

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Electricity Suppliers |
| Inquiry Category | New service connection requests |
| Inquiry Sub-Category | Timeframe for connection |
| Description | Customers want to know the expected timeframe for the completion of new service connections, including the waiting period from application submission to installation, and any possible delays or limitations. |
| Data Size | 5,009 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What ____ the typical time frame ____ application ____ to having ____ functioning ____ ____ ____ ____?

How long do you ____ it will ____ ____ to ____ electricity at ____?

____ ____ ____ ____ ____ will ____ take to get a functional electricity supply?

We ____ ____ ____ functioning ____ supply after application ____ but ____ long ____ it?

Within ____ ____ ____ ____ we expect to ____ operational ____ service on-site?

____ you tell us ____ long ____ ____ from applying ____ a ____ to ____ ____ electricity at ____ facility?

How long ____ ____ ____ application ____ to ____ functioning electricity ____?

What is the ____ ____ ____ apply ____ the power ____ ____ established?

____ there a ____ frame for ____ ____ ____ you submit the ____?

____ long ____ ____ ____ ____ to get a functional electricity supply after we ____ ____ ____?

____ ____ ____ will have ____ after we send ____ the ____?

Please ____ me ____ ____ time for getting an ____ ____ ____ our ____.

How long ____ ____ ____ for us to ____ ____ ____ ____ supply ____ submission of ____ application?

How ____ do you ____ ____ ____ to ____ power here?

How long does it ____ take to ____ ____ ____ ____ supply ____ we ____ ____ application?

____ is the ____ ____ ____ when we apply ____ ____ have ____ power source ____?

____ will ____ electric supply ____ to our premises ____ ____ fill out ____ ____?

What is ____ general ____ ____ ____ from applying ____ ____ to receiving ____ ____ the facility?

____ long between applying ____ getting ____ ____?

____ ____ ____ does it take ____ applying for connection ____ receiving ____ at ____ ____?

____ there ____ time frame ____ ____ in ____ ____ ____ get ____ at our place ____ business?

____ is ____ typical time ____ from application submission to ____ electricity ____ ____ ____?

____ there ____ ____ ____ for ____ ____ ____ an application in ____ ____ ____ get functioning power?

We ____ expect ____ get ____ electrical ____ on-site ____ what ____ frame?

How ____ ____ ____ between ____ ____ ____ having electricity?

How long does ____ ____ ____ for electricity ____ start ____ ____ we ____ ____ application?

____ is the time ____ ____ ____ electricity ____?

What is ____ time between when we ____ ____ ____ having ____ ____ ____ source ____?

_____ time frame for electricity hookups _____ the application _____?

Is there _____ estimated _____ frame _____ functional electricity _____ following _____ of the _____?

What are _____ average durations _____ can _____ functioning electricity supply _____?

How soon after _____ application _____ expect our _____ to _____ completely _____?

_____ you _____ me _____ takes me _____ get power?

Can _____ the time _____ takes me _____ get _____ here?

I need to _____ for getting an _____ electricity _____ at _____ place.

_____ will _____ take us to _____ electrical service _____?

Is it _____ us to _____ our _____ we submit _____ application?

How long does it take for _____ to be _____ and for _____ to _____?

How _____ we expect _____ we apply _____ it?

How long _____ take _____ submit _____ request _____ have operational _____?

_____ you _____ how long _____ take _____ to get _____ functional electricity _____?

Is _____ a _____ period _____ filling out _____ and _____ the electrical _____ up?

How long _____ it take _____ to submit a _____ operational _____?

_____ submission, _____ will _____ have access to electricity?

Please advise _____ how _____ it will _____ for _____ to _____ supply.

What _____ our premise _____ have _____ once we _____ it?

_____ applying can we expect _____ establishment _____ be fully _____?

How _____ will it _____ receive our _____ supply after _____ apply?

_____ is the time _____ when _____ have _____ operational _____ source on-site?

_____ long _____ between applying and _____ an electrical supply?

_____ turn around for _____ from application _____ to _____ an _____ system?

The period _____ application _____ at our _____?

How _____ does it take _____ to _____ have _____ source on site?

Can we _____ to _____ operational _____ within what period _____?

What _____ of time between applying _____ electrical supply?

_____ will we _____ an _____ supply _____ fill out an _____?

_____ will _____ an application for power _____ established at our premises?

How _____ it take _____ to apply _____ electrical supply?

_____ take to get _____ electricity _____ at our premises?

When we submit _____ to get our electricity _____ working _____ how _____ will _____.

Let us know what _____ time _____ an _____ electricity _____ our place.

What _____ the _____ of _____ it takes _____ functional _____ at our _____?

When _____ an electricity supply, what _____ the _____ before _____ can expect _____?

_____ it _____ from application _____ at _____ premises on an average day?

_____ long _____ it usually _____ to _____ a _____ electricity supply _____ our _____?

How _____ does _____ take _____ functional power _____ locale?

_____ submitting a _____ having _____ what's the _____ like?

_____ it take for the electricity _____ after the application _____?

_____ long does it _____ application submission _____ having _____ electricity supply _____ premises?

_____ between application _____ electricity running _____?

_____ there _____ expected _____ frame for _____ in _____ to _____ power _____ our premises?

_____ there a waiting period _____ out the paperwork _____ up _____ our location?

How soon will _____ get _____?

How _____ take _____ submit _____ and have _____ functioning _____ at our premises?

What _____ the _____ when we _____ to _____ power _____ on-site?

_____ long does it take _____ electricity to _____ once we _____?

How much _____ application and _____ here?

_____ long _____ it _____ to apply and _____ electricity?

From ____ to ____ duration is ____?
 ____ soon ____ filing ____ application can ____ expect ____ establishment ____ be fully ____?
 ____ is ____ typical ____ frame ____ to having an electricity ____?
 ____ do it take ____ apply ____ have working ____?
 ____ me the ____ for ____ connection at our place.
 How ____ after applying can ____?
 How long is the time ____ application is ____?
 What ____ expected ____ to power connection?
 ____ long do you ____ it ____ for ____ to ____ our ____?
 ____ a ____ period ____ transitioning ____ to energized electrical system?
 ____ do you ____ it will ____ us ____ get ____ functioning ____ supply at our ____?
 ____ electricity ____ is ____ typical duration before we can expect ____?
 When will ____ get ____ up, ____?
 Can you give us ____ standard time ____ applying ____ actually ____?
 ____ when we will have ____ after applying.
 We ____ to know the ____ time ____ and actually ____ a ____.
 ____ electricity, how long ____ it ____?
 ____ is the ____ around time from ____ our premises?
 How long ____ applying for ____ receiving electricity ____ our facility?
 How ____ can we expect ____ building to be ____ electric?
 Is there ____ waiting period ____ filling ____ and getting ____ electrical supply ____ our ____?
 ____ long ____ it ____ to get ____ after you ____ application?
 ____ a functioning electricity ____ after application submission, ____ what ____ common ____?
 ____ there a ____ frame ____ an application and ____ power?
 ____ what ____ frame can we ____ to ____ operational electrical ____?
 ____ long ____ to ____ our electricity ____ is ____ we want to know.
 ____ you tell ____ how ____ it ____ to get ____?
 ____ from ____ to obtaining ____ system, ____ a normal time period?
 ____ the typical time ____ for us ____ get ____ electricity ____ at ____?
 How ____ it take ____ apply and ____ a ____ supply?
 ____ there ____ estimate ____ our ____ gets powered up ____ application?
 How ____ it ____ submission ____ electricity at our premises?
 How long ____ take to ____ electricity ____ after ____ the ____?
 ____ did ____ to get electricity ____ our place?
 ____ long will ____ for us to get ____ established at ____?
 How long ____ an ____ to ____ submitted and for ____ to work?
 ____ long ____ applying ____ electricity ____ we ____ it?
 ____ normal turnaround period ____ transitioning ____ application to ____ electrical ____?
 Please ____ us about the ____ for ____ active ____ at ____ place.
 How ____ will ____ take to ____ up ____ supply?
 ____ take for us ____ get ____ electricity supply ____ our premises?
 ____ long ____ it take to ____ an ____ at our ____?
 How ____ from ____ application ____ active ____ at our ____?
 ____ you ____ us how long ____ we apply for ____ to ____ we get electricity at ____?
 How long does it ____ to submit ____ application ____ electricity ____?
 ____ long does ____ take ____ application ____ electricity ____?
 How ____ it take ____ to be hookup ____ the application ____?
 Is there ____ time frame ____ turning ____ application ____ power ____ premises?
 How long ____ take ____ to ____ functional ____ at ____ location?
 ____ can we expect ____ get electrical ____ on-site?

Tell us _____ is for getting _____ active _____ connection at _____.
 How long does _____ and a _____ connection to be _____?
 _____ should we _____ to get electrical service _____?
 _____ you _____ how _____ it takes _____ to electricity at our _____?
 _____ is the _____ applying and _____ an electrical _____?
 Please _____ me how _____ for us to _____ a functional _____?
 From _____ to _____ connection, _____ is _____?
 Can you tell _____ how _____ take to _____ functioning _____ connection?
 _____ would _____ take _____ to _____ a _____ electricity supply following _____ application?
 How long _____ electricity to _____ hookup after the _____ submitted?
 _____ does _____ take _____ a request and _____ power here?
 Can you give us an idea of _____ takes from _____ getting electricity _____?
 How _____ expected _____ application _____ power _____?
 Can you tell _____ standard _____ between _____ electricity _____ it?
 _____ long _____ for us to _____ functioning power at _____ business?
 What's the average time _____ and _____ working _____?
 Do you know _____ wait _____ for getting an _____ connection _____ place?
 How long is _____ from application submission _____ having _____?
 _____ is the _____ before we _____ electricity _____ work _____ application submission?
 How long _____ application _____ at _____ place.
 _____ is _____ normal turnaround period for transitioning from _____ a _____?
 How _____ does it take for _____ to _____ electricity _____?
 Is _____ estimate for _____ place _____ powered up _____ application?
 How _____ will _____ take _____ application until we _____ power at our premises?
 _____ do you think it takes to _____ get _____?
 _____ there a _____ for _____ in an _____ in order to _____ at _____?
 How long did _____ take _____ active electricity _____?
 Please inform, what is _____ wait time _____ electricity _____?
 Do _____ know the time _____ for _____ the application _____?
 After submitting _____ application, _____ for electricity _____?
 _____ you tell me about _____ for _____ service setup?
 _____ give us _____ time _____ when you _____ for electricity and when _____?
 Can _____ the standard time frame between _____ actually getting _____?
 _____ to receive a functional electricity supply _____ our _____?
 What time _____ take to _____ our location?
 Can _____ long it takes _____ to get power _____?
 _____ will _____ take _____ application _____ electricity?
 Is there a _____ time between when you _____ for _____ receive _____?
 _____ application _____ obtaining an electrical system, what is _____ turn _____?
 When we _____ get _____ working, _____ want to know _____ long it _____.
 _____ will it _____ to apply for _____ working _____?
 _____ do _____ think _____ would take _____ gain functional power _____ location?
 How long do _____ it _____ to _____ Electricity supply?
 _____ long _____ the _____ electricity hookup after _____ submit the _____?
 _____ long _____ it take _____ get _____ running after _____ submit _____ application?
 _____ should _____ to _____ operational _____ on-site _____ what amount _____ time?
 Can _____ expect to _____ after submitting _____ application?
 Between application _____ and having _____ electricity connection, _____ does _____ take?
 _____ average _____ from applying _____ get functional power at _____.
 How _____ it _____ for us to _____ operational _____ service _____?

What is _____ frame for _____ hookups _____ application is _____?
 _____ you _____ me _____ long _____ will take to _____?
 _____ soon we will get _____?
 _____ and _____ a working _____ supply, _____ the usual timetable?
 _____ inform _____ wait _____ the electricity connection _____ our place.
 _____ we expect _____ get electrical service on-site _____ the _____ application?
 Can _____ me _____ time _____ for _____ to get power _____?
 When _____ from application _____ electrical system, _____ normal _____ time?
 _____ much time _____ the application until _____ power delivery?
 Let _____ know _____ wait time _____ an _____ connection _____ place.
 _____ is the average _____ around _____ from _____ to electricity _____ the _____?
 What _____ period for _____ from application to electrical _____?
 What _____ time from application _____ to _____ at _____ place of _____?
 _____ soon we _____ power after _____?
 How long _____ it _____ to _____ a _____ get _____ power _____?
 How long does _____ take for _____ to be submitted and _____?
 After applying how _____ does it _____ for _____?
 _____ it before _____ a _____ have operational power here?
 _____ long _____ take _____ power here after _____ apply?
 How long _____ applying _____ having a working _____?
 How _____ take _____ get _____ in our location?
 _____ long _____ it _____ for us to _____ working _____?
 Can _____ tell us _____ long it _____ to receiving _____ electricity at the _____?
 What is the average _____ to _____ get electricity at _____?
 Within what _____ frame _____ expect to _____ operational electrical _____?
 _____ long _____ and getting _____ here?
 Does anyone know _____ it _____ to _____ here?
 _____ anticipate from _____ to proper power delivery?
 How _____ between applying and having _____ supply _____?
 What duration is expected _____ to the _____.
 How _____ is it from applying to _____ location?
 _____ premises will _____ get _____ supply _____ we fill out _____ application?
 How _____ it take from _____ submission _____ electricity at _____?
 How _____ is _____ applying for _____ actually getting _____ connection?
 What is the _____ submission to the _____ supply at _____?
 _____ is _____ average duration _____ we can expect _____ a functioning _____?
 How _____ is _____ applying for _____ having _____ supply?
 _____ it take for _____ electricity supply _____ work _____ submit _____ application?
 What _____ average time _____ submission _____ an _____ to electricity at _____?
 How _____ does _____ get _____ supply working after you _____ application?
 _____ will our premises receive _____ supply _____ we _____?
 _____ much _____ do you think _____ takes from _____ a _____ getting electricity _____ facility?
 _____ for electricity, _____ the typical _____ before we _____ a functioning _____?
 _____ do _____ have between _____ and _____ an electrical supply _____?
 How _____ take from _____ submission _____ electricity at our _____?
 What _____ usual _____ application _____ to having a functioning _____ supply?
 How much _____ you think _____ from application submission _____ electricity _____ our _____?
 Is it _____ will _____ functioning power _____ our _____ after turning in _____?
 How _____ typically _____ electricity to _____ once we _____ the application?
 _____ would like _____ time between applying _____ electricity _____ receiving a connection.

How long _____ to get a functional electricity _____?

How long _____ take _____ us _____ get _____ supply?

How long do _____ it will take from _____ receiving _____ facility?

_____ there _____ typical _____ between _____ paperwork and getting _____ working _____ set up?

_____ long _____ it _____ electricity _____ work after we _____ an _____?

_____ will our _____ electric _____ once we _____ out _____ application?

_____ long _____ you think _____ from when _____ connection to when _____ electricity at our facility?

_____ can _____ receive _____ functional electricity _____ following our application?

_____ is the _____ functional power in _____ location?

_____ tell me what the _____ for getting an _____ electricity _____ place.

How long will it _____ for us _____ get _____?

_____ you think it would _____ us to _____ electricity _____?

_____ does it take _____ get functional power _____ location?

How long do _____ reckon it _____ power here?

What _____ of _____ we _____ to get operational _____ service _____?

How long _____ it _____ to _____ we submit our _____?

_____ much time will _____ take to get _____ power _____?

_____ there an anticipated _____ frame _____ to _____ power at _____ premises?

_____ after _____ a application _____ expect our establishment to be _____?

_____ is _____ to _____ an active electricity connection _____ our place?

How much time _____ it take _____ get _____ electricity _____?

_____ do you think _____ will _____ for _____ to get _____ supply?

Within what period _____ can _____ expect to _____ electrical service _____?

How long _____ it _____ to _____ active electricity at _____ facility?

_____ timescale of going _____ applying _____ connection to getting electricity at _____?

_____ to _____ when _____ have power after _____.

How _____ application submission _____ having a _____ supply at _____ is?

What is a normal _____ for _____ application _____ electrical _____.

_____ it take for the application to _____ and _____ electricity to _____?

How long _____ it _____ to _____ application, and how _____ does _____ take _____ get _____ premises?

_____ our _____ get _____ electric _____ after we fill an _____?

_____ long will _____ to _____ functioning _____ at the _____?

How long does _____ take for _____ apply _____ have _____?

_____ us about _____ wait time _____ active _____ at our place.

How long _____ to _____ electricity at _____ place?

How _____ will _____ take from applying _____ connection to receiving _____?

_____ timescale _____ from _____ a connection to receiving electricity at _____ facility?

What _____ period of _____ between _____ and having _____ electrical _____?

_____ long can it _____ electrical service on-site?

What _____ the _____ taken from _____ having electricity _____ our premises?

How long should _____ take _____ operational _____ on-site?

_____ there a _____ timescale of _____ applying _____ a _____ to getting electricity _____?

_____ me the _____ time for _____ active _____ connection _____ our place?

_____ me how long it will _____ to _____ functional _____ following our _____.

_____ soon after _____ can _____ expect our _____ to _____ completely _____?

_____ much time does it _____ to _____ applying?

_____ application, how long _____ it take for _____ get a _____ electricity _____?

_____ tell me how long it takes _____ here?

How _____ it take _____ submit an application and get _____?

How _____ reckon it will _____ me _____ power here?

_____ do _____ reckon it _____ us _____ get an electricity _____?
 What _____ a normal _____ of _____ transition from application _____?
 _____ period _____ to the active _____ at _____ place?
 How soon _____ be _____ after _____?
 _____ soon after _____ submission _____ we have functional _____ premises?
 _____ long does _____ take to apply _____ and _____?
 How _____ before _____ expect an electricity supply _____ submission?
 How _____ you _____ it takes _____ submission and _____ connection?
 How _____ will _____ an application to be _____ in _____ for _____ to be _____ at _____?
 _____ a timescale for going _____ applying _____ a _____ to _____ electricity _____ our _____?
 How _____ is it from _____ electricity _____ place _____ business?
 How _____ it _____ electricity _____ after you submit the application?
 What is the _____ taken _____ power at _____?
 _____ is spent between application _____ a working electricity _____?
 _____ will _____ have an electric supply _____ fill _____ application?
 _____ is _____ what's the time _____ for _____ hookups?
 _____ you _____ us how long _____ will _____ get electricity _____ connection?
 How _____ does it _____ applying _____ electricity?
 What is _____ time to _____ electricity at _____?
 How _____ it take _____ be submitted and _____ the _____ connection _____ be functional?
 _____ there an _____ for _____ functional electricity supply _____ our application?
 _____ time do you think _____ takes for _____ supply?
 _____ long _____ take to apply _____ working electricity?
 _____ is power _____ we apply?
 What is the _____ when we apply to when _____ operational _____?
 _____ you _____ the _____ applying for electricity and receiving _____?
 How long _____ it take to submit _____ electricity _____?
 We _____ like _____ know the _____ time _____ for _____ a working connection.
 _____ will _____ us to get operational _____ service on-site?
 _____ the _____ span _____ when we apply until an operational _____?
 How _____ it _____ until an _____ source is _____?
 Can _____ when _____ will have _____ after _____?
 Can _____ tell me how long _____ get _____ here?
 What is _____ period of _____ and _____ a _____ electrical supply?
 How long does it usually take to _____ we _____?
 What is the _____ frame from when _____ apply _____ an _____?
 _____ a _____ turn around period _____ transitioning from an application _____ a _____?
 _____ time taken to gain _____ at our _____?
 _____ will take for me to _____ power here?
 How _____ you _____ takes to _____ electricity after _____ apply?
 What's the usual _____ applying and _____ a _____?
 _____ let us _____ time _____ for _____ and actually receiving a functioning _____.
 _____ long _____ it take _____ get electricity _____?
 How long does it _____ and _____ working _____?
 _____ does it take to _____ after _____?
 What _____ time span _____ we apply _____ is _____ power source?
 The average _____ to gain _____ power _____ location is.
 How long do you _____ takes to get _____ after _____?
 What is _____ turnaround _____ application to energized _____ system?
 When _____ our premises _____ up _____ the _____?

How long will it _____ take to _____ ?

_____ there a general timescale of going _____ for _____ to _____ at our _____ ?

_____ takes _____ get electricity _____ applying?

_____ there a _____ frame _____ hookups after you submit _____ ?

What _____ the _____ turnaround _____ from application _____ electricity _____ the _____ ?

How _____ does _____ take for electricity _____ be connected after _____ ?

How _____ it take from _____ electricity _____ ?

How much _____ to get _____ to work after we _____ ?

How _____ it take _____ to _____ electricity _____ apply?

_____ is _____ usual _____ applying _____ having an electrical supply?

_____ long _____ take for the _____ work after we _____ application?

_____ time does it _____ us _____ gain _____ power _____ our location?

_____ the time _____ from _____ to electricity _____ our _____ ?

How _____ between application and getting _____ ?

What _____ the time frame for _____ after the _____ ?

_____ it take _____ and have working Electricity?

_____ it _____ a functioning electricity supply at our _____ business?

How _____ can we _____ a functioning _____ supply _____ ?

_____ there a standard time between _____ you _____ for _____ and _____ get _____ ?

_____ will _____ have power _____ apply?

_____ time period can _____ to _____ an _____ service _____ ?

_____ long does it _____ for _____ electricity _____ be set _____ after _____ an _____ ?

How _____ it _____ electricity hookup after the _____ is _____ ?

_____ application submission and _____ electricity connection, _____ it take?

I'd _____ to know the _____ for _____ active _____ our place.

_____ application _____ when _____ we expect _____ electricity _____ premises?

What is _____ duration before we _____ expect _____ electricity supply _____ ?

_____ a functional electricity supply _____ our application?

Is a _____ turn _____ period for transitioning _____ system?

_____ will it take _____ get electricity after _____ ?

How much time passes _____ having working _____ ?

_____ application submission _____ we have _____ ?

After filling out _____ application, _____ will our premises _____ ?

Is there _____ for _____ in _____ we have functioning power?

How long _____ take for us _____ electricity supply after we _____ ?

_____ anyone tell _____ how _____ it takes _____ to _____ here?

Please let _____ the _____ time _____ applying _____ and _____ getting _____ connection.

Can you _____ us a _____ applying for electricity _____ a _____ ?

_____ soon will we _____ a _____ supply _____ submit our _____ ?

_____ does _____ take for _____ apply for and _____ working electricity?

Can _____ tell _____ the _____ time between _____ apply for _____ and _____ you _____ ?

_____ much _____ you _____ it takes _____ get _____ power _____ our location?

_____ applying _____ does it _____ get electricity?

_____ it takes _____ get _____ functioning _____ submit the application?

_____ you give _____ a _____ time frame for _____ actually getting _____ ?

Within what amount _____ can _____ to _____ operational electrical _____ ?

_____ there a timescale _____ from applying _____ to receiving active _____ facility?

_____ is considered _____ normal turn around period _____ from _____ energized _____ ?

_____ period from _____ electricity at our _____ ?

_____ inform, what is _____ wait _____ getting _____ electricity connection _____ our place _____ ?

How long _____ it _____ us _____ get electricity after we _____ ?
 _____ from application submission _____ premises is it?
 _____ a _____ for transitioning from an _____ an electrical system?
 Between _____ and having the electricity _____ long does _____ ?
 What time period _____ application _____ at our _____ ?
 _____ we get _____ electric _____ fill out an application?
 What is _____ time _____ application _____ to _____ at our _____ .
 What _____ expect to _____ operational _____ service on-site?
 Can _____ long it takes from _____ for connection to getting _____ ?
 _____ there _____ timetable for _____ power _____ at _____ premises?
 When will _____ supply _____ premises _____ we apply?
 _____ long _____ it _____ for _____ supply to work _____ submit _____ application?
 _____ long _____ it take for _____ to _____ power source _____ ?
 _____ it take us to _____ our _____ supply after _____ ?
 How _____ for us to receive active _____ at our facility?
 I _____ to know the _____ for _____ an active _____ at _____ place.
 Following _____ application, when _____ premises be _____ ?
 How long _____ will _____ get _____ when I _____ ?
 _____ long _____ it usually _____ for _____ we submit an application?
 _____ a _____ turn _____ period _____ obtaining _____ electrical system?
 _____ the _____ long does it _____ for the premises _____ be _____ ?
 Please inform _____ about _____ wait time _____ an electricity connection _____ .
 How long _____ application _____ to _____ electricity _____ place?
 _____ long does _____ take between application _____ and _____ connection?
 What _____ will be expected _____ connection?
 What time frame does it _____ functional _____ location?
 How long does _____ take _____ receive _____ after we _____ ?
 How _____ did it _____ from _____ to _____ electricity _____ our _____ .
 _____ do you _____ would take _____ us to _____ our electricity _____ ?
 How long does it _____ applying _____ connection _____ electricity at our _____ how many _____ ?
 Is a _____ period for transitioning _____ obtaining an electrical _____ ?
 _____ provide us _____ standard _____ between applying _____ electricity _____ getting it?
 How _____ do you _____ takes _____ us _____ a _____ supply?
 How _____ it _____ for _____ to _____ for _____ have electricity?
 _____ tell _____ how _____ will take _____ us _____ a _____ electricity supply after we submit _____ ?
 What _____ is expected _____ application _____ ?
 Between _____ submission and _____ electricity _____ time does it take?
 How long _____ application _____ electricity connection?
 How _____ we expect from _____ to _____ delivery?
 How long _____ take _____ to _____ our electricity _____ ?
 _____ it take _____ electrical _____ after applying for it?
 Can you _____ long _____ takes _____ to get _____ at our facility?
 How _____ it _____ and having working electricity.
 _____ a time _____ for _____ hookup after submission of _____ ?
 What is _____ time _____ for _____ having an _____ supply?
 _____ the average _____ from _____ submission _____ electricity?
 When transitioning from _____ electrical _____ what _____ a normal turnaround _____ ?
 _____ long does _____ for _____ electricity supply to _____ after _____ ?
 What _____ average duration _____ we _____ expect an _____ once we _____ application?
 When _____ our _____ get their _____ filling out an _____ ?

How long did _____ from the _____ to _____ place?
 _____ us _____ time frame between applying _____ electricity _____ actually getting _____?

How long do _____ applying _____ having _____ working electrical _____?
 _____ there _____ wait between _____ request _____ power here?
 _____ the _____ period from when we apply until _____ source?
 _____ long _____ we have to _____ submission _____ electricity at our _____?
 _____ like to _____ standard time frame _____ for _____ and actually _____ connection.
 After _____ submit our _____ should we _____ receive _____ functional _____?
 _____ don't _____ standard _____ applying for _____ and _____ getting a connection.
 _____ application, what is the _____ for _____ hookups?
 _____ is it _____ apply until we _____ operational _____ source?
 _____ the place _____ some _____ after we _____ in _____ application?
 _____ is _____ between _____ a request _____ having operational _____?
 _____ should _____ to get _____ electrical service _____ what _____ time.
 _____ is _____ from when _____ apply until we have an _____?
 _____ submission _____ having _____ electricity _____ at our premises, _____ the typical time _____?
 How long does _____ from _____ for connection _____ active _____ our facility, _____ comprising _____ days?
 What _____ expected _____ application to _____ connection?
 _____ take _____ application _____ active electricity at our place?
 _____ usual _____ between applying and having _____ working electrical _____?
 Please tell me _____ long _____ will _____ before we get _____?
 What time period _____ from _____ application _____ the _____?
 How soon _____ we get electricity _____ apply _____?
 _____ amount of time between _____ for _____ getting a connection?
 After _____ send _____ application, _____ place have some juice?
 _____ between _____ submission _____ the _____ connection?
 _____ will our _____ supply _____ filling out an application?
 _____ average _____ takes to get functional _____ our location?
 _____ is _____ getting functional power at _____ location?
 How _____ for us to get _____ functional _____ supply following _____ of _____?
 How long does _____ typically _____ to _____ electricity _____ we _____ application?
 _____ long _____ take for _____ to get _____ electrical service _____?
 _____ soon we'll _____ power after _____?
 _____ time it _____ for _____ premises after _____ form?
 What is _____ average _____ for _____ application _____ and electricity to _____ installed?
 How long _____ you _____ applying and _____ a working _____?
 What _____ the _____ duration before _____ can _____ a _____ after _____ submission?
 How _____ should _____ apply and _____ an electrical _____?
 What is _____ normal _____ transitioning from application to _____?
 _____ can _____ expect _____ get _____ electrical service on-site _____ an application?
 How long do you think _____ an _____ supply?
 _____ long _____ from _____ having a functioning electricity supply at _____ premises?
 What _____ the _____ when _____ apply _____ have an operational _____ site?
 _____ it taken from _____ to active electricity _____ place?
 What _____ the _____ from _____ application _____ power connection?
 I _____ like _____ know an _____ of _____.
 When _____ our premises _____ electric _____ we fill _____ the _____?
 _____ do you _____ will take from _____ for _____ to _____ at the facility?
 _____ long does it _____ for _____ our electricity _____ submit the application?
 _____ you _____ between applying and _____ electricity?

_____ a standard _____ when _____ apply _____ and when you receive _____ connection?

What is _____ average _____ frame _____ applying _____ functional _____?

_____ a _____ period between filling out _____ paperwork and _____ supply being set _____ our _____?

How long _____ after you _____ for electricity _____?

_____ do _____ have to apply _____ have an operational power _____?

_____ timescale of going _____ applying for _____ to getting electricity _____ facility?

How _____ be before _____ a _____ electricity supply following _____ application?

How long does it take _____ apply?

Can _____ tell me how long _____ applying for a connection _____ electricity at _____?

Can _____ an _____ how long _____ take for _____ to _____ after submission?

Between application _____ running _____?

_____ long will _____ submit _____ request and _____ operational power _____?

_____ does _____ take to apply for electricity _____ get _____?

Approximate _____ submit application _____ power _____ spot.

How _____ will _____ take to get _____ the application?

_____ long does it _____ set up _____ after our _____?

How long will it _____ for _____ be connected _____?

_____ anyone _____ me _____ long _____ takes to _____ power?

_____ much _____ it take _____ submission and _____ working _____ connection?

_____ it takes _____ premises after submission _____ form?

_____ what time frame _____ we expect _____ on-site?

_____ long _____ it _____ to get _____ after _____?

_____ it _____ electricity _____ to work after _____ submit an application?

After submitting our _____ take for _____ supply to be _____ up?

After submitting the form, _____ long _____ it _____ for _____ be _____?

_____ long _____ it would _____ us _____ active electricity at our facility?

How _____ do you _____ from _____ to _____ power _____?

When _____ the _____ be _____ up _____ application?

Can you _____ how long it takes from _____ receiving _____ at _____ facility?

How long does _____ for someone _____ apply _____ and _____?

_____ long _____ the _____ to electricity at our premises?

How _____ does it take _____ application to _____ and _____ electricity _____ to be established?

_____ long it _____ to _____ for _____ working electricity?

_____ long do you _____ between _____ working electricity?

_____ you give us _____ of _____ from applying _____ a connection _____ getting electricity at _____ facility?

What _____ turnaround period for _____ and obtaining _____ electrical _____?

_____ is _____ time taken _____ apply to _____ power?

How long will _____ be _____ electricity _____ application is _____?

Can you tell _____ takes from applying _____ a _____ to getting _____ facility?

How _____ will _____ take _____ get _____ after _____ submit _____ application?

What is _____ response time _____ to having _____ our premises?

_____ think it will take for electricity hookup _____ submit _____?

_____ the average duration _____ we _____ electricity _____ to _____ after application submission?

_____ long do _____ think it would take _____ get a _____ after _____ electricity?

_____ applying for electricity, _____ is the common _____ we _____ expect _____?

_____ you _____ the standard time _____ and actually getting a _____?

Can _____ me _____ it takes _____ you apply _____ connection to _____ get _____ at our facility?

What _____ normal time frame _____ submission to _____ a _____ supply?

_____ electric _____ after we apply?

_____ the usual _____ time _____ having a working _____ supply?

_____ submitting _____ what is the _____ for _____ hookups?
 _____ long _____ we _____ expect _____ electricity supply after _____ our application?
 What is the _____ for _____ power _____ location?
 _____ _____ turn around period for _____ for _____ obtaining _____ electrical system?
 What _____ is _____ application to power _____?
 What _____ the _____ when _____ and _____ an operational power source _____?
 _____ me what the _____ for _____ connection at our place.
 _____ long do _____ take _____ for a connection _____ receiving _____ electricity at the facility?
 How _____ it _____ application _____ be submitted and _____ electricity connection _____ be established?
 _____ is _____ general _____ of _____ applying _____ a connection _____ electricity at our _____?
 _____ our premises receive their _____ supply after _____ our _____?
 _____ time _____ one _____ application until proper _____ delivery?
 _____ are _____ times for _____ application is submitted?
 How _____ will it take _____ application to _____ and _____ the _____ be _____?
 Between applying and _____ a working _____ supply, how _____?
 How long do _____ take to _____ have _____ electrical _____?
 How long _____ have to wait until _____ have an _____?
 _____ long does it _____ and then have electricity _____ our _____?
 _____ time period _____ we expect to _____ electrical _____?
 How _____ does _____ take to submit an _____ and have an _____?
 _____ I get electricity _____ application _____?
 How _____ will we _____ if _____?
 Do you _____ the _____ it takes for _____ service _____?
 _____ long can _____ to _____ functional power _____ our _____?
 What is the time span from _____ we _____ there _____ source _____?
 _____ it _____ someone to apply and _____ working _____?
 How _____ it _____ to gain functional _____ at _____ location?
 How long _____ us _____ a _____ supply after _____ submit our application?
 Within _____ we expect to get operational _____ site?
 What _____ time needed to get functional _____ at _____?
 _____ typical waiting period between _____ out _____ electrical supply _____ up at our location?
 How long _____ will _____ power?
 How _____ does _____ set up _____ electricity supply _____ we _____ application?
 When will our premises _____ get _____ electric supply _____ out _____?
 How soon _____ submission can _____ functional electricity _____ our _____?
 _____ it _____ for _____ application to _____ submitted and _____ electricity connection _____ be restored?
 How _____ will it _____ for _____ application _____ in _____ to _____ restored at our premises?
 _____ long _____ it _____ to gain functional _____ location?
 _____ long will it _____ to _____ operational electrical _____ from our _____?
 When _____ how long _____ it _____ until we have an _____ site?
 How _____ is _____ between _____ having a _____ connection?
 How long do you _____ it _____ electricity _____ apply?
 How long _____ and the electricity connection?
 _____ long _____ take _____ get an application in, and _____ have _____ premises?
 _____ applying _____ electricity _____ what _____ duration before _____ can expect it?
 Do you know _____ long _____ take _____ after submission?
 _____ long _____ it _____ from application submission to _____ our _____?
 _____ usual time between _____ and having _____ working _____ supply?
 _____ we _____ after we apply?
 What _____ time _____ to apply _____ have _____ operational power source _____?

_____ period from _____ to _____ at our _____?
 How _____ does _____ take _____ the _____ to _____ you submit _____ application?
 How _____ will _____ take _____ we _____ an _____ power _____ on _____?
 _____ the time _____ takes to _____ power at our _____?
 What _____ a _____ to transition _____ application to electrical _____?
 When it _____ to _____ connection _____ our place, _____ the wait time?
 _____ would it _____ to _____ operational electrical _____ on-site _____ we submit _____?
 How long will it _____ to _____ supply _____ submission _____ our _____?
 _____ is _____ taken to get electricity _____ premises?
 How _____ does it takes _____ get _____ after we _____?
 _____ long is _____ after _____ the _____ electricity hookups?
 The _____ applying _____ and actually getting _____ connection is _____ known.
 How long _____ take to get _____ electricity supply _____?
 Let me know _____ getting _____ electricity connection at our _____.
 _____ soon can _____ electricity _____ we've _____?
 _____ long _____ reckon it takes for us _____ our _____?
 _____ the _____ from when _____ apply until _____ an operational power _____?
 _____ there _____ time _____ you _____ for electricity and when _____ actually _____ a _____?
 _____ long will _____ for an _____ to be _____ and _____ power to _____ established _____ our _____?
 _____ soon _____ we _____ power after _____?
 _____ should we expect from _____ proper power _____?
 _____ does it _____ us to _____ Electricity supply?
 _____ there _____ general _____ going _____ applying for connection _____ receiving electricity _____ facility?
 How long is _____ application _____ having a _____ electricity _____ at _____ premises?
 _____ it _____ functioning power at our premises after turning _____ an _____?
 How _____ take _____ our place to get _____?
 _____ you _____ me _____ insight into how _____ takes _____ to _____ electricity at _____ facility?
 How long is _____ for _____ after the application _____ submitted?
 How _____ will we _____ power _____?
 How long _____ it _____ application in and have _____ at _____?
 How _____ time _____ it take to get _____ we submit _____?
 We should _____ to _____ on-site within what length _____.
 How long _____ the electricity supply _____ be _____ after you submit _____?
 _____ do you have _____ wait between _____ a _____ and _____ here?
 _____ applying to _____ electricity supply _____ we want _____ know _____ takes.
 How _____ think it _____ from application submission _____ our premises?
 _____ there a time frame _____ hookups after _____ of _____?
 Can we expect _____ get _____ service on-site _____ the _____ we _____?
 _____ will _____ premises receive _____ electric _____ we apply?
 _____ long does it typically _____ having a functioning _____ supply _____ our _____?
 What _____ to get electricity _____ applying?
 Can you tell me how _____ application _____?
 _____ long _____ you think it will take _____ to when _____ receive active _____ at _____ facility?
 Between _____ and a working electricity _____ does it _____?
 _____ long did _____ wait from application _____ electricity _____ our _____?
 Do _____ know _____ standard time frame _____ for _____ and _____ a _____?
 _____ long _____ it take to gain _____ location?
 Between _____ and the _____ connection, _____ long does _____ take?
 _____ long _____ takes for applying _____ electricity?
 _____ long _____ between application _____ electricity running?

How long _____ it takes _____ to _____ electricity supply?

After submitting the form, _____ long _____ it _____ the _____ to _____?

How _____ does it take _____ an application _____ connection?

How long does it take _____ to _____ electricity _____ our facility?

_____ long _____ it take _____ to _____ electricity _____ we submit the _____?

When applying _____ an _____ supply, what _____ duration _____ we can expect _____?

What _____ the _____ application submission _____ having a _____ electricity supply _____ premises?

_____ the wait _____ for _____ an active _____ connection in our _____.

_____ long does it typically _____ application _____ and _____ a _____ electricity _____?

_____ it take _____ after we submit our application?

What is _____ average duration before we will _____ electricity _____?

_____ length _____ can we _____ to _____ on-site from submitting an _____?

_____ application, _____ is the _____ duration before _____ can expect a _____ supply?

What is _____ time _____ application _____ having _____ electrical supply?

What _____ wait _____ getting an active electricity _____ our _____?

We _____ know _____ standard time period _____ electricity and actually getting _____.

How _____ can it _____ for electricity to work _____?

How _____ can we _____ from submitting _____ getting _____ service on _____?

How _____ it _____ get a _____ electricity _____ our premises?

What _____ waiting time _____ submission _____ operational power here?

_____ you _____ an estimate _____ the _____ time?

How _____ would _____ take _____ electricity to _____ we submit _____?

_____ is _____ time _____ we apply until _____ have _____ source on-site?

_____ estimated _____ for receiving _____ supply after _____ our application?

_____ you give us _____ standard time _____ applying for electricity _____?

What _____ from when _____ is an operational power source?

How _____ time does it take _____ to _____ electricity at _____?

_____ long _____ it typically _____ having a _____ electrical supply?

How _____ it _____ to gain functional power _____ our _____?

_____ long does _____ take _____ application submission _____ electricity being _____ at _____?

_____ is _____ period from application to _____ system?

How _____ it _____ electricity supply after _____ submit our application?

What _____ we apply to have an operational _____ source _____ site?

How long _____ we can _____ a _____ electricity _____ after _____?

_____ you _____ of _____ long application-to-electrification will take?

Can you _____ how _____ takes from applying _____ a connection to _____ our _____?

_____ from an application _____ electricity _____ our place?

The standard time _____ applying _____ receiving a connection _____ not _____.

_____ does it take _____ to get functional _____ location?

What time _____ it _____ to submit _____ operational power _____?

_____ long do you _____ between _____ having working _____?

_____ be able to get electricity _____ submitting _____?

How long do _____ it takes to _____ our _____ after _____?

_____ long does _____ from application submission to having _____?

How _____ will it take _____ to _____ turned in _____ functioning power _____ be _____?

_____ how long it will take _____ to _____ power?

_____ there _____ anticipated time _____ turning in _____ to _____ functioning power _____ our _____?

_____ much time will it _____ get _____ functional _____ after we _____ application?

_____ a _____ time between applying for _____ and actually _____ a _____?

How long does applying _____ gain _____ power _____?

_____ time does it _____ between _____ electricity connection?

What is _____ average _____ around _____ to electricity?

How long will it _____ get _____ electricity supply _____ the _____?

_____ does _____ applying for connection until receiving active _____ at _____?

How long _____ for _____ hookups _____ the _____ submitted?

_____ there a _____ frame _____ in an _____ that we _____ get _____?

How long _____ it _____ to get an operational _____ site?

_____ is the _____ taken _____ gaining _____ at our location?

How _____ we have _____ after _____.

_____ does it take _____ system _____ applying for one?

_____ is considered a normal _____ application to energized electrical _____?

_____ would it _____ submit a _____ and _____ operational power?

Between application _____ and _____ electricity _____ how _____ does _____ take?

_____ soon _____ we have functional electricity?

_____ there a _____ application and _____ here?

When _____ supply, what _____ before we can expect it?

How _____ typically between _____ and having a working _____?

_____ long does _____ take _____ apply and _____ electrical supply?

_____ you give _____ a _____ time between _____ for _____ actually _____ connection?

How _____ process _____ gaining functional _____ our location?

How long _____ application _____ electricity _____?

_____ there a timetable for _____ an application _____ at our _____?

_____ soon _____ get _____ applying?

Can you _____ how long it _____ to receive _____ connection after _____ for _____?

_____ we apply to _____ our electricity _____ working _____ want to _____ it _____.

How _____ does _____ take _____ having working electricity?

_____ think _____ to get our electricity _____ after we submit the application?

I _____ know how _____ it _____ to get _____ when _____.

Can you _____ us _____ standard time between applying _____ a _____?

_____ does it take _____ get _____ power _____ the _____?

Is _____ an estimated _____ functional electricity _____ we _____ our application?

_____ long _____ you to _____ for _____ and receive _____ functioning connection?

_____ long does _____ for the _____ submitted _____ the electricity _____ work?

_____ is _____ normal period of time _____ transitioning from an _____?

_____ long should it typically _____ to get _____ on-site?

_____ we submit the _____ does _____ take _____ get _____ functioning?

_____ do _____ think it _____ take to get functional _____ our _____?

_____ to _____ what time _____ expected?

What _____ the average _____ to get _____ power _____?

_____ amount of time it takes _____ application _____ electricity at _____ premises?

Should _____ be _____ the _____ time _____ applying _____ and _____ getting a connection?

_____ soon _____ be connected to _____ once we submit _____?

Can _____ us some insight _____ how _____ it takes _____ for connection _____ receiving electricity _____?

_____ long _____ will take to _____ electricity _____ we _____ the application?

_____ time period _____ we expect to _____ operational electrical _____?

_____ long will it _____ up _____ after we apply?

_____ should we _____ we apply?

_____ length _____ expect _____ get electrical _____ on-site after _____ an application?

Can _____ time when I will _____ power after _____?

_____ the average _____ application _____ electricity at our _____?

What is the average time _____ our location?

_____ you tell us _____ standard time period between _____ it?

_____ what is the time for electricity _____?

_____ of our application, _____ long will it take _____ functional _____?

Can you tell _____ for us _____ active electricity at our _____?

How long should one _____ application _____ proper _____?

_____ you tell me how _____ it _____ for _____ to _____ active electricity _____ our _____?

_____ is considered _____ turn _____ when _____ from application to _____ system?

_____ applying and having _____ electrical supply, _____ the _____ timeframe?

Exactly _____ long _____ application to _____?

_____ long _____ application to be _____ and the _____ to be connected?

How long can _____ for _____ to apply _____ electricity?

Is _____ waiting period _____ filling out _____ and getting _____ electrical _____ set _____ at _____ location?

_____ know how _____ between applying and _____ electricity?

_____ you _____ time between _____ for electricity and actually _____ it?

How long _____ it take _____ submit _____ gain _____ here?

Between _____ and having working _____ much _____ take?

How long _____ take between _____ and having _____ working _____?

How _____ it _____ an application and _____ a _____ electricity _____?

_____ we _____ electricity supply upon application _____ is the common _____?

_____ expect an _____ supply _____ submission, but what is _____ duration?

How long _____ wait between _____ and _____ a working _____?

_____ application to the _____ electricity at our _____?

_____ take _____ an application to _____ submitted and _____ connection _____ be restored?

_____ long should it take _____ electrical _____ after we _____ application?

_____ the wait time for _____ active _____ connection _____ our place.

_____ from applying for _____ to _____ active electricity _____ our facility?

Can _____ tell us _____ the application-to-electrification _____?

Between _____ a working _____ connection _____ how long _____ takes?

_____ submission, can _____ functional electricity at our _____?

How long does it take _____ application _____ electricity _____ provided _____?

Do you have an _____ long _____ for _____ to be _____ up?

_____ should someone expect from _____ until proper _____?

Please _____ what is _____ for _____ electricity connection at _____?

When will our _____ a _____ after we _____ application?

We would like _____ know _____ for _____ and _____ a functioning connection.

_____ average _____ between applying and _____ an electrical _____?

What _____ wait between submitting _____ request _____ power?

What is _____ transition _____ application _____ electrical system?

_____ the times _____ apply until _____ have _____ operational _____ source on-site?

_____ tell _____ how _____ takes to _____ power here when I _____?

_____ is it _____ to _____ functional _____ our location?

_____ let us know what the _____ time is for getting _____.

How _____ does it take to _____ supply _____ our _____ business?

How _____ is it when _____ we _____ operational _____ on site?

_____ long do _____ it will take for _____ power _____ our premises?

How _____ does it _____ to _____ functional _____ site?

_____ application submission and _____ connection, _____ does it take?

_____ usual _____ between applying _____ receiving a working _____ supply?

How long will _____ take for us _____ location?

____ application submission and ____ much ____ does ____ take?
 ____ what ____ can ____ expect ____ operational electrical service ____?
 How long ____ it ____ submit an ____ get ____ electricity supply?
 ____ give us a standard ____ you apply ____ electricity and ____ actually ____ it?
 ____ you tell us ____ frame between ____ for electricity ____ a connection?
 What ____ frame should ____ to ____ an electricity ____?
 What ____ application to electricity at ____ place?
 ____ long does ____ for ____ to get ____ electricity ____ at our ____?
 What ____ the time ____ electricity ____ submitting ____ application?
 ____ the ____ taken ____ a request and have ____ here?
