

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Need for a new meter installation request
Inquiry Sub-Category	Meter Access Issue
Description	Customers may face challenges in accessing their electricity meter due to external factors, such as locked gates or obstacles, and they may seek assistance or alternative solutions to maintain meter accessibility.
Data Size	5,083 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What steps ____ be taken ____ obstacles block ____ to the ____ ____ ____ ?
____ should ____ when I cannot ____ the ____ monitor ____ ?
____ a ____ blocks my ____ to ____ flippin' energy ____ thingamajig, what's ____ ?
____ action should be ____ when ____ deny ____ to ____ ____ measures energy ____ ?
____ ____ impede our access to the energy ____ what ____ ?
____ should ____ prevent obstacles ____ preventing access ____ our ____ measuring gauge?
____ ____ get rid of obstacles ____ impede ____ meters?
____ measures ____ barriers ____ block the energy consumption ____ ?
____ should ____ if someone is ____ to ____ energy meter?
Should we request ____ to ____ challenges ____ make it ____ to ____ energy consumption measurement ____ ?
How ____ we ____ obstacles to ____ able ____ measuring device?
____ can ____ barriers obstructing the ____ device?
____ done ____ obstructions ____ with the meter accessibility?
____ impede access ____ the energy ____ measuring ____ what steps should ____ ?
If obstacles ____ the energy consumption measuring ____ are we going ____ ?
Is it possible ____ obstacles are affecting ____ ?
Is ____ a ____ to ____ that makes ____ energy usage hard?
When meter ____ is ____ allowed, ____ the ____ taken?
There are procedures ____ when access ____ the ____ device ____ not ____ .
There are ____ overcome ____ may be ____ meter ____ .
____ there ____ barriers obstructing the ____ device, what ____ I ____ ?
____ are ____ that impede the meter access.
How ____ we ____ to access ____ energy ____ device?
____ we ____ with hurdles ____ impede ____ access to ____ meter?
____ are ____ reachability to ____ electricity consumption, what ____ be ____ ?
____ obstacles prevent us ____ the ____ consumption measuring ____ should ____ do?
____ the ____ access ____ what are ____ steps taken?
____ I ____ deal with the obstacles that are ____ checking energy ____ my device?

How _____ obstacles _____ gain access to the _____ measuring _____?

What _____ be done _____ clear _____ that _____ obstructing _____?

How should _____ about _____ energy _____ contraption _____ there are a _____ of annoying _____?

How am I _____ deal _____ the obstacles _____ are up _____ my _____ of _____ usage on _____?

What can _____ to get the _____ device _____ obstacles?

What should _____ obstacles prevent _____ from reaching the _____ _____?

_____ the remedies for obstructions _____ device?

When _____ the _____ consumption measuring _____ is _____ are _____ procedures to _____ followed?

What _____ be _____ about obstacles limiting access _____ a device _____?

Are there any steps you _____ with obstruction _____ affects _____ of _____?

_____ I'm _____ getting to the _____ energy meter, what's _____?

_____ specific _____ you _____ obstacles prevented access _____ energy measuring gauge?

When _____ can't get to the _____ what _____ protocol?

Are _____ steps _____ can take to deal _____ that _____ usage?

How can _____ get around _____ prevent us from _____ device?

When _____ barrier prevents _____ from _____ flippin' _____ what is _____ protocol?

_____ should be taken to remedy _____ tools?

_____ there _____ way _____ deal with obstruction that blocks _____?

_____ procedures _____ should be _____ to _____ energy _____ measuring device _____ not possible.

Is _____ way _____ proceed _____ obstacles stop the _____?

How _____ that _____ energy consumption device _____?

Do _____ recommend specific _____ prevent _____ to _____ gauge?

When the _____ access is blocked, _____ steps _____?

_____ access to _____ energy consumption _____ device is _____ can _____ defined _____?

_____ an _____ blocking that measuring _____ how _____ I supposed _____ track energy _____?

_____ should we do _____ access _____ meter is impeded?

_____ be _____ if there isn't _____ energy monitor.

_____ I supposed to deal _____ that _____ in _____ to check energy _____ on that device?

_____ can be _____ get _____ energy _____ to _____ accessible?

Which _____ be taken to overcome _____ consumption device?

_____ are actions _____ if there _____ obstacles _____ power _____.

What _____ be _____ obstacles that _____ the energy _____ measuring device?

When _____ to the energy _____ measuring _____ what procedures _____ be _____?

_____ prevent us from reaching _____ energy consumption _____ device _____ should _____?

_____ preventing energy _____ equipment

If something _____ preventing _____ energy _____ how _____ I proceed?

_____ access to a device that _____ consumption, _____ should _____?

What should _____ done when _____ use _____ a _____ energy consumption?

When obstacles prevent _____ measures energy consumption, what should _____.

How _____ I _____ about getting _____ that _____ monitor _____ if there _____ of _____?

What _____ take if _____ prevent _____ accessing our energy _____ gauge?

_____ access hurdles _____ consumption _____?

_____ access to our energy _____ actions do you _____?

There are steps _____ be _____ when the _____.

How should _____ deal _____ that impede _____ energy _____?

_____ the protocol when a _____ from getting _____ flippin' energy _____?

When an obstacle _____ someone _____ the _____ usage gauge, _____ can _____?

_____ steps should be _____ to deal _____ affects monitoring of _____?

Facing _____ accessing my _____ usage _____ can I _____?

If _____ access _____ energy meter is _____ what should _____?

_____ tackle obstacles that _____ usage _____?

_____ deal _____ obstacles _____ interfere with _____ energy monitor/ device?

_____ there be _____ to _____ in _____ monitoring?

_____ protocol when there _____ a _____ me _____ to that flippin' energy _____?

_____ are steps to be taken _____ access _____ the _____.

Facing hurdles _____ usage _____ what _____ I take?

How _____ obstacles _____ energy _____?

What _____ to remedy _____ energy measurement tool?

_____ obstacles limit access _____ device _____ consumption what should be _____?

When _____ block _____ to _____ device, what _____ be done?

_____ should _____ done if _____ energy _____ is _____ be accessed?

_____ be done if _____ obstacle prevents the _____ usage _____ from _____?

_____ to _____ obstructions that _____ energy _____ access?

_____ solutions _____ blocking consumption monitors?

_____ are we supposed _____ do _____ get _____ energy meter?

If _____ can't get _____ meter, _____ should we _____?

_____ obstructions interfere with _____ of the meter, _____ can _____?

What steps should _____ prevent _____ to _____ energy _____ gauge?

_____ supposed to _____ all the obstacles _____ up _____ my way _____ checking energy usage _____ that _____?

When there _____ from getting _____ the energy meter, what _____ protocol?

_____ something _____ blocking _____ to the energy meter _____ should _____ it?

_____ we _____ obstacles _____ the _____ meter?

_____ measures are _____ is a barrier _____ to the _____ monitor?

_____ do _____ hurdles _____ access to the meter?

When _____ to the energy _____ is impeded, _____ there _____ that should _____?

Is there any way to deal _____ monitoring _____ usage?

_____ should _____ go about _____ to the _____ monitor _____ there are _____ obstructions?

I need _____ I cannot _____ energy measuring _____ due _____.

I don't _____ with the _____ up _____ of checking energy usage on that device.

What can we _____ the energy meter?

What _____ should _____ if access to the energy _____?

When there's an obstacle blocking that _____ track my energy _____?

How _____ we get _____ measuring _____ through _____?

_____ specific _____ should be taken _____ get _____ to _____ measuring _____?

When some barrier is _____ me from _____ to that _____ what _____?

_____ help _____ barriers to _____ device?

_____ to the energy consumption measuring device _____ hindered, _____ followed?

When access to _____ energy consumption _____ is _____ defined procedures _____ to _____ followed?

What _____ we _____ about _____ preventing _____ energy measuring gauge?

_____ we _____ for guidance on _____ challenges that _____ accessibility _____ energy consumption _____?

_____ should _____ when I _____ reach _____ energy _____ contraption?

There _____ steps _____ could be _____ to overcome _____ energy _____ tools.

There are steps to _____ when _____ meter _____.

How _____ I proceed whenever I _____ monitor _____?

How _____ I supposed _____ with _____ obstacles that are _____ in _____ way of _____ use on _____?

What are _____ for obstacles _____ monitors?

_____ meter accessibility, _____ be done?

_____ my power usage device, what _____ I _____?

There _____ that need _____ followed when _____ the energy _____ is limited.

Which _____ in _____ obstacles _____ obstruct _____ consumption device?

Which measures _____ to overcome _____ obstructing the _____?

What _____ be done _____ to a _____ that _____ energy _____ restricted?

_____ I do if _____ reach _____ energy _____ contraption?

_____ obstacles restrict access _____ measures energy _____ what _____ should _____ taken?

_____ specific _____ should we take if _____ preventing _____ our _____?

_____ are _____ to be taken _____ the _____ access _____.

_____ we do if hurdles _____ access _____ energy meter?

What should _____ when _____ device _____ measures _____ use _____ not _____?

_____ should _____ move _____ when I _____ get _____ the energy _____?

_____ specific actions _____ if _____ can't access our energy _____?

How am I _____ deal _____ the _____ that keep _____ from _____ my device?

What specific actions _____ from accessing our energy _____ gauge?

_____ action _____ be _____ if there _____ that _____ to a device that _____ consumption?

_____ with my _____ device, what actions _____ take?

There _____ steps _____ must be taken _____ is _____.

What _____ do _____ access to _____ energy meter?

_____ obstacle _____ making it _____ reach _____ usage _____ what action can _____ taken?

_____ the _____ obstructions _____ consumption monitors?

How _____ that obstruct energy _____ device access?

_____ obstacles that impede access to energy _____?

_____ obstacle gets in the _____ of _____ power usage _____ what can _____?

When some _____ prevents _____ to that flippin' _____ meter, _____ protocol?

How _____ supposed to _____ annoying obstacles _____ in the way of checking _____ usage _____ device?

_____ can _____ obstructions _____ get _____ tracking equipment?

_____ steps for _____ obstacles in reaching _____ measurement _____?

_____ to eliminate _____ meters?

_____ should _____ taken if you _____ access the _____?

Handling challenges _____ hard _____ use _____ consumption measurement tool?

_____ barriers that hinder energy consumption _____ access.

_____ can _____ surmount _____ reaching energy measurement _____?

What _____ when there is a _____ the _____ gauge?

_____ to the _____ consumption _____ is _____ what should _____ done?

How _____ I _____ to deal _____ I _____ in order to _____ energy usage on _____ device?

When obstacles _____ to _____ device that _____ what _____ be done?

Fix the _____ for _____?

Obstacles prevent _____ tracking _____ used

There _____ be done _____ the _____ count _____ is covered up.

What _____ should be taken _____ access to _____ consumption _____ restricted?

_____ access is _____ what _____ the _____ that _____ to be taken?

What _____ do _____ there is _____ access to the energy _____?

When obstacles restrict access _____ device that _____ should _____ taken?

What _____ I _____ something _____ access to the _____?

_____ there _____ suggestion _____ overcome barriers that _____ access _____ smart meter?

_____ challenges that _____ of _____ energy consumption _____ tool?

_____ obstacle _____ preventing _____ usage gauge from being _____ what _____ can _____ taken?

_____ deal with obstruction that _____ monitoring _____ usage?

If barriers _____ energy measuring _____ what should _____?

Is there a way _____ that impairs monitoring _____?

_____ obstacles _____ from _____ the _____ consumption _____ what should we do?

_____ should we do if _____ access _____ the _____ meter?

What ____ be ____ when the ____ that measures energy consumption ____?
 ____ obstacles ____ the ____ what ____ I do?
 ____ should we ____ if ____ us from ____ to the energy ____?
 ____ I supposed to ____ with the ____ in my ____ of checking ____ usage ____ my device?
 If ____ stop us ____ energy meter, ____ should ____ do?
 ____ impede the energy monitor, ____ I ____?
 ____ are the ____ for ____ monitors?
 Facing ____ with ____ my power usage ____ do?
 ____ there's ____ obstacle ____ measuring gizmo, how ____ to ____ my energy use?
 ____ actions ____ there are ____ approaching ____ power monitor.
 How ____ deal with ____ the energy monitor/ ____?
 How ____ I ____ reaching ____ energy monitor contraption if ____ of ____?
 The energy consumption ____ obstacles
 If ____ us out of ____ energy ____ should ____ do?
 ____ should ____ do if I can't ____ the ____.
 What specific ____ take ____ obstacles ____ us from ____ energy?
 ____ remedy blocked ____ measurement ____.
 What can ____ remedy blocked ____?
 What's ____ protocol ____ can't ____ the energy ____ because ____ barrier?
 ____ access to the ____ consumption measuring ____ is ____ there ____ follow?
 If ____ obstacles are ____ my ____ the energy ____ device, what ____?
 ____ go ____ to the energy monitor contraption ____ are so many ____?
 ____ fix ____ measurement tool?
 ____ should be ____ if there ____ an ____ to the ____ monitor?
 ____ access ____ energy ____ measuring ____ impeded, are ____ to be followed?
 How ____ I proceed ____ obstacles ____ monitor?
 If obstacles prevent ____ from ____ the ____ device, ____ we ____?
 Should ____ handling ____ make it hard to use the ____ consumption ____?
 ____ are ____ procedures that should be ____ when ____ measuring ____ is impeded.
 How to ____ to ____ device access?
 ____ find solutions ____ hurdles ____ consumption monitors?
 Could you tell me ____ to ____ so ____ can ____ to ____?
 ____ are preventing the ____ from working, ____ I proceed?
 What ____ taken if ____ energy monitor is ____?
 What ____ we ____ do if we ____ energy meter?
 ____ can I ____ obstructions ____ energy ____ equipment?
 What can be done when ____ hard ____ power ____.
 When access ____ energy consumption measuring ____ is ____ there a ____ follow?
 How ____ I handle ____ the ____ monitor/ device?
 ____ there ____ to ____ obstructions for consumption ____?
 We ____ like ____ on handling ____ make ____ hard to use ____ tool.
 What ____ I ____ can't access ____ energy meter?
 There are steps ____ can ____ taken ____ preventing meter access.
 ____ we can't reach ____ what should ____ do?
 Is there ____ deal ____ affect monitoring ____ energy usage?
 How can we ____ challenges ____ accessibility ____ the ____ tool?
 ____ power usage ____ what actions ____ I take?
 ____ obstacles on ____ energy meter?
 ____ obstacles ____ access ____ the ____ measures ____ what should be done?
 ____ to be taken when access to ____?

How do I _____ that _____ my energy _____?

What action _____ if _____ energy monitor _____ not _____?

_____ you tell _____ if _____ obstacles prevent _____ from using the energy _____?

What measures _____ be _____ a _____ preventing access _____ an energy _____?

_____ should we deal _____ obstacles _____ our _____ to the _____?

_____ to be done if there _____ a _____ to _____ energy _____?

_____ actions _____ be _____ when _____ restrict access to _____ that _____ energy _____?

_____ get _____ of _____ meter obstructions?

Do _____ know _____ obstruction _____ monitoring of energy usage?

What _____ I _____ I can't _____ the _____?

_____ should _____ when they _____ get to _____ monitor contraption?

_____ there _____ steps _____ overcome obstacles in reaching _____?

What should be done when _____ to _____ device _____ available?

What actions _____ I take when _____ can't _____ gadget?

What _____ we take _____ blocked _____ measurement tool?

_____ energy _____ measuring device is _____ do there procedures to _____?

_____ should I _____ something is blocking my _____ energy _____?

How _____ obstacles _____ get energy consumption device _____?

_____ you _____ any _____ dealing with obstruction _____ of energy usage?

_____ the solutions for _____ obstruction _____ monitors?

There are _____ steps _____ take _____ in _____ electricity.

When access _____ energy consumption _____ is _____ are there _____ procedures that need _____ be _____?

_____ hurdles impede our _____ to _____ energy _____ what do we _____?

_____ obstacles _____ the _____ how should _____ proceed?

Are there steps _____ overcoming obstacles in _____?

What _____ the _____ to _____ device _____ measures energy consumption is _____?

When _____ energy consumption measuring _____ possible, what procedures _____ be _____?

_____ are steps _____ taken _____ overcome obstructions _____ meter access.

If obstacles prevent us _____ energy consumption _____ we _____?

_____ there _____ for hurdles preventing _____?

Are _____ steps you _____ that hinders monitoring of _____ usage?

There _____ procedures _____ be followed when _____ to _____ consumption measuring _____ restricted.

Is _____ for overcoming obstacles _____ reach _____ tools?

_____ we take if _____ prevent us _____ reaching _____ energy _____ gauge?

When _____ access to _____ what _____ the _____ to take?

How to _____ meters?

What can we do _____ impede _____ the _____ meter?

Are _____ to deal _____ are up _____ way of _____ energy usage _____ that device?

What _____ are _____ if there _____ a barrier preventing _____ monitor?

How _____ get around obstacles _____ consumption _____?

_____ do _____ the energy monitor when _____ are _____ it?

What's _____ when I _____ to _____ energy meter?

How am _____ supposed _____ deal with _____ obstacles _____ in _____ energy use on that device?

What should I do _____ obstacles are _____?

_____ be _____ when _____ impede _____ to _____ device that _____ energy consumption?

What _____ is a barrier _____ access to the energy _____.

When _____ obstacle makes _____ hard to reach _____ power _____ done?

_____ be done when _____ prevent _____ to _____ device _____ shows energy _____?

_____ should _____ do _____ there is an _____ the energy _____?

How to _____ around _____ that _____ energy _____ device _____?

_____ energy _____ what _____ I do?

_____ do if _____ is obstructions _____ the _____ meter?

Can _____ on _____ barriers _____ get to _____ smart meter?

_____ access _____ energy _____ measuring device _____ impeded, are _____ certain _____ that need to _____ ?

_____ challenges that _____ the _____ of the _____ measurement tool _____ asked _____.

When _____ to the _____ restricted, can there be _____ followed?

Can _____ suggest _____ to _____ obstruction that _____ the monitoring _____ usage?

_____ are _____ need to be _____ when _____ energy _____ device is impeded.

_____ obstacles _____ accessing my _____ usage _____ what _____ can _____ take?

When access _____ energy consumption _____ is hampered, _____ have _____ be procedures _____?

How _____ with _____ impede usage _____?

Facing _____ usage gadgets, what can I _____?

How _____ I supposed _____ deal with _____ are _____ in my way of checking _____ usage _____ ?

Can you tell _____ how _____ deal with obstruction _____ affects _____ ?

How should I deal _____ to the _____?

What _____ should _____ taken _____ limited _____ device that measures energy _____?

_____ do _____ with obstacles _____ affecting the energy _____?

_____ there guidance on handling challenges that _____ of _____ measurement _____?

_____ tracking _____ how can I _____ with it?

_____ I _____ when _____ are blocking _____ energy monitor/ _____?

_____ me what to _____ if I _____ access _____ energy _____?

_____ something is stopping access to _____ energy meter, _____?

_____ there's _____ obstacle blocking that _____ gizmo, _____ I _____ to track _____ energy _____?

What _____ I do if there _____ obstruction _____?

_____ there _____ to follow when _____ to _____ measuring device _____ not allowed?

_____ way _____ proceed _____ obstacles are _____ the energy monitor?

Fix _____ barriers for _____?

How _____ one go _____ the energy _____ are so _____ obstacles _____ the way?

_____ we are _____ reach the _____ what measures should _____ take?

If obstacles _____ obstructing _____ energy _____ I do?

When _____ reach _____ energy monitor contraption _____ to _____ bunch _____ annoying obstacles, how _____ ?

Possible _____ obstructions on _____ meter _____.

How should _____ go _____ getting to the _____ contraption _____ there _____ annoying _____?

_____ access is blocked, _____ steps can _____?

_____ procedures should be _____ access to _____ energy _____ device is _____?

_____ hurdles _____ our access _____ the energy _____ we do?

When _____ limit access to _____ device that _____ use, _____ be _____?

There are _____ to _____ taken _____ meter access _____.

_____ to the energy consumption measuring _____ should _____ be _____ followed?

_____ can impede _____ of the _____.

_____ I can't get to _____ energy measuring _____ to _____?

How can _____ obstruction _____ prevents _____ of energy _____?

If _____ access to the _____ meter, _____ we do?

_____ I do _____ it's _____ measure energy?

What _____ I _____ when I _____ reach _____ because _____ bunch of annoying obstacles?

How _____ avoid obstacles _____ consumption device _____?

_____ should one _____ about getting to _____ contraption _____ there are _____ obstacles?

Facing _____ accessing _____ device, _____ should I do?

When _____ to _____ is blocked, what _____ the _____ to _____?

What can _____ if hurdles _____ us _____ energy meter?

How _____ go about reaching the _____ monitor _____ there are _____ in _____ way?

What _____ do _____ there's obstruction _____ energy measuring _____?

_____ we do if _____ energy meter is _____?

_____ should one go _____ to _____ monitor _____ if there _____ so many _____?

_____ should _____ if the _____ meter _____ accessible?

_____ a method _____ obstructions that _____ prevent the use _____ an _____ measurement _____?

Handling _____ impede accessibility _____ consumption _____ should be requested.

_____ do _____ obstacles impede the energy monitor/ _____?

How can I _____ with _____ obstacles _____ are up in _____ way _____ usage on _____?

What _____ if the energy meter _____ not _____?

What _____ blocked energy measurement tools?

What _____ the _____ if there is _____ to the _____ monitor?

What _____ be _____ when access to the _____ measuring _____?

How _____ I _____ with obstructions _____ meter?

There _____ to _____ obstructions that might _____ preventing _____.

When obstacles restrict _____ a _____ consumption what _____ happen?

Could you tell _____ to _____ obstructions so _____ to the _____?

What measures _____ be taken _____ blocked _____ tool?

Is _____ to deal with _____ that _____ of _____ usage?

Facing hurdles _____ access _____ my power _____ can I _____?

_____ there any _____ can _____ to _____ in _____ energy measurement tools?

_____ can be done if the energy _____?

_____ someone _____ obstructing access _____ energy _____ what should I _____?

How _____ to _____ my energy meter?

What _____ can be _____ when _____ power usage gauge.

_____ be done _____ there is a barrier _____ access _____ monitor?

What _____ be done when _____ you _____ reaching the _____ gauge?

What could _____ done _____ a barrier preventing _____ to _____ energy _____?

_____ should _____ can't reach _____ energy monitor contraption because of some _____?

_____ stops me _____ to the flippin' _____ meter, what's _____ protocol?

What actions should we _____ obstacles _____ reaching our _____?

How _____ we handle challenges that _____ the _____ tool?

If _____ are barriers _____ device, what should I _____?

When obstacles impede the _____ monitor/ _____ I _____?

_____ know how to _____ preventing energy tracking _____.

_____ done if _____ is _____ barriers preventing _____ to _____ energy monitor?

_____ tell me how _____ deal _____ obstruction _____ affects _____ of energy _____.

_____ meter access _____ allowed, what _____ steps to _____?

_____ access _____ that measures energy consumption, _____ should be done?

_____ is the protocol when _____ preventing _____ from _____ flippin' energy meter?

What should _____ access to _____ device that _____ energy consumption.

When access to _____ is impeded, are _____ specific procedures _____ followed?

_____ there _____ way to _____ with _____ that _____ usage difficult?

_____ can we overcome _____ measurement tools?

_____ can be done _____ blocked _____ measurement tool?

_____ are the _____ with consumption monitors?

How can we _____ around _____ energy _____ access?

_____ there _____ obstacles blocking _____ gizmo, how am I _____ to track _____?

Facing _____ with _____ power _____ gizmo, _____ actions _____ I _____?

_____ you _____ any suggestions for _____ that _____ the monitoring of _____?

_____ a way _____ with obstruction _____ stops monitoring _____ usage?
 When _____ obstruct _____ to a device that measures _____ consumption, _____ ?
 _____ actions _____ take if obstacles _____ from getting _____ energy _____ gauge?
 _____ affect _____ energy _____ do _____ go about it?
 _____ I deal _____ the obstacles _____ are up _____ my _____ of checking energy _____ on _____ ?
 Recommendations _____ be made if _____ a _____ preventing _____ the energy _____.
 If _____ obstructs _____ the _____ how should I _____ with _____ ?
 _____ can we _____ us from _____ the energy measuring device?
 _____ can be done _____ blocked _____ tool?
 How _____ proceed if _____ can't reach the _____ to _____ bunch _____ roadblock?
 _____ be _____ the power usage gauge despite _____ ?
 _____ the access _____ meter is _____ should _____ done?
 How am _____ supposed to _____ with the _____ up _____ my _____ of checking energy usage _____ ?
 _____ should _____ when a _____ that measures energy consumption is _____ ?
 _____ obstructions to _____ energy consumption device?
 If _____ don't reach the _____ consumption _____ device, _____ we _____ ?
 _____ some _____ me from _____ to that flippin' energy _____ the _____ ?
 _____ when they _____ reach _____ energy monitor contraption?
 _____ I _____ the energy _____ is _____ being accessible?
 If _____ access _____ the energy meter, _____ we do?
 _____ it _____ procedures _____ access _____ consumption measuring device is hampered?
 _____ obstructions block _____ the _____ can be done?
 _____ measures _____ if _____ energy monitor is _____ accessible?
 what _____ for _____ measurement tool?
 _____ we do if _____ acces the energy _____ ?
 What should be _____ about _____ access _____ a _____ energy consumption?
 Which _____ overcome the obstacles _____ the _____ device?
 What measures _____ we can't _____ energy _____ measuring device?
 _____ for _____ blocking consumption monitors?
 Which _____ help overcome _____ preventing _____ energy _____ device _____ ?
 _____ is _____ access to _____ energy _____ what should _____ do?
 _____ can _____ overcome _____ to get the energy measuring _____ ?
 How _____ overcome _____ the energy _____ ?
 If something _____ the energy meter, _____ I _____ ?
 When _____ reach _____ energy monitor _____ how _____ I _____ ?
 How am I supposed to deal with _____ have _____ deal _____ in _____ that device?
 _____ might _____ overcome _____ to reach _____ measurement _____ ?
 Steps need _____ taken _____ access _____ meter _____ blocked.
 _____ obstructing consumption monitors _____ the _____ ?
 _____ measures _____ be _____ there is _____ preventing access to the _____.
 _____ the _____ when _____ a barrier _____ me from _____ flippin' energy _____ ?
 The _____ barrier prevents _____ getting to _____ flippin' _____ meter thingamajig?
 _____ can _____ an obstacle is _____ difficult _____ reach the power _____ gauge?
 _____ when meter access is _____ ?
 _____ need advice _____ can't reach my _____ device.
 _____ to _____ energy consumption _____ is hindered, are there _____ to _____ ?
 _____ is an _____ my _____ gizmo, _____ am I supposed _____ my _____ use?
 There are procedures to follow _____ the _____ measuring _____ restricted.
 _____ should be _____ to a _____ energy consumption is difficult?
 _____ are _____ to overcome _____ reaching energy measurement _____ ?

If _____ the energy meter, _____ I deal with _____?
_____ remedies to deal _____ obstructions _____ the _____?
_____ measures are _____ if there is _____ preventing access to _____?
_____ from the energy meter?

If _____ access _____ the _____ measuring device, _____ should _____ done?
_____ am I _____ to deal _____ of the _____ up in _____ way _____ energy usage _____ that device?
_____ are _____ to overcome _____ reaching energy _____ tools?

What should be _____ to get access _____ device _____?
There _____ to be _____ when _____ is blocked.
_____ do if _____ problem with access to _____ energy _____.

What _____ to overcome _____ in reaching energy measurement _____?
When obstacles _____ access _____ a _____ measures _____ use _____ be done?
_____ taken _____ correct blocked energy measurement tool?
_____ need _____ do if _____ can't get to _____ energy _____?
_____ challenges _____ accessibility _____ energy consumption measurement tool?

What can be _____ access?
_____ actions _____ remedy blocked _____ measurement _____?
_____ a _____ in _____ way of _____ that flippin' energy _____ what's the _____?
When _____ are blocking the energy _____ how _____?
_____ earth should I _____ can't _____ the _____ monitor contraption?

How should _____ deal with _____ that _____ the _____ from _____?
_____ are _____ recommendations if _____ to our gauge?
There are _____ be _____ overcome obstructions that hinder _____.

When _____ obstacle _____ from _____ power usage gauge, _____ can _____ done?
What _____ would you _____ obstacles _____ access to _____ energy measuring _____?
_____ do I _____ forward _____ obstacles stop _____ energy _____?
_____ keep us from _____ energy _____ device, what _____ do?
Are _____ be taken _____ meter _____ is blocked?

What should I _____ when obstacles interfere _____?
_____ I can't reach _____ because _____ a bunch _____ annoying roadblocks, _____ should I _____?
There _____ steps to overcome _____ that _____?
_____ meter _____ can be done?
_____ actions should we _____ obstacles _____ us _____ the gauge?
_____ is obstruction of _____ to the _____ meter, _____ should _____?

What should _____ do _____ there _____ to the energy meter?
How to get around _____ device _____?

What _____ should _____ when obstacles _____ a _____ measures energy consumption?
_____ should _____ if there _____ to access _____ energy meter?
_____ should _____ go about reaching _____ when there are _____ many _____?

If something _____ to the energy _____ how should _____ go _____?
There are steps _____ take _____ deal _____ impedes _____ of _____ usage.
When _____ prevent _____ energy _____ from _____ how _____ proceed?
If _____ are blocking the _____ should _____ do?

What steps should be taken _____ measurement tools?
_____ could remedy _____ measurement tool?

How _____ get rid of _____?

Is it possible to _____ entry _____ the usage _____?

Do _____ have _____ ideas _____ with obstruction that _____ of _____ usage?
_____ there a _____ to _____ with obstruction _____ monitoring of energy _____?
_____ measures _____ if _____ prevents _____ to the energy monitor?

How _____ reach energy measurement tools?

I _____ not sure how to deal _____ the _____ up in _____ way _____ on the _____.

How _____ I _____ obstacles that _____ the _____?

Facing hurdles _____ my power _____ device, _____ do?

_____ like to know _____ to handle _____ the accessibility of the _____ tool.

_____ am I supposed to deal _____ hurdles that _____ up _____ way _____ energy _____ on _____ device?

There are obstructions that _____ an _____ measurement equipment.

Handling challenges _____ of the _____ consumption _____ tool is _____ we _____ on.

When _____ the meter _____ blocked, what _____ take?

When _____ obstacles blocking _____ gizmo, how am _____ supposed _____ track my _____?

_____ steps _____ obstructions that stop meter _____.

What _____ should _____ if barriers _____ to our _____?

_____ to circumvent obstacles _____ hinder _____ device _____?

Handling _____ that impede the accessibility _____ the _____ will be _____.

Is there _____ you _____ take to deal _____ that _____ monitoring _____?

Is _____ steps _____ deal _____ obstruction that affects monitoring _____ energy usage?

What can _____ when obstructions _____ meter _____?

The steps should _____ meter is _____.

_____ are actions that can _____ blocked _____ measurement _____.

Do _____ know what _____ obstacles prevent me from _____ energy consumption _____?

_____ have _____ ideas about how _____ with obstruction that _____ monitoring of _____?

_____ obstacles _____ the energy _____ how do _____?

When obstacles impede _____ energy monitor, _____ on?

_____ you _____ me _____ actions solve _____ issues _____ meters?

_____ there _____ obstacle blocking the measuring _____ am I supposed to keep _____ usage?

If _____ to _____ energy measuring _____ what _____ you recommend?

If hurdles _____ from _____ the _____ meter, what _____ we _____?

Is _____ any _____ to _____ with _____ that is _____ monitoring _____ energy _____?

_____ should be _____ to _____ device _____ measures _____ is not possible?

_____ can _____ power _____ gauge is impossible to reach?

How am _____ supposed _____ with the obstacles _____ are _____ in my way _____ checking _____ thingy?

_____ be done _____ device that measures energy _____ be _____?

_____ when obstacles stop the energy monitor _____?

_____ to _____ obstructions to _____ meters?

What's the _____ blocks _____ from getting to _____ flippin' energy _____?

Should we take _____ reach the energy consumption _____?

If _____ prevent us _____ accessing _____ energy _____ what _____ we _____ do?

_____ should be _____ about obstacles _____ device that measures _____ consumption?

_____ to _____ barriers to _____?

_____ should I _____ about _____ to _____ energy monitor contraption _____ there _____ lot _____ irritating _____?

If the obstacles _____ from _____ energy _____ measuring device, _____ do?

What _____ do if _____ to measure _____?

_____ action should _____ taken _____ there are _____ access to a _____ energy _____?

Which _____ help _____ overcome barriers _____ energy consumption _____?

_____ be _____ if an obstacle _____ reach the power _____?

_____ you tell _____ what _____ do _____ the _____ blocking _____ consumption device?

How to _____ access _____ consumption _____?

What is the _____ I can't _____ to _____?

When _____ access _____ the energy consumption measuring device, _____ taken.

_____ hurdles _____ power usage _____ what actions _____ I _____?

_____ when I can't get access _____ meter?

There _____ procedures _____ follow _____ consumption measuring device is restricted.

When _____ steps should be taken?

How _____ I _____ reach _____ monitor contraption if _____ so many obstructions?

How _____ about getting to that _____ contraption _____ are so _____ obstructions?

_____ specific _____ should _____ if obstacles _____ to our gauge?

What _____ should be _____ if obstacles _____ a device _____ consumption?

If _____ something _____ to the _____ should I do?

_____ to get _____ energy meter _____?

There are _____ to be _____ when access _____ the energy _____ device _____.

When access _____ the _____ consumption measuring _____ is hindered, _____ procedures _____?

Which measures _____ be _____ to _____ that _____ energy consumption _____?

_____ are obstructions _____ the energy _____ what should _____ do?

_____ steps to _____ obstacles _____ measurement tools?

Do _____ what to do _____ keep preventing me _____ using _____ consumption _____?

How _____ you _____ reaching energy measurement _____?

_____ I deal with obstructions _____ energy _____?

_____ do _____ on the _____ meter?

What _____ there are _____ around the meter?

_____ do when _____ reach _____ energy monitor contraption because of a _____?

Can _____ tell me _____ if I cannot access the _____?

_____ I go about _____ to that energy monitor _____ a _____ of _____?

_____ should _____ go _____ to get to _____ energy _____ contraption when there _____ many _____?

What should be _____ to _____ energy consumption measuring _____?

How _____ overcome obstacles _____ get _____ measurement _____?

_____ do _____ get around obstacles _____ energy _____ access?

_____ hamper _____ accessibility what _____ be _____?

What _____ should we _____ if _____ can't reach _____ consumption _____?

_____ prevent access _____ device that measures energy _____ what _____ be _____?

_____ do if we can't _____ to _____ energy meter?

Which _____ overcome barriers _____ the _____ consumption device?

What actions can be _____ blocked _____ tool?

_____ me what I _____ do _____ I can't get _____ consumption _____?

How to _____ obstacles _____ access _____?

What should we _____ if _____ access _____ meter _____ disrupted?

_____ should be taken if _____ monitor _____ hard to _____?

When there's an obstacle blocking _____ measuring _____ how _____ energy _____?

_____ to overcome obstacles _____ tools.

_____ clear energy meter _____?

How _____ around _____ to access _____ devices?

_____ we eliminate _____ to _____ device access?

What _____ take if we can't _____ the energy _____?

_____ done about obstructions that _____ accessibility?

_____ any steps _____ take _____ obstruction that affects monitoring of _____ use?

How _____ we overcome obstacles _____ reaching _____ tools?

_____ be _____ when a _____ energy consumption isn't accessible?

_____ on _____ challenges that impede the accessibility _____ the energy consumption _____?

_____ should be _____ obstacles _____ to the device that _____ energy _____?

What _____ we do _____ are _____ to _____ the _____ meter?

There _____ necessary _____ obstacles interfere _____ the power _____.

_____ to circumvent obstructions _____ prevent the _____ of _____ measurement equipment?

_____ we ask for _____ on handling _____ prevent _____ to the _____ consumption _____?

The _____ should be taken _____ is blocked.

_____ do _____ need to _____ hurdles _____ us _____ of the _____ meter?

_____ can we _____ obstacles so _____ access the _____ measuring _____?

_____ access _____ meter _____ blocked, what should be _____?

Can _____ suggestions on how to _____ with _____ affects _____ of _____?

_____ impede meter accessibility, what _____?

If _____ from reaching _____ energy _____ measuring device, what measures _____?

If _____ the _____ device, what _____ I do?

_____ to _____ energy consumption measuring _____ there procedures to follow?

_____ I can't _____ energy _____ contraption because _____ bunch of annoying _____ should _____ proceed?

_____ a _____ to _____ flippin' energy meter, _____ is the protocol?

_____ hurdles _____ accessing _____ power usage _____ what actions can _____?

When _____ to a device that _____ what should _____ done?

_____ help _____ to the energy consumption device?

Is _____ any _____ to deal with _____ prevents monitoring _____.

_____ can _____ fix _____ energy _____ tool?

How _____ I supposed _____ deal _____ the annoying _____ in my way of _____ on _____?

_____ access to the _____ consumption _____ device is _____ procedures _____?

How are _____ my energy usage _____ there's something _____ measuring _____?

_____ are procedures _____ be _____ access _____ the energy _____ is limited.

What should _____ done _____ restrict access _____ that measures _____ consumption?

Which _____ help _____ that _____ energy consumption device _____ working?

_____ is recommended _____ is _____ access to the energy _____?

How _____ I go about _____ the _____ monitor _____ if _____ are _____ many _____ that _____ me?

When access to _____ restricted, _____ there procedures _____ need to be _____?

When _____ access _____ what _____ be done?

What actions _____ if _____ us from _____ able to measure _____?

_____ action _____ be taken _____ there are _____ restrict _____ a _____ that _____ energy consumption?

What procedures _____ followed when _____ to _____ energy consumption measuring _____?

_____ be done _____ an _____ it hard to reach _____ gauge?

_____ I supposed _____ those _____ obstacles _____ are up in _____ way of _____ energy _____ my device?

_____ can't access _____ energy _____ do we do?

Are there _____ steps _____ be _____ to _____ obstruction that affects _____ energy _____?

_____ can be done when _____ the power _____ gauge.

_____ there _____ steps _____ can _____ taken to deal with _____ of energy _____?

If _____ meter _____ is _____ are the _____ to be _____?

There _____ that _____ remedy blocked energy _____ tool.

_____ is the protocol _____ I _____ access that _____?

_____ actions are recommended if there is a _____ preventing _____?

What should be _____ if _____ a _____ access to _____?

_____ to overcome obstacles _____ tools?

_____ something blocking access to the energy meter?

_____ to _____ consumption measuring device _____ impeded, are _____ to follow?

_____ obstructions make _____ to _____ a meter, _____ be done?

_____ is _____ is _____ barrier preventing _____ from _____ to that energy meter?

_____ on the energy meter?

Should we _____ for _____ handling _____ that _____ more _____ to use the energy consumption _____?

How _____ I _____ on _____ obstacles _____ energy monitor?

How ____ I ____ with ____ that ____ obstructing my way ____ checking ____ usage ____ that device?

How can ____ deal ____ that ____ energy ____?

____ I supposed ____ deal with ____ annoying obstacles ____ are ____ of ____ energy ____ on a device?

____ I supposed ____ deal with the ____ are ____ in ____ way of checking ____ usage on ____?

____ obstacles prevent ____ from ____ the ____ device, what are ____ measures we ____?

____ steps that ____ taken ____ deal ____ that affects ____ of energy usage?

What is ____ a ____ is preventing me ____ to the ____ energy ____?

How ____ supposed to deal ____ obstacles that are up in my ____ usage ____ that ____?

____ am ____ supposed to deal ____ the ____ way of ____ usage ____ a device?

How ____ I ____ when I ____ to ____ monitor contraption?

Are there ____ to ____ obstacles ____ energy measurement ____?

____ are ____ the ____ device, what should I do?

____ should ____ move ____ if I ____ reach the energy monitor ____?

Is there ____ way to ____ that ____ it ____ energy usage?

Do you ____ ideas on how ____ that impedes ____ of energy ____?

When ____ barrier ____ access to ____ energy ____ thingamajig, ____ the protocol?

____ an ____ is ____ the ____ usage gauge, what can ____ done?

When ____ can't get ____ meter because ____ barrier, what's ____ protocol?

There ____ steps to ____ when ____ to ____ is ____ allowed.

Facing ____ with ____ device, what ____ can I take?

____ can ____ access ____ the meter is blocked?

____ remedies ____ energy measurement tool.

____ is preventing ____ the energy ____ how should ____ respond?

There ____ steps to overcome obstructions that ____.

____ should we ____ if we ____ have ____ our energy measuring ____?

____ I ____ with ____ prevent energy tracking ____?

There ____ can be taken ____ meter access ____.

What should ____ stop ____ energy monitor/ ____ from working?

When it's hard ____ power ____ what ____ be done?

____ do we ____ obstacles ____ consumption device access?

What do ____ stop ____ energy monitor?

____ done when ____ are obstacles preventing access ____ a device ____ consumption?

____ restrict ____ to ____ device that measures energy ____ be done?

Facing ____ to access ____ usage ____ actions can ____ take?

____ deal with obstacles ____ meters?

____ have solutions ____ consumption monitors?

____ I'm supposed ____ the ____ are up in my way of ____ energy usage on ____ device

____ can be ____ overcome energy ____?

Can you suggest ways ____ with ____ that ____ usage?

____ obstructions ____ accessibility what ____ do?

When ____ to ____ meter is blocked, ____ actions ____ taken?

What are ____ measures ____ there ____ access to ____ energy monitor?

____ a way ____ tackle ____ for ____ gadgets?

____ obstacles in ____ power ____ what can I ____?

____ the access ____ blocked, what should be ____?

When I can't access ____ flippin' ____ because ____ is the ____?

____ an ____ makes ____ to ____ power usage gauge ____ can be taken?

What ____ clear ____ are obstructing consumption monitors?

Do you know what to ____ if I ____ device?

How am I supposed ____ usage ____ obstacles ____ measuring gizmo?

What _____ be _____ a _____ you _____ using the energy monitor?
 _____ obstacles impede our _____ to _____ what do we _____?
 _____ to _____ with obstructions _____ prevent _____ tracker equipment?
 _____ energy _____ equipment should _____ dealt _____.
 There _____ overcome obstructions _____ access to the _____.
 How to get _____ that _____ consumption _____ access?
 _____ should _____ when _____ a device _____ measures energy consumption is _____ possible?
 What _____ be taken _____ can't _____ the energy _____.
 What _____ do _____ we _____ access the _____ meter?
 _____ actions _____ if _____ prevent _____ the energy measuring gauge.
 When obstacles hinder _____ monitor, how _____ I _____?
 How _____ I _____ about getting _____ that energy _____ contraption _____ many obstacles?
 _____ help overcome obstacles _____ the _____?
 _____ I deal with _____ with the _____ monitor?
 _____ done if there is a barrier _____ the _____ monitor?
 When _____ prevent _____ reaching _____ energy consumption _____ what _____ we _____?
 _____ something is _____ access to _____ meter, _____ I proceed?
 When obstacles _____ to _____ energy consumption _____ device what _____ be _____?
 What should _____ done _____ access _____ device _____ measures energy _____ is _____?
 If _____ obstructing _____ meter, how _____ I proceed?
 _____ should be taken _____ obstacles prevent _____ a device that _____?
 _____ can be done _____ meter _____ blocked?
 Are there _____ for _____ consumption _____?
 _____ you _____ suggestion on how _____ deal _____ affects _____ of energy usage?
 _____ energy _____ can _____ to access if there _____ a _____.
 What _____ be done _____ impede the _____?
 How _____ I go about trying _____ reach the _____ monitor _____ many annoying _____?
 What _____ be _____ blocked energy measurement tool?
 Is _____ defined procedure to follow _____ access _____ energy _____ is impeded?
 _____ can _____ circumvent _____ the use _____ an energy measurement _____?
 _____ could be _____ to remedy blocked _____?
 What should _____ there are _____ obstructing _____ energy measuring _____?
 How to _____ around _____ that _____ energy _____ device _____?
 _____ we _____ for _____ on handling challenges that can affect the _____ energy _____?
 What's the protocol _____ get to the _____?
 What should _____ done _____ it _____ a device that _____ energy _____?
 If _____ access _____ energy meter, _____ should we _____?
 When an obstacle _____ reaching the _____ usage _____ done?
 I want to _____ what _____ do if _____ obstacles _____ my access to _____.
 _____ you _____ to deal with _____ that _____ monitoring _____ usage?
 What _____ done _____ barriers _____ a device _____ measures energy consumption?
 When access to _____ energy _____ measuring device _____ are the procedures _____?
 _____ help overcome _____ the energy consumption device?
 How _____ to usage _____?
 How _____ I go about _____ to reach the energy monitor _____ many _____?
 I _____ how _____ to track my energy _____ blocking the measuring gizmo.
 _____ can I _____ if I _____ access _____ power usage _____?
 When obstacles prevent _____ device _____ measures _____ what should _____ done?
 What _____ the steps _____ can _____ with _____ that affects _____ energy usage?
 _____ is the protocol _____ I _____ energy _____ because of _____ barrier?

When _____ is blocked, what _____ be _____?

_____ action should be _____ the _____ that measures energy _____ is _____?

How should _____ can't reach _____ energy monitor _____?

_____ measures _____ barriers _____ the energy consumption _____?

How _____ when obstacles prevent the energy monitor _____?

_____ I go about reaching that energy _____ if _____ through _____ of roadblock?

_____ meter _____ isn't _____ what _____ be _____?

_____ any suggestions about _____ to deal _____ obstruction _____ of energy use?

When an _____ from _____ the power usage gauge _____ be taken?

_____ can _____ around obstacles that stop us _____ energy _____ device?

_____ steps _____ overcome obstructions _____ impede meter access.

_____ it possible to suggest _____ with _____ monitoring of _____ usage?

_____ you overcome _____ reaching energy _____?

_____ can I take if I _____ my power _____?

Steps _____ taken _____ you _____ access _____ meter?

_____ obstacles _____ the energy monitor, _____ I _____?

When _____ access to a _____ energy _____ what should _____?

How _____ about trying _____ reach _____ contraption when there are so _____?

_____ you know what to _____ I _____ energy consumption _____?

_____ keep the energy _____ tool _____ of reach?

_____ how _____ handle _____ affect _____ of the energy consumption measurement tool.

How can we _____ impede the _____ of the _____ measurement _____?

What _____ be _____ if _____ access to the energy _____?

I'm _____ to deal with _____ obstacles that _____ up _____ way _____ checking _____ usage on that _____.

What should _____ hurdles prevent _____ from having access _____ meter?

_____ obstacles _____ energy meters?

What _____ to clear _____ interfere with consumption _____?

_____ do _____ do when _____ the _____ monitor?

_____ tell me _____ if I can't _____ energy consumption device?

If something _____ to _____ meter, _____ I deal with _____?

_____ barrier prevents access to _____ flippin' _____ meter _____ the _____?

_____ get around _____ preventing _____ consumption device _____?

_____ needs to be done when _____ prevent access _____ energy _____?

What should _____ done when there _____ that _____ access _____ device _____ measures _____?

_____ can be done _____ you cannot _____ usage _____.

_____ it possible to _____ that _____ monitoring of _____ usage?

_____ are _____ access _____ the energy _____ what should we _____?

What do _____ to _____ if hurdles prevent _____ getting _____ meter?

_____ I _____ is a _____ access to the meter?

How should _____ whenever I can't _____ monitor?

There _____ actions needed if _____ approach _____ power _____.

_____ stop access to _____ energy consumption _____ device, _____ steps should _____?

_____ you _____ deal with obstruction that can _____ monitoring of _____?

When a _____ prevents _____ access _____ flippin' _____ meter, _____ the protocol?

_____ there steps to overcoming _____ measurement tools?

_____ should _____ circumvent _____ that prevent _____ use of _____ energy measurement _____.

_____ obstructs _____ to the _____ how should _____ act?

When _____ obstacle blocking the _____ gizmo, _____ am I supposed _____ energy _____?

Actions that could _____ measurement _____.

When _____ to the _____ device, what _____ be done?

Do ____ have ____ dealing with obstruction ____ with monitoring energy ____?

How ____ get ____ obstacles ____ the energy ____?

There are steps to ____ that ____ access.

Measures should be taken if obstacles ____ reaching ____ device.

____ a ____ that measures energy ____ is ____ should ____ done?

How ____ move ____ when obstacles impede ____ monitor?

Should ____ ask ____ guidance ____ handling challenges ____ make ____ difficult ____ the energy ____ tool?

____ obstacles ____ us ____ our ____ measuring device, ____ measures should we ____?

How should ____ proceed if ____ reach the energy ____ contraption because ____ bunch ____?

What ____ can ____ when I ____ my power ____ gadgets?

____ restrict ____ to a ____ that measures ____ consumption, ____ be done?

Will ____ on handling challenges that ____ harder ____ use the energy ____ measurement ____?

What ____ be done ____ obstacles ____ access ____ measuring device?

____ should we ____ if ____ can't ____ energy consumption measuring ____?

____ are I ____ the ____ are ____ my way of ____ energy usage on the device?

____ a ____ access ____ what ____ should be taken?

____ there a way to overcome ____ obstructing ____?

____ know what ____ if I ____ the ____ consumption device?

____ meter access ____ steps ____ to be taken?

What ____ done ____ are obstructions to ____ meter?

____ the solutions ____ blocked ____ measurement ____?

Is ____ a way to ____ that ____ the monitoring ____ energy ____?

What ____ be ____ when obstacles ____ access to a ____ measures ____

____ are ____ access to a ____ that ____ energy consumption ____ should be ____?

How should ____ trying to get ____ monitor contraption if ____ so many ____?

How ____ I ____ about trying ____ the ____ contraption ____ are so many ____?

____ we ____ if we ____ reach the energy consumption ____?

____ should ____ go ____ reaching ____ energy monitor contraption if there ____ many ____ in ____?

____ should I ____ that impede ____ energy monitor/device?

How to tackle ____?

____ to remedy ____ energy measurement tool.

____ to ____ meter obstacles

____ should I ____ with the obstacles that are ____ in my ____ of ____ device?

____ we do if we can't ____ energy ____?

How to get ____ barriers to ____?

Are ____ to deal with obstruction that ____ of energy usage?

What ____ we do if there ____ obstacles ____ energy meter?

____ about obstructions ____ meter access?

____ I do ____ I can't get to ____ contraption?

I ____ wondering if you ____ me how ____ get ____ that ____ access ____ electricity meter.

When ____ obstacle ____ it hard to reach ____ usage ____ be done?

If ____ us from reaching the energy ____ what ____ we ____?

If ____ us from ____ the energy consumption ____ what ____ take?

What ____ be ____ an obstacle ____ the power ____ gauge ____ reached?

Is there ____ with ____ that ____ monitoring ____ energy usage?

____ should we ____ if we are ____ reach the energy ____?

____ steps ____ can be ____ overcome ____ in meter access.

What ____ should ____ when ____ to ____ device that measures ____ is ____?

When ____ keep you from reaching ____ what ____ done?

____ obstructions ____ blocking the energy ____ device, ____ I ____?

Which _____ to _____ obstacles blocking the _____ consumption device?
 _____ do about obstructions preventing energy _____?
 _____ meter accessibility _____ be done?
 How _____ we _____ barriers _____ consumption?
 What should _____ obstacles _____ access to _____ energy _____ gauge?
 When a _____ the flippin' energy _____ is the _____?
 What specific _____ do _____ recommend _____ obstacles _____ access _____ the _____ measuring _____?
 _____ should I _____ with _____ of _____ to the _____?
 Can there _____ to _____ blockades _____ monitoring _____?
 _____ can _____ done when _____ an obstacle _____ power _____ gauge?
 If obstructions are _____ energy measuring _____ what _____?
 When obstacles _____ the energy _____ should I _____?
 How am I _____ deal _____ the _____ that are in _____ way of _____ energy usage _____?
 _____ prevent you from _____ the power _____ gauge what _____?
 I _____ know how to proceed _____ something _____ the _____ meter.
 _____ not _____ supposed _____ deal _____ the _____ that are up in _____ way of _____ energy _____ that device
 How am _____ supposed _____ the _____ that make it difficult to _____ energy _____ on _____?
 Is there _____ way to _____ with _____ that _____ monitoring _____ energy _____?
 What can I _____ to _____ prevent _____ equipment?
 _____ the _____ when a barrier prevents access _____ energy _____?
 Handling challenges _____ it _____ energy consumption measurement tool _____ requested.
 When _____ to _____ energy consumption _____ is _____ are _____ procedures _____ follow?
 There _____ moves _____ if _____ energy count machine _____.
 _____ to deal with obstruction that _____ monitoring _____ energy _____?
 When _____ barrier prevents _____ from _____ to that _____ what _____ the protocol?
 _____ we take if _____ us from _____ our _____ measuring gauge?
 What can _____ done when _____ is making _____ to _____ the _____ usage _____?
 When _____ can't get to the _____ contraption, how _____?
 _____ to overcoming _____ in reaching energy measurement _____?
 _____ to _____ barriers _____ consumption device _____?
 Which actions _____ measurement _____?
 _____ to _____ that measures energy _____ is _____ what _____ be done?
 _____ to overcome energy _____?
 Facing hurdles _____ power usage _____ what can _____?
 _____ a _____ moves when the _____ count machine _____ covered?
 _____ be done if an obstacle _____ blocking _____ power _____.
 What _____ be done _____ prevent _____ to a _____ that _____ energy _____?
 What can _____ us from getting _____ energy meter?
 How am I _____ to _____ energy _____ when there _____ obstacle _____ gizmo?
 _____ done if _____ prevent access _____ the _____ consumption measuring _____?
 _____ know _____ proceed when obstacles _____ the _____ monitor.
 If hurdles prevent us from _____ the _____ what _____ going _____?
 How _____ circumvent _____ affect energy _____ access.
 _____ will _____ blocked energy _____ tool?
 How _____ I _____ when obstacles are _____ monitor?
 _____ I _____ forward when _____ are blocking the _____?
 _____ to avoid _____ that _____ energy consumption _____?
 _____ remove barriers to energy _____.
 _____ actions _____ be taken _____ fix _____ energy _____ tool?
 _____ are certain _____ follow when access _____ consumption measuring device _____.

Fix _____ barriers to _____ ?
 _____ should be done _____ barriers preventing _____ energy _____ ?
 _____ to _____ energy consumption measuring device is limited, are _____ defined _____ be _____ ?
 How _____ access to energy _____ ?
 _____ access to _____ is _____ what _____ should _____ taken?
 _____ there steps _____ overcoming _____ to _____ energy measurement _____ ?
 When _____ obstacle _____ the _____ usage _____ what can be _____ ?
 If obstacles _____ to approach _____ monitor, _____ needed.
 There are _____ obstacles in _____ energy _____
 What _____ done if _____ is an obstruction preventing _____ to _____ .
 What _____ be _____ when _____ accessible?
 _____ am _____ supposed _____ with the obstacles that keep _____ on that device?
 What should I _____ if I can't reach _____ monitor _____ of _____ annoying _____ ?
 When obstacles affect _____ monitor/ _____ move forward?
 How _____ go _____ getting to _____ energy monitor contraption _____ are _____ roadblocks?
 _____ can be done if _____ the _____ gauge?
 _____ are _____ for obstructing _____ monitors?
 _____ we do if _____ it _____ to access _____ energy _____ ?
 What's the protocol when _____ blocks me _____ getting _____ flippin' _____ ?
 _____ I _____ obstacles blocking the _____ monitor?
 Unable _____ access my _____ device due _____ next?
 What _____ available _____ remedy blocked _____ measurement _____ ?
 _____ measures can help _____ barriers that _____ the energy _____ ?
 Can _____ what I should do _____ can't _____ the _____ consumption _____ ?
 _____ is _____ protocol _____ is _____ preventing me from _____ to _____ flippin' _____ meter?
 When obstacles _____ the energy _____ device, _____ proceed?
 What _____ be done _____ reach _____ energy _____ device?
 _____ I see something _____ access _____ the _____ I do?
 What _____ we do _____ we _____ the energy _____ ?
 When _____ access _____ blocked, what are the _____ that _____ ?
 Dealing _____ obstacles _____ entry _____ usage tracker?
 _____ obstacles block _____ to _____ energy consumption _____ device what _____ ?
 Can you suggest _____ to _____ affects _____ of _____ usage?
 Do you _____ to _____ if _____ get the _____ device?
 _____ the _____ consumption _____ device is blocked, are there _____ follow?
 _____ obstructions affect _____ the _____ what can _____ done?
 How do _____ deal _____ that prevent the _____ from _____ ?
 When _____ to _____ energy _____ measuring _____ is _____ are there _____ to _____ ?
 _____ the _____ taken when _____ meter access is _____ ?
 _____ is blocked, what _____ the _____ to take?
 _____ way to tackle _____ consumption gizmo?
 What _____ can't _____ consumption measuring _____ due to obstruction?
 Is there a _____ deal _____ energy tracking equipment?
 _____ steps for _____ obstacles in reaching _____ measurement _____ ?
 Which _____ taken _____ obstacles _____ to the energy gauge?
 When obstacles _____ blocking _____ the _____ consumption _____ device _____ should _____ done?
 _____ to take _____ when meter _____ is blocked?
 _____ to deal _____ that _____ meters?
 _____ should I _____ whenever _____ reach _____ monitor contraption?
 _____ that make it harder _____ use the _____ consumption _____ be _____ for.

____ access to ____ measuring ____ there certain procedures to follow?
 ____ the energy consumption measuring device is impeded, ____ any ____ procedures that ____?
 ____ I can't reach ____ monitor ____ due ____ bunch ____ annoying roadblocks, ____ should I ____?
 ____ possible solutions for ____ obstructing ____ monitors?
 ____ actions ____ I ____ if I ____ get ____ power ____ gadgets?
 The steps to ____ to ____ energy ____?
 If something is obstructing ____ measuring ____ I ____?
 The ____ device ____ blocked by obstacles.
 How ____ I remove ____ that ____ energy ____?
 ____ can ____ clear obstructions ____ energy ____?
 ____ are ____ solutions ____ interfering with consumption ____?
 How are ____ supposed to ____ energy usage ____ there's ____ obstacle ____ measuring ____?
 When ____ the energy consumption ____ possible, are there ____ to be ____?
 How to get ____ obstacles ____ energy ____ access?
 What ____ be ____ about ____ measurement ____?
 ____ I ____ if there is obstruction ____ access ____ meter?
 How to get around ____ consumption ____ access.
 ____ should ____ when ____ can't reach ____ monitor contraption because of ____ of ____ obstacles?
 ____ access ____ the energy meter, how should ____ react?
 ____ it possible to ____ when ____ impede ____ energy ____.
 ____ obstacle prevents a ____ from reaching the ____ usage ____ what ____ be ____?
 ____ do I ____ the ____ obstacles ____ up in ____ way of checking ____ usage ____ device?
 ____ should ____ there are ____ many obstacles ____ the way ____ reaching the ____?
 ____ it ____ to ____ bottlenecks that impede entry ____ usage ____?
 If ____ prevent us ____ energy consumption measuring device, ____ we ____?
 ____ are used to ____ barriers ____ energy ____ device?
 What actions ____ we ____ if obstacles ____ access to ____?
 ____ hurdles ____ in ____ of our access to the energy ____ we ____?
 ____ are ____ remedies to ____ blocked ____ measurement ____?
 ____ stops ____ from getting ____ that ____ energy meter, what's ____ protocol?
 What ____ overcome ____ meter obstacles?
 Is ____ a ____ to ____ bottlenecks that ____ entry ____ the usage ____?
 ____ I deal ____ obstacles that hinder the ____?
 ____ to ____ obstructions for ____ consumption ____.
 ____ reach ____ energy monitor contraption ____ of a bunch of annoying roadblock?
 ____ us ____ energy meter, what should we do?
 What specific actions ____ we take ____ can't ____ energy ____?
 ____ action should be ____ when ____ stop ____ device ____ energy consumption?
 If ____ can't reach ____ energy consumption ____ what ____ take?
 There ____ steps to ____ when ____ to the ____.
 What is the way ____?
 How do ____ overcome ____ we ____ the ____ measuring device?
 ____ there ____ in ____ way of the energy ____ what ____ I ____?
 Which measures help ____ overcome ____ blocking ____ consumption ____?
 We would ____ on ____ challenges ____ it difficult to use ____ tool.
 How am I supposed to deal with ____ obstructions ____ up in ____ way ____ energy ____?
 There are ways to ____ obstructions that prevent the ____.
 ____ do I ____ obstacles that ____ the ____ monitor?
 ____ should I ____ can't reach ____ contraption ____ of a ____ of obstructions?
 What actions ____ we ____ obstacles ____ from having ____ to the ____ measuring ____?

There ____ steps ____ can be ____ energy measurement tools.
____ a barrier ____ accessing that ____ energy ____ what is the ____?
When obstacles ____ the ____ monitor/ ____ do I ____?
When obstacles ____ with ____ energy ____ how ____ forward?
____ with ____ usage device, what ____ can I ____?
If obstacles ____ access ____ energy gauge, ____ actions should ____?
What should be done ____ there ____ to the ____ consumption measuring ____?
How should I ____ energy monitor ____ when ____ are ____ many obstacles?
____ are steps ____ be ____ access is blocked.
What ____ if ____ us from reaching the energy ____ measuring ____?
There ____ moves ____ count machine ____ covered up.
____ to ____ energy ____ measuring ____ is ____ is there a set ____ procedures ____?
When ____ power usage gauge ____ what ____ be done?
____ do ____ do ____ remedy blocked energy ____?
There are steps ____ obstacles ____ access.
____ blocking the energy consumption device?
Do you have ____ consumption monitors?
____ can we do ____ obstacles ____ reaching the ____ consumption ____?
Is ____ necessary ____ take steps when meter ____?
When access to ____ is ____ what ____ be ____?
What ____ done when there ____ with ____ the power usage ____.
Steps ____ affect ____ access?
