

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Fuel efficiency has significantly decreased
Inquiry Sub-Category	Worn spark plugs
Description	Customers may ask about the impact of worn spark plugs on fuel efficiency, seeking guidance on when and how to replace them to restore optimal performance.
Data Size	5,233 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ I be _____ economy due to aging ____?
____ due to worn sparks?
____ the aging spark bad _____?
Is ____ efficiency _____ aging sparks?
Is _____ to _____ decreased gas mileage _____ to old ____?
____ am not sure if ____ should _____ a decreased fuel _____ sparks.
____ I _____ about decreased ____ from ____ sparks?
Is ____ use ____ worry-ahead due _____?
____ any concern _____ MPG from old ____?
I wonder if I should _____ about _____ economy _____ aging ____.
____ spark ____ fuel economy?
____ concerned about ____ sparks' _____ mileage?
The _____ is dropping _____ of _____.
____ spark ____ could _____ consumption.
____ concern that the _____ is declining _____ old ____?
____ wonder if ____ lower gas mileage is _____.
Is this bad news if ____ sparks _____?
Older sparking _____ efficiency?
Does _____ decrease _____ from aged ____ matter?
Are older sparks _____ decline _____ fuel _____?
Is ____ a _____ my gas _____ down _____ old sparks?
____ wondering if I ____ worry about a _____ fuel _____ to aging ____.
____ a risk ____ be _____ decreased gas mileage due _____ sparks?
____ decreased _____ economy caused by _____?
____ aging sparks affect _____ gas mileage, is _____?
____ fuel economy go _____ to _____?
____ the fuel efficiency _____ aging ____?
Does _____ because _____ declining _____ performance?

____ it possible that sparks ____ out ____ mpg ____?
 ____ wonder if aging spark units will ____ diminished miles _____.
 Is ____ problem caused by ____ aging ____?
 I'm ____ if I should ____ about the reduced _____.
 ____ wear out, they ____ reduce _____.
 Should I be ____ mileage caused by ____ sparks?
 I wonder ____ worry me because of _____.
 ____ worn-out ____ going to affect ____?
 Is ____ caused ____ old sparks?
 ____ sparks messing ____ mpg levels?
 ____ there ____ need ____ about reduced ____ mileage ____ worn-out ____ plugs?
 I am ____ if there ____ decrease in fuel ____ aging ____.
 I wonder if ____ worry about ____ fuel ____ worn ____.
 Is ____ safe to worry ____ decreasing fuel economy ____?
 Is ____ spark ____ concern about ____?
 If ____ worn ____ may decline.
 ____ diminished miles per ____ be caused ____ spark ____?
 Are there ____ to older sparks?
 ____ to know if I ____ diminishing ____ mileage ____ to worn sparks.
 Is there ____ concern of ____ from ____?
 ____ if old sparks ____ on ____?
 ____ there a ____ worry ____ reduced ____ mileage from ____ out spark ____?
 Is ____ fuel ____ the old sparks?
 ____ make me worry about diminishing ____ mileage ____ worn ____?
 Is ____ about ____ sparks affecting ____ economy?
 Does ____ kill ____ gas ____?
 Older ____ impact fuel _____.
 Is ____ out that ____ levels are lowered?
 Is ____ gas ____ older ____ a ____ sign?
 Should ____ decreasing fuel economy due ____?
 I'm wondering ____ the decreased fuel ____ from ____ sparks.
 ____ am wondering if ____ should ____ a ____ the aging sparks.
 ____ any ____ over declining ____ from ____ sparks?
 Aging sparks, ____ you?
 ____ are ____ that will reduce gas _____.
 Wondering ____ sparks ____ mileage.
 ____ sparks ____ with mpg ____?
 ____ it ____ good idea ____ mileage from old ____?
 ____ it ____ to worry ____ decreasing ____ caused by worn ____?
 ____ fuel ____ may be ____ worn _____.
 ____ aging ____ bad news for ____?
 Is ____ mileage ____ with old ____?
 ____ fretting about reduced mileage ____ old ____?
 Are ____ worried ____ the ____ MPG from ____ sparks?
 Is ____ for fuel ____?
 ____ it worth ____ about ____ from old ____?
 Are aging ____ fuel efficiency?
 Is ____ by old spark?
 Is it possible ____ lower ____ is caused ____?
 Aging spark ____ result ____ in ____ economy.

I'm _____ about _____ MPG _____ sparks.

Is _____ about the effects old _____ mileage?

_____ wonder _____ less _____ is _____ to worn out _____.

_____ about old _____ fuel economy?

_____ old _____ cause _____ decline in _____?

Reduced mileage _____ be a _____ concern _____ aged _____.

The lower _____ mileage _____ caused by _____.

_____ about aging _____ affecting fuel _____?

Is _____ a _____ to _____ about the decreased gas _____ spark _____?

_____ less gas _____ due _____ out sparks _____ problem?

If sparks _____ they _____ gas efficiency.

_____ old _____ making fuel _____?

Is _____ decreased _____ economy _____ result _____ aging _____?

Is _____ worried _____ old sparks.

Is _____ units _____ to cause _____ per gallon _____ my _____?

Is there worn-out _____ lowering _____?

_____ the decreased _____ mileage due _____ sparks a _____?

Is _____ sparking a _____ in _____?

Concerns related _____ due to _____ sparks.

If sparks _____ worn out, _____ might _____.

Is _____ possible that fuel _____ is going _____ down _____ age?

_____ about decreasing MPG _____?

_____ I have to _____ the decline in _____ mileage _____ plugs?

_____ old sparks effect _____

I _____ if I _____ care _____ crummy _____ because _____ aging _____.

_____ spark making us worry _____?

Should I _____ worried _____ gas mileage _____ worn _____?

_____ don't _____ I should _____ about reduced mileage from _____.

Is _____ any concern _____ decline _____ from _____ aging sparks?

Is it _____ of _____ sparks _____ mpg _____ lowered?

Do I _____ to worry about the decreased _____ from _____?

_____ worn-out sparks _____ mileage _____?

Older spark units could lead _____ gallon _____ my _____.

_____ affect miles per gallon _____ my car?

_____ sparks _____ affect fuel _____.

_____ possible that _____ are worn out and _____ lowering _____?

_____ are old _____ gas efficiency.

Is there concern _____ the _____ economy?

Is it _____ are _____ mpg _____?

_____ dropping due _____ old sparks?

_____ over the _____ MPG _____ sparks?

_____ of _____ units _____ my car's miles per _____?

_____ it necessary _____ worry about _____ worn- _____ spark plugs?

I _____ if aging sparks _____.

_____ there concern _____ the effect _____ sparks on _____?

_____ problem _____ decrease fuel _____ because _____ worn sparks?

Is _____ a big _____ gas _____ caused _____ old sparks?

_____ older _____ of fuel efficiency?

I want _____ know _____ about _____ fuel economy because of _____.

_____ decreased fuel economy due to aging sparks.

_____ to _____ about _____ reduced mileage _____ old sparks?

_____ it the fuel economy _____ of _____?

I wonder _____ aging _____ fuel _____.

_____ spark _____ result _____ fuel economy.

_____ slight decrease _____ from old sparks relevant?

_____ it _____ worry about the _____ mileage from _____ plugs?

Are _____ old _____ affect fuel _____?

_____ a concern _____ gas mileage _____ of worn _____?

_____ it concerned _____ the _____ of old _____ on _____?

Is this _____ about declining _____?

Is it possible that older spark _____ to less _____ car?

_____ low gas mileage _____ old _____?

_____ cause a decline _____ fuel _____?

_____ that _____ units could _____ to diminished miles per _____?

Are _____ old enough _____ decline in _____ efficiency?

Is _____ waning MPG _____ aging sparks?

Concerns _____ declining MPG from _____?

Older _____ cause _____ decline _____ issues.

Is _____ out sparks _____?

Is _____ gas _____ by _____ sparks _____?

Aging _____ hurt fuel _____.

Is _____ me _____ of less gas _____ due _____?

_____ lower gas _____ due to aged sparks.

_____ it _____ to _____ economy caused by worn _____?

Are you _____ about _____ decline in _____ from _____.

Older sparks _____ decline in _____.

I _____ if aging sparks will cause _____ decrease _____.

_____ decline _____ economy from old sparks matter?

_____ making my fuel efficiency _____?

_____ sparks are _____ out _____ efficiency.

_____ efficiency _____ worry for Aging _____.

Can _____ spark units _____ miles per _____ my _____?

_____ I be _____ gas _____ caused by old sparks?

_____ about _____ old _____ have _____ mileage?

Is _____ efficiency _____ to aging sparks?

_____ reduced gas mileage _____ to aged _____.

Should _____ be worried about _____ mileage due _____?

_____ worth worrying _____ decreased gas _____ due _____ sparks?

_____ MPG from older sparks?

Wondering if _____ efficiency _____ worsened by _____ spark _____?

_____ it _____ good idea _____ worry about _____ economy _____ by worn _____?

_____ I _____ about _____ economy because of _____ sparks?

_____ concerns about _____ MPG _____ old _____?

Is it worried _____ MPG?

There _____ concerns over _____ decline of _____ from _____?

_____ will _____ a _____ decrease _____ efficiency from aged _____.

_____ economy _____ because of old _____?

Is _____ aging _____ fuel _____?

Fuel economy goes downhill _____.

_____ is _____ older sparks cause a _____ in fuel efficiency _____.

_____ about _____ effect _____ mileage

Is _____ to worry about _____ economy due _____ aging _____?

_____ decline _____ to old sparks.

_____ be a _____ decrease in _____ aged sparks?

Older _____ plugs _____ less _____ mileage.

Older sparks could result _____.

Concerns over _____ aging _____?

_____ older _____ responsible for a decline _____?

Should _____ care about the _____ mileage _____ aging _____?

_____ I _____ about diminished _____ mileage _____ to old _____?

_____ older _____ a decline _____ efficiency?

Is _____ sparks are reducing _____ levels?

_____ bad gas _____ to aging _____?

If aging _____ kill my _____ mileage, _____?

_____ there any concern over _____ MPG _____ sparks?

_____ concerns _____ lower _____ mileage _____ of old sparks.

_____ sparks are worn _____ efficiency can _____.

_____ concerned about the declining MPG from _____?

I wonder if I should _____ gas _____ due _____ sparks.

_____ spark affecting fuel _____.

Will I _____ the _____ mileage from _____?

_____ the _____ decrease in fuel _____ sparks _____ it?

Is _____ a problem _____ mileage _____ due to old _____?

_____ about _____ mileage due to _____

I _____ wondering _____ I _____ worry _____ economy _____ of aging sparks.

I _____ to _____ if _____ should worry _____ a _____ fuel _____ aging sparks.

_____ I _____ about mileage _____ sparks?

_____ be concerned _____ the lower _____ caused by _____ old _____?

_____ wonder if I should _____ about _____ due _____ worn _____.

The fuel _____ be _____ aging _____.

Is _____ fuel economy _____ of _____?

If _____ can affect gas efficiency.

_____ should _____ worried about _____ gas mileage due _____ worn sparks.

_____ I be _____ about _____ fuel _____ due to worn _____?

_____ affecting fuel _____?

_____ am wondering _____ there is _____ fuel _____ the aging sparks.

Does anyone _____ concerns _____ the _____ from aging _____?

Is there _____ concern _____ MPG _____?

_____ wonder if I _____ worry _____ fuel _____ caused by _____.

Is reduced mileage _____ reason _____ sparks?

I _____ if _____ should worry about a decreased _____ by _____.

Aging _____ fuel _____ yes?

Is _____ in MPG _____ aged sparks _____?

Is _____ the lower gas _____ is _____ by old _____?

_____ worn out sparks are _____ the _____ levels?

Old _____ might _____ lower _____.

_____ worry about _____ MPG _____ old _____?

_____ can _____ gas mileage.

Should _____ be _____ by _____ mileage _____ of old sparks?

_____ fuel economy could _____ sparks.

_____ be a cause _____ with old sparks.

Was _____ the decline _____ MPG from old _____?

_____ there _____ decrease in _____ from old _____?

Aging _____ fuel economy.

_____ sparks _____ decline in fuel _____.

_____ about diminishing _____ mileage _____ to worn _____.

If sparks _____ out _____ reduce _____.

Is fuel _____ worried _____ by _____?

Anxious _____ out _____ reduce _____ efficiency.

_____ it _____ concern _____ miles _____ is falling _____ to worn-out _____ plugs?

_____ slight _____ in fuel _____ from old _____ important?

I wonder _____ I _____ worry _____ a decreased _____ sparks.

Is _____ by the _____ spark?

_____ there _____ concern _____ the declining _____ from aging _____?

_____ it better to _____ gas mileage due _____ sparks?

Should I care _____ mileage _____ crummy _____ of aging _____?

Older sparks may contribute _____ a _____ issues.

Will _____ spark _____ vehicle's mileage?

Fuel efficiency _____ decline _____ older _____ involved.

_____ I _____ for _____ mileage from _____ sparks?

_____ you _____ sparks _____ affect fuel economy?

Will _____ lose miles per _____ for _____ of aging _____?

_____ is making fuel _____.

I _____ I should _____ crummy _____ due to aging sparks.

Over time, _____ gas mileage due to old _____?

Was it _____ about old _____?

_____ impacting fuel efficiency?

Older _____ less petrol _____?

_____ worn _____ that could affect _____ efficiency.

There _____ gas mileage due _____ aged sparks.

Older _____ less _____ efficacy.

Are _____ concerned _____ aged _____ for _____ mileage _____?

_____ worn out _____ bad _____ gas _____?

_____ it necessary to _____ decreased _____ mileage _____ out spark plugs?

Old sparks _____ cause decreased _____.

Is _____ about declining _____ from _____?

_____ lost gas mileage _____ sparks _____ bad sign?

_____ fuel economy down due _____?

_____ you _____ aging sparks will _____ fuel _____?

Older sparks _____ cause _____.

Is _____ a concern to _____ about _____ sparks?

_____ wondered if _____ should worry about _____ economy because _____ sparks.

Should _____ worried about _____ mileage _____ to _____ sparks?

Is _____ aging sparks causing _____ decline _____?

_____ about lower _____ mileage _____ of _____

Is it _____ about the _____ gas mileage _____ plugs?

_____ am _____ if _____ be _____ about the decreased fuel economy caused _____.

_____ you have concerns _____ the _____ in _____ from _____?

I'm _____ if I _____ about _____ decrease in fuel economy _____.

Is _____ per _____ due to _____ spark _____ cause for concern?

_____ be _____ about lower _____ to aging sparks?
 _____ fuel economy _____ be _____ by _____.
 _____ it a _____ fuel economy due _____ worn sparks?
 _____ about _____ mileage due to _____ sparks.
 _____ are concerns over _____ declining _____ aging _____?
 _____ the _____ fuel economy _____ result _____ aging sparks?
 _____ efficiency worry about _____?
 Are you _____ in the MPG _____ old _____?
 _____ drop in the _____ economy because _____ old _____.
 _____ sparks _____ gas mileage?
 _____ there any concerns over _____ decline _____ sparks?
 There _____ a drop _____ Fuel _____ due _____ sparks.
 _____ goes _____ as a _____ of old _____.
 Wondering _____ aging _____ fuel _____?
 _____ a _____ to _____ fuel _____ because of _____ sparks?
 Old sparks _____ fuel _____ to _____.
 _____ fuel economy decline _____ sparks?
 I wonder _____ I should _____ about lower _____ caused by _____.
 Should _____ decreased _____ mileage because of old sparks?
 Do I _____ about lower gas mileage from _____?
 _____ worn-out sparks _____ levels?
 _____ decline _____ fuel efficiency when _____ are older?
 Wondering _____ will affect _____ economy?
 _____ in my fuel efficiency due _____ old _____?
 Is less gas _____ due _____ worn-out _____?
 Will _____ slight _____ fuel economy from _____ affect the _____?
 Is there _____ risk of lower _____ old _____?
 _____ I need to _____ about _____ from _____ spark plugs?
 Is _____ wise _____ worry _____ from old _____?
 _____ about _____ fuel economy _____ by _____ sparks.
 Is decreased _____ reason to _____ concerned about _____?
 _____ it _____ gas _____ is _____ by worn out sparks?
 _____ wonder if old sparks cause _____ efficiency.
 Is the decreased _____ due _____ aging _____?
 _____ there _____ decrease _____ MPG from aged _____?
 _____ it bad _____ sparks _____ off _____ gas _____?
 Is less _____ due _____ worn _____ sparks a _____ for _____?
 Is _____ possible _____ old sparks cause _____ in _____ efficiency _____?
 Could the _____ be related _____ aging sparks?
 Is _____ any concern _____ decreasing MPG from _____?
 Is _____ affect fuel efficiency issues?
 _____ slight _____ fuel efficiency from old _____ affect _____ outcome?
 I am _____ I _____ be concerned _____ fuel economy _____ to old _____.
 The _____ is _____ by old _____.
 _____ fuel efficiency _____ due to _____?
 _____ gas mileage due _____ worn _____?
 _____ older _____ decrease fuel _____?
 _____ it a _____ to _____ fuel economy _____ sparks?
 Will a _____ in _____ from _____ sparks?
 I _____ I should worry about _____ decreased _____ economy _____ of _____ old _____.

____ economy ____ be affected ____ worn ____.
 ____ I should worry about decreasing fuel ____ because _____.
 ____ there ____ need to worry ____ mileage from ____ spark plugs?
 Is it because of ____ sparks ____ mpg ____ are ____?
 ____ sparks can ____ the _____.
 ____ the decline ____ been caused ____ aging sparks?
 ____ be ____ about the lower ____ mileage ____ of old ____?
 Is ____ mileage with old ____ bad ____?
 Is it necessary ____ about ____ gas ____ worn out spark ____?
 I ____ if ____ about ____ mileage due to ____ sparks.
 ____ worry ____ fuel economy ____ of worn sparks?
 Shouldn't my ____ economy be ____ sparks?
 ____ decline in fuel ____ may be ____ older ____.
 ____ bad ____ fuel economy?
 Fuel economy ____ affected by _____.
 ____ sparking ____ mean less _____.
 ____ cause a decline in _____.
 I ____ wondering ____ worry ____ a ____ fuel economy due to _____.
 ____ wonder if aging ____ are causing ____ fuel efficiency.
 ____ aging sparks ____ mileage?
 Fuel efficiency ____ may ____ due _____.
 Is ____ to ____ about reduced ____ from old ____?
 Is a ____ due to ____ sparks?
 Could ____ be ____ to aging ____?
 ____ sparks ____ a ____ in ____ efficiency?
 Reduced ____ may be a ____ for ____ sparks.
 ____ it a ____ gas ____ go down due ____ old sparks?
 ____ the ____ gallon ____ worn-out spark plugs a concern?
 ____ fuel ____ by worn sparks?
 Aging sparks _____.
 ____ it ____ that fuel ____ is ____ declining ____ performance?
 ____ bug ____ because ____ mileage ____ to worn out sparks?
 ____ I ____ be ____ about the ____ mileage ____ worn out ____ plugs?
 Is the ____ fuel ____ worry?
 ____ necessary for ____ to ____ decreasing fuel ____ caused by worn ____?
 Does a ____ old sparks matter?
 Is ____ economy ____ because ____ sparks?
 Do ____ cause a decline ____ efficiency?
 ____ wondering if I ____ worry about ____ decrease ____ economy ____ the ____ sparks.
 Is ____ units related to diminished ____ for my ____?
 ____ aging ____ units have an ____ my car's ____ gallon?
 ____ mileage due to old ____ a ____?
 ____ it necessary ____ worry ____ decreased ____ worn ____ spark plugs?
 I ____ if ____ decreased fuel economy from aging sparks.
 Reduced ____ may ____ a reason ____ with old ____.
 ____ it worth fretting ____ fuel ____ due ____ worn ____?
 Does ____ spark ____ diminished miles per ____ car?
 ____ sparks ____ to blame ____ the fuel ____ dropping.
 ____ spark making fuel efficiency ____?
 If ____ sparks ____ my mileage, ____ news?

_____ mileage _____ be _____ cause for _____ with _____ sparks.

Is _____ about the effects of _____ mileage?

Is it possible that _____ mileage _____ to _____?

Is it worried about fuel _____?

Fuel _____ downhill because _____ old _____.

_____ be _____ about _____ decrease in gas mileage _____ to _____?

I _____ wondering if _____ worry _____ decrease _____ fuel economy due _____ sparks.

Is there a decrease in _____ old _____?

_____ are concerns _____ lower gas _____ aged sparks.

_____ older _____ a decline _____ fuel _____?

Is there _____ of _____ gas _____ due _____ sparks?

Are you _____ the MPG _____ old sparks?

The _____ economy is _____ sparks.

If _____ are worn-out, _____ gas _____.

Is fuel _____ spark?

_____ wonder if I should _____ mileage _____ from _____ sparks.

Should _____ attention _____ decreasing fuel economy _____ by _____?

Is _____ decline _____ fuel efficiency _____ by older _____.

Is _____ sparks _____ for _____ mileage?

_____ time _____ be _____ by lower _____ by old sparks?

Is there _____ MPG _____ aging sparks.

_____ I _____ the _____ gas mileage _____ spark plugs?

_____ need to _____ about _____ mileage _____ worn out spark plugs.

Old _____ lower _____ mileage.

_____ sparks _____ be causing _____ in _____ fuel efficiency.

_____ appropriate _____ concerned about _____ gas _____ due _____ worn sparks?

_____ I be _____ mileage due to worn sparks?

_____ whether _____ sparks will _____ fuel _____.

_____ a slight _____ the _____ the sparks affect the _____?

Is fuel _____ old spark?

Should I be concerned about _____ gas _____?

Is diminishing _____ by _____ sparks?

_____ lower gas _____ caused by _____?

Is aging spark _____ on _____?

Does _____ reduced _____ old _____ me?

How about _____ fuel _____?

Is _____ bad to _____ gas _____ to worn sparks?

_____ I _____ worried about the _____ in _____ to aging _____?

Is it _____ crappy mileage _____ ancient spark plugs?

_____ aging _____ decline in fuel _____?

I _____ should worry about a _____ due _____ aging sparks.

I _____ be alarmed by _____ gas _____ caused _____ old _____.

I _____ if I should worry _____ fuel _____ to aging _____.

_____ that older _____ means _____ petrol efficacy?!

Is _____ inefficiency caused _____ the _____?

Concerns due _____ gas mileage _____ to _____.

Do _____ about reduced mileage _____ old sparks?

Should _____ be concerned about the _____ gas _____ of _____?

_____ if old _____ effect _____.

Should I _____ due to worn sparks?

_____ sparks _____ worn out, _____ efficiency _____.

Aging _____ gas mileage.

Is _____ safe _____ about reduced _____ old sparks?

_____ it possible that _____ are _____ the mpg _____?

Is concerned _____ MPG _____ old _____.

_____ the lower gas _____ because _____ aged _____.

The _____ economy _____ to _____ sparks.

_____ slight decrease in _____ from old _____ you?

_____ older _____ to _____ decline in fuel _____?

_____ don't know _____ should be _____ about _____ gas mileage _____ sparks.

_____ old sparks' effect _____

_____ worry _____ efficiency?

_____ you have concerns over _____ aging sparks?

Should I _____ concerned _____ on _____ economy _____ by _____ sparks?

_____ gas mileage _____ aged sparks.

Older sparks _____ gas mileage.

Is it possible _____ gas mileage could be _____?

_____ fading _____ performance _____ use?

_____ could _____ gas mileage.

_____ concern _____ declining _____ old sparks?

_____ if _____ worry _____ decrease in fuel _____ because _____ aging sparks.

Fuel economy _____ old _____?

_____ fuel efficiency _____ aging?

I _____ concerned _____ gas mileage _____ worn sparks.

Is it _____ that _____ units will _____ miles per _____ car?

I wonder _____ I should worry _____ a _____ aging sparks.

_____ might be causing fuel _____.

Is the aging _____ hurting _____?

Should I _____ concerned _____ the _____ gas mileage _____ by _____?

_____ a danger of _____ mileage _____ by _____ sparks?

I wonder if _____ spark _____ fuel _____.

_____ the _____ due to old _____?

_____ be _____ gas _____ due to worn _____.

_____ loss of gas _____ sparks a _____ sign?

_____ are _____ about _____ aging sparks.

Is _____ the worn-out _____ lowering _____ levels?

Is _____ to _____ crummy _____ because of _____ sparks?

Are _____ worried about decreased _____ economy _____ of _____?

_____ the worn-out sparks causing _____ fall?

_____ that _____ sparks _____ decreasing mileage levels?

I _____ if _____ a _____ economy because of the aging _____.

If _____ sparks kill _____ is _____ bad _____?

_____ be _____ diminishing gas _____ due to worn _____?

_____ it because _____ the mpg levels are _____ down?

_____ might cause _____ fuel _____.

Any _____ MPG from _____ sparks?

_____ there _____ decline _____ efficiency _____ older sparks?

Is _____ concerned _____ affecting fuel _____?

_____ wonder about _____ mileage _____ sparks.

_____ caused by old sparks?

____ I ____ by ____ gas ____ caused by ____ sparks?
 ____ possible that worn-out sparks ____ the ____?
 Is it ____ lowering mpg ____?
 Aging ____ may ____ fuel ____.
 ____ if ____ should think ____ a decreased ____ to aging sparks.
 Is it possible that ____ gas ____ old ____?
 I ____ if I ____ worry ____ decreased fuel economy ____ to ____ sparks.
 ____ there a decline ____ fuel efficiency ____?
 I ____ like to ____ aware of ____ due ____ worn ____.
 ____ with decreased gas ____ worn-out spark plugs?
 ____ my gas mileage is killed by ____ bad ____?
 ____ for fuel economy?
 I am ____ if ____ care about a ____ fuel ____ due ____.
 ____ my ____ efficiency ____ aging sparks?
 ____ the cause of lower ____?
 ____ know ____ I ____ about decreased fuel economy due ____ aging ____.
 Should ____ be ____ about my gas mileage ____ sparks?
 Is ____ time to be ____ about ____ worn sparks?
 ____ sparks is ____ worry-ahead?
 ____ spark ____ lead to diminished ____ gallon for my ____?
 ____ I ____ the effect ____ worn sparks ____ economy?
 Should ____ about less gas ____ due ____ out sparks?
 Any concerns ____ decline ____ aging sparks?
 Does ____ my gas ____?
 Is reduced ____ old ____ a ____?
 Did ____ economy ____ of ____ sparks?
 Is ____ about aging ____ economy?
 Reducing ____ from old ____ me.
 ____ I need to ____ the ____ gas mileage ____ worn-out ____?
 ____ worn-out ____ mileage?
 Is the ____ fuel economy due ____ sparks ____?
 Is worn ____ mpg ____?
 ____ I ____ concerned about decreasing ____ due to ____?
 ____ the ____ down because ____ old ____?
 ____ it possible ____ spark units ____ lead ____ less miles ____ my car?
 Do I ____ to worry ____ mileage ____ spark plugs?
 ____ sparks affecting fuel economy?
 ____ may contribute to a ____ in ____.
 Should I be concerned about ____ decreasing ____ by ____?
 ____ there ____ risk of reduced ____ from ____?
 Are ____ about how ____ MPG?
 Wondering if you're ____ declining MPG ____?
 Do ____ aging ____ affecting fuel ____?
 Is ____ a ____ of decreased fuel ____ caused ____?
 ____ older ____ cause ____ decline in ____ issues?
 ____ old ____ affecting ____?
 Is the aging ____ worry?
 ____ loss of ____ mileage with aging sparks ____?
 ____ mileage ____ old sparks should ____.
 Is aging ____ going ____ lead to less mileage ____?

____ I be ____ about ____ mileage from ____ sparks?
 ____ worried ____ aging sparks ____ fueleconomy?
 ____ you ____ any ____ over ____ MPG ____ aging sparks?
 Should I ____ worried about the ____ due to ____?
 Is there ____ lower gas ____ sparks?
 Is ____ to worry ____ lower gas ____ spark plugs?
 ____ slight ____ MPG from aged sparks ____ it?
 Is it ____ concern ____ miles ____ gallon ____ falling due ____ plugs?
 ____ the worn-out sparks ____ the ____ levels ____ go ____?
 I was wondering if I ____ worry ____ old ____.
 Shouldn't ____ reduced mileage ____ old ____?
 Is ____ declining MPG from ____ spark?
 ____ about the ____ aging ____ have on ____.
 Is ____ that ____ fuel ____ is going ____ decrease ____ plugs age?
 Old ____ be ____ the drop in fuel ____.
 Is decreased gas ____ sparks a ____?
 ____ don't ____ if I ____ worry about ____ from ____ sparks.
 ____ there any ____ mileage from aging ____?
 ____ not sure if I should ____ old sparks.
 ____ gas mileage ____ sparks a cause ____ alarm?
 Older ____ petrol effectiveness.
 ____ may ____ to a decline in ____.
 Is ____ idea ____ be worried about diminishing ____ mileage ____ worn ____?
 Fuel ____ goes down ____ old ____.
 ____ use worry-ahead because of ____?
 ____ there ____ over decreasing MPG from ____?
 I am ____ about ____ gas mileage caused ____.
 ____ the older ____ fuel ____?
 Will older ____ units ____ gallon for my ____?
 Is it ____ worry ____ decreasing gas ____ worn-out ____ plugs?
 Is ____ worried about ____ mileage?
 Are ____ concerned ____ decreased ____ economy ____ aging sparks?
 There's concern ____ lower ____ mileage ____ aged ____.
 ____ sparking ____ less petrol ____!
 Should I ____ about the reduction in ____ sparks?
 ____ the ____ gas mileage ____ aging sparks ____ sign?
 ____ wondering if ____ units ____ diminished miles per gallon.
 ____ sparks ____ blame ____ lower gas ____?
 ____ aging ____ cause ____ inefficiency?
 ____ worn sparks reduced ____?
 Is ____ a ____ gallon is falling because of ____ spark ____?
 I am concerned about ____ to worn ____.
 Will ____ decline ____ efficiency be ____ older sparks?
 ____ I be bothered by less ____ due ____ out ____?
 Is ____ concern over the declining ____ aging ____?
 ____ slight decrease in ____ per gallon ____ old sparks?
 ____ about ____ mileage ____ to ____ sparks.
 Concerns ____ a lower gas mileage ____.
 Is there a ____ gas mileage ____ of ____?
 Is it a ____ will diminish ____ to ____ sparks?

_____ I need to _____ the _____ in gas _____ spark plugs?
 Is it a bad _____ diminishing gas _____ due to _____?
 _____ can _____ fuel _____ issues.
 _____ concerned _____ the lower gas _____ due _____ sparks.
 If aging _____ gas mileage to decline, _____ news?
 _____ issue with aged sparks?
 _____ a slight decrease in MPG _____ sparks _____?
 _____ gas _____ due _____ old sparks.
 Should I _____ effect of _____ on fuel economy?
 _____ to worry _____ reduced mileage from old _____?
 Fuel _____ be _____ of aging _____.
 _____ gas _____ due to aged _____ a _____.
 Is it _____ good idea _____ be alarmed _____ gas _____ sparks?
 Will _____ aging of _____ miles per gallon _____ my _____?
 Older sparks _____ to _____ a _____ in fuel _____.
 Is decreasing _____ due to aging _____?
 _____ it possible _____ is _____ mileage due to _____ out _____?
 _____ worried _____ the _____ of _____ MPG from _____ sparks?
 _____ less _____ because of _____ out sparks?
 Is _____ that _____ sparks _____ affecting _____?
 Should I _____ about diminished _____ to aging _____?
 _____ worry about reduced mileage _____ sparks?
 Is _____ fuel _____ worried by _____ spark?
 Older sparks _____ gas mileage.
 _____ are lower _____ mileage _____ old _____.
 Is _____ concern _____ aging _____ decreasing _____ MPG?
 _____ may be causing _____ efficiency.
 I _____ I should be concerned _____ diminishing _____ to worn _____.
 There is _____ concern _____ the _____ MPG _____ aging _____?
 _____ be concerned _____ diminished _____ old sparks?
 Is _____ cause for _____ with _____ sparks?
 Older _____ may cause _____ decline _____.
 _____ wondering _____ should worry _____ decreased _____ economy due to old _____.
 Concerns _____ effect _____ mileage _____ old _____?
 Is _____ sparks _____ the mpg levels _____?
 Will the decline in miles _____ by the _____?
 _____ worn-out _____ for _____ levels?
 Do I _____ to _____ worn- out spark plugs?
 Does anyone have _____ declining _____ from _____ sparks?
 Is _____ mileage is _____ from old sparks?
 _____ be _____ reduced mileage _____ old sparks?
 _____ efficiency going down _____ of _____?
 _____ wonder if my _____ of old sparks.
 _____ am concerned _____ from _____ sparks.
 Should I _____ worried _____ my _____ mileage decreasing _____ old sparks?
 _____ may _____ to blame for _____ mileage.
 There _____ concern _____ lower gas _____ due _____ sparks.
 _____ concerned about the decreasing _____ old _____?
 Did the _____ due _____ old _____?
 _____ spark plugs a sign of _____?

_____ cause a _____ in fuel efficiency _____?
 _____ sparks _____ to _____ decline in fuel _____?
 _____ aging sparks ruin my _____ bad news?
 I _____ wondering _____ decreased fuel economy _____ due _____ sparks.
 Am _____ about _____ decline in _____ sparks?
 _____ it _____ the effect old sparks _____ mileage?
 Will _____ aging of _____ affect my car's _____?
 Shouldn't _____ concerned _____ gas mileage due to _____?
 If _____ out _____ reduce gas efficiency.
 _____ there _____ concern _____ diminishing gas _____ due to _____?
 _____ old _____ cause a _____ in _____?
 Is _____ sparks _____ mileage _____?
 Is there any _____ the _____ MPG _____ sparks?
 _____ worries about _____ spark plugs affecting _____?
 Is _____ sparks affecting _____?
 _____ be concerned _____ decline in _____ mileage due _____ worn _____?
 I _____ I should _____ by the _____ gas _____ caused by _____.
 Does _____ efficiency _____ because of _____?
 Is _____ sparks _____ the _____?
 I wonder _____ spark _____ making fuel _____.
 Was _____ about _____ fuel economy?
 I wonder _____ diminishing _____ mileage _____ to worn sparks.
 Are you concerned _____ old _____ less _____?
 Older _____ can _____ efficacy.
 _____ economy can drop _____ old _____.
 Do _____ older _____ cause _____ fuel efficiency?
 Older sparks could be _____ a _____.
 _____ possible _____ decreased fuel economy is a _____ sparks?
 _____ it _____ there _____ a slight _____ MPG _____ aged sparks?
 There's lower _____ mileage _____ of _____.
 Do _____ worry _____ mileage due to _____ sparks?
 Is _____ worried about _____ declining MPG _____?
 Will I _____ diminished _____ per _____ my _____ of aging spark _____?
 _____ a slight decrease in _____ sparks?
 _____ you have concerns _____ the declining _____ sparks?
 Is _____ about decreasing _____ from _____ sparks?
 _____ you worry _____ of the _____ from _____ sparks?
 _____ the _____ in _____ related to aging _____?
 _____ fuel efficiency _____ by aging _____?
 _____ a _____ idea _____ give crummy gas _____ old sparks?
 _____ to _____ for a decline in _____ efficiency.
 _____ means less _____ efficiency?
 _____ it concerned about _____ effect _____ mileage _____ old _____?
 Is _____ sparks lowering _____?
 _____ mileage _____ reason for concern _____ sparks?
 Will a _____ decrease in _____ old _____ affect _____?
 If sparks are _____ reduce gas _____.
 _____ you worried _____ declining _____ from _____?
 Do _____ about the _____ MPG from old _____?
 _____ it _____ worry about reduced _____ from _____ sparks?

_____ spark _____ less gas mileage.

Is _____ necessary to _____ in gas _____ worn out _____ plugs?

Is decreased mileage _____ concern _____?

Older _____ cause _____ in fuel _____.

Do _____ old enough to _____ a decline _____?

_____ there any concern _____ efficiency from _____ sparks?

Is _____ decreased _____ mileage due to old sparks?

_____ a concern about decreased fuel _____ to _____?

_____ be worried _____ a decrease in _____ mileage _____ old _____?

Fuel _____ aging _____.

Fuel efficiency _____ related _____ sparks.

Concerns about a lower _____ aging _____.

Is worried about _____ of _____ mileage?
