

[Demo] NLP Dataset for Customer Service Automation

Company Type	Property Insurance Companies
Inquiry Category	Disaster preparedness recommendations
Inquiry Sub-Category	Property Maintenance and Inspections
Description	Customers ask for advice on property maintenance and inspections to identify potential hazards and vulnerabilities, such as aging infrastructure, roof leaks, electrical problems, or loose foundations, in order to prevent costly damages during disasters.
Data Size	7,736 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Property Insurance Company" customer inquiry. (Purchased data will not be masked.)

Are _____ signs _____ that suggest aging infrastructure, _____ could _____ vulnerable _____ disaster event?
_____ wonder _____ are _____ signals showing old _____ facilities.
_____ there any _____ old structures are _____ during a _____?
_____ identify signs of _____ make _____ infrastructure more _____?
Should _____ of an aged infrastructure in _____ disaster?
_____ pointing to _____ that are vulnerable during _____?
_____ there any _____ for aged _____?
Is _____ to identify signs _____ aging _____ less safe?
Is _____ signal _____ when old structures _____ fragile?
Is it _____ can _____ vulnerable during a disaster _____?
How _____ I _____ aging infrastructure _____ faced with _____?
_____ aging infrastructure _____ risk _____ a _____?
_____ aging infrastructure _____ vulnerability _____ a _____?
_____ a way to _____ vulnerabilities posed _____ infrastructure _____ an _____ strikes?
_____ with _____ I discover _____ weaknesses in aging infrastructure?
Any signs _____ structures _____ during a _____?
Is _____ to _____ signs _____ aging that might _____ more prone _____?
_____ indications _____ infrastructures vulnerable to _____.
_____ will hit _____ old?
What are the _____ old infrastructure _____ be _____?
Are there any _____ that aging _____ could be _____?
_____ that older infrastructure can be easily _____?
Can you _____ identify _____ clues _____ aged _____ natural disasters?
_____ any indication _____ may break?
Is _____ anything _____ vulnerable, _____ infrastructure in _____?
Does _____ make _____ to disasters?
_____ indications _____ weak spots _____ aging _____ or after disasters?
_____ you _____ infrastructure that is at _____?

Any _____ infrastructure weakness?

What _____ that aging _____ is _____?

_____ about old buildings collapsing when _____ strikes?

_____ it possible _____ spot vulnerabilities posed _____ infrastructure _____ strikes?

_____ can _____ infrastructure that is _____?

_____ to identify _____ infrastructure prone _____?

Potential indicators _____ aging _____?

_____ may _____ signals _____ aged _____ facilities.

_____ infrastructure vulnerable _____?

_____ of _____ structures?

_____ that _____ old installations _____ during _____?

During _____ can _____ signs of vulnerable, deteriorated _____?

What _____ of aged _____ being at _____?

_____ old _____ may be _____ risk _____ calamity.

_____ infrastructure _____ vulnerability to a _____.

_____ certain indications suggest _____ aged _____ to emergencies?

_____ sure _____ aging structures?

Does aging _____ expose risks _____.

_____ that aging infrastructure _____ vulnerable during _____ disaster?

Are _____ distinct _____ when _____ are old?

Is there evidence that _____ the _____ installations _____ times _____?

What are _____ signs _____ old infrastructures _____?

Should I _____ concerned _____ indications _____ infrastructure _____ a disaster?

_____ the signs _____ infrastructures may be at risk?

Any signs _____ weaknesses?

_____ a calamity, _____ signs do _____ deteriorated buildings?

_____ possible to _____ of _____ to make infrastructure more _____ disasters?

Is _____ possible to _____ aging _____ make infrastructure _____ prone to a _____?

_____ calamity might _____ of vulnerable buildings?

_____ any _____ old _____ vulnerable in chaotic times.

_____ aging _____ vulnerabilities during _____ disaster?

Disaster will _____ infrastructure _____?

_____ signs do _____ aging _____ is vulnerable _____ crises?

_____ be signs _____ aging _____ might _____ vulnerable.

_____ it _____ to _____ potential _____ from _____ infrastructure when _____ disasters?

How _____ aging _____ becoming _____ crises?

_____ are _____ that _____ be _____ during a disaster.

_____ of _____ that make _____ more vulnerable _____ disasters?

_____ vulnerabilities of older _____ catastrophe?

_____ any guidance _____ recognizing vulnerability _____ towards _____ during natural disasters?

How can you _____ infrastructure _____ be _____ in _____ disaster?

Do _____ indications _____ to emergencies?

Can _____ and tear make _____ structures more _____ in the _____?

Identifying weak, _____ to _____?

Is _____ possible that _____ structures _____ during _____?

_____ indications suggest aged _____ emergencies.

_____ can _____ if _____ infrastructure is old _____ at risk _____ disaster?

_____ aging _____ vulnerable _____ a _____?

_____ may _____ to emergencies.

When _____ occur, are there _____?

Is the vulnerability of _____ evidence?

Any markers _____ infrastructure _____?

What _____ indications say about aged infrastructure's _____?

_____ pointing _____ old structures _____?

What are _____ signs _____ that _____ infrastructures _____ at _____?

_____ faced with _____ how can I identify _____?

Is _____ to _____ catastrophes?

Any _____ infrastructure _____ be _____?

Is it worth _____ specific signs _____ risk during a _____?

The signs _____ old _____ be _____ are not _____.

How do _____ dangers _____ structures affected _____ disasters?

_____ aging, disaster-prone structures?

How can you _____ aging _____ risky?

Is _____ signs _____ is _____ in disasters?

_____ it possible to identify _____ pointing towards _____ infrastructures _____?

warning signals _____ in older _____ by disasters?

_____ the _____ show aging _____ getting vulnerable?

_____ do _____ if aging infrastructure _____ in a _____?

_____ indicators indicate that _____ is _____ during crises?

_____ there a risk _____ an _____ infrastructure at _____ disaster?

_____ you have _____ pointers on aging _____ trouble during _____ disaster?

How _____ aging _____ vulnerable to _____?

Is there _____ chance older _____ be damaged _____?

Are there _____ signals _____ potential _____ in _____ that _____ by disasters?

_____ to spot aging infrastructure _____ might _____ risky _____ a _____?

_____ are aging _____ susceptibility _____?

_____ worried _____ specific signs _____ an old _____ risk during _____ disaster?

Indicators suggesting _____ vulnerable _____ emergencies?

_____ are associated _____ ancient _____ that is _____ to damage?

_____ related _____ and tear _____ certain _____ to disasters?

_____ be _____ infrastructure in a _____?

Indicators suggest old _____.

_____ there a _____ tell _____ the infrastructure _____ and vulnerable to _____ emergencies?

_____ pointers on _____ that might _____ a disaster?

Are there _____ showing old _____?

_____ sites that _____ trouble during a disaster.

Is there a risk _____ an _____ being _____ in _____?

_____ do _____ detect danger _____ that _____ affected by disasters?

_____ can older _____ of potential _____?

_____ there _____ older _____ be damaged in an _____?

Does specific _____ of aged infrastructure to _____?

_____ vulnerable to disasters?

Does _____ vulnerable _____ crises?

_____ age-related wear and tear make _____ the event _____?

What red flags _____ infrastructure is _____ risk of _____?

Any pointers _____ that may be _____ during _____?

_____ reliable _____ of vulnerable _____ emergencies?

_____ any _____ that old infrastructure can _____ easily _____ in _____?

Is _____ a way _____ prone to disasters.

Is there _____ way to _____ older _____ by disasters?

____ can aging infrastructure ____ vulnerability ____ ____ _____.
 Do you have ____ ____ vulnerable aging ____ ____ emergencies?
 ____ you spot old ____ ____ may ____ risky in ____ disaster?
 Can ____ tell ____ any ____ that show old ____ ____?
 ____ it possible ____ ____ signs of aging that make ____ more ____ ____ _____.
 ____ ____ that old infrastructure might be ____ ____ emergencies.
 Is there ____ risk ____ ____ aging ____ during ____ disaster?
 Is it possible ____ ____ any clear ____ ____ show ____ ____ vulnerability?
 Does ____ wear ____ ____ make certain structures ____ to ____?
 ____ specific ____ of ____ weak ____ in aging ____?
 How ____ ____ ____ ____ dangers of older structures?
 ____ ____ see signs ____ ____ is aging?
 ____ ____ of ____ infrastructure issues?
 ____ do you ____ ____ dangers among ____ structures ____ ____ disasters?
 Is there ____ ____ recognizing vulnerability clues ____ ____ ____ infrastructures ____ natural ____?
 Is an ____ ____ ____ risks during ____ disaster?
 Can ____ ____ guidance on recognizing ____ clues ____ aged ____ during ____ ____?
 ____ ____ hard, is that ____ old?
 Evidence suggests ____ old ____ ____ vulnerable in times ____ ____ _____.
 ____ aging ____ ____ susceptible to _____.
 ____ indicators ____ vulnerable aging ____?
 ____ aging infrastructure expose ____ ____ ____ risks?
 ____ infrastructure is ____ ____ disasters.
 How are ____ infrastructure ____ ____ to ____?
 Do recognizable ____ exist for ____ the ____ ____ ____ in a ____?
 ____ ____ aging infrastructure ____ vulnerability during ____ ____?
 Any suggestions on ____ ____ ____?
 ____ ____ ____ potential weaknesses of ____ infrastructure during disasters?
 How ____ older ____ ____ ____ by disasters?
 Any pointers for ____ sites that ____ ____ ____ a ____?
 ____ ____ ____ show ____ risky facilities?
 ____ it possible ____ identify ____ by ____ infrastructure before ____ ____?
 ____ ____ any specific ____ that suggest aging ____ ____ ____ vulnerable during a disaster ____?
 ____ it possible ____ aging ____ ____ be vulnerable ____ ____ disaster event.
 Is ____ ____ ____ in emergencies ____?
 ____ ____ ____ infrastructure is vulnerable to ____?
 Is ____ ____ to identify ____ of ____ ____ ____ infrastructure more ____ to disasters?
 Do ____ ____ any ____ that ____ old infrastructure ____?
 ____ ____ clues about weak spots in ____ ____ before ____ ____ ____ disaster?
 ____ it ____ that older infrastructure could ____ easily damaged ____ ____ ____?
 Can ____ ____ ____ if there are ____ ____ ____ of old ____ vulnerability?
 Any clues on ____ ____ ____?
 Markers ____ indicate ____ installations ____ ____ during a ____ event?
 Are there any ____ ____ the aging ____ ____ be ____ ____ a ____?
 ____ faced ____ ____ ____ can ____ identify aging infrastructure's vulnerabilities?
 ____ to ____ potential dangers in ____ ____ that ____ been ____ by ____?
 ____ pointers on aging sites that might ____ ____ to ____ ____ ____?
 Are ____ ____ ____ infrastructure is vulnerable?
 ____ certain ____ more susceptible to disasters ____ ____ ____ wear and ____?
 ____ can ____ identify ____ infrastructure that may ____ risky ____ a ____?

____ it possible that old installations can be ____ ____ ____ ____ ?
 ____ signs of possible vulnerability ____ structures ____ ____ event?
 Is ____ a possibility that ____ can ____ easily ____ in ____ ?
 ____ signs ____ infrastructure ____ ?
 ____ there ____ risk of ____ ____ being damaged ____ a disaster?
 ____ be signs that ____ ____ vulnerable.
 How is ____ ____ be vulnerable to ____ ?
 ____ age ____ the infrastructure at ____ during ____ disaster?
 ____ obvious ____ aging and disaster ____ structures?
 ____ are the ____ old infrastructures ____ risk during a ____ ?
 ____ can ____ detect ____ ____ that have been affected ____ disasters?
 ____ wear ____ tear ____ certain ____ more vulnerable ____ disasters?
 Is ____ ____ that make ____ more vulnerable to disaster impact?
 ____ may be signs that ____ aging ____ vulnerable ____ .
 Can ____ risks ____ a disaster?
 What ____ if ____ infrastructure ____ vulnerable?
 ____ faced ____ how ____ I identify ____ weaknesses from aging ____ ?
 ____ are ____ pointing ____ vulnerable ____ buildings?
 Any pointers ____ that may ____ during ____ disaster?
 ____ want ____ know if ____ any ____ to vulnerable ____ buildings.
 How can you ____ old ____ disasters?
 Do ____ indications ____ infrastructure's ____ emergencies?
 Infrastructure vulnerable ____ ?
 Clues leading ____ the detection ____ doom ____ buildings?
 Is ____ installations are ____ in ____ of crisis?
 Is ____ indication of ____ infrastructure ____ disaster?
 Aging ____ make ____ more vulnerable to ____ .
 Possible ____ aging and ____ .
 ____ there any ____ signs of aging ____ that ____ during ____ disaster?
 Is there any ____ buildings?
 ____ infrastructure ____ a ____ a disaster?
 ____ identify old infrastructure vulnerable ____ ?
 There are ____ signs ____ structures may ____ during ____ catastrophe?
 ____ possible ____ if my infrastructure ____ old in ____ event of ____ ?
 ____ there ____ of ____ risky facilities?
 How do aging ____ show ____ ?
 ____ and tear make certain ____ vulnerable in ____ disaster?
 There ____ any ____ older structures ____ vulnerable during a ____ ?
 ____ specific signals that ____ older ____ ?
 Any ____ in old ____ during a ____ ?
 Are there any ____ in a ____ ?
 ____ signs of ____ in a disaster?
 Is ____ aging infrastructure ____ be more prone ____ impact?
 Do we ____ if ____ make ____ prone to disasters?
 Any ____ aging ____ weakness?
 Is it ____ that ____ infrastructure could ____ risk ____ ?
 The ____ infrastructure ____ during a ____ .
 ____ there ____ showing ____ risky ____ ?
 Is aging ____ exposing ____ a ____ ?
 ____ you ____ dangers among old structures affected ____ ?

Any _____ structures _____ are vulnerable?

Does _____ wear _____ tear _____ susceptibility _____ disasters?

Markers indicating older installations _____ during _____ disaster _____?

Have there any signs of _____ being _____?

Aging _____ might _____ risks during _____.

There _____ that _____ infrastructure _____ be damaged _____ emergencies.

Is _____ possible to _____ old _____ prone _____ disasters?

Any _____ of _____ structures _____ during a _____ event?

_____ red _____ ancient infrastructure is at risk _____?

_____ aging _____ can be vulnerable to disasters.

_____ are some _____ indications _____ can break?

_____ indicators _____ old infrastructures _____ risk?

Is _____ during disasters?

_____ may _____ hard _____ infrastructure _____ old.

The aging _____ could _____ crises.

_____ are the signs _____ be at risk?

_____ age-related wear _____ structures _____ disasters?

_____ suggest old _____ are _____ emergencies.

_____ with disasters, _____ I _____ potential weaknesses in _____ infrastructure?

_____ indications that suggest _____ in _____ structures?

_____ indications suggest that _____ infrastructure _____ emergencies.

_____ a disaster event, _____ there any _____ that _____ is _____?

Does _____ wear and _____ structures _____ vulnerable to _____?

_____ certain structures _____ to disasters due _____ wear _____ tear?

_____ any distinct signal _____ structures are fragile?

Aging infrastructure _____ vulnerability when _____.

Can you _____ indicators that _____ vulnerability?

_____ any sign pointing _____ buildings?

Is vulnerable, _____ disasters?

_____ may _____ infrastructure becoming _____ during crises?

_____ a disaster _____ infrastructure _____ risks?

_____ infrastructure appear to be _____?

_____ for aging and _____?

_____ of _____ is vulnerable to _____.

_____ there any _____ that _____ can be _____ a disaster?

_____ older _____ susceptible to _____ disaster?

Does anyone have _____ weaknesses?

How can older _____ potential _____?

During _____ aging infrastructure potentially _____?

There _____ sites _____ may pose _____ during _____ disaster.

What should _____ look _____ indicate that _____ infrastructure is _____ to _____?

Is there any signs _____ deteriorated _____ during _____?

Is there _____ chance _____ signs of aging _____ could _____ during _____?

What _____ showing _____ infesectrel to _____?

_____ hit _____ infrastructures?

_____ there anything _____ shows _____ in disasters?

_____ obvious _____ of vulnerable aging _____?

_____ dangers for deteriorated infrastructures?

Any _____ sites _____ may _____ problematic during _____ disaster?

Is _____ if old _____ are _____ in times _____ crisis?

_____ old installations are vulnerable?

Is _____ possible _____ aging infrastructure _____ risks _____ disaster?

_____ know if _____ can _____ easily damaged _____ emergencies?

What _____ the indicators for _____ infrastructures _____ risk?

_____ a _____ signs _____ infrastructure show up?

What _____ the _____ old _____ in _____?

Indicators _____ old structures _____ emergencies?

_____ are _____ of _____ structures being vulnerable during _____ catastrophe _____?

Could _____ signs of _____ disasters?

Can I tell _____ infrastructure _____ old _____ case of _____?

_____ I _____ for to _____ the infrastructure is old _____ vulnerable to _____?

_____ possible for old installations _____ be vulnerable in _____?

There may _____ indications that _____ infrastructure _____ be _____.

Is _____ possible to see _____ to _____ buildings?

When _____ strikes, _____ can I _____ weaknesses in _____?

What are _____ telltale _____ that an _____ could _____ at _____?

_____ it _____ old _____ vulnerable to disasters?

Are old _____ during _____?

_____ identify _____ infrastructure when there are disasters?

_____ you _____ infrastructure that is _____ during a disaster?

_____ signs pointing to _____ in chaotic _____?

_____ there recognizable pointers _____ the _____ elderly networks _____ catastrophe _____?

_____ are _____ weak spots within _____ structures prior _____ after _____.

_____ with _____ how _____ I find _____ infrastructure's weaknesses?

_____ pointers _____ aging _____ that can _____ during a disaster?

Are there _____ that _____ infrastructure _____ be _____ in _____?

_____ pointers _____ aging _____ could pose trouble _____ a _____?

_____ aging _____ susceptible to exposing risks _____?

_____ we identify aging infrastructure _____ disasters?

_____ related _____ making certain structures more vulnerable _____ disasters?

Is _____ possible _____ of aging _____ infrastructure more _____ to _____ impact?

_____ be signals showing _____ risky _____.

How can _____ detect _____ a _____?

Is it possible _____ identify _____ stemming from _____ facing _____?

_____ it _____ identify _____ the outdated infrastructure _____ an emergency strikes?

_____ suggesting _____ are vulnerable _____ emergencies.

What are some _____ the _____ for _____ at _____?

Is _____ any sign _____ aging _____?

_____ advice on warning _____ signaling _____ vulnerabilities _____ older infrastructures?

_____ aging infrastructure _____ vulnerable in _____?

Can you help _____ vulnerability _____ towards aged _____?

_____ are _____ of aging infrastructure _____?

_____ a disaster can _____ cause risks?

_____ can make _____ more _____ disaster.

Aging _____ can _____ vulnerable _____.

Aging _____ during crisis.

_____ signals showing old _____?

What should _____ for to _____ if _____ and vulnerable to _____?

Is _____ indication _____ aged _____ to disasters.

Is _____ possible that _____ infrastructure may _____ disaster?

Is _____ a way _____ tell _____ the infrastructure _____ and susceptible to _____ ?

What _____ flags _____ ancient infrastructure _____ damage?

_____ structures _____ susceptible in _____ ?

_____ aging infrastructure reveal _____ during _____ ?

Is _____ to identify the _____ posed _____ outdated _____ ?

Is it _____ to _____ potential _____ among _____ structures _____ by _____ ?

What indicators do you _____ that _____ becoming _____ ?

Any _____ on _____ sites _____ disaster?

_____ infrastructure may be vulnerable _____ .

_____ there _____ identify _____ from aging infrastructure _____ faced with disasters?

Is there signs of _____ more vulnerable _____ disaster _____ ?

Are the _____ to _____ ?

Clues _____ vulnerable _____ structures _____ ?

_____ are _____ signs _____ aging infrastructure _____ vulnerable during _____ .

Is _____ you can _____ me about _____ signals _____ vulnerabilities _____ older _____ ?

Is _____ possible _____ that is _____ prone _____ disaster impact.

_____ are any _____ vulnerable aging _____ ?

Are there _____ aging _____ make infrastructure more _____ disaster _____ ?

There may _____ of _____ infrastructure _____ are disasters.

Indicators _____ old structures?

_____ specific indications that _____ hint _____ weak _____ aging _____ ?

Is it _____ that older _____ may be _____ ?

Are _____ aware _____ that _____ fall if disaster _____ ?

_____ can we detect _____ among _____ that have been _____ disasters?

_____ it susceptible to disasters?

_____ can _____ vulnerability _____ a disaster.

Is it _____ potential _____ infrastructure when faced with _____ ?

_____ any indicator _____ at risk?

Can _____ tell me _____ the _____ time-worn facilities _____ unforeseen _____ ?

Is _____ possible that old _____ risk?

_____ signs _____ old _____ be _____ risk during disasters.

Are _____ signals showing _____ ?

_____ anyone _____ signs of _____ aging structures?

_____ about _____ spots _____ aging structures?

Are there any clear indicators that _____ ?

_____ there _____ distinct signal when dated _____ ?

_____ indication of _____ infrastructure?

Any specific hints about _____ aging _____ prior _____ disaster?

Disasters affect older structures _____ potential _____ ?

Indicators suggesting _____ may _____ ?

_____ tell if _____ infrastructure is vulnerable _____ crises?

_____ old buildings that _____ be _____ in _____ ?

Any pointers _____ sites _____ could _____ problematic _____ a _____ ?

_____ keep _____ eye out _____ signs _____ aged infrastructure during _____ disaster?

_____ I _____ concerned _____ the appearance _____ aged _____ during a _____ ?

What _____ indicators _____ infrastructure _____ risk?

Is it possible to _____ guidance _____ for _____ infrastructures during _____ ?

_____ risks could be _____ of _____ infrastructure.

_____ infrastructure _____ during disaster?

Markers _____ installations _____ a disaster?

Is ____ any ____ signals ____ are old?
____ about aging ____ have trouble ____ a disaster?
____ indicators that ____ infrastructure becoming ____ during crises.
How ____ tell ____ the ____ is ____ and vulnerable ____ damage ____ emergencies?
____ there a ____ showing aged ____?
____ specific ____ infrastructure is vulnerable?
____ is ____ susceptibility ____ infrastructure ____ disaster?
Aging ____ be ____ a disaster.
Elderly infrastructure ____ ?
____ are ____ sites that may experience trouble ____ .
____ that time-worn facilities ____ vulnerability ____ disasters?
There are ____ might be ____ a disaster.
____ there ____ older infrastructures hit by disasters?
What ____ the indicators ____ old ____ to ____ about?
Aging ____ reveal ____ a disaster.
____ there a risk ____ an aged infrastructure ____ at ____ ?
Is there ____ indication ____ to disasters?
Are ____ to ____ posed by outdated infrastructure before ____ emergency ____ ?
____ infrastructure is ____ disasters?
Do ____ suggest that ____ infrastructure ____ susceptible ____ emergencies?
There may be indications of ____ .
How might aging ____ susceptible ____ ?
____ indications suggest ____ infrastructure's ____ to ____ ?
____ signs of aging ____ expose ____ during ____ disaster?
Can you ____ me if ____ are ____ that suggest old ____ ?
____ there any indication of ____ unforeseen disasters?
Has ____ exposed risks ____ a ____ ?
When disasters occur, how ____ identify potential ____ ?
____ there ____ guidelines ____ clues pointing ____ aged infrastructures during ____ calamities?
Are warning ____ signaling ____ older ____ by disasters?
____ can ____ prone ____ disaster impact.
What is ____ aging ____ disasters?
There ____ signs that ____ infrastructure ____ be vulnerable ____ .
____ there any ____ suggest aging infrastructure ____ vulnerable ____ disasters?
____ indications of an ____ infrastructure at ____ ?
____ age-related wear and ____ be more susceptible to ____ ?
____ should ____ for ____ know ____ infrastructure ____ old and ____ to damage during ____ ?
What indicators should ____ to say that the ____ is ____ vulnerable ____ emergencies?
____ are ____ telltale ____ old ____ potentially being ____ risk?
____ indicating weak spots in aging structures ____ or ____ ?
____ structures could ____ in ____ .
Is ____ different signals seen ____ old ____ vulnerable?
What ____ signs that old infrastructures may ____ ?
How to identify ____ disaster?
____ of possible vulnerability ____ structures ____ catastrophe event?
____ we know ____ be ____ damaged in emergencies?
____ might be signs ____ weaknesses.
Does ____ indications ____ aged ____ emergencies?
____ are ____ infrastructures that are at risk?
____ any signs ____ the vulnerable old ____ .

_____ signs of _____ infrastructure in _____?
 _____ there an _____ for _____ structures?
 How _____ old _____ to disasters?
 _____ evidence _____ old _____ are vulnerable _____ a crisis?
 _____ it possible to tell if my _____ aging _____ during _____?
 _____ sign of vulnerable aging _____ during _____ emergency?
 There are _____ indicate _____ susceptibility to _____.
 _____ pointers on _____ can _____ during a disaster?
 When facing _____ how can I _____ aging _____?
 _____ can _____ infrastructure _____ is risky _____ a disaster?
 _____ how aging sites _____ be _____ during a _____?
 Is old _____ during _____?
 When _____ with _____ can I identify _____ in _____ aging _____?
 Is it possible _____ identify _____ aging _____ faced with _____?
 Is _____ indications that hint _____ weak _____ within aging _____?
 _____ possible _____ aging infrastructure that might _____ risky _____ a _____.
 _____ susceptible to disasters?
 Any information about _____?
 What _____ I _____ suggest that the infrastructure _____ to damage _____ emergencies?
 There are _____ signs that old _____ may _____.
 _____ infrastructure _____ make it _____ prone _____.
 _____ might _____ signs that _____ infrastructure _____ vulnerable during _____.
 How can _____ spot _____ if there _____ disaster?
 _____ are the specific _____ elderly infesectrel _____ break?
 _____ age-related _____ and tear make _____ susceptible _____ disaster?
 _____ you tell me _____ any _____ old _____ vulnerability?
 Any _____ aging sites that might _____ during _____.
 _____ indications that aging infrastructure _____ be vulnerable _____.
 _____ be _____ of _____ infrastructure?
 There _____ infrastructure can _____ damaged in an emergency.
 _____ vulnerable facilities _____ due _____ infrastructure?
 What _____ the telltale signs that _____ in danger?
 _____ pointers _____ aging sites _____ a problem during a _____?
 Aging infrastructure may _____ risks _____.
 Any pointers _____ aging _____ that may _____ a disaster?
 _____ there _____ signs of vulnerable _____?
 Aging _____ risks in a _____.
 Are there _____ vulnerable, _____?
 Is _____ possible _____ aging infrastructure _____ disasters?
 _____ there _____ vulnerable infrastructure _____ disasters?
 _____ indicate potential _____ in older infrastructures _____ disasters?
 _____ signs _____ aged infrastructure _____?
 Any _____ of _____ aging structures?
 How _____ identify _____ old _____ is _____ to disasters?
 Is it _____ that _____ infrastructure is _____ a disaster _____?
 _____ an aging _____ crises?
 Are _____ indicators _____ old _____ risk?
 _____ there _____ the vulnerability of old _____ in _____ of _____?
 What are the _____ that _____ infesectrel _____?
 _____ time-worn facilities _____ vulnerable _____ catastrophes?

Is there _____ for _____ and _____ structures?

Is _____ to _____ the vulnerability _____ old _____ times of _____?

Disasters _____ bad? _____ old?

Are _____ signs _____ that _____ infrastructure _____ to disaster impact?

_____ can aging _____ tell _____ about vulnerability _____ a _____?

_____ there signs _____ vulnerable old _____?

Is _____ susceptible to _____?

Aging _____ may _____ vulnerable _____?

Which _____ show the possible _____ of _____?

Is it _____ be easily damaged _____ an emergency?

_____ clues _____ weak spots _____ aging structures before _____ a _____?

Is _____ infrastructure may be damaged _____ emergencies?

Is there any _____ vulnerabilities _____ by outdated _____ before emergency _____?

_____ specific indications relating to weak _____?

Is _____ indicator _____ aging, _____ prone structures?

any signs of _____?

_____ telltale signs _____ infrastructure?

What _____ certain _____ elderly infesectrel _____ break?

Any specific _____ point to _____ spots _____ aging _____?

_____ infrastructure vulnerable to disasters.

Are _____ signs that the _____?

_____ you _____ if aging infrastructure _____ in a _____?

_____ tell me the _____ of _____ infrastructure _____?

_____ there any specific signs that _____ infrastructure _____ be _____ a _____?

There _____ for older infrastructures that _____.

_____ old _____ vulnerable in emergencies.

What _____ the symptoms that _____ elderly _____?

_____ signs _____ older infrastructure _____ vulnerable to _____.

_____ infrastructure may be _____ damage _____ acts _____ nature.

Are there _____ signs _____ vulnerable during disasters?

Is it _____ to identify vulnerabilities posed _____ outdated _____?

What _____ signs that elderly _____?

_____ a _____ signs of _____ be dangerous?

Is there any sign _____ that aging _____ disaster event?

Does _____ have any _____ of _____ aging structures _____?

_____ indicators that _____ old infrastructure is vulnerable _____ disasters?

Is _____ any risk of _____ at risk during _____?

_____ indicators _____ aging, _____ structures?

_____ exist _____ to old infrastructure?

Is _____ an _____ infrastructure when _____ strike?

_____ are the indicators _____ infrastructure that _____ risk?

What should I look _____ me that _____ infrastructure _____ to _____ during emergencies?

_____ the signs that old _____ be at _____ a _____?

_____ infrastructure can _____ vulnerable during _____.

markers that indicate older _____ vulnerable _____?

_____ wear and _____ more vulnerable to disasters?

_____ disaster, may signs _____ aging infrastructure _____?

_____ infrastructure _____ a disaster occurs?

Do _____ indicate the susceptibility of aged _____?

_____ aging _____ vulnerability during disasters?

Are ____ signs ____ older infrastructure ____ be ____ emergencies?
 ____ possible to ____ the vulnerabilities posed ____ infrastructure ____ emergency ____?
 ____ may ____ aged infrastructure ____ disasters.

Are ____ warning signals that signal ____ old ____?
 ____ an aging infrastructure ____ to ____?

What red flags ____ ancient infrastructure ____?
 ____ possible ____ detect ____ dangers among ____ affected ____ disasters.

What indicators show ____?
 ____ that ____ infrastructure can be easily damaged ____?

There ____ questions ____ aging infrastructure being ____.

There ____ that ____ infrastructure might ____ vulnerable ____ disasters.
 ____ be ____ that ____ aged ____ facilities.
 ____ a risk of ____ infrastructure ____ during ____ disaster?

Can older ____ be more ____ of ____?
 ____ aging ____ during Disasters?

There ____ signs of ____ older ____ during a ____ event?
 ____ you have ____ signs of old ____?

Do ____ exist to assess ____ networks under a ____?
 ____ on aging sites ____ may malfunction during ____?

Is ____ that ____ infrastructure may ____ an emergency?
 Is ____ in ____ emergency?
 ____ might be easy ____ emergencies.

What are ____ risks for ____ a ____?

Is it ____ identify signs of ____ that ____ more prone ____?

What red ____ indicate ____ is ____ to ____?

Is there ____ proof that ____ in times of ____?

Do ____ any specific signs ____ suggest aging ____ vulnerable ____?

Is it ____ that ____ vulnerable ____ times of ____?
 ____ signs related ____ aging ____?

Any specific ____ to weak ____ structures?
 ____ do aging infrastructure ____ during ____?

Is ____ a ____ seen ____ old structures are ____?

There ____ any signs that old structures may ____.

____ there any ____ vulnerable ____ infrastructure in ____?

Older infrastructure may ____ vulnerable ____.

Are ____ any indicators that show ____ crises?
 ____ it ____ tell me about ____ that signal potential ____ older ____?

Is ____ infrastructures ____ during ____?
 ____ the ____ for aged infrastructures?

Can we ____ weak, ____ infrastructure ____?
 ____ pointers on aging sites ____ trouble ____ a ____?
 ____ about ____ signals signaling potential vulnerabilities ____ hit by ____.

____ infrastructure more ____ to disaster ____?

Is ____ possible ____ identify ____ by outdated ____ an emergency ____?
 ____ show the risk of ____?
 ____ the indicators ____ show ____ vulnerability ____ aging infrastructure?
 ____ showing ____ susceptible in ____?

Is ____ infrastructure ____ emergencies?
 ____ are the telltale signs ____ being at ____ calamity?
 ____ any ____ suggesting old ____ vulnerability?

Can age-related _____ certain structures more susceptible _____ a _____?

Is _____ can _____ easily damaged during an emergency?

_____ there _____ specific signs _____ that _____ is vulnerable during _____ event?

_____ specific indications that _____ aged infrastructure's _____ to _____.

Is _____ aging infrastructure _____ vulnerable _____ disasters?

Do specific indications _____ of aged _____ in _____?

_____ red flags _____ in _____ of being damaged?

Should _____ keep an _____ out _____ signs _____ infrastructure during _____?

_____ with disasters how can _____ aging infrastructure?

_____ facing _____ can _____ identify _____ from aging infrastructure?

_____ specific _____ spots in aging structures before or _____ disaster?

Any _____ vulnerable _____ structures _____ emergencies?

_____ possible _____ dated structures are vulnerable _____?

_____ factors for old infrastructures?

_____ old _____ at _____ a calamity?

Is _____ any _____ showing _____ risky _____?

_____ there _____ that aged _____ to disasters?

_____ are markers _____ show older installations _____.

Is _____ infrastructure susceptible _____?

_____ signs _____ vulnerable aging _____?

_____ some signs _____ be vulnerable during a disaster _____.

_____ some signs that aging infrastructure _____ during _____ disaster _____.

_____ is _____ to disasters _____ infrastructure?

_____ might _____ that aging infrastructure _____ during disasters.

_____ specific hints _____ weak _____ structures prior or _____ disaster?

During _____ disaster, _____ infrastructure show _____?

Any _____ indications _____ spots _____ structures prior or after _____?

There _____ signs _____ may _____ vulnerable during disasters.

_____ some indicators for aged infrastructures _____ at _____.

_____ are _____ signs that old _____ may _____ risk?

_____ suggest old _____ may _____ vulnerable in _____?

There _____ be signs that _____ vulnerable.

Is _____ older _____ may be _____ to damage _____ emergencies?

Possible _____ vulnerable _____ structures _____ emergencies.

What indicators _____ that _____ is vulnerable _____?

_____ show vulnerability in a _____.

Is _____ indicative _____ in _____ infrastructures hit by disasters?

_____ there _____ show old infrastructure vulnerability _____ unforeseen disasters?

Is there _____ find _____ infrastructure before an emergency strikes?

_____ infrastructure _____ to damage _____ emergencies?

When faced _____ how _____ identify the _____ of _____ infrastructure?

_____ you tell _____ any of _____ indicators suggest old _____?

_____ age _____ vulnerable to _____?

Do recognizable _____ exist to _____ the _____ of _____ networks _____?

_____ there warning signals _____ signal _____ vulnerabilities in _____ infrastructures _____?

_____ an older _____ vulnerable during _____ catastrophe event?

_____ weak spots within aging _____?

Is _____ any specific _____ of _____ infrastructure _____ be vulnerable _____ a _____?

Is _____ to _____ if my _____ is old _____ risk?

Is aging _____ disasters?

Which _____ aging infrastructure becoming _____ during _____?

Any signs pointing to _____ chaotic _____?

_____ signal _____ vulnerabilities in older _____ by disasters?

_____ fragile, _____ any distinct signals seen?

_____ recognizable _____ exist to assess _____ danger _____ elderly _____ a _____?

Is aging _____ disasters.

_____ you know _____ that suggest _____ infrastructure _____?

_____ the _____ of _____ infrastructure vulnerable _____ disasters?

_____ reveal elderly _____ to break?

Does _____ wear and _____ structures _____?

There _____ that can make _____ prone _____ disaster impact.

_____ there _____ way to _____ weak, _____ prone to _____?

_____ structures to emergencies?

Can there _____ of _____ infrastructure _____?

_____ be vulnerable _____ a disaster.

Can _____ of _____ expose _____ risks?

Any _____ of possible vulnerabilities of _____ a _____?

_____ or indicators that _____ aging infrastructure _____ a disaster event?

Is _____ that _____ aged risky facilities?

There _____ some signs _____ aging infrastructure _____ during _____ disaster.

Do certain indications indicate _____?

_____ there any signs that _____ be vulnerable _____ a _____?

_____ pointers on aging _____ may make _____ a _____?

warning signals _____ signal _____ older _____?

_____ the indications of _____ infesectrel _____?

_____ specific _____ aged infrastructure's _____ emergencies?

_____ you _____ me _____ indicators suggest old _____ vulnerability?

_____ it possible _____ tell if my _____ old _____ at risk _____?

_____ there _____ specific _____ to _____ risky facilities?

I want _____ if _____ any signs _____ infrastructure weaknesses.

_____ should _____ look for to know _____ infrastructure _____ old and _____ to _____?

Any specific _____ suggest weak _____ aging structures _____ or after _____?

Does aging _____ make it _____?

_____ possible _____ the _____ infrastructure could _____ vulnerable during _____ disaster?

_____ do _____ detect _____ danger _____ structures?

Is _____ any _____ that aging infrastructure is _____ during _____?

_____ vulnerable are _____ to _____?

_____ to _____ vulnerabilities posed by outdated infrastructure _____ an _____?

_____ chaos comes _____ are _____ old buildings _____ collapse?

Before calamity _____ are _____ indicators _____ aged _____ risk?

Any _____ aging _____ that may _____ to trouble?

_____ possible that _____ easily damaged in emergencies?

_____ signs of an _____ at _____ during _____ disaster?

Does evidence show _____ old _____ in _____?

How are _____ disasters?

warn signals signaling _____ hit by disasters

_____ of aging infrastructure expose _____ a _____?

_____ the telltale signs that _____ old infrastructures _____ at _____?

_____ are _____ indications that _____ break?

_____ infrastructure _____ identified as vulnerable to _____?

How can _____ infrastructure _____ may _____ risk in a _____?
_____ guidance on recognizing _____ clues in _____ infrastructures?
_____ are _____ suggesting old _____ susceptible.
warning _____ that _____ potential vulnerabilities in _____ infrastructures _____ disasters?
_____ concrete _____ aging infrastructure _____?
There _____ indicators suggesting old structures may _____.
Should I _____ for _____ the infrastructure _____ and _____ damage _____ emergencies?
_____ specific indications of _____ aging structures prior _____ disaster?
Are there _____ indicate _____ infrastructure that is vulnerable during _____?
Some _____ suggest that aged infrastructure _____.
Is _____ possible to see _____ make infrastructure _____ to disaster?
_____ aging infrastructure reveal vulnerability _____ disaster?
_____ any evidence _____ is vulnerable in _____?
_____ potential _____ older _____ are hit by disasters?
Before _____ what are the _____ for _____ infrastructures _____ risk?
_____ of the signs of _____?
_____ you tell me if _____ are _____ clear signs _____?
Any specific signs of _____ spots within _____ or _____?
Is there _____ vulnerable aging structures _____?
Is _____ possible _____ aging _____ be risky during a _____?
Are there specific _____ aged _____ at risk _____ disaster?
Any _____ for _____ sites _____ might _____ trouble _____ a _____?
_____ are the _____ aged _____ before _____ calamity?
_____ can _____ when _____ infrastructure is risky _____ a _____?
How _____ to disasters?
_____ pointers on _____ sites that _____ in a _____?
What _____ infrastructure is vulnerable in _____?
Infrastructure _____ prone to disaster _____ if _____ are _____ of _____.
_____ there any specific _____ that _____ weak spots _____?
There _____ weak _____ in _____ prior or post-disaster.
Is it _____ provide _____ recognizing vulnerability clues for _____ during _____?
How _____ infrastructure show vulnerability _____?
Are _____ signs that the _____ vulnerable in _____?
_____ structures in emergencies.
Any _____ vulnerable _____ structures _____ an _____?
Is _____ for recognizing _____ pointing towards aged _____ during _____?
_____ it _____ identify signs of aging _____ infrastructure _____ to disasters?
Any _____ suggesting weak spots in _____ or after _____?
_____ indications hint _____ weak spots in _____ structures?
Can you _____ of old _____?
What are _____ indicators _____ infrastructures _____ are _____ risk?
How vulnerable _____ aging _____?
What are the _____ of _____ old _____ at _____?
_____ recognizable pointers _____ assessing _____ networks under catastrophe _____?
There may _____ signs that aging _____ vulnerable _____.
_____ is _____ disaster impact if there _____ signs _____ aging.
warning _____ in older infrastructures hit by _____?
_____ aging _____ exposing risks _____ a _____.
_____ indication _____ weak spots within _____ structures _____ after disasters?
_____ you _____ any _____ vulnerable aging _____?

Does _____ vulnerability _____ old installations?

Is _____ specific _____ are weak spots within aging _____?

How _____ if _____ old and susceptible to damage _____ emergencies?

Are there any _____ infrastructure _____?

_____ for _____ infrastructures at risk.

_____ strikes, are _____ of _____ infrastructure?

_____ old _____ reveal vulnerability during _____?

_____ the susceptibility _____ aged _____ to emergencies _____ indications?

Is it possible _____ that make infrastructure more prone _____?

There _____ signs _____ aged _____ is _____ disasters.

_____ aging infrastructures _____ disasters?

Is _____ that _____ aging infrastructure _____ cause a _____?

Is _____ signals for _____ risky _____?

_____ signs of doomed infrastructure when _____.

When _____ occur, _____ doomed infrastructure?

Is there any _____ pointing _____ in _____ structures?

Are there _____ vulnerable _____ in _____?

Any _____ on _____ that might _____ during _____ disaster.

_____ signal _____ vulnerabilities in _____ infrastructures could be _____.

Is it possible that _____ risks _____ disaster?

Disasters _____ hit _____ old, _____?

What _____ some _____ that elderly infesectrel _____?

Is there _____ evidence that older _____ in _____?

Indicators pointing to old structures _____?

Is _____ vulnerable _____ emergencies?

_____ are _____ to old _____ in emergencies.

Could _____ expose risks _____ a _____?

_____ we _____ among older structures?

Is _____ wear _____ certain _____ more susceptible to _____?

Any _____ of potential _____ within _____ structures _____ or _____ a disaster?

Is _____ possible _____ from _____ when faced with disasters?

How can _____ risk _____ infrastructure in a _____?

Is _____ a _____ of aged infrastructure being _____ risk _____?

_____ show that the old _____ are _____ in _____ of _____?

_____ be _____ of _____ deteriorated _____?

_____ can the _____ show _____ a disaster?

_____ there any _____ signs that _____ infrastructure _____ vulnerable _____ disaster?

Does aging _____ a disaster _____?

Disasters _____ affect older _____ how to _____?

Can _____ tell us how _____ pointing to _____ infrastructures?

_____ aging structures are _____?

_____ some _____ infrastructures may be in danger.

_____ flags _____ us _____ ancient infrastructure is _____ damage?

How _____ you detect aging _____ might be _____ disaster?

_____ can _____ detected among older structures _____ by _____.

Do I worry about specific signs _____ aged _____ during _____?

What _____ to _____ becoming vulnerable?

Any signs that older _____ at _____ a _____?

Is _____ signals _____ when old structures _____ fragile?

During _____ can aging infrastructure _____?

____ can ____ of older structures?
 ____ can older ____ be found ____ be ____ by ____?
 What ____ the specific indications ____ show elderly ____?
 There ____ indications of aged infrastructure ____ vulnerable ____.
 Is vulnerable older ____?
 ____ there ____ vulnerable aging structures?
 Are specific ____ aged ____ for a disaster?
 There might be ____ that ____ be ____ during ____.
 ____ can we ____ potential ____ old structures ____ by ____?
 What indicators ____ being vulnerable?
 ____ it possible that aging ____ be vulnerable ____ disaster ____?
 ____ show aged ____ facilities?
 ____ there are weak spots ____ aging ____ or after ____ disaster?
 ____ are ____ old infrastructures might ____ at risk?
 aging ____ during crises?
 Is ____ sign of ____ in older structures ____ event?
 ____ signs pointing ____ buildings that ____ be ____?
 ____ are ____ vulnerable old buildings ____ chaotic times.
 Indicators ____ structures ____ be ____.
 ____ indicators ____ aging, ____ structures?
 ____ indication ____ weak ____ within ____ structures ____ or after a ____?
 ____ evidence indicate ____ vulnerability of ____ during ____?
 There are signs ____ aging ____ may ____ during ____.
 Any warning ____ of ____ structures ____?
 Is there ____ way to ____ in ____ before emergency ____?
 How ____ detect dangers ____ structures affected ____ disasters?
 Is ____ possible ____ guidance on ____ vulnerability clues pointing ____ during ____?
 Do ____ indications suggest ____ vulnerable in emergencies?
 There ____ that ____ at aging ____ vulnerable ____ crises.
 ____ are signs that ____ have vulnerabilities ____ a ____ event.
 What are the ____ that ____ break?
 ____ evidence ____ old ____ are vulnerable during ____?
 How ____ we ____ dangers ____ older ____ affected ____ disasters?
 ____ there ____ show aging infrastructure becoming vulnerable ____?
 Is it ____ aging ____ could ____ vulnerable ____ a ____ event?
 ____ any distinct signal ____ when ____ are ____?
 ____ you ____ signs ____ infrastructure vulnerability?
 What are ____ telltale ____ of ____ infrastructures ____ at ____.
 ____ specific signs of possible ____ aging structures ____ after ____ disaster?
 How ____ we detect potential dangers ____ affected ____ disasters?
 There ____ any ____ structures being vulnerable during ____ catastrophe ____.
 Any signs ____ infrastructure?
 There ____ of ____ structures ____ a catastrophe event.
 ____ are ____ vulnerabilities of ____ structures during ____.
 ____ you detect ____ dangers in ____ that ____ affected by disasters?
 ____ you ____ potential dangers for ____ affected ____ disasters?
 ____ it ____ tell if ____ infrastructure is ____ for a disaster?
 ____ structures ____ fragile, ____ there ____ different signals?
 ____ can ____ detect ____ in ____ structures?
 ____ concerned by ____ signs of ____ infrastructure at ____ during ____ disaster?

____ there signs ____ aging that ____ the ____ ____ to disasters?
 ____ ____ of infrastructure ____?
 ____ there ____ that ____ infrastructure is vulnerable in ____?
 Could ____ be ____ in ____ a catastrophe?
 Any ____ signs of weakness within ____ prior ____?
 Any specific signs of weakness ____ after a ____?
 The indicators ____ aging ____ disaster ____?
 ____ there specific ____ facilities?
 ____ recognizable pointers exist to assess the ____ conditions?
 ____ are the telltale ____ that old ____ danger?
 Are certain indications ____ emergencies?
 ____ disaster, can signs ____ infrastructure expose ____?
 What ____ should I ____ tell me ____ is ____ vulnerable to damage?
 ____ a disaster, ____ aging infrastructure ____ risks?
 What ____ elderly infrastructure ____ break?
 ____ vulnerable ____ in emergencies.
 There are ____ infrastructure could ____ in disasters.
 Is ____ any ____ that ____ could be ____ during ____ disaster?
 ____ and ____ affect the susceptibility of ____ structures?
 ____ that indicate ____ installations are ____ during ____?
 Is it ____ to identify ____ weaknesses stemming ____?
 Is it ____ to ____ by outdated infrastructure ____ occur?
 ____ aging infrastructure vulnerable ____ during ____?
 How ____ aging infrastructure is ____?
 ____ structures being vulnerable in ____?
 How can you know ____ infrastructure ____ and ____ in ____?
 Indicators ____ old structures ____?
 There ____ signs ____ vulnerable, deteriorated ____ calamity?
 Is this ____ to ____?
 ____ clear indicators ____ infrastructure ____ amidst unforeseen disasters?
 How is ____ perceived ____ disasters?
 ____ there ____ that could ____ vulnerabilities in ____ infrastructures?
 ____ this ____ sign of ____ buildings?
 Is old ____ emergencies?
 ____ signals signaling ____ in ____ infrastructures that ____ by disasters?
 ____ are aging ____ disasters?
 What ____ some indications ____ is going ____ break?
 Is ____ signaling potential ____ in older ____?
 ____ to detect potential dangers among ____?
 ____ old structures might be ____.
 ____ age ____ and tear ____ more susceptible to disasters?
 Is ____ vulnerable when ____ is ____?
 Is ____ identify ____ stemming ____ infrastructure when faced ____ disasters?
 Should ____ be ____ specific signs that ____ infrastructure ____ risk?
 ____ and tear ____ certain structures more vulnerable ____?
 ____ I be concerned ____ specific ____ of ____ aged infrastructure ____?
 ____ age related wear ____ tear affect ____ disaster?
 ____ signals ____ potential vulnerabilities ____ older infrastructures?
 ____ that ____ are in danger?
 The ____ could become ____ crises.

Are there _____ signs _____ buildings that _____ vulnerable?
 _____ know _____ to _____ aging _____ that _____ in a disaster?
 _____ structures are vulnerable in _____?
 _____ of aging that _____ infrastructure more prone _____ disaster.
 What _____ indicators of _____ infrastructures at _____ before _____?
 Is the _____ of _____ specific indications?
 _____ there signs suggesting _____ vulnerability _____?
 There are _____ that older structures _____ during a _____.
 _____ of old infrastructure?
 _____ could _____ weak spots in _____ after a disaster.
 _____ it possible _____ infrastructure is more _____ impact _____ to _____ aging?
 The _____ structures _____ susceptible to _____.
 Is _____ to identify _____ infrastructure _____ before emergency _____?
 Any signs _____ old _____ may _____ a catastrophe?
 There _____ any signs that older _____ during a _____.
 _____ we _____ aging infrastructure that _____ more _____ disasters?
 _____ clear indicator suggesting _____ infrastructure _____?
 aged _____ to _____
 _____ possible to identify signs _____ make infrastructure vulnerable _____?
 Indicators suggesting _____ structures _____?
 _____ are the warning _____ that _____ are at _____?
 _____ I be concerned about _____ of _____ infrastructure at _____?
 How _____ infrastructure _____ to _____?
 _____ possible that _____ facilities can _____ during _____ catastrophes?
 Specific _____ elderly _____ to _____?
 There _____ of aging _____ weaknesses?
 _____ are _____ that old infrastructures may be _____?
 Any _____ the _____ infrastructure?
 _____ the _____ infrastructure _____ emergencies?
 _____ hits, what _____ indicators of old infrastructures _____?
 _____ signs that older structures may _____ during _____?
 _____ are the _____ for aging _____ that _____ risk?
 _____ times _____ does evidence show _____ vulnerability _____ installations?
 _____ aging sites that could be _____ disaster?
 _____ specific _____ infrastructure's susceptibility in _____?
 _____ pointers _____ aging _____ weaknesses?
 _____ any sign that aging _____ be _____?
 _____ infrastructure _____ vulnerable during _____ disaster _____.
 Do specific _____ that _____ infrastructure is _____ emergencies?
 _____ we _____ infrastructure that is _____ to disasters?
 _____ on aging sites that _____ have _____ disaster?
 _____ about _____ infrastructure is it _____?
 _____ disaster, how can _____ infrastructure?
 _____ identify indicators _____ infrastructure vulnerability?
 _____ a possibility _____ infrastructure being damaged _____ emergencies?
 _____ older _____ vulnerable _____ a _____ event?
 _____ can the _____ be identified _____ faced _____ disasters?
 _____ indicators _____ I _____ for _____ tell if the _____ old or _____ damage?
 _____ tell me _____ warning signals that _____ potential vulnerabilities _____?
 _____ hit hard, _____ old?

Any _____ of _____ within aging _____ before _____ a disaster?

_____ occur, how _____ I _____ aging _____ weaknesses?

_____ might become _____ during crises.

Are there signs _____ the _____ vulnerable _____?

There are signs _____ infrastructure might be _____.

Aging _____ risks during _____ disaster.

How do we _____ weak, _____ prone _____?

_____ some of the _____ signs _____ old infrastructure _____ risk?

Is there any signal _____?

Is _____ a _____ signal _____ aged _____?

Is there _____ the _____ of old _____?

_____ there _____ signal _____ older facilities?

Any _____ vulnerabilities _____ older structures during _____ catastrophe?

_____ vulnerable in emergencies?

_____ age-related wear and _____ structures _____ vulnerable to _____?

Aged infrastructure _____?

_____ aged _____ be at risk _____ disaster.

_____ flags could _____ infrastructure _____ to damage?

There are aging sites _____ during _____ disaster.

_____ infrastructure _____ be vulnerable _____ disasters.

Is there any clues _____ old _____ ready _____?

_____ aging _____ during a disaster?

Aging _____ a vulnerability _____ a _____.

_____ there _____ signs _____ in disasters?

_____ are _____ sites that might be trouble _____.

_____ should _____ look for _____ know _____ the infrastructure is _____ vulnerable _____?

_____ any sign of _____?

The _____ be vulnerable _____ a disaster event _____ specific signs.

Does _____ wear _____ make _____ structures _____ vulnerable?

Disasters will _____ because _____ infrastructure?

Is _____ indication _____ doomed _____ when catastrophes _____?

_____ are _____ warning signs _____ aging _____ risk?

_____ show _____ old installations are vulnerable _____ of _____?

What _____ the _____ old infrastructures _____ at _____?

What indicators show aging _____?

_____ aging infrastructure vulnerable during a _____ there _____ any _____?

What _____ should _____ look _____ the _____ is _____ and vulnerable to damage _____ emergencies?

_____ signal potential vulnerabilities _____ older _____

_____ to aging infrastructure?

How _____ structures affected by disasters?

_____ show aging infrastructure vulnerable?

Are _____ that show old infrastructure vulnerability _____?

_____ vulnerable, deteriorated buildings in a _____?

_____ do you _____ as vulnerable to _____?

Does evidence detect _____ vulnerability _____?

_____ show old risky facilities.

Could _____ tell _____ signals signalling potential _____ in older _____?

Is _____ signs of _____ make infrastructure _____ to disasters?

Do we know if _____ installations are _____?

Is evidence able _____ old installations _____ of crisis?

_____ sign of _____ that _____ infrastructure more prone to _____?

_____ you know _____ aging _____ is risky _____ a _____?

Is _____ infrastructure more likely _____ damaged _____?

Is there _____ way to _____ outdated _____ before _____ strikes?

_____ concerned about specific signs _____ infrastructure _____ risk during a _____?

Is aging _____ a _____ disaster?

Is _____ risk from aging _____ during _____?

_____ are the signs that _____?

Do _____ know any _____ that show _____?

Which _____ infesectrel _____ break?

_____ there signs that older infrastructure _____ damaged _____?

How _____ identify _____ weaknesses when _____ with disasters?

_____ infrastructure _____ unforeseen disasters?

_____ will _____ bad, _____ that _____ old?

_____ you know any _____ indicators of _____?

_____ are vulnerable in times of crisis?

Are there _____ specific _____ indicators that _____ aging _____ during a _____?

Is _____ possible _____ aging infrastructure _____ when faced _____?

_____ suggest _____ old structures.

Is _____ to spot aging _____ that _____ in _____ disaster?

Any _____ hints _____ aging structures before _____ a disaster?

Can _____ see _____ of _____ the _____?
