

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Technical support and troubleshooting
Inquiry Sub-Category	Fuel system difficulties
Description	Inquiries involve troubleshooting issues related to the vehicle's fuel system, including fuel pump failures, clogged injectors, fuel leaks, or poor fuel efficiency.
Data Size	5,005 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

Does ____ idling ____ to ____ overall ____ within ____ automobile's ____ process?
____ to ____ if ____ a lot messes up ____ of ____ engine.
Is ____ engine ____ the vehicle?
Does too ____ affect the effectiveness ____ engine?
Can ____ of the car?
Does too ____ idling ____ vehicle's ____?
Do extended periods ____ idling ____ car is?
How ____ too ____ affect ____ efficiency of ____ car?
It ____ frequent idling affects how much ____ consumes.
Is extended idling ____ automobile's ____?
Does ____ with the ____ reduce ____ economy?
____ too long ____ an idling ____?
Fuel efficiency is ____ by ____.
____ car engine efficiency ____ idling?
Does ____ impact car ____?
Is it ____ that idling times ____ efficiency levels ____ automobile's ____?
Can too many ____ the ____ fuel ____?
____ does ____ affect efficiency of ____?
____ for auto efficiency?
____ idling ____ to affect ____ internal combustion process?
____ idling ____ a vehicle's ____?
____ extended ____ durations ____ the fuel efficiency ____ vehicle?
____ letting ____ run for too ____ affecting its ____?
Idling ____ can affect ____ consumption ____.
____ excessive idling make ____ difference ____ automobile's ____ combustion ____?
____ much idling lower ____ vehicle's ____?
____ idling affect fuel efficiency?
____ periods ____ engine idling have ____ effect on ____ performance?

Does running _____ engine for an _____ period _____ time _____ ?
 _____ extended idling _____ affect _____ efficiency?

It _____ frequent idling _____ the _____ fuel consumption rates _____ automobile.

Is _____ related _____ the decreased efficiency _____ vehicles?

Is it _____ affect the _____ of an automobile's combustion _____ ?
 _____ periods of _____ idling make _____ difference _____ efficiently _____ car burns _____ ?
 _____ idling your _____ for _____ affect its _____ ?
 _____ do _____ periods of _____ on the efficiency of _____ car?
 _____ waiting _____ engine reduce fuel economy?
 _____ much idling impact _____ car's _____ ?
 _____ the effectiveness _____ an _____ process be impacted _____ excessive _____ ?

Is _____ possible for too much waiting _____ economy and vehicle _____ ?

Will excessive idling _____ automobile's internal _____ process.

Could excessive _____ lead _____ in _____ in automobiles?

Will excessive idling _____ an impact _____ ?
 _____ idling _____ for the _____ fuel _____ ?
 _____ decrease in _____ efficiency _____ excessive idling?
 _____ would like _____ know if _____ lot _____ my engine's performance _____ .
 _____ excessive _____ going _____ affect _____ of the engine?
 _____ excessive idling going _____ have _____ impact _____ the internal _____ ?

Is _____ a correlation between _____ idling _____ efficiency in _____ ?
 _____ it possible _____ idling durations cause a _____ fuel _____ ?
 _____ effectiveness _____ my car's _____ can be _____ by _____ much _____ .

Is it possible _____ efficiency _____ cars?
 _____ affecting _____ in cars?

Does _____ affect its _____ if your _____ idling _____ too _____ ?
 _____ does longer car _____ ?

Is excessive idling _____ efficiency?

Is extended idling _____ efficiency?

Can _____ lower _____ ?

Is _____ engine _____ to _____ idling?

Is _____ idling _____ decreased efficiency _____ the vehicle?

Is _____ engine _____ to idling?

Is _____ idling _____ to decreased efficiency?
 _____ extended idling times _____ affect an _____ ?
 _____ it _____ that _____ affect _____ levels in an _____ engine?
 _____ long _____ fuel economy?
 _____ having _____ for too long affect its _____ ?
 _____ excessive idling _____ for _____ in _____ ?
 _____ excessive _____ indicative of _____ efficiency _____ ?
 _____ it possible that _____ lowers _____ overall _____ efficacy?

Is _____ much idling impact _____ ?
 _____ am _____ if idling _____ messes _____ my engine's _____ ?
 _____ is _____ that idling _____ an automobile uses _____ .
 _____ excessive _____ hurt _____ automobile's _____ combustion _____ ?

Can _____ times _____ of car?
 _____ long time of idling affect _____ of _____ ?
 _____ it _____ idling _____ affect the efficiency _____ automobile's engine?

Will _____ idling _____ of _____ automobile's _____ combustion process?

Is _____ to less _____ vehicles?

_____ excessive idling linked _____ decrease in _____?
 _____ extended idling times _____ for _____?
 _____ a car's _____ long periods _____ its efficiency?
 I want to _____ a _____ messes up my _____.
 Is _____ correlation _____ excessive idling _____ decreased process _____ in _____?
 _____ efficiency levels in _____ system _____ affected by idling _____.
 _____ excessive _____ car engine _____?
 Does _____ the _____ running _____ efficiency?
 Is _____ idling durations _____ to reduced fuel _____?
 Is _____ efficiency of a _____ affected _____ extended _____?
 Is excessive _____ my _____ fuel _____?
 Is _____ possible _____ idling _____ to affect the _____ an _____ engine?
 _____ extended idling _____ affect fuel _____ vehicle?
 _____ idling _____ the vehicle's efficiency?
 Is extended _____ idling _____ affect how _____ car is?
 Is _____ idling _____ decreased engine _____?
 It _____ excessive idling could _____ to reduced _____ automobiles.
 _____ too _____ idling cause a _____?
 Does idling _____ an affect _____ of _____ engine?
 _____ leaving the _____ affect _____ fuel effectiveness?
 Does _____ idling affect _____ of _____?
 _____ affect a _____ efficiency?
 _____ excessive _____ harmful _____ overall _____ efficacy?
 Is _____ long _____ of _____ can reduce _____ efficiency?
 _____ idling a sign _____ in automobiles?
 excessive _____ linked _____ decreased _____ efficiency.
 _____ to know if _____ a lot _____ up _____?
 _____ excessive idling a _____ efficiency in _____?
 _____ effectiveness _____ the _____ process _____ automobile _____ be impacted by excessive _____.
 _____ excessive running of _____ result in _____ less performance?
 _____ periods of _____ idling affect how _____ my _____?
 _____ it _____ reduces fuel efficiency?
 _____ time _____ decreased fuel efficiency in a _____?
 _____ extended idling times _____ the efficiency _____?
 How _____ car's efficiency?
 _____ periods _____ idling affect _____ my vehicle is?
 _____ extended idling _____ a vehicle?
 Is there a _____ between excessive _____ process _____ in _____?
 How does excessive idling _____ the _____.
 How _____ excessive idling impact the _____?
 _____ the effectiveness of _____ by _____?
 Is _____ affecting the _____ of _____?
 _____ the effectiveness of _____ be impacted by too _____?
 _____ excessive _____ of less efficiency in _____?
 Does it _____ your _____ idling for _____ long?
 _____ excessive idling messing with _____?
 Is _____ possible to lead _____?
 _____ a _____ efficiency _____ too much idling time?
 Is _____ car engine _____ idling?
 How does _____ a car's _____?

Do _____ idling _____ fuel _____?

Does idling _____ fuel _____?

Do extended _____ efficiency?

_____ excessive _____ linked _____ efficient cars?

Does _____ times affect _____ automobile's _____?

Is the _____ of _____ affected _____ the _____ of idling _____?

_____ going to _____ to reduced _____?

_____ too _____ with _____ engine reduce _____ economy and vehicle _____?

Is excessive _____ to _____ efficiency in _____ engine?

_____ excessive idling _____ affect _____ the _____ of an automobile?

_____ a problem _____ fuel efficiency?

Will excessive idling _____ effect _____ the _____ of _____ internal _____ process?

How does _____ idling _____ the _____ of a _____?

It's possible that _____ affect _____ well an automobile _____.

Are _____ durations _____ to _____ fuel _____?

Is _____ automobile efficiency?

_____ too _____ engine _____ things worse _____ cars?

Is it possible _____ affect car _____?

_____ it _____ that idling times _____ affect efficiency _____ automobile's _____?

_____ reduced fuel _____ idling durations?

_____ excessive _____ affect _____ in a _____?

Is decreased _____ efficiency a _____?

Is _____ idling _____ engine efficiency?

Is _____ leading to _____?

Is a _____ period _____ engine _____ bad _____ my _____ economy?

Is _____ idling _____ on _____ rates?

_____ excessive _____ an _____ on _____ performance?

_____ idling leads to _____ efficiency _____?

Is _____ decreased _____ efficiency _____ to the _____ durations?

_____ idling affect _____ efficiency of an _____ internal _____?

Is the decrease _____ fuel efficiency a _____?

_____ engine _____ affect _____ use?

Do long _____ make a _____ efficient my car is?

Is excessive idling _____ on _____ combustion process?

Does _____ idling _____ fuel efficiency?

How _____ overall car efficiency?

Is _____ for fuel efficiency _____ a vehicle's _____ operation?

_____ periods of engine idling _____ the _____ burns fuel?

Is excessive idling impact on _____?

_____ long idling _____ performance?

Is it _____ that _____ periods of _____ affect _____ efficient my _____?

_____ is _____ for too long, does it _____ efficiency?

How _____ car _____ efficiency rates?

Can too _____ with _____ engine _____ in _____ fuel _____?

_____ it _____ efficiency _____ your car idling _____ too long?

Is _____ too _____ effectiveness _____ my car's engine?

Is _____ too much engine _____ that makes _____?

_____ your _____ cause it _____ be _____ efficient?

_____ effectiveness _____ internal combustion process _____ be _____ excessive idling.

_____ idling _____ fuel economy?

Is excessive _____ to the _____ the engine?
 _____ idling _____ affect fuel _____?
 _____ excessive _____ lower in _____ of _____?
 _____ does excessive idling _____ efficiency of _____?
 _____ possible _____ long idling _____ to affect _____ efficiency _____ an _____ engine?
 _____ of _____ bad for fuel economy?

Does long idling _____?
 _____ engine _____ a _____ of excessive _____?

Can _____ idling times _____ auto's _____?
 _____ to know _____ idling _____ lot _____ up _____ engine's performance.
 _____ extended _____ idling change _____?
 _____ long _____ have _____ on how efficient my car is?

Do _____ idling durations _____ to fuel efficiency in _____?
 _____ harmful to automobile's efficiency?
 _____ excessive idling in _____ decreased process _____?

Does too _____ idling _____ a _____?
 _____ too much _____ a _____ efficiency?
 _____ want _____ if idling a _____ messes _____ my engine's _____ or _____.

Does _____ car's engine?

Is _____ engine _____ affecting how efficiently my car _____?
 _____ periods _____ engine idling _____ negative _____ on the _____ efficiency?

Does _____ idling contribute _____ efficiency?
 Is _____ too much _____?

Does _____ running _____ fuel _____?
 _____ engine running for extended periods of time _____ its _____?
 _____ the amount _____ idling hurt _____?

Can a _____ affected by _____ much _____?
 _____ will _____ periods _____ affect my _____ efficiency?
 _____ idling time affect fuel _____ vehicle?
 _____ the _____ efficiency _____ of excessive idling?

Is _____ engine _____ to excessive idling?

Is _____ idling _____ efficiency?
 _____ excessive _____ causing reduced _____?
 _____ efficiency may _____ affected _____ idling _____.

Is _____ effectiveness of _____ by long _____?

Does _____ decrease _____?
 _____ effects _____ excessive idling _____ car's efficiency?
 _____ excessive idling bad for _____.
 _____ of _____ car's engine _____ by idling?

Is _____ to lower engine _____?
 _____ excessive _____ to a decline in _____ in _____?

Does extended _____ rates?
 _____ it _____ periods of idling reduce _____?

Is _____ a _____ engine _____ for extended _____ of _____ affecting _____ overall _____?

Is increased _____ linked to _____?

Does _____ idling have an impact _____ internal combustion _____?

Do long idling _____ affect _____ in _____?
 _____ possible _____ idling _____ fuel efficiency?

How do _____ impact efficiency _____?

Does _____ reduce _____ efficiency _____ cars?

Is _____ engine running for _____ affecting its _____?

How _____ efficiency of a _____ engine?

Does keeping a _____ time _____ its overall efficiency?

_____ idling affect the _____ the _____?

_____ the cause of _____ efficiency _____ cars?

Does _____ much engine _____ productive?

_____ excessive idling _____ related _____ decreased efficiency in _____?

Is idling _____ fuel _____?

Is excessive _____ of _____ in the car?

_____ for extended periods _____ efficiency?

Is _____ a reduction in efficiency _____?

_____ have an effect on the _____ engine?

_____ too much _____ efficiency _____ my car?

_____ long engine _____ fuel _____?

Is _____ that idling _____ efficiency?

Has _____ idling contributed to _____ efficiency _____ a _____?

Does keeping _____ a long period _____ its efficiency?

_____ extended _____ idling effect my _____?

_____ long _____ idling affect fuel _____?

_____ too _____ engine _____ bad for _____?

_____ excessive idling affect _____ car's _____?

How does _____ idling _____ efficiency of _____?

Car idling _____ rates.

Do _____ idling too much messes with _____?

How _____ idling _____ efficiency rates?

Does keeping _____ car _____ running for a _____ efficiency?

_____ a relationship between _____ car engine _____ excessive _____?

Is _____ possible _____ excessive idling can _____ in automobiles?

Is excessive _____ to affect _____ internal combustion _____?

Is _____ possible that _____ your _____ long _____ efficiency?

_____ too long _____ reduce fuel economy?

_____ that too _____ idling _____ affect my _____ efficiency?

_____ cause my _____ lose efficiency?

Is _____ between _____ time and _____ efficiency in the _____?

The _____ an automobile _____ be _____ extended idling _____.

_____ idling affect _____ efficacy?

I want to know _____ up my _____ performance.

How does _____ idling affect the _____?

Does _____ affect fuel efficiency?

Is _____ car _____ efficiency rates?

_____ car's efficiency _____ by _____ idling?

Is it _____ that an automobile's _____ levels _____ adversely _____ idling _____?

_____ long periods _____ idling have _____ effect on _____ efficiency _____ my _____?

Fuel _____ be affected _____ much.

Is _____ have _____ an automobile's internal combustion process?

Is _____ car's engine?

Does _____ a _____ engine running _____ a long _____ efficiency?

_____ efficiency _____ by excessive idling?

Do _____ my car _____ affect its _____ efficiency?

_____ extended _____ the effectiveness of _____?

Is _____ idling affecting _____?

Is a _____ period _____ engine _____ my car's _____ efficiency?

_____ excessive idling going to affect _____ of _____ internal _____?

Does idling _____ in _____?

How _____ my car burns fuel can _____ idling _____ periods _____.

Is _____ going to _____ the effectiveness of the _____?

_____ extended _____ affect _____ automobile's _____?

_____ of the engine not _____ in _____ wasted and less _____?

_____ possible that _____ affects how much fuel an _____.

How does _____ of a car?

_____ that extended periods _____ idling will _____ much _____ my car _____?

_____ extended car idling _____?

Is _____ lowering _____ car's _____?

_____ engine idling have _____ negative _____ how efficiently _____ burns _____?

_____ a _____ running for _____ periods have an effect on _____?

_____ does excessive _____ the efficiency _____ car

Will excessive _____ an automobile?

_____ that idling _____ how well an _____ fuel.

_____ is possible _____ idling _____ well an _____ able _____ use fuel.

_____ too _____ idling affect the _____ of _____?

Does excessive _____ a _____ efficiency?

Does _____ affect efficiency _____?

Is _____ idling _____ to _____ to _____ in automobiles?

Is _____ periods _____ engine _____ my car's burn _____?

Does _____ fuel efficiency _____ cars?

Does _____ idling affect _____?

_____ too _____ idling harm _____ car?

Is excessive _____ of the cars?

_____ idling _____ car engine efficiency?

Is excessive _____ time linked to _____ process _____?

_____ engine _____ affect _____ use?

_____ having too much _____ bad _____ a vehicle's _____?

_____ decreased car engine efficiency?

Is a _____ extended idling durations?

_____ too much engine _____ for _____?

Is _____ long periods _____ its fuel efficiency?

_____ excessive _____ affecting _____ in _____ automobile?

_____ it possible _____ idling too _____ harms _____?

Is _____ the reason _____ efficiency in _____?

Can _____ idling _____ efficiency?

_____ excessive idling _____ recipe _____ reduced _____?

_____ impact efficiency rates.

_____ idling _____ overall efficiency?

How _____ idling _____ efficiency rates?

_____ idling _____ fuel _____?

It is _____ affects how _____ fuel an _____ uses.

_____ extended idling _____ the efficiency _____ a _____?

Is the effectiveness of _____ combustion _____ by too _____?

Does _____ idling _____ fuel _____?

_____ want to _____ idling a _____ up my engine's _____

Does _____ contribute to _____?

Is it possible for _____ to _____ fuel _____?

_____ that _____ could reduce _____ efficiency?

_____ long _____ fuel efficiency _____ a _____?

Does _____ idling _____ effect on _____?

_____ idling _____ the _____ effectiveness?

_____ with decreased efficiency?

Is _____ affecting overall _____ of _____?

Is the decrease in _____ engine _____ excessive _____?

_____ may _____ hurt _____ much idling.

What impact _____ excessive _____ the overall efficiency _____ car?

Does long idling _____?

Does _____ idling _____ cars _____ worse?

_____ going _____ affect efficiency _____ automobiles?

Is too _____ engine _____ bad _____?

Does long _____ cars _____?

_____ too much idling _____ my _____?

I wonder if _____ periods _____ idling _____ negative _____ how efficiently my _____ burns _____.

Can _____ idling time _____ vehicle's _____.

Is _____ periods _____ cutting fuel _____?

_____ the decrease in _____ related _____?

_____ the engine _____ for _____ impact _____ fuel effectiveness?

Is there a correlation between _____ efficiency?

_____ a car's engine _____ for long _____ affecting _____ efficiency?

Can too much waiting _____ engine _____ the _____ the _____?

_____ can be _____ long periods of _____.

_____ too _____ hurt a vehicle's _____?

Can extended _____ car's _____?

Is the efficiency _____ combustion _____ by the length _____?

Is _____ a link between excessive _____ time _____ decreased _____?

_____ bad _____ car's combustion process?

_____ extended _____ affect _____ efficiency rates?

Is extended _____ affect _____?

Is excessive idling _____ for _____?

_____ excessive idling _____ to decreased _____?

Can excessive _____ the _____ more _____ of fuel and less _____?

_____ extended _____ durations _____ a vehicle's fuel _____?

_____ there _____ link between _____ decreased _____ in the engine?

_____ it _____ extended _____ durations contribute _____ decreased _____ efficiency?

_____ engine efficiency may _____ to _____.

Is it possible that _____ idling _____ affect _____ levels?

Does _____ a car's engine running _____ a _____ time _____.

Does _____ idling impact _____?

Fuel economy _____ vehicle _____ can _____ affected by _____ the engine.

Is _____ vehicle's _____ too _____ idling?

Does long idling _____ in _____?

Do long _____ engine idling _____ effect?

Is _____ a factor _____ the efficiency _____ an _____?

_____ efficiency be affected by too _____?

How do extended _____ efficiency _____?

Is excessive idling a _____ to _____?

Is _____ idling time _____ fuel efficiency _____ a _____ engine _____?

Is it _____ long engine running _____?

Is _____ makes _____ worse?

Does _____ car reduce _____?

Does _____ idling _____ engine _____?

_____ tell _____ if idling a _____ hurts _____ performance?

_____ bad _____ fuel efficiency?

Can _____ much _____ my _____ performance?

Is it _____ that _____ the _____?

Can _____ of _____ affect _____ car burns gasoline?

_____ would like to _____ if _____ lot _____ up my _____?

Can _____ times _____ efficiency?

_____ letting _____ car run _____ too _____ my fuel _____?

Increased _____ lead _____ efficiency _____ automobiles.

Is _____ linked to a decrease _____ the _____ the _____?

_____ it possible that _____ much _____ a vehicle's _____?

Does _____ the _____ running _____ long _____ fuel _____?

_____ car's efficiency affected by idling _____?

Is _____ possible _____ idling _____ fuel _____ cars?

_____ know if _____ a _____ causes _____ engine's performance to _____?

Is _____ an automobile's _____ process impacted _____ excessive idling?

_____ does _____ idling affect the _____ automobile?

_____ excessive idling _____ lower efficiency in _____?

_____ it possible that excessive idling _____ reduced _____ cars?

I _____ idling _____ fuel efficiency _____.

How _____ extended car idling _____

Can excessive _____ efficiency of _____ engine?

_____ excessive _____ bad _____ efficacy?

Is _____ the efficacy of _____?

Does excessive _____ effectiveness?

_____ the _____ efficiency _____ to excessive idling?

I want to _____ idling _____ my car's _____.

Will _____ of _____ affect _____ economy?

Does _____ a _____ engine _____ for _____ its efficiency?

_____ excessive idling affect the _____ an _____ process?

Are _____ idling _____ in decreased _____ efficiency?

Is decreasing car _____ efficiency _____?

_____ car's engine running for _____ long _____ its efficiency?

_____ excessive idling _____ problem with _____ effectiveness _____ automobile's _____ combustion _____?

Is excessive _____ bad _____ efficiency of _____?

_____ periods of idling _____ fuel _____?

Is excessive _____ a _____ efficiency in _____?

_____ excessive _____ leading _____ efficiency in _____?

_____ extended _____ affect its fuel _____?

_____ long _____ adversely _____ fuel efficiency?

Is _____ time related _____ efficiency in vehicles?

Can _____ periods _____ idling _____ fuel _____?

Is _____ to _____ efficiency?

Can _____ times _____ the efficiency _____ a _____?

Does _____ affect efficiency?
 _____ hurts fuel efficiency
 _____ fuel efficiency
 Is _____ reduced _____ to _____ idling?
 Can _____ idling _____ the efficiency _____ vehicle?
 Long periods _____ engine idling _____ a _____ my _____ efficiency.
 _____ impact _____ car idling _____ on _____?
 _____ long period of _____ the efficiency _____ engine?
 _____ too _____ cause cars _____ work differently?
 Is _____ long can reduce fuel _____?
 _____ idling affect _____ cars?
 _____ excessive _____ a _____ to _____ efficiency?
 Does leaving _____ engine running _____ an _____ fuel _____?
 Does excessive _____ efficiency _____ automobile?
 _____ idling _____ to decreased _____ efficiency?
 _____ excessive _____ decrease overall _____?
 I _____ to know _____ lot makes _____ engine _____ efficient.
 _____ extended _____ for fuel _____ cars?
 _____ idling reduce efficiency?
 _____ excessive idling affect _____ efficiency _____?
 Will long _____ idling _____ efficiency?
 Is _____ possible that _____ idling times _____ the efficiency levels _____?
 Does _____ idling _____ efficiency?
 Is too _____ with _____ fuel economy?
 Is it _____ too _____ to affect my _____?
 Does _____ idling _____ difference in _____ automobile's _____?
 _____ in engine efficiency caused by _____?
 _____ a _____ between excessive _____ decreased process efficiency in _____?
 _____ too much _____ for the overall efficiency of _____?
 Can _____ of the _____ waste of fuel and _____?
 Is there a _____ excessive idling and _____?
 Does _____ a vehicle's efficiency?
 Does excessive _____ decreased _____?
 The _____ combustion process _____ be _____ by excessive idling.
 Does excessive idling _____ automobile?
 Does continuous idling _____?
 Is engine _____ worse?
 Does _____ car's _____ for long _____ affect it's _____?
 _____ affect the _____ efficiency of the _____?
 _____ less efficient?
 _____ you _____ know _____ idling _____ messes up my _____ performance?
 Can _____ affect _____ efficacy?
 _____ engine _____ affected _____ excessive _____?
 _____ idling affect my car's _____?
 _____ possible that too _____ engine idling _____ cars _____ work _____?
 _____ excessive idling _____ a _____ overall efficiency _____ the _____?
 Can idling _____ cause a vehicle's _____?
 _____ the decrease in engine efficiency _____?
 _____ an impact on the internal _____ in _____ automobile?
 Can _____ idling _____ an car's _____?

_____ the _____ in _____ engine efficiency _____ by excessive _____?

_____ the _____ of the engine?

Does _____ to the decreased _____ of an _____?

Do _____ know _____ idling _____ lot _____ hurt _____ engine's _____?

Is too _____ idling _____?

_____ too _____ affect _____ vehicle's efficiency?

_____ in car engine _____ related _____ excessive idling?

_____ excessive _____ to reduced _____ in _____?

_____ idling _____ my car's _____?

Are extended _____ durations _____ that _____ to decreased _____?

Is it possible _____ periods _____ efficiency?

Can _____ long _____ an automobile's _____?

Is too much _____ for _____ efficiency?

_____ possible _____ idling _____ how well an _____ able to _____ fuel.

Does excessive _____ lead _____ overall efficiency?

_____ would _____ affect the efficiency _____ car?

_____ extended _____ efficiency in a vehicle?

_____ excessive running of _____ a lot of _____ performance?

_____ a _____ engine _____ for _____ periods of time _____ efficiency?

_____ idling _____ an _____ on an automobile's _____ process?

_____ idling decreasing _____ in _____?

Is _____ to decrease _____ of _____ by idling _____ long?

_____ efficiency _____ an _____ combustion _____ can _____ adversely affected by _____ idling _____.

_____ extended idling _____ fuel efficiency?

It _____ that frequent _____ the _____ of _____ automobile's _____ system.

Does _____ engine _____ affect _____?

Does _____ make _____ car less _____?

_____ idling a cause of _____ automobiles.

Long _____ engine idling _____ affect the _____ of _____.

_____ time _____ idling affect _____ vehicle's efficiency?

Does leaving _____ engine _____ negative _____ on _____ effectiveness?

Does _____ in cars?

How does excessive _____ affect the _____ engine?

_____ idling reduction _____ efficiency?

Too _____ time _____ vehicle's efficiency.

_____ the effectiveness of _____ engines?

Will excessive _____ on the internal combustion _____?

_____ idling _____ combustion _____?

_____ excessive idling linked _____ car engine _____?

Is _____ idling _____ decreased _____ efficiency in cars?

_____ idling decreasing _____ engine _____?

Does keeping _____ engine _____ for _____ affect efficiency?

_____ the effectiveness _____ the engine?

_____ excessive _____ affecting _____ overall efficiency _____ car?

Is _____ linked to the _____ efficiency _____ the engines _____?

_____ idling linked to decreases _____?

It's _____ that frequent _____ efficient _____ automobile is.

_____ excessive idling _____ related _____ decreased efficiency _____?

Do _____ have an _____ on _____ efficiency?

Is _____ that _____ can _____ the efficiency of _____ automobile's system?

How does _____ efficiency _____?

Is excessive idling _____ to _____ engine?

_____ idling _____ lower in _____ combustion _____?

Is _____ a link between _____ engine efficiency _____?

Is _____ possible _____ idling _____ efficiency.

Is _____ decrease _____ a result _____ idling durations?

_____ affect _____ automobile's internal _____ process?

Could idling _____?

_____ does _____ affect the _____ a car's engine?

What _____ idling do _____ a _____?

_____ excessive idling affect _____ vehicle?

Is _____ long _____ idling could _____ fuel efficiency?

_____ excessive idling _____ blame _____ in automobiles?

_____ excess _____ bad _____ a car's _____?

Is _____ that idling periods _____?

_____ extended _____ affect _____ efficiency of _____?

_____ too _____ to affect fuel _____?

_____ extended car _____ alter efficiency _____?

_____ would _____ to _____ if _____ too _____ messes with my _____.

Is it _____ that _____ idling _____ can _____ levels _____ an _____ engine?

Does _____ engine running have _____ impact _____ efficiency?

Does extended _____ efficiency?

_____ prolong _____ impact _____ the effectiveness _____ the engine?

_____ idling _____ an impact on _____ automobile's internal _____?

Is excessive idling _____?

_____ lengthy _____ affect fuel _____ cars?

How does _____ idling _____

_____ extended idling affect _____?

_____ keeping a _____ engine _____ for _____ affect _____ performance?

_____ much idling _____ cars _____ efficient?

_____ excessive idling _____ of automobiles?

_____ running affect _____ efficiency?

Does _____ your car idling for _____ affect _____?

_____ car _____ efficiency _____ idling?

_____ of idling affect fuel _____.

Is _____ idling _____ engine _____?

Can you _____ me _____ lot messes _____ engine's performance.

_____ cars _____ with too _____ idling?

Is _____ idling _____ car performance?

Is _____ the reason for _____ efficiency _____ automobile?

Is _____ engine _____ linked _____ idling?

_____ does extended car _____ have _____?

Is it possible _____ too much _____ time _____ lower _____?

Is _____ idling durations can affect fuel _____?

_____ idling reduce the vehicle's _____?

_____ idling work against cars?

Does extended idling shorten _____ engine operation?

_____ prolong idling _____ difference _____ fuel _____?

_____ vehicle's _____ can _____ reduced _____ too _____ idling.

_____ tell me if _____ engine's _____ by idling _____ lot?

Is _____ for decreased fuel efficiency?

Does _____ for too _____ car's _____?

_____ idling bad _____ fuel _____?

Can _____ much _____ a _____ efficiency?

_____ possible that idling times will _____ efficiency _____ in _____ automobile's _____?

Will _____ periods of _____ affect _____?

Does _____ much _____ hurt _____?

_____ too _____ idling time _____ for _____ efficiency _____ vehicle?

Is there a _____ and decreased _____ vehicles?

_____ excessive _____ lead to _____ cars?

Is _____ time _____ the _____ efficiency of the engines _____?

Is _____ bad _____ your _____ efficiency?

_____ it _____ that _____ can affect _____ efficiency _____ an automobile?

Idling _____ affect _____ well an automobile _____ consumption.

Is _____ to decreased efficiency _____ the engines?

_____ much idling _____ efficiency of _____ vehicle?

Will _____ idling _____ effect _____ the efficiency _____ automobile?

_____ idling _____ affect _____ efficiency _____ an automobile.

_____ idling hurting my _____?

Is _____ possible _____ too much engine _____ work _____?

Is the fuel efficiency of a _____?

Is excessive _____ the effectiveness _____ internal combustion _____?

_____ want to _____ if idling _____ lot _____ performance.

Could _____ idling lead _____ efficient _____?

_____ want _____ if _____ a _____ hurts my engine's _____.

_____ long periods of _____ idling have _____ negative effect _____ how well _____?

Is it _____ idle _____ affect fuel _____?

_____ keeping _____ car's engine running for _____ affect _____ overall _____?

_____ wonder _____ excessive idling _____ to decreased car _____.

Can waiting too _____ with _____ engine affect _____ vehicle _____?

Is _____ much idling time _____ performance?

Is _____ can _____ efficiency?

Is _____ idling _____ hurts fuel efficiency.

_____ possible _____ for extended periods affects _____ efficiency?

Long _____ of _____ can affect how _____ car _____ fuel.

_____ vehicle's efficiency can _____ affected _____ idling time.

_____ idling a _____ for decreased _____ in an _____?

_____ the effectiveness of the _____ idling?

_____ too _____ fuel economy?

_____ extended _____ durations _____ for fuel efficiency _____ a _____?

_____ keeping a _____ engine _____ for _____ affect its _____?

Does extended idling _____?

_____ affecting the efficiency _____ cars?

_____ the effectiveness of _____ automobile's _____ process _____ excessive idling?

_____ idling causing _____ in automobiles?

_____ that _____ affects _____ automobile's fuel efficiency.

Does too much _____ cars _____ work _____?

_____ excessive idling have _____ effect _____ efficacy?

Does _____ idling contribute _____ overall _____?

_____ engine running _____ long _____ time affect its efficiency?

_____ too _____ my car's efficiency?

Is keeping a car's _____ period _____ time _____ its efficiency?

_____ possible that long idling times _____ affect _____ in an _____?

Does too _____ idling _____ the _____ engine?

_____ affecting the _____ of _____ automobile?

_____ extended idling _____ car's _____?

_____ excessive idling _____ to _____ efficiency in _____?

Is _____ decrease in car _____ idling?

_____ idling _____ efficiency in _____ car?

Does _____ engine running for _____ affect its _____.

_____ idling interfere _____ efficiency?

_____ too much _____ affect the _____ of _____ engine?

Will _____ idling _____ on an _____ internal combustion _____?

_____ that excessive idling can lower my _____?

Is it _____ overall combustion efficacy.

Do long periods _____ engine idling affect how _____?

Does keeping a _____ engine _____ long _____ its _____?

It is _____ that _____ idling _____ optimal fuel _____ rates.

_____ too much _____ work worse?

Does _____ diminish _____ efficiency _____ cars?

Can _____ fuel _____?

_____ excessively _____ my _____ efficiency?

_____ will _____ idling affect _____ car's _____?

_____ excessive idling _____ the car's _____?

Does too much _____ idling affect _____?

_____ idling _____ how well an automobile can _____.

_____ excessive idling going to _____ internal _____ process _____ an automobile?

_____ long idling _____ of the _____ engine?

Does prolong idling _____ on _____ effectiveness of _____?

_____ extended idling _____ efficiency in _____ engine operation?

_____ idling likely _____ efficiency _____ automobiles?

_____ there a _____ between excessive _____ time and _____?

_____ the efficiency _____ an automobile's internal combustion _____ excessive _____?

Is _____ that _____ idling reduces _____?

Will too _____ the _____ affect fuel _____?

_____ keeping _____ car's engine _____ long periods of _____ affect _____?

Can too _____ my _____ engine's _____?

_____ periods of _____ a _____ effect _____ my car burning fuel?

Does _____ idling _____ fuel _____ cars?

How does _____ idling _____ efficiency _____?

Is _____ correlation between _____ and decreased fuel _____?

_____ the _____ an _____ engine affected _____ duration of _____ time?

Can _____ much idling _____ efficiency to _____?

_____ the _____ engine _____ to _____ idling?

_____ the reduction in _____ caused by extended _____?

_____ too much idling hurting _____?

_____ excessive _____ going _____ the internal combustion _____ an _____?

Does longer _____ affect _____ in _____?

Is _____ efficiency _____ combustion system _____ by the duration of _____?

_____ affect _____ efficiency _____ the automobile?

Is _____ affecting _____ efficiency?

Does _____ much _____ affect _____?

Does long _____ the _____ a _____?

Does excessive _____ a decrease _____ overall efficiency _____?

Is excessive _____ factor _____ efficiency _____ an automobile?

_____ excessive running _____ the engine _____ wasted _____ reduced performance?

_____ it possible _____ will lead _____ reduced efficiency _____ cars?

Is _____ automobile's efficiency?

Does _____ idling _____ economy _____ cars?

_____ a _____ effectiveness be affected _____ much _____?

Do long periods _____ fuel _____?

_____ linked to _____ engine efficiency.

_____ impact _____ excessive _____ have _____ efficiency of _____ car?

_____ an effect on fuel _____ cars?

Is _____ idling reducing _____?

Is _____ idling _____ vehicles related _____?

_____ idling have _____ negative effect on the efficiency of _____?

_____ excessive _____ affect _____ efficacy of _____ engine?

_____ excessive _____ to _____ the efficiency _____ the _____ combustion process?

Did idling _____ much _____?

_____ much idling _____ car's _____ efficiency?

Do _____ affect _____ efficiency of a _____?

Is the _____ levels _____ an _____ combustion system _____ times?

_____ the reduction _____ engine efficiency _____ to excessive _____?

_____ excessive idling a sign _____ automobiles?

_____ is _____ to _____ car _____ efficiency.

_____ there a _____ engine efficiency and _____ idling?

The _____ engine can _____ impacted by too _____ idling.

_____ excessive _____ vehicles _____ to the _____ efficiency of _____ engine?

_____ idling _____ a _____ in _____ effectiveness of _____ engine?

The _____ of _____ combustion process could be _____ by _____.

_____ long _____ impact fuel _____?

Is _____ idling _____ bad _____ efficiency?

_____ wondering _____ idling a lot _____ up _____ performance?

Does prolong idling _____?

Is it _____ reduces _____ combustion efficacy?

Do _____ engine _____ make my car burn _____?

Can _____ much idling _____ efficiency?

_____ idling times _____ the efficiency _____ an _____?

_____ idling _____ for _____ efficiency in _____.

Is _____ bad for _____ efficacy?

Is _____ to reduced _____ in _____?

_____ keeping a car's engine running for _____ long _____?

Can long idling _____ efficiency levels of _____?

_____ excessive _____ a car's _____ process?

Is too _____ idling _____ for _____?

Does Extended engine _____ affect _____?

_____ idling _____ fuel efficiency _____ cars?

_____ possible _____ excessive idling _____ lower _____ combustion efficacy?

What _____ periods of engine _____ on _____ efficiently my _____ burns _____?

_____ excessive _____ automotive efficiency?
 _____ a long period _____ idling bad _____ car's _____?
 Is _____ idling _____ to _____ process efficiency in _____?
 It is _____ frequent _____ affects the _____ the car's _____.
 Is keeping _____ car's _____ periods of _____ reducing _____ efficiency?
 Is a _____ in _____ efficiency _____ to _____?
 _____ extended idling _____ bad for _____ efficiency?
 Is _____ leading _____ efficiency _____ automobiles?
 Is excessive _____ a _____ overall _____?
 _____ bad for fuel _____ cars?
 Will _____ idling have _____ impact _____ the _____ combustion _____ car?
 Does _____ idling _____ effect _____ efficiency in a _____?
 Does extended _____ efficiency?
 Do _____ to reduced fuel _____?
 Is excessive time wasted _____ to _____ efficient _____?
 _____ to lower _____ vehicle's efficiency _____ too _____ idling?
 _____ it possible that _____ periods _____ bad for fuel _____?
 _____ a _____ running lowers _____ efficiency?
 _____ idling _____ decline in _____ efficiency?
 _____ it possible _____ idling _____ lower _____?
 How _____ excessive _____ the overall _____ of _____ car?
 _____ longer idling _____ the efficiency _____?
 _____ prolonging _____ reduce _____ efficiency?
 Is there _____ between _____ idling _____ combustion _____ efficiency?
 Is _____ idling _____ to _____ efficiency in _____?
 _____ engine _____ related to excessive _____?
 _____ much idling bad _____ a _____?
 _____ related to decreased efficiency?
 idling can _____.
 Is excessive _____ to lead to less _____?
 _____ too _____ idling bad _____ car's combustion _____?
 Is _____ possible that excessive idling _____ efficiency _____?
 _____ engine running _____ efficiency?
 _____ idling _____ for the engine _____?
 _____ periods of engine _____ bad _____ my vehicle's _____?
 _____ it true that _____ idling durations _____ affect _____?
 _____ bad for efficiency?
 _____ extended _____ durations a _____ of _____ fuel _____?
 _____ lead _____ a _____ in efficiency?
 Do long _____ affect _____?
 Does extended _____ times _____?
 _____ too much _____ to _____ efficiency?
 _____ excessive _____ related _____ decreased efficiency _____?
 Is the decrease in _____ related _____ excessive _____?
 Is the _____ in _____ efficiency connected _____ excessive _____?
 _____ vehicle's _____ can be _____ by _____ much idling _____.
 Can _____ time _____ car's efficiency?
 Can excessive _____ vehicle's efficiency?
 _____ idling have _____ impact _____ the internal combustion _____ automobile?
 _____ the impact _____ efficiency rates caused _____ idling?

Is _____ possible that _____ durations decrease fuel _____ within _____?

_____ affect the efficiency of a _____?

_____ engine to _____ reduce fuel economy?

_____ idling _____ effectiveness of the _____?

Can a _____ reduce _____ efficiency?

_____ long engine _____ have _____ fuel efficiency?

_____ keeping a _____ running _____ some _____ affect _____ efficiency?

Is keeping _____ running for extended periods _____ its _____?

_____ idling _____ bad thing for _____?

_____ excessive idling have _____ the _____?

Do _____ cause my _____ to burn less fuel?

Is _____ levels in an _____ engine affected _____?

_____ an engine _____ negative _____ efficient my car is?

Is _____ time wasted in vehicles _____ to _____ decreased _____?

Is excessive _____ bad _____?

Is _____ possible for a _____ period _____ fuel efficiency?

Does _____ idling affect _____ cars?

Can _____ much _____ affect a _____?

_____ cars _____ worse _____ their engines running _____ periods _____ time?

Can _____ with the _____ reduce the _____ economy _____ vehicle?

Does leaving the _____ an effect _____ effectiveness?

_____ excessive _____ cause an automobile's _____?

Can _____ tell _____ if idling _____ lot will _____ performance?

_____ a link _____ excessive _____ and reduced efficiency _____ vehicles?

Will _____ periods of _____ efficiency?

Is excessive _____ in _____ to _____?

It's possible that frequent _____ affects _____ efficiency _____ car's _____.

Is _____ possible that idling _____ car for _____ long _____?

_____ excessive idling _____ combustion _____ an automobile?

_____ increased _____ to _____ car engine _____?

_____ think keeping a _____ engine _____ for _____ reduces _____ efficiency?

Is _____ efficiency _____ an _____ combustion system _____ by _____ times?

_____ time damaging the power _____?

Does keeping _____ for too _____ its efficiency?

_____ the _____ of idling _____ efficiency?

_____ car _____ affect efficiency _____?

Does _____ idling _____ to _____ efficiency?

_____ much waiting with _____ cutting fuel _____?

_____ too _____ idling _____ efficiency?

_____ it possible for long _____ periods _____ efficiency?

excessive idling is _____ with _____.

_____ waiting _____ the _____ reduce fuel economy _____ function?

_____ much _____ fuel efficiency?

Is excessive idling _____ decreased _____?

The effectiveness _____ internal _____ process _____ impacted by excessive _____.

_____ idling _____ cause _____ decreased overall _____?

_____ too much waiting _____ economy and function?

_____ idling affect _____ efficiency?

Do extended idling _____ decrease _____ a _____?

_____ excessive idling _____ connected to decreased _____ in _____?

Can _____ long period of engine _____ efficient my _____?

_____ excessive _____ affect combustive _____?

_____ _____ extended _____ times _____ the efficiency levels _____ an automobile's engine?

_____ possible _____ excessive idling _____ lead to _____ cars?

What impact _____ car _____ efficiency _____?

How _____ idling _____ efficiency rates?

_____ to _____ if _____ messes up my engine's performance

Does idling have _____ fuel _____?

Can _____ much _____ a vehicle to _____ efficient?

_____ idling time affect the _____ of _____?

_____ excessive _____ bad _____ the efficiency _____?

Is _____ a link _____ engine _____?

Is _____ bad for _____ vehicles?

Do long _____ of _____ idling _____ my car burns _____?

_____ excessive _____ associated with less _____?

It's possible _____ frequent _____ affects _____ automobile's _____.

Is it _____ that _____ idling _____ car's efficiency?

_____ related to _____ fuel efficiency?

Does increased _____ fuel _____?

Will _____ long _____ idling affect _____?

Is _____ bad for _____ efficiency

_____ idling bad for the _____.

Is excessive _____ combustion performance?

How _____ excessive _____ the effectiveness _____ the _____ engine?

Does excessive idling _____ my _____?

_____ it _____ that _____ efficiency _____ in _____ engine _____ be _____ affected by long idling _____?

_____ idling _____ engine efficiency?

_____ possible _____ idling _____ cars' power?

Can too _____ idling impact _____ of my _____?

Is excessive idling time _____ to _____ efficiency _____?

_____ efficiency in cars.

_____ that frequent _____ the efficiency _____ car's internal system.

Does _____ a car's engine _____ a long _____ of _____ efficiency?

Is excessive _____ time _____ the decreased _____ efficiency _____?

_____ excessive _____ bad for _____?

_____ the amount of _____ the efficiency of _____?

Is _____ a _____ for _____ efficiency?

Does _____ periods of _____ idling affect _____ efficiently my _____?

_____ idling affect _____ the combustion?

Is _____ making _____ car less _____?

_____ idling _____ how well _____ automobile can consume _____.

Is too much _____ engine _____ fuel _____ and vehicle function?

Could _____ idling _____ fuel efficiency?

_____ of _____ to affect fuel efficiency?

Is _____ possible _____ efficiency levels _____ an _____ engine _____ affected by _____ times?

There are _____ that _____ affect fuel _____.

How does extended _____?

_____ excessive _____ bad _____ efficiency?

_____ car _____ efficiency?

_____ does _____ efficiency of a car?

_____ engine running for long periods _____ efficiency?

Is too _____ cars worse?

Can _____ idling times _____ a _____?

I _____ if _____ a lot _____ my engine's performance.

_____ idling _____ vehicle efficiency?

Does _____ periods of _____ impact _____ efficient my _____?

Is there a link _____ and _____ engine _____?

How _____ car _____ affect _____ rates?

_____ engine running affect _____?

_____ efficiency of an automobile's _____ system affected by _____?

_____ running _____ the engine _____ cause _____ fuel waste _____ performance?

_____ idling _____ fuel efficiency in _____ vehicle?

How _____ the efficiency of _____ automobile?

_____ there _____ excessive _____ and reduced _____ in cars?

Does _____ idling _____ of _____ automobile's process?

_____ excessive running _____ engine _____ more fuel _____ be _____ reduce performance?

_____ waiting with the engine _____ economy?

_____ idling durations _____ efficiency _____ a vehicle?

_____ that idling _____ can _____ efficiency _____ an automobile?

Is extended idling _____ factor _____ decreasing _____?

_____ the _____ efficiency _____ the extended _____ times?

Is excessive _____ the _____ efficiency _____ the engines?

_____ idling _____ combustion performance?

Is _____ decrease _____ car's efficiency _____ idling for too _____?

_____ much waiting for the _____ reducing _____ and _____ function?

Does idling _____ on the _____ of _____ engine?

_____ excessive _____ an car's _____?

_____ does excessive _____ the _____ of a _____?

_____ idling can _____ fuel efficiency?

_____ that idling may _____ efficiency?

_____ it _____ excessive _____ can lower _____?

_____ excessive _____ efficiency _____ the engine?

_____ hurt _____ efficiency?

Is too _____ going to affect _____ car's engine?

_____ engine running for extended _____ the _____ the car?

_____ that frequent _____ how _____ automobiles achieve _____ fuel consumption rates.

Is _____ linked _____ the decreased _____ efficiency?

Does keeping _____ car's engine running _____ period _____ its _____?

_____ much waiting _____ the engine can _____.

Will excessive idling affect _____?

_____ affect the efficiency _____ of _____ automobile's engine?

It's possible that idling _____ automobile's _____ consumption _____.

Is _____ extended idling _____ to affect automobile _____?

Is idling _____ your _____ efficiency?

_____ the _____ an automobile's _____ affected by long _____ times?

_____ idling _____ much _____ to fuel _____?

Is it bad for fuel efficiency _____?

Can excessive _____ affect _____ of _____?

_____ excessive idling going to _____ combustion _____ a car?

_____ excessive _____ result in _____ efficiency?

_____ effectiveness of a car's combustion process _____ energy _____ be _____.

_____ idling time _____ to a _____ efficiency _____ engine?

_____ too much _____ idling bad _____?

Is _____ car engine _____ to excessive idling?

_____ my _____ can be _____ by a long period of _____.

Is it _____ fuel _____ long periods of _____?

Is _____ idling going _____ affect _____ of _____ internal combustion _____?

Is _____ an effect _____ a _____?

_____ my car burns fuel, _____ long _____ engine _____ have _____ effect?

Is _____ time _____ to _____ decrease in vehicle _____?

_____ idling _____ reduced efficiency in _____?

Did _____ know _____ idling your car _____ long _____ its _____?

_____ idling affect _____?

Does _____ to decreased fuel _____?

_____ long periods _____ have _____ negative _____ on how _____ my _____ burns fuel?

_____ idling too _____ lower _____ efficiency?

_____ overall efficiency _____ an automobile?

_____ much bad _____ fuel efficiency?

Is long engine _____ harmful _____?

_____ excessive idling decreasing the _____?

I'd _____ to know _____ a _____ engine's performance.

_____ effectiveness _____ engine impacted _____ the _____ of idling?

_____ possible that frequent idling _____ the _____ rates _____ the _____.

_____ the _____ the automobile's _____ by _____ of idling times?

Is _____ decrease in _____ efficiency linked to _____?

_____ be that _____ affects the efficiency of _____.

Will excessive _____ have _____ internal combustion _____ an automobile?

Is _____ car's engine _____ periods _____ time _____ its efficiency?

How _____ extended car _____ rate _____ efficiency?

_____ prolong _____ affect the _____ the _____ engine?

Will excessive _____ the effectiveness of _____ internal _____?

Can _____ idling affect _____?

Does long _____ affect _____ of _____ engine?

_____ it _____ to _____ efficiency of your car _____ idling it _____?

Is leaving the engine running _____?

Will _____ idling have an _____ an automobile's _____?

_____ excessive _____ do _____ the overall efficiency of _____?

Is _____ the _____ affected by idling times?

_____ leaving _____ running long impacting _____?

_____ long _____ engine idling have _____ negative effect _____ how _____ fuel _____ burns?

_____ too _____ idling _____ a _____ efficiency.

_____ excessive idling _____ my _____?

_____ extended idling affect _____ efficiency _____?

Is _____ that idling _____ can lower _____ efficiency?

_____ waiting with the _____ economy _____ the vehicle?

_____ it _____ for too much idling _____ reduce _____ efficiency?

_____ is _____ that frequent idling _____ efficient an automobile _____.

_____ too much _____ for fuel _____?

Does _____ efficiency?

Is _____ detrimental _____ an automobile's _____?

_____ much idling _____ cars?

_____ running impair fuel _____?

Does _____ engine _____ have an _____ fuel _____?

Is excessive idling time linked _____?

Does long-term _____ of the _____?

_____ idling have _____ on overall _____?

_____ link between _____ and decreased _____ engine efficiency.

Can _____ times affect _____ car's engine?

_____ excessive idling affect _____ car's _____?

_____ excessive idling _____ bad _____ vehicle _____?

Is too _____ idling _____ the _____?

Does _____ your car run _____ long _____ efficiency?

Is decreased car _____ efficiency _____ result _____?

_____ idling lead to _____ efficiency?

_____ idling _____ an _____ an automobile's efficiency?

How _____ long _____ idling impact _____?

_____ work worse _____ there is _____ engine _____?

Does excessive _____ a negative effect on _____?

_____ too much engine idling _____.

_____ engine running _____ effectiveness?

Could _____ affect efficiency _____?

_____ idling affect a _____ efficiency?
