

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Technical issues and troubleshooting assistance
Inquiry Sub-Category	Performance
Description	Customers have issues related to the overall performance of their smartphones, including slow speed, freezing, overheating, and lagging, and seek troubleshooting solutions and tips to improve the device's performance.
Data Size	7,976 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Are there recommended _____ to _____ levels significantly without _____ harm, _____ battery _____?

_____ you suggest _____ changes that do not _____?

Ways to _____ device speed _____?

_____ the perfo _____ without compromising battery _____?

Can _____ changes to _____ performance _____ messing _____ battery?

recommended changes _____ performance that _____ my _____

_____ tell _____ how I can boost _____ draining _____ battery?

Setting modifications could _____ operation _____ while _____.

_____ be _____ to _____ with the _____ impact _____ battery life?

Are _____ to _____ performance?

Suggestions _____ improve _____ period without _____ battery _____ - _____?

_____ adjustments to _____ boosting _____?

Can _____ suggest _____ that will _____ phone's speed _____ affect the _____?

How can setting adjustments be made _____?

Is _____ possible to adjust _____ for _____ device _____ harm or _____ battery _____ quickly?

_____ you suggest _____ adjustments that will _____ draining _____ battery?

Any _____ on _____ without _____ battery?

_____ settings _____ increase performance _____ life.

_____ without negative _____ like _____ the _____?

Do _____ any suggestions _____ to enhance _____ while _____ drawbacks?

_____ to increase performance _____ avoiding _____?

_____ settings changes that wouldn't _____ life?

_____ you suggest modifications _____ the _____?

Can _____ us tips and _____ speed _____ battery life?

Ways to _____ while avoiding _____?

Setting _____ performance _____ the battery.

Suggestions _____ to _____ achieve _____ enhancements in perfo period _____ sacrificing _____?

_____ changing _____ to improve _____ without the _____?

Has there been _____ minus _____ battery drain?

_____ it possible to _____ optimal settings _____ compromising _____ a _____ impact?

Suggestions for _____ that are _____?

_____ you suggest _____ changes that _____ without draining the _____?

_____ there be _____ to _____ performance _____ drain _____ battery?

Can you _____ make _____ performance better?

_____ we _____ to _____ performance, minus the drawbacks like _____?

What can _____ done _____ performance with _____ on battery _____?

Can _____ suggest changes _____ battery _____ or have _____ negative _____?

_____ best performance _____ the battery _____?

_____ recommended changes to _____ performance?

_____ there any _____ tweaks?

While avoiding issues _____ excessive battery _____ be made?

How to _____ not _____ life?

Suggestions for _____ performance _____?

Is _____ possible _____ for _____ performance while avoiding _____ battery drain?

_____ possible _____ suggest _____ settings without compromising battery life.

_____ about _____ performance and _____ have negative effects?

_____ it possible for _____ to _____ us _____ with _____ ramp up _____ without _____ battery _____?

Is there anything _____ speed _____ no drops _____ battery life?

How to _____ performance with _____ on _____ life?

What _____ can _____ to _____ performance _____ avoiding issues?

_____ can _____ performance _____ impact on battery life?

Is it _____ to adjust settings to _____ without _____?

Can you _____ that don't _____ life?

_____ a _____ to increase _____ saving energy?

_____ suggest _____ that won't _____ battery?

Can you suggest a way _____ life?

What can _____ improve _____ with _____ impact _____ battery life.

Recommendations _____ to boost performance _____ the _____?

_____ it possible _____ make setting _____ draining the battery.

How _____ without _____ the battery?

Is there _____ for _____ performance _____ battery drain?

Suggestions _____ that will not drain _____ battery?

How might _____ improve _____ abilities while avoiding _____?

Suggestions _____ maximize performance levels _____ drawbacks?

_____ significant enhancements _____ without sacrificing battery life.

Is _____ changes for _____ the battery drain?

_____ it _____ performance while avoiding _____ impacts _____ recommended settings?

Changing _____ improve performance _____ battery _____.

Any safe tweaking suggested _____?

Is it _____ idea _____ without _____ the battery?

Is _____ to _____ settings for better performance and _____?

Can settings _____ to _____ performance _____ affecting _____ life?

_____ there a _____ device perform better and _____ less _____?

What _____ in _____ enhance performance without draining _____ battery?

_____ changes _____ performance, _____ drawbacks?

Can you suggest _____ that will _____ affect the _____?

Can _____ offer suggestions _____ don't affect battery life _____?

_____ change settings for better performance and _____?

_____ can _____ setting modifications enhance _____ while _____ adverse _____?

Is _____ a way to _____ and _____ issues such _____ excessive _____?

_____ I _____ settings for _____ performance without causing _____?

_____ you suggest _____ performance without _____ battery life?

How _____ increase _____ without causing _____.

_____ to increase performance without _____.

Suggestions _____ fine-tuning _____ performance gains and _____.

Do _____ know how _____ without draining _____ battery?

_____ suggest _____ the settings to _____ performance _____ draining _____ battery?

_____ is the best way _____ without _____ faster battery drainage?

_____ to _____ settings for _____ performance and not hurt _____?

_____ suggest tweaking _____ settings so that _____ have _____ battery _____?

Should _____ settings _____ performance and _____ loss of battery power?

_____ it possible to _____ performance _____ negative _____ like _____ the _____?

Can _____ change _____ a better performance _____ draining _____?

recommend ways to _____ the _____.

Is _____ possible to give _____ tips _____ speed without sacrificing _____?

_____ settings to _____ performance _____ messing with _____ battery?

_____ to enhance overall device _____ avoiding _____ battery _____?

Can I alter _____ better _____ without _____ the _____?

_____ possible _____ settings for _____ performance without damaging _____ device?

_____ be settings _____ for better _____?

Is there settings _____ be adjusted _____?

_____ safe adjustments _____ settings?

Suggestions for _____ performance _____?

Any safe _____ that _____ performance _____?

_____ on _____ for _____ but not _____.

How _____ be _____ performance and avoid issues like _____ drainage?

There are _____ suggestions on _____ to _____ without _____ battery.

_____ suggestions for better performance _____ drain my _____.

_____ a _____ setting that _____ enhance performance _____ causing harm?

Enhancing the perfo _____ sacrificing batteryy _____ - _____?

_____ to increase performance _____ battery?

Suggestions _____ improving performances _____?

What _____ be _____ to improve _____ issues like _____ drainage?

_____ a way to _____ performance _____ using _____ energy?

What _____ modifications do _____ amplify operation _____ avoiding _____ consequences?

Can _____ suggest tweaking the settings _____ up performance _____ battery life?

Setting modifications might _____ operation _____ adverse _____.

_____ can we _____ performance _____ avoiding _____ drain?

Is there a _____ to _____ without _____ battery _____?

Can you _____ setting modifications that _____ the speed _____ device _____ batteries?

_____ adjustments for safe _____?

_____ improved _____ that _____ drain the _____?

Setting _____ operation abilities while _____ adverse _____.

Any _____ changes that _____ performance without affecting _____?

Can y'all suggest _____ that _____ my _____?

How to improve _____ drain?

What _____ the _____ way to _____ without drawbacks like _____?

Suggestions for _____ without sacrificing _____?

_____ possible to _____ affecting battery life?
 _____ changes _____ performance, minus battery drain?
 _____ to boost _____ safely?
 Is it _____ to improve performance _____?
 Can you provide suggestions _____ will _____?
 There are set _____ that _____ be _____ performance and _____ issues like _____.
 _____ about optimal _____ to _____ without _____ the battery?
 Can _____ tweaking the _____ to make _____?
 Can you _____ won't compromise battery _____ negative impact?
 _____ settings changes _____ boost performance _____ battery _____.
 Setting _____ can be made _____ and avoid _____ such _____ battery _____.
 How to _____ without _____ life?
 _____ are the best _____ without _____ the battery?
 The battery shouldn't _____ drained excessively _____ for _____ performance.
 Are _____ for speeding _____ no _____ in battery _____?
 Can _____ us tricks to _____ up _____ without compromising _____?
 There are _____ for _____ that _____ drain the _____.
 _____ settings _____ boost performance without _____?
 There are _____ to _____ without _____ the _____.
 _____ it possible _____ adjust settings _____ better _____ the battery?
 Is recommended _____ to _____ performance without _____?
 Is _____ possible _____ enhance _____ without _____ life?
 _____ suggestions on ways to _____ performance without _____?
 Can _____ alter _____ for improved performance _____?
 Can you _____ modifications _____ the _____ that won't _____?
 _____ can we improve performance _____ the _____ battery _____?
 _____ settings _____ loss of battery power _____ should be changed.
 Is _____ possible _____ overall performance while _____ impacts by _____?
 _____ to enhance performance _____ effects?
 _____ there _____ settings for improved _____?
 _____ to boost _____ avoiding negative _____ like _____ battery drain?
 Can you _____ settings _____ that wouldn't _____?
 Recommended _____ to _____ with _____ to key aspects.
 _____ to _____ performance _____ damaging _____
 Can _____ changes to _____ performance _____ messing with my _____?
 _____ change settings _____ a _____ without draining _____ battery?
 How to _____ performance with _____ effect _____?
 Should _____ be _____ to boost performance _____ avoid _____ like excessive _____?
 _____ I _____ draining the battery?
 Is _____ increase performance without sacrificing _____ life?
 Is it _____ adjust settings for better performance _____ avoiding _____ battery _____?
 What should _____ settings _____ for improved _____ battery power?
 Can _____ change settings _____ performance _____ the _____ quickly?
 _____ you _____ settings that don't _____ life or _____ negatively?
 Is _____ any changes _____ performance _____ the battery _____?
 _____ settings changes that _____ improve _____ without affecting _____?
 Is it possible _____ better _____ avoiding issues _____ drain?
 _____ to _____ damaging battery?
 _____ to improve performance _____ preventing excessive _____ drain?
 _____ recommendations do you have _____ the battery?

____ changes ____ performance that ____ the battery excessively
 ____ any safe settings ____ change for ____?
 Some ____ changes for ____ performance ____ not ____ too much.
 ____ there any ____ settings?
 Can ____ suggest ____ changes ____ drain the ____?
 ____ performance without danger?
 ____ sacrificing battery life - ____?
 ____ adjustments ____ made to ____ performance while ____ issues ____ excessive battery ____.
 ____ recommended ____ will not drain my battery?
 recommendations for ____ performance ____ my ____
 What about tweaking ____ improve ____ drawbacks?
 ____ to boost performance without messing with the ____?
 Recommended settings to ____ performance ____?
 ____ to ____ performance ____ damaging the ____?
 ____ you ____ that ____ compromise battery life or ____ impact?
 ____ possible to ____ while avoiding ____ impacts?
 Suggestions please ____ perfo period ____ sacrificing battery life.
 Suggestions ____ that won't ____ my ____?
 Is ____ possible to improve ____ impacts ____ set tweaking?
 ____ for ____ performance without harming the battery?
 Do ____ have ____ tips for ____ performance ____ and avoiding ____?
 ____ settings to ____ performance ____ draining the battery?
 Suggestions about ____ tuning settings ____ gains, ____ harm.
 Is ____ for ____ performance?
 I'm looking for ____ for ____ performance ____ won't ____.
 What ____ for better performance ____ won't ____ the ____?
 Is it ____ to ____ without ____ negative ____ draining the ____?
 ____ maximum ____ minus ____ battery drain?
 ____ on how to ____ while ____ drain.
 Is it possible to ____ optimal ____ without ____ life ____ impacting ____?
 ____ improve performance while ____ life?
 Suggestions on ____ to ____ the ____?
 ____ there ____ for maximum performance, ____ battery ____?
 ____ suggest tweaking the settings to ____ performance ____ having a ____?
 ____ any tips to increase performance ____ drain?
 ____ are needed ____ without ____ the battery life.
 How to ____ with ____ life?
 ____ possible to improve overall ____ recommended ____ changes?
 The ____ settings ____ boost performance ____ hurting ____ battery ____?
 ____ on setting settings for ____ but no ____.
 ____ to increase ____ with no impact ____.
 ____ to improve performance ____ battery ____.
 Suggestions for ____ harm?
 ____ have ____ for ____ to ____ speed without draining the ____?
 Suggestions on fine- tuning ____ for ____ gains ____.
 ____ modifications that ____ speed without ____ the battery?
 Changing to ____?
 Can you tell ____ changes ____ will ____ battery life?
 ____ suggest tweaking ____ settings ____ make ____ better without ____ away ____ life?
 ____ it ____ phone's speed ____ with ____ settings alterations that ____ affect battery usage?

There _____ performance _____ damaging the battery.
 _____ increase performance _____ affecting battery _____?
 _____ settings for better _____ performance without _____ the battery _____?
 _____ any safe _____ performance gains?
 _____ change _____ for better _____ hurting my battery?
 _____ make changing _____ for better performance _____ battery?
 _____ please for achieving _____ enhancements in _____ without _____ battery _____.
 _____ to _____ draining the battery?
 _____ it possible _____ my phone's speed _____ settings alterations that _____ affect _____ battery?
 Is _____ a way _____ achieve _____ enhancements _____ perfo _____ without sacrificing _____?
 _____ safe _____ increased performance gain?
 _____ modifications that _____ affect _____ batteries?
 _____ it take _____ performance with _____ impact on _____ life?
 Is there a way _____ performance _____ compromising _____?
 _____ to _____ better _____ endangering _____ battery?
 _____ possible _____ settings for better _____ causing harm _____ draining _____ battery?
 Is _____ some _____ performance, minus the _____ drain?
 _____ improve _____ without _____ battery _____?
 _____ it _____ improve performance _____?
 Is _____ possible _____ improve _____ while _____ impacts _____ as excessive _____ drain?
 _____ settings _____ performance without _____ life?
 Any _____ boosting _____ the battery?
 Is it _____ have significant _____ perfo _____ battery life?
 _____ there any _____ improving _____ without _____?
 Do _____ have _____ to _____ performance _____ while _____ battery drain?
 _____ possible _____ for _____ performance without the _____ drain?
 Want to _____ drain or anything gross?
 _____ any _____ boost performance with _____ battery drain _____?
 _____ recommended _____ performance without hurting the _____ life?
 _____ setting for better performance without draining _____?
 _____ settings changes _____ performance _____ battery life?
 _____ about achieving _____ perfo period _____ sacrificing battery _____?
 _____ I _____ settings _____ better performance _____ harm it?
 There are _____ that _____ performance _____ on battery life.
 _____ possible _____ the settings _____ performance without _____ the battery?
 _____ you _____ settings to _____ performance, without _____ the battery?
 _____ are recommended changes to _____ better _____ loss of battery _____.
 _____ to perform _____ without _____ the _____?
 _____ on _____ to boost _____ battery.
 Any setting _____ improve _____ without _____ life?
 Any _____ settings _____ performance without damaging _____ battery?
 Does there exist _____ adjustments _____?
 _____ you suggest tweaking _____ settings _____ up performance _____ batteries?
 Can I _____ to get better _____ draining _____?
 _____ there a _____ to _____ performance without _____ battery?
 _____ possible _____ tinker with the settings _____ without draining _____ battery?
 _____ to _____ speed _____ excessive battery usage?
 How _____ the performance _____ battery?
 Any suggestions _____ setting _____ to increase _____ battery?
 _____ changes _____ better _____ that won't drain _____.

_____ possible to improve the device _____ without _____ harm _____ battery?

Optimal _____ enhance performance _____ negative _____?

How can _____ adjustments be _____ performance _____ like battery drainage?

Safe settings _____ gains?

What can be done _____ battery drainage?

Recommendations _____ safely?

_____ various _____ modifications increase _____ abilities while avoiding adverse _____ reduction?

Suggestions on _____ settings for _____ gains _____.

How can _____ modifications amplify operation abilities and _____?

What are _____ changes _____ maximum _____ battery drain?

_____ tweaking settings _____ improve performance, _____ drawbacks _____ faster battery _____?

You _____ achieve _____ in perfo _____ without sacrificing battery _____?

_____ suggest settings to increase _____ without _____ battery?

Is _____ possible _____ you _____ suggest optimal settings _____ life?

_____ tuning settings _____ performance gains, but _____ harm?

_____ adjustments _____ performance?

_____ various setting modifications _____ operation _____ causing _____ consequences?

I _____ you can give _____ tips to _____ up _____ without _____ battery _____.

Recommended _____ to _____ performance without _____ key _____?

_____ possible _____ suggestions on settings _____ don't _____ battery life?

Do _____ be changes to _____ and less _____ of battery power?

Does anyone _____ without harm?

Setting _____ boost _____ without _____ the _____.

To _____ performance without _____ the _____ adjustment recommendations _____ you _____?

How to make _____ battery _____.

Is _____ recommended _____ be _____ increase performance _____ without _____ harm?

_____ can _____ improve _____ with _____ little _____ on battery life?

_____ y'all suggest _____ that _____ ruin _____?

Is _____ possible to _____ my phone's effectiveness _____ changes _____ affect _____ battery usage?

Is it possible _____ performance without _____ features _____?

Suggestions _____ enhancements _____ period _____ sacrificing battery life?

_____ there _____ safe settings to _____ gain?

Suggestions _____ won't drain _____ battery _____ much?

_____ should be done _____ without draining the _____?

Is _____ possible _____ performance while avoiding _____ impacts such _____ drain?

Can _____ settings _____ that _____ not _____ battery life?

Suggestions _____ settings for _____ performance _____ but _____ harm.

_____ it possible to _____ performance _____ excessive _____ drain?

Any suggestions _____ that _____ drain _____ battery?

Is it _____ draining the battery?

Suggestions please for achieving substantial _____ without sacrificing _____.

_____ can do _____ up speed without sacrificing _____ life?

_____ is the best way _____ performance _____ battery?

Can you _____ don't _____ battery _____ cause a _____ impact?

_____ to boost _____ negative effects?

_____ increase _____ without changing _____ life?

_____ improving _____ no harm?

Is it possible to _____ and effectiveness _____ alterations _____ don't _____ elements _____ battery use?

_____ are _____ maximum performance without the _____ drain?

_____ make _____ adjustments to maximize _____ causing power _____?

_____ safe _____ for _____ levels of _____?

_____ there _____ way to _____ performance without affecting _____.

How _____ the settings to boost _____ without _____?

_____ can be done _____ performance and not _____?

_____ ideas on _____ boost _____ damaging the battery?

_____ tweaking settings to boost performance _____ battery?

_____ it possible _____ improve settings _____ better _____ avoiding _____?

Is there _____ increased performance _____ loss of battery power?

_____ to improve _____ without affecting battery _____

_____ settings to _____ without harming _____.

Any _____ to _____ performance without damaging the _____?

_____ way to _____ performance _____ zero _____ drain or gross?

_____ it possible _____ increase performance while avoiding _____ settings?

Can you recommend modifications _____ will _____?

Is _____ change _____ significant performance gain?

Is _____ possible to change _____ performance without _____ the _____?

Can _____ suggest _____ the _____ to _____ performance without _____ my battery?

Recommendations for _____ boost performance and _____ battery drainage.

How to _____ performance _____ the _____?

_____ you _____ optimal settings without compromising battery _____?

_____ is _____ best _____ to increase performance while _____ battery drainage?

Setting adjustments _____ be made to boost _____.

Some _____ for _____ harm?

_____ it possible to _____ settings _____ hurt my battery?

Can changes _____ made _____ better _____ without draining _____?

Is _____ to _____ settings _____ better device _____ draining the battery _____?

_____ to change settings _____ while avoiding problems?

Recommendations for _____ adjustments can _____ and avoid issues _____.

Suggestions on tuning _____ not shortening battery _____?

How _____ improve performance without the _____?

Can _____ change _____ settings for _____ and _____ harm?

Is _____ possible to _____ better device _____ causing _____ harm?

Can _____ suggest _____ changes _____ won't ruin _____?

_____ settings _____ wouldn't ruin my _____?

How will _____ modifications amplify _____ abilities _____ avoiding _____?

_____ y'all _____ tweaking _____ to _____ performance without decreasing _____ life?

_____ are _____ settings _____ boost performance _____ key aspects.

Any _____ changes _____ performance without affecting _____?

How _____ tweaking _____ performance _____ the battery _____?

_____ on how _____ boost _____ without damaging _____?

Is it possible _____ increase overall _____ by avoiding _____ impacts _____?

_____ we improve _____ without _____ battery _____ at risk?

Any changes that _____ without _____ life?

_____ settings to _____ performance _____ negative _____ like _____ the _____?

_____ to improve _____ sacrificing battery _____?

_____ on how to _____ avoiding battery drain?

_____ you know _____ without draining the battery?

Safe performance-boosting settings _____.

_____ setting _____ that won't _____ the batteries?

_____ setting settings for performance _____ but _____.

_____ are needed _____ the battery.

Are _____ improve performance levels without _____ harm?

_____ to suggest optimal settings without _____ life _____ any _____ impact?

Any _____ that improve _____?

Is it _____ to _____ battery _____ without compromising it?

_____ without _____ the _____ are available.

_____ do we boost _____ with _____ impact _____ battery _____?

Can _____ that wont affect _____?

_____ tweaks _____ to increase _____ of function?

settings to _____ without impacting _____

How _____ increase performance without _____?

_____ you suggest _____ changes _____ ruin _____ battery?

_____ are the _____ that _____ improve _____ impact on battery _____?

_____ to increase _____ levels _____ drain?

Is it _____ to _____ performance without damaging _____?

There are _____ settings _____ hurting _____ battery life.

_____ you suggest _____ changes _____ improve _____ without _____ battery _____?

_____ boost performance _____ not draining _____.

Suggestions _____ perfo period _____ life?

Is _____ possible to _____ without causing _____?

Do you recommend settings _____ without affecting _____?

_____ you have _____ suggestions on _____ enhance performance levels _____ avoiding _____?

Can _____ suggest changes to _____ my battery?

Better performance _____ drain _____ excessively?

_____ can set _____ made _____ boost performance _____ avoiding issues like _____?

_____ can _____ help to _____ operation abilities _____ avoiding _____ consequences?

_____ suggest _____ settings _____ improve performance?

Is _____ to _____ with _____ settings?

_____ possible _____ performance _____ recommended settings?

Can _____ the _____ to _____ decreasing battery life and _____ not?

Is _____ way _____ up performance without a down _____?

Can you _____ some changes to _____ performance _____?

_____ you _____ suggestions _____ to boost speed _____ the battery?

Some settings _____ changed _____ performance without affecting _____.

_____ it _____ to _____ the device _____ avoiding _____ such as _____ battery drain?

How to _____ avoiding _____ drain?

Can _____ for _____ performance and better _____ life?

_____ there _____ increase performance safely?

_____ settings for _____ gains _____ no harm.

_____ to _____ performance _____ battery life.

_____ to _____ not impacting battery _____?

_____ you suggest _____ boost speed _____ the battery?

adjustments to _____ affecting battery _____?

_____ steps can _____ to increase performance and _____ battery drainage?

_____ of improving _____ without _____?

_____ on adjusting settings _____ performance gains, _____ not _____?

Can y'all _____ settings to _____ performance without _____?

_____ I _____ the performance without _____ battery?

_____ amplify operation abilities while _____ adverse consequences.

There _____ recommended settings to _____ without causing harm, _____.

____ please ____ in perfo period without ____ battery life?
 Can ____ change settings ____ improve performance ____ not ____?
 Does it ____ sense to change settings ____ performance ____ loss ____?
 Ways ____ increase ____ device speed ____ excessive battery ____?
 Is there ____ changes ____ optimal ____ the battery ____?
 ____ please, for ____ enhancements in perfo ____ sans sacrificing ____.
 Suggestions ____ setting ____ improve performance ____ drawbacks?
 ____ various setting modifications do to amplify ____ avoiding ____?
 ____ a recommended way ____ improve ____ levels without ____?
 ____ the settings be ____ enhance ____ without causing ____?
 Suggestions ____ how to ____ performance ____ drawbacks?
 Any suggestions on how ____ increase ____ damaging ____?
 ____ settings ____ adjusted ____ performance without impacting ____ life?
 ____ I ____ settings ____ a ____ device performance without ____?
 There are suggested ____ increase ____.
 ____ settings ____ improve performance without affecting ____ life?
 How ____ increase performance without ____ difference ____ life?
 ____ it possible ____ can ____ performance ____ causing harm?
 ____ you suggest ____ the ____ increase performance without ____ battery ____?
 Is it possible ____ while avoiding ____ impact?
 Can anyone ____ will not ____ battery?
 ____ changes ____ performance safely?
 ____ changes ____ settings for improved performance ____ less loss ____ power?
 What ____ be ____ to ____ without ____ battery life?
 Is it possible ____ increase ____ while ____ effects ____ battery ____?
 ____ adjusted ____ increase ____ levels without causing ____ like battery ____?
 ____ without damaging the battery life?
 ____ of adjusting settings ____ performance gains, ____.
 ____ settings ____ better performance, but ____.
 ____ battery ____ should be done to boost performance significantly?
 ____ settings ____ significant performance gain?
 ____ you ____ settings changes to ____ performance ____ affecting battery ____?
 Can I ____ for ____ without causing harm?
 ____ safe ____ can ____ to maximize ____ without causing issues?
 ____ suggest tweaking the ____ to ____?
 ____ there recommended ____ to ____ for ____ performance and ____ power ____?
 To improve ____ minimal impact on ____ life, ____ can ____?
 How ____ increase performance ____ on battery ____?
 ____ there a ____ improve ____ reliably yet ____ battery draining?
 How ____ I increase ____ without ____ the ____?
 Is it possible to ____ phone's speed and effectiveness through ____ settings ____ don't adversely ____?
 Is ____ to improve performance and ____ issues such ____.
 ____ possible ____ enhance performance without damaging ____?
 settings to improve ____ life.
 It's ____ enhance ____ the battery.
 There are suggested ____ for ____ performance and less loss ____.
 ____ there ____ changes to settings for better ____ loss ____ battery ____?
 Can ____ tweaking the ____ crank up the ____?
 ____ increase performance safely ____ the ____?
 How ____ your ____ without draining your ____?

Suggestions _____ settings _____ but no harm.

Do _____ any suggestions _____ tweaking settings _____ performance?

Is _____ way _____ phone's speed and _____ through _____ that don't _____ elements like battery _____?

Setting adjustments can _____ performance, _____ issues such _____ battery _____.

Suggestions _____ performance that won't drain _____?

What adjustments can _____ improve _____ impact _____ battery life?

_____ settings be set _____ performance _____ harming _____ aspects?

_____ I _____ adjustments that won't _____ battery?

Any safe alterations _____ to _____?

Suggestions on ways to _____ performance _____?

It's possible _____ enhance _____ effects _____ draining _____ battery.

What _____ be _____ to improve _____ impact on _____ life?

_____ excessive _____ drainage, what recommendations can _____ made to _____ significantly?

_____ performance, _____ battery drain?

Recommendations _____ without _____ battery life?

_____ settings to _____ performance without _____

Can _____ offer _____ that _____ compromise _____ or impact?

_____ suggestions _____ ways _____ boost performance _____ damaging a _____?

Is it _____ to change _____ better performance _____ excessive battery _____?

_____ it _____ overall performance _____ any negative impacts?

_____ safe tweaks _____ increase _____ function?

Is _____ to improve _____ draining the battery?

Is _____ possible _____ without draining the _____?

_____ can performance _____ draining the _____?

There _____ boost _____ damaging the battery.

There should _____ settings _____ performance _____ minimal _____ of _____ power.

_____ achieving _____ enhancements in perfo period _____ sacrificing _____?

Is _____ possible _____ increase _____ without _____ life?

What are the best _____ performance _____ the battery _____?

_____ on how _____ performance _____ drawbacks?

_____ about tweaking _____ improve _____ without _____?

_____ settings adjustments _____ better _____?

Can we _____ that wouldn't _____ battery?

_____ can be done _____ performance _____ the _____ like _____ battery _____?

_____ settings to _____ performance, without _____ like _____ battery drainage?

_____ speeding up with _____ dropped battery life?

Suggestions _____ the achievement _____ significant enhancements _____ without _____ battery _____?

_____ it _____ my phone's performance _____ recommended settings _____ that don't affect _____?

_____ you suggest _____ changes that will _____ my _____?

Recommended _____ to _____ performance _____ hurting _____ battery _____.

Do _____ for _____ settings to improve performance?

What _____ done to _____ and _____ like battery drainage?

_____ there _____ to _____ up performance _____ down _____ life?

_____ possible to _____ optimal settings without _____ life?

_____ settings _____ for _____ performance and _____ battery power?

_____ safe _____ that _____ changed for _____ performance?

_____ achieve significant enhancements in _____ period without _____ battery _____.

Is it possible _____ adjust _____ without _____ harm _____ the _____?

_____ can set _____ operation abilities while avoiding adverse _____?

_____ to _____ without draining the battery.

_____ for improved performance _____ less loss of _____ power.

Can _____ suggest _____ changes _____ harm my _____?

_____ possible _____ increase performance while _____ impacts _____ as excessive _____ drain?

Is _____ set up to enhance _____ effects?

_____ I make _____ better without compromising _____?

_____ recommend _____ amplify the _____ of _____ phone but won't _____ the batteries?

Is it _____ to _____ settings _____ and not harm _____?

_____ to _____ performance without damaging _____?

_____ possible to give _____ settings without _____ life?

_____ give _____ that don't affect _____ or _____ impact it?

_____ suggestions do you _____ performance without _____ the _____?

_____ settings to _____ performance, without _____?

_____ any settings _____ that _____ performance?

_____ it _____ my phone's _____ through recommended _____ that do not affect _____ like battery _____?

_____ better _____ settings without _____ the battery?

Suggestions on _____ performance _____ damaging the _____.

_____ be done _____ improve performance without compromising _____?

_____ fine-tuning settings _____ impactful performance _____ but _____ harm.

_____ have recs for _____ with no _____ batteries?

_____ on tweaking _____ to improve performance, minus drawbacks _____?

Various setting _____ amplify operation abilities _____ consequences.

_____ I _____ a better device _____ without _____ it?

Recommended alterations _____?

Suggestions _____ how _____ enhancements without sacrificing battery _____.

_____ suggestions on _____ performance without ruining the _____?

_____ possible to boost performance _____ the battery.

_____ increase performance without _____ batteries?

Can you suggest _____ will _____ battery?

What adjustment _____ do you suggest to enhance _____?

Can you _____ way to boost _____ battery.

Suggestions for _____ a safe _____?

_____ it _____ to alter _____ for _____ hurting the battery?

Setting modifications can _____ operation _____ whilst _____.

Would there _____ changes for _____ performance, _____ drain?

_____ changes for maximum _____ minus the battery _____?

There _____ adjustments _____ can _____ with _____ on battery life.

_____ you recommend _____ to boost _____ without damaging _____?

With minimal _____ on battery life, _____ be _____ to _____?

There are _____ setting adjustments that _____ made _____ boost _____.

Optimal _____ improve performance _____ not _____ effects?

_____ can _____ done to _____ performance with _____ impact to _____?

_____ function - _____ safe _____ suggested?

What can be _____ performance _____ impact on _____ life?

With minimal _____ on battery life, _____ improve _____?

Ways to _____ speed _____ not using _____ much _____?

settings for _____ performance, _____?

_____ settings for _____ performance and less lost _____ power.

Is _____ possible _____ maximize _____ avoiding negative _____ battery drain?

_____ for _____ performance without _____ effects?

Some settings should _____ changed _____ performance _____ life.

____ can ____ boost ____ with ____ impact on battery ____?
 Can you ____ any ____ without draining the battery?
 ____ it ____ performance with ____ battery drain?
 In order ____ performance without ____ the ____ what are ____?
 How can we ____ performance ____ battery ____?
 How ____ improve ____ having to worry ____ battery ____?
