

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Restoration timeline after an outage
Inquiry Sub-Category	Large-scale outage communication
Description	Customers seek information on major outages affecting a wide area, requesting updates on the overall progress, expected time for complete restoration and any restoration priorities set by the electricity supplier.
Data Size	10,361 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ soon _____ expect _____ as _____ as electric _____ goes given _____ disturbances _____ various locales?

Given the _____ disruption _____ various locations, _____ are _____ see a restored _____?

_____ much _____ will _____ back to _____?

When can _____ expect power _____ to _____ different areas?

Is there _____ estimate as _____ service will be _____ track?

Can anyone provide _____ an update _____ life _____ due to _____ problems?

_____ is the power going _____ be _____?

_____ do you plan _____ our _____ back _____ normal?

When _____ we supposed _____ expect _____?

Following these _____ interruptions, _____ electric supply return _____?

How likely is _____ that we _____ electric _____ given the _____ disruption?

_____ possible to _____ power soon?

_____ regular electric _____?

_____ to when the electric _____ will _____ to normal.

_____ power _____ expected _____ these _____ disturbances?

Our _____ supply _____ up, so _____ can we expect it _____?

_____ count on _____ flow again once _____ mess is _____?

Will _____ power _____ to normal _____ these disruptions?

_____ have a specific time _____ for _____ service _____ be stable _____?

_____ come _____ chaos blast every _____?

_____ have any _____ power will be restored?

_____ the _____ disruptions in _____ areas, _____ is the _____ to _____ supply.

Normal _____ grand chaos _____ place?

Is it _____ that electricity will _____ troubles?

_____ regain stable electrical supply?

Do you _____ long _____ electrical _____ take?

_____ will _____ supply be _____?

Will conventional electric supply _____ sooner or _____ because _____ various _____?

When to _____ to get _____ to normal _____?

How _____ until _____ regular power _____?

_____ us _____ life will be _____ to _____ electricity issues here?

Is it _____ that we can _____ electrical services _____?

_____ will _____ these major incidents.

_____ long does it take for _____ back _____ track after _____?

_____ expect electricity to return _____ normal _____ disruptions?

How long _____ it take for _____ supply problems caused _____?

Do _____ know _____ soon the _____ end?

When can we _____ normal _____ provision _____ back _____ once _____?

_____ that _____ distribution can _____ expected after large disturbances?

_____ anticipate a return to _____ stability after _____?

_____ can we anticipate _____ a disturbance?

The _____ various _____ will _____ timing of conventional electric _____.

_____ regular _____ distribution _____ after large disruptions?

_____ be predicted when electrical services _____ to fearsome _____?

_____ timing for a _____ to regular electrical _____?

In light _____ situations around different _____ conventional electric _____ sooner or _____?

When _____ we expect _____ be _____?

_____ quickly _____ return to _____?

_____ power distribution _____ expected in the midst _____?

_____ been a lot _____ supply disruptions _____ different _____.

_____ can we expect the _____ to go _____ to _____ disruptions?

_____ electric _____ all _____ town _____ when will things _____ to normal?

_____ anticipate _____ power provision following _____?

When _____ we _____ stable?

When _____ we anticipate a _____?

_____ power stability return _____?

Is _____ an _____ when a regular _____ of _____ restored?

Can _____ expect electricity to _____ different _____?

_____ me _____ regular electricity supply can be _____?

How soon _____ electricity _____ after _____ incidents?

_____ there _____ of how _____ will take _____ the electric supply to _____?

_____ there any _____ the electricity service _____ be _____ normal?

_____ time frame _____ the electric service to _____ stable _____?

_____ does _____ sense _____ expect things _____ settle and _____ access?

_____ electric _____ be predicted?

What _____ estimated time to _____ back _____ regular _____?

_____ expect electricity _____ come back _____ track?

_____ long _____ take _____ problems caused by significant _____ to be solved?

_____ you have any _____ when the electricity _____ normal?

Looking _____ areas, what is the return _____ regular _____ supply?

_____ expect _____ electric supply to _____ back to _____?

_____ electrical _____ be _____ after disruptive events affecting _____?

Considering _____ and _____ across several _____ how likely _____ to get a _____?

_____ long _____ it _____ issues _____ be solved across locations?

Is it _____ to _____ approximate _____ electric service _____ return _____ normal?

_____ idea when our _____ have power _____ after _____ hullabaloo?

Can _____ electric supply to _____ soon?

_____ have any idea when _____ electricity _____ back to _____?

After all _____ chaos _____ our _____ return _____ normal?
 _____ you know when _____ supply _____?
 _____ soon will our electric _____ to normal _____ all _____?
 _____ there _____ estimates on _____ electricity service will _____ to _____?
 _____ fast _____ get _____ power availability _____?
 We _____ know when we'll _____ a _____ of _____.
 Amid all the _____ the power _____ to _____?
 How soon _____ anticipate a _____ normal power _____ now _____ is _____ much _____?
 _____ mess in town, when will _____ get _____ to _____?
 When _____ will _____ in affected areas?
 How long will _____ supply take _____?
 Can you _____ us when _____ be stable _____ all _____?
 _____ there an _____ when _____ will _____ a _____ of _____ again?
 _____ you tell _____ regular electric _____ would _____?
 _____ will _____ its previous _____ is not known.
 Can _____ expect the _____ to return _____ all these _____?
 _____ going _____ have _____ back to _____ soon?
 _____ possible _____ an approximate timeline when electric _____ to normal?
 _____ it will take for the electricity _____ to return to _____?
 Normal electricity, _____ grand chaos _____?
 Is _____ time _____ on when the electricity _____ back _____ track?
 _____ electrical _____ estimation _____ after _____ events?
 _____ will _____ to _____ power supply after all _____?
 Do you _____ when _____ restored _____ be experienced?
 _____ all the _____ different _____ when can _____ the _____ supply to return _____ normal?
 _____ to _____ when _____ settle _____ we'll have enough electricity like before?
 Do _____ when we might _____?
 How fast _____ back _____ normal?
 _____ will _____ return after _____?
 When _____ supply return _____ normal after _____ the _____?
 Do _____ if the _____ be solved soon?
 When _____ normal _____ the electric _____ in town?
 _____ these widespread _____ in different areas, _____ is the _____ supply going to _____?
 _____ soon _____ expect _____ service _____ return to normal?
 We _____ when _____ will get better with _____.
 _____ when _____ expect power interruptions _____ be _____?
 When _____ we anticipate _____ back to _____?
 When _____ the _____ be over _____ things _____ get _____ to _____?
 Given the _____ turmoil _____ by _____ should power be _____ to _____?
 _____ expect electricity to _____ troubles?
 _____ soon _____ normal power availability?
 _____ long _____ able to rely _____ power again?
 _____ will _____ take for everything _____ back on _____ electric supply _____?
 Is _____ estimation _____ after _____?
 How likely is _____ we _____ a _____ supply?
 Is there a time _____ for _____ get _____ to _____?
 Do _____ know _____ electric _____ return?
 Do _____ have _____ update _____ when we can get _____?
 _____ it _____ regular _____ distribution to be _____?
 How _____ can _____ power _____ after all _____ disruptions?

____ can we ____ electric ____ after disturbance?
 ____ you ____ how ____ power ____ restored ____ these disruptions?
 ____ you ____ the normal ____ will return?
 ____ soon can ____ an electric ____?
 Are we ____ a ____ of ____ across ____ areas?
 ____ we ____ when ____ electricity provision ____?
 When can ____ electric recovery?
 ____ electric supply ____ when ____ we expect ____ to be ____?
 ____ anyone ____ an update ____ life will be ____ because of ____ electricity ____?
 ____ electricity after ____?
 Will ____ be ____ to ____ soon?
 How soon can ____ to return to ____ circumstances?
 Can ____ us an ____ on when life will ____ due ____ all ____ problems ____?
 ____ know when ____ expect ____ to come back to normal.
 ____ supposed to ____ electricity to return ____ disruptions?
 Will power ____ given all ____?
 Post-disturbances when ____ will ____?
 Is it ____ to ____ when ____ and ____ will ____ enough electricity?
 ____ electric mess is ____ to end, can ____ on ____ flow ____?
 ____ when things will return to their ____ electric ____.
 ____ until ____ are able ____ get regular ____ again?
 ____ as electric supply goes, ____ can ____ to ____ it normalized?
 When ____ the ____ on?
 ____ likely ____ electric ____ will be restored considering ____ unrest ____ disruption?
 ____ we expect electricity ____ restored?
 ____ soon after ____ incidents will electricity ____ restored?
 When do we expect ____ to return ____?
 Is ____ an estimate ____ when ____ electric ____ be ____?
 ____ do ____ things to settle and restore ____?
 How long will it ____ our electric ____ to ____ normal amid ____?
 ____ it ____ before we have ____ power again?
 How ____ is ____ until we can depend ____?
 Is ____ any ____ when the ____ will be ____ to ____?
 ____ for ____ electricity supply to ____ expected amidst all ____ riots?
 When ____ on in ____ areas?
 How ____ it take for ____ power supply again?
 Can ____ long it will ____ our electric ____ to improve?
 ____ a ____ frame for ____ supply ____ return ____ normal?
 Are ____ any estimates ____ take for ____ electricity service ____ come back on ____?
 ____ of ____ chaotic situations around ____ will ____ supply come sooner ____ later?
 ____ is the expected ____ resolving all ____ the electric ____?
 When ____ is going ____ end, can we ____ power flow?
 ____ it be before we ____ rely ____ power again?
 When can we expect normal ____ disturbances?
 ____ anyone have ____ when we ____ flow of electricity?
 ____ there an ____ when we ____ experience electrical ____?
 ____ soon will ____ return ____ a stable ____?
 By when ____ we predict ____ the power ____ come ____?
 ____ you ____ the electric ____ will ____ to ____ after all ____ issues?
 Are ____ approaching a ____ is ____ to normal?

Considering ____ unrest ____ disruption ____ locations, ____ likely are ____ a restored electric ____?

____ electricity service ____ on ____ soon?

____ we expect the ____ supply to ____ to normal ____ are ____ in ____?

____ how soon ____ might ____ restored after these ____?

____ electricity come back ____ after ____?

____ is ____ frame for resolving ____ electric supply issues?

What ____ frame will ____ regular power ____?

Is there any ____ can anticipate a ____?

____ normal electric supply resume ____?

When ____ we expect ____ following ____?

____ the normal electric supply ____?

Do ____ have any ____ the electrical ____ be ____?

____ the ____ will power ____ stable?

Is ____ we ____ expect restored electrical services?

____ long does ____ take ____ electric supply to ____ on ____?

____ widespread ____ the expected time of return to ____ electrical supply?

Can ____ expect stability ____ grid after ____ the ____?

____ can electric ____ anticipated?

____ regular ____ be expected as ____ result of these ____?

____ regular electricity supply ____ be expected, ____?

When this ____ we count on ____ power flow ____?

____ electric ____ back to normal?

When ____ to have ____ back?

How ____ will ____ to normal?

How long ____ it ____ these ____ supply ____ are ____?

Will ____ an ____ when the electricity service will ____ normal?

____ need ____ know ____ be stable after all ____ disruptions.

____ should ____ our electric supply to ____?

Given the ____ areas right ____ how ____ expect a ____ to ____ power availability?

____ restore our electrical supply?

____ electric mess all ____ will things ____ to ____?

____ we ____ recovery after disturbance?

Will ____ supply return ____ after so ____ disruptions?

____ expected ____ for the ____ supply problems to ____ solved?

Could ____ predict when the ____ back to ____?

Is there ____ idea as ____ we will regain a ____?

How ____ can ____ get electrical ____ normal?

Is ____ way to know when ____ service ____ be ____ normal?

____ know ____ the power ____ normal in different areas.

____ it possible that ____ experience ____ power ____ these ____?

When can the ____ normal?

____ there ____ estimated ____ electricity to ____?

____ of ____ situations ____ various places will ____ come sooner ____ later?

____ we expect electrical ____ to ____?

____ the electricity ____ back ____ disruptions?

How long ____ take ____ problems ____ be ____ across locations?

Is it time ____ be ____ across the ____?

Can we expect ____ power ____?

____ electric supply isn't ____ when can we ____ to ____?

When ____ to normal?

Can _____ return to _____ stability?

_____ give us _____ when life will be _____ due _____ the _____ issues?

_____ a regular electricity supply _____?

Is it _____ good time _____ electricity _____ come _____ track?

After _____ the chaos _____ supply _____ back _____ normal?

How _____ can we _____ to return to _____ all _____ the _____?

Can there _____ a timetable for regaining _____?

The _____ is disrupted in _____ so when _____ to normal?

_____ possible _____ will be _____ to normal soon?

Is _____ a _____ will go _____ to normal?

With _____ disruptions _____ multiple places, when _____ be back _____?

_____ disruptions hitting multiple places _____ should _____ expect _____ come back on _____?

When _____ supply expected _____ return _____ normal?

Will _____ normal again across _____?

_____ is the anticipated timetable _____ resolving _____ supply _____?

_____ you know _____ we _____ able to _____ services restored?

_____ would _____ know when a regular _____ supply _____ expected?

_____ expect _____ in _____ to come back soon?

_____ all the _____ when will _____ power _____ to _____?

_____ all these _____ happening _____ places, when will the _____ supply _____ normal?

There _____ problems caused by significant _____ various _____.

_____ you know _____ supply _____ be normalized?

_____ it _____ for the electricity supply _____ return to _____ the _____?

It is _____ clear _____ power _____ back _____ normal.

When _____ electricity to come _____ line?

_____ power _____ all the disruptions?

_____ be before the electric supply problems _____ by _____ disturbances _____?

_____ our electricity _____ return to _____ the chaos?

Do _____ have an _____ when _____ electrical services back?

_____ expect _____ to _____ back?

When _____ to _____ on track?

When _____ we _____ electricity supply _____ return to _____?

_____ when normal _____ provision will _____ resumed.

_____ the unrest _____ across _____ locations, how _____ to _____ electric supply restored?

_____ quickly _____ we get our electrical _____ to _____?

_____ is _____ mess _____ over _____ will _____ get back to normal?

_____ long _____ the _____ supply returns _____?

_____ supply goes, _____ soon _____ we expect some semblance of _____?

_____ conventional _____ supply come sooner _____ later _____ of _____ situations?

Do _____ regular electricity supply _____ expected _____ major disruptions?

_____ might _____ supply _____ to normal?

I wonder when _____ to _____ regular state.

Is it possible _____ standardize energy _____ be _____ despite _____?

When _____ return to _____ all of the disruptions?

_____ turmoil facing _____ areas at _____ moment, how soon should _____ a return to _____?

_____ long until _____ to _____?

Can _____ us _____ life _____ a result _____ the electricity problems?

_____ when the _____ supply can return _____ normal.

How _____ will the _____ back _____?

Is _____ that electrical _____ estimation is _____ after _____?

Considering these widespread _____ different _____ what is _____ regular electrical _____?

Do you know _____ the _____?

After all _____ disruptions can _____ power to _____?

_____ power stability return _____?

Is it possible that _____ after _____?

Is it _____ until we _____ supply _____?

_____ should _____ hope for _____ return _____ normal power _____?

When _____ will _____ be restored in our _____ hullabaloo?

Can _____ us know when the electric _____?

_____ have _____ when we can experience restored _____ services?

_____ can _____ to _____ electricity back?

Is _____ estimation _____ these _____ events?

Do you _____ how _____ power _____ restored _____ the _____?

How soon _____ availability to _____ to normal?

_____ to _____ electricity to go _____?

_____ can we _____ power going back _____ normal?

I don't _____ when things _____ to _____ normal _____ state.

_____ regain _____ flow of electricity?

_____ can _____ regular power availability _____ disrupted areas?

_____ expect _____ supply _____ to normal _____ there _____ so many disruptions?

_____ can _____ expect _____ after the storm?

_____ can we expect _____ in _____?

_____ have _____ stability after all the _____?

Is it _____ to _____ regular _____ electricity _____ the disruptions?

_____ the power _____ is back _____ normal?

_____ it possible _____ to _____ a return to _____?

_____ all the _____ can we _____ stability to _____?

The _____ stable so when _____ it to _____ so?

How long _____ it _____ to _____ problems caused by significant disturbances _____?

_____ stability estimation _____ after _____ disruptions?

_____ can we expect _____ to _____ to normal, given _____ unrest?

_____ wonder if _____ time frame _____ be provided _____ normal supply _____.

Can _____ me an _____ electricity _____ will _____ back on track?

_____ can _____ the _____ electric _____ after a disturbance?

When the _____ supply _____ back _____?

Will we be able _____ electric _____ disturbed?

_____ an estimate on when the _____ service _____ be _____ to _____?

Can _____ on regular power _____ once _____ electric _____ over?

_____ long do _____ think the power _____ to _____?

How long _____ take _____ resolve all _____ problems caused by _____?

_____ don't know _____ the _____ will _____ back _____ normal.

How soon _____ expect _____ return to _____ when _____ many areas are _____?

_____ the power _____ return _____ normal after _____ of _____ disruptions?

When _____ we expect full _____?

Could it be _____ when _____ services _____ return _____ previous _____?

Will _____ electricity _____ come back _____ after _____ chaos?

Do _____ reckon _____ situation will _____ soon?

_____ power _____ be _____ in _____ areas.

_____ can we _____ regular _____ again?

Do you have _____ update on _____ can receive _____?

_____ you able _____ say _____ get better _____ we'll _____ enough electricity?

_____ we _____ supply quickly?

Is _____ estimated _____ disruptive _____?

How soon _____ expect _____ supply _____ return to _____?

Do you have an _____ on _____ electrical services?

_____ the _____ will finally return _____ after this _____?

_____ expect a _____ of electricity _____?

_____ can we _____ a _____ of normal _____?

_____ don't _____ when we _____ electricity provision to _____.

Is regular _____ expected amidst all _____?

Can _____ expect _____ to _____ back _____?

How long will _____ take _____ the electric supply problems _____ significant _____?

_____ if we can _____ a _____ power stability.

Is it likely _____ we will _____ restored _____?

_____ likely _____ we _____ see a restored _____ in _____ future?

When _____ supply can be expected _____ a _____ would _____ to _____.

_____ we expect electrical _____ to _____?

_____ can _____ expect _____ Supply to _____ to normal?

Could _____ the return _____ electric _____?

_____ the expected time _____ electricity?

_____ electricity will be back to normal.

How _____ can we expect _____ normal?

_____ the _____ mess _____ when _____ things return to _____?

_____ long _____ until we get _____ supply?

_____ we _____ electrical supply?

We _____ an _____ when _____ get _____ regular flow of _____.

How quickly _____ availability?

When to _____ to be back on track _____?

_____ see electricity _____ on track?

How _____ it _____ electric _____ issues to _____ across locations?

_____ long _____ it _____ resolve all _____ electric supply _____ by significant _____?

There _____ no _____ this _____ mess will _____.

_____ long does _____ take _____ power supply _____ normal?

Are _____ a point _____ electricity across _____ areas?

How _____ can _____ expect _____ to normal electric _____?

Do _____ when electric _____ to normal after _____ the _____?

Considering the widespread _____ places, _____ is the _____ to _____ electrical _____?

Do _____ know _____ the _____ supply _____ to normal?

At what point _____ to _____?

_____ electricity to come back?

Will electricity be _____?

_____ predict when _____ will return to normal _____ different _____?

_____ come back to normal _____?

_____ it possible _____ expect electricity to _____ widespread _____?

Will _____ be possible _____ restore _____ in spite _____ chaos?

_____ long _____ regular power supply _____?

Is _____ a time _____ electric _____ will return _____?

_____ stability estimation _____ occur after disruptive _____?

Is electrical stability _____ disruptive events _____ as _____?

_____ time for electricity _____ come back?

____ you ____ soon we'll ____ able to restore ____?
 Is ____ expectation ____ restoring consistent ____?
 When ____ expect the ____ electricity provision ____?
 ____ there ____ idea as ____ our ____ power back after this hullabaloo?
 When ____ expect ____ come back on ____?
 ____ major ____ hitting multiple ____ when ____ be ____ on track?
 ____ don't know ____ things ____ back to ____ electric ____.
 ____ things will get back ____ stable ____ state.
 How ____ before ____ start to ____ our ____ will be ____?
 Should ____ a ____ to normal power ____ now that ____ so ____?
 As ____ as ____ supply goes, ____ soon can ____ this ____ be ____?
 How ____ is it ____ for ____ to have ____ again?
 When can it ____ return?
 Are we ____ interruptions ____ return to normal?
 ____ to ask when ____ can expect ____ to return ____ normal.
 ____ can we expect the power ____ in certain ____?
 ____ electricity ____ when ____ are ____ disruptions?
 Is there ____ to ____ we ____ regain ____ regular flow of ____?
 Is there a time ____ you ____ electricity ____ back ____?
 ____ we ____ normal electricity ____ go back ____ normal?
 ____ settle ____ we ____ electrical access again?
 ____ electricity ____ normal again ____ areas?
 How ____ can ____ expect ____ to be ____ normal?
 How long ____ depend again ____ power?
 ____ soon will ____ distribution ____ electricity ____?
 How ____ electricity ____ normal?
 ____ estimate ____ the electricity service will be back to ____?
 Can you ____ get better with ____ electric supply?
 ____ expect electricity ____ come ____ quickly ____ these troubles?
 ____ how ____ we will have ____ back?
 Is there a ____ be ____ given the extensive ____?
 We are ____ widespread ____ supply.
 Is there ____ for ____ service to be stable ____?
 ____ able to ____ update on ____ we can experience restored ____?
 ____ will the power ____ after all ____ disruptions?
 Is ____ a possibility ____ regaining ____ regular flow ____?
 How ____ can ____ supply to return to normal ____ near ____?
 The ____ might ____ to get back to ____.
 ____ is it until we get ____ power ____?
 Any ____ when we will ____ flow of ____?
 Will electricity go ____?
 Can ____ regain ____ availability?
 ____ soon can we ____ electric ____ back ____?
 Will the ____ supply ____?
 Do ____ any estimates ____ the ____ will ____ back to normal?
 ____ tell ____ when ____ electric supply ____ be stable after ____?
 Is ____ estimation ____ after disruptive ____?
 ____ will it ____ for ____ to be able ____ on ____ again?
 ____ until ____ gets back on track ____ the ____ disruptions?
 ____ can we expect ____ disruptions ____ return to ____?

Will conventional _____ sooner _____ later in light _____ chaotic _____ around various _____?
 _____ the unrest _____ disruption in _____ locations, _____ are _____ to see a _____?
 _____ anyone give us _____ idea _____ life will be _____ of _____ issues?
 Do you _____ electricity can _____?
 After _____ the chaos, when _____ the electricity _____ normal?
 As far _____ electric _____ goes, how _____ can _____ expect _____?
 _____ you know when regular _____ be expected during _____?
 Is _____ an _____ on _____ experience restored _____ services _____ disruptive events?
 _____ back to normal soon?
 Could it be _____ electrical _____ become _____?
 _____ long _____ we can _____ on power _____?
 When will power _____ return _____?
 Are you _____ when the electric _____ be _____ after _____ issues?
 Is _____ possible _____ restore _____ energy distribution despite _____?
 _____ there a _____ when the electric _____ stable _____?
 _____ electric _____ return _____ normal?
 _____ on when _____ will be able to get electrical _____?
 How _____ it take _____ supply _____ to _____ across locations?
 Is electrical _____ forthcoming after _____?
 We don't know _____ long it _____ be _____ electric _____ goes _____.
 _____ soon will there be _____?
 _____ expect regarding power _____ in _____ areas?
 _____ major disruptions hitting multiple _____ electricity _____ return to normal?
 _____ the turmoil faced by _____ areas, _____ a return _____ power availability?
 _____ we _____ the _____ supply to _____ to normal _____ all _____ disruptions?
 How _____ we _____ steady power supply _____?
 How _____ take for _____ electric _____ disruptions to get _____ on _____?
 How _____ we _____ regular _____ availability?
 _____ of the _____ will conventional _____ come _____ or later?
 How _____ will it _____ for electric _____ be _____ normal?
 When _____ expect electricity _____ be back on _____?
 _____ the turmoil faced _____ soon should _____ anticipate a _____ to normal power availability?
 _____ after grand _____ every place?
 After all _____ disruptions, _____ can _____ power?
 _____ expected time for _____ of _____?
 When _____ we expect normal _____ come _____ on _____?
 _____ can we _____ a _____ power _____?
 _____ return soon _____ these _____ troubles?
 Can _____ us _____ will be _____ due to _____ electricity problems _____?
 Will _____ have a _____ recovery _____?
 Can you _____ when the electricity _____ be _____ normal?
 _____ we be _____ to _____ regular power _____ again when the _____ is _____?
 _____ an idea _____ things _____ return _____ stable electric state?
 _____ we _____ on _____ power flow once this _____ mess _____?
 _____ we predict _____ will be back to _____?
 I don't _____ things _____ return to being a _____.
 _____ we _____ flow _____ electricity again?
 _____ the _____ multiple locations, _____ electrical stability _____ forthcoming?
 How quickly _____ the power _____?
 _____ do _____ know when _____ return to normal.

_____ we be able to _____ regular _____ flow _____ when _____ mess _____?

_____ we _____ a return _____ power _____?

Will _____ normal again _____ affected _____?

_____ we _____ to _____ when _____ power _____ back to normal?

_____ the _____ distribution of power _____?

_____ is the _____ time frame _____ resolving all _____ supply _____?

_____ town, _____ will things get back to normal?

_____ electric supply _____ its _____ state _____?

_____ the electrical fiasco _____?

We _____ know _____ power _____ be _____.

_____ we expect the electricity _____?

_____ there a chance of _____ given these _____?

_____ can we _____ a _____ electrical _____?

Will our electricity _____ to _____?

_____ long will it take us _____ again?

Can _____ when _____ return _____ normal?

_____ us when electric supply _____ get _____ normal?

When can we _____ have _____?

Do _____ know when _____ be restored after _____?

_____ fast can _____ get _____ to _____?

Are _____ able to say _____ things _____ and _____ enough electricity?

How _____ will we _____ normal _____?

_____ electricity supply return to _____ after _____ the _____?

How long _____ it _____ to resolve _____ electric supply _____ caused _____?

Is there _____ update _____ have restored _____ services?

How quickly can we _____ supply _____ come _____ to _____?

Are electrical _____ estimates _____ disruptive _____?

The electric supply will likely _____.

_____ power _____ be expected _____ the disruptions?

_____ chaos blast _____ Normal _____?

How _____ can _____ recover the _____?

_____ the power _____ get _____ to _____ after all _____?

_____ possible _____ when things _____ settle down so _____ have enough _____?

Considering _____ disruptions _____ different _____ what is _____ return _____ supply?

_____ we _____ return _____ normal electricity provision?

_____ soon will _____ distribution _____ incidents?

_____ we _____ back to normal _____ supply?

_____ expect electricity to _____ back _____ track?

Will the _____ return to _____ disruptions?

_____ are widespread disruptions _____ different _____ what is the _____ supply?

When can we expect _____ restored after _____ significant _____?

Will _____ to normal after these _____?

When _____ normal electricity _____ be _____?

Do you _____ regular _____ can _____ expected during _____ riots?

_____ damaged spot _____ soon?

_____ this _____ mess all over town, _____ things get _____?

_____ will _____ back to normal?

_____ might _____ electrical supply _____ to _____?

What is the status _____ electricity _____ incidents?

Do you have _____ information _____ when _____ power _____?

Is the _____ going _____ come back _____?

_____ electricity _____ in affected areas _____?

_____ can we expect _____ supply to _____ normal?

There's no _____ when we'll _____ regular flow _____.

When _____ the electricity supply to get _____ all _____ disruptions?

_____ regular _____ distribution be _____ large disturbances _____ areas?

_____ anyone let _____ when _____ because of all the electricity _____?

How fast can _____ get _____ to _____ power _____?

After _____ when _____ we _____ to return to normal?

_____ electrical _____ estimation _____ from _____ events?

_____ you able to _____ us when the _____ be _____?

How _____ we regain _____ supply?

How long _____ the _____ supply _____ be _____ everything _____ to _____?

How _____ can _____ supply _____?

Will things get _____ normal after _____?

_____ idea _____ we _____ regain _____ regular flow of power?

Do you know _____ restored?

_____ widespread _____ different areas, what is the return _____ timetable?

_____ will _____ power _____ normal?

Will _____ power _____ back to _____ by _____ time _____ over?

_____ should electricity _____ to _____?

With major _____ lately, when should _____ be _____?

Is _____ any idea _____ to _____ the _____ service will _____ track?

_____ light of _____ situations around different places, will _____ electric _____?

_____ electrical stability estimation possible _____ disruptive _____ in _____?

_____ electricity _____ affected areas again?

_____ will the _____ return to _____ after a _____ disruptions?

We _____ when power will go _____ normal in _____.

_____ far _____ electric _____ goes, how _____ can we expect to see _____?

_____ if we can _____ to return soon.

_____ electricity supply _____ disrupted in _____ when _____ we _____ it _____ return to _____?

Can we anticipate when _____ will _____ to normal _____?

_____ you _____ to _____ us _____ electric supply will calm _____?

_____ can _____ our electric supply _____ calm _____?

_____ the unrest _____ disruption in various _____ likely is it _____ we _____ a _____ supply?

How fast _____ we get _____ availability after _____?

How soon _____ these _____ electricity _____ return?

_____ should _____ electrical _____ to be _____?

When _____ will return _____ is not _____.

_____ is _____ regular electrical supply going to _____?

_____ you think _____ electrical situation _____ under _____ soon?

_____ electricity be normal again _____?

Is there a _____ when things _____ to _____ electric _____?

Normal _____ after chaos _____?

_____ can _____ expect _____ supply _____ return to normal?

How long will _____ take the _____ to _____?

_____ widespread _____ what is _____ average time to return _____ regular electrical _____?

_____ electricity _____ the areas?

Is _____ an estimated time frame for restoring _____?

Can _____ return to _____ stability?

____ is no ____ when things ____ to ____ stable electrical ____.
 ____ we ____ able ____ rely ____ steady power again?
 ____ power distribution ____ again?
 ____ are ____ disruptions ____ areas so ____ is ____ for a return to regular electrical ____?
 ____ you ____ update on when we ____ electrical services?
 ____ mess all over town, ____ back to normal?
 ____ conventional ____ supply coming ____ later due ____ the chaotic ____?
 ____ any ____ to ____ the electricity service will ____ back to ____?
 ____ it possible ____ power ____ occur after these ____ disturbances?
 Do ____ electricity supply can ____?
 In ____ of ____ chaotic situations around various ____ will ____ supply ____ or ____?
 ____ things will ____ to a ____?
 How quickly ____ get ____ supply back ____?
 I ____ like ____ if electrical ____ estimation is ____ disruptive ____.
 ____ the ____ supply going ____ get ____ normal?
 ____ the ____ will ____ back ____ our ____ this hullabaloo?
 ____ expected timescale ____ resolving ____ these ____ supply problems?
 ____ come back ____ after ____ troubles?
 ____ can ____ anticipate normal ____ resume?
 When ____ electric ____ get ____ normal?
 When will ____ back to normal, ____ the ____?
 ____ the disruptions, ____ power be ____?
 ____ full electric recovery ____?
 Will ____ electric supply ____ later, ____ on ____ situations around various ____?
 ____ can we regain ____ supply?
 Do you ____ an ____ when ____ can be restored ____ events?
 ____ will ____ electricity provision ____?
 Is ____ time ____ for when ____ supply will ____ to ____?
 Do ____ know when regular ____ supply ____ be ____ amidst ____ disruptions?
 Is ____ a ____ regular ____ will come back?
 Considering the ____ different ____ what is the ____ to return ____ regular ____?
 ____ don't ____ when ____ will be ____ all ____ disruptions.
 Are there ____ estimates ____ when the ____ will return ____?
 ____ when things ____ going ____ get better with the ____ supply.
 ____ power distribution ____ expected as a result ____ large ____?
 What time ____ power supply ____?
 ____ until ____ able to rely ____ our ____ again?
 Is there a ____ our neighborhood will ____ have ____?
 ____ is ____ power ____ return ____ normal?
 ____ a return to power ____?
 Are we ____ stable electrical ____ quickly?
 How long ____ stable ____ more?
 When ____ end and things ____ to normal?
 Considering ____ in different ____ is the ____ regular electrical supply ____?
 How soon ____ electric ____ to return to ____ given ____ the ____?
 ____ there ____ when ____ service will be ____ to normal?
 When ____ the electricity to ____ back on ____?
 Do you ____ the ____ be stable again?
 Given these ____ we ____ a return ____ power ____?
 ____ be ____ to ____ a ____ to ____ power availability, but how ____?

Is _____ an _____ frame for _____ order in _____ supply?
 _____ are _____ chances of restoring standardize _____ spite of _____?
 _____ will _____ electricity provision resume _____ these _____?
 _____ to _____ to return _____ normal _____ major disruptions?
 Can anyone _____ update on _____ life _____ be _____ all _____ electricity problems?
 When can we expect _____ electricity _____ to _____ at _____?
 When will the _____ to normal _____?
 _____ power _____ back to normal _____ future?
 _____ the electricity _____ restored?
 _____ normal electricity come after _____?
 _____ anyone have _____ return to _____ stable electric state?
 How _____ electricity _____ to normal?
 _____ electrical stability _____ disruptive events?
 Is there _____ can expect _____ to be back _____?
 Is there _____ point _____ will _____ across _____ areas?
 Is there a _____ the _____ fiasco _____ over?
 _____ electricity supply be _____ these major _____?
 Can _____ tell us _____ life _____ be better _____ all _____ electricity _____?
 There are disruptions in different _____ what is _____ regular _____?
 _____ anyone _____ an idea of _____ life _____ be _____ of _____ these electricity _____?
 _____ get back _____ normal after _____ this _____ mess?
 _____ will _____ supply return to _____?
 _____ conventional _____ supply _____ a _____ of _____ situations _____ various places?
 _____ able to rely on _____ power _____ again _____ mess is over?
 _____ don't know when _____ will _____ stable electric _____.
 Is _____ after _____ disruptive events?
 Is electrical _____ estimation _____ events?
 _____ a _____ when electricity _____ restored across _____ areas?
 Are _____ to _____ restored _____ supply _____ to the unrest _____ disruption?
 It _____ certain when _____ power supply _____ return _____.
 After all _____ when _____ supply _____ back to normal?
 _____ the widespread _____ in different _____ the return to _____ supply _____?
 Can you _____ regular _____ will _____?
 _____ before we _____ know _____ the _____ will be back?
 I _____ when regular electricity supply _____.
 How quickly _____ we _____ availability?
 _____ know when normal electricity _____ will _____ restored _____ these _____.
 _____ this _____ get back to _____?
 How soon will _____ recent incidents?
 Is it possible we _____ flow of _____?
 _____ can we regain _____?
 When _____ we _____ recovery _____ a disturbance?
 _____ is not known _____ our electricity _____ will _____.
 When _____ predict _____ be back to normal?
 Can _____ anticipate _____ full _____ recovery _____?
 Will we be _____ power flow when _____ electric _____ ends?
 Is it _____ that the _____ will _____ stable _____?
 So when can _____ be _____?
 _____ you project sustainable _____ turbulence?
 How _____ is it _____ a restored electric _____?

Is _____ possible to _____ electric _____?

Given _____ disruptions _____ we _____ return to _____ stability?

_____ on when the electricity service _____ get _____ on track?

Is there _____ update _____ will _____ better because of _____ the _____ here?
