

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Unusual vibrations while driving
Inquiry Sub-Category	Brake system concerns
Description	Customers raise concerns about vibrations occurring during braking, which may indicate warped brake rotors or worn-out brake pads needing replacement.
Data Size	5,324 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ or _____ rotor cause noticeable shaking _____ tremor sensations _____ using _____?

The rotors _____ shake and shiver _____ brakes.

Maybe _____ are _____ of bad _____?

Do messed-up rotors _____ going _____ major _____ in the _____?

Shakes _____ brakes might _____ by the _____.

Is the _____ of a damaged rotor?

Is it _____ damaged _____ shake _____?

There _____ make the brakes _____.

_____ damaged or broken _____ to cause shaking _____ trembling while _____?

_____ a _____ rotor shake the _____ the brakes?

_____ a connection _____ brake and worn out rotors?

Is a _____ of _____ tremors.

Bad rotor _____ cause _____ stopped.

_____ rotor associated with _____ tremors?

Do _____ that _____ faulty _____ damaged _____ cause _____ and tremors?

_____ make _____ noise because _____ a broken rotor?

The damaged _____ make _____ shaky.

_____ it possible that _____ rotor can _____?

The damaged _____ shake _____.

_____ it possible _____ can cause tremors _____ brakes?

_____ it possible _____ using _____ brakes could cause _____ if my _____?

There _____ be brakes _____ damaged _____.

_____ jacked up rotors _____ my car _____ brake?

_____ wonder _____ rotors _____ the reason _____ brakes feel _____?

_____ shakes _____ brakes could _____ caused by _____ Rotors.

Is _____ reason _____ feel _____ and _____ result _____ messed-up rotors?

_____ brakes shake from _____ busted _____?

Is it _____ that _____ be trembling _____ while _____ the rotors?

_____ brakes _____ shake _____ rotors

Is it _____ brake _____ sign _____ with the rotor?

Maybe bad rotors _____ the _____?

When _____ hit the _____ a messed up _____ to shake?

Is the _____ linked _____ the _____ or _____ tremor?

Is _____ possible _____ applying the _____ or hurt rotor?

Bad _____ feeling when you _____.

_____ shaking _____ to faulty _____ rotors?

Is it possible for _____ trembling while being braked?

_____ reason _____ feel wobbly and _____ is because _____ rotors?

Is _____ possible that _____ or _____ cause _____ and trembling while _____?

_____ the _____ braking caused by flawed _____?

_____ from damaged rotors.

_____ wonder _____ messed up _____ will make _____ shake _____ hit the brakes?

_____ a _____ hurt _____ make it hard _____ apply the _____?

Brakes _____ trembling, _____ because _____ bad _____?

Will the _____ like crazy _____ busted rotor?

Is _____ a _____ between _____ you stop and _____?

_____ there a _____ rotor _____ the brake shudder _____?

While brakes, _____ rotors _____ noticeable _____?

The brakes _____ damaged _____.

It's _____ on brakes _____ by rotors.

_____ possible for a _____ damaged rotor to _____ using the _____?

_____ it possible _____ a _____ or faulty rotor _____ while you _____?

Is _____ possible _____ brakes can _____ noticeable vibrations?

Do _____ my _____ to _____ when I brake?

Is it _____ that _____ rotors _____ noticeable vibrations when using _____?

Did _____ wobbly and shaky _____ of _____ up _____?

_____ rotor _____ make _____ shaky _____ braking.

Will _____ brakes _____ if _____ rotor _____ destroyed?

_____ I hit the _____ faulty or busted _____ car?

_____ there _____ correlation _____ sensations during _____ and _____ the rotors?

_____ the brake _____ due _____ damaged _____?

_____ the brake vibrates _____ signify _____ broken _____ rotor?

_____ damaged _____ cause problems _____ the _____?

_____ an impaired _____ problem when _____?

Is _____ faulty _____ cause tremors when stopping?

Will _____ broken _____ my _____ to _____ up?

_____ rotors _____ shaking sensations?

_____ rotor _____ shaky feeling when _____.

Does faulty or _____ make _____ shake and _____?

Is it possible _____ with rotar to _____ on _____?

Will shakes occur _____ the _____ a _____ or _____ rotor is _____?

Does _____ cause tremors _____ they _____?

Is it _____ brake a _____ problem _____ the helicopter?

_____ damaged or _____ would cause significant shaking?

Would there be _____ and _____ the _____ faulty?

_____ damaged _____ may _____ brake shudder or tremors.

When _____ a jacked-up _____ cause my _____ to _____?

Is it possible that _____ rotors _____ make _____ shake?

Does _____ rotor _____ brake _____?

_____ brakes _____ and shaky because of _____?

_____ for a _____ or damaged rotor _____ shake _____ using _____?

_____ after rotator busted?

_____ there _____ shaking sensation during braking _____ rotor?

Is _____ shaky _____ wobbly _____ of messed-up _____?

Is it _____ brakes _____ tremors?

_____ it hurt _____ the _____ the _____ are faulty?

_____ broken _____ faulty _____ cause _____ car _____ shake _____ I _____ the brakes?

Does the _____ from _____ rotor?

Do _____ tremors _____ braking?

How can _____ be a _____ rotor _____?

_____ brakes _____ shake from the _____?

_____ it possible _____ damaged rotor causes brakes _____?

Is it _____ damaged _____ malfunctioning rotor _____ cause _____ when _____ brakes?

_____ possible _____ on brakes are caused _____.

Will my _____ a broken _____?

It _____ possible _____ the brakes _____ shake from _____.

Is _____ sensation _____ by broken _____ when _____.

Is it _____ for _____ make _____ brake _____ shake?

_____ it _____ for _____ in the rotors _____ cause _____ when _____ brakes?

_____ do trembling _____ faulty rotor?

_____ it possible _____ bad rotor _____ cause shaking _____ while you _____?

Does a _____ make my _____ move when I _____?

Bad _____ causes a _____ feeling _____.

_____ it _____ rotors _____ my brakes to feel _____?

_____ it possible _____ a damaged _____ to _____ noticeable _____?

If my brakes feel _____ and shaky, _____ my rotors _____?

Will _____ cause shaking _____ applying _____?

Will _____ brakes start _____ my _____ toast?

_____ mean I'm going to _____ the brakes?

_____ a chance _____ will be _____ shakes _____ of malfunctioning _____?

Is the _____ rotor _____ shudder?

It's possible _____ the damaged _____.

Bad rotors make _____?

_____ it possible that _____ damaged rotor could _____ shaking and _____ while _____?

It _____ possible for _____ with rotar to _____ on _____.

_____ to _____ tremors while braking?

_____ possible for _____ to cause noticeable _____ when _____ the _____.

_____ the brake _____ there _____ a _____ rotor?

_____ it possible my _____ feel _____ and shaky _____ up _____?

_____ if _____ up _____ will cause _____ shake when _____ hit the brakes.

Is _____ that a flawed or _____ will cause _____ applying _____?

_____ possible for _____ rotor to _____ and _____ sensation while braking?

_____ the shaking possible _____ of _____ impaired _____ brakes?

Is _____ shaking sensations due _____ rotors?

Is _____ a _____ between _____ sensations _____ brakes _____ damage?

_____ broken rotor _____ to _____ my brakes _____ crazy?

_____ vibrate _____ there is a _____ or broken _____?

Is _____ of bad _____ Brakes are _____?

____ a ____ rotor ____ brakes?
 ____ a damaged ____ shake ____ ?
 ____ defects ____ the ____ when they ____ ?
 Bad ____ shaky ____ when braking.
 Is ____ brake ____ a faulty or broken ____ ?
 Is it ____ for a damaged ____ to ____ the ____ ?
 Is my ____ wobbly ____ shaky ____ rotors?
 Do ____ using brakes ____ or damaged ____ would cause ____ shaking ____ tremors?
 ____ could ____ to the brake shudder ____ tremor.
 Is ____ between ____ sensations ____ braking and damaged ____ ?
 Is ____ brake vibration ____ sign ____ a ____ rotor?
 Bad ____ rotors can ____ .
 I ____ if ____ brakes feel ____ and shaky because ____ ?
 ____ wonder ____ a messed ____ makes the ____ when ____ hit ____ brakes.
 ____ possible for ____ damaged rotor ____ cause ____ trembling while you ____ ?
 If ____ rotors are damaged or ____ the ____ cause that?
 Can defects ____ the ____ brakes are ____ ?
 Is ____ any chance ____ brakes ____ tremors?
 Do ____ or ____ brakes make ____ and shiver?
 Will a malfunctioning ____ broken ____ cause ____ to ____ hit the ____ ?
 faulty ____ cause ____ sensations?
 ____ it ____ a ____ damaged ____ a shaking sensation while you brake?
 ____ may ____ brakes that ____ rotors.
 The brakes ____ vibrate ____ to ____ or ____ rotor.
 Is ____ possible ____ defects ____ shake the rotors ____ ?
 ____ any link between tremor ____ braking ____ the damage ____ the ____ ?
 ____ it possible for a ____ a ____ with ____ brakes?
 ____ a damaged ____ malfunctioning rotor to ____ shaking ____ the brakes?
 ____ possible ____ rotor makes the ____ shaky?
 Is ____ rotors ____ shuddering when braking?
 Is there ____ shuddering when brakes ____ applied ____ rotors?
 ____ an ____ rotor the ____ of ____ when ____ brakes?
 When ____ hit the ____ will ____ rotor ____ my car ____ crazy?
 Is ____ brake ____ a ____ flawed ____ broken rotor?
 Does ____ for ____ faulty or broken ____ ?
 ____ want to know if ____ messed-up ____ brakes shake.
 It's ____ that ____ brakes could shake ____ damaged ____ .
 ____ it possible a ____ faulty rotor ____ when using ____ ?
 ____ because of ____ rotor?
 ____ the shaking ____ from faulty ____ ?
 ____ brake ____ a ____ of a faulty ____ rotor.
 Is ____ can shake ____ brakes?
 ____ messed-up rotor make ____ or not?
 ____ it ____ for ____ brakes ____ vibrate due ____ damaged ____ faulty rotor?
 ____ be ____ shakes when applying the ____ if the ____ or ____ ?
 Bad ____ can ____ shaky ____ you brake.
 Is ____ caused by an ____ rotor ____ applying ____ ?
 Will ____ when applying the ____ if a ____ hurt ____ present?
 ____ brakes, will the car shake ____ because of ____ rotor?
 Is there a ____ between ____ during ____ damage?

_____ come with _____ on braking?

_____ trembling might _____ of _____ rotors.

Is _____ messed _____ rotor might make the _____ I hit the _____?

_____ shaking _____ caused by broken _____ applying _____.

_____ a _____ rotor _____ of generating _____?

Will the _____ shake in _____ of _____ rotor?

_____ sensations during the _____ caused by _____?

_____ you _____ the symptoms of brake _____ caused _____ a _____ rotor?

Does _____ damaged _____ shake _____?

Is _____ causing tremors _____ braking?

_____ might _____ shaky feeling _____ braking.

_____ it possible _____ a _____ or _____ rotor _____ cause _____ trembling _____ brakes?

Will _____ brakes vibrate _____ to _____ the rotor?

Is _____ possible that _____ or flawed rotor _____ shakes _____ the _____?

_____ broken Rotor _____ my _____ to _____?

Is it possible _____ brakes _____ vibrate _____ a _____?

car _____ brakes _____ because of _____?

_____ it possible _____ trembling _____ shaky _____ could be _____ brakes _____ rotors?

_____ there _____ that _____ are caused by the _____ rotors _____ brakes?

Do _____ think that using _____ brakes could _____ if my _____?

_____ using a faulty or damaged brakes _____ a _____?

Could _____ messed up _____ cause _____ to shake _____ hit the _____?

When _____ the brakes, _____ in the rotors _____ a _____?

_____ can a _____ trembling brakes?

_____ applying brakes could _____ impaired _____ cause _____?

Is it _____ rotor to _____ shaking while _____ are _____?

Will _____ cause sensation _____ applying _____?

_____ as foible with rotar?

Bad _____ can make you _____.

Does _____ brake _____ a faulty or broken _____?

Is it _____ impaired rotor _____ when applying brakes?

_____ car _____ when I _____ because _____ a messed up rotors.

Is the reason my _____ shaky because _____ rotors?

_____ there _____ link _____ out _____ shuddering while braking?

_____ it possible _____ damaged or _____ rotor to cause trembling _____ you _____?

Is my _____ or faulty _____ of _____ movements _____?

_____ if _____ broken _____ will make my _____ like crazy.

_____ think _____ brakes feel _____ and shaky _____ of _____ rotors?

_____ the brake vibration a _____ a _____ or _____?

Did the damaged _____ the brake _____?

_____ shaking sensation caused by _____?

_____ it possible _____ broken or faulty _____ the _____ when I _____ the _____?

_____ possible _____ rotors _____ cause noticeable tremors _____ braking?

Is _____ a _____ or _____ rotor to cause _____ when using _____ brakes?

_____ brakes may _____ due _____ a faulty _____ rotor.

Is an _____ observable _____ when applying brakes?

Is _____ going _____ my brakes?

_____ Brakes _____ from _____ rotors?

Is it because _____ rotors that _____ shaky?

_____ may shake _____ rotors.

_____ that the brakes shake from _____ rotors.
 Is it _____ a damaged or _____ rotor could cause _____ and _____ ?
 _____ messed-up _____ I'm going _____ shaky?
 Is _____ possible _____ rotor to affect brake _____ ?
 Is _____ between shuddering _____ braked and _____ rotors?
 _____ possible _____ cause _____ and tremors _____ faulty brakes?
 Is that _____ rotors _____ car _____ when I hit _____ or something?
 Can _____ the _____ caused by foible _____ rotar?
 Is _____ sensation _____ by _____ rotors?
 Can _____ rotar be seen _____ on _____ ?
 I _____ would _____ the car shake when I _____ the brakes.
 _____ broken rotors make _____ shake when _____ ?
 I _____ if messed-up _____ reason my brakes feel _____.
 _____ that a messed-up rotors _____ make my _____ ?
 Will _____ shake the _____ ?
 _____ applying _____ could an _____ cause _____ ?
 Is _____ possible faulty _____ tremors _____ ?
 Can _____ shakes on brakes _____ as _____ ?
 Is it _____ that messed-up _____ cause major _____ the _____ ?
 _____ rotors can _____ tremors _____ braking
 _____ an impaired rotors _____ cause shaking when applied _____ ?
 _____ possible _____ a damaged _____ shake brakes?
 Do _____ brakes mean _____ ?
 _____ it possible that tremor _____ are _____ a flawed _____ ?
 Is _____ to broken _____ while _____ brakes?
 _____ messed-up _____ shaking _____ the brakes?
 Is there _____ the _____ are caused _____ the _____ brake _____ ?
 Will _____ rotors _____ while _____ ?
 Maybe the _____ is due _____ the _____ ?
 Is _____ for a _____ or malfunctioning _____ cause _____ when _____ brakes?
 _____ you _____ that _____ the _____ cause a loud _____ if _____ are malfunctioning?
 _____ that crummy rotors _____ make _____ car shake _____ I _____ ?
 Is _____ a _____ cause noticeable tremors?
 _____ the broken _____ applying brakes?
 Is it _____ for _____ to cause _____ while you brake?
 As _____ on _____ with rotar?
 Will the _____ of _____ fault?
 _____ messed-up _____ experience major shaking _____ the brakes?
 Is it possible _____ make you _____ tremors?
 Is _____ when _____ brakes _____ of a _____ hurt rotor?
 _____ a _____ that the _____ caused _____ the broken _____ rotors?
 There is _____ about brakes vibrating due _____ or _____.
 _____ trembling _____ with a _____ rotor?
 _____ possible _____ a messed up rotor _____ shake when I hit _____ ?
 _____ it _____ to _____ the brakes with _____ ?
 When braking _____ a _____ with _____ rotor, _____ it shaky?
 _____ it _____ that _____ brakes could _____ due to a _____ ?
 _____ rotors _____ a _____ feeling when _____.
 Is _____ a _____ rotor _____ cause problems with _____ ?
 If my _____ malfunctioning do you believe _____ using _____ brakes can _____ ?

_____ are trembling _____ by _____ faulty _____?

I want to _____ if _____ wobbly _____ due _____ messed up _____.

_____ there an effect _____ caused _____ damaged rotor?

Will _____ while applying brakes?

_____ possible that a _____ rotor _____ cause _____ with the _____?

_____ you _____ tremor sensations _____ by _____ flawed or _____ rotor?

_____ rotor causes _____ when braking.

_____ wants _____ vibrate _____ to a damaged or _____ rotor.

_____ if a _____ will _____ to shake _____ I hit the brakes.

_____ possible that defects in _____ can make _____?

_____ brake vibration _____ of _____ or _____ rotor?

When _____ brake, _____ defects _____ the _____?

Damage _____ the _____ brakes shaky?

Is the _____ brakes _____ by a _____ rotors?

_____ messed-up rotors mean _____ shaking in the _____?

Is it _____ make _____ brake rotors _____?

_____ possible _____ a flawed _____ hurt rotor _____ noticeable _____ applying brakes?

_____ it possible _____ a messed-up _____ cause my _____ shake?

Is it possible for _____ to _____ with _____?

Are _____ causing shakes _____ brakes?

_____ sensations _____ during braking _____ to _____ problem with the _____?

Is it _____ in _____ brakes can _____ noticeable _____?

The brakes could be _____.

Will _____ brakes _____ crazy _____ a broken _____?

Is shaking possible _____ brakes because _____ hurt rotors?

Is it possible _____ an _____ rotor causes _____ shaking _____?

Were the _____ sensations _____ brake _____?

I want _____ know _____ brakes feel _____ shaky because my _____ up.

Is it _____ a damaged or _____ cause a _____ brakes?

Does _____ rotors cause _____ applied?

Is the brakes _____ vibrate _____ a damaged or _____?

_____ need _____ know _____ my brakes feel _____ shaky because of _____.

trembling brakes _____ a _____ rotor?

Is _____ sign _____ a broken or malfunctioning _____?

_____ it possible _____ the brakes _____ generate vibrations?

_____ shaky because of damaged rotor?

Do you think using _____ with _____ cause _____ and _____?

_____ a broken _____ cause _____ sensation when applying _____?

_____ the brakes _____ to a broken _____ damaged _____?

_____ there _____ chance that the shakes _____ the _____ brake _____?

_____ there _____ chance that the _____ vibrate due _____ a _____?

Is _____ a damaged _____ cause noticeable trembling while _____ the brakes?

Bad _____ cause _____ shaky _____ brakes?

Is shaking _____ a _____ rotor?

_____ my _____ or _____ you _____ using the _____ could cause visible vibrations?

Is it possible _____ the brakes can _____?

Is it because of _____ the _____ are _____?

_____ there a _____ rotors and shuddering _____ braking?

Is the _____ during braking related to _____ damage _____?

Will a _____ to shake badly?

____ the brakes trembling because ____ ____ ?
 Is ____ for ____ faulty rotor to ____ brakes?
 Can ____ rotor cause my ____ shudder?
 ____ a ____ or ____ rotor ____ to ____ my ____ when I hit ____ ?
 Maybe ____ because ____ thebad rotors?
 Is it ____ messed-up rotors are ____ reason my ____ ____ ?
 Is ____ faulty brake rotors?
 ____ the brakes start ____ my ____ is ____ ?
 I wonder if ____ braking ____ that ____ rotors ____ or damaged.
 ____ the ____ brakes be caused by a flawed ____ rotor?
 Brakes trembling ____ maybe ____ bad ____ ?
 Is ____ possible that ____ or ____ tremors while using the brakes?
 ____ a ____ that ____ impaired rotor causes shaking ____ brakes?
 Is it possible that ____ the ____ could cause vibrations ____ ?
 faulty brake ____ to ____ shaking ____ ?
 ____ wondering ____ a messed-up ____ will ____ my ____ shake.
 ____ do ____ when the rotor is ____ ?
 When I ____ the brakes, ____ shake ____ to ____ faulty ____ rotor?
 Is the shaking of ____ the ____ rotor?
 ____ it possible ____ a damaged ____ tremors?
 Is ____ link between worn ____ rotors ____ shuddering ____ ?
 ____ it ____ for defects ____ the ____ when they ____ ?
 Possibly ____ bad rotors ____ are ____ .
 Is ____ for ____ or ____ rotor to cause shaking ____ braking?
 Is the brake ____ a ____ broken ____ ?
 When I hit ____ brakes, ____ the car ____ trembling ____ broken ____ faulty ____ ?
 Can shakes ____ with ____ ?
 Am I ____ to ____ major ____ in ____ to ____ rotors?
 Is messed-up ____ reason ____ brakes feel ____ shaky?
 Is ____ possible ____ faulty ____ damaged rotor to ____ trembling ____ the ____ ?
 ____ to know ____ messed-up ____ makes my brakes ____ .
 ____ the reason ____ feel wobbly and shaky ____ to ____ ?
 ____ could messed-up rotors be ____ reason ____ brakes ____ and shaky?
 When ____ are applied can defects ____ ?
 ____ possible that a damaged or malfunctioning ____ and ____ during ____ ?
 ____ it ____ to ____ rotors ____ when braking?
 Bad motor ____ when ____ ?
 ____ possible that ____ messed-up rotor will ____ my brakes ____ feel ____ ?
 Bad Rotor ____ when braking.
 Do ____ cause ____ when you ____ ?
 Will a ____ brakes to shake ____ lot?
 Bad ____ can cause ____ shaky ____ .
 Does a ____ rotor ____ ?
 ____ possible ____ tremors upon brake utilization are ____ a flawed ____ rotor?
 It's possible ____ the ____ from the damaged ____ .
 ____ damaged rotor ____ tremors.
 ____ can faulty ____ noticeable tremors?
 ____ you think using faulty ____ significant shaking and ____ ?
 ____ the feeling shaky during ____ by ____ ?
 ____ there ____ sensations during ____ due ____ flawed ____ ?

_____ is a _____ regarding whether the _____ will vibrate _____ to _____.

Is an _____ rotors _____ when _____?

Will _____ if I have a broken _____?

Will _____ rotors _____ a shaking _____ applying _____?

_____ possible _____ faulty brakes _____ cause _____ to shake?

_____ brakes vibrating due to _____?

Is it _____ a _____ tremors?

_____ braking _____ rotors cause _____?

_____ when using a _____ rotor?

_____ brake vibrate _____ faulty or broken rotor?

_____ it _____ a damaged _____ malfunctioning rotor _____ cause shaking when _____?

Does faulty _____ tremors _____ you _____?

Is _____ shaking felt during _____ a _____ rotor?

Is a _____ rotor _____ to _____ my brakes _____?

Is it possible _____ a _____ rotor could _____ sensation _____ braking?

_____ my _____ are damaged _____ malfunctioning, _____ think _____ could cause that?

_____ defects shake _____ rotors?

_____ messed-up _____ be _____ reason my _____ and shaky?

The sensations _____ caused _____ faulty _____?

_____ have a question _____ - _____ be due _____ faulty rotors?

Is _____ shaky _____ stop a sign of _____ the _____?

_____ a _____ between the worn _____ and shuddering _____ braking?

Is there _____ correlation _____ a damaged _____ brake _____?

_____ brakes _____ if there is a _____?

Is it _____ visible vibrations if my _____ are malfunctioning?

Is _____ sensation during braking related _____ rotor?

If _____ rotors _____ or malfunctioning, do _____ think _____ cause this?

Is _____ are caused by the malfunctioning _____ the _____?

Is _____ possible _____ defects _____ can generate vibrations?

Is _____ possible _____ broken _____ to cause trembling when using _____?

Is it _____ that _____ shake?

_____ a damaged _____ make _____?

There is a _____ whether _____ brakes _____ a damaged rotor.

As _____ can _____ with rotar?

_____ I hit the _____ or faulty _____ make the _____ shake?

There's a _____ the _____ from _____ rotors.

Is the brake _____ a sign _____ or _____.

A _____ rotor is linked _____ a brake _____.

_____ there _____ correlation between worn _____ and _____ when _____?

_____ rotors causing _____ when _____?

Bad _____ shaky feeling _____?

Is it _____ that a bad rotor _____?

_____ shake _____ a busted rotor?

Will a _____ to shake uncontrollably?

_____ brakes happen when _____ rotors are _____?

_____ bad rotors _____ of the brakes.

Is an impaired rotor a _____ shaking _____?

_____ to be rotors _____ on brakes?

_____ possible that rotar will _____ as _____ braking?

Is _____ possible _____ a _____ malfunctioning rotor _____ cause _____ trembling?

_____ messed _____ rotor will _____ the _____ shake _____ I _____ the brakes?
 _____ are trembling _____ bad rotors?
 Will the _____ when _____ hit _____ brakes because _____ rotor?
 Is it _____ that _____ rotors cause _____ are _____?
 Is _____ the brakes if _____ flawed _____ hurt _____ is present?
 _____ if a _____ rotor makes my brakes shake.
 _____ there a link _____ rotor _____ and _____ braking?
 _____ possible that a _____ cause problems _____ the brakes?
 It _____ the brakes _____ because of bad _____.
 _____ the _____ rotor linked _____ brake shudder _____?
 Is _____ that trembling and shaky _____ occur _____ malfunctioning?
 Will _____ rotors shake sensations _____?
 Will _____ flawed _____ rotor lead to _____ when applying _____?
 Is it _____ a damaged _____ tremors while _____?
 Bad _____ shaky when braking.
 _____ possible _____ brakes _____ because of bad rotors.
 I _____ if a _____ rotors _____ my _____ shake.
 The shaking _____ could _____ by _____ faulty _____ rotors.
 _____ it _____ faulty _____ will _____ vibrations when using _____ brakes?
 _____ damaged rotor _____ linked _____ the _____ shudder.
 faulty _____ rotors may _____?
 Will _____ brakes _____ of _____ or damaged rotor?
 _____ the _____ if _____ is a _____ rotor?
 Will _____ make _____ shake?
 _____ it possible for a _____ faulty _____ to _____ shaking _____?
 _____ messed-up rotor can make _____ brakes shake.
 Is the _____ brakes caused _____ an _____ rotor?
 _____ the _____ going _____ vibrate _____ a damaged rotor?
 _____ a _____ rotor _____ issues _____ brake?
 Is _____ brake _____ by _____ damaged _____?
 I _____ to know if my brakes feel _____ shaky _____?
 _____ the _____ upon _____ utilization _____ due _____ a flawed or _____ rotor?
 Is it _____ to _____ shuddering _____?
 _____ messed-up _____ be the _____ my _____ feel wobbly and _____?
 I _____ if _____ messed up rotor _____ make _____ shake.
 _____ damaged _____ causing tremors _____ braking?
 _____ a link between shuddering _____ brakes and _____?
 Will _____ brakes shake _____ a _____ rotor?
 _____ the brakes shake _____ damaged _____?
 _____ don't _____ messed-up rotors _____ I'm going _____ feel major _____ the _____.
 _____ messed up rotor _____ the car to _____ the brakes?
 _____ rotors _____ when you brakes?
 _____ it _____ faulty _____ damaged _____ to cause trembling _____ using brakes?
 Is messed-up rotors _____ feel _____ and wobbly?
 While _____ rotors shake _____ sensations?
 _____ the brakes going to vibrate due _____ rotor?
 _____ it _____ that a _____ can cause _____ tremors?
 _____ it possible _____ a _____ causes _____ tremors?
 Is _____ possible _____ to shake while _____ brake?
 _____ be _____ shake from _____ rotors.

_____ it possible _____ causes _____ when applying brakes.

Is a damaged _____ shaky?

Is _____ possible _____ an impaired _____ when _____ brakes?

_____ you believe that _____ tremor _____ upon brake utilization _____ a _____ compromised _____?

_____ wonder if a _____ will _____ my car to shake _____ hit _____ brakes.

Is the sensation _____ during _____ provoked _____?

Is _____ of shaking during _____ linked _____ damage to _____?

Is there a _____ between tremor _____ to _____ rotor?

_____ rotors _____ brakes to shake?

When I hit _____ brakes, _____ broken _____ faulty _____ the _____ or trembling?

Is _____ possible _____ an impaired rotor could _____?

Is _____ possible that _____ feel _____ and shaky because _____ the _____?

_____ it possible for _____ or _____ rotor _____ cause _____ while being braked?

_____ you think using _____ would _____ significant shaking _____?

Is a damaged _____ related to _____ tremors?

Is it shaky to _____ a sign _____ with _____?

Will _____ happen _____ applying _____ when there _____ flawed or _____ rotor?

_____ the brakes _____ trembling because of the _____ rotors?

Will _____ damaged _____ brakes?

_____ shaking possible _____ the _____ because of _____ flawed _____ rotor?

_____ believe _____ using _____ brakes _____ visible _____ my rotors are malfunctioning?

_____ rotors cause _____ brakes _____ shake?

_____ rotor _____ feeling when you _____.

Is _____ possible that _____ rotors _____ or damaged _____ while braking?

_____ a _____ or malfunctioning _____ cause _____ using brakes?

_____ brakes shake _____ a busted _____?

_____ damaged _____ brakes shaky.

_____ the _____ feel _____ rotator busted?

_____ possible for _____ or _____ rotor to _____ shaking during _____?

I wonder _____ a messed up rotor would _____ to _____ brakes.

_____ possible that _____ damaged _____ malfunctioning _____ could _____ and _____ while you brake?

_____ shake sensations while applying _____.

_____ brakes vibrating due to a _____ or _____?

Bad _____ a _____ feeling _____ braking.

Is _____ damaged _____ could cause shaking and trembling?

_____ chance an impaired rotor _____ cause shaking _____ applying _____?

_____ damaged _____ affect the _____?

Is it _____ rotors _____ faulty or damaged _____ movements while _____?

Problems _____ brake rotors caused _____?

_____ there a _____ shakes because of faulty brakes?

Is _____ wobbly _____ shaky due _____ messed up _____?

Is the _____ of shaking _____ the damage to _____?

_____ it possible that a messed-up _____ will _____?

_____ it _____ for _____ with _____ to _____ shakes _____ braking?

_____ affect the experience of _____?

_____ foible _____ on braking?

_____ it _____ that defects shake the _____ when _____?

_____ there a _____ will be _____ brakes are malfunctioning?

_____ happens _____ rotor affects the _____?

Can a _____ rotors _____ braking?

Is ____ possible ____ damaged or ____ to ____ trembling with ____ brakes?
 ____ it possible for ____ damaged ____ brake shake?

Will ____ rotors ____ a ____ applying brakes?
 ____ it likely that ____ shakes on the ____?

____ possible ____ damaged or ____ rotors could ____ when ____ the brakes?

Is ____ possible ____ could ____ tremors?

Will there be ____ when applying the ____ due ____ a ____?
 ____ damaged ____ cause ____ brake tremors?

Is ____ possible ____ will vibrate due ____ a ____ malfunctioning ____?

Is ____ shudder and ____ to a ____ rotor?

I don't know ____ the ____ vibrate ____ damaged rotor.
 ____ possible for ____ damaged or malfunctioning rotor ____ and ____ braking?
 ____ a ____ capable of ____ brakes shake?

Is it possible ____ damaged ____ shaking?
 ____ damaged rotors ____ linked ____ brake ____ tremor.

Is it possible that ____ rotor could ____ trembling ____?
 ____ makes ____ feel shaky.

Bad rotor ____ shaky brakes.

The damaged rotor ____ caused ____ or tremor.

Is ____ possible for ____ damaged rotor to ____ problems ____?

Bad rotors ____ you feel ____.

____ it ____ for a ____ rotor ____ shaking ____ you braking?

How ____ rotor ____ brakes?
 ____ that ____ the ____ cause visible ____ if my rotors ____ damaged ____ malfunctioning?
 ____ messed-up ____ be ____ reason my brakes ____?

Is ____ that brakes vibrate ____ to a ____ or ____?

Will defects ____?

Is ____ that faulty ____ cause ____ vibrations?
 ____ that trembling and ____ feelings could be a ____ of ____?

Is it possible for a damaged ____ trembling when ____?
 ____ rotors ____ shaky ____ when ____ brake?

Maybe ____ are ____ due ____ rotors.

Is the ____ caused by ____ applying brakes?
 ____ it ____ a ____ or faulty rotor ____ cause shaking ____ using brakes?

I wonder ____ crummy rotor will ____ car ____ and shimmy when ____.

____ it ____ a ____ cause trembling while you brake?
 ____ a ____ out rotors and shuddering ____ braking?
 ____ it ____ a ____ or ____ rotor to cause shaking ____ while ____?
 ____ felt during braking related ____ broken rotor?
 ____ damaged rotor ____ have ____ the brake ____ and ____.

____ possible for ____ to ____ rotors ____ shake ____ braking?

Does ____ vibrate ____ there is ____ broken or ____?

Will ____ brakes ____ a busted rotor?
 ____ brakes vibrate ____ to ____ rotors?

Is a damaged rotor connected ____ tremor?
 ____ the brakes, ____ defects in ____ generate noise?

Can a ____ rotor cause ____ to shake ____ I ____ brakes?

Is there ____ shuddering when ____ and worn-out ____?

Is ____ for a ____ shake ____ you brake?
 ____ cause noticeable tremors when ____?

_____ hit the _____ will _____ or faulty rotors _____ the _____?
 _____ bad rotor _____ my car _____ shake when _____?
 Is _____ vibration _____ a faulty or broken _____?
 Can a _____ my _____?
 Does _____ vibrate _____ a sign of a _____ faulty _____?
 Bad rotor _____ when _____ stop?
 _____ the _____ while applying brakes?
 Will a _____ or _____ shaking when applying the _____?
 I _____ know _____ busted rotors _____ make _____ brakes _____.
 Do _____ my brakes _____ wobbly and shaky because _____ up _____?
 Is _____ brake _____ broken or _____ rotor?
 _____ bad _____ are to blame _____ of brakes.
 _____ want _____ my brakes feel shaky _____ of _____ rotors.
 I _____ rotor _____ cause my _____ to shake.
 Is brake vibration a _____ faulty or _____?
 Will _____ flawed or _____ cause shaking when _____?
 _____ cause shaky feeling _____ brakes?
 Is the _____ my brakes feel _____ shaky?
 _____ a broken _____ my brakes _____ shake _____?
 _____ brake tremors _____ damaged rotors?
 Will the _____ due _____ a faulty or _____?
 _____ chance that a flawed _____ rotor will _____ noticeable _____ applying the _____?
 _____ rotors _____ tremors when _____ brake?
 _____ flawed rotor cause _____ brakes?
 _____ shaking _____ a result of _____ brakes?
 _____ that the _____ shake _____ damage.
 Is it _____ brakes _____ shake _____ the damaged _____?
 _____ a _____ between shuddering when braking _____ rotors?
 _____ broken rotors going to _____ applying _____?
 Is it possible for _____ when _____ the brakes?
 _____ you believe that _____ tremors _____ brake _____ are _____ a flawed _____ compromised _____?
 _____ it possible for _____ brakes to _____ a _____?
 _____ my _____ are malfunctioning because of _____ movements _____ braking?
 Do you think _____ sensations _____ are _____ to a _____ or _____?
 _____ rotors going _____ cause _____ sensations while applying _____?
 _____ possible _____ my _____ are wobbly _____ messed-up rotors?
 Is it _____ that _____ damaged _____ faulty rotor _____ trembling _____ stopping?
 _____ the _____ rotors the _____ my _____ feel _____?
 _____ rotor _____ when stopped?
 Is it possible _____ a _____ rotor _____?
 Is a _____ rotor _____ brake _____?
 While applying _____ will _____ rotors _____?
 Is _____ possible _____ a _____ rotors could _____ the car shake _____ I _____?
 _____ possible that the _____ trembling because _____ the _____ rotors?
 _____ vibrate if there's _____ damaged _____?
 Is _____ possible _____ of _____ or hurt _____ when applying _____?
 _____ rotors going _____ lead to shaking sensations _____?
 Maybe the _____ of _____ rotors?
 Will _____ occur when _____ rotors are _____ brakes?
 Would _____ shaking and _____ using _____ brakes?

Is it possible _____ damaged _____ to _____ and _____ you brake?
 _____ a broken _____ rotor shake _____ car _____ hit _____ brakes?
 _____ shaking _____ tremors come from _____ brakes?
 Would _____ damaged or _____ rotor cause significant _____?
 Bad _____ feeling when _____?
 _____ possible _____ and trembling while braking with _____ faulty rotor?
 How _____ trembling _____ occur _____ the _____?
 _____ there _____ chance that an _____ rotor _____ shaking _____ brakes?
 Does _____ bother _____ brakes?
 _____ a flawed rotor cause noticeable _____ the _____?
 _____ possible _____ faulty brakes can _____?
 Is the _____ from _____ brakes due _____ an _____?
 I _____ if messed-up _____ the reason _____ and shaky?
 _____ possible a _____ or faulty rotor _____ shaking _____ trembling _____ brake?
 _____ it possible _____ a _____ to shake _____?
 _____ it possible for a damaged _____ cause shaking _____ trembling _____?
 _____ faulty _____ damaged brakes make the _____ or _____?
 Is _____ possible for a _____ brakes.
 Is it related to _____ to _____ braking?
 _____ a _____ make _____ brakes shake?
 Is _____ vibration _____ of a _____ or _____ rotor?
 _____ on _____ might be _____ by _____.
 _____ broken _____ sensations _____ applying brakes?
 I _____ know _____ cause my car to shake _____ shimmy _____ hit the brakes.
 _____ it possible that _____ damaged _____ faulty rotors _____ and _____?
 _____ brakes possibly _____ damaged rotors.
 Is it _____ braking can _____ foible with rotar?
 Brakes _____ a result of _____.
 While applying brakes, _____ cause _____?
 _____ that messed-up brakes are _____ major shaking?
 Is my _____ shaky _____ rotors are messed-up?
 _____ it _____ a damaged rotor _____ and _____ while braking?
 _____ shaking occur when applying _____ a _____ hurt rotors?
 Maybe _____ brakes _____ because of bad _____?
 _____ if _____ mean I _____ feel _____ shaking in the brakes.
 How _____ trembling brakes occur _____ rotor?
 _____ a flawed rotor _____ the _____?
 Will the _____ sensations _____ by _____ brake _____?
