ____ cores that ____?
 There is a question ____ the number ____ performance.
 ____ there ____ processor cores ____ the phone to ____ power?
 What ____ of core ____ is ____ for ____ performance ____ this ____?
 ____ much does ____ processor ____ have to perform ____?
 ____ counts ____ used to make ____ phone better?
 ____ would like ____ the ____ cores present in this device and their impact ____.
 What is the total ____ the ____ performances?
 How many ____ has ____ the improved ____ of this ____?
 How many of ____ performance ____ is this ____?
 ____ improve-performingcores is ____ processor?
 There ____ a ____ about ____ many ____ will ____ processor have ____ better ____.
 How much ____ in ____ make it quicker?
 Does ____ have a lot ____ for ____ performance?

How many _____ the _____ have that _____ improve _____ performance of _____?

_____ question _____ should the processor have to perform _____ in _____ phone.

_____ many processor _____ are _____ boost _____ performance?

_____ the _____ enough for _____?

What _____ _____ for improved performance of that device?

How _____ cores exists _____ this _____?

_____ the _____ have for the improvement of this _____?

Is _____ for faster speed?

Do _____ enough cores _____ a _____ change?

What _____ processor _____ improve the _____?

_____ is _____ core count of the _____ that is _____?

How many _____ will _____ in this _____ for _____ performance?

_____ many cores _____ for any noticeable improvement?

How many processor _____ in _____ phone to _____?

_____ the processor _____ this _____ is _____ many cores should it have to _____?

There _____ a _____ how many cores should _____ in this _____ to _____ better.

_____ in the phone's processor?

What is _____ count _____ supports _____ phone's enhanced _____?

Does the _____ multicore processor to _____?

_____ core count for _____ on the device?

Does it _____ enough cores _____ its _____?

_____ for better performance _____ the _____?

How many cores should the _____ to _____ the _____?

How _____ processor _____ are in _____ to _____ performance.

Has _____ processor core _____ for more _____?

Does the phone have _____ lot _____ for _____?

How many _____ cores do _____ phone _____ to _____?

Are there enough _____ cores _____ more processing power?

_____ many cores _____ processor _____ this _____ have to improve _____?

How _____ processor _____ are in this Smartphone _____ its _____.

Will the _____ core Count _____ my phone?

_____ many cores in this phone's processor _____ in _____.

How _____ cores _____ this phone's processor _____ of?

_____ processing _____ are _____ the phone _____ make it _____ better?

_____ much _____ are in _____ phone to _____ perform better?

_____ processor core _____ make my _____ better?

There is a question _____ should _____ have _____ phone.

_____ processor core _____ to improve its _____?

_____ many _____ does the _____ have that can improve _____ of _____?

_____ phone have enough cores _____ have any _____?

_____ many _____ are located in _____ to use _____ power?

_____ the _____ have enough _____ a _____ improvement?

_____ is the _____ processor core's _____ will improve _____ phone's _____?

_____ is the _____ core _____ for this handsets _____?

Does _____ phone _____ multicore _____ for _____?

How _____ your _____ perform better?

_____ think this _____ has _____ cores for _____ noticeable _____?

How _____ improved-performing _____ this _____ have?

The phone's Processor _____ many _____ for _____.

How many _____ are _____ phone's _____ determines the improvement _____.

_____ would _____ how many processing cores _____ in this _____ and their _____ improving outcomes.

Do _____ enoughcores _____ a difference?

How many _____ cores are _____ the _____ to make _____ faster?

_____ the processor core count _____ of _____ new _____?

What amount _____ chip's core _____ enhanced performance _____ this _____?

How many _____ the _____ to _____ this _____ better?

_____ phone perform _____ with more _____ in its _____?

What _____ chip's core _____ the performance on this _____?

_____ that the _____ processor has _____ for _____ speed?

Can the processor core _____ speed _____ phone.

How _____ processor cores exist in _____ phone to _____ it _____?

_____ phone have _____ for _____ improvement?

_____ the _____ multiplecores _____ improved performance?

How many _____ will _____ better performance in _____ phone?

_____ have enough cores _____ it _____ give _____ performance?

How many processor cores _____ there in _____ do _____ better?

How _____ cores _____ phone to improve its _____?

_____ phone has _____ how _____ cores _____ will have for improved _____.

Does _____ phone _____ cores _____ performance?

How _____ processor cores _____ in _____ improve _____ performance?

Is _____ count good _____ my phone _____?

What _____ are _____ to _____ the phone's performance?

There _____ question _____ processor _____ the _____ how manycores will _____ have?

What's the _____ core _____ improved _____ on this phone.

Is the _____ to _____ enoughcores for _____ noticeable _____?

_____ there _____ in _____ phone for _____?

_____ about the processor in this phone _____ manycores should _____.

_____ many improvement- performance _____ have?

There _____ a question _____ in this _____ manycores should it _____ performance.

How many _____ does _____ processor have _____ improvement _____ the _____?

There is a _____ about how _____ will _____ phone _____ improved _____.

_____ many _____ the phone to _____ more processing power?

_____ phone might _____ an improvement.

_____ processor core count _____ of the phone?

Will the processor _____ improve _____ speed _____ phone??

There is _____ about the _____ in the _____ how _____ use?

_____ are packed in _____ processor?

_____ the _____ many _____ for _____ performance?

How many _____ do _____ have _____ the _____ of the _____?

Does _____ phone _____ than onecore _____ enhanced _____?

_____ in the _____ faster phone?

_____ improve-performance _____ the phone's _____ got?

_____ the _____ have _____ processor cores for _____?

Does _____ phone have _____ processor _____ for _____?

What _____ the _____ count _____ supports improved _____ this _____?

_____ the core count _____ the _____ its _____?

_____ you please tell _____ how many processing cores are _____ impact on improving _____?

How _____ core are _____ phone _____ improve?

_____ should _____ processor in this phone _____ to _____?

_____ manycores _____ the _____ better performance of _____ phone?

Does this phone _____ processor for _____ performance?

_____ cores are _____ the _____ to _____ it better?

_____ this phone have _____ multicore processor _____ will _____?

_____ you _____ number of processor _____ that _____ improve the phone's _____?

Does the _____ have _____ to _____ performance?

_____ have a _____ processor that will speed _____?

Will the _____ phone's speed?

_____ question regarding _____ processor _____ the _____ is how _____ has.

_____ number of processor core _____ can _____ phone's performance?

_____ enhanced performance, _____ is _____ processor's _____ in _____ phone?

What _____ of _____ does _____ processor _____ to _____ the _____ this phone?

Will the _____ improve _____ of my device?

What amount of core _____ are _____ for _____ performance _____?

How many _____ core are _____ this Smartphone to _____

_____ cores does the processor _____ improve _____ performance?

_____ question _____ how _____ should the processor _____ better _____ this phone.

_____ processor cores _____ there _____ make the _____ powerful?

_____ many _____ improve the performance of _____ phone _____?

_____ many _____ the phone to make it _____ better?

Has the _____ has _____?

_____ you know _____ the _____ count is _____ enhanced _____?

_____ phone _____ with _____ processor core count?

There is _____ about the _____ manycores should it _____ increase _____?

_____ the _____ core that _____ the phone's performance?

_____ number of _____ cores _____ improve _____ performance.

How _____ cores _____ the phone _____ to be _____?

Does the phone feature _____ speed?

Does the _____ have _____ improve-performance _____?

What are _____ counts _____ processor for _____ performance _____ phone?

_____ many _____ included in the _____ for better _____?

_____ improvement in _____ is determined _____ how _____ phone has.

_____ many processor _____ in the phone _____ it _____ better.

_____ chip's _____ count _____ this phone perform better?

Does _____ have enough _____ it's processor _____ better _____?

_____ many _____ performance cores is the _____ of?

_____ processor _____ enough cores?

This Smartphone has many _____ cores _____

Is the _____ in _____ by _____ of _____ in this _____ processor?

_____ phone _____ more than one _____ for _____ performance?

Will _____ processor core _____ improve _____?

How many cores will it _____ better performance _____?

_____ performance of _____ phone may be improved _____ the number _____ processor.

What _____ total core _____ for improved performance _____ this _____?

Is it possible _____ processor core _____ the _____ my _____?

_____ is _____ number of processor _____ that _____ use _____ improve performance?

Is _____ processor _____ count _____ to _____ the speed _____ my _____.

_____ processor _____ is _____ in _____ phone to increase _____ performance?

How _____ should _____ in this _____ have _____ performance?

_____ a _____ processor _____ how manycores should it have to perform better.

How many processor cores _____ the _____ to _____ power?

How _____ will your _____ processor _____ for _____ performance?
_____ processor _____ in the phone to _____ more processing _____?
_____ the processor of this phone has to _____?
Did they _____ increase performance?
_____ a _____ how manycores should _____ to _____ the _____ of this phone.
Does the phone's _____ have enough _____?
What _____ core count of _____ improved _____ in _____ phone?
I _____ to _____ how many _____ there are in this _____ their _____ improving _____.
_____ enough cores _____ it for better performance.
_____ processor core _____ help _____ speed of the _____?
_____ number of cores _____ the processor _____ for _____ improvement _____ the _____ phone?
What is _____ of processor cores that _____ the phone's _____?
_____ processor cores _____ there to _____ its _____?
_____ possible that _____ has more cores _____ better performance?
How many _____ chips _____ in the _____ make _____?
Can _____ tell _____ the _____ count _____ enhanced performance?
_____ this phone is how many _____ it will have for _____ performance.
_____ performance, _____ is the _____ count of the _____?
_____ phone _____ enough cores _____ a noticeable improvement?
_____ the phone _____ enoughcores _____ its processor _____ performance?
_____ is _____ question _____ manycores _____ phone have for _____ performance?
There is _____ question _____ this phone, how _____ it have?
Does _____ phone _____ in its _____ to _____ performance?
The _____ numbers _____ cores _____ better performance.
_____ is _____ core _____ that _____ support enhanced performance?
_____ phone's processor have _____ have _____ cores _____ improve _____?
_____ the _____ processor _____ enough _____ to perform _____?
What is the _____ processor _____ improve performance in _____?
_____ the phone _____ enoughcores that _____?
_____ chip in this _____ has a core _____ improved _____.
How _____ processor _____ are _____ in the _____ to _____ it _____?
_____ question _____ many cores _____ for better performance in this phone.
How _____ that will improve the _____?
What _____ core _____ of the _____ the performance?
_____ are in the _____ it perform better?
_____ power is _____ the phone _____ make _____ faster?
_____ this phone _____ good performance?
Does the phone have _____ for _____?
_____ the _____ have _____ cores in _____ to make it _____?
_____ the _____ core _____ that allows _____ phone to _____ better?
_____ as _____ how manycores the phone _____ for _____ performance.
Will _____ speed of my phone?
Does _____ include _____ processor to improve _____?
Is the _____ processor _____ of _____ better _____?
Does _____ phone's _____ have _____?
There is a question _____ how manycores _____ in _____.
_____ many _____ are in _____ phone _____ use more processing _____
How _____ processor _____ phone have _____ perform better?
How many _____ there in _____ improve its _____.
Does _____ have enough _____ in its _____ to _____ better _____?

Did they _____ to boost _____?

How many _____ processor _____ that improves the _____ this _____?

_____ number _____ that will _____ the phone's performance is _____.

There _____ a _____ about _____ the phone has for _____.

_____ of how manycores should _____ have to _____ in this _____.

_____ improve the speed _____ phone?

_____ manycores can _____ phone have _____?

_____ the _____ multicore _____ to help speed?

What's _____ count in _____ to better performance on _____?

_____ this _____ a multicore _____ increase _____?

_____ is the _____ count _____ enhanced performance of _____ phone?

How much _____ counts _____ used _____ improve this _____?

_____ processor for better performance?

There is _____ how many core _____ phone _____ better _____.

What _____ the _____ count related _____ performance _____ this _____?

_____ amount of _____ counts _____ used _____ improving the performance _____?

How _____ processor cores are present _____ the phone _____?

_____ of _____ in _____ is determined _____ the number _____ cores _____ this _____ processor.

_____ core count improve _____ phone's _____?

Does the processor _____ performance?

_____ have enoughcores for _____ improvement?

_____ a phone have _____ give _____ performance?

What is the total _____ the improved _____ phone?

A _____ about _____ this phone, how _____ it _____ better?

_____ core count _____ my _____ speed?

How many _____ in this _____ processor _____ improvement _____ performance?

_____ this _____ have _____ cores _____ perform better?

_____ many processor _____ are needed to _____ the _____?

_____ the _____ count for _____ device when _____ comes _____ improved performance?

What _____ number of processor _____ will _____ the _____?

_____ the phone in _____ for it to perform better?

What's the total _____ in relation to _____ phone?

_____ the processor _____ count _____ my _____?

_____ many core counts are _____ improve _____ of this _____?

_____ many processor _____ the phone to perform _____ better?

_____ is _____ chip's core _____ supporting _____ on this _____?

There _____ a _____ about _____ in this _____ how _____ it perform _____.

The _____ in _____ has _____ question _____ how _____ it _____ for _____ performance.

How many _____ there to _____ its _____

_____ should the _____ to perform _____?

_____ phone have enoughcores _____ any _____?

How _____ do _____ cores _____ your _____ have _____ perform better?

What amount _____ counts is used _____ performance?

_____ the phone's processor _____ better _____?

Does _____ have _____ power for _____ performance?

_____ manycores are contained _____ of the _____?

_____ of _____ counts _____ to _____ the performance on _____ phone?

_____ is it that the _____ needs _____ perform _____?

_____ many _____ in _____ the phone?

Does _____ phone have more than _____ for _____?

____ the phone have a ____ to ____ up?
 ____ is ____ question about the ____ should ____ in this phone.
 How ____ are in ____ phone's processor ____ performance.
 ____ are the number ____ processor ____ will improve ____ phone's ____?
 For ____ what ____ the processor's ____?
 How ____ cores ____ phone's processor ____ improved performance?
 What ____ the ____ count that supports ____?
 ____ is the ____ core count regarding ____ on ____?
 There ____ question ____ the processor in ____ phone, ____ cores ____ for better ____
 How ____ is ____ processor ____ to ____ this cell phone?
 There is a question ____ this phone to ____ performance.
 ____ more cores ____ better performance?
 The ____ is how ____ for better performance?
 ____ have enough cores ____ its processing ____?
 Does the phone ____ a ____ count?
 Is ____ phone ____ by ____ processor core count?
 The ____ cores ____ the phone's processor ____ to ____.
 ____ your ____ processor ____ many ____?
 Does ____ have many ____ for ____ noticeable ____?
 ____ the phone ____ a multicore ____ to ____?
 ____ does ____ phone have ____ improvement?
 Does this ____ have a ____ that ____ increase ____?
 ____ is ____ total core ____ the ____ performance on the ____?
 How many improve- performance ____ has ____?
 ____ processor cores ____ in ____ phone ____ be faster?
 ____ a question ____ how ____ the processor have ____ phone?
 ____ total ____ count that relates to ____ performance ____ this ____?
 ____ many ____ the ____ have ____ the ____ of this ____ phone's performance?
 There ____ question ____ the processor ____ how many ____ will ____ have for ____ performance.
 There ____ processor of ____ how many ____ will it have?
 ____ is the ____ count of ____ improved performances?
 ____ will ____ phone's processor have ____ better performance?
 A ____ about ____ processor ____ phone is how ____ it ____ performance.
 How ____ cores are ____ to ____ its performance?
 ____ processor offer many ____?
 How much ____ power ____ in ____ phone to ____ even ____?
 There ____ question ____ how ____ to ____ performance in this phone.
 ____ the processor ____ improve the new ____?
 ____ counts ____ used for improved performance on ____ phone?
 ____ is ____ chip's core ____ allows ____ improved ____ this phone?
 What is the total ____ count ____ improved ____?
 ____ how many cores the ____ will have for ____ performance.
 ____ the ____ enough cores ____ to make a ____?
 ____ manycores ____ processor in this ____ for ____ performance?
 Does ____ phone ____ enough ____ in its ____ achieve better ____?
 ____ is the ____ core ____ that ____ used ____ performance?
 ____ total core count ____ performance on that ____?
 How ____ processor ____ in ____ phone ____ make it ____ effectively?
 ____ the ____ have more than ____ for ____ performance?
 There is ____ question about the processor in ____ it ____ do _____.

_____ the number of _____ that will affect the _____?
 _____ the _____ have enough cores to _____?
 _____ phone come with a _____ processor _____ or _____?
 There's _____ question _____ phone, how many cores _____ it have _____ increase performance?
 Will this phone _____ core for improved _____?
 _____ phone have _____ for _____?
 How _____ are there in _____ phone's processor _____.
 _____ core does _____ need _____ perform well?
 _____ the phone's core _____ enhanced _____?
 _____ phone's _____ contain _____ cores?
 A _____ regarding the _____ this _____ is _____ many cores _____ better performance.
 _____ is the total core _____ relation to the improved _____?
 _____ question about the processor in this phone is _____ for a _____?
 _____ many cores _____ the processor _____ this _____ performance?
 How many cores do the _____ have _____ the performance _____?
 The _____ of processor cores _____ will _____ performance?
 Does _____ have enough _____ in its _____ provide improved _____?
 What _____ the total core _____ that _____ performance on _____?
 Does _____ come _____ a multi _____?
 Can _____ tell _____ number of processing _____ this _____ and how _____ outcomes?
 How _____ cores is _____ processor _____ this phone?
 Does it _____ processor _____ speed?
 How many cores _____ the _____ improve _____ of _____ cell phone?
 How many cores _____ contained _____ the Processor _____?
 What _____ core _____ regarding the improved performance _____ phone?
 _____ much _____ in the _____ to _____ it up?
 _____ the _____ core count _____ to improve the _____?
 Does this _____ cores _____ improvement?
 _____ is the total core _____ improved _____ on this _____?
 What is the _____ count when _____ improved performance _____ phone?
 _____ is _____ total core _____ for _____ that has _____ performances?
 Does _____ phone _____ more than _____ that _____ performance?
 _____ this phone _____ a _____ processor to increase _____?
 _____ the better performance of _____ related to the number _____.
 How many processor _____ there _____ the phone _____ it more _____?
 _____ many processor _____ are _____ phone to _____ it more _____?
 _____ the _____ my phone fast?
 _____ you _____ how _____ the processor in _____ has _____ better _____?
 _____ this _____ multiple cores _____ performance?
 _____ is _____ core count _____ processor _____ improved performance in this _____?
 Do _____ core _____ the processor for improved _____?
 _____ is the _____ count associated with _____ this device?
 Does the phone _____ many _____?
 There _____ a _____ about _____ many cores should _____ used _____ this _____ give _____ performance.
 A _____ about _____ is how many cores should _____ have to _____ better _____.
 What _____ of _____ counts are _____ improved _____ of the _____?
 How _____ cores _____ in _____ phone's processor _____ the improvement _____.
 _____ a _____ many cores should _____ used to increase _____ in the _____.
 _____ many _____ performance _____ this _____ Processor?
 How _____ are in this phone's _____ determines _____ performance?

_____ a question of how many _____ the _____ for _____ performance.

What _____ of _____ will _____ phone's performance?

What number _____ cores will _____ the _____?

_____ this phone _____ a multi _____?

How _____ are in _____?

Does this _____ have _____ than _____ core for _____?

_____ improved-performance cores _____ this phone's _____?

How many processor cores are _____ performance?

_____ many _____ cores _____ in _____ phone _____ use _____ processing power?

_____ my _____ improve because _____ the processor core _____?

_____ manycores _____ the _____ have in _____ phone for _____?

Is it _____ phone's _____ has more _____ for better _____?

_____ many processor cores _____ in _____ the performance?

_____ improved- _____ cores _____ this phone's _____?

Does _____ phone have more _____ increased performance?

_____ many _____ cores _____ in the phone _____ it _____

how _____ in the _____ to make _____ faster

The processor _____ this _____ has _____ question about how many _____ for _____.

_____ processor _____ do the _____ to _____ it faster?

_____ is the _____ count _____ performance _____ this phone?

_____ the core count _____ improved _____ this phone?

_____ is _____ how manycores _____ used in this phone _____ order _____ give better _____.

How _____ used for _____ improvement _____ performance of this phone?

There is a _____ on _____ manycores _____ this phone _____ perform _____.

What is the _____ that _____ enhanced performance _____ this _____?

_____ the _____ count _____ my new _____ faster?

_____ multicore processor enhance _____ this _____?

What _____ of _____ is _____ the _____ phone performance?

How much core _____ are used _____ phone?

_____ phone's _____ many cores?

_____ the _____ core _____ that _____ improved _____ in this phone?

_____ cores for better _____ processor?

_____ many _____ cores does _____ phone _____?

How many _____ are _____ to enhance _____?

What is the _____ the _____ that makes _____ better?

Is _____ phone's _____ Cores for _____?

Did _____ inside _____ performance levels?

The processor _____ has a question about _____ have _____ better performance.

Does this phone _____?

What _____ of _____ used for the _____ the phone?

How _____ do the _____ have _____ its performance?

_____ many _____ are _____ phone to make it _____ efficient?

_____ is a _____ about the processor in _____ how _____ core _____ it have _____ better _____?

The question _____ should the phone _____ to give _____?

_____ core count _____ the _____ is aimed at _____.

How _____ the processor _____ phone to increase _____?

Can _____ me how many _____ are present _____ and _____ impact _____ improving outcomes?

_____ of _____ counts is _____ to _____ the _____ of _____ phone?

_____ question about the processor _____ this _____ manycores should _____ better

_____ is _____ of _____ that will _____ the _____ performance?

What are the _____ count _____ this phone?
_____ is _____ core _____ connected _____ performance on this phone?
What is _____ total core count for _____ better _____?
_____ the phone come with _____ processor _____ speed?
_____ should the Processor _____ phone _____ increase performance?
_____ is a question _____ the _____ this phone, _____ it _____ better performance.
What _____ of processor cores _____ make _____ perform _____?
_____ processor _____ to enhance the performance _____ this Smartphone.
_____ the _____ count improve _____ phone's speed?
_____ is _____ of processor cores in _____ to make it _____?
_____ many improved-performance _____ is the _____?
_____ is a question on how _____ improved performance.
_____ question _____ the phone has _____ better performance.
The _____ of this _____ a _____ about how _____ for better performance.
_____ many processor cores _____ enhance its performance
_____ is _____ core count _____ the chip for _____?
The _____ has more _____ one core for _____.
_____ is _____ core count for improved _____ on _____?
_____ multiple _____ boost performance levels?
_____ much _____ counts _____ to _____ the performance of the _____?
_____ power _____ phone to make it better?
The number of cores _____ could _____ a _____.
