

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network coverage and signal issues
Inquiry Sub-Category	Network congestion
Description	Customers notice network slowdowns during peak hours or in crowded areas, experiencing slow data speeds or difficulty in connecting calls, and seek information on network capacity upgrades or alternative solutions to alleviate the congestion.
Data Size	7,817 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

____ you ____ why my data ____ ____ many ____ use it ____?
 Can you tell ____ why ____ slows ____ increased concurrent ____?
 ____ is slowing down ____ users.
 What ____ the ____ when more people use ____?
 Multiple people ____ at ____ same time so why ____ my ____ slow ____?
 ____ know why my ____ doesn't work with ____?
 ____ like ____ know ____ my connection ____ down ____ more ____ users.
 Data ____ slow ____ a ____ uses ____.
 When ____ one person ____ using ____ same time, ____ does ____ slow down?
 Why ____ my ____ with more ____?
 ____ want to ____ why ____ speed decreases ____ people ____.
 ____ come ____ speed ____ when ____ much?
 ____ a lot of people use ____ the same ____ to be ____?
 ____ I experience a ____ network ____ many users?
 Why does ____ data get slow ____ mother hogging ____?
 Why ____ the ____ when many ____ my ____ at once?
 Is ____ possible ____ frequent access ____ my ____ its slowdown?
 Why ____ you ____ data ____ decreases during ____ usage ____?
 There's a ____ there are ____ people ____ to ____ data
 ____ does ____ data ____ down ____ high ____?
 ____ to ____ speeds when more people ____ on?
 Why do my ____ take ____?
 ____ my data slow ____ when multiple ____ are ____?
 Please explain ____ when shared.
 Why ____ my ____ get slower ____ use ____?
 ____ data to slow down when ____ present?
 ____ does ____ network ____ a slow ____ when many ____ are ____?
 ____ ____ to slow down when there ____ multiple ____?

How come my internet _____ when _____ is a _____?

I am _____ my _____ decrease as _____ people connect.

I _____ understand _____ causes slowed data _____ usage.

What _____ to _____ it's multiple users?

_____ don't know _____ my _____ gets slow when _____ it.

_____ I _____ a slowdown in _____ network when _____ people are _____?

_____ lots _____ my data gets slow.

When _____ people _____ does my data get _____?

_____ data _____ when _____ people _____ it.

_____ rapid _____ increase _____ my _____ slow down?

How _____ drops _____ you have too many _____?

_____ data _____ use it together.

Tell me _____ affects data _____.

_____ multiple users _____ accessing _____ what _____ it to _____?

_____ explain why crowded use _____?

_____ people _____ it _____ the same time, what _____ my _____ slow _____?

_____ causes my data _____ multiple users?

Data is _____ multiple users

Is _____ data slows _____ a _____ of users?

_____ it _____ my data _____ with _____?

_____ causes _____ choke up precious _____?

Is there a _____ data _____ down _____ it concurrently?

Multiple _____ using _____ at the _____ why _____ my data _____ down?

Can _____ give _____ of the data _____ users?

When multiple _____ are _____ the _____ you explain why _____ slows down?

_____ an _____ for why _____ slows _____ when people _____ it simultaneously?

_____ my _____ performance decline _____ to _____?

What _____ my data to _____?

_____ data _____ when many people _____?

_____ possible that my _____ slows _____ with _____ simultaneous users?

_____ there a reason for _____ slow _____ users?

Tell _____ why my _____ more people use _____ together.

_____ use my data at _____ it slows _____?

_____ reason _____ data gets slow when _____ hogging it?

I don't know _____ my _____ with more _____.

_____ there's _____ user volume _____ how do my _____ connections slow _____?

_____ does _____ data _____ when _____ it?

_____ come the speed _____ there _____ lots _____ people?

_____ is _____ speed is affected by too _____?

_____ data slowdown _____ many users?

My data _____ down when _____ are _____ the same _____.

_____ was _____ my internet _____ decrease _____ people connect.

I _____ how _____ as _____ people use it together.

Can _____ explain why the performance of my _____ are _____?

_____ there _____ high _____ volume _____ the _____ how _____ I _____ my _____ to _____ down?

_____ rapid _____ cause my _____ to _____ sluggishly?

My _____ gets _____ there _____ of people online.

_____ are _____ users _____ the _____ connection?

_____ users _____ slow data.

_____ is _____ of _____ data slowing down _____ usage?

When _____ are _____ it _____ the _____ why does my _____ down?
 _____ decline in _____ when _____ connect to _____ data at once.
 _____ speed drops when there's _____?
 _____ reason crowded usage _____ signal?

My data _____ people use it at _____ same _____.

How come _____ drops _____ many?
 _____ data _____ slow down _____ simultaneous use?
 _____ using _____ data, what causes _____ to slow down?

Is _____ reason _____ my data slows down _____ people use it at the _____?
 _____ an explanation for _____ decrease in _____ during _____ network _____.
 _____ that my _____ down with _____ simultaneous users?

I _____ to know _____ internet _____ people connect.
 _____ use _____ simultaneously _____ data _____ down.
 _____ I _____ slower network when _____ a lot of _____?

Is there an explanation for the _____ data with _____?
 Do you _____ why data gets _____ people _____ it _____?
 _____ my _____ when there's _____ lot of users?
 _____ the data _____ because there are so _____ people _____?
 _____ my data to slow _____ when _____ are online _____?
 _____ data has _____ with _____ users.
 _____ me, the _____ gets _____ when _____ it.
 _____ know why _____ of _____ data drops with concurrent _____?
 _____ data _____ down _____ people use _____.
 _____ my data get _____ more _____ it together?

My _____ down _____ people use _____ the _____ time.

When a _____ of people connect _____ my _____ at _____ there _____ a _____ speed.

Do user _____ cause my _____?
 How _____ of _____ drop when _____?
 _____ explain the _____ slowdown to _____ users?

I don't _____ why my data _____ slower _____ it _____.

My data _____ slows _____ concurrent _____.

If a lot _____ others _____ same _____ what _____ it _____ slow _____?
 _____ does _____ data slow _____ when _____ and their _____ hogging _____?
 _____ want to _____ why my _____ gets _____ is hogging _____ up.

How _____ my data slow _____ others _____ it?
 _____ is a decrease _____ speed when many _____ connected _____ the same _____.

What makes _____ lag when a _____ people _____?
 _____ have _____ about why _____ slow during _____ usage times.

Multiple people _____ my data _____ same _____ so _____ does _____ down?

During peak _____ know _____ my data _____ slow?

I don't _____ my _____ is _____ usage times.

What _____ my data _____ down if _____ it as _____?

Why does _____ suck _____ people _____ hogging _____?

What _____ to data _____ when _____ people _____?
 _____ experiencing a slowdown _____ usage?

Is _____ frequent access _____ data coincide _____ slowdown?

Are _____ my data slows down _____ multiple users _____ online _____ same _____?
 _____ explain why my data is _____ when _____ their _____ it?

When others jump _____ how _____ goes _____?

When _____ my connection goes downhill?

_____ that the speed _____ slower _____ of simultaneous _____?
 _____ you explain _____ when _____ are many concurrent users?
 Why _____ slow when _____ hogging it up?
 _____ do _____ experience a slow network _____ are _____?
 _____ usage affects the data.
 _____ downs due _____ multiple _____.
 Please _____ simultaneous _____ affects data _____.
 _____ user influxes cause my _____ slowly?
 _____ you know _____ reason for _____ slow _____ during _____ times?
 _____ data goes _____ use it.
 I _____ gets slower _____ people use _____ together.
 _____ you _____ why _____ data is _____ peak usage _____?
 Did you know _____ slower _____ more _____ use it _____?
 How _____ you explain _____ down when people use it _____ time?
 _____ come my _____ goes _____ people jump on _____?
 I wonder _____ rapid _____ my _____ move slower.
 How _____ the signal?
 Can you _____ my data _____ slow _____ is _____ it?
 _____ slow _____ when so many people use _____ together?
 _____ multiple _____ accessing the data, what _____ it to _____?
 _____ lots of others use it as _____ to _____ down?
 Why _____ stop _____ lots of people hogging up _____?
 Why _____ my data _____ there's a _____ group hogging _____?
 _____ multiple people are using _____ at _____ same _____ slow down?
 _____ to slow _____ when _____ people are using it?
 There _____ decrease _____ speed _____ people connect to my _____ same _____
 _____ come _____ speed drop when there _____ much?
 _____ when people use _____.
 _____ fast user _____ cause my _____ to _____?
 When more _____ on, what's happening _____?
 Do _____ know _____ connection slows _____ when _____ is _____ users?
 _____ is _____ of multiple _____.
 Do you _____ description of _____ slowdown among _____?
 Do _____ know if the data _____ lots _____?
 Data becomes _____ few people _____ together.
 _____ my _____ down when _____ a lot of traffic?
 _____ you _____ connection slows down with increased _____?
 _____ decrease in _____ when _____ connect _____ my data _____ once.
 _____ how _____ are _____ the data.
 Why _____ data _____ so _____ when _____ are many _____ online?
 How _____ data _____ more people _____ on?
 _____ have a _____ network _____ many people _____ connected?
 Do you _____ an _____ for _____ my data slows _____ multiple users _____?
 _____ slows down _____ many people _____ at the same _____
 _____ it _____ data gets _____ when many _____ online?
 _____ that my connection suffers with _____ simultaneous _____?
 What _____ the _____ my _____ when everybody _____ their mama are _____?
 _____ data _____ when _____ use _____ together.
 Why is _____ bad when lots _____ it?
 _____ do my _____ take _____ with high demand?

My _____ slows _____ are _____ simultaneous users.

_____ connection _____ down when _____ have more users?

Why _____ slow down when many _____ it _____?

_____ data _____ down when multiple people _____.

Data _____ slowed _____ to _____ users.

What _____ to choke up their _____?

_____ become slower when many _____ use _____ together?

_____ of others use my data, _____ it _____ slow?

_____ data _____ slow with _____ of _____.

_____ come _____ slow down _____ lot of users?

_____ my data lag _____ many people _____?

Why do _____ users _____ the _____?

When multiple users _____ the _____ causes _____ to _____?

Is _____ user _____ causing my _____ to _____?

Why does my _____ performance decline when _____?

_____ come my _____ when _____ many people use _____?

_____ does my data _____ when there's _____ people _____ the _____?

There is _____ in _____ many _____ to my data _____ the _____ time.

I _____ the performance _____ my _____ there are _____ concurrent users.

Why _____ my _____ slow down when _____ online at _____?

My _____ when many _____ it.

_____ data get slower when _____ use _____ together?

_____ decreases _____ data speed during _____ usage times?

_____ simultaneous _____ the _____ of _____ data decline?

_____ becomes _____ for _____ people _____ use it together.

What causes _____ slow _____ when multiple users _____ using _____?

Can _____ about the data _____ down _____ users?

With simultaneous _____ a slow _____.

Explain _____ many _____ data.

_____ you _____ how data _____ when many _____ it?

_____ does _____ data lag _____ of users are using _____?

Is _____ a _____ my internet speed decreases _____ people _____?

What _____ down _____ people are using it?

_____ a reason _____ my data _____ down _____ are online?

_____ my internet slows _____ when there's _____ user _____ on _____?

When _____ users _____ simultaneously, _____ you _____ me _____ explanation _____ my data _____ down?

How _____ my _____ down when _____ is high _____?

_____ are online together, can _____ why _____ data slows down?

_____ data _____ with _____ users.

Do _____ explanation for why _____ data _____ when _____ are online?

_____ user influxes _____ my _____ to _____?

Is _____ slowing _____ too _____ people are _____ network?

When _____ usage occurs _____ performance _____?

Please _____ us how _____ affects _____.

_____ cause _____ data _____ slow down?

_____ want to understand _____ for slow _____ usage.

_____ data lag _____ many people access _____.

If others _____ causes _____ data to slow?

What are _____ behind _____ when _____ users are online?

_____ using the _____ at _____ same time slows _____ down.

Why my _____ down _____ increased _____?

_____ the _____ stop _____ a lot of people hogging _____?

_____ jump on, how _____ connection is _____ bad?

_____ usage _____ can my _____ performance decline?

_____ my _____ slows down with more users?

_____ a decrease in _____ connect to _____ data.

_____ tell me why my _____ peak usage?

What causes _____ speeds to _____ people connect?

When _____ use _____ will _____ get _____?

I would like _____ know the reason _____ slow _____ times.

_____ becomes slower when _____ using _____ together.

The data is _____ if _____.

_____ my data _____ because multiple people _____ it at the _____?

_____ my _____ getting slower _____ too many _____ are on _____?

_____ it _____ that _____ data _____ with multiple users?

_____ slows _____ when more _____ one person uses _____ at _____ time.

When _____ people _____ using _____ at _____ same _____ why _____ my _____ slow _____?

Whenever _____ user _____ how come my internet is _____?

_____ lot of _____ are _____ why _____ my data _____?

_____ people are _____ data at _____ my data _____ down.

_____ lots of _____ it at the same time, _____ in speed?

Do _____ user _____ hamper my _____?

_____ causes the data _____ there _____ many users?

Why does _____ become slow _____ it _____?

_____ my data _____ when _____ hogging it?

My _____ is slow _____.

What _____ more _____ precious bandwidth?

_____ causes _____ to _____ down _____ lot of people use _____ once?

I _____ know why my _____ speed _____ more _____ connect.

There's _____ in speed when _____ people _____ to my data _____ same _____.

_____ is it that _____ usage _____ speed _____?

How come _____ slows down when _____ of _____ on _____?

How _____ is _____ lot of people on the network?

_____ does my data slow down _____ same time?

Can you explain why _____ is _____ when everyone _____ is _____?

If _____ others use _____ what _____ to slow _____?

_____ several people use _____ data _____ slower.

_____ does my data _____ in _____ there _____ lot _____ using it?

_____ you _____ me why my data is _____ down when multiple _____ same _____?

How come my internet goes _____ whenever _____?

I don't _____ my connection _____ with _____ users.

Explain _____ have slow data.

_____ want _____ know why _____ when _____ are hogging it.

Please explain _____ usage on data _____.

How does my data decrease _____ it _____?

_____ more people use it _____ time, how come _____ slows _____?

I _____ understand why _____ my data _____ its _____ down.

I _____ like _____ the causes of _____ during _____ usage.

_____ slow _____ lots use _____?

There _____ in speed when many individuals _____ to _____ data _____

Is _____ possible _____ of my data _____ amidst _____ users?
 _____ notice _____ my connection _____ down _____ more simultaneous _____.
 _____ tell me why my _____ when everyone _____ hogging _____?
 _____ my _____ take so _____ with more _____?

I want _____ know _____ data _____ collective usage.
 _____ give an explanation _____ why _____ usage _____ signal?

Do user influxes _____ too slowly?
 _____ do you _____ a decrease _____ during _____ usage times?

I _____ my _____ so _____ with high demand.

Why does _____ use times?
 _____ come _____ internet slows down _____ there _____ lots of _____ the _____?

I _____ wondering why _____ slows down when _____ the same time.
 _____ data _____ down when _____ a lot of people _____?

Why does _____ down _____ so _____ use it at _____ time?
 _____ more people use my data, _____ slow _____?
 _____ you understand why _____ slower as _____ people _____ it _____?
 _____ users _____ online, why does _____ data get _____?
 _____ use _____ what causes it to slow?

Is _____ data _____ when many _____ are online?

How _____ my data slows _____ more _____ use _____?
 _____ is _____ decrease _____ speed when _____ connect _____ my data _____.

I want _____ know why my data _____ simultaneously.

When _____ are online _____ what are _____ reasons for _____ slowing _____?
 _____ due to many _____.

Why _____ my _____ multiple users _____ it?

If _____ what causes my data _____ slow?

Data _____ when there are _____ people _____ together.

Do you _____ to why _____ when multiple users are _____ at the same _____?
 _____ of _____ simultaneous usage _____ data _____.

My _____ slows _____ it simultaneously.

Why _____ speed decrease _____ to my data at _____?

Can you _____ my internet _____ as more people use _____?

Why does my _____ lag _____ people _____?

Why _____ the _____ many people connect to _____ the _____ time?

Is my data _____ to too _____ the network?

Does _____ make sense _____ connection _____ with _____ concurrent users?
 _____ you explain what causes my _____ to _____ people _____ at _____ same time?

When _____ what _____ it to slow down?
 _____ access to _____ data _____ its slow down?
 _____ occurs when _____ users access _____.

Multiple people _____ data at the _____ it slows down.

How come my internet _____ down _____ are _____ many _____ network?
 _____ multiple _____ use _____ data _____ down.

Is _____ for the _____ my _____ with growing numbers online?
 _____ because of too _____ people?

_____ does my data _____ when there is _____ of _____ network?

Slowing data _____ collective _____ is something _____ to _____.

Can you _____ affects signal?

If a _____ of other _____ my _____ does _____ slow _____?
 _____ data slows down _____ people _____ it.

Is there a reason _____ data _____ slow _____ everybody _____ their _____ ?

_____ you _____ me why the data _____ drops when _____ concurrent _____ ?

_____ data slow _____ lots _____ it?

Do _____ know why _____ performance drops when _____ users?

Is there an explanation for _____ speed _____ more _____ online?

_____ causes my data to lag _____ lot _____ it?

_____ multiple users _____ simultaneously, _____ you tell me why my _____ ?

My data _____ other people use _____ too.

_____ the reason _____ usage _____ ?

_____ does my _____ down when many _____ connected?

_____ my data, what causes it _____ slow _____ ?

_____ my _____ not work _____ lot _____ are hogging it?

What _____ that _____ users _____ their bandwidth?

How _____ connection _____ when _____ people _____ on?

_____ why crowded usage _____ .

I want to know _____ is slowed _____ .

I _____ like _____ my _____ speeds _____ down _____ people connect.

_____ do my data _____ long with _____ users?

_____ my internet _____ when there are so _____ users _____ the _____ ?

_____ doesn't speed up _____ more _____ .

_____ lot of people _____ my data _____ speed decreases.

_____ my internet _____ down as _____ connect?

Is _____ explanation _____ the _____ of my _____ with _____ numbers online?

I wonder what _____ data _____ when _____ access _____ .

I don't _____ why my _____ when lots _____ people _____ .

Data _____ with _____ use.

My _____ lag is caused _____ it.

Is _____ the performance of _____ data _____ users?

_____ is the reason _____ data _____ utilization?

_____ an explanation for _____ speed of my shared _____ with growing _____ ?

Do _____ my _____ slows _____ so many _____ use it simultaneously?

_____ data _____ down when _____ of people use _____ .

What causes _____ to _____ down when _____ are more _____ ?

_____ multiple users interact with _____ what causes _____ down?

_____ slower when lots _____ ?

Why _____ data _____ when shared _____ ?

There's _____ decrease _____ when lots of people _____ to _____

What _____ data to experience _____ slow down _____ ?

_____ you have _____ slow data during peak usage _____ ?

What _____ slow down _____ people use _____ too?

Why does _____ lots _____ users?

_____ do _____ take _____ long with _____ users?

Can _____ happens _____ data performance when _____ are many concurrent _____ ?

_____ possible _____ my data gets _____ and their mama hogging _____ ?

_____ me _____ my _____ slows down _____ a lot _____ people are _____ .

Why _____ usage _____ speed?

_____ it _____ that _____ slows _____ several users?

_____ me _____ goes down when there are multiple _____ users?

Why do _____ experience a slow network when _____ using _____ ?

_____ affect the data's _____ down?

Do you know why data _____ a _____?
 _____ get slow when everybody and _____ hogging it?
 _____ you _____ my data _____ slow _____ everybody is hogging _____?
 Why does _____ when so _____ people use _____?
 How _____ my connection _____ downhill when other _____?
 _____ causes my _____ when lots _____ access it?
 My data _____ down _____
 Can you _____ me _____ my _____ when _____ are online _____ once?
 Why _____ my _____ slow _____ users.
 During peak _____ times _____ you _____ reason for my _____?
 Is there an explanation _____ the decreasing _____ of _____ with _____?
 _____ lots use _____ data _____?
 _____ gets slow _____ a lot of users _____.
 _____ of users are online why _____ my _____?
 _____ when lots _____ it
 Is _____ possible _____ slows down when many _____ use _____ the _____ time?
 Is _____ possible that _____ slows _____ to increased _____ users?
 _____ come _____ data slows down _____ people _____ simultaneously?
 How _____ data _____ slower _____ people _____ it _____?
 _____ tell _____ why _____ slows _____ there are many people online?
 When _____ lot of _____ data is _____?
 Why _____ data speeds decreasing _____ on?
 What causes the _____ when multiple users _____?
 _____ come _____ degrades when others _____ on _____?
 _____ data's _____ go down _____ usage?
 When _____ lot of _____ it at the _____ causes _____ data _____ slow?
 _____ my data _____ down _____ people are _____ the network?
 _____ it possible that _____ gets slow when _____ their _____ it?
 _____ is slow _____ more users?
 Why _____ data suck _____ of people _____ it?
 Why _____ data get sluggish _____ and _____ mama _____ it?
 Why _____ slow _____ when there are more _____?
 _____ my _____ slow down when lots _____ use _____ simultaneously?
 _____ gets slow when _____ lot _____ are online
 My data _____ as _____ people _____
 _____ it a _____ crowded _____ signal?
 _____ you know _____ slows down _____ there are _____ simultaneous _____?
 _____ slow _____ lots use _____?
 How does _____ high demand?
 _____ you _____ my data _____ users are online at once?
 Can _____ explain _____ causes _____ to _____ down _____ multiple users _____ online?
 What causes my _____ when _____ of people _____?
 _____ rapid user _____ slow down _____.
 _____ is _____ connections slower with _____?
 _____ is _____ affected by _____ people?
 _____ data's performance go down _____?
 _____ want to _____ the _____ of slower _____ usage.
 What's the reason _____ my data _____ multiple _____ users?
 _____ want to _____ why _____ data _____ slower _____ use _____ together.
 I _____ to _____ my _____ when everybody is _____ it.

_____ know why my _____ slows _____ users.

_____ my _____ for _____ users?

_____ tell why _____ usage has _____ on _____ speed.

_____ need to _____ data is slow _____ usage times.

When others jump _____ how _____ my _____?

_____ lag when other _____ access it?

How come my _____ on?

Why do _____ data _____ down when many people _____ time?

When lots _____ people _____ data _____ it to _____ down?

_____ is _____ with users.

What is happening _____ data _____ when more _____?

_____ does my _____ when people are _____ it?

_____ moves _____ when _____ user influxes _____.

How _____ my _____ fails _____ jump _____?

_____ the _____ for _____ usage _____ signal?

_____ lags when many people _____.

Can _____ tell me _____ crowded _____?

Why are many _____?

I _____ why my _____ slow _____ everybody and their _____ it.

_____ you explain _____ my data _____ when _____ users are _____ at _____ time?

_____ are _____ users, what causes _____ to _____ down?

Why _____ I experience a slower _____ when _____ many _____?

Is it because _____ the _____?

Can _____ us _____ slows signal?

When _____ it, _____ gets _____?

_____ causes _____ to _____ if other people are _____ too?

Can _____ tell _____ how _____ usage _____ the _____?

Is _____ a reason _____ decreasing speed of my _____ online?

Do _____ why _____ data is _____ speed when _____ it?

What causes _____ data _____ slow down _____ people use _____?

_____ explain _____ me _____ my _____ slows _____ when _____ users _____ at the same time?

The data _____ people _____ it.

I _____ understand the cause of slower _____ during _____.

_____ is slowed _____ multiple users.

With more _____ data slow?

Why _____ that _____ usage _____ to _____ speed?

_____ to know why my _____ gets slow _____ everyone _____ hogging _____.

_____ tell me _____ simultaneous _____ reduces _____.

_____ does _____ lag when _____ are _____ people online?

_____ data _____ down as _____ use _____ at the same _____.

Slowdown _____ to a _____ of _____.

I _____ connection slows down _____ more _____ users.

When _____ of people use _____ data _____ the _____ what _____ to _____ in _____?

There _____ aDecrease _____ individuals connect to my _____ at _____

I _____ internet speed goes down as _____ connect.

_____ data is _____ of users

_____ makes my _____ slow _____ if people use _____?

_____ during collective _____ is something _____ like to understand.

My _____ if a _____ people use it too.

Why _____ my internet _____ whenever _____ of _____ on the network?

_____ lots of _____ connect to my data at _____ in speed.
 _____ data _____ down _____ more people use _____ simultaneously.
 My _____ slows down with _____?
 Data slows _____ more _____ use _____
 _____ concurrently _____ data slows down.
 I am curious _____ to _____ internet _____ people connect.
 Can _____ data _____ among users?
 Please _____ an explanation for _____ internet _____ of high network _____
 Do you know _____ slows _____?
 How come the speed drops when _____?
 Is my data _____ usage?
 Why _____ my data get _____ people use _____?
 How _____ connection degrades _____ people jump _____?
 Tell _____ that data gets _____ using it.
 If _____ many people _____ my data, _____ it to _____?
 _____ there a _____ data _____ with _____ usage?
 Multiple _____ of data: _____?
 _____ going on _____ the _____ more people jump _____?
 When several _____ use the _____ data, why _____ long?
 _____ speed _____ during peak usage times?
 _____ users are _____ tell me the reasons why my data _____?
 Why _____ my data _____ when _____ than _____ person is _____ at _____ time?
 I _____ like _____ why my internet speeds decline _____.
 _____ to understand what _____ slowed data _____ collective _____.
 _____ do I experience a _____ network when _____ connected?
 What _____ to _____ many users are using _____?
 My data _____ when _____ lot of _____ using _____ at the _____.
 _____ does _____ data _____ down when multiple _____ are _____?
 _____ rapid _____ influxes _____ my data _____?
 If _____ of other _____ use _____ causes _____ to slow _____?
 Data _____ slower _____ people _____ together.
 Data is slower _____ people _____
 Is _____ reason the performance _____ my data _____ amidst _____?
 _____ multiple users _____ an _____ on my _____?
 Tell _____ concurrent usage _____ data _____.
 I _____ that _____ a _____ use it at the same time.
 _____ does my connection suffer when _____ simultaneous _____?
 _____ multiple users _____ what _____ it to _____ down?
 _____ myconnection _____ with more people?
 Multiple _____ using my data _____ same _____ to slow down.
 _____ my _____ gets sluggish _____ and their _____ hogging it?
 Explanation _____ simultaneous _____ data speed.
 Why _____ connection _____ with _____ people?
 _____ my _____ decline as more people _____?
 _____ don't understand why _____ slows _____ use it simultaneously.
 _____ does _____ data slow down _____ a _____ of people use _____ the _____?
 _____ don't understand _____ data gets slower _____ use _____ together.
 _____ there _____ explanation for _____ decreasing speed _____ my data _____ user _____?
 _____ when it's _____ by many _____.
 _____ lots of other people _____ my _____ causes _____ to _____?

When ____ users have ____ to ____ data, ____ to slow down?

What ____ lag when ____ access ____?

How ____ my ____ down as more ____ it?

____ to slow down when more than ____ it?

Is ____ the ____ slows signal?

____ slower when ____ people ____ it.

____ slow when ____ lot of ____.

My data lag is ____ by ____.

____ my connection ____ more people?

____ come ____ internet speeds ____ people ____?

Why does ____ data decline with ____ users?

____ know ____ my ____ gets ____ when everybody and their ____ hogging ____.

How come ____ when many people use ____ the same ____?

When ____ lot of people ____ my data at ____ a ____ speed.

____ is an ____ decrease ____ speed ____ people connect ____ data ____ the same ____.

____ data ____ upon shared ____?

____ high ____ does my ____ down?

How ____ the ____ drops ____ there's ____ much of ____?

Please explain ____ affects ____ data ____.

When ____ users are ____ my data ____ slower?

____ do more ____ choke up ____?

Data ____ high demand, ____?

If ____ use my data ____ causes it ____?

____ use it, ____ my data to slow ____?

Is ____ data ____ to move because ____ user ____?

Is ____ a ____ why ____ is a decrease ____ peak ____ times?

____ slow when ____ many users.

Discuss why ____ speed ____ by ____.

Do my data ____ to rapid ____?

Can ____ me why my data ____ when everyone ____ their ____ are ____?

____ drops when there ____ overload?

There is ____ slow down in ____ due ____.

Data gets ____ of ____ it.

____ you say ____ my ____ peak usage times?

____ us why internet speed ____ during ____ activity.

Why do ____ internet speeds ____ when ____?

I ____ understand ____ my data sucks ____ of ____ it.

What ____ my data ____ when many people ____ at ____ same ____?

Do ____ affect ____ data's pace?

When ____ of ____ use ____ the ____ my ____ slows down.

____ tell ____ why my ____ slows ____ multiple ____ are online?

____ more users, ____ does my ____ take ____?

____ reason for ____ data to ____ users are online simultaneously?

The ____ is slow ____ users

____ the ____ speed decrease ____ peak ____ times?

____ a ____ of ____ use it, ____ it to ____ down?

____ would like to ____ why ____ slows ____.

____ my data ____ there are ____ users?

____ I ____ why my ____ during peak ____ times?

My ____ more users.

Do you know _____ data gets slow when _____?

Why does data _____ slower _____ use _____?

_____ does _____ data slow _____ simultaneous _____.

Why _____ I experience _____ my _____ when there _____ a _____ of _____?

_____ does _____ slower _____ use it?

_____ tell _____ internet _____ goes down _____ network activity.

Can _____ a reason _____ my slow data _____ usage _____?

Isn't _____ connection _____ with _____?

Why is speeds _____ many _____?

I am not sure why _____ with _____ users.

_____ when _____ of users _____ it

_____ there _____ my _____ slows when _____ users are _____ at the _____ time?

_____ my _____ gets slow when _____ and their mama _____?

_____ reason for a decrease _____ during peak use _____?

_____ data gets _____ there _____ many people _____.

_____ wonder why _____ slows down _____ many _____ at _____ same time.

_____ to _____ data gets slower _____ more people use _____ together.

_____ you _____ me why _____ is slow _____ is _____ it?

Can _____ me an _____ crowded usage slows _____?

_____ explain why _____ data _____ down when _____ utilization _____.

How _____ internet _____ down when _____ people using it?

_____ becomes _____ used _____ several people.

_____ becomes slow when _____.

I want _____ my internet _____ people connect.

_____ my data to go _____ when _____ lot _____ use _____ at the _____?

My data _____ more _____.

_____ explain _____ of simultaneous usage _____ speed.

My data _____ slow with _____.

_____ data lag _____ of people access it?

When _____ lot _____ people _____ it _____ data get _____?

_____ you know why _____ slows _____ many people _____ using _____ same time?

Why _____ to crowded usage?

_____ would like _____ why my _____ is _____ with _____ users.

Is it _____ my data is _____?

_____ a slow _____ when so many people are _____?

Why _____ data slows _____ use?

_____ is _____ slow for _____?

_____ you know why _____ performance _____ my _____ when _____ multiple _____ users?

Do _____ influxes _____ sluggish _____ movement?

_____ many _____ use _____ data at _____ causes _____ slow down?

_____ do _____ a decrease in data _____ peak usage _____?

_____ there _____ a _____ drop when there _____ many people?

_____ my _____ doesn't work when _____ jumping on _____?

What _____ my _____ to slow _____ use _____ too?

Is _____ frequent _____ to _____ coincides with its slowing?

Why _____ because _____ crowded usage?

Is _____ an _____ the decreasing _____ of _____ more people using it?

When more _____ jump _____ happens to _____?

_____ speed _____ when there _____ too much?

I _____ know _____ slower as more people use _____.

_____ my data to slow _____ people _____ too.

_____ when _____ use it?

_____ slow data _____ users?

Please explain what _____ to _____ upon shared _____.

_____ why _____ decelerates after shared _____.

_____ come _____ drops when _____?

_____ data _____ to _____ people

_____ so many users _____?

As _____ it _____ the same time, how _____ my _____?

I don't _____ gets slow when _____ hogging it

When _____ people _____ my data, _____ to lag?

If _____ lot _____ it, what causes the data _____ down?

_____ it possible _____ slows _____ to multiple users?

_____ a lot _____ people _____ my data _____ it to slow _____?

I _____ my data slow _____.

_____ data _____ when several people _____ together?

Is _____ data slow _____ using the network?

_____ a bunch of _____ my data, _____ causes _____ to _____ down?

When many people use _____ data _____ the _____ data _____ to decrease?

I _____ why data _____ slow _____ collective usage.

The data _____ slowing down _____.

_____ is slowed down _____ users.

Do you _____ why data gets _____ it?

I would _____ know why _____ slow when everyone is _____.

_____ the data _____ down _____ more _____ one person uses _____?

_____ my _____ due _____ simultaneous usage?

Whenever there's high user _____ how _____ internet _____ down?

What causes my _____ to slow _____ other _____ it _____?

When a lot of _____ data _____ time, _____ causes it _____ slow?

_____ my _____ decrease _____ many individuals _____ to _____ data at _____?

_____ you _____ why _____ speed goes _____ more people connect?

_____ it _____ that my _____ down _____ increased concurrent _____?

_____ aDecrease _____ when many individuals _____ to _____ data at _____ same _____

Why _____ my _____ when _____ people are online _____ the same _____?

Data become _____ when _____.

_____ using _____ the _____ time slows down my data.

Is it _____ that my _____ gets slow _____ everybody _____ hogging _____?

_____ a lot of people _____ it together.

_____ the _____ for a _____ during peak usage times?

How _____ my _____ decrease when _____?

There is _____ decrease _____ speeds when many _____ data _____ the same _____.

_____ individuals connect to _____ data at _____ a _____ in speed.

_____ users access the _____ causes it to _____?

_____ decrease in _____ people connect _____ data at once.

My _____ slows down _____ happens.

Why _____ data get _____ when so _____ people _____?

Why _____ performance of _____ data go _____ so many _____ users?

Is my _____ slow down _____ the same time?

_____ data _____ more than one person?

Do _____ data gets slow _____ lots _____ it?

How come my _____ down _____ there's a lot of _____ ?

_____ a decrease _____ speed when _____ of individuals connect _____ the _____ time.

_____ occurs when many _____ access _____.

When multiple _____ online _____ time my data _____ down.

Is _____ explanation _____ the _____ speed of _____ with _____ people _____ it?

Multiple users _____ data connection.

Why is my _____ a _____ people?

How come _____ gets _____ people jump on _____ ?

_____ more _____ up bandwidth?

I want _____ data _____ down with simultaneous _____.

How does _____ lag when _____ of _____ use _____ ?

_____ does _____ connection suffer _____ slows down _____ users?

_____ want _____ slowed during collective usage.

_____ many users _____ slow _____ ?

Can _____ tell _____ my _____ there are many people _____ at the _____ time?

_____ come my _____ slower _____ use it _____ the same _____ ?

_____ are using the same data, _____ it _____.

The _____ when _____ people _____ it _____ the same time.

_____ does data _____ long _____ demand?

_____ my connection degrades _____ people _____ on _____ ?

Data gets _____ a group _____ people _____ together.

Data _____ slow due _____ users.

_____ simultaneous usage _____ data speed.

Do you know why _____ data slows down _____ it?

What made _____ users _____ bandwidth?

_____ my _____ weird when a bunch of _____ it?

_____ are _____ the _____ data _____ the _____ it slows down.

Can my data's performance _____ when _____ ?

Data _____ slow when a _____ ?

Can you tell _____ connection slows down with _____ ?

_____ due _____ multiple users

I need to _____ how _____ data _____ shared _____.

_____ you _____ my _____ slows down when many _____ are _____ simultaneously?

How come my _____ is slow _____ are _____ ?

I'm having my data _____ when multiple _____ the _____ time.

Why _____ slow with many _____ ?

How _____ is _____ speed drop when there _____ ?

Please _____ the decline _____ internet _____ during _____ activity.

_____ the data's performance _____ usage?

_____ I _____ slower _____ more people?

_____ my data _____ when _____ are online at the same _____ ?

Why does my _____ stop _____ hogging the _____ ?

_____ multiple users _____ the _____ what _____ it to _____

_____ people _____ data _____ the _____ time, why _____ it _____ down?

There is _____ decrease in _____ many _____ to my _____ once.

_____ is _____ speeds as more people jump _____ ?

_____ do _____ data _____ more than _____ user?

_____ my _____ lag _____ people access _____ ?

Did you _____ why the _____ down during peak _____ ?

How come _____ slows down _____ there is a _____ the _____ ?

Can you explain _____ crowded usage _____?

I _____ to _____ why _____ gets _____ as _____ people use it _____.

_____ there a _____ my _____ slows down when _____ people _____ simultaneously?

_____ why my connection _____ down _____ concurrent users?

_____ come _____ slower data as people _____ same time?

_____ why simultaneous usage _____ speeds.

_____ makes my data lag _____ people use _____?

_____ why my data decelerates _____ shared usage.

_____ people use _____ simultaneously, _____ slows.

_____ is _____ in _____ when many _____ connect to my _____.

Why does _____ amount _____ people connecting _____ my _____ decrease _____?

Why _____ the _____ when so many _____ to my data _____?

_____ is it that _____ are _____ by too _____?

When high user volume _____ causes _____ to _____ down, _____ come?

Why _____ my data _____ when _____ are online _____ time?

_____ does my data _____ when _____ people _____ it at _____ same _____?

_____ me _____ causes _____ data _____ decelerate upon shared _____.

Why _____ long when _____ people are online?

_____ you tell me _____ my data _____ when _____ up?

Is it _____ my _____ down due to _____ concurrent users?

Why _____ data _____ when _____ hogging it up?

How come _____ stops working _____ people _____ it?

Do _____ why _____ internet connection slows down _____?

Why _____ data _____ when a _____ of people are _____?

_____ come _____ data _____ slower as more _____ together?

_____ down when _____ and _____ mama are hogging it?

Is _____ an _____ for _____ decreasing _____ of my _____ more _____?

_____ lot of _____ access it, _____ my _____ lag?

_____ my data _____ slow _____ many people _____ online?

_____ my _____ decline _____ there are multiple concurrent users?

When _____ is high user _____ the _____ how come my _____?

_____ an _____ for _____ decline in _____ speed during _____ activity.

Can the _____ of _____ during simultaneous _____?

Data _____ users _____ it.

_____ slow _____ data _____ to multiple users.

Why _____ my _____ suffer _____ there are _____ users?

Why _____ I having my _____ users?

_____ reason _____ data slows with multiple _____?

_____ a _____ of people use my _____ it slow _____?

_____ me why _____ data performance _____ there are many _____ users?

_____ data is _____ slowed down _____ to _____.

Why _____ I experience a _____?

_____ my data slow down when lots _____ are _____ at _____ time?

When _____ use data, _____ slower.

_____ need _____ know why _____ internet speeds _____ as _____ connect.

If _____ it _____ it to slow down?

Why _____ my _____ down when multiple _____ it?

How _____ speeds decrease _____ more _____ on?

When there's a _____ network, why does _____ data _____?

_____ come _____ speed _____ when there _____ a _____ people?

____ want to ____ why my ____ decrease ____ use it.
 As more ____ it at the same time, ____ my ____?
 ____ my network slow down ____ a ____ of ____ are ____?
 ____ come ____ connection goes ____ after others ____?
 ____ do I experience a slow ____ when ____ many people ____?
 Can you tell ____ why the ____ my data decreases ____?
 ____ tell ____ why ____ data ____ when multiple users ____ online together?
 Data becomes slower ____ of ____.
 Are ____ reasons for ____ in data ____ during peak ____?
 ____ get access to ____ causes it to ____ down?
 ____ you understand why ____ speed ____ simultaneous usage?
 ____ lots ____ use ____ what causes it ____ slow?
 Why ____ experience ____ network when lots of ____ connected?
 Can you explain ____ data gets ____ use it ____?
 How come ____ slows ____ there are a ____ of people ____?
 ____ several people ____ it, ____ becomes ____.
 I don't understand ____ down with ____ usage.
 Is it ____ that ____ data ____ with ____?
 When ____ users ____ it, ____ the data to ____?
 During ____ data's performance decline.
 ____ reason my data slows down with ____?
 ____ slow ____ a lot of people ____ online?
 Please ____ me why internet ____ during high ____.
 ____ data slows ____ due ____ simultaneous ____.
 ____ people jump on, what ____ data ____?
 Why ____ data ____ when lots of ____ are ____?
 How ____ down when people ____ using it ____ the ____ time?
 Why do I have ____?
 ____ why ____ data ____ upon shared ____.
 ____ explain why ____ can be affected ____ simultaneous ____.
 ____ my data slow ____ multiple ____?
 Please ____ simultaneous ____ data speeds.
 ____ to know if ____ gets slower ____ it.
 Why does data ____ to ____ users?
 ____ that my data gets ____ when everyone ____ are ____ it?
 During ____ times, ____ my data ____?
 There's a ____ a lot of ____ it.
 ____ does ____ connection ____ down when there ____ more ____?
 ____ come my connection ____ with ____?
 ____ slow down with simultaneous ____?
 ____ my ____ slow when everyone ____ their ____ hogging ____?
 When ____ users ____ the same time, ____ why my data ____?
 The ____ connection ____ because of multiple ____.
 Is ____ possible that my ____ gets ____ when everybody ____ their ____?
 Tell ____ usage affects ____ speed.
 ____ to know why my ____ slows ____ shared ____.
 ____ my data slow down ____ are so many ____?
 How ____ slows ____ when ____ lots of users?
 When ____ of ____ at the same ____ my data to be ____?
 ____ a ____ people connect ____ my ____ the same ____ there's ____ decrease in _____.

What is the _____ my connection _____ more _____?

_____ jump on, how _____ connection goes _____?

Multiple _____ down _____ because of _____.

_____ connection slower with _____ people?

_____ when many people use _____ simultaneously.

_____ do I have data lag _____ many _____?

How _____ simultaneous _____ the _____ speed?

Why does _____ slow _____ with _____ many _____?

Multiple _____ slowing _____

Can _____ tell me _____ gets _____ when people _____ it?

_____ simultaneous usage _____ for _____ speed?

Data becomes _____ are using _____ together

You should _____ simultaneous _____ speed.

Can you explain why my data _____ are _____ concurrent _____?

_____ rapid _____ influxes _____ my _____ down?

_____ a data _____ of users access it.

As more _____ on, what _____ happening to _____?

_____ explain why _____ performance _____ drops _____ there _____ many concurrent users?

Slow down _____ due to _____.

_____ a _____ my data slowing _____ people are _____ the same time?

_____ causes the data _____ slow _____ are involved?

When _____ why _____ data get slow?

_____ caused when many people access _____.

_____ data _____ slow _____ when multiple _____ access it?

My data slows _____ if _____ other _____ it.

Why does _____ when so _____ people use _____?

Why is the _____ there is _____?

Can _____ tell me _____ the performance _____ drops with _____?

Data becomes slow _____ use it.

_____ performance decline when _____ is _____?

Why does _____ many individuals _____ to _____ data at the _____?

_____ causes _____ lag _____ there are many users?

_____ my data slow _____ a lot _____ are _____?

_____ want _____ know _____ my _____ slows down when there _____ more _____.

_____ do _____ internet _____ when _____ connect?

_____ data lag with _____ usage?

_____ there's _____ volume on _____ network, how come _____ internet _____?

Whenever _____ on the _____ come my _____ slows down?

Why my data gets _____ as more _____?

Is _____ a reason why _____ slows _____ when _____ use _____?

_____ you tell _____ the _____ my data _____ multiple users _____ online?

_____ slow down _____ usage.

Can _____ tell me _____ I have slow _____ peak _____?

_____ use data together, _____ slow.

_____ a _____ in speed when _____ connect to my data _____ same _____.

Do you know why the _____ of _____ there _____ many _____?

_____ my data _____ many users use _____?

My _____ gets _____ when _____ people _____ together.

Data _____ when _____ are _____ it?

Why _____ my _____ decline _____ concurrent users _____ using it?

_____ wonder if rapid user influxes _____ to _____.

Isn't my _____ slowing _____ more _____?

_____ data's _____ in simultaneous use?

Why does _____ data _____ there's _____ of _____ hogging _____ the network?

_____ data slows _____ as people _____.

_____ a _____ with many users?

_____ is _____ for _____ in data speed _____ usage times?

_____ several people _____ data _____ slower.

Why _____ data _____ when several _____ use _____?

Can you explain why _____ data gets _____ everyone _____?

_____ it possible that _____ gets _____ when _____ their mom hogging _____?

_____ to _____ why my _____ is slow _____ users.

_____ am _____ data slow down _____ multiple _____.

_____ is _____ connection slow _____ people?

Is it _____ use it _____ my data gets _____?

_____ come my _____ there are so many _____ using _____?

I _____ why my data gets _____ when more _____ together.

My data slows _____ of _____ it.

_____ explanation _____ the decreasing _____ of my data with _____?

When users _____ what causes it to _____?

Why _____ there a _____ in _____ usage times?

_____ with data _____ as _____ people jump on?

When multiple _____ my data _____ same _____ why _____ my _____ slow _____?

_____ come _____ internet _____ when there's lots _____ users on _____?

_____ my data _____ when _____ access it?

_____ do my _____ long time with _____ demand?

_____ want to know _____ my _____ slows down with _____?

Do you _____ an _____ for _____ my _____ when _____ hogging it?

_____ is _____ slow _____ are a lot of people _____?

How does my data _____ many people _____?

_____ does my _____ down when _____ and their _____ hogging _____?

_____ multiple _____ online _____ you _____ the reasons _____ my data slowing _____?

_____ users affect _____ data connection?

Data _____ when several _____ it

_____ many people use it _____ time, _____ my data to _____ speed?

_____ do you explain why _____ internet _____ decrease when _____?

_____ want to know why my _____ utilization.

_____ my data slow _____ many people use it _____?

_____ slows down _____ multiple users.

Explain _____ slow _____ be _____ many users.

When more people _____ together, _____ data _____.

_____ slows down when a _____ of people _____.

_____ does my _____ take so long _____ are _____?

_____ know that my _____ down because _____ simultaneous users?

An explanation _____ the _____ in _____ of high network activity _____.

How _____ my _____ down _____ so _____ people are using _____?

_____ slower _____ use it together

Why _____ data lag _____ people are _____ it?

_____ data is slow _____ when multiple people _____ using _____ time.

What caused _____ users _____ bandwidth?

____ you explain to ____ why my ____ gets ____ everyone ____ hogging ____?
 When ____ data ____ why does it take ____?
 ____ multiple people ____ it ____ my data slows down.
 Why does my data get ____ is ____?
 ____ you ____ my ____ down ____ more concurrent users?
 ____ gets ____ lot ____ people use it
 There's ____ decrease in speed ____ a lot of ____ once.
 What ____ my ____ to slow down if more ____?
 Is there ____ for ____ performance of ____ amidst ____ users?
 ____ does my ____ many people are connected?
 Is fast user ____ my ____?
 ____ slows down ____ shared usage?
 The ____ is ____ to multiple ____.
 Do ____ cause my ____ to ____?
 ____ decelerates with shared ____.
 Are you able ____ why ____ usage ____?
 ____ my data ____ down ____ people use it ____?
 ____ rapid ____ increases cause my ____ slow?
 ____ my connection ____ when ____ people are involved?
 Can you explain to ____ my data ____ when everyone ____?
 When ____ a ____ up the ____ why does my ____?
 ____ explain ____ crowded ____ slows signal?
 ____ the reason my data gets slower as ____?
 Can ____ me why ____ internet ____ decreases ____ people connect?
 ____ come the ____ when crowded?
 When several ____ the ____ becomes slow.
 Please ____ reason for ____ data ____ usage times.
 ____ people use data together, ____.
 ____ a ____ of data ____ users.
 I wonder why ____ is ____ usage times.
 ____ you tell us ____ about the ____ users?
 Do you know why ____ slow when everybody ____ their ____?
 Why ____ my ____ with ____ use?
 ____ slow down ____ concurrent usage?
 ____ using my ____ the ____ which causes my data ____ slow down.
 When multiple ____ access ____ what ____ to slow ____.
 How come ____ slows down when a ____ of ____ it ____ the ____?
 Please explain what causes my ____ decelerate ____.
 During ____ can my data's ____?
 ____ slow for many users.
 Why ____ usage ____ speeds?
 ____ users choke ____ bandwidth?
 Is ____ reason ____ internet speeds ____ more people connect?
 Can ____ tell me about the ____?
 What causes ____ to ____ slower when ____ many ____ at the same ____?
 ____ becomes slower ____ of people ____ together.
 How ____ the ____ drops when ____ too ____?
 The ____ due ____ multiple people.
 When many people ____ my data ____ to ____ down?
 Is ____ a reason ____ the decreasing ____ with more and ____ online?

Why _____ affected by _____ many _____?

_____ connect to _____ at the _____ time, there's a _____ speed.

_____ rapid _____ cause the data to _____?

Why do _____ signal?

_____ more people jump on, _____ happening to _____?

_____ users _____ my _____ connection to slow?

_____ do _____ experience _____ slower network _____ a _____ are connected?

Please _____ speed went down _____ high network _____.

I _____ know _____ user _____ cause my data _____ slowly.

_____ gets slow _____ users are _____

Why does _____ data _____ there are multiple _____?

_____ is getting slower with _____

There _____ speed _____ a _____ of people _____ to my data

_____ people use it at the _____ data slows _____.

Why does _____ data _____ use?

_____ do _____ experience _____ slowdown in _____ network _____ people are connected to _____?

_____ you _____ me why my _____ down when _____ are online?

Why _____ my _____ with more _____?

_____ is it _____ simultaneous _____ slower _____?

_____ it make _____ my connection slows _____ simultaneous users?

Multiple _____ the _____ slowing it down.

Why _____ cause _____ speed?
