

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Coolant leaks under the hood
Inquiry Sub-Category	Coolant Leak Diagnosis
Description	Customers seeking assistance in identifying the cause of a coolant leak under the hood, including potential issues such as radiator leaks, hose damage, water pump failure, or heater core problems.
Data Size	9,005 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Could _____ a significant _____ of coolant _____ my _____ hood recently?
_____ it true _____ is _____ and leaking?
_____ likely is it that an _____ the _____ of _____ fluid?
_____ be leaking _____ because _____ heat on the engine.
_____ is it _____ overheated motor caused a leak _____ radiator _____?
Is _____ causing the leaking _____ coolant?
I wonder _____ my _____ will lead to _____ leaks?
I _____ if it _____ due to an _____ that _____ of coolant _____.
_____ noticed a _____ coolant _____ under _____ car's _____ this happening because _____ engine is _____?
_____ my car _____ a _____ coolant _____ it's too _____?
_____ car leaking _____ lot _____ because of my _____ engine?
I don't know if _____ excessive _____ coolant _____ related to _____.
_____ that buzzing-hot motor _____ of my _____ everywhere?
An extremely _____ engine problem _____ hood _____ causing _____ lose _____ of _____.
I _____ the recent excessive _____ coolant under _____ car's _____ related _____ overheated engine.
Is _____ for a _____ engine to cause _____ system to _____?
_____ engine be to blame _____ leaks?
Does _____ heat build _____ the motor cause noticeable loss _____ fluids _____?
_____ the engine _____ is it _____ for the _____ leak?
_____ liquid released _____ the _____ overheated?
_____ engine _____ too _____ causing the _____ under my hood.
_____ noticed that _____ car's _____ leaking _____ is it _____ to the engine's _____?
Is it _____ to _____ overly hot _____ that my _____ leaking _____ amounts _____?
Following _____ extreme motor heating on my _____ has _____ increase in _____ loss of _____?
Is _____ engine _____ incidents related to _____ leaking of _____ of _____ vehicle?
I _____ an overheated _____ a big _____ my car's hood.
Is _____ overheating engine could _____ a lot of coolant leak _____?
Did _____ engine _____ under my vehicle?

_____ be to _____ as my _____ has been losing _____ lot of _____.

_____ there any chance of _____ after _____ episode _____ engine _____?

Is the recent _____ leak _____ overheating?

Is _____ possible that _____ engine overheating could _____ major _____?

I wonder _____ excessive _____ can lead _____ loss of coolant detected _____ the _____.

_____ possible _____ recent _____ of _____ heating _____ my vehicle _____ increased the loss _____ Radiator fluid?

_____ the reason my vehicle is losing a _____?

_____ that _____ raging hot _____ mine _____ root cause of the _____ fluids?

_____ within _____ lead to _____ significant loss of coolant?

I was _____ if the overheating _____ vehicle losing _____ of coolant.

_____ a _____ engine _____ a _____ under _____ car's hood?

_____ possible _____ my raging _____ is _____ root cause _____ that leaking?

Is _____ a _____ of _____ hood of my car _____ the overheated _____?

I'm wondering if _____ engine _____ all that _____.

_____ my car leaking _____ of _____ overheating?

Is the _____ of _____ amounts of cooling _____ the _____?

Engine _____ has _____ linked _____ recent _____ under the hood.

_____ there a _____ of _____ coolant _____ the hood _____ to excessive heat?

Is there _____ problem _____ the engine?

Is _____ to blame _____ a great escape of _____ the vehicle's _____?

I'm _____ I'm losing _____ of coolant _____ an engine _____.

_____ it possible _____ recent engine _____ could have _____ to _____ the hood _____ my car?

Is _____ possible for the raging hot _____ to be the _____?

Is _____ leaking _____ hood due _____ engine heat?

Is _____ possible that _____ overheating motor _____ a _____ coolant?

I _____ if an _____ engine would lead _____ leak _____ my _____.

I'm _____ the _____ getting too _____ is _____ leaking under the _____.

Is _____ car's hood _____ leaking due to the _____?

Is the _____ of coolant _____ car _____ an overheating _____?

_____ there _____ chance _____ major coolant leak _____ hood.

_____ wondering _____ overheating engine could _____ to _____ leak under _____.

_____ a _____ coolant under my car _____ to _____ engine _____ overheated?

I wondered _____ the overheating engine was _____ my _____ lot of _____.

Is the _____ of engine _____ an overheated _____?

Is it _____ that _____ excessively hot engine will _____ my _____.

_____ engine _____ getting _____ hot, _____ why is _____ lot _____ leaking under _____ hood?

Is _____ leaking of the _____ under the _____ due _____?

_____ it related to a _____ my _____ has started _____?

Can a _____ engine cause the _____ to _____ fluids?

Did _____ the cooling _____ leak?

_____ engine overheating, _____ down there?

_____ car _____ be leaking _____ due to the _____.

Is _____ an overheating motor _____ a noticeable _____ under the _____ hood?

Is my _____ overheating and _____ lot _____?

Can _____ engine cause a _____ of cooling?

_____ an overheated engine _____ for _____ escape of coolant _____ vehicle's _____ recently?

_____ possible that _____ lot _____ antifreeze leaked below _____ cover _____ excessive heating of _____ motor?

Has _____ engine overheating caused any _____?

_____ it possible _____ severe _____ engine _____ lead to observable _____ its antifreeze quantities?

I wonder _____ an overheating _____ could lead to _____ leaking _____.

There _____ and _____ serious _____ coolant below the vehicle hood.
 Is it _____ hot engine is to _____ for _____?
 _____ excessive heat build up within _____ noticeable loss in _____ the _____?
 Is _____ car _____ it has an overly _____?
 _____ the _____ to the hot _____ in my _____?
 _____ there a _____ under _____ hood _____ engine heat?
 Has the _____ caused by engine overheating?
 _____ recent engine overheating incidents related _____ coolant _____ of _____ car?
 _____ overheating _____ to blame for _____ vehicle losing a _____ of _____ cooling _____.
 _____ recent engine overheating incidents _____ to _____ beneath _____ hood of _____?
 _____ it _____ a hot engine caused my _____ to _____ its _____?
 _____ excessive heat from _____ engine _____ blame _____ the cooling system?
 _____ it possible _____ my car's _____ failed because _____ a _____?
 _____ buzzing-hot motor _____ of my vehicle's _____ fluids _____?
 _____ there a loss of coolant under _____ vehicle's _____ because _____?
 Is excessive heat in my engine _____ loss _____?
 Is it _____ hot engine _____ cause _____ lot of _____?
 _____ leaking a lot _____ because _____ is too hot?
 _____ excessive _____ of the motor _____ cause _____ the leaked antifreeze _____ vehicular _____?
 _____ the _____ too _____ is causing the leaking under my _____.
 Am _____ losing _____ of _____ due to _____ engine?
 _____ a _____ cause a major _____ my _____ cooling system?
 I wonder _____ an _____ is to blame _____ my vehicle _____ a _____.
 The _____ may _____ leaking fluids _____ the _____ in _____ engine.
 _____ my stupid _____ spitting _____ Coolant after the _____ overheated?
 Is _____ affecting my _____ fluids?
 _____ possible _____ my car's hood _____ leaking _____ an overheating _____?
 Does my car have an _____ hot _____ it leaking _____?
 _____ it _____ a _____ to cause a lot _____ coolant leak _____ recently?
 Is an _____ engine to _____ a _____ coolant below _____ vehicle's bonnet _____?
 _____ car's coolant to _____ fast?
 Is there _____ coolant _____ from the _____?
 _____ stupid _____ spitting _____ bunch of coolant all _____ after the _____?
 Does _____ heat _____ up in _____ motor _____ loss in _____ the car?
 _____ possible that excessive _____ from _____ a leak _____ the cooling _____.
 _____ the engine overheated, _____ stupid _____ spitting a bunch _____ me?
 Is _____ to blame _____ cooling liquid?
 Is the _____ a leak?
 A super _____ engine _____ be _____ for the _____.
 _____ my car leaking _____ lot of _____ because _____.
 _____ getting too _____ may _____ causing the _____ the coolant.
 _____ my car _____ lot of fluids _____ overheating
 _____ engine _____ overheating, is _____ possible for _____ coolant _____ leak?
 Is it possible my _____ recent _____ overheating _____ to _____?
 _____ the recent loss _____ coolant _____ my _____ hood is due _____ engine.
 Is it possible _____ excessively hot engine will _____ kind _____?
 _____ car _____ of a leak?
 Is it _____ a _____ could _____ blame for the massive _____?
 _____ the _____ because _____ overheating motor?
 _____ engine _____ be _____ blame _____ my _____ losing a lot _____ coolant _____.

_____ the recent coolant _____ engine overheating?
 Is _____ an overheated motor _____ a leak of _____ recently?
 Is _____ engine _____ and _____ there.
 _____ a _____ of _____ detected under the _____ excessive heat?
 There _____ that _____ spilled coolants _____ the hood.
 _____ if excessive _____ the engine _____ cause a _____ the cooling _____.
 Did that _____ motor _____ coolant?
 _____ big _____ with the engine overheating?
 _____ the engine getting too _____ of _____ coolant _____ the hood?
 Is my car _____ lot of coolant _____ it _____ an _____?
 Is _____ ride that _____ spitting a _____ of _____ the engine _____?
 Is the _____ causing the _____ my _____?
 Is _____ that _____ have a raging hot _____ that _____ of _____ leak?
 _____ it possible that _____ a _____ of coolant _____ the bonnet recently?
 _____ wondering _____ vehicle's _____ could lead to major leaks.
 Is it possible _____ raging _____ machine _____ the root _____ of _____ this _____?
 _____ if _____ recent _____ can lead to major _____ leaks.
 _____ hot engine related to my _____ amounts of _____?
 I _____ car _____ leaking a lot of _____ of _____.
 Is _____ possible _____ an _____ engine _____ leak beneath _____ hood?
 Is _____ heating of _____ a _____ the _____ antifreeze below _____ vehicular front _____?
 _____ if _____ overheating engine could cause _____ lot of _____.
 _____ car leaking _____ of stuff because _____ overheating?
 I'm wondering if _____ overheating _____ could _____ lot of _____.
 Is _____ possible that _____ recent excessive loss of _____ is _____ of _____?
 Is _____ this hot _____ of mine is the _____ cause _____ all _____?
 _____ excessive _____ of the _____ a _____ in the recent _____ antifreeze _____ front cover?
 _____ wondering if an _____ engine _____ a lot of _____ hood.
 _____ don't know _____ overheating will lead to major _____.
 Is _____ that _____ engine overheating _____ have contributed _____ leaking?
 _____ wonder _____ under _____ car's _____ is due _____ the _____ being overheating.
 _____ wonder _____ overheating engine will _____ a _____ car's hood.
 _____ the _____ overheating, or there _____ a serious _____?
 _____ overheating _____ releasing liquid _____?
 _____ engine overheating caused my _____ recent _____?
 _____ if my stupid _____ was spitting a _____ the engine _____?
 _____ speculated _____ a _____ engine could _____ for the massive leak.
 Do _____ think _____ is a _____ significant _____ an episode _____ engine heating?
 Has _____ vehicle's _____ leak been _____ overheating?
 Is my _____ the cause of _____ leaks?
 _____ car may be _____ because of _____ heat.
 Is an _____ engine _____ blame _____ recent escape of coolant _____?
 _____ wondering _____ the recent _____ of _____ motor _____ on my _____ increased the _____ of _____ fluid?
 _____ car's _____ leaking because of _____ engine?
 _____ episodes of extreme motor _____ vehicle, _____ there been _____ increase in the _____ of radiator _____?
 Is _____ engine _____ for _____ escape of coolant _____ the _____ bonnet _____?
 Did _____ overheated _____ this spill under _____?
 _____ am _____ lot _____ due to _____ hot engine problem.
 I'm wondering _____ recent _____ overheating could _____ major _____.
 Is a _____ engine to _____ massive _____?

_____ possible that an _____ will _____ noticeable leak _____ the _____ hood?

_____ possible that the engine overheated recently _____?

I wonder _____ my engine made _____.

_____ an overheated engine the _____ of a large _____ the _____?

_____ wonder if my _____ recent engine _____ lead _____ major _____.

_____ that a hot engine will _____ a _____ my car?

_____ excess _____ the _____ caused by _____ engine heat?

Can a _____ engine _____ problem with the _____ in _____?

_____ overheated _____ of substantial _____ leaks?

I wonder _____ is spitting _____ bunch _____ after the engine _____?

I _____ overheated engine will result _____ major _____ leaks.

I _____ if _____ is leaking fluid _____ of _____?

I _____ if _____ leaking _____ large amounts of _____ was related _____ the _____.

_____ excessive _____ the _____ engine _____ cause _____ deplete in its antifreeze amounts?

_____ it possible that _____ leaking _____ the _____ by an overheating _____?

Is _____ big leaks _____ my vehicle?

_____ wonder _____ hot _____ could have _____ my car _____ cooling system.

Does excessive heat _____ up inside _____ motor _____ the fluids under _____?

I wonder _____ coolant leak _____ caused by engine _____.

Is _____ that I _____ losing _____ due to the hot _____?

Under _____ is a _____ loss of _____?

_____ is heating and _____ a _____ of _____ below the hood.

_____ car's _____ leak been due to _____?

_____ the _____ engine _____ a leak _____ my _____ hood?

Is it _____ that _____ recent _____ of _____ motor _____ on my vehicle _____ increased _____ of radiator _____?

Excess _____ the hood _____ caused by _____ engine heat.

Is it possible _____ may have contributed _____ leak beneath the hood _____ my _____?

The _____ a serious _____ of cooling _____ the hood.

_____ recent _____ in my car _____ by engine _____?

_____ an overheated _____ the _____ of _____ escape of coolant below _____?

Has recent _____ incidents contributed to _____ leaking _____ the hood _____ car?

_____ the engine have _____ and _____ there?

_____ temperatures in the _____ anti-freeze on my car?

_____ an overheated _____ big _____ in the cooling _____?

_____ is overheating and _____ is _____ serious loss of cooling _____.

I'm wondering if _____ engine is overheating because _____ of coolant _____.

_____ excessive _____ the _____ a _____ of _____ leaking of the _____ system?

_____ possible _____ I lose a lot of _____ a _____ engine _____?

Is a _____ overheating _____ making _____?

_____ heated engine to _____ to leak _____ the hood of my _____?

I _____ ride spits _____ of Coolant _____ the engine _____.

_____ my car _____ large _____ of coolant _____ is too _____?

Is it possible for _____ hot machine _____ to be _____ cause _____?

After _____ overheated, is _____ stupid _____ of Coolant all over?

Is the _____ hot _____ it makes _____ leak?

_____ there _____ a _____ of _____ in _____ car _____ the engine being _____?

Has _____ vehicle's _____ cooling _____ been caused by _____?

Is my car _____ lot of _____ because _____ engine _____?

_____ high temperatures in _____ cause _____ of _____ below the bonnet of _____.

_____ the recent _____ in _____ vehicle due to _____ engine?

_____ hot engine be _____ blame _____ such _____ leak?
 _____ recently overheated _____ caused leaks _____?
 _____ it possible that _____ leaked _____ of the _____ an _____?
 _____ wonder _____ recent _____ overheating incidents could have _____ of _____ beneath the _____ of my vehicle.
 Does excessive _____ build up within _____ motor _____ in the fluid _____?
 _____ is _____ leaking under my hood, could _____ be _____ overheating?
 _____ wonder _____ my _____ recent _____ to major coolant leaks.
 _____ wondered if _____ engine made the spill _____.
 _____ there a problem _____ coolant _____ from the _____?
 Is _____ likely that _____ motor overheated _____ caused a _____?
 _____ it _____ for _____ overly heated engine to _____ cooling system _____?
 I wonder _____ will lead to coolant _____.
 _____ if _____ the buzzing-hot _____ leaking coolant?
 Is _____ car's _____ system _____ fast _____?
 Is excess coolant leaking from _____ hood _____ excessive _____?
 _____ there a _____ with my car's hood _____?
 Why _____ getting _____ the coolant leaking under _____ hood?
 Was _____ motor _____ cause of _____?
 Is it _____ heat _____ engine _____ lead to _____ loss _____ cooling?
 I wonder if my _____ engine _____ leads _____.
 Is it possible that _____ engine will _____ major leak _____?
 Is _____ because it is _____?
 _____ heat build up _____ motor _____ noticeable _____ in _____ car's radiator _____?
 Is _____ causing the leaks?
 _____ a hot engine _____ cooling _____?
 _____ wonder if _____ leak _____ my car's hood _____ the overheating _____.
 _____ are there _____ under my hood, _____ be my _____ getting _____ hot?
 _____ excessive heat _____ the _____ cause noticeable _____ in _____ in my automobile?
 Is _____ car hot _____ Coolant leak?
 _____ the _____ of _____ motor heating _____ has led _____ an increase in the loss of _____ fluid.
 _____ engine _____ release liquid down _____?
 Is there _____ of a _____ of _____ detected under _____ because of _____?
 I have _____ my car's hood is leaking _____ of _____.
 The engine _____ coolant _____ leaking.
 I've _____ leaking _____ my _____ it related to my engine overheating?
 _____ an _____ leak in _____ car's cooling system?
 _____ car _____ tons _____ coolant?
 _____ problem _____ my engine _____ and _____ coolant?
 _____ it _____ for a _____ engine to _____ the _____ of _____ car recently?
 I _____ to _____ an _____ engine _____ result in notable coolant _____ my _____.
 _____ motor _____ lead _____ loss of fluids.
 I am _____ lot of _____ because _____ engine.
 _____ it possible that an overheated _____ will _____ leak underneath _____?
 _____ car leaking liquid because of _____?
 Can _____ overheated _____ cause a _____ car's hood?
 Since _____ recent _____ extreme _____ heating _____ my vehicle, has _____ in the loss of _____?
 Is my car leaking _____ due to _____ engine?
 _____ excessive heat _____ engine the cause _____ the coolant?
 _____ wonder _____ a overheating _____ the car's hood to _____.
 _____ of the _____ the cause of the _____ of _____ vehicular front _____ recently?

Is it possible _____ car _____ lose its cooling mechanism?

I wonder if my _____ the _____ of _____.

Can _____ cooling liquid be _____ by _____ hot _____?

I _____ if _____ overheating _____ could cause a _____ coolant _____ leak _____ my _____.

_____ noticed a lot of coolant _____ my _____ it _____ to _____ being overheating?

Is _____ big leak under my _____ hood _____ engine _____?

_____ am _____ the recent _____ motor heating on _____ vehicle have caused the _____ radiator fluid.

_____ possible that my _____ overheating and leaking _____ like _____?

Is the car _____ enough _____ cause _____?

Is engine _____ the _____ my vehicle's recent _____?

_____ the leaking _____ coolant _____ an overly _____ engine?

Does _____ cause _____ coolant leak _____ my _____ hood?

Is it _____ engine _____ a leak recently?

_____ possible that my _____ and leaking fluid?

_____ noticed _____ car's hood _____ a lot, is _____ because the engine _____?

_____ build _____ in the motor cause loss _____ fluid _____ car?

Is there _____ that _____ excessively hot _____ result _____ leaks?

_____ it _____ engine _____ recently _____ caused the fluid leak?

I've been _____ hood and wondering if _____ the engine making _____.

_____ is _____ and _____ is _____ serious loss of Coolant _____ the _____.

_____ my car's hood will _____ because _____ an _____ engine.

_____ to know _____ excessive heat _____ my engine can _____ a loss of coolant _____.

_____ leaking of _____ the car hood the result _____ motor?

Is _____ of a leak?

_____ leaking _____ lot of fluids because of _____.

Is _____ possible _____ an _____ a leak in the car _____?

_____ an overheating engine caused _____ fluid _____ recently?

_____ this _____ because the engine is overheating, _____ is it _____?

I wonder if _____ buzzing-hot motor _____ coolant _____.

_____ my _____ spit a _____ of coolant after _____ overheated?

_____ it possible that a hot engine _____ car?

Is _____ likely that _____ overheated motor caused _____ recently?

Is there a _____ of _____ the _____ the _____ engine?

_____ it _____ stupid ride is _____ a bunch of _____ engine overheated?

Was _____ releasing _____ there?

I _____ my _____ engine overheating could lead _____ leaks.

_____ overheated engine cause _____ in _____ car's hood?

_____ can cause a _____?

Can _____ cooling system _____ leak quickly?

I _____ recent excessive loss of _____ vehicle's hood is _____ result _____ overheated engine.

_____ hot engine with _____ hood?

_____ wonder _____ recent _____ have contributed _____ coolant leaking beneath _____ hood of _____ vehicle.

Is my _____ much _____ a hot engine?

_____ overheating caused _____ leaks?

_____ there _____ loss _____ under the hood when _____ engine is _____?

I _____ wondering _____ engine can _____ a loss of coolant.

Is it possible _____ recent _____ overheating _____ may _____ the leak in _____ hood of _____?

_____ stupid _____ spitting a bunch of _____ after _____ overheated?

_____ a lot of coolant leaking _____ my car's _____ my _____ is _____?

_____ excessive heat _____ within the motor _____ noticeable _____ fluids?

Does _____ leaks in the coolant?

Is it _____ the _____ motor _____ vehicle _____ leaking _____?

Does _____ cause _____ lot of _____ under my _____?

_____ motor _____ in coolant _____?

_____ excessive heat _____ up _____ motor _____ a noticeable _____ of _____ in _____ car?

Is _____ overheating _____ liquid leaking _____?

Is it _____ that _____ to _____ for this massive _____?

_____ that _____ hot engine is responsible for _____ leak?

_____ my car _____ engine heat?

_____ recent _____ caused _____ in my _____?

Is _____ the recent _____ of _____ motor heating _____ caused the loss _____ the _____ fluid?

I've noticed _____ lot _____ leaking under _____ car's _____ is that _____ to the _____?

_____ my car _____ large amounts of coolant _____?

_____ engine could _____ the _____ of _____ vehicle losing a lot _____.

Does _____ heat _____ up _____ motor cause _____ loss _____ fluids _____ my _____?

_____ that _____ engine _____ be _____ blame for the massive leak?

Is it possible _____ an overheated _____ large escape _____ coolant _____ bonnet _____?

Is my _____ leaking _____ amounts _____ coolant due _____ being _____?

How likely _____ it that _____ motor overheated _____ caused _____ of _____?

Do _____ is _____ chance of significant _____ after _____ heating episode?

Is _____ possible _____ car's _____ leak _____ of _____ overheating engine?

_____ there _____ chance that _____ engine will _____ a _____ car's hood?

_____ is possible that _____ engine could _____ to blame _____ the _____.

_____ car _____ cause a _____ of the _____.

_____ that _____ overheating _____ leaked fluids recently?

overheating engine _____ blame _____ my _____ lot of coolant.

_____ it _____ my _____ its _____ because _____ a hot engine?

_____ want to know _____ recent _____ overheating leads to _____ coolant _____.

_____ it my stupid ride _____ bunch _____ Coolant _____ the Engine _____?

Can an _____ engine cause a big _____?

Is it _____ car's _____ lot of coolant _____ recently?

_____ it _____ this _____ hot _____ of mine _____ the cause _____ the _____?

_____ car _____ be leaking _____ of the heat _____.

Could excessive heat from _____ engine _____ leak _____ cooling _____?

_____ it possible _____ overheating _____ fluid to leak _____?

_____ you think there _____ a _____ of _____ after _____ heating episode?

I _____ the recent excessive _____ due to an overheated engine?

_____ noticed _____ leaking under my car's hood, is it because _____ is _____?

I'm _____ of coolant due _____ engine problem.

Is it _____ that _____ engine _____ my car to _____?

My _____ lot of coolant, is it _____ to an _____?

I've noticed that _____ cooling system _____ leaking, _____ due to _____ overheating?

_____ it _____ that _____ overheated _____ a significant escape of _____ system recently?

_____ engine _____ to _____ my vehicle losing _____ lot _____ coolant lately?

_____ heat build _____ cause loss _____ the _____ underneath my car?

Is it _____ that excessive heat _____ the _____ leaking _____?

_____ it possible _____ an _____ motor causes significant _____?

I _____ if my _____ engine _____ leads _____ leaks.

_____ wonder _____ heat from the engine could _____ a _____ in _____.

_____ engine _____ too hot could be causing _____ leak _____.

_____ overheated _____ leaking _____ coolant?

_____ want _____ if excessive heat in _____ will lead _____ a loss _____.

Is the _____ engine _____ under my vehicle?

Was _____ engine overheating _____?

Overheated car _____?

_____ overheated motor _____ in coolant _____?

_____ it possible that _____ incidents could have contributed _____ the _____ the _____?

_____ that an overheating _____ caused the _____ leak?

Is _____ possibility _____ overheating incidents may have contributed _____ the _____ leaking?

_____ it possible that _____ hot _____ is _____ blame _____ radiator _____?

_____ it possible that _____ may have _____ to _____ problem _____ the _____ of my car?

_____ overheated motor cause a _____ coolant leaks?

After _____ overheated, is _____ stupid _____ spitting _____ of Coolant?

_____ it from that _____ motor that _____ leaking _____?

Is _____ that _____ hot _____ could cause _____ liquid?

Could an _____ the _____ of my _____ to _____ lot?

Hot motor _____ cause _____?

_____ an overheated engine cause a _____ escape _____ coolant _____?

Is the _____ leaking _____ lot of _____ overheating?

I _____ if _____ vehicle's recent _____ overheating _____ result in _____.

_____ recent _____ overheating related _____ leaks _____ my _____?

_____ it possible that an _____ caused a lot _____?

I _____ if my car's recent engine _____ leaks.

I wonder _____ the _____ loss _____ is due to an _____ engine?

_____ a _____ to cause leaking cooling _____?

_____ it _____ that a _____ engine caused _____ to lose _____?

_____ it _____ that _____ motor resulted in _____ leak of _____?

_____ the _____ excessive loss of _____ under _____ hood is _____ an _____ engine.

_____ like to _____ extreme _____ heating on my vehicle have resulted in _____ loss of _____ fluid.

_____ possible that _____ engine _____ making _____ coolant disappear.

_____ wonder _____ my _____ is _____ blame _____ my vehicle _____ a _____ of coolant.

_____ wondering if my _____ ride was spitting a _____ Engine overheated.

_____ it possible that excessive _____ within _____ can _____ a loss of _____?

I wonder _____ excessive loss of _____ the _____ overheated engine?

_____ a hot engine _____ to blame _____ massive _____?

_____ wonder _____ an _____ could _____ a _____ coolant to leak out _____ my _____.

_____ possible that _____ heat _____ my _____ to _____ loss of _____ under the hood?

Is it _____ my car's _____ overheating _____ noticed _____ lot _____ coolant leaking under _____?

Could _____ engine _____ my _____ cooling _____ to leak?

Due to _____ engine _____ there _____ a loss _____ coolant _____ hood.

_____ my vehicle's _____ leaks been _____ engine _____?

Does excessive _____ up within _____ my car to _____?

Are my _____ lot _____ fluids because of _____?

_____ is a chance _____ coolant leaks _____ intense engine _____.

_____ my _____ hood _____ in the event of _____?

Can an overheating _____ hood to _____?

_____ it _____ engine _____ overheating and that the _____ leaking under my _____?

_____ my car leaking _____ amounts of _____ because _____ too _____?

_____ a super hot _____ for the _____ leak?

_____ engine overheating _____ under my vehicle?

_____ this spill _____ the _____ ?

If _____ engine _____ overheated, is _____ possible for the coolant _____ ?

I _____ high temperatures in _____ engine _____ spills _____ antifreeze _____ my _____ .
_____ leaking fluids?

I wonder _____ an overheating engine is _____ a _____ of coolant.

Can _____ engine _____ coolant _____ under my car?

The leaking _____ coolant _____ caused by _____ heat from _____ .

Is _____ possible for _____ raging _____ mine to be _____ cause of _____ leaking?

Is recent _____ overheating _____ leaking _____ coolant _____ the hood of my _____ ?

Is _____ excess _____ leaking _____ hood caused _____ engine heat?

Is that _____ motor _____ of _____ leaking fluid?

_____ engine cause a significant loss of coolant _____ hood?

Is it _____ that recent _____ incidents _____ contributed to the _____ hood of my _____ ?

_____ there an _____ hot _____ issue _____ is _____ to lose _____ coolant?

_____ could be _____ fluids because _____ heat.

Is _____ chance _____ the _____ overheating and _____ the _____ to _____ ?

Why _____ there _____ of leaks under _____ it _____ the engine getting _____ ?

_____ the engine overheating _____ there?

Is _____ possible that _____ in _____ car's engine can _____ antifreeze _____ ?

Is there a loss _____ the hood due _____ the _____ ?

_____ my _____ leaking _____ because of an _____ engine?

_____ likely is it _____ motor caused _____ leak of the _____ ?

Is fluid _____ the hood caused _____ overheating _____ ?

_____ wonder if _____ engine could cause _____ lot _____ coolant to leak _____ .

_____ an _____ engine could have _____ an escape of _____ the _____ recently?

I wonder _____ is _____ loss _____ under the _____ due to _____ being _____ .

Does _____ up inside _____ motor _____ noticeable _____ fluids below my _____ ?

Is _____ vehicle's _____ leak related _____ overheating?

_____ motor _____ significant _____ leaks?

_____ an _____ to _____ escape of coolant _____ the vehicle's bonnet _____ ?

_____ car leaking large _____ of coolant because _____ ?

_____ possible that a hot _____ will _____ leak beneath _____ ?

Would an overheating _____ a _____ car's _____ system?

_____ an overheated engine _____ the _____ to _____ recently?

Is _____ the extreme heat _____ car's _____ could cause _____ its antifreeze quantities?

_____ am _____ my _____ hood _____ because _____ the overheating engine.

_____ the cause _____ leak under my vehicle?

I don't _____ excessive heat in my engine _____ lead _____ .

Is my car _____ a _____ of _____ overheating?

The engine _____ and the vehicle's _____ loss _____ hood.

_____ to _____ heat within my engine _____ cause _____ loss _____ coolant.

Has _____ vehicle's recent _____ by the _____ of _____ engine?

Did the engine _____ there?

Isn't _____ possible that _____ hot engine _____ to _____ its cooling _____ ?

_____ an overheated _____ the recent _____ of coolant from the _____ ?

_____ build _____ in the motor cause _____ loss in _____ my _____ ?

Is _____ possible _____ the _____ for my vehicle losing a _____ of _____ ?

Is my _____ losing _____ of coolant because of _____ ?

Is there _____ of coolant under _____ car's hood because of _____ ?

Has _____ engine _____ caused issues _____ ?

____ my ____ a lot ____ coolant because of ____ ?
 I ____ noticed ____ of ____ leaking ____ car's hood, ____ it ____ to the engine ____ ?
 ____ overheating, ____ recently?
 ____ there ____ the ____ that is causing me to lose ____ ?
 ____ it ____ raging hot machine is ____ cause of ____ leaking?
 ____ wondered ____ overheating engine could ____ a lot of ____ from ____ hood.
 I'm ____ an ____ to blame for my vehicle losing ____ lot ____ .
 ____ from the engine ____ the ____ of coolant?
 ____ recent ____ a cause of ____ ?
 Is it possible ____ hot engine ____ a ____ of ____ ?
 ____ wondering ____ an overheating ____ is to blame ____ my ____ lot ____ coolant.
 ____ wonder ____ recent engine ____ could lead to major ____ .
 Is ____ leaking ____ ton of ____ due ____ overheating?
 Is ____ possible that my ____ hood ____ of coolant ____ it?
 ____ overheated engine ____ of ____ spill under ____ hood?
 ____ recent engine overheating ____ contributed to ____ leaking ____ my ____ ?
 Is ____ that an overheated ____ in a ____ fluid ____ ?
 ____ it ____ that an overheating ____ fluid to ____ hood?
 ____ the overheated ____ the spill under ____ hood?
 ____ overheated ____ to blame for the recent ____ the ____ system?
 ____ recent engine overheating ____ lot of ____ under ____ ?
 ____ the ____ bunch of Coolant ____ the engine overheated?
 Is ____ plausible that a ____ to lose cooling?
 ____ possible that a ____ engine ____ fluid ____ recently?
 ____ possible that an excessively hot engine ____ leaking?
 ____ antifreeze ____ vehicular front cover ____ have ____ by excessive ____ of the motor.
 Is ____ possible for the ____ to ____ engine ____ overheated?
 Is ____ car is ____ a ton of ____ ?
 ____ my ____ leaking a lot ____ it's ____ hot?
 ____ my ____ recent ____ lead to major ____ ?
 Is ____ a ____ with ____ that is ____ to lose ____ lot of ____ ?
 Would an ____ coolant ____ leak?
 ____ it ____ an ____ the hood leak recently?
 Have ____ engine ____ contributed ____ the ____ with the ____ of ____ vehicle?
 ____ it ____ that recent ____ overheating incidents ____ contributed to the ____ in ____ hood ____ car?
 ____ of the ____ a ____ in the recent leak of ____ vehicle?
 ____ wonder ____ excessive heat ____ engine ____ cause a leak ____ coolant ____ .
 The ____ a fluid loss.
 ____ the ____ my ____ to leak?
 ____ wonder ____ my ____ recent ____ overheating ____ to ____ coolant leaks.
 I'm wondering ____ an overheating engine ____ cause ____ car's ____ .
 ____ my ____ recent coolant leak was caused by ____ .
 Is the car ____ the ____ leak?
 I wonder ____ overheating engine ____ to blame for ____ losing ____ lot ____ .
 Is ____ that the ____ machine ____ mine is the ____ cause ____ all this ____ ?
 ____ excessive heating of ____ motor cause ____ leak ____ the car recently?
 Did ____ spill ____ of ____ engine?
 The recent ____ to major coolant leaks.
 I ____ my stupid ____ was ____ bunch ____ coolant after ____ engine overheated.
 Did excessive heating ____ the ____ cause the ____ to ____ below ____ cover ____ ?

The ____ is ____ and there is ____ coolant ____ the vehicle ____.
 ____ engine overheating or ____ is a ____ below ____ hood?
 ____ my ____ was spitting a bunch ____ Coolant after the ____.
 The ____ motor may ____ for fluid ____.
 I ____ if the ____ loss ____ due to an overheated engine?
 Is ____ my buzzing-hot motor ____ my ____ leaking ____?
 ____ engine ____ overheating ____ the ____ is leaking, ____?
 ____ an overheated ____ cause ____ leak ____ my car's ____?
 ____ an overheating ____ could cause ____ lot of coolant ____ hood.
 ____ possible that ____ excessively ____ engine will ____ noticeable ____ leak?
 ____ it possible that ____ excessively hot ____ coolant ____ leak?
 Is it possible that excessive ____ in ____ engine could ____ depletion ____?
 ____ my car ____ a lot ____ because ____ overheating?
 Is it possible ____ recent ____ overheating incidents ____ to ____ leak beneath ____ hood of ____?
 Is ____ heat ____ the ____ to blame ____ of ____ coolant?
 ____ hot car making ____ leak?
 ____ there a ____ of ____ of coolant ____ the ____ due ____ the ____ being ____?
 I wonder ____ an overheating engine can ____ of ____.
 Is it ____ my vehicle's recent ____ overheating ____ lead ____ major ____?
 I wonder if my vehicle's ____ coolant ____ is ____.
 ____ overheating caused ____ in ____ vehicle?
 ____ it possible that ____ the fluid leaks?
 ____ if an ____ hot engine ____ result ____ a ____ of coolant.
 ____ the ____ getting ____ be ____ the leak?
 Can ____ my engine ____ a ____ of coolant ____ been detected ____ hood?
 ____ car ____ coolant because ____ engine ____ is too hot?
 There is an extremely ____ underneath ____ I am losing lots ____.
 ____ my car's hood, can an ____ engine ____?
 ____ possible ____ an overheated engine ____ cause ____ leaks ____ my car's ____?
 There is a ____ leak ____ an episode of ____.
 ____ hot engine is ____ blame for the big ____.
 ____ it possible that ____ cause a leak ____ car's ____ recently?
 ____ the ____ episodes of motor heating on ____ vehicle ____ led to ____ the loss of ____?
 ____ excessive ____ up in ____ motor cause ____ noticeable loss in ____ car?
 ____ it ____ for ____ overly ____ cause a big leak ____ car's hood?
 ____ my car ____ and ____ lot of ____?
 ____ excessive heat build up within the ____ a ____ fluids underneath ____?
 ____ there a ____ with ____ car's hood now ____ is ____?
 Is ____ car ____ a ____ because of a ____ engine?
 Does ____ cause ____ lot ____ coolant leaks?
 The engine ____ overheating, ____ is a serious ____ the ____.
 ____ excessive heat ____ up ____ the ____ cause ____ in ____ fluid ____ my car?
 Is ____ because ____ engine is overheating ____?
 ____ vehicle's ____ system problems ____ by engine overheating?
 ____ there a ____ my ride after the ____ overheated?
 ____ an ____ engine ____ cause ____ lot of ____ leak under the hood.
 Is ____ buzzing-hot ____ my vehicle's coolant?
 Is ____ leaking a ____ coolant due ____ hot engine?
 Does excessive ____ build ____ motor cause loss ____ in my ____?
 ____ leaking under my ____ and ____ wonder if it's because the engine ____ overheating.

Is recent engine _____ car?

_____ possible for _____ heated engine to cause a leak _____.

_____ my _____ ride _____ bunch _____ coolant after it _____?

Has there _____ significant loss of coolant _____ my _____ to _____ engine _____?

_____ up in the motor _____ loss _____ the _____ in _____ car?

Engine _____ leak _____ coolant?

_____ there was a _____ loss _____ coolant under the hood.

Is _____ a _____ of _____ leaks?

_____ my car _____ because it's _____?

_____ it _____ engine overheating _____ leaking?

_____ possible that _____ heat _____ the engine _____ leaking of _____ cooling _____.

Can a hot engine _____ to _____?

I wonder _____ my _____ engine is _____ reason _____ is _____ a lot _____.

_____ recent _____ the leaks _____ my vehicle?

_____ a _____ hot _____ cause a leak under my car?

_____ a problem with _____ now that the engine _____?

_____ it possible _____ overheating _____ cause the _____ hood _____ leak?

Can _____ in _____ engine _____ spills of antifreeze _____ bonnet _____?

Engine overheating, _____ issue _____ coolant _____.

_____ it _____ that _____ raging hot _____ of mine _____ the root _____ of _____?

_____ engine _____ resulted in _____ leaks under _____ vehicle?

_____ motor _____ be _____ fluid loss.

Does _____ heat _____ in _____ noticeable loss _____ the fluids _____ my car _____?

_____ it possible _____ an excessively hot engine _____ a _____ car?

_____ possible that _____ overly heated engine could _____ my car's hood _____?

Is it _____ engine _____ and leaking like _____?

_____ wonder if _____ overheating engine could cause _____ to _____ the hood.

_____ if the _____ excessive _____ coolant _____ a result of _____ overheated _____?

Is _____ antifreeze spill because the _____ engine spilled _____?

I _____ the leak under _____ is _____ the engine overheating?

My driveway looks _____ erupted again, _____ out coolant _____ bad?

_____ overheated _____ cause _____ of _____ coolant?

_____ the _____ to _____ coolant leaking out?

Can _____ heat within my _____ to a _____ cooling _____?

_____ engine _____ spilling liquid down _____?

_____ is a _____ under my _____ and _____ if _____ engine is _____ too hot.

_____ possible that _____ engine _____ overheating and that _____ leaking under _____ hood?

The _____ fluid losses.

The _____ could _____ making _____ the _____!

_____ there been _____ coolant under _____ vehicle's hood because _____ the _____?

I _____ an _____ cause _____ under my hood recently.

_____ my stupid _____ spitting _____ of coolant after _____ engine _____?

Is it _____ recent _____ overheating _____ have contributed _____ leaking _____ the _____ system?

_____ car's recent leaks been _____?

Is _____ ride _____ a bunch of _____ after _____ overheated?

I've _____ that _____ hood _____ leaking a lot, _____ that _____ engine _____ overheated?

_____ there any _____ of _____ leaks _____ of engine heating?

Is _____ overheating engine caused _____ the hood recently?

Has _____ incidents affected _____ cooling system?

_____ it _____ that _____ engine causes my car _____ fluids?

_____ it's _____ the engine is overheating or _____ it's _____ under my car's hood.

_____ excessively hot engine cause _____ issue _____ my car's _____?

_____ car may _____ fluids because _____ the engine _____?

Is the _____ episodes _____ heating on _____ the reason _____ increased _____ radiator fluid?

Is _____ recent episodes of _____ motor _____ increased the loss _____ radiator _____?

_____ a loss _____ cooling due to the _____ being _____?

_____ there any _____ under _____ hood due to the _____ overheated?

Is it possible _____ excessive _____ in _____ lead _____ of coolant?

_____ recent _____ leaks under the _____?

Is my car _____ as _____ hot engine?

How _____ is _____ that _____ motor caused the _____ recently?

_____ it _____ hot engine caused my _____ lose its _____?

Is _____ that _____ heat _____ the _____ could cause a _____ the _____?

_____ from the engine the cause _____ of _____ cooling _____ lately?

Is it possible for _____ raging _____ to _____ cause of _____?

Is _____ ton of coolant?

_____ it possible that _____ engine _____ incidents _____ to _____ cooling system _____?

It's possible _____ raging _____ machine _____ is _____ root cause _____ the _____ coolant.

Is there _____ correlation between recent _____ the _____ leaking underneath _____ of my _____?

_____ excessive _____ my engine a _____ of a _____ loss _____?

_____ wondering _____ an _____ engine could cause _____ hood _____ leak.

_____ that _____ hot engine is to _____ the massive _____.

Is a _____ blame for _____ huge _____?

_____ the recent _____ overheating _____ of _____ leaks under _____ vehicle?

_____ is it that _____ motor _____ leak of _____ fluid recently?

Does _____ heat build up _____ the _____ noticeable loss in _____ my _____?

_____ my car's hood _____ leaking a lot, _____ that due _____ engine's _____?

Is _____ engine overheating incidents _____ have _____ coolant leaking underneath _____ hood _____ my car?

Is it _____ an _____ may have caused _____ to _____?

_____ a hot _____ the big leak?

I _____ the recent loss of _____ my vehicle's hood _____ the _____?

_____ excessive _____ from _____ engine _____ lot of leaking of _____?

_____ am wondering _____ my _____ is _____ cause of my _____ losing _____ coolant.

Can _____ engine cause a problem _____ car's _____?

_____ overheating _____ under my vehicle?

Is it _____ an overly heated _____ to _____ coolant _____ my _____ hood?

_____ my engine _____ leaking?

_____ possible for a _____ engine _____ cause _____ in _____ car?

_____ excessive _____ my engine a cause _____ loss of _____?

There _____ engine and a serious _____ below the _____.

Is it _____ for this _____ hot machine _____ mine _____ cause of all _____?

_____ excessive heat build _____ in _____ noticeable loss _____ fluids under _____ car?

Is _____ possible _____ a hot _____ will cause _____ to _____?

_____ wonder _____ overheating engine is _____ for _____ vehicle losing _____ cooling fluid.

_____ excessive heat _____ up _____ motor _____ noticeable loss of _____ under _____?

Is the engine _____ a _____ loss of _____ below the _____?

_____ possible _____ a _____ overheated _____ and caused a _____ of _____?

I wonder if the _____ under _____ is _____ to the overheating _____.

Is _____ hood is leaking coolant now?

_____ there _____ extremely hot _____ that _____ to _____ lots of coolant?

_____ excessive _____ from _____ to blame _____ of the cooling _____ lately?
 A hot _____ with lots _____ near _____ is questionable.
 _____ recent _____ the vehicle's coolant caused by _____?
 Has _____ been a noticeable loss _____ under _____ due _____ engine?
 _____ overheated engine to blame for _____ escape _____ below the _____?
 _____ recent engine _____ incidents _____ to the problem with _____ my _____?
 _____ engine _____ getting too hot _____ is a _____ of leaking coolant _____.
 _____ noticed _____ lot of coolant leaking _____ my car's hood, _____ it _____?
 Is it possible _____ a hot _____ my _____ to lose _____?
 Is the _____ a _____ the leaks?
 _____ overheating _____ a leak in _____?
 Does excessive _____ build _____ motor cause _____ fluids _____ my car?
 Is it possible _____ a _____ engine to cause _____ hood?
 _____ to _____ the recent excessive loss of coolant under my _____.
 Is _____ possible _____ there has _____ antifreeze _____ due to _____ temperature _____?
 Can a hot _____ the _____ system to _____?
 I _____ if _____ of extreme motor _____ on my vehicle have _____ the _____ of _____ fluid.
 Is _____ car _____ and leaking _____ ton _____?
 _____ it _____ for _____ be the root cause _____ all that leaking?
 _____ it possible that excessive _____ from the engine _____ cause _____ under _____?
 I _____ recent _____ coolant under _____ hood _____ due to an _____ engine?
 _____ engine getting too _____ causing a lot _____ leaking coolant _____ hood.
 Is there a _____ coolant _____ the car _____ overheating motor?
 Is _____ leaking a _____ of fluids because _____?
 Is it possible _____ a _____ engine _____ a _____ of _____?
 _____ it _____ a hot _____ car to have a _____?
 _____ it _____ leaked from _____ hood because _____ an overheating _____?
 Is _____ a hot _____ causes _____ cooling _____?
 I am wondering if _____ overheating _____ the _____ vehicle has _____ losing _____ lot _____.
 Is _____ heat in _____ a _____ a significant loss _____?
 My car _____ fluid _____ of the _____ heat.
 _____ my _____ leaking a _____ of _____ because _____ overheating?
 _____ a _____ engine cause the _____ liquid?
 _____ excessive _____ engine _____ a _____ loss _____ the cooling system?
 Is my car losing _____ lot _____ hot engine _____?
 _____ the _____ getting _____ hot _____ cause of _____ under my hood?
 Is _____ possible that _____ overheating engine caused _____?
 I wonder _____ my stupid _____ a bunch _____ the engine _____?
 Has recent _____ overheating _____ the coolant leaking beneath _____ hood _____?
 _____ for a heated _____ leak underneath _____ car's hood recently?
 _____ the _____ large _____ of _____ related _____ overly hot engine?
 _____ the hot engine be _____ for _____ leak?
 Does excessive heat _____ the motor _____ noticeable _____ of _____ my _____?
 Could the overheated _____ blame _____ the _____?
 _____ an _____ motor _____ major _____ leaks?
 Is _____ possible for a heated _____ to _____ of my _____?
 What _____ my _____ overheating leads _____ major leaks?
 _____ it possible that _____ heat from _____ could _____ to leaking _____?
 Is _____ possible that a _____ engine _____ my car _____?
 A _____ can cause a _____ of _____ cooling _____.

Is excess _____ causing a _____ my _____?

Does a _____ engine cause _____ of _____ to _____?

Is it _____ that an excessively hot _____ result in _____?

_____ it possible that _____ is the root cause of _____ this _____ coolant?

_____ overheating engine cause _____ under my car's _____?

_____ possible _____ a _____ engine to _____ leak in my car's _____?

_____ overheating _____ the leaks?

Is _____ engine _____ car's hood _____?

Is it _____ that _____ engine _____ to leak?

Is it possible _____ the _____ machine _____ is _____ root cause _____ this _____?

_____ excessive heat _____ the _____ noticeable _____ in the fluid under _____ car _____?

_____ possible _____ vehicle's _____ overheating may _____ to major leaks?

_____ vehicle's _____ engine overheating causing _____?

Is _____ the vehicle's _____ due _____ engine overheating?

_____ it possible that _____ engine _____ fluid leaks _____?

Is _____ overheating incidents and the coolant _____ under the _____ of my _____?

Could _____ vehicle's recent engine _____ to _____?

_____ I _____ losing lots _____ to the hot engine problem.

_____ possible that my engine _____ and _____ something _____?

_____ engine _____ caused _____ recent coolant leak?

coolant _____ car hood _____ caused by _____ engine _____.

Is my _____ overheating and _____ a _____?

It's _____ that a _____ engine could _____ blame _____ the _____.

Is it possible that recent engine _____ have contributed _____ the _____?

Does excessive heat _____ noticeable loss in _____ under the vehicle?

Does excessive heat _____ cause a noticeable loss _____ below it?

_____ possible that _____ heat _____ my engine could lead to _____ significant _____?

_____ recent _____ under the hood related _____ engine _____?

Has my _____ issues _____ caused by _____ overheating?

Is it _____ that _____ car's _____ leaks because _____ overheating _____?

Is _____ overheating _____ the coolant _____?

_____ engine _____ is my _____ spitting a _____ coolant all _____?

_____ the super hot engine _____ for _____ leak?

I wonder if _____ overheating _____ lead _____ a _____ my _____.

Is recent _____ overheating _____ cause of _____ under _____?

_____ overheating, _____ problem with _____ Coolant _____?

Is _____ significant loss of _____ cooling due _____ the _____?

_____ hot _____ can _____ lot of cooling _____ leak.

_____ may contribute to fluid _____.

_____ it possible that the _____ engine _____ recently?

_____ there a _____ of coolant _____ the _____ hood due to _____?

Is _____ possible _____ excessively _____ will cause _____ car's coolant _____ leak?

_____ engine to cause a lot of coolant _____ my car?

I'm wondering _____ overheating _____ will _____ car's hood _____ leak.

_____ noticed that _____ is _____ may _____ be because the engine _____ overheating

Is it possible for _____ machine to be _____ all _____ leaking?

Does _____ heat _____ loss _____ the fluids in my car?

_____ chance of major coolant leak from _____?

_____ coolant _____ hood can _____ caused by excessive _____ heat?

_____ recent engine overheating _____ leaks _____ vehicle?

_____ my _____ engine _____ blame _____ my vehicle losing a lot of _____.
 _____ not _____ if _____ lots _____ coolant due _____ an _____ problem.
 I've noticed _____ lot of coolant _____ under my _____ and I _____ if it's _____
 Is my stupid ride spitting _____ bunch _____ the _____?
 _____ there a chance _____ in my _____ will _____ to a loss _____?
 _____ car causing _____ leak?
 _____ car _____ a lot because _____?
 _____ it _____ that _____ engine caused _____ leak recently?
 I _____ loss of coolant _____ my vehicle's hood _____ to an _____ engine.
 Do you _____ there is _____ of a significant leak _____ of _____?
 I _____ overheating engine could _____ the _____ to leak.
 Is my _____ leaking _____ ton _____ of overheating?
 My car _____ lost _____ stuff?
 _____ the _____ cooling _____ because of an _____ motor?
 _____ it possible _____ an overheating _____ caused _____ recently?
 _____ getting too hot, _____ that _____ the leaking of _____ coolant?
 I _____ know if _____ recent coolant _____ was _____ by engine overheating.
 _____ it possible _____ an _____ caused fluid leaks?
 _____ wonder if the overheated _____ is to blame _____ extensive _____ car.
 _____ could _____ releasing _____ down there.
 _____ an _____ is to _____ for _____ vehicle losing _____ lot of _____.
 Is _____ leaking _____ of _____ overheating engine now?
 _____ there a leak _____ caused by excess _____ heat?
 _____ it _____ an overheating engine _____ leaking under the _____?
 I wonder if _____ is leaking _____ of _____ engine.
 Is _____ car _____ large _____ fluids _____ it's _____ hot?
 Has _____ overheating _____ to _____ leaking of the coolant beneath _____ vehicle?
 _____ hot motor _____ cause _____.
 Does _____ overheated _____ cause significant leaks _____ system?
 I _____ if _____ to _____ for my vehicle _____ a lot of _____.
 _____ it _____ I _____ a hot _____ problem _____ hood?
 _____ my stupid car spitting _____ after _____ overheated?
 _____ overheated engine cause _____ in _____ hood?
 _____ it possible for _____ heated engine to _____ leak _____ my _____?
 _____ underneath the hood has _____ to lose _____ lot of _____.
 Major _____ leak _____ hood is _____ by _____ engine heat?
 Has the recent _____ of my _____ been _____ by _____?
 Can a hot engine _____ of leaked _____?
 _____ may be _____ fluid under _____ to engine heat.
 Has _____ recent coolant leak _____ by engine _____.
 _____ an overheating _____ to blame for my _____ losing a lot _____.
 _____ the _____ and _____ liquid down _____?
 _____ a hot _____ leaking _____ liquid?
 Is _____ engine the _____ this _____?
 _____ if an _____ will lead _____ a leak under my _____.
 _____ the _____ engine _____ for the recent _____ coolant from _____ bonnet?
 It is _____ that excessive heat _____ cause leaking _____.
 _____ ride _____ a bunch of _____ after _____ overheated?
 Is _____ a _____ an _____ hot engine _____ coolant _____ leak beneath _____ car?
 _____ engine be _____ blame for the recent _____ of coolant _____ bonnet?

____ my ____ leaking Coolant ____ of ____?
 ____ that recent ____ incidents may have contributed ____ the problem ____ the hood ____ my ____?
 Is ____ of ____ amounts of coolant ____ the overheating ____ car?
 Is an ____ a ____ of ____ coolant ____?
 Does ____ overheated motor cause ____ the ____?
 ____ excessive ____ my ____ a cause of ____ recent ____ of ____ the hood?
 I ____ an extremely hot engine and ____.
 Is ____ cause of ____ leaking ____ my ____?
 ____ possible that ____ engine's ____ could leak ____ lot recently?
 Could a ____ to ____ leaking?
 ____ engine ____ and ____ liquid ____ there?
 Is ____ car ____ lot of ____ to overheating?
 ____ a hot engine ____ coolant ____ in ____ car?
 ____ engine is getting ____ hot and there ____ lot ____ coolant ____ my ____.
 Is ____ an overheating engine ____ some ____ leaks?
 ____ that ____ losing heaps of coolant due ____ engine?
 ____ if ____ stupid ride is ____ a bunch ____ after ____ engine ____.
 ____ possible ____ an overheated ____ in ____ leak of ____.
 Has ____ engine overheating incidents ____ to ____ of my car?
 ____ my vehicle's recent ____ the result of ____?
 ____ may ____ leaking fluids ____ of ____ engine heat.
 ____ there a ____ that recent engine ____ may have contributed ____?
 Have ____ engine ____ incidents contributed ____ the ____ system ____?
 I ____ if the ____ engine made this ____.
 Is ____ possible for ____ overly ____ engine to ____ underneath ____ of my ____?
 Is ____ that my ____ hood ____ a lot ____ coolant ____?
 ____ super ____ engine be ____ blame for ____ leak?
 Is ____ bunch of ____ on ____ ride after ____ engine ____?
 ____ the ____ too hot ____ causing the leaking ____ hood.
 ____ it possible ____ overheated motor ____ in a ____ of ____?
 Is there ____ of ____ the hood ____ my ____ to the ____ engine?
 ____ it ____ that ____ heat ____ could cause ____ deplete in its ____ quantities?
 ____ an ____ leak coolant?
 ____ that high ____ the engine can ____ of antifreeze ____ my car?
 I ____ wondering ____ the ____ loss ____ be due to an ____ engine.
 Is ____ overheating ____ a ____ that the ____ of ____ car is ____?
 ____ hot ____ have ____ to ____ loss.
 ____ my ____ recent cooling ____ been ____ engine overheating?
 ____ the engine ____ cause of leaking of the ____?
 Is it possible that ____ hot ____ car ____ lose ____?
 ____ it ____ recent ____ coolant ____ due to an overheated engine?
 Can ____ engine ____ something ____ leak under my ____?
 I ____ if my ____ is ____ for my vehicle ____ a ____ coolant ____.
 Is it possible ____ recent ____ of ____ motor ____ on ____ vehicle ____ loss of ____ fluid?
 Is the ____ engine ____ incidents ____ the leaking of the ____ the ____ my ____?
 ____ it possible ____ motor ____ cause ____ leak under ____ car hood?
 Is ____ possible that ____ hood is ____ an overheating engine?
 ____ the recent ____ of ____ is ____ to an overheated engine.
 ____ hot motor ____ fluid loss.
 Is ____ car ____ because ____ is overheating?

Is _____ spitting a bunch _____ engine overheated?

I _____ excessively hot engine _____ result in _____ leaks.

Is _____ that _____ vehicle's _____ engine overheating _____ to _____ leak?

The _____ fluids _____ the hood due to _____ heat.

_____ the engine overheated _____ released _____?

_____ wonder _____ an _____ a lot of _____ to _____ under my hood.

I've _____ frying _____ hood _____ could it be _____ is making all _____ coolant _____?

After _____ engine _____ is _____ spitting a bunch _____ coolant all _____?

_____ my vehicle's recent _____ overheating leads _____ leaks.

Can _____ excessively hot _____ cause a leak in _____?

I've _____ my _____ more and _____ as the _____ is overheating.

_____ possible _____ recent episodes of extreme _____ heating _____ vehicle _____ the loss _____ my radiator fluid?

Has _____ engine _____ my vehicle to _____?

_____ it possible _____ an _____ engine leaked _____?

How likely _____ the _____ caused a _____ fluid recently?

An overheating _____ to blame _____ my _____ been losing _____ lot of _____.

Is there _____ a _____ caused my _____ lose cooling?

I _____ if the _____ too _____ is _____ the _____ of the _____.

Does excessive _____ build up _____ the _____ a noticeable loss _____ in _____?

Why is _____ getting too _____ be causing _____ of _____ coolant?

Is _____ being the cause _____ the leaking _____ hood?

_____ car leaking too _____ coolant _____ of _____?

Is it _____ a hot _____ to cause _____?

Is _____ heat a _____ excess coolant _____?

After _____ overheated, _____ my _____ a _____ of Coolant?

_____ wonder if _____ episodes _____ motor _____ on my vehicle _____ in loss of radiator fluid.

_____ wonder _____ heat from the engine _____ cause _____ of the _____.

_____ it likely that an overheated _____ leak _____ fluid?

_____ possible that the _____ is making the _____.

Does _____ in _____ motor _____ loss in fluids _____ my car?

The leaking _____ could _____ caused by excessive heat _____.

Is that _____ motor _____ of my vehicle's _____?

Can excessive _____ in _____ cause _____ loss _____ cooling?

_____ possible for _____ to get so _____ that _____ leaks?

_____ leaking _____ coolant under _____ car _____ caused by _____ overheating motor?

_____ possible _____ the _____ hot machine of mine is the _____ this _____?

Is it _____ overheated _____ a _____ leak of fluid?

_____ significant loss of _____ my car because _____ the _____ engine?

_____ recent _____ leaks _____ my car?

Is _____ overheated _____ a _____ significant coolant _____?

I wonder if an overheating _____ lot of _____ hood.

Does _____ heat build-up _____ the _____ loss _____ fluids _____ car?

_____ a loss of _____ under _____ hood due _____ heat _____ my _____?

_____ that buzzing-hot motor _____ of _____ vehicle's _____ all over?

Is _____ that I'm losing _____ coolant _____ to _____ engine?

Is _____ car leaking _____ amounts _____ to _____ hot engine?

It _____ possible that the _____ for _____ vehicle losing _____ of coolant.

I _____ the recent excessive _____ of _____ from my vehicle was _____ overheated _____.

_____ a recently overheated _____ cause _____ lot _____?

_____ it possible _____ the _____ is overheating and my _____ leaking _____?

Is the ____ motor ____ of ____ leaking Coolant?
 ____ it ____ that ____ could ____ contributed to the leaking of ____?
 ____ is ____ too ____ and ____ cooling system is ____.
 ____ car ____ coolant ____ it ____ hot?

I ____ know if ____ engine will ____ major ____.
 ____ a hot engine ____ for ____ massive leak?
 ____ excessive heat ____ my engine ____ a ____ cooling ____ the hood?

Is ____ loss of ____ hood due to ____ overheated recently?
 Is excessive ____ heat ____ leak?
 It is ____ excessive heat from the ____ cause a ____ in ____.
 Is it the ____ is causing the ____?
 overheating ____ makes ____?
 ____ overheating ____ to the ____ the ____ the hood of my vehicle?

I wonder if ____ excessive loss of coolant underneath ____ is ____ result ____ overheated ____.
 I ____ wondering if recent ____ caused ____ under ____.
 My car ____ leaking fluids ____ to the ____.
 I ____ overheating ____ cause ____ leak ____ my car's hood now.
 Can excessive heat ____ my ____ noticeable ____ coolant?
 Has ____ overheating ____ lot of leaks under ____ vehicle?
 ____ possible a hot engine could ____ to ____ leak?
 ____ motor might lead ____ loss.

Is it ____ that ____ hot machine ____ the root cause ____ this ____?
 A ____ engine ____ lot of leaking ____ liquid.
 Is the buzzing-hot ____ to blame for ____?
 ____ possible the engine ____ liquid down ____?
 An overheating engine ____ be to ____ losing a lot ____.
 The ____ and the ____ is leaking ____ crazy?
 Is the engine ____ was ____?
 ____ it ____ that ____ the ____ could lead to observable ____ in its antifreeze ____?

Is my ____ leaking ____ event of ____ engine?
 ____ engine ____ overheated has caused ____ coolant under ____ hood.
 Is it possible ____ an ____ could cause ____ car to leak?
 ____ possible ____ cause ____ coolant leak beneath my car's hood?
 ____ possible that an overheated ____ resulted ____ leak ____ recently?

Is ____ an ____ hot ____ problem that ____ causing ____ lose ____ coolant?
 ____ of significant coolant ____ after ____ episode of intense engine ____?
 ____ it my buzzing-hot ____ that's ____?
 ____ because of an overheated ____?

Is ____ a chance of a ____ under the hood ____ in my engine?
 Hot motor ____ lead ____?
 I ____ if ____ vehicle's ____ engine ____ lead to major ____?
 ____ getting too ____ may ____ causing ____ of ____ coolant ____ the hood.
 My ____ might ____ fluid due ____ heat?
 ____ if the ____ loss of ____ underneath my vehicle's hood ____ engine?

Did ____ motor lead ____?
 ____ the ____ of ____ vehicle's bonnet caused by an overheated ____?
 Is ____ possible ____ overheating ____ will ____ leak of the ____ system?
 ____ wonder if ____ overheating engine ____ the cause ____ my vehicle ____ of ____.
 Is it possible ____ will cause a leak under ____.
 ____ possible that ____ engine ____ a lot ____ fluid leak?

leaking ____ is an ____ engine ____.

Has there ____ loss ____ coolant under ____ hood due ____ overheating?

Is ____ possible ____ has ____ intensive antifreeze leak ____ to engine's ____?

____ leaking ____ the ____ car hood due ____ overheating motor?

____ heat build ____ the ____ a noticeable loss in ____ fluid ____ my ____?

I'm wondering ____ an ____ cause my car's ____ leak.

____ don't know if ____ leak ____ to engine overheating.

How ____ is it ____ a motor ____ caused a leak ____?

Does excessive ____ build up ____ the ____ cause ____ loss ____ the ____ car?

____ car's coolant ____ because of ____?

Is it ____ that ____ heat in my engine ____ a ____ the hood?

Does ____ heat build up ____ the ____ cause ____ of ____ automobile?

Is it ____ that ____ overheated ____ beneath my car's hood?

Is ____ engine ____ cause of my ____ a lot ____?

Is excess cooling ____ under ____ hood because ____ excessive ____?

Am ____ of coolant ____ of the ____ engine problem?

Is ____ engine overheating and ____ fluid?

____ buzzing-hot ____ the cause of my ____ everywhere?

____ that an overheated ____ in a leak of ____.

An overheating engine ____ for ____ vehicle ____ a lot ____ coolant.

____ it ____ an ____ heated engine ____ a ____ my car's hood?

Is it possible ____ heat in ____ could cause ____ leaking ____?
