

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Tires worn out and need replacement
Inquiry Sub-Category	Tread Pattern Selection
Description	Customers consult regarding the best tread pattern options for their specific needs, such as all-season, winter, or performance tires, aiming to optimize grip, handling, and overall performance.
Data Size	5,253 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ tread design will help ____ hydroplaning ____ rainstorms ____?

Which tire tread ____?

Which tire design ____ standing ____ and heavy ____?

There ____ tire designs ____ during ____.

____ there tire ____ that can ____?

Which tires don't ____ my car to ____ or ____?

Which ____ is ____ important ____ preventing ____?

____ of tire does ____ hydroplaning during rainy ____?

Which tires ____ make ____ car ____ wet ____?

Do you know of ____ that ____ storms?

The ____ tires ____ downpour and ____?

Does ____ design minimize ____ in ____?

Which ____ tread ____ hydroplaning ____?

What sort of ____ in ____ incidents?

Some ____ will prevent ____.

Is there ____ that prevents ____ in ____?

____ tire tread helps ____?

____ a tire ____ hydroplaning ____ in ____ heavy rain?

Which ____ is the best for ____ in ____?

On rainy ____ of tread ____?

____ there ____ tread ____ avoids ____ driving in wet conditions?

____ type of tread ____ helpful ____ hydroplaning ____?

Which tire pattern ____ hydroplan ____ rain ____ puddles?

Does any tire design ____ hydroplaning risks when ____?

____ do ____ think ____ slipping ____ rain?

An ____ design ____ heavy-rain hydroplaning?

____ would a ____ used ____ protect against ____ in flooded ____?

Which tread ____ in the wet?

Which _____ avoids rain _____?

_____ there be a _____ configuration _____ during rainstorms?

_____ a specific _____ pattern _____ against _____?

What _____ of tires _____ to _____ in flooded areas?

How do I _____ to avoid skidding _____ rains?

_____ type _____ wheel _____ use to _____ skidding in _____ rain?

Which _____ design _____ hydroplaning _____ rainstorms?

Do _____ tire _____ prevent hydroplaning when _____ rain?

_____ pattern prevents _____ when _____ with _____ rain _____ water?

Which tire _____ best _____ hydroplaning during a _____ rainstorm?

During heavy _____ which _____ design _____ help _____?

Some _____ might prevent _____.

When faced with heavy _____ or _____ the road, _____ pattern _____?

Which _____ during storms?

Best _____ downpour _____ puddles?

Which type _____ tread _____ for _____ hydroplaning _____?

The best tire _____ puddles?

An _____ avoid _____ rain hydroplaning?

_____ tire _____ is _____ best for heavy _____?

_____ treads prevent hydroplaning _____ and _____?

There _____ designs that _____ prevent dangerous _____.

_____ days, what type _____ tread is _____?

The _____ tire _____ use in _____?

Is _____ possible _____ a specific _____ pattern to _____?

_____ tread pattern _____ hydroplaning _____ is _____ rains?

_____ avoid heavy-rain hydroplaning, what _____ the _____?

_____ pattern prevents hydroplaning _____ is heavy rain _____ water _____ the _____?

_____ right _____ will _____ related skids.

_____ a tire design prevent _____?

Which _____ best for _____ hydroplaning during _____?

_____ tire _____ protects from _____?

Which _____ allow my car _____ in heavy _____?

What tire _____ avoids _____ in the _____?

Which _____ design _____ prevent _____ heavy _____?

_____ design helps _____ in _____ rainstorms?

Can some _____ help _____ water?

_____ help _____ dangerous hydroplaning _____ rainstorms?

You _____ choose the _____ tread _____ rain _____ skids.

Is the _____ the tire ideal _____ avoid _____?

Which tire tread does _____ the _____?

Best _____ or puddles: _____ skidding?

_____ rainstorm-safe _____?

Will _____ certain _____ reduce _____ risk of _____?

_____ any _____ reduce hydroplaning _____ in rain or _____?

_____ type _____ tire tread _____ avoid _____ in rainy _____?

It's a question _____ the best tire _____.

Is there _____ of _____ that _____ hydroplaning _____ rain?

_____ tread _____ better _____ preventing hydroplaning during heavy _____?

Which _____ is _____ for _____ hydroplaning?

_____ tire _____ causes _____ hydroplaning during _____?

Which tread design _____ weather?

_____ prevent _____ skids, _____ should _____ the _____ tread.

For _____ choose _____ right tread.

_____ prevents _____ in _____ or puddles?

_____ you suggest _____ from sliding in the rain?

_____ tire _____ is _____ that _____ hydroplaning?

_____ a tread _____ that can help _____ hydroplaning in _____?

_____ tread _____ safest on _____ days?

_____ prevents hydroplaning in _____ conditions?

Which _____ hydroplaning in _____?

_____ prevents puddles _____ hydroplaning?

What _____ the _____ tire designs _____ in flooded areas?

The _____ can prevent _____ heavy _____.

_____ type of _____ you from _____?

_____ there a _____ that _____ prevent _____ storms?

_____ tire _____ in wet conditions?

Do you _____ tread pattern _____ hydroplaning _____ conditions?

Which tire _____ would _____ best to avoid _____?

_____ tire tread stops hydroplaning _____?

_____ designs _____ risks in standing puddles _____ heavy rain?

There _____ tire _____ minimize water _____ the rainy _____.

_____ are _____ designs that are _____ hydroplaning _____ heavy rainstorms.

Which _____ in the rain?

Which tread _____ hydroplaning when _____ heavy rains?

_____ for heavy downpour _____

_____ tire _____ is best _____ avoid _____ in _____ rains?

_____ pattern _____ the _____ to protect _____ hydroplaning?

Can _____ pattern _____ risk _____ hydroplaning in wet _____?

_____ tread pattern be used _____ avoid hydroplaning _____?

Can you give me _____ patterns _____ water _____?

Is there a tire pattern _____ hydroplaning _____?

_____ the recommended tire _____ for _____?

_____ heavy rain _____ puddles, does any tire design _____?

_____ design _____ heavy rainstorms?

Can you _____ me _____ a _____ hydroplaning?

Which tire design is _____?

Which tire _____ prevents _____?

_____ you _____ tread pattern that helps _____ hydroplaning during _____?

_____ certain tire pattern _____ hydroplaning?

Can _____ recommend _____ pattern that _____ during rainy _____?

The right _____ can _____ used _____ rain _____ skids.

How about _____ in _____ rain?

Which _____ design is _____ water or heavy _____?

What would _____ the _____ tire _____ protecting _____ hydroplaning _____ areas?

Which _____ types _____ storms?

Do _____ tire _____ risks when _____?

_____ minimize hydroplaning _____ in _____ rain or standing _____?

_____ right tread _____ to prevent _____ skids.

_____ a certain tire _____ risk of _____?

What _____ can avoid _____?

Which ____ tread ____ avoid ____ during ____?
 ____ tire ____ addresses ____ heavy rainstorms?
 ____ tread ____ avoid ____ in ____ weather?
 ____ there a ____ won't ____ my ____ in ____ or puddles?
 Which tire ____ against ____?
 A tyre ____ hydroplaning is ____?
 ____ make ____ car skid in heavy rain.
 Can ____ tell ____ if a ____ prevents ____ storms?
 Which type ____ tread ____ hydroplaning?
 ____ specific tire ____ hydroplaning in ____?
 How ____ choose ____ right ____ thread to avoid skidding ____?
 Which tires won't ____ my ____ heavy ____?
 Is ____ tire ____ for ____ rain?
 ____ any ____ prevent hydroplaning ____ storms?
 Does ____ tire design ____ risks ____ rain ____ heavy?
 What ____ can prevent ____ heavy ____?
 ____ tire ____ can ____ hydroplaning?
 Which ____ not make my ____ skid ____ or ____ puddles?
 ____ know what tread is safe ____ rainy days?
 ____ there ____ tire that won't ____ my car skid ____?
 ____ tire ____ may prevent ____ in ____.
 Does ____ tire ____ risks ____ heavy rain?
 Which ____ prevent hydroplaning ____ heavy ____?
 ____ might prevent hydroplaning during ____?
 ____ tire designs ____ could prevent ____ hydroplaning during ____.
 ____ best tires ____ rain ____?
 ____ tire ____ best ____ avoid hydroplaning?
 ____ is best ____ avoid hydroplaning in heavy ____?
 ____ any ____ design ____ hydroplaning risks ____ heavy ____?
 Can ____ dangerous hydroplaning in ____?
 ____ tread pattern ____ during ____ rains?
 Can a ____ minimize hydroplaning ____ heavy ____?
 ____ tread ____ helpful in ____?
 Which tread ____ help ____ hydroplaning ____ heavy ____?
 ____ are tire ____ in heavy rainstorms.
 Best ____ floods?
 Which tread ____ to prevent ____?
 ____ design is ____ to prevent ____ amidst ____?
 Is there a ____ stops hydroplaning in ____?
 ____ what ____ of ____ is best for driving ____ rainy ____?
 Which ____ is best ____ hydroplaning during ____ rains?
 Do you ____ what type ____ tread ____ safest ____ driving ____?
 ____ on tire ____ that minimize water ____ rain.
 ____ tire tread ____ hydroplaning ____ storms?
 Which tires ____ my car ____ when ____?
 ____ there ____ tread pattern ____ can ____ avoid ____ the rainy ____?
 ____ tread is best ____ prevent aquaplaning ____ storms?
 ____ tire design ____ hydroplaning ____ rainstorms.
 Can certain ____ reduce the risk ____ roads?
 ____ tire design should ____ during heavy ____ or ____ areas.

____ tire ____ is ____ effective against ____ in ____ rain?
 ____ tire patterns that ____ minimize ____ sliding ____ rainy ____.
 ____ tire designs ____ in heavy ____
 Which ____ of ____ is helpful ____ rainy ____?
 Which ____ pattern ____ for preventing ____ heavy rains?
 ____ stop flooding?
 ____ of tread help against ____?
 ____ tire ____ with ____ rainstorms?
 Which ____ best for ____ puddles?
 Is there ____ pattern that ____ risk of ____?
 Which ____ pattern ____ better at ____ when ____ with heavy ____?
 ____ there any advice on ____ patterns that ____ minimize ____ on ____?
 ____ you recommend ____ patterns that ____ avoid hydroplaning ____?
 ____ faced with ____ flooded areas, ____ should the ____ design look ____?
 ____ pattern ____ the risk of ____?
 ____ know ____ type of ____ ensures safe ____ on rainy ____?
 ____ a tire ____ minimize hydroplaning ____ heavy ____?
 Does ____ tire design ____ risks ____ heavy ____ puddles?
 Which ____ control in the ____ pools?
 What is the ____ that ____ against ____?
 Which ____ pattern is the best ____?
 Which ____ pattern ____ in the ____?
 ____ tire ____ reduce hydroplaning risks in ____ or ____?
 Which tire ____ hydroplaning?
 How ____ best wheel thread ____ in the rain?
 Do ____ recommend ____ tread pattern ____ hydroplaning during ____?
 How ____ treads?
 Does ____ specific ____ during rainstorms?
 ____ cause my car to ____ during ____ rain?
 ____ tire design reduce ____ puddles?
 Is there a ____ during ____?
 Do you ____ tread is necessary for safe ____ days?
 ____ hydroplaning in the ____?
 Which ____ can prevent hydroplaning ____?
 I need advice on ____ to minimize ____ rainy ____.
 ____ pattern ____ avoid ____ in puddles?
 Which ____ pattern ____ in ____ conditions?
 How ____ designs ____ to prevent ____ heavy storms?
 Do ____ recommend the best tires ____ heavy ____?
 Can a ____ of tread ____ against ____ puddles?
 ____ type ____ tire reduces ____ rainy ____?
 ____ tread ____ prevent rain-related skids.
 How ____ I ____ a ____ thread that won't ____ in ____?
 ____ tire designs ____ risks ____ heavy ____?
 You should ____ right ____ to ____ rain-related ____.
 Which ____ pattern ____ is rain?
 ____ tire pattern able to reduce ____ of ____?
 For ____ what tire ____ is ____?
 Which ____ cause ____ car ____ in heavy rain?
 ____ design work ____ heavy rain?

Can ____ suggest ____ that would ____ hydroplan ____ storms?

Which ____ pattern ____ to keep ____ a minimum?

____ of ____ best for ____ hydroplaning?

____ tread types curb ____ in ____?

____ tires ____ the heavy ____ or ____?

____ tread ____ drivers ____ on rainy days?

____ design will ____ prevent ____ rainstorms?

____ is the ____ tire design ____ protect ____ hydroplaning in ____?

There are ____ designs ____ used to ____ hydroplaning.

____ tread ____ for rainy days?

Best tires for ____ downpour ____ a ____.

____ tyre ____ that ____ heavy-rain ____?

Which tire ____ likely to ____ storms?

I ____ advice ____ tire patterns ____ don't ____ to slide ____ days.

____ you ____ tread pattern that ____ avoid hydroplaning ____ the ____?

____ the ____ design ____ designed ____ avoid heavy-rain ____?

____ specific tread ____ against ____ and puddles?

____ control in rainstorms ____ pools?

Which tread ____ better ____?

Which design ____ tire ____ the ____ hydroplaning?

____ tread ____ would prevent ____ rainstorms?

____ tire design ____ best during ____?

What ____ pattern would ____?

____ treads ____ the vehicle from ____ in ____ rain?

____ you tell ____ about a ____ pattern ____ can help ____?

Do any ____ designs decrease hydroplaning ____ rain ____ puddles?

____ tire ____ prevent ____ in storms?

____ tackles hydroplaning in ____ heavy ____?

Which tire ____ the best for ____ during ____?

Can ____ help reduce hydroplaning ____ roads?

____ safe treads?

____ tire designs ____ prevent dangerous ____

What ____ the ____ design to ____ during heavy rains?

Which ____ of tires ____ in avoiding ____ rainy ____?

____ tire ____ can be ____ to ____?

What ____ the ____ type of ____ on ____ days?

____ certain tire designs ____ in ____?

____ tread is helpful ____ stopping ____?

____ of ____ can avoid hydroplaning?

Does ____ specific ____ design protect ____ in ____ rain?

____ days ____ type ____ is required?

What ____ of ____ keeps ____ safe ____ rainy ____?

____ looking for advice ____ tire patterns ____ minimize water ____ on ____.

____ tire ____ risks when there ____ heavy rain?

Are there ____ designs ____ hydroplaning?

There are ____ designs ____ prevent hydroplaning ____ weather.

____ can help prevent ____ skids.

Which tread ____ helps ____ hydroplaning when the ____?

A ____ design ____ heavy-rain ____ is ____.

____ used to prevent hydroplaning during ____ rainstorms?

____ tread design ____ during heavy ____?
 ____ tire ____ heavy ____ or puddles?
 Can a ____ pattern ____ rainstorms?
 ____ tire design reduce ____ in rainy ____?
 ____ help prevent ____ hydroplaning?
 Which tread ____ stops ____ rainstorms?
 ____ you ____ any advice on ____ patterns ____ reduce ____ on ____ days?
 ____ tread ____ prevent puddle ____?
 ____ a ____ design ____ hydroplaning ____ there is ____ rain?
 Can ____ suggest ____ wouldn't hydroplan during ____?
 ____ certain ____ help ____ storms or ____?
 Is ____ designs that ____ hydroplaning?
 There is a ____ configuration ____ prevent ____ in ____.
 Can ____ suggest a ____ that will ____ hydroplaning ____ conditions?
 ____ pattern ____ the risk ____ in wet roads?
 The ideal ____ could be ____ hydroplaning.
 Which tires ____ cause my ____ skid ____ rain?
 ____ tire ____ hydroplaning during heavy ____?
 ____ tires ____ not make my ____ in heavy rain ____?
 Do ____ think ____ design ____ ideal ____ avoid hydroplaning?
 Which tire design ____ best ____ hydroplaning during ____?
 ____ driving through ____ what tread ____ hydroplaning?
 Does ____ design ____ hydroplaning ____ during ____ rain or standing ____?
 Is there ____ tire ____ hydroplaning?
 ____ a ____ treads that ____ hydroplaning ____ the rain?
 ____ hydroplaning during ____ or ____ water, ____ tire ____ is best?
 Which tire ____ puddles?
 ____ tread is needed ____ on rainy days?
 ____ tire tread ____ puddles and ____?
 Which ____ pattern ____ avoid ____?
 ____ tread ____ prevents hydroplaning ____ driving ____ wet ____?
 Which tread design helps ____?
 ____ pattern ____ hydroplaning ____ rain?
 ____ it ____ tires to ____ skidding in ____ or water?
 ____ recommend ____ tire that ____ against hydroplaning ____ storms?
 ____ a ____ pattern enough ____ against rain and ____?
 ____ tire designs to ____ the rain.
 What ____ of tread ____ days.
 ____ tires ____ or puddles?
 An ideal ____ design ____ heavy-rain ____?
 Best ____ to ____ for ____ or ____?
 ____ can prevent dangerous hydroplaning?
 Suggestions ____ tire patterns that ____ slide on ____?
 ____ kind of ____ safest ____ driving in ____ rain?
 ____ you ____ of ____ that curb ____ storms?
 What are the ____ protecting against ____ heavy rains?
 There ____ a thread ____ prevent aquaplaning ____ rainstorms.
 Do you ____ specific tread ____ to prevent ____?
 Which ____ more ____ to ____ hydroplaning?
 ____ better control ____ rainstorms?

Do you _____ prevent hydroplaning?

_____ tire _____ not _____ in precipitation?

_____ there _____ that can help _____ hydroplaning?

_____ tire _____ with hydroplaning _____ rain?

_____ of tire _____ helps avoid _____ during _____ rainy _____?

_____ rainy _____ type _____ tread _____ safe?

Which tires will _____ my car _____ on _____?

_____ tire pattern avoids _____ in _____?

Which _____ is best for _____?

How should _____ design _____ to _____ heavy storms?

_____ any _____ design reduce _____ risks during _____?

_____ a _____ tread _____ help against _____ puddles?

_____ tire tread protects _____?

_____ on tire patterns _____ water _____ on rainy days.

What _____ the _____ prevent hydroplaning?

_____ a tire _____ risk of hydroplaning on _____ or _____ puddles?

_____ tread _____ prevents _____ wet conditions?

Which tire _____ hydroplan _____ puddles.

Are there treads _____ vehicle _____ sliding in the _____?

What _____ be used to protect _____ hydroskidding _____ flooded _____?

_____ a _____ thread configuration used _____ prevent _____ during _____?

_____ specific tread _____ against _____?

Can you tell me _____ best _____ heavy _____?

Do you recommend _____ patterns _____ can _____ during _____ conditions?

_____ prevents hydroplaning _____ there is water _____ rains?

Can _____ recommend _____ pattern that would _____ hydroplaning during _____ season?

Is _____ a _____ that _____ hydroplaning?

Which _____ design _____ be _____ avoiding hydroplaning?

There are Tread _____ that _____ in _____.

_____ tread can _____ in the _____?

_____ tread _____ water _____ storms?

Which tread _____ will _____ prevent _____?

How do _____ the _____ avoid skidding during storms?

Do tire _____ dangerous _____ rainstorms?

Does any tire design reduce _____ or _____?

_____ a _____ curbs _____ during storms?

_____ any tire _____ minimize _____ when _____ is heavy _____?

_____ design avoids _____ during rainstorms or _____?

_____ type _____ tread _____ during _____ weather?

When _____ are heavy _____ flooded areas, _____ would _____ the _____ design?

Is it possible to _____ storms or _____ tires?

Which _____ prevents _____

Can you suggest _____ prevent the vehicle from _____?

Which _____ tread _____ in _____ storms?

What _____ design _____ heavy rainstorms?

There _____ types that _____ curb _____ in the _____.

_____ tire design _____ heavy rain _____?

_____ avoid hydroplaning incidents?

_____ tire pattern _____ not _____ in _____?

Can you _____ me _____ best for _____ hydroplaning?

____ tire ____ hydroplaning in ____?
 ____ avoids ____ when it rains?
 The right ____ help ____ skids.
 Does ____ design ____ it rains?
 Do you ____ tyres should ____ avoid ____ hydroplaning?
 ____ recommended ____ of tire ____ protecting against hydroskidding ____ flooded ____?
 ____ type ____ is recommended ____ rainy ____?
 ____ you ____ treads that curb ____ in ____?
 What kind ____ safe ____ driving ____ rainy days?
 Which ____ does ____ allow ____ in ____ or puddles?
 There ____ tire designs ____ hydroplaning?
 Which ____ of tread can be ____ avoid ____?
 What tread design should ____ aquaplaning ____ storms?
 Which tire ____ in heavy ____?
 Will tire ____ prevent ____?
 The ____ design for tires ____?
 Which tread ____ prevents ____ when faced ____ rains ____?
 ____ defends against ____ in ____ rainstorms?
 Is there any ____ of ____ in the ____?
 Do ____ hydroplaning ____ during ____ rain ____ standing puddles?
 To ____ rain-related skids ____ should choose ____.
 Can ____ a tread pattern that ____ during rainy ____?
 ____ any treads ____ slipping when it ____?
 ____ tire ____ prevents ____ in wet ____?
 How about ____ hydroplaning in the ____?
 Which ____ pattern is ____ hydroplaning?
 ____ downpour-safe treads?
 ____ tire ____ heavy rains ____?
 ____ is better ____ hydroplaning ____ rainstorms?
 ____ is the ____ tire design ____ hydroskidding ____ there ____ heavy rains?
 ____ tire ____ most effective at ____ hydroplaning?
 Will ____ pattern affect ____ of hydroplaning ____ roads?
 Which ____ tread saves ____ hydroplaning?
 The ____ tire ____ in ____ rain?
 ____ there ____ that curbs hydroplaning ____ the rain?
 Does a specific tread ____?
 ____ tread designs ____ used ____ prevent ____ during heavy ____?
 ____ the recommended tire design ____ protecting ____ hydroskidding ____ flood ____?
 Is there a tread ____ that ____ in the ____?
 ____ pattern ____ prevent hydroplaning ____ wet roads?
 The ____ design can ____ prevent hydroplaning ____.
 What ____ tire ____ for protecting against ____?
 The ____ for ____ downpour or ____?
 ____ do ____ find a ____ thread that ____ downpours?
 ____ to ____ heavy ____ or puddles?
 ____ tread is helpful when ____?
 ____ heavy rains ____ water on ____ which tread pattern ____ better?
 Should ____ specific tread ____ and puddles?
 There are ____ designs ____ prevent ____ in heavy ____.
 The tread ____ be the ____ one ____ rain _____.

Is _____ a type _____ that _____ hydroplaning incidents?
 _____ tire pattern is most effective _____ avoiding _____?

Which _____ tread is more helpful _____ rainy _____?
 _____ are _____ that _____ in storms.

What _____ treads?
 _____ tread _____ good for _____ hydroplaning during rainy _____?

What _____ avoids hydroplaning when _____ wet _____?
 _____ tread can _____ avoid _____ incidents?
 _____ a _____ of _____ curbs hydroplaning in storms?

There are _____ water _____ on rainy days.
 _____ a tire _____ the risk _____ hydroplaning _____ roads or in _____?
 _____ tire tread _____ more _____ storms?

Which _____ the least hydroplaning _____?
 _____ rainy _____ type _____ tread is _____?
 _____ that prevent dangerous hydroplaning?

Which _____ cause my car _____ skid in _____ rain?
 Is _____ advice _____ tire patterns to prevent _____ days?
 Which _____ pattern does _____ puddles _____ rain?
 Is _____ on _____ patterns that minimize water _____ it _____?
 _____ you _____ a _____ that won't _____ during _____ storm?

Which tread _____ help _____ in _____?
 Can _____ recommend treads _____ will _____ vehicle _____ in the _____?
 Can _____ me what tread _____?

There _____ designs that prevent _____ storms.
 _____ design can _____ used to avoid hydroplaning _____?

Which _____ stop _____ in the _____?
 Does the _____ of the _____ rain?
 _____ a tread _____ be _____ to avoid _____ conditions?
 _____ works best _____ and rainstorms?

Which _____ prevent hydroplaning _____ rainstorms?
 Is there a thread _____ prevent aquaplaning _____?
 _____ you drive _____ what type of _____ safe?

Is _____ recommended tire _____ for _____ hydroskidding?
 Are there a _____ configuration that _____ rainstorms?
 _____ types that reduce _____ rains.

There _____ designs _____ can _____ dangerous _____ during rainstorms.
 What _____ of tread _____ protect against _____?
 _____ design is best for _____ aquaplaning during _____?

What tire design would _____ recommended for protecting _____?
 Does a _____ hydroplaning _____ during heavy _____?
 Which tread _____ better _____ in _____?
 _____ best for protecting against _____ in _____ rains?

Which tire _____ best _____ rain _____?
 Do you _____ will help _____ hydroplaning during _____ conditions?
 _____ works _____ to prevent _____ during storms?
 _____ you recommend a tread _____ hydroplaning _____ rainy _____?
 _____ helps avoid hydroplaning in _____ weather?
 _____ tread _____ will _____ during heavy _____?
 _____ type _____ tire _____ helps with rainy _____?

Which tread _____ better at preventing _____ is wet?

_____ tire _____ reduce hydroplaning _____ in the _____?

_____ tires don't cause _____ to _____ rain _____ puddles?

Which tread helps _____?

What _____ the _____ for _____ against hydroplaning in _____ areas?

The _____ tyre design would _____ heavy-rain _____.

Which _____ for avoiding standing water during _____?

Which _____ pattern _____?

On _____ days, _____ tread is safest _____ drive _____?

_____ tyre _____ avoid heavy-rain hydroplaning.

_____ better _____ in the rainstorm?

Is _____ a _____ that will _____ avoiding hydroplaning?

_____ will _____ my car skid in heavy _____?

Is _____ tire design that prevents dangerous _____?

Which _____ doesn't _____ in _____?

_____ tire pattern _____ wet?

_____ prevent puddles?

Is there _____ tire _____ avoid _____ hydroplaning?

_____ design _____ prevent hydroplaning during _____?

Which tire tread _____?

When faced _____ heavy rains _____ areas, _____ the _____ design _____ protecting?

The tire design _____ hydroplaning in _____.

_____ of tread can prevent _____?

_____ tire that does not hydroplan during _____?

_____ heavy rainstorms _____ puddles, _____ will prevent hydroplaning?

The _____ prevent rain-related _____.

_____ tire _____ hydroplaning _____ rainstorms?

Which _____ prevent _____ the _____?

Is there _____ of _____ curb hydroplaning?

Which _____ treads _____ hydroplaning _____?

_____ tread design _____ the _____ to _____ aquaplaning _____ storms?

Is _____ of hydroplaning _____ a _____ tire pattern?

_____ tires _____ avoid _____ during rainy weather?

Which tire _____ is _____ avoiding _____ rainy weather?

Which _____ prevent _____?

_____ specific _____ be used to protect _____ rainy _____?

Which tread _____ better _____ in _____?

Advice on tire _____ cause _____ to _____ on rainy _____?

_____ right tread can prevent _____.

_____ tire _____ is the _____ against _____ grip during rainstorms _____?

_____ tires for _____ downpours _____

_____ kind _____ tread is safe _____ on _____ rains?

How _____ the _____ wheel _____ to _____ skidding _____ the rain?

Do you _____ tread _____ help avoid _____ the _____ season?

_____ has improved _____ when _____ rains?

_____ a _____ tire _____ the risk _____ hydroplaning?

What tread design _____?

_____ pattern _____ hydroplaning _____ puddles?

_____ design tackles hydroplaning _____?

_____ tires _____ ride _____ the _____ or _____?

_____ you _____ won't hydroplan during storms?

What ____ pattern reduces ____ through ____ conditions?

Can ____ specific ____ protect against the ____ and ____?

Which ____ better ____ the rain or ____?

____ design is ____ standing ____ or heavy rains?

____ suggest a tread ____ that ____ avoid hydroplaning ____ weather?

____ tires will not ____ skid in ____ or on the ____?

How ____ pattern that helps ____?

____ wet conditions, which tread ____ hydroplaning?

____ tread offers ____ control in ____?

What tread ____ hydroplaning during ____?

A ____ the risk of ____ on ____ roads.

____ do ____ hydroplaning incidents ____ type of ____?

Which ____ avoids hydroplaning ____ the ____?

____ faced ____ rains ____ flooded ____ what should the ____ tire design ____?

____ tire design to avoid ____?

Will the ____ of hydroplaning ____ reduced by ____?

____ are tire designs ____ could ____ in ____.

There ____ tire ____ dangerous hydroplaning.

____ a ____ pattern protect ____ rainy ____?

____ possible that a ____ pattern can ____ the risk ____?

Which tread design ____?

____ specific ____ guard against rain?

Do ____ recommend ____ pattern ____ in rainy conditions?

Are ____ tire ____ can ____ hydroplaning?

____ helps ____ hydroplaning accidents?

____ deals ____ hydroplaning in heavy ____?

Do ____ tire ____ reduce hydroplaning ____ in ____ or ____?

____ skids can ____ prevented ____ choosing ____ right tread.

____ tire ____ fights hydroplaning ____?

Can ____ suggest ____ tread ____ that will ____ hydroplaning in ____?

Which ____ pattern is ____ best to ____ from ____?

____ tread ____ avoid ____ incidents?

Do ____ know which ____ hydroplaning?

How do I find ____ right wheel ____ the ____?

____ you suggest a tread ____ that helps ____ rainy ____?

Which tire designs ____ heavy ____?

____ tire design ____ with hydroplaning ____?

Does ____ skidding in ____ water?

Do ____ tire design tackles ____ in heavy ____?

Which ____ tread does ____ in ____?

Which ____ design will ____ prevent hydroplaning ____?

Do ____ hydroplaning risks ____ wet?

Will a tire ____ of ____ on ____ or puddles?

Does ____ design reduce hydroplaning ____ conditions?

____ kind ____ is best ____ hydroplaning incidents?

What's ____ tire to use ____?

____ safest tread for ____ on rainy ____?

What is ____ tread ____ hydroplaning during ____ rains?

Which ____ best ____ heavy rainstorms?

What ____ be best for protecting against ____ and ____?

____ do ____ choose the ____ wheel ____ to avoid ____ ____ ____ rain?
 ____ ____ design addresses ____ ____ heavy rainstorms?
 ____ tread design is ____ for ____ aquaplaning ____ heavy ____?
 Which ____ ____ ____ help prevent ____ ____ heavy rainstorm?
 Is ____ ____ ____ that can help ____ ____ during rainy conditions?
 When faced ____ ____ rains or ____ ____ ____ road, what ____ pattern ____ best?
 ____ ____ pattern ____ prevent ____ in ____ wet?
 ____ specific tread ____ ____ against ____ ____ puddles?
 ____ faced with heavy ____ ____ ____ pattern ____ best?
 ____ ____ tread avoids ____ incidents?
 ____ there a ____ ____ best ____ heavy ____?
 Which ____ ____ ____ the best ____ preventing hydroplaning ____ heavy ____?
 ____ the ____ ____ design ____ protecting against ____ during heavy rains?
 What ____ of ____ is ____ ____ ____ days?
 To ____ hydroplaning ____ ____ ____ which ____ design is best?
 ____ are ____ types ____ prevent hydroplaning ____ ____ rain.
 Which ____ ____ is best ____ ____ or ____?
 Which tire ____ ____ best ____ avoid hydroplaning ____ rainstorms or ____ ____?
 Is ____ a design ____ ____ ____ in ____ rain?
 There ____ tire ____ that ____ best for ____ ____ during ____.
 ____ type of ____ tread ____ avoid hydroplaning ____ the ____?
 ____ type ____ ____ ____ essential for safe driving on ____ ____?
 ____ ____ design ____ hydroplaning ____ heavy rainstorms?
 When there are heavy ____ or ____ on ____ road, ____ ____ pattern ____ ____?
 To prevent ____ related ____ choose ____ ____ ____.
 Which type of ____ ____ ____ helpful ____ the ____ season?
 ____ tire design would ____ ____ ____ protecting against hydroplaning ____ ____ rains?
 ____ tread design ____ help ____ ____ in ____ rain?
 ____ the right ____ ____ help ____ rain ____ skids.
 Is ____ type ____ ____ safe ____ ____ on on rainy ____?
 ____ is the recommended ____ ____ for protecting ____ flood ____?
 ____ design ____ tread is best to ____ ____ ____ storms?
 Can ____ specific tread pattern be ____ to ____ ____?
 ____ type ____ tire ____ ____ ____ for avoiding hydroplaning?
 ____ recommend a tread ____ ____ ____ hydroplaning during ____ conditions?
 What ____ ____ tire designs that ____ ____ ____?
 ____ tread design ____ best to prevent aquaplaning ____ ____ ____?
 ____ ____ ____ deals ____ hydroplaning in heavy ____?
 ____ tread ____ ____ best ____ avoiding aquaplaning ____ heavy storms?
 ____ ____ tread design prevent ____ ____ heavy ____?
 What ____ the ____ tire ____ ____ for protecting against ____?
 ____ tire pattern ____ puddles ____ ____?
 ____ ____ ____ tread can ____ hydroplaning incidents?
 ____ do ____ patterns ____ hydroplaning ____ wet ____?
 Which tires will not ____ ____ car ____ on ____ ____ heavy ____?
 How should tire design ____ used ____ protect ____ hydroplaning ____ ____ ____?
 Which tire pattern ____ ____ ____?
 ____ do ____ ____ a ____ thread that ____ skidding during ____?
 ____ ____ possible for ____ specific ____ pattern ____ protect against ____ ____ puddles?
 ____ ____ ____ type of ____ is appropriate?

Do _____ of tread _____ safe for rainy _____?

What _____ won't make _____ car _____ in _____?

What tire _____ should _____ used _____ hydroskidding in _____ rains or _____?

Can you _____ that would _____ avoid _____ during _____ conditions?

_____ pattern protect _____ the rains?

Can you tell _____ tire that _____ hydroplaning _____?

_____ make my car skid _____ heavy _____ on puddles?

_____ do I _____ right _____ thread _____ dry _____ the rain?

Which _____ blocks _____ puddles?

Which tire _____ water in _____?

_____ tread _____ against _____ faced with heavy rains or _____?

_____ you _____ me about a _____ that _____ during _____?

_____ type _____ tread can avoid _____?
