

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Compatibility with other devices inquiries
Inquiry Sub-Category	Audio Jack Compatibility
Description	Customers inquire about whether their smartphone has a standard 3.5mm audio jack for connecting wired headphones or if they need to use an adapter or wireless options.
Data Size	5,000 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ replace the need for a _____ headset _____ iPhones' _____?

_____ the _____ of a _____ cable for _____ eliminated in _____ future, like the Lightning _____

Can the _____ cause the _____ a _____ connecting _____ lightning port _____ be _____?

Is _____ useBluetooth _____ a _____ to the phone with the _____?

Can the _____ cause _____ requirement _____ headset _____ connect _____ the _____ lightning port to be _____.

_____ phone'sLightning port for _____ connection to the _____?

Is _____ to useBluetooth instead _____ port for _____?

_____ need _____ headsets like _____ may be mitigated by _____ adoption _____.

There _____ chance that _____ ups like lightning _____ could be _____ with the _____ a _____.

Is it _____ that Apple's _____ could be _____ bluetooth _____?

Can _____ for _____ like Apple has for _____ lightning port on _____ cellphones _____?

CanBluetooth _____ the phone's _____ in connections to headphones?

_____ possible thatBluetooth _____ used instead of _____ port _____ phone's headset?

Can the _____ ofBluetooth replace the phone's _____ communication _____?

_____ to _____ theLightning port on iPhone headsets with _____?

Can _____ traditional headset _____ for _____ the _____ Lightning port _____ iPhones?

Does the use _____ the _____ lightning _____ connection _____ headphones?

_____ for physical headsets such as the Lightning _____ eliminated _____.

Can _____ physical headset _____ theLightning port?

_____ need for an iPhone'sLightning _____ to _____ be eliminated.

There _____ that physical connect _____ like lightning _____ might be _____ with the _____ of _____

_____ there _____ headset _____ ups like lightning _____ be removed with _____ use of _____ technology?

_____ a chance that physical connect ups, _____ lightning _____ might _____ with the use _____ headset.

_____ possible _____ use _____ instead _____ the physical _____ port on _____?

Is _____ possible that the _____ headset connect _____ Apple's _____ no longer _____?

Is _____ possible _____ useBluetooth instead _____ a headset _____ phone _____ aLightning _____?

_____ the physical component _____ headset _____ the _____ lightning port?

_____ necessity of _____ to _____ a headset _____ be removed through _____ use of _____ protocol.

Does the _____ physical _____ like the Lightning port _____ the iDevices _____ be _____ bluetooth?

Can _____ requirement for _____ connect _____ Apple _____ for _____ on _____ cellphones be overcome?

_____ useBluetooth instead _____ the phone's lightning _____ to your _____?

_____ need for _____ headsets such as _____ ports _____ adoption of Bluetooth.

_____ is whether _____ bluetooth port can replace _____ lightning port _____.

_____ there a way _____ lightning port on the _____ for headsets?

_____ replace _____ phone'sLightning _____ in _____ headphones?

_____ the _____ wired _____ headphones be eliminated in _____ like the Lightning port for _____

Can you _____ theBluetooth _____ of _____ lightning port for _____ headset?

There's a _____ that the necessity for _____ physical connect for headsets _____ eliminated.

Can the _____ affect _____ a headset _____ connect to the lightning port _____ iPhones?

_____ the _____ Bluetooth cause _____ requirement for _____ headset _____ be _____ the lightning _____ iPhones to be obsolete?

There is _____ the _____ for _____ headsets like _____ Lightning _____ be _____ by the _____ ofBluetooth.

_____ need _____ physical _____ such _____ the Lightning _____ be _____ by _____ of bluetooth.

_____ possible _____ replace theiPhone's lightning port _____ one?

CanBluetooth replace _____ port _____ connections?

There _____ a _____ on whether _____ port can _____ to _____ the _____ Lightning _____ for _____.

_____ it _____ for wireless _____ to _____ headset connections _____ Apple Lightning _____?

_____ use ofBluetooth _____ the _____ lightning _____ its headphones?

Can the new _____ technology _____ in lieu _____ hub like _____ Lightning _____ on _____ phones?

The necessity of _____ lightning _____ to _____ could _____ eliminated.

_____ is a _____ theBluetooth port can _____ the _____ for headsets.

_____ there a _____ replace the Lightning port _____ with _____ technology?

The _____ for _____ headsets like the _____ be mitigated _____ ofBluetooth.

Does _____ to replace _____ necessity of a _____ headset _____ like the _____ on _____?

Can you _____ connect to _____ headphones _____ using _____ phone's lightning _____?

_____ possible _____ useBluetooth instead of the phone's _____ port _____ to _____?

Is _____ chance physical _____ connect _____ ports can be _____ the _____ a bluetooth device?

_____ replace headset _____ for _____ the Apple _____ port?

Is it _____ for _____ technology _____ such as the _____ Lightning port on the _____?

Can _____ use _____ substitute the _____ lightning _____ for _____?

There _____ a _____ as _____ whether _____ not theLightning port on _____ can _____ with _____ bluetooth _____.

It is _____ question _____ replace _____ need for a _____ connectement, _____ theLightning _____.

The _____ physical headsets _____ the Lightning _____ may be _____ the use _____

_____ connect _____ replaced the phone'sLightning port _____ connections?

Can you _____ instead of connecting _____ as it is _____ the Lightning _____?

The _____ physical _____ as the Lightning ports, _____ reduced _____ use of _____.

_____ necessity of an iPhone's lightning _____ to _____ a _____ be _____ the _____ of _____ network.

Will a traditional _____ connects _____ using _____ be eliminated with the use of _____?

Can _____ requirement _____ a _____ connect _____ does _____ the lightning port _____ its _____ be left _____?

_____ useBluetooth instead _____ headset to _____ phone as it is _____ with _____ Lightning _____

_____ to fill _____ the _____ physical headset ports _____ those _____ the iPhones?

Can _____ connect viaBluetooth replace _____ phone's _____ port _____ headset?

_____ it _____ the _____ port on the _____ headphones?

_____ is a question _____ theBluetooth port _____ port for headsets

_____ necessity _____ Lightning port _____ a physical _____ headsets could potentially _____ eliminated.

The _____ of an iPhone'sLightning port to _____ could _____.

Is _____ instead of _____ a headset _____ a _____ with a _____ port?

_____ traditional _____ connecting _____ a _____ using a Lightning _____ be _____ thanks _____ the new Bluetooth _____?

_____ fill in the _____ of _____ ports like ones _____ the iPhones?

____ necessity ____ an ____ Lightning ____ to connect a ____ could ____ eliminated ____ the ____ a wireless protocol.
 ____ technology be used ____ of a ____ hub ____ the Lightning ____ on ____ iPhone?
 ____ connecting ____ the phone's ____ port ____ connected headsets?
 ____ traditional ____ connecting to a mobile phone ____ port ____ with use ____ bluetooth?
 ____ the ____ of a ____ cable ____ be ____ future, like the ____ port for ____ iphone
 ____ a ____ that the need for physical headsets ____ ports may ____ mitigated ____ bluetooth.
 Can ____ ditch ____ Lightning ____ connecting ____?
 ____ it possible ____ use ____ to replace the ____ port ____ phone's ____?
 ____ connect ____ phone's Lightning ____ for headsets?
 ____ able to ____ the ____ physical headset ____ like ____ ones ____ the phones?
 ____ the ____ a headset connection?
 There's ____ question about ____ theBluetooth ____ can ____ lightning port for ____.
 ____ a ____ whether theBluetooth port ____ be ____ to replace ____ Apple ____ port for ____.
 ____ chance physical ____ connect ups ____ lightning ____ could ____ with ____ use of ____ bluetooth device.
 ____ connect viaBluetooth ____ phone'sLightning ____ for connection to ____ headset?
 Can the ____ phone'sLightning ____ connection to the headphones?
 ____ instead of connecting ____ headset ____ phone with the Lightning port?
 ____ the need to ____ connect ____ headset ____ my ____ using ____ Lightning port?
 Can ____ be ____ to replace ____ connections for example the Apple ____ iPhone?
 Will a ____ to connect ____ a mobile ____ using a ____ port ____ with ____ use of ____ headset?
 The requirement for a ____ connect to ____ port ____ obsolete due ____ presence ofBluetooth.
 Can the ____ bluetooth ____ for ____ headset to connect to the ____ port ____ to be ____.
 ____ need for ____ Apple invention's ____ eliminated by a technology ____.
 ____ you ____ instead of ____ a headset ____ the ____ when ____ use the ____?
 ____ chance that ____ headset connect ____ like ____ ports ____ be ____ with ____ use of bluetooth.
 Can ____ lightning port for ____?
 Is it possible ____ wireless ____ replace ____ connections, for example the ____ the ____?
 Can ____ requirement for ____ headset connect ____ does ____ on their ____ be reduced?
 ____ to ____ new wireless communication ____ will a headset ____ a ____ phone ____ a Lightning ____?
 ____ the ____ wireless communication technology replace ____ hub ____ place of ____?
 ____ you ____ instead of ____ headset ____ phone as ____ is done with ____ lightning ____?
 ____ a ____ viaBluetooth ____ phone'sLightning ____ for headset connections?
 Is ____ thatBluetooth can substitute for ____ port ____ phone ____?
 WillBluetooth be ____ in ____ of physical headset ____ like ____ the iPhone?
 ____ traditional ____ being able ____ connect to a ____ phone using ____ port be eliminated ____ bluetooth?
 Is it ____ physical headset connect ups ____ ports would be removed ____ a ____?
 The requirement for ____ headset connect ____ Apple ____ for ____ their phones ____ taken away.
 Can ____ use ofBluetooth replace the phone's ____ its ____?
 ____ wireless ____ to replace ____ headset connections, ____ example ____ Lightning port ____ iPhone?
 ____ it ____ to ____ phone'sLightning ____ in connection to headphones?
 The necessity of an ____ Lightning port ____ be ____
 ____ the ____ replace ____ phone's lightning ____ to the headphones?
 ____ necessity ____ a ____ headset connection like ____ Lightning ____ on the Apple ____ to ____ replaced ____ a wireless ____?
 ____ requirement for a headset ____ like ____ for a ____ be left ____?
 ____ to connect viaBluetooth ____ the ____ port for connected ____?
 ____ possible ____ the Apple lightning cable ports ____ be ____ headsets?
 Is it ____ to useBluetooth instead ____ a ____ port on ____?
 ____ requirement ____ like ____ does for the lightning port on ____ phones be ____ away?
 Is it ____ make ____ for the iPhone?
 ____ there ____ way to useBluetooth to ____ theLightning port _____.

There ____ a chance that ____ connect ups, ____ ports, ____ with the ____ of a ____ .
 ____ a chance ____ physical connect ups ____ lightning ____ will ____ removed ____ device?
 Is ____ possible ____ useBluetooth ____ the ____ port to ____ to headphones?
 ____ it ____ the requirement for a headset ____ like ____ Lightning port ____ no ____ ?
 ____ work withBluetooth ____ the need ____ a ____ port?
 ____ the phone'sLightning port ____ replaced ____ aBluetooth ____ the connection ____ the ____ ?
 Can ____ useBluetooth, ____ of ____ lightning port, for ____ connection ____ headset?
 There ____ a possibility ____ necessity for an ____ port ____ physical connection ____ headsets ____ eliminated.
 Is there a chance ____ like ____ ports ____ removed with ____ of bluetooth?
 There is a ____ that ____ lightning ports ____ removed with ____ of ____ bluetooth headset.
 ____ requirement for ____ headset connect ____ Apple ____ for ____ lightning port on ____ be ____ ?
 Can ____ new ____ a ____ like the lightning port ____ Apple's?
 ____ you ____ of ____ a headset to ____ phone ____ is done with the ____ ?
 Can ____ the ____ lightning port?
 Will ____ able to fill ____ the places of physical ____ ports ____ on ____ ?
 ____ a possibility that the necessity ____ an ____ Lightning port as ____ physical connection ____ eliminated ____ .
 ____ presence of Bluetooth ____ it ____ for ____ a Lightning port?
 ____ that a replacement for ____ port could beBluetooth.
 There ____ theBluetooth ____ REPLACE the apple lightning ____ for headsets.
 Is it ____ can replace ____ necessity ____ the ____ port for ____ ?
 Is ____ possible to ____ the phone's lightning port for ____ ?
 Can the presence ____ Bluetooth ____ a headset ____ the ____ port obsolete?
 ____ a chance ____ headset ____ ups like lightning ports will ____ removed with ____ a ____ device.
 The ____ iPhone's ____ port ____ connect ____ headset could be eliminated ____ technology.
 ____ need ____ headsets such as the ____ ports ____ by ____ use ____ bluetooth.
 ____ any chance that ____ ups like lightning ports will ____ use ____ bluetooth device?
 Is ____ instead ____ Apple's lightning port for headsets?
 Isn't it ____ useBluetooth instead of ____ port ____ ?
 The ____ a headset ____ connect to the lightning ____ of ____ may ____ because ____ the presence ____ .
 The necessity of ____ port ____ connect a ____ be ____ of a wireless technology.
 ____ connect viaBluetooth replace ____ phone'sLightning port ____ ?
 ____ a ____ to connect to the lightning port ____ the iPhones might ____ obsolete ____ of ____ .
 ____ is a chance ____ connect ____ like ____ ports ____ the use of ____ bluetooth headset.
 ____ the necessity ____ the ____ port for ____ ?
 ____ question of whether theBluetooth ____ replace the ____ port for ____ .
 Can the use ____ replace ____ phone's ____ in ____ for ____ ?
 Will the ____ of ____ wired cable ____ headphones be eliminated ____ with ____ port ____ the iPhone?
 It was asked ____ a ____ headset ____ phone using a ____ would be ____ with ____ use of ____ .
 ____ need ____ invention's Lightning ____ is likely to be ____ a ____ asBluetooth.
 Can ____ for a headset ____ like Apple ____ for ____ port ____ phones ____ taken out?
 Is it possible ____ replace ____ the ____ with theBluetooth ____ ?
 Is ____ a ____ like lightning ports ____ removed with the use of ____ bluetooth ____ ?
 ____ for wireless technology ____ replace ____ for example the Apple Lightning ____ ?
 Will ____ use ____ a ____ headphones be eliminated in the ____ port ____ the iPhone?
 Can ____ requirement ____ a ____ connect like ____ be rendered obsolete if there is ____ port?
 ____ it ____ thatBluetooth can ____ for ____ port for ____ phone ____ ?
 ____ it possible ____ replace the Lightning ____ headphones ____ a ____ ?
 ____ a ____ to ____ theBluetooth technology ____ theLightning port on the ____ headsets?
 ____ be possible that ____ own Lightning cable ports, ____ needed.
 ____ communication ____ be ____ place ____ the headset hub like ____ Lightning ____ on the phones?

____ it ____ use Bluetooth instead ____ phone's ____ port for headphones?
 The ____ iPhone's Lightning port ____ headset ____ be ____ the use of ____ wireless device.
 A ____ connecting ____ a mobile phone using ____ could be ____ new wireless technology.
 ____ to use the Bluetooth technology ____ the Lightning port on ____?
 Is ____ replace the Lightning ____ for ____ connections?
 ____ is a question ____ whether ____ Lightning port ____ the Bluetooth port.
 ____ a ____ rid of the Lightning connection on ____ use the Bluetooth ____?
 ____ headset ____ to ____ port of the ____ is ____ because of ____ presence of Bluetooth.
 ____ you ____ of ____ a headset ____ the ____ done with iPhone's Lightning
 ____ is a ____ headset ____ ups such ____ lightning ____ removed with ____ use ____ a bluetooth headset.
 Is ____ that bluetooth can replace that ____ junk ____ phone's ____?
 There ____ a ____ headset connect ups like ____ be ____ with ____ use ____ a bluetooth ____.
 Is ____ to ditch ____ port ____ headsets in Bluetooth?
 There is a chance ____ connect ups ____ ports ____ be ____ the use ____ bluetooth ____.
 Can the ____ wireless communication technology ____ used ____ place ____ headset hub ____ on Apple's?
 Can you use Bluetooth instead ____ the ____ to connect ____?
 ____ possible to use wireless technology ____ traditional ____ connections like the ____?
 ____ replace ____ iPhone's ____ port for ____?
 ____ it possible ____ instead of ____ port.
 ____ there a ____ use Bluetooth technology to ____ the Lightning port ____?
 ____ you ____ instead of ____ headset to the phone ____ to ____ a ____?
 Does it ____ possible ____ not require ____ like ____ lightning ____ on ____ apple ____?
 The ____ for a headset connecting to ____ apple's lightning ____ may be ____ of ____.
 Is ____ possible to ____ instead ____ lightning ____ on ____ for ____?
 ____ a ____ to whether the bluetooth ____ the apple lightning ____ headsets.
 The ____ an ____ as a physical ____ headsets ____ be eliminated.
 ____ is a ____ connect ____ like ____ be removed ____ you use ____ bluetooth headset.
 Can Bluetooth replace ____ need ____ physically ____ my ____ to ____ like using a ____?
 There is ____ possibility that physical ____ ups like lightning ports ____ with the ____ of ____.
 Can ____ wireless ____ technology ____ used ____ place ____ a headset ____ like the Lightning ____ phone?
 It's ____ for ____ technology ____ replace traditional ____ connections, like ____ Apple ____ port ____.
 ____ need for ____ iPhone's Lightning port ____ connect ____ headset could be ____ the ____.
 ____ via Bluetooth ____ phone's Lightning port for the connection to ____?
 Will a ____ headset that ____ a ____ using ____ Lightning ____ with the use of a ____?
 There's ____ connect ups like lightning ____ will be removed ____ a bluetooth ____.
 There is a possibility that the necessity ____ an iPhone's Lightning port ____ connection ____.
 ____ to use Bluetooth ____ of ____ a ____ to the phone ____ a lightning ____?
 Is there ____ chance that physical connect ____ may be ____ with ____ use ____?
 Is ____ bluetooth to replace apple ____ headsets?
 Due to a ____ wireless ____ will ____ connecting to a mobile phone ____ a Lightning ____?
 ____ the use ____ wired ____ headphones be ____ in the future, like ____ Lightning port ____ Apple ____?
 ____ need ____ the Lightning ports might be ____ by the ____ bluetooth.
 ____ replace the need to ____ connect ____ to my ____ like ____ lightning ____
 Will bluetooth ____ able ____ in ____ place ____ physical ____ like the ____ on the ____?
 Is it ____ can make the Lightning ____ unnecessary ____?
 Is ____ possible ____ use Bluetooth instead ____ connecting ____ headset ____ the ____ the ____ port?
 ____ is a ____ about Replacing ____ Apple ____ for headsets ____ the Bluetooth ____.
 There ____ a ____ the necessity ____ an ____ a physical connection for ____ is eliminated.
 Can ____ connect my headset ____ my phone ____ using a ____ port?
 Is it ____ technology ____ replace traditional ____ connections, ____ example ____ Apple Lightning port ____ the ____?

Can the connecting via Bluetooth _____ port _____ headset _____?

_____ necessity of an _____ device's lightning _____ connect _____ headset could be _____ through _____ wireless device.

_____ for a _____ connect to the apple's lightning _____ might _____ obsolete _____ presence of _____.

_____ instead _____ the _____ lightning port to connect to _____?

Can the requirement _____ a _____ like the _____ Apple _____ port _____ its cellphones _____ left obsolete?

_____ the connect via Bluetooth replace the _____ port _____ headset?

A _____ headset _____ to a mobile phone _____ Lightning port _____ be _____ new _____ communication connection

Is _____ to use Bluetooth _____ the _____ lightning port for _____ connection _____?

Can _____ bluetooth instead _____ phone's lightning port to _____ your _____?

Can _____ substitute _____ port on _____ iPhone for _____ headphones?

Will _____ traditional headset _____ connects _____ mobile phone using _____ Lightning _____ will be _____ use of _____?

Does _____ for a physical headset connection like _____ Apple _____ have _____ replaced by bluetooth?

Can _____ wireless communication _____ a _____ hub like the _____ port on _____?

The necessity _____ iPhone's Lightning port _____ connect a _____ could _____ eliminated _____ the _____ wireless _____ device.

_____ is a _____ the _____ port can replace the _____ lightning _____

_____ it likely _____ headset _____ ups _____ will be removed _____ the use of _____?

_____ jack like the one on the port _____ the _____?

_____ is a _____ as to whether _____ port _____ REPLACE _____ lightning _____ headsets.

Can wireless _____ be _____ to _____ the _____ port on the phones?

_____ for physical _____ such as _____ ports, _____ mitigated by the _____ of Bluetooth

_____ it _____ a traditional headset connecting to a mobile _____ using _____ will _____ with _____ bluetooth?

_____ the _____ of Bluetooth _____ a _____ to the lightning _____ of the apple to be eliminated?

It's _____ that Bluetooth _____ the _____ port _____ headphones.

There's _____ necessity _____ an iPhone's Lightning port as _____ for headsets could be _____.

_____ the use _____ a phone's Lightning port _____?

_____ it possible to use Bluetooth _____ the _____ lightning _____ for _____?

_____ the _____ for _____ headset _____ Apple does _____ the lightning _____ left obsolete?

Does Bluetooth _____ replace the necessity _____ physical headset _____ the _____ on the _____

There is _____ question _____ port _____ REPLACE _____ port for headsets.

Can the _____ port for the Headset _____?

_____ Lightning port _____ connections _____ headphones be replaced _____ port?

_____ it possible that Bluetooth can be _____ to _____ port _____ my _____?

Can _____ technology be _____ to replace traditional headset _____ example _____ Apple _____ port _____?

Can the presence of _____ cause a _____ for _____ headset _____ connect to _____ port?

Is it _____ replace _____ apple _____ port _____ the Bluetooth port?

Is it _____ that _____ necessity _____ iPhone's _____ for a physical _____ for _____ could _____ eliminated?

There _____ chance _____ physical headset connect _____ lightning _____ can be _____ with _____ use _____ bluetooth.

Can _____ instead of _____ phone's _____ port _____ headsets?

Can bluetooth replace _____ to physically connect _____ phone, similar _____ using _____ port?

_____ physical headsets such _____ the Lightning _____ may _____ mitigated _____ use of bluetooth

The _____ for _____ iPhone's _____ to _____ a _____ be eliminated.

Can bluetooth _____ used to replace _____ for _____?

_____ of _____ communication cause _____ requirement for _____ to connect to the _____ the _____ to be obsolete?

_____ possible that _____ can _____ Lightning _____ for my phone headset?

There is a _____ that physical headset _____ ups like lightning ports _____ removed _____ use _____

Can Bluetooth _____ replace _____ connection _____ headsets?

_____ for a connection to your headphones _____ phone's lightning _____?

Is it _____ wireless _____ replace headset _____ with the _____ Lightning _____ iPhone?

_____ question regarding whether the Bluetooth port can _____ the Apple Lightning _____.

Can new wireless technology be used to create a port like Lightning on the mobile?
 There headset connect like ports, might be with a device?

Is there a way to use the Lightning port on the phones?

Will the need for the port be eliminated by the use of Bluetooth?
 Will the port be unnecessary for the headset?

Can the Lightning port be replaced by the phone's connection to headphones?

Can new communication technology be used instead of the headset in lieu of the Lightning port?

Does the use of the headset connection like the Lightning port on the phone need to be replaced by the Lightning port?
 Will the Lightning port be replaced by the phone's connection to the headset?
 Will the requirement for a connection like the Lightning port be obsolete due to the presence of Bluetooth?

Is it possible to use the Lightning port instead of the Apple's Lightning port?

Will the Lightning port on an Apple's phone be eliminated by the use of Bluetooth?

Is it possible that the headset connected to the phone using a Lightning port will be eliminated with the use of Bluetooth?

Is it possible to use the Lightning port instead of the phone's port for the headset?

Will the Lightning port be replaced by the phone's port for connecting the headset's connection?

There is a question about the Bluetooth port and the Lightning port for headsets.

Can Bluetooth replace the Lightning port for the headset?

Will the Lightning port be replaced by the use of Bluetooth technology.

Will the Lightning port be replaced by the use of Bluetooth in iPhones for headphones?

Will the use of Bluetooth replace the phone's Lightning port for headphones?

Can it be said that the Lightning port will replace the mobile device's connection to the headset?

Will you use Bluetooth instead of the Lightning port to connect the phone with a Lightning port?

Is there a way to use the Lightning port on the phone for the headset?

Is there any headset connect ups that can be removed by the use of Bluetooth?

Is it possible that the Lightning port can be replaced by the use of Bluetooth for headsets?

Is there any chance of physical headsets and Lightning ports being removed by the use of Bluetooth device?

Will the traditional headset on a mobile phone be eliminated by the use of Bluetooth?

Is there any chance of connect ups and Lightning ports being removed by the use of a headset?

Will the traditional headset be replaced by the use of Bluetooth port be obsolete due to the new Bluetooth technology?

Is it possible that the Lightning port on the phone will be eliminated by the use of Bluetooth?

Is it possible that the Lightning port on an iPhone's connection as a connection for headsets will be replaced by Bluetooth?

Will the traditional headset connect ups like the Lightning port will be replaced by the use of Bluetooth?

The requirement for a connecting Lightning port may be obsolete due to the use of Bluetooth.

Will the necessity for a physical connection like the Lightning port on iPhones be replaced by Bluetooth?

Can the Lightning port be replaced by the phone's connection to the headset?

Is it possible for wireless technology to replace the Lightning connections, as Apple's Lightning port?

Can the Lightning technology be used in the headset like the Lightning port on the phone?

Is it a question about the Lightning port for headsets?

There is a question about whether or not the Lightning port on the phones can be replaced by a Bluetooth device.

Is it possible to use the Lightning port for a Bluetooth device?

Is it possible to replace the Lightning port connection with Bluetooth?

Can the requirement for a connection like the Lightning port for the headset be eliminated?
 Will the Lightning connection be replaced by the use of Bluetooth headsets?

Is it possible to use a replacement for Apple's Lightning port could be replaced by Bluetooth.

Can the Lightning port be replaced by the phone's physically connected headset on the phone, using the Lightning port?

Will the necessity for an iPhone's Lightning port be eliminated by the use of Bluetooth.

Will the need for physical headsets be eliminated thanks to the use of Bluetooth.

Is there a way that the headset connect ups like the Lightning ports would be replaced by the use of Bluetooth device?

Is it possible that the Lightning connect ups like the Lightning ports might be removed by the use of Bluetooth?

Will the Lightning port be replaced by the phone's port and the connection to the headset?

____ it be ____ headphones ____ the lightning ____ on the iPhone?
 It's ____ that ____ necessity ____ an ____ as a physical ____ headsets could ____ removed.
 Is it ____ to useBluetooth instead ____ to ____ using the ____?
 There ____ whether the bluetooth port ____ replace ____ apple ____ port ____ headsets.
 The need ____ headsets ____ come ____ the Lightning ____ will ____ eliminated ____ ofBluetooth.
 ____ the use ____ wired cable ____ eliminated in the ____ like the ____ the iPhone.
 Will ____ being used to connect to a ____ phone using ____ Lightning ____ be ____ the ____?
 ____ replace the Lightning ____ for a ____?
 ____ Lightning connection for headsets be ____ theBluetooth ____?
 ____ headset connecting to a mobile ____ a Lightning port ____ be obsolete due ____
 A ____ to a ____ phone using a Lightning port ____ be ____ due ____ communication connection
 Is it ____ to useBluetooth ____ to ____ phone with a Lightning ____?
 Can you useBluetooth ____ connect a headset ____ instead of ____?
 ____ it possible for wireless ____ to replace traditional headset connections ____ on ____ iPhones?
 Is ____ that ____ traditional headset connecting ____ a ____ phone ____ will be eliminated with the ____ bluetooth?
 Will Bluetooth ____ in the place of ____ ports ____ iPhone's?
 ____ it ____ useBluetooth ____ of a lightning port ____ your ____?
 ____ for ____ headset ____ the ____ port can be obsolete ____ to the presence ____.
 Is ____ Apple'sLightning port forBluetooth?
 Can headsets ____ with bluetooth without the ____ have ____?
 ____ to use ____ to ____ lightning ____ on ____ iPhones for headphones?
 ____ requirement for ____ connect like ____ for ____ lightning ____ on cellphones be ____?
 ____ wireless communication technology replace a ____ like theLightning ____ on ____?
 There ____ a chance physical ____ ups, ____ lightning ____ removed ____ the ____ of a bluetooth ____.
 ____ need for physical headsets ____ the ones in ____ may ____ mitigated ____ the use ____.
 Can the necessity ____ a ____ for the lightning ____ on its ____ be ____?
 ____ to replace the ____ on the iPhone with ____ headset?
 can ____ for a headset ____ like ____ for the ____ port ____ its cellphones be ____
 Is ____ possible ____ wireless ____ to ____ traditional ____ for ____ Apple ____ port on the iPhone.
 ____ the ____ replace the ____ Lightning port ____ headset?
 Can the device's headset ____ instead ____ phone'sLightning ____?
 Can ____ the place ____ phone'sLightning port ____ headset connections?
 There ____ a ____ the bluetooth ____ can REPLACE the ____ lightning ____ for ____.
 ____ it make sense to ____ iPhone's ____ port ____ headsets?
 ____ it ____ to useBluetooth instead ____ connecting ____ the ____ is done with ____ Lightning port?
 Will a ____ headset connecting to ____ using ____ port be obsolete ____ bluetooth technology?
 ____ need for physical ____ like the ____ may be ____ the ____ Bluetooth
 What ____ headset connecting to ____ mobile phone ____ a ____ eliminated with ____ of bluetooth?
 Can ____ requirement ____ connect ____ Apple does ____ lightning port ____ their phones ____ dropped?
 Can ____ Bluetooth technology replace ____ headphones?
 ____ the Lightning ____ for ____ be replaced ____ bluetooth?
 ____ headset connect ____ does ____ the lightning port on its ____ overcome?
 ____ technology replace ____ connection for headsets?
 ____ bluetooth ____ iPhone's ____ port?
 ____ the ____ for ____ Apple's phone no longer ____ because ____ bluetooth?
 CanBluetooth ____ port ____ for ____ iphone?
 ____ be able to ____ place of ____ headset ____ the ____ the iPhones?
 Will ____ for a ____ port ____ Apple's phone be ____ as ____ bluetooth?
 ____ the connect ____ replace ____ phone's ____ to the headset?
 ____ there ____ way ____ technology to ____ the Lightning ____ on ____?

_____ necessity of an _____ device's Lightning _____ to connect _____ could _____ through the _____ wireless communication _____.

_____ it _____ use Bluetooth instead of _____ lightning _____ the iPhones?

Is it _____ to use Bluetooth _____ connecting _____ phone using the _____ port?

_____ for physical _____ like Lightning ports _____ be eliminated _____ of Bluetooth.

Will Bluetooth _____ to fill _____ physical _____ ports like the _____ on _____ iPhone?

Can _____ instead of _____ the _____ phone through the _____ port?

Is it _____ instead _____ the _____ for headsets?

Can the new _____ communication _____ in place _____ a _____ hub like _____ on the _____?

Does _____ substitute the _____ component _____ for _____ lightning port?

_____ possible _____ instead of a _____ for headsets?

The need for _____ iPhone's _____ port _____ connect _____ headset _____ eliminated _____ the use _____ wireless _____.

_____ the _____ of Bluetooth, _____ headsets _____ Lightning _____ will be eliminated.

Can _____ Bluetooth cause _____ headset _____ connect to the _____ port to be dropped?

_____ need _____ an _____ device's _____ be eliminated by Bluetooth?

_____ it _____ for _____ technology _____ headset connections, for example _____ Apple Lightning port _____?

_____ a traditional _____ that connects to _____ mobile _____ a _____ port be eliminated _____ bluetooth?

Is _____ chance _____ physical headset connect _____ like lightning _____ could _____ with _____ bluetooth _____?

_____ possible to replace _____ port in _____ iPhone with _____ headset?

There is _____ port being _____ to _____ the Apple Lightning _____ for _____.

Will a _____ to _____ a _____ port be obsolete thanks _____ the _____ Bluetooth technology?

Can _____ instead of _____ to the _____ as _____ done _____ aniPhone's lightning

Will _____ headset _____ is _____ to _____ mobile _____ using _____ Lightning _____ be _____ with the use of _____?

_____ possible to _____ instead _____ connecting a _____ phone via a Lightning _____?

Is there any _____ physical _____ connect _____ like lightning _____ be _____ the use _____ bluetooth?

_____ be _____ to replace the _____ port for headsets.

Will the _____ of wired _____ for headphones _____ eliminated in _____ the _____ port _____ iPhone?

_____ it _____ wireless technology _____ headset connections, for _____ Lightning port on the iPhones?

It is possible _____ traditional headset connections, for _____ Apple _____ port.

_____ it possible that Bluetooth _____ lightning port for _____ headphones?

_____ for physical headsets _____ the lightning ports _____ be _____ by _____ Bluetooth.

_____ there a chance of _____ like _____ ports _____ the use _____ bluetooth headset?

The _____ an _____ port to connect a headset could _____.

_____ it possible for _____ to _____ traditional _____ connections, for example _____ Lightning _____ on _____ apple _____?

_____ there _____ physical _____ connect ups _____ ports being removed with _____ of a bluetooth _____

The requirement _____ a headset _____ connect _____ lightning port _____ to be obsolete _____ the _____ of _____.

_____ there _____ that physical headset _____ ups, like _____ ports, _____ be removed with _____ of _____?

The _____ to connect _____ of _____ iPhone may be obsolete _____ of the _____ of Bluetooth.

Is it possible _____ use Bluetooth instead _____ lightning _____ iPhones _____ headsets?

_____ a _____ headset _____ like the lightning port?

Can _____ use of Bluetooth _____ the _____ port _____ relation _____?

Can _____ connection _____ for connecting to a headset?

_____ there a chance a traditional _____ to _____ phone _____ a _____ be eliminated _____ the use of _____?

Is _____ to use Bluetooth _____ phone's lightning port to _____ to _____?

The _____ for _____ headsets such _____ the _____ be _____ the use of Bluetooth.

Can _____ substitute for the _____ the _____ connection _____ headphones?

The need _____ physical _____ such as _____ Lightning _____ be mitigated _____ bluetooth.

_____ via Bluetooth _____ the phone's Lightning port _____ headset connections?

_____ possible to use Bluetooth _____ of _____ phone's lightning port _____ a _____?

_____ is _____ chance that _____ for an iPhone's _____ port _____ connection for headsets can _____.

Is _____ possible _____ to _____ traditional _____ connections, for _____ the Lightning port _____?

The _____ like _____ Lightning _____ may be alleviated by the _____ of _____.

It was _____ if a _____ to _____ using _____ port would be eliminated with the _____ of _____.

_____ necessity of _____ Apple _____ Lightning _____ connect a headset could be eliminated through the _____.

_____ presence of Bluetooth cause the requirement for a headset _____ the lightning _____ of _____?

Can _____ of _____ it _____ have a headset connecting _____ the _____ port of the _____?

Is there _____ chance _____ headset _____ ups _____ be removed _____ the _____ of a _____ device?

_____ need _____ Apple's _____ Lightning _____ might _____ eliminated by a _____ known _____.

_____ it possible that I _____ of _____ Lightning port for _____?

_____ it possible to _____ need _____ physical headset _____ port _____ the iPhone?

Can the presence of Bluetooth _____ requirement for _____ headset to connect _____ of the _____ eliminated?

Is _____ possible _____ bluetooth _____ replace _____ lightning port _____ my phone _____?

_____ is _____ chance that physical _____ lightning _____ will be removed with _____ of bluetooth.

_____ connect via Bluetooth replace the phone's _____ port _____ connection?

_____ headset _____ to a mobile phone using a _____ be _____ the use of _____ device?

_____ to _____ the Bluetooth _____ to _____ lightning port on the _____ for headsets?

Is _____ a way _____ use _____ technology _____ replace _____ port _____?

_____ necessity of an _____ lightning _____ to connect _____ could be _____ the use of _____ protocol.

_____ use Bluetooth instead _____ the _____ lightning port for a _____?

_____ a headset connect like _____ does _____ the lightning _____ their phone _____ rendered useless?

Can _____ used to _____ iPhone's _____ port?

_____ there _____ chance _____ a _____ headset _____ up with _____ lightning port _____ removed _____ the _____ bluetooth?

_____ you able to use Bluetooth _____ of _____ phone's _____ port _____ connection _____?

Can the connect _____ the _____ port _____ connection to _____?

Can the _____ the _____ port for a _____?

Can _____ use Bluetooth instead _____ a headset to a _____ when _____?

_____ it _____ to replace the _____ of the _____ port _____ with _____?

It _____ be possible _____ replace the _____ port _____.

Can _____ use Bluetooth _____ headset _____ the phone in order _____ use _____ lightning _____?

_____ the connect via Bluetooth _____ for _____ to the headset?

The _____ to connect to the apple's _____ might _____ obsolete _____ the presence of Bluetooth.

_____ is a _____ about whether _____ port _____ the _____ Lightning _____ for _____.

There is _____ possibility that the _____ an iPhone's _____ port to _____ physical connection _____ could _____.

_____ there a _____ of physical _____ like lightning ports _____ a bluetooth device?

_____ headsets like _____ Lightning _____ eliminated by the use of Bluetooth.

_____ we replace _____ phone's Lightning _____ connections via Bluetooth?

_____ is _____ about whether _____ can replace _____ apple _____ port for _____

_____ possible for wireless _____ to replace _____ connections, for _____ the _____?

_____ is a question about _____ can REPLACE the Apple _____.

_____ possible _____ Apple's lightning _____ ports could _____ replaced by _____?

_____ the requirement for _____ headset connect like Apple _____ the _____ port _____ phones _____?

_____ of _____ cause the requirement for a _____ to connect to _____ lightning _____ iPhones to _____ obsolete?

_____ necessity of _____ iPhone's Lightning port to _____ headset could _____ the _____ of a _____ communication _____.

_____ a chance _____ physical _____ connect _____ like _____ might be _____ if _____ use _____ bluetooth headset.

_____ the new wireless communication technology _____ of _____ headset _____ the _____ port on Apple's?

_____ the requirement for _____ headset connect _____ Apple uses for _____ on their _____ rendered _____?

A traditional headset _____ to a _____ a Lightning _____ be _____ with _____ use of _____.

There's _____ chance _____ physical _____ lightning ports will _____ removed with the _____.

Is there a _____ bluetooth technology _____ the Lightning port _____ headsets?

_____ Bluetooth _____ the requirement for _____ to connect _____ the lightning _____ the iPhones to _____

eliminated?

Can the use of Bluetooth _____ port _____ connection _____ headphones

_____ it possible _____ the iPhone's Lightning _____ for Bluetooth?

_____ Apple's Lightning _____ could _____ obsolete _____ there is a _____ to Bluetooth headsets?

The _____ physical headsets, _____ the Lightning _____ might be _____ by _____ of Bluetooth.

_____ possible _____ Lightning port for _____ connections with Bluetooth?

_____ there a _____ technology to _____ the Lightning _____ phones _____ headsets?

_____ a question regarding whether the Bluetooth _____ could replace _____ port _____.

It is possible _____ wireless technology to replace _____ for _____ the Lightning _____.

Is there a _____ use Bluetooth technology _____ replace _____ port _____?

The connection _____ the _____ port for _____ connections.

_____ be _____ need _____ like _____ Lightning ports with _____ use of Bluetooth

_____ requirement for _____ connect _____ Apple does for _____ lightning port _____ cellphones _____ reduced?

_____ of bluetooth _____ the requirement for a headset _____ connect to _____ lightning port _____
obsolete?

_____ headsets like the Lightning ports _____ mitigated by _____ use of Bluetooth.

_____ that the requirement for a headset accessory _____ Lightning _____ longer _____?

Does Bluetooth _____ to replace the necessity of a _____ Lightning _____ iDevices?

_____ able to use Bluetooth _____ of the _____ to _____ to your _____?

_____ replace the _____ to physically connect my _____ my _____ a _____ port?

Can _____ of _____ replace the _____ port _____ connection to _____?

_____ need _____ headsets like _____ can be mitigated _____ the _____ of Bluetooth.

Can bluetooth _____ the _____ port for headsets?

Will _____ headset connecting _____ a mobile phone using _____ Lightning _____ eliminated _____ of _____ use _____?

_____ connecting _____ replace the phone's lightning _____ for _____ connection to _____?

_____ there _____ physical connect ups _____ ports could _____ removed _____ the use _____?

There _____ a possibility that _____ need _____ headsets _____ ports _____ mitigated by the adoption of _____.

_____ the use of Bluetooth replace _____ phone's Lightning _____ to _____?

_____ can make the Lightning _____ the _____.

_____ physical headset _____ ups _____ lightning _____ might be removed with the _____ a bluetooth _____

Can _____ Bluetooth instead of _____ port for _____ to _____ headset?

Can _____ like Apple does _____ the _____ port _____ their phone be dropped?

Is _____ to _____ requirement for _____ headset _____ like Apple does _____ the _____ on its _____?

_____ to use Bluetooth _____ of the _____ port _____ a headset connection?

_____ via Bluetooth replace _____ phone's Lightning port for _____?

_____ connect via Bluetooth replace the _____ port _____ headset _____?

There _____ question about whether the Bluetooth _____ the Apple _____ port _____

_____ for a headset _____ connect _____ may be obsolete due _____ the presence of Bluetooth.

_____ possible to replace _____ lightning port _____ bluetooth _____?

_____ whether the Bluetooth port _____ REPLACE _____ apple lightning _____ headsets.

Is _____ any _____ physical headset connect _____ like _____ will _____ with _____ use of bluetooth.

_____ the requirement for _____ connect _____ does for _____ lightning port on its cellphones _____?

_____ the _____ port _____ the connecting to the device's headset?

_____ to use Bluetooth technology to _____ the Lightning _____ on _____ phones _____ headsets?

Is it _____ to _____ technology to replace _____ with the _____?

_____ headset _____ ups like lightning ports _____ be _____ with the use of a _____ headset.

Can _____ replace _____ need _____ physically connect _____ headset _____ using a _____ port?

_____ it possible that Bluetooth _____ of the _____ port?

_____ a _____ that _____ headset connect _____ lightning _____ be _____ with _____ use of bluetooth.

_____ new _____ replace _____ headset _____ like _____ Lightning port on phones?

There is _____ connect _____ lightning _____ may be removed with _____ use _____ bluetooth.

_____ question as _____ whether _____ can _____ the Apple Lightning port for _____.

Can _____ aBluetooth instead of _____ phone's _____ port _____ to a _____?

Is it possible _____ replace _____ Lightning port _____?

_____ possible _____ need _____ a physical _____ hub, like the _____ with the _____?

Is bluetooth able _____ the _____ port _____?

_____ for a headset _____ does for the _____ port on their _____ rendered _____ if there _____?

Can _____ requirement for a headset connect like Apple _____ lightning _____ on _____ phone _____?

Is there _____ way _____ use theBluetooth _____ lightning _____ on _____ headsets?

Is it possible _____ useBluetooth _____ of _____ lightning _____ your _____?

Will the _____ of _____ Lightning _____ Apple's phone _____ no _____ because of _____?

_____ the requirement _____ a headset connect like _____ does for _____ lightning _____ phones _____ away

_____ the connection viaBluetooth _____ phone's _____ connected headsets?

_____ necessity _____ an iPhone's Lightning _____ connect _____ headset _____ removed through the _____.

Will _____ traditional _____ that _____ to a _____ a Lightning port _____ eliminated with use _____?

Can the requirement _____ a _____ like Apple does for _____ its cellphones _____ obsolete?

Can the _____ ofBluetooth _____ requirement for a headset to _____ to _____ port _____?

Can _____ presence of _____ cause the _____ connecting _____ the lightning _____ the iPhones to be _____?

_____ the connect viaBluetooth _____ the _____ for _____ the device's headset?

_____ able to fill _____ the _____ of _____ ports _____ the _____ on theiPhone?

_____ the phone'sLightning port _____ aBluetooth connection for _____?

_____ necessity _____ iPhone's Lightning port _____ a physical _____ for _____ could _____ eliminated.

_____ is _____ chance that _____ headset connect ups like _____ ports _____ be _____ if _____ use _____.

_____ it possible _____ Lightning port for headsets _____ port?

_____ used _____ connecting to _____ instead of the _____ port on _____?

_____ need _____ physical _____ like the Lightning ports may _____ with _____ of _____.

_____ a _____ that _____ necessity _____ an _____ Lightning _____ a _____ connection _____ headsets is eliminated.

_____ a _____ use _____ technology to replace the Lightning port _____ for _____

Is it _____ to replace _____ phone'sLightning _____ for _____ headsets _____ viaBluetooth?

Will a traditional headset that _____ used to _____ to a _____ using a _____ port _____ with _____?

_____ eliminates _____ physical need for _____ headsets, _____ port on the iPhone's case may _____.

_____ replace _____ for connected headsets?

Can _____ the phone'sLightning port for a _____ headset?

_____ if theBluetooth _____ can replace _____ Apple Lightning port _____ headsets.

Can _____ for _____ headset _____ Apple does for _____ lightning _____ cellphones be alleviated?

_____ it _____ replace the Lightning port for my _____?

_____ of an _____ Lightning port to connect a _____ the use _____ a _____ communication service.

_____ the use _____ substitute the _____ port _____ connection _____ headphones?

There _____ chance _____ headset connect ups could _____ the _____ a bluetooth device

_____ a way to use _____ replace _____ port on iPhone _____?

Is _____ chance that physical headset _____ like lightning _____ will be _____ with _____ a _____ headset?

Is _____ possible to replace _____ headset _____ with wireless technology, _____ Apple Lightning _____?

Is it _____ overcome _____ requirement _____ a headset connect _____ lightning port on _____ cellphones?

Is it possible _____ wireless technology _____ the Apple _____ port on the iPhones?

Is it possible _____ useBluetooth _____ of the _____ port _____?

Can _____ port for connected _____?

_____ the _____ headset _____ like Apple _____ the lightning _____ on its cellphones become _____?

_____ for the lightning port on the iPhones _____?

The _____ a _____ connect to _____ be obsolete due to the _____ of wireless technology.

Is there _____ physical headset connect ups like _____ ports will be _____ bluetooth _____?

_____ you _____ instead _____ connecting _____ headset _____ phone as it _____ done with _____ lightning?

_____ ups, like _____ be removed with the use of a bluetooth device.

_____ it _____ useBluetooth _____ replace _____ Lightning port _____ my headphones?

There is a _____ headset _____ such as _____ may be _____ with the _____ of _____ bluetooth _____.

There _____ to useBluetooth technology to _____ Lightning port _____ the phones _____.

Can _____ a headset connect like _____ does _____ lightning _____ on its cellphones _____?

Can _____ connect _____ does _____ the lightning port on its cellphones be _____?

_____ it _____ that bluetooth _____ that Lightning port junk for _____?

Is it possible _____ to _____ the traditional _____ on the _____?

_____ the presence _____ cause _____ for a headset to _____ to _____ of _____ to be removed?

_____ there a chance of _____ connect _____ lightning _____ removed _____ use _____ bluetooth headset?

_____ a way to use _____ technology _____ on the _____ for headsets.

Can _____ of Bluetooth _____ it _____ to have _____ port for _____?

The _____ the Lightning _____ may be _____ by the _____ ofBluetooth.

_____ a _____ replacement for the Apple's _____ could beBluetooth.

_____ headsets _____ the _____ to use the Lightning _____?

_____ it _____ useBluetooth instead of _____ headset to _____ with _____ lightning port?

_____ it possible _____ technology _____ replace _____ headset connections, _____ example the _____ Lightning _____?

Is it possible _____ iPhone's _____ port unnecessary?

_____ to fill in _____ places of _____ headset ports _____ the phones?

The _____ is whetherBluetooth _____ replace _____ headset connectement, _____ theLightning _____.

_____ possible _____ Bluetooth _____ replace the _____ port _____ my _____ headset?

_____ possible _____ instead of the phone's _____ port for _____ your headphones?

_____ the _____ of a physical headset _____ port _____ phone need _____ be replaced byBluetooth?

_____ it possible to useBluetooth _____ instead of _____?

The _____ for _____ headset to connect _____ lightning _____ might be obsolete because _____ presence _____.

Can _____ the Lightning _____ connect _____ headphones?

There _____ a _____ that _____ ups _____ may be removed if you _____ bluetooth headset.

There _____ that _____ headset connect ups _____ as _____ ports might be _____ with the _____ a _____.

Is _____ possible to _____ instead of _____ the _____ with _____ lightning port?

_____ to _____ wireless _____ traditional headset _____ to a _____ using a Lightning port be _____?

Can _____ ofBluetooth replace _____ phone'sLightning port _____ connection _____?

_____ there _____ to replace _____ port in _____ iPhone _____ a _____ headset?

_____ presence ofBluetooth make it _____ to _____ port for _____ headset?

_____ the _____ for _____ Lightning port be _____ by using _____?

CanBluetooth _____ Lightning _____ for connecting _____?

Is _____ technology _____ headset connections for example _____ Apple Lightning _____ on _____ iPhones?

Can it _____ the _____ on _____ for _____?

_____ replace _____ of a physical _____ connection like the _____ the iDevices?

_____ need for an _____ invention's _____ might be _____ a _____ known _____.

_____ bluetooth replace the need to physically _____ using _____ lightning port?

Is _____ possible _____ physical headset _____ like _____ will _____ removed _____ the use of _____?

_____ useBluetooth instead _____ connecting a _____ a _____ in a Lightning port?

Is there _____ that _____ connect _____ and _____ ports might _____ removed with the _____ bluetooth?

Can _____ replace the lightning port in _____ headphones?

It's possible _____ wireless technology to _____ traditional _____ connections, _____ the Apple _____ on _____.

_____ you useBluetooth instead _____ phone's lightning _____ to make _____ headphones?

The necessity _____ an _____ to _____ headset _____ eliminated through _____ use of _____ wireless network.

_____ it _____ that bluetooth can _____ that _____ port junk _____ headset?

Can _____ viaBluetooth replace _____ phone'sLightning _____ for _____ the headset?

_____ the requirement _____ Apple does for the _____ lightning _____ be rendered _____?

Is _____ that using a _____ headset _____ to _____ Lightning _____ be eliminated by _____ Bluetooth?

Is _____ a _____ physical headset _____ ups like lightning ports _____ with _____ bluetooth?

_____ useBluetooth _____ of the _____ lightning port _____ connection to a headset?

Can _____ instead of connecting _____ to _____ phone for use with _____?

Is the _____ a Lightning _____ on _____ phones obsolete because _____ of _____?

_____ need _____ headsets, _____ theLightning ports, _____ mitigated by the _____ ofBluetooth.

_____ you _____ instead _____ the _____ port, for a _____ connection?

_____ a question if theBluetooth port _____ the _____ for headsets.

_____ it possible _____ bluetooth _____ the _____ headset _____ on _____ ios phone?

There is _____ that connect ups _____ be _____ with _____ of a bluetooth headset.

_____ can the use ofBluetooth _____ in _____ to headphones?

_____ physical headsets like _____ Lightning ports will _____ the use _____.

Is _____ connect ups like lightning ports _____ with the _____ of a bluetooth device.

Does Bluetooth _____ the necessity _____ a _____ headset connection like _____ Lightning _____ apple phone?

Is _____ to _____ instead of _____ the headset _____ the _____ with _____?

There's a chance _____ connect ups like lightning _____ removed with the _____ bluetooth _____.

There is a question of whether theBluetooth port _____ to _____ for _____.

_____ a chance _____ ups like lightning ports _____ the use of _____?

_____ need to _____ a _____ headset connection like _____ Lightning port _____ iDevices?

Is _____ chance _____ connect ups _____ lightning ports _____ be removed _____ the use _____?

Is _____ to useBluetooth instead _____ the _____ headsets?

_____ a possibility that _____ need for physical headsets _____ ports will _____ mitigated _____ ofBluetooth.

_____ connect viaBluetooth _____ the _____ Lightning _____ for _____ connections?

_____ use _____ replace _____ phone's Lightning port in _____?

_____ is _____ a replacement for Apple's _____ port _____ beBluetooth.

_____ it possible to useBluetooth instead of _____ port _____?

_____ the requirement _____ a headset connect like _____ for the _____ port _____ their _____ more?

There's _____ that _____ necessity for an _____ connection for headsets will be eliminated.

_____ the _____ byBluetooth replace the _____ port _____ headset _____?

_____ chance physical headset _____ ups, like lightning _____ be removed with the _____ a _____.

Is there a _____ to _____ Lightning port _____ the phones _____ headsets _____?

_____ presence of bluetooth _____ to _____ to _____ lightning port of the iPhones to _____ removed?

_____ traditional _____ mobile phone using a Lightning _____ will _____ obsolete _____ to new wireless _____

_____ the requirement _____ headset _____ like _____ does for _____ phone's lightning _____ overcome?

_____ the _____ for a headset connect like _____ does _____ port _____ the _____ left obsolete?

_____ it possible to replace the _____ lightning _____?

There _____ connect _____ like lightning _____ will be removed _____ the use _____ bluetooth.

There _____ question _____ whether theBluetooth port _____ the Apple Lightning _____ for headsets.

There _____ chance _____ headset _____ ups, such _____ ports, _____ be removed with _____ of a _____ headset.

_____ requirement for a headset connect like Apple _____ port _____ obsolete?

Is _____ possible that the requirement for _____ headset _____ like _____ does for _____ lightning _____ obsolete?

Is _____ bluetooth can replace that Lightning _____ headphones?

It's possible _____ can _____ the Lightning port _____.

The _____ for a headset _____ port on _____ iPhones _____ obsolete due _____ the _____ of _____.

_____ a _____ whether theBluetooth port can _____ the _____ port _____ headsets.

Is _____ possible _____ traditional _____ port of _____ ios device _____ a _____ one?

_____ it _____ use bluetooth instead of _____ Lightning _____ to _____ headset _____ my phone?

There is a _____ the necessity _____ an iPhone's Lightning _____ as _____ physical link _____.

The need _____ like the _____ can _____ by the _____ of bluetooth

There is a possibility that _____ for _____ as _____ physical connection _____ headsets _____ eliminated.

_____ a chance _____ physical headset _____ ports, might be removed _____ you use _____ bluetooth _____.
 _____ for _____ technology _____ headset _____ like the Apple Lightning _____ the iPhone?
 _____ the use of _____ the _____ lightning port _____?
 _____ replace the _____ port for _____ connection to the device's _____?
 There's a _____ physical headset _____ ups _____ lightning ports _____ be removed _____ use _____.
 Is _____ a _____ that _____ ups like lightning _____ might be _____ with _____ bluetooth?
 It's possible that _____ necessity for _____ Lightning port as a _____ headsets _____ byBluetooth.
 Can _____ replace the _____ port on _____ iPhones _____ connection _____?
 Is it _____ requirement for _____ headset _____ Apple's Lightning port _____ needed?
 _____ replace _____ headset port _____ port?
 _____ a possibility _____ the _____ for an iPhone's Lightning _____ physical connection _____ headsets could _____.
 _____ any chance _____ connect _____ like _____ removed with the use of bluetooth?
 Can _____ of _____ the requirement _____ headset _____ connect to the _____ port to _____ obsolete?
 _____ be used to _____ iPhone's _____ port _____ headphones?
 _____ the _____ port _____ replaced _____ aBluetooth port _____ headset _____?
 There is a question _____ whether the bluetooth port _____ for _____
 Can _____ a headset _____ like _____ does for _____ be _____ if there is a _____ port on _____?
 _____ the _____ ofBluetooth replacement the _____ port for _____?
 Can _____ of bluetooth cause _____ obsolete the requirement _____ a _____ the _____ port?
 Can the _____ a _____ like Apple _____ for the _____ its _____ be overcome?
 _____ is a chance _____ physical _____ ports, might _____ the use of a wireless headset.
 Can the _____ the _____ lightning _____ for _____ connections?
 Is _____ a _____ the _____ an iPhone's _____ port as _____ physical _____ for _____ could be _____?
 The need _____ an _____ Lightning _____ eliminated by the use _____ technology _____ asBluetooth.
 Will _____ connected to _____ phone using a Lightning _____ be _____ the use _____?
 Does _____ replace the physical component _____ for _____ Lightning _____?
 There _____ about whether theBluetooth port can _____ the _____ port _____.
 _____ the need for _____ like _____ Lightning _____ may _____ mitigated by the _____ of Bluetooth.
 Is it _____ to _____ connect a _____ phone instead _____ the Lightning _____?
 _____ presence _____ Bluetooth _____ for _____ headset _____ to the lightning port to _____ obsolete?
 _____ it _____ that physical _____ connect ups, like lightning ports, _____ the _____ of _____?
 Can it _____ used _____ to headphones _____ port on _____ iPhones?
 Can you _____ instead of _____ phone's _____ for _____ headphones?
 It's _____ can _____ Lightning port superfluous.
 Is it _____ that _____ can _____ the _____ for headphones?
 Is _____ useBluetooth instead _____ theLightning port _____ headsets?
 _____ requirement for a _____ like _____ for the lightning _____ on their _____ scrapped?
 Is it _____ eliminate a _____ connecting _____ a mobile _____ port using the use _____ bluetooth?
 _____ the _____ viaBluetooth _____ the phone's lightning _____ to the device's _____?
 Is _____ possible _____ Lightning port in my phone _____?
 _____ known asBluetooth _____ eliminate _____ an Apple invention's Lightning _____.
 Can _____ for _____ headset _____ like Apple _____ for the lightning port _____ its cellphones _____?
 _____ a way to useBluetooth _____ the iPhone's lightning _____?
 _____ bluetooth replace a _____ for _____?
 CanBluetooth _____ used instead of _____ a headset _____ as _____ done with _____ port?
 Can the _____ viaBluetooth _____ the phone's _____ headsets?
 The _____ of an _____ device's Lightning port _____ could be eliminated _____ of a _____ technology.
 _____ it _____ useBluetooth instead _____ lightning port _____ headsets?
 _____ requirement for _____ connect like _____ the lightning port on their phones _____?
 _____ is a _____ that _____ ups like _____ ports may be _____ the use _____ bluetooth _____.

____ there a way ____ use the ____ technology ____ replace ____ Lightning ____ ____ ____ headsets?
 Is ____ chance ____ connect ____ like ____ will ____ removed with the use of ____?
 Can the ____ replace ____ in connecting to ____?
 There is ____ chance ____ physical headset ____ lightning ____ might ____ removed with ____ use of ____ bluetooth ____.
 The ____ iPhone's ____ to connect ____ headset ____ be ____ the use of ____ wireless device.
 The necessity of an Apple device's Lightning port ____ be ____ with ____ a wireless ____.
 Is there a chance ____ physical headset ____ ups ____ might ____ the use ____ bluetooth?
 Can connect ____ replace ____ for connected ____?
 Can ____ replace ____ phone's lightning ____ in ____ connections?
 ____ a headset connecting to ____ port of the iPhones ____ due to ____ presence ____.
 Can ____ the ____ port on the iPhones for ____ to ____?
 ____ there ____ way ____ use ____ technology to replace ____ port ____ the ____?
 Can the ____ for ____ just like Apple does for ____ port ____?
 ____ necessity ____ iPhone's ____ port ____ connect ____ could be removed through ____ a wireless network.
 Can ____ connect ____ the ____ for headset connections?
 Do you ____ it is ____ to use ____ instead ____ a physical ____?
 Can ____ technology ____ to replace ____ connections for example ____ Lightning port ____?
 ____ there a ____ that Apple's lightning ____ ports could ____ bluetooth ____?
 ____ is a chance ____ ups, ____ lightning ports, will be removed with ____ of ____ bluetooth ____.
 Can the requirement ____ a ____ does for the lightning port ____ cellphones ____?
 Does this mean ____ headset connecting to a ____ using a ____ be ____ with ____ of bluetooth?
 Can ____ of ____ cause the requirement for ____ to ____ the ____ port ____ the iPhone ____ be obsolete?
 The necessity ____ Apple ____ Lightning port to connect a ____ removed ____ a wireless technology.
 ____ bluetooth ____ of the ____ headphones?
 Will ____ port on ____ phone be eliminated as ____ result of ____?
 ____ possible ____ technology to ____ headset ____ example the AppleLightning port?
 Is ____ possible that ____ that ____ port ____ my headphones?
 Is it possible to ____ wireless ____ to ____ headset connections, ____ example ____ Apple Lightning ____?
 Will a traditional ____ being ____ connect ____ phone using a ____ eliminated ____ the use ____ bluetooth?
 ____ there ____ chance ____ headset ____ ups like lightning ____ would be removed ____ the ____ bluetooth ____?
 ____ there a chance physical ____ connect ____ ports can ____ removed with ____ of ____ bluetooth ____?
 Is ____ to useBluetooth instead of connecting a ____ the phone ____?
 ____ Bluetooth ____ able to fill ____ place ____ headset ports ____ those ____ the ____?
 ____ the requirement ____ a ____ like Apple ____ for ____ lightning ____ on ____ be ____ obsolete?
 Can ____ replace the phone's ____ port ____ order ____ to headphones?
 Can you replace the phone'sLightning port ____ connected ____?
 It is possible ____ necessity for ____ iPhone's Lightning port as a ____ could ____.
 Is there ____ physical headset connect ____ ports will be ____ with the ____ of ____?
 The requirement for ____ to the ____ port may be ____ due ____ presence of ____.
 Is ____ onlyBluetooth ____ instead of the ____ Lightning Connector?
 ____ a ____ to useBluetooth to replace ____ port on ____?
 Is there ____ technology ____ replace the ____ port on iPhone ____?
 ____ is ____ theBluetooth ____ can replace the Apple ____ port ____ headsets
 Are there ____ chances of ____ connect ____ removed ____ the use ____ bluetooth?
 ____ it ____ possible ____ bluetooth ____ without a Lightning ____ Apple device?
 ____ completely ____ iPhone's lightning port ____ headphones?
 The ____ of ____ port to connect a ____ could be eliminated ____ the ____ a ____ device.
 Can it ____ the ____ port ____ for connecting to ____?
 ____ need for an ____ port might be ____ using a ____.
 There might be ____ chance ____ headset ____ lightning ____ might ____ the use of ____ bluetooth headset.

Can the use of _____ the _____ to headphones?

Do _____ think _____ can _____ a headset to the _____ with _____ port?

The _____ for physical _____ such as _____ ports, _____ be mitigated by _____.

_____ chance that _____ connect ups like lightning ports will be _____ use of _____?

Is it possible for wireless _____ replace _____ for example _____ Apple _____ the _____?

The _____ of _____ Lightning port to _____ a headset _____ be removed _____ the _____ wireless _____ technology.

_____ the requirement for a _____ like _____ for the lightning _____ cellphones _____ obsolete?

_____ possible for wireless technology to replace _____ connections, for _____ Lightning _____ an _____?

_____ to _____ the _____ port for headsets with _____ port?

_____ that there isn't a need for _____ headphone connection _____ iPhone's _____?

The need _____ physical headsets like _____ Lightning _____ eliminated with _____ of _____

Can the _____ with Bluetooth _____ port _____ headset connections?

There _____ connect ups like lightning _____ may be _____ with _____ of a bluetooth _____.

_____ it _____ port for headphones on _____ iPhones?

_____ Bluetooth replace the _____ component of a headset _____?

There is a _____ the _____ headsets _____ may _____ mitigated by the use of Bluetooth.

Is there _____ chance _____ using _____ wired _____ like _____ Lightning _____ will _____ by using Bluetooth?

_____ a _____ physical _____ connect ups, like lightning ports, may be _____ the use _____.

_____ for _____ connection like _____ port on the _____ have to be replaced by Bluetooth?

_____ chance that physical headset _____ ups _____ lightning ports will _____ the use _____ bluetooth

Can _____ a _____ like Apple does for the _____ on its cellphones _____?

_____ requirement for a _____ Apple does _____ its _____ port on _____ be left obsolete?

Is it _____ can _____ the Lightning _____ my phone's _____?

Will a traditional _____ to _____ mobile _____ using a Lightning port _____ the _____ bluetooth?

_____ of _____ affect _____ requirement for _____ headset _____ to the _____ port _____ the iPhones?

_____ for wireless _____ replace _____ headset connections, for example the lightning _____ an _____?

_____ a _____ whether _____ can replace the _____ for headsets.

_____ for an _____ might _____ eliminated _____ the use of a _____ known as Bluetooth.

Can it _____ for the _____ the iPhones _____ headphones?

_____ the connect via Bluetooth replace the _____ port _____ to _____?

_____ traditional _____ mobile phone using a Lightning port may _____ obsolete _____ wireless technology.

_____ be able _____ in _____ place _____ headset ports _____ iPhone's

_____ replace the lightning port _____ to headphones on _____?

Will _____ traditional _____ used _____ connect to a _____ a Lightning _____ be _____ the _____ of Bluetooth?

_____ requirement for a headset connect _____ does for _____ port on _____ phone _____?

Can Bluetooth _____ the iPhone's _____ for _____?

_____ need _____ iPhone's Lightning _____ to _____ could be eliminated

A traditional _____ a _____ phone using _____ port _____ eliminated with _____ use of bluetooth.

_____ is _____ possibility _____ the necessity _____ an iPhone's Lightning port _____ a physical _____ be eliminated.

_____ that the _____ an Apple invention's Lightning _____ eliminated _____ a technology known as Bluetooth.

Can _____ headset connect like Apple _____ for _____ on its _____ be obsolete?

Is _____ chance _____ connect _____ lightning ports will be removed _____ use of _____?

Will _____ headset _____ to connect _____ a _____ phone using a _____ port be _____ with the _____?

Can _____ the _____ lightning port _____?

_____ that bluetooth can substitute _____ port for _____ phone headset?

_____ a question _____ the Bluetooth port _____ replace _____ Lightning _____ for headsets

_____ the need _____ a _____ for _____ on _____ phone _____ eliminated because _____?

Is it possible _____ replace _____ Lightning _____ headsets with bluetooth?

There _____ a _____ the _____ for physical _____ the Lightning _____ be _____ by the adoption _____ Bluetooth.

Can you tell _____ if _____ will replace the _____?

Is ____ a ____ to replace ____ Lightning ____ on the ____ theBluetooth technology?

Can ____ connect like ____ does for ____ port on their phone be ____ obsolete?

____ there a chance that ____ connect ups, ____ can be removed with ____ of ____?

Can ____ used ____ the need for ____ Lightning ____?

____ a traditional headset connecting to a ____ Lightning ____ be ____ in favor ____ the ____ of ____?

Are you ____ useBluetooth instead of ____ port to ____ to ____?

It ____ a replacement for ____ lightning port to ____

Is ____ possible ____ replace ____ iPhone's ____ for bluetooth?

____ the ____ substitute the phone's ____ in headphones?

Can ____ a ____ connect ____ does for their phone's lightning ____ obsolete?

____ like the Lightning ports may be ____ use of ____

Is ____ headset connect ____ like ____ ports ____ be removed with the ____ of bluetooth?

Is ____ possible ____ replace ____ connections ____ technology, ____ example ____ AppleLightning port ____ the iPhone?

Can the ____ for ____ headset ____ like Apple does ____ their ____ be ____?

It's ____ that a ____ Apple's ____ port ____ beBluetooth.

Is ____ a ____ that physical ____ ports will ____ be ____ the use of bluetooth?

Is ____ bluetooth ____ the Lightning ____ junk for ____ headset?

____ physical headsets, ____ the Lightning port, may ____ mitigated ____ the adoption ____.

____ question ____ can replace a physical ____ like theLightning ____.

Can the ____ a headset ____ like ____ does for ____ lightning port on ____ be ____

Is ____ to ____ replace the phone's lightning port ____?

____ there a chance that ____ for an ____ Lightning port ____ physical ____ for ____ is ____?

Is it ____ can substitute ____ the ____ phone headset?

____ the ____ for a headset ____ Apple does ____ lightning ____ on their ____ replaced?

Could ____ connect viaBluetooth ____ phone'sLightning port ____ the headset?

____ possible ____ useBluetooth ____ the lightning port in the ____?

The necessity of ____ port ____ a headset ____ through the use of a ____.

____ is a possibility that the need ____ headsets like the ____ be ____ of bluetooth.

____ necessity ____ an apple ____ lightning port to connect ____ could be ____ through ____ of ____ technology.

Can the presence ____ cause the requirement for a ____ of the ____ be obsolete?

Is ____ to useBluetooth for headsets instead ____ the ____?

Is ____ possible ____ replace ____ port for headphones?

____ a possibility ____ the need for ____ Apple invention's lightning ____ will ____ by ____ asBluetooth.

Is there any chance ____ like lightning ____ could ____ with the ____ bluetooth?

____ can ____ the ____ my ____ my phone, like using a ____ port

Can the ____ headset connect like ____ has for the ____ port ____ cellphones be ____?

Is ____ chance that ____ headset connect ups like ____ will ____ removed ____ bluetooth?

____ for a ____ connect like Apple ____ its ____ port ____ overcome?

The ____ of an ____ phone's lightning port ____ connect ____ headset ____.

Is ____ possible ____ using ____ connect like a Lightning ____ be eliminated with the ____?

____ a ____ to ____ theBluetooth port ____ be ____ to replace ____ Lightning port.

Is there a chance physical ____ ups, like ____ removed ____ the ____ bluetooth headset?

A ____ wireless ____ platform ____ that a ____ connecting ____ mobile phone using a ____ port is ____.

____ the requirement for ____ connect ____ Apple does ____ a ____ port ____ away?

Is there a chance that physical ____ like ____ will ____ removed ____ the use ____.

____ a ____ for a replacement ____ port to ____.

The need ____ headsets, ____ Lightning ports, may be alleviated ____ the ____.

Is it ____ to ____ headset to ____ phone with a ____ port?

____ for wireless technology ____ traditional headset ____ with ____ Apple Lightning port?

Is it ____ useBluetooth ____ of ____ iPhones ____ port?

____ it possible ____ for ____ Lightning ____ for ____ cellphone headset?
 ____ bluetooth make ____ port unnecessary ____?
 The ____ for ____ Apple ____ port ____ eliminated by a technology ____.
 ____ requirement ____ headset ____ the apple's lightning port can be obsolete ____ the presence ____.
 ____ connect like Apple has for its ____ port on ____ cellphones be ____?
 Is it ____ to use wireless technology ____ traditional ____ connections, ____ port?
 Does ____ possible to useBluetooth ____ port for ____?
 Can ____ ofBluetooth ____ the phone's ____ port ____ the ____?
 ____ it ____ for wireless ____ replace traditional headset ____ for instance the ____?
 Is there ____ useBluetooth ____ the ____ lightning port ____ connection to ____ headset?
 Can ____ ofBluetooth ____ phone's lightning ____ for connecting ____ headphones?
 Can the ____ of Bluetooth make ____ a ____ port for ____ on ____ phone?
 ____ is ____ chance ____ physical headset connect ups like lightning ports ____ with ____ use ____ bluetooth ____.
 ____ there ____ use bluetooth to ____ headsets ____ the need for ____ port?
 ____ a ____ of ____ ups ____ lightning ports ____ the ____ of a bluetooth headset.
 ____ requirement for a ____ like Apple does for ____ on its ____ be ____?
 ____ communication ____ be used ____ a headset ____ like a Lightning port?
 Can ____ the phone'sLightning port ____ headsets with ____ viaBluetooth?
 Is it ____ headset connections, for example the Apple ____ the iPhone?
 Can the ____ replace the ____ port for ____?
 ____ Apple's ____ cable ____ obsolete because of ____?
 ____ bluetooth ____ the physical headset port ____?
 Can ____ replace ____ lightning ____ for ____ to headphones ____ the ____?
 ____ it ____ to replace traditional headset ____ for ____ Apple ____ port?
 Can the ____ like Apple does for the ____ on their ____ be ____?
 Is ____ way to ____ technology ____ replace theLightning port ____.
 The ____ for an ____ port ____ be eliminated ____ the ____ of ____ known asBluetooth.
 The ____ of ____ lightning port to ____ be eliminated
 ____ a ____ that ____ necessity for an ____ Lightning ____ as ____ physical connection ____ headsets ____ eliminated.
 The need for ____ such ____ the ____ might be mitigated ____ adoption ____.
 Is ____ way to use bluetooth ____ the ____ port on ____ for ____?
 ____ the ____ of ____ wired ____ for headphones ____ eliminated in ____ future like ____ the ____ the iPhone?
 There's a chance that ____ necessity ____ an ____ port as a ____ could be ____.
 ____ useBluetooth ____ the ____ lightning port for headset ____?
 ____ there a chance ____ physical headset ____ like ____ be ____ with the use ____?
 ____ connect viaBluetooth ____ the phone's Lightning ____ the ____ connection?
 Can ____ connection viaBluetooth replace ____ for the ____?
 Can the presence ____ Bluetooth ____ headset ____ connect to ____ lightning ____ to be scrapped?
 Can you useBluetooth instead of ____ phone's ____ port ____?
 The use ____ will be eliminated ____ future, ____ Lightning port for the iPhone
 Are you able to useBluetooth ____ of ____ lightning ____ connect ____?
 There is ____ whether ____ traditional ____ to ____ phone ____ a ____ port will be eliminated ____ the ____ of
 bluetooth.
 ____ a question ____ can ____ a ____ connectement, like theLightning port.
 ____ requirement ____ a headset to connect ____ the ____ port may be ____ the ____ Bluetooth.
 Can the connection ____ replace the ____ for ____?
 ____ a way ____ use ____ to ____ theLightning port ____ phones for headsets.
 Can the ____ the phone's Lightning port ____ to ____?
 Can ____ use ofBluetooth ____ port in ____ headsets?
 Is ____ for a ____ like an ____ lightning port ____ the ____ of bluetooth?
 ____ bluetooth replace ____ phone's ____ port ____ connection to ____?
