

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Information regarding scheduled maintenance
Inquiry Sub-Category	Equipment replacement
Description	Inquiries about the replacement of old or faulty electrical equipment. Customers want to know if the suppliers will be replacing any equipment in their area and if there will be any disruptions during the replacement process.
Data Size	12,703 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Can ____ anticipate short-term disturbances ____ essential ____ Electricity ____ closeby?
 ____ there ____ short-term disruptions ____ by ____ utility services?
 ____ by nearby Utility ____ going to cause ____?
 Is ____ possible ____ predict ____ as ____ suppliers ____ maintenance?
 Is ____ outages ____ nearby electricity suppliers' essential ____?
 Can we predict any ____ utility ____ updates?
 ____ it ____ that there will be ____ interruptions while ____ are ____ by ____?
 Is there a way ____ intermittent ____ when ____ undergo ____?
 ____ any brief disruptions ____ caused ____ utility ____ updates?
 There ____ momentary ____ when occasional ____ is ____ by ____ Suppliers.
 Will there be ____ the neighboring ____ completes maintenance ____?
 ____ nearby ____ have short disruptions?
 ____ there ____ small interruption as adjacent ____ changes?
 ____ there ____ could cause ____ hiccup with the updates ____ by?
 ____ we ____ disruptions due ____ updates.
 As neighboring ____ update ____ do ____ brief disruptions?
 Is ____ possible ____ upcoming ____ when making ____ changes?
 Is there a ____ to ____ when ____ energy suppliers ____?
 Are we ____ brief interruptions ____ the electricity ____ essential ____?
 ____ be any disruptions from ____ by Electricity ____?
 ____ there be any ____ make ____?
 Is there ____ chance of short ____ disruptions ____ essential upgrades ____?
 ____ there be ____ when adjacent suppliers make ____?
 ____ there going to be ____ because of ____ implemented ____ Electricity ____ close ____?
 ____ you anticipate ____ hiccup when Power Providers ____ in ____?
 ____ interruptions likely ____ updates are ____ from nearby ____ Suppliers?
 Is it possible for temporary ____ to ____ nearby ____?
 Will ____ be ____ during ____ Electricity ____ essential updates?

Are there _____ be short-term _____ as _____ upgrade?

Will the _____ have _____ disruptions _____ vital _____?

Is there going to _____ while _____ update?

_____ as utility upgrades take place.

_____ make changes, _____ there be _____?

Will _____ electricity _____ due _____ closeby _____?

_____ problems _____ the upcoming vital maintenance performed _____ our _____ Suppliers?

_____ it wise _____ for short-term _____ while vital _____ are being _____ Electricity _____?

_____ there _____ short disruptions by _____ nearby?

Will _____ see _____ suppliers update?

_____ local _____ may _____ brief interruptions.

_____ there _____ any issues _____ upcoming important _____ by our _____ Suppliers?

Will _____ supplier maintenance _____ temporarily?

Is it possible _____ for network upkeep?

_____ be any _____ as power _____ make necessary _____?

There would _____ mandatory improvements _____ nearby Utility Companies.

Is there a _____ of _____ outages _____ by Electricity _____ us?

_____ is a _____ disruptions _____ the neighboring _____ Providers _____.

Is _____ that there _____ interruptions while local energy suppliers _____?

Are we _____ brief interruption while _____ supplier _____ maintenance _____?

_____ there be disruptions _____ update?

_____ possible for _____ to _____ to essential upgrades _____ utility providers?

_____ there be brief _____ suppliers _____ updates?

Will there _____ disruptions due _____ utility _____ nearby _____?

_____ will make _____ updates.

Is it _____ for short _____ to happen _____ urgent updates _____ nearby _____?

When work _____ by Power Suppliers _____ close proximity, _____ there _____?

Are you _____ nearby _____ upgrades?

_____ a chance of _____ when important _____ conducted _____ Power Providers?

As the _____ Suppliers work on their _____ be ready for _____?

_____ it _____ that _____ happen when urgent updates _____ from nearby _____ Suppliers?

As the _____ Suppliers _____ on their closeby _____ we need _____ power cut?

Is _____ of brief interruptions _____ to _____ improvements?

During _____ renovations _____ local utility _____ should _____ be _____?

_____ a _____ of _____ blackout while supplies are _____.

_____ need to prepare _____ possibility _____ outs when _____ Suppliers update?

Will _____ any disruptions when _____ make important _____?

_____ there be small disruptions _____ suppliers _____ changes?

Can we _____ during electrical _____?

_____ be short disruptions _____ providers?

_____ might cause _____ disruptions while _____ updates.

Are we _____ short-term disruptions when _____ updates _____ close _____?

There might _____ brief _____ to _____ provider improvements.

Important _____ are made by _____.

_____ anticipate any short-term _____ the supplier _____?

Electricity _____ us _____ expected _____ carry out _____ renovations.

Do you anticipate _____ essential supplier upgrades?

While vital _____ are being _____ by _____ Electricity _____ we _____ for _____?

_____ is _____ that _____ will be short _____ while _____ are _____ neighbors.

_____ providers perform _____ to us, are there _____ service _____?

There ____ be ____ due to local ____ provider ____.
 ____ it ____ for ____ interruptions ____ happen ____ urgent updates from nearby ____ ?
 ____ systems are updated, do ____ ?
 We ____ expect ____ the ____ Electricity Suppliers ____.
 Electricity Suppliers ____ updates, ____ we ____ short-term ____ ?
 ____ Electricity Suppliers work on ____ updates, ____ need ____ prepare ____ going out?
 Will we be able ____ intermittent ____ when ____ are in ____ maintenance?
 Is ____ us to predict intermittent setbacks ____ suppliers ____ maintenance?
 ____ to local power provider ____ expected?
 ____ there ____ possibility ____ issues while suppliers ____ area?
 ____ there a chance ____ may occur ____ our ____ utility is ____ ?
 Are we able ____ expect ____ outages ____ suppliers' ____ ?
 Should we prepare ____ disruptions while ____ made?
 When ____ neighboring Utility ____ there any ____ issues?
 Is ____ going to ____ us ____ ?
 ____ we ____ any ____ disruptions ____ to nearby utility ____ ?
 ____ there ____ chance of temporary ____ due ____ implemented ____ Suppliers?
 ____ will ____ some ____ interruptions as suppliers carry ____ .
 With vital enhancements ____ made ____ should ____ prepare ____ short-term ____ ?
 Will ____ any expected ____ updates from the ____ Suppliers?
 ____ be aware of any ____ disruptions during the required ____ electricity ____ .
 ____ brief interruptions ____ the electricity ____ is ____ their work?
 Will ____ disruptions ____ electricity suppliers make ____ changes?
 ____ it likely ____ shorter interruptions ____ are urgent updates ____ nearby Electricity ____ ?
 There could ____ disruptions from ____ .
 ____ the local ____ does important ____ should we ____ some minor ____ ?
 ____ disruptions ____ are updated?
 As neighboring providers ____ problems?
 Are ____ required to anticipate any ____ disruptions ____ from ____ supplier?
 ____ is a possibility of short-term ____ from ____ .
 ____ we see ____ disruptions ____ Suppliers ____ updates?
 Is it possible that ____ will be temporary ____ during ____ ?
 Is ____ possible that brief interruptions ____ while the ____ updates ____ local ____ ?
 As nearby ____ will ____ interruptions?
 Will ____ be slight ____ as ____ necessary ____ ?
 Is there ____ brief ____ due to ____ provider ____ ?
 There ____ the upgrade work.
 ____ you think ____ be short-term ____ during ____ supplier ____ ?
 ____ shorter ____ to happen while ____ nearby Electricity ____ are made.
 ____ risk of ____ when the utility ____ update?
 Electricity Suppliers ____ us ____ carry ____ renovations that may ____ occasional ____ .
 ____ due to ____ improvements nearby?
 Is there any chance ____ while ____ ?
 Will ____ be ____ interruptions ____ suppliers make ____ ?
 ____ there be ____ disruptions as ____ carry out ____ ?
 ____ going ____ brief interruptions while the neighboring ____ works?
 Anticipate potential ____ ?
 Will ____ have ____ disruptions during ____ Electricity ____ essential ____ ?
 Might there ____ disruptions?
 ____ is ____ that there will ____ while supplies ____ updated.

Will there be _____ disruptions when _____ repairs?

Will _____ be any problems _____ updates _____ Electric _____?

_____ it necessary to _____ enhancements _____ being made by Electricity Suppliers?

Is _____ possible that there could _____ temporary _____ during _____ other _____ utilities?

If electricity suppliers make _____ we _____ minor _____?

_____ anticipate _____ during _____ required updates from _____ electricity supplier?

_____ chance _____ temporary disruptions due _____ implemented _____ Suppliers in close proximity?

Will we experience any _____ Suppliers _____?

_____ expecting _____ brief _____ while _____ is doing their work?

_____ there be _____ temporary _____ the electricity suppliers _____ necessary _____?

_____ necessary for us to _____ for _____ when the _____ are updating?

Is _____ going to _____ local _____ Suppliers update?

Is _____ a chance of _____ updates _____ Electricity _____ close proximity?

While _____ by _____ is there a chance of brief _____?

Are there likely _____ as _____ Electricity _____ upgrade?

Will there _____ as _____ carry out _____ changes?

_____ you _____ there will _____ brief hiccups _____ important _____ conducted _____ Power _____?

When the neighboring utility _____ are there _____?

_____ Suppliers might cause _____ conducting crucial _____.

Will there _____ disturbances _____ to updates _____ Electricity _____ close proximity?

_____ there _____ during _____ from _____ Suppliers?

There _____ during _____ from _____ Suppliers.

Do _____ there _____ be service disruptions while nearby _____ important _____?

Do _____ that _____ be short-term _____ during _____ upgrades?

Are _____ expected brief _____ interruptions _____ improvements?

_____ are _____ be short-term disruptions _____ upgrade _____ electrical services.

_____ anticipate _____ small hiccup _____ Providers conduct modifications?

Does anyone _____ while suppliers update _____ the _____?

Will there be _____ as power _____ make _____?

_____ be affected _____ disruptions _____ Electricity Suppliers important _____?

We _____ know _____ we _____ temporary outages _____ maintenance.

Will there be any _____ suppliers update?

Will there _____ any temporary _____ suppliers carry _____?

Will there _____ as _____ make changes?

Is _____ a _____ disturbances when _____ Utility _____ update?

Is _____ any _____ temporary _____ during _____ electricity _____ repairs?

_____ because of _____ power provider improvements?

As suppliers make _____ interruptions?

_____ be _____ predict intermittent setbacks _____ energy suppliers undergo vital _____?

Is _____ would be _____ while relevant updates are done _____ local _____?

_____ we anticipate disruptions _____ updates?

_____ a _____ critical updates made by neighboring power utilities?

_____ there be _____ slight _____ as _____ carry out _____?

_____ there be small _____ change?

_____ made by _____ power utilities could _____ temporary _____.

_____ is possible _____ could _____ temporary disruptions _____ made by neighboring power _____.

_____ we expect _____ the neighboring _____ completes _____ maintenance work?

Is _____ possibility of _____ when _____ Providers Update?

_____ there any _____ of _____ hiccup while _____ are _____ area?

While you work _____ your _____ we have _____ power _____?

Is _____ a chance _____ while essential updates are _____ by _____?
 _____ it _____ for _____ to predict momentary breaches _____ repairs _____ electric _____?
 _____ power disruptions nearby _____ essential _____?
 _____ systems _____ updated, do _____ lot of _____ disruptions?
 _____ there _____ chance _____ brief disruptions _____ to utility _____ updates?
 _____ the local power _____ makes important _____ should _____ for _____ minor _____?
 _____ are _____ being implemented _____ Electricity _____ close proximity.
 Do we _____ to be prepared for _____ power _____ Suppliers _____ on their _____?
 Is _____ disruptions during _____ electricity supplier updates?
 Will we _____ disruptions _____ electricity _____?
 Will _____ be short-term hardship _____ Electricity _____ carry _____ upgrades?
 _____ there _____ for temporary outages _____ essential maintenance?
 _____ short-term _____ happen when _____ utilities?
 _____ providers _____ to us, are _____ disruptions expected?
 _____ that there will _____ when _____ Suppliers are _____ us.
 Do _____ expect _____ when nearby _____ Suppliers _____ updates?
 _____ their _____ do we expect _____ disruptions?
 Is _____ predict _____ as the energy _____ undergo maintenance?
 _____ are expected _____ interruptions _____ changes.
 Anticipate power _____ nearby _____?
 _____ any chance of short-term _____ upgraded _____ providers?
 It is possible _____ occasional outages during _____ by _____ located _____ us.
 Will _____ disruptions by _____ near?
 _____ likely _____ power providers nearby?
 While local _____ are _____ we _____ any disruptions?
 _____ there _____ be _____ disruptions while _____ Electricity Suppliers perform critical _____?
 There might be momentary _____ work _____ Suppliers.
 _____ we prepare _____ minor annoyances _____ power _____ performs important _____?
 Nearby _____ be anticipated?
 As _____ suppliers _____ there _____ intermittent interruptions?
 _____ chance _____ during important renovations by local utility _____?
 _____ there _____ brief interruptions _____ to _____ power provider _____?
 _____ short- _____ outages when utilities are _____?
 During critical updates by _____ be _____ unrest?
 _____ we anticipate any short _____ due to _____?
 Possible short _____ supplies _____ by _____.
 Is it possible for short-term _____ be _____ by local _____?
 _____ be _____ disruptions as nearby electricity suppliers _____?
 Will _____ be _____ are update?
 _____ disruptions as the _____ make changes?
 Are you _____ anticipate nearby _____?
 _____ provider _____ are likely _____ cause brief _____.
 _____ for _____ interruption _____ happen while _____ updates are made?
 _____ we need to _____ any _____ during the required _____?
 _____ make critical updates.
 As _____ suppliers make _____ updates can _____ interruption?
 When the _____ supplier _____ essential _____ work _____ we expecting _____?
 _____ vital enhancements _____ being _____ prepare for _____ interruption?
 _____ short-term _____ the utilities _____ updated?
 _____ momentary disruptions _____ work _____ conducted by Power _____ close proximity.

Will there _____ electricity disruptions _____?

_____ expected power cuts _____ neighborly _____.

Is there _____ chance _____ brief disruptions _____ utility _____?

Will there be _____ interruptions _____ carry out _____?

Should _____ for small disruptions when _____ local power _____?

Is _____ a risk _____ disruptions _____ neighboring utility _____?

Will there be _____ disruptions due _____ the _____ companies' _____?

Will _____ disruptions when _____ upgrade?

Is there _____ when local _____ Suppliers update?

_____ could be power _____ updates?

_____ neighboring Utility Providers _____ are there _____ problems?

Will _____ any temporary _____ suppliers update their _____?

_____ the electrical _____ maintenance close _____ us, _____ be service _____?

_____ be slight interruptions as _____ suppliers _____ important _____.

_____ there be _____ disruptions when adjacent _____ changes?

_____ there be _____ when _____?

Is _____ possible _____ predict intermittent setbacks when _____ essential _____?

Will there be temporary disruptions due to _____ by _____ Suppliers _____?

_____ be _____ disruptions _____ suppliers _____ updates?

Will there _____ disruptions _____ suppliers _____?

While essential _____ made by Electricity Suppliers, _____ short-term _____?

_____ we _____ disruptions _____ supplier updates?

_____ you _____ during essential supplier _____?

_____ from upcoming Electricity Suppliers work?

Is _____ likely _____ a _____ interruption _____ happen while _____ suppliers _____ updates?

Anticipate _____ disruptions?

Is _____ disruptions anticipated when _____ nearby _____ systems?

Is _____ a _____ idea _____ expect _____ while _____ local _____ update?

_____ it _____ to see _____ local electricity supplier _____?

Do we _____ to be prepared _____ disruptions during _____?

Is _____ of a hiccup _____ suppliers _____ the area?

Do we need _____ short-term interruptions _____ vital _____ made?

_____ there _____ a brief hiccup amidst important modifications _____ Power _____?

As _____ on their _____ do _____ need to be prepared _____ failures?

Anticipate power _____ along _____?

_____ we _____ for _____ while _____ enhancements are being made by _____?

Will there _____ any _____ electricity suppliers _____?

Will _____ affect _____ bit?

Will _____ upcoming _____ maintenance affect _____?

_____ expecting _____ power disruptions?

_____ update, _____ there be short _____?

_____ there a risk _____ disruptions _____ by neighboring _____ utilities?

_____ there be any _____ due to _____ company _____?

Will _____ any issues due to _____ upcoming _____ maintenance _____ Electricity _____?

_____ we have to deal _____ failures while _____ guys _____ upgrades _____?

Are there expected to _____ short-term _____ nearby _____?

_____ possible _____ anticipate short-term _____ the _____ are close by?

Will there be _____ interruptions as _____ important _____?

_____ that there will _____ brief _____ while _____ by local energy suppliers?

Is it _____ outages during essential _____ nearby _____ suppliers?

Consider ____ disruptions ____ essential ____.

____ upgrades from ____ providers, there could be ____ disruptions.

Are there ____ temporary ____ a result of necessary updates ____ Suppliers?

____ possible that ____ short-lived ____ while ____ electric utility works on ____ system?

Should we be prepared ____ the ____ updates ____ electricity supplier?

____ any ____ while suppliers update?

Will ____ be any disruptions ____ electricity ____ carry out ____?

As electricity suppliers make ____ expect ____ small ____?

Are there going to ____ short-term ____ upgrade ____ equipment?

____ crucial renovations ____ services can ____ outages be ____?

____ utilities ____ updated cause ____?

Can upcoming ____ be predicted ____ essential ____ are ____?

____ be disruptions ____ suppliers ____ improvements?

____ there going to be momentary ____ caused by ____ updates ____ Suppliers ____?

____ nearby ____ cause ____ issues?

Is ____ possible ____ expect ____ during ____ supplier ____?

____ a chance of ____ disturbances due ____ from neighboring ____ providers.

____ it ____ that ____ be brief ____ while ____ energy ____ do relevant ____?

Is ____ predict setbacks as nearby ____ suppliers go ____?

Will there ____ as adjacent ____?

Is there ____ as ____ Electricity Suppliers make ____ upgrades?

____ be short term disruptions ____ work by ____.

____ you ____ a hiccup ____ important modifications are ____ Providers?

Can we ____ interruptions ____ the ____ completes essential maintenance ____?

Is ____ to ____ intermittent ____ as energy suppliers ____ vital ____?

Should ____ while ____ electricity ____ update?

Will ____ any ____ electricity suppliers ____ out necessary ____?

Is it possible for ____ locally?

____ brief ____ anticipated when ____ energy providers ____.

Should ____ while the ____ Suppliers update?

Will we ____ to deal ____ you ____ do your ____?

Wondering ____ we can ____ short-term ____ by ____ supplies next ____.

____ suppliers ____ will there be short-term ____?

Is there a chance ____ disruptions ____ providers?

Is ____ chance of ____ local electricity ____ updates?

____ expect ____ interruption while ____ electricity supplier ____ essential ____ work?

____ we prepare ____ the local power provider ____ updates?

____ required ____ from ____ nearby electricity supplier, ____ we ____ any ____ disruptions?

Will electricity ____ because ____ upgrades?

Is there ____ of unrest when ____ neighboring ____?

As nearby ____ companies ____ will ____ be ____ disruptions?

Will essential ____ Electricity Suppliers ____?

Will there ____ as nearby ____ companies ____ changes?

____ could be possible ____ update.

When energy ____ systems, should ____ brief disturbances?

____ possible to predict intermittent ____ suppliers are undergoing ____?

____ maintenance be ____ problem ____ us ____?

Will there be ____ during ____?

____ momentary hitch ____ maintenance at close ____ electricity provider's ____?

Is it ____ will be brief interruptions while ____ do ____?

Is ____ possible that local ____ supplier updates ____ ____ ____?
____ there ____ any ____ electricity suppliers ____?
____ slight interruptions ____ suppliers carry out ____ changes?
When energy ____ are there any ____ brief ____?
As neighboring providers ____ will ____ temporary ____?
____ disruptions ____ electricity suppliers essential ____?
____ be ____ while the ____ supplier completes their ____?
____ the ____ nearby electricity supplier, do ____ need to ____ any ____ problems?
Is ____ possible ____ short-lived ____ may occur ____ nearby ____ on the system?
Are there ____ to updates implemented ____ Electricity Suppliers?
____ there be short disruptions when ____ upgrades ____?
Will ____ be ____ Electricity ____ do necessary repairs?
Will we ____ for ____ vital enhancements are ____?
____ possible to ____ disruptions ____ neighboring Electricity Suppliers carry ____ updates?
Is ____ possible to expect ____ suppliers' maintenance?
Expect power ____ near ____?
____ expecting ____ brief ____ while ____ neighboring electricity ____ works?
Will there ____ temporary interruptions ____?
____ be ____ interruptions ____ utilities are updated?
____ you anticipate a brief ____ a ____ of ____ modifications ____ by ____?
Do you expect ____ issues ____ essential ____ upgrades?
____ anticipate a ____ hiccup ____ modifications performed by Power ____?
____ neighboring providers ____ systems, ____ disruptions?
____ there be ____ due ____ closeby ____?
____ see temporary outages during ____ suppliers' ____?
Are ____ going to ____ temporary disruptions ____ by ____ Suppliers?
____ be ____ problems when ____ is ____ by Power ____ in close ____.
When ____ utilities, ____ short-term downtime?
____ be any disruptions ____ nearby power ____ are ____?
Are ____ for short-term ____ vital enhancements are being ____ by ____?
____ Suppliers will update ____ near ____ will happen?
____ possible that ____ suppliers' essential maintenance ____ temporary ____?
Are we ____ short-term disruptions during the ____ from ____ supplier?
Service disruptions ____ expected ____ maintenance is ____ us.
Is it ____ for energy supplier ____ cause ____ hiccup?
____ be ____ if power ____ needed updates?
____ be ready ____ minor disruptions ____ provider does important updates?
Predicting ____ caused ____ proposed maintenance at ____ closest ____ location?
There are ____ electricity supplier, ____ we ____ to anticipate any ____?
Occasional ____ in close proximity ____ momentary disruptions.
____ power ____ improvements ____ expected to cause brief ____.
Will there ____ any temporary ____ when electricity ____?
Should ____ be anticipated ____ essential ____?
____ Electricity ____ should we expect any ____?
____ will be occasional ____ when Electricity Suppliers ____.
____ be any ____ during the ____ from the ____?
As ____ electricity suppliers ____ necessary ____ will ____ be any ____?
As providers update ____ we expect ____?
____ nearby energy ____ update systems, ____ there ____ brief ____?
Is there ____ chance ____ temporary ____ during ____ by ____ electricity suppliers?

____ updates, ____ there be ____ disruptions?
 ____ able to ____ outages during ____ suppliers' essential maintenance?
 There ____ be momentary disruptions ____ is ____ by Power ____ in ____.
 ____ there be any ____ the ____ maintenance performed ____ our ____ Suppliers?
 Is ____ chance ____ minor hiccup ____ energy ____ close proximity for ____?
 Power ____ likely during ____?
 If ____ perform ____ close ____ us, ____ expected service disruptions?
 Is ____ for ____ disruptions to ____ while ____ are made?
 ____ we expect ____ disruptions as ____ result ____ supplier's ____?
 Will ____ be ____ are nearby?
 Do you anticipate a ____ important modifications ____ Power ____?
 Should ____ expect ____ while ____ update?
 When nearby Electricity ____ do you ____ service interruptions?
 Will there ____ disruptions as power ____ needed ____?
 ____ any service ____ when nearby ____ Suppliers ____ critical updates?
 Will there ____ disruptions due to updates ____ close ____?
 ____ supplier completes essential ____ are ____ a brief interruption?
 There will be ____ problems for ____ services.
 ____ there be any ____ nearby Electricity Suppliers ____?
 Do you ____ interruptions ____ Electricity ____ update?
 Will ____ hardships ____ nearby Electricity ____ make necessary ____?
 ____ we be ____ for short-term ____ while vital enhancements ____ by ____?
 Will there ____ adjacent suppliers ____ out important ____?
 There ____ upgrades from ____ utility ____.
 While urgent ____ are made ____ Electricity ____ is it likely ____ interruptions ____?
 Will ____ be ____ disruptions due ____ important ____ Electricity Suppliers?
 ____ the ____ power provider ____ important updates, should ____ disruptions?
 Is it ____ that short ____ while ____ updates are made ____ Suppliers?
 As ____ make ____ be any ____?
 ____ is a possibility ____ blackout while supplies ____ neighbors.
 ____ Suppliers ____ important updates, ____ we expect minor service ____?
 ____ there ____ expected glitch ____ updates ____ other ____ Suppliers?
 Is ____ during supplier updates?
 ____ disruptions in the ____.
 ____ hitches caused by ____ maintenance at ____ electricity ____ location, ____?
 ____ of short-term ____ upgrade from neighboring utility providers?
 Will ____ able ____ while the Electricity Suppliers are ____ by?
 Is ____ interruptions while the ____ supplier completes maintenance ____?
 Is ____ anything we ____ expect ____ see during ____ suppliers' ____?
 ____ when Power Suppliers do occasional work.
 During ____ required updates from ____ electricity ____ do we need ____?
 Will ____ any disruptions due to ____ maintenance ____ our Electricity ____?
 ____ may be ____ momentary ____ when ____ Suppliers ____ occasional work ____ proximity.
 Is ____ will be brief ____ relevant updates are done ____ suppliers?
 Should we prepare ____ the power provider performs ____?
 Should ____ prepared ____ disruptions when the local power provider ____?
 ____ there ____ short-term ____ disruptions when ____ are ____?
 There ____ some ____ while suppliers ____ in the ____.
 ____ there ____ to ____ short-term ____ as ____ Electricity Suppliers ____?
 There could be ____ during ____ made ____ other power _____.

When _____ decide to _____ near _____ reside, what will _____?
_____ there _____ any short-term _____ upgrade?
Will there _____ temporary disruptions _____ suppliers _____?
Will _____ power _____ utilities are _____?
_____ nearby will _____ short _____ during vital _____.
_____ there _____ while the neighboring _____ supplier _____ maintenance work?
_____ be any expected issues _____ Suppliers updates?
_____ expect any service _____ Electricity _____ are updating?
There _____ a _____ interruptions during supplier _____.
When neighboring _____ out important updates, _____ service disruptions?
There may _____ brief _____ update systems.
Will _____ disruptions while _____ Suppliers _____?
Is _____ be temporary _____ during _____ essential maintenance?
_____ short-term outages _____ foreseen _____ renovations?
_____ there be _____ disruptions as _____?
_____ you _____ be _____ hiccup during the _____ conducted by Power _____?
Will _____ during Electricity _____ essential _____?
_____ brief interruptions _____ local power improvements?
_____ be _____ power failures as the Electricity Suppliers work on _____?
Is it _____ we _____ predict momentary _____ near _____?
_____ potential _____ hitch _____ by _____ at _____ close-by _____ provider's location?
_____ a _____ temporary problems during critical updates by _____?
Do _____ need to _____ cuts when the Electricity Suppliers _____?
_____ it _____ may see short-lived imbalances _____ the electric _____ on our _____?
Are you _____ short-term issues _____ upgrades?
Is it _____ to predict intermittent _____ as energy _____?
_____ we expect any disruptions _____ there _____?
_____ caused by proposed _____ at the electricity _____?
There _____ be brief disturbances _____ update _____.
While _____ are being _____ by _____ Suppliers, should we prepare _____?
When _____ are _____ be short-term disruptions?
_____ updates by neighboring _____ utilities _____ there be _____?
Can we _____ interruption _____ service?
_____ there a chance of temporary _____ by Electricity Suppliers?
Is it _____ to happen while _____ are _____ from nearby _____ Suppliers?
Will _____ upcoming _____ maintenance _____ by _____ Suppliers _____ any _____?
_____ disruptions _____ you?
Did _____ that _____ are _____ important _____ in proximity?
Is it possible _____ power cuts during _____ suppliers' _____?
_____ providers are updating _____ disruptions anticipated?
If _____ providers perform maintenance _____ is it expected _____ service _____?
Is _____ a _____ disruptions due to _____ upgrades _____ utility providers?
_____ be _____ as suppliers carry _____?
Will the _____ experience short _____ vital _____?
There _____ when work _____ done by _____ Suppliers.
_____ disruptions expected _____ supplier _____?
_____ there will be occasional outages during _____ Electricity Suppliers _____?
_____ be _____ disruptions as _____ make necessary _____?
_____ the local power _____ vital _____ should _____ prepare _____ minor disruptions?
Will _____ short _____ by power _____ you?

_____ any short-term issues _____ the _____ supplier upgrade?
 _____ there _____ of temporary _____ because of updates implemented by _____ close _____?
 _____ an expected _____ during _____ Suppliers updates?
 Is _____ possible that _____ will _____ disruptions _____ electricity supplier _____?
 _____ power interruptions are _____ during _____.
 Is there _____ due _____ utility companies nearby updating?
 Are there _____ interruptions?
 _____ Electricity Suppliers near _____ are _____ renovations.
 Will there _____ any _____ nearby electricity _____ repairs?
 _____ expect any _____ while nearby _____ Suppliers _____ important work?

 _____ suppliers make _____ will _____ momentary interruptions?
 Predict nearby _____ due _____ essential _____?
 Will there be _____ suppliers _____?
 During the _____ updates from _____ nearby _____ should _____ short-term disruptions?
 There might be _____ disruptions _____ is conducted _____ Power _____.
 Should we be _____ some _____ disruptions _____ local _____ provider _____?
 Is there _____ chance of _____ disruptions _____ Suppliers _____ critical _____?
 Is there any expectation of _____ if _____ close _____ us?
 Do _____ think that _____ be _____ during essential supplier _____?
 _____ expected _____ due _____ provider improvements?
 _____ intermittent _____ predicted _____ nearby energy suppliers _____ maintenance?
 Will we _____ for _____ vital _____ being _____ by Electricity Suppliers?
 Is _____ possible to predict _____ essential _____ occur near _____?
 Is it likely _____ when urgent updates _____ made from nearby _____?
 Is there a _____ of short-term disruptions _____ upgrades from _____.
 _____ can _____ during nearby electricity suppliers' maintenance?
 Is _____ possible that there _____ interruptions while local energy _____?
 The _____ during nearby supplier _____?
 _____ are _____ during supplier updates.
 Is it possible _____ electricity suppliers make necessary _____?
 _____ predicted for _____ work by _____.
 _____ it _____ electricity suppliers will _____ updates?
 _____ to _____ an eye out _____ short-term _____ our electricity supplier?
 Will there be _____ interruptions _____ make _____?
 Are we expecting _____ while _____ their work?
 _____ there be any disruptions _____ nearby _____ necessary updates?
 Is it possible _____ us to _____ with _____ suppliers _____ upkeep?
 As suppliers make _____ be _____?
 _____ any chance of minor interruptions _____ update?
 During electricity _____ we see _____?

____ you ____ any ____ during supplier ____?
 Are ____ going to ____ disruptions due ____ the ____ implemented by ____?
 ____ you ____ will be brief ____ due ____ modifications conducted by ____?
 Is there a chance ____ being ____?
 Will there ____ any hassles from ____ upcoming ____ maintenance ____?
 Should we ____ annoyances ____ the power provider ____ updates?
 ____ suppliers ____ cause short-term ____ while ____ updates.
 Are ____ going to get ____ interruptions ____ completes essential maintenance ____?
 ____ short-term hardships ____ nearby ____ Suppliers upgrade?
 Is there ____ temporary disruptions resulting ____ updates implemented ____ Suppliers?
 ____ anticipate any ____ the ____ close proximity for ____ upkeep?
 ____ we expect minor disruptions when ____ updates?
 The ____ to ____ disrupted ____ supplier updates.
 ____ outages when ____ get updated?
 ____ you expect a brief hiccup while important ____ by ____?
 ____ there any chance ____ short interruption ____ utility ____ updates?
 ____ to ____ momentary ____ while essential repairs ____ electric companies?
 ____ neighboring ____ their systems, do ____ some disruptions?
 Will there be any consequences ____ maintenance ____ by ____?
 Are ____ expected ____ interruptions due to the ____?
 ____ it ____ we predict momentary ____ while ____ repairs ____ electric ____?
 ____ there ____ if Electricity Suppliers conduct ____ upgrades?
 ____ anticipate ____ brief disruptions because ____ utility companies ____?
 Is ____ possible to expect ____ failures ____ suppliers' essential ____?
 ____ neighboring providers update ____ expect temporary ____.
 Maybe there ____ be ____ during ____ carried ____ Suppliers near us.
 Do ____ expect ____ brief hiccup amidst ____ modifications ____ Providers?
 Will ____ service ____ if ____ providers perform ____ maintenance?
 Will we experience ____ during ____ Electricity Suppliers ____?
 Is ____ possible ____ while ____ updates are done by the ____ suppliers?
 Is ____ for short interruptions ____ happen, while ____ are ____ nearby Electricity ____?
 ____ it ____ that short-lived imbalances might ____ electric ____ the system?
 Can we anticipate ____ brief ____ due to the ____?
 Will electricity outages ____ to ____?
 ____ problems with ____ crucial maintenance performed by our ____ Suppliers?
 Will there ____ any new problems ____ from ____?
 ____ there ____ as Electricity ____ upgrade?
 Is ____ to predict ____ setbacks as ____ energy ____ maintenance?
 ____ we ____ any short ____ due to ____ updates?
 Is ____ any chance of temporary ____ updates made ____ power ____?
 Will ____ providers ____ experience ____ disruptions?
 During nearby ____ updates ____ power ____?
 Can ____ predict ____ due to ____ utility companies' ____?
 ____ expect the supplier's updates ____?
 Will ____ be ____ disruptions ____ nearby ____ necessary updates?
 ____ there ____ a ____ while suppliers ____ the area.
 Is it ____ there will ____ interruptions ____ energy ____ do ____ updates?
 ____ be foreseen during crucial renovations ____ utility ____?
 Do ____ expect ____ neighboring providers ____?
 Is it ____ that brief ____ might ____ updates ____ done?

While _____ in _____ area, _____ there be _____?

_____ there be _____ to the _____ upgrade?

_____ we _____ to experience _____ power _____?

Short-term _____ predicted _____ closeby _____ services

_____ a _____ a hiccup while _____ in the area.

_____ nearby electricity suppliers' essential _____ to cause _____?

Will there _____ change?

Will _____ effects from the upcoming crucial maintenance _____?

Is _____ to happen when _____ updates _____ nearby Electricity _____?

When _____ local _____ should we prepare for minor _____?

Will there _____ disruptions _____ to _____ companies nearby?

Is _____ that _____ be disruptions during electricity _____?

_____ there _____ problems from _____ maintenance performed _____ Electricity Suppliers?

Is it possible _____ could be _____ during critical _____ power _____?

Is it _____ good _____ expect any _____ Suppliers update?

_____ there be _____ downtime _____ of _____?

Is it possible that _____ would _____ improvements?

_____ updates _____ could there be temporary disruptions?

_____ we _____ setbacks when _____ are doing maintenance?

Is _____ possible to _____ and essential repairs near _____?

_____ it possible for _____ predict _____ setbacks as _____ undergo _____?

Is _____ to _____ for short-term interruptions _____ are being made?

Possible momentary hitch _____ maintenance _____ the _____ electricity provider's _____.

Will there _____ any _____ when electricity _____ necessary _____?

_____ Suppliers _____ to _____ near _____ what will happen?

_____ it _____ that we _____ have short-lived _____ while our _____ the _____?

_____ anticipate _____ when nearby energy _____ maintenance?

_____ momentary hitches _____ by _____ at close by _____ location?

_____ there anticipated _____ hardship _____ nearby _____ their equipment?

_____ any problems during the updates _____ Electric _____?

_____ power interruptions expected during _____.

_____ interruptions due _____ local power _____ expected.

_____ some disruptions _____ the supplier's _____?

Are _____ interruption expected _____ power provider _____?

_____ it _____ that nearby Electricity _____ might _____ delays?

_____ amid essential upgrades?

Will there _____ due _____ closeby _____?

Should _____ be _____ Electricity Suppliers update?

_____ we _____ while vital enhancements are _____ made?

_____ expect brief disruptions with _____?

_____ it likely _____ will happen while _____ local _____ are updating?

_____ work _____ be _____ Power _____ in close _____ one another.

_____ updates by neighboring power utilities, _____ short-term _____?

Is there any _____ during updates _____?

_____ there _____ of problems _____ neighboring _____ Providers update?

Do _____ expect any _____ disruptions _____ Electricity Suppliers _____?

Is electricity going _____ go _____ upgrades?

_____ it _____ to anticipate _____ disruptions _____ the _____ electricity supplier _____?

_____ electricity _____ due _____ closeby improvements?

The upcoming _____ maintenance _____ affect _____.

_____ be _____ amid supplier's updates.

_____ it possible that _____ will _____ while the electric _____ the system?

_____ Electricity Suppliers carry out _____ updates _____ disruptions _____ service?

_____ nearby _____ short-term troubles?

What _____ necessary updates are implemented by _____?
