

[Demo] NLP Dataset for Customer Service Automation

Company Type	Payroll Outsourcing Companies
Inquiry Category	Tax filing and compliance
Inquiry Sub-Category	Payroll tax compliance
Description	Ensuring compliance with federal, state, and local payroll tax regulations, including calculating and remitting payroll taxes.
Data Size	5,131 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Payroll Outsourcing Company" customer inquiry. (Purchased data will not be masked.)

_____ software handle _____ calculations required for _____ tax withholdings?
_____ possible for your _____ to process multiple _____ withholding _____?
_____ you _____ complicated calculations needed _____ state _____ tax withholdings?
_____ your software able to _____ with _____ income _____?
Does your _____ cover _____ associated _____ state income _____?
_____ software suitable for _____ multistate _____?
Is your _____ able _____ the _____ state income _____?
_____ your software good at handling _____ tax _____?
_____ software capable _____ complicated income tax _____ for _____?
_____ a software _____ can tackle state _____ calculations?
_____ your software be able to calculate _____ income _____?
_____ software handle calculations _____ withholding in different _____?
Is _____ ready _____ calculate _____ withholding _____?
Is it _____ that your _____ knows _____ handle multiple _____ tax _____?
Is it _____ handle _____ calculations _____ multi-state _____ withholding?
Can _____ complicated _____ tax withholdings for _____?
Is _____ of handling the complicated _____ tax _____?
_____ possible for your _____ calculations for _____ in their income tax _____?
_____ multiple states' _____ tax _____ your software handle _____?
_____ you have a _____ that can _____ the _____ for many _____?
_____ software handle the calculation process for _____ tax _____?
_____ you handle complicated calculations _____ are required _____ tax withholdings?
_____ able _____ handle the _____ of multiple states' withholdings _____ income _____?
_____ there computations of income _____ across _____ your technology?
_____ possible that _____ software _____ states' withholding of _____ tax?
_____ software capable _____ complex calculations _____ tax withholdings?
_____ your _____ how to handle _____ tax withholdings for several _____?
Is _____ software capable _____ state income _____ computations?
Is your _____ able to handle multiple _____?
_____ software _____ to handle _____ calculation _____ multiple state income tax withholdings?

____ the software ____ of handling ____ calculations ____ multiple states ____ their ____ withholdings?
 ____ it possible ____ your software deals ____ states' withholdings ____?
 Does your ____ complicated income tax ____ in different ____.
 ____ your software include ____ tax withholdings from ____?
 ____ for your ____ manage complicated income tax ____ in ____ cases?
 Are ____ software ____ required ____ multiple states for their tax ____?
 Does your program include the ____ state ____?
 ____ your software ____ income ____ withholdings ____ different ____?
 Is your ____ capable ____ handling calculation ____ multiple ____ income ____?
 ____ to calculate the ____ tax withholdings ____ multiple states?
 Will your software handle ____ withholdings in ____ states?
 ____ software ____ complicated calculations for ____ withholdings in ____ states?
 Does ____ the ____ income tax for different ____?
 ____ your ____ complex calculations ____ tax withholdings?
 ____ your ____ capable of managing ____ withholding calculations?
 Will ____ be ____ to ____ tax withholding for ____?
 ____ software ____ suitable for ____ income ____?
 ____ possible to use ____ software ____ withholding across states?
 Is ____ possible for ____ software ____ complicated ____ tax withholdings?
 ____ your software capable ____ computations ____ different states?
 For multiple ____ software do complex ____?
 Is ____ possible ____ state calculations for tax withholdings?
 Is it possible it ____ for ____ withholding?
 ____ a way to process ____ for income tax ____?
 Does ____ software support ____ calculations for ____ multiple states?
 ____ possible that ____ software can handle ____ of ____ tax.
 ____ it possible that your ____ handles multiple states' ____?
 ____ your ____ calculations for ____ states to give ____ tax ____?
 ____ it possible ____ it ____ handle ____ math for ____ income ____?
 ____ software able to ____ the ____ tax withholdings in ____?
 Is it ____ your software ____ multiple ____ withholdings ____ income ____.
 Is your ____ software ____ the math involved in ____ withholdings?
 Can ____ rely ____ compute income tax withholding in ____ states?
 ____ your ____ calculations for income taxes ____ multiple states?
 ____ software know how to ____ handle income ____ different ____?
 Does it ____ the skills ____ calculate ____ withholding ____ taxation ____?
 ____ it ____ your software handles the calculation ____ states' income ____?
 ____ software able to ____ income tax withholdings ____?
 ____ the ____ suitable ____ multistate income ____?
 ____ possible for your ____ to ____ calculations ____ in multiple ____ for ____ withholdings?
 Is ____ possible ____ software ____ handle income tax ____ calculations in ____?
 ____ your ____ capable of ____ multi ____ withholdings?
 Can ____ handle ____ calculations necessary ____ prepare ____ state's ____ tax ____?
 ____ software ____ to ____ complex ____ computations ____ many states?
 ____ your software know how ____ tax ____ in ____ states?
 ____ your ____ complicated income tax ____ from ____ states?
 ____ your software ____ handle multiple ____ tax ____ calculations?
 Can software ____ complex income ____ withholdings ____?
 ____ it capable of ____ the ____ of ____ states' withholding income ____?
 ____ possible ____ your software ____ accurately ____ income ____ in different states?

Is _____ possible _____ the _____ calculations _____ prepare multiple state's _____ withholdings?
 _____ the _____ calculate _____ taxes _____ for various _____ withholdings?
 _____ covering the computations _____ income tax withholding _____?
 _____ support _____ calculations for income _____ in _____ states?
 _____ the _____ task of calculating _____ withholding of income _____?
 _____ your _____ how _____ compute _____ withholding amounts?
 Do you _____ handles multi-state withholding _____?
 _____ equipped to _____ complicated state _____ tax calculations?
 Does _____ software have _____ to _____ complex withholding _____ states?
 _____ your _____ to _____ tax _____ for various state requirements?
 Is your _____ capable _____ complicated calculations necessary _____ multiple states _____ withholdings?
 _____ your _____ at _____ complex _____ for state tax _____?
 _____ you make _____ multiple states' _____ tax _____?
 _____ you handle _____ complicated calculations _____ to prepare _____ tax _____?
 Will _____ be _____ to _____ the _____ income tax withholding _____ different _____?
 _____ the _____ income tax calculations?
 Is _____ calculate state income tax _____?
 _____ your _____ capable _____ income _____ withholdings from multi-state _____?
 _____ software know _____ to _____ complicated _____ tax _____ in _____ bunch _____ different states?
 Is _____ software _____ support _____ calculations _____ income tax _____ multiple states?
 _____ software competent to _____ required for multiple _____ their tax withholdings?
 Is _____ software able to handle _____ states _____ tax?
 _____ do _____ software handle _____ state _____ tax _____?
 Is it possible _____ software _____ of income taxes?
 Is _____ handling the task _____ calculating _____ states' _____ income _____?
 _____ your _____ to process _____ of multiple states _____ income tax withholdings?
 Do _____ have _____ to tackle state income _____?
 Does _____ the _____ of _____ tax withholding across _____?
 Could _____ calculations for _____ states _____ give their _____ withholdings?
 _____ to deal _____ complex _____ for multi-state income _____ withholding?
 Is your software _____ calculating _____ state _____ tax _____.
 Is _____ able to process calculations _____ income _____ withholding?
 _____ your technology cover _____ computations _____ income _____ in _____?
 _____ software can handle calculations _____ multiple states _____ withholding _____ tax?
 Does it have _____ ability to _____ tax _____?
 _____ it possible _____ process _____ for _____ states for _____ withholdings?
 _____ your software able to compute _____ for _____?
 Does _____ have _____ ability _____ compute elaborate _____ withholding _____?
 Is your software capable _____ that are required _____ multiple _____ give _____ tax _____?
 Does _____ technology _____ income _____ withholding _____?
 _____ your technology _____ computations of tax _____?
 _____ software capable of handling brutal calculations _____ tax withholding _____?
 Does _____ handle complicated income tax _____ multiple _____?
 _____ your _____ able to _____ computations for _____ taxes?
 Is _____ software _____ multi-state _____ withholdings
 _____ it able _____ complex _____ for _____ income tax _____?
 Does _____ handle income _____ withholdings from _____ states?
 _____ your _____ to handle complicated _____ bunch of different states?
 Does your _____ handle complicated income withholdings from _____?
 _____ capable of handling punishing _____ for income _____ withholding _____ different _____?

Is it ____ to ____ complex math ____ withholding?
____ that your software ____ calculations ____ withholding from multiple states?
____ your ____ of calculating ____ state income tax ____?
____ software ____ calculations for income ____ withholding in ____ states?
Is ____ software ready to tackle ____ calculations?
____ program ____ multi-state withholding amounts?
Are ____ software ____ of handling complex ____ for ____ give ____ tax ____?
____ it possible for ____ to ____ tax ____ from ____ states?
Software can ____ income tax withholdings ____
Does ____ technology cover complicated computations ____ different states?
____ wretched software able ____ deal ____ math ____ mutli ____ income tax withholdings?
Can ____ be ____ to ____ withholding amounts?
____ your ____ to ____ complicated ____ for multiple ____ to ____ their ____ withholdings?
Does ____ software ____ calculate ____ withholdings from multiple ____?
Is it ____ your ____ to process calculations ____ in ____ states ____?
____ software handle the math ____ income ____ withholdings?
____ software ____ intricate multistate ____ withholding?
Can ____ handle ____ complicated calculations ____ to ____ tax withholdings.
Is ____ capable ____ handling ____ state ____ withholdings calculations?
Is ____ for your software ____ handle ____ for income ____ different ____?
Does ____ to ____ income tax ____ in multiple states?
Do ____ program that can ____ to calculate income taxes ____ a ____?
Can your ____ tax withholding ____ states?
Will ____ be suitable ____ withholding?
Software for ____ income ____?
Is ____ capable of calculating income ____ withholdings ____?
____ it possible ____ program ____ calculations ____ state tax withholdings?
____ capable of dealing ____ calculations ____ for ____ give their tax withholdings?
Can ____ handle ____ states' income tax ____?
Will this ____ able to calculate ____ correctly when ____ with ____?
____ it ____ your software could handle ____ states' ____ withholdings?
____ have a handle ____ the ____ of multiple states' ____ tax ____?
____ your software can ____ withholding ____ in several ____?
Can you ____ complicated ____ in different states?
Appropriate ____ for ____ withholding?
Is ____ possible ____ you to handle ____ to prepare ____ state's ____ withholdings?
____ your program know ____ income ____ withholdings from multiple ____?
Does your ____ calculate income tax ____ from ____?
____ know how to handle ____ income tax ____ multiple ____?
Is ____ to ____ calculation for ____ taxes in ____ states?
Is ____ calculating income ____ withholdings for ____ dwellers?
Is your software ____ tax in ____ states?
____ your ____ to handle complicated income ____ withholdings ____ various ____?
____ your ____ able to ____ income tax ____ from ____?
____ it ____ to ____ math for multi- ____ income tax ____?
Can ____ software ____ complicated ____ for income ____ in various ____?
Is ____ capable of handling ____ computations?
Can the ____ do ____ tax ____?
Is ____ software able to ____ income ____ withholdings ____?
Is your ____ calculations ____ in ____ states to give ____ tax withholdings?

Will _____ be capable _____ tax withholdings _____ different states?
 _____ possible for _____ to manage complicated _____ multiple state _____ withholdings?
 Are your software _____ to _____ calculations _____ for _____ to give their _____?
 _____ calculations for _____ tax withholdings from multiple _____?
 _____ software capable of _____ withholding computations _____ states?
 _____ software have _____ for multiple states' _____ tax withholdings?
 Does your _____ support _____ income _____ calculations _____ states?
 _____ software _____ to handle _____ that are _____ multiple _____ to give _____ tax withholdings?
 Is _____ software _____ of _____ multiple _____ withholdings of income _____?
 _____ Software _____ income tax withholdings _____ multiple _____?
 Is _____ possible _____ your software _____ handle _____ for multiple _____ with _____?
 _____ to compute the multi-state _____ amounts?
 Do your _____ know how to _____ complicated income _____ of _____ states?
 Does your software _____ to _____ income tax withholding _____?
 Is it _____ it _____ the _____ of _____ states' withholding _____ taxation processes?
 Are _____ good _____ multistate withholding _____?
 Can _____ take _____ complicated task _____ calculating multiple _____ withholding income _____?
 _____ support _____ income tax withholdings from multiple _____?
 Is _____ software able _____ handle income _____ states?
 _____ it _____ to handle _____ complex _____ required for _____ state's _____ tax _____?
 _____ possible _____ your _____ has a _____ states _____ of income tax?
 _____ to the task _____ dealing _____ state income tax withholdings?
 _____ able to calculate income tax _____ multiple _____?
 _____ it possible that _____ software _____ state income _____?
 Does _____ you _____ support complex _____ income _____ withholding in multiple _____?
 _____ software know how _____ complicated _____ tax withholdings _____ states?
 Is your _____ able _____ handle _____ calculations for multiple states _____ tax _____?
 _____ your _____ able to process calculations _____ in _____ tax _____?
 Is _____ handle the task _____ calculating _____ withholding income taxation _____?
 Is it possible _____ process _____ multiple states _____ tax withholding _____?
 Does your _____ process _____ multiple states _____ their _____ withholdings?
 Does your software _____ complicated calculations _____ multiple states?
 Is _____ to _____ complex calculation _____ with multiple _____ income _____ withholdings?
 Does _____ software know _____ handle _____ income tax _____ states?
 _____ you handle the _____ necessary _____ state's income _____ withholdings?
 Is your software capable _____ calculations _____ by _____ to give their _____?
 _____ software _____ performing calculations for income _____ in _____ states?
 Is it _____ software to _____ required in _____ for _____ tax withholdings?
 _____ that your _____ can calculate the _____ multiple states?
 Is your _____ complicated calculations for income tax withholding _____?
 Is your _____ of handling _____ for _____ state income _____ withholdings?
 _____ software _____ handle complicated calculations required _____ multiple _____ to give their _____.
 _____ your software help multiple _____ their _____ tax _____?
 Can your software _____ state _____?
 Does _____ how to _____ income tax withholdings _____ bunch of _____ state?
 Is _____ software able _____ complicated state _____ tax _____?
 _____ able _____ handle the math _____ in multiple _____ taxes?
 Does _____ software know how to reconcile _____ tax _____?
 Can it _____ well on _____ of _____ multiple states' withholding _____?
 Is _____ possible _____ it _____ handle _____ math for _____ income tax _____?

____ your software ____ of ____ withholdings?
 Does ____ know about complicated income ____ withholdings ____ bunch of ____?
 Is ____ software able ____ do ____ income ____ in multiple ____?
 Does your ____ allow ____ withholding ____ in several ____?
 ____ have ____ that handles rigorous ____ computations?
 ____ your ____ complicated state income ____?
 Is ____ software ____ multiple ____ income tax withholdings?
 Can it ____ calculate multiple ____ processes?
 Is ____ software able ____ calculate ____ taxes?
 ____ it possible to ____ complicated calculations ____ in state ____?
 ____ include calculations for ____ in multiple states?
 ____ your software have ____ skills to handle complicated ____ states?
 ____ your program ____ complex computations ____ income taxes?
 Can you handle ____ complicated calculations needed ____ tax ____ states?
 Is ____ to handle the ____ with multiple state income ____?
 Is ____ product capable ____ calculating extensive withholding ____ demanded ____?
 Is ____ software ____ to ____ in ____ states for tax ____?
 Will ____ program ____ taxes ____ when ____ with ____ withholdings?
 Should ____ software be ____ to ____ for ____ states ____ give ____ tax withholdings?
 ____ handle the ____ calculating multiple states' ____ income ____ processes?
 Does ____ support calculation of ____ withholdings in ____?
 Can your tool comprehend ____ mathematics ____ states' ____ withholdings?
 Does ____ software have ____ to calculate ____ state ____?
 Does ____ complicated ____ for state income ____ withholdings?
 Can ____ the ____ necessary to prepare ____ state's ____ tax ____?
 Do you have ____ to ____ complex withholding computations ____?
 Is it ____ to process ____ multiple ____ for ____ tax ____?
 ____ the software ____ multistate income ____?
 Can you ____ the complicated ____ that ____ required to prepare ____?
 ____ your ____ calculations for income taxes in many ____?
 Does ____ software can ____ withholding computations ____ states?
 Is your software capable of processing ____ states for ____?
 Is ____ it can handle ____ math in ____ income ____?
 ____ your ____ of ____ multiple states' income tax withholdings?
 ____ software calculate income tax withholdings ____?
 Is ____ software able ____ math involved in ____ taxes?
 Is it possible ____ your software can ____ the ____ states' ____?
 ____ you deal with the ____ calculations ____ multiple ____ tax withholdings?
 Does ____ the ____ of income tax ____ in different ____?
 Are ____ process calculations required in multiple ____ their income ____?
 Can software ____ tax withholdings ____ states?
 Can ____ calculations required in ____ income tax withholdings?
 Is it ____ for ____ income taxes in different ____?
 There ____ needed for income ____ in ____ states.
 Can ____ cope ____ the ____ of ____ income taxation processes?
 Is it possible ____ complex income tax withholdings ____ one ____?
 Is it possible ____ software can ____ calculations ____ states ____ withholdings?
 ____ to ____ calculations in multiple states ____ income ____ withholdings?
 Can ____ multi-state ____ tax ____?
 Is ____ capable ____ handling ____ math involved in ____ income ____?

_____ multiple states' withholdings _____ income tax possible?

_____ your software _____ accurately compute _____ in other states?

_____ software compatible _____ income tax withholdings _____ multiple _____?

Can _____ handle _____ for _____ state income _____ withholding?

_____ you _____ handle the _____ calculations required to _____ multiple _____ income _____ withholdings?

Can _____ handle _____ complicated calculations _____ required _____ prepare _____ tax _____ for _____ states?

_____ software _____ how to _____ income tax _____ from _____ states?

_____ your software _____ deal _____ the math involved in _____ withholdings.

It's _____ for _____ to process calculations _____ states for _____ withholdings.

Can _____ complicated income tax _____ in _____ states?

Does your _____ income _____ withholding _____?

Can _____ software _____ complicated calculations _____ tax withholdings in _____?

Is _____ possible _____ process _____ for _____ states _____ tax _____ in _____ software?

_____ software _____ calculating income _____ withholding _____ multiple states?

Will the _____ incomes _____ correctly if _____ various _____ withholdings?

Could _____ income _____ withholdings for _____ states?

The _____ with _____ income _____ withholdings _____ be complicated.

_____ be _____ to do _____ income tax _____ for multiple _____.

Can _____ use your _____ to calculate _____ withholding in _____?

Does _____ handle the complicated _____ involved with multiple state _____?

_____ for complicated state income _____ calculations?

Does _____ how to handle _____ income tax _____ other _____?

Does _____ how to make _____ tax _____ for _____ states?

Is your _____ able to _____ calculations _____ states _____ their tax withholdings?

_____ have _____ covers income tax withholding across _____?

Is your _____ handling _____ complicated calculation process _____ multiple _____ withholdings?

_____ software _____ the _____ to _____ computations in several states?

Can _____ calculate income taxes _____?

_____ your software calculate _____ income _____ different states?

_____ your _____ able _____ calculate income taxes _____ different _____?

Is _____ at calculating income taxes _____ states?

_____ have the capacity _____ tackle _____ income tax _____?

_____ the _____ deal _____ complicated state income _____?

Will _____ handle _____ for _____ income tax withholdings?

_____ your _____ deal with _____ taxes?

_____ your software be able to calculate _____ tax _____ variety _____?

Does your software know how _____ handle _____ multiple _____?

_____ you _____ with _____ complicated _____ to prepare _____ income tax withholdings?

Is _____ software _____ to _____ amounts?

_____ software _____ to _____ income taxes _____ many states?

_____ software have the capacity _____ handle _____ required for multiple _____ give _____ withholdings?

It's _____ your software _____ handle multiple states' _____ of _____.

Do _____ have _____ program _____ can _____ of many states' income _____?

_____ your software _____ calculations for _____ tax _____ in _____ states?

Is your _____ to _____ state income _____ withholdings?

_____ the software _____ how to handle _____ tax _____ a bunch _____ different states?

_____ calculate multi-state _____ tax _____?

Is your software up _____ of _____ income tax _____?

_____ your software _____ complicated _____ income tax calculations?

Is it possible _____ to _____ for multiple states _____ tax _____?

____ it possible ____ software to process ____ for ____ states ____ income tax ____?
 Is ____ possible that ____ handle the calculations for multiple ____?
 ____ software know how ____ complicated income ____ withholdings ____ lot ____ different states?
 ____ software have ____ ability ____ calculate income taxes across ____?
 Is it ____ required for ____ states ____ tax withholdings?
 ____ your ____ accurately compute ____ withholding in many states?
 Is it possible to ____ complex ____ income ____.
 ____ your software capable ____ calculating ____ in a number ____?
 Can ____ complicated ____ income ____ withholding?
 Can it handle the demanding task ____ withholding ____ efficiently?
 Are your software ____ of dealing ____ calculations?
 ____ your software ____ of ____ withholdings for a bunch ____ states?
 Are ____ prepared ____ multi-state withholding ____?
 ____ you ____ the ____ for multiple states' ____ withholdings?
 ____ your ____ that ____ multiple states' income tax ____?
 Do ____ have ____ calculate ____ withholding amounts?
 ____ your ____ to manage complicated ____ tax withholdings in ____?
 ____ this program calculate ____ taxes ____ when ____ with ____?
 Can you ____ calculation ____ to prepare ____ state's ____ tax ____?
 Is your ____ capable ____ handling ____ tax withholdings?
 Does ____ software ____ how to handle ____ withholding?
 Is ____ software capable ____ handling ____ states to ____ their tax withholdings?
 Is ____ possible ____ process ____ used ____ multiple states ____ their ____?
 Is ____ capable of ____ state income ____?
 ____ software do ____ calculations for multiple ____ withholdings?
 ____ your software ____ in a number of states?
 Can ____ software manage complicated ____ income tax ____ in ____?
 ____ possible for ____ calculate ____ tax withholdings ____ multiple states?
 ____ I ____ your ____ to calculate ____ tax ____ different states?
 Is ____ software ____ capable ____ income taxes ____ different states?
 ____ able ____ calculate income ____ from multi-state residents?
 ____ your software ____ to ____ for ____ withholding in ____ states?
 Can ____ calculations ____ income tax withholdings?
 ____ have ____ on ____ multiple states' income tax withholding?
 ____ software ____ the ability to ____ calculations ____ multiple ____ their income ____ withholdings?
 ____ your ____ know how to ____ with complicated ____ withholdings ____ states?
 Is it possible ____ compute ____ tax ____ states ____ your software?
 Is it ____ your ____ has ____ handle on ____ of ____ tax ____ states?
 Is ____ possible that ____ will handle multiple states' ____?
 ____ it ____ for ____ software to ____ calculations ____ states' income tax ____?
 Are your software ____ rigorous ____ withholding ____?
 Is ____ to the task ____ handling ____ taxes?
 Is ____ able to handle the ____ involved in ____?
 Can it ____ the complicated ____ tax withholding?
 Are your ____ to tackle ____ state income ____?
 ____ it ____ for ____ software ____ calculations for income ____ in ____ states?
 Does ____ handle complicated income ____ withholdings ____ more ____ state?
 ____ you ____ complex ____ required ____ prepare multiple state's income tax ____?
 ____ the software ____ to ____ multi-state ____?
 ____ good ____ handling ____ income ____ withholdings ____ a bunch of different ____?

Is it ____ to ____ complicated ____ in ____ states?
 ____ state calculations for income tax withholdings?
 ____ you tell me if ____ possible to ____ income tax deductions?
 Is your ____ of supporting ____ calculations for ____ tax withholdings ____?
 ____ your ____ do ____ state ____ tax ____?
 Is ____ possible for your software ____ state ____?
 ____ it possible ____ your ____ the ability ____ income tax withholdings?
 ____ software have ____ ability to handle ____ income tax withholdings?
 ____ it have the ____ calculate ____ states' withholding ____ processes?
 Is your software capable of ____ calculations required ____ multiple ____ give ____?
 Is your software able ____ calculations ____ in ____ states?
 Can you handle the calculations ____ are required to ____?
 Will your software be ____ for income tax ____ states?
 ____ handle the complicated ____ income tax ____ in ____ states?
 ____ your ____ capable of calculating income ____ different ____?
 ____ your ____ capable ____ income ____ withholdings across ____ states?
 ____ this ____ into account various ____ withholdings when ____ taxes?
 ____ know how to make ____ income ____ withholdings for ____?
 Does your ____ calculations for income ____ withholding ____ states?
 ____ you handle the complicated calculations ____ income ____ withholdings?
 Can ____ your ____ to ____ compute ____ tax withholding ____ various ____?
 It's ____ your ____ for multiple ____ withholdings of income tax.
 Does your ____ the ____ to ____ calculations needed ____ states to ____ their ____ withholdings?
 ____ you handle ____ calculations ____ multiple state income ____?
 ____ possible to process ____ are ____ multiple states for ____ withholdings?
 It ____ your ____ could ____ multiple states' income ____ withholdings.
 ____ it capable of ____ associated with state ____?
 ____ software ____ multi ____ income tax ____?
 ____ complicated calculations for income ____ withholdings in multiple ____?
 Does ____ knows how ____ income tax withholdings ____ different ____?
 ____ your ____ ability ____ handle multiple ____ income tax withholdings?
 Is your ____ performing ____ calculations for income taxes ____?
 Does your ____ how to ____ multiple ____ income ____?
 Is ____ possible for ____ software ____ income ____ across states?
 ____ software capable ____ complicated ____ multiple states to give ____ tax ____?
 Does your ____ calculations for income ____ withholdings from ____?
 Is it ____ to ____ complicated ____ required ____ multiple ____ income tax ____?
 Will ____ software be able ____ the math involved ____ tax ____ in ____?
 ____ possible ____ software ____ the tax withholdings in multiple ____?
 Is ____ software capable ____ complicated ____ income ____ calculations?
 ____ your software ____ of handling ____ for ____ in ____ tax?
 ____ your ____ of handling complicated calculations that are required ____ withholdings?
 Is ____ do complex ____ in multiple states?
 Can ____ software ____ calculations for state ____ withholdings?
 Does it ____ states' withholding income taxation processes ____?
 ____ you cope with the complicated calculations ____ prepare ____ tax ____?
 Is ____ ready ____ withholding amounts?
 ____ your ____ to handle ____ for ____ tax withholdings?
 Is ____ for ____ software ____ handle ____ states to give their ____ withholdings?
 Is your ____ able to cover ____ of ____ across ____?

_____ software _____ to tackle state income tax _____?

Is _____ to efficiently _____ properly _____ withholding income taxation processes?

Is your software _____ to handle _____ for _____ tax _____ state _____?

Is your _____ able _____ handle _____ states' _____ income tax _____?

_____ you handle _____ complicated calculations of multiple _____?

_____ it _____ your software can handle _____ income _____ withholdings?

_____ you _____ me if _____ software _____ calculations for _____ states to _____ tax withholdings?

Can _____ complex _____ required _____ prepare _____ state's _____ tax withholdings?

_____ complicated computations necessary to _____ income tax withholdings?

Is your software _____ multiple states' _____ withholdings?

_____ for income tax _____ multiple states are _____ by _____.

_____ your software _____ complicated income _____ withholdings _____ cases?

_____ your program handle _____ state _____ withholdings?

_____ able _____ cope with the _____ involved in mutli-state income _____?

Is your _____ of handling _____ multiple _____ withholdings _____ income _____?

Is it possible _____ process _____ income tax withholding _____ multiple _____?

Will your _____ able to _____ extensive withholding _____ state _____?

_____ the _____ appropriate _____ intricate _____ income _____?

_____ software capable of _____ tax _____ than one state?

Do you _____ software that _____ income tax _____?

_____ multi-state income _____ can _____ complex math?

Is _____ to support _____ calculations _____ tax withholdings _____ multiple states?

Are _____ software able _____ handle multiple states' _____?

Can _____ tell me if your software _____ accurately compute _____?

_____ your software _____ calculations _____ tax withholdings?

_____ it possible _____ intricate _____ associated with _____ state _____ withholdings?

_____ software do _____ withholding calculations for _____ requirements?

_____ your software _____ to accurately _____ tax _____ different states?

Does your _____ know how to _____ computations _____?

_____ it handle _____ income _____ computations?

_____ a _____ suited for _____ income _____?

Did _____ tax withholdings from multiple states?

Are the software _____ use _____ to _____ multi-state _____?

_____ software _____ for multiple states' income _____ withholdings?

_____ for your _____ to process the calculations for _____ their tax _____?

Is _____ possible that _____ the _____ for multiple states' income _____?

Does _____ program _____ complex computations _____ state income _____?

Does _____ the _____ computations _____ state income taxes?

Is _____ process income tax withholdings _____ different states?

_____ system capable _____ dealing _____ complicated multi-state _____?

_____ able to perform _____ taxes across states?

_____ of handling complex _____ computations _____ many states?

_____ your _____ handle calculations _____ income _____ in _____ states?

_____ software know _____ to _____ with multiple states' income _____?

_____ calculate incomes taxes correctly _____ withholdings?

Does your _____ know how _____ withholdings _____ a _____ of states?

_____ is _____ that your software can _____ multiple _____ income _____.

Is _____ complicated _____ for multiple states to give their _____.

Is _____ enough _____ handle complicated _____ for _____ to give their _____ withholdings?

_____ your _____ handle multi-state income _____?

_____ software be able _____ withholding for _____ state requirements?
_____ it capable _____ handling intricate _____ tax _____?
Does _____ software know _____ to _____ complicated income _____ states?
_____ complex _____ tax _____ for multiple states
Is _____ possible to process _____ multiple _____ income _____ withholdings?
_____ your _____ able to calculate the _____ income _____?
Can _____ handle the complicated calculations _____ tax _____?
Is it possible _____ multiple state _____ withholdings calculations?
Is software _____ to _____ multiple _____ tax _____?
Is it _____ for your _____ process _____ that _____ in _____ tax withholdings?
Can _____ perform _____ income tax _____?
Will _____ handle the _____ of calculating _____ tax withholdings _____?
_____ that _____ could handle _____ income tax withholdings.
Does your _____ deal with income _____ different _____?
Does it know _____ to _____ states' _____ processes properly and _____?
Will _____ software _____ able _____ tax withholding _____ state requirements?
_____ possible _____ software _____ multiple states' _____ of income tax?
_____ you _____ the calculations _____ to _____ state's income _____ withholdings?
Can your software _____ income _____ states?
Does _____ state _____ tax withholdings?
_____ your _____ able _____ calculations _____ income tax in different _____?
Is _____ software capable _____ multiple states' _____?
_____ the software do complex _____ tax _____ states?
The _____ process with _____ state _____ tax withholdings _____.
_____ possible that it _____ handle _____ for _____ withholding?
_____ your software able to handle the math _____ income _____?
_____ it _____ for it _____ the _____ of calculating multiple _____ income taxation _____?
_____ software _____ complicated calculations for income _____ withholdings _____ some _____?
_____ to the _____ of _____ mutli-state income tax withholdings?
Is _____ that _____ can calculate _____ of income _____ in _____ states?
Does _____ software _____ ins _____ outs _____ complicated income _____ different states?
_____ possible _____ the software to process _____ in multiple _____ tax _____?
_____ it possible for _____ software to _____ income tax _____ from _____?
_____ software _____ with _____ income tax calculations?
_____ it possible to _____ calculations _____ in multiple states?
Can _____ software _____ the calculation process of _____ tax _____?
Is your _____ up _____ the task _____ income _____ withholdings?
Can you keep up with _____ complicated _____ to _____ withholdings?
Will your _____ handle the complicated math involved _____ in _____?
_____ your _____ process calculations _____ multiple states for _____ income tax withholdings?
_____ it _____ to process calculations required in _____ their _____?
_____ it _____ that your software _____ for _____ income taxes?
_____ software include complicated _____ for income tax _____ states?
_____ your _____ be able to handle _____ math _____ income _____ withholdings _____ different states?
Is _____ possible to _____ needed _____ states for _____ withholdings?
_____ your _____ can _____ multiple states' income _____?
_____ of _____ complicated calculations _____ income taxes _____ different states?
Is _____ software _____ handling the complicated _____ state _____ tax withholdings?
_____ it _____ state _____ tax _____ calculations?
_____ your _____ capable of _____ calculations that are _____ for _____ their tax withholdings?

_____ to _____ calculation _____ with _____ state income tax withholdings?
 _____ have the ability to handle _____ that _____ for multiple _____ to give _____ tax _____?
 Does _____ software _____ tax _____ from _____ states?
 Is _____ to handle multiple state income _____ withholdings?
 Does _____ tackle complicated _____ calculations?
 Does your _____ the computations of _____ tax _____?
 _____ your software able _____ handle the _____ states' income _____?
 _____ it _____ that _____ with multiple states' income _____ withholdings?
 Is your _____ at _____ income _____ from multi-state _____?
 Is _____ capable _____ handling _____ calculations required for _____ states to _____?
 Is _____ your _____ has a way to _____ multiple _____ withholdings of _____?
 _____ calculate the income tax _____ in different states?
 Is it possible to _____ required _____ multiple _____ income tax _____?
 _____ do the _____ task _____ calculating multiple _____ withholding _____ taxation _____?
 Will your software be _____ withholding _____ states?
 _____ good _____ handle the math involved in _____ income tax _____?
 _____ to process _____ for multiple _____ their income _____ withholdings?
 _____ for it to _____ multiple _____ income taxation processes _____?
 _____ your _____ have complex _____ for _____ multiple states?
 _____ depend on your _____ to _____ compute _____ withholding _____ states?
 Does your _____ income tax withholdings _____ multiple _____?
 _____ your _____ calculate _____ tax _____ for multi-state _____?
 _____ your _____ of _____ that _____ to be done for multiple _____ to _____ tax withholdings?
 _____ software _____ the calculation of _____ tax _____ across different _____?
 _____ able to handle complicated _____ for income _____ in _____ states?
 Does _____ take into _____ complex _____ for state _____?
 _____ it possible to _____ the complicated _____ multiple _____ income tax _____?
 _____ your software _____ the ability to _____ across different states?
 Can it cope _____ of _____ withholding income taxation processes?
 _____ your technology cover the _____ of income _____ states?
 _____ software you _____ able to _____ multi-state _____ computations?
 _____ it _____ that _____ software can _____ complicated _____ required _____ multiple _____ to give their _____?
 Is _____ possible for _____ to calculate _____ tax withholdings?
 Can your _____ the multiple _____ tax _____ calculations?
 Does _____ software process _____ calculations?
 _____ capable _____ calculations _____ have _____ done for _____ states to give their tax withholdings?
 Can _____ use your _____ to _____ income _____ across _____ states?
 _____ this _____ calculate incomes taxes correctly _____ dealing _____ withholdings?
 Can your _____ help _____ tax withholdings _____ different _____?
 Will _____ multistate income withholding?
 _____ your software _____ income tax _____ from multiple _____?
 Is it _____ to handle the complicated _____ multiple state's _____?
 Do _____ know if _____ tool _____ be used for complicated _____?
 _____ possible _____ calculate multiple _____ withholding _____ taxation processes _____?
 Does _____ software _____ how _____ income _____ withholdings in multiple states?
 Will _____ calculate income taxes correctly _____ state withholdings?
 _____ your _____ good _____ calculating income tax withholdings _____?
 Can _____ complicated _____ for _____ tax withholding?
 _____ your software _____ of _____ states' _____ tax withholdings?
 Can _____ use your _____ income _____ withholding across _____?

_____ software _____ to perform _____ calculations _____ in different states?
 Does your _____ make _____ for income _____ different states?
 Is _____ to handle complicated _____ tax _____ in _____ of _____ states?
 _____ your software _____ handle _____ income tax withholdings _____ different _____?
 _____ it possible for _____ crappy software _____ handle _____ calculations for _____ withholding _____?
 _____ you _____ the complicated _____ income tax withholdings?
 Does _____ software know _____ tax withholdings _____ different places?
 Is your _____ handling complicated _____ withholding calculations?
 Is _____ that your _____ handles calculation _____ states' _____ of _____ tax?
 Does your _____ handle _____ in many _____?
 Did your _____ computations of income tax _____?
 _____ software _____ handle complicated tax _____ in multiple states?
 Can _____ handle _____ multiple _____ tax _____ calculations?
 Is _____ software capable _____ calculating _____ for multi-state _____?
 Is _____ software _____ of handling _____ complicated calculations _____ by _____ states _____ give _____?
 _____ your software capable _____ calculating _____ tax _____ states?
 _____ of calculating _____ states' withholding income _____ processes efficiently?
 Does _____ technology cover _____ computations of _____ income _____?
 _____ possible for your _____ tackle complicated state income _____?
 _____ have the ability to handle _____ other states?
 _____ the complicated calculations _____ to prepare _____ state's _____ withholdings?
 _____ your _____ of income tax withholding _____ different states?
 Is your _____ to handle withholding _____ many _____?
 _____ your _____ capable _____ handling _____ involved in mutli-state _____ withholdings?
 _____ it possible to _____ math for multi-state _____?
 _____ to cope with mutli-state income tax _____.
 Will _____ able to _____ multiple _____ income tax _____?
 Could _____ software handle complicated _____ for multiple _____ give _____ tax _____?
 _____ your software _____ process _____ used _____ multiple states for tax _____?
 Can it _____ complex task of _____ withholding _____ processes?
 Would _____ suitable for _____ income _____?
 _____ the _____ be _____ for _____ multistate income _____?
 _____ it _____ your software can do _____ states' _____ of _____ tax _____?
 Is _____ your software can _____ the _____ of income tax _____?
 _____ to the job when it _____ to _____ income tax _____?
 _____ how to handle complicated _____ withholdings _____ lot _____ different states?
 Is your software able _____ handle _____ are _____ for multiple _____ their tax _____?
 _____ your _____ managing _____ tax withholdings in different states?
 Is _____ to _____ tax withholdings for _____ folk?
 _____ your software capable _____ tax withholdings _____ states?
 _____ that it can handle the _____ task _____ multiple _____ withholding _____ processes?
 Is your _____ calculating multiple states' _____ income _____?
 Did _____ make _____ income _____ withholding from _____ people?
 Does your technology support _____ withholding across _____?
 _____ it _____ handle _____ task of calculating multiple states' _____?
 _____ possible _____ process the _____ in _____ for _____ income tax withholdings?
 Is _____ software up to the _____ calculating _____ taxes _____?
 _____ possible for your software _____ process _____ needed _____ multiple states _____ withholdings?
 It _____ your _____ handle _____ states' _____ tax withholding calculations.
 _____ your software capable of calculating _____ in _____ states?

_____ software capable _____ complicated calculations _____ for multiple _____ to give _____ tax _____?
 Is your software _____ to _____ calculations _____ states to give their _____ withholdings?
 Is _____ possible for _____ software _____ process _____ for their tax _____?
 _____ your software work with _____ calculations _____ income tax _____?
 _____ it possible for your software to _____ for _____ tax _____?
 _____ it _____ to calculate _____ withholding _____ taxation processes properly _____ efficiently?
 Can _____ for income tax _____ different state cases?
 Is your program capable _____ handling complex _____?
 Is it possible for _____ multiple _____ for _____ tax _____?
 Is your _____ capable _____ state income _____ calculation?
 _____ your _____ support _____ tax withholding calculations _____ multiple _____?
 _____ that your software can _____ of multiple states' _____ income _____?
 Is your _____ multiple _____ income tax withholdings _____?
 _____ it calculate multiple _____ taxation _____ correctly and _____?
 _____ your _____ to _____ income tax withholdings in a _____ of different _____?
 Does _____ software compute _____ tax _____ multiple _____?
 Can _____ calculations for multiple states' income _____?
 _____ your _____ to cope with _____ math _____ state income tax _____?
 _____ it _____ the calculations associated with different _____?
 _____ for your software _____ calculations in multiple _____ for their _____?
 Is it _____ that _____ could _____ states' _____ of income tax _____?
 _____ your software _____ to process calculations for _____ income tax withholdings?
 _____ your _____ calculations _____ income _____ withholdings from multi-state _____?
 Is _____ capable of _____ income _____ across different _____?
 _____ software make _____ calculations _____ tax withholdings _____ state cases?
 Can you _____ complicated _____ income tax withholdings?
 _____ ready to _____ complicated _____ tax _____ from multiple states?
 Can software _____ income _____ for other _____?
 Does _____ have _____ the multiple states' _____ of _____ tax?
 Is your software _____ multiple states _____ give their tax withholdings?
 _____ your software _____ calculations _____ income taxes in other _____?
 Is _____ to process calculations _____ states _____ their income _____?
 _____ your crappy software able _____ handle _____ tax withholding _____ states?
 Can your _____ be _____ calculate _____ state _____ withholdings?
 Is _____ your software to _____ for _____ tax in _____ states?
 _____ your software capable _____ complex _____ multiple states _____ give _____ withholdings?
 Is _____ a _____ process _____ in multiple states for _____ withholdings?
 _____ your _____ strong enough _____ math involved in mutli-state _____ withholdings?
 _____ that it can calculate _____ states' withholding income _____.
 Does your _____ ability _____ handle complicated income tax _____ states?
 _____ your _____ to calculate income taxes _____ states?
 _____ it _____ that _____ can _____ multiple state income _____ withholding _____?
 _____ technology allow _____ of income _____ in different _____?
 Will the _____ calculate _____ taxes correctly when _____ withholdings?
 Does _____ software support _____ for income _____?
 Can _____ multiple state _____ tax _____?
 _____ your _____ complex _____ for income _____ in multiple states?
 _____ tax withholdings, is your software _____ to _____ task?
 Can _____ perform _____ tax _____ for _____?
 _____ the complicated task of calculating multiple states' _____?

____ your ____ capable of ____ income tax ____?
 ____ capable ____ calculating multiple income tax ____?
 Does ____ make calculations for ____ tax ____ in ____?
 ____ your software ____ for ____ income taxes in ____ states?
 Will your software be ____ to ____ in various ____?
 Software ____ multistate income ____?
 ____ software you ____ calculations ____ income tax withholding?
 ____ your ____ able to handle ____ calculations for income ____ withholdings ____?
 Does ____ handle complicated ____ tax ____ for ____ bunch ____ states?
 Will ____ software ____ math to ____ income tax ____ states?
 ____ your ____ calculating ____ tax ____ from other states?
 Does the software ____ income tax ____ calculations?
 Is it ____ your software to ____ the calculations in ____ withholdings?
 ____ do ____ difficult task of ____ states' withholding ____ efficiently?
 Is it ____ that ____ software ____ with ____ states' withholding of ____?
 Will your ____ to ____ withholdings ____ different state requirements?
 ____ you ____ to ____ multiple state tax withholdings?
 ____ to ____ if my ____ can accurately compute income ____ withholding ____.
 Can ____ state's income ____ withholdings?
 Is your ____ up ____ the ____ dealing with mutli- ____ income ____?
 ____ your software capable of handling ____ calculation process ____ with multiple ____?
 ____ your ____ calculate ____ tax withholdings across several states?
 Is your ____ capable ____ calculations ____ withholdings ____ multiple states?
 Will ____ software be ____ of ____ tax withholdings in ____ states?
 Can your ____ calculations ____ income tax ____ different states?
 ____ your software know what to ____ with income ____ bunch of ____?
 Is ____ suitable ____ intricate ____ state ____?
 ____ software able ____ handle ____ calculations that need to ____ done for ____ to ____ tax ____?
 Is ____ calculate ____ multiple states' withholding income ____ processes efficiently?
 Can ____ needed to prepare ____ state's income ____ withholdings?
 Is it ____ for ____ to ____ tax ____ for many ____?
 ____ your ____ to ____ state withholding amounts?
 Is it possible ____ software ____ deal ____ states' ____ income tax?
 Is your crappy ____ able to ____ complicated calculations ____ income ____?
 ____ your ____ the ability to ____ taxes ____ different states?
 ____ software able ____ process calculations required ____ for ____ tax withholding?
 ____ possible that ____ covers ____ computations for ____ income taxes?
 Will your ____ how to ____ tax withholdings ____ states?
 Does your ____ complex ____ for ____ tax withholdings from ____?
 ____ your software have ____ to compute ____ amounts?
 ____ your software know ____ to handle ____ tax ____ states?
 Is ____ to ____ withholding computations?
 ____ your software ____ to compute multiple ____ income ____?
 ____ it possible that ____ has ____ on ____ states withholding income ____?
 Can ____ the ____ calculations ____ prepare ____ state's ____ tax withholdings?
 ____ software ____ to ____ multi-state ____ amounts?
 ____ software ____ capacity ____ handle complicated calculations ____ states to give their ____?
 Is your ____ up ____ the task of ____ tax ____?
 The calculation ____ multiple state income ____ complicated.
 Can ____ your ____ to accurately compute income ____ states?

_____ make income tax _____ many _____?

_____ your software _____ with multi-state _____?

_____ your _____ able to handle complicated income _____ states?

_____ handle the complicated _____ prepare state's _____ tax withholdings?

Is your _____ to _____ complex _____ withholdings?

Is your _____ able to handle _____ tax _____ calculations?

_____ handle complicated calculations _____ income tax _____ state cases?

_____ your program _____ to _____ complicated _____ tax _____ calculations?

_____ it _____ to process _____ multiple state tax withholding _____?

Will your _____ to _____ how to calculate income _____ withholdings in _____?

_____ your software _____ to handle _____ states _____ give their tax withholdings?

Is _____ for _____ income withholding?

_____ for _____ to do _____ multiple states for _____ tax withholdings?

Will _____ calculate _____ taxes _____ when _____ various states?

Is your _____ able _____ multiple _____ income _____ calculations?

_____ your _____ up _____ the task _____ income _____ withholdings from _____ states?

_____ it _____ to _____ calculations for _____ states for their _____ withholdings?

_____ software able to _____ multiple state _____?

_____ for intricate _____ withholding?

_____ you _____ preparing multiple state income tax withholdings?

_____ your _____ complex calculations for _____ tax withholdings _____ multiple _____?

_____ software _____ multiple _____ tax withholdings?

Will _____ software _____ able _____ perform tax _____ for _____ states?

Can _____ of calculating multiple states' _____ income taxation?

_____ your software _____ ability _____ handle _____ tax _____ from multiple states?

_____ software handle _____ income tax _____ in _____ states?

_____ you _____ for _____ state tax withholdings?

_____ you have a software _____ multi-state tax _____?

Is your _____ prepared _____ withholding?

_____ software handle _____ states' _____ withholdings?

_____ your _____ complicated calculation of income tax _____ states?

Does _____ software know _____ handle complicated _____ for _____ states?

Is it possible _____ to _____ calculations for multiple states _____ tax _____?

Can it _____ the _____ task of _____ withholdings?

_____ on your _____ to accurately compute income _____ withholding across _____?

Is _____ software _____ calculate _____ state _____ amounts?

_____ your software _____ income tax _____?

Can it handle complicated _____ related _____ tax _____?

_____ your software _____ complicated income tax withholdings from _____?

_____ your _____ to handle multi state income _____?

_____ software _____ to _____ complicated calculations _____ income _____ in different _____?

_____ capable _____ required for multiple _____ to give their tax withholdings?

_____ your _____ for multiple states' income tax withholdings?

Is _____ possible for _____ software to _____ income _____ different _____ cases?

_____ your software _____ income _____ calculations?

Will _____ perform tax withholding _____ for different _____?

Is _____ handle complex math for _____ tax _____?

_____ able _____ brutal calculations of income tax _____ in _____ states?

Can _____ complicated _____ income tax withholdings in different _____?

Does _____ technology _____ computations _____ tax _____ across states?

_____ software able _____ handle calculations for _____ in _____ states?
_____ it _____ your software is _____ to calculate _____ withholdings of _____?
How _____ your _____ to _____ multi-state _____ amounts?
_____ be _____ to _____ complicated calculations needed to _____ state's _____ tax withholdings?
Does _____ accommodate _____ state _____ calculations?
_____ the program _____ incomes taxes _____ when dealing _____ states' _____?
Is your _____ able _____ calculations for _____ tax withholdings?
Does _____ software require _____ calculations for income _____ multiple _____?
_____ there _____ way your software can _____ multiple _____ tax?
Is _____ at _____ multiple _____ income tax withholdings?
_____ software _____ complicated _____ withholdings from multiple states?
_____ the program _____ calculate incomes _____ when dealing with _____?
Is _____ software _____ of _____ complicated _____ needed _____ income _____ withholdings?
_____ cope with the task _____ calculating multiple _____ taxes?
_____ this _____ calculate _____ taxes correctly when handling _____?
_____ your software capable of _____ calculations _____ multiple states to _____ their _____?
Is it _____ your _____ multiple _____ tax withholdings calculations?
Does your _____ cover complicated _____ state _____?
Is your _____ capable of calculating _____ in _____?
Is _____ capable _____ handling _____ math involved _____ income taxes?
_____ your software perform tax withholding _____ that comply _____?
Is _____ software able to _____ withholdings _____ different states?
Is it _____ your _____ can _____ withholdings of income _____?
_____ program _____ state _____ tax calculations?
Is _____ software good _____ handle _____ tax withholdings _____ different _____?
Can your _____ for multiple state _____ withholdings?
_____ software _____ able _____ calculate tax withholding for _____ state _____?
Income _____ from _____ can _____ complicated _____ your software.
_____ your software handle _____ withholding _____ income _____?
Is _____ possible _____ the software to _____ calculations for _____ states _____?
Does your _____ complex computations _____ income _____?
_____ able to _____ income tax withholdings _____ multi-state _____?
Does your _____ withholding _____ many states?
_____ this _____ to calculate incomes taxes _____ dealing _____ state _____?
Does your software know how _____ income tax withholdings _____ of _____?
Is _____ software _____ tax _____ for multiple states?
Can _____ handle _____ required for _____ state's income _____ withholdings?
_____ software that _____ withholding computations?
Are your _____ able to process _____ multiple _____ income _____ withholdings?
Can _____ the complicated math _____ multiple states' _____ withholdings?
_____ software capable of handling the _____ give _____ states their tax _____?
Does your software _____ complex _____ income _____ from multiple _____?
Is your _____ to perform _____ for _____ income _____?
Can _____ care of _____ complicated _____ to _____ multiple state's _____ tax _____?
Did your technology _____ the _____ income tax _____ states?
Does your _____ the _____ in multiple states for _____ tax _____?
Is _____ to do _____ taxes for multiple _____?
_____ to _____ the _____ for multiple state income taxes?
Is _____ able to _____ the _____ involved in _____ withholdings in _____?
_____ it possible _____ calculations _____ states for _____ tax withholdings?

_____ software _____ to _____ income _____ withholdings for a bunch _____ states?
 _____ software _____ complicated _____ income _____ calculations?
 Is the software _____ complicated calculations _____ for _____ give their tax withholdings?
 Does your software _____ handle _____ tax _____ a _____ of different _____?
 _____ calculation _____ with multiple _____ withholdings is complicated.
 Is it _____ your software is _____ handle multiple _____ income _____?
 _____ software know how _____ process _____ state _____ tax _____?
 Is _____ that your _____ will handle _____ tax withholdings?
 Can _____ handle _____ related to different _____ tax _____?
 Will this _____ calculate _____ for various _____ withholdings?
 Is your software _____ deal _____ complicated state income _____?
 _____ your _____ withholding calculations for various state _____?
 Is _____ possible _____ make _____ multiple states for _____ income tax withholdings?
 _____ it _____ the _____ to calculate involved _____ withholdings?
 _____ program include _____ computations for _____ income taxes?
 _____ calculate incomes _____ when dealing with various _____?
 Does your software _____ calculations?
 _____ your software _____ of handling the _____ involved _____ state _____ tax _____?
 Is _____ capable _____ calculating _____ for multiple states _____ give _____ withholdings?
 Is it _____ for software _____ do _____ taxes in _____?
 Does _____ software have the _____ to _____ income _____ withholdings?
 _____ software _____ the _____ to _____ income tax _____ for a _____ of different _____?
 _____ the _____ for multiple _____ income _____ withholdings _____ your software?
 _____ it possible _____ it _____ deal _____ mathematical operations for _____ income _____ deductions?
 _____ your software _____ process _____ for _____ states for _____ income _____ withholdings?
 Can your _____ complicated _____ for _____ tax withholding _____ cases?
 _____ software able to _____ multiple state _____ withholdings?
 _____ multiple state income tax withholdings, _____ your software _____?
 _____ your software _____ calculating income _____ withholdings from _____?
 Could _____ handle multiple states' _____ tax _____?
 _____ that _____ software _____ handle multiple _____ of income tax.
 Does _____ technology cover _____ taxes _____ different states?
 Is _____ calculations in _____ states for income tax _____?
 _____ your _____ complicated _____ for multiple _____ tax withholdings?
 _____ your software have _____ capacity to _____ tax _____?
 Can it handle _____ of calculating _____ states' _____ income _____?
 _____ the _____ calculate _____ taxes correctly _____ state withholdings?
 Is _____ possible that _____ software _____ withholdings of income tax?
 _____ that your _____ handle on _____ of multiple states' income _____ withholdings?
 _____ able _____ calculate income tax withholdings _____ states?
 _____ your software _____ handle the computations for _____ different states?
 _____ it reconcile _____ withholdings?
 Is _____ use your software to accurately _____ income _____ withholding _____?
 _____ your _____ how _____ handle complicated income _____ withholdings in _____?
 _____ technology involve _____ tax withholding in different _____?
 _____ software _____ tough multi-state withholding _____?
 Is _____ software _____ to handle complicated _____ for _____ to give _____ withholdings?
 _____ software _____ calculations _____ income _____ withholdings from multiple states?
 Can I _____ to calculate _____ tax withholding _____ states?
 Is _____ your product _____ extensive withholding _____ different state taxes?

Is your _____ able to _____ for _____ taxes in _____?

_____ it possible _____ your _____ to _____ for multiple _____ tax withholding?

_____ the complicated task _____ calculating multiple states' withholding income _____?

Is it _____ to _____ calculation _____ for multiple state income _____ withholdings?

_____ your software handle _____ tax withholdings _____?

_____ software compatible _____ calculations for _____ withholding from multiple _____?

Can _____ income tax _____ multiple _____?

Does _____ computations in _____ number of states?

_____ software _____ tax withholdings for multi-state _____?

_____ software _____ of handling complicated _____ states to give their _____ withholdings

_____ your _____ able _____ calculate _____ withholding scenarios _____ state taxes?

Is _____ software good _____ complicated _____ withholdings for _____ bunch of _____?

_____ software _____ complicated state _____ calculations?

_____ software able _____ income tax numbers _____ states?

_____ possible _____ to manage _____ calculations for _____ tax withholdings?

_____ your software _____ complex _____ multiple _____ income tax _____?

Is _____ able to _____ difficult _____ for income _____ withholding _____ different _____?

_____ software calculate income _____ withholdings _____ different _____?

Can it _____ difficult _____ multiple states' _____ income _____ processes?

_____ software capable of _____ complicated income _____ withholding _____?

Are your _____ elaborate _____ withholding amounts?

Does _____ software know _____ handle complicated income _____ withholdings _____ different _____?

Is your _____ able to calculate _____ several _____?

_____ your _____ up _____ the job _____ calculating income _____ withholding _____ states?

Will _____ incomes taxes correctly _____ state _____?

With _____ income tax withholdings, is your _____ of _____?

_____ software capable _____ multi state withholding _____?

_____ software able to _____ state income tax _____?

Is _____ program able to _____ calculations?

_____ software able to handle brutal _____ withholding _____ states?

Can _____ your software _____ income tax withholding _____ different _____?

Can your _____ multiple states' _____ tax?

Is it possible for your _____ multiple states in _____?

_____ software able to handle the complicated _____ calculating _____ withholdings?

I _____ it _____ to _____ tool for _____ state income tax deductions.

Does _____ computations _____ income _____ withholding across the _____?

Is your software capable _____ tax _____ calculations in _____?

Does your _____ complex _____ computations in _____?

Will _____ software perform _____ withholding calculations _____ requirements?

_____ software knows how _____ handle _____ tax withholdings _____ states?

_____ program able _____ calculations _____ state tax withholdings?

_____ software up _____ task of _____ state income tax _____?

_____ income tax withholdings in different states?

_____ it _____ for your _____ to _____ withholdings of _____ tax _____ states?

_____ your _____ software able _____ handle tough calculations _____ income _____ in _____?

Will your _____ ready _____ calculate _____ amounts?

_____ your _____ able to handle _____ calculation _____ state income _____ withholdings?

_____ software capable _____ handling _____ calculations _____ by multiple states _____ their tax _____?

_____ possible that it _____ complicated calculations _____ state _____?

Is it _____ your software to _____ used in multiple _____ their _____?

Is your software _____ the _____ process of _____ income _____ withholdings?

Is your software able to handle complicated _____ that _____ to give _____ tax _____?

_____ your software take _____ complicated _____ involved _____ tax withholdings _____ different _____?

Is _____ possible to _____ income _____ withholdings _____ with _____ software?

_____ your _____ address _____ for state _____ taxes?

Is _____ software _____ of _____ multiple state income _____?

_____ capable of calculating income _____ for _____ states?

_____ it _____ handle income tax calculations _____ multiple states?

Does your software handle _____ calculation process _____ income _____?

_____ it _____ that _____ software _____ handle multi-state withholding _____?

Can your software _____ tax _____ various _____?

_____ software able to _____ state income _____?

Does your software include complex _____ for income _____?

_____ your _____ handle _____ complicated calculation _____ tax withholdings _____ states?

Is _____ your _____ process calculations _____ states for their _____ withholdings?

_____ possible _____ your software can work _____ of income tax?

Does your _____ have _____ handle _____ income tax _____ in _____ bunch _____ different _____?

_____ this program calculate _____ when _____ state withholdings?

Is it _____ process _____ for income tax withholdings?

Is it _____ your software has _____ to _____ states' withholding of _____?

How can _____ software _____ withholding _____ different states?

_____ of _____ complicated _____ tax withholdings calculations?

Software can _____ tax withholdings _____ states.

Is _____ possible you can _____ complicated calculations _____ to prepare _____ state's _____?

Is it _____ your software _____ on multiple _____ withholdings of _____?

_____ software _____ handling the many _____ tax withholdings?

Are _____ able to _____ complicated calculations _____ income _____ in _____?

Is _____ good _____ brutal _____ withholding calculations in different states?

Is _____ that your software handles _____ states _____ of _____?

_____ for your software _____ process calculations for _____ states _____ tax _____?

_____ the _____ calculations required to _____ state's _____ tax withholdings?

_____ your _____ able _____ calculate income tax _____ multiple _____?

_____ possible that your _____ handle _____ states' income _____ withholding _____?

_____ it _____ to handle _____ math for _____ withholding?

_____ your _____ of processing _____ tax _____.

_____ task of calculating multiple _____ withheld income _____ efficiently?

Is _____ process calculations in multiple _____ income _____ your software?

Does _____ software _____ handle _____ income _____ from different states?

_____ your software capable _____ handling _____ calculations _____ income _____ withholding _____ multiple _____?

_____ your _____ handle complicated _____ tax withholdings in different states?

Is your _____ able to _____ income _____ in _____?

Does your _____ do _____ computations in multiple states?

_____ your _____ calculates income _____ from multiple _____?

Will _____ be _____ to calculate income tax _____ country?

_____ it _____ software _____ a _____ on _____ for multiple states' income _____?

Is it possible _____ software to compute _____ tax _____ states?

_____ up to _____ task _____ state income tax withholdings?

_____ possible to handle the complicated _____ multiple _____ income tax _____?

Is the _____ good _____ multistate _____?

Does your software _____ tax _____?

_____ your software know _____ to handle _____ in _____ states?

_____ software suitable for _____ withholding?

Is your software _____ to _____ complicated _____ for _____ states to _____?

Is it _____ software _____ withholdings of income taxes?

_____ it possible to _____ complicated calculations required to _____ tax _____ in _____?

Is it _____ that your _____ for income tax _____?

_____ technology _____ computations of _____ tax withholding _____ states?

Does _____ handle complex calculations for income _____ withholdings _____?

_____ your software _____ complicated state income tax _____

_____ your software _____ multistate tax _____?

_____ your _____ know _____ to _____ withholdings _____ a bunch of different _____?

_____ of calculating complex multi-state withholding _____?

Is _____ up _____ the task of dealing _____ tax withholdings?

Can your software handle _____ of _____ withholding _____ states?

Is _____ software _____ of _____ with complex state _____?

_____ your _____ aware of _____ to handle complicated _____ from multiple _____?

_____ your _____ compatible _____ complex calculations _____ income _____ in _____ states?

_____ it _____ related to _____ state tax _____?

_____ your _____ deal _____ complicated calculations for _____ tax _____ states?

Is your _____ income tax _____ from multi-state _____?
