

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Generation source mix disclosure
Inquiry Sub-Category	Nuclear energy reliance
Description	Inquiries regarding the proportion of electricity generated from nuclear power, as customers may have safety concerns or prefer alternatives due to the potential risks associated with nuclear energy.
Data Size	6,028 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ is _____ of nuclear power in _____ electricity _____?

How _____ your energy _____ from _____ sources.

_____ how much of _____ generation comes from _____ sources.

Can you _____ me _____ much _____ your _____ from atomic _____?

_____ is the amount _____ nuclear _____ in your _____?

_____ the percentages of _____ in _____ generation?

_____ you _____ percentage _____ power generated by nuclear _____?

Can _____ tell _____ how _____ nuclear-generated _____ you _____?

What is the share _____ nuclear _____?

Could you tell _____ power _____ my electricity _____?

Do you _____ what portion _____ output is _____?

Which _____ the electric _____ nuclear?

Do you _____ how much _____ nuclear power?

_____ your electricity _____ power plants?

_____ a breakdown of how _____ your electricity comes _____ sources?

Can you tell _____ that comes from _____ plants?

_____ energy is _____ in your electricity mix?

How much of the _____ in _____ power _____?

_____ much nuke _____ there _____ the _____?

Can you _____ me _____ much _____ from using _____ power _____?

_____ portion _____ nuclear _____ electricity generation.

What is the _____ nuclear energy _____ electrical _____?

I'm interested _____ knowing _____ is from nukes.

Should _____ give _____ power in your electricity mix?

Please _____ the _____ nuclear power in _____ electricity _____.

_____ the _____ that comes from nuclear sources?

How _____ of _____ electricity _____ by _____?

_____ know how much of your _____ by atomic _____?

I was ____ if you could ____ me the percentage ____ nuclear _____.
 ____ electricity ____ can ____ tell me the nuclear _____.
 What degree of ____ energy is _____ supplied to ____?
 ____ you know how ____ nuclear energy ____ to _____?
 Do ____ know _____ of your _____ comes from ____?
 I would ____ to _____ percentage _____ on nuclear power for _____.
 Please ____ the proportion _____ in ____ electricity production.
 How much of _____ comes _____
 How much _____ energy _____ sources?
 How _____ power _____ using to generate your ____?
 Do ____ know _____ produces your electricity?
 Can _____ the percentage of _____ by ____ power?
 _____ aware _____ much ____ your power is ____ by ____ power?
 I would like _____ nuclear-generated _____.
 _____ to know the percentage of _____ in your _____.
 Do ____ want _____ of atomic energy ____ contributes to your ____?
 _____ percentage ____ your electricity generation is _____.
 ____ you _____ the ____ of electricity _____ from nuclear power ____?
 Please state _____ of _____ in ____ electricity produced.
 Can you ____ me _____ percentage _____ your energy mix?
 Which percent ____ your ____ generated by ____?
 Do ____ know how _____ nuclear sources?
 ____ you _____ much atomic power ____ have ____ your ____?
 I would _____ the percentage _____ power in ____ mix.
 _____ us some ____ about how much ____ your _____ from nuclear ____?
 _____ would like _____ percentage of nuclear Generated _____.
 How _____ is ____ in ____ electricity?
 ____ you _____ of ____ electricity generated ____ nuclear power?
 What's your _____?
 ____ calculate _____ of ____ produced by ____ sources.
 Do you _____ percentage _____ power ____ your ____ generation.
 I would _____ the ____ of produced ____ that _____ nukes.
 Do ____ know _____ electricity you ____ from nuclear ____?
 ____ amount of atomic energy _____ your power ____?
 _____ of your _____ from the nuclear power ____?
 _____ know how _____ of the generated ____ is ____ nukes.
 ____ percentage _____ electricity ____ from nuclear ____?
 Did _____ the level of reliance on _____ production?
 _____ percentage in nuclear ____?
 ____ you _____ portion of ____ supplied by ____ plants?
 _____ know ____ proportion _____ in the electricity production.
 _____ learning what part of your electrical ____ comes _____.
 What is the percentage _____ generate electricity?
 _____ of energy comes _____.
 I would ____ to _____ part _____ output comes ____ nuclear.
 Approximately, ____ much _____ power ____ nuclear-derived?
 ____ much _____ from ____ plants?
 What percentage _____ is used in your ____?
 _____ how ____ nuke is ____ the ____.
 ____ you _____ electricity is produced by nuclear ____?

_____ does _____ take _____ for electric supply?
 _____ part of your _____ generation comes _____ nuclear?
 How _____ electric _____ is derived from _____ energy?
 The percentage _____ your electricity _____ unknown.
 _____ to _____ the percentage of _____ supplied by nuclear _____?
 _____ of nuclear power _____ your electricity _____.
 Can you _____ much _____ is produced _____ power?
 What's _____ portion of _____ energy _____?
 Is _____ nuclear _____ your electricity?
 _____ tell _____ the percentage _____ nuclear power _____ my _____.
 Can _____ give _____ percentage of nuclear _____ in the _____?
 Roughly, _____ of _____ electricity is _____?
 What _____ of your _____ from nuclear _____?
 _____ you give _____ breakdown _____ much _____ your _____ comes from nuclear _____?
 What are _____ nuke _____ creation?
 What _____ the percentage _____ used to generate electricity?
 _____ of the _____ pow'r in _____?
 How _____ energy is _____ from nuclear facilities _____?
 How much _____ is used in _____?
 _____ how _____ electric power is _____?
 What _____ power _____ in _____ mix?
 _____ like to know _____ electricity _____ by nuclear _____.
 _____ you tell _____ how _____ electricity comes _____ nuclear _____?
 _____ does _____ energy _____ in _____ electricity production?
 _____ with _____ nuclear power ratio in _____ electricity?
 Can _____ tell _____ percentage _____ by atomic power?
 _____ much _____ you get _____ energy sources?
 _____ you tell _____ the _____ power ratio in _____?
 _____ power is used _____ generate _____ power?
 Did you _____ how _____ nuclear _____ is _____ electricity _____?
 _____ curious as to _____ of _____ energy _____ from _____.
 _____ sources _____ a _____ of _____ electricity.
 Do _____ the _____ of _____ that comes _____ nuclear _____ sources?
 What is the _____ energy in _____ electric _____?
 The _____ of nuclear _____ your _____ is not _____.
 _____ it _____ you _____ tell me _____ much electricity _____ nuclear sources?
 How _____ energy contribute _____ your _____?
 _____ you _____ me _____ on _____ much of your _____ comes _____ sources?
 What _____ of _____ comes _____ sources?
 Please _____ me _____ percentage _____ the electricity _____ nuclear _____.
 How much nuclear power _____
 _____ the percentage _____ nuclear power in _____ production.
 How _____ nuclear _____ are _____ using to _____?
 I _____ to know _____ the _____ output _____ from nuclear.
 Will you _____ details _____ how _____ your _____ comes _____ nuclear sources?
 Approximately, what percentage _____ your _____ power _____ from _____?
 _____ degree _____ energy _____ included in your _____ supply?
 I'm curious _____ know _____ of _____ output _____ to nuclear.
 _____ percentage _____ for electric supply?
 _____ wondering _____ you _____ tell me _____ nuclear _____ ratio _____ your electricity _____.

_____ how much _____ your energy _____ comes from atomic _____?
 _____ of nuclear _____ to generate _____ electricity?
 _____ is _____ in energy generation?
 Do _____ much _____ power comes from nuclear power _____?
 _____ percentage of electricity _____ by _____ power?
 _____ much _____ your energy comes _____
 _____ amount _____ power comes _____ power?
 How _____ of _____ is nuclear _____?
 Is _____ know how much of your _____ comes _____ sources?
 Do _____ how _____ of your electric _____ comes _____?
 What's _____ nuclear _____ percentage _____ electricity?
 _____ possible _____ much of _____ electricity _____ from nuclear sources?
 Can you _____ me _____ of _____ in _____ electricity mix?
 _____ you _____ nuclear _____ percentage _____ your electricity mix?
 I would _____ to _____ produced energy _____ from nukes.
 _____ how _____ your electrical output comes from nuclear.
 How _____ power _____ your _____ generation?
 _____ much of _____ electricity _____ derived from nuclear _____?
 How much nuclear _____ generation?
 How much Nuclear power is _____
 _____ want to know _____ portion _____ electrical output _____ nuclear?
 _____ possible to tell _____ the _____ generated by _____ power?
 What _____ of _____ to generate electricity?
 Can you _____ me how much of _____ from _____?
 _____ you _____ of our electricity comes from nuclear _____?
 Which _____ of _____ comes from _____?
 Which _____ in energy generation?
 _____ to _____ what _____ of the electrical _____ from nuclear.
 Please state _____ nuclear power _____ your _____ production
 _____ of electricity _____ supplied by _____?
 _____ state _____ nuclear power in _____ production of _____.
 _____ electrical output comes _____ nuclear?
 What _____ the electricity produced _____ facilities?
 _____ you _____ electricity is generated by nuclear power?
 Discuss the percentage _____ nuclear _____ your _____.
 Can you _____ the _____ nuclear energy in _____ electricity _____?
 _____ much nuclear _____ you have in _____ mix?
 What _____ electricity comes from _____ sources.
 What percentage _____ electricity _____ from nuclear _____?
 Do _____ want _____ how _____ atomic energy _____ to _____ electrical _____.
 I _____ know which part _____ your _____ output comes _____.
 _____ big of _____ share _____ have in _____ energy mix?
 What percentage _____ add _____ supply?
 _____ much of _____ electricity comes _____?
 Which _____ of _____ from _____ energy sources?
 Is _____ lot _____ your electricity _____ from nuclear _____?
 _____ much _____ electricity _____ from _____ sources?
 _____ it _____ to tell _____ electricity generated by _____ power.
 Can _____ give me _____ the electricity mix?
 _____ me your _____ nuclear _____ your electricity production.

Approximately, _____ power is derived from nuclear _____.

Can _____ tell _____ the _____ electricity generated _____ nuclear _____?

How much Nuclear _____ your _____ generation?

_____ there a percentage of _____ your _____?

Do _____ percentage of _____ power in the _____?

_____ does _____ energy count _____ electric _____?

_____ proportion _____ comes _____ nukes?

_____ you _____ of _____ of _____ electricity generated by _____ power?

_____ share _____ nuclear _____ generation.

Nuclear _____ in _____ electricity _____ is _____.

Take _____ percentage of _____ power _____ your _____.

_____ me _____ of _____ is in your electricity mix?

_____ part of your _____ output comes from nuclear.

Are _____ how _____ of _____ electricity comes _____ power?

How _____ nuclear _____ to _____ your power?

Do _____ portion _____ your _____ comes from nuclear?

I'm _____ percentage _____ produced energy is _____.

Do you know how _____ power _____ nuclear-derived?

Will _____ tell us _____ of your _____ comes from _____?

_____ would like to _____ out _____ percentage _____ electricity.

How _____ energy is _____ electricity?

Did you know what percentage _____ nuclear energy _____?

Is _____ specify _____ percent of electricity _____ nuclear power?

_____ portion _____ nuc pow'r in elec _____?

_____ percentage _____ is derived _____ nukes?

What _____ of nuclear power _____ to generate _____?

_____ electricity _____ from nuclear sources?

_____ know the percentage of _____ power _____ your _____.

Do _____ know _____ of your electricity _____?

_____ know _____ amount _____ atomic energy _____ goes into your _____ supply?

_____ is _____ of nuclear power _____ your _____ mix?

_____ degree _____ atomic energy is _____ electricity _____ get?

_____ wondering what part _____ output is from _____.

_____ the _____ of nuclear power in _____?

Did you inform me _____ percentage _____ nuclear _____?

Nuclear is what _____ of _____ electric _____?

Could you specify _____ share _____ atomic _____ mix?

Is there _____ of nuclear _____ used _____ generate _____?

Can you tell me _____ percentage _____ that _____ from _____ plants?

_____ of _____ energy is used _____ electric _____?

_____ the percentage _____ power in _____ electricity?

_____ of _____ electric _____ that is nuclear-derived.

_____ you _____ me the _____ of _____ power in _____ mix?

What _____ nuclear power in your _____ mix?

Are you _____ of the nuclear _____ ratio _____?

_____ percentage _____ power do you _____ in _____ electricity?

_____ want _____ know the _____ electricity.

_____ tell me _____ the _____ power ratio _____ your electricity _____?

_____ me about the _____ of _____ in your _____.

_____ much of _____ production _____ from nuclear _____?

Do you _____ portion of _____ stems from _____?

The _____ pow'r in _____ Gen?

Can _____ tell _____ how much electricity _____ get _____ power _____?

_____ the _____ nuclear power in your electricity _____.

_____ measure _____ of electricity _____ nuclear sources.

Please _____ of nuclear _____ in the electricity _____.

Nuclear power's percentage _____ be _____.

Can you give _____ details _____ how _____ of _____ comes _____ sources?

What _____ the _____ of nuclear _____ used _____ electricity?

_____ much _____ power is _____ Electricity?

How _____ your electric _____ is _____ from nuclear _____?

_____ percentage _____ electric _____?

Roughly, what percentage of your electric _____?

_____ much of your _____ generated _____ atomic _____?

_____ how _____ electricity comes from _____ sources.

_____ let _____ the share of _____ power in _____ mix?

_____ of _____ are in your electricity _____?

What percentage of nuclear _____ into _____?

Do _____ how much _____ your _____ derived from _____ power?

_____ of _____ is in _____ electric generation?

_____ how _____ your electricity comes _____ nuclear _____?

_____ would _____ how _____ of the energy _____ from nukes.

_____ nuclear power are you _____?

Please _____ of electricity _____ nuclear _____.

_____ us know _____ percentage of _____ in _____ electricity _____.

_____ tell _____ about the share _____ atomic _____ in _____ mix?

_____ have _____ nuclear power _____ your energy mix?

_____ is a _____ much _____ from nuclear sources.

What's _____ share in _____ product?

The _____ electric power _____ is _____?

Is _____ tell me _____ power _____ in your electricity _____?

_____ possible _____ figure out the _____ electricity generated _____ power?

The part of _____ Gen?

What percentage of _____ are _____?

What is _____ portion of _____ energy in _____?

Can _____ me your nuclear _____ ratio in _____?

_____ percentage _____ nuclear power _____ used in _____ generation _____?

_____ the percentage _____ electricity produced _____ nuclear _____.

_____ much electricity _____ from _____ sources?

_____ there _____ of _____ electricity?

_____ tell us how _____ nuclear power _____ electricity _____.

_____ share _____ energy _____ is _____?

_____ know _____ much electricity you _____ from nuclear _____?

_____ percentage of electricity _____ nuclear _____

_____ tell me _____ electricity you _____ using _____ power plants?

I _____ like _____ portion _____ electricity provided _____ the nuclear _____.

_____ amount of _____ power _____ to _____?

Please _____ me _____ nuclear power _____ electricity production.

_____ tell _____ the _____ of _____ provided by _____ sources.

How _____ your electric _____ from nuclear technology?

I want _____ the percentage of nuclear _____ power _____.
 Please specify _____ electricity _____ nukes.
 What _____ of atomic energy _____ in _____?
 Please _____ us the percentage _____ electricity produced _____.
 What percentage of _____ you _____ in _____ electricity _____?
 How _____ nuclear _____ electric power?
 What proportion _____ energy generation _____?
 The _____ of nuc _____?
 _____ electricity comes from nuclear _____?
 Can _____ tell _____ the degree _____ reliance on _____ for _____?
 Are _____ much nuclear energy _____ in _____ electricity _____?
 Is _____ amount _____ energy _____ from nuclear _____ in _____ production?
 Do you _____ how _____ of _____ electrical _____ nuclear power?
 How _____ atomic power _____ your electrification mix?
 Will _____ give _____ nuclear power _____ my electricity mix?
 Do you _____ how _____ of _____ electricity _____ nukes?
 Is _____ possible for _____ to tell me _____ from nuclear sources?
 _____ much _____ do you _____ power?
 Please rate the _____ electricity _____ nuclear _____.
 _____ to _____ nuclear power ratio in your _____
 How _____ of _____ mix is _____?
 _____ percentage of _____ energy _____ by _____ associated with electricity _____?
 _____ to know _____ portion _____ electricity given _____ nuclear _____.
 What _____ of energy from nuclear _____ used _____ your _____?
 Are _____ aware _____ the percentage of electricity _____?
 _____ the _____ atomic energy in your _____ mix?
 How _____ electricity is generated _____ nuclear energy _____?
 _____ much _____ is _____ the energy _____.
 _____ you _____ atomic power share in your _____?
 I would _____ to _____ the percentage of _____ power _____.
 _____ the percentage _____ the energy _____ nuclear facilities?
 _____ of your _____ is derived _____ sources?
 _____ you _____ your _____ generation comes from nuclear?
 I am _____ much of _____ is _____ nukes.
 Could you give me _____ percentage _____ nuclear _____?
 _____ of _____ electricity _____ generated by nuclear power?
 How much atomic _____ mix?
 _____ you know the level _____ reliance _____ for electricity _____?
 Nuclear _____ your power _____?
 _____ about the _____ nuclear _____ electricity.
 What percentage _____ generation _____ from _____?
 How _____ nuclear power _____ to generate _____?
 _____ you _____ nuclear _____ creates your electricity?
 _____ to _____ percentage _____ energy is from nukes.
 Please tell _____ the _____ power _____ electricity mix.
 Can you tell me _____ electricity _____ by _____?
 Can _____ me the percentage _____ nuclear _____ mix?
 _____ you aware _____ portion _____ your electrical _____ is _____ nuclear?
 _____ much energy is _____ facilities in _____ electricity _____?
 _____ is _____ to generate your electricity?

____ percentage of ____ electricity ____ nuclear?
 ____ what percentage of ____ is ____?
 ____ me ____ the ____ of nuclear ____ in your ____.
 ____ much of your ____ comes from ____?
 You need ____ state the ____ nuclear ____ your electricity ____.
 What ____ your electricity production ____ nuclear ____.
 What ____ electricity ____ from ____ energy?
 Tell ____ the proportion of ____ your production.
 What ____ is nuclear ____ for ____?
 ____ the proportion of ____ in your electricity ____.
 ____ tell ____ power in the electricity production.
 Can you ____ idea ____ much ____ is provided by nuclear ____?
 ____ interested ____ knowing the ____ of ____.
 ____ there any percentage ____ power in ____ electricity ____?
 What ____ electricity ____ by nuclear ____ can ____ give?
 Can you ____ your nuclear power ____ electricity ____?
 How ____ energy is included in your ____?
 What's ____ of nuclear ____ your ____?
 ____ share in your ____ creation?
 ____ you ____ know the ____ atomic energy that ____ your ____ supply?
 Can you ____ your electricity comes from ____ power?
 What percentage of ____ exists ____?
 Are there any ____ of nuclear ____ in ____?
 ____ the percentage ____ electricity ____ from nuclear ____.
 ____ much ____ your ____ from ____ power?
 The amount ____ in your ____.
 ____ of ____ energy in ____ electric generation?
 How ____ the power?
 ____ curious to know ____ of ____ electrical ____ came from ____.
 What ____ nuclear ____ is present in ____ generation?
 How ____ of ____ energy is ____ by nuclear ____?
 What ____ power ____ your mix?
 Can ____ provide me ____ the percentage ____ nuclear ____?
 What ____ amount ____ power used ____ generate power?
 ____ your ____ nuclear power?
 ____ much ____ is utilized to ____?
 Will you ____ the ____ power ____ your mix?
 Ask about ____ of nuclear ____ in ____ electricity ____.
 What amount of nuclear ____ to ____?
 What percentage ____ by ____ facilities ____ it?
 ____ give ____ the nuclear ____ in your ____ mix.
 ____ the ____ of ____ in your electrification mix ____?
 ____ want ____ know how ____ of the produced ____ nukes.
 Please ____ the proportion of ____ power ____ production.
 How much is nuclear ____?
 ____ nuclear ____ does ____ electricity ____ have?
 Did you ____ power ____ in ____ electricity?
 ____ percentage of electricity produced by ____
 ____ is the ____ nuclear energy ____ generation?
 Can ____ give ____ information ____ how much ____ nuclear sources?

_____ to know what part _____ output is from _____.

Approximately, _____ percentage of _____ is _____?

_____ you _____ the _____ nuclear-generated electricity?

Would _____ like to _____ amount _____ atomic energy _____ contributes _____ your _____?

_____ want _____ percentage of nuclear-generated _____?

Can _____ me _____ much _____ from nuclear plants?

What _____ nuke _____ in your _____?

_____ much _____ your power comes _____?

_____ nuclear energy is _____ electric generation?

_____ the proportion _____ you produce.

How much _____ your generation _____?

I _____ the _____ nuclear power _____ have _____ your electricity mix.

_____ portion of electric generation _____?

_____ you _____ much _____ your electric power is _____?

_____ tell _____ of reliance on nuclear power for _____?

_____ power _____ used in your _____?

How much _____ comes from _____ sources, _____ you _____?

_____ the percentage _____ electricity produced _____ nuclear _____.

_____ know _____ of your energy is generated _____ power?

How much of _____ generators?

The share _____ nukes _____ creation?

Can you tell _____ how _____ is derived from _____?

What _____ share _____ nuclear _____ in your _____ generation?

_____ does _____ electricity come _____ nuclear _____ sources?

_____ your _____ comes from _____ power.

I _____ know the percentage _____ the mix.

_____ you _____ me the _____ of _____ your mix?

Do _____ know _____ of your _____ comes _____ energy sources?

What _____ the _____ power creation?

Do you _____ the nuclear _____ in _____ electricity _____.

_____ nuclear _____ percentages in _____ generation?

_____ want _____ the nuclear _____ in your mix _____ electricity.

_____ percentage _____ power produced _____ nuclear sources.

Please specify the _____ sources.

Tell me about _____ power _____ in _____ mix.

_____ energy _____ from nuclear facilities is your electricity _____?

_____ it _____ tell _____ my electricity comes from nuclear plants?

_____ me about _____ of electricity _____ nuclear sources.

_____ say _____ percentage of _____ by _____ sources.

How _____ energy _____ included _____ electricity supply.

_____ possible _____ specify how much _____ your _____ from nuclear _____?

_____ of the _____ is _____ nuclear and other _____?

_____ your power _____ nuclear-derived?

_____ the _____ produced from _____ facilities is associated with _____ electricity _____?

What degree of atomic energy _____ supply?

_____ you _____ the _____ of _____ on _____ power for _____ production?

_____ amount _____ nuclear _____ in your energy mix?

_____ of your energy is _____ atomic _____?

Can you tell us _____ electricity _____ from _____?

How much electrical _____?

_____ how much of _____ power is _____?
 _____ you _____ the nuclear _____ percentage in _____ electricity?
 _____ give me _____ nuclear power _____ your _____ mix?
 _____ want _____ what _____ electricity is provided by nuclear _____.
 Can _____ tell _____ the _____ of the electricity _____ by _____?
 _____ part of your _____ is derived _____?
 How much _____ nuclear-derived?
 _____ is produced _____ nuclear sources?
 _____ does your energy _____ include?
 Do _____ know _____ nuclear _____ is used _____ make _____ electricity?
 Do you _____ the percentage _____ electricity _____ power?
 _____ you _____ me the share _____ power in _____?
 _____ portion of _____ power creation _____?
 _____ to _____ the _____ of energy produced from nuclear _____.
 _____ share _____ nukes _____ power creation?
 Roughly, _____ of your _____ power _____?
 _____ you have a _____ your electricity _____?
 _____ what _____ of your energy _____ nuclear _____?
 _____ amount of _____ energy _____ electricity mix.
 _____ percentage does nuclear _____ to _____ electric _____?
 What _____ the _____ the nuclear facilities _____ from electricity _____?
 _____ tell _____ of nuclear power _____ your electricity production.
 _____ is _____ nuke share _____ creation?
 Do _____ know _____ portion of _____ generation _____ nuclear?
 What's the _____ of nuclear _____?
 Please let _____ know the _____ by _____ sources.
 _____ the percentage _____ nuclear power _____ energy _____?
 _____ in your mix?
 _____ know the percentage of _____ by nukes?
 I'm _____ part _____ electrical _____ comes from nuclear.
 I want to know _____ nuclear _____ the _____ mix.
 How _____ of your electrical power _____?
 I'm _____ know what _____ of your _____ output comes _____.
 What _____ nuclear _____ generation
 You could _____ nuclear power in my _____ mix.
 _____ the percentage _____ nuclear-generated electricity.
 Roughly, what _____ electric _____ is _____?
 _____ percentage of your _____ from nuclear _____?
 _____ much atomic _____ in _____ electricity _____?
 Are _____ about the _____ of _____ energy in _____ electricity _____?
 _____ percentage _____ your electric _____ is _____?
 I want _____ nuclear _____ ratio of your _____.
 _____ need to know _____ percentage of _____ power _____ electricity _____.
 What _____ nuclear energy _____ electricity generation?
 Can _____ give me _____ ratio _____ nuclear power _____ electricity _____?
 What percentage of your _____?
 _____ percentage of _____ in electric _____?
 _____ give _____ the _____ of nuclear _____ in _____ mix?
 _____ nuclear share in _____ electricity?
 There is _____ about the _____ energy in electric _____.

Do you ____ the ____ of ____ in ____ mix?

Is ____ possible to provide ____ on how ____ of ____ sources?

____ for the nuclear power ____ electricity mix.

____ much is atomic ____ mix.

I'm curious ____ know ____ electrical output ____ nuclear.

How much ____ power ____ have in ____?

____ much ____ power ____ in your energy mix?

Tell me ____ of reliance ____ for electricity ____.

How much ____ energy ____ came from ____?

I ____ know ____ of ____ electrical output is ____ nuclear.

I would ____ the level of ____ nuclear ____ electricity production.

What ____ share of ____ energy ____?

Can ____ much ____ comes from ____ power?

What ____ of nuclear energy ____ electricity mix?

Which portion ____ comes from ____?

____ it possible ____ say the level ____ reliance ____ for ____ production?

Please state the ____ of ____ sources.

What ____ the ratio of ____ power ____ electricity?

____ much electricity ____ you getting ____?

____ you mean the portion ____ nuc ____ in ____?

____ nuclear ____ is ____ in total ____ generation?

____ part ____ your electric generation ____?

What percentage of ____ energy ____ from ____ facilities ____ electricity ____?

____ much ____ power ____ nuclear power

____ the share of ____ power in your ____?

How ____ power ____ in ____ generation.

I would like ____ know ____ produced energy ____.

____ is ____ of electricity ____ by ____ power?

Know ____ proportion ____ nuclear power ____ electricity ____.

Do ____ how ____ nuclear ____ to the ____ of electricity?

What percentage of ____ electricity generation ____?

How much ____ energy ____ atomic?

Do ____ know ____ much of the ____ you ____ generated ____ nuclear ____?

What ____ nuclear ____ have for ____?

____ percentage ____ energy ____ included in ____ generation?

____ how ____ comes from nuclear ____.

How ____ the atomic energy ____ to ____ supply?

____ want ____ know ____ amount of ____ energy that contributes ____ electrical supply?

How much Nuclear ____ in ____.

____ percentage of ____ supply?

____ does nuclear ____ make ____ for the electric ____?

____ me know the ____ electricity.

____ curious how ____ of ____ is produced from ____.

____ of the electricity ____ from ____ energy ____?

I ____ to ____ how much ____ comes ____ sources.

____ find ____ what part ____ output comes from nuclear.

____ you sure ____ the nuclear power ratio ____?

Please tell ____ the percentage of ____ nuclear ____.

I ____ know ____ much of ____ electricity ____ from ____ power plants.

What percentage of nuclear power ____ have ____?

Let ____ know the ____ ratio in your ____.

____ possible for ____ tell me ____ the ____ of ____ electricity?

____ specify Percentage of ____ by ____.

____ me the share ____ nuclear ____ in your ____.

____ nuclear energy is it ____ the ____ supply?

What ____ percentage ____ electricity generated by ____ other ____?

____ you ____ much of ____ energy is ____ atomic sources?

How much of ____ nuclear ____?

____ you ____ how much electricity ____ from ____ power?

How ____ is generated by ____ power.

Was there a ____ of nuclear ____ mix?

How much ____ in your ____?

What ____ energy have ____ supply?

I want ____ know ____ your electricity mix.

____ of nuclear ____ in ____ electricity production.

I ____ to ____ percentage ____ the ____ is from ____.

____ the ____ in ____ generation?

Can you ____ me ____ electricity ____ is?

____ like ____ know ____ percentage of ____ electricity

I ____ to ____ the percentage ____ nuclear-generated electricity ____.

How much is atomic ____ in ____?

____ of electricity ____ by ____ power?

Please ____ percentage of ____ produced by ____.

What degree ____ atomic ____ with ____ electricity?

____ nuclear power ____ energy mix ____ up for discussion.

____ percentage ____ nuclear ____ do ____ for your ____ generation?

____ you ____ me the ____ nuclear ____ your generation?

____ energy ____ a percentage of your ____.

How ____ is used in ____ mix?

____ of your ____ from nuclear ____?

____ like to know about the ____ generated ____.

How ____ power goes ____ your ____?

Can ____ give ____ breakdown of how much ____ comes ____ nuclear ____?

____ give me ____ how much electricity comes ____ nuclear ____?

____ nuclear power ____ you have ____ your ____ mix?

I'm ____ what part ____ electrical output ____ from Nuclear.

____ comes ____ Nuclear power?

I'd like ____ how ____ of ____ is produced from ____.

Do ____ how ____ nuke ____ inelect ____?

I ____ a question about what ____ electrical output ____.

____ a percentage of dependence on nuclear ____?

____ much nuclear ____ used to generate ____?

____ a ____ me to know how ____ electricity comes ____ nuclear sources?

____ share of Nuclear in ____?

Nuclear ____ does ____ count for ____ supply?

What percentage ____ energy ____ nuclear ____ represents your electricity ____?

Please, specify ____ percentage of ____ nuclear ____.

____ tell ____ percentage of electricity provided by nuclear ____?

I'm wondering about ____ nuclear power ____ mix.

How much ____ power ____ to ____?

____ much of ____ electricity comes ____ nuclear ____
 ____ it ____ details ____ how much of your electricity comes ____ ____ ?
 ____ tell ____ the ____ nuclear power generated?
 How ____ nuclear ____ electricity mix?
 Could ____ give ____ your ____ percentage?
 ____ to electricity generation
 ____ like ____ your electrical output comes from nuclear?
 Which ____ power ____ from nuclear?
 ____ you ____ the ____ attributed ____ nuclear ____ ?
 ____ the percentage ____ that comes from ____ .
 ____ know which ____ of your electrical output is ____ .
 ____ your nuke ____ in ____ power ____ ?
 ____ electric ____ derived from nuclear sources?
 How ____ energy ____ in the ____ you provide?
 ____ much of your generation ____ ?
 ____ you tell ____ the ____ of ____ in your ____ ?
 How ____ your ____ come from ____ ?
 What ____ of nuclear power ____ generation?
 ____ you ____ much nuclear power ____ electricity generation?
 The ____ you get from nuclear ____ ?
 ____ ratio ____ nuclear power used ____ generating electricity?
 ____ energy comes from nuclear ____ ?
 Can you tell me ____ from ____ power ____ ?
 ____ chunk of nuc ____ elec Gen?
 ____ of the electricity ____ nuclear ____ ?
 What ____ of the ____ produced by ____ your electricity production?
 How ____ of your power ____ nuclear ____ ?
 ____ is the ____ share within your ____ ?
 Can you tell ____ the ____ by nuclear ____ ?
 How much ____ the ____ used to ____ ?
 ____ much nuclear energy ____ in your ____ mix?
 Roughly, ____ percentage ____ your ____ power ____ derived from ____ .
 ____ much ____ in the power?
 Approximately, ____ your electric ____ from nuclear sources?
 Do ____ know ____ much ____ your electric generation ____ ?
 ____ you ____ how ____ atomic power contributes ____ electricity ____ ?
 How ____ nuclear ____ your electrical ____ ?
 ____ you ____ how ____ power contributes to ____ electricity generation?
 Do ____ have ____ percentage ____ nuclear power in ____ ?
 ____ or ____ of ____ used to generate electricity.
 ____ tell ____ how ____ electricity comes from nuclear ____ ?
 How much nuclear power ____ used ____ .
 ____ percent of nuclear power ____ electricity production.
 I'm ____ about what part ____ the ____ comes ____ .
 ____ much nuclear power ____ to generate ____ ?
 ____ would like ____ know the ____ of ____ from ____ .
 ____ portion of your ____ nuclear?
 Do ____ how ____ of your ____ by nuclear power?
 Is there anything ____ tell ____ how ____ electricity comes from ____ sources?
 How ____ nuke ____ power?

_____ share of _____ power in your power _____?
 What _____ of _____ in _____ electricity _____?
 What is _____ amount _____ nuclear _____ used to _____?
 _____ your energy production comes _____ sources?
 _____ how much _____ energy is in _____ generation?
 _____ of _____ is in your electricity _____?
 Could _____ give _____ of _____ power in _____ mix?
 How much _____ electricity is _____ power?
 How _____ you get _____ power?
 _____ you tell me _____ power ratio _____ your _____?
 _____ much nuke _____?
 _____ the _____ of _____ by nuclear sources
 _____ you _____ me how much _____ is _____ using _____ power _____?
 _____ to _____ how _____ of my _____ comes from _____ power.
 _____ percentage _____ nuclear energy _____ supply?
 _____ percentage _____ electric _____ nuclear derived?
 Please _____ us _____ percentage _____ electricity produced _____ nuclear _____
 _____ tell the _____ that comes from nuclear _____.
 How _____ your electricity _____ from _____ sources _____ unclear.
 _____ much of your _____ from _____?
 I _____ like to _____ much atomic _____ contributes _____ electrical _____.
 _____ much of _____ from _____ power?
 Can _____ of _____ on nuclear power for electricity production?
 _____ the _____ nukes in _____ electricity production.
 _____ to _____ part of your electrical _____ comes _____ nuclear.
 _____ is the _____ of nucl _____?
 How's _____ nuclear _____ percentage _____ your _____?
 _____ much of _____ power comes _____ power?
 _____ about _____ proportion _____ nuclear _____ in your _____ production.
 _____ you know how _____ nuclear power?
 _____ your electricity comes _____ nuclear power _____?
 _____ know _____ percentage of electricity _____ from _____.
 Do _____ know _____ power _____ in _____ electricity?
 Which _____ of the _____ power _____?
 How _____ your supply of electricity?
 Can _____ specify _____ much _____ from nuclear power?
 _____ interested _____ what _____ of your _____ output _____ from nuclear.
 _____ percentage of the energy _____ to generate electricity?
 What _____ of _____ generation that comes from _____?
 _____ much of _____ nuclear power?
 _____ energy sources give you _____ your _____?
 _____ much _____ energy in _____ mix?
 _____ is _____ an energy mix?
 Is it known _____ nuclear power contributes _____?
 _____ percentage _____ electricity produced _____ facilities?
 _____ nuclear _____ in the electric _____?
 _____ you know _____ energy in _____ energy mix?
 _____ you able to _____ about the _____ nuclear generated _____?
 _____ percentage of nuclear energy _____ electric _____?
 _____ you _____ the _____ of nuclear power in your _____?

Approximately ____ much ____ from nuclear ____?

____ of your ____ power ____ nuclear-derived.
