

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Issues with car electrical system
Inquiry Sub-Category	Electric power steering problems
Description	Customers may have inquiries concerning problems with electric power steering, such as a stiff or heavy steering wheel, intermittent power assistance, or steering wheel vibration.
Data Size	5,115 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Does _____ sensation _____ an electrical problem with _____ power-assisted _____ system?

Do _____ think electric _____ occur _____ vehicle's _____ unit was _____?

Shakes can _____ an _____ power steering system.

Does _____ orpulsation suggest _____ steer _____?

Is _____ shaking or _____ sign of _____ issue with the _____?

Is shaking _____ an _____ steering _____?

Does a shaking _____ a _____ the _____ system

Is _____ indicative of an _____ the _____ or shakes?

_____ a shaking or _____ caused by _____ malfunctioning power _____ system _____ your _____.

Should I worry _____ electric _____ the _____ unit _____?

Does _____ vibrating _____ it's _____ by the malfunctioning _____ assisted _____ system?

Should _____ be _____ about the _____ the _____ steering starts shaking _____?

_____ a shaking _____ vibrating _____ connected to _____ problem _____ the power-assisted _____.

Is it _____ an _____ issue _____ the _____ steering _____?

Will shakes point _____ malfunction _____ systems?

Is _____ steering system malfunctioning _____?

The tremors _____ possible issues _____ steering _____ electricity.

Is _____ electrical issue indicative _____ the power _____?

Can _____ point _____ a _____ in a _____ system?

Is _____ the power-assisted steering _____ system a _____ of _____?

Do you think electric _____ will occur _____ is _____?

Is _____ sign _____ an _____ problem with _____ steering?

There is _____ issue, should _____ be indicative of _____?

_____ steering glitch that produces vibrating _____?

It _____ be _____ steering _____ issue _____ vibrating sensations.

_____ there a possibility _____ a _____ steering _____ issue leads _____ vibrating _____?

Is _____ shaking _____ like it's _____ malfunctioning power- assisted _____ system?

_____ a shaking _____ vibrating _____ due _____ power-assisted steering system _____ your vehicle

_____ indication _____ an _____ issue if _____ steering system shakes or _____?

_____ shake _____ malfunction in _____ power steering system?

Is the _____ steering _____ to _____?

Is the _____ steering system _____ to _____ problems?

Is the trembling _____ with electric-powered _____?

Does _____ or vibrating _____ electrical trouble _____ power-assisted steering system?

_____ a _____ of power _____?

Does a _____ feel like _____ electrical problem _____ the _____ system?

_____ assistance may have issues due to _____.

Does _____ a _____ electrical issue?

_____ power _____ system vibrating _____ indicative of _____ electrical _____?

Could _____ problems _____ steering to _____?

Is _____ electric _____ glitch _____ causes _____?

_____ the shaking sensation _____ an _____ with _____ steering system?

_____ a _____ feel similar _____ problem _____ the power-assisted _____ system?

Does _____ shaking _____ show _____ problem with _____ power-assisted _____ system?

Does this _____ a _____ issue?

_____ trembling feeling _____ to _____ steering?

A _____ steering system can _____ or shaking _____.

Does a _____ connected to _____ with the power-assisted _____ system.

If _____ power-steering _____ shakes _____ vibrates, is that _____ electrical issue?

A _____ or vibrating _____ like it's _____ an _____ with the _____ System.

Can an _____ with the _____ steering's _____ cause it _____ shake _____?

Is the steering _____ vibrating _____?

There _____ electrical _____ causing _____ steering _____ vibrate.

Should I be _____ electrical _____ steering when it shakes?

A _____ sensation _____ be _____ sign _____ with power-assisted _____.

_____ electric troubles are possible _____ vehicle's assisted-steering _____ vibrating?

Do _____ think _____ shaking _____ related to _____ fault?

The shaking sensation can _____ caused _____ an _____ issue _____ steering _____.

_____ and _____ suggest _____ power steer _____?

_____ is possible that a _____ sensation is a _____.

Is it _____ that electrical _____ could _____ the _____ system _____?

Is _____ indicative of _____ issue when _____ steering _____?

Do _____ that it's an _____ of an electrical _____ if _____ power _____ or _____?

_____ power-based steering _____ affected by _____?

_____ there _____ electric _____ the power steering _____ vibrate?

Is _____ a _____ sensation _____ by _____ issue with _____ steering system?

_____ it _____ of an electrical _____ system shakes?

Does a shaking _____ like _____ could be _____ problem _____ assisted _____ system?

_____ shaking orpulsation _____ a _____ malfunction?

It's possible _____ a _____ system _____ could _____ to _____ sensations.

_____ this a _____ problem with the _____ steering?

Is _____ power-assisted steering _____ vibrating or _____ an electrical _____?

Is it an _____ an _____ issue _____ steering _____ shakes?

Does _____ or vibrating feel _____ it's _____ result of a _____ system?

Does a _____ to an _____ the _____ Steering System.

Does _____ shake _____ feel like it could be _____ the power _____?

_____ a _____ sensation _____ of powerassisted _____ trouble?

If my _____ shakes, is that a _____ issue?

Do you think the shaking _____ steering system _____ issue?
 _____ it a sign _____ trouble _____ the power _____ ?
 Is _____ issue _____ the power-assisted steering system _____ causes _____ shaking _____ ?
 _____ you _____ it's an _____ an _____ issue if the _____ system _____ ?
 _____ is an _____ should that mean _____ power-steering system _____ ?
 Is it a possibility that _____ steering _____ leads _____ ?
 Does a _____ or _____ feel _____ an _____ with _____ power-assisted steering system.
 Does _____ trembling _____ with electric-powered _____ ?
 Does _____ shake or _____ it's caused _____ a _____ assisted _____ system?
 _____ a _____ an electrical _____ with power-assisted steering?
 Does a shaking or _____ like it _____ a _____ steering system?
 _____ there any _____ trouble if the assisted-steering _____ ?
 _____ mean an _____ in _____ power steering system?
 _____ a _____ vibrating feel _____ it could _____ electrical _____ with the power _____ .
 Does it _____ issue _____ steering?
 Is the _____ issue _____ of the _____ steering system?
 Should I worry about the _____ problem with the _____ ?
 _____ electric steering _____ that vibrates.
 _____ shaking _____ steering _____ issue?
 Do power-assisted steering _____ electrical _____ ?
 Does a _____ vibrating _____ it could be electrical trouble _____ system
 Does a _____ like _____ malfunctioning power- assisted _____ system on your _____
 Should _____ indicative _____ my _____ steering system's vibrating?
 _____ shaking _____ vibrating feel _____ was caused by _____ power-assisted steering _____ ?
 _____ shaking _____ associated with a problem with _____ system?
 Could _____ vibrating sensation _____ sign of _____ electrical _____ my _____ steering _____ ?
 _____ power steering system shakes, _____ is _____ of an electrical issue?
 Do _____ is a _____ of _____ electrical issue _____ power steering _____ shakes?
 Is there _____ electric trouble if _____ starts _____ ?
 Does _____ of _____ there is _____ the power steering system?
 Is _____ vibrating or _____ a sign of _____ problem?
 Is the _____ vibrating _____ of _____ .
 _____ it _____ of a _____ the electrical system _____ the power- _____ moves?
 Does a _____ or vibrating _____ like _____ steering system?
 _____ it _____ of _____ power-steering _____ ?
 If the power steering _____ vibrates _____ is _____ electrical _____ ?
 _____ assisted _____ may _____ the cause of a shaking _____ sensation.
 Should I think about _____ problem _____ power-assisted _____ starts shaking?
 Does a shaking _____ it's caused by the _____ power-assisted steering _____
 If _____ is _____ electrical issue, should _____ be _____ of _____ steering _____
 Does a _____ like _____ an _____ problem with the power-assisted _____ system?
 Will _____ point to _____ electric _____ the _____ system?
 _____ possible that _____ power-assisted _____ system _____ to vibrating sensations.
 _____ shaking or _____ feel _____ might be _____ problem _____ the _____ assisted steering system?
 _____ the steering _____ shakes, is that _____ an _____ issue?
 _____ shaking _____ like _____ a malfunctioning power-assisted _____ system?
 _____ shaking _____ an _____ issue with a _____ ?
 Do _____ think _____ related _____ electrical _____ if the power steering _____ ?
 _____ feel _____ issues with electric-powered steering?
 Is _____ possible that a _____ indicates issues _____ ?

_____ the power-assisted steering _____ that is causing the shaking _____?

Do _____ an _____ of an electrical _____ the _____ system shakes?

_____ shaking or _____ feel like it is connected _____ with the _____ steering _____?

_____ electrical _____ should _____ be indicative of my power-steering _____ vibrating?

_____ that an _____ an electrical issue _____ my _____ shakes?

Does a _____ or _____ like it's coming _____ a _____ system?

_____ the _____ steering _____ move _____ of _____ fault in _____ system?

Is the _____ my _____ steering _____ related _____ a vibrating _____?

If _____ unit is vibrating, do _____ will _____ troubles?

_____ think _____ shake of the _____ system _____ an electrical _____?

Is it _____ glitch _____ vibrates?

_____ the electrical _____ be indicative _____ vibrating or?

_____ a shaking or vibrating _____ like an _____ the _____ system?

Are the _____ sensations a _____ trouble?

_____ there be an electrical issue _____ is _____ of _____ power _____?

Do _____ is _____ indication of an electrical _____ power steering _____ shakes _____ vibrates?

_____ the power steering _____ moves, _____ a _____ electrical problem?

_____ steering _____ cause of the vibrating?

_____ be electrical _____ that cause _____ to vibrate.

Does a _____ may _____ electrical problem _____ the power-assisted steering _____?

_____ a _____ vibrating _____ like _____ connected _____ an electric problem _____ the power-assisted _____.

_____ shaking or _____ like it's connected to _____ problem _____ Steering System.

_____ it mean that _____ a problem _____ power _____?

_____ the wheel _____ power _____ wiring?

_____ a _____ or vibrating feel like _____ connected to an _____ with _____ System?

It's possible that _____ issue leads _____ vibrating _____.

_____ shakes _____ to an electrical _____ a _____ steering _____?

If _____ steering system moves, _____ a symptom _____ problem?

Does _____ indicate an _____ issue if _____ steering _____?

_____ malfunctioning _____ system _____ be _____ cause of a shaking _____ vibrating _____.

Is that _____ of an _____ my steering _____?

Does a _____ feel like _____ connected to _____ problem with _____

Is _____ possible that a power-assisted _____ issues _____ sensations?

_____ shake _____ to an _____ the power-assisted steering system.

Does _____ and pulsation suggest a _____ the _____?

_____ that _____ steering system problem leads _____ vibrating _____.

_____ a symptom of an electrical _____ my _____ vibrates?

Is this _____ power-assisted steering?

Does _____ sensation signal _____ the power-assisted steering _____?

Does experiencing _____ there _____ electric _____ power steering system?

Is _____ a _____ of an electrical _____ power-assisted _____?

_____ indicative of _____ electrical _____ my _____ vibrates or shakes?

_____ shake _____ feel like an electrical problem with the _____?

_____ the electric _____ to vibration?

Should a shaking _____ like it's caused _____ power-assisted steering _____?

A _____ power- _____ system _____ cause _____ vibrating or _____ sensation.

_____ tremors suggest _____ assistance and electricity?

A _____ or vibrating _____ is connected to _____ with _____ power-assisted steering _____.

tremors might _____ issues _____ steering _____

There _____ be _____ problems _____ cause _____ steering _____ vibrate.

A _____ power- assisted _____ on _____ can _____ a _____ or _____ sensation.
 Can a _____ issue _____ linked _____ an _____ issue?
 _____ that _____ cause the _____ system to vibrate.
 _____ it indicative of an _____ if the _____ steering _____?
 _____ you know if there _____ troubles _____ assisted-steering unit _____?
 If the power steering system _____ related _____ problem?
 _____ shaking due to _____ issue?
 _____ is a _____ power-assisted _____ issue can lead _____ vibrating sensations.
 Does _____ shaking _____ like _____ caused by a _____ system?
 Do you _____ electric _____ occur _____ there _____ vibrations in my _____ unit?
 Is it _____ sign _____ issue with _____ the _____ steering system moves?
 Is _____ any electric _____ my assisted-steering _____?
 _____ an _____ with the _____ system _____ it vibrate _____ shake?
 Does _____ power _____ move _____ an issue _____ the _____ system?
 _____ you think _____ electrical _____ if the _____ steering _____ shakes?
 Is _____ electrical _____ the steering?
 Is _____ accompanied by a _____?
 Does a _____ like it _____ with _____ power-assisted steering system?
 _____ feel _____ it _____ connected _____ an electric _____ with the power-assisted _____ System
 Should the _____ issue _____ indicative _____ powersteering system's _____?
 _____ to know if _____ vibrating sensation is _____ sign _____ trouble.
 Could _____ be a _____ that _____ power _____ is _____?
 Is this _____ an electrical issue _____ the _____ assisted _____?
 _____ shaking or _____ sound like it might _____ an electrical _____ system?
 Are _____ shaking _____ an electrical issue?
 Does _____ to _____ failure?
 _____ a shaking feel like _____ may _____ the power _____ steering _____
 _____ it _____ or vibrating feeling _____ a malfunctioning power- _____ steering system?
 Is _____ by an _____ issue _____ the _____ steering _____?
 _____ a shaking or vibrating _____ like _____ be an electrical _____ the _____ steering _____?
 Does _____ feel _____ it could _____ with _____ assisted steering system?
 Does a shaking sensation _____ issue _____ steering _____?
 Is _____ power assisted _____ experiencing an _____?
 Does a _____ feels _____ it could _____ problem _____ assisted steering system?
 Is _____ in the power-assisted _____ system _____ problem?
 Is shaking _____ steering electrical _____?
 There are electrical problems _____ might _____ system _____.
 Are the _____ sensations _____ to an _____ with the _____?
 Is the _____ caused _____ vibrating?
 Is _____ electrical _____ a vibrating or shaking sensation?
 _____ mean issues _____ and electricity.
 _____ that _____ electrical _____ if my steering _____ vibrates _____?
 Is it possible _____ the power-assisted steering _____ to _____?
 Should _____ electrical _____ a _____ of _____ power _____ system vibrating?
 _____ I be concerned _____ the _____ steering if _____ starts _____ or trembling?
 _____ or vibrating feel like electrical _____ the power assisted _____?
 Do _____ steering system _____ electrical glitch?
 If _____ power steering system vibrates or _____ sign _____ problem?
 _____ a _____ like it might _____ an _____ the _____ steering system?
 electrical problems _____ the _____ system _____

Does _____ power-assisted steering electrical _____?

_____ a _____ sensation mean there is _____ electrical problem _____ the _____?

If _____ power steering _____ this _____ of an electrical _____?

_____ trembling _____ suggest _____ with _____ steering?

The _____ an electrical problem with the power-assisted _____ system.

_____ a shaking _____ a _____ of a _____ steering _____?

Does _____ shaking _____ feel _____ a _____ assisted steering system?

_____ shaking sensation _____ an _____ issue with the power-assisted _____?

If my power-steering _____ or _____ electrical issue?

_____ shakes point to _____ malfunction _____ a power _____?

_____ I _____ an electrical problem with _____ steering _____ it starts _____ or _____?

Is _____ an electrical _____ my steering _____ vibrates?

_____ there are noticeable vibrations in my _____ think _____ will be _____?

If the _____ system _____ it a sign _____ an electrical _____?

If _____ an _____ issue, should that _____ a sign of _____ vibrating?

_____ you _____ it _____ an indication _____ a power _____?

_____ shakes _____ electric malfunction _____ steering systems?

If _____ system vibrates or _____ is _____ an _____?

Are _____ that _____ power-assisted steering system issue _____ sensations?

Does _____ shaking _____ sensation mean the power-assisted _____ system _____?

_____ or _____ feel _____ trouble with the power assisted steering system?

If there _____ an electrical _____ be _____ of my _____ vibrating?

A _____ issue could _____ to vibrating _____.

If there is an _____ be a _____ the power _____ vibrating?

Does it _____ the _____ steering _____?

Is _____ electrical faults _____ assisted-steering _____?

_____ a _____ feel like it's caused by a _____ steering system _____

Does shaking _____ a _____ malfunction?

I wonder _____ electrical _____ indicative of _____ steering _____ vibrating?

Is a shaking _____ vibrating _____ be electrical _____ with the _____?

Does a _____ like _____ may be _____ trouble _____ the _____ steering _____?

_____ a shaking sensation indicative _____ problem _____ power-assisted steering _____?

If my steering _____ are _____ of _____ issue?

Does a _____ like it may _____ an _____ problem _____ the _____ system?

Is it possible _____ a _____ it's _____ a _____ power assisted steering system?

_____ shaking _____ feel like _____ of _____ power- assisted steering system?

_____ a _____ steering electrical issue?

_____ you _____ the shaking of the power _____ an _____?

_____ the power _____ system vibrate _____ electrical issue?

A _____ or vibrating _____ like it's _____ with the power-assisted Steering _____.

_____ shakes a _____ electric malfunction in _____ systems?

Does _____ like it's _____ to _____ problem with the power-assisted _____ system

Does a shaking _____ feel _____ comes _____ power- _____ steering system?

Is _____ an electrical _____ in the power _____?

Is _____ sensation _____ sign _____ electrical _____ the power steering setup?

_____ vibrates _____ to an electrical problem?

Is _____ a _____ of _____ electrical _____ if my _____ system _____?

Is my _____ if I _____ an electrical _____?

Is _____ related to the _____ fault?

_____ it _____ problem with the power-assisted steering?

Does a _____ vibrating _____ like a _____ assisted steering _____?

Could trembling _____ a _____ of _____ the power steering _____?

_____ it _____ that a _____ assist steering _____ to _____ sensations?

_____ it a sign of _____ issues with _____?

_____ related to an electrical problem _____ system?

Is _____ indicative _____ an _____ if _____ steering system shakes?

_____ a _____ sensation a _____ of _____ with _____ power steering _____?

_____ an electrical _____ steering issue?

Does power-assisted _____ system _____ of _____ electrical _____?

_____ possible that _____ power-assisted steering _____ issue _____ to _____ sensations.

_____ an electrical _____ be indicative of _____ power-steering _____?

_____ indicate possible problems _____ steering _____ electricity?

_____ an _____ issue, should it _____ of _____ power-steering system vibrating

Is a vibrating _____ power-assisted _____ problems?

_____ that an _____ an electrical problem _____ my _____ shakes?

Is it _____ that _____ steering _____ is _____ the _____ shaking?

_____ shaking _____ associated with _____ electrical _____ with the power-assisted _____?

Does _____ is related _____ electric _____ fault?

Does a shaking _____ vibrating feel like _____ problem _____ Steering _____

_____ it a sign _____ with the power-steering _____?

_____ that _____ of an _____ issue, if _____ steering _____ shakes _____?

_____ the _____ due to electrical _____?

Does a shaking feel _____ it _____ an _____ problem _____ power-assisted steering _____.

_____ issue _____ the _____ steering electrical system _____ to _____?

Does a _____ or vibrating _____ trouble with the power assisted _____?

_____ issues _____ assistance and electricity.

_____ shaking sensations _____ result _____ an _____ issue with _____ steering system?

_____ steering _____ is vibrating, is _____ electrical issue?

A shaking or vibrating _____ is _____ to _____ problem _____ steering _____.

Is that an _____ an _____ issue _____ system vibrates _____ shakes?

_____ a sign that power-assisted steering is _____?

If _____ system _____ vibrates, is that an _____ of _____ electrical _____?

Might _____ problems _____ the _____ to _____?

_____ electrical _____ be _____ system to vibrate?

_____ with steering _____ and electricity?

Does _____ or vibrating _____ like _____ could _____ problem with _____ power _____ system?

_____ sign of a _____ steering _____ issue?

The _____ sensation _____ by an electrical _____ with _____ powerassisted _____ system.

Power _____ shaking, is that _____ an _____ issue?

_____ sensation may _____ caused by _____ the power assisted _____ system.

Is it _____ sign _____ in _____ to steering?

_____ experiencing shaking _____ a _____ in the _____ system?

_____ electrical issue _____ my steering system _____?

Should _____ be indicative _____ power steering _____ vibrating?

If the power _____ system _____ is it a sign _____?

Does it _____ there's _____ electric issue _____?

_____ an electrical _____ the _____ system _____ vibrate?

I _____ issue is indicative _____ the _____ steering system's vibrating.

Is _____ electrical _____ of _____ powersteering system's _____?

_____ or vibrating _____ it's caused by _____ assisted steering system _____ your _____.

_____ a problem with _____ steering _____ that can cause _____?
 _____ possible _____ electrical _____ cause _____ steering _____ to vibrate?
 If _____ electrical issue should _____ be _____ the vibrating power _____?
 It's possible _____ electrical _____ cause _____ steering _____ vibrate.
 Is the shaking sensation _____ power-assisted _____ system _____ an electrical _____?
 _____ is _____ issue, should _____ mean that my _____ system _____ vibrating?
 _____ and pulsation suggest that _____ power steer _____?
 _____ a shaking _____ vibrating feel _____ it is _____ to _____ system?
 _____ a shaking sensation indicative of _____ with the _____?
 _____ the _____ an electric malfunction _____ a power _____?
 Is _____ a _____ electrical issue _____ the _____ steering?
 _____ sensation arise from an electrical issue with _____?
 Is it _____ has vibrating?
 Does a _____ or _____ feel like _____ could _____ problem _____ power _____ steering system?
 _____ indicative of electrical _____ assisted-steering?
 _____ a _____ or vibrating sound like _____ may _____ trouble _____ power-assisted _____ system?
 _____ you believe it is _____ sign _____ an _____ if the _____ or vibrates?
 _____ power steering system _____ is it a _____ electrical _____?
 Is _____ indicative of _____ the power _____ system moves?
 _____ shaking or _____ to be caused by a _____ system?
 Are that _____ of an _____ issue if _____?
 _____ a shaking or vibrating _____ like it is _____ to _____ problem with _____
 _____ to _____ if an _____ issue is indicative _____ steering _____ vibrating.
 _____ that it is _____ electrical _____ if the _____ steering system shakes _____?
 Is the _____ due _____ the electrical _____?
 _____ power steering system vibrating _____ an electrical _____.
 _____ the power steering system is _____ a _____ of _____ electrical _____?
 _____ a shake _____ it may _____ trouble with the _____ system?
 Does _____ like an _____ the power-assisted steering _____?
 If _____ is _____ should _____ indicate _____ steering system's vibrating?
 _____ power _____ steering _____ issue _____ lead to _____ sensations.
 Does _____ shaking _____ like it _____ be _____ with the power _____ steering _____?
 Could electrical _____ to blame _____ the steering _____?
 Is _____ to electric _____?
 Do _____ believe _____ an _____ of _____ problem if the power _____?
 _____ you _____ there _____ electrical issue if _____ power _____ shakes?
 Do _____ is a _____ issue _____ the _____ steering system shakes or vibrates?
 If _____ power _____ system is _____ is that _____ electrical issue?
 Is _____ a power-assisted _____?
 If _____ steering _____ moves _____ indicative _____ a _____ in _____ electrical system?
 Is shaking along with _____ to _____?
 _____ be indicative _____ my power _____ system vibrating?
 _____ assisted steering _____ can cause a _____ vibrating experience.
 Do you _____ there's an _____ the power _____ shakes?
 _____ you believe it's an _____ issue _____ the _____ system _____ or _____?
 _____ a shaking feel _____ it's _____ an electric _____ power-assisted _____ System.
 _____ a shaking _____ feel _____ to _____ electric _____ with the power-assisted _____
 Do you _____ there would _____ the assisted steering _____?
 _____ related to _____ electric steering _____?
 Is it _____ my _____ steering system _____ if _____ an electrical _____?

_____ feels _____ it might _____ trouble with the _____ steering system?

A power-assisted _____ issue _____ sensations.

Is a shaking sensation in _____ an _____?

tremors _____ issues with _____ and _____?

_____ electrical issue related to shaking _____?

_____ a _____ or vibrating _____ it's _____ to an _____ problem with _____ power aided _____

Can a problem _____ steering _____ system cause _____?

_____ shaking _____ it _____ trouble with the _____ steering system?

Are _____ with the power-assisted steering system causing _____?

Is the shaking sensation _____ to an _____ in _____?

_____ feels like _____ shaking or _____ electric _____ the power-assisted steering system.

_____ vibrating sensation _____ an electrical problem with my power-assisted _____?

_____ steering system might _____ electrical _____.

Is it _____ that _____ system _____ would _____ vibrating sensations?

If _____ steering _____ shakes or vibrates, _____ that _____ sign _____ an _____?

If the _____ is vibrating, _____ that _____ cause _____ troubles?

_____ might vibrate because _____ electrical _____.

Is a vibrating _____ power-assisted _____ troubles?

_____ may _____ the _____ to vibrate.

If _____ power _____ is it a sign _____ an _____?

_____ it _____ there's _____ problem _____ power-assisted steering?

_____ the _____ shaking because _____ electrical problem?

Is _____ power steering _____ shaking _____ an _____ of an _____?

Is it _____ an _____ issue _____ the power-assisted steering?

Does a _____ an electrical problem with _____ assisted steering _____?

_____ the steering _____ shakes _____ vibrates, _____ indicative _____ electrical issue?

_____ you believe this _____ an _____ of _____ electrical _____ the power steering _____?

Is shaking a _____ a _____?

_____ wonder if _____ electrical _____ is indicative _____ my _____ system _____.

Does _____ shaking or _____ feel _____ it _____ the steering system?

It's _____ that a _____ system _____ vibrating sensations.

Shakes can _____ an electric _____ a steering _____.

A _____ sensation _____ be a _____ power-assisted steering.

Is it the _____ caused by an _____ issue _____ system?

_____ is a _____ as to whether a _____ sensation is _____ trouble.

_____ possible a _____ feeling _____ issues _____ electric-powered steering?

Is _____ related to _____ electrical _____ in my _____ mechanism?

_____ a _____ vibrating feel like a _____ power-assisted steering _____?

_____ there _____ with the _____ steering when it _____ shaking?

_____ system _____ because of _____ electrical problem?

_____ a _____ feel similar to _____ with _____ power assisted _____?

Do you think there _____ electric troubles _____ unit vibrates?

_____ vibrating make the _____ faulty?

Does _____ or _____ it is _____ electrical _____ with the power-assisted _____ system?

Can _____ malfunction in power-based _____ systems?

_____ that _____ power steering system _____ because of _____ electrical issue?

_____ power-assisted steering system _____ shaking or vibrating _____.

_____ trembling feeling mean _____ are _____ electric-powered steering?

Is that _____ issue _____ the steering _____ vibrates?

_____ like _____ know _____ an electrical issue _____ indicative _____ my power-steering _____.

Is a ____ feeling ____ the ____ steering system ____ ____ ?

Do ____ steering system shakes or ____ an indication ____ an ____ issue?

Does a ____ or ____ feel ____ it is ____ power steering ____?

Does ____ shaking sensation ____ problem with ____ system?

____ an ____ the power-assisted steering's ____ system cause the ____ ?

Is that ____ an electrical ____ steering system ____?

____ electrical ____ cause ____ steering system ____?

____ tremors may ____ with ____ assistance and ____.

Does ____ shaking ____ like ____ was ____ by a malfunctioning ____ assisted ____?

____ steering system moves, ____ that indicative of an ____?

____ shaking ____ an electric ____ in the ____ steering ____?

____ possible that a shaking or ____ feel ____ by ____ malfunctioning ____ system?

____ a trembling ____ an indication of ____ with ____?

____ it a sign ____ steering?

____ think that an ____ issue is ____ my ____ vibrating?

____ shaking and ____ associated with ____ electrical ____?

Is that ____ electrical issue, if ____ system shakes?

Is the trembling feeling ____ to ____?

____ think that ____ power steering system shakes ____ electrical issue?

____ an indication of ____ the power ____ system vibrates?

____ it ____ indicative ____ my ____ system's vibrating ____ an electrical issue?

____ electric troubles will occur if ____ assisted-steering ____ is ____?

Does a shaking or ____ feel ____ related ____ an ____ the ____ system

____ think it is an ____ an electrical ____ if ____ system shakes?

Is ____ indicative of ____ electrical ____ system shakes?

____ electric steering ____ cause of ____?

____ an ____ issue, ____ it be indicative of my ____?

Does a ____ feel like ____ connected ____ electric ____ with ____ power-assisted ____

____ the ____ a ____ steer ____?

____ the ____ steering ____ the cause ____ vibration?

____ my steering system ____ shakes, ____ of an electrical issue?

Do you ____ it's ____ the ____ system is malfunctioning?

____ you believe that it's ____ sign of ____ the ____ steering system ____?

Is ____ possible that ____ shaking ____ vibrating ____ an ____ problem ____ the ____ assisted ____ system?

Is ____ a ____ of ____ steering ____?

Do ____ an electrical issue ____ the ____ steering system shakes ____?

If ____ power steering ____ moves, ____ indicative of ____ system ____?

____ this an ____ of an ____ if ____ system shakes ____ vibrates?

Do you ____ that it's ____ sign of an ____ issue ____ power ____?

____ cause an ____ issue ____ the ____?

____ be ____ the electrical ____ with the ____ assisted steering when ____ starts ____?

Does ____ vibrating sensation ____ a malfunction in ____?

____ think ____ will be electric troubles ____ there are noticeable vibrations ____?

____ an electrical issue that ____ indicative of my ____?

____ it an ____ of an electrical issue ____ system ____?

Is ____ electrical issue is ____ of my power ____ vibrating?

____ steering ____ moves, is ____ a sign ____ electrical problem.

____ suggest possible issues ____ and ____.

____ a ____ of an ____ my ____ steering system shakes?

If ____ steering ____ shakes, ____ of an electrical problem?

_____ the wheel _____ to _____ wiring?

_____ to an electric malfunction _____ power _____ systems?

If _____ assisted-steering _____ vibrating, _____ think there will _____ any _____ troubles?

_____ a shaking sensation a _____ of _____ with _____ power-assisted steering _____?

_____ vibrating _____ sign _____ power-assisted steering trouble.

Does _____ shaking _____ feel like _____ is connected _____ an electric _____ with _____ Steering _____.

_____ it possible _____ a power-assisted _____ system issue _____ vibrating _____?

Should _____ out for an electrical _____ power-assisted _____ starts shaking?

Power steering _____ caused by _____ electrical issue?

Do the _____ steering _____ vibrates _____ to _____ electrical _____?

Does _____ feel like _____ problem with _____ power-assisted _____?

_____ shaking due to _____ electrical problem?

_____ steering shaking _____ an _____?

Is it _____ with my power steering system?

Does _____ indicate _____ issue _____ power _____?

_____ an electrical _____ should that be _____ of _____ system vibrating?

_____ you think it's an indication that _____ an _____ issue?

Should I be _____ about the electrical _____ the power-assisted _____ shaking _____?

Is a _____ to _____ glitch in my power _____ steering _____?

Do you _____ if there will _____ if the _____ unit _____?

Is _____ shakes point to _____ in power steering _____?

Does a _____ feel connected _____ an _____ problem _____ power-assisted _____

If my _____ system shakes _____ this indicative _____ electrical _____?

_____ is an _____ issue, _____ that _____ my power steering _____?

_____ steer malfunction _____?

Is _____ electrical issue, _____ my _____ system vibrates _____ shakes?

_____ power _____ system _____ it an issue _____ the _____ system?

_____ is an _____ issue, _____ it _____ of _____ steering system vibrating?

Does _____ feel _____ it's _____ to _____ electric _____ the power-assisted _____ system.

_____ a shake feel like _____ might _____ with _____ steering system?

It's possible that _____ power-assisted _____ lead _____ vibrating sensations.

_____ it _____ of _____ system's vibrating or electrical _____?

_____ system shaking is an indication _____ an electrical issue?

Does _____ with _____ power steer?

_____ correlation between shaking _____ a steering electrical _____?

If _____ is _____ electrical _____ should that be _____ system vibrating?

A vibrating or _____ the _____ steering system _____ be _____ issue.

_____ think an electrical _____ power steering system vibrating?

_____ the shaking _____ caused by electrical _____ the _____ steering _____?

Does _____ or shaking _____ to do _____ steering _____?

tremors _____ problems _____ steering _____ and _____

_____ possible that _____ power-assisted _____ problem causes _____ sensations?

_____ a _____ feeling suggest _____ with _____ steering?

Is this _____ of an _____ if _____ system _____?

Does _____ or vibrating feel like it _____ be electrical trouble _____?

_____ a _____ feel _____ may _____ issue with _____ power assisted _____ system?

_____ electrical system _____ if _____ power steering system _____?

Is _____ electric _____ power-assist steering caused _____?

_____ the _____ steering _____ moves is _____ of an electrical _____?

_____ there is an _____ mean _____ power _____ system is vibrating?

Does a trembling ____ suggest ____ steering?

____ you think ____ feeling ____ caused by a ____ power- assisted steering ____?

Does a ____ or ____ connected ____ problem with ____ powerassisted steering ____.

I want to ____ issue ____ indicative of my ____ vibrating.

Does a ____ vibrating feel ____ it ____ be electrical trouble with ____?

____ shaking or pulsation suggest ____ with ____?

Does ____ like it came from ____ malfunctioning power-assisted ____ system?

Shakes ____ show ____ malfunction in power ____.

____ indication ____ electrical issue, if the power steering ____ or vibrates?

Is that ____ of ____ issue?

Does ____ a ____ steering electrical ____?

____ this ____ electric steering fault?

The power-assisted Steering ____ can cause a shaking or ____ connected ____.

Is ____ a result of ____ with ____ powerassisted ____ system?

Is a ____ feeling ____ of ____ problem ____ the ____ steering?

Is the ____ sensation caused ____ the ____ issue ____ steering ____?

Is there ____ my ____ assisted-steering ____ starts vibrating?

____ it a ____ with ____ steering?

____ an electrical issue if the power ____ system ____?

If ____ are ____ vibrations in ____ assisted-steering unit, ____ will ____ any electric ____?

____ you ____ it's ____ of ____ electrical issue if ____ power ____ system ____?

____ a shaking or vibrating look ____ connected ____ an ____ power-assisted Steering ____.

____ signify an electrical problem ____ the ____ steering system?

Do you ____ there ____ electric troubles ____ assisted-steering ____ vibrates?

____ the shaking feel like an electrical ____ system?

____ be ____ sign ____ a malfunction in the ____ steering ____?

____ the ____ sensation the result ____ an ____ issue ____ the power ____?

____ a ____ issue ____ to vibrating sensations?

It's possible ____ power ____ steering ____ issue ____ to ____ sensations.

____ a shake or ____ feeling ____ issue ____ the power-assisted steering?

____ shaking or pulsation ____ power ____?

Does the shaking feel ____ it's ____ problem ____ the power-assisted ____?

____ a ____ to ____ connected to an ____ problem with the power-assisted ____.

Is ____ in ____ electrical ____ if the power steering ____?

____ there an electrical ____ steering ____ causing the shaking ____?

Can shakes indicate an electric ____ steering ____?

____ an electrical issue, ____ it be ____ my power ____ vibrating?

Does a ____ it's ____ to ____ with the ____ steering system.

Is ____ sign ____ an electrical ____ with the ____ steering?

Is ____ an ____ if the ____ steering system ____?

____ electrical problems causing ____ steering ____ to vibrate.

____ an ____ issue, ____ it be ____ of ____ power-steering ____ vibrating? "

Does the shaking or ____ like a ____ the ____?

Does ____ power ____ due ____ electrical issue?

Should ____ be an ____ of an ____ power steering system ____?

Is ____ vibrating sensation ____ an electrical glitch ____ assisted ____ mechanism?

Does a ____ feel like ____ connected to ____ the power-assisted ____.

Does the ____ of ____ a problem ____ power-assisted ____ system?

Does ____ or ____ feel like an electrical problem ____ the ____?

____ think there will be ____ troubles if ____ unit ____?

Is _____ of _____ in _____ capabilities?

_____ shaking or vibrating _____ to be _____ to _____ electric _____ the power-assisted _____
_____ if an _____ issue _____ indicative _____ my power _____ system _____.

Is _____ an _____ power-assisted _____ system _____ makes it _____ or shake?

_____ shaking _____ vibrating _____ like an _____ fault with _____ power _____ steering _____?
_____ an _____ the power-assisted _____ electrical system that makes _____?

Is that _____ of an _____ steering _____ shakes?

The _____ steering vibrates, _____ it _____ electric _____?

_____ you think _____ an _____ that the power _____ system _____?

_____ shaking or vibrating _____ like it could be _____ power assisted _____?
_____ that _____ indication of an _____ if _____ steering _____ vibrates?

If _____ is _____ electrical problem, should _____ be _____ steering system _____?

_____ it possible _____ a power-assisted steering system issue _____?

_____ it _____ power-assisted steering system _____ might lead to _____?

_____ shaking _____ of the power steer?

_____ a trembling feeling indicate _____?

Is vibrating _____ electronics?

_____ you believe _____ it _____ an indication _____ electrical _____ if the power _____?

Is shaking _____ of _____ power-based steering systems?

_____ would be electric troubles _____ the _____ unit vibrates?

tremors _____ imply _____ steering _____ electricity.

_____ feeling _____ the power-assisted _____ by an electrical issue?

_____ trouble with power _____?

_____ point _____ an _____ malfunction _____ a power-based _____ system?

Does _____ shaking _____ that _____ power-assisted steering _____ is _____?

_____ an electrical problem with _____ when it _____ or shaking?

_____ power-assisted _____ system vibrations _____ is an electrical _____?

_____ a shake _____ like _____ may _____ electrical _____ with _____ assisted steering _____?

_____ shiver suggesting a power _____ with _____ steer _____?

_____ is possible _____ steering system _____ causes vibrating sensations.

_____ need _____ electrical issue is _____ of my power _____ vibrating.

Is _____ shaking _____ related to _____ electrical _____ the _____ steering _____?

_____ it _____ of _____ electrical _____ my _____ system shakes?

_____ indicative of electrical _____ capabilities?

_____ problems with _____ and electricity?

_____ vibrating _____ shaking sensation a _____ of _____ with the _____ steering _____?

_____ it possible that _____ assisted _____ issue leads _____ vibrating _____?

Does a _____ feel _____ an _____ with the power-assisted steering _____?

Should _____ be _____ about the _____ problem _____ when it starts _____?

_____ a _____ indicative _____ with electric steering?

Is _____ felt _____ to an _____ issue _____ the _____ steering _____?

Do you feel a sign _____ electrical _____ power-assisted _____?

electrical _____ steering system _____ vibrate

Could _____ be that _____ power-assisted _____ leads _____ vibrating sensations?

Is a _____ sensation _____ sign _____ power steering?

_____ are _____ electric steering glitch?

_____ a _____ trouble with _____ steering?

Does _____ an electric fault _____ power _____ system?

_____ a shaking _____ feel like _____ connected _____ electric _____ with _____ powerassisted Steering _____

Should I _____ about _____ electrical _____ the _____ steering when _____ shakes?

_____ shaking or _____ is connected _____ problem _____ power-assisted Steering System.

_____ a sign _____ an electrical _____ with _____ power-assisted steering?

If _____ steering _____ shakes, _____ you believe _____ electrical issue?

_____ be shaking due to an electrical _____.

Is _____ related to electric-powered _____?

Is _____ issue _____ by _____ or vibrations?

_____ an indication _____ an electrical issue if the _____ steering _____?

_____ tremors related to _____ with _____ assistance _____?

_____ shaking or pulsation _____ power steer _____?

Does a shaking _____ vibrating _____ could be an electrical malfunction with _____?

_____ shake feels _____ to _____ electric problem _____ the _____ system.

_____ the power- _____ it a sign of _____ fault?

_____ feels like it's connected to an _____ the _____ System

Does it mean _____ steering _____ issue _____ happening?

_____ a _____ vibrating _____ an electrical problem with the _____ steering _____?

Is _____ indicative of an electrical _____ my _____?

Is shaking _____ a _____ the electric _____?

_____ or pulsation _____ the power _____ malfunctioning?

_____ steering glitch that _____ vibrates?

Does _____ a _____ steering _____?

_____ indicative _____ my power-steering _____ vibrating _____ it _____ an electrical _____?

_____ power steering _____ moves _____ an electrical problem?

Is the _____ or _____ related _____ an _____ fault?

Power steering _____ is _____ to _____ electrical problem?

Do _____ steering system noises mean _____ glitch?

_____ that _____ an electrical _____ if _____ steering _____ shakes?

Is _____ an electric _____ causes the _____ to _____?

Should _____ issue _____ indicative of the _____ my power-steering _____?

Do tremors _____ with steering _____?

_____ there is an _____ issue, _____ mean that _____ power _____ is _____?

Does _____ feel _____ it _____ connected to an _____ power-assisted Steering System.

_____ think _____ vibrating sensation _____ a _____ of power-assisted steering _____?

_____ vibrating feel like it's _____ the malfunctioning power-assisted steering _____?

_____ mean _____ steering assistance _____ electricity?

Is _____ symptom of an electrical _____ if _____ steering _____?

A vibrating sensation could _____ of power-assisted _____.

_____ steering _____ on _____ vehicle _____ cause a shaking or vibrating _____.

Is _____ the electric _____?

Is the _____ sensation _____ an electrical _____ with _____ steering _____?

Do _____ power _____ system shakes or _____ is a _____ an _____ issue?

_____ trembling _____ issues with _____ steering?

Could _____ the steering system _____ vibrate?

Does a shake _____ by a _____ power _____ steering _____?

Is there _____ electrical issue _____ the _____ that _____ vibrating or _____?

_____ the Power _____ shaking _____ an _____ issue?

_____ my power-steering _____ vibrates or _____ is _____ of _____ electrical _____?

Is it _____ that a power-assisted _____ causes a _____?

_____ the power-assisted _____ system _____ because _____ an electrical _____?

_____ power-assisted _____ system can _____ a shaking or _____ in _____ vehicle.

If the power steering _____ moves, is _____ sign _____ electrical _____?

_____ the shakes point to _____ electric malfunction _____ steering _____?
 Does it mean _____ steering _____ an _____ fault?
 _____ sensation due _____ an _____ with the power-assisted _____ system?
 _____ vibrating or _____ a sign _____ with the power-assisted steering.
 Is _____ power-assisted _____ because of an electrical _____?
 Does a _____ might be _____ trouble with the _____ steering _____?
 _____ system _____ your vehicle _____ cause a shaking or _____ sensation.
 Does a shaking _____ may _____ trouble with _____ power-assisted _____ system?
 _____ might _____ issues with steering _____.
 Does a shaking _____ vibrating _____ the _____ steering _____ might _____?
 _____ vibrating _____ with power-assisted steering?
 _____ a shake feel like it is _____ an electric _____ steering _____
 Does a _____ sensation mean _____ the _____ has an _____?
 _____ vibrating sensation _____ sign of _____ power steering?
 _____ a _____ steering system vibrating _____ a sign _____ issue?
 Do _____ think that an _____ my power steering system _____?
 If _____ steering _____ shakes, is that indicative _____ an _____?
 The _____ or _____ caused _____ malfunctioning power steering system.
 Could trembling _____ sign _____ an _____ problem in the _____?
 Is _____ possible _____ a _____ steering system issue _____ to _____?
 _____ vibrating _____ indicative of _____ with _____ steering?
 If _____ an electrical _____ should it _____ a sign _____ my _____ vibrating?
 Is _____ a _____ steering _____?
 _____ power _____ experience electric fault?
 _____ the power steering system shakes or vibrates, _____ an _____?
 If _____ steering _____ moves, _____ indicative of a problem _____ system?
 _____ or vibrating feel like it _____ be electrical trouble _____ the _____?
 Does _____ or vibrating sound _____ an electric problem _____ the power-assisted _____.
 Do _____ believe it's _____ of _____ electrical issue _____ the _____ system _____?
 Does _____ come from _____ issue with the _____ steering _____?
 _____ the _____ system to vibrate.
 Does _____ mean _____ issue with the power-assisted steering system?
 _____ shaking feel _____ may be _____ electrical problem _____ the power assisted _____?
 _____ shaking _____ suggest _____ malfunction?
 _____ suggest a power _____ malfunction?
 Does a _____ vibrating feel _____ electrical _____ with power assisted _____ system?
 Does a _____ or vibrating _____ steering system is _____?
 _____ problems could _____ system to _____.
 _____ that indicative _____ issue, _____ my steering _____ shakes?
 Do _____ suggest _____ with steering _____?
 _____ malfunctioning _____ steering system _____ a shaking _____ experience.
 Do you think it's a _____ of an electrical _____?
 _____ shaking or _____ like an _____ trouble with power _____ steering _____?
 Do _____ an _____ if the _____ steering system shakes?
 _____ sign of power assistance steering trouble?
 Does a _____ or vibrating _____ like _____ problem _____ power _____ steering _____.
 _____ the electrical issue _____ indicative of _____ power steering system _____?
 _____ that _____ power steering system had _____ electric _____?
 _____ vibrating mean _____ problem with _____ steering?
 Could trembling _____ at _____ electrical _____ the _____ steering _____?

Does ____ shake ____ it may be electrical trouble with ____?

Are ____ electric troubles ____ vibrations ____ the assisted-steering unit?

____ shaking ____ mean there is ____ electrical problem ____ steering ____?

If ____ steering ____ shakes, ____ a ____ of ____ electrical problem?

____ a ____ like it ____ trouble with ____ power assisted steering ____?

If ____ an electrical ____ should it ____ of my ____ system vibrating?

Does ____ mean there's a ____ with ____ steering?

Should ____ about the electrical ____ the power-assisted ____ it ____ and trembling?

Is ____ that a ____ or ____ caused ____ a malfunctioning power- ____ steering ____?

Does ____ sensation ____ with the power-assisted steering system?

____ steering system ____ an ____ fault?

____ shaking sensation could ____ caused by ____ issue ____ the ____ steering ____.

Does a ____ feel ____ could ____ electrical trouble with ____ power-assisted ____?

If ____ system vibrates, ____ that be ____ sign ____ electrical issue?

Do ____ that there ____ steering assistance and ____?

Does a shaking ____ vibrating ____ trouble with the ____ steering system?

____ a trembling feeling ____ problems ____ steering?

____ could ____ causing the ____ system vibration.

____ the ____ sensation ____ an ____ in the powerassisted ____ system?

____ shaking ____ pulsation suggest ____ the power ____?

____ electrical issue ____ of a vibrating power ____?

Is ____ sign of electrical ____ assisted-steering ____?

Is that ____ symptom ____ my steering system shakes?

____ it mean ____ issue if ____ system shakes?

If my power ____ indicative of ____ electrical problem?

____ feel like it ____ electric problem with the power-assisted ____ system.

____ a ____ sensation ____ of ____ the power-assisted steering?

____ think it is ____ indication of ____ electrical ____ the ____ steering ____ shakes?

Do tremors ____ with steering assistance ____?

____ it ____ power-assisted steering electrical ____?

____ this indicative of ____ in the ____?

____ shaking or ____ point ____ a power ____?

____ the ____ linked to ____ steering ____?

Is ____ sensation a sign of ____?

____ mean ____ is an electrical issue with my ____ mechanism?

____ power ____ is vibrating, can ____ point to ____?

Is this shaking ____ vibrating related ____ the ____?

____ power ____ moves is that ____ of an ____ problem?

____ the ____ system shakes ____ vibrates, ____ an electrical ____?

____ shaking ____ mean an ____ issue with the ____ system?

____ a ____ or ____ feel ____ electrical problem with ____ power-assisted steering ____?

____ signal a power ____?

Is it indicative ____ electrical ____?

____ orpulsation suggesting a power ____?

____ the steering system moves, ____ an electrical problem?

If my steering ____ is ____ issue?

Is ____ an ____ the ____ steering that can ____ it ____ or ____?

____ think ____ power ____ system shaking ____ an electrical ____?

____ a ____ system ____ cause of the vibrating ____?

____ shaking ____ by ____ with the powerAssisted steering system?

_____ hint _____ an _____ malfunction in the _____ steering _____?
 The _____ or vibrating feels _____ it's _____ to an _____ power-assisted Steering _____.
 _____ a power-assisted steering system _____ causes vibrating sensations?
 Does experiencing _____ in the _____ steering system?
 _____ power _____ moves, is this _____ of _____ with _____ electrical system?
 Is _____ shaking or vibrating _____ a sign _____ electrical _____ steering?
 Is _____ vibrating sensation _____ in my power-assisted _____ mechanism?
 Do you think there will _____ troubles if _____ starts _____?
 A _____ power-assisted steering system _____ your _____ can cause _____ vibrating _____.
 _____ there an issue _____ electrical system that can _____?
 Does _____ like it _____ connected to an electric _____ steering system.
 _____ may _____ with _____ and electricity.
 Do you _____ will _____ electric _____ the assisted-steering _____ vibrates?
 _____ the electrical _____ power-steering setup caused by a _____?
 Does the shaking _____ like the power _____ malfunctioning?
 _____ vibrating or _____ the power-assisted steering system _____ issue.
 _____ steering system _____ lead to _____ sensations.
 Can a _____ indicate _____ electric-powered steering?
 _____ sensation mean there _____ electrical problem _____ the steering _____?
 _____ a _____ or vibrating _____ like an electrical _____ with _____ assisted _____?
 _____ electrical _____ my power-steering setup is due to _____ vibrating sensation?
 _____ shake point _____ in _____ power steering system?
 If _____ power _____ system _____ or vibrates, _____ that a _____ issue?
 If the power _____ system _____ is that _____ with the electrical _____?
 _____ a trembling feeling an _____ of _____ steering?
 _____ shaking _____ caused by _____ powerassisted steering system _____?
 _____ a _____ of an electrical _____ the steering?
 Is _____ of power steer _____?
 _____ a _____ or vibrating _____ like _____ from a malfunctioning _____ steering _____?
 _____ a shaking _____ the _____ system _____ electrical issue?
 _____ worry _____ an _____ problem with the _____ steering if _____ shaking?
 _____ steering _____ moves, is that a _____ of _____ with the electrical _____?
 Is _____ possible _____ a shaking _____ caused _____ malfunctioning _____ steering system?
 If _____ issue, should it be _____ indication of _____ power-steering _____?
 If _____ power _____ system shakes, _____ it _____ of _____ electrical _____?
 Is a _____ with _____ with electric-powered _____?
 _____ there _____ shaking _____ of an electrical _____ with the powerassisted _____?
 _____ a _____ sound like it's connected to _____ problem _____ power-assisted _____ System
 Is it a _____ problem with _____ power _____?
 Is this _____ that _____ steering system _____ causes _____?
 Does _____ shaking feel like it's _____ by _____ power-assisted _____?
 Does a _____ feel like it's _____ a _____ system.
 Does the shaking _____ suggest a _____?
 _____ vibrating sensation indicative _____ an electrical _____ power steering _____?
 _____ or _____ connected to _____ problem with the _____ steering system
 _____ shaking _____ a _____ issue?
 _____ there _____ fault that _____ power steering _____ vibrate?
 _____ a shaking or _____ it is connected _____ an electric _____ with the _____
 Does a shaking _____ vibrating _____ like _____ electric _____ the _____ steering system
 _____ possible _____ a vibrating _____ is _____ glitch in my _____ setup.

_____ trembling related _____ electrical _____ in the _____ system?

If _____ is _____ due to _____ electrical issue?

_____ trembling _____ suggest _____ with electric _____?

_____ it an indication _____ an _____ issue _____ steering _____ shakes _____ vibrates?

If there is an _____ it _____ power _____ system vibrating?

_____ that tremors _____ issues _____ assistance and electricity?

_____ malfunctioning _____ system can _____ shaking or vibrating _____.

_____ it _____ of an electrical _____ with _____ steering?

Is _____ sensation a _____ that the power-assisted _____ malfunctioning?

_____ or vibrating seem like it's caused _____ a _____ system?

Is _____ shaking _____ thing caused by a _____ power- _____?

Are the _____ caused by _____ issue in the _____?

_____ like it _____ electrical _____ with the power assisted steering system?

_____ the _____ system _____ that _____ sign of an electrical _____?

Is it _____ that _____ shaking or _____ caused by _____ power _____ system?

Is _____ possible _____ electrical _____ could _____ steering _____ to vibrate?

Does the _____ mean issues _____ electricity?

Is _____ possible that _____ vibrating feels like it is _____ the _____ steering _____?

Do _____ steering _____ indicate an _____?

_____ it _____ in the power steering system?

Should _____ issue _____ that my _____ system _____ vibrating?

_____ steering _____ could have electrical problems that _____.

Does a _____ sensation _____ an _____ problem _____ steering system?

tremors _____ issues with _____ assistance.

Is _____ shaking sensation _____ an electrical problem with _____ system?

The _____ may have _____ problems that _____ to _____.

_____ or vibrating _____ like _____ be an electrical issue _____ assisted _____ system?

Is _____ feeling related _____ problems with electric _____?

A malfunctioning _____ assist _____ can cause a _____ or _____.

_____ shaking feels like _____ connected _____ with the power-assisted _____ system

_____ a shaking or vibrating sound like _____ an electric _____ power-assisted _____ System.

_____ it mean there _____ with _____ assist steering?

_____ shaking _____ sound like _____ connected _____ an electric problem with the _____ system.

Do _____ a _____ an _____ if the power steering system _____ or _____?

A malfunctioning _____ system _____ a shaking or _____.

_____ shakes _____ vibrates you think _____ an electrical issue?

_____ pulsations suggest _____ steer malfunction?

_____ shaking related to _____ steering _____?

Is a _____ the _____ for the vibrating _____?

_____ the _____ caused by vibration?

_____ there _____ an _____ should it be _____ sign of _____ power _____ system _____?

Does the _____ steering _____ move _____ electrical problem?

_____ a _____ like _____ be electrical trouble _____ the _____ assisted _____ system?

_____ a _____ system issue _____ cause _____ vibrating sensations?

_____ you think that electric troubles _____ if _____ assisted-steering _____?

_____ an electric _____ with _____ assist _____?

Do _____ think the shaking of the _____ system _____ sign _____ problem?

Do _____ troubles would _____ if my _____ unit is _____?

_____ issues caused _____ a _____ feeling?

Does _____ shaking feel like _____ a _____ power-assisted steering system?

Does a shaking _____ vibrating _____ an _____ problem _____ the _____ system.
 _____ issue be indicative _____ a vibrating _____ steering _____?
 _____ a shaking or _____ feel _____ it may be _____ with _____ power-assisted _____?
 _____ power-assisted steering system noises _____?
 Does a _____ vibrating _____ like _____ an _____ for the _____ steering system?
 Does _____ suggest _____ power steer?
 Does a _____ feel like it's caused _____ a malfunctioning _____?
 A _____ or _____ feels _____ it is connected to _____ problem with _____ Steering _____.
 Is there _____ fault _____ if the _____ system moves?
 Should _____ be concerned about the _____ steering _____ starts shaking?
 _____ the power-assisted steering electrical _____ indicated _____?
 Could trembling _____ a _____ with _____ steering _____?
 _____ there _____ issue, should that be _____ indication _____ my power steering _____?
 _____ with _____ power-assisted steering _____ system cause something to _____?
 _____ steering could be shaking due _____ issue.
 I wonder if _____ electrical _____ power steering system _____.
 Is _____ electrical issue if _____ steering _____ shakes?
 Is the power _____ shaking _____ an _____
 Is _____ possible _____ my power _____ is _____ due to _____ electrical _____?
 Does _____ shaking _____ like it's connected _____ electric _____ with the _____?
 It _____ that _____ steering system _____ causes _____ sensations.
 _____ an _____ be a sign _____ my power _____ system's _____?
 _____ shaking or pulsation _____ power _____ malfunction?
 Is _____ for a trembling _____ to _____ issues _____ electric-powered _____?
 Is _____ indicative _____ a problem _____ the _____ steering _____?
 _____ that _____ be indicative of _____ power-steering system's _____?
 _____ a feeling of _____ sign of _____ with the power-assisted _____?
 Can a _____ be _____ sign of _____ steering _____?
 A _____ power- _____ steering system on _____ vehicle can _____ or _____.
 _____ trembling hint _____ a _____ with the _____ system?
 Do you _____ is _____ indication _____ an _____ the _____ steering system shakes?
 _____ vibrating _____ mean _____ steering _____ an electrical glitch?
