

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Telecommunications Equipment Manufacturers |
| Inquiry Category | Installation instructions and guidance |
| Inquiry Sub-Category | Power and Electrical Requirements |
| Description | Customers inquire about the power and electrical needs of their telecommunications equipment, seeking guidance on electrical standards, grounding, power supply requirements, and wiring for different power sources and voltages. |
| Data Size | 6,587 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Will connecting multiple pieces together _____ consideration _____?

Do we _____ more _____ plugs when _____?

Does _____ than one _____ more thought _____ regular wall _____?

_____ hooking _____ lots _____ require _____ compared to basic _____ connections?

_____ multiple pieces need _____ outlets than _____?

Something _____ think about _____ connecting multiple _____ plugs.

_____ need additional discussions _____ connecting _____ beyond wall _____?

_____ multiple units _____ normal sockets?

_____ there more _____ just _____ outlets connected to _____?

_____ it necessary _____ outside of _____ connections _____ you _____ multiple parts?

Do _____ pieces have _____ more _____ standard _____?

Does _____ multiple pieces _____ thought than _____ wall _____?

_____ there even more _____ for linking multiple units _____?

Does _____ multiple parts _____ further _____ outside _____ electrical _____?

There _____ concerns for _____ up components _____ than _____ outlets.

_____ joining multiple _____ attention than _____ sockets?

Is there any _____ needed _____ several units _____ outlets?

What _____ I _____ sockets _____ connection with _____ sections?

Does hooking _____ of parts _____ from basic _____?

Will _____ units _____ more _____ than _____?

_____ there _____ I need to think _____ besides _____ when _____ up multiple _____?

_____ be more factors considered _____ joining _____ with _____ sockets?

Is _____ components extra _____ wall outlets?

Is it necessary for me _____ think _____ outlet _____ when I _____ various _____ together?

Is _____ necessary _____ consider _____ standard outlets while connecting _____?

Does _____ than _____ piece need _____ standard wall outlet?

Do _____ think there is _____ connect _____ standard _____ outlets?

Can _____ other factors when _____ outlets?

Does _____ pieces _____ as much _____ as regular _____?

_____ the process _____ connecting multiple _____ more special _____ wall _____?

Is there more _____ needed when _____ besides _____.

_____ connecting _____ work differently than _____ wall _____?

Will _____ require extra _____?

Is there any _____ joining multiple _____ beyond _____ outlets?

Is _____ more that _____ for _____ multiple units with _____ outlets?

Should more _____ be given to _____ units _____?

Is _____ extra work _____ hooking _____ or _____ usual wall outlet hassle?

_____ there more to _____ than standard wall _____

Do _____ more time _____ connect multiple _____ beyond _____?

_____ there _____ wall outlet requirements when joining _____ components?

Is _____ consideration needed for linking multiple _____?

Should _____ thought _____ given to _____ multiple parts _____?

_____ besides wall sockets when connecting _____ sections?

_____ there _____ when connecting items besides _____?

_____ connecting multiple _____ go beyond _____ wall outlets any _____?

Is _____ necessary _____ outside _____ electrical _____ if _____ multiple parts?

_____ concerns about hooking _____ different components _____ regular _____?

_____ connecting many components, _____ it necessary _____ than regular _____?

Is it _____ to join _____ beyond the _____?

_____ deliberations when connecting multiple pieces beyond _____ wall _____.

_____ a _____ to consider _____ just standard outlets in _____ components?

Is _____ thought _____ for combining parts _____?

_____ the _____ connecting _____ concern other than _____ on wall plugs?

Is it _____ pieces _____ go beyond the _____ outlets?

_____ joining _____ require extra _____ over standard wall _____?

Is _____ about anything _____ besides typical wall outlet usage _____ various _____?

Is more consideration required _____ wall outlets?

Does the act _____ many _____ need any special _____ than relying _____?

_____ I need to consider anything _____ typical _____ outlet usage while _____?

_____ joining multiple _____ than _____ outlet usage?

Is there more than _____ outlets _____ in _____?

Does anyone _____ any _____ about hooking _____ components other _____?

_____ should we _____ than regular plugs?

Is _____ necessary _____ pieces to _____ connected beyond standard _____?

When _____ devices _____ wall _____ are there more factors _____?

_____ the _____ many _____ necessitate _____ concern other than _____ wall plugs?

_____ it necessary to consider _____ than just _____ components?

_____ combining various units _____ consider anything _____ wall outlet usage?

Does it take _____ outside of electrical _____ to _____?

_____ joining multiple _____ extra _____ beyond _____ standard _____ outlets?

Does _____ pieces need more _____ standard _____?

Could combining _____ for more _____ than _____ the _____?

_____ multiple _____ require further contemplation outside _____ connections?

Does connecting multiple _____ compared to regular _____?

_____ multiple _____ that go beyond _____ outlets have _____?

Is _____ joining pieces _____ wall outlets?

_____ it possible _____ various pieces _____ more evaluation than _____?

Is there _____ additional _____ needed _____ linking multiple _____ wall _____?

More _____ to be _____ combining several parts _____ sockets.

Does _____ act of _____ necessitate special concern other _____ using _____?

What precautions should we take _____ beyond _____ wall _____?

_____ up more _____ need different _____?

_____ it _____ for _____ to think _____ about combining _____ usual outlets?

_____ necessary _____ contemplate multiple _____ of typical electrical _____?

Is linking _____ pieces _____ wall _____?

_____ lot _____ components, should we _____ than just regular _____?

Will _____ be given _____ pieces?

When hooking _____ multiple _____ I _____ other outlets?

Does the _____ connecting _____ special concern?

More thinking is _____ multiple parts _____ wall _____.

_____ pieces require _____ attention than _____ standard power _____?

_____ thought _____ needed to combine parts outside _____.

Is linked pieces _____ consider _____ plugs?

Is it necessary for contemplation _____ electrical _____ parts?

Is more _____ connect items besides _____?

Does _____ many _____ special concern other than using _____ wall _____?

_____ there more _____ consider _____ connecting _____ beyond _____ outlets?

Will _____ pieces _____ beyond _____ wall outlets?

_____ there more _____ standard wall _____?

_____ extra work _____ hooking _____ pieces _____ or _____ usual wall outlet _____?

_____ different _____ need to be _____ than _____ outlets?

Is it necessary _____ to _____ about other outlets when _____?

_____ it require _____ thought if you _____?

_____ components other _____ regular _____ outlets extra concern?

Does _____ multiple pieces require more attention _____?

_____ process of _____ than the standard wall outlets?

Combining _____ parts _____ sockets requires _____?

Is it harder _____ join _____ together _____ sockets?

Does _____ of connecting _____ require _____ than simply standard wall _____?

Is there any _____ for _____ units to _____ outlets?

Is _____ any _____ multiple _____ beyond standard wall outlets?

Does _____ up lots of parts require _____ than _____?

Should _____ considerations _____ several _____ beyond usual outlets?

Does _____ multiple _____ need to be thought _____ regular _____?

_____ devices with _____ are there more _____ to consider?

_____ hooking _____ lots of _____ different _____ from basic _____?

_____ should _____ consider besides _____ when connecting _____ successfully?

Is _____ to _____ special precautions _____ units that go beyond _____?

Is it _____ consider other _____ besides _____ multiple sections?

Is _____ us _____ link units _____ go beyond normal _____?

Will there _____ beyond wall outlet _____ multiple _____ are _____ together?

_____ any more consideration need _____ multiple units _____ wall outlets?

_____ components require extra thought _____ than _____ outlets?

Can _____ special considerations when _____ items beyond _____?

_____ necessary _____ about _____ other _____ besides the regular outlets?

_____ possible _____ combine pieces _____ for more evaluation than _____?

_____ multiple units require more attention _____ normal _____?

Are there other _____ consider _____ joining _____ devices with _____?

_____ multiple pieces _____ consider _____ than standard wall _____?
 _____ any _____ be considered _____ connecting multiple components beyond _____?
 Combining different pieces _____ call _____ more _____ just _____.
 _____ we _____ consider _____ regular plugs _____ connecting components?
 Is it necessary _____ think about connecting _____?
 _____ consider more than _____ regular _____ when _____ components?
 _____ the process of connecting multiple _____ need _____ consideration _____ wall _____?
 Can we connect multiple pieces _____ additional _____?
 _____ there a requirement for _____ beyond _____ outlets?
 There _____ some _____ for _____ other than _____ wall outlets?
 Will _____ multiple _____ be _____ beyond standard wall _____?
 _____ required when _____ multiple _____ beyond wall sockets?
 Can there be _____ considerations _____ connecting _____ usual _____?
 _____ should _____ into _____ besides wall _____ when _____ multiple _____ successfully?
 _____ more _____ necessary _____ connecting several _____ usual outlets?
 Do I _____ connecting other things _____ from _____ the _____ outlets?
 Does hooking _____ many _____ different _____ than _____ outlets?
 _____ thought was _____ combining _____ beyond wall _____.
 _____ should I _____ besides wall sockets _____ sections?
 Does joining multiple _____ as _____ standard _____ outlets?
 Does the act _____ demand _____ other _____ relying on wall _____?
 Will _____ multiple _____ cause _____ attention than _____ power _____?
 _____ we _____ further _____ when _____ beyond standard wall sockets?
 _____ possible to combine pieces _____ call _____ additional _____ over _____?
 _____ you have any other _____ multiple components beyond _____?
 Is connecting _____ usual _____ necessary?
 Is _____ multiple units _____ than _____?
 Is _____ to combine _____ extra evaluation over _____ presence of sockets?
 _____ connecting multiple pieces _____?
 Does the process _____ connecting _____ pieces necessitate _____ consideration _____ wall _____?
 _____ of _____ parts _____ wall sockets needs _____ thought.
 Is _____ more _____ units with wall outlets?
 _____ joining multiple _____ attention beyond _____ wall outlets?
 _____ need to _____ other _____ when hooking up multiple parts?
 Is it _____ to _____ of typical electrical _____ multiple _____?
 _____ we need to consider _____ than _____ connecting _____?
 Will there _____ assessment _____ wall _____ requirements if _____ components _____?
 _____ the act of _____ many _____ necessitate any _____ concern _____ plugs?
 Is it _____ ponder _____ besides regular outlets?
 I wonder _____ there _____ to _____ multiple _____ wall outlets.
 Is _____ to _____ you join multiple devices _____ sockets?
 Is _____ necessary _____ units _____ beyond wall sockets?
 _____ components, do _____ need to consider more _____ the _____ outlets?
 _____ using _____ components, is there a need _____ more _____ standard _____?
 _____ for more thought than just power _____?
 Is an extra thought _____ items _____ outlets?
 _____ consideration needed when linking multiple _____ wall outlets?
 Is _____ more _____ when linking _____ units with wall outlets?
 _____ to have additional _____ connecting multiple _____ beyond standard _____ sockets?
 Should there _____ considerations _____ several units _____ normal _____?

Is _____ anything special _____ connecting _____ pieces _____ are _____ outlets?
 _____ about more work _____ hooking up _____ pieces or _____ the usual _____?
 _____ connecting _____ require further _____?

Does the _____ items _____ special _____ other than relying _____ wall _____?

Does _____ multiple pieces _____ more _____ standard wall _____?

Shouldn't there _____ to connect multiple _____ outlets?
 _____ of connecting many _____ special _____ other than _____ on wall _____.

Does linking _____ pieces need _____ than _____ wall outlets?
 _____ linking _____ units _____ outlets, _____ there any _____ consideration required?
 _____ hooking _____ lot _____ parts need _____ thoughts from _____ outlets?

Does _____ many items _____ special _____ of _____ on wall plugs?

Will _____ multiple _____ more _____ than just _____ power _____?

Is _____ to _____ than _____ standard outlets _____ connecting multiple _____?

Extra _____ required besides regular _____ supply _____ when _____ various _____.

Is _____ needed for connecting _____?

Does the _____ of _____ multiple _____ thought?

Does connecting multiple _____ more _____?
 _____ contemplation _____ receptacles will be _____ for merging different _____.
 _____ up a _____ of parts need different _____ from _____?

Is _____ more difficult to join _____ standard _____ sockets?
 _____ linking _____ pieces need _____ thought _____ just _____ wall _____?

Is _____ necessary to think _____ about _____ pieces _____ outlets?
 _____ connecting multiple pieces _____ considered beyond _____ wall _____?

Does _____ lots of _____ different thoughts than _____ basic _____?

Is there extra _____ when unifying different _____?

Special _____ about linking _____ parts besides _____ connections?

Is _____ anything _____ considered when connecting multiple _____ beyond _____ plugs?

Is _____ needed for connecting _____ beyond usual _____?
 _____ the act _____ linking many _____ special concern other _____ on _____?
 _____ hooking _____ lots _____ different _____ than basic outlet connections?
 _____ connecting many _____ require _____ thought than _____ outlets?

There may _____ more _____ to consider _____ multiple _____ with _____.

Do we need _____ extra _____ linking units _____ go _____ wall _____?

Is it _____ to _____ multiple _____ wall _____ is normally done?

Special precautions should _____ that _____ beyond standard wall _____.

Does _____ different _____ thought _____ regular wall outlets?

Does hooking _____ different thoughts than _____ basic _____ connections?
 _____ any additional concerns about _____ components _____ regular _____ outlets?
 _____ multiple pieces _____ consideration?

Extra consideration must _____ given _____ multiple _____ wall outlets.

Do we _____ to consider more _____ connecting _____?

_____ it necessary to _____ when connecting _____ regular _____?

Will there _____ outside of wall _____ for the _____?
 _____ difficult _____ join parts _____ regular wall sockets?

Will joining _____ units need _____ attention _____ sockets?

When connecting multiple _____ beyond _____ sockets, do _____?
 _____ multiple parts _____ outside of _____ electrical connections?
 _____ connecting _____ beyond standard _____ outlets, _____ there any special _____?
 _____ hooking up _____ other than _____ outlets _____ extra concerns?
 _____ I _____ to consider _____ else besides _____ usage _____ various units?

Does _____ lots of parts _____ than _____ connections?

_____ multiple _____ additional consideration beyond standard wall _____?

_____ hooking _____ lots _____ parts need different _____ simple outlet _____?

There may be _____ required when _____ multiple _____ outlets.

Is there _____ extra work _____ up those _____ or _____ usual _____?

_____ it _____ to consider more than _____ plugs _____?

_____ to think _____ how to _____ more than _____ outlets?

Is the _____ of _____ items _____ for _____ concern other _____ on _____ wall _____?

_____ several components needs extra _____?

Does the _____ of _____ many _____ special concern _____ than using _____?

_____ it take more _____ to _____ multiple _____ power sockets?

Will _____ multiple _____ more _____ than normal _____ sockets?

Is there _____ deliberations when _____ multiple _____ beyond _____ sockets?

_____ you _____ extra concerns _____ hooking up _____ other than _____ wall _____?

Does _____ of _____ need something different from basic _____?

_____ pieces require _____ attention _____ to standard _____ connections?

Can we _____ more than regular _____?

Do _____ about other things besides _____ hooking _____ multiple parts?

_____ need to _____ about _____ outlets when connecting _____?

Will _____ multiple pieces _____ attention _____ connections?

_____ it _____ difficult _____ parts together _____ with normal _____ sockets?

_____ connecting different _____ than _____ wall outlets?

_____ it _____ for contemplation _____ electrical _____ multiple parts?

Does _____ components require extra _____?

Is it wise _____ units _____ go beyond wall _____?

Will connected pieces _____ more _____ wall _____?

_____ there _____ to _____ than just standard wall _____?

Can _____ connect more _____ than _____?

_____ joining multiple _____ require _____ consideration than _____?

When connecting multiple components, is _____ a need _____ consider _____.

_____ joining multiple units _____ the usual _____ use?

_____ extra _____ for hooking _____ pieces _____ or just the _____ outlet hassle?

Is _____ for hooking up those pieces _____ just the _____ outlet _____?

Does linking multiple _____ more _____ than _____ outlets?

Does linking _____ require _____ thought _____ just _____ wall _____?

Is _____ extra _____ for _____ those _____ together or _____ usual wall _____?

Will _____ units demand _____ outlet _____?

Is there any further thought _____ multiple _____ outlets?

_____ should I _____ sockets for _____ multiple sections?

Is any _____ needed for _____ with wall _____?

Is _____ necessary to think _____ outlets when _____ up multiple _____?

Does joining multiple items _____ wall _____ have _____?

_____ outside normal _____ sockets will be _____ different components.

_____ necessary for _____ to think _____ anything _____ regular _____ outlets for _____ components?

_____ should _____ consider more than regular plugs?

_____ have any _____ for connecting multiple _____ standard _____ outlets?

_____ have _____ concerns for _____ up _____ that _____ regular _____ outlets?

_____ about hooking up components _____ than regular wall _____?

Did joining multiple pieces _____ beyond _____ wall _____?

Will _____ multiple pieces require more consideration _____?

_____ any special _____ connecting multiple _____ that _____ wall outlets?
_____ it possible to combine various _____ evaluation beyond _____?
When _____ multiple _____ wall _____ we need extra _____?
Does _____ of _____ many _____ require special _____ than _____ wall plugs?
_____ deliberations _____ be required _____ connecting _____ pieces beyond _____ sockets.
Is it _____ multiple items _____ outlets?
Can it _____ harder to _____ together _____ it is _____ wall _____?
_____ any further consideration _____ for linking _____ units _____ wall _____.
_____ we _____ the _____ wall outlet hassle _____ extra _____ up _____ pieces together?
Could _____ various pieces call _____ more evaluation _____?
Is there extra _____ outside _____ for _____ components?
_____ joining _____ pieces require _____ attention _____ wall _____?
_____ it _____ think about more _____ standard outlets _____ connecting _____ components?
_____ joining _____ regular outlet usage?
When _____ pieces that _____ wall outlets, are there _____ considerations?
_____ for linking _____ electrical connections?
_____ addition to _____ power connections, will _____ require _____ attention?
_____ about _____ work for hooking up _____ or _____ wall outlet hassle?
_____ it _____ for _____ outside _____ electrical _____ unifying multiple parts?
Does linking multiple pieces _____ than _____ outlets?
_____ need _____ time _____ connect multiple _____ beyond standard _____ sockets?
_____ it require contemplation _____ of _____ unite multiple parts?
_____ it _____ to consider _____ process of connecting _____ pieces _____ wall _____?
Will joining multiple _____ attention _____ power sockets?
_____ you think there _____ a need _____ more _____ just _____ when connecting _____?
_____ there _____ than standard wall _____ multiple units?
Could the _____ pieces call _____ more evaluation _____?
_____ it _____ to consider other _____ besides _____ when connecting _____?
Does _____ need additional _____ when _____ pieces beyond _____?
_____ you _____ about hooking _____ different _____ other than wall _____?
_____ more discussion when _____ multiple pieces _____ wall _____?
_____ connecting several pieces need _____ standard _____?
_____ multiple pieces that _____ beyond wall _____ are _____ special _____?
Is there any more _____ for _____ components _____ wall _____?
Is it crucial _____ join different pieces _____ from _____?
Is the process _____ connecting _____ more _____ than standard _____?
When _____ multiple _____ beyond standard _____ sockets, do _____ need _____?
Does _____ require _____ to connect components apart _____ regular _____?
_____ it possible _____ combine several _____ for extra _____ the sockets?
_____ combinations call _____ than sockets?
Does linking _____ need _____ thought?
Is it _____ risk _____ separate units that _____ wall _____?
_____ joining _____ units _____ consideration _____ ordinary outlet _____?
_____ more than wall outlets?
Does the act of _____ need _____ other than _____ plugs?
Is _____ different _____ plain-old wall outlets?
Is _____ when connecting multiple components _____ regular plugs?
_____ connecting multiple _____ we consider _____ standard outlets?
_____ necessary to worry _____ other _____ besides _____ the electrical _____?
_____ considerations should _____ given to _____ multiple _____ go beyond _____ outlets.

There are additional concerns _____ components _____ regular _____ outlets.
 _____ more _____ than standard plugs?
 _____ wonder if we should take precautions when _____ wall _____.
 Do we _____ linking units that go _____ sockets?
 Should _____ be additional considerations when _____ sockets?
 _____ joining _____ pieces demand _____ much _____ as _____ wall _____?
 _____ pieces _____ more attention than _____ wall outlets?
 _____ I have _____ think about anything else _____ wall _____ when _____?
 Is linked _____ a _____ for consideration _____?
 _____ there _____ precautions outside normal _____ for bringing _____ together?
 Should additional factors _____ connecting multiple _____ standard electrical _____?
 Is joining _____ worth more _____ standard wall _____?
 _____ talking _____ more work for _____ up _____ just the _____ outlet hassle?
 Does _____ further _____ electrical _____ there are multiple parts?
 _____ other _____ consider _____ multiple devices with wall sockets?
 _____ to think about _____ items besides _____ outlets?
 Does _____ more thought?
 _____ there more to _____ for connecting _____ beyond _____?
 When hooking _____ I _____ to think _____ anything besides _____ outlets?
 Do _____ any _____ about _____ components other than regular wall _____?
 While connecting _____ do _____ need to _____ about besides wall _____?
 _____ many component, do _____ need to _____ more than _____?
 Does _____ act of _____ special concern _____ than _____ wall plugs?
 _____ multiple pieces require _____ beyond wall _____?
 Is there _____ for more _____ connecting multiple _____?
 _____ there be _____ considerations for _____ units _____ usual _____?
 _____ there be further _____ given to linking _____ outlets?
 _____ process _____ connecting more _____ piece necessitate _____ thought?
 _____ multiple _____ need to think about more than _____ standard _____?
 Does it _____ contemplation _____ electrical _____ unite _____ parts?
 Does _____ multiple _____ demand more attention _____ just _____?
 Does the act of linking _____ other _____ relying _____ plugs?
 _____ joining _____ demand more consideration _____ outlet usage?
 _____ many components, _____ need to _____ more _____ regular plugs?
 Will _____ be _____ assessment beyond _____ wall outlet _____ when _____?
 _____ multiple pieces _____ than _____ outlets?
 _____ multiple pieces _____ extra _____?
 Does _____ multiple pieces _____ the standard wall _____?
 _____ connecting _____ pieces beyond standard wall sockets _____?
 _____ considerations _____ required when joining _____ beyond _____ outlets.
 _____ various parts _____ thought than _____ the regular wall _____?
 _____ any _____ precautions that _____ taken when linking _____ that go beyond _____?
 _____ there _____ assessment beyond wall _____ requirements for _____ components _____?
 Adding _____ beyond _____ requires _____ thought?
 _____ parts beyond _____ sockets needs _____.
 _____ require any _____ considerations to _____ items beyond _____ outlets?
 _____ pieces need more outlets _____ wall _____?
 Is joining multiple _____ going to _____ assessment _____ requirements?
 _____ there anything else _____ multiple _____ the regular plugs?
 Is _____ to _____ than usual outlets?

Does linking _____ to _____ about differently than _____ wall _____?

Does linking _____ need more _____ wall outlets?

_____ joining many units require _____ above _____ usual _____?

_____ connecting _____ need _____ thought _____ wall outlets?

_____ be _____ assessment beyond typical _____ outlet _____ multiple components?

When joining multiple items beyond wall _____ considerations that _____ be _____?

Are _____ work for hooking up _____ the _____ wall outlet _____?

_____ there more to _____ units than just _____?

_____ are some things to consider _____ multiple pieces _____ outlets.

Will _____ be _____ assessment for _____ outlet requirements _____ components?

_____ more to connect _____ wall outlets.

Is there more _____ for _____ units beyond _____.

_____ hooking _____ parts _____ to think _____ other things besides normal _____?

Is _____ to _____ outside of usual outlets?

Does linking multiple _____ beyond _____?

Will _____ multiple units require _____ usual _____ sockets?

Does the _____ of connecting _____ other _____ relying on standard wall _____?

Does _____ pieces _____ more attention than _____ wall _____?

Extra _____ up components other than _____ outlets?

_____ think joining multiple pieces _____?

_____ necessary for extra deliberations _____ multiple _____ beyond _____ sockets?

_____ linking _____ items need _____?

_____ multiple pieces need _____ than other _____?

When connecting _____ devices beyond _____ electrical _____ factors _____?

_____ is more _____ for _____ parts outside _____ sockets.

We need _____ when connecting _____ standard _____ sockets.

_____ pieces that go beyond _____ wall outlets _____ any _____?

_____ we _____ work for hooking up _____ pieces _____ the usual _____ hassle?

Is connecting multiple pieces _____ wall _____?

Does it _____ take special precautions when _____ units _____ go _____?

Is _____ of _____ many items _____ special _____ other than _____ wall _____?

_____ do I _____ to _____ wall _____ when _____ multiple sections?

Is _____ to _____ when _____ parts, _____ than the outlet _____?

Do _____ take _____ special precautions _____ linking _____ go beyond wall _____?

Extra precautions _____ normal _____ sockets _____ required _____ components.

_____ I have _____ think _____ anything _____ wall outlet _____ if I combine _____?

Does _____ pieces _____ more thinking _____ just _____ wall _____?

_____ more to _____ when _____ pieces _____ standard wall sockets?

_____ be more _____ for connecting several _____ outlets?

There are some concerns _____ than regular _____ outlets

_____ connecting _____ than _____ additional consideration?

Does unification _____ contemplation _____ electrical _____?

Extra precautions _____ sockets _____ be required _____ different parts.

_____ it _____ multiple units than normal sockets?

Does the _____ of _____ multiple _____ deserve _____ thought than _____?

_____ there _____ the wall outlet requirements when _____ components?

_____ a _____ of _____ require different thoughts compared to _____ outlet _____?

_____ are some _____ concerns _____ hooking up _____ other than _____.

_____ multiple pieces _____ are _____ standard wall _____ have any _____?

Does any more _____ to be _____ with wall outlets?

Does _____ connecting several components?

Beyond regular _____ other _____ consider when _____ components?

_____ addition to _____ power supply _____ combining _____ pieces _____ for extra _____?

Is _____ to join _____ beyond plain old _____?

In _____ to using _____ receptacles, _____ merging different aspects _____?

_____ is _____ question if _____ pieces _____ beyond standard _____.

Is it _____ to _____ connecting _____ items _____ outlets.

_____ up _____ parts, do _____ need to think about _____?

_____ should _____ consider besides _____ usual _____ sockets when _____ multiple _____?

_____ considerations ought _____ when _____ multiple _____ that go beyond standard _____.

_____ joining _____ items beyond plain _____ wall _____ have _____ special _____?

Is _____ take special _____ when _____ units _____ go beyond wall sockets?

Do _____ more _____ if _____ combine more _____ outlets?

_____ it necessary _____ consider _____ linking parts with outlets?

_____ there _____ to think about _____ when connecting _____ parts?

Do _____ factors matter _____ connecting _____ devices _____ electrical _____?

_____ have _____ about _____ besides wall _____ in order _____ combine various units together?

_____ process of connecting _____ pieces need extra _____ to standard _____?

_____ it _____ more than just standard outlets _____ multiple _____?

Does linking multiple _____ need _____ than _____?

_____ be any _____ when connecting multiple pieces _____ beyond _____ wall _____?

_____ it necessary _____ together more than standard _____ outlets?

Is _____ multiple _____ more _____ priority _____ standard _____ outlets?

_____ there more consideration needed _____ several _____ beyond _____ outlets?

Does _____ pieces _____ outlets than standard wall _____?

Is _____ concerns for _____ up components _____ wall outlets?

Will _____ consideration be _____ to _____ pieces _____?

_____ are _____ concerns _____ up components other than _____.

_____ additional consideration _____ connecting multiple pieces _____ wall _____?

_____ linking multiple _____ need _____ thought than _____ wall _____?

_____ there _____ additional _____ outlet requirements for joining multiple _____?

Extra _____ normal wall _____ to unite different components.

_____ when connecting multiple pieces beyond _____ sockets.

Extra factors _____ needed to _____ different _____ apart _____.

_____ there be any _____ multiple units with _____ outlets?

Does _____ different parts need _____ than the _____?

Does _____ of _____ pieces require _____ thought than _____ outlets?

Is _____ more consideration necessary _____ connecting units _____?

Is _____ various _____ different _____ plain-old _____?

Will joining _____ use _____ attention _____ normal power _____?

_____ joining multiple _____ require more _____ standard wall _____?

Are _____ talking extra _____ up the pieces, _____ just the _____ wall _____?

Will _____ piece have _____ be considered beyond standard _____?

Does _____ multiple _____ more _____ than _____ regular _____ outlets?

What _____ supposed _____ think _____ besides wall _____ when _____ multiple _____?

Is _____ for _____ different components besides regular wall _____?

_____ several parts necessitate _____?

Will joining multiple units involve _____ normal _____?

Along _____ wall receptacle, _____ merging _____ aspects _____ added contemplation?

_____ there an extra _____ for _____ up _____ components _____?

_____ multiple _____ attention other than _____ wall outlets?
 _____ there more _____ when connecting things _____ outlets?
 _____ up _____ parts, _____ I _____ to think _____ other than normal _____?
 _____ multiple components, may _____ be a _____ than just _____ outlets?
 Are there any _____ concerns _____ components other than _____?
 Does joining _____ attention _____ standard wall outlets?
 _____ linking _____ need _____ thought _____ to _____ wall outlets?
 What _____ I think about besides wall _____ multiple _____?
 Is _____ necessary _____ beyond electrical connections _____ you _____ multiple _____?
 _____ thought to link multiple _____?
 Is there _____ to _____ when connecting _____ pieces _____ sockets?
 Is more _____ needed when _____ items _____?
 _____ connecting _____ items _____ concern than relying on _____ wall plugs?
 _____ pieces _____ further _____ than _____ plugs?
 Combining parts _____ sockets _____ more _____.
 _____ multiple units require _____ thought _____ normal _____ sockets?
 _____ concerns _____ parts _____ basic electrical connections?
 _____ units _____ go beyond wall sockets, _____ we _____ special _____?
 Will joining _____ require _____ just power connections?
 _____ connecting _____ pieces _____ additional _____ outlets?
 _____ you _____ that go _____ standard _____ outlets, _____ there any _____ considerations?
 _____ connecting _____ beyond _____ outlets necessary?
 Is _____ special concern _____ linking multiple _____ connections?
 When connecting _____ that are beyond standard _____ are _____ considerations?
 _____ hooking up _____ parts _____ different thoughts?
 Do _____ up lots _____ different _____?
 _____ thought is needed _____ combine _____ sockets?
 _____ difficult to _____ parts _____ for normal _____ sockets?
 _____ several components _____ extra thought, apart from _____?
 _____ it _____ to _____ multiple _____ wall sockets?
 _____ the process _____ more than just standard wall _____?
 _____ it _____ contemplation outside of _____ connections for _____ parts _____ be _____?
 Does _____ need to _____ thought _____ beyond wall _____?
 Is _____ extra _____ for hooking up those _____ just a _____?
 We might need to _____ regular _____ when _____.
 _____ multiple _____ that needs extra _____?
 Is there _____ connecting _____ pieces beyond _____ wall sockets?
 Is it _____ beyond standard wall sockets?
 Is _____ connecting things _____ regular outlets?
 Is linking _____ than regular wall _____?
 _____ more consideration _____ connecting multiple _____ beyond usual _____?
 Is _____ possible _____ think _____ typical _____ connections if you _____ multiple _____?
 _____ the consideration _____ standard _____ will _____ required _____ connecting multiple pieces _____.
 Does _____ requires more _____ than _____ regular _____ outlets?
 Does the _____ of _____ multiple items _____ concern _____ relying on _____?
 _____ there be _____ considerations when _____ multiple devices _____?
 _____ appropriate to _____ units that go _____ normal wall _____?
 _____ act of interconnecting many _____ necessitate _____ other _____ on _____ plugs?
 Is _____ more contemplation outside _____ electrical connections if _____?
 Does _____ multiple _____ more consideration than the _____ wall outlets?

_____ process _____ multiple pieces _____ more _____ about _____ standard wall outlets?

When _____ do _____ need to consider _____ regular plugs?

When connecting multiple _____ do you _____ to consider _____?

Will _____ numerous _____ demand _____ over regular _____?

Does _____ need _____ standard outlets?

Will there be _____ connecting multiple _____ together?

Is it necessary for _____ outlets _____ hooking up multiple _____?

_____ it necessary _____ more _____ beyond usual _____?

_____ we _____ precautions when _____ units _____ go _____ wall sockets?

_____ are the things _____ to _____ besides wall sockets _____ multiple _____?

Does _____ multiple _____ wall outlets have _____ special considerations?

_____ components require _____ thought other _____ regular wall _____?

Does _____ various _____ need _____ thought than just _____?

Do you have any _____ other than _____ outlets.

_____ it _____ extra _____ to combine _____ usual outlets?

Does _____ many items _____ concern other _____ the _____ wall plugs?

_____ more _____ for connecting several _____ beyond _____ outlets?

Do I _____ anything else _____ wall outlet usage _____ various units?

_____ I _____ think _____ other _____ wall outlets for _____ components?

Is additional _____ beyond _____ requirements required _____ joining multiple _____?

_____ more _____ when connecting multiple pieces beyond _____ wall _____?

_____ connecting multiple _____ wall outlets have _____ considerations?

Extra thought _____ be _____ besides regular _____ supply points _____ together.

Does _____ necessitate _____ than standard wall outlets?

_____ there a _____ to _____ more _____ standard outlets when _____?

When hooking _____ multiple parts, do _____ besides normal _____?

_____ there _____ additional _____ the wall _____ requirements when _____ components?

Is _____ a concern for hooking _____ components _____ wall _____?

_____ standard _____ outlets will _____ multiple pieces _____?

_____ there more _____ than standard _____ outlets?

_____ needed _____ combining _____ more than usual outlets?

Should _____ additional deliberations when _____ pieces _____ sockets?

Special _____ need to be _____ connecting _____ pieces _____ standard _____ outlets.

Does _____ several components _____ apart _____ outlets?

Is connecting _____ beyond standard _____ sockets _____ factors?

_____ just the usual wall _____ hassle or _____ it _____ hooking up _____?

_____ regular power _____ points, _____ combining various _____ for _____ thought?

Does _____ process _____ connecting _____ pieces _____ than standard wall _____?

_____ hooking up lots _____ parts _____ different thoughts from _____?

Is there any _____ precautions _____ should take _____ that _____ beyond the _____?

_____ it need _____ than wall _____ to _____ pieces _____?

Is joining _____ pieces important _____ wall outlets?

_____ considerations are needed when joining _____ wall _____.

Should there be _____ considerations for _____ wall outlets?

When _____ units that go _____ wall sockets, should _____ take _____?

_____ up lots of parts need _____?

Do _____ to _____ other things besides _____ outlets _____ connecting _____?

_____ many _____ beyond wall _____ more _____?

_____ things _____ be considered _____ multiple components, beyond _____ plugs?

Is _____ for contemplation _____ of _____ electrical connections _____ there _____ parts?

_____ pieces going to _____ beyond standard _____ outlets?
 _____ it _____ to join parts together _____ for _____?
 Is _____ any _____ for connecting _____ beyond usual _____?
 Do _____ have _____ think _____ other _____ wall _____ usage when combining _____ together?
 _____ act _____ items _____ special concern other than relying _____ wall plugs?
 Is _____ consideration _____ for _____ several _____ beyond _____ outlets?
 Does _____ require _____ consideration than standard _____ outlets?
 _____ may _____ more consideration _____ for linking _____ with _____ outlets.
 _____ units beyond normal _____ necessary?
 Should _____ be additional _____ connecting several _____ beyond _____?
 _____ it a _____ to link _____ wall sockets?
 _____ with wall sockets are there other _____ consider?
 _____ proper to _____ separate units that _____ beyond _____?
 _____ the _____ of _____ a _____ of items necessitate _____?
 Will combining various pieces _____ more thought than just _____?
 Does _____ multiple _____ require _____ attention than the _____?
 Is _____ anything else _____ should be _____ for _____ wall outlets.
 _____ joining _____ special attention _____ standard wall outlets?
 Do I need to _____ about other things _____ outlets when _____?
 _____ needed _____ combining parts _____ wall sockets.
 _____ connecting multiple _____ beyond _____ sockets, _____ additional _____ important?
 Does _____ multiple pieces _____?
 When _____ a lot _____ should we _____ than regular _____?
 _____ than the standard wall outlets need _____?
 _____ any _____ required _____ multiple units with wall outlets?
 _____ multiple pieces _____ than _____ wall outlets?
 Will joining multiple _____ than _____ power connections?
 Is there _____ to _____ about _____ just _____ outlets when _____ components?
 Is there any _____ hooking up components _____ wall _____?
 _____ need to think about things besides _____ outlets _____ multiple _____?
 Will joining multiple _____ more attention than _____?
