

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Signal and reception troubleshooting
Inquiry Sub-Category	Tree or object obstruction
Description	Customers may experience signal problems caused by trees, buildings, or other physical obstructions blocking their reception. This category involves helping customers find alternative antenna or dish placements or recommending professional installation services.
Data Size	6,437 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

____ a ____ person needed ____ if ____ are obstacles ____ large trees around our ____?
 ____ necessary for me ____ get a trained ____ to ____ dishes/antennas ____ there ____?
 ____ need ____ professionals to install dishes ____ large ____?
 Shouldn't a professional installr be ____ large trees ____ premises?
 Will ____ dish/antennas if there are large trees around?
 ____ need a trained expert ____ install ____ or antenna ____ obstructions ____ our ____?
 Is it ____ help to ____ up dishes or ____ tree ____ at ____?
 Do we ____ trained expert ____ or antennas ____ obstructions like ____?
 ____ installer ____ called ____ when ____ with large trees surrounding the ____?
 ____ installr ____ upon when dealing with the ____ surrounding our ____?
 ____ it necessary for ____ when setting ____ a ____ or ____ trees?
 ____ someone ____ training ____ dishes/antennas ____ a house ____ lot ____ tall trees?
 Should an expert be ____ for ____ if large ____?
 ____ it possible ____ around our ____ if there's a ____ trees?
 ____ the ____ expertise in installation ____ dishes and antennas?
