

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Signal and reception troubleshooting
Inquiry Sub-Category	Signal drop during recordings
Description	Customers may seek troubleshooting assistance when their satellite or cable signal drops during recordings, resulting in incomplete or disrupted programs. This category involves reviewing the setup, checking for software/firmware updates, and advising on best practices for uninterrupted recordings.
Data Size	5,070 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Are certain weather _____ than _____ cause temporary losses of _____?
_____ are caused _____ certain _____ types?
Recording _____ due to _____ weather _____.
Are there _____ that lead _____ disruptions _____?
Does _____ service _____ Session?
Recording disruptions _____ to weather _____.
_____ are more _____ to lead _____ recording session _____.
_____ elements _____ disruptions while _____ middle of a recording?
_____ climates interrupt recording sessions?
_____ recordings, _____ certain _____ conditions cause _____?
In the event _____ bad weather, there _____ loss _____.
Should _____ weather factors _____ while _____?
_____ potentially _____ disrupted by weather _____.
_____ some weather situations result _____ recording _____?
_____ weather _____ are more likely _____ service _____ during _____ than _____ other weather.
_____ conditions are _____ likely _____ momentary _____ losses during a _____ session
Is certain _____ conditions _____ losses during _____ recorded session?
_____ the _____ recording, might _____ atmospheric elements _____ disruptions.
Is _____ more likely _____ lead to _____ recording _____?
Is _____ that specific _____ may _____ recording _____?
Some weather _____ stop a _____.
Recording disruptions _____ arise _____.
The weather _____ interruption _____.
_____ the weather related _____ disruptions _____ recording _____?
Session _____ can _____ by _____ weather _____.
There are certain _____ factors _____ can _____ brief _____.
_____ certain _____ affect _____ while recording?

_____ cause temporary losses of service _____ session.
 _____ it _____ climatic instances to result _____ lost service _____?
 Is it normal for certain _____ result _____ lost _____ through _____?
 Is there likely climate _____ connection _____ mid-session?
 _____ recording session could _____ elements.
 Some weather _____ lead _____ a loss _____ service _____ I'm _____.
 _____ weather _____ may _____ a _____ service _____ I'm recording.
 Some climatic situations _____ service _____.
 _____ service _____ unfavorable weather during a recording session?
 _____ may occur because of _____.
 Is _____ adverse environmental elements _____ our recording _____?
 Is certain _____ conditions _____ for interruption _____?
 The _____ halt _____ recording session _____ of weather.
 _____ recorded sessions _____ weather conditions are _____ service losses.
 _____ can _____ recordings.
 _____ weather _____ cause _____ loss of service midway _____ the _____.
 Is _____ that _____ factors cause brief interruptions _____?
 Is it possible _____ temporarily due to weather?
 _____ weather conditions can cause momentary _____ loss _____ middle _____ a _____.
 Some _____ may _____ momentary _____ of service midway through _____.
 _____ could be _____ weather conditions.
 _____ possible that bad weather _____ cause _____ lose service _____ session?
 _____ weather _____ affect _____ service _____ in _____ a recording session.
 _____ it _____ that _____ can cause _____ session interruption?
 _____ certain weather conditions more _____ cause _____ during _____?
 Is it possible _____ environmental _____ our _____ session?
 _____ a recording session _____ bad weather _____ me _____?
 _____ weather situations may _____ cause brief recording _____ losses.
 _____ it _____ that weather _____ can _____?
 _____ service lost _____ a _____ due to poor _____?
 _____ weather _____ likely _____ interrupt recordings?
 Will weather _____ session losses?
 Has weather _____ service _____?
 _____ certain weather _____ cause intermittent _____?
 The recording _____ could _____ occasionally by _____ elements.
 In the _____ of _____ recording _____ elements _____ disruptions.
 _____ in _____ middle of _____ recording _____ some atmospheric _____ disruptions?
 _____ may be _____ by certain weather _____.
 _____ service may _____ a _____ due _____ the weather.
 _____ weather _____ temporary service _____ mid-recording?
 _____ possible _____ the _____ might _____ in _____ recordings.
 Recording _____ can _____ due to _____ conditions.
 _____ there specific weather _____ may disrupt _____?
 _____ certain _____ cause _____ during _____ recording?
 _____ types _____ weather _____ my recordings _____.
 There _____ climate circumstances that _____ midsession.
 Bad _____ affect recording _____.
 _____ it a possibility for _____ stop _____ recording?
 _____ to being interrupted _____ factors.
 _____ weather conditions that _____ service _____ in the mid-recording _____.

Is there a correlation ____ weather ____ intermittent ____ sessions?

There ____ due to ____ weather.

____ weather ____ affect ____ session.

____ service disruptions ____ of weather patterns.

____ for interruption during recordings?

____ be ____ loss of ____ through ____ recording session due ____ weather ____.

____ are certain factors ____ could ____ mid-recording.

____ can be caused ____ certain weather ____.

In the event ____ may ____ momentary service ____ in ____.

____ weather ____ more ____ to cause ____ service during recording?

____ certain atmospheric ____ that ____ disruptions ____ a recording.

Is ____ weather factor that ____ interruptions mid-recording?

____ conditions are more likely ____ cause ____ service losses ____.

Do ____ conditions ____ interruptions in ____?

____ loss during ____ caused by ____ conditions.

Is it possible that ____ situations ____ service ____?

____ the recording operations.

In the middle ____ recording might ____ atmospheric ____?

____ sessions ____ be ____ weather conditions.

Is it ____ that weather ____?

____ it ____ frequent ____ certain ____ conditions to ____ interruptions ____ recordings?

____ wonder if ____ the middle of a recording.

Some weather ____ are ____ to cause ____ during ____.

Some climatic factors could ____.

____ likely to cause recording session losses.

The ____ session ____ some weather conditions.

____ conditions ____ loss during recording.

Is ____ certain ____ disrupt ____ recording?

____ may stop in ____ recording session when ____ weather ____.

____ it more ____ for ____ conditions to ____ a ____?

____ possible ____ recordings ____ from the ____.

There is ____ chance ____ in ____ due ____ bad weather.

____ cause momentary service ____ a recording session.

There ____ some weather situations ____ to ____ recording ____ losses.

Does ____ affect ____ loss ____?

____ is possible that weather ____ recordings.

____ more common for ____ conditions to ____ interruptions ____ recordings?

Is there ____ that leads to service ____?

There ____ chance of service ____ the ____ of a ____ to weather ____.

____ certain weather ____ to cause ____?

Certain weather ____ likely to ____ service losses ____ sessions.

____ possible for ____ conditions to halt a ____.

____ conditions that halt ____ recording operations.

____ conditions ____ likely to cause temporary service ____ sessions?

____ weather ____ cause ____ loss of service mid-recording?

____ recording can there be a temporary ____ conditions?

____ certain ____ interruptions ____ recordings?

Is the ____ likely ____ cause ____ to ____ interrupted?

There ____ be weather ____ causes ____ loss ____ the ____ of a ____.

Is it ____ for ____ to ____ a recording?

_____ possible that _____ cause brief interruptions _____ recording?

Recording _____ certain meteorological conditions.

_____ weather may _____ in the _____ of a _____ session.

_____ weather factors _____ brief _____ mid-recording?

Is _____ weather conditions can cause _____ outages _____ sessions?

_____ weather conditions _____ more _____ cause _____ service losses when _____.

_____ more of a _____ for _____ during recordings?

Could _____ atmospheric elements _____ the _____ a recording?

_____ sessions _____ often _____ weather conditions?

_____ weather _____ to breakdown mid-recording _____?

_____ service may _____ a recording _____ to _____ conditions.

The _____ in _____ session because _____ the weather.

There could _____ that causes _____ service to _____ recording _____.

Is certain _____ more _____ cause problems during _____?

_____ weather affect service _____?

_____ possible that _____ to interrupted recording _____?

_____ may be _____ of _____ session due to weather _____.

Recording _____ can be _____ certain _____.

Some _____ intermittent _____ during recording sessions.

Recording sessions can _____ by _____.

_____ session disruptions _____ be _____ by _____ weather _____.

There _____ a _____ weather causing _____ in mid-recording _____.

Is _____ between weather patterns _____ service _____ recording sessions?

Do certain _____ in recordings?

_____ there _____ disruptions if the _____ during a _____ session?

There is _____ that _____ will stop _____ session _____ of the weather.

Recording _____ are _____ by _____ meteorological _____

_____ weather _____ cause momentary service _____ in _____ of a _____.

_____ are certain weather factors that _____ brief _____.

There _____ be _____ of service during the _____ to _____ conditions.

_____ it _____ specific climates might _____ recording _____?

Is it _____ environmental _____ disrupt our _____ session?

_____ momentary service _____ during a recording.

Some _____ conditions _____ cause _____ loss _____ service during _____ session.

Some weather situations _____ more likely _____ in _____ recording _____.

_____ is possible _____ bad _____ could _____ loss in mid-recording.

Recording _____ due _____ specific climates.

Recording _____ may come _____ different _____.

Recording disruptions _____ different weather _____.

Weather may _____ service _____ a recording session.

Do certain _____ conditions _____ temporary _____ losses _____ recorded _____?

_____ sessions _____ be _____ bad weather.

Certain weather conditions _____ more _____ to _____ service losses _____ than _____ other _____.

Do _____ weather situations _____ me _____ while recording?

Weather _____ cause momentary service _____ mid-recording _____.

The _____ momentary service loss in _____ recording _____.

_____ it more _____ that some _____ situations will _____ session _____?

_____ sometimes stop _____ operations.

Some weather _____ can _____ momentary _____ through the recording _____.

Is _____ for certain climate conditions _____ recordings?

_____ common _____ conditions to cause problems during recordings?

_____ a recording _____ can _____ weather make me _____?

_____ may _____ weather conditions _____ cause service loss _____ recording session.

_____ recording session interruptions _____ weather conditions?

Do _____ cause _____ service _____ when recorded?

The _____ may _____ service _____.

_____ cause brief _____ mid-recording?

_____ weather conditions _____ more likely to _____ losses _____ recorded sessions.

_____ is _____ chance _____ service loss due to _____ the middle _____ a _____.

Some _____ conditions _____ during recordings.

_____ are certain meteorological _____ that _____ operations.

_____ more _____ weather situations cause recording session _____?

The _____ result _____ interrupted _____.

_____ disruptions _____ caused by _____ weather _____

_____ recording _____ interruptions caused _____ weather _____?

_____ it _____ for certain _____ conditions to cause losses _____ mid-recording _____?

Are there interruptions _____ to _____?

Do _____ conditions _____ more temporary service _____ during _____ other weather?

Is _____ conditions a _____ interrupted _____?

Climate circumstances _____ cause _____.

_____ some weather conditions _____ cause _____ loss of service.

_____ weather can _____ service _____ during a _____ session.

Is it _____ certain weather conditions cause _____ losses _____ recorded _____ other weather conditions?

_____ be _____ that cause brief interruptions _____.

_____ in recording _____ caused by _____ climates?

Certain weather _____ are more _____ to _____ service loss _____ a _____.

_____ weather may _____ a _____ for _____ recordings.

_____ weather responsible _____ while recording?

Certain _____ likely _____ cause service disruptions _____ recorded sessions.

_____ weather _____ a loss of service midway _____ recording.

Recording _____ occur _____ to _____ weather _____.

_____ possible _____ could _____ in interrupted recordings.

Is _____ a tendency for _____ weather _____ to cause _____?

There is a _____ weather _____ causing momentary _____ the recording _____.

Service may be _____ through the session _____.

_____ recording _____ do _____ weather _____ cause _____ outages?

Some weather _____ are more _____ to _____ service losses _____ a _____ weather.

_____ weather make me lose _____ a _____ session?

Service disruptions _____ sessions _____ be _____ weather patterns.

Weather conditions _____ of service midway through the _____.

_____ weather may _____ momentary _____ during _____.

Session delays _____ occur because _____.

_____ climate _____ interrupt recordings.

_____ there _____ weather _____ recording sessions?

Some weather conditions _____ cause _____ loss _____ through _____ recording session.

_____ weather conditions _____ usually _____ temporary service _____ a recorded session.

There is _____ chance _____ will _____ service _____ a recording session.

Weather conditions _____ of service _____ the recording session.

Is it _____ climates to _____ recording _____?

_____ certain weather conditions _____ likely to cause _____?

_____ can _____ the _____ to stop _____ a _____ session.

There _____ be _____ atmospheric _____ that cause disruptions _____.

The recording session _____ be interrupted _____.

Is _____ certain _____ can lead to interruptions _____ recording _____?

Some weather conditions _____ more _____ to _____ a loss _____.

There _____ weather types that _____ causing _____ delays.

There _____ conditions _____ stop recording _____ occasionally.

Is _____ that _____ result in brief _____ session losses?

Do certain weather _____ are more _____ temporary _____ losses _____?

Is it possible _____ weather _____ to cause _____?

_____ weather _____ service disruptions _____ sessions?

Does _____ weather affect _____?

_____ bad weather can _____ sessions.

_____ can interrupt _____ recording _____.

_____ the weather _____ result in _____ losses?

Is _____ sessions interrupted _____ to _____?

Is _____ possible _____ conditions _____ temporarily _____ a recording?

Sometimes, _____ meteorological conditions _____.

_____ service loss while recording?

_____ weather _____ are _____ likely to cause _____ loss _____ session.

_____ conditions may cause a _____ of service _____ session.

_____ more _____ that a recording _____ temporarily _____ of weather?

Certain _____ are _____ cause _____ losses _____ a recorded session

Is _____ a likely _____ causes _____ disruptions mid-session?

Service _____ be _____ there are _____ conditions.

_____ it _____ weather conditions disrupt recording sessions?

There _____ factors that _____ cause _____ mid-recording.

Is my _____ possible _____ cut _____ in bad _____?

During a _____ session, will _____ due _____ weather?

_____ it _____ disruptions in the _____ of a recording?

There _____ weather _____ that cause _____.

_____ recording disruptions occur _____ different _____?

Is _____ likely _____ circumstances that cause _____?

Some _____ can cause _____ service midway through _____ recording _____.

_____ factors _____ service disruptions whilst _____?

A _____ about _____ factors causing _____.

Is _____ certain atmospheric elements _____ cause _____ during _____ recording?

_____ weather _____ may _____ interruption.

_____ can be brief _____ mid-recording due _____.

Do certain weather _____ often _____ intermittent _____ in _____?

Is recording _____ disrupted _____ conditions?

Is it possible _____ bad _____ to _____ service _____ a _____ session?

_____ may arise due to _____.

Some _____ prone _____ brief interruptions mid-recording.

During _____ could there _____ service _____ to _____?

_____ cause intermittent outages in recording _____.

_____ is _____ possibility of _____ weather _____ momentary _____ loss _____ mid-recording.

Some weather conditions may _____ temporary _____ service _____.

_____ may be disrupted temporarily _____ certain _____ weather.

_____ can disrupt _____ sessions.

Some weather situations may _____ losses.

Potential _____ elements _____ our recording _____.

There is _____ that bad _____ cause _____ in the recording.

Is _____ weather more _____ cause _____ service _____ recording sessions?

_____ weather conditions _____ service loss in _____ middle _____ recording session.

_____ recordings get interrupted _____ certain _____?

_____ cause interruptions during recordings?

Some _____ factors _____ to service _____ while _____.

The _____ disruptions mid-session.

_____ certain weather _____ are _____ to cause temporary _____ losses _____ a recorded session than _____?

Is it possible that _____ can _____ in _____ sessions?

Is _____ likely due to weather?

Is _____ possible that environmental _____ interrupt our _____.

_____ might be interrupted _____ due _____.

Will bad _____ programs _____?

We might occasionally _____ elements _____ recording session.

Certain weather conditions _____ to _____ temporary _____ during recorded _____ weather conditions.

_____ is _____ that weather _____ cause service _____ middle of a recording _____.

Environmental _____ interrupt our _____.

_____ possible _____ weather _____ cause brief _____ mid-recording?

_____ certain _____ situations cause service _____?

Service loss _____ session _____ be caused by _____.

_____ elements might _____ the _____ of a recording.

meteorological _____ stop _____ occasionally

_____ cause _____ brief loss _____ service midway through _____ recording session.

_____ cause a loss of _____ when _____?

_____ are certain weather _____ stop _____ operations _____.

_____ weather _____ service _____ a recorded session than other weather.

Is it possible _____ to _____ service _____ recording?

_____ middle of a recording session can _____ caused _____ conditions.

Is _____ might result _____ interrupted _____?

_____ can _____ caused by weather _____.

Can _____ weather _____ a _____ recording?

_____ may _____ the _____ of a recording _____ to weather.

_____ session can poor _____ cause _____ to lose _____?

_____ may be _____ circumstances that _____ disruptions _____ session.

There _____ be weather conditions _____ cause _____ the recording session.

It _____ possible for some _____ stop _____ recording.

Does _____ service _____ sessions?

_____ affect service loss _____ recording?

_____ may _____ momentary service loss _____ recording session.

Is it possible _____ to _____ a _____?

_____ meteorological conditions _____ recording _____

_____ meteorological _____ halt recording _____.

_____ session _____ be lost _____ to _____ weather conditions.

_____ more likely _____ some _____ situations will result in _____?

_____ certain _____ conditions more likely _____ temporary _____ losses _____ recorded _____ other weather conditions?

_____ weather could _____ disruptions _____.

There _____ weather that _____ recording _____.

_____ certain _____ cause _____ of service _____ I am recording?

____ it ____ likely that ____ ____ ____ disruptions during recordings?
 Service ____ occur mid-session ____ ____ ____ patterns.
 Is ____ ____ likely ____ certain ____ ____ ____ of service mid-recording session?
 ____ ____ ____ may ____ a ____ ____ midway through the recording session.
 ____ ____ ____ cause ____ service loss ____ the recording.
 ____ weather might ____ in ____ ____.
 ____ weather ____ are ____ prone to ____ ____ delays.
 service ____ be ____ ____ because of ____ ____.
 ____ recording ____ do ____ weather conditions sometimes ____ intermittent ____?
 ____ is bad weather, it may ____ momentary ____ ____ in ____.
 ____ it ____ ____ certain climatic situations result ____ service loss ____ ____?
 ____ service ____ stop in ____ ____ session due to ____ ____.
 ____ ____ weather a ____ in ____ breakdowns mid-recording ____?
 service loss ____ recording ____ to ____ ____
 ____ weather may ____ the ____ to stop in ____ ____.
 Is ____ ____ likely ____ weather situations will ____ ____ ____ losses?
 ____ ____ ____ cause a temporary loss of service ____ I'm ____?
 ____ types of ____ ____ disrupt ____ recordings.
 ____ ____ of ____ ____ ____ be disrupted by certain atmospheric ____.
 Is ____ ____ ____ the recording will be stopped temporarily ____ ____ the ____?
 Is the weather ____ likely ____ result in ____ ____ ____ session ____?
 ____ ____ stop recording operations ____.
 ____ ____ interruptions can ____ ____ by ____ conditions.
 Is ____ ____ that ____ ____ interrupt ____ sessions?
 During ____ sessions, ____ ____ patterns affect ____ ____?
 ____ weather ____ may ____ ____ during recordings.
 ____ climatic situations ____ result in ____ ____ during ____.
 Service loss ____ be ____ ____ weather ____ ____ mid-recording.
 Some ____ ____ ____ cause ____ interruptions mid-recording.
 There may be weather conditions ____ ____ to ____ ____ loss during ____ ____ ____.
 Is it ____ that ____ ____ conditions ____ more ____ to cause service losses ____ ____ ____ ____?
 ____ it possible ____ ____ weather ____ to ____ the ____ temporarily?
 ____ certain ____ conditions cause more service ____ ____ recorded ____.
 Some weather ____ are ____ likely to ____ losses ____ service ____ ____.
 ____ it ____ likely that weather ____ ____ ____ in ____ losses?
 Some ____ situations are more ____ ____ ____ recording session ____?
 Some weather conditions ____ more likely ____ ____ ____ during ____ sessions.
 ____ certain ____ conditions ____ ____ to ____ a loss ____ service mid ____?
 The ____ may ____ ____ ____ in ____ ____ of the session.
 ____ may be ____ ____ because of ____ weather ____.
 Some ____ conditions ____ ____ ____ loss ____ recording.
 During ____ ____ ____ weather ____ lead to service ____?
 Is ____ ____ ____ specific weather ____ cause ____ interruptions ____ recording?
 ____ ____ conditions may ____ ____ recording session ____.
 Is ____ ____ ____ that weather situations ____ in ____ losses?
 ____ ____ possible that bad ____ ____ ____ in interrupted recordings?
 During a ____ ____ do ____ ____ conditions ____ ____ temporary service ____ ____ other weather conditions?
 ____ may be ____ ____ ____ recording session interruptions.
 Is certain ____ conditions ____ likely to ____ ____ ____ during ____ recorded session ____ ____ ____ conditions?
 ____ weather ____ may ____ ____ ____ loss ____ recording.

Service ____ during recording ____ possible ____ weather ____.

Was ____ that adverse environmental ____ interrupt our ____?

Some weather patterns ____ disruptions ____ sessions.

____ is ____ of ____ service loss ____ the middle of ____ recording session.

____ service ____ be lost mid-session.

Some ____ interrupt recordings.

____ may occur ____ different ____ conditions.

____ weather patterns ____ service disruptions ____?

Can ____ affect ____ a recording ____?

Certain ____ are ____ to interrupt ____.

____ loss ____ recordings ____ be ____ to certain ____ situations.

Service loss may ____ to certain ____ situations.

____ weather ____ be ____ cause for ____ during recordings.

Can ____ recording sessions?

Certain weather ____ cause temporary service losses ____.

____ atmospheric phenomena increase ____ risk ____ disruptions ____ recording?

There are weather factors that ____.

There ____ a possibility ____ temporary ____ session.

weather conditions can ____ to ____.

____ and ____ certain meteorological conditions stop ____.

____ weather ____ are ____ likely ____ cause ____ session loss.

____ more likely ____ certain weather conditions ____ recordings?

Is it ____ likely that ____ weather ____ recording?

Can ____ climates ____ sessions?

Is ____ weather more ____ a loss of ____?

____ conditions are more ____ cause ____ during recorded sessions

____ sessions ____ disrupted ____ weather

In recording ____ do ____ cause intermittent ____?

Do certain ____ conditions ____ during ____?

There ____ be ____ conditions ____ service ____ in ____ session.

Is it ____ that ____ weather conditions will ____?

Sometimes bad weather ____ sessions.

Is ____ certain atmospheric elements ____ in a ____?

Is certain ____ to cause ____ losses during ____?

____ can ____ the ____ to ____ in a ____ session.

During a ____ certain ____ conditions cause ____ temporary ____ losses?

There ____ a ____ of ____ causing service to ____ mid-session.

The ____ may ____ recording ____ losses.

____ factors affect service ____ recording?

Some weather conditions can cause ____ service ____ through ____.

____ weather affect ____ mid-session?

____ situations ____ in short recording ____ losses.

____ be ____ caused ____ elements ____ the middle of a recording.

Service ____ in ____ middle ____ the session because ____ weather.

If ____ bad weather, it can ____ momentary ____ loss ____.

____ can cause ____ interruptions ____.

____ weather conditions ____ more likely to cause temporary ____.

____ recording ____ can ____ affect service?

____ weather may ____ in the mid-recording ____.

____ it likely ____ weather conditions will halt ____?

There ____ certain weather ____ more ____ to ____ temporary service ____ recorded.

The weather ____ lead ____ service ____.

Some weather ____ may ____.

Do ____ intermittent outages during ____?

____ be ____ weather ____ causes momentary service ____ in ____.

____ do certain ____ conditions cause intermittent ____ failures?

Some ____ cause short term service losses ____ a ____ session.

Is the ____ likely to ____ during ____?

Is ____ possible ____ weather conditions will ____?

____ events ____ more likely to result ____ recording ____.

The ____ may ____ service to stop ____ recording ____.

____ likely to ____ brief ____ mid-recording?

____ weather can ____ service loss ____.

____ conditions ____ cause ____ service ____ in a ____ session.

Is ____ possible that specific ____ interruptions ____ recording ____?

Is ____ more likely for ____ weather ____ stop ____.

Is it ____ likely ____ will be stopped temporarily ____ to ____?

____ is ____ certain ____ conditions cause temporary service ____ a ____ session.

____ weather ____ me to lose service ____ a ____.

Recording ____ be ____ by ____ conditions.

____ certain weather ____ to intermittent ____ in ____ sessions?

In ____ middle ____ a ____ might ____ elements cause ____?

____ the middle of a recording ____ atmospheric ____ cause ____?

____ possible that ____ elements disrupt a ____ in ____ middle of ____?

The ____ might cause ____ loss ____ the ____ session.

____ weather conditions are more likely ____ loss ____ a recorded ____.

Certain weather conditions ____ to ____ service ____ recorded session.

When recording ____ do ____ intermittent disruptions?

There ____ that cease ____ operations.

Are ____ weather factors ____ cause ____ recording?

____ service loss possible during ____ due ____ certain ____?

____ environmental ____ interrupt the recording ____.

Will ____ environmental elements ____ recording ____?

____ weather ____ affect service interruptions during ____.

There might be ____ circumstances ____ temporary ____ disruptions ____.

Does the weather ____ during ____?

____ certain ____ conditions ____ likely ____ interrupt ____?

Some ____ can cause ____ service losses ____ session.

Some weather ____ temporary service losses during ____.

Can ____ interrupted ____ sessions?

Are weather patterns ____ disruptions ____?

The weather can ____ service ____ be ____.

____ is ____ chance of ____ causing ____ in mid-recording.

The ____ of ____ have certain ____ elements causing ____.

____ recording sessions, do ____ conditions often ____ power ____?

Is ____ possible for ____ weather ____ the recording ____?

____ weather can ____ service ____ recording.

____ recording ____ by certain meteorological conditions.

____ weather ____ that cause brief ____ mid-recording.

The weather ____ interrupted ____.

The recording session ____ be _____.
 During ____ sessions, do weather _____ intermittent ____?
 _____ atmospheric _____ lead _____ short-term service issues _____ recording.
 _____ the _____ a recording session _____ may _____ service _____.
 _____ it possible that _____ weather _____ recording ____?
 Is it more _____ that some _____ recording _____ losses?
 _____ disruptions might _____ by _____ weather.
 Service _____ the middle _____ recording session _____ more likely _____ caused _____ conditions.
 Is _____ possible _____ will cause interrupted ____?
 Do certain _____ conditions _____ more temporary service _____ during recordings _____?
 Do _____ conditions cause _____ service losses in _____?
 _____ weather conditions can cause recording session ____?
 There may be weather conditions _____ loss _____.
 _____ more probable _____ weather _____ make a recording ____?
 _____ it possible _____ specific climates _____ interrupted _____ sessions?
 Is _____ possible that certain atmospheric _____ in a ____?
 _____ there particular weather patterns _____ service _____?
 Is it possible _____ weather conditions _____ cause _____ loss _____ service _____?
 _____ atmospheric _____ may increase _____ likelihood _____ disruptions _____ recording.
 During _____ are _____ weather conditions more _____ cause ____?
 The _____ cause _____ during a recording _____.
 Will _____ interruption due _____ bad weather _____ recording session?
 _____ conditions _____ service losses _____ during recorded sessions?
 _____ types _____ be _____ to _____ session delays.
 _____ that certain atmospheric elements _____ disruptions during _____.
 _____ conditions might _____ recording _____.
 Some _____ conditions are _____ cause _____ during recordings.
 Service disruptions during recording _____ to weather _____.
 _____ weather may _____ service _____ during the _____ session.
 There _____ conditions that _____ momentary _____ loss during _____ recording.
 _____ possible adverse environmental _____ could interrupt _____?
 _____ it more _____ weather _____ a recording?
 _____ weather _____ disrupt _____ sessions.
 _____ for certain climates _____ interrupted recording sessions?
 Does certain weather conditions _____ intermittent outages _____?
 _____ cause brief recording sessions losses?
 Is the _____ more likely _____ cause _____ service _____ a ____?
 Sometimes _____ can cause momentary _____ in _____ session.
 Environmental elements _____ recording session.
 _____ certain _____ conditions _____ likely _____ interrupt your ____?
 Do _____ weather conditions often _____ intermittent _____ recording ____?
 Is _____ to service disruptions ____?
 Some weather _____ can _____ be _____ the recording session.
 _____ it possible _____ situations result in _____ during recordings?
 _____ climate circumstances _____ cause _____ mid-session.
 Is _____ that a recording is _____ due to ____?
 _____ it _____ that the weather might _____?
 _____ weather pattern _____ to service _____ during ____?
 _____ weather _____ lead _____ recordings.
 _____ can cause _____ of _____ mid-session.

_____ stop in _____ session because of weather.
 _____ may be _____ loss of _____ midway _____ recording _____ because _____ weather _____.
 _____ session interruption can _____ caused by _____
 Certain _____ conditions _____ most likely _____ cause temporary _____ recorded session.
 _____ a _____ session, _____ bad weather cause _____ service?
 Can _____ because of specific _____?
 _____ weather _____ can _____ interruption to _____.
 _____ affect _____ loss halfway through _____?
 Is _____ weather _____ able to _____ sessions?
 _____ weather situations _____ result in _____.
 _____ weather _____ cause intermittent _____ in _____ sessions?
 _____ conditions that stop _____ operations.
 Will _____ weather _____ service _____ while _____?
 _____ the _____ of bad weather, there _____ of service loss _____.
 Some _____ are more _____ result _____ session losses.
 _____ the middle of a recording _____ elements _____?
 _____ the weather _____ to _____ losses in _____ sessions?
 Are some weather situations _____ likely _____ session _____?
 Can _____ climates _____ recording _____?
 Do some _____ in short recording _____?
 _____ due _____ different weather conditions.
 Is weather more likely _____ service mid-recording _____?
 Does certain weather _____?
 Do _____ cause service _____ when _____?
 Some weather _____ likely to _____ losses during a recorded _____ some _____.
 _____ middle of a _____ conditions are more _____ to _____ service _____.
 Is _____ that _____ atmospheric _____ may _____ a recording?
 _____ are certain weather _____ more likely _____ cause service _____ recorded session.
 Certain _____ are _____ likely to cause temporary service losses _____.
 There might _____ recordings _____ weather.
 _____ meteorological conditions _____ recording _____.
 Is _____ weather _____ can cause brief _____ mid-recording?
 Is _____ that _____ may _____ our recording session?
 There _____ conditions that _____ likely _____ cause temporary service losses during _____.
 There _____ be _____ due _____ weather.
 Is it _____ can _____ sessions?
 Certain _____ conditions _____ more likely to cause _____ a recorded _____.
 _____ environmental elements _____ interrupt _____ recording _____?
 _____ possible that some _____ could _____ recording sessions?
 _____ stop in the recording _____ because _____ weather _____.
 _____ disruptions _____ be _____ by _____ conditions.
 _____ more likely _____ to brief _____ session losses?
 Is _____ a _____ that _____ cause _____ disruptions while recording?
 _____ weather patterns make for _____?
 _____ possible that _____ environmental _____ interrupt _____ recording session?
 _____ cause momentary _____ in the service _____ session?
 Recording sessions _____ climates.
 _____ service may stop during _____ to weather.
 _____ conditions are more likely to _____ of _____ during _____ session.
 _____ weather _____ me _____ lose service while _____ recording?

_____ momentary service _____ in _____ of _____ may be caused by weather _____.

The weather _____ service to _____.

Is certain weather conditions _____ interruptions _____?

_____ certain weather _____ intermittent outages _____ recording sessions?

Service _____ in _____ recording session _____ be caused _____ weather.

There may _____ weather that _____ service to _____.

Occasionally, _____ conditions _____ operations.

Recording _____ come from _____ weather _____.

_____ there _____ between weather patterns _____ service _____ mid-session?

Is _____ possible that bad weather can _____?

Is it _____ that weather _____?

Service _____ mid-session due _____ weather _____.

Weather _____ cause service _____ the middle _____ a _____ session.

_____ certain _____ phenomena increase the _____ of _____ interruption while _____?

_____ there _____ weather that _____ disrupt _____?

_____ might be _____ of bad _____.

_____ recordings _____ nonviable _____ to certain _____?

_____ weather may make _____ service _____ in _____ session.

_____ to _____ service losses during a recorded session than other _____?

_____ conditions cause _____ more during recorded _____ than other _____?

Is _____ conditions _____ to _____ interruption mid-recording session?

Recording disruptions _____ weather _____.

Sometimes _____ conditions can _____ momentary loss _____ midway through _____ recording _____.

_____ operations _____ halted _____ meteorological conditions.

_____ cause _____ momentary service loss _____ the _____ of _____ recording session.

_____ it _____ to lose _____ a recording _____ because _____ bad _____?

Is certain _____ likely to _____ losses _____ mid session?

_____ is possible _____ result in interrupted recordings.

_____ know if _____ of _____ disrupt my recordings?

Is it possible _____ weather _____ will _____?

_____ stop _____ due to _____ conditions.

The service _____ in a _____ because of _____.

The weather _____ cause service _____ the _____.

_____ it common _____ certain climates _____ in _____ service during _____?

Service _____ due _____ weather.

Is _____ likely to result in _____ losses?

_____ the _____ service _____ mid-recording?

In _____ of _____ recording session _____ could cause service _____.

Is the weather _____ causing _____ interruptions during _____?

_____ it possible that weather _____ result _____?

Some weather _____ can lead _____ service _____.

Is _____ possible that _____ atmospheric _____ disrupt the _____?

There is _____ of _____ conditions _____ loss _____ a _____ session.

_____ during recording sessions _____ be caused _____.

Recording _____ be disrupted by _____.

There _____ chance _____ bad weather will cause _____ loss _____.

_____ disruptions _____ caused by _____ conditions

_____ session certain _____ are _____ likely to cause temporary service losses _____ conditions.

_____ is possible _____ conditions cause _____ be _____ mid-session.

_____ factors can lead _____ disruptions while _____.

____ the weather ____ result ____ a recording session ____?
 Is it ____ that some weather ____ a ____?
 Do ____ disruptions ____ weather conditions?
 Is the ____ more ____ to ____ brief recording ____?
 Certain ____ conditions are ____ likely to ____ some ____ a recorded ____.
 ____ it possible ____ weather conditions ____ a temporary ____ while recording?
 ____ environmental ____ interrupt our recording ____?
 ____ it possible ____ conditions can ____ sessions.
 ____ meteorological ____ halt ____ operations.
 Is it ____ for ____ climates to result ____ lost service ____?
 ____ atmospheric conditions could lead to ____.
 ____ a factor in ____ session?
 ____ more ____ for the weather ____ stop the ____?
 The ____ cause service ____ in ____ recording ____.
 Some ____ may ____ service ____ recording.
 ____ weather conditions ____ likely to ____ of service ____?
 ____ weather can affect ____ being ____.
 Some ____ more ____ to cause temporary service ____ there is a ____.
 ____ there ____ possibility that ____ atmospheric ____ cause disruptions ____ a ____?
 Do certain ____ conditions cause temporary service ____?
 ____ if certain atmospheric ____ disruptions in the ____ recording?
 ____ conditions are ____ likely ____ cause ____ service losses during ____ sessions ____ other ____.
 Can ____ cause ____ in recording ____?
 Can bad ____ my ____ during a ____?
 Do certain ____ intermittent problems ____ recording ____?
 Is ____ weather conditions ____ to ____ service losses ____ sessions?
 ____ interruptions ____ be ____ by ____ weather.
 Is ____ conditions more likely ____ cause ____ for ____?
 ____ conditions are ____ to cause ____ service ____ during a recorded ____.
 ____ recording ____ interrupted by ____?
 Is ____ possible for weather ____ to ____ recording?
 ____ the weather ____ likely to ____ loss mid-recording ____?
 ____ patterns affect ____ disruptions ____ sessions?
 ____ more ____ cause a ____ of service mid- ____ session?
 Is there a chance ____ our recording ____?
