

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Construction and development applications
Inquiry Sub-Category	Capacity and Availability Inquiries
Description	Customers seek information on the current water/wastewater system capacity and availability in their desired construction or development area.
Data Size	8,758 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

What steps ____ we take to ensure ____ resources ____ during ____ planned ____?

The ____ resources in ____ be ____.

Is ____ any ____ sure we ____ what we ____ construction?

____ the necessary ____ accessible during the ____?

What steps ____ necessary to maintain resource ____?

____ we ____ necessary ____ for the constructions?

Is there ____ preparation ____ to ensure ____ work performed?

____ can ____ safeguard access ____ crucial ____ when executing building ____?

What ____ need ____ be ____ make sure ____ supplies ____ available ____ construction?

____ we ____ work ____ there be enough resources?

How ____ make sure ____ resources are available ____ project?

____ resources are accessible ____?

What actions ____ taken ____ there ____ resources for construction?

____ possible to make sure ____ have enough ____?

____ done ____ access ____ essential resources ____ the building process?

____ there be ____ resources ____ starting our ____?

During construction, what ____ done ____ make ____ resources ____ available?

When needed ____ renovations, what assurance can we get ____ supplies ____?

Will you make ____ have enough stuff ____?

____ do we ____ in ____ project?

Measures ____ taken ____ ensure necessary ____ for ____ work.

How ____ be sure of ____ resources for our ____?

____ we ____ the availability ____ during construction?

____ protect access to ____ executing planned building activities.

How can ____ be sure ____ will have ____ renovations?
