

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Customization and product configuration requests
Inquiry Sub-Category	Product compatibility
Description	Customers seeking information on which telecommunications products are compatible with their existing network or devices for seamless integration.
Data Size	7,917 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

In case certain features ____ supported ____ ____ ____ allow us modify settings ____ ____ ____ ?

Can we ____ the settings ____ the ____ if ____ ____ initially ____ ?

If some features are ____ ____ ____ can we ____ ?

Does ____ ____ us ____ change settings if features ____ ?

____ it be possible ____ make changes during ____ if ____ ____ ____ initially?

Is it possible ____ change ____ ____ when ____ features aren't supported ____ ?

Is ____ possible ____ settings during ____ process ____ features?

____ ____ ____ default, can we change settings ____ installation?

____ ____ a few elements ____ installing using ____ ?

____ TEM allow us to ____ ____ certain features aren't ____ ?

____ it ____ settings while installing ____ if ____ aren't supported?

Will ____ be able ____ settings ____ some ____ aren't ____ installation process?

Is there ____ TEM can make ____ the ____ if it can't handle ____ ?

____ change ____ during ____ process ____ certain features ____ supported?

Will TEM ____ to ____ some features ____ supported ____ installation?

____ us ____ modify settings during the ____ of ____ ?

____ there a way ____ change installation settings ____ features aren't ____ ?

____ allow setting modifications ____ installation if ____ features ____ supported ____ ?

Does TEM ____ us ____ installation if certain ____ are not ____ ?

____ adjustments ____ in the ____ installation if ____ attributes ____ not available ____ ?

Is ____ if certain ____ are not initially supported?

If ____ are not ____ out-of-the-box, can ____ made?

When certain defaults ____ features, is it possible ____ settings?

____ it ____ to change settings ____ if features aren't ____ ?

____ possible to make changes ____ installing if ____ lack support?

Can ____ change ____ install ____ unsupported ____ ?

____ some features are ____ ____ can we modify ____ ?

____ to change settings ____ some features are not ____ ?

____ there a ____ few elements while installing using ____ ?

Is ____ possible to ____ setting options while ____?

Is there ____ defaults during the installation ____?

Can we personalize ____ installation ____ unsupported features?

____ we modify settings ____ if certain ____ supported?

Is ____ change ____ if ____ features are not included ____ default?

____ might ____ able ____ settings ____ the ____ process for unsupported ____.

____ TEM ____ adjust settings during installation ____ are not ____?

When ____ default settings ____ it ____ to modify ____ during the ____ process?

____ allow us to ____ if features ____ missing?

Is ____ to set settings ____ features in ____ process?

____ there ____ option ____ in TEM ____ features ____ not supported?

Is ____ modify settings ____ for unsupported elements?

____ we change ____ settings if the ____ work ____ in ____?

____ not supported ____ installation, can TEM modify ____?

____ we ____ settings during ____ elements that ____ supported ____ the TEM lineup?

Will ____ be possible ____ change ____ installation process?

Is it ____ change settings ____ if ____ features are missing?

Can there ____ flexibility to ____ any ____ specific ____ the installation ____?

Can ____ change ____ installation process ____ supported by TEM?

____ of settings can ____ done ____ default ____ not ____ during ____.

Can we ____ settings ____ features are ____ supported?

If some ____ features aren't ____ by ____ we change ____?

Is there a ____ to ____ during the ____ features?

____ change settings during the installation process if certain ____.

____ it ____ to modify ____ installing ____ features aren't supported?

Can ____ changes ____ settings ____ TEM in case ____ features?

Is ____ possible to create ____ unsupported ____ in the ____?

Does ____ let ____ change settings ____ features ____ included?

____ it ____ for ____ to ____ the default features aren't ____?

____ made within ____ installation if ____ are not ____ out of ____ box?

____ TEM allow ____ modifications during installation if ____ the ____ are ____?

____ features ____ not supported, ____ to change settings in ____?

Does TEM ____ changes ____ the installation process if ____?

____ some functions ____ not supported by ____ we ____ the ____?

Can we modify the ____ some functions ____?

In case ____ don't ____ we ____ change ____ within Tem installed on-site?

____ certain features ____ do ____ the flexibility to change settings during ____?

____ way ____ modify unsupported ____ affecting ____ features during ____ installation of ____?

Is it ____ in ____ installation ____ to support unsupported ____?

____ some ____ are not ____ supported, ____ we modify ____ installation?

Will it be ____ settings ____ installing ____ there are ____ are ____ supported?

Will ____ possible to ____ settings ____ installing tm ____ features ____ not ____?

Do we ____ the ____ to ____ settings if ____ aren't ____?

____ TEM allow ____ to ____ if ____ features are ____?

Is it possible to ____ to ____ installing in ____ lack ____?

____ to ____ when installing a TEM?

Is ____ possible to change ____ defaults ____ features during ____ of ____?

____ TEM be ____ make ____ the installation ____ it can't ____ certain ____ features?

If ____ supported by default, ____ we ____ settings ____ TEM?

Will TEM allow ____ during ____ installation ____ are supported?

Is ____ possible ____ modifications ____ be made ____ process ____ unsupported functions?

Is ____ possible to ____ a ____ elements ____ installing ____?

Is there an ____ the installation settings ____ features ____ included ____?

Should we ____ TEM settings ____ aren't initially ____?

____ allow us ____ settings ____ some features aren't ____?

____ we ____ settings ____ the installation process ____ features are not supported ____?

____ change the ____ settings ____ certain functions ____ by default?

Will ____ possible ____ when installing TEM?

____ TEM ____ us ____ modify settings in ____ certain features ____?

Does TEM have a ____ of ____ installation ____ if it ____ handle ____?

Is it possible to change ____ installing ____?

Can ____ change ____ within ____ installation ____ some ____ the ____ features ____ not supported?

If certain ____ support, does TEM ____ adjustments ____?

____ TEM ____ if the ____ features are ____ supported?

____ it ____ to ____ settings while installing ____?

When some ____ TEM settings don't ____ specific features, ____ modify ____ installation process?

Is ____ possible to ____ install TEM.

____ allow adjustments if ____ lack ____?

Is ____ any possibility ____ installation process ____ unsupported ____?

Can we change ____ options ____ we install ____ unsupported ____?

____ aren't ____ will ____ allow ____ to ____ settings ____ the installation process?

When ____ settings don't ____ specific features, is ____ to ____ settings?

____ certain ____ not supported, ____ we ____ settings in ____?

Do we ____ a ____ make changes in ____ process if ____ certain ____?

Is it possible to ____ the settings during ____ defaults ____ not ____ certain features?

____ we ____ settings ____ unsupported ____ the installation process?

Will TEM ____ features that are ____ supported ____?

____ modify ____ in ____ of unsupportive defaults?

Will ____ be feasible ____ modify ____ while ____ features ____ not supported?

____ TEM able ____ let us ____ during ____ if ____ to?

____ modify setting options ____ to ____ TEM?

Should settings be changed ____ default ____ aren't ____?

____ we ____ a ____ elements ____ installing using ____?

____ not ____ can setting modifications be done?

____ allow setting modifications during ____?

____ change settings if ____ aren't supported ____ the installation ____?

____ we modify the ____ in ____ for ____ that are not ____ TEM?

____ certain default ____ don't support ____ it ____ to ____ TEM settings ____ the ____ process?

Can ____ be made ____ installing in ____ features ____ work?

Can ____ be ____ features are ____ during installation?

If ____ aren't ____ can we ____ settings?

____ flexibility to ____ unsupported ____ affecting ____ during the ____ of TEM?

Can we make ____ during ____ installation ____ if certain ____ supported?

____ it ____ to ____ settings ____ the ____ process ____ don't support it?

____ possible to modify settings ____ TEM during ____?

Will ____ be ____ to change ____ are ____ supported ____ installation process?

Can ____ when we ____ TEM?

____ installed in case of unsupported ____ can ____ settings?

Is it possible ____ set ____ during installation ____ are ____ supported?

When some defaults ____ is ____ possible to ____ TEM settings?

Can _____ to TEM settings _____ if _____ are _____ initially _____?

If TEM permits _____ settings _____ setup in case some _____ right out _____ the box, _____ tell _____ it _____ to _____ installation-based _____ in instances of _____?

Can _____ when we install _____?

Does the installation _____ allow us to _____ even _____ certain _____?

Can we _____ the _____ settings during _____ installation _____ features _____ initially?

Can adjustments _____ made _____ the _____ specific attributes _____ available in _____?

_____ TEM _____ setting modifications _____ installation if features _____ not _____.

_____ possible _____ change settings _____ installing TEM?

Do _____ have the option to _____ settings _____ some _____ by _____?

_____ TEM _____ us to change settings _____ features _____?

Is _____ possible _____ change _____ while installing _____?

_____ be able to _____ the settings _____ installation process _____ features.

Is _____ to change settings _____ the _____ process _____ have unsupported _____?

_____ it possible _____ settings _____ installing TEM _____ certain features _____ supported?

Can _____ TEM if some features _____ supported?

_____ we _____ that _____ specific features _____ the installation of _____?

Can _____ defaults affecting specific features during the _____?

_____ we _____ elements while _____ TEM?

If _____ aren't _____ by default _____ adjust settings?

Can _____ modify _____ TEM in case _____ defaults _____?

_____ it possible to _____ during the _____ process _____ certain _____ are _____?

_____ be _____ some functions aren't supported by _____?

_____ TEM _____ us _____ if some features aren't _____?

Is TEM _____ settings during _____ if we _____ to?

Is _____ flexibility to _____ any _____ that affect specific _____ during _____?

_____ we modify settings _____ installation _____ for _____ features.

_____ it possible _____ change _____ if you install _____ with _____.

_____ it possible _____ modify _____ TEM settings if _____ are _____?

_____ we _____ settings while _____ we're _____ stuck _____ default options?

Can _____ changes to TEM settings _____ installation if certain _____?

Is _____ to modify _____ during _____ process _____ certain _____ supported by _____ default?

Should _____ to _____ settings _____ unsupported _____ within the install _____?

Can _____ within _____ TEM _____ specific attributes aren't available _____ the box?

Can _____ the _____ if _____ aren't supported _____ default?

Can _____ modify _____ settings in _____ process _____ the default features _____?

If some features are _____ supported, _____ settings _____ the _____?

When some default _____ don't support specific _____ it be _____ to _____ the _____?

Is _____ possible to change _____ a _____?

Can settings in _____ be _____ installation _____?

Is it possible _____ personalize _____ installing TEM if _____ are _____?

Is _____ way to _____ settings during _____ process _____ unsupported _____?

If some _____ don't _____ is it _____ to _____ settings during _____ installation _____?

_____ we modify settings in TEM _____?

_____ elements while installing _____ TEM?

Is it _____ to _____ TEM settings _____ the _____ process when _____ default _____ support _____?

Is it possible to _____ in _____ process _____ are not _____?

Does TEM _____ settings for unsupported _____ during the _____?

Is _____ to change settings _____ process _____ the options _____ automatically _____?

Does _____ support _____ the installation _____?

Can you _____ the _____ process?

Does TEM _____ ability _____ let us _____ settings _____ setup, _____ desire?

In case certain features _____ not have _____ adjustments _____ installing?

I would like _____ know if _____ settings _____ setup _____ case _____ aren't _____ out of _____ box.

_____ possible _____ the TEM settings if the _____ doesn't _____ features?

_____ to modify _____ if features are not supported _____ the _____?

_____ case some _____ features _____ supported right _____ the _____ you _____ if _____ permits _____ settings during setup?

_____ changes be _____ installation _____ features _____ supported initially?

_____ it possible _____ a _____ elements while _____ with _____?

Can _____ change _____ settings _____ features _____ initially supported?

_____ features aren't there by default, _____ modify _____?

_____ it _____ to change settings during _____ installation _____ if _____ supported?

_____ allow _____ us _____ change _____ if features aren't _____?

_____ we make changes _____ TEM settings _____ don't initially _____?

Can _____ be made _____ case _____ features aren't _____?

_____ it _____ modify _____ unsupported _____ during installation _____ TEM?

_____ the installation _____ allow us to _____ even _____ certain features _____?

_____ we _____ ability to make changes during _____ process _____ can't handle _____?

Can _____ change _____ during installation if _____ by default?

_____ it possible to modify _____ in _____ when _____ features _____ by _____?

_____ modify _____ options in order _____ install TEM _____ features?

_____ TEM allow us _____ settings during _____ installation _____ features _____ supported?

Will _____ allowed to _____ configurations during _____ of TEM _____?

_____ it possible _____ change settings during _____ process _____ features _____ included?

_____ installation _____ allow modification of settings _____ unsupported _____?

Can _____ made if certain _____ are not _____?

_____ changes _____ using TEM if certain _____ are _____ supported?

_____ we _____ during _____ installation _____ if features _____ supported by _____?

_____ settings _____ we install TEM?

Is _____ possible to modify settings _____ the _____ phase?

_____ we be able _____ during the _____ TEM devices?

_____ TEM _____ setting _____ during installation _____ features aren't _____ initially?

Does TEM _____ if they are _____?

Is _____ to _____ setting options while installing _____.

Can TEM _____ settings _____ features are _____ initially supported?

If some _____ aren't installed _____ default, can _____?

Does TEM _____ the _____ of _____ defaults _____ installation phase?

During _____ be made if _____ features lack support?

_____ it possible to make adjustments _____ installing _____ support?

Can we change _____ TEM _____ supported by default?

Can the _____ be _____ if some _____ not _____?

_____ it possible _____ settings for unsupported defaults _____ the _____?

_____ the _____ changed _____ TEM _____ certain defaults aren't _____?

_____ TEM allow _____ change settings if some _____ in the _____?

_____ you _____ it is possible to _____ while _____ TEM?

Is _____ alter settings _____ install TEM?

_____ we _____ if _____ features are not _____ installation?

Can you _____ TEM permits _____ settings during setup _____ some _____ features _____ supported right _____ box?

_____ modifications during installation _____ possible _____ the _____ features _____ supported.

_____ we change _____ if _____ aren't supported _____ installation?

Do _____ a chance to _____ to the _____ process because _____ handle _____ features _____?

Can we _____ to _____ features _____ not initially supported?

Is TEM _____ modify _____ unsupported defaults _____ install phase?

If certain _____ supported, _____ be possible _____ settings while installing _____?

_____ of making changes _____ the installation process _____ can't _____ certain features?

Can we make _____ the _____ process different _____?

If default _____ are not supported _____ settings?

_____ the features aren't _____ by _____ we _____ settings?

_____ aren't supported, will _____ have to _____ the _____ process?

Does _____ in _____ installation _____ certain features lack support?

Can _____ features _____ changed during installation _____ they _____?

_____ adjustments be _____ if _____ aren't supported _____ TEM?

_____ it possible _____ modify settings within the _____ some _____ are _____?

I would like to know _____ it _____ the _____ the installation _____.

_____ installation process _____ unsupported features

If _____ aren't _____ will TEM _____ to _____ settings?

Can TEM _____ if _____ features are _____?

_____ installation process _____ change settings if _____ not have support?

_____ certain _____ are _____ it _____ possible to install TEM and _____?

Is _____ possible to _____ default _____ specific _____ during the _____ TEM?

_____ possible _____ modify _____ if the default _____ during the installation?

Is it _____ the settings during _____ process if _____ don't support _____?

_____ we _____ settings _____ features aren't initially _____?

Does TEM allow _____ settings _____ the _____ phase?

_____ modify settings in _____ when features aren't _____?

_____ we modify _____ if some _____ don't _____ in _____?

_____ change settings _____ the install _____ certain elements in _____?

Can TEM _____ settings _____ the _____ are not _____?

_____ adjustments be _____ to the installation _____ specific _____?

Does the _____ process allow _____ change _____ certain _____ don't support _____?

Can we change _____ if _____ are _____ supported by default?

_____ we modify _____ during _____ install to _____ unsupported _____?

_____ we change the settings _____ installation _____ if _____ aren't _____ by _____?

Can adjustments _____ made if _____ features aren't _____?

Is _____ modifications possible during _____ if _____ not _____?

Is it _____ to make _____ the _____ features _____ not _____ initially?

Does _____ process allow _____ modify settings when features _____?

_____ features aren't _____ default, _____ possible to modify settings _____ TEM?

_____ there _____ of _____ for _____ defaults during _____ install phase?

_____ for _____ to _____ changed while installing TEM?

Can we _____ settings _____ process _____ that are not available?

_____ to change _____ settings if _____ of _____ settings don't _____ certain features?

While _____ we modify setting _____?

Is _____ adjust _____ TEM if certain features are not _____?

_____ it _____ settings in TEM when certain _____ not _____ by _____?

If some features _____ supported, can we _____ changes _____?

_____ me _____ TEM _____ tweaking settings _____ setup in case stupid _____ supported?

_____ we _____ ability _____ modify settings _____ the _____ for unsupported _____?

Can we _____ if _____ are not supported?

_____ change _____ within _____ process if some features _____ not supported by _____?

Is it ____ to ____ when ____ TEM?
____ we be ____ to ____ configurations ____ necessary during ____?
Can you tell me ____ tweaking ____ during ____ stupid ____ are not supported ____ of ____ box?
____ we able to change ____ settings ____ features ____ by ____?
Do ____ modify settings ____ features aren't supported by ____?
Does TEM allow ____ during ____ installation if features ____ initially ____?
____ settings ____ some ____ aren't supported initially?
____ specific ____ aren't ____ out-of-the-box ____ be made?
Should ____ able ____ modify settings during installation ____ some ____ supported?
Is ____ possible ____ change ____ installation process if the default ____ support specific ____?
____ adjustments ____ to ____ if certain features aren't ____ supported?
Does ____ allow ____ settings when ____ features ____ have support?
____ our desired ____ standard, can they be ____ setup?
If some features ____ by default, does ____ to adjust ____?
____ to ____ in ____ install process for unsupported features?
Do ____ allow ____ of ____ for unsupported ____ installation phase?
Is there ____ option ____ installation ____ some features are ____ included ____?
If ____ features are not ____ TEM, are ____?
____ certain ____ don't support ____ features, is ____ possible to ____ them ____ the ____?
____ have to ____ default options, can we modify ____ TEM?
____ to change ____ installation ____ if features are not supported?
Is there ____ modify ____ defaults ____ during the installation ____ TEM?
____ we be able to ____ settings if ____ are ____ initially supported?
If ____ not ____ will it be ____ modify settings while ____.
If ____ are not ____ out of the ____ adjustments ____?
Can ____ in TEM ____ installation ____ features are not ____?
____ we modify ____ unsupported ____ affecting specific ____ during ____ installation ____?
____ it possible to make adjustments ____ the installation ____ certain ____?
____ us to ____ settings ____ features are not included?
When certain features are ____ can ____ change ____ during ____?
If ____ aren't supported we may need ____ the ____.
Will TEM ____ be made during the ____?
Can ____ settings during the ____ unsupported features?
____ it possible to change ____ TEM ____ features?
____ to setting options ____ installing TEM?
Do we have ____ chance ____ changes ____ the ____ process ____ TEM ____ certain ____?
Is it ____ elements ____ installing using TEM?
Can ____ changes ____ settings if certain ____ aren't ____ supported?
If ____ aren't supported by TEM ____ possible ____?
Is ____ possible to change TEM settings ____?
____ it ____ for ____ changes during ____ process ____ it can't handle certain ____?
____ TEM ____ modifications to settings ____ unsupported defaults ____ the ____?
Is ____ make ____ to TEM settings ____ certain ____ initially supported?
____ be ____ modify settings while ____ the TEM?
Is it ____ default ____ affects specific features ____ the installation ____?
____ some default features don't ____ can ____ settings ____?
____ we ____ settings ____ TEM ____ certain features are ____?
____ to know ____ in ____ installation process for unsupported features.
____ it possible ____ make adjustments ____ while installing ____ don't work?
____ TEM offer the ____ to modify settings ____ features ____?

____ it ____ to change ____ ____ TEM for unsupported ____ ?
 Is it ____ to ____ the TEM settings during the ____ defaults ____ support ____ features?
 Can ____ be ____ during ____ installation process ____ unsupported ____ ?
 If certain features ____ is there flexibility ____ the ____ process?
 Is ____ possible to modify ____ if ____ TEM ____ initially ____ ?
 ____ TEM have the ____ to ____ if some ____ supported ____ ?
 ____ case there is no ____ you ____ adjusting ____ ?
 Is ____ to ____ the installation process if ____ aren't ____ ?
 Can ____ settings using ____ if certain defaults ____ ?
 ____ there's ____ feature, ____ adjust setting options?
 Will ____ be ____ modify configurations ____ needed during ____ ?
 ____ lack ____ does ____ installation process allow us ____ modify ____ ?
 Can we modify the ____ some ____ the default ____ by ____ ?
 Is ____ possible ____ modify ____ during the ____ elements ____ the TEM ____ .
 Could ____ modify ____ using TEM?
 ____ modify installion-based ____ on demand in ____ of ____ ?
 ____ TEM ____ be possible to modify ____ if ____ features ____ supported?
 ____ allow us to make ____ settings during the ____ ?
 ____ the ____ process ____ us ____ change settings even ____ features ____ not ____ ?
 ____ some ____ features ____ short can TEM ____ changed?
 Is it possible ____ change settings ____ installing ____ .
 ____ certain features ____ support, does the ____ us ____ settings?
 ____ modify ____ during installation ____ features ____ supported by default?
 ____ modify ____ few ____ while ____ using TEM?
 Does it ____ to ____ process for unsupported features?
 Does ____ us ____ change settings?
 If ____ default ____ aren't ____ TEM, can we modify ____ the installation ____ ?
 ____ TEM make changes ____ if default features ____ ?
 I'm ____ if ____ is ____ to change ____ while ____ .
 Is it possible ____ if features don't ____ support?
 Is ____ possible ____ settings while installing ____ certain ____ support?
 If some default ____ support specific features, ____ possible ____ change ____ during ____ installation ____ ?
 When features ____ default support ____ to ____ the settings?
 ____ we ____ able to ____ if ____ aren't ____ by default?
 Will ____ allowed ____ modify ____ as necessary during the ____ of ____ ?
 Is ____ possible ____ change ____ TEM settings ____ the defaults ____ features?
 Do ____ have the ____ changes ____ installation process if ____ can't ____ certain ____ ?
 ____ modify settings ____ installing ____ in ____ new features?
 Can ____ the settings ____ the ____ if the ____ aren't supported?
 Can we change the ____ settings ____ installation if ____ features ____ ?
 Can ____ if features ____ supported?
 Does TEM have ____ way ____ are not supported?
 ____ it ____ to ____ settings while ____ ?
 ____ have support, ____ TEM allow settings ____ be adjusted?
 ____ we ____ settings if ____ features that aren't ____ by ____ ?
 ____ we make the ____ the installation ____ features that ____ not supported ____ ?
 ____ change settings ____ TEM ____ the ____ ?
 Does ____ process allow ____ do ____ have support?
 Is it ____ change the settings ____ of ____ ?
 ____ the ____ to allow ____ change the settings ____ setup if we ____ ?

Can _____ adjustments to TEM _____ when _____ features aren't _____?

_____ we _____ if features _____ compatible with _____?

_____ we change _____ during _____ installation _____ features _____ supported?

_____ it possible _____ modify _____ for _____ of _____ install phase?

_____ setting _____ installation _____ there aren't all features _____ initially?

_____ features aren't _____ can _____ make changes to _____ settings?

_____ would _____ to _____ tweaking settings _____ setup in _____ stupid _____ aren't supported.

_____ if _____ could alter _____ elements while installing using _____?

_____ features _____ supported can we modify settings _____?

_____ it possible to change _____ if _____ defaults _____ supported?

_____ TEM _____ during installation _____ some features _____ not initially supported?

_____ it _____ the settings for _____ defaults _____ the install _____?

Can we modify _____ installation _____ features _____ supported?

Will _____ be possible _____ set _____ during _____ not _____ features _____ supported _____?

_____ the TEM settings _____ defaults don't support certain features?

_____ process allow us _____ make changes even if features _____?

Does _____ allow _____ if some features _____ included in _____ installation?

_____ TEM _____ us to set settings if _____?

_____ it _____ to change _____ while _____ TEM if _____ aren't _____?

_____ satisfy tuning _____ when _____ with unsupportive functionalities.

_____ we _____ the _____ to change _____ features aren't _____ by default?

_____ possible _____ change installation-based _____ of unsupportive defaults?

_____ it _____ to change _____ in _____ when _____ aren't supported?

Can the _____ installation _____ specific attributes are _____ out-of-the-box?

Does the installation process _____ us _____ change _____ is _____ support?

_____ the installation process _____ us to _____ if _____ features _____ not _____?

Can _____ alter settings during the _____ if certain _____ by _____?

Can _____ make adjustments to _____ settings _____ initially support _____?

Can we make _____ to TEM _____ certain _____ support?

Is _____ settings _____ installation if features aren't _____?

_____ features aren't supported, can we _____ settings _____ installation _____?

_____ we have the _____ to change installation _____ some _____ are not _____?

_____ it possible _____ settings _____ unsupported defaults during _____ installation _____?

_____ it _____ to make changes _____ settings during the _____?

_____ it possible _____ switch _____ TEM?

If _____ tweaking _____ setup _____ case _____ stupid features _____ not supported right _____ of the box, _____ you _____?

Can adjustments _____ during _____ installation process _____ features _____ support?

Is it possible _____ defaults affecting specific features _____ installation _____?

Is _____ to _____ the settings if _____ supported by default _____ installation _____?

_____ to adjust _____ settings during _____ features are not _____?

Does TEM allow _____ to _____ features are _____ supported?

Can we _____ settings _____ default features aren't _____?

Is _____ to make _____ to settings _____ installing _____ not have support?

_____ some settings _____ support certain features, is _____ them during the _____?

It _____ settings _____ TEM if certain _____ are not supported.

_____ me if _____ tweaking settings _____ setup if _____ stupid features are _____ supported _____ out _____ the _____?

Could we _____ a _____ using TEM?

Do _____ have _____ chance at changing the _____ TEM _____ handle _____ automatically?

_____ alter _____ elements _____ installing using _____?

Can _____ make adjustments _____ if _____ features _____ initially supported.
