

[Demo] NLP Dataset for Customer Service Automation

Company Type	Online Fashion and Apparel Retailers
Inquiry Category	Assistance with placing online orders
Inquiry Sub-Category	Sizing and fit
Description	Customers need assistance determining the correct size to order, asking for measurement guidance or clarifying the fit of an item.
Data Size	5,064 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Online Fashion and Apparel Retailer" customer inquiry. (Purchased data will not be masked.)

Which ____ specifically were ____ when ____ sleeve length mentioned ____ ____ ?

What ____ ____ for ____ of the sleeve?

____ parts ____ individually measured when ____ ____ length in ____ ?

What ____ taken into account when ____ sleeve ____ in the ____ ?

____ ____ in order to determine ____ lengths?

What ____ measured ____ ____ length in the ____ details?

What ____ the ____ length in ____ ?

____ ____ length mentioned in product ____ ____ parts specifically ____ ____ do so?

Which parts were ____ ?

What ____ ____ measured ____ it came ____ ____ sleeve length ____ the product details?

Under product ____ which ____ ____ measured ____ the sleeve length?

____ specify what ____ considered in ____ sleeve length?

What areas ____ into account while ____ ____ in ____ product details?

____ ____ for sleeve length ____ in the ____ details.

Is it ____ specify ____ components ____ sleeve ____ under product ____ ?

Is ____ outlined ____ which accounted ____ and ____ size ____ the product ____ ?

____ parts specifically were ____ do ____ the ____ length mentioned in the product ____ ?

____ parts ____ when ____ length?

What ____ measured individually ____ determining the sleeve length mentioned ____ ____ ?

Can you ____ what components ____ used in ____ measuring Sleeve length ____ ?

____ parts specific were ____ figuring ____ sleeve length?

Which segments ____ measurement ____ ____ length, ____ the product details ____ ?

What elements ____ account to measure the ____ product ____ ?

____ ____ to figure ____ sleeve length?

____ parts were ____ when the ____ length ____ ?

Do ____ which components were measured ____ determine which ____ ?

Which ____ areas were ____ to determine sleeve ____ for ____ ?

____ areas ____ measured ____ determine ____ length ____ the ____ details?

What ____ were ____ calculating the ____ in ____ product details?

_____ areas are _____ account _____ measure _____ length mentioned _____ the _____ details.

Which _____ were _____ sleeve length?

_____ to _____ product, _____ in the measure of _____ length _____ listed.

_____ pieces were individually _____ when determining _____?

_____ you tell us which parts _____ examined _____ determine _____?

_____ were measured _____ the sleeve length under _____ details?

_____ determining _____ length mentioned in _____ were measured and which _____?

_____ determining the sleeve _____ under _____ what _____ were _____?

What areas were _____ for _____ in the _____?

_____ parts _____ assessed _____ for _____ length?

When _____ the _____ length in _____ details, which parts _____ which _____?

Which _____ measured if the sleeve length was _____?

_____ were _____ regarding _____ length?

_____ measure _____ sections to _____ the _____ the specified sleeves?

Do you _____ what components _____ measured _____ to _____ length?

Which parts _____ assessed _____ sleeve _____?

_____ came to sleeve length _____ parts _____ specifically _____?

_____ like _____ which areas were measured to _____ sleeve _____.

_____ parts _____ for _____ length?

What _____ were individually _____ the sleeves length _____ product _____?

_____ determining the sleeve length _____ product details what _____?

_____ which _____ for analyzing _____ sleeve size _____ the product information?

Which _____ measured _____ sleeve length?

_____ the components that accounted for analyzing and concluding _____ size _____?

What _____ measured _____ determine _____ length?

Which _____ sleeve length _____ the details?

In _____ product _____ any part that _____ considered when _____ length?

Which _____ measured _____ considering sleeve _____?

What parts _____ sleeve length in _____ details?

What _____ in order to determine _____ length?

_____ parts _____ for _____ length?

_____ product _____ can you _____ which parts were _____ sleeve length?

When _____ length mentioned in _____ parts were _____ measured?

What _____ were _____ when _____ under _____ details?

When _____ sleeve length _____ in product _____ parts _____?

_____ included _____ the product details _____ measuring _____ sleeves?

_____ specifically _____ when determining _____ length mentioned in product _____?

What _____ were _____ which _____ used when determining the _____ length in _____?

Which parts were _____ when _____ the _____ in _____ product _____?

_____ parts _____ measured when determining _____ sleeve length _____?

_____ tell me which parts _____ sleeve _____.

_____ determining _____ sleeve _____ mentioned in _____ details, _____ parts specifically _____ do _____?

_____ parts _____ specifically measured when determining the sleeve _____ mentioned _____?

Which sections _____ in order _____ sleeve length?

_____ exact _____ to determine _____ length?

When _____ sleeve _____ under _____ details, _____ parts _____ measured?

What parts _____ help _____ the sleeve length _____ in _____ product _____?

_____ were specifically measured when _____ sleeve length _____ the _____ details?

_____ decide the _____ under _____ details, _____ was _____ measured?

When _____ the sleeves _____ the product _____ what _____ were _____?

_____ were _____ measure sleeve length in this _____?

What parts were _____ length in _____?

_____ areas were _____ to _____ sleeve _____ determining the product's _____?

_____ measured to _____ that when determining the _____ length _____ in _____ details?

What _____ measured _____ the mentioned sleeves _____?

_____ parts were measured when _____ determining _____ lengths?

_____ you tell _____ areas _____ used to _____ length on this _____?

_____ product _____ can _____ specify which components are _____ in _____?

_____ parts were _____ sleeve length in _____ product details?

Can you say _____ components _____ in _____ measuring Sleeve _____ product details?

When _____ sleeve _____ under the product _____ parts _____.

When _____ the _____ length mentioned _____ product _____ what _____ were _____ do it?

Under _____ details, _____ areas _____ measurement _____ calculate sleeve _____?

Which specific _____ measured _____ length?

_____ are the _____ of sleeve measurements?

When _____ the sleeve _____ mentioned _____ details, what _____ measured _____?

_____ the _____ mentioned in the product _____ parts _____ measured?

_____ were measured _____ calculating sleeve _____ under _____ details?

What parts _____ to determine _____ the product details?

What areas _____ for _____ length in the _____?

Which _____ are _____ in _____ to _____ the _____ length?

What _____ were individually _____ when determining the _____ length _____ product _____?

_____ there any information _____ were measured to determine _____?

Which part was measured _____?

When determining _____ of the _____ parts were _____?

_____ wondering if you can _____ are used for measuring _____ the _____.

When determining the sleeve _____ the _____ specific parts _____.

What _____ the parts _____ measured _____ sleeve _____ in _____ item?

_____ parts _____ to _____ sleeve length?

_____ measured when calculating the sleeve _____ in _____ details?

So...which _____ were _____ for _____ length?

Do you _____ which _____ determine _____ sleeve length in _____ product?

Which _____ for analyzing _____ sleeve size in _____ product _____?

_____ determining _____ length _____ product _____ which parts _____ measured?

Can you tell _____ parts _____ measured _____ sleeve _____.

_____ sleeve _____ mentioned _____ product _____ what parts were individually _____?

Which _____ were _____ the _____ length?

What _____ measured for Sleeve _____ details

_____ were _____ determine sleeve _____ the product's details?

It _____ the product _____ that _____ are _____ in the measure _____ sleeve _____.

Which areas were _____ to determine _____ details?

_____ areas _____ to calculate _____ sleeve _____?

_____ parts measured for sleeve _____ product details.

When _____ comes to determining _____ what _____ specific _____ measured?

_____ areas get _____ find sleeve _____?

_____ areas underwent measurement to _____?

What _____ specifically measured _____ determining _____ in product details?

Which areas were _____ the _____ of _____ sleeve?

_____ measurement _____ establishing sleeve length?

_____ in the measure of _____ length are listed under _____

_____ weremeasured _____ order to determine the sleeve _____?
 _____ parts were _____ lengths under product details?
 _____ areas get measured _____ sleeve _____?
 _____ part specifically weremeasured _____ determining _____ length _____ product _____?
 _____ specific parts _____ in _____ the _____ length?
 Do you know _____ measured to _____ the _____ length?
 In _____ sleeve _____ what parts _____?
 What _____ measured for _____ longest _____ the product?
 So...what _____ measured _____ this _____ length?
 When establishing sleeve length, _____?
 The _____ measured _____ determining the sleeve _____ mentioned _____ product details
 _____ parts were measured _____ length _____ the _____ information?
 Which parts _____ looked at _____ sleeve _____?
 _____ in determining the _____ length?
 _____ specific areas _____ calculate _____ length?
 _____ the parts that _____ determining the stated _____ size?
 What _____ components _____ were measured _____ determine _____ featured under _____ details?
 Which _____ measured _____ the sleeve _____?
 _____ there any information _____ were measured _____ determine _____ length?
 What _____ measured to _____ sleeve _____?
 _____ length under the product _____ which _____ measured?
 What parts _____ the _____ length?
 _____ parts were measured _____ sleeve _____?
 What pieces _____ the _____ sleeves?
 Which areas _____ to _____ sleeve length?
 _____ areas are _____ the _____ to _____ sleeve length?
 When _____ sleeves _____ which _____ bits were _____?
 What specific _____ underwent measurement _____ establishing _____ length _____ section?
 Which areas were _____ sleeve length _____ determining _____ details?
 When _____ in product details, _____ parts were _____ measured?
 When _____ length mentioned _____ the _____ measured to do so?
 Which components determines the _____ length _____?
 The parts measured _____ sleeve _____ are specified _____.
 _____ measures were _____ the _____ length under the product _____?
 _____ areas are _____ to _____ length _____ the sleeves?
 _____ parts were measured, when _____?
 Do _____ specific components _____ determine the sleeve length _____ product _____?
 Which parts _____ sleeve length in _____ item?
 What _____ specifically weremeasured when determining _____ in the _____?
 _____ determining _____ sleeves _____ under _____ details, specific _____ were measured.
 _____ what components _____ to _____ the sleeve _____ under product details?
 _____ components that are _____ sleeve length are _____ under the _____ details.
 What elements are _____ in _____ to _____ the sleeve _____?
 _____ it _____ to _____ the _____ measuring sleeve _____ the product details?
 Were the _____ accounted _____ analyzing _____ sleeve size included in _____ information?
 Do you know _____ was _____ to _____ featured _____ the product?
 What parts _____ determining the sleeve _____ mentioned in the product _____?
 What areas _____ considered when _____ the _____ length in _____?
 Which _____ measured _____ thesleeve length?
 Can _____ tell _____ how _____ components _____ sleeve _____ product details?

What _____ determining the sleeve _____ listed _____ product details?
_____ specific components utilized _____ the _____ of _____ listed under _____ product.

What parts were _____ determining _____ the product?

What _____ were _____ order _____ the sleeve length?
_____ like _____ know _____ areas were _____ determine the _____ length.

When _____ sleeve length _____ details, what _____ measured _____?
_____ you know _____ components were _____ length is shown?
_____ know _____ parts were _____ to determine the _____ under _____ details?
_____ were measured to _____ sleeve _____?

What _____ were measured when determining the _____ length _____?
When _____ length _____ details, what specific parts _____ measured?

The _____ were measured when determining the _____ length _____ the _____.

Which _____ to establish _____ sleeve _____?

Which _____ get measured to _____?
_____ they _____ for the _____ length?

Which _____ were _____ make a _____ of _____ length?

What _____ were mentioned _____ the _____ for _____ sleeves?

Which _____ measured to _____ the _____?
_____ details, can you specify _____ components _____ sleeve length?

Which _____ when deciding on _____ length?

What _____ were _____ measured when deciding _____?

Is there _____ components _____ accounted for _____ the product information?
_____ calculating _____ sleeve _____ mentioned _____ details _____ specific parts were measured.
_____ which _____ are _____ to _____ sleeve _____?
_____ to establish item sleeve _____?
_____ the parts _____ sleeve length listed _____ details?
_____ segments were _____ establish _____ as _____ in the product _____ section?

What parts _____ measured _____ length under product _____?
_____ were _____ during _____ evaluation of _____ sleeve length?
_____ sections were evaluated _____ length?
_____ were measured in order _____ determine sleeve _____?

What parts specific _____ determining the sleeve _____ mentioned _____ the _____?

What _____ in _____ product details _____ the sleeve _____?

Which parts _____ the _____ the product details?

Can _____ tell us which areas _____ determine the _____?

What _____ were _____ when _____ length _____ product details?

What specific _____ were measured in _____ to _____?
_____ evaluated _____ establish sleeve length?

Which _____ underwent measurement _____ in the _____ section?

Were _____ components which _____ analyzing and concluding _____ detailed _____ product information?
_____ segments underwent measurement _____ length in the _____ product _____?
_____ parts _____ weremeasured when determining _____ in product _____?

When calculating the _____ mentioned _____ product _____ parts were _____?

Which areas _____ determine the specific _____?

Which _____ measurement _____ to establish _____ sleeve length?

Which _____ were measured when _____ was _____ in _____ details?

Which areas _____ measured to see _____ the _____?

What parts weremeasured in order _____?

The _____ considered in _____ are _____ under product details.

What _____ sleeve length _____ the _____ details?

Which _____ when _____ sleeved length?

Which _____ were _____ for _____ length _____ this item?

_____ are _____ for sleeve length in the product _____?

When _____ out _____ sleeve _____ which specific _____ measured?

Which _____ of _____ to calculate the _____ length?

Can _____ tell me _____ parts were _____ sleeve _____?

I'd like to _____ what components _____ used _____ sleeve length _____ details.

_____ parts _____ when _____ the sleeve _____ mentioned in product _____?

What _____ for in _____ the mentioned _____ length?

What _____ were measured for sleeve _____ description?

_____ calculating _____ length under product _____ what _____ measured?

Which sections were _____ measure _____?

_____ parts were measured when it _____ sleeve _____ mentioned?

The specific _____ used _____ the measure _____ sleeve _____ mentioned under _____

_____ specifically _____ measured _____ deciding the sleeve _____ mentioned in the _____?

_____ establishing sleeve length, which _____?

_____ were _____ for the _____ length _____ product details?

_____ parts played a _____ the stated _____ length?

_____ parts _____ when _____ came _____ sleeve _____?

_____ determining _____ in product details _____ parts _____ and which ones?

Which parts _____ them were _____ when _____ sleeve length in _____?

Which _____ determining the sleeve _____ the _____ details?

To _____ length _____ details, what _____ were measured?

Which areas _____ to _____ length?

When _____ sleeve _____ segments _____ measurement?

Which segments underwent _____ determine _____ as seen in _____ details _____?

_____ was measured _____ to sleeve length?

_____ product _____ which _____ determine sleeve _____?

_____ you state the specific components _____ the _____ length _____ the _____?

_____ determining _____ product details what _____ were measured?

_____ were measured _____ make the _____?

What parts were _____ measure _____ of the _____?

_____ the product _____ specifically measured to _____ sleeve length?

Under the product _____ you _____ the components _____ measuring sleeve _____?

_____ were measured _____ in the specifications?

When determining _____ sleeve _____ product _____ parts specifically _____?

_____ sleeve length _____ the product details _____ by which _____ were _____.

Which measures were _____ determine _____ product details?

_____ there _____ accounted _____ analyzing and concluding sleeve size _____ information?

Can _____ tell _____ which _____ are _____ in _____ length?

_____ it possible to tell me _____ were _____ determining stated _____?

Which _____ on sleeve length?

_____ parts were _____ while determining _____?

What specific components _____ to _____ the _____ in _____ product details?

Which _____ for sleeve _____?

_____ parts were _____ in your product details?

_____ determining the _____ parts _____ measured?

_____ were measured _____ the mentioned sleeve _____?

The _____ components that _____ the measure _____ sleeve length is listed _____.

When _____ the sleeve _____ mentioned in _____ details, _____ parts _____?

Which _____ measured _____ of the sleeve length?

_____ possible _____ specify the specific components _____ used in the _____ length under _____ ?
_____ were _____ measured in regards _____ sleeve _____?

When _____ determining the sleeve length under product _____ measured?

_____ the sleeve length _____ in _____ details what parts were _____?

_____ specific _____ were _____ decide the _____ length?

_____ were _____ the sleeve length?

_____ you know _____ areas _____ to determine _____ on this _____?

_____ when determining sleeve length under _____ product _____?

Which part _____ for the _____?

_____ you _____ were measured _____ see the sleeve _____?

_____ segments _____ measured when establishing _____ length in _____ product _____ section?

_____ the measure of sleeve _____ is listed under _____ product?

_____ you tell _____ examined to determine the sleeve _____?

What parts _____ were measured when _____ came _____ the sleeve length _____?

_____ parts and which _____ measured _____ determining _____ sleeve _____ in product _____?

What _____ parts _____ when _____ on the _____ length?

Which outlined components _____ for analyzing _____ concluding sleeve _____ product _____?

When determining _____ mentioned in product _____ were measured _____?

Which _____ were _____ check sleeve _____?

When _____ out _____ length which _____ bits got _____?

When determining the _____ mentioned _____ the _____ were measured

_____ was _____ for the Sleeve _____?

When creating _____ which _____ measurement?

Which areas _____ to pick _____ sleeve _____?

_____ specific parts _____ in _____ calculation _____ the sleeve length?

Which _____ to _____ the _____ of the sleeve?

_____ determining the sleeve _____ in product _____ were measured _____ which _____?

_____ areas get _____ to _____ the sleeve _____?

When calculating the sleeve _____ in _____ details, _____ parts _____ measured?

_____ were _____ when it came to _____?

_____ the sleeve length _____ details, what parts were _____?

As per product _____ specific _____ get _____ sleeve length?

Is there any information _____ were measured _____ determine _____?

_____ know which _____ to determine which sleeve _____ is _____ under _____ product _____?

_____ decides the _____ length described _____ product details?

_____ sleeve _____ product details, which _____ were _____ specifically?

_____ determining _____ length mentioned under the _____ details, _____ parts _____?

_____ areas _____ into account when _____ the _____ length _____ details?

_____ sleeve length mentioned in _____ were measured and _____ ones?

What elements _____ included _____ product details _____ measuring _____ length?

_____ were specifically measured _____ it came _____ the sleeve _____?

Which _____ were _____ to determine the _____ length _____ this _____?

_____ parts _____ and which ones _____ the sleeve length _____ in _____?

_____ areas were _____ the product's _____ length?

What _____ were _____ for the _____ length _____ the _____ details?

_____ they measure _____ sleeve length?

Which areas _____ sleeve length?

_____ you _____ which components are _____ to _____ sleeve _____?

Which _____ figure out _____ length?

_____ that _____ the measure of sleeve _____ is listed _____ product.

When determining the _____ measured?

Can you _____ me _____ the components _____ were measured _____ determine _____ ?
_____ pieces _____ you _____ for _____ length?

_____ individually measured when _____ length mentioned in _____

Which areas were measured _____ sleeve _____ product _____?

When _____ the _____ in _____ details, _____ were measured to _____ so?

_____ you _____ which _____ were used to determine _____ ?

_____ components _____ account for analyzing and _____ sleeve _____ to the _____ information?

What parts _____ out _____ sleeve length?

_____ were measured _____ deciding _____ sleeve _____ under product _____?

When determining sleeve _____ product _____ what _____ individually _____?

_____ areas were _____ for sleeve _____ according _____ details?

_____ are taken into account _____ sleeve _____ mentioned in _____ product _____.

What parts specific _____ when _____ sleeve _____ in _____ details?

_____ parts had _____ be _____ came _____ sleeve length?

Which components _____ the sleeve length _____ in _____?

Do _____ know which _____ were measured _____ length in _____?

_____ parts were _____ and _____ were used _____ the _____ mentioned in the product _____?

The _____ details _____ what areas _____ for _____ length.

_____ you _____ which components were _____ to _____ sleeve length _____ the _____?

_____ were _____ to determine the sleeve length?

_____ determine _____ sleeve _____ under the _____ details, what _____ measured?

_____ measured _____ in determining the sleeve length?

Which parts were specifically measured _____ sleeve length _____ the _____?

_____ was measured _____ sleeve _____?

Could you tell _____ which _____ to determine _____ length?

_____ were measured _____ length?

_____ areas _____ arrive at the stated sleeve _____?

_____ it possible to _____ components _____ length _____ the product details?

_____ are _____ that _____ measured for the sleeve _____?

Which parts _____ measured _____ when _____ length _____ details?

_____ weremeasured for _____ length?

When _____ mentioned _____ product details, _____ parts were measured to _____?

_____ parts are _____ when determining _____?

_____ measurement to _____ sleeve lengths?

_____ specific were _____ when determining _____ sleeves _____ in _____ details?

_____ areas are measured _____ decide _____?

Is there _____ component used in the _____ length _____ product?

_____ areas _____ measured to determine _____ length _____ product's details?

_____ specifically were _____ when determining _____ length in _____ details?

_____ the sleeve _____ stated in product details, _____ measured?

Is _____ specify the _____ used to _____ sleeve length _____ product _____?

_____ were specifically measured _____ the _____ length mentioned _____ product _____?

What _____ were individually _____ when determining _____ length mentioned _____ details?

Do _____ which _____ were measured _____ the sleeve _____ under product details?

_____ the sleeve _____ the product _____ what parts were _____?

Which _____ the _____ were measured _____ to sleeve _____?

_____ parts specifically _____ perform _____ task _____ determining the sleeve length _____ product details?

_____ parts _____ measured _____ the sleeve _____ in product details?

Which _____ when the _____ length was _____?

_____ determining the sleeve _____ the product details, _____ individually measured?

_____ components that are _____ sleeve _____ are _____ in the product _____.

Specific _____ that _____ in _____ of sleeve _____ are mentioned _____ details

_____ areas _____ taken into account _____ sleeve _____ in the product _____?

_____ you know _____ were measured _____ determine the _____ length?

_____ parts _____ individually measured when calculating the _____ details?

_____ measured for _____ length?

_____ sleeve length mentioned _____ the product _____ was _____ specific _____.

Which _____ specific were measured when _____ the _____ in product _____?

_____ parts _____ were measured _____ when determining the _____ in _____?

_____ determining sleeve _____ to the _____ what particular elements _____ into _____?

_____ product details _____ particular part _____ when determining sleeve length?

_____ parts _____ individually measured for the _____ mentioned in _____?

_____ sleeve _____ which specific _____ measured?

What areas _____ determine _____?

_____ were taken _____ measuring the sleeve length in _____ product _____.

_____ you _____ me which _____ were _____ to _____ the sleeve _____?

What _____ measured, when _____ sleeve _____?

_____ you _____ areas were _____ determine the sleeve _____?

When determining the _____ in the _____ what _____ specifically measured?

Which _____ were _____ determining sleeve _____ detailed specifications?

_____ areas are measured to get _____?

The _____ components which _____ used in _____ measure _____ mentioned under _____ details.

Specific components _____ the _____ sleeve length _____ mentioned in _____.

Can you tell _____ components _____ in the _____ the product details?

Which _____ the sleeve length in _____ details?

The _____ used in the _____ of sleeve length _____ under _____ product

_____ product details, _____ to determine _____ sleeve _____?

Which areas are _____?

_____ components that accounted for analyzing _____ sleeve size _____ within the _____?

_____ were _____ to figure out _____ sleeve length _____ product _____?

_____ parts were _____ when looking at _____?

What _____ were individually measured when _____?

When _____ the length _____ what parts specifically _____?

_____ parts _____ determine sleeve length _____ this item?

_____ areas _____ while _____ the _____ length mentioned _____ the product details?

What parts _____ specifically _____ calculate _____ length _____ in the _____ details?

_____ determined _____ measurement of sleeves _____ product?

_____ possible to _____ which _____ were measured _____ sleeve length _____ details?

_____ parts _____ determining _____ lengths?

What part _____ the _____ length?

Which parts _____ are measured _____ calculate sleeve _____?

What parts were _____ in order to determine _____ mentioned in _____?

Under _____ what was _____ to decide _____ sleeves _____?

When _____ length mentioned in the _____ what _____ parts _____ measured?

Can _____ me _____ parts were _____ determine the sleeve _____?

_____ when determining _____ sleeve lengths?

When _____ length _____ in product details, the _____ parts _____.

_____ segments _____ when establishing sleeve _____?

What parts were measured _____ to _____ sleeves _____?

When _____ length mentioned _____ what parts and _____ ones _____ measured?

_____ the _____ length mentioned in _____ details, _____ parts _____ individually _____?

_____ areas were used _____ calculate sleeve _____ item?

_____ segments underwent _____ to establish _____ lengths _____ the product _____ section?

_____ measurement to _____ sleeve length in _____ aforementioned _____?

When _____ the _____ mentioned in the product _____ were measured to _____?

_____ sleeve length _____ the description?

_____ sleeve length mentioned in _____ details _____ using _____ specific _____.

Which _____ measures were _____ determine the sleeve _____ product _____?

What _____ specifically _____ when _____ sleeve _____ the product details?

Do _____ know _____ parts _____ determine the sleeve length?

_____ parts _____ individually measured when determining sleeve _____ product _____?

_____ had _____ when establishing sleeve _____ the product _____ section?

When _____ comes to _____ parts were _____ measured?

Specific _____ that _____ used _____ measurement _____ sleeve _____ under the product.

When determining _____ length mentioned in _____ were measured to _____ it?

When _____ length under the _____ the _____ were measured.

What parts _____ measured _____ sleeve length?

_____ areas _____ measured _____ determine sleeves _____?

Do you know _____ to determine _____ sleeve _____ in _____ product?

When _____ length _____ product _____ parts were measured?

What _____ taken for the sleeve _____ in _____?

The _____ mentioned _____ the _____ details was _____ using _____ parts.

What _____ were _____ determine _____ sleeve length?

What parts specifically weremeasured when _____ in _____ details

Which _____ measured when it was _____ sleeve _____?

_____ were _____ it came to sleeve _____?

When _____ the _____ product _____ what _____ were measured individually?

What elements _____ considered _____ measuring _____ the _____ details?

What _____ measured _____ find the _____ length?

What parts specifically _____ when determining _____ length _____ product _____?

_____ were _____ to figure out the _____ in the _____ details.

What areas _____ to _____ the _____?

_____ parts _____ measured when _____ length?

_____ sleeve _____ in _____ was measured by specific parts.

_____ measured individually _____ calculating sleeve _____?

When determining _____ sleeve length in _____ were _____?

_____ responsible _____ concluding sleeve _____ specifically detailed within _____ product information?

What parts _____ weremeasured when determining _____ details?

What _____ when _____ the _____ length?

_____ sleeve _____ what _____ were _____?

_____ part _____ sleeve length?

Which _____ measured _____ sleeve length _____ product details?

_____ undergo _____ calculate the sleeve length, _____ product _____?

_____ components _____ sleeve _____ in _____ product _____?

_____ determining the sleeve _____ what _____?

In the product _____ what _____?

What areas _____ measured _____ length in _____?

_____ went _____ to establish sleeve length?

_____ the _____ what specific elements were _____ calculate _____ sleeves?
_____ in order to know the _____ length?
Can you specify _____ parts that _____ length?
When determining the _____ length _____ in _____ details _____ were _____?
Which areas were _____ to _____?
_____ parts specifically were _____ so _____ sleeve length in product _____?
_____ parts were _____ their sleeve _____?
In _____ product details, please _____ me _____ were _____ sleeve _____.
_____ the _____ in the product details, _____ parts specific _____?
_____ precisely assessed for _____ length?
What _____ measured _____ the _____ length?
_____ parts specifically _____ to _____ when _____ the sleeve length mentioned _____ details?
In order to determine the sleeve _____ in _____ parts _____.
What _____ were _____ in _____ determine _____ sleeve lengths?
_____ sleeve _____ in the product _____?
I _____ know _____ used to measure the _____ the _____ details.
The _____ details section _____ the segments that _____ establishing _____.
Were _____ components that _____ for analyzing and _____ in _____ information?
Do _____ know which components _____ for _____ length?
_____ parts _____ measured when _____ sleeve _____ the product _____?
_____ parts _____ for _____ lengths?
When _____ sleeve length in _____ parts measured?
_____ product details, what _____ were _____ for the _____?
When _____ the sleeve length, _____ were _____?
What _____ were _____ when _____ sleeve _____ product details?
The parts _____ for _____ specified by _____ details.
Did they measure _____ to arrive at _____ the _____?
Which parts were _____ it _____ to _____ specifically?
_____ you _____ the component used _____ measuring Sleeve _____ under _____ product details?
_____ are _____ that were measured for _____ length?
_____ you tell _____ the components _____ the _____ under _____ product details?
To determine _____ mentioned _____ product _____ parts were measured.
The specific _____ that _____ used _____ the _____ sleeve length are _____ product _____.
_____ underwent measurement to _____ according to the product _____?
Which specific _____ are _____ in _____ sleeve length?
_____ sleeve length, what parts _____ measured?
Specific _____ are used in the _____ length _____ under the product _____.
When _____ sleeve _____ mentioned in product _____ what parts _____.
Specific parts were _____ mentioned _____ the product details.
When determining _____ length _____ which _____ were specifically _____?
_____ measured _____ to sleeve length?
_____ unique components _____ when determining sleeve _____ product details _____?
Which parts _____ to determine _____ size?
_____ determining _____ sleeve _____ details what _____ specific were measured?
_____ sleeve length mentioned _____ product _____ parts were _____?
_____ the _____ length described?
What _____ were _____ measured when _____ sleeve length _____?
What _____ were measured _____ length?
_____ parts _____ determining _____ length?
_____ specifically _____ to measure the sleeve length mentioned _____ details?

_____ parts _____ measured _____ the sleeve _____ was _____?

_____ details, _____ know which parts were _____ for sleeve _____?

Can _____ tell me _____ specific _____ used _____ the measure _____ sleeve _____ listed _____ the product?

_____ segments underwent measurement to _____ product details section?

Is _____ to say _____ examined for determining the _____ size?

Which _____ of the product _____ calculate the _____?

_____ the sleeve length under the _____ details _____ were _____?

The specific _____ in _____ of sleeve _____ are _____ under _____ details.

Which _____ order to find out the _____?

_____ areas were _____ for the _____?

_____ parts were _____ it was _____ length?

When _____ sleeve _____ mentioned _____ the details, which _____ measured?

_____ components were measured _____ sleeve _____?

_____ parts _____ measured _____ determining the sleeve _____ mentioned in the _____?

What _____ did _____ for sleeve _____?

Can you _____ me _____ parts were measured _____?

What parts _____ were _____ determine _____ length _____ product details?

Which parts _____ sleeve _____ was _____?

_____ parts were _____ when _____ came _____ determining the sleeve _____?

Which _____ to get item sleeve length?

When it _____ determining _____ what parts specific _____?

_____ length _____ to the product details, what _____ were taken _____?

_____ parts _____ specifically _____ determine the sleeve length _____ in the _____?

_____ undergoes measurement to _____ sleeve _____?

Which parts _____ for _____ length?

What _____ were you measuring _____?

_____ you tell _____ parts _____ for sleeve length?

The _____ used in _____ mentioned in the product detail.

_____ parts determine _____ length described in _____ details?

Which segments were measured _____ in _____ product details section?

_____ were _____ when _____ sleeve _____ the product details?

What _____ individually measured when _____?

_____ were measured when determining the _____ details?

Which parts _____ measured _____ in _____ to _____ length?

When determining the _____ length _____ what _____ were _____?

Do you know _____ were measured _____ sleeve _____ in product _____?

Are there _____ elements used to _____ the _____ details?

Which _____ went _____ to establish _____ length in _____ product _____?

_____ parts _____ measured for _____ length in the _____?

_____ areas were measured _____ length _____?

When _____ the sleeve _____ product details, _____ measured?

_____ were measured to _____ length of the _____?

Which parts _____ calculating _____ length?

_____ were assessed _____ for _____ sleeve _____?

_____ were measured to determine _____ when _____ the _____ details?

Which components _____ stated _____ product _____?

What _____ to estimate sleeve _____?

When it _____ to _____ the sleeve _____ were _____?

_____ are _____ used _____ measure the sleeve _____ in product _____.

_____ parts were _____ when _____?

It is listed under ____ product ____ components ____ measure ____ sleeve length.

The ____ described in the ____ is ____ which parts.

____ measured ____ make the sleeve ____ determination?

____ areas ____ into account when measuring ____ length ____ details?

Which areas ____ decide ____ length?

When ____ the ____ in product ____ specifically were measured?

____ were measured ____ determining ____ length?

____ determining the sleeve length ____ details what parts ____ measured?

____ determining ____ under the product details, the ____ weremeasured.

Which ____ sleeve ____ product description?

When determining the ____ mentioned ____ the ____ were measured.

Which ____ were measured ____ when ____ the ____?

____ segments ____ measurement ____ establishing sleeve ____?

____ parts ____ measured when ____ the sleeve length ____ the ____?

What parts ____ when ____ the sleeve ____ mentioned in ____?

____ parts ____ measured ____ sleeve length?

____ areas were measured to ____?

Which ____ were measured ____?

What ____ were ____ the ____ in the product ____?

What parts were ____ of ____ sleeve length?

Can you ____ the ____ that are ____ measurement of sleeve ____?

____ parts ____ individually measured ____ the ____ length ____ in ____ product details?

____ are ____ determining sleeve length?

____ parts ____ you ____ measure for ____ length?

Could you ____ which ____ were measured to determine ____ sleeve ____?

In ____ product ____ specific ____ determine sleeve ____?

Which ____ measured when ____ came to the length ____?

Is ____ say which ____ for sleeve ____ in ____ product details?

____ specific were ____ when determining the sleeve ____ details.

Which ____ When determining the ____ length under the ____?

Can you ____ which ____ were ____ for sleeve ____?

Can you tell me which components ____ in ____ sleeve ____?

Which ____ were ____ when ____ to the ____?

When determining the sleeve ____ in ____ what ____ individually ____?

Under ____ product ____ you ____ in the measuring Sleeve length?

____ were ____ during the ____ of the sleeve ____?

____ calculating ____ sleeve ____ under the product details, ____ parts ____.

Which ____ were ____ it ____ to sleeve length?

Which ____ taken ____ the sleeve ____ under product ____?

____ measured when ____ sleeve length?

____ parts when ____ sleeve ____ in ____ detail?

____ measured when ____ sleeve ____?

Specific ____ were ____ sleeve length mentioned under ____ product ____.

Would the parts ____ be specified ____ the product ____?

Did ____ which areas were measured ____ length ____ sleeve?

____ details, where specific areas ____ to ____ sleeve ____?

What ____ parts ____ in relation ____ mentioned ____ length?

Which ____ were examined for ____ size ____ specifications?

When determining ____ the product ____ specific ____ were measured.

____ the product ____ can ____ tell ____ the ____ considered ____ sleeve length?

Which _____ underwent measurement _____ the sleeve _____ in _____ section?

_____ parts were _____ determining the _____?

Which _____ get _____ to _____ length?

Which _____ have _____ assessed _____ length?

What parts _____ measured _____ the _____ length _____ product _____?

_____ length, which parts were _____?

Can _____ state which _____ the measure of _____ length?

_____ the product _____ what _____ were _____ into account _____ sleeve length?

_____ segments _____ measurement _____ sleeve length?

_____ parts _____ measured when it _____ to _____?

Which parts _____ for _____ size?

Under product _____ was _____ to decide _____ sleeve _____?

What _____ measured in the _____ of the _____?

Do _____ any information on _____ measured _____ to _____ the sleeve length?

_____ the _____ can you _____ components used to _____ length?

_____ parts specifically were measured _____ determine _____ mentioned _____ the product _____?

Which exact _____ underwent _____ length?

What was _____ account to _____ the sleeves _____ the _____?

Which parts _____ measured _____ sleeve _____?

What parts were _____ measured _____ choosing _____?

_____ the product _____ was measured for _____?

Which _____ measured _____ determine _____ desired _____ length?

Which _____ were _____ understand the _____?

_____ parts were _____ which _____ included in _____ sleeve length _____ the _____ details?

What _____ this sleeve length?

What _____ measure for sleeve _____?

_____ that _____ measured for sleeve length _____ the _____ details.

_____ parts _____ measured when _____ sleeve _____?

In _____ were considered _____ measure the sleeves?

_____ are measured _____ arrive _____ the _____ length?

_____ product details, can _____ what _____ are _____ measuring sleeve _____?

_____ parts were _____ to measure the sleeve _____ in _____ details?

What _____ measured when trying _____ the sleeve _____?

What specific _____ got _____ when fig'rin _____?

_____ were _____ determining sleeve size _____?

_____ specific places get _____ to _____?

_____ were _____ to determine the _____ under _____ product details.

_____ it possible _____ componentmeasures sleeve length _____ details?

Which _____ measured to determine _____?

To decide _____ sleeve _____ under _____ what _____ measured?

_____ areas were _____ for _____ the product details?

When determining _____ length mentioned in _____ were individually _____?

Which parts _____ measured when they _____?

_____ were _____ in order to _____ the _____ length under the _____ details?

_____ wondering if you _____ the components used for measuring _____ sleeve length _____.

Which _____ you _____ for sleeve _____ in this _____?

Which areas _____ in _____ to _____ the _____ length?

_____ were _____ specifically to determine _____ sleeve _____ mentioned _____ the product _____?

_____ specifically _____ when it came _____ mentioned in product details?

Which areas _____ measured in order _____ the _____?

What areas _____ determine _____ of the sleeve?

In the _____ details, what elements _____ to _____?

What was _____ into _____ the product details?
