

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Service outage or disruption reports
Inquiry Sub-Category	Intermittent Connection Drops
Description	Customers report experiencing periodic or random connection drops, where their internet connection disconnects and reconnects intermittently. This category addresses inquiries related to unstable network connections, signal interference, or faulty equipment causing frequent disconnections.
Data Size	5,080 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Does ____ weather conditions ____ signal ____ potentially ____ ____ ____ heavy ____ or high winds?

____ ____ ____ affected when there ____ storms ____ windy days?

____ possible ____ ____ and heavy storms to disrupt ____?

When it ____ ____ ____ ____ hard, can the ____ be weakened ____ ____ weather?

Is it ____ for ____ to cause ____ ____?

Extreme ____ impact ____ ____ cause ____ breaks ____ storms.

____ heavy ____ disrupt ____?

____ ____ ____ disrupted by extreme wind ____ ____ conditions.

____ ____ ____ break when there's ____ weather impact ____?

Is it ____ for ____ to ____ ____?

____ ____ storms affect ____?

Break signal ____ ____ winds ____ ____ extreme ____?

Is ____ possible ____ ____ ____ to weaken the signal?

Is there a reason ____ ____ ____ in ____ during ____?

Can ____ ____ signals?

____ ____ ____ bad ____ ____ ____ in disconnections during times ____ wind and storm?

____ signal could ____ ____ if ____ ____ heavily or ____ blow hard.

____ signals may be ____ ____ a ____.

____ bad weather might ____ ____ ____ breaks.

Is the signal ____ ____ high ____ ____ ____ storms?

Are storm ____ ____ ____ conditions?

____ weather ____ ____ signal strength.

____ ____ ____ signal causes sudden breaks in ____ or ____ ____.

____ ____ ____ poor signal strength in storms ____ ____ days?

Is ____ ____ affected ____ storms ____ windy ____.

____ extreme ____ ____ ____ during storms?

____ ____ signal degraded ____ high winds ____ ____ storms?

Will I see poor _____ in storms _____?

Do extreme weather conditions weaken the _____ or _____?

_____ storms or high _____ the signal quality _____ suffer.

_____ it possible _____ strong _____ or storms to _____?

_____ and strong _____ can impact _____.

Can severe _____ affect _____ strength, _____?

_____ easily _____ heavy gales?

_____ weather may _____ storm breaks.

Is _____ possible _____ I _____ poor signal strength _____ storms or windy _____?

_____ it _____ bad weather could _____ disconnections _____ times of strong _____?

_____ that heavy winds or _____ could _____ strength?

_____ impact signal can cause sudden _____ winds.

Is signals _____ by _____ high _____?

Signals may _____ wind or _____.

Can high _____?

_____ the reason for intermittent _____ during _____?

Is it possible that bad weather _____ windy _____?

_____ signal can be _____ by _____ high _____.

_____ or _____ winds can affect _____.

_____ is _____ bad _____ cause sudden signal breaks.

_____ signal _____ by weather _____ like storms _____ windy _____?

_____ reception affected _____ or _____ storms?

Is there a _____ between _____ or _____ winds _____?

_____ signal strength _____ storms?

_____ affect _____ sudden breaks in _____.

_____ it _____ the _____ be _____ during a storm?

_____ or _____ winds affect _____?

_____ high _____ and heavy storms _____?

Can _____ cause problems _____ network _____?

_____ impacted by _____ or winds?

Is it _____ for _____ to disrupt _____?

Does severe _____ cause _____ to _____?

_____ weather _____ wi _____ signals in the middle _____ storm _____?

_____ or _____ might _____ signals.

_____ bad weather affect _____ strength and _____?

Is _____ affected by high winds _____.

Can storms _____ interruptions?

Extreme _____ strength for _____ breaks.

_____ weather impact signal _____?

_____ or strong _____ interferences with _____?

_____ the storms _____ high winds?

When _____ are _____ or high _____ the _____ be _____.

Is the signal _____ events, like _____ or high _____?

Is _____ affected by _____ or _____?

I wonder _____ bad _____ explains _____ storms.

_____ activity decrease signal _____?

Is _____ quality _____ winds and storms?

_____ cause _____ breaks _____ signal power?

Is it _____ winds or _____ impact _____ strength?

_____ weather ruin wireless _____ storms?

Is _____ a chance _____ signal strength _____ storms or _____?

Heavy _____ can _____ the signal _____.

_____ it _____ storms and _____ to _____ signal strength?

Is signal _____ hampered _____ events?

_____ it _____ that _____ or _____ have _____ impact _____ wireless signals?

_____ _____ lead to disrupted _____.

_____ heavily _____ wind blows _____ do _____ weather conditions weaken the _____ and _____ sudden _____?

There are sudden _____ when _____ or _____ hit.

Extreme _____ like rainstorms and _____ of wind _____ affect _____.

Does _____ weather _____ signal _____?

_____ cause _____ to be disrupted?

_____ weather events _____ or windy days _____ cause _____ signal _____.

_____ impacted by the _____ breaks?

_____ signal in _____ wind?

Do _____ weather conditions _____ signal _____ during storms _____?

_____ the signal affected _____ winds?

Is the signal _____ high winds?

_____ be _____ poor _____ strength _____ storms or _____ days?

The _____ be affected by _____ storms _____ gusts.

Could _____ disrupt signal _____?

_____ the _____ quality _____ by _____ wind _____ storms?

_____ winds _____ signals significantly?

_____ it _____ a storm _____ signal strength, leading to _____ losses?

_____ can be _____ or wind.

The _____ be disrupted _____ extreme winds or _____.

_____ affect _____ strength for _____ breaks.

_____ that severe _____ strong _____ can cause _____ disruptions to signal _____?

Wait a _____ does _____ ruin _____ signals during _____?

_____ signal _____ if it rains _____ or _____ blow _____?

_____ signal affected _____ storms or high _____.

Do _____ signal strength _____ there _____ storms _____ windy days?

_____ winds disrupt signals?

_____ an effect _____ communication _____?

_____ or heavy _____ the stability of a _____ network.

_____ wind affect a _____ network's coverage area?

Will _____ affected by _____ or strong _____?

_____ quality disrupted _____ wind _____ storms?

_____ at risk _____ there _____ heavy storms _____ high winds?

Network _____ quality _____ in high _____.

Bad weather can _____ signal _____.

_____ extreme _____ or storms could affect signal _____.

_____ weather could cause signal _____.

Severe storms or _____ may _____.

Can _____ interfere with _____?

Could _____ cause disruptions to _____?

Did extreme weather _____?

Bad weather _____ breaks

Is _____ a link _____ storms _____ strong _____ disrupting _____?

_____ be _____ from storms _____ gusts.

_____ signal, causes sudden _____ in _____.

_____ power decreased _____ because of _____ weather?
 _____ heavy storms disrupt signals?
 _____ weather _____ signals, causing _____.
 _____ do I _____ disruptions _____ connection _____ winds?
 Is it _____ that storms _____ strong _____ lead _____ interruptions _____ wi-fi _____?
 Can strong _____ or _____ to be disrupted?
 There can be _____ or _____.
 Heavy _____ or _____ affect the _____ mobile network.
 _____ it _____ or strong winds can disrupt _____?
 stormy situations _____ communication _____.
 Is _____ possible for storms _____ affect _____ strength, _____ service _____?
 How is the _____ impact signal _____ winds?
 _____ signals _____ be _____ storms.
 When _____ rains _____ or winds _____ are the signals _____ the _____?
 Severe _____ interrupted signal _____.
 _____ could _____ disrupted by wind _____.
 _____ it possible _____ can affect signal _____?
 The signal _____ can _____ affected when there _____ storms _____.
 _____ high winds _____ affect signal _____.
 _____ signal easily _____ winds?
 Could _____ disrupt signal _____?
 Is _____ reason for intermittent _____ loss?
 _____ easily _____ heavy winds _____?
 Do extreme conditions _____?
 The _____ can _____ affected by _____ high winds.
 _____ winds _____ storms affect _____?
 Storm breaks _____ affect _____.
 The reception _____ be _____ strong gusts.
 Does high _____ affect _____ strength?
 _____ strong _____ affect _____?
 Is _____ that a storm _____ affect _____?
 Is it possible for _____ strength, _____ service losses?
 Is _____ affected when _____ are heavy _____ or _____ winds.
 _____ possible that heavy storms or _____ weaken the _____?
 Is the signal weakened _____ winds?
 _____ be poor signal _____ when there are _____ windy _____?
 _____ the signal quality _____ by _____?
 _____ there be poor _____ when there _____ or _____ winds?
 _____ the _____ weakened by _____ winds?
 Heavy storms _____ signal.
 _____ storms disrupt _____?
 Is it possible that _____ or severe _____ affect _____?
 _____ weather cause _____ storms?
 Do _____ high _____ the signals?
 _____ signal may _____ weakened by _____ weather conditions _____ heavily or winds _____.
 Could _____ wind _____ quality?
 _____ communication signals affected _____?
 It is possible _____ climates could _____ intermittent _____ reception.
 Severe storms or _____ cause _____ to signals.
 _____ signals correlate with _____?

_____ storms and heavy _____ wind, so are _____ any effects _____ ?

_____ can _____ signals.

Is _____ possible _____ bad weather to _____ and _____ service losses?

_____ winds responsible for _____ issues?

_____ strong storm _____ signal?

Is _____ climates could explain intermittent disruptions _____ reception?

_____ possible that _____ weather may _____ disconnected _____ during windy _____?

_____ weather _____ disrupt signals during _____ winds.

Is _____ quality _____ storm _____?

_____ it _____ that storms can _____ and lead to _____ losses?

Is _____ that bad weather _____ disconnections during _____ of _____?

_____ disrupted during storms _____ winds?

_____ there _____ poor _____ strength _____ are storms or _____ days?

_____ signal strength _____ by _____.

_____ when _____ is heavy _____?

_____ storms _____ winds _____ signal strength _____ be disrupted?

_____ it _____ that high _____ poor _____?

_____ possible for the _____ to cause _____ during storms?

_____ storms _____ communication _____?

Will there be _____ signals _____ or windy _____?

_____ severe _____ disrupt the _____?

_____ heavily or _____ wind blows hard, the _____ may _____.

_____ severe weather _____ signal _____ in _____?

_____ storms _____ affect signal strength.

During _____ does drastic _____ affect _____?

_____ might _____ crashing your signals during storms.

Are interrupted signals _____ the _____?

Is it possible that _____ intermittent _____ signal reception?

Break _____ hurricanes?

_____ impacting the _____ to connect to the internet _____ storms _____?

_____ storms _____ disrupt signals?

Is extreme conditions _____ signals _____ storms _____?

Is _____ possible that _____ rains or _____ could _____ a mobile _____?

_____ bad weather _____ cause _____.

_____ make _____ difference in _____ power?

How _____ weather affect _____ storms?

When _____ heavily _____ winds blow _____ do _____ weather circumstances _____ signal?

Do storms _____ communication signals?

_____ there _____ storms or _____ are the signal quality _____?

Do _____ signals?

_____ it _____ for _____ winds or storms _____ affect _____?

When a _____ breaks, do _____ strength?

_____ possible that storms _____ can disrupt signals?

High winds _____ they _____ signals?

Is _____ signal quality affected _____ winds and heavy _____?

Is _____ possible _____ storms _____ winds _____ signal strength?

_____ interfere with signals?

The _____ weakened when it _____ heavily _____ winds _____ hard.

_____ strong winds affect the _____?

Are _____ signal strength _____ are _____ or _____ days?

Do ____ weather conditions ____ signal when ____ rains ____ wind ____ hard?

Is bad ____ cause ____ in ____?

Is ____ possible for ____ weather ____ signal ____ leading to ____ losses?

Storm ____ have ____ question.

____ and ____ storms ____ affect signal ____.

____ a ____ the signal?

Is it possible ____ high ____ cause poor ____?

Can ____ disrupt ____ strength?

____ winds ____ could affect ____.

There ____ a ____ that extreme ____ conditions ____ signal and ____ outages.

____ could affect ____ quality.

Is ____ communication signals ____?

Is ____ weather explanation for ____?

____ heavy ____ or ____ winds, ____ signal quality may be ____.

____ high winds, the signal ____ might be affected.

____ the middle ____ a storm?

____ that heavy ____ can ____ signals?

____ are storms ____ will I ____ poor signal strength?

____ signal degraded by ____ storms ____ high ____?

____ signal ____ severe conditions?

____ a ____ of storms ____ communication ____?

____ it ____ that storms ____ affect signal ____ and cause ____?

____ is ____ that bad ____ signal breaks.

Is ____ by ____ or ____ winds?

____ it ____ that severe weather ____ disrupt ____ signal ____?

When heavy storms ____ occur, ____ signal quality?

____ high ____ affect signals?

signal strength ____ storm breaks ____ affected ____ extreme ____

Is ____ quality affected ____ wind ____?

____ in heavy ____ extreme weather?

____ during high ____?

____ it ____ heavily ____ blows hard, ____ the signal ____ by ____ extreme ____ conditions?

Can ____ signal be ____ by ____ or ____?

Is ____ by storms ____ gales?

____ signal ____ storms ____ high winds.

____ weather ____ lead to ____ breaks in ____.

Extreme wind ____ a storm ____.

When ____ or wind ____ hard, is ____ signal ____ by ____ weather?

____ be ____ that causes ____ signal breaks.

____ affected by storms and ____?

____ winds ____ affect ____ signal quality.

Is ____ by ____?

Is ____ strength impacted ____ extreme ____?

Extreme weather ____ sudden ____ in ____.

____ possible that ____ your phone's ____.

____ gales may affect the ____.

____ strong winds ____ signals, can ____ be?

Is ____ storms or strong gusts?

____ winds ____ heavy storms affect ____?

____ it rains ____ winds blow hard, ____ extreme ____ conditions ____ signal?

Does _____ signals _____ storms?

_____ strength affected _____ storms and _____ ?

_____ extreme _____ affect the _____ it rains heavily or winds _____ ?

_____ or _____ disrupt signals?

_____ weather can _____ signal _____ ?

_____ power _____ during storms?

_____ wind or _____ disrupt _____ quality?

_____ possible that _____ storms _____ winds disrupt signals?

Can _____ signals _____ storms?

_____ to the internet during _____ or windy times?

_____ that bad _____ may cause signal _____.

_____ it _____ I _____ in _____ during high winds?

What if _____ or _____ signals?

Will _____ to storms or _____ ?

High _____ affect reception _____.

_____ there are high _____ or _____ storms, _____ signal quality?

_____ it _____ weather _____ result _____ disconnections during storms?

_____ signal easily _____ heavy _____ ?

_____ it _____ weather can cause _____ during windy times?

_____ strong winds _____ disrupting _____ ?

Severe _____ can _____ disruptions _____ storms or strong _____.

Is the weather _____ to _____ ?

Is it possible _____ or strong _____ can disrupt _____ ?

_____ rains _____ could affect _____ stability of _____ network.

Is extreme _____ damaging signal _____ ?

_____ bad _____ causes unstable _____ in _____ ?

_____ quality _____ extreme wind or _____.

Stormy _____ lead to _____.

Is _____ possible for _____ to affect _____ ?

_____ it _____ heavily _____ blows hard, the _____ be weakened.

Break signal _____ the _____ ?

Is there a chance _____ affect _____ strength?

Does high _____ network _____ ?

_____ it possible that _____ can _____ ?

_____ the _____ storms _____ high winds?

Is it _____ that _____ may _____ in _____ during _____ of _____ storm?

_____ experience sudden _____ connection during _____ and heavy storms?

Is it possible _____ could _____ intermittent _____ losses?

_____ heavy _____ could affect the stability _____ a _____ network.

Extreme _____ storm _____ affect _____ quality.

_____ storms or strong _____ the signal _____ affected?

Can heavy _____ winds affect _____ ?

How _____ weather affect _____ ?

Is _____ signal strength when _____ or _____ days _____ ?

severe _____ can _____ signal _____

_____ might affect _____ signal _____ during _____.

Is it possible _____ conditions to _____ signal strength _____ cause _____ ?

Is the bad weather _____ ?

_____ there _____ storms or _____ the signal quality suffer?

_____ bad weather _____ signal breaks.

Is bad weather ____ reason ____ intermittent ____ ____ storms?

Extreme wind can ____ ____ ____.

____ signal in ____?

Will reception be ____ due to ____ ____ strong ____?

____ storms ____ ____ could ____ signal strength.

Is ____ ____ ____ and ____ gusts ____ cause intermittent service losses?

Can ____ storms ____ the ____?

____ weather ____ signal ____ break in storms or ____ ____.

Severe ____ can cause signal ____ ____ ____.

Severe ____ heavy ____ may ____ the ____ strength.

The signal ____ could be ____ by ____ ____ or ____.

Severe weather can ____ ____ in heavy ____ or ____ ____.

Is signals ____ extreme conditions during ____ or ____ ____?

____ ____ can affect ____ ____ storms.

____ it possible ____ storms or high ____ ____ ____.

____ breaks ____ by ____ weather?

signal ____ ____ decreased during ____.

____ there ____ poor signal ____ when there's ____ or ____ ____?

____ reception ____ can ____ disrupted ____ ____ winds

Is it ____ that bad ____ result ____ ____ ____ windy times?

Is it ____ storms and winds ____ ____ ____ losses.

____ weather affect signals ____ ____?

Can ____ affect ____ ____ causing sudden disruptions?

____ reception ____ disrupted by ____ or ____?

Can high winds ____ ____ ____?

____ in ____ or high ____ ____ by ____ weather impact signal?

____ storm or ____ could affect ____ ____.

____ may disrupt ____.

Can ____ ____ ____ impact signal strength?

Is ____ possible ____ weather can ____ ____ during ____ ____ storm times?

Signals ____ ____ ____ storms or high ____.

Is ____ ____ ____ be ____ signal ____ ____ storms or windy days occur?

____ signal ____ by ____ situations?

____ severe ____ disrupt signals and ____ ____?

If ____ heavily or ____ blows ____ do ____ ____ conditions weaken the ____?

Is the ____ ____ ____ of unstable ____ in ____?

____ ____ ____ by ____ or strong gusts?

Does ____ ____ ____ causing sudden breaks?

Do storms ____ ____ ____?

Is it ____ ____ ____ and ____ to have ____ effect on ____ ____?

____ possible ____ weather conditions to ____ ____ disruptions to signal ____?

____ the ____ ____ affected by storm ____?

Is ____ weather ____ ____ signals ____ storms?

____ there ____ storms, does ____ signal ____ ____?

____ it rains heavily or ____ ____ hard, ____ ____ ____ the signal ____?

____ in ____ winds?

____ ____ ____ cause reception disruptions?

____ can ____ signal ____.

Severe ____ can affect ____ ____.

It ____ possible that storms ____ ____ ____ ____.

____ extreme weather ____ strength ____ a ____?
 ____ possible ____ winds to ____ network reception issues?
 Could ____ winds ____ disrupt ____ quality?
 Has ____ signal ____ weakened ____ or high ____?
 ____ it possible that ____ or ____ affect ____?
 ____ affect signal strength ____ intermittent loss?
 ____ weather ____ signal strength?
 Can high ____ reception ____?
 Does bad weather ____ intermittent ____?
 ____ heavy ____ or ____ winds, ____ do I ____ in connections?
 Do ____ weather ____ mid- storm ____?
 During storms ____ winds, ____ the signal ____ be ____ the ____?
 Severe ____ strong gusts ____ disruptions.
 ____ there are high winds ____ heavy ____ signal ____ suffer?
 Can ____ affect ____?
 Is ____ quality ____ or extreme ____?
 ____ there a ____ signal ____ in storms or windy ____?
 Extreme ____ could ____ signal quality
 There ____ a ____ bad weather ____ breaks.
 ____ weather can ____ interruption to ____.
 ____ situations ____ affect ____ signals.
 ____ weather ____ able ____ signal strength.
 Does ____ winds ____ storms ____ signals?
 Do windy ____ affect ____?
 Will ____ poor signal strength when there ____ wind ____?
 ____ the ____ by ____ high winds?
 ____ strength ____ by ____ or heavy winds.
 ____ extreme weather ____ strength ____ storms?
 Could severe ____ disrupt ____?
 ____ winds ____ cause of ____ problems?
 ____ my ____ by bad ____ causing intermittent signal ____?
 ____ affected by storms and ____?
 ____ or ____ may disrupt signal ____.
 ____ rain or winds ____ affect ____ mobile ____.
 Is the ____ severe ____ events?
 ____ rains ____ or ____ blows hard, ____ be weakened ____ the weather?
 ____ strong winds could affect ____ mobile network's ____.
 ____ possible for ____ or ____ winds ____ change signal ____?
 Is ____ possible for ____ to cause ____ losses?
 ____ storms ____ cause interruption?
 Could ____ the signal ____?
 ____ strong ____ signals ____ storms?
 Extreme ____ impact ____ breaks ____ high winds.
 ____ it true ____ or strong winds ____ affect ____?
 ____ heavy ____ winds, why ____ experience sudden breaks ____ communication?
 Is severe ____ to sudden ____ signal ____?
 ____ high ____ affect signals?
 Extreme weather impact ____ can cause ____ breaks in ____.
 ____ signal affected by ____ heavy storms?
 ____ that bad weather ____ signal ____.

Is ____ a ____ of ____ signal strength when ____ storms ____ windy ____?

In ____ can extreme ____ signal ____?

____ strong winds cause signal strength to ____?

____ affect ____ signal strength?

____ weather ____ signal ____ in storms.

Is ____ severe weather ____ signal ____?

Can large storms ____ signals?

The ____ may ____ weakened ____ high ____ and heavy ____.

____ heavy rain ____ affect the stability ____ a ____?

I wonder if ____ affect ____.

Is it ____ that ____ weather could ____ in ____ storms or ____?

Extreme weather ____ sudden breaks in ____.

The ____ can be weakened ____ or strong ____.

When it ____ blows hard ____ may be weakened.

Is it ____ weather can cause disconnection ____?

Is ____ possible ____ disrupt ____ storms ____ strong winds?

Is ____ a storm ____ signal strength ____ cause ____ service losses?

____ reception be affected ____ storms ____ strong ____?

There ____ storms ____ heavy ____ that ____ connection quality.

____ weather may ____ signal ____.

____ weather ____ signal power?

____ could ____ weakened ____ it ____ or wind blows hard.

____ heavily or ____ hard, can the ____ be weakened?

Does ____ severe ____ affect ____?

____ possible for bad ____ signal ____ with ____ service losses?

Is ____ that storms can ____ signals ____ interruptions?

Is there ____ effect on communication ____?

Can ____ storms ____?

____ affected by wind or ____

____ or ____ affect ____ signal strength.

Is ____ disrupted ____ wind ____ storms?

Is it ____ effect communication ____?

Can ____ signal?

____ weather ____ during storms or ____ winds?

____ winds ____ disrupt signal quality.

Can ____ cause sudden disruptions ____?

Extreme ____ signal strength in ____.

Is the ____ vulnerable ____ winds ____ heavy ____?

____ storms ____ strong winds, ____ weather disrupt ____?

____ do storms ____ when there ____ extreme ____ signal?

Is ____ related to ____?

Is ____ quality affected ____ the ____?

Does ____ weather change ____?

____ and storms capable ____ disrupting ____?

____ storms affect ____.

____ weather disrupt signal ____?

____ possible ____ and strong ____ to affect signal ____ cause intermittent service ____?

____ could affect ____ strength.

Is it ____ that strong ____ storms ____ cause ____ to be ____?

There are ____ connection when there ____ storms ____ winds.

Will _____ by severe weather _____ strong _____?

_____ signals _____ by _____ conditions _____ storms?

Is it _____ or strong winds could _____ strength?

Do _____ weather _____ mid-storm _____?

_____ signal _____ weakened _____ storms _____ high winds.

_____ possible _____ extreme conditions affect _____ storms.

_____ weather _____ affect _____ strength, causing sudden _____.

_____ affected _____ or strong winds?

Do _____ winds and _____.

_____ possible that strong _____ or storms could _____?

Are _____ affect _____?

Is signal _____ affected _____ events?

Do strong winds and _____?

_____ storms and _____ signals?

When _____ are _____ or _____ do _____ quality suffer?

_____ storms _____ high winds, why _____ sudden breaks in _____?

_____ signal _____ weak when there are storms _____?

_____ storms or high _____ affect _____?

Is _____ affected when _____ high _____?

_____ harsh _____ cause _____ signal reception?

Do _____ strength for storm _____?

Network reception _____ be _____ high winds.

Is _____ that _____ can _____ signal _____.

Is signal quality _____ or _____?

Is _____ signal _____ disrupted _____ winds _____ storms?

Is _____ possible _____ bad weather _____ disconnections _____ of _____ rain?

_____ signal strength _____ by _____ storm _____?

When there are storms or _____ are _____?

_____ storms and _____ could the _____ affected?

Is _____ bad _____ to _____ strength, causing intermittent service _____ storms?

_____ severe _____ disrupt _____?

Do _____ weather _____ the _____ mid-storm _____?

Is _____ signal _____ by weather _____ such as _____ high _____?

_____ affect _____ cause interruption?

_____ it possible _____ severe _____ could _____ signal _____?

_____ an _____ on signal strength?

Is bad weather _____ reason _____ loss _____ storms?

_____ and high _____ signals?

_____ it _____ or wind _____ hard, should the signal _____?

Severe weather can cause _____ disruptions _____ high _____.

_____ the bad _____ disruptions?

_____ signals in storms _____ by _____.

_____ chance of poor _____ strength _____ or windy _____ happen?

_____ quality _____ weather events, _____ storms or high winds?

Can _____ cause _____ strength _____ decline?

_____ severe _____ can interrupt signal strength?

Will _____ be affected _____ gusts?

Are _____ signal quality?

_____ breaks during storms or _____ extreme weather conditions.

_____ it _____ that high _____ cause _____ problems?

_____ storms cause the _____ be _____?
 Will _____ be disrupted _____ strong _____.
 Will _____ strong _____ signals?
 Is _____ strong winds can impact signal _____?
 _____ winds _____ heavy _____ affect reception?
 Is there _____ or strong _____ disrupting the _____ signal?
 The signal can _____ high _____ and heavy _____.
 _____ weather may impact _____.
 Did _____ cause _____ to the _____?
 Heavy _____ or high winds _____ issues.
 During storms could _____?
 _____ disruptions to signal strength?
 _____ does weather affect _____?
 Network _____ be interrupted by _____.
 _____ weather _____ signals during _____.
 Is it _____ and gusts of wind _____ service _____?
 _____ bad weather a _____ during storms?
 _____ there _____ in signals _____ storms or _____ winds?
 _____ the weather _____ the _____ during _____?
 _____ winds _____ signals?
 Do storms impede _____?
 Could _____ or _____ signal _____?
 _____ the signal _____ weakened _____ or winds?
 _____ weather _____ signals during a _____?
 Strong winds and _____ the _____.
 During _____ or strong _____ the _____ quality _____ affected?
 _____ weather responsible _____ the _____ signals in _____?
 _____ winds _____ storms _____ disrupt _____.
 _____ winds _____ signals?
 _____ signal _____ for _____ may be affected _____ extreme _____.
 _____ it _____ weather leads _____ disconnections during _____ or windy _____?
 _____ could _____ affected during storms.
 _____ affected by _____ storm?
 _____ storms weaken _____ and _____ disruptions?
 Is the _____ strength impacted _____ severe _____ or _____?
 _____ or _____ can _____ be disrupted?
 Can _____ during _____ or strong _____?
 Strong _____ might disrupt signals.
 _____ stormy _____ affecting communication _____?
 Striking storms _____ signal _____.
 _____ climate _____ such as storms and _____ wind, _____ affect connection _____.
 _____ winds cause _____ to _____ disrupted?
 Might _____ weather _____ breaks?
 Will _____ high _____ signals?
 Is _____ that _____ and storms _____ affect signal _____?
 The _____ could be disrupted _____.
 _____ the weather _____ signals _____?
 _____ signal strength _____ break storms?
 Can _____ storm _____?
 _____ intermittent signal _____ caused by _____?

Is _____ weakened by heavy storms _____?

_____ quickly in high _____?

Will _____ disruptions due _____ heavy _____ strong gusts?

_____ it possible _____ cause network reception quality _____?

_____ impact signal strength?

_____ the _____ weakened by _____ or _____ winds?

How does _____ weather impact signal _____?

Is the weather _____ signals _____ storms?

Extreme winds _____ storms _____ quality.

_____ reception affected _____ conditions _____ storms?

How _____ high _____ affect signals?

_____ impact _____ cause _____ in storms or high _____.

_____ it rains heavily _____ does _____ weaken the signal?

_____ the weather _____ signals _____?

Will _____ weather affect _____ and _____ loss?

_____ weather can disrupt _____.

Is it _____ bad _____ result in disconnections _____ strong winds.

_____ wonder _____ extreme wind _____ signal quality.

_____ disrupt signals.

_____ or wind blows hard, do _____ weather _____ weaken _____ signal, _____ outages?

_____ it possible that _____ bad weather _____ signal _____?

Will high _____ reception _____?

_____ or high _____ cause disruptions.

There _____ be _____ storms that disrupt _____.

There _____ be _____ from heavy _____ strong _____.

_____ storms or _____ gales _____ strength.

sudden _____ could _____ to _____ weather.

Network reception _____ of high winds.

_____ signals _____ be caused by _____.

Severe _____ disruptions _____ signals.

Heavy rain _____ winds can _____ mobile network's _____.

_____ strength _____ storm _____ can be _____ by extreme _____.

Is there _____ climates _____ cause intermittent _____ in _____ reception?

_____ that _____ storms or high winds _____ signal _____?

The _____ could possibly _____ breaks.

Can _____ signal _____ weakened _____ or high winds?

_____ reception disrupted _____ of _____ or _____ gusts?

During storms, _____ winds _____?

_____ signal strength for storm _____?

Is it _____ that _____ weather may result _____ disconnections _____?

_____ reception disrupted due to _____?

When it rains heavily _____ blows _____ is _____ weakened by _____?

Do _____ strength?

_____ severe weather disrupt _____?

Can _____ storms damage _____?

Is _____ bad weather will _____ disconnections _____ wind and storms?

Do wicked weather ruin _____ in _____ middle _____?

_____ severe weather _____?

_____ winds and _____ disrupting signals?

_____ storms _____ signals _____?

_____ poor _____ strength when there _____ an event _____ a _____?

_____ it possible _____ winds and storms to _____?

Is _____ can affect signals?

_____ to storms _____ strong gusts, reception _____.

_____ a link between _____ disrupting wi-fi signals?

_____ possible that severe _____ affects _____?

_____ the strength _____ by storms _____?

_____ winds or storms _____ signal _____?

_____ reception _____ disrupted by _____ or _____ storms?

_____ situations affect communication _____?

Can storms _____ the _____?

_____ heavy _____ can disrupt signals.

Is it possible _____ disrupt _____?

_____ storms _____ strong gusts, reception may _____.

_____ there _____ storms _____ high winds, the signal quality _____.

_____ possible that bad weather _____ during times _____ strong _____?

_____ cause interference _____ reception?

_____ circumstances _____ communication signals?

_____ storm breaks _____ signal _____ by extreme _____?

_____ sudden breaks in signal _____?

_____ it possible _____ and storms can disrupt _____?

_____ the weather effect _____ storms?

_____ that _____ weather ruins _____ fi _____ during storms?

Is it _____ that _____ conditions _____ affect _____ and _____ service losses?

_____ severe storms _____ strong winds _____ signal _____ to _____?

Network reception _____ can _____ high _____.

_____ can be _____ by _____ and _____ winds.

_____ strong winds _____ heavy _____ affect _____?

_____ signal quality disrupted _____ storm?

Will severe _____?

Is _____ that heavy _____ can weaken _____?

_____ there an _____ on communication _____ there _____ storms?

Is _____ possible _____ weather can _____ signal strength _____?

_____ by _____ climate conditions _____ storms or heavy gusts of _____?

_____ be _____ by strong _____.

_____ affected during heavy _____?

_____ storms or strong _____ can _____ be impacted?

Do strong _____ and _____ affect _____?

_____ the _____ by storms or _____?

_____ strength affected _____ strong _____ or _____?

Will _____ weather _____ strength?

Will extreme _____ signal _____ during _____?

_____ breaks in _____ or _____?

_____ signal _____ strong winds?

_____ it possible that storms _____ could _____ signal _____?

Extreme _____ impact _____ causes sudden _____

_____ it possible that _____ weather could cause _____ windy _____?

I wonder why _____ sudden _____ connection during _____ storms _____ winds.

Break signal _____ winds?

_____ weather impact signal causes _____ storms _____ high _____.

The _____ be weakened _____ a _____ storm _____ winds.
 _____ rains heavily or _____ blows _____ the _____ weak?
 Is it _____ I _____ poor signal _____ storms or _____ days?
 _____ can affect _____ signals.
 _____ rain _____ winds _____ stability of _____ mobile network?
 Does storm _____ affect _____?
 Is the _____ weakened _____ winds?
 _____ extreme _____ effects signal _____?
 The signal quality _____ disrupted _____.
 _____ heavy _____ strong winds _____ signals?
 When it _____ heavily or _____ do extreme _____ the _____ weaker?
 _____ may affect _____ signals.
 _____ it possible that storms _____ can _____ wi-fi _____?
 _____ possible _____ weather to affect signal strength _____ a _____?
 _____ the signal _____ by storms or _____?
 _____ there _____ reason for _____ breaks in _____ during _____ winds?
 _____ it possible that _____ winds interrupt _____?
 Strong winds _____ disrupt _____.
 _____ signal _____ strong _____?
 During storms _____ strong winds can _____?
 Does the weather change _____?
 Is the signal _____ affected _____ high winds?
 Will reception be _____ of severe _____ gusts?
 _____ signal power _____ be _____ by _____ weather.
 Break signal _____?
 Is _____ possible that bad _____ signal strength _____ service losses?
 _____ storm an effect on _____?
 Is the _____ signals during storms or strong _____?
 Severe weather can lower _____.
 _____ storms and winds to _____ resulting in _____ service losses?
 _____ it _____ weather can affect signal strength _____ service losses?
 Will _____ signal strength when _____ windy days _____?
 It's possible bad _____ cause _____.
 _____ or winds _____ signal _____?
 _____ may _____ disrupted due to heavy _____ or _____.
 When _____ rains heavily or _____ hard, _____ weakened _____ extreme weather?
 _____ there _____ heavy storms _____ winds the signal _____ be _____.
 _____ possible _____ storms _____ signal power?
 Does extreme _____ impact _____?
 Could strong _____ or _____ stability of a mobile _____?
 Is _____ interrupted by wind _____?
 Stormy _____ could _____ to _____.
 _____ the signal be _____ or high winds?
 Break _____ rough _____?
 Can _____ network reception _____?
 _____ there _____ signal strength when _____ see _____ windy days?
 Severe _____ can _____ strength.
 _____ severe weather _____ or _____ disruptions?
 _____ disruptions _____ heavy storms _____ strong _____?
 _____ to _____ if _____ be _____ signal strength during _____ or _____ days.

_____ storms _____ winds can _____ weather disrupt _____?
 _____ poor _____ strength when _____ happen?
 _____ storms and strong _____ cause _____?
 Is it _____ or strong winds _____ disrupt _____.
 _____ strong _____ signals be disrupted?
 Is _____ signal _____ by weather _____ such _____ storms or high _____?
 Is reception _____ severe _____ or _____?
 Is it _____ storms _____ winds _____?
 _____ possible _____ or storms to disrupt signals?
 Is _____ that _____ an effect on communication _____?
 Is _____ winds affecting _____?
 Bad _____ may affect _____ during _____.
 Extreme _____ conditions such _____ heavy gusts _____ could affect connection _____.
 Is _____ by high winds?
 Severe _____ an _____ signal power.
 _____ are _____ and _____ extreme conditions affect signal _____?
 _____ storms _____ communication _____?
 _____ the _____ affected by _____ storms _____?
 Do _____ storm breaks?
 _____ weather _____ cause _____ power to _____.
 _____ conditions _____ storms or _____ of _____ can _____ connection quality.
 Strong winds _____ heavy _____ signals.
 Severe _____ or _____ affect _____ signal.
 _____ signal quality _____ heavy storms _____ high winds?
 _____ it possible _____ may _____ in disconnections _____ times of _____ winds?
 _____ quality can _____ by winds.
 _____ strength hampered _____ weather?
 Does _____ affect signal _____?
 _____ stormy conditions affect _____?
 _____ strength affected _____ or _____ days?
 Is _____ possible that _____ winds _____ reception _____ issues?
 Is it _____ for _____ weather to _____ intermittent _____?
 _____ I get _____ strength when _____ storms or _____ days?
 _____ signal quality _____ disrupted by _____.
 _____ by _____ winds or heavy storms?
 During storms _____ be disrupted?
 _____ reception be affected by _____ gusts?
 Does _____ signal weaken _____ heavily or _____ blow _____?
 Strong _____ heavy _____ can _____ signals.
 _____ be weakened by _____ winds?
 Is it possible for storms _____ to _____?
 Do storms and _____ disrupt _____?
 _____ that _____ strength _____ be _____ there are storms or windy _____?
 Are _____ signal _____ due _____ bad _____?
 _____ signals _____ be affected _____.
 _____ signal _____ affected by _____ and _____?
 How _____ storms and _____ affected _____ extreme _____ impact _____?
 Do _____ have _____ signal strength _____ there are _____ or _____?
 The _____ weather _____ be to _____ for _____.
 _____ or high winds, do _____ quality _____ arise?

Is _____ during storms?

Strong winds _____ storms _____ quality.

Is extreme _____ signal _____?

_____ a _____ disrupt signal _____?

The _____ weakened _____ high winds or _____.

_____ signal may _____ disrupted _____ or _____.

_____ winds _____ heavy storms, _____ experience sudden _____ in connection?

Is it _____ that storms _____ strength, resulting _____ intermittent service _____?

When _____ rains _____ or _____ blows hard, can _____ be _____ by the _____?

_____ second, _____ wicked weather _____ wi fi _____ mid-storm _____?

_____ weather may affect _____ by causing _____ storms.

_____ possible _____ winds could affect _____ quality?

_____ and _____ winds _____ disrupt _____.

Is _____ strength _____ by severe _____?

Is it _____ for storms _____ winds _____ cause _____?

Is it possible _____ bad _____ disconnections _____ windy _____.

_____ rain or strong _____ affect a _____ network's _____.

Is _____ that _____ weather conditions can _____ disruptions in _____?

_____ communication signals _____ storms?

Do storms and high _____ with my _____?

Is it possible that _____ strong winds _____ to _____ signals?

Is _____ affected by bad _____ and _____ storms?

_____ possible that _____ poor signal strength when _____ storms?

Is stormbreak _____ by extreme _____?

Will the _____ be _____ due _____ storms _____ gusts?

Is _____ storms _____ affect _____ strength?

Heavy rain or _____ affect _____ mobile _____ coverage.

Can extreme conditions _____ strength _____?

Can severe _____ change _____?

Is it possible _____ winds to disrupt _____ strength?

_____ could be affected _____.

_____ signal _____ terrible _____?

Signals may _____ wind or storm _____.

Is the _____ signal _____ storms?

Extreme weather may _____ strength _____ storms to _____.

When there are _____ or _____ signal _____ decline?

Is _____ weather _____ signals _____?

Is it _____ that heavy rain _____ winds could _____ network's _____?

_____ it possible to _____ during _____ or _____ winds?

Network _____ quality _____ by _____ winds.

Is there any _____ signals _____ storms or _____?

_____ heavy _____ signals?

_____ storm breaks _____ conditions?

_____ gusts _____ storms may _____ reception.

_____ the weather so bad _____ signals are _____?

Is _____ that storms or _____ the signal on _____ wireless _____?

Do _____ signals during storms?

_____ the _____ be affected _____ storms or _____?

The _____ be _____ by _____ strong gusts.

During storms, _____ extreme _____ affect _____?

Is _____ that _____ storm can _____ strength?

During heavy _____ why _____ I _____ sudden breaks in _____?

_____ it _____ storms _____ extreme wind could disrupt _____?

_____ storms can disrupt _____.

_____ could _____ sudden interruptions to _____.

Break _____ weather?

_____ there poor signal _____ when there _____ windy _____.

_____ extreme weather _____ internet _____ to go _____ whenever there _____ storm or _____?

_____ winds cause network _____?

_____ reception _____ by high winds?

_____ disrupt signals?

high winds can _____

Can the _____ high winds or _____?

During _____ might _____ affected?

When it _____ heavily or _____ blows _____ the signal _____?

_____ or _____ winds occur, _____ signals be _____?

Are _____ and storms _____?

_____ it _____ for _____ and strong winds to cause _____?

During _____ or _____ can signals _____?

_____ storms _____ my _____ due to _____ weather?

Is _____ strength impacted _____ extreme _____?

_____ it possible _____ storms _____ can impact _____ strength?

The _____ weather could _____ to blame _____ signal _____.

Does _____ weather cause _____ signal _____?

Will _____ be poor signal _____ storms _____ windy _____?

_____ bad _____ lowering signal strength _____ intermittent _____?

Extreme _____ may _____ for storm _____.

_____ storms _____ winds cause interferences _____?

It's _____ bad _____ could _____ signal _____.

_____ or strong _____ could _____ strength.

Is _____ possible that _____ be affected during _____?

_____ strength _____ when there _____ or windy days?

_____ or high _____ signals affected by extreme _____?

_____ there _____ heavy _____ signal quality may be affected.

Is _____ signal strength affected _____ and _____ storms?

Is _____ possible for _____ to _____ disruptions _____ signal strength?

Do _____ storms or _____ winds interfere _____ my _____?

It's possible _____ bad _____ is _____ for _____ breaks.

Strong _____ heavy storms _____ disrupt _____.

_____ weather can affect my _____ disruptions in _____.

_____ wonder why _____ sudden _____ connection during high _____ or _____ storms.

_____ storms and _____ disrupt _____?

_____ be bad _____ causing _____ breaks.

_____ weather _____ quality during storms?

_____ severe _____ signals?

_____ strength affected _____ extreme _____?

Is _____ possible _____ impact signal strength?

Is signal _____ high winds?

_____ the _____ weakened by _____ strong _____?

_____ it rains _____ hard, could the signal _____ weakened?

Is the _____ weakened _____ extreme _____ heavily or _____ blows hard?

Can _____ affect _____ signal?

_____ weather can _____ intermittent service losses during storms?

_____ it _____ climates _____ possibly cause intermittent _____ in signal _____?

Do _____ signals get _____?

Signals can _____ disrupted by _____ winds _____.

Is _____ influenced _____ conditions?

If _____ are storms _____ signal quality suffer?

High _____ can cause _____ reception _____.

_____ bad weather _____ for _____ loss _____?

_____ stormy _____ an _____ on _____ signals?

Is _____ storms _____ strong _____ could _____ signal strength?

Do _____ winds _____ signals?

_____ for _____ winds and _____ impact signal strength?

Bad _____ affect the _____ during _____.

_____ weather impacting signal _____?

Is _____ a _____ for _____ losses during _____?

_____ signal _____ by storms _____ wind?

Is _____ that _____ storms _____ winds weaken _____ signal?

When _____ are storms _____ windy _____ will _____ be _____ strength?

_____ the signal weak when _____ rains _____ blows _____?

_____ I get poor signal strength during _____?

_____ weather _____ affect signal _____ cause _____ loss _____ storms.

_____ high winds _____ strength?

_____ rains _____ or wind blows hard, the _____ weakened.

_____ can cause _____ disruptions in heavy _____ winds.

_____ heavy storms _____ winds disrupt _____?

_____ that _____ affect signal strength?

There _____ sudden _____ in _____ by _____ weather impact _____.

Network _____ be affected _____ winds.

There could _____ wind or _____.

Do _____ cause disruptions in _____?

_____ that storms can affect _____.

_____ weather affect the _____?

_____ signal _____ during _____ winds?

_____ wind _____ can disrupt signal _____.

_____ signal weak when _____ rains heavily _____ wind _____.

_____ severe weather _____ affect _____?

Do storms _____ signals?

When there are _____ or _____ do _____ suffer?

_____ weather impact _____ can _____ break in _____.

Will severe _____ reception, leading _____ storms?

_____ conditions weaken the signal when it _____ heavily _____ wind blows _____?

There _____ be disruptions _____ heavy _____ strong _____.

_____ affected _____ and high winds?

_____ it possible that bad weather _____ and storms?

During _____ or _____ weather conditions affect _____ strength?

_____ high _____ cause an _____ reception?

_____ affect signal power?

_____ storms can _____ strength.

With _____ storms _____ high _____ can the _____ be _____?

During _____ heavy _____ could the _____ affected?

Extreme _____ signal causes sudden _____ in storms _____.

The _____ quality _____ be _____ by _____ wind or _____.

Extreme climate _____ as _____ and _____ gusts of _____ affect connection _____.

_____ possible that _____ storms can impact _____ strength?

_____ impact _____ strength in a _____?

_____ there _____ poor _____ strength during storms _____ days?

Is _____ signals are _____ winds or storms?

_____ it _____ bad weather _____ disconnections _____ or storm times?

_____ it possible for _____ disrupt _____ during storms _____ strong _____?

_____ the strength be affected _____?

_____ by _____ or high winds.

_____ possible _____ severe storms _____ strong _____ can _____ signal strength?

Could winds _____ storms _____?

Severe weather _____ lead to _____ power.

_____ strength _____ be _____ storms or gales.

Is the _____ disrupted _____ wind _____?

_____ bad _____ linked _____ loss _____ storms?

Can intense _____ cause _____ to _____ disrupted?

Will _____ when there are _____ or windy days?

Can _____ weather affect _____ strength during _____ winds?

Do storms _____ winds _____?

Extreme climate _____ like _____ and _____ can affect _____ quality.

_____ storms _____ strong winds impact _____?

_____ there is heavy _____ or _____ winds, _____ the _____ quality _____?

Will reception _____ or strong _____?

_____ I _____ poor signal _____ when there are _____ days?

_____ reception will be disrupted _____ storms _____ strong _____.

_____ heavy rain or _____ a mobile _____ coverage?

It is possible _____ strength _____ be _____ winds or _____.

Is there a _____ or _____ winds and _____ on _____ signals?

_____ signal weaker when it rains _____ blow _____?

_____ that harsh weather _____ disrupt _____?

_____ strength can _____ disrupted _____ storms.

Strong winds _____ storms can _____.

_____ can be disrupted _____ weather.

_____ be poor signal _____ of storms or windy _____?

Severe _____ can _____ to fall.

_____ signals _____ storm situations

_____ it _____ strong _____ storms to impact _____ strength?

Is _____ strength _____ be _____ storms?

Can _____ storms disrupt _____ quality?

_____ it possible for storms or _____ winds _____?

Communication _____ might be _____ stormy _____.

Could _____ rain or _____ winds affect _____ stability _____ mobile _____?

When _____ rains _____ wind _____ hard, does extreme weather _____?

Is _____ signal strength, _____ in intermittent service losses?

Could _____ and _____ rains _____ a mobile network's _____?

_____ it _____ that _____ are _____ by extreme conditions?

_____ strong winds and _____ storms _____ ?

Does bad _____ lower signal _____ intermittent loss _____ ?

_____ winds _____ heavy storms affect _____ .

_____ network _____ disrupted _____ weather _____ in?

_____ storms _____ the signal _____ ?

_____ there are _____ or high _____ the _____ quality _____ ?

_____ possible that _____ can cause _____ disruptions to _____ ?

_____ extreme _____ my _____ connection _____ down when there _____ storm or wind?

Do _____ weather conditions _____ strength to be _____ ?

The _____ be _____ by high _____ heavy storms.

_____ bad weather cause unstable _____ ?

Is _____ by storms _____ strong _____ ?

_____ signal during storms.

_____ affect signals?

_____ signal _____ be caused _____ bad _____ .

Could _____ winds and _____ affect _____ of a mobile _____ ?

_____ conditions impact signal _____ storm _____ .

_____ signal _____ windy _____ ?

_____ winds _____ storms affect _____ ?

Is communication affected _____ ?

_____ it _____ winds _____ weaken the signal?
