

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Fuel efficiency and environmental concerns
Inquiry Sub-Category	Resale Value of Fuel-Efficient Vehicles
Description	Customers inquire about the resale value and depreciation of fuel-efficient vehicles compared to conventional vehicles, seeking information that can aid their decision-making process and long-term cost analysis.
Data Size	7,519 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

Can _____ data on _____ of fuel-efficient _____ non-fuel efficient _____ five _____?

_____ you _____ public know _____ much _____ is lost _____ fuel-saving _____ cars _____ a _____ of five years?

Please provide details on _____ efficient _____ non- efficient _____ over _____ course _____ years.

_____ you tell _____ how _____ value is lost in _____ typical _____ years?

Tell _____ how _____ of efficient and inefficient _____ will fall _____.

Let me _____ the details on the devaluation _____ and _____ efficient cars over _____.

Is _____ possible _____ provide _____ on fuel _____ efficient vehicle depreciation over _____ course of _____?

_____ possible _____ give information on fuel _____ non fuel efficient _____ depreciation _____ next five _____?

Will _____ be able to _____ data _____ the _____ non-fuel _____ over the course of five _____?

Please give _____ the _____ of _____ efficient _____ non-fuel _____ cars.

_____ to _____ how _____ efficient _____ non fuel efficient _____ will _____ over five _____.

_____ data about the decline in value _____ regular _____ the next five _____?

After _____ tell me about the _____ and inefficient _____.

Provide data _____ non-fuel _____ vehicle _____ over a five-year _____.

Can you _____ how much value _____ lost in fuel-saving as _____ cars within _____?

_____ to know how much value _____ fuel efficient and non-fuel efficient _____ over _____ five _____.

During a five _____ period, _____ rate of depreciation _____ fuel _____ non- fuel _____?

Can _____ give me _____ on _____ non- fuel _____ car losses _____ the _____ 5 years?

How do fuel-saving _____ lose _____ five years?

Can you provide the _____ on _____ depreciation of fuel _____ efficient vehicles over _____?

Is _____ tell _____ the _____ value of fuel _____ non- fuel efficient _____ the course _____ 5 years?

_____ know about _____ decline in the _____ of _____ efficient _____ vehicles _____ 5 years?

_____ have _____ the five-year _____ comparison for _____ efficient and _____ efficient cars?

How do _____ and _____ efficient vehicles lose _____ years?

Can you give _____ into _____ comparison _____ efficient _____ non-fuel efficient cars?

_____ me _____ efficient and inefficient rides decline after _____.

Can _____ tell _____ about the decline _____ the _____ fuel _____ versus non- _____ cars _____ a period of _____?

_____ to _____ how _____ value of _____ efficient and _____ fuel efficient _____ change over _____ years.

_____ you tell _____ of time that _____ and _____ vehicles depreciate?

Explain _____ depreciation _____ versus _____ cars after 5 _____.

_____ to _____ about the _____ value for fuel efficient versus _____ fuel efficient _____ a _____ period?

Can you tell me _____ the _____ in _____ efficient _____ in the _____ 5 _____?

I _____ love to know _____ automobiles _____ value over the _____ of _____ years.

During a five-year _____ what _____ the depreciation _____ for _____ fuel _____?

_____ to share the _____ the depreciation _____ fuel efficient and _____ fuel _____ vehicles _____ a _____ of _____ years?

_____ is _____ devaluation for fuel-saving _____ over a period _____ years?

I _____ know _____ rate _____ fuel-efficient cars lose value _____ to _____ efficient counterparts, _____ the _____ of five _____.

In the _____ share _____ about _____ non-fuel efficient vehicle _____.

_____ report the five-year _____ of _____ and _____ cars.

_____ vehicle _____ both energy-saving _____ cars _____ a _____ period is needed.

Please _____ us _____ of _____ efficient and non- _____ a five year _____.

Is _____ way _____ show _____ eco-friendly and regular cars _____ after _____ years?

I'm interested _____ the figures on _____ devaluation _____ both _____ inefficient _____ over _____ period.

_____ possible _____ me information _____ the depreciation _____ fuel efficient _____ regular vehicles over _____ next _____ years?

Did _____ know _____ fuel _____ and _____ saver vehicles _____ in _____ years?

_____ me _____ the _____ value for efficient and _____ cars within a _____ year period?

Is there _____ relating to the decline _____ for _____ non-economical _____ months?

_____ in value for _____ versus non-fuel efficient cars over _____ period _____ years?

_____ want _____ know the _____ fuel- efficient cars _____ value _____ to _____ non efficient counterparts over a _____.

I want to know how _____ efficient vehicles _____ over five _____.

_____ tell me about _____ efficient and _____ efficient car _____ over _____?

Please tell _____ the devaluation _____ both _____ non- _____ over _____ period of five _____.

_____ much do fuel _____ five years?

_____ any _____ about the decline in the _____ of _____ non-fuel efficient _____ after 5 _____?

Within _____ there any statistics _____ the _____ of value for _____ non-economical _____?

Can _____ how much value is _____ in _____ over a _____ of five years?

For 5 years, _____ know _____ of _____ and _____ wise cars.

_____ to _____ efficient and non- _____ vehicles' _____ change over the course of five _____.

_____ there _____ show how _____ of both _____ regular automobiles _____ after five years?

_____ years, share _____ about fuel _____ and non-fuel _____ vehicle _____.

Tell _____ what _____ to _____ price _____ efficient and _____ after _____ years.

Are you aware of _____ efficient _____ fuel efficient vehicles after _____ years?

Can _____ get data on _____ and non-fuel _____ the course _____ five _____?

_____ want _____ know the _____ automobiles _____ compared to their _____ efficient counterparts, _____ five years.

_____ to _____ me _____ the _____ for both efficient _____ cars within a 5 year period?

Data _____ the _____ year _____ of both fuel _____ efficient cars should _____.

Send _____ information about _____ of gas-friendly versus gas-guzzling _____.

Is _____ possible to _____ how _____ the devaluation _____ different types _____ vehicles _____ the course _____ five _____?

Can you _____ the _____ eco-friendly and _____ depreciates _____ five years?

Is there any statistics _____ the _____ of _____ economical _____ automobiles in _____?

Can you give _____ insight _____ comparison for _____ and _____ efficient vehicles?

_____ me how _____ less fuel-like _____ are _____ in 5 _____?

Provide data _____ efficient _____ devaluation in five _____.

Do you _____ the _____ in _____ of fuel-efficient _____ non-fuel _____ vehicles _____ the course of 60 _____?

_____ information on the _____ fuel-wise _____ cars for _____ years.

_____ like to _____ how _____ efficient and _____ vehicles _____ over five _____.

_____ depreciation _____ for both _____ traditional _____ the past five years.

Can you tell me how _____ is lost in _____ typical cars _____ 5 _____?

Please share _____ year depreciation of both fuel _____ efficient _____.
 _____ it _____ to _____ fuel _____ and non- fuel efficient vehicles' _____ next five years?

Did you _____ any _____ on how fuel _____ and _____ fuel _____ value _____?

Is _____ a way _____ understand how fuel _____ the _____ types of vehicles _____ the _____ years?

Will _____ be able to provide data _____ fuel efficient and _____ next 5 _____?

Can _____ tell _____ the _____ in _____ and inefficient _____ the next 5 years?

Do you _____ the _____ year depreciation comparison _____ efficient _____ non-fuel _____ vehicles?
 _____ depreciation _____ and _____ cars over a period of 5 _____?

Information _____ of both fuel-efficient and _____ cars _____ be shared.

I want _____ know the rate at _____ compared _____ their nonefficient counterparts _____ the course _____.
 _____ the depreciation _____ fuel-efficient _____ non-fuel efficient vehicles over five years?

Can you _____ depreciation _____ both fuel efficient _____ vehicles in a five _____?

Is it possible _____ information _____ depreciation _____ both _____ regular vehicles _____ the _____ of _____ years?

Share _____ vehicle _____ both _____ and regular _____ over the _____ a _____ year period.

Data _____ vehicle _____ for _____ regular cars over the course of _____ be shared.
 _____ how the _____ of both _____ and regular cars _____ five years?

_____ would like to _____ rate _____ fuel-efficient automobiles _____ compared _____ their _____ counterparts over a
 _____ year period.

Do you _____ how _____ the devaluation rates of _____ of vehicles _____ of _____ years?

Is _____ see _____ fuel efficient and _____ vehicles' depreciation over five _____?
 _____ possible _____ figures of both fuel-efficient and _____ vehicles in _____ years?

Do you know what _____ decline in _____ of _____ and _____ 5 _____ is?
 _____ possible _____ provide _____ fuel efficiency and _____ figures _____ of five years?

_____ would like to _____ fuel efficient _____ non-fuel efficient cars lose _____ the _____ years.

Is it _____ tell _____ about _____ decline _____ efficient _____ non- fuel efficient cars over _____ year period?

Is it _____ me _____ efficiency _____ the devaluation _____ different types _____ vehicles _____ a _____ year period?
 _____ tell _____ about _____ decrease in _____ for _____ efficient and _____ 5 years?

We _____ data on fuel-efficient and _____ efficient _____ for the _____.

_____ you _____ how the value _____ efficient and non _____ will _____ the next _____ years?

Do you _____ decline _____ the value of _____ and _____ fuel _____ vehicles _____ 5 years?
 _____ you know _____ percentage _____ for _____ cars over a _____ 5 years?

I would like _____ the _____ which _____ lose _____ over the course _____ five _____.
 _____ of gas-friendly versus _____ cars after five years.
 _____ fuel _____ efficient cars _____ the course of _____ years?

I would like to _____ the _____ efficiency _____ both _____ and _____ vehicles over _____ next _____ years.

Is _____ tell _____ depreciation _____ both fuel-efficient and regular vehicles _____ of five years?

How much _____ by fuel- _____ fuel efficient _____ 5 year period?
 _____ much do fuel _____ over the course _____ years?
 _____ the _____ of the _____ and _____ efficient cars over a _____ period.

I want to _____ if you can _____ me _____ and non-fuel _____ over _____ years.

Is _____ possible _____ figures _____ both fuel efficient _____ fuel vehicles in a _____ period?
 _____ in _____ figures _____ devaluation of economical and inefficient _____ a five _____ period.

Do you _____ the _____ in _____ value of fuel efficient and non- _____ efficient vehicles _____ period?

You _____ asked to _____ data on _____ and _____ efficient _____.

Is there information _____ the _____ the _____ of _____ efficient vehicles _____ 5 years?
 _____ you _____ how the _____ both eco-friendly and _____ cars decrease _____ years?

Within a five-year period, share data _____ the _____ non-fuel _____.

_____ know how _____ and _____ vehicles depreciate _____ years?

What is _____ rate _____ efficient and non- _____ efficient cars _____ year _____?

How _____ fuel _____ and _____ fuel efficient _____ value over _____ of five _____?

_____ there _____ about _____ efficient and non-fuel efficient car depreciation over _____ ?
 Is there _____ information _____ non-fuel _____ car depreciation over the _____ years?
 _____ possible _____ provide _____ on fuel-efficient _____ efficient _____ for 5 years?
 _____ it possible to tell me about the _____ in _____ fuel _____ efficient _____ over _____ course _____ years?
 _____ tell me _____ long fuel _____ and non-fuel efficient _____ ?
 _____ you _____ me _____ information on _____ depreciation comparison of _____ efficient and _____ ?
 I _____ much _____ by _____ versus non-fuel _____ vehicles over a five year period.
 Can you tell _____ more _____ five-year _____ for _____ non-fuel _____ vehicles.
 Can you _____ public _____ value is _____ as well as _____ over the _____ of _____ years?
 _____ want some _____ into _____ comparison _____ fuel efficient _____ non-fuel efficient _____.
 _____ depreciation of fuel _____ and non- _____ be shared.
 Can you _____ the decrease _____ value _____ efficient and _____ cars _____ the _____ a 5 _____ period?
 _____ there _____ information _____ efficient and non-fuel efficient vehicles _____ over _____ ?
 Within _____ period, share the data _____ the _____ of _____ efficient _____.
 Can _____ us how _____ value _____ eco-friendly _____ regular cars _____ after _____ ?
 Let them know the _____ gas-guzzling _____ after five _____.
 Is _____ about _____ fuel saver and non fuel _____ lose _____ time?
 _____ to share the depreciation figures of both _____ over the _____ five years?
 How much _____ fuel efficient _____ vehicles _____ over time?
 _____ you know _____ of fuel-saving _____ gas-guzzling machines after _____ years?
 _____ know the _____ and depreciation figures _____ both _____ and fuel efficient vehicles _____ the next _____.
 Can _____ data showing how _____ of _____ and regular cars _____ years?
 Do _____ about _____ decline in _____ value of fuel-efficient _____ non-fuel _____ after _____ ?
 _____ the depreciation of _____ and non _____ cars for _____.
 _____ you _____ about the _____ fuel _____ efficient cars over _____ five years?
 I would _____ to _____ how _____ value _____ lost _____ fuel _____ fuel efficient vehicles _____ a _____ period.
 How much _____ lost in _____ within _____ period of _____ years could be disclosed.
 What is _____ fuel-efficient _____ fuel _____ cars over a _____ year period?
 _____ you have any _____ to _____ value for economical and _____ within 60 _____ ?
 _____ interested _____ getting figures _____ the _____ economical and _____ cars over a _____ five _____.
 I _____ like _____ rate at _____ automobiles lose _____ their non _____ counterparts over _____ five year period.
 _____ you _____ how the _____ of both _____ and _____ cars _____ after five _____ ?
 _____ us about the devaluation _____ both _____ and _____ efficient cars _____ a _____.
 _____ data _____ fuel efficient _____ non-fuel _____ vehicles' depreciation _____ time?
 Please tell me _____ both fuel-efficient and non-fuel _____.
 _____ you have _____ statistics regarding _____ the _____ of _____ and _____ efficiency vehicles _____ of 60 months?
 Do _____ know what _____ value _____ efficient and _____ vehicles are _____ 5 years?
 Is _____ to _____ information on _____ and _____ efficient _____ over a five _____ ?
 Is _____ possible to provide fuel _____ and depreciation _____ years?
 Do you _____ any _____ relating to the decrease _____ the _____ of _____ efficient and _____ a _____ month _____ ?
 Is _____ to view data _____ efficient _____ efficient vehicles' _____ a period of _____ years?
 _____ in getting _____ depreciation of both _____ inefficient cars over _____ period.
 _____ the decline in value of fuel _____ vehicles after _____ ?
 Please _____ know _____ five-year _____ of _____ non-fuel efficient cars.
 I'm interested _____ obtaining _____ devaluation _____ economical and inefficient cars _____ period.
 _____ how fuel-saver and _____ fuel- saver _____ value _____ five years?
 _____ the five-year _____ fuel efficient and non-fuel efficient _____.
 _____ let _____ about _____ devaluation of both _____ and non efficient cars over _____.
 _____ it possible _____ information _____ in value _____ and efficient _____ within 5 years?
 How _____ fuel efficient and _____ fuel _____ depreciate over the _____ ?

____ you know ____ much value is lost ____ as ____ typical ____ a ____ of 5 ____?
 ____ want ____ fuel ____ non- fuel efficient vehicles lose value over _____.
 ____ want to know how ____ saver and non-fuel ____ cars _____.
 Tell ____ about ____ and non- efficient cars ____ of five years.
 ____ interested ____ figures ____ of both ____ and inefficient ____ over the course ____ five years.
 Do ____ have data ____ efficient vehicle depreciation?
 ____ depreciation ____ fuel wise ____ non wise cars for _____.
 ____ share data on the ____ fuel-efficient ____ non-fuel efficient ____ over ____ five years?
 I'm ____ five-year depreciation ____ efficient and non-fuel ____ vehicles.
 ____ possible to access ____ on fuel efficient and ____ fuel efficient ____ depreciation over ____?
 ____ possible to provide ____ both fuel efficient ____ over the ____ of five years?
 Is it ____ to give ____ both ____ and fuel efficient vehicles ____ five year period?
 ____ five-year ____ what is ____ depreciation ____ efficient and ____ fuel efficient cars?
 What are ____ depreciation statistics ____ eco-friendly ____ a period ____ five years?
 Is ____ any ____ in the worth of fuel efficient and non-fuel efficiency ____ a ____?
 Do ____ fuel-efficient and ____ efficient car depreciation ____ five ____?
 Can ____ show us how the ____ change after five years?
 Please provide ____ on ____ efficient vehicle _____.
 ____ to give data on fuel ____ and non-fuel ____ 5 years?
 Is there ____ fuel- ____ and ____ saver vehicles ____ value ____ five years?
 In the next ____ you share ____ depreciation figures ____ and ____ fuel vehicles?
 I ____ out ____ devaluation ____ economical and ____ cars ____ a five-year ____.
 ____ let me ____ about the ____ of both ____ and ____ cars ____ year ____.
 Tell ____ the depreciation of ____ friendly versus ____ five years.
 Can you tell me ____ figures ____ fuel-efficient ____ non-fuel vehicles ____ course of ____?
 Can ____ about ____ and non-fuel ____ losses over 5 years?
 ____ can share data ____ of fuel-efficient and ____ efficient vehicles over _____.
 Is there a decline ____ the value of ____ efficient ____ non- ____ 5 years?
 ____ you tell ____ decrease in ____ for efficient and ____ cars in ____ five ____?
 ____ possible to ____ data ____ of ____ and non-fuel efficient vehicles ____ a five-year ____?
 Share data about the depreciation ____ fuel efficient vehicles ____ period.
 ____ me how fuel-efficient ____ non-fuel efficient ____ depreciate over ____?
 Can you tell me ____ the ____ value for efficient ____ the course ____ years?
 ____ a ____ in ____ value of fuel ____ fuel efficient cars over ____ period ____ years?
 I ____ interested in ____ figures ____ the devaluation ____ both economical ____ over ____ five-year ____.
 ____ there any info on ____ non-fuel-saver ____ lose ____ five years?
 Can you ____ some information ____ the five-year depreciation ____ fuel efficient ____?
 Information on ____ five-year ____ both ____ and ____ efficient ____ is ____.
 Do you have ____ on the ____ depreciation ____ fuel ____ fuel efficient ____?
 ____ information ____ fuel-wise and ____ for 5 years.
 ____ on ____ of both efficient ____ non ____ course of five years.
 ____ tell me the details ____ devaluation ____ both ____ non- efficient cars ____ the ____ years.
 ____ much ____ fuel ____ efficient ____ over five years?
 ____ much value is lost in fuel-saving ____ well ____ cars ____ of ____ be disclosed.
 ____ it ____ to provide information ____ and ____ depreciation over ____ period of five years?
 Is it ____ to give ____ and non- fuel ____ vehicle depreciation over ____ five ____?
 ____ it possible to ____ data on ____ efficient and non-fuel ____ vehicles' ____ the ____ of ____?
 Please ____ the ____ on fuel- ____ efficient vehicle _____.
 ____ value is lost in ____ as ____ as typical ____ a 5 ____ period can _____.
 ____ do ____ and non-fuel saver ____ lose ____ in 5 ____?

How much do _____ efficient _____ drop _____ years?

_____ you tell _____ how the _____ fuel efficient _____ non fuel _____ vehicles _____ over _____ of _____ years?

Is there _____ on _____ efficiency _____ devaluation _____ of different _____ of vehicles over _____ of _____ years?

Is _____ fuel _____ and _____ vehicle depreciation _____ the past five years?

Can _____ depreciation _____ of _____ efficient _____ non fuel efficient vehicles _____ five-year _____?

_____ want _____ know _____ rate _____ which _____ value compared to their non _____ over a _____ period.

_____ you _____ me _____ in the _____ of fuel efficient _____ efficient _____ the last 5 years?

What about fuel-efficient _____ efficient vehicle depreciation _____ years?

I'm _____ getting _____ regarding _____ economical and _____ cars over _____ course _____ five years.

_____ have _____ relating to _____ in _____ worth of fuel efficient _____ over _____ period of 60 months?

Can you _____ depreciation data for fuel efficient _____ vehicles _____ course _____?

_____ them _____ about _____ of _____ gas-guzzling cars after five _____.

_____ there any _____ on _____ decline in _____ of _____ efficient _____ over the _____ 5 years?

Is there data _____ efficient and non- _____ over the _____ 5 _____?

What is _____ devaluation percentage over _____ period _____ for _____ fuel-saving _____ cars?

_____ there _____ decline _____ value _____ fuel efficient versus non _____ cars over _____ 5 years?

_____ it _____ access data on fuel-efficient _____ non-fuel efficient cars' _____ over _____ of _____?

_____ like _____ know _____ the _____ depreciation _____ between fuel _____ and _____ vehicles.

Share data _____ and _____ vehicle devaluation _____ five years.

_____ there _____ decline _____ value of _____ efficient _____ efficient _____ over _____ last 5 years?

I want _____ know if there are _____ of _____ for economical _____ non-economical cars _____ months.

_____ much do fuel-efficient and _____ vehicles depreciate over the _____?

Please _____ the five-year _____ data for _____ fuel _____ fuel _____ cars.

Is _____ possible _____ fuel efficiency and depreciation figures _____ both _____ and fuel _____ vehicles _____?

_____ you _____ the _____ in value _____ both efficient and _____ cars over _____ five-year _____?

_____ you _____ much value _____ lost in fuel-saving _____ typical _____ within 5 _____?

I _____ the value _____ and non- _____ efficient vehicles will diminish _____ the _____ five years.

Please _____ the devaluation of _____ and non _____ a _____ year period.

Can _____ provide _____ and _____ both _____ and fuel efficient vehicles over the _____ years?

I would _____ how the value of _____ and _____ efficient vehicles _____ the _____ of _____ years.

Please tell us _____ the _____ depreciation _____ and non-fuel efficient _____.

_____ want _____ depreciation _____ of both fuel efficient _____ non _____ vehicles _____ a five-year _____.

_____ me about _____ of _____ and non- _____ cars in a _____ period.

_____ long _____ you _____ how _____ efficient and _____ efficient vehicles depreciate?

Can you tell me _____ value for _____ efficient versus _____ over a _____ period?

Is _____ and non- fuel efficient cars lose _____ over time?

Can you give _____ about how _____ is lost _____ well as typical cars _____?

Do _____ information on _____ non fuel _____ lose value over time?

The _____ of fuel-efficient and _____ efficient _____ shared.

Do you know _____ the value _____ fuel- _____ non-fuel efficient _____ after _____?

_____ data on fuel efficient and non-fuel efficient _____ over the _____ 5 _____?

Can _____ how much fuel-saving _____ fueled _____ will _____ in _____ years?

_____ a decline _____ the value of _____ non _____ efficient _____ over the past _____ years?

Share information _____ non-fuel efficient vehicle _____ five _____.

Do you have _____ statistics _____ the _____ value for economical _____ automobiles _____ months?

Is there _____ information on _____ decline _____ value _____ non-fuel efficient _____ 5 _____?

Within _____ share depreciation _____ fuel-efficient and _____ efficient vehicles.

Tell _____ the decrease _____ price of _____ inefficient rides _____ five _____.

_____ there any information _____ much _____ is lost _____ for _____ and _____ vehicles?

_____ data regarding _____ depreciation of both fuel-efficient and _____.

_____ to know how fuel efficient and non-_____ lose _____ a _____ of five _____.
 _____ know the _____ of fuel _____ and _____ fuel _____ decline after _____ years?
 Is there any _____ fuel efficient _____ efficient _____ over the _____ 5 _____?
 I _____ to _____ rate _____ cars _____ value _____ to their non-efficient counterparts _____ five-year period.
 _____ are _____ depreciation statistics for _____ and traditional _____ over _____ year _____?
 _____ the depreciation _____ fuel-efficient _____ non-fuel _____ a five year period.
 I _____ how much value is lost by _____ non-_____ efficient _____ course of _____ years.
 I want to _____ figures regarding the devaluation _____ inefficient cars over _____ course _____.
 Do you know how _____ saver _____ value _____ five years?
 _____ is the depreciation _____ fuel-efficient _____ cars over a five-year _____?
 _____ information about the _____ of _____ and _____ efficient vehicles _____ a _____ period.
 Please give us the _____ fuel efficient cars.
 _____ devaluation _____ for fuel-saving and energy-draining _____ over a _____ years?
 _____ much _____ lost _____ fuel _____ non-_____ efficient vehicles over a period _____ years?
 _____ tell me about the fall _____ and inefficient rides.
 Share _____ five-year depreciation of _____ non-fuel _____.
 _____ I _____ able to see _____ on fuel-efficient and _____ vehicles' depreciation over _____ next _____?
 I'm _____ in _____ figures _____ the depreciation of _____ during a five-year _____.
 _____ any statistics _____ the decline of _____ for _____ non-economical automobiles _____ months?
 What are _____ devaluation percentages _____ both fuel-saving _____ next 5 _____?
 Is _____ possible to give _____ fuel _____ for both _____ efficient and _____ vehicles _____ years?
 _____ much _____ efficient/not efficient autos drop _____ years?
 _____ want to _____ the _____ fuel efficient vehicles _____ value _____ to their _____ counterparts over _____ course of _____.
 What are _____ the last five _____ for both _____ traditional _____?
 What _____ depreciation _____ efficient versus non-fuel efficient _____ over _____ period?
 Tell _____ that _____ five years the _____ efficient _____ decline.
 Provide data _____ efficient _____ depreciation.
 I want _____ depreciation _____ of _____ fuel efficient and _____ fuel vehicles in _____ period.
 _____ way to _____ the _____ figures _____ fuel efficient and _____ over a five year period?
 Can you _____ how _____ non-fuel-saver vehicles _____ value in _____?
 _____ know _____ value of fuel efficient and non- fuel _____ change over _____?
 _____ you know the rate of depreciation for _____ versus _____ the _____?
 Let others know about _____ depreciation _____ and non _____ for _____.
 _____ is _____ depreciation percentage for _____ and _____ cars _____ the _____ 5 _____?
 Can you _____ the public _____ value is lost in fuel-saving _____ as typical _____?
 Share _____ showing vehicle _____ for both energy-saving and regular _____.
 _____ want _____ know if there are any _____ about the _____ of _____ for economical _____ non-economical _____.
 Give data _____ the _____ fuel-efficient and _____ over a _____ period.
 Does anyone _____ fuel-saving and non-_____ vehicles _____ value _____?
 Is _____ any information _____ how _____ non-_____ vehicles _____ value over _____?
 _____ possible _____ give me information _____ the depreciation _____ both fuel efficient _____ regular _____ years?
 _____ give _____ five-year depreciation _____ for _____ fuel-efficient and non-fuel _____.
 _____ any _____ the _____ in value _____ efficient and inefficient _____ 5 years?
 _____ devaluation for both energy-saving _____ regular _____ for _____ year _____ should be _____.
 _____ getting figures on _____ devaluation of both _____ and inefficient cars _____ five years.
 Can you _____ me _____ the _____ in value _____ fuel-efficient versus non-fuel _____ the _____ 5 _____?
 Is there _____ regarding _____ decline of value for _____ and _____ the _____ 60 _____?
 _____ the five-year depreciation _____ both _____ efficient _____ non-fuel _____ be shared.
 What can you tell _____ about _____ affects _____ rates of _____ types of _____ over a _____?
 How much _____ efficient _____ decline over _____?

_____ are _____ statistics for both eco-friendly _____ over a _____ period?
 Is there any information about the _____ and _____ efficient _____ years?
 Let others know about the _____ fuel-wise _____ for _____ years.
 Is _____ data on _____ and _____ car losses _____ last _____ years?
 _____ if there is any research _____ compares _____ of fuel-efficient vehicles to _____ five years.
 I want _____ know the rate _____ which _____ lose _____ compared _____ over _____ five year period.
 Do you have any information _____ the _____ the _____ fuel- efficient _____ non-fuel efficiency _____?
 _____ possible _____ on the depreciation of _____ efficient _____ over a period of five years?
 I want to know how much _____ is _____ versus non _____ course of five _____.
 How _____ do _____ efficient and non- _____ lose _____ time?
 Do you have _____ decrease _____ the worth _____ fuel _____ and non- fuel _____ vehicles within _____?
 _____ it _____ show the depreciation figures _____ fuel efficient _____ vehicles over _____ five-year period.
 Can _____ give _____ information _____ and non-fuel efficient _____ the _____ five years?
 Is it _____ provide _____ how _____ efficient _____ non _____ efficient _____ over time?
 I'm _____ obtaining _____ the devaluation of _____ economical _____ during a _____ period.
 _____ data on fuel-efficient and _____ efficient _____ depreciation over _____.
 _____ it possible _____ provide _____ depreciation _____ for _____ regular and fuel- _____ vehicles _____ the course _____ years?
 _____ the devaluation _____ efficient _____ non- _____ cars in a five _____ period.
 Is _____ possible to _____ the depreciation _____ for both _____ fuel _____ over _____ year period?
 _____ like _____ how fuel-saver and _____ saver vehicles _____ value _____ years.
 _____ want to _____ if you _____ data on _____ and _____ efficient vehicle _____.
 What _____ percentages for fuel-saving _____ cars over _____ next 5 _____?
 Please _____ us the _____ depreciation _____ and non-fuel efficient _____.
 Can _____ me the depreciation figures _____ fuel _____ in _____ five-year period?
 Can you _____ on _____ fuel _____ and _____ efficient vehicles _____ a five year period?
 How _____ do _____ efficient vehicles lose over time?
 _____ some _____ into the five-year _____ comparison _____ fuel-efficient and non-fuel _____ vehicles?
 Is _____ to _____ the depreciation _____ of _____ efficient _____ non _____ vehicles _____ five-year period?
 _____ tell _____ about the _____ non-efficient _____ over a five _____ period.
 Do _____ have _____ on _____ and _____ fuel efficient _____ over _____ last _____ years?
 _____ it possible _____ share _____ on _____ fuel- _____ non-fuel _____ vehicles over _____ course of five years?
 Can _____ tell me _____ value _____ lost in fuel-saving and _____ in _____ of five _____?
 _____ information on fuel-efficient _____ efficient vehicle _____ over the course _____ five _____?
 Is there _____ information _____ the decline in _____ of _____ efficient and _____ 5 _____?
 _____ on _____ fuel-efficient and non-fuel efficient vehicles can _____ provided.
 _____ the devaluation _____ and non- efficient cars _____ a _____ period.
 _____ if there is any _____ that _____ the _____ of fuel efficient vehicles _____ their counterparts _____ years.
 I want to know _____ the _____ depreciation _____ for _____ non-fuel _____.
 Is _____ possible _____ provide data _____ fuel _____ and _____ car losses _____ years?
 I want _____ know how _____ non-fuel-efficient _____ lose value _____ of _____ years.
 I _____ to _____ how _____ of fuel efficient and _____ over five years.
 _____ vehicle _____ energy-saving and regular _____ over a five _____ should be _____.
 Can you _____ the _____ depreciation _____ for _____ and _____ efficient vehicles.
 _____ to share _____ the depreciation _____ efficient and non-fuel efficient cars _____ the next _____ years?
 Will _____ be able to _____ data on fuel-efficient _____ the next _____ years?
 I would like to _____ the _____ which fuel-efficient _____ a period _____ years.
 Can you _____ me data _____ fuel-efficient _____ efficient car _____ the last _____?
 You _____ the _____ fuel-wise and _____ wise cars for _____ years.
 _____ to tell _____ about _____ value for fuel-efficient versus non-fuel _____ cars over _____ last _____ years?
 _____ would love to know _____ which fuel efficient automobiles _____ value compared _____ non _____ counterparts over

_____ five _____.

Is there _____ in the value _____ fuel-efficient _____ non-fuel _____ over _____ 5 _____?

_____ love _____ know _____ at _____ fuel efficient _____ lose value _____ to their _____ over _____ period of five years.

_____ want _____ the _____ of economical and _____ cars _____ five-year period.

Can _____ give _____ data _____ depreciation of fuel-efficient and _____ efficient vehicles over _____?

_____ of fuel _____ fuel efficient vehicles _____ years can be shared.

_____ possible to _____ information about the _____ both fuel _____ and _____ vehicles _____ a _____ period?

_____ information on _____ and non-fuel _____ vehicle _____ over five _____?

_____ want to _____ how _____ by _____ efficient versus non-_____ efficient _____ over the course _____ years.

_____ to provide _____ on _____ efficient _____ non-fuel efficient vehicle depreciation _____ year period?

Information _____ efficient _____ non-efficient cars _____ a _____ of five years.

How _____ efficient and non fuel _____ depreciate _____ years?

_____ possible _____ depreciation and fuel _____ regular _____ fuel efficient vehicles over five years?

_____ traditionally _____ cars devalue in value within five years could _____.

_____ information _____ devaluation of _____ and non- efficient cars _____ a _____ year _____.

Do _____ and non-fuel-saver vehicles _____ value _____?

_____ on the _____ of _____ non wise _____ for _____ years.

_____ the _____ in the value of fuel _____ and _____ vehicles _____ 5 _____?

_____ I get data _____ fuel efficient _____ non-_____ depreciation _____ the course _____ five _____?

_____ you _____ me _____ the fuel efficient _____ losses _____ the last 5 years?

Is there any _____ relating to _____ for _____ and _____ cars _____ 60 _____?

_____ data _____ efficient _____ non-fuel efficient cars lose value over the _____ 5 years?

Did you know how _____ lose value in five _____?

_____ know _____ the _____ of fuel-saving and gas-guzzling machines _____ years?

_____ the deprecation _____ for _____ eco-friendly _____ traditional vehicles _____ 5 years?

Can you _____ some _____ into _____ five-year depreciation _____ for _____ efficient _____ fuel _____ cars?

Can _____ me _____ both _____ efficient _____ non fuel vehicles in _____ five-year period?

Tell me what _____ decline _____ the _____ rides is _____ five years.

_____ know what _____ the _____ fuel-saving and _____ machines after _____ years?

Is there any _____ on _____ decline _____ value of _____ efficient _____ after _____ years?

What is _____ depreciation rate _____ fuel efficient _____ non-fuel _____ period?

_____ want _____ know the rate _____ fuel-efficient _____ lose _____ to _____ efficient _____ over the next five _____.

_____ you _____ how fuel-saver and _____ lose value in _____?

_____ any information about _____ worth of fuel efficient _____ non-fuel efficiency _____ in _____ months?

_____ for fuel-saving and energy-draining cars over the next _____?

_____ have data _____ the _____ of both _____ and regular _____ depreciates _____ years?

_____ there any information on fuel-efficient _____ over _____ year period?

Is it possible to _____ the depreciation of both _____ efficient _____ in a _____?

I would like to _____ the _____ automobiles lose _____ compared _____ their _____ counterparts over _____ course _____ years

Is _____ share _____ of fuel efficient _____ non _____ vehicles in a five-year _____?

_____ could you give _____ and non-fuel _____ vehicle depreciation _____ the _____ five _____?

Within a _____ of _____ share _____ about _____ depreciation of fuel _____ efficient _____.

Tell _____ about _____ the price of _____ inefficient _____ after _____ years.

_____ data _____ fuel _____ non-fuel efficient _____ depreciation _____ five years

I want _____ know _____ rate at which _____ efficient _____ value _____ their non efficient _____ the course _____.

Can _____ data _____ fuel-efficient _____ non-fuel _____ vehicle depreciation?

Is it possible to _____ the depreciation _____ of _____ and non fuel _____ over _____?

_____ data _____ fuel efficient and non- fuel _____ over _____ years.

Give us data on fuel-efficient _____ depreciation _____ the _____ five _____.

I want to _____ how fuel-saver _____ lose value _____.

Share the _____ and non-wise cars ____ 5 ____.

_____ are the fuel efficiency _____ depreciation _____ regular and fuel _____ vehicles _____ next _____ years?

_____ anyone _____ what happens _____ the _____ of _____ and gas-guzzling machines _____ five _____?

Can you _____ on fuel _____ and non-fuel _____ losses _____ past _____ years?

Is it _____ to _____ about the _____ in _____ for fuel efficient _____ cars over a _____?

_____ you _____ us _____ the _____ both eco-friendly _____ regular _____ decreases after five _____?

Is _____ information _____ the _____ efficient and non-fuel _____ car _____ over the _____?

What are _____ depreciation statistics _____ cars over _____ five year _____?

_____ devaluation of _____ efficient _____ non- efficient cars during _____ period _____ years.

_____ much do fuel efficient and _____ five year period?

Can _____ on fuel efficient and _____ vehicle depreciation over _____ 5 years?

Is there _____ on how fuel-saver _____ cars lose _____ years?

_____ the _____ about _____ depreciation of gas-friendly _____ after five _____.

How much do fuel efficient and _____ fuel _____ period?

_____ a _____ period, _____ is the _____ of _____ efficient _____ non fuel _____ cars?

Can _____ tell _____ decrease in _____ efficient and inefficient cars _____ the _____ five years?

Can you tell me _____ the depreciation of _____ and _____ over _____ course _____ years?

_____ want to know how _____ value _____ lost by _____ efficient _____ over a _____ of _____ years.

_____ it _____ to give _____ efficiency and _____ for both _____ fuel- _____ vehicles _____ the course of _____?

Can _____ how _____ of _____ and _____ goes down _____ five years?

Please share _____ five-year _____ of _____ and _____ fuel _____ cars.

_____ the data on the _____ of _____ efficient _____ vehicles over a five year _____?

Can you tell me _____ the _____ value _____ efficient and inefficient _____ course _____ a five _____?

_____ on the _____ efficient _____ efficient _____ in a five year _____.

_____ you have any _____ about _____ the _____ of fuel _____ and _____ fuel efficient _____ in _____ months?

Is _____ information on fuel _____ and _____ vehicle depreciation over the _____?

Can _____ give _____ figures _____ fuel efficient and _____ vehicles _____ a _____ period?

Is _____ information _____ fuel efficient _____ efficient car depreciation _____ the _____ five _____?

Do _____ have data on _____ efficient _____ losses over _____ last _____ years?

I'm interested in obtaining _____ the _____ economical _____ inefficient _____ a period _____ five _____.

_____ you _____ data _____ the five-year _____ of _____ efficient and _____ vehicles?

_____ know _____ about the _____ in _____ value of _____ and non-fuel efficient vehicles _____?

_____ a five _____ what _____ rate of _____ for _____ efficient _____ efficient cars?

_____ you tell me _____ the decline in the _____ of _____ non-fuel _____ vehicles after _____?

How about the fuel efficiency _____ figures _____ both _____ fuel-efficient _____ next five _____?

Is _____ to _____ and regular _____ after five years?

Is it _____ access _____ on fuel- efficient and _____ vehicles' _____ five _____?

_____ know the _____ which fuel-efficient _____ lose value, over a five-year _____.

Is it _____ decline in value _____ efficient _____ non- fuel efficient cars over a _____ years?

Is _____ about the _____ value _____ fuel efficient versus non-fuel _____ cars _____ a _____ of five years?

_____ there a decline _____ of fuel-efficient versus non-fuel _____ the _____ of _____ 5 _____ period?

_____ of fuel-wise _____ cars for five _____.

_____ be able _____ data on fuel _____ non-fuel efficient _____ over the _____ five years?

_____ possible _____ share information on the depreciation of _____ efficient _____ non-fuel _____ over _____?

_____ would _____ figures _____ the devaluation _____ economical and _____ a five-year period.

_____ tell the _____ how much _____ in fuel-saving and cars _____ years?

_____ is the rate of _____ efficient versus _____ efficient _____ five-year period?

_____ you tell _____ the depreciation figures _____ fuel efficient _____ fuel _____ over _____ next _____ years?

Can _____ how the _____ of both eco-friendly and _____ after five _____?

_____ me the _____ in price _____ inefficient _____ five years.

What is the depreciation ____ for ____ non- ____ cars ____ a ____ year ____?

____ know ____ fuel efficient and non- fuel ____ lose ____ the ____ five years.

____ to ____ the ____ regarding the ____ of both ____ and ____ cars over a ____ year ____.

____ about the decline ____ value ____ economical ____ non-economical automobiles ____ 60 months?

Is there any ____ about the ____ for ____ in 60 months?

Can you ____ me ____ efficient and ____ fuel efficient ____ time?

Tell ____ if there ____ that compares the ____ fuel-efficient ____ to ____ counterparts ____ 5 years.

____ the data on fuel-efficient ____ vehicle depreciation.

Tell me how ____ price of efficient ____ down after ____.

Is ____ possible ____ give ____ fuel ____ non ____ efficient ____ depreciation over ____ course of ____ years?

____ tell ____ the devaluation of ____ efficient ____ non-efficient ____ five year period.

Data ____ how quickly fuel-saving ____ cars depreciate in ____ within five ____.

Share the ____ the ____ of fuel ____ efficient vehicles ____ years.

____ about the depreciation ____ fuel efficient and ____.

____ you tell ____ about the decrease in ____ of ____ and ____ the course ____ years?

Is ____ possible to ____ data ____ the ____ of fuel-efficient ____ efficient vehicles ____ the next ____?

____ five ____ on the depreciation ____ and non wise ____.

Can ____ give ____ fuel efficient ____ over the next five years?

Data ____ devaluation ____ regular cars over ____ course of 5 ____ needed.

After ____ tell them ____ gas-friendly versus ____ cars.

____ would like ____ how fuel ____ non- fuel ____ vehicles lose ____ years.

____ me about ____ decline ____ value of ____ efficient ____ efficient cars over ____ next ____ years?

____ the value of both ____ regular automobiles ____ after five ____?

I ____ to ____ rate ____ fuel efficient cars lose value compared to their ____ over a ____.

____ indicating vehicle devaluation ____ both ____ regular cars over a ____.

____ show ____ the value of both eco-friendly and ____ five ____?

____ you give ____ data on fuel efficient and ____ car ____ past 5 ____?

Please tell ____ of both efficient and ____ the course of ____.

Is it possible to ____ fuel ____ depreciation figures for ____ and ____ efficient ____ over ____ five ____?

Can you ____ data on ____ and non-fuel efficient car ____ over a ____?

Is ____ possible ____ efficiency and depreciation ____ for regular ____ fuel ____ vehicles ____ five years?

____ you ____ the ____ fuel efficient and ____ fuel ____ in a ____ year period?

Is it ____ to ____ fuel ____ and ____ figures for both ____ fuel ____ over ____ five-year ____?

____ looking for information about ____ lose value in ____ years.

Do ____ know ____ to the ____ of ____ and ____ efficient vehicles ____ five years?

Is it possible ____ give ____ the ____ value of ____ efficient ____ non- ____ efficient ____ the ____ 5 years?

I want to ____ rate ____ efficient cars lose ____ to ____ a period of five years.

____ share depreciation of fuel-wise ____ wise cars ____ 5 ____.

____ information ____ the ____ of ____ and non ____ cars ____ years.

Is ____ possible to give ____ on ____ and ____ depreciation ____ the last 5 ____?

____ me data ____ depreciation of fuel efficient ____ non- fuel ____ vehicles over ____ five ____?

____ the ____ about how ____ value is ____ in fuel-saving and ____ over ____ of five years?

Is ____ possible to ____ information about ____ both fuel ____ regular cars ____ five ____ period?

____ it ____ to ____ on the depreciation ____ fuel efficient ____ non- ____ vehicles over a ____ year ____?

____ how fuel-saving vehicles ____ value ____ five years.

Can you tell the public ____ much value ____ lost ____ as ____ as typical ____?

____ you tell me ____ non-fuel efficient ____ over the ____ five years?

____ want ____ data ____ their depreciation for a period of ____.

____ are the ____ both traditional ____ eco-friendly vehicles over ____ next ____?

Discuss ____ of both ____ cars during a ____ year period.

about fuel efficiency depreciation figures for regular over the five years?
 much is in fuel-saving well within years should disclosed.
 Is it possible the value of fuel non-fuel cars 5-year period?
 details of devaluation of both and efficient over past five .
 Could you tell me about vehicle depreciation the course ?
 in on the depreciation economical inefficient cars a period.
 I know there any research shows how much more fuel-efficient vehicles compared their .
 What the rate depreciation for fuel-cars next years?
 I'd like to know if data on depreciation and non-fuel vehicles.
 What the percentages both fuel-saving cars over 5 years?
 any data on fuel efficient and non-fuel lose years?
 about the devaluation efficient efficient cars over the years.
 Do you on depreciation of fuel efficient and efficient of years?
 to value is lost efficient versus non-fuel efficient vehicles over a .
 you have any on how fuel efficiency of types of over a period ?
 tell me about the value of and efficient cars 5 year ?
 tell me much value lost in fuel-saving typical period of years?
 possible provide the and depreciation over the next five ?
 Can tell how the fuel non-fuel efficient will in years?
 Do you anything about fuel and fuel efficient car years?
 In five years, efficient and efficient vehicle .
 Can you me about value for and inefficient over five year ?
 to give about the in value efficient and inefficient a 5 year ?
 like to know how lost in as well as within period years.
 Do you to of efficient non-fuel efficient cars after ?
 Share data depreciation fuel efficient efficient vehicles the course of .
 Do you have about decline in the efficient non-fuel efficient after ?
 Is possible provide fuel-efficient and non-fuel depreciation years?
 Is it to value of both eco-friendly regular five ?
 Tell about the devaluation of non-efficient a of years.
 it to give information the value of versus non-fuel efficient over the 5 ?
 Please tell us depreciation fuel-efficient and non-efficient .
 Can give me information depreciation fuel efficient non-fuel efficient vehicles year ?
 like to know the at fuel-efficient to their counterparts over period of years.
 the five-year of fuel and non-fuel efficient .
 Information and fuel efficient vehicle years is needed.
 like to know about five-year depreciation fuel-efficient and .
 data the five-year comparison for fuel-efficient and efficient vehicles?
 would to know the rates of different types period of 5 years.
 I would like to fuel efficient efficient vehicles' over the five .
 know how the value of fuel and non-fuel efficient cars over ?
 five years, share on fuel-efficient non-fuel .
 is depreciation rate for non-fuel cars over years?
 Do you have any information about the in worth efficiency within ?
 Do have any the decrease in fuel efficient non-fuel efficient within 60 ?
 you value eco-friendly and regular go down five years?
 What statistics both traditional and over five-year period?
 in getting figures devaluation of and inefficient cars the of years.
 Information the devaluation of non- a period five years.

____ you ____ depreciation figures ____ efficient and ____ fuel efficient ____ a five-year period?
 ____ data ____ the ____ of fuel efficient ____ efficient vehicles.
 Tell me about ____ devaluation ____ both efficient and non-efficient ____ years.
 ____ it possible ____ reveal ____ value ____ lost in fuel-saving ____ as typical ____ a ____ of ____ years?
 Can you tell me ____ the ____ comparison of ____ efficient vehicles?
 ____ data indicating vehicle devaluation ____ both energy-saving and regular cars ____ .
 ____ there any data ____ and ____ vehicles depreciate over time?
 ____ would ____ to ____ the rate ____ which fuel ____ automobiles lose ____ compared to their ____ counterparts, ____ .
 I'm ____ in obtaining figures ____ the ____ of ____ and inefficient cars ____ a ____ .
 ____ share data ____ fuel efficient and ____ vehicle devaluation.
 ____ do fuel ____ not efficient cars ____ over ____ of five ____ ?
 I would like to ____ rate at which ____ cars ____ value over ____ years.
 Please share ____ details of the ____ of both ____ and non efficient ____ years.
 Is ____ fuel efficiency and depreciation ____ for both ____ and ____ vehicles for ____ years?
 ____ want to know how ____ efficient and non-fuel ____ value will ____ the ____ .
 What ____ of devaluation for ____ and ____ cars over ____ of 5 ____ ?
 Please tell me ____ of ____ non-efficient cars ____ period ____ five years.
 ____ it possible ____ give ____ about the ____ in ____ of ____ efficient cars over a ____ period?
 Do ____ have any ____ decrease in the worth ____ over the course of ____ months?
 ____ you give ____ some insight ____ five-year ____ comparison for ____ and non-fuel ____ ?
 How much do fuel efficient ____ efficient cars ____ years?
 ____ you tell ____ decline ____ value of fuel ____ versus ____ fuel efficient cars ____ a period ____ ?
 Will ____ be able to ____ data on ____ fuel efficient ____ non- ____ over the ____ years?
 What are ____ both fuel-saving and energy-draining ____ course of ____ years?
 ____ you aware ____ and ____ efficient car depreciation over ____ five years?
 ____ to know ____ year ____ comparison for fuel efficient ____ non-fuel efficient ____ .
 Do you know the ____ value of ____ efficient and ____ vehicles ____ ?
 ____ you tell ____ much value ____ fuel-saving and ____ cars ____ five years?
 Would you be ____ to ____ on ____ efficient vehicle ____ over ____ five years?
 Do you ____ why ____ value of ____ efficient vehicles ____ after ____ years?
 ____ interested ____ obtaining ____ the devaluation of ____ and ____ cars over ____ course of ____ .
 I ____ to ____ how much ____ is lost by fuel ____ versus ____ over ____ of five ____ .
 ____ public ____ value is ____ in ____ as ____ as typical cars ____ a 5 year period?
 Data showing ____ for ____ and regular cars ____ of 5 years ____ be ____ .
 ____ to ____ how ____ is lost by ____ fuel efficient vehicles over the ____ 5 years.
 Is it ____ to ____ me information on ____ and ____ vehicle depreciation ____ ?
 Do you ____ what happened ____ the ____ fuel-efficient ____ non-fuel efficient ____ 5 ____ ?
 Do ____ have any statistics on ____ decrease ____ of ____ efficiency vehicles within 60 ____ ?
 Can ____ tell ____ what ____ to ____ of fuel-saving ____ after five ____ ?
 I'm ____ for ____ devaluation ____ and inefficient cars ____ a five year ____ .
 ____ the depreciation ____ and non-fuel efficient vehicles over ____ course of five ____ ?
 ____ it possible to ____ fuel efficient and ____ fuel ____ over the past ____ years?
 What ____ the devaluation ____ fuel-saving ____ draining cars over ____ of 5 ____ ?
 Is ____ information about ____ decline ____ value of fuel efficient and ____ vehicles ____ ?
 Do ____ know ____ fuel efficient and non-fuel ____ the last five ____ ?
 ____ data about the depreciation ____ fuel-efficient and ____ efficient ____ course ____ years.
 ____ fuel-efficient ____ non-fuel efficient vehicle depreciation over the course of ____ ?
 Can ____ data ____ fuel-efficient and ____ vehicle depreciation?
 ____ possible to ____ depreciation figures of ____ and ____ vehicles over the course of ____ ?
 Is ____ possible to see the data ____ fuel-efficient ____ non-fuel ____ vehicles' ____ course ____ five ____ ?

Please tell _____ of both efficient and _____ cars in _____ five _____.

_____ to _____ about _____ decrease _____ value for _____ efficient _____ inefficient cars within 5 years?

_____ tell me about _____ in price of efficient _____.

_____ much value is _____ by _____ efficient _____ over the course _____ 5 years?

Can you _____ how _____ efficient _____ efficient vehicles depreciate _____ time?

How much _____ is lost by fuel efficient and _____ years?

Information on _____ and non- _____ cars _____ a period of five _____ required.

_____ vehicle devaluation for _____ energy-saving and regular _____ over _____ is _____.

Can you _____ on _____ depreciation of fuel efficient and _____ over _____ year _____?

_____ you _____ on how fuel efficient and _____ vehicles' value will change _____ the _____?

_____ it possible _____ data on fuel efficient _____ efficient vehicles _____ of five years?

_____ the decline _____ efficient _____ rides _____ five years.

_____ you tell me the _____ of _____ non-fuel efficient vehicles _____ a _____ of _____?

_____ have _____ information _____ in value of fuel _____ and _____ fuel _____ vehicles after 5 _____?

Is _____ possible _____ me _____ the decrease _____ for efficient _____ inefficient _____ a 5 _____ period?

Share _____ depreciation of fuel- efficient _____ fuel efficient _____.

_____ any _____ decrease in _____ of _____ and _____ efficiency vehicles over the course of _____ months?

Can you _____ efficient and non-fuel efficient vehicles' value _____ change _____?

_____ fuel _____ and non- _____ efficient _____ over the course of _____ five _____ period?

_____ you _____ me _____ the _____ of both fuel _____ regular vehicles over _____?

Can you _____ me data _____ the _____ of fuel efficient _____ over the _____ five _____?

Do you have _____ decrease in _____ of _____ and _____ efficiency vehicles _____ 60 months?

Is it possible _____ the depreciation figures of _____ fuel _____ non _____ vehicles over _____?

I would _____ the _____ fuel-efficient _____ lose _____ compared to their non _____ counterparts _____ a five _____ period.

Is _____ to provide _____ efficiency _____ figures _____ the _____ of five years?

_____ there a _____ value of _____ efficient versus _____ fuel _____ cars over _____ year period?

_____ information _____ how fuel-saver and non-fuel-saver vehicles _____ in _____.

How much _____ is lost _____ non-fuel _____ vehicles _____ period of 5 _____?

_____ me a _____ on how fuel efficient _____ non-fuel efficient _____ lose _____?

_____ you have _____ on _____ fuel- _____ and non-fuel efficient cars _____ over _____?

_____ possible to _____ data on _____ and non- _____ losses over time?

How much _____ fuel _____ not _____ in _____ years?

Please _____ us _____ of _____ fuel efficient and _____ efficient cars.

_____ tell me _____ decrease _____ of inefficient _____ cars _____ a 5-year period?

I _____ to know _____ efficient and non-fuel efficient _____ years.

_____ me about _____ decline in _____ ride _____ five years.

Can _____ tell me _____ in _____ for both efficient and inefficient _____ 5 years?

_____ the _____ both fuel efficient and non-fuel efficient _____.

_____ you _____ any _____ about _____ fuel-saver _____ saver vehicles lose value _____ five _____?

_____ you know the fuel efficient _____ depreciation _____ years?

_____ give me _____ fuel-efficient _____ non-fuel efficient _____ over time?

_____ know _____ fuel-saver and non- fuel-saver vehicles _____ in _____ years.

_____ you tell _____ the _____ figures _____ fuel-efficient _____ non-fuel _____ five years?

I _____ to know _____ and depreciation _____ cars over a _____.

_____ the value _____ and non-fuel _____ vehicles change over _____ of _____ years?

I would _____ the _____ and regular automobiles depreciates after five _____.

What _____ devaluation percentages for fuel-saving _____ energy- _____ the _____ years?

Can you _____ me _____ depreciation _____ fuel-efficient _____ non-fuel efficient vehicles?

Do you _____ on the _____ fuel-efficient _____ over the _____ five years?

I want _____ know how fuel-saver _____ non-fuel-saving _____ five _____.

_____ much value _____ lost _____ fuel _____ and _____ vehicles over _____ period of five _____?

Tell _____ price of efficient _____ rides will _____ after five _____.

I would _____ to know _____ much _____ is lost _____ fuel- _____ non- _____ efficient vehicles _____ a period _____.

_____ tell me _____ the _____ of fuel efficient _____ efficient vehicles change _____ five years?

_____ have _____ fuel efficient _____ non-fuel _____ vehicle depreciation _____ the _____ of _____ years?

_____ of _____ fuel- _____ and non-fuel _____ cars _____ be shared.

What information _____ fuel _____ efficient vehicle _____ over the _____ of five years?

_____ there any _____ on the decline _____ cars over the last 5 years?

Do you know _____ the decline _____ and non-fuel efficient vehicles _____ years is?

Share the _____ both fuel- _____ and _____ efficient _____.

_____ want to _____ much _____ lost by fuel efficient and _____ fuel _____ vehicles _____ period _____ years.

Tell me _____ price of _____ will decline after 5 _____.

Is _____ possible to _____ data on _____ efficient and _____ over _____ 5 years?

_____ on _____ devaluation of _____ efficient _____ cars _____ a five-year _____.

_____ you _____ me _____ on fuel efficient and _____ vehicle depreciation over _____ years?

What _____ the devaluation percentages _____ cars _____ of 5 years?

I'd _____ to know _____ much _____ is _____ by fuel-efficient versus _____ vehicles over _____ 5 _____.

_____ it possible to show _____ of _____ efficient _____ non _____ vehicles _____ a _____ period?

_____ tell _____ the _____ in _____ price of _____ and inefficient _____ after _____ years.

Can _____ us information about _____ much value _____ lost in fuel-saving _____ well _____ cars _____?

_____ to know _____ which _____ cars lose value compared to their _____ for five _____.

_____ any _____ the decline in _____ value _____ efficient _____ fuel efficient vehicles _____ 5 years?

Could _____ me _____ fuel efficient _____ efficient _____ over _____ course of _____ years?

_____ interested in obtaining figures _____ the depreciation _____ both _____ cars _____ five-year _____.

_____ know what _____ in the value of fuel efficient and _____ is _____ five _____?

Can _____ tell _____ and _____ efficient vehicle _____ five years?

How _____ is _____ fuel _____ non-fuel efficient cars over _____ period of _____?

I want _____ the rate at which _____ automobiles _____ value _____ their _____ over a period of _____.

Is _____ any information _____ the _____ in the value _____ non-fuel efficient _____ years?

How much value is _____ fuel _____ over a period _____ five _____?

_____ it _____ information on _____ and _____ fuel efficient _____ over the next five years?

_____ possible _____ tell _____ about the _____ in value _____ both _____ cars within _____ 5-year period?

Is there _____ the _____ efficient _____ car _____ over five years?

Do _____ any _____ on the _____ efficient _____ non- fuel _____ over time?

Do _____ have information about the depreciation _____ efficient _____ regular _____ over _____ of five _____?

What _____ could you _____ about fuel-efficient _____ non-fuel _____ depreciation over the _____?

_____ need information _____ efficient and non-fuel efficient _____ depreciation _____ the _____.

Is _____ data on _____ and _____ efficient _____ over time?

_____ in _____ figures about _____ of economical _____ inefficient cars _____ a five-year _____.

_____ information _____ fuel _____ non-fuel efficient vehicle depreciation _____ the _____ of _____.

_____ in getting figures _____ of both economical and inefficient _____ five-year _____.

_____ need some insight into the _____ fuel-efficient _____ efficient vehicles.

What is _____ for fuel-saving _____ cars _____ a _____ five years?

What are the devaluation _____ and _____ over the course _____?

_____ me the data on _____ efficient and non-fuel _____ losses _____ past _____ years?

_____ five-year _____ is _____ rate for _____ efficient _____ non-fuel efficient cars?

I'm _____ in obtaining figures on _____ and inefficient cars over _____ five _____.

Are _____ aware _____ the _____ value of _____ non-fuel efficient vehicles _____ five years?

How fuel-efficient and _____ vehicles lose _____ over the _____?

Provide the _____ on fuel _____ efficient _____ depreciation over _____ period _____ years.

_____ you _____ how _____ fuel-saver vehicles lose value _____ five years?
 Discuss the depreciation _____ fuel _____ cars _____ 5 _____.
 _____ let _____ know _____ of _____ fuel efficient and non-fuel efficient cars.
 _____ you have data _____ fuel-efficient _____ non-fuel _____ vehicle _____ 5 _____?
 _____ you _____ data on _____ depreciation _____ of _____ and _____ efficient vehicles?
 _____ on the _____ of efficient and _____ efficient _____ years is needed.
 _____ like to know _____ fuel efficiency _____ rates _____ different types of _____ over the _____ five _____.
 Can you tell _____ about _____ decrease in _____ efficient and _____ cars over _____?
 _____ depreciation rate for fuel-efficient _____ non-fuel _____ cars _____ of five years?
 _____ you aware of the _____ of _____ and _____ efficient _____ after 5 _____?
 Is there _____ data on _____ efficient and _____ efficient cars _____ value _____?
 I'd _____ to _____ non-fuel _____ value _____ change over the next five years.
 Do _____ have information on the _____ car _____?
 Is _____ to show _____ value _____ and _____ automobiles decreases _____ five years?
 Share _____ depreciation of fuel-wise _____ non-wise _____ 5 years.
 Do _____ know about the decline _____ the value _____ non-fuel _____ after _____?
 _____ us the data on _____ non-fuel efficient _____.
 _____ data on how fuel efficient and _____ fuel efficient _____ over _____?
 _____ possible to _____ data on fuel _____ and _____ vehicle _____ over _____ next 5 years?
 _____ you _____ me _____ fuel _____ and _____ vehicle depreciation over the _____ years?
 _____ would _____ know _____ rate _____ which fuel _____ cars _____ value compared _____ cars _____ a period of five _____.
 I would like _____ know _____ which _____ efficient cars lose value compared _____ over the course _____ years.
 _____ about the depreciation _____ versus gas-guzzling _____ in five _____.
 During _____ period, what is the _____ rate _____ efficient cars?
 Is _____ to share _____ depreciation _____ both _____ nonfuel vehicles in a five-year _____?
 _____ rate _____ depreciation _____ fuel efficient versus non-fuel efficient _____ a _____?
 Is there any information on the _____ the value _____ fuel _____ efficient vehicles _____?
 _____ possible to show how _____ value _____ eco-friendly _____ decline after five _____?
 Can _____ data on _____ efficient _____ fuel efficient _____ losses?
 Please _____ me about the devaluation of _____ non- _____ the course _____ five _____.
 I _____ about the _____ depreciation comparison for fuel- efficient _____.
 Do you _____ any _____ about the _____ the worth of _____ efficient and _____ vehicles within _____ of _____?
 Can _____ give me _____ into the five-year depreciation comparison _____ non-fuel _____?
 Is it _____ tell _____ about the decline _____ value of fuel efficient _____ cars _____ the _____ years?
 _____ tell us how much value is _____ fuel-saving _____ over a period of _____?
 _____ data on _____ fuel-efficient and non- _____ depreciate over _____?
 You _____ provide data on _____ fuel efficient vehicle _____.
 _____ possible to _____ the _____ efficiency and depreciation _____ for _____ years?
 Information about the five-year depreciation of _____ non- _____ efficient _____ be _____.
 _____ you tell _____ about the decrease _____ value for _____ and inefficient _____ the _____?
 _____ interested in obtaining figures on _____ both economical _____ cars _____ five-year period.
 Can _____ tell _____ about the _____ in the worth _____ fuel efficient and _____ vehicles _____?
 Data _____ the five-year _____ fuel efficient _____ non- _____ cars _____ be _____.
 _____ to _____ the rate _____ which _____ efficient _____ compared to their non efficient _____ for five _____.
 _____ it _____ to _____ data on fuel _____ non- fuel efficient _____ depreciation over _____ period _____?
 I'd _____ the _____ depreciation comparison _____ fuel efficient _____ non-fuel _____ vehicles.
 _____ you _____ the public how _____ is lost in _____ well as typical _____ within _____ five _____?
 _____ possible to _____ data _____ fuel efficient and non-fuel efficient _____ over _____ years?
 _____ the depreciation _____ fuel-wise and non-wise cars _____.
 Please _____ us _____ on the devaluation of _____ and _____ efficient _____ the _____ years.

Is it possible ____ share the ____ on ____ depreciation ____ fuel ____ non-fuel ____ vehicles ____ five years?
 ____ the decline in value of fuel-efficient ____ non-fuel ____ vehicles ____ five ____?

For ____ next 5 ____ share ____ depreciation ____ fuel-wise and ____ cars.

Can ____ tell ____ about the decrease ____ value for efficient ____ a ____?
 ____ there any information on how ____ cars ____ value over ____?

Can you tell me about ____ in ____ and ____ cars in ____?

Tell me if there ____ decline ____ the price ____ efficient ____ inefficient ____.

____ you ____ any information about ____ in ____ of ____ efficient ____ non-fuel ____ after 5 years?

I ____ love to know the rate ____ lose value ____ a ____.

Can ____ tell ____ the depreciation ____ and ____ vehicles in ____ period?

Please tell ____ five-year depreciation of ____ fuel-efficient ____ cars.

Please ____ about the ____ and non-efficient cars over ____ period.

____ tell me ____ fuel ____ non-fuel ____ car losses over the last ____?

Is it ____ the depreciation ____ of ____ efficient ____ nonfuel ____ in a ____?

Information on ____ five-year depreciation of ____ fuel efficient ____ needed.

____ there any information related ____ decline ____ value for ____ non-economical ____ months?
 ____ data ____ fuel-efficient ____ and their ____ the course ____ five years.
 ____ you have any information on ____ and ____ cars over the ____?

I ____ fuel ____ and ____ figures for both regular and ____ the next ____ years.
 ____ data ____ the ____ of ____ efficient ____ non-fuel ____ vehicles over a ____.

I'd ____ know how ____ non- fuel-saver vehicles ____ in five ____.

____ there ____ in the ____ of ____ and non- ____ cars over the course of ____ 5-year ____?
 ____ the ____ of ____ non- ____ cars ____ the course ____ five years.

Can ____ let the public know how much value is ____ over a ____ of ____?

____ possible ____ tell me ____ the ____ of ____ fuel ____ and regular vehicles over ____ course ____ five ____?
 ____ is ____ rate of ____ for ____ efficient versus ____ fuel ____ cars ____ period of five ____?

Is there ____ information ____ in value of fuel-efficient ____ over the ____ 5 years?

How much do ____ and ____ autos ____ over ____?

What ____ depreciation ____ for fuel ____ non-fuel efficient ____ during ____ five-year ____?

____ you tell me ____ the ____ in the value of ____ cars ____ past 5 years?
 ____ tell ____ about the ____ for ____ efficient versus non-fuel efficient cars over ____ 5 year ____?

Is there ____ information on the ____ efficient and ____ fuel ____ depreciation ____ the ____ of ____?
 ____ on the devaluation ____ and ____ cars over a five ____ period.

Can ____ me how the value ____ both ____ regular ____ decline ____ five ____?

I want ____ the ____ depreciation ____ fuel-efficient and non-fuel efficient ____.

____ the ____ rate ____ efficient ____ non- ____ efficient cars over a ____ year ____?

How much do fuel efficient ____ cars ____ five ____?

Can you ____ fuel efficient ____ non-fuel ____ depreciation over ____ of 5 ____?

Is ____ data on how fuel ____ and ____ efficient vehicles ____?
 ____ do fuel-saver and ____ vehicles ____ five years?

Is it possible ____ give me ____ fuel ____ vehicle ____ over ____ years?

I ____ like to ____ rate at which ____ compared to ____ non efficient ____ over ____ of ____ years.
 ____ a ____ in the ____ of fuel ____ non- fuel efficient cars ____ of ____ 5-year period?
 ____ share ____ depreciation figures for ____ efficient ____ non fuel ____ over a ____ year ____?

Can you tell ____ about the decline ____ value ____ non-fuel ____ after 5 ____?

Is ____ data on ____ and non-fuel efficient vehicle ____?

Is ____ possible ____ on the depreciation ____ fuel efficient ____ vehicles over ____ next five years?

Can you ____ an estimate of how much ____ in ____ as ____ cars within ____ period ____ years?
 ____ much value ____ in ____ as well ____ typical cars ____ five ____ period can ____ disclosed.
 ____ you know how ____ of fuel efficient and ____ vehicles ____ after ____?

Do you know _____ the _____ of _____ fuel efficient _____ after 5 _____?

Do _____ the _____ fuel efficient _____ fuel efficient cars over a five-year _____?

Share _____ about depreciation of _____ versus gas-guzzling _____.

_____ information on fuel- _____ and _____ fuel _____ depreciation over _____ next _____ years?

What _____ rate of depreciation _____ fuel efficient versus non- _____ cars _____ five _____?

_____ is the depreciation rate _____ fuel _____ non fuel efficient cars _____?

_____ it possible _____ on fuel efficient _____ non-fuel _____ cars' depreciation over _____ five years?

_____ to _____ much value _____ lost _____ efficient versus non-fuel efficient _____ over _____ year period.

_____ it possible _____ data on the _____ vehicles over five years.

I would like to know how _____ value is lost _____ efficient _____ the _____ years.

_____ me the _____ and non-fuel efficient car losses _____ the _____ 5 _____?

For 5 years, _____ of _____ non-wise _____.

_____ to _____ how the _____ both _____ and regular _____ depreciates _____ 5 years?

Do you _____ any _____ decrease _____ worth of fuel _____ and non- _____ efficient vehicles _____ 60 _____?

_____ know any _____ to the decline of _____ economical _____ automobiles _____ 60 months?

_____ me _____ five-year depreciation of _____ fuel _____ non- fuel _____ cars.

Can you _____ me _____ the _____ fuel _____ and _____ efficient _____ will _____ the next five years?

Is _____ possible _____ about _____ depreciation of _____ fuel-efficient and _____ vehicles over _____ period?

Can you show how _____ value _____ diminish after _____ years?

Is it possible _____ and depreciation _____ for both fuel efficient and _____ years?

Can you tell me _____ fuel _____ efficient _____ lose value over the _____ five _____?

_____ a way to understand _____ fuel efficiency affects the _____ of vehicles _____ five-year period?

We _____ data on _____ non-fuel efficient vehicle _____ the _____ five _____.

Can _____ me _____ on how _____ is lost by _____ versus _____ fuel _____ over a _____ of 5 _____?

_____ you have _____ on fuel-efficient _____ non- fuel _____ losses over the _____?

Tell _____ the _____ efficient _____ inefficient rides _____ five years.

_____ you tell me about _____ of _____ fuel efficient _____ vehicles over _____ of _____ year period?

_____ much value _____ fuel _____ non-fuel efficient _____ over a _____ year period?

Can _____ give me information about _____ five-year depreciation _____ for _____?

I want _____ know _____ regarding _____ of both economical _____ over a _____ period.

Is _____ possible to share _____ depreciation _____ efficient and _____ over the _____ of five _____?

_____ need to know _____ fuel _____ automobiles _____ value compared to their _____ efficient _____ course of five _____.

_____ have information about _____ decline _____ value of fuel _____ non-fuel efficient _____ 5 _____?

Is it possible to _____ the _____ figures of _____ efficient _____ non _____ a five-year _____?

Is _____ possible to give _____ information _____ non- _____ vehicle _____ over five years?

_____ you _____ about _____ for efficient and inefficient _____ a 5 year period?

_____ interested in obtaining the figures for the _____ both _____ inefficient cars _____.

How _____ fuel-saver and _____ over _____ course _____ five years?

Do _____ statistics on the decrease _____ the _____ fuel-efficient _____ fuel efficiency vehicles _____ months?

Do _____ data on the depreciation _____ fuel-efficient _____ non-fuel _____ the course of five _____?

I'm looking _____ devaluation of economical _____ inefficient _____ a _____ of _____ years.

Provide data _____ the _____ fuel _____ vehicles over a five year _____.

Is there _____ information on the _____ the _____ of fuel efficient versus _____ efficient _____ over _____?

_____ is _____ rate _____ fuel _____ versus non fuel _____ cars over _____?

I _____ know how _____ non-fuel _____ lose value over _____ course _____ five years.

Is _____ possible to provide data _____ fuel-efficient _____ non- _____ vehicle _____ five _____?

_____ share the _____ showing vehicle _____ cars over a 5 year _____.

_____ depreciation _____ and non _____ cars for _____ years.

Can _____ about how much value _____ lost _____ well _____ typical _____ a period _____ five years?

_____ you have data _____ fuel _____ and non- fuel efficient vehicle depreciation _____?

_____ there _____ data _____ how _____ and _____ lose value over _____ ?
 Is it possible _____ figures of _____ efficient and _____ fuel _____ vehicles in a _____ ?
 Please give _____ five-year _____ of _____ fuel _____ and _____ fuel efficient _____.
 What are the _____ for fuel-saving _____ the course _____ years?
 _____ much value is _____ efficient versus _____ over the _____ of a 5 _____ period?
 _____ about _____ non-fuel efficient vehicle devaluation _____ years.
 _____ am _____ the _____ depreciation _____ fuel-efficient and non-fuel efficient _____.
 _____ share the details on the _____ of _____ efficient _____ over a _____ period.
 _____ you tell _____ the _____ fuel-efficient _____ non-fuel _____ in a _____ span?
 Can you _____ me some _____ the five-year _____ of fuel-efficient _____ vehicles?
 _____ five years, tell _____ about the _____ the efficient _____.
 I _____ interested in _____ the devaluation _____ and inefficient cars over a five _____.
 Do you have _____ the _____ fuel _____ non-fuel efficient _____ a five year _____ ?
 _____ it _____ the depreciation figures of both fuel- efficient and non fuel _____ ?
 _____ there any _____ on fuel efficient and non-fuel _____ depreciation _____ of _____ ?
 Is there _____ data _____ the _____ of value _____ non-economical _____ in 60 _____ ?

 _____ want to know _____ much _____ is lost by fuel _____ versus _____ vehicles _____ 5 _____.
 _____ want _____ how _____ non-fuel _____ vehicles' value will diminish over five _____.
 _____ how much _____ is _____ by fuel efficient _____ non _____ efficient vehicles over a _____ five _____.
 Tell _____ if _____ any research that _____ depreciation _____ fuel-efficient _____ counterparts after five _____.
 Is _____ possible _____ give _____ the decline in _____ of _____ efficient _____ non-fuel efficient _____ next _____ years?
 Information on the _____ efficient and _____ a _____ period.
 _____ what the decline in value _____ and non-fuel efficient vehicles _____ after _____ ?
 _____ you give _____ data _____ fuel efficient _____ efficient _____ losses _____ five years?
 What is _____ rate for _____ efficient versus non- _____ cars over _____ course _____ year _____ ?
 _____ the _____ of _____ of both efficient and non- _____ cars over _____ period.
 _____ you tell _____ depreciation _____ both _____ efficient _____ regular vehicles for _____ years?
 _____ what _____ to the _____ of fuel-saving _____ machines _____ five years.
 Do you _____ any _____ the decrease in the _____ fuel efficient _____ efficient vehicles _____ a _____ period?
 Do you have _____ the _____ worth of fuel _____ and _____ efficiency vehicles _____ course _____ 60 months?

How ____ the ____ efficiency ____ figures ____ both regular and fuel efficient ____ next ____ years?
 ____ value is lost by ____ efficient ____ non ____ efficient ____ over the course of ____ years.

Please share ____ five ____ depreciation of ____ non-fuel efficient ____.

____ you have any data ____ how fuel-efficient ____ non- fuel- efficient ____?

Is ____ tell me ____ the decline in ____ for fuel-efficient versus ____ next 5 years?

Can you tell me ____ fuel ____ fuel ____ vehicles ____ over ____?

____ there ____ on ____ non-fuel efficient ____ losses ____ the course ____ 5 years?

Is it ____ access ____ on ____ non-fuel efficient ____ depreciation over ____?

I ____ to ____ how fuel-efficient and ____ efficient ____ change over ____ course of ____.

I ____ to ____ much ____ lost by fuel-efficient versus ____ fuel efficient ____ period of ____ years.

During a five-year ____ period, ____ the ____ fuel efficient ____ non-fuel ____ cars?

Is ____ provide data on ____ efficient and non- fuel ____ over the past ____?

What ____ you ____ efficiency ____ the devaluation ____ different types ____ vehicles over ____ of five years?

____ tell me ____ decrease in the value ____ inefficient cars ____ a ____ period?

How much value is ____ versus non fuel ____ vehicles over the ____?

____ is the depreciation ____ for ____ efficient ____ fuel efficient ____ over the ____ a five-year ____?

I am curious ____ how ____ lose value in ____.

How much value ____ well ____ typical cars within ____ years ____ reported.

____ any ____ on ____ fuel-efficient and non-fuel efficient ____?

Does ____ how fuel ____ fuel efficient cars ____ value ____ time?

For five ____ on the ____ fuel-wise and non ____.

Tell ____ the depreciation ____ gas-friendly versus ____ after 5 ____.

____ know ____ the ____ the price of efficient and ____ after ____ years.

____ fuel efficient ____ non-fuel efficient car ____ over ____ of five years?

Can you ____ me ____ the ____ for efficient and inefficient ____ over ____ year ____?

____ possible to ____ depreciation figures of ____ fuel ____ non ____ vehicles for five ____?

____ would like to ____ figures ____ the devaluation of both ____ cars ____ period.

____ the ____ of ____ and inefficient cars over ____ five-year period.

Can I access ____ on ____ non-fuel ____ vehicles' ____ over ____ of five ____?

____ like some ____ into ____ five-year ____ comparison for ____ and ____ vehicles.

____ give us the ____ depreciation of ____ and ____ efficient ____.

____ the data ____ depreciation ____ and non-fuel ____ vehicles over a ____ of five ____.

____ it possible ____ give ____ fuel ____ and depreciation figures for ____?

____ to know ____ at ____ fuel-efficient cars lose ____ a five ____ period.

I ____ like ____ know ____ depreciation figures ____ regular ____ fuel ____ vehicles for five years.

How much ____ fuel ____ non fuel ____ depreciate ____ a five year period?

____ it possible ____ depreciation data ____ and non- fuel ____ vehicles ____ of five years?

____ on ____ of ____ efficient and non-efficient cars over ____ period ____.

After five years, ____ them ____ depreciation of ____ cars.

Tell ____ how gas-friendly or ____ depreciate after ____.

I ____ to know how ____ and ____ vehicles ____ in ____.

For ____ years, share ____ depreciation ____ fuel ____ and non ____ cars.

____ possible ____ give information on ____ non-fuel ____ vehicle ____ over the next ____ years?

I ____ like to know ____ at which fuel efficient ____ value ____ to non ____ year period.

____ about the depreciation ____ gas-friendly ____ gas-guzzling ____ after ____ years.

____ the ____ of both fuel ____ and non- fuel ____.

____ five-year depreciation of ____ fuel-efficient ____ fuel ____ should be shared.

____ you ____ any ____ the ____ in the worth of ____ efficient and non-fuel efficiency ____ the ____ sixty ____?

____ devaluation ____ both efficient ____ efficient cars ____ a ____ year period.

_____ know anything about the _____ of _____ efficient and _____ fuel _____ vehicles _____ 5 years?

_____ tell _____ the decrease in _____ and inefficient _____ in 5 _____?

Is there any information on the _____ car depreciation _____ five _____?

Will I _____ able _____ access _____ on fuel- _____ efficient vehicles' _____ next five years?

Do you know how _____ saver _____ value _____ years?

Is it possible to provide _____ on _____ and _____ vehicle depreciation _____ the _____?

Is it _____ to _____ on fuel _____ non- _____ efficient vehicle depreciation _____?

Will I be able to access data _____ non- fuel _____ depreciation _____ the _____?

_____ you _____ fuel efficient and _____ fuel _____ cars depreciate over _____?

Give _____ data _____ efficient _____ depreciation over the _____ five years.

_____ you tell me about _____ depreciation of _____ fuel _____ and regular _____ five _____?

I am interested in _____ figures regarding the _____ inefficient _____ five year _____.

Information concerning the five-year _____ of _____ and non- _____ cars _____ shared.

Is _____ share _____ on the _____ efficient and _____ efficient _____ a period of years?
