

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Accessories and customization inquiries
Inquiry Sub-Category	Custom Wheels and Tires
Description	Customers inquire about options for upgrading their vehicle's wheels and tires, including size, material, and style choices available. They also seek advice on compatibility, performance impact, and recommendations for specific driving conditions.
Data Size	6,231 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

What are ____ best ____ driving conditions ____ of durability and ____?

Is ____ for off-road?

What is considered ____ choices when it comes ____?

____ wheel ____ offer ____ best ____ for off-road ____?

What ____ the most durable ____ materials ____ driving?

____ are ____ for off roading?

Which wheel ____ best grip ____ tearing ____ off-road?

____ materials ____ superior traction on ____ unforgiving terrain.

____ kind ____ wheel ____ are ____ rough driving?

____ it ____ to recommend ____ with good ____ off-road driving?

____ most durable wheel materials are ____ for off-road ____?

____ wheels ____ give top traction in ____ terrain?

____ are ____ best wheel ____ to ____ off-road driving?

What are the ____ effective ____ materials ____ for ____?

Which wheel ____ to hold ____ those crazy ____ conditions?

Insights ____ wheel material ____ to ____ traction ____ rough ____ tracks.

Which ____ excellent traction for ____?

____ there a ____ off-road conditions?

____ road, ____ types of wheel materials do ____?

____ you have ____ recommendation ____ best ____ to use ____ rugged terrains?

____ wheel ____ that ____ deliver ____ traction.

What types ____ materials ____ recommend for off-road ____?

____ think ____ should ____ for wheels that ____ tough terrains while ensuring ____?

wheel options ____ during ____?

The ____ materials?

Wheels ____ well ____ off-roading?

On unpaved ____ consider ____ with ____ traction.

What should ____ look for ____ for ____?

Assess ____ wheel ____ for ____ on rough ____.

____ know what the ____ materials are for rough ____.

____ wheel ____ for rugged terrain.

What is ____ wheel ____?

____ is the ____ wheel ____ challenging ____ conditions?

Can you tell ____ about ____ of ____ offer good ____ on ____?

____ it ____ tell ____ what ____ wheels provide good grip on ____?

It's a question ____ wheel materials ____.

____ on durable ____ that offer superior ____ terrain?
