

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network outages and service disruptions
Inquiry Sub-Category	Limited service availability
Description	Customers may be in areas where only certain services, such as voice calls, are available, while others, like internet access, are not.
Data Size	5,014 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

____ are ____ calls ____ during ____ outages or disruptions ____ affect ____ ?
____ do ____ make sure ____ calls are ____ received ____ responded ____ when ____ is ____ ?
____ calls ____ despite ____ disruptions elsewhere?
____ failures and ____ emergency ____ ?
____ calls to ____ still ____ even ____ the network is ____ ?
____ down or other services are disrupted, how ____ calls ____ ?
____ there ____ call ____ service disruptions?
How ____ handle ____ when your network ____ ?
____ are the ____ taken to ____ call access?
____ how ____ emergencies be called?
____ calls are maintained ____ affect other ____ .
____ emergency call system ____ when there ____ network ____ ?
____ for help unaffected ____ elsewhere?
____ a ____ everything else can calls ____ made ____ emergency services?
____ issues ____ other services ____ are ____ place ____ make emergency ____ operational?
____ call system ____ the network is unavailable?
Emergency calls ____ be maintained ____ services ____ .
____ be made ____ emergency ____ the network is down?
When there is ____ disruption ____ be ____ to ____ services?
How do you ____ emergency ____ can ____ be received and ____ outage?
____ the ____ happens to emergency calls?
____ there ____ network ____ happens to ____ emergency calls?
____ the measures taken ____ guarantee ____ emergency call access ____ ?
If ____ network disruption can ____ ?
If the ____ emergency calls ____ ?
When network ____ other services, what ____ are ____ place ____ calls ____ ?
____ it ____ emergency calls to ____ if ____ occurs?
____ it possible ____ ensure continuous access ____ calls ____ ?
____ the ____ calls ____ service disruptions?

Does _____ call system work _____ the _____?

What _____ available for keeping _____ a crisis?

_____ can you make sure that _____ calls can _____ received _____ event _____ network _____?

Is _____ a way to make _____ lines _____ fail?

_____ you _____ calls during _____ downtime?

_____ there is _____ failure, _____ are emergency calls _____.

_____ contacts may _____ disruptions.

_____ assistance remain unaffected _____ disruptions?

_____ take care _____ call _____ when _____ networks are down?

_____ might _____ making _____ phone calls.

_____ disruptions, Emergency _____ maintenance?

Is _____ maintain _____ to emergency _____ if there is _____ disruption _____ other mobile _____?

_____ is a _____ disruption, _____ happens _____ emergency calls?

_____ are emergency _____ the _____ is out?

Does _____ system _____ during intermittent _____ disruptions?

_____ maintaining emergency contacts.

When a _____ is knocked _____ emergency calls?

Emergency _____ maintained during network _____.

_____ the _____ call system work _____ other services _____?

How _____ you keep _____ calls _____?

When _____ network _____ down, _____ happens to _____ for _____?

_____ emergency _____ when _____ is disrupted?

Should emergency _____ continue _____ your _____?

_____ the _____ call system _____ after the _____ down?

_____ happens _____ impacting emergencies?

_____ way that emergency lines work _____ fail?

_____ emergency calls _____ ensured when _____ occur?

How does _____ respond to _____ when service _____?

_____ disruptions affect _____ emergency _____?

_____ failures _____ emergency call _____.

How do _____ make sure _____ made _____ service _____?

How can _____ continue _____ other services _____?

_____ can emergencies _____ called for?

_____ do _____ sure that emergency calls _____ still _____ and responded _____ a _____ outage?

_____ be taken _____ of amidst service disruptions?

Handling emergencies _____ networks?

How do _____ calls continue _____ is _____?

When _____ disrupted, what happens _____?

If _____ disruption _____ everything else, _____ still be _____ to _____ services?

When _____ services what measures are in _____ emergency _____ work?

Emergency _____ be _____ network failures.

How _____ we _____ phone connections _____ a _____?

_____ can _____ keep _____ calls _____ network _____.

_____ continue during network _____.

_____ emergency _____ in network downtime?

How _____ deal _____ calls when your network _____?

_____ there is a _____ outage _____ happens _____ emergency _____?

How to _____ emergency _____ during _____.

When there are _____ happens _____ emergency _____?

_____ there a way to _____ amid disruptions?

_____ emergency _____ when other _____ are disrupted?

How about _____ during _____ disruptions?

How _____ you maintain _____ during _____?

_____ may affect _____ phone calls.

_____ can emergency calls _____ network is _____?

_____ service disruptions _____ a question

Can you _____ sure _____ services work _____?

Is _____ to maintain emergency _____ when _____ are disrupted?

_____ calls should be _____ during _____.

Is _____ a _____ so _____ don't lose access _____ the _____ service _____ an _____?

_____ calls _____ network disruptions affect other _____.

How do you _____ network _____ occur?

_____ call _____ able to work during network _____?

_____ should we keep _____ network _____?

During _____ disruptions _____ happens _____ emergency _____?

How do emergency _____?

_____ do _____ handle emergencies _____ in _____ network?

_____ you make sure emergency _____ still be _____ the _____ of a _____?

_____ are _____ measures _____ ensure stable _____ call access _____ disruptions?

How can _____ emergency calls _____ issues?

How to _____ emergency _____ network _____?

During _____ what _____ emergency calls?

_____ possible _____ ensure continuous calls _____?

How _____ you _____ sure that _____ in _____ of a network failure?

Is there a _____ maintain _____ connections _____?

What happens to _____ the _____ down?

_____ emergency calls _____ network isn't _____.

When a _____ outage _____ other _____ emergency calls continue?

Will there _____ maintenance _____ service _____?

How _____ keep _____ in crisis?

Emergency contacts may _____.

_____ network _____ impact other _____ measures _____ in place to ensure _____ operational?

How _____ you handle emergencies _____?

What _____ taken to make sure _____ stable?

Do _____ call services _____ work _____?

_____ call maintenance _____ disrupted?

How _____ you deal with _____ when network _____ services?

_____ do _____ maintain _____ calls _____ network _____?

_____ calls amidst _____ disruptions

Ensuring _____ calls _____ disruptions.

_____ are _____ disruptions on _____ emergency _____.

_____ do _____ handle networking failures _____?

How can the _____ be _____ disruptions?

When _____ what _____ in _____ to make sure emergency calls remain _____?

_____ a way _____ keep crucial phone _____ crisis?

_____ emergency _____ maintained during network _____?

_____ possible for emergency _____ maintained _____ if there _____ disruption in _____ mobile services?

_____ disruption _____ emergency calls.

Is _____ way _____ maintain _____ calls during _____ issues?

_____ calls _____ maintained during network _____.

_____ a network _____ what happens _____ ?
 How do _____ continue even _____ is down?
 Does emergency _____ functioning during _____ ?
 What happens to _____ if there is _____ ?
 Can calls _____ services _____ be made even after _____ ?
 What _____ to emergency _____ network is _____ ?
 How _____ calls maintained _____ is disrupted?
 _____ calling _____ help _____ unaffected _____ disruptions?
 When _____ network failure _____ reported, _____ emergency _____ handled?
 _____ calls _____ remain operational when _____ other services.
 _____ calls _____ service disruptions?
 When _____ disruption _____ to the emergency _____ still be made?
 Will _____ be able to _____ emergency _____ an interruption?
 _____ calls have _____ be _____ service _____.
 How do _____ calls _____ issues?
 How _____ handle emergencies when _____ network _____ ?
 How _____ calls be kept up _____ there is _____ ?
 _____ there a _____ to ensure _____ emergency calls _____ ?
 Are _____ possible if _____ network _____ ?
 _____ network outage, _____ happens to _____ ?
 _____ you _____ with _____ call _____ when networks _____ down?
 Is there a _____ to _____ despite disruptions?
 _____ can be done _____ emergency calls _____ when _____ other services?
 _____ calls _____ maintained while other _____ are disrupted?
 _____ still be _____ to _____ emergency calls _____ the _____ ?
 When _____ network disruption can _____ still _____ emergency services?
 _____ calls _____ network _____ ?
 How _____ ensure _____ while _____ disruptions occur?
 _____ for help remain unaffected _____ ?
 _____ network _____ other services, _____ are put _____ place _____ ensure _____ calls _____ operational?
 How _____ you _____ calls in a _____ ?
 _____ call services _____ with _____ issues?
 _____ be kept going when services are _____ ?
 _____ there is a _____ failure?
 _____ do _____ get maintained _____ network _____ ?
 Amid interrupted _____ are _____ called _____ ?
 How _____ you deal with emergencies _____ is _____ or _____ ?
 _____ to emergency _____ when _____ a disrupted _____ ?
 During _____ happens to emergency _____ ?
 _____ do you _____ emergency call _____ when there _____ a _____ ?
 _____ help remain _____ despite service _____ elsewhere?
 Emergency _____ can have _____.
 Does calling _____ remain _____ despite service _____ in _____ ?
 _____ issues _____ other _____ measures are _____ place to keep _____ operational?
 _____ network _____ with emergencies when service is _____ ?
 Can _____ still be reached when _____ is _____ ?
 When a network _____ disrupted, _____ will _____ calls?
 _____ happens _____ emergency calls when there _____ a _____ ?
 Does the _____ work during _____ ?
 Emergency _____ need to _____ operational _____ occur.

Is there _____ maintain phone connections _____ a _____?

_____ are emergencies called for when _____ a _____?

_____ for _____ stay unaffected _____ service disruptions _____?

_____ the _____ is disrupted, _____ calls be _____ emergency _____.

Is it _____ maintain emergency _____ issues?

_____ the network _____ down, _____ emergency _____ made?

How _____ you deal _____ network disruptions _____ emergency _____?

How do _____ calls _____ the _____ is _____?

Do emergency calls _____?

_____ are _____ to _____ with _____ call _____ the network is down?

How _____ calls _____ ensured when _____ disruptions _____?

Emergency _____ are _____ by _____ issues.

_____ amidst service _____ done?

_____ can emergency _____ be _____ during _____?

_____ do you _____ emergency call maintenance when _____ a _____?

_____ it possible to _____ calls _____ network _____?

_____ are the emergency _____ handled _____?

How _____ take _____ maintenance while the network is _____?

Do emergency _____ during _____?

How do _____ handle _____ call _____ when _____ other services?

_____ it _____ to _____ connecting for _____ calls _____ disruptions?

_____ the _____ call system _____ during _____ network _____?

When _____ impact other _____ what _____ are taken _____ ensure _____ remain _____?

How _____ emergency _____ go _____ a _____ outage?

_____ a crisis, what _____ are _____ phone connections?

_____ remain _____ when network _____ impact other _____.

_____ do _____ calls go on _____?

How do _____ handle _____ network is _____?

_____ are affected if _____ network _____ out.

Does emergency _____ if the _____?

What _____ done to guarantee _____ emergency _____ access _____?

When _____ network outage, or when _____ disrupted, _____ emergency calls be _____?

_____ network _____ impact _____ services, what _____ are _____ keep emergency _____ operational?

During Network Outages, what _____?

Is _____ to _____ access to _____ help even if _____ a disruption _____ mobile _____?

Is _____ possible _____ there _____ disruption?

_____ might not _____ functional in _____.

When there is a _____ can _____ calls _____ kept _____?

How do _____ emergency calls going during _____?

_____ measures taken to guarantee stable _____?

Do emergency calls _____ service _____?

_____ may result _____ call maintenance.

_____ of disrupted services, how _____ emergencies called _____?

When network issues _____ other _____ what are the _____ calls _____?

When your _____ how do _____ calls?

_____ are _____ going _____ deal _____ emergency calls when _____ is _____?

_____ happens _____ emergency _____ when the _____?

In _____ of _____ network failure, _____ do you make _____ can _____ received?

What do _____ calls do _____ down?

Should _____ calls _____ during _____ disruptions?

emergency ____ maintenance ____ service ____?
 ____ calls continue ____ are network problems?
 ____ happens to ____ your ____ down?
 ____ calls ____ done when other services are ____?
 ____ do ____ calls ____ service disruptions?
 ____ do ____ sure ____ emergency calls can still be ____ in ____ of a ____ outage?
 ____ a network is ____ out, what will ____?
 ____ network disruptions ____ calls are ____?
 What happens ____ emergency calls ____ is a ____?
 ____ call ____ are ____ network issues?
 How are the ____ calls ____ during ____?
 ____ maintenance ____ there are ____?
 ____ are ____ called for ____ disrupted ____?
 How should emergency ____ be ____ of ____ disruptions ____?
 How do ____ calls can still ____ received ____ responded to when ____ a ____ outage?
 ____ a network is ____ and ____ services are disrupted, ____ be ____?
 ____ possible for ____ assistance ____ be maintained even ____ there ____ disruption?
 ____ emergency call maintenance ____ the event of network ____?
 ____ emergency ____ if there is a network ____?
 ____ the ____ is ____ what ____ emergency calls?
 ____ do you deal with emergency call ____ disruptions?
 How ____ calls be ____ going when ____ is ____?
 When a ____ calls, how are they ____?
 How ____ your ____ emergencies when ____ service interruption?
 What happens ____ the ____ or ____ affect other ____?
 ____ network disruption is ____ everything ____ calls ____ emergency services still ____?
 Emergency calls ____ a network ____ down.
 Ensuring emergency calls ____ how ____?
 How to maintain ____ occur?
 ____ of ____ may ____ affected ____ disruptions.
 How do ____ emergency ____ in ____ times?
 How ____ handle emergencies when your ____?
 Is there ____ way to make ____ emergency ____ when ____?
 ____ system work when ____ are networks down?
 Is ____ to keep vital phone connections ____?
 When a ____ knocked out what ____ calls?
 How ____ maintain emergency calls ____ there ____ network ____?
 ____ connectivity can ____ affected ____ failures.
 When a ____ is down ____?
 How ____ call maintenance when there is a ____?
 ____ network ____ what ____ emergency calls?
 How can ____ calls ____ kept ____ services ____ disrupted?
 When other ____ go ____ emergency ____ reached?
 ____ calls to ____ be made ____ network disruption?
 ____ network failure ____ how are ____?
 ____ taken ____ ensure stable emergency call ____?
 ____ it possible ____ guarantee stable emergency call ____?
 How do you make ____ emergency calls can ____ received ____ there ____ network failure?
 Is it ____ ensure ____ connection ____ emergency ____ amid ____.
 How ____ emergency ____ handled ____ is a network ____?

_____ the network goes down, what _____?

How do _____ keep _____ networks?

_____ network is _____ what _____ emergency calls?

Network _____ call connection.

When _____ network _____ happens, _____ calls be handled?

How will _____ handle _____ if _____ network _____?

How do _____ deal _____ call _____ there _____ network disruptions?

_____ disrupted _____ network outage occurs, how can emergency calls _____?

Is it _____ ensure continuous _____ emergency _____ amid _____?

Did _____ for _____ remain _____ service _____ elsewhere?

Is _____ possible to _____ continuous connections for _____ calls _____?

_____ if the network messes up?

When there is a _____ do we _____?

Emergency _____ when _____ how do _____ handle them?

_____ can be _____ if there is a _____.

What _____ emergency _____ when _____ network is _____?

When _____ network fails, _____ should _____ be _____?

Network failures that _____?

How can _____ phone connections _____?

Emergency calls _____ operational _____ network _____ services.

When _____ or when _____ are disrupted, _____ can emergency calls _____?

_____ network is disrupted, can _____ services be _____?

How _____ when service _____ interrupted?

How can _____ keep _____ in _____?

_____ do _____ handle _____ if your _____ down?

Emergency _____ operational when network issues are _____.

_____ failure occurs, _____ are the _____ calls handled?

_____ you maintain emergency calls _____ outage?

_____ a network outage or _____ are _____ how can emergency _____ maintained?

How are emergency _____ when _____ down?

Service disruptions _____ emergency _____.

How to _____ emergency _____ a _____?

_____ emergency call _____ work despite _____?

How do _____ emergency call _____ when _____ down?

Emergency contacts _____ by _____.

Network _____ urgent calls.

_____ there _____ to ensure continuous _____ for _____ calls?

_____ happens _____ when the network is _____

_____ calls _____ be made to _____ services _____ there _____ network _____?

How can _____ when there is a _____ outage?

_____ a network interruption affects everything else, can _____ be _____?

In a time _____ how should _____ for?

_____ do you _____ emergencies when your _____ goes _____?

Network _____ emergency _____ can _____ services.

When _____ disruption affects _____ can _____ still be _____?

_____ can _____ call maintenance.

_____ to make emergency calls _____ there is _____?

Is it _____ to ensure _____ lines _____ when _____?

_____ to emergency _____ network failure?

_____ you handle emergency _____ maintenance _____ are _____ disruptions?

_____ you _____ emergency calls in a _____?
 _____ can your _____ with _____ when _____ is disrupted?
 _____ services _____ depended on _____ network fails?
 How _____ deal _____ network is not working?
 _____ way to guarantee stable _____ call _____ during _____?
 Can _____ be _____ when there's _____ network disruption?
 _____ I keep _____ calls during _____?
 Is it possible _____ to _____ assistance _____ if other services _____?
 Can _____ work _____ networks are _____?
 What _____ to emergency _____ during _____?
 When _____ is knocked _____ happen _____ emergency calls?
 _____ methods used to ensure a _____ emergency _____?
 _____ emergency calls _____ during network _____?
 How can _____ calls _____ when _____ are _____?
 How _____ emergency _____ in _____ downtime?
 Is _____ possible _____ for _____ calls during disruptions?
 _____ emergency call _____ a network malfunction?
 _____ you _____ with _____ maintenance when the _____ goes down?
 _____ you keep emergency call _____ going when _____ are _____?
 In _____ disruptions, _____ stay functional?
 _____ to _____ calls during _____ issues?
 How do you _____ call maintenance while _____ down?
 Can calls _____ emergency _____ when _____ a network disruption?
 _____ you maintain emergency _____ issues?
 _____ emergency _____ get _____ when there _____ other _____?
 _____ are _____ calls maintained when there _____ a _____?
 How _____ maintained _____ there _____ a network malfunction?
 _____ you _____ up emergency calls _____ issues?
 _____ do _____ network handle _____ are disruptions?
 Is _____ to ensure emergency services _____ service _____?
 Is there a way _____ in _____ crisis?
 There _____ to _____ emergency telephone service _____.
 Is _____ services still _____ a network disruption?
 _____ emergency calls still _____ service _____?
 _____ about keeping _____ phone connections _____?
 _____ you do to _____ emergency calls _____ service _____?
 How _____ sure _____ emergency calls are _____ and _____ the event of _____ disruptions?
 _____ the _____ emergencies when _____ is disrupted?
 How do _____ calls _____ on _____?
 When a network disruption _____ can _____ still _____ the emergency _____?
 Can _____ made when there is a _____?
 How are _____ when _____ a network failure
 When network issues _____ services, what can _____ to keep _____?
 Amid _____ how are _____?
 Is _____ emergency _____ system _____ network _____?
 _____ possible to ensure _____ connected emergency calls _____?
 How disruptions _____ emergency _____?
 How _____ emergency _____ be _____ if there _____ a _____?
 Network issues _____ affect _____.
 _____ there any _____ important _____ connections in _____ crisis?

Is it _____ keep _____ phone connections in _____?

_____ do you _____ with _____ call maintenance during _____ the _____?

_____ handle emergency call maintenance during network _____?

_____ do _____ deal _____ emergencies _____ your _____ is disrupted?

If there _____ disruptions, _____ calls _____ made?

There are ways _____ amid power _____.

_____ a _____ knocked out, what do _____ do _____ calls?

_____ happens _____ emergency calls _____ services _____?

_____ call services _____ amidst _____ issues.

_____ network failure happens, _____ are emergency _____?

_____ there is a _____ emergency calls be _____?

When _____ is _____ or other services _____ disrupted, _____ can _____ continue?

What _____ calls when service _____?

How _____ with emergency _____ maintenance _____ network is down?

_____ do _____ handle _____ during _____ your network?

_____ emergency services _____ network goes wrong?

Emergency call services _____ despite _____.

_____ it possible _____ be maintained _____ there is _____ disruption of other _____ services?

_____ can emergency calls stay _____ issues impact _____?

_____ a crisis, what options are _____ phone _____?

How do _____ sure _____ calls are _____ responded to _____ case of _____ network outage?

_____ there's _____ network _____ calls to emergency services _____ made?

Is _____ ensure a constant _____ for emergency _____ disruptions?

When _____ issues impact _____ what _____ the _____ to ensure _____ calls remain _____?

_____ service disruptions, do _____ call _____?

When a _____ gets _____ out _____ happens _____ calls?

_____ a network _____ are emergency _____ done?

_____ emergency _____ system work _____ there is _____ issue?

Emergency _____ during service disruptions.

Is _____ emergency call system working _____ network _____?

When a _____ goes _____ or services _____ disrupted, _____ emergency _____?

_____ a _____ to _____ continuity _____ emergency calls _____ disruptions?

_____ can emergency _____ when service disruptions _____?

Is _____ a way to _____ through _____ other _____ wrong?

_____ happens to _____ calls _____ is disrupted or _____ out?

Is there _____ keep crucial _____ in crisis?

How will _____ when _____ is down?

_____ options for sustaining phone _____ a _____.

_____ to _____ calls after _____ gets knocked out?

Do _____ calls _____ service disruptions?

_____ emergency contacts _____ disrupted.

_____ emergency calls work _____ is _____?

When _____ a network outage _____ other _____ emergency calls be _____?

_____ there _____ system _____ we _____ access _____ services during an outages?

Does _____ call system _____ if the _____ down?

Preserving crucial _____ crisis?

_____ the network _____ does the emergency _____ work?

_____ what happens to emergency _____?

_____ help remain _____ the disruptions?

_____ do _____ ensure that _____ can still be responded to in the _____?

There are _____ affect _____ call _____.
 _____ should _____ done to ensure _____ amid service _____.
 Emergency _____ disruptions _____ the network.
 When there _____ how is emergency _____ handled?
 _____ emergency _____ happen during _____ disruptions?
 _____ happens _____ calls during _____?
 Is _____ call _____ services _____ there _____ a network disruption?
 _____ emergency call access _____ guaranteed when _____ an _____?
 _____ the _____ call _____ during network downtime?
 _____ we ensure emergency calls _____ occur?
 How were emergency _____ maintained _____?
 _____ emergency _____ when other services are disrupted?
 Is there _____ during _____?
 Can _____ services work during _____ breakdowns?
 _____ the _____ down, _____ do you _____ sure that _____ calls can _____ be _____?
 _____ ensure emergency calls _____?
 Do emergency _____ still work _____ the _____?
 How do you handle _____ there _____ a _____?
 network _____ might _____ emergency _____.
 How _____ you ensure _____ when _____ are service _____?
 _____ will _____ calls _____ a _____ is knocked out?
 How _____ you _____ calls _____ disruptions?
 _____ you ensure that _____ calls are still _____ and responded _____ of _____ network outage?
 When the network is _____ happens _____?
 Will _____ still _____ to _____ emergency _____ during _____ outages?
 Is it possible for _____ is a disruption in other _____?
 _____ emergency calls _____ amidst disruptions?
 _____ are having _____ effect on _____ call _____.
 _____ network interruptions, _____ to _____ calls?
 Is it _____ emergency calls amidst _____?
 When a network _____ how _____?
 Is _____ call service maintained _____?
 _____ can emergency calls remain operational _____ issues?
 Making emergency _____ affected by network _____.
 _____ emergency calls _____ and responded _____ in the _____ a network _____?
 When network issues _____ what measures _____ to keep emergency _____?
 _____ should emergency _____ be _____ when _____ is service _____?
 If the network is _____.
 Can calls to emergency _____ still _____ network _____?
 Is _____ possible to rely _____ services if _____ down?
 _____ your network deal with emergencies _____ disruptions?
 _____ happens to emergency _____ outages?
 _____ emergency _____ amidst _____ is _____ question.
 _____ a network is _____ knocked _____ happens to emergency _____?
 _____ calls _____ a network problem?
 _____ it _____ to call _____ despite service _____ elsewhere?
 _____ network _____ happens to emergency calls?
 Does the emergency _____ work after _____?
 Emergency _____ be maintained _____ are _____.
 _____ should _____ calls _____ during network _____?

Is ____ possible for ____ be ____ even when ____ mobile ____ disrupted?
 ____ calls are ____ disruptions
 ____ calls ____ maintained ____ interruptions.
 ____ you ____ sure ____ emergency calls are ____ received ____ responded ____ the event ____ a network ____?
 ____ do ____ emergency calls are received ____ to in the ____ a ____ failure?
 ____ emergency contacts
 Ensuring ____ calls ____ made ____ disruptions?
 How do ____ make ____ can ____ received ____ responded to in the ____ a ____ failure?
 When ____ network is down, ____ emergency calls ____?
 Do emergency ____ to ____ service ____?
 ____ a network ____ down ____ other services ____ how can emergency ____?
 How ____ make ____ that ____ are ____ received in the ____ a network ____?
 ____ there is ____ network failure, ____ emergency ____ done?
 ____ your network ____ emergency ____ work?
 emergency ____ maintenance ____ service ____
 Network ____ maintaining ____ connectivity.
 ____ emergency ____ system work ____ there ____ network disruptions?
 How do ____ during ____ issues?
 Emergency ____ during ____ disruptions ____ services.
 Is ____ possible to ensure ____ emergency ____ disruptions?
 ____ there a ____ to make ____ emergency lines ____ the ____?
 How do ____ make ____ emergency ____ still ____ responded to ____ the network ____ down?
 How do emergency ____ issue?
 ____ emergency calls ____ network disruptions.
 ____ is down, can calls ____ made ____ services?
 Is emergency ____ service ____?
 How can we keep ____?
 ____ could prompt ____ maintenance.
 ____ it possible to ____ calls amidst disruptions?
 What happens ____ emergency ____ if ____ knocked out?
 ____ and emergency ____ other services.
 ____ services can be ____.
 ____ connectivity ____ be ____ by ____ failures.
 ____ of disruptions on maintaining ____.
 Is calling for help ____ elsewhere?
 When the ____ is ____ can ____ to ____ made?
 During network outages ____ disruptions, ____ maintained?
 When network ____ impact ____ services, ____ precautions are in ____ ensure emergency ____?
 ____ with ____ call maintenance ____ you have network disruptions?
 Network disruptions and emergency ____.
 ____ affect ____ call services.
 In ____ of network ____ how do ____ sure ____ can ____ be ____?
 Is ____ calls ____ if the ____?
 What do ____ do with ____ maintenance when the ____?
