

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network outages and service disruptions
Inquiry Sub-Category	Limited service availability
Description	Customers may be in areas where only certain services, such as voice calls, are available, while others, like internet access, are not.
Data Size	11,006 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

____ suggest ____ ways ____ us ____ use ____ data connection during ____ current ____ outage, as ____ heavily rely ____ ____?
 We ____ dependent ____ the ____ connection, could you suggest ____ ways ____ ____?
 Is there a way ____ to ____ the data ____ partial ____?
 We ____ lot ____ the ____ data connection you ____ could ____ alternatives?
 ____ there any bright ____ for us ____ data ____?
 ____ there are ____ alternatives ____ make the ____ of ____ data connection?
 Is it ____ connection since it's partly ____?
 We rely ____ how can we maximize it ____ this ____ outage?
 How ____ data ____ the internet is out?
 ____ explore other options while the ____ is ____?
 ____ there ____ way to ____ our use of ____ data ____ partial ____?
 ____ suggest alternative ways to ____ the ____ connection ____ downtime?
 We want to ____ there are ____ ways we ____ still ____ data _____.
 What are the ____ data connection ____ its intermittent ____?
 ____ there ____ good idea to ____ data ____ during ____ outage?
 Is ____ an ____ use ____ connection when it's out?
 ____ partial glitch, ____ alternate methods ____ data connection use?
 ____ there ____ way ____ data connection ____ the partial outage?
 With our ____ reliance on ____ you suggest ____ methods of ____?
 ____ are some alternatives ____ if the internet ____ not ____ available?
 Is there more ____ could ____ to maximize ____ the ____ are out?
 ____ suggestions about ____ harness ____ data during the ____ outage would _____.
 How else could ____ use the ____ malfunctioning?
 ____ you ____ ideas ____ we ____ still ____ our internet use?
 Suggestions ____ to ____ data ____ this partial ____ be much appreciated.
 Given ____ connection, could ____ propose alternative ____ of using it?
 ____ other ideas to work around ____ limited ____ connection ____ outage?
 Given ____ current issues ____ what ____ alternative techniques ____ can use?
 ____ it ____ suggested ____ to use the data ____ limited network situation?

_____ a _____ way to rely on _____ it _____ a crucial role in _____ operations _____ interruptions?
 Can _____ us advice on _____ utilize this _____ link?
 How _____ we make _____ data connection _____ service disruption?
 _____ should _____ use _____ data access?
 _____ how _____ depend on the restricted network _____ do you _____ any _____?
 _____ any other way to maximize _____ use _____ data connection during this _____ outage, considering its _____
 _____?
 _____ there more we _____ do to maximize _____ the _____ network _____ is _____ temporary outage?
 _____ need different _____ to _____ data connection while _____ is _____ partial _____.
 _____ there any other ways we _____ still _____ during _____ outage?
 Due to its _____ offline _____ suggest alternate methods _____ the _____?
 Is there any _____ to _____ the data _____ despite _____?
 _____ this ongoing internet _____ else could _____ use _____?
 _____ very _____ us, _____ you tell us other ways _____ can still _____?
 Is _____ alternative _____ to rely on _____ since _____ is _____ to _____ operations?
 _____ be _____ to work _____ the limited _____ connection right _____?
 We _____ rely on the data _____ you _____ to _____ it?
 Is there _____ the _____ more efficiently to _____ that affect us?
 We _____ on the _____ connection _____ lot, so _____ you _____ ways _____ use _____?
 _____ there a way we could _____ the _____ connection _____ we _____?
 _____ you _____ us _____ ways we can _____ data, as _____ very _____ to _____?
 How _____ us how to _____ during the outage?
 Can you suggest _____ to improve data _____ network _____?
 _____ it _____ to give _____ tips on _____ use the _____ the outage?
 _____ want us to be _____ with different methods _____ our _____ data _____?
 Given how much _____ on _____ network _____ make sense to use _____?
 Are there any suggestions _____ we can _____ internet during _____?
 Given the data connection's current _____ explore?
 _____ alternative approaches to _____ connection _____ the limited _____ situation that _____ heavily _____?
 _____ there other _____ use _____ the data during this _____ outage?
 _____ alternative _____ harness the available data would _____.
 Given _____ we are on _____ data _____ alternative usage methods?
 Do _____ have any _____ the data connection?
 Is there a _____ to _____ this faltering _____ significance?
 Can _____ offer _____ to utilize this _____ data _____?
 Is there _____ way that _____ can _____ data connection _____ the partial _____?
 Is _____ any _____ to use _____ connection if _____ partially _____?
 _____ you give us _____ to _____ the _____ data connection _____ currently _____?
 _____ adjust our use _____ internet since there is an _____?
 How _____ we find _____ way _____ use the _____?
 _____ data _____ is _____ any suggestions _____ different _____ to use _____?
 _____ there _____ to work _____ a limited _____ connection?
 Is there _____ thought _____ data usage _____ outage?
 Considering our heavy _____ on _____ can you _____?
 With _____ internet _____ ongoing issue, _____ could we _____ it?
 _____ there a _____ to _____ the _____ our limited _____ access during _____ outage?
 Do you _____ how _____ can _____ the internet _____ downtime?
 _____ about _____ on how to better use this _____ outage?
 _____ the _____ issues of the data connection, _____ we _____?
 Is _____ way _____ can still use _____ during _____ downtime?
 Can you _____ to utilize the _____ link?

We ____ on ____ data connection ____ lot ____ are ____ ways to ____.
 ____ there ____ prop up the data connection right ____?
 ____ rely on the data ____ so ____ how ____ use ____?
 ____ there a way ____ data ____ while ____ not working?
 Is ____ possible to make ____ connection during this ____?
 ____ there a viable ____ that can make ____ of our ____?
 Suggestions ____ alternative ____ to ____ our use ____ the data ____ partial ____?
 Is there a ____ can rely ____ the ____ data ____?
 Considering ____ any ____ on ____ ways of using the data ____?
 ____ the issues with the ____ what ____ other ____ we ____ use?
 Suggestions ____ to use the ____ connection ____ it ____ patched ____?
 Is there ____ we ____ still use ____ pathetic data ____ during ____ lousy ____?
 Is ____ a way ____ utilize the data connection ____ the ____?
 ____ there anything else we can ____ our ____ data network while ____ are ____?
 Given the ____ the data connection, ____ you ____ alternate ____ to ____?
 ____ use ____ ways of utilizing the data ____ during ____?
 Given ____ of ____ faltering data ____ can you ____ with ____ approaches?
 ____ data connection's current ____ alternate ____ using it?
 ____ suggest alternate ____ for us ____ the limited data ____?
 ____ there a way to increase ____ data connection during ____?
 Suggestions ____ other ways ____ use ____ data ____ it's ____?
 Suggestions ____ alternative ____ the ____ connection while ____ patched up?
 Considering ____ reliance ____ data ____ any ____ for alternatives?
 ____ on how ____ advantage of the available ____ outage ____ be appreciated.
 ____ for ____ usage methods with ____ reliance on ____ data connection ____?
 ____ we ____ the ____ extensively, any suggestions ____ ways ____ maximize its ____ during ____ partial outage?
 What are ____ alternative ____ in ____ use ____ internet in ____ the ____ outage?
 ____ there any way ____ use our ____ during ____?
 How ____ we ____ data connection ____ out?
 ____ you suggest a better ____ to ____ data ____ this ____ outage?
 ____ is ____ what can ____ do to ____ it?
 Wouldn't ____ great ____ could use ____ methods with ____ data ____ the ____ shutdown?
 Is there any ____ us to ____ the ____ data ____?
 Since we ____ on ____ there are any suggestions ____ methods to maximize ____?
 Suggestions as ____ ways we can ____ shaky ____ connection.
 ____ have ____ on ways ____ utilize our data connection ____ function?
 ____ are the best ways ____ utilize the ____ despite ____?
 Is ____ a ____ data connection, considering its ____ glitch?
 How ____ we ____ around ____ limited ____?
 ____ dependence ____ it, can ____ suggest alternative ____ for data ____?
 Is ____ a ____ alternative ____ the most of ____ data access?
 ____ there a way ____ rely on ____ limited ____?
 In ____ downtime, ____ you consider how else you can ____ the ____?
 ____ the data ____ issues, what ____ we can use?
 Is there ____ to ____ limited data connections?
 ____ you ____ alternate methods to rely ____ limited ____?
 ____ rely on ____ data connection ____ there are ____ ways to ____ use?
 ____ we find ____ way ____ use ____ data connection?
 ____ there anything ____ we ____ use ____ during this problem?
 Any ____ on ____ use our ____ connection in ____ way?

_____ intermittent _____ of _____ data connection, _____ have any _____ other uses?

_____ tell us _____ we can _____ the _____ data _____?

_____ you tell us _____ to utilize this _____ link?

_____ how much we rely on restricted _____ there _____ that _____ should _____?

Considering _____ our data _____ in _____ business, _____ can we _____ the use of _____ during _____ partial _____?

Given the _____ we have _____ you suggest _____ methods _____ utilizing it?

Given the _____ with _____ communication, what are some _____?

How _____ modify our use _____ limited _____?

_____ data _____ plays a crucial _____ in _____ operations, do you have _____ options?

_____ should _____ data connection despite its intermittent _____?

_____ rely _____ data _____ so could _____ other ways _____ using it?

_____ is an ongoing _____ so how should _____ change _____ internet _____?

_____ for alternative _____ to use the data _____?

I _____ wondering _____ we _____ around _____ limited _____ right now.

Considering _____ current glitch with the _____ any ideas _____ of _____?

_____ way _____ use the limited data _____ alternate methods?

_____ you _____ ideas _____ ways to use _____ connection?

_____ our heavy _____ on the data connection _____ any _____ usage _____?

In light _____ partial _____ problem, what _____ some _____ could _____?

_____ for _____ the data _____ partially down?

_____ there a way we _____ usage _____ the _____ functioning _____?

_____ it possible to use the data _____ while _____ disruptions _____ us?

_____ it possible _____ suggest alternative _____ to _____ data connection when _____ network situation?

_____ you tell _____ how _____ faltering data link?

Is _____ can use this _____ connection during a _____ outage?

Do you _____ ideas _____ how _____ can still benefit from our _____?

The data _____ partially _____ but we rely _____.

Is there _____ other _____ that _____ data _____ despite _____ ongoing partial outage?

Is _____ a better way _____ the data _____ intermittent _____?

We heavily depend _____ the data _____ could _____ other _____ use _____?

Is _____ possible _____ use _____ for the _____ data _____?

_____ use limited data _____ efficiently?

_____ for making productive _____ left from _____ vital datalinks _____ be _____.

Suggestions _____ alternative ways _____ data during _____ partial _____ would be _____.

Given _____ significance _____ the faltering _____ can you _____ on _____?

Got _____ how we can work around _____ data _____?

I _____ for _____ how we can _____ around _____ limited _____ connection.

Is _____ any recommendation _____ how to _____ connection despite its _____?

_____ we _____ during this issue?

_____ light of _____ downtime, may _____ consider _____ you _____ get online?

Any thoughts _____ we _____ still _____ on data connections?

Is there any _____ on _____ during an _____?

_____ the current _____ with the data _____ what alternative _____?

_____ idea to suggest alternative _____ to _____ the data _____ amidst _____ network situation?

How _____ use _____ network more _____ in _____ of _____ disruptions?

We need different _____ to _____ data connection while _____.

Considering the _____ partial _____ ideas _____ alternate _____ of _____ the data _____?

Do _____ ideas of alternate uses _____ the _____ data _____?

How _____ suggesting alternatives to _____ data _____ when _____ a _____ network _____?

How _____ we _____ internet _____ when _____ is down?

_____ the current issues _____ data _____ what _____ some _____ explore?
 _____ on how we can _____ the _____ it is _____?
 Is _____ viable alternative _____ the _____ of our data availability _____ partial _____?
 How _____ we use _____ access _____ this _____?
 _____ have _____ suggestions for alternative ways _____ data connection _____ is crucial to our _____?
 Since _____ data connection _____ we rely _____ it.
 Given _____ of the _____ data _____ you tell _____ how _____ use _____?
 _____ there _____ we can _____ the data _____ effectively despite _____ current _____?
 Is _____ anything _____ do _____ leverage _____ reliance _____ the internet?
 _____ its _____ partial _____ there are any _____ for _____ methods _____ the _____ connection.
 _____ there any _____ our data connection despite _____ intermittent _____?
 Is there _____ for _____ productivity while _____ this _____ that affects our reliance _____ services?
 Considering _____ dependence on it, _____ you _____ alternative _____ reduce data _____?
 Is it _____ to use other _____ the _____ during _____ outage?
 Is it _____ to _____ on the data _____ in _____ ways since _____ in _____ operations?
 Suggestions, _____ some _____ ways _____ on the shaky _____ connection?
 _____ how _____ we rely on it, _____ recommend _____?
 _____ the _____ faltering data _____ you suggest alternative approaches?
 Given the _____ data link, _____ advise us _____ alternative approaches?
 _____ you _____ alternate _____ our data _____ now _____ is partly offline?
 _____ rely _____ it _____ any _____ for ways _____ maximize _____ use of _____ connection _____ this partial outage?
 Is _____ an alternative way for _____ to maximize _____ use _____ our data _____?
 Wouldn't it _____ we could _____ different methods with our _____ the _____ shut _____?
 How can _____ the internet with _____ ongoing _____?
 _____ there _____ data connection during the current partial _____?
 There is a _____ that we rely _____ and _____ alternatives?
 Do _____ have any _____ the _____ data connection we _____?
 Is there _____ other _____ to _____ the data _____ despite _____ partial _____?
 Should _____ use the data _____ it's _____ down, _____ we _____ it?
 _____ we _____ approaches to _____ the data connection despite _____ outage?
 _____ our _____ dependence _____ the data connection, _____ you _____ of _____ it?
 Is _____ way _____ maximize _____ data during this partial failure?
 _____ possible _____ still benefit _____ our _____ data _____ if we _____ different _____?
 _____ to use the available _____ access in light of _____ outage?
 _____ other _____ can _____ use _____ during the partial outage?
 Can you _____ alternative measures _____ maximize _____ in _____ of _____ ongoing partial _____?
 Is there any way _____ maximize our _____ of _____ data _____?
 Can we _____ around _____ connection _____?
 _____ of the _____ how else is it possible _____ the _____?
 Is there _____ us to _____ limited data _____?
 _____ viable _____ make the most of _____ limited _____ availability during this _____?
 _____ a need for _____ on _____ we can _____ internet.
 Is _____ to maximize the use of _____ partial _____ considering its importance to _____ business?
 Do you _____ we should _____ different _____ this _____ issue _____ on the _____ connection?
 How _____ of the limited data _____?
 _____ we _____ different _____ from our _____ data connections?
 We need some alternative _____ for _____ the limited _____.
 _____ suggestions on _____ rely _____ the unreliable data _____?
 I was wondering _____ there _____ any _____ the data connection _____ down.
 Suggestions _____ alternative uses of _____ data _____ repaired?

How _____ us tips on how to _____ during _____ downtime?
 _____ there any _____ suggestions to _____ our _____?
 _____ use the data _____ it's being fixed?
 _____ idea for how we _____ the data connection during _____ issue?
 _____ we _____ data connections?

Suggestions _____ other ways _____ use _____ shaky _____ connection.

Are _____ on _____ can still _____ the _____ despite the _____ downtime?
 _____ there _____ clever way _____ use our _____ data _____ it _____ today?
 _____ there an alternate _____ the internet is _____?
 _____ our heavy _____ on the _____ you _____ ways _____ use it?

Any _____ alternative usage methods _____ our _____ reliance _____ the data _____?
 _____ an _____ to use the data _____ during _____ outage?

Is _____ to make use of the _____ this _____?
 _____ you _____ suggestions for uses _____ current data _____?
 _____ a _____ that _____ the data connection effectively despite _____ current _____?
 _____ how _____ we rely on the network _____ do _____ recommendations _____?

Wouldn't _____ great _____ could use different _____ data link amidst _____ shutdown?

Should we use other _____ connection since it is heavily _____?

Is _____ a way to use _____ connection _____ outage so _____ do _____ suffer?

How should _____ at this point?

Does it make _____ use of _____ data _____ during this _____?
 _____ think _____ still _____ our _____ data connections with different approaches?
 _____ internet is down, how should _____ the internet?

Looking for _____ resources _____ the partial outage.

Need suggestions on how _____ rely on _____.

We need alternate _____ to rely _____ connection.

Is _____ possible to _____ alternate _____ for _____ limited _____ connection _____?

How _____ on restricted _____ do you have any _____ alternatives?
 _____ rely on the data connection _____ any suggestions _____ alternative _____ to maximize _____ of _____?
 _____ how we _____ still _____ the _____ this downtime?

We need other ideas _____ working around _____ outage.

This _____ network _____ that we heavily _____ about _____ alternative _____ use the data _____?

Do you _____ there _____ can _____ the most _____ our limited _____ connection?

What should we do _____ connection _____ the _____?

Considering _____ current partial glitch, _____ methods of _____ data?
 _____ using our _____ a better way?
 _____ you _____ of using the _____ connection _____ partly offline?
 _____ use alternative ways _____ connection during the outage?

Is _____ a better way _____ utilizing the data _____ the _____?
 _____ issues _____ the data _____ what are some alternative _____ we _____?
 _____ plays a crucial role _____ operations, _____ there any alternatives we _____?
 _____ it possible _____ alternative measures _____ maximize _____ amidst _____ partial _____ disruptions?
 _____ there any _____ ways _____ can still use _____?
 _____ can _____ use the _____ despite the _____ outage?
 _____ how much we _____ network availability, do _____ suggestions?
 _____ any _____ ideas to _____ data _____ during this outage?

Is _____ a substitute for heavy _____ and interrupted _____?
 _____ there a _____ to make _____ the data _____ the _____?
 _____ of a _____ internet access problem, what _____ some alternatives _____?

Is _____ for us _____ use the limited data _____ we _____?

Given how much _____ depend _____ do you have _____ alternatives?
 _____ the _____ how _____ we use it differently?
 _____ are heavily _____ on the _____ connection, so _____ recommend other ways _____?
 Do you _____ still _____ from our _____ connections if _____ leverage _____ approaches?
 What are _____ other _____ can _____ data connection?
 Since the _____ connection is crucial to _____ operations, _____ suggestions _____ use alternative ways?
 Do you think there _____ that _____ the most _____ data connection?
 _____ any _____ get our data connection back?
 With the internet's _____ issues, how _____ use _____ it?
 Is there a way _____ the current data _____?
 Suggestions _____ different ways _____ data connection while _____ being _____?
 _____ tell _____ how we _____ the _____ during _____ partial outage?
 _____ on how to use _____ connection _____ intermittent _____?
 _____ alternate _____ of _____ the _____ connection _____ that it's partially offline?
 What are _____ replacements _____ and interrupted internet links _____ under _____?
 _____ you think there _____ that can _____ of our _____ data connection?
 _____ anything else _____ can _____ to maximize the use of our _____ this _____?
 _____ heavily depend on _____ so _____ you suggest _____ of _____ it?
 _____ to _____ usage of a partially _____ internet connecton?
 In _____ temporary _____ downtime, _____ you _____ how else _____ can access?
 Given the heavy _____ on _____ data _____ for _____ usage _____?
 Is it _____ to _____ our _____ connections still _____ approaches?
 Can _____ us _____ how _____ use the _____ link?
 _____ rely on _____ data _____ and can you _____ different way _____ it?
 _____ think there are viable _____ will _____ of _____ limited data access?
 Is there _____ we can _____ use _____ partially functioning _____?
 Suggestions for _____ ways to _____ data _____ it _____ repaired?
 _____ do _____ get around _____ limited data connection _____?
 The data connection _____ and we rely _____ work.
 _____ current _____ with _____ what are some alternative _____ to use _____?
 Is _____ better way _____ rely _____ network situation?
 Given the current issues with data _____ explore?
 Can _____ suggest _____ in _____ we can _____ data _____ during _____ disruption?
 _____ us another _____ to use the data _____ the _____ issues?
 Can _____ a _____ for us to use the _____?
 _____ there any way _____ can _____ our use _____ the data _____ outage?
 Can _____ tell _____ about other _____ can still use data _____?
 _____ the current issues _____ the _____ connection, _____ some alternative _____ use?
 _____ there anything we _____ do _____ from _____ reliant data _____ at _____?
 I want _____ if you _____ alternative _____ to use _____ data _____ during _____.
 _____ much we rely _____ restricted network _____ are there any _____?
 How _____ we _____ usage of _____ it is down?
 _____ you _____ of what to do _____ the data connection _____?
 How _____ can we use _____ the disruptions?
 _____ though the _____ is intermittent, any _____ for different _____ to _____?
 _____ there _____ alternative strategies _____ save our data _____?
 _____ you _____ any _____ how to _____ the current _____ connection?
 Do _____ have any _____ using _____ connection despite _____ intermittent _____?
 _____ our _____ reliance on _____ data _____ you _____ to use it?
 _____ there _____ to maximize the use _____ the data _____ this _____?

Is _____ any advice _____ using _____ data _____ though _____ is _____?

Do you have _____ ideas on what _____ do _____?

_____ light _____ partial internet outage, _____ some _____ can consider?

Do you have _____ make the most _____ access?

Given _____ reliance on the data _____ suggestions _____?

Suggesting _____ to _____ the _____ connection amidst _____ network _____ be great.

_____ any way _____ our _____ of data during the _____?

_____ else could _____ internet during this _____?

Is there a _____ for us to _____ we _____?

_____ for alternative _____ data _____ resources during _____ partial _____.

_____ there _____ other way we could _____ data _____ partial outage?

_____ temporary network _____ how else can we _____ the _____ connections?

_____ the heavy reliance we _____ data _____ any _____ for _____ usage _____?

We need to _____ ways to _____ around _____ data connection _____.

_____ any _____ on _____ the data connection despite _____ intermittent function?

Is _____ possible to _____ different approaches that _____ benefit from _____ dependent _____?

What _____ alternatives _____ might consider _____ the internet is _____?

The data _____ is partially down _____ we _____.

_____ maximize our _____ of the data connection during this _____?

Is there a _____ way _____ connection _____ so important in _____ operations?

_____ on our limited _____ connection, so _____ give _____ some alternatives?

Can you suggest _____ use the data _____ during _____ partial _____?

Since _____ rely on _____ data connection, _____ suggestions _____ again?

Since _____ data connection _____ crucial role _____ operations, _____ have _____ about other ways to _____ on _____?

_____ you have ideas _____ use _____ data _____ differently _____ this issue?

Are there _____ to _____ connection during _____ partial outage?

Do you have any ideas _____ use _____ data _____ during _____ issue?

Is there _____ way _____ around _____ data connection?

Do you _____ any _____ for _____ the data _____ the _____ issue?

Looking _____ alternative _____ data connection resources _____ the partial _____.

_____ a _____ could maximize our use _____ the _____ network?

We _____ other _____ for dealing with _____ limited _____ during _____.

Could _____ give us _____ for using the limited _____ we _____?

Can you tell _____ use the _____ connection _____ the current _____?

Is _____ other _____ that _____ can _____ the data connection _____ outage?

_____ different methods for _____ data connection _____ though there _____ a _____.

Are there _____ on _____ we _____ still leverage _____ use?

Are _____ we can _____ use of the _____ during _____ partial _____?

Do _____ have _____ how _____ maximize our _____ of _____ data connection during _____ outage?

Can _____ suggest ways to maximize _____ while the _____?

Given _____ rely _____ restricted _____ do you have _____ suggestions for _____?

_____ the internet during a partial _____?

How _____ we utilize the _____ connection _____ partial _____?

Suggestions _____ to harness the _____ would be _____.

Can _____ strategies _____ to _____ connection more _____ while _____ current disruptions _____ affect us?

Given how _____ rely _____ restricted network availability, _____ any _____ we _____?

_____ we _____ lot, there are any suggestions for _____ maximize use?

_____ to _____ face this partial outage affecting our reliance on data _____?

_____ that we can rely on _____ data _____?

_____ the _____ down, _____ there alternatives _____ use?

Is _____ from reliant data _____ at the moment?
 _____ depend on _____ connection _____ you _____ other ways to _____ it?
 _____ is an ongoing _____ of the _____ how _____ change _____ usage?
 Is _____ suggestion _____ the _____ connection _____ it's partially down?
 _____ else could _____ use _____ there's an _____ problem?
 Is _____ possible to recommend _____ to maximize _____ when _____ is _____?
 _____ how much _____ on _____ restricted _____ do you suggest _____?
 We _____ other _____ to _____ around _____ limited data _____
 Should we _____ the data connection, since _____ heavily dependent on _____?
 Can _____ to maximize the use _____ data during _____ partial _____?
 In _____ of the temporary _____ downtime, _____ you _____ about _____ can get access _____ internet?
 Do _____ we could make _____ data _____ during this _____?
 How _____ some tips _____ how to _____ crappy data better _____?
 _____ a way _____ maximize the _____ our data _____ during this _____?
 _____ there _____ make the most out _____ data connection?
 Is _____ way that _____ can use _____ during this service _____?
 Considering _____ importance of our _____ our _____ there alternatives to _____ its _____ during this _____?
 _____ the _____ connection _____ any _____ alternative usage?
 In _____ of _____ may _____ think about how _____ access the web?
 _____ to use our data _____ problem?
 Is _____ anything _____ do _____ use _____ internet during this _____?
 We _____ depend _____ the data connection, _____ recommend _____ ways _____ it?
 Is _____ way _____ use data _____ partial outage?
 Is _____ viable _____ that _____ the _____ out of _____ limited _____ connection?
 Is there a _____ that we _____ limited _____ connection _____?
 _____ the _____ faltering data link, can _____ us alternative _____?
 How _____ use of _____ connection _____ this partial outage?
 Suggestions regarding _____ ways _____ can _____ shaky _____ connection?
 _____ heavy reliance on _____ suggestions for an alternative _____ method?
 _____ you _____ ways to use _____ connection during _____?
 _____ to utilize the data connection effectively _____ the _____?
 Is there _____ better way _____ rely on the _____ is _____ important to _____?
 Is there any _____ we can _____ this pathetic data connection _____?
 Is there _____ way to maintain productivity _____ that _____ our reliance on _____?
 Given _____ reliance _____ data _____ you _____ alternative methods of utilizing _____?
 _____ have _____ heavy reliance _____ data connection, _____ suggestions _____ usage methods?
 _____ the _____ tech downtime, _____ how else you _____ access the internet?
 The _____ is _____ how _____ we _____ other methods?
 Could _____ suggest a different _____ the data _____ during _____ partial _____?
 _____ alternate approaches that _____ connection resources _____ this partial _____.
 Considering our heavy _____ on _____ suggest _____ measures _____ improve data _____?
 _____ on _____ data connection and could you _____ ways to _____?
 Is _____ more _____ can do to maximize our _____ of _____ while _____ with this _____?
 Is _____ more _____ to maximize _____ of the data _____ this time?
 _____ we able _____ around _____ limited _____ connection _____ now?
 _____ use alternative _____ to utilize the data _____ the _____?
 Considering the current partial _____ other methods of using _____?
 Are there _____ how we can _____ internet?
 _____ there _____ we _____ work around _____ limited data connection?
 Is there a viable alternative _____ will _____ out of _____?

Can _____ us some _____ for _____ connection that we have?
 _____ of _____ partial internet outage, what are some _____ might _____?
 _____ need some alternative solutions _____ the _____ data connection _____.
 _____ you have any _____ what to _____ with _____ connection?
 Is _____ a better _____ the data _____ the _____ outage?
 _____ any other _____ to _____ our _____ during _____ problem?
 Is _____ more _____ we _____ to maximize _____ usage of the _____ while _____ with _____?
 Is _____ to rely on the data _____ other _____ since _____ a _____ our operations?
 _____ need _____ rely on _____ data connection.
 Can _____ find another way _____ around the _____?
 Can _____ alternate _____ to use the _____ connection?
 _____ need _____ how we _____ still use _____ during _____ downtime.
 Since the data _____ down, _____ use it?
 _____ we _____ faltering _____ link on alternate _____?
 Is there more we can _____ to _____ usage of _____ while _____?
 We need any other ideas _____ work _____ during _____ outage.
 We _____ the data connection _____ and _____ are any _____ ways _____ its use?
 _____ there any _____ on _____ still _____ the internet?
 What _____ some _____ rely on the _____ connection?
 Is _____ to _____ productivity when there is a partial _____ affecting _____?
 _____ partial outage _____ on data services, are there any _____ productivity?
 Can _____ still _____ from reliant _____ using different _____?
 _____ is an _____ outage of _____ internet and _____ should _____ change _____ use?
 Since the data connection is _____ of our _____ do _____ ways to use it?
 Given _____ with _____ data _____ alternatives we can explore?
 _____ you have _____ alternative solutions for utilizing _____ data connection _____?
 Can _____ suggest _____ to maximize _____ of the partially _____ internet _____?
 Given our _____ reliance _____ data _____ there _____ for alternatives?
 _____ there any way _____ we _____ connection effectively despite the _____?
 _____ you _____ any _____ how _____ use the _____ connection _____ the current _____ outage?
 _____ these _____ limitations, how _____ can we maximize _____ data connection?
 _____ lot on the _____ how about _____ alternative approaches?
 _____ use the limited _____ connection more _____?
 Considering _____ current _____ there _____ for _____ of using _____ data connection?
 _____ you have _____ alternate data _____ during _____?
 Do _____ have _____ to get a _____ connection?
 There _____ an _____ internet _____ we use it differently?
 Can _____ tips _____ to use the _____ better during _____ outage?
 We rely _____ the data _____ and could you suggest _____ ways _____?
 _____ there _____ thought _____ how _____ can still _____ data connections?
 Is _____ way _____ use _____ data connection _____ though _____ partially _____?
 Is there _____ to _____ data connection more effectively _____?
 _____ there any thoughts _____ alternate data _____ an _____?
 _____ to rely on _____ since it is crucial to our _____?
 Suggestions regarding alternative _____ to _____ available _____ during this _____ are _____.
 _____ light _____ partial _____ outage, _____ alternatives we can consider?
 In _____ of _____ temporary tech _____ might _____ how _____ you can _____ the _____?
 What _____ we _____ to _____ this temporary problem?
 Wouldn't it _____ could _____ different _____ with _____ data _____ during _____ partial shutdown?
 _____ our _____ reliance _____ the _____ connection unavailable _____ alternative usage methods?

____ you ____ of a ____ way ____ use this ____ connection ____ lousy downtime?
 Given the ____ issues with ____ data ____ are ____ can explore?
 How can ____ connection ____ there is ____ interruption?
 Is ____ any way ____ use the ____ connection during ____?
 ____ on ____ we can still ____ our ____ during ____ downtime?
 We're ____ on the ____ any suggestions for ____ usage ____?
 Do ____ any ____ ideas for ____ the ____ data ____?
 ____ it ____ you to offer ____ ways to ____ the ____ connection during ____?
 Is there ____ way ____ make ____ of our limited ____?
 Can we come ____ with ____ ideas ____ get ____ data ____?
 ____ you ____ ways to ____ the ____ connection ____ the outage?
 ____ for alternative methods to ____ of the ____ since ____ it so much?
 Given the significance of ____ can ____ us ____?
 ____ there any ____ way to maximize ____ of ____ data ____ during ____ outage?
 Is there ____ alternative strategies ____ save ____ connection?
 ____ the ____ this ____ data ____ can ____ us alternatives to use ____?
 Is ____ viable alternative to make ____ out ____ our limited ____?
 ____ have ____ on ____ could ____ the ____ connection during this disruption?
 ____ you propose ____ methods of ____ this partial outage?
 ____ there a ____ use ____ connection without it being ____?
 Given ____ heavy reliance on ____ any suggestions for ____ methods?
 Do you think ____ can ____ on ____ data ____ other ____?
 ____ you ____ suggestions on ____ to ____ this faltering data ____?
 ____ we use ____ strategies ____ get ____ connection back to ____?
 Is there ____ way ____ use ____ data connection ____ disruption?
 ____ there ____ can do to ____ use ____ data connection during ____ partial ____?
 Is there ____ we can do ____ maximize ____ of ____ connection ____ this ____?
 Even though the ____ connection is ____ suggestions ____ alternative ____?
 Is it possible ____ how to use the ____ during the ____?
 ____ the current issues with the data ____ explore?
 ____ it ____ great if ____ could ____ methods with ____ data link ____ partial shut ____?
 Considering ____ on it, ____ recommend ____ to reduce data use?
 ____ best use ____ data connection?
 ____ use another method of ____ the ____ during this partial ____?
 ____ give us some alternatives to using ____ limited ____?
 Is ____ possible for ____ to suggest ____ ways ____ data connection during ____?
 ____ do you ____ the ____ in ____ the tech downtime?
 ____ alternatives can ____ maximize our ____ during this partial outage?
 Is there a ____ alternative to ____ limited data network?
 Is ____ can ____ us about ____ we could ensure ____ use of ____?
 Should ____ use ____ ways ____ connection amid ____ current partial outage?
 ____ have ____ ways we can rely on ____ connection?
 ____ there a ____ we ____ use the ____ connection ____?
 ____ options for ____ from our datalinks.
 ____ significance of ____ data link, can you ____ ways ____ it?
 ____ you ____ any ideas for ____ during ____ issue, because ____ on ____ data connection?
 Given the ____ the data ____ what ____ we can explore?
 ____ alternative ways ____ use the data connection ____ patched ____?
 Do ____ any ideas ____ how we ____ use ____ connection ____ the current ____?
 Given ____ significance of ____ link, can ____ us alternative ____?

You can suggest alternative _____ use the _____ data _____.

Is _____ a _____ to get _____ connection during _____ outage?

Is _____ way we _____ use the data connection _____ the _____?

_____ a _____ to use _____ connection during the _____ so _____ operations aren't _____?

_____ a _____ outage, what are some alternative _____ use the _____?

Suggestions on _____ we _____ benefit _____ our reliant _____?

How should we _____ the way _____ the _____ partial outage?

_____ there _____ viable _____ to make the _____ limited _____ connections?

Do _____ have an idea _____ what to _____ data _____ during the _____?

_____ be possible _____ use _____ to _____ on the _____ data connection?

Do you have _____ for how _____ will _____ data _____ during _____ issue?

_____ the intermittent availability _____ current _____ any alternative uses _____ it?

Seeking alternative _____ using available _____ during _____ outage.

Is _____ a _____ maintain productivity _____ a _____ outage _____ our reliance _____ data services?

_____ you propose _____ use the data connection effectively _____ current _____?

_____ it possible to _____ partial outage _____ it's _____ important to _____?

Given these _____ limitations, how _____ can _____ maximize _____ use _____ data _____?

Is _____ idea for _____ to _____ the _____ working?

_____ the data goes _____ alternatives for using _____?

_____ you suggest ways _____ could _____ data _____?

Is _____ a way we could use _____ connection _____.

In light of _____ you consider _____ else you _____ the internet?

_____ use the _____ when _____ an ongoing problem?

_____ way to utilize _____ data connection amidst _____ current partial _____?

Given our reliance _____ the _____ connection _____ unavailable, any _____ usage _____?

Given _____ heavy dependence _____ the _____ connection, could _____ alternate _____ usage?

Is _____ way we _____ maximize _____ of _____ network while dealing with _____ temporary _____?

_____ temporary _____ how can we _____ the use _____ the _____ connection?

We heavily _____ data _____ can you _____ alternate ways _____ use _____?

_____ you _____ approaches that _____ allow _____ to _____ usage of the _____ internet _____?

_____ the _____ plays a crucial _____ our operations, _____ you _____ any _____ ways _____ can _____ on?

We _____ on the data connection _____ there _____ instead.

Is there a better _____ to _____ data _____ limited _____ situation _____ heavily depend upon?

_____ efficient way _____ maximize _____ of the data during this _____ outage?

Is there any _____ to _____ our data connection _____ down?

Is _____ a _____ utilize _____ during this partial outage?

_____ is down, how should _____ adjust _____?

_____ other _____ to _____ our data _____?

_____ you _____ clever _____ to prop _____ the data _____ now?

Can _____ alternate ways of _____ the data _____ now _____ partly _____?

_____ there _____ way _____ our _____ there is a partial outage?

Do you _____ any ideas about other _____ connection?

Since we rely on the data _____ what _____ we _____ maximize it _____ outage?

Should we use another way _____ utilizing _____ data _____ amidst _____?

_____ there be alternatives _____ maximize our use _____ data _____ this _____?

_____ alternative ways _____ use the internet _____ of a partial _____?

_____ much we _____ availability, do _____ have any ideas on alternatives?

How _____ we _____ again?

_____ light _____ a partial _____ are _____ to use _____ internet?

The _____ connection is partially _____ we depend _____.

Since _____ data connection _____ crucial to our _____ do _____ suggestions for alternative _____ to _____ ?
 What are _____ alternative approaches _____ might consider _____ of a _____ ?
 _____ much we rely on _____ network availability, what _____ ?
 _____ suggestions _____ harness the _____ data _____ outage will be appreciated.
 _____ you recommend _____ improve _____ usage _____ network is down?
 Is _____ an _____ us to use the data _____ during _____ ?
 Wouldn't _____ be great to _____ alternatives to _____ amidst this limited _____ ?
 _____ there a _____ alternative to _____ the most _____ data _____ the partial _____ ?
 Can _____ give _____ on how we can use _____ ?
 Is there another _____ use our network in _____ ?
 _____ it's important to _____ tell _____ we can still use _____ ?
 _____ there a _____ to use _____ connection more _____ tackling _____ ?
 While facing _____ partial outage affecting _____ data _____ any ways to keep _____ ?
 _____ rely on the data _____ a lot, _____ have _____ on _____ to _____ its use?
 _____ there _____ way for us _____ maintain _____ though _____ facing _____ partial _____ outage?
 Are there any _____ to _____ data _____ back?
 What other ways can _____ on _____ shaky _____ right _____ ?
 _____ the data _____ could you _____ other _____ to utilize it?
 Given _____ heavy reliance _____ the data _____ any suggestions _____ ?
 Is _____ way _____ data connection despite _____ outage?
 In _____ temporary _____ downtime, _____ you consider how other _____ work?
 _____ you help _____ the usage _____ partially _____ internet connecton?
 _____ the significance _____ data link, _____ you give _____ on _____ approaches?
 Since the _____ connection plays a crucial role _____ alternative ways _____ can _____ on?
 In light _____ a _____ internet _____ are some _____ we might _____ ?
 Given the _____ issues with _____ what are _____ we can _____ ?
 _____ current _____ the data _____ any ideas _____ alternate methods?
 _____ us _____ how to _____ of the partially _____ internet connecton?
 _____ there a better _____ on _____ limited _____ connection?
 _____ there a better way _____ use _____ it _____ ?
 Given the _____ data _____ are some alternatives _____ can _____ ?
 Is there _____ utilize the data connection despite _____ ?
 Can you provide us _____ alternatives _____ use _____ the partial _____ ?
 _____ a _____ to _____ usage of the _____ we deal with this temporary _____ ?
 _____ significance _____ the _____ data link, _____ you _____ us about _____ ?
 _____ you tell _____ about other _____ that we can _____ the _____ outage?
 Is there _____ maximize _____ use _____ connection _____ this partial down time?
 What _____ ways _____ use the _____ of a partial internet _____ ?
 _____ of _____ temporary tech downtime, _____ else can _____ web _____ ?
 _____ with data connections, _____ alternative _____ can we explore?
 Is there _____ data connection effectively despite the current _____ ?
 What _____ the _____ for _____ limited _____ internet links _____ operations?
 _____ there _____ can do _____ use _____ data _____ while it's _____ ?
 _____ heavily rely _____ the data _____ other ways to use _____ ?
 _____ rely _____ extensively, any suggestions for _____ to _____ its use?
 _____ it _____ use _____ data connection more efficiently while _____ ?
 Given _____ current _____ the _____ connection, what _____ some _____ we _____ explore?
 _____ would _____ tips _____ to use _____ data better during the outage.
 Is it possible _____ could _____ use _____ data connection _____ ?
 _____ alternative approaches using _____ connection _____ the partial outage.

____ we ____ any ____ to recover our ____ connection?
 ____ you know how we ____ during the ____?
 ____ you think we can still ____ our ____ if ____ different approaches?
 With the ____ data ____ what other ____ rely?
 ____ giving some tips ____ make better ____ this crappy data ____?
 There ____ an ongoing partial ____ should ____ use ____ differently?
 ____ bright ____ we ____ use to get the data ____?
 Is ____ we can ____ this ____ data ____ differently?
 Is ____ any thoughts ____ how ____ can ____ from our reliant ____?
 The ____ down, how can ____ use other ____?
 ____ other ways for ____ to ____ data connection during this ____?
 Since the data ____ is a ____ part ____ our operations, ____ you ____ any ____ for ____ it?
 Suggestions regarding ____ to take ____ available data ____ the ____ outage ____ be ____.
 ____ there any thoughts ____ alternate data ____ problem?
 ____ there an ____ way to use ____ connection?
 ____ can ____ find other ____ for the ____?
 Since ____ connection is important to our ____ do ____ suggestions ____?
 Given the temporary ____ limitations, how ____ we ____ usage of ____?
 Should ____ data ____ in ____ face of the partial network disruption?
 Given our ____ on the ____ connection, ____ you ____ alternative ____ of utilizing ____?
 ____ outage ____ the internet and how should ____ our usage?
 ____ light of a ____ internet ____ are some ____ we ____ consider?
 We ____ on the data ____ a ____ could ____ other ways ____ it?
 Data ____ us and can ____ still ____ it ____ partial outage?
 Is ____ better ____ to use the data ____ partially down?
 Do you think ____ use ____ effectively ____ current issues?
 ____ you tell ____ about ____ ways ____ use data ____ partial outage?
 Can ____ recommend ways ____ usage of a ____ connection?
 ____ depend ____ this ____ data connection so much, ____ other ____ ideas?
 ____ the data connection is ____ our ____ you have any ____ can use it?
 ____ there an alternative to ____ on ____ data ____?
 ____ its ____ offline ____ can you ____ alternate ____ of using ____ data ____?
 As there is ____ partial internet ____ how should ____ internet ____?
 ____ for ____ use of ____ are needed since ____ rely on it so much.
 Since the ____ crucial ____ do you have ____ suggestions for alternative ways to ____?
 In light of ____ are some alternatives we ____?
 ____ there ____ to maximize the ____ of the data ____ partial ____?
 Considering the ____ current ____ any ____ for using ____ methods?
 ____ are ____ best ____ for ____ links ____ supporting operations?
 ____ any alternatives ____ maximize ____ use of ____ data?
 The data connection ____ heavily dependent on ____ you ____ ways ____ it?
 ____ how to ____ data ____ despite its ____ function.
 ____ there ____ to ____ our network in ____ the disruptions?
 ____ there ____ way ____ rely on the data ____ a crucial ____ in operations?
 ____ data connection ____ a ____ our operations, ____ you have any alternative ways ____ can ____?
 ____ you think about ____ usage during ____?
 What are some alternatives ____ we have ____ outage?
 ____ you ____ a recommendation ____ ways ____ data connection?
 Given ____ issues ____ data connectivity, ____ some alternatives we ____ consider?
 How ____ to use ____ data ____ during the outage?

Given _____ on the data connection, _____ methods?

Should we use _____ the data _____ the _____ partial outage?

We _____ connection, so how _____ suggesting _____ ways to use _____?

_____ ideas for us to _____ the _____ data connection?

_____ how much we _____ the restricted network _____ do _____ have _____ for _____?

_____ do with _____ data connection despite its _____?

In _____ tech downtime, may you think about _____ access _____ internet.

_____ how _____ can _____ the data connection _____ during _____ service disruption?

Can you _____ a way to _____ data _____ effectively _____?

Is there any _____ utilize _____ data during _____?

_____ there _____ to _____ usage _____ the data network _____ we are dealing _____ a _____?

_____ there a _____ to make the _____ out of our _____?

How _____ we find _____ to _____ data connection?

Is there _____ way _____ limited data _____ alternate methods?

As there is _____ partial _____ we use the _____?

_____ we _____ our _____ connection?

_____ better _____ to use limited data connection _____?

Should _____ ways _____ using _____ data connection amidst the _____ outage?

Do you have any _____ use the _____ during the _____?

_____ there a _____ to utilize _____ during the _____ out?

_____ any _____ how we can still leverage our _____ the _____?

_____ there _____ clever _____ for _____ unreliable data?

_____ to maximize _____ usage of _____ network while we are _____ this temporary outage?

We _____ a partly _____ data _____ propose alternate ways of _____?

Is _____ another _____ to _____ of the _____ we are dealing _____ a temporary outage?

There is an ongoing _____ internet _____ how _____ adjust _____ use?

_____ the temporary network limitations, how _____ we _____ of the _____?

_____ any bright ideas for _____ working again?

Since the data _____ crucial _____ in _____ operations, _____ you _____ suggestions for _____ we _____ on it?

_____ about _____ tips _____ how to _____ this _____ better _____ the _____?

Should we use _____ methods since _____ connection _____?

_____ is partially _____ so what should we _____ it?

_____ possible _____ use other _____ of _____ the data _____ during _____ partial _____?

_____ the _____ plays a vital _____ in our _____ do you _____ for _____ ways to rely _____?

What _____ to best use the _____ data _____?

Given our _____ the _____ could _____ alternate methods of utilizing it _____ partial outage?

Is there any _____ we can _____ the data _____?

Think _____ alternate _____ during _____ outage?

How _____ can we use our network _____ of _____?

Is there _____ we _____ get _____?

_____ on how to _____ connection _____ it is _____?

Do _____ have any _____ usage _____ this current _____ because _____ on _____ data _____?

_____ it _____ to give _____ on _____ to _____ the data _____ during _____ outage?

Is _____ alternative to _____ the most _____ data _____ during _____ partial outage?

_____ there _____ way to _____ the _____ when it's partially _____?

Is _____ we _____ use the data _____ despite the _____ outage?

_____ suggestions on _____ to _____ available data _____ partial outage would _____ greatly _____.

There _____ an _____ partial internet outage _____ how _____ we _____ the _____?

_____ take advantage _____ the _____ connection during this _____?

_____ still _____ from _____ data connections using different _____?

____ you ____ us ____ ways ____ use the data ____?

Is ____ a bright idea ____ data to work ____?

How ____ our ____ of ____ data access?

____ you tell ____ about other approaches ____ use ____ faltering ____?

____ for alternatives to ____ of the data connection, ____ rely ____ it ____?

____ for ____ the ____ connection ____ it ____ partially down?

Can you ____ the ____ connection ____ this service disruption?

____ use ____ measures to ____ data usage, ____ dependence ____ it?

Do ____ have ____ good ideas to ____ work?

____ the ____ data connection, ____ some alternatives we ____ use?

We ____ data connection and could ____ us some alternatives?

Is there ____ use of ____ during ____?

Can ____ propose alternate ____ using the ____ connection since ____ partly ____?

____ strategies ____ our data ____ back?

____ regarding ____ ways ____ use ____ available data ____ partial ____ be appreciated.

Given ____ depend on restricted network ____ do ____ have ____ alternatives?

____ for ____ the ____ connection ____ though it's ____ down?

In light ____ tech ____ might ____ consider how ____ you ____ web?

____ it possible ____ recommend ways ____ of a partially ____ connection?

____ have any suggestions for other ways ____ data ____?

____ a way to use the ____ the same time tackling ____?

____ you ____ us suggestions on ____ to ____ a ____ functioning ____ connecton?

____ current ____ the data ____ what are some ____ can explore?

____ suggest ways ____ data usage in ____ face ____ the partial ____?

Considering ____ partial ____ any suggestions for ____ using the data ____?

Is there ____ maximize usage of ____ connecton?

Can you provide us ____ limited ____ connection we have?

Can you ____ alternative ____ for utilizing ____ connection we ____ have?

Given ____ of the data ____ give ____ alternative approaches?

We ____ different methods ____ use ____ while ____ a ____ outage.

You ____ suggest ____ the limited data connection.

____ our heavy reliance on ____ any suggestions ____ methods?

How ____ usage when the internet ____ down?

____ it ____ use ____ to utilize the data connection ____ the ____?

Can ____ come up ____ another way to ____ despite ____ issues?

Is there a better ____ the data ____ it ____ down?

Do you have ____ ideas on ____ to ____ of ____ internet ____ intermittent?

____ it possible ____ use ____ using the ____ connection ____ partial outage?

____ there any ____ we ____ use the data ____ the partial ____?

Do ____ have any ____ could maximize ____ our internet connection?

____ there a better way ____ on ____ connection ____ it plays a vital role ____?

Do ____ have suggestions on how ____ can ____ leverage ____?

____ there ____ way to ____ the ____ this issue?

As ____ of a partial ____ what ____ alternatives ____ might ____ using?

Is there ____ way ____ even though our ____ on data services is ____?

____ an ____ way to utilize the ____ data ____ we ____?

____ for different approaches to ____ our ____ connection ____ function?

____ possible to ____ alternate methods ____ utilizing the ____ during this ____?

Is there any ____ to ____ our ____ this ____ outage?

Do ____ have any ideas ____ alternative ____ current data ____?

Can _____ suggest _____ methods _____ due to its partially offline _____?

_____ any other methods _____ can _____ to _____ the data _____?

In _____ of _____ temporary _____ downtime, may you think _____ how _____ can _____?

_____ to utilize the data connection, _____ other approaches we _____?

Given _____ current issues with the _____ what _____ can _____?

Is _____ solutions _____ limited data _____ we currently have?

_____ we use other _____ utilizing _____ data connection, _____ we depend _____ it?

_____ the current issues _____ connection, _____ are _____ alternatives _____ can use?

_____ a way to _____ of our data _____ during this partial _____ how important it _____ to _____?

_____ we rely _____ data _____ there _____ suggestions for using _____.

Do _____ want to inform _____ souls _____ we can use _____ link malfunctioning?

Is it possible _____ approaches to _____ the data _____ in _____ limited _____?

Considering the _____ of _____ connection to our _____ are there _____ maximize _____ use _____ this _____ outage?

_____ you _____ to use the _____ the outage?

_____ have a _____ on the _____ and any _____ usage methods?

Can you _____ us _____ ways _____ use the _____ partial outage?

_____ you _____ ideas on how _____ will _____ during this current issue?

What can we _____ to use _____ data _____?

There is an _____ the internet, _____ should _____ use _____ differently?

Is _____ alternate data during an _____?

_____ how should we use _____ data _____?

_____ suggest a way _____ of the _____ functioning _____ connection?

Recommendations for _____ approaches to _____ data _____ despite _____ intermittent _____?

Do you _____ any _____ to _____ with _____ connection during _____ issue?

Can you _____ us _____ for _____ limited data connection _____ on?

_____ suggestions _____ other ways we can _____ the _____?

_____ the _____ issues _____ the data connection, what _____ we _____ differently?

In _____ of the temporary _____ you _____ how else you access _____.

Is there _____ way _____ connection during the _____ so our _____ hampered?

Can _____ tell _____ we can _____ still use _____ the _____ outage?

Can _____ up with ways _____ the _____ connection _____ despite the _____?

_____ about alternate data _____ outage.

Should we _____ methods to _____ of _____ data connection, since we _____ on it _____?

Given these temporary _____ limitations, _____ else _____ maximize _____ of the _____?

_____ possible to _____ alternate methods _____ using the _____ data _____?

_____ you suggest alternative _____ for _____ use _____ connection while it _____?

_____ other approaches _____ use _____ data connection _____ partial outage?

Are there _____ other _____ to _____ data _____ effectively _____ the _____ issues?

_____ data connection _____ a _____ glitch, _____ any _____ alternate methods of _____?

Is _____ possible _____ alternative _____ to maximize data _____ amidst _____ network _____?

Wouldn't _____ be nice to _____ tips on _____ better _____ of _____ the _____?

_____ suggestions as _____ ways we _____ on the _____ data _____?

_____ about _____ tips _____ how _____ the _____ during the outage?

Is it possible _____ maximize data usage if the _____?

Is there a _____ can use _____ this _____?

_____ much we _____ the _____ availability, do _____ have any _____ on alternatives?

_____ you _____ any _____ on how _____ the data connection _____ the _____ outage?

_____ you want _____ teach us _____ ways to use _____ data _____ the _____?

_____ there _____ can _____ maximize usage _____ the data _____ dealing _____ this temporary outage?

Does _____ faltering data link on alternate approaches?

Is there any _____ to maximize the _____ connection, considering _____ role _____ our business?
_____ light _____ the temporary tech downtime, might you think _____ get _____?

We need some _____ data connection we have.
_____ are other ways we can _____ on _____?

Do you have _____ ideas for _____ to _____ the _____ during _____?

Is _____ any _____ to maximize _____ of the _____ this _____ outage?
_____ there _____ way we could _____ the data _____?

Is _____ to maximize our usage of the _____ with _____ temporary _____?
_____ there a way to _____ our usage of _____ data _____ deal _____ brief _____?
_____ a way to maximize _____ use _____ data _____ the partial _____?

In light _____ the temporary tech downtime, _____ you _____ how _____ access _____?

Is there _____ way _____ to _____ the _____ our _____ connection _____ this _____ outage?
_____ regarding _____ to use the available data _____ this _____ appreciated.
_____ need _____ ideas to work _____ during this outage.

Any _____ on _____ to _____ around _____ data connection?

Is there more we can do _____ our _____ during _____ time?

Do you _____ we could _____ the _____ during the _____?

Is there _____ to _____ our _____?

_____ there any other way for us _____ maximize _____ data during _____?

Is _____ a _____ to _____ usage of _____ functioning _____ connection?

Should _____ use other _____ data _____ amidst _____ partial outage?

Is _____ a _____ we can _____ connection _____ this interruption?

Should _____ use alternative means to _____ the _____ our _____ connection _____ outage?

Can you tell _____ we _____ data during the partial _____?

Should _____ suggest _____ to utilize the _____ connection _____ limited network _____?

_____ tell _____ we can still _____ since _____ important to us?
_____ tell _____ we can still _____ the data, as it is _____?

How _____ we use the _____ interruption?

Has there _____ make _____ of our limited data access?
_____ alternative _____ using the limited data _____ we have.
_____ connection has _____ down _____ rely on it.
_____ our _____ on _____ data connection, any suggestions for _____?

Do you _____ any _____ to get the data _____?

Given our _____ reliance on the data _____ any _____?

Can _____ give _____ suggestions _____ can still _____ the internet?
_____ a way to _____ limited data _____ currently?

Suggestions _____ ways _____ harness the available data _____ would be _____.

Is _____ any other _____ to use the _____ considering _____?

Do you _____ how _____ can _____ our reliance on the _____?

_____ there any _____ on alternate _____ during _____?

Will we be _____ to maximize _____ the data network _____ we _____ dealing _____ problem?

Are _____ alternatives _____ the most of _____ data connection _____ partial outage?

Can _____ ways _____ can use _____ as _____ important to us?

What are other _____ to rely _____ shaky _____?

Suggestions on how to leverage _____ on _____ this _____?

In _____ a partial _____ problem, what _____ we might _____ using?
_____ heavy reliance on _____ could _____ another _____ of using it?

Given our _____ dependence _____ connection, _____ suggestions _____ other usage _____?

Your suggestions of alternative _____ data during the _____ outage _____ appreciated.
_____ data _____ down and _____ can _____ other options?

Since ____ data ____ a ____ our ____ you have any alternative ways to ____ on ____?
 ____ suggestions ____ methods to use ____ available data would _____.
 Should ____ use the data ____ partially down ____ rely on ____?
 ____ there an alternative to ____ the ____ the partial outage?
 Given our heavy reliance on the data connection, ____?
 Considering our heavy ____ on it, ____ you ____ measures to ____?
 ____ connection, what ____ some alternative techniques we ____ use?
 Can you ____ up ____ a better ____ use the ____ during ____ lousy ____?
 ____ way ____ use this faltering data link ____ different ____?
 Can ____ suggest ____ way to ____ the ____ connection ____ issues?
 ____ there ____ we could rely on ____ shaky data ____?
 ____ should we ____ in ____ ways?
 ____ can ____ do to ____ our use ____ the ____ partial outage?
 ____ good ideas ____ the data working?
 ____ you have ____ us ____ get the data working?
 Suggestions on ____ use the data ____ innovation during ____ disruption?
 Do you recommend ____ the restricted ____ availability given ____ we rely ____?
 ____ there ____ suggestions ____ data connection since ____ partially down?
 When unreliable data is ____ today, any ____ using ____?
 ____ any other way ____ work ____ the limited ____ connection?
 ____ there a different approach ____ allows us ____ benefit ____ connections?
 Wouldn't ____ wonderful to give some ____ to ____ the data ____ the ____?
 What can we ____ use our ____ during ____?
 ____ you ____ ways to use ____ connection ____ the ____ disruption?
 ____ there any ____ can still ____ connection during a lousy ____?
 Is ____ any ____ maintain ____ when faced ____ partial outage ____ our data ____?
 Is there anything ____ can do ____ our ____ of the data ____?
 ____ the ____ faltering ____ link, ____ suggest ways to use it?
 ____ you ____ any ____ to what to ____ with ____ data connection?
 Is ____ an alternate ____ to use ____ available?
 Can ____ to ____ the data ____ during ____ downtime?
 ____ up with another method of ____ data ____?
 ____ it ____ to use alternate ____ connection ____ this partial outage?
 We depend on the ____ connection ____ for ____.
 Do you have ____ ideas for getting ____?
 ____ another way ____ could use ____ with this ____?
 Are there ____ other ways to ____ of ____ data ____ outage?
 ____ you ____ of utilizing our ____ now that it ____ offline?
 Given these temporary ____ how else can ____ maximize ____?
 ____ you provide ____ ways ____ use the ____ the downtime?
 ____ current issues with ____ connections, ____ we explore?
 We have ____ connection right ____ so ____ can ____ it?
 Looking for alternative ____ resources during ____ partial ____.
 ____ we can ____ the data ____ this problem?
 ____ these temporary ____ how ____ can ____ maximize ____ the data networking?
 ____ about other ways we can rely ____ the data ____?
 ____ there ____ how ____ can still ____ reliant data connections?
 ____ inform us ____ with different methods ____ we can ____ malfunctioning data ____?
 Given how much we rely ____ what alternatives ____ you ____?
 ____ you ____ find alternatives to ____ connection ____ the current partial ____?

Can _____ to _____ the data _____ during the _____?

_____ should we _____ our use of _____ is _____ ongoing partial _____?

Can _____ provide _____ with some alternatives _____ utilizing _____ connection that _____ currently _____?

Can _____ ways to _____ of _____ partial _____ connection?

Considering its _____ glitch, _____ methods of using _____ data _____?

Is _____ possible _____ use _____ approaches to _____ data connections?

_____ you suggest _____ approaches to utilize the _____?

How _____ giving some _____ on how to _____ better, _____ the _____?

_____ light of the temporary _____ any other _____ access the _____?

_____ alternative _____ using _____ limited data connection _____ we _____ have?

Wouldn't it _____ we could use _____ methods _____ our data _____ amidst _____?

_____ you _____ measures to _____ light of the _____ network disruptions?

Is _____ an _____ use of the data during _____ partial _____?

Looking _____ to _____ data connection resources _____ the _____ outage.

We _____ a _____ on _____ limited _____ connection, _____ you give _____ alternatives?

_____ could _____ the internet _____ there was _____ ongoing issue?

_____ there _____ way _____ use _____ data connection amidst the _____ situation?

_____ to use our data connection while _____ is _____?

_____ an ongoing partial outage _____ internet, so _____ we _____ use _____ the internet?

_____ way _____ use _____ data connection amidst this _____?

Is it _____ to _____ the most of _____ connectivity _____ outage?

Do you have _____ use our data link _____ this partial shutdown?

_____ of _____ link, can you give _____ alternative approaches?

_____ you suggest _____ that _____ can maximize _____ partially _____ internet connecton?

_____ there _____ way we can _____ this pathetic data _____ lousy _____?

Given the significance _____ data _____ suggest alternate ways _____ use _____?

Do _____ have alternatives _____ use _____ the outage?

_____ the current partial glitch, _____ for alternate _____ connection _____?

_____ possible to benefit _____ reliant _____ connections through different _____?

Is _____ we can _____ on _____ shaky data connection?

Suggestions _____ we can _____ rely _____ the _____ despite _____ downtime?

Since the _____ a crucial role _____ our operations, _____ any suggestions _____ alternative _____ to rely _____?

_____ there a way to _____ our _____ of _____ this _____?

Can you come up _____ utilize the data _____ effectively _____?

_____ been _____ viable alternative _____ make _____ most _____ the _____ data connection?

_____ it _____ to use different approaches _____ still allow _____ benefit _____ connections?

Is _____ an alternative _____ of using _____ partial outage?

Given _____ heavy _____ the data _____ could you _____ methods?

Considering our _____ on _____ you _____ ways _____ reduce _____ usage?

_____ the intermittent _____ data _____ you have _____ alternative uses?

_____ any other _____ to _____ our data during _____?

_____ you _____ suggestions _____ maximize _____ of a _____ functioning internet connection?

_____ our dependence on it, can _____ data usage?

Is _____ alternative _____ use _____ connection considering its _____ glitch?

_____ able to still leverage our _____ the _____?

Given _____ issues with _____ data _____ are _____ other _____ to _____ it?

Does _____ alternative _____ save our data connection?

_____ you tell us if _____ use data, _____ it's _____ to _____?

Can you _____ maximize usage of _____ functioning internet _____?

_____ you have alternatives _____ most _____ limited data access?

_____ think of _____ better _____ to use the _____ connection _____ lousy _____?

What is the best _____ connection since it's _____?

Is there anything else _____ do _____ use _____ data _____?

_____ there a _____ maintain _____ there is a _____ outage affecting our dependence _____?

_____ it _____ to _____ measures to improve data usage, considering _____ heavy _____?

Can _____ us _____ alternatives _____ the _____ data connection we _____?

_____ are some alternatives to _____ internet _____ of _____ partial _____?

_____ how _____ we _____ restricted _____ do you have _____ ideas on alternatives?

_____ you recommend _____ to _____ the data _____ during _____ outage?

Is there _____ viable _____ that _____ of our limited _____ connections?

_____ for ways to use _____ it's patched _____?

We're heavily _____ the _____ any suggestions _____ alternative _____ methods?

_____ suggest other _____ to _____ the data _____ as we rely _____?

_____ heavy reliance on _____ data _____ you suggest alternate methods of using it _____?

How can _____ of a partially _____ internet _____?

What alternative ways are _____ internet _____ light of _____ outage?

_____ on _____ data _____ and could you _____ us some _____?

Do you _____ opinions on _____ data _____ the _____?

Is _____ way to use _____ during the outage?

_____ anyone know _____ ways to use the _____ connection _____ partial _____?

_____ how _____ we are on _____ any _____ for _____ usage methods?
