

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Signal and reception troubleshooting
Inquiry Sub-Category	Poor signal strength
Description	Customers may reach out for assistance with weak or intermittent signal, which can cause picture freezing, pixelation, or loss of audio. This typically involves troubleshooting the equipment, such as checking cables, antenna positioning, or signal boosters.
Data Size	6,293 paraphrases

____ the ____ signal due ____ ____ or connectors?
 ____ faulty cables or ____ cause the ____ ____?
 Weak ____ is ____ by ____ ____ that are malfunctioning.
 ____ faulty ____ weakness ____ the signal?
 ____ wires/connections weakened ____?
 Are ____ having a weak ____ ____?
 ____ reception ____ be ____ Lousy connectors?
 ____ flawed ____ contribute to ____ output?
 ____ the ____ due to ____ cables?
 ____ the ____ signal strength is related ____ to ____?
 ____ having a ____ due to cables or ____?
 ____ issue of faulty ____ causing ____?
 Weak ____ might be caused by ____ ____.
 ____ wiring the culprit ____ low ____?
 ____ faulty ____ a poor ____?
 ____ cable ____ result ____ signal loss?
 Is ____ a problem ____ that's affecting ____ signal
 The ____ for ____ is cable fault ____ bad ____.
 I have ____ with my ____ there ____ the cables?
 Could ____ reason for the ____ signal?
 ____ it ____ a weak ____ due to problematic cables?
 Bad ____ may ____ to ____ diminished ____.
 Is it ____ of ____ or connections.
 ____ poor ____ the signal?
 Is ____ weak ____ because of ____.
 Our ____ reception ____ be ____ of ____.
 ____ cables ____ weak ____
 ____ cables or ____?

Can ____ links cause ____ weak ____ ?
 ____ it ____ that poor connections ____ responsible ____ signals?
 Is there ____ signal fault ____ ?
 ____ signal ____ be caused ____ defects in ____ connections.
 Are bad connections ____ ?
 Is the weak signal ____ ?
 Bad ____ the ____ ?
 signal weakness may ____ caused ____ .
 There could ____ messing with ____ .
 The ____ not ____ - busted ____ .
 It is ____ that ____ signal ____ the ____ cables or connectors.
 ____ wonder if bad wiring is ____ low ____ .
 ____ signal issue could be related ____ .
 Is degraded cords ____ for ____ transmission data ____ ?
 ____ wiring ____ the ____ of ____ signal?
 Bad ____ causing ____ problem?
 ____ wiring ____ be ____ blame.
 ____ cause low signal?
 ____ weak ____ might be ____ cables.
 ____ signal issue is related ____ and connections.
 ____ signal ____ the result of ____ cables?
 ____ be ____ weak reception.
 ____ weakened ____ caused by ____ ?
 ____ be caused by Lousy ____ .
 Are the cables to be ____ the ____ ?
 ____ signal ____ be caused ____ cables or connectors.
 ____ the ____ signal ____ by ____ cables?
 ____ caused by flawed cables?
 faulty connections ____ issues?
 Is the ____ signal due to ____ ?
 Is bad ____ up ____ ?
 Is it ____ of ____ or ____ ?
 ____ lousy connections ____ for ____ ?
 ____ may be the ____ for ____ signal.
 ____ a cause ____ weak signal?
 ____ are causing ____ signal.
 ____ a ____ or bad connections that ____ poor ____ ?
 ____ causing a weak ____ ?
 ____ the cables are ____ blame ____ weak ____ ?
 ____ or ____ weak signal?
 Is there bad ____ signal?
 Is ____ issue ____ weak ____ to faulty cables?
 ____ be ____ to Lousy connectors.
 ____ signal ____ be diminished by faulty ____ .
 ____ and ____ cause a ____ network?
 ____ signal ____ the cables or connections?
 Is it ____ cables/connections?
 ____ we ____ a weak signal ____ ?
 Can bad connections ____ faulty ____ an ____ ?
 ____ cords ____ reason it's ____ strong?

Are ____ cables ____ connections ____?

Is ____ signal ____ by bad ____ something?

Is the ____ to faulty wiring ____?

The weak signal may ____ bad ____ connectors.

Is ____ weak signal issue ____ of ____?

____ the cause of the ____ signal.

____ weak signal ____ shoddy wires and ____?

This ____ signal, ____ cables?

Signals weakened ____ connections?

faulty wiring ____ to ____ poor ____.

____ the feeble ____ attributable to ____ wires ____?

The weak signal ____ cables or connectors.

____ connection causing a ____ signal?

Is faulty cables ____ behind ____?

Is ____ low ____ because ____ bad ____?

The ____ reception ____ be ____ of ____ wiring.

Was poor ____ of lost ____?

____ the weak signal ____ cables?

____ we ____ weak ____ of a problem cable?

Is ____ signal ____ cables ____ connects?

____ unstable because ____ bad connections ____ faulty wires?

Poor reception ____ Lousy Interconnections.

Might faulty ____ be ____ our poor ____?

____ the ____ of a bad cable ____ connection?

____ you ____ faulty cables ____ cause ____ weak signal?

Bad ____ malfunctioning ____?

Is ____ weak ____ faulty cable?

____ cables/links are why ____.

Is ____ reason ____ the ____ signal?

The weak signal issue ____ related ____.

____ a problem ____ that affect my signal?

____ the cause ____ signal loss?

Is ____ bad cables ____ up ____?

____ wires ____ could be ____ weak signal.

____ possible that ____ weak signal could ____ malfunctioning cables?

Are ____ cause diminished ____?

____ a weak ____ caused by flawed ____?

____ cabling is ____ signal weakness?

The signal is weak: ____.

Is the ____ by the ____ or ____?

____ damage to ____ weak signal ____?

____ are ____ diminish the signal?

There ____ cables ____ connections behind ____?

____ be blamed on ____.

Bad connections or ____ fault ____ a ____ for ____?

There is ____ cable ____ that ____ the ____ for ____ weak ____.

____ it the ____ wiring ____ causes ____ signal?

Damage ____ wiring ____ poor ____ signal weakness.

____ signal may ____ do ____ the cables.

____ it ____ that ____ weak signal ____ caused ____ faulty cables?

_____ may be the result _____ wiring connection.

_____ be _____ by _____ cables or plugs.

Is _____ a _____ signal caused _____ flawed _____ or _____?

_____ caused by faulty cables.

Problematic _____ low signal.

Did _____ connections _____ of signal?

_____ there _____ with the _____ that _____ my signal?

_____ there _____ problem with _____ cables or _____?

_____ cables _____ with the signal?

Is _____ feeble signal being caused _____ shoddy _____?

Is _____ weak _____ the connector _____?

Did _____ connection _____ in _____ signal?

Is it possible faulty cables _____ for _____?

_____ the _____ cable connection _____ to _____ loss _____ signal?

The _____ signal _____ fault of _____.

_____ links play a _____ in _____ transmission outputs?

Is _____ faulty _____ weakness?

_____ there _____ wires or plugs _____ the _____?

_____ can _____ caused _____ faulty cables or connections.

I was wondering if _____ was _____ the _____ that was _____.

_____ connections causing a _____?

_____ it _____ that a weak signal _____ defects in _____?

Are _____ weak signal _____ to problematic _____ connections?

Our poor _____ to _____ wiring.

_____ low signal

_____ it _____ poor cable/connection resulted _____ a signal _____?

_____ faulty cables _____ signal _____?

_____ are responsible _____ diminished signals.

_____ links contributing to _____ outputs?

Bad wires _____ signal.

Is _____ weak or _____ connection _____?

Is the _____ being _____ by _____ cables or _____?

Is _____ weak due to problems _____ cables _____?

_____ the _____ signal strength _____ caused _____ cables?

_____ may be _____ for diminished _____.

_____ it _____ that a weak signal _____ the _____ of _____?

Is it _____ that a weak _____ the _____ of _____?

Weak _____ be caused _____ fault _____.

Is _____ weak _____ due _____ the _____?

_____ weak or connected badly?

_____ signal issue caused _____ faulty _____ or connections?

Are _____ getting _____ weak signal because _____ problematic _____?

_____ the signal _____ weak because _____?

_____ be the cause of our _____.

Are _____ a weak signal due to _____?

Is _____ weak _____ is the result _____ a bad _____?

Is it _____ cabling?

Weak signal _____ be _____ connections.

_____ could be to _____ signalling _____.

Bad _____ be the _____ poor _____.

Is a _____ to _____ cables?

The weak _____ be caused _____ cables _____ plugs.

_____ signal _____ by faulty cables _____.

_____ signal _____ be _____ fault cables _____ connections.

Can _____ faulty wires cause _____ like mine?

_____ cables _____ connectors _____ weak signal.

A _____ cables _____ plugs?

_____ may _____ for our poor reception.

_____ connections _____ to blame _____ diminished _____?

_____ cables _____ the signal?

Problematic _____ the _____ for the _____.

Weakness _____ the signal is caused _____ connections.

The _____ reception _____ be related _____.

_____ would like _____ know _____ bad _____ faulty wires _____ cause _____ signal.

_____ it _____ that _____ weak _____ a result of a _____?

_____ or cable faults _____ be _____ reason _____ poor _____.

_____ cables _____ links _____ causing low _____.

Do _____ messing with _____?

Does damage _____ cables and _____ explain _____?

Is there _____ weak signal _____?

_____ faulty wires _____ cause an unstable _____.

_____ the _____ cords _____ connections _____ reason _____ is _____ strong?

Is there anything _____ is _____ my signal?

_____ it possible that bad connections _____ faulty _____ signal to _____?

_____ are _____ messing with the _____

Is _____ that faulty _____ to _____ weak signals?

Will _____ to blame _____ the _____ signal?

Are we getting _____ weak signal _____?

_____ wires/connections _____ the _____.

_____ it _____ a _____ signal _____ the _____ of damaged cables?

_____ it possible _____ are experiencing a _____ due _____?

Damage _____ wiring _____ are to _____ signal weakness?

The signal _____ is _____ to faulty _____?

The _____ reception might be _____ of _____.

Will _____ cause a _____?

_____ want to know if _____ cables _____ the _____.

Is _____ possible _____ a _____ signal is _____ from _____?

_____ the _____ weak due to _____ cables _____?

Is _____ of _____ of signal?

Did bad _____ loss?

_____ signal _____ due to _____ faulty _____.

Do bad _____ weak _____?

Weak _____ may be _____ by _____ of _____ connections.

Weak reception may be _____ or _____.

_____ the signal diminishing because of _____?

I _____ if _____ cables _____ for the _____ signal issue.

Is _____ because of _____ faulty _____?

There may _____ behind _____ reception.

Weak signal caused _____ connections?

Problematic _____ what _____ causing _____ signal.

Is the _____ faulty cables or _____?

_____ links _____ to the poor _____?

_____ wiring may be to blame _____ weakness.

Is there _____ unstable signal if _____ or _____?

_____ low _____ strength _____ damaged cables/terminals?

_____ are _____ cables _____ the signal.

Bad wiring and _____ be to _____ signal _____.

I _____ faulty cables _____ the _____.

Is _____ connection _____ of low _____?

_____ due _____ faulty Cables or _____?

Weak network, _____ caused _____.

_____ signal is caused _____ cables _____.

_____ weak signal blame _____ the _____?

Can _____ if faulty _____ the culprit _____ weak signal?

_____ involves faulty cables _____ connections.

_____ might have _____ do _____ cables or connections.

It isn't _____ bad _____ connections.

There _____ weak _____ due to _____ cables.

Signal weakness _____ have been _____.

_____ signal _____ have _____ to _____ with faulty cables/connections.

_____ it _____ lousy connections _____ responsible for diminished _____.

_____ caused by fault _____ or _____?

The _____ might _____ lessened by faulty _____.

_____ shoddy _____ or plugs _____ blame _____ the weak _____?

_____ cables _____ be _____ signal.

_____ connectors have a _____ signal?

Does damage _____ explain _____ signal _____?

_____ experiencing a _____ signal due to _____ problematic _____?

_____ or _____ cause _____ weak signal?

_____ signal _____ by defects _____?

Weak _____ or _____?

_____ wires _____ blame for weak _____?

_____ possible that poor cable connection _____ signal?

It _____ of _____ cords or connections.

Is _____ causing _____ weakness?

_____ signal _____ due _____ cable problem.

_____ might have been _____ on _____ cables.

_____ is diminished _____ faulty _____ or _____.

_____ to blame for less strength _____ transmission _____?

_____ signal: _____ faults or bad _____?

_____ poor _____ of lost signal?

A weak _____ caused _____ faulty _____ or connectors.

Bad _____ possible _____ low signal.

_____ cable _____ reason _____ weak signals?

Is there _____ wrong with the _____ signal?

_____ cords the reason it's _____?

_____ issue _____ caused by faulty _____ or connections.

_____ cords or _____ it isn't strong?

_____ connections _____ cable faults _____ be _____ for _____ signal.

_____ signal could _____ caused by cable _____ or _____.

Is _____ signal _____ on _____ cables?
 _____ might _____ causing weakness.

Is _____ the fault _____ connections that _____ diminished?

It is _____ that _____ is _____ our poor _____.

_____ poor _____ result _____ signal loss?

_____ weak signal _____ be _____ faulty cables.

_____ poor _____ a loss of _____?

_____ there _____ problem with the cables _____ the connection _____ _____?

_____ signal might be caused by _____ connections.

_____ _____ in the loss _____ signal?

_____ cables causing _____ weak signal.

_____ there a problem _____ is affecting _____ signal?

_____ it true that _____ are to _____ for the _____?

_____ for poor signal _____ fault or _____ connections.

I was wondering _____ bad _____ faulty _____ would cause _____ signal _____.

Is _____ because _____ or connections?

_____ signal being _____ shoddy wires or plugs?

Is _____ feeble signal _____ shoddy _____?

_____ may be _____ by _____ wires.

Is _____ cabling causing _____?

_____ weak _____ is _____ caused _____ cables or connections.

Did _____ contribute to the _____?

_____ problem with the cords _____?

Bad connections _____ cable _____ might be the _____.

Is _____ bad _____ diminished signals?

_____ we say that _____ a weak signal _____ to _____?

_____ is _____ signal is _____ to faulty cables.

Will _____ cause the _____ signal _____?

Is the _____ to _____ cables/connections?

_____ are causing the _____.

Is the signal weak _____ faulty _____?

_____ signal _____ be _____ by faulty _____ or _____.

_____ it _____ to _____ cords or _____?

Do _____ have a weak _____ due _____?

Could _____ wiring _____ to _____ signals?

Cable _____ may be _____ for _____.

_____ it _____ weak signal _____ bad _____ or connectors?

Weak _____ can _____ caused _____ faulty cables _____.

Is it _____ unreliable _____?

_____ weak signal _____ by _____ cables or _____ connections.

_____ the signal _____ because _____ are _____?

_____ signal issue could be a _____ of _____.

Bad _____ are _____ signal?

_____ connections _____ cable fault may be the _____ poor _____.

_____ by faulty _____ or cables?

Does low signal strength _____?

_____ not strong _____ cords or _____.

_____ there a weak _____ flawed _____?

Is _____ possible _____ connection resulted in _____ signal?

_____ connections _____ for diminished _____?

_____ cables _____ cause _____ signal

Problematic _____ the _____ of _____ signal.

_____ you believe _____ signal _____ due _____ faulty cables?

_____ cable/connection cause the _____ signal?

_____ signal _____ diminished by faults _____.

_____ poor cable _____ cause _____ of _____?

Bad cables _____ messing _____.

_____ it _____ cable _____ weak signal?

Do _____ connections _____ cause unstable _____?

_____ poor _____ could _____ to faulty _____.

_____ may be the _____ for _____ signal.

Is _____ diminished signals?

_____ cables cause _____?

Is _____ weak due _____ cables _____ something?

There _____ shoddy _____ the _____ signal.

Is flawed _____ in _____ poor transmission _____?

Is the weak _____ by _____?

_____ it _____ causing weakness?

_____ links _____ to the poor _____?

_____ cables _____ affecting _____ signal?

Is the _____ due to _____?

_____ are _____ cords or connections?

Bad _____ signal _____ signal.

Bad wires _____ connections _____?

_____ signal: cables or _____?

_____ faulty _____ for _____ weak signal?

_____ to _____ or _____ plugs can _____ weakness.

_____ connections _____ be the _____ for _____.

Is _____ the _____ wires or plugs?

The _____ diminish as _____ faulty cables.

Is _____ cabling _____ causing _____?

_____ a _____ signal be _____ result of _____?

Faulty wires _____?

_____ an unstable _____ by bad _____ faulty wires?

Is _____ signal _____ to _____ cabling?

There is _____ for poor _____ faults _____ bad _____.

_____ wires or _____ behind _____ feeble signal.

_____ or the connection bad?

_____ flawed _____ of _____ to _____ weak transmission outputs?

Is it _____ weak signal _____ is due _____?

_____ degraded _____ for the lower _____ of _____ data streams?

_____ wonder _____ bad wiring connection is _____ for _____.

_____ might _____ to _____ for _____ poor reception

_____ it a problem with _____?

_____ wiring may _____ poor reception

_____ cables _____ the signal.

Bad wiring connection _____ be _____ reason _____ the _____.

Did bad _____ faulty _____ cause my _____ to _____?

_____ signal may _____ diminished by _____ connectors.

_____ connections result in loss _____?

_____ bad connections _____ an unstable signal?

Is it possible _____ faulty _____ is _____ for _____?

_____ connections or cable _____ reasons for _____.

_____ there _____ problem with the _____ or _____?

_____ there damage to _____ that _____ strength?

Bad _____ cable faults are _____ for _____ poor _____.

_____ it _____ strong because of _____ or connections?

The weak _____ could _____ caused _____ faulty _____ or _____.

faulty _____ could _____ to _____ problems.

_____ problem may _____ the _____ the _____ signal.

_____ cables or _____ might be _____ signal.

Is there _____ weakness _____ damaged wiring _____ poor _____?

If there _____ signal, could _____ the _____ of bad _____?

_____ the _____ signal from _____?

_____ may be _____ blame _____ weak _____.

Damage to wiring _____ plugs _____ weakness.

_____ are contributing _____ the low _____.

Could _____ cables _____ messing _____ the _____?

_____ weak signal could _____ caused by _____.

bad _____ cable faults are _____ signal.

I _____ lousy connections are _____ blame _____ signals.

Weak signal _____ caused _____ faulty _____ or _____.

_____ or connectors _____ the weakest _____?

Problematic _____ could be _____ the _____ signal.

A _____ signal may _____ on _____.

_____ a connection _____ cables and _____ weak signal?

Is _____ wiring connection _____ for _____?

Is the faulty _____?

Is _____ bad _____ connections that _____ it _____?

_____ the _____ signal _____ cables or connector?

_____ there a bad _____ reception?

_____ bad wiring _____ of the _____ for _____?

_____ cables _____ reception?

_____ the weak _____ due _____ bad _____ or _____?

Weak signal _____ or connection.

Is it _____ that our _____ due _____ cables?

_____ signal _____ caused by bad _____ or connectors.

_____ the _____ strength caused _____ damaged _____?

_____ connections or _____ cause an _____ signal?

Is bad wiring _____ the _____ low signal?

_____ possible that we are experiencing _____ weak _____ due _____?

Could _____ plugs _____ behind _____ weak signal?

Do bad connections _____ faulty _____ signal _____ mine?

Is _____ weak _____ and plugs?

Would _____ unstable signal arise from bad _____?

_____ a cable or _____ behind a _____?

_____ connections _____ be the _____ the signal _____.

Could _____ weak signal be _____ bad _____?

Is _____ behind the weak _____?

_____ possible _____ a _____ signal is a _____ of faulty cables _____?

_____ faulty _____ is _____ our poor reception?

_____ poor _____ the signal loss?

_____ or connection _____ weak signal?

_____ cable _____ might _____ reason for the _____ signal.

Is _____ caused _____ shoddy wires _____ plugs?

_____ signal be blamed _____ cables?

_____ low _____ because _____ wiring connection?

_____ are _____ causing _____ signal.

_____ weak _____ could possibly _____ faulty cables.

_____ be the weak signal.

The cables or _____ to _____ for _____ signal.

_____ a _____ signal because _____ problematic cables _____ connections?

_____ signal weakness may be _____.

Weak network _____ by _____ wires.

Is _____ that _____ connections or faulty _____ result _____ an _____ signal?

faulty _____ is _____ weakness

_____ problem that is the reason _____ weak _____?

Is _____ that faulty cables _____ the cause of _____?

Is _____ a weak _____ is the result _____ cables _____ wires?

Is _____ that _____ wiring or connections _____ to _____ our _____ reception?

Is _____ cabling causing _____?

The _____ signal may _____ caused _____ cables.

_____ caused _____ fault cables _____ connectors.

_____ sad little _____ by broken junk wires _____ connections?

The _____ might _____ caused by faulty _____.

_____ signal _____ by _____ wires/connections.

It's not strong _____ of _____ and _____.

_____ cables/links _____ with the _____ signal.

_____ weak network _____ be _____ wires.

Bad _____ or _____ be the _____ for a _____ signal.

Does the _____ signal _____ caused _____ damage to _____?

_____ bad cables cause _____?

_____ feeble _____ can _____ caused by _____ links.

_____ strength come from _____ to _____?

Bad _____ may _____ for low signal.

_____ signal _____ weak cables _____ connections.

The cable problem _____ the _____ the _____ signal.

The signal _____ by _____ cables _____.

_____ faulty _____ cause _____ signals?

Are _____ experiencing _____ weak _____ faulty cables?

_____ weak signal _____ the cables or connections.

Is _____ signal issue due _____?

_____ reception _____ caused _____ Lousy connectors.

_____ signal _____ to bad wiring _____?

_____ the _____ faulty cables or connections?

Is _____ faulty _____ causes the _____ signal?

There might be a _____ the _____ affecting _____.

Is the _____ messing _____ cables?

Is _____ weak due to _____?

Is _____ a reason for _____ faults?

_____ reason for diminished _____ lousy connections?
 _____ connections are _____ blame for _____?
 _____ the signal _____ due _____ a problem _____ a _____?
 _____ strong due to _____ cords _____.
 Do poor _____ lost _____?
 _____ reception may be _____ to _____.
 A cable problem might _____ for _____ weak _____.
 The signal might be _____ a _____.
 The _____ could be behind _____.
 Do _____ cause a _____?
 _____ that causes signal weakness?
 _____ signal weakness _____ to _____ cabling?
 I wondered if _____ faulty _____ would cause _____ unstable _____.
 _____ weak signal _____ bad cables?
 _____ messing with the signal?
 Bad _____ the reason for _____ signal.
 _____ connections _____ cable faults _____ reasons for _____.
 Could faulty wires _____ plugs _____ to _____ signal?
 Would _____ connections _____ wires cause an unstable _____ like _____?
 _____ weak signal issue _____ faulty cables.
 There _____ a cable problem _____ be _____ reason _____ the _____.
 The _____ caused _____ problematic cables/links.
 Will _____ strength _____ by _____ cables?
 _____ cables _____ hookups?
 Was _____ signal _____ shoddy _____ or _____?
 Poor cable connection may _____ caused _____.
 Is the _____ weakness _____ faulty _____?
 Is _____ weak signal _____ faulty cables _____?
 _____ weak _____ caused by _____ cables?
 Is the weak signal _____?
 _____ weak signal _____ come from faulty _____.
 faulty _____ may _____ a _____.
 faulty _____ problems?
 _____ signals _____ weak _____ lousy wires/connections.
 _____ signal issue could be _____ of faulty _____.
 Can _____ faulty cables are the cause _____ the _____?
 _____ caused by faulty _____?
 Are we _____ weak _____ because of problematic _____?
 Are _____ a _____ because of _____ cables?
 Did poor _____ loss?
 Are _____ having _____ signal _____ cables?
 _____ be caused by faulty cables _____.
 Would bad _____ or faulty wires _____ signal _____?
 I _____ if _____ signal is _____ to _____ cables?
 A weak _____ could _____ caused _____ cables _____ connections.
 _____ be the reason for the weak _____.
 _____ responsible _____ diminished signals?
 _____ you _____ the weak _____ due to faulty _____?
 _____ results _____ loss of signal?
 _____ it possible that low signal strength _____ by _____?

Is the cabling _____ signal _____?

_____ the feeble signal _____ shoddy _____ or _____?

Weak signal as _____ messed _____.

The _____ signal could _____ be _____ to _____.

Weak _____ by _____ or connections

Will faulty _____ be _____ the weak _____?

_____ results in a _____ loss?

Weak _____ caused _____ cables or _____ deficient.

_____ poor cable _____ result in _____?

Is _____ weakness _____ signal due _____ faulty _____?

_____ signal _____ by faulty _____ connector?

_____ are _____ blame _____ diminished signals.

_____ be _____ blame for the weaker transmission _____?

Weak signal could _____ by _____ of _____ or _____.

Does _____ weak signal _____ faulty _____?

_____ the fault of _____ for _____ signals?

Maybe _____ wiring is _____ reason for _____?

_____ may have _____ the _____.

Did the _____ connection result in _____ of _____?

The cables _____ the _____ weak.

_____ could be _____ on _____.

_____ weak signal _____ be _____ by _____.

Is _____ reception caused _____ faulty wiring _____?

_____ a _____ signal due _____ problematic _____.

Do _____ wires cause _____ unstable _____ to appear?

_____ the _____ because of _____ cords?

Are _____ a _____ signal because _____ cables _____ wires?

Maybe _____ are causing the _____.

_____ possible reason for weak signal.

_____ the _____ due to faulty cables _____?

_____ be to blame for _____ signal.

Bad _____ cable _____ may be to _____ for _____.

The cable problem _____ the reason for _____.

_____ cables messing _____ signal?

_____ due _____ problematic cables?

_____ cable/connection cause a signal _____?

_____ malfunctioning _____ causing signal _____?

problematic _____ are _____ low _____.

There _____ because _____ faulty connections.

Is the _____ signal _____ to _____ issue _____ cables?

_____ weak signal may be _____ connectors.

_____ signal _____ be _____ or connections.

Is an _____ bad connections or faulty _____?

_____ know if faulty cables are to _____ for _____?

Bad _____ with _____?

_____ might _____ bad cables _____ signal.

It's not _____ because _____ the _____ cords _____.

_____ or _____ wires might _____ an unstable _____.

_____ cables are messing up _____.

_____ flawed cables _____ weak _____?

Is _____ cable problem _____ reason for _____?

Is bad wires _____ low _____?

_____ connections or cable _____ be _____ poor signal.

Bad _____ or connections _____ weakness.

Are faulty cables _____ culprit _____ the _____?

_____ you _____ cables _____ to _____ for the weak _____ issue?

_____ that a _____ signal _____ the _____ of broken cables?

_____ are cable _____ cause poor _____.

faulty _____ might _____ of signal _____.

_____ the weak signal _____ cables?

_____ could be caused by _____ cables _____.

Is _____ problem _____ or connections that's affecting my _____?

Are we _____ weak _____ due to _____?

_____ weak signal from the _____?

_____ know _____ weak signal is due _____ cables?

_____ weak _____ of unreliable wires/connections?

_____ strength _____ of damaged cables?

_____ cables/links _____ the _____ signal.

_____ diminished _____ faulty _____ or connections?

_____ a weak signal.

Weak _____ caused _____ wires/connectors.

Is it not _____ of the _____ cords _____?

The cables _____ may _____ the weak _____.

_____ may _____ up the signal.

_____ the unreliable _____ or connections?

Is it the cable fault _____ that _____?

_____ signal be _____ by lousy _____?

The _____ diminished due to _____ or _____.

Did _____ connection _____ in loss _____?

_____ wiring connection _____ for the low signal.

_____ there a _____ cabling?

It's not _____ faulty _____ or _____.

Bad _____ can _____ weak _____.

_____ be malfunctioning because _____ cables.

Are lousy connections _____ be _____?

_____ bad cables _____ the _____?

Are we getting a _____ signal _____ problem _____?

Weak signal could _____ caused by _____.

_____ messed _____ of bad cables?

Is faulty _____ behind _____ weak signal _____?

The weak _____ due to the _____.

_____ or wires behind _____?

_____ damage to _____ low signal _____?

_____ the _____ signal _____ to _____ with _____ cables?

Problematic cables/links _____ the _____ signal.

_____ we having a weak _____ due _____ cables?

Were _____ connections _____ diminished _____?

The cable problem may _____ weak _____.

The cable _____ may be _____ reason for _____.

Does _____ low signal _____ due to _____ cables?

_____ diminished by faulty cables _____ wires.

_____ if bad _____ wires would cause an _____ signal?

_____ wiring connection may _____ for low _____.

Is _____ a _____ cables _____ connections?

_____ we say we _____ having a _____ due to _____?

_____ wiring may cause _____.

_____ signal a result _____ faulty cable?

_____ the _____ signal down to the _____?

_____ caused by faulty cables or connections?

_____ signal may be _____ by _____ connectors.

Can _____ say _____ the weak signal is _____?

_____ signal sucky - _____?

_____ of faulty cords or connections?

_____ cables the _____ of the _____ signal _____?

_____ with cables/links _____ the low _____.

_____ connectors may _____ weak signal.

_____ strength of _____ data _____ a _____ of degraded _____?

Is _____ cords _____ for the less _____ transmission data streams?

A cable problem _____ the _____ weak signal.

Is _____ signal unstable _____ to _____ faulty wires?

_____ it _____ connections that _____ diminished _____?

_____ sad little _____ by _____ or questionable connections?

_____ bad _____ loss of _____?

The weak signal might _____.

Is _____ a _____ signal could be caused _____ cables?

_____ cables or _____ a _____ signal.

Problematic cables _____ signal.

Is _____ signal weak _____ faulty _____ connectors?

_____ possible _____ a weak signal is the _____ of _____.

Could a _____ be due _____?

Weak _____ can be blamed _____ faulty _____.

Is _____ degraded _____ account for _____ data streams?

Cause _____ or bad connections?

Is the _____ to the _____?

Weak signal caused _____ or _____

Problematic _____ the _____ of the _____ signal.

Is the weak _____ the _____?

Did poor _____ cause _____?

Is the _____ caused by _____?

Bad _____ causing weak _____.

Damage _____ and _____ could be to blame _____ signal _____.

Is it possible for _____ by faulty cables or _____?

_____ weak signal caused by flawed _____?

_____ signal _____ caused _____ faulty cables _____ connectors.

The _____ signal is probably caused _____ bad _____.

_____ problem _____ the cords or _____?

Is _____ faulty cabling _____ is _____?

_____ a _____ the wires _____ messing with _____ signal?

_____ the _____ of _____ of poor cableconnection?

_____ is _____ by faulty _____ Connectors.

_____ connections _____ faults _____ be the _____ of _____ signal.

Does _____ signal _____ of faulty _____?

Is there _____ caused _____ flawed _____?

Is lower _____ data streams _____ to _____ cords?

_____ fault is a reason _____ poor signal.

_____ wires _____ might be _____ the _____ signal.

_____ due _____ faulty connections?

_____ might be _____ by faulty _____ connections.

_____ behind _____ reception?

A _____ is _____ by _____ cables _____ connectors.

Weak _____ caused by _____ connections?

The _____ signal could be caused by _____.

I _____ if _____ and faulty _____ would cause an _____.

The _____ be linked to flawed _____.

_____ cables or connections _____ be _____.

_____ affected by _____ cables or _____.

Would degraded cords _____ to _____ for less _____ streams?

_____ poor _____ because of _____ wiring.

Are _____ experiencing _____ weak signal _____ of _____ cable _____?

_____ signal is _____ or ports.

_____ a bad wiring _____ the low signal?

Problematic _____ might be _____ blame _____ low _____.

Is _____ because _____ problematic cables or wires?

_____ network due to _____ wires/connectors?

Bad _____ up a _____?

_____ connections _____ involved _____ signal _____.

Bad cables _____ are the _____.

_____ signal may be affected by _____.

Is the network _____ unreliable _____ and _____?

_____ a problem _____ cables that _____ my signal?

The weak signal _____ by fault _____.

Is it possible lousy _____ to _____ diminished _____?

_____ flawed _____ contributing to _____ transmission _____?

Would _____ account for _____ weaker _____ streams?

Cable _____ or bad _____ are the reasons _____.

Is _____ being _____ by _____ cables?

_____ could come from _____ cables.

_____ weak _____ might be caused _____ or connections.

_____ weak signal _____ be _____ the cables _____ connections.

_____ the _____ weak _____ of _____ faulty _____?

faulty connections may _____.

Is _____ weak as a _____ cables?

_____ a weak _____ result _____ bad _____?

_____ faulty cables _____ reason for _____?

_____ connections result _____ signal loss?

_____ connections _____ signal issues?

_____ weakness _____ to _____ cords or _____?

_____ signal _____ or connections

_____ connections _____ the cause _____ issues.

Is _____ cause for the poor _____?

_____ the _____ come _____ faulty cables?

_____ cables or _____ are _____ the weak signal.

A _____ signal _____ caused by _____.

_____ cause weak signal.

_____ be to _____ for weak _____.

_____ a problem with the cables that _____ my _____.

_____ it _____ connections that _____ reduced _____?

_____ weak signal issue _____ have _____ to _____ faulty _____.

Do _____ know if _____ cables caused _____ issue?

Is _____ weak _____ flawed _____ or wires?

_____ possible _____ a _____ be _____ result of faulty cables?

_____ may be _____ for _____ signals.

_____ wiring connection _____ low signal?

The _____ signal _____ caused by _____.

_____ the low _____ strength is _____ damaged _____?

Can _____ if a _____ cable _____ to blame _____ weak signal?

faulty _____ issues?

The cables _____ weak signal.

Are the cables _____?

_____ may be the _____ poor _____.

Is the _____ fault _____ connections?

Is the _____ cabling?

_____ is _____ strong _____ of faulty _____ connections.

_____ cables/links _____ the causes _____ signal.

_____ it _____ connections that make it _____?
