

[Demo] NLP Dataset for Customer Service Automation

Company Type	Retail Banks
Inquiry Category	ATM deposit errors and disputes
Inquiry Sub-Category	Check verification disputes
Description	Customers may disagree with the ATM's assessment of the check amount deposited, leading to disputes and inquiries for resolution.
Data Size	6,547 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Retail Bank" customer inquiry. (Purchased data will not be masked.)

____ human ____ details ____ checks into the automated ____ cause incorrect ____ by ____?

Can ____ of ____ into the ATM ____ lead to ____.

____ error may ____ being entered by ATMs.

____ ATM evaluations may be affected ____ faulty input ____ of ____ your automated systems.

____ can ____ if humans ____ mistakes when ____ or ____ their details.

Can ____ errors inputting check ____ into ____ automated system ____ in inaccurate assessments ____?

Human errors ____ checking ____ might ____ incorrect ATM ____.

Does ____ of ____ evaluations by ____ stem from ____ while handling ____?

____ it possible ____ human actions ____ in ____ calculations?

Is it ____ that ____ error ____ cause the incorrect ____?

____ assessments ____ ATMs could be affected ____ check ____.

Human oversight when entering/checking ____ into ____ systems ____ cause ____ in ____ calculations.

____ while ____ checks may lead ____ misleading assessments by ____.

Is it ____ that human ____ accuracy?

It ____ for ____ errors ____ affect ATM ____.

Errors by ____ details ____ automated system can ____ to ____ assessments ____ ATMs.

Is it ____ human ____ affect ____?

____ that mishaps with inputs and reviews ____ affect ____ evaluations ____?

Have you wondered ____ human mistakes ____ info ____ review ____ assessments?

Is ____ that ____ are ____ mistakes with inputs/reviews for deposited ____?

____ extent do ____ made ____ entry and ____ cause faulty ____ ATM ____?

ATM ____ happen if ____ incorrect ____.

____ may be ____ input/check errors.

____ it ____ that entering/checking information ____ checks could lead ____?

Do ____ suffer from ____?

Human errors ____ inputting or reviewing ____ could ____ at ____.

____ it ____ an ____ during check ____ impact ATM assessments?

____ or ____ errors ____ to ____ ATM assessments?

There could ____ mistakes that lead to ____.

Data ____ and checking ____ cause ____ assessments ____ ATMs.

_____ processing _____ may affect the _____ results.

Is it _____ human _____ by the ATMs?

_____ possible that ATMs _____ amounts if people _____ mistakes.

_____ human _____ problems at the _____?

Is _____ for _____ to influence _____ calculations?

_____ possible _____ and changing checking could make _____ incorrect?

The _____ results _____ mistakes in _____ cheque details.

While _____ checks _____ system, can it _____ the ATM _____?

_____ it possible that _____ errors inputting/checking _____ on checks _____ ATM _____?

Is it _____ that check inaccuracies _____ incorrect _____?

_____ flawed _____ checking leads to wrong _____ assessments?

_____ in _____ entering information into an _____ system _____ to _____ evaluations.

_____ you wondered if human mistakes during _____ review _____?

Incorrect _____ ATMs _____ be caused _____ entering _____ on checks

Alterations _____ may be caused by _____ input or _____ check-related _____ systems.

_____ enter/check _____ wrong can _____ mistakes _____?

_____ you think ATMs _____ give _____ humans make _____?

ATM _____ by human _____ while processing checks.

Is _____ possible that _____ information _____ cause incorrect ATM _____?

_____ data _____ of check _____ could _____ in inaccurate ATM _____.

_____ possible _____ human mistakes could cause _____ calculations?

_____ during inputting/checking _____ could _____ to incorrect _____ evaluations.

_____ accuracy _____ ATM checks affected by _____?

_____ data _____ and _____ procedures _____ faulty _____ by ATMs.

_____ be _____ due to input/check _____.

What extent _____ made _____ validation cause _____ assessments _____ ATM systems?

_____ it _____ to _____ if the input/check _____ was incorrect?

_____ check _____ ATMs to make _____?

_____ an _____ mistake possible _____ humans _____ data _____?

_____ may _____ affected by human error _____ input.

ATM _____ might _____ affected _____ errors.

flaws _____ checking _____ lead _____ wrong _____

Is it _____ that incorrect _____ by ATMs _____ to _____?

ATM _____ be _____ by _____ mistakes.

_____ data _____ cause flawed _____ calculations

_____ assessments _____ ATMs _____ be caused _____ entering information on _____.

_____ there be _____ if humans _____ when _____ check _____ to _____?

_____ evaluations _____ be caused by typing/checking wrong _____ the _____.

_____ it _____ that entering incorrect _____ on checks _____ incorrect _____?

Is _____ for _____ mistakes that result in _____ ATM _____.

Is it _____ data entry/checking _____ check _____ result in _____ evaluations?

_____ about whether input or check inaccuracies _____ lead _____ assessments.

_____ it possible that information _____ checks might _____?

_____ assessments _____ could be impacted _____ mistakes in check _____.

Humans can _____ data _____ the _____.

If humans enter data _____?

_____ possible that _____ will _____ if people make _____.

Is it _____ entering _____ on checks could cause _____ be _____?

Fallible _____ and checking procedures _____ lead to _____ ATMs.

Is _____ possible that _____ may make _____?

_____ human _____ mistakes _____ incorrect ATMs _____?

Is the possibility _____ in ATM _____ oversight?

_____ on checks _____ ATM accuracy?

Accurate _____ evaluations _____ be _____ by _____ or validation of _____.

Is it _____ that _____ inputs/reviews for deposited checks _____?

_____ to incorrect _____ if the input/check info is _____?

ATM _____ be _____ check inputting/check verification _____?

_____ it _____ mistakes during the input/check _____ cause incorrect _____?

_____ check data _____ there be _____ errors?

Is _____ possible that _____ inputs/reviews for _____ checks can _____ evaluations _____?

Human entry _____ possibly lead _____ scores.

_____ it _____ human error _____ for _____ assessments by ATMs?

_____ a _____ that ATMs _____ if humans make errors.

Is it _____ human inputting _____ could _____ misleading assessments by _____?

There can _____ ATM _____ humans _____ data.

Is _____ possible _____ human errors while _____ or reviewing _____ cause _____?

_____ it _____ that wrong _____ will make _____?

_____ entry might result in _____ evaluations.

_____ it possible for _____ to _____ make checks _____ ATMs?

Human errors when _____ checks could _____ evaluations.

ATM _____ be _____ entry mistakes.

Is it _____ that a _____ entry _____ in inaccurate _____ evaluations?

_____ ATM _____ be caused _____ errors inputting/checking _____ details.

_____ the _____ of check inputs _____ verifications possibly _____?

Can human _____ lead _____ assessments?

_____ data entry and checking procedures vulnerable _____ ATMs?

_____ can be affected _____ mistakes _____ inputting _____ on checks.

_____ it _____ that human _____ lead _____ calculations through ATM _____?

_____ accuracy could _____ compromise _____ input/check _____.

Do input/check _____ compromise _____ ATM?

Is _____ for errors _____ be _____ inputting/checking _____ for _____?

Is it _____ error results _____ incorrect _____ by _____?

Is it possible _____ verification errors _____ inaccurate _____ by _____.

_____ wondered _____ dumb _____ blunders during _____ could mess up ATM _____?

_____ for ATMs _____ make flawed _____ about check _____?

_____ checks _____ affect ATM results.

_____ ATMs scores _____ possible _____ human _____.

Data _____ might lead _____ ATM _____.

Can inaccurate input or _____ ATM _____?

_____ it possible _____ human _____ impact ATM _____?

_____ error _____ data input _____ cheques can affect _____.

Incorrect evaluations _____ be caused by _____ in typing/checking _____ information _____.

_____ info entry/checks review could mess _____ assessments

faulty _____ at ATMs _____ by errors in _____.

_____ fallible _____ checking _____ faulty assessments at ATMs?

ATM mistakes could _____ wrong.

_____ errors _____ can _____ ATM judgments

_____ possible _____ flawed _____ to lead to wrong ATMs _____?

Is there a _____ with accuracy in _____?

_____ errors during inputting/checking can _____ incorrect _____.

_____ it _____ typing _____ information into the _____ system can _____ to _____ ?
_____ can give incorrect amounts _____ make mistake when _____ .
_____ can give wrong _____ if _____ make _____ .
Is it _____ for _____ during _____ affect _____ assessments?
Is it _____ that incorrect calculations can _____ as _____ consequence _____ error _____ ?
Mistakes in check _____ automated _____ ATMs.
_____ mistakes can _____ enter data _____ .
Errors _____ data entry _____ validation of _____ faulty _____ ATMs.
Is _____ possible _____ mistakes _____ deposited _____ can affect ATM-based evaluations _____ ?
_____ that _____ mistakes compromise _____ accuracy?
_____ that _____ checking could lead _____ ATM assessments?
Is it possible _____ input _____ the _____ lead to _____ ATM _____ ?
_____ it possible that a mistake _____ may result in _____ ?
People failing _____ cheque _____ properly _____ how much _____ reports as deposit _____ .
ATM evaluations may be _____ or _____ related details _____ your _____ systems.
Is _____ that _____ may _____ ATM assessments?
_____ possibly be affected by _____ .
An automated _____ assessment made _____ be _____ by flaws _____ entry.
_____ for _____ to make mistakes _____ processing and validating _____ ATMs?
Is _____ checking and inputting _____ ?
Is it _____ faulty readings at ATMs _____ due _____ in _____ ?
_____ at ATMs can _____ caused _____ typos _____ entering information _____ .
_____ data _____ checking procedures can _____ to faulty assessments _____ .
ATM _____ affected by check _____ ?
_____ ATM _____ be caused by faulty _____ or validation of _____ details in _____ systems.
_____ ATM _____ may be caused by _____ input or validation _____ .
Human _____ checks _____ lead to incorrect ATM _____ .
_____ human _____ during info _____ mess up ATM _____
_____ error _____ result from _____ by _____
Is there a chance of wrong ATMs _____ ?
Is _____ risk _____ by ATMs related to _____ when handling _____ ?
_____ specific details from checks _____ automated _____ there _____ in ATM _____ ?
_____ it _____ ATM calculations if check _____ is _____ ?
_____ human _____ during the process of inputting/checking cheque _____ ATMs, _____ incorrect _____ ?
_____ flaws in inputting/details check _____ ATMs _____ ?
Incorrect _____ could _____ caused by flaws in _____ .
Is _____ a mistake to affect _____ ?
Is it possible _____ or reviewing checks could _____ assessment _____ ATMs?
It is possible for human _____ lead _____ .
_____ possible _____ or reviewing checks _____ humans _____ misleading assessments by _____ ?
Is it _____ that _____ assessments in ATMs?
_____ assessments _____ might be affected _____ check details.
Errors within ATM evaluations _____ input _____ validation _____ check-related details.
Is _____ likely _____ can arise because _____ while imputing check information _____ ATM _____ ?
_____ human error occurs during the process of checking cheque details _____ ATMs?
Is _____ true _____ ATM-based _____ negatively _____ by mistakes with _____ for _____ ?
_____ input or _____ lead to incorrect ATM assessments?
_____ it _____ for _____ affect ATMs?
Human _____ inputting-checking _____ the accuracy of _____ .
Mistakes _____ could impact _____ at ATMs

____ it ____ inputting check details into ____ to ____ inaccurate assessments ____ ATMs?
 ____ affected by ____ mistakes?
 ____ possible ____ while inputting ____ reviewing ____ causes misleading assessments ____ ATMs?
 ATM ____ could be ____ checking ____.
 Is it ____ the ATM calculations?
 Is it ____ human ____ while ____ or ____ checks can cause misleading ____ ?
 ____ possible ____ incorrect ____ or changing checking make ____ ?
 ____ inputting/checking checks ____ lead ____ incorrect ____ evaluations.
 ATMs ____ affected by ____ details ____.
 ____ input and ____ to ____ ATM ____ ?
 ____ data could ____ flawed ____ calculations.
 ATMs ____ amounts ____ mistakes ____ entering or checking details.
 Would ____ during inputting/checking ____ for ____ ?
 ____ possible that ____ can give ____ people make mistakes?
 ____ of wrong appraisals if ____ human error during the process ____ details on ____ ?
 Can errors ____ check details ____ automated system ____ incorrect ____ ATMs?
 Mistakes ____ entering check ____ into ____ ATM system can ____ incorrect ____.
 There ____ a ____ that ____ error ____ ATMs' accuracy.
 Is it ____ that incorrect ____ by ____ from ____ ?
 ____ made by humans ____ inputting ____ checks ____ cause misleading assessments ____ .
 ____ you ____ can ____ amounts ____ humans make mistakes?
 ____ it ____ data entry/checking ____ information result in ____ ATM ____ ?
 Errors made in ____ entry ____ can ____ assessments ____ ATM ____.
 Is ____ possible ____ mistakes ____ and checking information can ____ in ____ calculations?
 Human error ____ assessments ____ ATMs.
 ____ it possible that ____ inputs ____ checking will ____ incorrect?
 Is it possible ____ checks by ATMs ____ ?
 Is ____ mistakes on the ____ could cause ____ on ____ ?
 When ____ the ATM system ____ there ____ errors?
 ATM ____ occur ____ humans ____ wrong ____.
 Is ____ risk ____ evaluations by ____ related to ____ while handling ____ ?
 Is ____ chance of flawed judgements ____ made ____ ?
 Could ATM ____ affected ____ checking ____ ?
 Is ____ possible for human ____ information to ____ to ____ ATM calculations?
 ____ assessments ____ could be ____ check details.
 If ____ mistakes when ____ and checking details, the ____ amounts.
 Do ____ ATM accuracy?
 ____ for humans to ____ that result in ____ ATM ____ ?
 Is ____ possible that ____ mistakes ____ checks ____ cause ____ assessments at ____ ?
 Humans can ____ data ____ .
 ____ entering ____ into the ATM ____ can ____ errors?
 ____ it ____ entry could ____ in inaccurate ATM evaluations?
 ____ accuracy of ATM ____ by human mistakes.
 Does ____ inaccurate ____ stem from human error while ____ checks?
 When entering ____ information ____ the ____ can there ____ evaluations?
 ____ checks and input can ____ ATM ____ .
 ____ ATMs could be ____ by ____ error ____ inputting details ____ into the automated ____ .
 ____ of the ATM ____ be ____ by ____ mistakes.
 ____ could make ATMs incorrect.
 Is ____ handling ____ inputs ____ a ____ for ATMs?

Is _____ a _____ of inaccurate _____ ATMs because _____ human _____?

Is it possible _____ there are _____ checks _____ affect _____?

_____ might give wrong _____ if _____ make _____ when _____.

_____ at ATMs _____ be _____ while entering information on _____.

Mistakes _____ and checking cheque details can _____.

_____ input/check errors affecting _____?

_____ error on _____ ATM assessments.

_____ results _____ be impacted _____ in _____ cheque details.

ATM _____ by _____ or checking errors.

Do mistakes _____ data entry or _____ assessments _____ ATM _____?

Is it _____ that _____ can cause _____ at _____?

_____ can _____ humans enter _____ wrong

_____ likely that human _____ incorrect calculations at the _____?

Is _____ possible _____ humans make _____ transferring _____ to ATMs?

_____ possible that mistakes during _____ entry can result _____?

Is _____ that _____ readings _____ ATMs _____ by inaccuracies in detail _____?

_____ entry _____ checking procedures may _____ faulty assessments _____ ATMs.

Have you _____ if _____ entry/checks review _____ affect ATM _____?

_____ possible _____ ATMs can give wrong _____ people _____ mistakes.

Human _____ in _____ could _____ to incorrect _____ evaluations.

Is _____ ATMs will _____ incorrect _____ if _____ make errors?

Can _____ made _____ entering information _____ ATM system?

_____ any chance ATMs can give _____ amounts _____ people _____?

_____ that _____ entry and _____ procedures can cause _____ by ATMs?

Data entry _____ of _____ information can _____ in _____ ATM _____.

_____ occur from human _____ mistakes.

Data _____ check _____ might _____ in inaccurate _____ evaluations.

Automated _____ at ATMs _____ affected _____ being incorrect.

_____ data entry _____ procedures _____ them prone _____ cause _____ assessments by _____?

_____ it _____ that _____ on checks _____ cause _____ ATM appraisals?

_____ accuracy may _____ the input/check _____.

Are _____ data _____ and checking procedures _____ faulty _____ ATMs?

Can human mistakes _____ at _____?

_____ a link between faulty _____ information _____ assessment by _____?

_____ assessments can be impacted by _____ of _____.

Errors _____ during data _____ or _____ of checks _____ to _____ assessments _____ ATM _____.

ATMs' _____ could be _____ human _____ while _____.

_____ it _____ human errors while _____ can cause _____ assessments _____ ATMs?

_____ it possible that _____ checks affect ATM based evaluations _____?

_____ at _____ be caused _____ typos _____ entering info on _____.

_____ checking procedures and _____ prone _____ assessments by ATMs?

_____ mistakes if _____ enter wrong data?

Can typing _____ information _____ the ATM _____ evaluations?

_____ and check inaccuracies _____ to incorrect ATM assessments?

There _____ be _____ check information _____ ATM system.

_____ it _____ ATMs could give wrong _____ if _____ make _____?

Have you wondered if _____ errors _____ info entry/checks review _____?

Is it _____ for _____ or _____ errors _____ incorrect _____ at _____?

_____ possible that checking information on checks may _____?

_____ assessments might be _____ check inputting and _____ verification.

Is _____ a _____ to _____ ATM assessments?
 _____ assessments _____ affected by check details.
 _____ possible that _____ inputting _____ lead _____ ATM assessments?
 Some flaws _____ check entry may _____ by _____.
 _____ inaccurate evaluations by ATMs may _____ errors while _____ checks.
 _____ you ever wonder if _____ blunders during _____ entry/checks _____ could _____ up _____?
 ATM _____ be _____ by _____ input/check _____.
 _____ is a possibility that _____ error _____ at the _____.
 _____ evaluations may _____ caused by _____ input or _____ of _____ details.
 _____ and checking _____ might _____ causing faulty assessments _____ ATMs.
 Incorrect checking of check _____ result _____ evaluations.
 _____ ATM accuracy _____ due to _____?
 _____ possible that entering information on checks _____ cause _____?
 _____ possible _____ flawed inputting/details _____ can _____ to _____ ATMs assessments?
 Errors made _____ check _____ the _____ lead _____ inaccurate _____ at ATMs.
 Is it _____ that human _____ will result in _____ calculations when _____?
 _____ errors _____ into _____ automated _____ mess with _____ assessments?
 _____ possible for flawed inputting/details _____ to incorrect _____ assessments?
 There _____ a chance that _____ can _____ wrong _____ if _____.
 _____ can _____ incorrect _____ make mistakes.
 _____ it _____ can _____ as _____ consequence of human error _____ an ATM?
 Is an _____ assessment _____ by flaws in check _____?
 _____ it _____ for _____ with checks that _____ incorrect ATM calculations?
 _____ it a _____ outcome if _____ make errors _____ ATMs?
 ATM _____ affected by input/check _____.
 _____ you wondered if _____ blunders _____ info entry _____ ATM _____?
 _____ check _____ to incorrect _____ assessments?
 _____ it possible that typos _____ checks _____ at ATMs?
 Mistakes _____ cheque _____ can _____ the results at _____.
 _____ evaluations _____ caused by _____ input or validation _____ check related details _____ your _____ systems.
 Human _____ may _____ incorrect ATMs scores when _____.
 _____ accuracy can _____ compromise _____ mistakes.
 _____ the input/check information _____ it lead _____ ATM calculations?
 ATM assessments may _____ inputting mistakes.
 Wrong _____ ATMs can _____ caused by _____ while entering _____.
 Is _____ possible _____ mistakes _____ inputs for deposited _____ ATM-based _____?
 _____ chance that flaws inputting _____ lead _____ wrong _____ assessments?
 Are human _____ mistakes _____ incorrect _____?
 _____ mistakes _____ or _____ checks could _____ misleading _____ by ATMs.
 _____ can make _____ when entering _____ checking _____ ATMs.
 _____ it possible _____ to make mistakes _____ processing checks _____.
 _____ it possible that inputting _____ can _____ by ATMs?
 _____ ATM assessments _____ caused _____ or check.
 Is it possible for _____ evaluating checks used _____?
 Do dumb _____ entry/checks _____ mess up ATM _____?
 If _____ occurs during the _____ of inputting/checking cheque _____ on _____ possible.
 _____ it possible that _____ may cause incorrect _____?
 _____ input/check _____ ATM accuracy?
 _____ input _____ check inaccurate _____ leads _____ incorrect _____ assessments?
 _____ scores _____ human entry mistakes.

Can _____ be _____ entering _____ information into _____ system?

_____ it possible that _____ errors _____ reviewing checks _____ assessments _____ ATMs?

_____ inputting _____ the _____ system _____ to _____ assessment at ATMs?

Is _____ human _____ mistakes could lead to _____ ATM _____?

Incorrect _____ assessments can _____ caused _____ human _____ information.

_____ be _____ by input/check mistakes.

Is there a _____ ATMs _____ incorrect _____ if _____ mistakes?

_____ of _____ inputs _____ verifications _____ the judgement made by _____?

Is _____ possible that there _____ be errors _____ for _____?

Is it _____ that _____ make errors _____ processing checks _____.

Is _____ automated _____ by ATMs _____ to _____ entry or verification _____?

Human entry _____ lead _____ incorrect _____.

There is _____ human _____ could cause incorrect _____ at _____.

The _____ at ATMs _____ be affected _____ check details.

Is _____ possible _____ checks could cause bad _____ appraisals?

Is _____ incorrect checks _____ impact ATM _____?

_____ chance that _____ give wrong amounts if _____ mistakes?

_____ entry and checking procedures _____ faulty _____ at _____.

Is _____ in _____ can lead _____ wrong _____ assessments?

Will human mistakes _____ ATM _____?

_____ assessments _____ could be caused by human _____ during _____ into _____ system.

Can _____ made _____ into the automated _____ incorrect _____ at ATMs?

Is _____ possible that inputting _____ automated system can _____ incorrect assessments _____?

If _____ data _____ can ATM _____?

_____ may be _____ by mistakes in entering _____ details.

_____ a _____ wrong _____ if human _____ occurs _____ the _____ of inputting/checking cheque details on _____.

_____ information _____ the ATM system _____ lead _____ incorrect evaluations.

Is it possible to _____ inputs _____ that _____ ATM _____?

_____ assessments at ATMs can _____ caused _____ being _____ checks.

_____ entry mistakes _____ incorrect _____ scores.

_____ it possible _____ mistake _____ check verification _____ affect ATM _____?

_____ could _____ made during inputting/checking _____.

_____ it possible that _____ entry result _____ incorrect ATM _____?

_____ ATM evaluations _____ be _____ by faulty _____ or validation of check-_____ details _____ your _____.

Can human _____ inputting/checking _____ on _____ to incorrect ATM _____?

ATM accuracy _____ be compromised _____.

_____ dumb _____ mistakes _____ messing with ATM assessments?

_____ the risk _____ inaccurate evaluations by _____ come _____?

_____ errors _____ checking _____ cause _____ ATMs scores.

_____ it possible to _____ when _____ information into the _____?

_____ entry _____ could _____ incorrect _____ scores.

Is _____ that human _____ can _____ accuracy?

Is _____ a chance _____ human _____ inputting or reviewing checks _____ cause _____?

Is it possible _____ could cause _____ ATMs?

Is it possible _____ information on checks _____ appraisals?

Is it _____ incorrect inputs _____ make _____?

Any _____ ATMs can _____ if humans _____ mistakes?

_____ is a chance that _____ error _____ assessments _____ the _____.

_____ it _____ that flaws inputting _____ lead to _____?

I _____ if dumb _____ errors _____ review _____ mess up _____ assessments?

____ readings at ATMs may ____ by ____ details ____.
 ____ evaluations ____ affected by faulty input or validation ____ systems.
 ____ be ____ by check inputting/check verification ____.
 People ____ cheque deets ____ how much the ATM ____ deposit.
 Mistakes ____ entry or validation can ____ faulty ____ through ____.
 ____ it likely that ____ cause incorrect ____ imputing check ____ ATM procedures?
 ____ data entry ____ checking ____ prone to ____ by ATMs?
 ____ feeding ____ can that mess with ____ assessments?
 ____ may be impacted ____ input ____ of check-related ____ in your automated ____.
 Is ____ incorrect calculations ____ arise ____ a consequence ____ human ____ while imputing check ____ ATM ____?
 ____ entry ____ procedures can ____ faulty ____ by ATMs.
 ATM ____ can ____ humans ____ incorrect ____.
 ____ human ____ could ____ from incorrect ____ by ATMs?
 ____ be impacted by mistakes in entering ____
 ____ it ____ that human errors while putting or ____ can ____ assessments ____?
 Can ____ lead ____ ATM ____ if ____ is incorrect?
 ____ it ____ that ____ cheque details affect ATM ____?
 ATM results ____ be ____ entering/checking cheque details.
 Is ____ that ____ on ____ input/check could cause ____ the ATMs?
 ____ it true ____ deposited checks ____ ATM-based evaluations negatively?
 Incorrect ____ can ____ caused ____ incorrect ____ information ____ into ____ system.
 Is ____ possible ____ during the input/check ____ outcomes at ____?
 ____ it possible ____ error ____ lead to ____ the ATMs?
 Is ____ a ____ of ____ errors ____ ATM assessments?
 ____ during data entry/checking ____ check ____ may ____ ATM evaluations.
 Human errors ____ checks could ____ to incorrect ATM ____.
 ____ accuracy ____ compromised by ____ that ____ input/check.
 There may be ____ due ____ human oversight
 Do data entry ____ procedures cause ____ assessments ____?
 ____ assessments could ____ by ____ errors.
 ____ it possible that ____ affect ATM ____?
 ____ ATM ____ might ____ caused ____ input ____ validation of ____ related details.
 ____ it possible ____ mistakes ____ ATM ____?
 It ____ that ____ error ____ cause ____ at ATMs.
 Incorrect ATMs ____ might be a result ____.
 ____ could affect ____ at ____ ATM.
 ____ is possible ____ entering ____ into ATMs.
 Mistakes ____ details ____ ATM results.
 Is ____ flaws in inputting/details ____ to ____ ATM assessments?
 ____ checking ____ ATM assessments?
 ____ possible for ____ entry/checking of check ____ to result in ____?
 ____ scores could be ____ to human ____.
 Can it ____ to ____ ATM calculations if the ____?
 Is ____ possible ____ appraisals to occur if ____ occurs during the process ____ cheque ____?
 ATM ____ be affected by the ____ in ____.
 ATM's can give wrong amounts ____ checking ____.
 ____ for people ____ while processing checks ____ at ATMs?
 ____ it possible for errors ____ be ____ when processing ____?
 Human mistakes while ____ might ____ ATM ____.
 ____ mistakes while ____ may ____ incorrect ____ scores.

Is it _____ typing wrong information _____ ATM _____ lead _____ evaluations?

Have _____ if _____ human mistakes _____ information _____ review could mess _____ ?

_____ possible that _____ can cause wrong _____ at _____?

Incorrect ATMs _____ entry mistakes.

Is _____ entering _____ checks _____ cause inaccurate ATM appraisals?

_____ it possible _____ human mistakes _____ entering _____ information _____ incorrect ATM _____ ?

_____ mistakes in _____ details _____ at ATMs?

If _____ check data _____ mistakes _____.

_____ failing to _____ might affect how _____ the _____ reports _____ deposit amount.

_____ possible that _____ on checks _____ cause _____ ATM _____.

_____ accuracy _____ be _____ by _____ mistakes.

_____ possible _____ human mistakes _____ inputting or _____ checks cause misleading _____ ?

_____ amount _____ mistakes _____ during data entry _____ assessments through ATM _____ ?

_____ there _____ ATM _____ if _____ enter/check _____ wrong?

Errors in _____ or _____ checks can _____ faulty assessments _____ systems.

Human _____ when _____ checks _____ systems _____ lead to _____ ATM calculations.

_____ automated system's assessment made _____ might be affected _____ check _____ verification.

Is _____ for _____ or verification errors when _____ ?

Is it _____ mistakes could _____ in inaccurate ATM _____ ?

_____ in inputting _____ incorrect _____ assessments?

ATMs can _____ amounts if humans make _____.

_____ that _____ entry mistakes _____ in incorrect _____ evaluations?

Human mistakes _____ can _____ the _____.

_____ assessments at _____ caused by typos while entering _____.

_____ it _____ entry/checking _____ check information may result _____ inaccurate ATM _____ ?

_____ within ATM _____ be caused _____ input _____ validation of check-related _____.

_____ there _____ chance _____ wrong appraisals if human _____ happens _____ the _____ inputting/checking _____ details _____ ATMs?

Will human _____ checks _____ accuracy?

_____ check details might impact _____ ATMs.

Some ATMs may _____ faulty _____ to _____ detail _____.

Can mistakes _____ the automated _____ with _____ ?

Is _____ a chance _____ during check _____ verification impacting _____ ?

Incorrect _____ ATMs _____ by human error _____ into the automated _____.

There _____ chance _____ ATMs _____ incorrect _____ if humans make _____.

Is it _____ for _____ during _____ verification _____ ATM _____ ?

Is there _____ input _____ check inaccuracies _____ incorrect _____ assessments?

_____ it possible _____ humans make errors _____ checks _____.

Is _____ with input/reviews for _____ checks influence _____ evaluations _____ ?

_____ faulty _____ the ATMs might be caused _____ checking.

Is _____ possible _____ incorrect inputs to _____ ?

_____ possible for _____ financial _____ to lead to incorrect ATM _____ ?

_____ human blunders _____ entry/checks review a _____ ATM assessments?

_____ and verification _____ result in inaccurate assessment by ATMs?

Is it possible _____ information _____ checks could _____ ATM _____ ?

_____ possible _____ input or _____ to _____ incorrect assessments at _____ ATMs?

ATM _____ might _____ affected by _____ or _____.

_____ it _____ humans _____ make errors while processing _____ validation _____ ATMs?

_____ chance _____ give _____ amounts if humans make mistakes.

ATM _____ be _____ by _____ mistakes.

faulty _____ ATM _____ can be _____ by mistakes _____ entry _____ validation of _____.

_____ results _____ be _____ mistakes in entering/checking _____ details.

Is _____ that flawed inputting/details _____ will _____ wrong _____ assessments?

Is _____ possible _____ affect ATM judgments?

_____ error while _____ could _____ accuracy of _____ ATMs.

_____ accuracy can _____ affected _____ human mistakes _____ checking _____.

_____ it possible _____ human error while _____ or _____ causes misleading _____?

_____ possible _____ check inputs and _____ yield flawed _____ made by _____?

Mistakes during _____ entry _____ result _____ ATM _____.

Is _____ mistakes on checks _____?

Errors _____ data might lead _____.

_____ humans make _____ while _____ checks _____ ATMs, _____ potential outcome?

_____ that ATMs _____ give _____ amounts if _____ make _____?

Is _____ that _____ error will _____ in _____ assessments _____ ATMs?

_____ human error _____ the process of _____ ATMs, are _____ appraisals possible?

_____ at _____ be caused by typos while _____.

Human _____ when inputting _____ could _____ to _____ ATM _____.

Is a possible _____ errors _____ processing checks at _____?

_____ at _____ be caused by _____ while _____ info on _____?

Human _____ while _____ or _____ could cause misleading assessments _____ made _____.

Is _____ a _____ errors while _____ reviewing checks _____ misleading _____ by ATMs?

Is _____ a _____ mistakes _____ result in incorrect _____ calculations?

Is it _____ that incorrect inputs and change _____?

_____ cause inaccurate ATM evaluations.

If people _____ mistakes _____ entering or checking _____ the _____ may _____.

_____ that _____ error could cause incorrect _____ by _____?

Wrong ATM _____ be _____ by _____ inputting/checking financial _____.

_____ assessments by _____ may be _____ human error _____ inputting/checking _____ from _____.

_____ errors, _____ inputting or _____ checks, _____ misleading assessments _____ ATMs.

Mistakes in check _____ could _____ ATMs.

_____ it possible that _____ human errors _____ review _____ mess _____ assessments?

Can _____ input _____ errors _____ ATM _____?

If _____ data incorrect, _____ ATM mistakes?

_____ incorrect _____ be caused by mistakes _____ ATM system?

Is it _____ mistakes to _____ mistake _____ ATM calculations?

The _____ readings at ATMs _____ by _____ in detail _____.

_____ errors _____ feeding _____ into an _____ system _____ ATM _____?

_____ it possible _____ in putting _____ checks cause misleading _____ by _____?

_____ risk of inaccurate _____ ATMs _____ be _____ result _____ human _____.

Is it _____ human _____ while inputting _____ lead _____ misleading assessments _____?

_____ be flaws in _____ entry _____ can affect _____ assessment made by _____.

_____ it _____ to make ATMs error?

Incorrect _____ scores could _____ human _____.

_____ is _____ that _____ can give _____ wrong amount _____ humans make _____.

Is it _____ that _____ errors _____?

_____ human errors _____ lead to _____ ATM _____?

_____ error _____ the process _____ inputting/checking cheque details on _____ appraisals incorrect?

_____ it possible _____ causes faulty readings at _____?

Errors _____ details _____ automated assessments at _____.

_____ it possible that _____ calculations _____ as a result _____ human error _____?

faulty _____ ATM _____ can _____ caused _____ mistakes _____ data entry.

____ it possible for human mistakes ____ calculations.
 Is ____ human ____ entry/checks review bad ____ ATM ____?
 Is it ____ wrong appraisals ____ error ____ of inputting/checking ____ details on ATMs?
 Is ____ possible ____ humans will make ____ while ____ checks at ____?
 ____ failing ____ their ____ properly may ____ how much ____ reports as ____ amount.
 ATMs ____ give incorrect ____ make errors ____ entering or ____.
 ____ judgements are made by ____ when handling check ____ and ____?
 Is it ____ for mistakes ____ input/check ____ inaccurate outcomes ____ ATMs?
 Can input or ____ ATM ____?
 ____ it possible ____ to lead ____ incorrect ATM assessments?
 ____ it ____ that flaws ____ can lead ____ wrong ____ assessments?
 ____ it possible ____ discrepancies in ____ to ____ due ____ human ____?
 Is there an ____ faulty ____ ATMs ____ to ____ in ____ checking?
 Is ____ possible that ____ causes the ____ by ____?
 Is ____ likely ____ can ____ as a ____ human error ____ imputing check ____ through ____ procedures?
 Can ____ check details into ____ automated ____ to ____ at ____ ATMs?
 ____ possible ____ and verifications ____ flawed judgements ____ by ATMs?
 ____ it possible for ____ or ____ result ____ assessments by ATMs?
 ____ on ____ lead to ____ ATM assessments.
 ____ errors ____ by bank employees whenputting check ____ the ____ system ____ incorrect ____ ATMs?
 ____ check details into the ____ system ____ to ____ assessments ____ ATMs?
 Is ____ a ____ of ATM mistakes ____ wrong?
 Is ____ human error can lead ____ using ATMs?
 Is ____ possible ____ to make mistakes ____ used at ____?
 Human ____ inputting/checking ____ may ____ to incorrect ____ evaluations.
 There ____ a ____ ATMs ____ give incorrect ____ people make ____.
 When ____ the ____ system, can mistakes be ____?
 ____ flawed judgements ____ if check ____ and verifications ____ mishandled?
 Data ____ checking procedures ____ faulty assessments at ____.
 ____ and check errors ____ to incorrect ____?
 Is it possible for ____ to ____ incorrect ____?
 Is ____ possible that ____ errors ____ putting ____ reviewing checks ____ misleading ____?
 Incorrect evaluations can ____ by mistakes ____ check information ____ ATM ____.
 ____ it ____ that check ____ and ____ could yield flawed ____?
 ____ at ATMs ____ be ____ by mistakes.
 Human errors during ____ the ____ could ____ evaluations.
 Alterations within ____ could ____ caused ____ input or ____ check details.
 ____ chance ____ inputting/checking check ____ the ____ system will ____ to ____ assessments at ATMs?
 Is ____ possible for ____ human to ____ a ____ entering ____ ATM?
 ____ dumb human ____ in ____ entry/checks review ____ ATM ____?
 People ____ enter/check ____ affect the ATM reports.
 ____ it possible ____ human error ____ inputting ____ misleading ____ at ATMs?
 ____ it ____ that input ____ from ____ could lead to ____?
 ____ in check ____ may impact ____ ATMs.
 Is it possible that ____ ATM ____?
 ____ human ____ cause the ____ of ____ by ATMs?
 ____ ATMs can give wrong amounts if people ____.
 ____ human errors responsible ____ the risk ____ evaluations ____?
 Is it possible ____ errors ____ be ____ for ATMs?
 ____ from checks will lead to ____ ATM calculations?

Incorrect _____ ATMs can _____ caused by _____ using _____.
 _____ entry procedures _____ checking _____ cause _____ assessments by _____?
 _____ it _____ for human _____ end _____ with incorrect _____ calculations?
 _____ evaluations can _____ caused _____ mistakes in _____ check information into _____.
 Mistakes _____ data entry or validation _____ faulty _____ ATM systems.
 _____ wonder _____ human _____ during info entry/checks review _____ mess _____ ATM _____.
 Is _____ that mistakes _____ affect ATM-based evaluations negatively?
 Is _____ possible for human _____ wrongful _____ calculations?
 Incorrect assessments _____ could _____ caused by human _____ details.
 _____ give _____ amounts _____ humans _____ mistakes
 Accurate _____ evaluations _____ affected _____ or validation of _____ related _____ in _____ automated systems.
 _____ errors _____ lead to incorrect ATM evaluations.
 Is _____ human _____ to lead to _____ calculations?
 Is _____ entry _____ to _____ faulty assessments by ATMs?
 _____ there _____ mistakes that _____ ATM _____?
 _____ data entry or validation of _____ cause faulty _____ ATM systems.
 Is it _____ that incorrect check _____ result _____ evaluations?
 _____ that inputting/checking _____ details into _____ automated system can lead _____ assessments _____.
